DR. NESBITT INTENDED TO RETURN AND NEGOTIATIONS WERE PENDING

Former President of Farmers' Bank Was to Have Told His Story Before Commissioner Meredith—Mrs. Nesbitt Does Not Know of the Arrest—No Trouble Expected in Getting Him Back—Remanded Till April 26.

Despite the prominence given to stories of the desperate fight which Dr. Nesbitt is said to be preparing to make in Chicago against his extradition to Canada, nothing has yet been said by his counsel or himself indicating in any way that he intends to give up his original intention of returning voluntarily to face the charges against him here.

It was learned yesterday that the doctor had entertained this thought for more than a month and that there had been negotiations on foot to have him come back to give evidence before the royal commission at present examining into the granting of the charter of the Farmers' Bank. These were not successful, but even after the close of these negotiations, the doctor still intended to return to Toronto. He has now been remanded before the United States Commissioner of Extradition until April 26, and no developments are to be expected until then, unless the American immigration department decides to deport him, when he will be brought back by the Canadian authorities.

Mrs. Nesbitt has not yet been told of her husband's arrest. She is confined to her bed at her home, under the care of a doctor, who fears that the news, in her present weakened condition, might prove too much for her. Such news would come as a great shock to her, as the last word that she had in the matter was to the effect that her husband would return in less than a week to face the charges of which she still stoutly declares his innocence.

Wanted Her Daddy.
There is a very pathetic side to the plight of this very human personality who has occupied the limelight before the public in many roles. Perhaps there is none more appealing than that cast by a view of the very near and intimate regard in which he is held by his immediate family. On St. Valentine's Day his very little daughter sent him a remembrance of the day. Upon it she had scrawled in a childish hand, "Dear Daddy do come home soon. Every night I have prayed to God to bring you back and He does everything for little girls. But dear, dear Daddy, sometimes He is so slow."

It is said that the receipt of this note doubled the doctor's determination to return to his home and family. It is a significant thing also that when the irascible days fell upon his bank the doctor retired to the seclusion of his Muskoka home, taking with him his wife and little girl, and it was there that he remained until warned to flee by the mysterious telegram which just preceded the issue of the warrant for his arrest.

Yesterday the news created a wide sensation in the city, and the question of how soon Toronto would again see "The Doctor" upon the streets was upon every lip.

COULD BE DEPORTED

It is stated that there will be no trouble in getting Dr. Nesbitt back to Canada; that even if the forged charges were not established to the satisfaction of Commissioner Foote, the government would order that he be deported as an undesirable under the immigration law.

Awaits Extradition.

CHICAGO, April 12.—(Can. Press.)—Dr. Beattie Nesbitt, one-time president of the Farmers' Bank of Toronto, tonight is in the custody of the United States Government here awaiting extradition on the charge of forgery and false returns in connection with that institution. Dr. Nesbitt was taken to the county jail late to-day after a hearing before United States Commissioner Foote. The extradition laws do not permit of bail. His hearing was continued to April 26. Nesbitt's attorneys, Wm. K. Pattison and Wm. H. Holly, would not state what their course of action would be, but it is said that Nesbitt will fight all attempts to extradite him.

Identified by Teachers.

Nesbitt at first denied his identity. A number of Toronto school teachers attending a convention here, positively identified him, however, and later his attorneys gave out a statement admitting him to be the former Canadian bank president, but denying he was guilty of any offence. Attorney Pattison caused surprise by declaring that to his own knowledge

Charles Gibson who is held upon a charge of murder in connection with the death of Joseph Rosenthal.

FIRE AT WOMAN CARTRIDGE A BLANK

Syrian Walter in Queen St. Restaurant Shot Mrs. Mary Manzer in the Neck—Looked Like Attempted Murder, But Turned Out to Be an Accident.

Pete Smyrna, a young Syrian, pointed a .32-calibre revolver at Mrs. Mary Manzer in a Queen-st. cafe last night and fired. The woman collapsed. Smyrna dashed out of the rear door and has not been seen since.

Mrs. Manzer, aged 45 years, who lives at 26 Pullan-place, was hurried to St. Michael's Hospital. The physicians found that the discharge from the weapon was nothing but powder, for her neck under the left ear was just burned. In a few moments she was able to walk home.

The shooting happened about eight o'clock in the kitchen of the Paris Cafe, 26 West Queen-street, which is managed by a Greek. Mrs. Manzer is a Syrian and well acquainted with her countrymen employed there. She called at the cafe and asked a waiter to change 50 cents for her. She was directed to the kitchen, where the manager was located. Smyrna, dressed in Greek uniform, was there and was just leaving to have his photograph taken. When the woman entered he pulled a revolver from a red sash thrown across his chest, and pointed it at the woman. Then he fired. The woman fell to the floor, and Smyrna vanished in an instant.

Soon about twenty police officials were on the scene. Mrs. Manzer told the police that the cook had shot her, but this was denied by all the help. The constables and detectives scattered to a number of places in an effort to find Smyrna. Detective Armstrong took possession of his room on Richmond-st.

Two Syrians, a chef and a waiter, were taken to police headquarters, city hall, and questioned. They declared it was purely an accident. Smyrna was merely "cutting up." He was going to have his photo taken. That was why he was carrying a revolver, which he thought was empty. After securing more evidence the police concluded that the shooting was an accident.

Toronto is being scoured by Syrians for their compatriot. Smyrna, and when he is found he will be requested to report at police headquarters. But he will not be arrested.

BIG EXPRESS COMPANIES IN DICTED.

BUFFALO, April 12.—Two indictments containing ten counts against the American Express Co., and one containing five counts against the Adams Express Co., were returned this afternoon when the federal grand jury made its final report to Judge R. Hazel. The indictment against the American charges that company with overcharging in ten specific cases on shipments originating at Alliquippa, Pa., and passing through this district. The maximum penalty is a fine of \$5000 for each offence.

OLDEST NEWSBOY IS DEAD, AGED EIGHTY-FOUR

John Hart, Who Sold Papers on the Island Ferry Dock During the Summer, Was Befriended by Lieut.-Col. Wallace, and Will Be Given Good Funeral on Monday.

Toronto's oldest newsboy is dead at the age of 84. John Hart, a quaint, old character and a familiar figure in the Toronto Ferry Company's waiting room on the waterfront during the season of navigation, passed away in St. Michael's Hospital last night, after two days' illness. All the travelers to and from the island remember him. He was a little man, very stooped and had a white beard. A bundle of the evening newspapers were placed on a soap box every afternoon of the summer and he would sit on a chair and with his Irish brogue, would say: "Terrible, News and Star papers!" When the cold weather came, he always went to the House of Refuge.

John Hart came from Ireland many years ago. He had no relatives in this country, but he had one friend, Lt.-Col. Wallace, manager of the Home Bank, Church-street, who tried to ease the old man's life as much as possible. Very often Hart called at Lt.-Col. Wallace's office and told stories of his life in Ireland, and in fact, all about his personal history. He left his winter's home a few days ago and made his first call of the spring at the banking house.

"I'm not feeling very well to-day, Colonel," he said. "I'd like to go to the hospital." Before he left the office, the old man gave the colonel a few knock-knocks as souvenirs.

It was a general breakdown of the old man, and Lt.-Col. Wallace had him taken to the hospital. Altho' penniless and homeless, John Hart will not be buried in a Potter's grave. A ceremony will take place in St. Michael's Cathedral over his remains on Monday morning, and the interment will take place in St. Michael's Cemetery. In the meantime, the body rests in C. A. Connor's undertaking parlors, 505 Yonge-st., where it is possible that some of the younger newsboys of Toronto will go to pay a tribute.

John Hart had sold papers in Toronto for twenty years and had seen hundreds of his younger comrades come and go. He was a friend of the boys and they helped him considerably along his life's way.

BILINGUAL STATEMENT

Before the legislature closes to-day, Sir James Whitney will make a statement on the bilingual school question. In the house last evening Mr. Rowell and other members of the opposition asked what the government intended to do in view of Dr. Rosenthal's report, and Hon. Dr. Pease replied that a statement would be made. The prime minister will make it to-day.

CROSSING THE IRISH CHANNEL

GIBSON CLOTHES STAINED WITH BLOOD

His Shirt Was Washed by His Stepmother, and Stains on Other Clothing Will Be Analyzed—Langmaid May Be Charged With Being an Accessory After the Fact.

Yesterday the police succeeded in drawing their net of evidence even more closely about Charles Gibson, so cleverly arrested in the West Market-street sub-station of the city hydro-electric commission by Detective Cronin Thursday. The detectives located the clothes which he is said to have worn on the night of the murder. They were discovered in a lodging house in Church-street, where Gibson passed Saturday night. Upon these clothes there are stains which resemble blood stains and which are believed to be such, but which will be analyzed and tested so that this may be made certain.

The police have learned that another woman in the Ontario-street house where Gibson lived with his father and stepmother was shown his shirt with a blood-stain upon it on the morning following the murder, and that the stepmother took it to the cold water tap and washed out the stain.

The authorities have also learned that Langmaid, the meter reader, who was in the sub-station when Gibson was taken, and who denied having seen him since the murder, has been identified as a man who came up to Gibson in the street on the Wednesday before the murder and said to him: "That deal will not come off to-night." It is understood that when Langmaid, who has thus far been charged with vagrancy, comes up on Friday next he will be charged with being an accessory after the fact to the murder, inasmuch as he harbored and succored Gibson, knowing that he had committed the crime. The penalty for this offence is life imprisonment.

Pleaded Not Guilty.

Gibson was arraigned in police court yesterday morning and pleaded not guilty. He was represented by W. A. Henderson of Robinson, Godfrey, Phelan and Henderson. He was remanded a week. The young man, who is slight and tall, and of almost boyish appearance, did not seem perturbed as he stood in the dock with the eyes of a little more than the ordinary police court crowd upon him.

Inquest on Monday.

It is not likely that there will be much evidence offered at the inquest, which is to be continued Monday evening, as the police are not yet ready to disclose all the evidence which has come to their knowledge. They believe that there was only one man actually at the scene at the time that the murder was committed, and point out that the deed, while brutal and bloody, might easily have been committed by one man of even less than ordinary strength.

Dunkelman still lies in the General Hospital. He is yet too weak to be interviewed by the police, but is progressing in a way far beyond the original expectations of the doctors in attendance.

Would Block West Indies Treaty.

CHICAGO, April 12.—(Can. Press.)—Proposed preferential duties between Canada and the British West Indies on flour caused the board of directors of the Millers' National Federation in session here to-day, to appoint a committee which will make an appeal to the state department at Washington to take action seeking to prevent the approval of the agreement.

A. L. Goetzman, secretary of the federation, read a report setting forth that the preferential duty would materially decrease the export sales of United States flour in the West Indies.

BISHOP OF JAPAN TO BE CHOSEN NEXT WEEK

Anglican bishops and prominent laymen from all the dioceses in Canada will meet next week for the election of the first Canadian bishop for the diocese in Japan under their auspices.

A big fight is again in progress between the evangelicals and the moderates, similar to that which complicated the election of the present Bishop of Toronto.

Wycliffe and the evangelicals are for Canon Cooper Robinson of that institution. It is conceded that his 22 years' service in Japan give him a strong claim for preferment. His supporters declare that he "created the diocese." His selection is regarded as probable.

Strong opposition is, however, being displayed by the moderates, who regard Canon Shortt, a Trinity man, as in their eyes the proper choice for bishop. He has been in the Japan field for about 17 years and has been associated with Bishop Brent.

The rivalry between the supporters of the two clergymen named may result in a man less identified with either of the Toronto Anglican colleges being elected.

Kate Douglas Wiggin's "Rebecca," without doubt, the most pleasing play of the season, for many seasons, to all classes, is Kate Douglas Wiggin's "Rebecca of Sunnybrook Farm," the story of New England life which will be seen here next week at the Princess under the direct management of the noted producing managers, Klaw & Erlanger of New York.

COHEN IS BLAMED FOR COOPER MURDER

Verdict of Coroner's Jury is That Man Now in Custody Committed the Deed, and That Sadie Cohen Has a Guilty Knowledge of the Crime.

"That the evidence points to Abe Cohen, now in custody, as the perpetrator of the murder and that Sadie Cohen has a guilty knowledge of who committed said murder." This was the verdict returned by Coroner Dr. Young's jury at the inquest in the morgue last night, into the shooting of Rebecca Cooper, alias Berger, at 190 Chestnut-st., on Monday evening, March 23.

The evidence given last night was practically a repetition of that taken a week ago, with the exception that Cohen was cross-examined as to his whereabouts at the time of the murder. He claimed he had left the house about 11 o'clock in the morning, returned for a few minutes about 4 o'clock in the afternoon, and spent the remainder of the time trying to sell some jewelry. At 7:50, the time the fatal shot was fired, he claimed to have been sitting in a confectionery store in Elizabeth-st. The first he knew of the murder, he said, was when Marcovitch came into the store and said "the woman is shot."

Alexander Marcovitch and Mrs. Cohen were placed in the witness box, but their stories were very conflicting. Mrs. Cohen now says she cannot tell anything about the case, and Marcovitch claimed that he had not been near the house after about 9 o'clock in the morning.

STREETWIDENING WILL CAUSE A FIGHT

Board of Trade is Determined That Teraulay St. Should Be at Least 80 Feet Wide, and Has Notified Every Member to Be at the Council Meeting.

One of the biggest fights ever put up before the city council will take place on Monday, when the proposed extension of Teraulay-st. to Davenport-road is considered. The fight will be waged by the Toronto Board of Trade. When the proposition was first introduced, the board of works suggested that the extension be the same width as the street is now—66 feet. The board of trade strenuously objected to this, stating that the extension should be 80 feet in width.

At a meeting of the board of works, held on March 23, representatives of the board of trade urged that the extension be made 80 feet in width. This met strong opposition, but after a good deal of discussion, the committee finally induced the board of trade representatives to agree to an 80-foot wide extension, no action to be taken in the matter, however, until Engineer Rust and Assessment Commissioner Foxman reported on it.

Sent on Recommendation. Subsequent to this conference, the board of works held a meeting without notifying the board of trade, and decided to send the recommendation on to the council for a 66-foot wide extension. This recommendation will come before the council on Monday.

Such action on the part of the board of works caused serious comment when the matter was brought before the board of trade executive, and it was decided to put up an immediate fight against this board of works recommendation.

Members Notified

The secretary of the board of trade last night mailed the following notification to every member of the Toronto Board of Trade, which now has a membership of nearly 2000:

"Dear Sir: You are earnestly requested to be present at a meeting of the city council to be held Monday, April 15, at 3:30 p.m., at the city hall, to protest against the extension of Teraulay-st. north to Davenport-road on a basis of 66 feet wide, as we are not in favor of a street less than 80 feet wide. The executive are desirous of having a large attendance and trust you will make an effort to be present." This notification will be received by the members by this morning's mail.

At Own Expense. The board of trade intend to point out to the city council the ridiculousness of opposing an 80-foot wide extension of Teraulay-street, when a number of private individuals, in order to reap the financial benefit to the surrounding property, are willing, if given power to do so by the city council, to extend the street under these conditions at their own expense.

It will also be pointed out that this property will be the great outlet for the people of the northwest section of the city and as such will develop into another Yonge-st.

NEW RECTORS ARE APPOINTED

Rev. Robt. Gay to St. Monica's, Rev. H. Bracken to St. David's, and Rev. E. A. Vesey to St. Edmund's.

Owing to the rapid growth of the Church of England population in the eastern and northern portion of the city, three new rectors were appointed by the bishop yesterday:

Rev. Robert Gay to St. Monica's, at the east end of Gerrard-street.
Rev. H. A. Bracken, St. David's, North Leslieville.
Rev. E. A. Vesey, St. Edmund's, Davenport.

MYSTERY CLEARED UP

Miss Watson, Who Failed to Meet Sister at Union Depot, is in Markham. It is probable that Miss Nellie Watson, for whom the police have been searching for several days, is in Markham. She came here from Dayton, Ohio, and was to meet her sister at the Union Station Wednesday night, but failed to do so. Last night Dr. J. A. Macdonald of Markham, telephoned to Toronto to the effect that the missing woman had called at his home in search of work, but he had directed her to another house. She did not go there, and it is now surmised that she has met another sister who lives near Markham.

Highlanders Drill

It was a record turnout that the 48th Highlanders had for the first drill of the year at the armories last night. Col. Robertson and Lieut. Col. Hendrie were in charge of the 381 men, and in addition to these, there were 50 recruits. Considering that this was the initial appearance of the men this year, the drill was gone thru exceptionally well. Col. the Hon. Sam Hughes had a seat in the officers' balcony, and he was pleased with the military precision shown by the men.

HARD COAL MEN LIKELY TO AGREE

Highly Amicable Feeling Prevailed at Conference, and the Outlook is Bright.

PHILADELPHIA, April 12.—(Can. Press).—The sub-committee of miners and operators, which is endeavoring to agree upon a new working arrangement between the anthracite mine workers and coal companies, held two long sessions to-day, and when it adjourned to meet to-morrow morning the committee reported that good progress had been made. Nothing occurred at the meeting to-day to indicate that a peaceful and early settlement will not be reached. The committee gave out nothing officially and will not have anything to say until a report is made to the full committee of miners and operators.

To-day's discussion, it was learned, had largely to do with the demand for an eight-hour day for all men in and about the mines, the wage question, some of the phases of the demand for recognition of the union and modifications of the methods of the conciliation board. Good feeling prevailed throughout the sessions. Both the miners and operators took luncheon together in one of President Beer's private offices, and all expressed themselves as very hopeful of an agreement next week.

Newsy Lalonde Will Attend the N.L.U. Meeting To-day

CORNWALL, April 12.—The great Newsy Lalonde is within the bounds of his native town once more. He arrived home this evening, and a few minutes after his arrival he was interviewed by our representative. "As usual, Newsy was something like the proverbial oyster, very dumb. But he admitted that he came home with a pretty good offer from Con. Jones in his pocket; also that he had had several letters from George Kennedy, figures being mentioned, that he had an offer from the National Government to go to play hockey at the coast last fall, and that between the lot he scarcely knew which plan to pick. Newsy came east with Harry Hyland. He is of the opinion that Kennedy has landed a deputation, the former Shamrock star. As to the statement published in the east regarding the \$2500 offer that Con. Jones had made to Billy Fitzgerald, Newsy said he knew nothing nor would he say what Mr. Jones had promised him. Lalonde will be about to-morrow, when the N.L.U. marries with the Cornwall Club, and will probably visit the coast within a few days. He understood that the National Government is to receive a deputation of the Irish gentlemen here next week, and it is his belief that the National Government will take a pile of money out of the pockets of some club or individual before he is whisked to Newmarket. Con. Jones has wired transportation to the Cornwall Club, and it is expected that the Cornwall Club will be on the coast on Monday; next unless someone upsets Mr. Jones' appointment in the interval.

Lacrosse Gossip

The annual meeting of the Toronto Lacrosse League will be held at the Iroquois Hotel on Thursday evening, April 18. All teams, old and new, are requested to have two delegates present. Nominations for officers of the league are to be held at this meeting. Clubs wishing to make any amendments to the constitution or rules of the league are requested to notify the secretary, J. R. Richards, care of Percy A. McBride, not later than Thursday.

The district committee of the C.L.A. will meet at the Iroquois Hotel on Wednesday, April 17.

The Toronto Junior Lacrosse Club will practice this afternoon at 220 on the Woodbine field. A good attendance is requested.

Frank Doyle, the new secretary of the C.L.A., is having a busy time these days reading the different suggestions for grouping that are pouring in on him.

Kennedy's Irish-Canadians look better every day. If he bands a few more like H. Scott his will be the team to fear. At that, don't be surprised if he bags Newsy Lalonde and Hyland before the week is out.

Querris is trying to draw from Ottawa Gorman and Shep. It is to be hoped the magnet is strong enough to attract the pair.

Billy Fitzgerald and some others of the Bechties seem to be as uncertain as Bob Fleming's street cars.

The National will just about stand pat with last year's team, which was enough to give 'em all the palsy for days before every battle.

It is said that in another five years Hamilton will be big enough to have a lacrosse team.

Wouldn't Eatons, Shamrocks, Weston, Matlands, Brampton, St. Kitts, Gush, Galt, Bracebridge, Orangeville, Owen Sound, Orillia, New Simons, Ashby, some real live senior lacrosse series?

The Central Y.M.C.A. will have a team in the Toronto Lacrosse League this year.

Riverdale Lacrosse Club will start practicing to-day, as will St. Helens, Elms, Gladstone, Toronto Jr. Simons, Ashby, Matlands, Centennials and Rose avenue.

Scholl's Foot-Eazer

is the shield of protection against tired feet, aching limbs, weak ankles, flat-foot, rheumatism, bunions, callouses, etc., and gives the wearer a new lease of good health and foot comfort.

Away with the pain and weariness of "flat-foot," caused by standing or walking on hard floors. Away with aching nerves and strained tendons caused by cramped ligaments and muscles of the instep arch. Away with medicine and treatments which cannot possibly correct the arch of the foot.

Scholl's "Foot-Eazer" instantly relieves all foot troubles by gently but firmly supporting the arch, relieving weight and strain, light, springy and self-adjusting. Small feet may wear extra small sizes. The right point restores normal tone and elasticity. Will outwear several pairs of shoes and a \$117 changed from one pair to another. You will never know what real foot comfort is until you wear Scholl's "Foot-Eazer" for Men, Women and Children.

Go to your Shoe Dealer, or write today for a pair of Scholl's "Foot-Eazers," on trial, if you do not have them, send us six names and "100 with size of shoes, and your weight, and we will mail a pair at once postpaid. No money back if you do not like them."

Armstrong	225	204	228	225	247	1137
Totals	448	434	426	404	439	2162

The Toronto Rowing Club will not be represented in the C.L.A. this year, but its whippersnappers will be taken up by one of the strongest local teams ever.

HON. MR. BLAKE SCORES BISHOP

Pamphlet Makes Scathing Reply to Criticisms of Those Opposing St. Alban's Cathedral Plans.

"No bishop—no cathedral." This legend appears upon the cover of Hon. S. H. Blake's latest pamphlet, which contains a letter to Bishop Thorne of Algoma, in which Hon. Mr. Blake takes the bishop severely to task for a sermon preached by him at St. Alban's Cathedral on March 23 last.

After quoting Bishop Thorne's references to opponents of the cathedral plans as raising "the cry of Judas—to what purpose this waste" and as "utterances of selfish belief," Hon. Mr. Blake goes on to conclude that a second cathedral is not only needed, but that the cathedral of St. James, should not be superseded, and that at the present, other much more pressing demands of God require our first and instant attention? Have you considered how important it is to the Dominion Government to degrade the laymen by bringing them down to the level of the apostle? Altho he occupied a high position in the episcopate, being their general treasurer, and carried the bag, yet he was the only apostle who turned his back on evening communion even with His Lord and Master and when all the other apostles were partaking of it with Him, spent this sacred period with the priests in arranging for the betrayal and murder of his Lord, betrayed Him with a kiss, and went out and ended his miserable existence by committing suicide."

Keen disappointment is felt, both in school circles and by the fathers and mothers of school children in general, as a result of the information received that the Dominion Government would not send any representatives to participate in the boys' Bisleys at London, England, this summer. For the past few months many scholars in the Toronto schools have been eagerly looking forward to the selection of the team to represent the city, and the refusal of the militia department to provide money for the trip will come as a surprise to them.

NO BOYS FOR BISLEY

The reason given for the action of the government is that so much expense will be incurred for the cadet camps that the grant made for cadet work will be needed. Three years ago the first contingent of boys was sent to Bisley.

Princess Louise is presenting a gold medal to the best shot, and she has promised to present a grant of \$500 to a Canadian boy who wins it. This news, received from England in a letter, has excited the boys in Toronto to greater efforts.

KILLED BY MOTOR

Christopher George Electrocutted While at Work. Corner Dr. Wilson opened an inquest in the morgue last night into the death of Christopher George of 368 East Front street, who was killed by a motor in the factory of Clark & Clark, Limited, Christie street, yesterday morning. No evidence was taken and the inquiry was adjourned until April 19. George, who was aged 40 years, was a leather worker. He was in the act of starting the motor of his machine and when he pushed over the controller there was a flare and he collapsed to the floor, the current having passed thru his body. It is thought that a wire must have broken, causing a short circuit.

London Orchestra Captures New York

The New York Musical Courier editorially reviewing the first concert of the London Symphony Orchestra and Arthur Nikisch in New York last Monday night, says: "It is indeed hard to speak of the conductors of the world." Speaking of the work of the London Orchestra in the Carnegie Hall last Monday, it goes on as follows:

"The resolute and unified attack of the London symphonists, their delicacy of pianissimo playing, alternating with forces that crashed and yet were not clangorous, their beautiful tone quality, capable of infinite nuances in light, toned and color, their authoritative grasp, resultant both from individual knowledge and intelligent and highly trained co-operation, and their palpable allegiance to every subtle indication of the leader's baton, and hand—all those integral factors made up an ensemble of such musical sincerity, tonal brilliancy, and technical perfection as this sophisticated city had not known heretofore."

The date of the concert in Toronto is on the 25th, a week from Thursday, and an immense audience will welcome this greatest of all combinations.

THE BIGGEST MELON YET.
 A press despatch from Montreal announces that someone interested in the C.P.R. is framing up a scheme to transfer its enormous holdings of western lands to a new corporation to be formed for the purpose of taking them over. The new corporation will, of course, have the same stockholders as the old one; the railway company simply hands over to its stockholders a vast melon to be cut up among them.
 These lands are a part of a huge surplus, also embracing cash on hand and securities in other corporations which amount to something like one billion dollars. The surplus issue which comes home to the people of Canada is whether the surplus is to be conserved for the purpose of which the corporation was created, or whether it is to be distributed to the stockholders. The west-to-day is suffering; Canadian unity, is almost threatened because of transportation conditions. The C.P.R. needs more trackage, more motive power, more rolling stock, more grain elevators, more terminal facilities. To their acquisition a part of its great surplus should be devoted; we say a part because a part is needed. New lines should be built, and they can be built by the company without further issue of shares or debentures. Finally, instead of continuing to take up an unmanageable and unreasonable surplus, the C.P.R. should reduce the heavy burden of freight rates under which the people are groaning.
 Now these facts are known to all men, and the conclusions drawn from them can scarcely be disputed. Every western newspaper for the past six months has been describing the breakdown in transportation facilities in the west. Public men on both sides of the political fence are seized of the situation, yet except what has been said in the house of commons by Mr. Maclean, M.P. for South York, and his has been the voice of one crying in the wilderness, not a word of discussion or a moment's thought has been given to the supreme issue and necessity of the hour, and the relation of the enormous surplus of the Canadian Pacific to that issue. Nearly every public man and paper is standing by the land banks guaranteed by the government. Not only incomes possessing the necessary qualifications are assisted but provision is made for those who need or desire experience in local conditions. Even the youth of the country are afforded full opportunity to be trained in agriculture and the result is already seen in the increasing volume of Australian agricultural and dairy exports. Canada ought to profit by the experience of the United States where an improvident system of tillage has resulted in a marked decrease in productivity. If Canada is to gash and hold the position of granary of the empire, much more attention must be paid to conserving the fertility of the soil.

BANK OF BRITISH NORTH AMERICA.
 The balance sheet of the Bank of British North America at the annual meeting of the shareholders, published elsewhere in the columns of this issue, is a usual form most interesting reading and afford abundant evidence of the satisfactory development and increasing prosperity of this solid institution. In face of the complete detail furnished, it would be superfluous to include in any repetition of figures here. In every department a healthy development is reported, and it is evident that in the competition for business the Bank of British North America is determined to be in the forefront of the struggle.
 All connected with the bank are to be congratulated. In the case of the shareholders, the prosperity of the bank is reflected by an increased dividend while a substantial addition to the reserve fund adds strength to their already strong position.
 It is pleasing to record the fact that the efforts of the staff have been recognized and appreciated by the granting of a bonus for the third year in succession. This is by no means the least important feature of the balance sheet.
 During the past year the number of the bank's establishments has increased to 86, and at the present rate of progress the 100 mark should shortly be passed. In these days of fierce competition the establishment of a branch bank in its own building is, in itself, a strong bid for success, inasmuch as the bank in this manner casts in its lot, so to speak, with the future of the town in which it operates, and in the erection of a number of buildings in 1911 the Bank of British North America indicates that in this direction it has no intention of falling behind its competitors. In passing it is interesting to note that the year 1912 has marked the demolition of the present headquarters of the bank, a famous old landmark, on the site of which was erected a handsome modern building, fully in keeping with all the best traditions of the banking world.

A GREAT STEP FORWARD
 The great Toronto of to-day and the far greater Toronto of the future will commend the action of the legislature in passing the City and Suburbs Plans Act. This act provides that where any person is desirous of surveying and subdividing into lots with a view to the registration of a plan of the survey and subdivision, any tract of land lying within, or within five miles of, a city having a population of not less than 50,000, he shall submit a plan of the proposed survey and subdivision to the Ontario Railway and Municipal Board for its approval.
 The board before approving such a plan may require such changes to be made therein as it deems expedient respecting the number and width of the roads or streets, and the location, and the size and form of the lots.
 In order to enable the board to intelligently and sympathetically coordinate these new additions and highways to a general scheme of urban and metropolitan district development, it is provided that the city council may adopt and file with the board a general plan including proposed streets, highways, parks and lines of transportation. This will enable the city to draw symmetrically, causing the new subdivisions and streets therein to co-ordinate with a general plan for an efficient system to a general system of highways and transportation. As is well said in the report of the City Improvement Committee for the City of Toronto, "the general scheme of piecemeal and haphazard development of the suburbs in the past, and the inconvenient maze of unco-ordinated streets which, by the greatest stretch of the imagination, cannot be called thoroughfares, is evidence enough that the time has more than arrived when systematic provision for the transportation needs of the future greater city should be vigorously carried out."
 This committee, by the way, has prepared a plan which, with some modifications, might well be adopted by the city, or might even be filed with a few changes at once, even the amended later on. It contemplates a number of broad highways, some of them, running diagonally, including two radial highways running from the Union Depot—one northwesterly to the West Toronto station and the other north-easterly to the Danforth-avenue viaduct.
 The committee took an active part in urging the passage of this legislation, and found strong allies in the members of the legislature for Toronto, especially Mr. McPherson. The original bill was introduced by Mr. Ellis, and was warmly supported by the members for Ottawa and Hamilton and other cities affected. The World is delighted to accord praise to these members and others for their good work.

WHAT THE REAL ESTATE MOVEMENT IS DOING.
 The real estate movement is bringing millions of dollars of English money to Toronto; for the purchase of a lot of the land that is to be subdivided; for other purchases that are made on investment; most of all for building purposes.
 It is this movement, coupled with our unparalleled strides in commerce, manufacturing and finance, that is to make Toronto a great and enormously wealthy city, a city well able to have everything modern and up-to-date in the way of water supply, good pavements, diagonal streets, the best possible system of subways and surface street traction. It does not look, however, as if our council and some of our newspapers are equal to taking advantage of the situation. They haven't the courage to act promptly in settling each issue as it arises on big and permanent lines. We pester and we delay. But there's a change coming. But it will only come by our citizens uniting on a big policy for a big Toronto.

TEMPERANCE IN THE CHURCHES
 The Canadian Temperance League have planned a series of Sunday evening gospel temperance meetings in a number of the churches throughout the city—more particularly those in the outlying districts. The first will be held to-morrow at 7 p.m. in the Riverside Presbyterian Church, when J. S. Robertson, president of the league, will be the speaker. Others will follow in order each week in the Queen-st. Methodist, Earlscourt Methodist, Oliver Baptist, Parkdale, and elsewhere to be arranged, with special speakers for each meeting. All meetings will be held at the regular business meeting of the league, held last evening, arranged to be put under way for the twenty-fourth annual meeting to be held in May.

Blame British Liner for Collision
 HAMBURG, April 12.—The German naval court decided to-day that the P. & O. liner Oceana was responsible for the collision with the German vessel Pisagua in the English Channel on March 18, when seven passengers lost their lives. The collision was attributed by the court to the careless watch kept on board the Oceana.

LOCAL OPTION BYLAW IS HELD

Ald. Austin Will Not Introduce the Measure at Monday's Council Meeting, But Will Wait.

"To be or not to be" was discussed at a meeting of the Toronto Temperance Alliance yesterday afternoon.

The view predominated that a local option vote this year would be a disastrous boomerang for the cause.

In view of the instructions of the most meeting on April 2 the committee considered itself bound to prepare a preliminary report on the steps which would be necessary to take in case the meeting on April 23 insisted on going on with a campaign this year.

A significant feature of the meeting was a decision to hold up the introduction of a local option bylaw in the council until after an endeavor had been made to persuade the membership on Tuesday week to call off the contest this fall, and instead to organize for the election of a majority of "drys" to the city council for 1913.

Ald. Austin, who volunteered at Broadway Hall to introduce a local option motion next Monday, has consented to defer doing so until after the convention.

WOODSTOCK'S TREASURER DEAD

Geo. C. Eden Passed Away at Harrisburg, Pa., Following Stroke

WOODSTOCK, April 12.—(Special.)—Word received this afternoon announcing the death in Harrisburg, Pa., of one of Woodstock's most prominent citizens and officials, George C. Eden, city treasurer.

The late Mr. Eden had been in poor health for some months, but his condition was not regarded as serious until a few days ago, when he was the victim of a paralytic stroke. He had been resting at Harrisburg for a number of weeks.

The deceased was a prominent Mason and a life member of King Solomon Lodge of this city. He was appointed clerk of the Town of Woodstock in

DR. NESBITT INTENDED TO RETURN TO TORONTO

Continued From Page 1. Nesbitt had been in Chicago for more than a year and frequently had dined with him at a downtown hotel.

"The president of a bank in Canada is merely a nominal figure," said Mr. Nesbitt. "The cashier and other officers have most of the power. The charge of Nesbitt, not extraditable in any event, Mr. Nesbitt, moreover, did not forge anything. He merely signed a false statement which resulted in the wrecking of the bank."

The charges against Nesbitt, as made known by the Toronto press, were: Making false return to the Government of Canada under the banking laws of 1907.

Conspiracy to secure a certificate from the treasury board under the banking laws.

The hearing before Commissioner Poole was on a warrant charging Nesbitt with forgery under the "banking laws" and with falsifying a report to the Canadian minister of finance. The warrant was issued at the request of Chicago detectives, acting under authority from the Ontario government.

Nesbitt has refused to talk except to say that he would plead not guilty and that the charge was a "monstrous mistake."

According to persons who knew him in Toronto his appearance is greatly changed. Recognized by Walter.

A waiter took credit for the arrest of Dr. Beattie Nesbitt, Joseph Sdeco, employed in a restaurant in 84 East Third-street, declares he recognized the physician banker when he came there to eat, and then notified the police of Toronto.

During the day the police searched the city for a person of the type of a woman with whom the banker had been in the habit of taking his meals.

"I knew Nesbitt in Toronto, where I worked as a waiter at the Albany Club for four years," said the waiter, "and he told me he was in the habit of taking his meals at a restaurant, cross the street and enter a first floor apartment."

"I used to get his Scotch and soda water daily, in those days he did not wear a beard."

"Two weeks ago I was in the restaurant which my brother keeps when Nesbitt came in. I knew him at once, in spite of his beard, and I was positive. Several times, and I was positive. Then I wrote to the police in Toronto."

The Capture. Last evening City Detectives Cahill and Barde, along with Detective Wallace, motored up to where Nesbitt had been living. They waited and watched and finally saw from the window of a restaurant, cross the street and enter a first floor apartment.

Nesbitt was taken to the station and admitted to his room and confronted with a warrant, and told him he was under a warrant and told him he was under a warrant and told him he was under a warrant.

He also had a number of letters which he was about to destroy. These were addressed to Mrs. Coleman, and were thought to be of importance and to have been sent to a female address here to divert suspicion.

After this discovery Nesbitt consented to go to the station, where Wallace and the other officers were waiting. He was taken to the station and admitted to his room and confronted with a warrant, and told him he was under a warrant and told him he was under a warrant.

MORE RULE BILL HAS WEAK SPOTS

Financial Scheme and Nominated Senate Vulnerable Points—Foolish and Cowardly.

LONDON, April 12.—(Can. Press.)—The adjournment of the home rule for Ireland debate in the house of commons until Monday has given an interval in which the opinions of public men of all classes are being canvassed on the main outlines of the measure.

Criticism of the measure seems likely to fasten itself upon the financial proposals, not only on the part of opponents, but also supporters of the bill, as the financial scheme, together with the clause calling for a nominated senate, are considered its weakest spots.

Cuticura SOAP

Skin-Tortured Little Ones

Mother! Are your little ones suffering from itching, burning eczema, or other torturing, disfiguring skin troubles? Are you, yourself, worn out with long, sleepless nights and ceaseless anxiety in caring for them? Then you should know that, in most cases, a warm bath with

Cuticura Soap

and a gentle application of Cuticura Ointment bring immediate relief, the little sufferers sleep, tired, fretted mothers rest, and peace falls on distracted households.

Although Cuticura Soap and Ointment are sold by druggists, a special package of Cuticura Soap, Dept. 234, Boston, U.S.A., contains a liberal sample of each with \$2.50. Look on the skin and scalp, and treatment of their affections.

The Nursery

Answers to Correspondents.

I have heard so much of the trouble caused by adenoids in children that I would like to know if I can take any precaution to prevent my baby girl having them.

Do not allow your baby to use a pacifier or to suck her fingers. Watch that she breathes through her nose, and clean the nostrils daily. Keep her supplied with fresh air, day and night.

My baby is fat and chafes easily, can you tell me what to do?—Mrs. H. M. I.

Dry your baby carefully after the bath and when you change him. Dust powder in all creases of the skin, and if the skin becomes inflamed rub it gently with a little melted mutton tallow.

Please tell me if a baby should sleep by himself from the very first. I am told that the little baby needs the warmth from his mother.—Mrs. E. Guelph.

A young baby should have his own bed from the very first. If the weather is cold, his water bag may be put in his basket. Always keep the bedding before putting a tiny baby down, and keep the basket clean and sweet.

Outfit for the toilet basket.—Mrs. J. P. M., Hamilton.

There are many styles of basket, the best is a plain close weave, oblong in shape. Pad the bottom with sheet-wadding. Cover with lining or saten, which is like, and over this place a fresh muslin. Line the sides in the same way. A trimming around the edge is very pretty but not sanitary. Keep all baby things plain. Make little pockets gathered on a hoop of wire for three corners, and put a small pin cushion in the fourth. Keep the absorbent cotton powder, vaseline, safety pins and articles needed when dressing the baby in the basket. His diapers may be folded and kept on top of it, and the water kept covered with a clean white cloth.

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves.

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes which occur during the winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often over-heated buildings. Official records prove that in April and May neuritis, St. Vitus' dance, epilepsy and other forms of nervous troubles are at their worst, and that then, more than any other time, a blood-making, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, which purgatives only gallip through the bowels, leaving you weak and nervous. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact, they up-fittingly bring new health and strength to weak, tired and depressed men, women and children.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

LOCAL GETS DIVORCE

Mrs. J. S. Anderson Obtains Decree From Her Husband, Who Was a Toronto Insurance Manager.

Mrs. Agnes Ritchie Anderson has returned to Toronto from New York after securing a decree of absolute divorce from her husband, John Scott Anderson, who was manager of a life insurance company here nine years ago. For the past four years the couple have been separated, and Mrs. Anderson has been living in Niagara Falls with her three daughters, Louise, Beatrice and Nancy.

According to the recommendation of Referee Ingraham, who filed a report a short time ago in the county clerk's office, New York, Anderson must pay his wife \$125 a month alimony, and Mrs. Anderson will have the custody of the three children. Anderson's misconduct furnished the evidence upon which the referee granted the decree.

The Andersons were married in Belleville, Ont., in 1898. The husband is now an insurance manager at 149 Broadway, New York. Mrs. Anderson intends to settle here.

TO MAKE SOUP.

A good soup, sipped slowly, aids digestion and because of its nourishment is an important part of the dinner.

Waters in which vegetables are boiled are most nutritious for a housewife. Use them in place of plain water for souping. For instance, to boil rice properly one must use sufficient boiling water to wash the grains apart and keep them dry. The motion of the water and a large enough pot are absolutely necessary to give a perfectly dry white grain. This water when strained from the rice is rich in starch and should not be wasted. While this cannot be used for clear stock it may be added to the ordinary scraps and bones for a vegetable soup, and is far more delicious than the ordinary cream of chicken or oyster soup.

The water in which turnips, cabbage and cauliflower are boiled makes an excellent foundation for vegetable soup or soup Crecy, a soup made from ground carrots and cabbage water with a little ham or beef stock and onion water for vegetable soup without meat. Do not use potato water; it is not wholesome. To my way of thinking it is most extravagant to discard the vegetable waters and use sufficient vegetables are quite sufficient.

If a perfectly clear soup is wanted purchase fresh meat—either a shin or a leg of beef—cutting from forty to fifty cents. Have the butcher saw it into lengths, wash and wipe them carefully with a clean cloth, and put the bones in the bottom of a soup kettle and the meat on top. Pour over these four quarts of cold water and add a little vinegar. It softens the fibre, draws out the juices and dissolves the flavoring of the meat. On the other hand, if you are boiling a piece of meat for soup, boiling water, boil rapidly for five minutes until the albumen on the surface is colored by the fat. This makes a waterproof covering, which will retain the juices and flavoring and keep out the water. Observe the difference; in souping-making we want the flavoring in the water, hence we use cold water in stews or boiled meats we always begin with boiling water. Bring the soup slowly to boiling point, skim the kettle to the back of the stove, or use a simmering burner of a gas stove and cook slowly at 180 degrees Fahrenheit for three hours. Lift the lid, skim and add a whole carrot, a turnip, a few green celery-tops or a tablespoonful of celery-seed, a tablespoonful of salt, a bay leaf and a large onion with twelve cloves stuck in it. Cover the kettle and simmer gently for another hour; add a tablespoonful of caramel or kitchen bouquet, and strain.

A few words of caution. Simmer, do not boil the soup. Ten minutes' rapid boiling will cloud a kettleful of beautiful soup. Do not add the vegetables until the last hour. The delicate flavorings of both meats and vegetables are

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 86, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her to-day if you have a child who wets the bed at night, however, artistically, to say so. Well, I'll say it nonetheless. She just is. Those who hear her last night, however, were more engrossed in what, of music, came expressed from her violin by her expert fingers rather than in any of her other apparent qualities, and so far as the readiness, the heartiness of the applause which greeted her every effort may be taken as evidence of her success, she needed no other testimony. Now, clear, alertly, she did she make her violin speak to her quietly contented audience. It is with some confusion, some shame even,

TRIED EVERYTHING WITHOUT RELIEF

Until I took "Fruit-a-lives."

Sarnia, Ont., Feb. 5, 1910.

"I have been a sufferer for the past 18 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever.

"Finally, I read an advertisement of 'Fruit-a-lives.' I decided to give 'Fruit-a-lives' a trial and found they did exactly what was claimed for them.

"I have now taken 'Fruit-a-lives' for some months and find that they are the only remedy that does me good. I have recommended 'Fruit-a-lives' to a great many of my friends and I cannot praise these fruit tablets too highly."

PAUL J. JONES.

"Fruit-a-lives" is the only natural cure for Constipation and Stomach Trouble, because it is the only medicine in the world that is made of fruit juices and valuable tonics. Hundreds of people have been cured, as if by a miracle, by taking "Fruit-a-lives," the famous fruit medicine.

MARKHAM COUNCIL.

Peculiar Case of Damages Came Before Markham Members.

At the last meeting of the Markham Township Council, the claim of Alfred Lunau of Buttonville for compensation for loss of a horse was considered and an agreement arrived at. The circumstances were peculiar. Mr. Lunau was driving over the Alex Russell bridge, northwest of Unionville, when the horse choked, and falling over the side in the water, was drowned. Council deemed responsibility, but a compromise was effected. Mr. Lunau getting \$50.

W. Mitchell of Thornhill wrote, saying that his barn floors and stables were flooded with water and he would hold the council responsible.

Mr. Morris of Thornhill, an indignant sufferer from an incurable disease, and an American, will be deported.

BIG THING IN NORTH'S RAILRY

What Will North Toronto Council Do About Metropolitan?—Intense Interest Over the Question.

NORTH TORONTO, April 12.—(Special.)—Members of the town council, who have several years' experience in municipal life, discussing the pending negotiations between the town and the Metropolitan Railway Company over the double tracking of Yonge-street, said today: "I believe that an agreement will be reached whereby the work can be undertaken, or, at least, submitted to the people for their ratification or rejection and that in the near future." He was in favor of an agreement being reached, but opposed the immediate prosecution of the work on account of the presence of the sewer so recently put down.

His Worship Mayor Brown, when spoken to last night on the matter, thought that the deal would go thru, as the railway company were evincing a disposition to treat with the town on something like a reasonable basis.

"However, it's too soon to say anything definite," he declared, "because nothing definite has been done. The last analysis, he said, is to be made by the council.

One or two members of council who are strongly pledged to municipal ownership are known to be averse to taking up the matter at all pending some action by the city on that division of the line between Merton-street and down to the C.P.R. tracks. Anything that the town might do any arrangement they might enter into with the Metropolitan Railway could only have to do with that portion immediately north of the old Bell Line, and a double track thru that town, which would not extend right thru would, it is pointed out, only congest traffic worse than ever.

"The only solution is to go into this question with the city," said a member of the North Toronto Council today, "and I for one will refuse to allow the representative of the Metropolitan to be used as a club by the Metropolitan to further its own interests."

It was of interest to North Toronto people to know that in addition to the 500 Norway maple trees ordered to be planted by the company, the town has agreed to allow private citizens to obtain a supply at the reduced figures obtained by the town. While the town will go as far as they can on the side streets, private citizens sending in their order to Mr. Norman, town clerk, will get them at the rate quoted, and if at the end of three years the trees are found to be living and thrifty the amount paid will be refunded by the town.

Mrs. D. D. Reid and Master Gaynor Reid started last night on a "round-the-world" trip via Vancouver and Australia, and returning by South Africa and England. Councillor Reid secured tickets for the round trip Tuesday last, and the next day news arrived that Mrs. Reid's mother, who lived in Melbourne, Australia, had died. This was a great shock to Mrs. Reid, as she had arranged to be at the eightieth anniversary of her mother's birthday. However, as all arrangements for the trip were complete it was thought best to proceed, as Mr. and Mrs. Reid have already been around the world a couple of times. The trip will occupy between five and six months, as some time will be spent in Capt. Town, S.A.

WOODBRIDGE

Late Mr. Porter Held Many Positions of Trust.

WOODBRIDGE, April 12.—(Special.)—The death took place at Woodbridge on Thursday of this week, after a day's illness of William Porter, late of the Township of Toronto Gore, County of Peel, in his 77th year. Mr. Porter held many positions, municipal and of trust. In the years 1875 and 1884 he was warden of the County of Peel and was for many years president of the Peel Fire Insurance Company. He was a Liberal in politics, and was a member of the Church of England.

He was predeceased by his wife fifteen years ago and one son, Arthur Penton, but is survived by a number of sons and daughters, John Joseph of the County of Peel, William E. of Salt-coats, Alice M. Tyrwhitt, wife of W. Andrew Tyrwhitt, Weston George X. of Woodbridge, Mary Elizabeth, wife of the Rev. Walter Creswick, Anglican clergyman, Brighton, Charles H. barrister, Toronto, and Eliza Emily, wife of the Rev. Ian Macdonald, Anglican clergyman at Nepean, Manitoba. John Porter of Hagersville and Thompson Porter of West Toronto are brothers.

The deceased was a son of the late William Porter, in the early part of the last century a contractor on the Welland and Erie Canals, and previously of Yorkshire, England.

Have It When You Want It!

They love this goody that's good for them. It's as welcome as it's inexpensive. The pleasure of chewing it is more than equalled by its benefit to teeth, breath, appetite and digestion.

The refreshing mint leaf juice is a splendid teeth preservative. The friction of chewing brightens teeth wonderfully. Appetite is sharpened and digestion aided by this flavorful juice.

Make your evening kiss pure with it—make your evening welcome greater with it—tonight! All dealers sell it—little by the package, but less by the box.

KNOX COLLEGE IS BOUGHT FOR \$225,000

S. T. Sutton, Real Estate Agent, Buys Spadina Avenue Circle Under Own Name for Publishing Firm—City Loses Opportunity to Get Park at Low Figure

While the board of control were yesterday morning debating over whether they would recommend the purchase of Knox College for a park site the board of the college were considering an offer of purchase made them by S. T. Sutton, a real estate man. And the offer was accepted. It was one of a long line of them made by Mr. Sutton. On April 13, 1911, he offered \$150,000. On March 1 this year \$175,000, on April 2 \$200,000 and on Thursday \$225,000. This last offer, the one accepted, means the payment of one-fifth cash, and at least half the purchase price by the time he gets possession, June 12, 1914.

The motion that passed the board of control calls for the expropriation of the college circle for park purposes. It is doubtful now if the council will go ahead with expropriation proceedings. Mr. Sutton would not divulge the name of his client, beyond saying that he was buying for a publishing house. Knox College has not been bought for the Methodist Book Room. Mr. Briggs, of Briggs and Frost, solicitors for the Book Room, said that they have never even considered such a purchase. They have not sold their Richmond-street property. The building, when possession is

given, will not be pulled down, according to present plans. It will be slightly altered inside, and some of the many partitions removed. The exterior will be changed. The property consists of two and three-quarter acres. An acre of the property may come at any time, Mr. Sutton says he had a customer in view when he made the offer. The announcement made that the Bishop Strachan School property was sold was due to negotiations he had on for its acquisition at \$400,000. The deal, which was all but completed, fell thru over the university strip restriction.

An Unlucky Experiment in City Building Buys Six Acres In Clay Belt

As compared with the normal process by which towns come into being, their development proceeding spontaneously and by slow stages, it is interesting to note the occasional deliberate construction of large suburbs, and other towns, complete and ready for occupancy in a few years' time; the motive being sometimes political and, sometimes commercial. We have recently referred in these columns to the remarkable development of Port Sudan, founded a few years ago by the British authorities on the west coast of the Red Sea. A similar undertaking, the with different aims, was the building of a German seaport of Tsingtao, China; a city notable, among other things, for the fact that no American atlas-maker discovered its existence until ten years after its foundation. In connection with these successful experiments in city-building, we learn that the Government of Hongkong, which was laid out in the spring of 1909 on the shore of Yell Bay, 10 miles by water from Macao harbor (China), has by no means realized the hope of its creators that it would speedily become a formidable rival to the neighboring ports of Canton and Hongkong. It was built on up-to-date lines with telephones, waterworks, electric light, tramways, etc., but it has not succeeded in attracting trade, and its present population is only 2000.—Scientific American.

John Price, brick-maker, has asked six acres to his holdings of clay land by the purchase of property east of Greenwood and north of the Grand Trunk tracks. The land is the eastern city belt, and is partly in the hollow of the creek that runs just south thru this vicinity. The six acres cost \$25,000.

FANATIC KILLS WIFE AND SELF.

LONDON, April 12.—(Can. Press.)—A double tragedy was brought about today by another mental brainstorm affecting the Rev. Samuel Henry, the self-styled "Messiah" who on February 26, caused a sensation in the House of Commons by firing several shots from a revolver at the ceiling of the lobby. Henry was discovered this morning dying in his home, with two revolver bullets in his head, and by his side lay his wife's dead body, with the throat cut.

Hurrah, No More Lame Backs!

This Case Proves That the Best and Strongest Liniment Ever Made is Nerviline.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straight-forward statement of some reliable and well-known person who has been cured. For this reason we print the verbatim statement of Juan E. Powell, written from his home in Caracas, six feet tall, and weighing nearly two hundred. I have been accustomed all day I overdid it, and wrenched my back sore. To stoop or bend was agony. I had a whole bottle of Nerviline rubbed on in one day, and by night I was well again. I know of no liniment possessing one-half the penetration and penetrating properties of Nerviline. I urge its use strongly as an invaluable minor ailment, such as strains, sprains, swellings, neuralgia, sciatica, lumbago, rheumatism, and muscular pain. No better medicine for curing pain, double family size, 50c; trial size 25c, all dealers, or The Catarthogone Co., Buffalo, N. Y., and Kingston, Ont.

Railway Engineers Prepared to Strike

Majority Exceeded 23,000 in Total Vote of 25,000—Managers to Confer.

NEW YORK, April 12.—By a majority of more than 23,000 out of 25,000 votes cast, locomotive engineers on fifty railroads east of Chicago and north of Norfolk and Western, have authorized their officers to call a strike, should further negotiations with the railroads for increased pay fail. The count of the vote was completed at noon today, and the result made known immediately by Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers, to J. C. Stuart, chairman of the General Managers' Association of the Railroads.

TORONTO CITY MISSION.

The monthly meeting of the Board of the Toronto City Mission was held on Thursday in the board room of the Upper Canada Trust Society, Richmond-street east. In the unavoidable absence of President Rev. John Neill, D.D., C. M. D. Hay, president, the treasurer's report was read and approved.

The deficit requires liberal contributions to the Mission in order to relieve the obligation.

Rev. Robert Hall presented the reports of the missionaries for the month of March. Striking cases of destitution, drunkenness, vice and misery were recorded. One of these families has been reported where there are at present three generations of mental defectives, and which ought to be provided for at once. During March a large number of

homes were visited, and under careful investigation \$72.45 was given out in relief for food, fuel and other necessities besides 567 articles of clothing supplied to worthy families in need of same.

The past month has been hard upon the missionaries who have persevered in their work thru the muddy streets and lanes of the city seeking the lost.

Jail Governor Dismissed. ST. THOMAS, April 12.—The Provincial Government has definitely decided on the removal of Mr. N. W. Moore, Governor of Elgin County Jail for the past twenty-five years, and has named W. F. Luton, of Mapleton, former Warden of the county, as his successor.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened memory, failing memory and lame back, brought on by excessive, unnatural work, or the tolling of youth, that has cured so many worn and nervous men in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it. This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest, acting combination for the cure of debility, and is not a vapor, but a reality—ever put together. I think I owe it to my fellow men to send them a copy in confidence, so that they may, anywhere, who is weak and discouraged, with repeated failures may stop dragging himself with harrowing, torturing, and painful, and unprofitable, the SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly. Just drop me a line like this: Dr. A. Robinson, 2322 Lock Building, Detroit, Mich., and I will send you a copy of this simple, free of charge. A great many doctors would charge \$2.00 for merely writing out a prescription like this—but I send it entirely free.

MONARCH PARK!

Offers the Greatest Opportunity to Builders and Investors. The Closest-in Subdivision in Toronto. All Local Improvements—Sewers, Gas, Water, Electric Light, Sidewalks, etc., are now being arranged for.

Close-in Location

Monarch Park is close-in property, being situated on the south side of Danforth Avenue, and west side of Ashdale Avenue, one block east of Greenwood Avenue—is only a few minutes' walk from Gerard Street cars. Danforth Avenue is being widened to make it 88 feet wide all the way from Broadview Avenue to the eastern limits. This will make it the chief artery for traffic, particularly when the viaduct is built.

MONARCH PARK

Is the Closest-in Subdivision in Toronto

- Inside city limits;
- Less than thirty minutes from King and Yonge Streets;
- ON Danforth Ave. Civic Car Lines, NEAR Civic Car Lines on three sides;
- Within a few minutes' walk of two schools (Jones Ave. and Rhodes);
- Exceptionally good as an investment, or for builders;
- Restricted to \$1,500 houses;
- An ideal location for comfortable homes at moderate prices.

GLEBE MANOR TO GO ON MARKET

Greatly Desirable Property a Quarter-Mile North of City Limits Being Offered by the Dovencourt Land Company. Will Be Highly Improved.

Three miles and a half up Yonge-st. from the rush of the King-st. corner, there is a broad break in the ranks of the houses that stretch far east of the main roadway. A broad ribbon of land untouched, but by the tiller's hand, bare of all homes, but the white frame cottages of a few tenant farmers, spreads east from the road, rises up in a tall hill, then gradually slopes east and away to Bayview.

North and south of the ribbon are built brick houses reflecting the prosperity of their owners in the past surroundings and the bright new look about them. It is as if the northward march of Toronto's home-building army had stopped hesitatingly at the edge of this ribbon, their ranks crowding up and filling each vacant space unavailably, and then leaped across, continuing from the northern edge their tumultuous advance that is leaving the North Toronto the adding place of many thousands of happy home-makers. This ribbon is the Glebe Farm. Hardly a quarter mile north of the city limits and with the street cars passing its western front, it for long received the attention of the real estate men, who endeavored to secure it. The prize fell to W. S. Dinnick, of the Dovencourt Land Company. Last fall, in company with many other land men, he was told that the Diocese of Toronto, the owners, would consider offers of purchase. Mr. Dinnick's offer suited the Anglican bishop, who offered the most money and the best terms, and he got the property with one condition, that he would reserve a space for a church. He has done this. The top of the hill on the farm has been kept for the church, three and a half acres, and when it is built, its foundation stones will be seen for miles around.

Named Glebe Manor. Glebe Manor is the name of the farm now. It has been platted out into eight hundred and thirty-eight lots, most of them fifty feet by one hundred and twenty feet in dimension. Three streets running through the Manor from west to east will be graded this summer. Sixteen cross streets will be cut thru also, that is as many as are needed as the

STARVED WAY TO LIBERTY
Some Suffragettes Found Heroic Course Successful, But Others Didn't.
LONDON, April 12.—(Can. Press.)—By resorting to a hunger strike and impairing their health to such an extent that the jail officials feared fatal consequences, Dr. Frances Ede and four other suffragettes, who recently were sentenced to imprisonment for window smashing, obtained their release from Aylesbury jail to-day before their terms had expired. Dr. Ede says that twenty-five of twenty-eight suffragettes imprisoned in the Aylesbury jail started the hunger strike April 5, and that it has not

CHASED BY TAXI

Street Car Left Standing on Yonge Street in Early Morning Ran Down Grade, Startling Belated Wanderers—Motorman Followed in Taxi-cab, But Car Won.

The fact that a motorman and conductor were hungry, and that a café was nearby was the cause of a runaway street car, which tore down Yonge street from College to Front, at a rate of 20 miles an hour.

When the motorman brought a Yonge-street car to a standstill opposite the Cabaret-street he was several minutes ahead of his schedule. The car was empty, and the pangs of hunger were too hard to suffer. Both employees visited a café, and while they were munching their food, the car started down Yonge street again. It hit a fast rail and the motorman and conductor were considerably startled. Mr. Motorman and Mr. Conductor rushed in a somewhat perturbed state of mind from the lunch counter, halted a taxi which was passing, and started in pursuit. It was a first race filled with several thrilling incidents.

Chased by Taxi.

"Catch that car," yelled Mr. Motorman to the taxi driver, "and do it in the name of the Lord." The taxi sped down Yonge-street faster than it had ever gone before. At the corner of Elm it was gaining some, but at Sherburne it was neck and neck. Here Mr. Motorman swung open the door of the taxi and sprang out. Time and again he leaped out in an effort to grasp the rope attached to the trolley pole, but time and again he missed. The street car began to pick up more speed. Queen's car vestibule was slightly in the lead of the taxi. Mr. Motorman seemingly intended to jump aboard the street car step. It was only then that he saw the main cable, but his nerve failed him. His next best effort was to well leapt, accompanied by Mr. Conductor. Their voices blended beautifully in the early morning air. But those voices of warning probably saved a gang of Italians who were flying the tracks near Adelaide. They hustled out of harm's way like a flock of fowl. Some hints of a runaway street car had reached the street corners as the car and taxi raced by. When the way was cleared they rushed onto the roadway and waited.

Finally It Stops.

That car will either jump into the bay or turn turtle," predicted one. But he was not in the same class as Solomon. His prophecy went awry—the car stopped at the corner of Front and Yonge with its nose turned to the east. The conductor's nose came out when the trolley hit the curve. More excitement was caused by that runaway than any other stage of the streets of Toronto after midnight, and street railway employees are talking about it yet when officials are not around. How the car made its way is attributed to the pressure of the air releasing the brakes. This may or may not be correct. At any rate it started.

LOST A VALUABLE TEAM

Ex-Reeve Henry Meets With Heavy Loss.

Ex-Reeve George S. Henry of Orillia, York township, lost a valuable team of two horses this week by being run over by a C.P.R. train at Agincourt. The horses were being driven by stock at Myrtle. Mr. Henry bought a fine-bone horse which was later stolen by a thief by the name of Henry. It was while the horse was being driven that the thief, leading it on the halter behind a rig that the local train, which was running fast, struck the horse, smashing the buggy to kindling wood. Henry was only a miracle the driver escaped. The loss will be heavy.

STREET RAILWAY RECEIPTS

The city's percentage of the Toronto street railway receipts for the last month amounted to \$53,300, according to the announcement made by the city treasurer yesterday. This is a big increase over the same month last year when the receipts were \$48,000, and it is almost double the amount received in 1907. The receipts for the month amounted to \$422,660.38.

BORDERING ON THE MIRACULOUS

John McElroy's Heart Trouble Cured by Dodd's Kidney Pills.

Could Not Work All Summer, and Doctors Failed to Help, But Cure Was Quick When He Used Dodd's Kidney Pills.

BERTON, N.B., April 12.—(Special.)—Bordering on the miraculous is the cure of John McElroy, a young man well-known here as a sufferer from heart trouble and who was so bad that all last summer he was not able to do a day's work. He had tried to do a day's work, but he was not able to do a day's work. My sleep was broken and I could not get up. I felt heavy and sleepy after meals and I was always tired and nervous. I perspired freely with the least exertion. I had been taking the doctor's medicine, and as I felt no better, I read in an almanac what Dodd's Kidney Pills could do for me. I had tried to try them, but I had not finished the first box. I felt different, and by the time the second was half gone I was working in the woods and doing good work.

MARRIED HIS HALF-SISTER

CINCINNATI, April 12.—(Can. Press.)—A strange story which resulted in John P. Ruch, Jr., aged 22 years, being divorced from his half-sister, Helen Hoffmann Ruch, 24, was related in the involuntary court here to-day. The brother and sister were married Oct. 25, 1910, neither of the time knowing of the blood relationship between them. The discovery of the relationship was disclosed a few weeks ago, and the action for a divorce followed.

Rally in Dome Extension --- Porcupine News and Reports

TREMOR IN HOLLINGER FELT THROUGHOUT THE LIST

Dome Extension the Only Instance of Buoyancy in Porcupines—General List Recorded Further Declines—Big Slump in Hollinger.

World Office, Friday Evening, April 12. A sudden drop in Hollinger, which wiped out practically all the gain the shares had made this week, and a sharp rally in Dome Extension that nearly made up the loss occasioned by yesterday's decline, were the features in the local mining exchanges to-day. Elsewhere trading was inclined to lethargic, and prices developed further weakness in consequence of the rather flat demand from the outside interests.

The movement in Hollinger was accepted as representative of the efforts of the bear contingent to dislodge the weakly-held stock taken on during the recent upturn. At the opening the shares sold at \$12.60, a loss of 15 cents from last night, and from that time on the incoming of a large volume of liquidating orders kept the price on the downgrade. Before the declines culminated the stock had dropped to \$12.05, a net loss of 70 cents a share from last night's close.

Dome Extension Star Performer. The advance in Dome Extension was as rapid as it was extensive. The first sale was put thru at a gain of two points over last night, and in the early dealings the stock got up further, touching 17, which was the high level for the day.

SCOTTISH-ONTARIO TO RESUME OPERATIONS. PORCUPINE, April 11.—(From Our Man Up North.) The Scottish-Ontario mine may begin spring operations very soon now, following the visit of several of the directors, accompanied by Dr. Hilliard, head of the syndicate, of Glasgow, Scotland.

Work closed on this property on Sept. 3, 1911, when the lots were taken over from the syndicate by a London, Eng., mining company.

AWAITING ITS FATE. PORCUPINE, April 11.—(From Our Man Up North.) According to calculations, the East Dome vein should be reached to-morrow, Friday, and the continuing work on this claim all depends upon the size of the body and the richness of the values found.

CANADIAN MARCONI. The incoming of some real liquidation in Canadian Marconi in the Toronto markets on Friday carried the price of the shares down rapidly.

ANOTHER ENTRY IN NAVIGATION RACE. A Hamilton despatch says that following the announcement that practicing a freight business on the great lakes were in either one of the two recently formed mergers, it develops that a third concern has decided to enter the field.

A GREAT OIL PROPERTY. The Dominion Oil Company's property is causing a great deal of favorable comment in the Coalinga field.

DOMINION OIL COMPANY (Incorporated Under the Laws of Arizona)

Authorized Capital - \$1,000,000. Divided Into 1,000,000 Shares of the par value of \$1.00 each, 500,000 Shares of which are Treasury Shares, and all of which are fully paid and non-assessable.

President... WM. GRAY, London and Toronto, Ont. Vice-President... GEO. D. FORBES, Hespeler, Ont. Secretary... ROBT. G. LIND, Toronto, Ont.

OFFICES: 73 Front Street East, Toronto. Consisting of 240 Acres, King's County, Coalinga, California, U.S.A.

"Gold was King" in California, 1849. "Oil is King" in California, 1912. The Above Statement is Becoming More Apparent Every Day.

THE DOMINION OIL COMPANY owns 240 acres, situated in the proven oil fields of Coalinga, California, and valued at \$2000 per acre, or \$480,000.00.

WILLIAM GRAY, ESQ., President Dominion Oil Company, Toronto. "Well twenty-five hundred and fifty feet. More gas and oil as we go deeper. Formation what we should encounter above the big pay sands."

Owing to the rapid development of the Company's well and the practical assurance of shortly encountering the big flow of high-grade oil, which the Canadian Coalinga Company of the shares of the DOMINION OIL COMPANY will be advanced from 50c to 75c per share.

We have been strongly advising the purchase of the DOMINION OIL COMPANY'S shares, and now on the eve of the advance in the price of these shares, we want to ONCE MORE ADVISE THEIR PURCHASE.

The Directors of the DOMINION OIL COMPANY are all well-known, successful, Canadian business men, and it is doubtful if there ever was another concern seeking public investment that presented such an array of capable, energetic, honest men as its officers.

Monday is the last day on which these shares can be purchased at 50c. Do not delay, but send in your application at once. Prospectus and full particulars cheerfully furnished upon application. Write us at once—TO-DAY—NOW.

The New Spring Showing of Wilton & Axminster Squares
An abundant proof of their popularity and the satisfaction derived from these two very important weaves. The Wiltons are woven without nitred corners or cross joints, simply the straight selvage to salvage seams, which, when properly sewn, are almost imperceptible and not detrimental to wear, while the Axminsters are in most cases woven in blue peluce without seam.
Every kind of design is represented, Oriental, Conventional and Self Tone effects in the newest shades, and the range is so large in every size that you can undoubtedly find just what you want amongst them, and it will be our pleasure to show you through what we believe to be the best assorted collection of rugs to be seen. Note carefully the range of sizes and prices:—
Wiltons, 67 x 910, \$18.50, \$21.50; 69 x 9, \$15.25, \$18.15, \$23.50; 75 x 9, \$18.50; 69 x 10.6, \$19.25, \$22.25, \$25.50; 77 x 11.9, \$21.90, \$27.50; 710 x 11.1, \$29.75; 4.6 x 6.0, \$8.50, \$10.50; 4.6 x 7.8, \$10.75, \$13.00; 4.6 x 9.0, \$12.75, \$15.05; 4.7 x 6.3, \$12.25; 5.7 x 7.10, \$17.50, \$21.75, \$23.00; 9 x 9, \$21.00, \$25.25, \$31.25; 9 x 10.6, \$24.15, \$29.50, \$36.50; 9 x 12.0, \$27.50, \$33.75, \$41.75; 11.8 x 12.0, \$35.50, \$40.25, \$48.00; 11.3 x 13.6, \$41.15, \$45.35, \$54.25.
