Enormous Sale of Silk Hats in London The London correspondent of the W. & D. Dineen Company informs his firm that the sale of silk hats in the old metropolis by the Henry Heath Com-pany of that place has broken all records. Henry Heath Company started business as Hatters by Royal Warrant to His Majesty George the Third, and ever since that time has acted as makers to the royalty of Europe. Heath was King Edward's exclusive hatter, and George the Fifth has long since adopted this very exclusive silk hat. The Dineen Company is sole Canadian agents for the Heath hat. Latest Gloves, **Stockings**

Paris, June 6 .--- Authorities on the question have always decreed that a gentlewoman is known and judged by her gloves and shoes, and, they add, by her stockings. Be the frock ever so plain, if it is neat, well kept, and gloves, shoes and stockings are faultless in texture and fashion, the wearer at once acquires an unmistakable stamp of refinement, which, without these items well cared for, she would look dowdy and inelegant, even with a stylish gown and hat. The fashion in gloves is, there-More, to Le considered carefully. For morning wear, with walking suits, they recall masculine fashions, and they are made of antelope or chevrette, with large double or triple rows of stitchings. In warm weather, heavy skins being uncomfortable, our glove-makers have created new tanned ones, very soft and thin, closed with two large pearl but-

tons For the afternoon, short sleeves have brought back the long suede ones, in light tints, grey or chamois, worn by some stylish women, embroidered in black. Those dyed to match the dresses are seen sometimes in violine; still they have not yet their full vogue. Very soft tan, light grey suedes re-main the favorites, white being yet adopted by some: For evening wear with very light decollete i dresses' gloves assume champagne |

And for some years thereafter silk hose continued to be a great rarity. It is further recorded that "in the second year of Queen Elizabeth, her silk woman. Mistress Montague, presented her Majesty with a pair of black silk knit stockings for a New Year's gift; the which. after a few days' wearing, pleased her Highuess so well that she sent for Mistress Montague and asked her where she had them. and if she could help her to any more; who answered, saying, 'I made them very carefully of purpose only for your Majesty, and seeing these please you so well. I will presently set more in hand.' 'Do so,' quoth the Queen, 'for indeed I like silk stockings so well. because they are pleasant, fine and delicate, that henceforth I will see no -ore cloth stockings.' "

New York. June 10 .- White satin is, of course, the traditional wedding fabric, but many a June bride, because her wedding is less formal than the stately Winter affair, chooses a lighter and less regal fabric than the stately satin. White chiffon makes a lovely wed ding frock, and this year these dresses are banded in with shirrings over cords on the skirt, or there is a knee-length tunic of the chiffon, weighted with pearl embroidery. All-over white Valenciennes' lace, and even fine white net, may be used for the June bridal, the under-frock, of course, being of white satin of a less expensive grade, or of thin white silk. Lace is much used on wedding dresses now, a bride of April having set the style by wearing several thousands of dollars' worth of point duchess on her wedding gown and veil.

a creamy tint In contradistinction with this simplicity, short dresses have brought-us luxury and fancy in silk stockings. A few young women wear them in nattier blue, with black footgear, but, as a rule, they harmonize either with the shoe, or the top of the boot, which is generally fashioned in grey or

khaki buckskin. For walking suits the correct ones are plain, with embroidered clocks of same color. On the contrary, with dressy Richelieus or Molieres, they are completely of very filmy transparent openwork. Very smart ones are sometimes lace-encrusted, Chantilly especially, striped lengthwise, with narrow velvet ribbon inserting, and one of our leading houses has brought out a most elaborate and sensational novelty, consisting of a silk hose displaying a woven snake encircling the stocking, the tail ending on the knee, and the head resting on the instep, while

a precious stone defines the glar-ing eye. Of course this original novelty can only be worn with a rich evening gown and by a very stylish wearer.

The prettiest stockings are

shown in "camaieu" effect in the fashionable Oriental colors, and then, of course, they matchany dressy afternoon dress. Small embroidered dots and tiny pompadour bouquets are seen on some stockings, with a plain background; this in all the fashionable tints, especially in all the blues, "bleu royal." "bleu drapeau," "bleu russe," etc. In grey all the tonalities, as also in all the browns, from a rich green-bronze brown to a real khaki, to be worn with russet shoes. These are embroidered in self-toned colorings. At the races the other day at

Longehamps an "elegante" displayed, with a black and white frock by Ney Soeurs, black and white hosiery of black silk, richly encrusted with medallions of white Chantilly. Shoes of metallic material have

forced the creation of lovely stockings of gold or silver weaves, which heighten marvelously the elegant aspect of the sparkling footgear.

The Toronto Baseball Club had to pay a pretty stiff price for Catcher McAllister when they coughed up \$2000, but good things always come high, and so it is with Mac, who we welcome to the Leafs' fold. There is no better catcher in the Eastern League to-day than Mac; and he comes to Toronto just at the right time.
McAllister arrived in the city yesterday affernoon and saw the last part of the ball game, but to-day he will be out?, there with bells on, and will likely, handle Doc Newton in the game against the Royals.
McAllister, who has seen seven years wervice in Buffalo, was delighted with the change, stating last night that no change would have suited him better than coming where he did. With the coming of McAllister. Jack White and according to McAllister. Jack White back playing with the Leafs once

Jeffries Picks Himself.

Jeffries Picks Himself. FEN LOMOND, Cal., June 13.—After an interview with Jeffries Tex Rickard said: "Jeffries surely thinks he's going to win. He told me he was fully satisfied with his condition and is sure he can do him-self justice. There has been more criti-clam because I, since my appointment as referee, have visited the camps of the two fighters, but I do that because I want to be friendly with both of them. Jeffries has asked me how the colored fighter locks and Johnson has asked me the same thing about Jeffries. I always give each the same answer-that the other man is in theop shape." Bickard stated that he has not discuss-d the fight rules with either of the prin-tipals. "I don't think I need to "to"

"You Will Observe,

my dear Watson," said the great detective, "that the aroma of the cigar which His Lordship was just smoking is peculiarly pleasing-mild, but having the true fragrance of the finest Havana. This ash proves that it was a skilful blend of excellent Vuelta Abajo and a milder tropical leaf. The stump is tiny, showing that our noble friend was loath to relinquish it. I deduce that it was beyond doubt a 'Davis' Perfection.' "

"Marvellous, Holmes, marvellous," I exclaimed in admiration.

In this unusual cigar one gets a light, mild smoke, with the full, mellow taste which delights the compoisseur.

Miss Percy Haswell and her company of players had a better opportunity to hisplay their real quality than was of-

fered by the light comedy with which they opened the summer season? Last night's offering was "Leah Kleschna,"

ed with interest the diverting exhibition of oriental magic, acrobatics, hypnotism and dancing. At 10.15 p.m. the Marvelous Greggs as-cended their fifty-foot tower for their sensational mid-air auto race. The two massive cars rushed down the steep track according to schedule, the leader perform-ing its triple-somersault, while the second car daried ahead over the gap and took first place, but after alighting; the som-ersaulting car, with a resounding crash, turned topsy-turvy on the ground. The Greggs, seemingly, bear charmed lives for the fears of the spectators were calm-ed when the intrepid rider, after being re-leased from his car, mounted the platform to show that he was safe. With such a varied and attractive bill of entertainment. Scarboro Beach should attract thousands of patrons this week. V. AGINCOURT, June 13 .- (Special.)-Delightful weather and) a fair attendance marked the annual meeting of the East York Farmers' Institute, held in Temperance Hall here this afternoon, Between 25 and 30 of Scarboro's many good barmers were pre-sent, and the discussions with Professor Harcourt of the O. A. and George A. Putnam, superintendent of Farmers' and Women's Institutes, were full of interest.

Prof. Harcourt spoke on "Commer cial Fertilizers," advocating in the main their use largely in the improvement of field and garden crops, and advised the purchase of such ingredients as nitrate of soda, phosphoric acid and potash separately to avoid the danger of adulteration

In view of the fact that Dr. Young, V.S., of Agincourt, has already this season handled five carloads of dispoed of amona fertilizers, the best farmers of the district, and from which eminently' good results have been obtained, the importance of

dealing with a reputable and responsible firm is fully realized.

Mr. Putnam spoke on the value of education along the lines of judging live stock, and it is probable that a judging class will be held sometime in January at T. R. Hassard's stables. ECZEMA CURED **Through the Blood**

By the Aid of Dr. Williams' Pink Pills-That Wonderful Tonic Medicine.

Eczema or salt rheum is a disease of the skin which shows itself in small, red, watery blisters-these blisters break and leave a scale which may be rubbed off by the hand. The affected parts are intensely itchy and the victim cannot bear the touch of any article of clothing over the parts.

The disease is caused by bad blood and must be cured through the blood. "Williams' Pink Pills have cured many cases of eczema simply because they are the one medicine that acts wholly on the blood-the seat of the Among those cured by these trouble.

I only used four boxes and completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from

kidney disease to try them." Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

JUDGE A GOOD AUDITOR

Clears up Some Mysteries in Exhibition Accounts.

Judge Winchester's ability as an auditor was shown yesterday in the continuation of the enquiry into former affairs of the Exhibition Associaion, when he unearthed missing accounts amounting to \$1677, in addition to the fact that Col. J. K. Leslic, extreasurer, had been charged up with \$1000 too much by the official audi-tors. E. B. Gardiner, who made the special audit for Barber & Vigeon, protested to the judge that it wasn't heathis fault.

"It was your fault," said Judge Winchester. "You had no evidence to show that the money was taken." "Then," said his honor, "there is

this list of accounts amounting to \$1600 which were not charged against Leslie. Is there any reason for this? Mr. Gardiner: "They were not found.

"But I have found them in going thru the books."

Several witnesses were called to show that they had paid small accounts which the judge had been un-able to trace to the city treasury. Many were explained by the fact that they were paid in names of people other than those to whom the space Contract was given. Three hotelmen, Ed. Sullivan, J. J.

McCaffery and Alex. Purse, were called to give evidence respecting certain subscriptions of \$25 paid to the exibition fund in 1908-04. Mr. Sullivan, 1910. to Mr. Dravton; said that he had at times objected to paying the \$25, as he felt that he was about the only

hotelman being asked to subscribe. The enquiry concluded at 3 p.m..and Judge Winchester promises to have his report ready for the city council in a

The situation in the Cobalt market is daily improving. Financial stress on Wall Street has disturbed the mining markets for a few days, but this will pass off. Many Cobalt stocks are selling below their intrinsic values. This must be rectified, and in preparation for this we advise the purchase of a num-ber of the listed securities. Our selection of the best buys will be mailed on request.
