27TH YEAR

CITIZENS—WILL YOU GIVE \$1,000,000 TO SEE THREE MEN ON A BOARD?

BUY MILLION OF STOCK AND BE A THREE-TENTHS PARTNER. LIGHT CO.'S BOLD PROPOSALS

Three Alternative Propositions Submitted to the Board of Control in Secret Conference, at Which E. F. B. Johnston's Fervid Pleadings

FAVORABLY IMPRESS CONTROLLERS

It Means Desertion of Beck Power Policy and Absolutely No Stipulation For Reduced Price For Power.

According to a statement issued by the Toronto Electric Light Co., the following alternative propositions were suggested yesterday to the city, by the representing directors of the Toronto Electric Light Company as "a possible solution of present difficulties, and to prevent a wasteful and unnecessary duplication of plant, and to settle the matter on fair terms for all parties." The statement follows:

FIRST—An arrangement between the company and the city, based on the general features of the agreement made some years ago between the city and the Consumers' Gas Co. This proposition has been found to work advantageously for consumers as well as for the city at large, and no objection has ever been raised to it in the press or elsewhere.

SECOND—An agreement whereby the company would issue \$1,000,000 of capital stock at par to the city, to be paid up as may be arranged, within the next few years. The city to have a representation on the board of three in a board of ten.

This proposition is even more advantageous to the city, inasmuch as: (a) The \$1,000,000 of stock, being issued at par, would give a present direct profit to the city, and when the present financial stringency is relieved, and the stock goes back to its normal rate, it would mean a profit of from \$500,000 to \$1,000,000 on the amount invested by the city.

(b) The city could borrow at 4 or 5 per cent., and as it would receive dividends at current rate (whatever that may be, say 8 to 10 per cent.), would secure to the city a net yearly profit of from \$30,000 to \$50,000.

(c) The company and the city being partners, there would be harmonious working, and as a result, aided by the natural increase in population, there would be increased profits.

(d) In accordance with the basis of the present city agreement with the Gas Co., all profits over an agreed rate of dividend (after providing for necessary renewals, improvements and reserves) would be applied to the reduction of charges to consumers.

(e) This proposition amounts to a partial public ownership, and gives to the city the advantage of an established and successful business, not only self-supporting, but also profitable, as above shown, from the start.

(f) The large representation of the city on the directorate would secure full information by the city as to the business and the operation of the company.

THIRD—A sale to the city of the plant and assets of the company at a price based upon its present earning power.

The following official account of the conference was furnished the press by Stenographer Thos. Bengough, thru the courtesy of the Toronto Electric Light Co.:

In Mayor Coatsworth's office yesterday afternoon a conference was held with the Electric Light Company, represented by Sir Henry M. Pellatt, president; W. D. Matthews, director; P. J. Wright, manager; E. F. B. Johnston, K.C., counsel for the company; Henry O'Brien, the company's solicitor, on the one side, and the mayor, Controllers Hubbard, Hocken and Harrison, J. S. Fullerton, K.C., counsel, and W. C. Chisholm, solicitor for the city, with Mr. Rust, engineer, on the other.

SIR HENRY PELLATT, in introduction, said that whatever was for the benefit of one of the parties in conference must be directly or indirectly of benefit to the other. It was just to the company to put themselves on absolute record as being ready to confer with the city. They had always been willing to treat with the city officials in a proper way.

There seemed to be an idea that the company had been charging exorbitant rates and holding up the city and others generally. He was sure that when comparisons would be made as to light and power prices such an accusation would be disproved. At the last meeting of the company he had put himself on record for a reduction of price as soon as the machinery could be put in proper running order, and the change made from steam to hydraulic power in connection with the transmission from Niagara Falls. The submission of the proposed bylaw, whether it carried or not, made no difference to the company's position; they would work on the principle of reduction in any case. The company had some 300 shareholders, and the directors felt themselves in the position of trustees for the large interests involved.

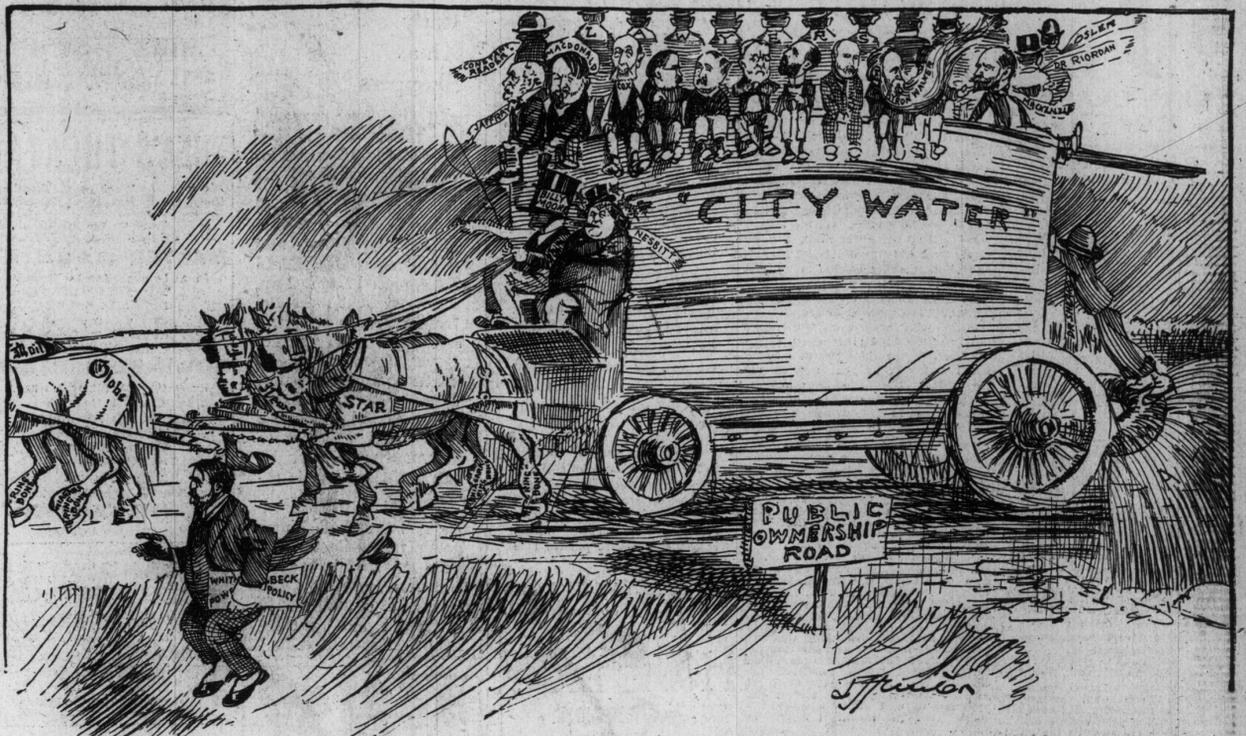

W. D. MATTHEWS made a few remarks in explanation of the position of the company.

The Three Propositions. E. F. B. JOHNSTON, K.C., outlined three propositions, which had been discussed by representatives of the company. The matter is one in which there must necessarily be mutual concessions. He spoke not only as counsel for the company, but as representing a large number of important shareholders.

The first proposition was that an arrangement might be made between the city and the company similar to that made with the Gas Company, which had evidently been satisfactory, as he had heard no complaints in regard to that matter. The second proposition was one, which he could conscientiously submit, believing it to be in the interests of all parties concerned. Briefly, it is this: The company has \$4,000,000 of stock, all taken up, and \$1,900,000 of bonds. It is an 8 per cent. stock, with of course a reserve for contingencies from year to year. In the ordinary market the stock was selling at 150, which would represent an investment yielding 5 per cent. At present, when all stocks have absolutely gone to pieces, it is still selling at 155. The proposal is, to offer the city \$1,000,000 of new stock at par. This would mean that the citizens of Toronto would receive practically as a gift, even as the stock stands to-day, the sum of \$250,000. When the stock rose to 160, as he believed it would when financial stability returned in the market, the citizens would receive a premium of \$50,000, in assets for the million dollars invested.

City as a Shareholder. In other words, the city would be treated exactly as present shareholders of the company. The proposition means that by an investment of a million dollars to extend the plant, the city would reap this large benefit.

Continued on Page 7.

Mr. Whitney: They tried to run me down.

COMPARE THE TWO!

On the Whitney-Beck plan, involving an expenditure of not more than \$2,500,000, borrowed at 4 per cent. (\$100,000 a year or less), the city gets:

Public ownership forever and absolute control of its own electrical supply. The citizens get electrical energy at cost price, for every purpose—manufacturing, street lighting, house, shop and factory lighting.

If they accepted any one of the schemes offered them yesterday, they'd have to pay \$1,000,000 for a minority share and a minority representation (something absolutely worthless in a joint-stock company), no control, and high rates, for "big profits" can only be made out of high prices for power. The tempting "big profits" are based on sweating \$3 out of the citizen and giving the private company \$2 and the city \$1.

If they made a deal like the Gas Company deal, the city would be euchered again. If the city bought out the company on a basis of estimated profits, it would be at least asked to pay \$4,000,000 cash and to assume \$2,000,000 more of bonds, and get a plant much inferior to the new one under the Beck bylaw.

And they'd also get a rich and powerful company that would be working day and night to sew up the city into a new deal, to bedevil the city administration, and that would, as it has done in the past, break any solemn agreement it made.

PROPOSAL CITY IS ASKED TO ACCEPT SLAUGHTERS CHEAP POWER PROJECT

Controllers Overwhelmed With Argument to Prove What a Bargain Toronto Will Get, and Threatened With a Bogey of Perpetual Franchise and a Fight in the Legislature—An Analysis of the Offer Discloses the "Gold Brick."

Mayor Coatsworth and two of the controllers emerged from the conference with the Toronto Electric Light Company yesterday afternoon, suffering from hypnosis.

This was the most charitable explanation that could be given of their views of the preposterous proposals presented for the consideration of the city. Controller Ward is absent from the city, and Controller Harrison, who went home immediately at the close of the conference, said he saw no reason why the by-law should not be submitted. The other is so barefaced a proposition that it is difficult to understand how men like Sir Henry Pellatt or W. D. Matthews of the Dominion Bank could expect to be taken seriously.

Nothing but a very desperate desire to raise \$1,000,000 extra capital in an easy way, with the hope, not entirely unjustified as the event shows, that

the city representatives would be foolish enough to swallow the absurd proposal, could have induced these old financial birds to take such a flight. Cheap Power Abandoned. Controller Hubbard actually declared the proposals meant better terms than they had anticipated. Not a word was said about cheap power. This issue was lost sight of in the film-film visions of city stock soaring in a bull market. Suppose it did soar, the city could not preserve the inestimable advantages of these men on the Electric Light Company's board, and also sell out at the top of the market. Either one argument or the other is farcical. The city could borrow at 4 or 5 per cent., it was argued, the Electric Light Company presumably being able to get such favorable terms or any, and for this little obligation, the city would get a premium of three or four per cent. The dividend might even be raised to 10 per cent., and the city would get half that. At the same time the company's shareholders would receive full dividends on \$5,000,000.

The mayor was quite sanguine about the effect on the cost of electric light and power. He had heard from an expert that power under the government commission would cost 115 per

H.P. He had heard from another expert that after ten years he knew less of the subject than when he started. He appeared inclined to favor the expert who figured against the power commission. And he also thought that these men on the Electric Light Company's board, if they were united, could get anything they wanted. Such great faith is touching in the light of the mayor's two years as the city executive. The mayor will probably reflect on the effect on the Electric Light Company's stock of a new issue of \$1,000,000.

What it Means. There are at present \$4,000,000 stock and \$1,000,000 bonds to pay dividends upon. Another \$1,000,000 would make \$5,000,000, upon which it is proposed to pay 8 or 10 per cent. before any reduction takes place in the price of power. The gift of \$250,000, of which Mr. Johnston speaks, is just as likely to vanish into thin air as the margins between 160 and 125 that some speculators who were once as confident as Mayor Coatsworth put up.

Mayor Coatsworth was hypnotized

London Guarantee & Accident Co., corner Yonge and Richmond-streets (Confederation Life Building).

WOULD MEAN A BETRAYAL OF THE NIAGARA POWER SCHEME

If Toronto Deserts, Plans of Western Union Will Be Seriously Affected.

"Our duty is to Toronto. Our duty does not lie outside Toronto. We have made no bargains with other municipalities. I would be very sorry if any action we might be compelled to take would affect the others, but without desiring to offend them, I think we must consider ourselves first."

—MAYOR COATSWORTH. "The city council on Monday will be asked to support the Beck power policy or the Toronto Electric Light Co."

—HENRY O'BRIEN, K.C.

GUELPH, Nov. 22.—(Special).—Ald. Lyon, secretary of the Union of Western Ontario Municipalities, organized to promote the cheap power propaganda, when given the details to-night of the proposition made to Toronto, and informed of Mayor Coatsworth's declaration of his duty to Toronto, said:

"If Toronto accepts that proposition it would be a betrayal of the rest of the municipalities in the union. We have worked together hand in hand to realize the Beck power policy. Mayor Coatsworth is a member of our executive. "To desert us now would leave us in a very awkward shape. "It would take away a very large

contribution to the plan and a very large consumer of power, and would seriously imperil our plans."

WINTER FORECASTS. Gardeners working in Reservoir Park say we are to have an open winter. The squirrels, they observe, are neglectful of their food supply, leaving the acorns along the fences and other places instead of storing them in tree trunks as is customary with a hard winter ahead.

On the Rouge River flats near Highland Creek, a heavy winter is predicted by the muskrats building numerous huts or domes in which to live in and store their food during the extreme weather.

Where is John J. Ward?

Controller John Ward is a great public ownership man, but was not at that secret meeting, yesterday. Where is John and when will he be back? He is needed badly on the job.

SOME FAMOUS NAMES.

The attention of the Saturday hat-buyer is called to the two dullest American and English felt hats. The former is the celebrated Stetson flexible felt, which is recognized as the premier hat of this continent. The finest English hat is that of the renowned hatter Henry Heath, for whom Dineens are the sole Canadian agents. The best and newest blocks of all the leading makers can be had in the Dineens specials at \$2.50 and \$3. Saturday is a men's hat day, and Dineens, Yonge and Temperance-streets, will be open till 10 o'clock to-night.

Let's Have a Big Meeting.

Let the citizens get up a big public meeting in Massey Hall right away and give the mayor and controllers an opportunity of explaining their shifting policy on the power question. That's the best way to clear the air and to force them to submit the money bylaw to the people.

RAYMOND MUST FACE ANOTHER SERIOUS CHARGE

Alleged to Have Written a Letter to Himself to Divert Suspicion to Ouellette Brothers.

SAULT STE. MARIE, Ont., Nov. 22.—(Special.)—George Raymond, the blind river fire chief confined in the Soo jail, charged as an incendiary, will have still another charge, a very serious one, to answer when he appears at the criminal assizes in December.

Yesterday he appeared before Magistrate Elliott on a charge of forgery in connection with the letter which he himself received, dated in October, The letter was signed Thomas and Adelaide Ouellette, blind river, who appeared on the charge recently and were dismissed. The letter was in the nature of a suggestion from them, offering Raymond \$500 to fire the power buildings.

The authorities claim Raymond wrote the letter himself, but for what reason is not yet apparent, other than that he wished to divert suspicion from himself upon the Ouellette brothers.

Range Coal \$5.50 Per Ton.

For kitchen use our large clean pea coal will give as good satisfaction as any coal and a great many of our customers use it for banking their furnaces and pronounce it thoroughly satisfactory, as well as economical. All orders for this coal should be sent to City Mining Company, Limited, Head office, corner Queen and Spadina-avenue.

Fishing Inspector's Big Haul.

BROCKVILLE, Nov. 22.—(Special.)—Fishing Inspector H. Phillips made a big haul the other night, when he seized about 500 yards of nets that were being used for illegal fishing in the Rideau Lake. Four men were implicated, and they not only suffered the loss of their nets but were severely fined as well.

Alertness of the official is having a good effect, and the illegal netting of fish is now pretty well stopped in the Rideau.

Circular.

In cold and heat
We all must work
So we can burn
Our bread and meat
Just bread and meat
To make us strong
Enough to work
In cold and heat.
—New York Times.

SICK WOMEN MADE WELL

Thousands Find the Way Back to Health Through Ferrozone.

No need for so many sick girls and women.

Their ills are curable if they give them proper treatment.

Nutrition must be supplied, blood must be enriched, nerves strengthened, and additional power given to digestion.

Ferrozone does this and more; it cures such cases as Mrs. N. E. Peabody of Trenton. She was wrecked—never thought medicine was made that could restore her, yet Ferrozone was successful.

Among her troubles were:
Headaches, Weariness
Nervousness, Weakness
Palpitation, Loss of flesh,
Dizzy spells, Poor appetite.

Her Statement.

"I was stricken with nervous disease of the head and stomach. Violent headaches made life a torture. I was so nervous and weak I could scarcely walk. Work was impossible. I could not eat or digest anything. When completely wrecked Ferrozone restored me. To-day I am vigorous and strong and well."

If you lack power of either mind or body it's an evidence you need Ferrozone.

If you have nervous spells, feeling of weakness in the limbs, tiredness in the morning, you are sure of cure with Ferrozone.

Think of it, Ferrozone gives back the energy of youth, restores vital stamina and creates a surplus of vigor simply because it supplies the concentrated nourishment your system needs. 50c per box or six for \$2.50 at dealers.

SUNFIELD HEARS NEWS OF LIFE LEASE STOLIDLY

Twenty Thousand Dollar Fire in Big Stove Foundry—General News of the City.

HAMILTON, Nov. 22.—(Special.)—Fire that did damage to the extent of \$15,000 or \$20,000 broke out this evening at 6.50 in the Burrow, Stewart & Milne Stove Foundry. The fire started near the corner of John and Cannon-streets, and spread both ways. On the west it was blocked by a fire wall, and by close work Chief Tandy and his brigade had it under control in half an hour after they were called. When they arrived the whole of the top end of the building was a mass of flames.

The trouble started on the second floor, and the flames shot up the elevator shaft to the third storey, burning about half way up the block on the top storey. The flames spread eastward on the second storey. The alarm caused in when about one-third of the firemen were off for supper, and Chief TenEyck says that the council must give him more men. He has been kicking for months for more help. It was the first time that the new fire engine was used, and it did good work.

The Burrow, Stewart & Milne firm have been peculiarly unfortunate in the matter of fire, this being the third serious loss they have suffered.

Jack Sunfield was notified this afternoon by his lawyer, John G. Farmer, that the date of his execution had been postponed until Dec. 27, and that his case would be argued before the court of appeal in the meantime, although the original date of the hanging was but one week distant. Sunfield received the news stolidly and did not show either surprise or joy. He had built upon the Chief Justice's recommendation to delay, and appeared to take it as a matter of course that the execution should be stayed.

Hamilton Will Submit By-law.

This afternoon the board of works unanimously decided to submit a by-law to the people next January, asking them to vote \$225,000 for municipal street lighting plant. For that amount the city can install an underground system in the whole of the city, and be in a position to bury all wires, including those of the Cataract Power, Bell Telephone and other telephone companies.

Word was received this afternoon of the death in Chicago of Patrick McAuliffe, brother of Dan McAuliffe, a well-known member of the Tiger football team some years ago.

The annual presentation of prizes and entertainment dance of the 12th Regiment took place this evening. Col. E. W. E. Moore and other officers of the regiment presented the prizes. B. Company, with which the company presentation, was warmly complimented by the colonel.

Bed, separate, 15c; rooms, 25c; Leonard's, 91 Merrick-street. Meals, 10c; soup, 5c.

The New Arlington.

Is now open for visitors. Complete new building, with home comforts, most central in Hamilton. Excellent cuisine. Terms \$1.50. George Midwinter, Prop. Phone 442.

The new list of deputy returning officers is made up as follows: 37 Conservators, 10 Liberals, and 4 Labor men. Some 30 Conservators were cut off.

It is likely that steps will be taken to make the office of deputy returning officer a position of honor, and that in the past few days, expecting to get treatment at the consumption sanitarium.

Was Murder Committed?

A blood-stained razor and a pool of blood on the floor of a barn on Wm. Lucas' farm, near Shelburne, have led the Beverly farmers to conclude that a murder was committed. No body has been found yet, but two tramps were seen to enter the barn Wednesday night and only one came out Thursday morning. He washed himself twice in a creek and then started out towards Galt. Chief Twiss, Dundas, is working on the mystery, and several theories are being advanced. One is that "nothing in the tragedy line happened there, more in the execution of a chicken, and it is also suggested that the tramps were carrying a little blood-stained razor, which came out of the barn tried to sell a watch and other articles Thursday morning.

In spite of an announcement of Jas. Chisholm, the retiring president of the Liberal Club, prominent Liberals say that Allan Studholme, M.L.A., will be opposed in East Hamilton.

Both the prisoners arrested by Chief Smith Wednesday afternoon were released by the magistrate this morning. Robert Taylor, who was found guilty of stealing brass, was let out on deferred sentence, and John Fletcher, accused of receiving the stolen stuff, was acquitted.

It is stated that the defeated in the River-road, near Ogdensburg, lost three cows in a mysterious manner. Two were found dead in the pasture and a third sickened and died. An examination disclosed that the cattle had eaten a poisonous weed, presumably along the shore of the river. An ox, owned by Mr. Richardson, is also afflicted, and will probably die.

A Rise in Corn

D'ARKE, A LONG SHOT LANDS AT BENNINGS

Favorites Had Bad Day on Muddy Track—City Park Opens To-Day—Oakland Results.

BENNING, D.C., Nov. 22.—Four favorites were defeated on a muddy track at Benning today. D'Arke, at 2 to 1, and better, furnished the surprise of the day by winning the third race, Lane Allen, odds at almost prohibitive odds, not being placed. Summary:

FIRST RACE, handicap, 3-year-olds and up, 6 furlongs, Columbia course: 1. Oraculum, 12 (McDaniel), 4 to 5, 2 to 5 and 3 to 4.

Also ran: Laura A. Workmaid, Recortown and Glaucon.

SECOND RACE, all ages, 1 mile, Columbia course: 1. Trash, 2 (Henly), 4 to 1, even and 2 to 1.

Also ran: Fanny Bird, 117 (W. McIntyre), 12 to 1 and 1 to 2.

THIRD RACE, 1 mile and 40 yards, Columbia course: 1. D'Arke, 104 (Henry), 25 to 1, 4 to 1 and 1 to 2.

Also ran: Duffield, Dominator, Darlo, Milston, Jim Nutwood, Knockrby and Princess Nettie.

FIFTH RACE, handicap, 6 furlongs, Columbia course: 1. Incognito, 109 (McDaniel), 3 to 1, 6 to 5 and 2 to 1.

Also ran: Braggadocio, The Shauhrn, Beggarman, Scallop, N'Importe and Bob Callahan, Jr.

SIXTH RACE, 7 furlongs, Columbia course: 1. Higginbotham, 99 (Notter), 2 1/2 to 1, 1 to 1 and 1 to 2.

Also ran: Sheridan, Village King, Bounding Elk and Servite.

Oakland Summary. SAN FRANCISCO, Nov. 22.—FIRST RACE, 6 furlongs: 1. Harvel, 118 (Knapp), 2 to 1.

SECOND RACE, Futurity course: 1. Gemmel, 104 (Cochran), 11 to 10.

THIRD RACE, 1 mile and 50 yards: 1. All Abaze, 82 (Polanka), 10 to 1.

FOURTH RACE, Futurity course: 1. Rapid Water, 132 (W. Miller), 6 to 5.

FIFTH RACE, 1 mile: 1. Tavera, 110 (C. Miller), 6 to 5.

Also ran: Nellie Bay, J. McBurney, Barrett, Joseph Russell, Joe Gotthard, W. Ald. S. McBride, William Biley, William Robinson, Nellie Bay, J. McBurney, Barrett, Joseph Russell, Joe Gotthard, W. Ald. S. McBride, William Biley, William Robinson, Nellie Bay, J. McBurney, Barrett, Joseph Russell, Joe Gotthard, W. Ald. S. McBride, William Biley, William Robinson.

Death of James Cadotte. PETERBORO, Nov. 22.—(Special.)—James Cadotte, who came to Peterboro three years ago from Quebec, passed away last night, after being ill over a year. He leaves no relatives in this province.

LITTLE YORK PLAY THISTLES TO-DAY

Senior Soccer League Final—Two Intermediate Games on the Program.

This afternoon at the Pines, Little York and Thistles meet in the final game of the Senior Toronto Football League.

These teams met last Saturday, Little York scoring a 2-to-1 victory, and as goals count to result in the final game, Pherson will referee and the game will be called at 8 o'clock. The teams: Little York: Goal, Ruse; backs, White, Humphrey; halves, Dunn, Gibbons, Gilding; forwards, Gilling, Barkey, Alf Dunn, G. Gilding, F. Gilding.

Thistles: Goal, McNeil; backs, Campbell, Waldron; halves, Marr, Campbell, McDonald; forwards, Galbraith, McIlroy, McAllister, Banks, Morgan.

Referee, A. W. McPherson, Varsity.

Soccer Notes. What should be a very interesting game will be played Saturday, Nov. 23, at 2:30 p.m. in Sunlight Park. The championship of the league rests between McDonald's Manufacturing Company and Love Bros. Limited, "Love Bros." players and supporters are requested to be on hand sharp on time, as another game is to be played afterwards. Players will be chosen from the following: Le Sueur, Deer, Ritchie, Gorman, Bowen, Allison, Wallace, H. Wallace, Chorley, Black, Nicholls, Preston, Cork.

British Intermediate meet British United Intermediates in the second game of the home and home series for the central section, to be played at Queen's Alexandra School, Broadview-ave. This should prove a good game. The Brits hope to see all their supporters down. The following will meet at 2:15 at Queen's Alexandra School. The team will be selected from Blount, Cooper, Calway, King, Hall, Thurlow, Allen, Smith, Carpenter, Robb, Scott, Eastington, Lister and Walton.

All Saints play Bristol Old Boys on the Don Plains this afternoon at 2:30. This should prove a very fast game. The Saints will be picked from the following members, who are requested to be on hand early: James, Roberts, Fisher, Macdonald, Morrison, Kingston, Meek, Campbell, Murray, Gillespie, Cowan, Gill and Phillips.

British United Intermediate team for Saturday Nov. 23, against Britannias or the Central League. The team will be: Hickman, Lewis, Herbert, Curry, Atherley, E. Sutton, Partridge, Butler, Ayres, Hawley, J. Tucker. Players are requested to be at the clubrooms not later than 2:30.

BIG CAR SHOPS AT FT. WILLIAM

Company Incorporated at Ottawa With Million and a Half Capital—What Railroads Are Doing.

OTTAWA, Nov. 22. (Special.)—New companies incorporated are: the Daisy Mining Company, of Ottawa, capital \$20,000; the Sussex Packing Company, Sussex, N. B., capital \$150,000; the Fort William Car Company, Ltd., with a capital stock of \$1,500,000. The incorporators of the last named are: Harry E. Borrodale, John H. Redpath, Joseph A. Mackay, Frank H. Lewis, and Wilfred Bovey, all of Montreal.

Application will be made at the approaching session of parliament for an act to incorporate the Ontario and Michigan Power Company with power to acquire and operate water powers on the Nipigon river, the Black Sturgeon River, and the Peace River, in the St. Lawrence district. The Canadian Trust Company will apply to parliament for power to carry on business throughout the Dominion.

The Edmonton, Yukon and Pacific Railway Company will apply for an act empowering it to construct branch lines on the authorized line to Vancouver, to the head waters of the McLeod and Brazeau Rivers, and to the Yellow Head pass or the Peace River pass.

The Dominion Atlantic will apply for an act to empower it to construct a line from St. John's to Montreal, N. S., to Berwick and Midleton.

The Canadian Northern is seeking power to construct a line to connect between Undey and Rathburn to Orillia.

The Canadian Northern Quebec Railway will apply for power to construct a line from St. Jerome to St. Eustache, and from Ottawa via Hawkesbury to Montreal.

ROYAL CANADIAN MARATHON

The prize list for the Royal Canadian bicycle ten-mile Marathon race, which takes place a week from to-day, is published in the course of a day or two. There will be between 25 and 30 prizes and the first man will get a handsome solid oak two-piece bedroom suite, valued at \$60, along with the Walton Challenge Cup. The above-mentioned set of furniture is now on view in the window of Washington & Annie, corner Queen-street and Broadview-avenue. The race is creating considerable interest, and from present indications it would not be surprising if the entry list should be a record one.

WHERE—WHERE IS IT?

HAMBURG, Nov. 22.—The instruments of the seismological station here recorded an earthquake at 3:15 this morning. The disturbance lasted two hours, and was at an estimated distance of 5600 miles.

THEIR GOLDEN WEDDING.

Senator and Mrs. McMillan Celebrate the Occasion—Cornwall News.

CORNWALL, Nov. 22.—(Special.)—Senator and Mrs. McMillan of Alexandria celebrated the 50th anniversary of their marriage on Nov. 15. Their son, Rev. Father D. D. McMillan of Leohel, celebrated mass in the morning in St. Pinnans Cathedral, which was beautifully decorated for the occasion. They were married in St. Thomas, Ont., by Rev. Father Ryan.

ARRESTED FOR MANSLAUGHTER

Anthony Smithers Alleged to Have Given Son Dangerous Medicine.

BROCKVILLE, Nov. 22.—(Special.)—Anthony Smithers, a farmer residing near Black Lake, across the river from here, has been arrested on a warrant charging him with manslaughter, in being responsible for the death of his son, Wesley, to whom he administered tincture of aconite, believing it to be a good remedy for the boy's illness, but which, it is alleged, caused his death. Mr. Smithers, on being arraigned, before a magistrate waived examination and gave bail for his appearance before the next grand jury.

PRESS CLUB.

Owing to the opening of the Ottawa session the Toronto Press Club will meet on Tuesday evening at 6 in the St. Charles instead of Wednesday.

NEW QUEEN OF THE OCEAN STEAMSHIP MAURETANIA

Made Splendid Showing in Face of Heavy Weather and Set Some Speed Records.

NEW YORK, N.Y., Nov. 22.—Poking her nose thru a dense fog which hid even her mast tops from the sight of those on deck, the biggest, and most luxurious ship ever launched safely, finished her maiden voyage to-day when at 11:03 o'clock this morning the Cunard Line turbine steamship Mauretania, anchored off the Sandyhook lightship, five days, 5 hours and 10 minutes from Queenstown.

Bearing \$12,500,000 in gold from the west she struggled against tempestuous weather to beat the world's transatlantic speed record of four days, 15 hours and 40 minutes, held by her sister ship, the Lusitania. Head winds and heavy cross seas baffled her, but she won the prize by a narrow margin. On Thursday, Nov. 21, Captain Pritchard drove the huge ship 624 knots (67 miles), thanks to a shift in the wind to the north northeast, which is six knots better than the best day's run of the Lusitania, and leads all marine records.

The Mauretania left Queenstown Nov. 17 at 11 a.m. and arrived at Quarantine, New York, at 3:54 p.m. Nov. 22. Her trip was her first day (one hour's run), 30 knots; second day (noon to noon), 57 1/2; third day 44, fourth day 53, fifth day 62, sixth day 62.

The average speed for the passage was 22.21 knots, or 23.88 miles an hour. Her average speed on her record day run of 624 knots was 25.88 miles an hour. Her poorest days average was 20.81 miles an hour, from noon on Nov. 15 to noon of the 19th.

The new liner demonstrated a capacity for greater speed by day under favorable conditions. Blue ribbon, the Lusitania has thus far proved herself capable of an uncommonly stormy passage, and fog off this coast, combined to make her time 10 hours and 30 minutes more than that established by her sister ship. But Captain Pritchard believed that with fair weather he can beat the Lusitania from coast to coast.

LARGEST SHIP AOLT.

The Mauretania is 722 feet in length over all, two feet longer than the Lusitania; has a beam of 88 feet, a depth of hold of 30 feet; is 155 feet high from keel to funnel tops, and 215 feet from keel to masthead; draws 37 feet and 6 inches of water (mean estimate), has a tonnage displacement of 45,000, an indicated horse-power of 70,000, was launched on the Tyne (England), Sept. 20, 1906; carries a crew of 800 men and officers; has accommodations for 550 passengers in the first-class cabins, 500 in the second-class and 1800 in steerage, and cost approximately \$7,500,000.

Huron Old Boys.

Huron County Old Boys met last night at the King Edward, voted \$50 each to the Wingham and Goderich hospitals, and elected the following officers: Hon. Pres., J. S. Willison, E. Floody, and J. R. Lyon; Pres. W. E. Groves; Vice-pres., T. G. Scott; Treasurer, Dr. Stanbury; Sec. E. Floody; Executive, Mayor Beck, W. B. Scott, E. W. B. Duncan, W. O. McTaggart, H. Clucas, J. A. Lock, Mal. V. Frank, Rogers, Baron Powers, Fred Rogers, Little Mena, J. Robinson, Black Dick, J. Smith, Bourdon, Boy, W. Hazelwood, Thelma Joss, Russell, Resurrection, J. E. Russell, Judges, Andrews, H. E. Clark, W. F. Jifkins; timers, P. Callen, J. Elliott, J. McFarren; starter, Aid. S. McBride.

Through Steeple to Ottawa.

Commencing Monday, Nov. 25, and continuing until the close of parliament, the Grand Trunk Railway System will run a through Pullman sleeper from Toronto to Ottawa on the 11:15 p.m. train. Secure tickets and make reservations at city office, northwest corner King and Yonge-streets.

One Issue of the Daily and Sunday World Aggregates 79,390

GET DOWN TO BUSINESS.

MAYOR COATS WORTH, CONTROLLER HUBBARD, CONTROLLER WARD, CONTROLLER HARRISON, CONTROLLER LOCKEN

Gentlemen, you have all got yourselves into a pretty position, by reason, in the first instance, of your agreeing to a secret conference with the Toronto Electric Light people, and, in the second place, by the silly, not to say simple, proposal of the Toronto Electric Light people to have the audacity to make to you in your capacity as dignified representatives of the free men of Toronto.

Of what clay do the Toronto Electric Light people think you are made, that they should insult your intelligence by requesting the city to put \$1,000,000 into their depleted coffers in return for the beggarly honor of having three representatives of the city on the Toronto Electric Light board? And, it is further urged, and with each urging the puerility and the insolence of the proposal stand further naked, that the city would get 8 per cent. on its money, which it could borrow for 5 per cent., and that when the stock market righted itself, the value of the stock would go up! If this proposal from the Toronto Electric Light Company is an indication of their having taken your measure, then, Messrs. Controllers, you are wearing knickerbockers, and your brain has kicked away.

Without going into details, and without pointing the straight finger of suspicion at you, The World desires to say that the first duty that lies before your face is to see that the power bylaw is carried. If this duty had not been borne in upon you before the secret conference, surely it possesses your minds now, after the conference. And, why? Because, acceptance of the Toronto Electric Light proposal means the dagger-in-the-heart to the Whitney-Beck public power policy, and the tying up of the City of Toronto to the tyranny of the electrical monopoly for a generation. It means death to public ownership in Toronto, and a crippling blow to public ownership throughout Ontario.

Are you ready to barter away the freedom of the citizens of Toronto, just out of sympathy for the financial manipulators who have got the Toronto Electric Light Company and its kindred into the quagmire for over-watered securities?

What is the Toronto Electric Light Company, who are the men behind the Toronto Electric Light Company, that they should seek financial aid from Toronto, in their hour of distress? Recent revelations made on the stock market and elsewhere as to their dealings do not inspire confidence. Some reasonable proposal by which the city could take over the Toronto Electric Light plant should be found, and, if found, should be considered. But the offer of a silent partnership in an oppressive monopoly bearing the badge of bond-

age for a generation, and dealing destruction to practical public ownership is an insolent insult, and places Toronto, thru its representatives, in a humiliating position.

Now, Messrs. Controllers, you know what the Toronto Electric Light people take you for. It is right up to you to find out that the people of Toronto spurn this proposal and call you to your duty to see about the business of this city and to it that the power bylaw is submitted and carried.

Globe Printing Co., City.

Gentlemen: I've been reading The Globe for the last 30 odd years, and have been a subscriber for 15 years.

Your editorial of this morning on Maclean leads me to believe that I should show my lack of appreciation of it by canceling my subscription, which I hereby do.

When The Globe has to descend to such tactics to bethump a man (who, whatever his faults, and, like the rest of us, he doubtless has many), I, for one, will show my disapproval by refusing to any longer contribute my five hundred coppers to assist in work of that kind.

In my humble opinion Mr. Maclean is doing more for the people in Canada than any other man in Canada, and that does not mean that I approve of all his methods, or consider that he is sprouting wings. Yours sincerely,

Toronto, Nov. 18, 1907.

This letter was signed by a well-known citizen, who not only wrote it, but also took the trouble to send The World a copy of it.

It is encouraging to know that there are thousands of citizens who voice the sentiments expressed in this letter.

The Toronto World is fighting the fights of the people, and our circulation returns and advertising columns prove that the people are responding to that fight.

The Toronto World is the people's paper.

Adding to Our Friends.

The Toronto World does not often give samples of the letters it receives from its friends, but recent events offer an excuse for printing the following communication, which, tho addressed to The Globe, has not yet seen the light of print there:

Globe Printing Co., City.

Gentlemen: I've been reading The Globe for the last 30 odd years, and have been a subscriber for 15 years. Your editorial of this morning on Maclean leads me to believe that I should show my lack of appreciation of it by canceling my subscription, which I hereby do.

When The Globe has to descend to such tactics to bethump a man (who, whatever his faults, and, like the rest of us, he doubtless has many), I, for one, will show my disapproval by refusing to any longer contribute my five hundred coppers to assist in work of that kind.

In my humble opinion Mr. Maclean is doing more for the people in Canada than any other man in Canada, and that does not mean that I approve of all his methods, or consider that he is sprouting wings. Yours sincerely,

Toronto, Nov. 18, 1907.

attack is made. I am entitled, in all fairness, to a withdrawal of the imputation made against me, or to the proof of it, by the publication of the report, or of such parts as are supposed to contain the truth.

Let us hope that our young Canadian defenders may not be forced to repeat the history of Ridgeway thru the columns of the Toronto World, a little Sedan Napoleon.

General Reserve. Nov. 18, 1907.

GOVERNOR FRASER AND RECIPROCITY IN COAL.

Editor World: His Honor the Lieutenant-Governor of Nova Scotia pronounced an excellent argument for reciprocity by pointing out to the newspaper men, at the meeting of the Nova Scotia Coal Producers' Association, that the Nova Scotia coal producer has an advantage over the Pennsylvania coal producer in New England ports, against the Nova Scotia coal producer.

The Nova Scotia coal producer has an advantage over the Pennsylvania coal producer in New England ports, against the Nova Scotia coal producer.

The Nova Scotia coal producer has an advantage over the Pennsylvania coal producer in New England ports, against the Nova Scotia coal producer.

black-balled by Halifax influences, emanating from the council of the board of trade. If this information be correct, it is another illustration showing how easily the people can be misled, by the use of their large patronage in quarters where it will do the most good, block all inquiry and investigation, and thus overrule the interest of the masses of the people.

The country will stand for more big men of government. Fraser's stamp, who, free from partisanship and mean self-interest, can speak out against a system of revenue protection, which does not protect but oust, and the people deplores the people.

W. C. Milner. Halifax, Nov. 18.

BANKING.

Editor World: I read your article on the Canadian banks, also the letter from your New York correspondent on the same subject.

Then let these banks have the right to do all necessary banking business, except lending on stock. Our money will then be used for the purpose of building up the country, and the profits now made by the ordinary banks will be used for the benefit of the people at large, instead of a few individuals.

E. A. F.

AT OSGOOD HALL.

ANNOUNCEMENTS FOR MONDAY.

Master's Chambers. Cartwright, master, at 11 a.m. Divisions Court.

Peremptory list for 11 a.m.: 1. Re. 2. Darby v. McGregor. 3. Hay v. Imperial.

Court of Appeal. Peremptory list for 11 a.m.: 1. Cosgrave v. Hamilton. 2. Weatherup v. McIlwain.

Peremptory list for Monday at 11 a.m.: 1. Cosgrave v. Dunn. 2. Bousseau v. Dunn.

Want the Bidders Back. The Canada Foundry Co. has begun an action against the Star Telephone Light and Power System, claiming \$850.37 for goods sold and on a certain promissory note.

Supplied Laborers. M. D. Davis is claiming \$620.20 in a writ issued against the Toronto Construction Co. for laborers supplied by the defendant.

Winding Up Application Stands. The application of the Bay of Quinte Railway Co. to wind up the Stanley Smelting Works of the Village of Bancroft, came before Chief Justice Meredith in chambers and was allowed to stand over one week.

To Prevent Trespassing. James Watson Murray, who resides in Ireland, has instituted proceedings against G. St. James of Toronto Junction to restrain him from trespassing on Murray's lands and to prevent him from cutting down or removing trees from the lands in question.

Architect's Fees. To recover the balance of the account for services rendered by George David Burnham in preparing certain plans and specifications of a store and a mill, which amount they are claiming against A. B. Moyer of Toronto.

The Brewery Sues Brewer. The Dominion Brewery Co. is seeking to recover \$741.68 from John Brewer of Coleman for goods sold and delivered to him. A writ of summons has been issued.

Surety for Damages. St. Champion of Toronto is suing the Dominion Bridge Co. for unstated damages for negligence.

Owing for Goods. Rice, Lewis & Son allege that Chas. W. Gray of Lethbridge, Alberta, is indebted to them to the extent of \$208, which amount they are claiming in a writ of summons issued.

To Be Wounded Up. The Copper Mining and Smelting Co. of Bruce Mines is to be wound up unless the execution creditor desires to intervene within ten days.

Charles Gault has begun an action against Dr. John T. Clarke of Toronto, claiming \$10,000 damages for alleged negligence and malpractice in rendering professional service as a physician and surgeon.

Peterboro Property. Rose McKee, executrix of the will of Thomas McKee, deceased, and Harry Campbell of New Liskeard, have a writ of summons issued against Frank Montgomery of Farry Harbor, claiming specific performance of an agreement and to compel Campbell to give a first mortgage for \$20,000 on property near the corner of George-street and Simcoe-street, Peterboro.

\$10,000 New York and Return. From Suspension Bridge via Lehigh Valley R.R., Tuesday, Nov. 25. Par-ticulars 54 East King-street, Toronto 124561

CONTROLLERS ARE 'IMPRESSED'

Mayor, Hubbard and Hocken Leave the Conference With an Apparent Readiness to Bargain.

At the close of yesterday afternoon's conference of the board of control with the Toronto Electric Light Company, Henry O'Brien, K.C., representing the company, made the following statement:

"The city council will on Monday next be called upon to make a decision whether the city is to fall in line with the Beck power policy or enter into negotiations with the Toronto Electric Light Co."

"At a conference between the board of control and representatives of the company yesterday three propositions were presented. One was that the arrangement be along the lines of that made with the Consumers Gas Co."

"The second proposition was that a second one, particularly favored by the company, that the city purchase \$1,000,000 worth of stock at par, and a third that the city purchase the plant at the price to be determined on the basis of earning power."

"The board did not commit themselves, but asked that a normal rate of interest be put on the money, and submitted to-day, so that it may be brought before the city council on Monday."

What the Mayor Says. Mayor Coatsworth was quite optimistic about the conference.

"I would like to think over, but I was very favorably impressed. The three proposals were concrete in form and had no want of definiteness."

"That was one thing that pleased me. The proposals were very definite. The offer was a genuine bona fide one to be treated in a business manner."

Of the first proposal the mayor considered that the principle of combination had been very valuable in the case of the Consumers Gas Co.

"The offer means better terms than we had anticipated."

This was the statement made by the mayor at the close of the conference. The controller added that the company's proposition appeared to be a business-like one, and one that had been carefully considered before being presented.

Controller Hubbard went on to say that he had no time to do more than consider the proposals, but that he had several points about them that had impressed him.

"The offer to allow the city to purchase the plant at the price to be determined on the basis of earning power was something he had not met with before."

"The offer to allow the city to purchase the plant at the price to be determined on the basis of earning power was something he had not met with before."

"The offer to allow the city to purchase the plant at the price to be determined on the basis of earning power was something he had not met with before."

"The offer to allow the city to purchase the plant at the price to be determined on the basis of earning power was something he had not met with before."

BUY MILLION OF STOCK

Continued From Page 1.

while the price of power would be up on the same level as that to be obtained from the Hydro-Electric Commission. That is the basis to be assumed.

The city would invest in stock at par the sum of \$250,000, per year in the next four years, borrowing the money at 4 or 5 per cent, getting 8 per cent dividend, upon investment, thus making a profit of 3 or 4 per cent by way of investment; securing part ownership of the company; and securing a common interest in what is undoubtedly public utility whether carried on by private enterprise or by the city.

The city would thus be in a position to say that by this transaction they had acquired for \$1,000,000, an asset worth \$1,800,000, and at the same time secured a substantial part in the ownership in a public utility, and obtained controlling interest in this way.

"The thing we have to consider is this: we have not only the Electric Light Co. but the board of control, and the contracts with which they are tied up," said Controller Harrison, who pointed out that a clause in the contract provided that the price to be determined on the basis of earning power. While he did not consider the present rates of the contract unreasonable, he remarked that there was no way to get out of it that might be advanced at the end of the five-year period, while at the end of 25 years, when the contract expires, the city would be in the hands of the Electrical Development Co., whereas, by making contracts with the Hydro-Electric Commission, the future would be safeguarded.

The controller thought that the proposition of the Hydro-Electric Commission was a very good one, and that the plan would be the high valuation. Computing the value on the basis of the earnings, the city would have paid \$5,000,000, which was altogether too much.

Hubbard Enthused. "The offer means better terms than we had anticipated."

This was the statement made by the mayor at the close of the conference. The controller added that the company's proposition appeared to be a business-like one, and one that had been carefully considered before being presented.

Controller Hubbard went on to say that he had no time to do more than consider the proposals, but that he had several points about them that had impressed him.

"The offer to allow the city to purchase the plant at the price to be determined on the basis of earning power was something he had not met with before."

CITY IS ASKED

Continued From Page 1.

into accepting Mr. Johnston's view that the price of power under the arrangement would be on the same level as from the Hydro-Electric Commission.

Offers Stone for Bread. Mr. Johnston took the vicious method of mixing up power and distribution in dealing with prices. The city wants a cheap distribution plant. The Electric Light Company offers it an absolute plant to produce power, for which it paid most of its capital, and a partial distribution plant not so good or complete as the city can get for the estimated \$2,700,000 to be voted on Jan. 1.

At the best the city can only accept the assurance that the company will not offer it more than the commission offers it for, but the company would come as near as possible. The commission offers power at definite prices delivered to the city, about which there can be no mistake. The whole question turns then on the cost of distribution and Mayor Coatsworth appears to believe that distribution by a \$2,700,000 plant would cost more than a \$6,000,000 plant of the company's.

The power-producing end of the Electric Light Company's plant is not to be considered. It is only desired as a power in both cases is to come from Niagara. Yet it is argued that the company, after paying 10 per cent on the \$6,000,000, can serve the city cheaper than the city itself can, paying no dividends, and with a plant of less than half the cost.

Paying for Experience. The city would yet the benefit of twenty-seven years of private enterprise in the experimental stage, said Mr. Johnston. He might add that the city would have to pay the difference between \$6,000,000 and \$2,700,000 for the experience. This is perhaps his idea of a harmonious partnership, and it is a very ancient one, experience on one side and money on the other. The transfer is effected with deadly certainty.

The difference between \$6,000,000 and \$2,700,000, or \$3,300,000, would represent the water in the Toronto Electric Light Company's capital. This is what the experience would cost. This is what goes in obsolete plant, which should have been replaced out of depreciation fund. This is what the city is to pay \$1,000,000 to have three men a chance to inspect the old junk.

One of the advantages the city would have, Mr. Johnston pointed out, was that the city, by its large representation of three men on a board of ten—would have an opportunity to secure—what?

To secure full information. Let the citizens read Mr. Johnston's report as handed out. We pay \$1,000,000 to secure full information.

Let the mayor and the board of control make up their minds hard and fast that the city wants full information before it pays and not afterwards.

Claim Perpetual Franchise. Mr. Johnston then resorted to threats. The franchise of the Light Co. was substantially perpetual. Nothing would stop it short of legislative action. He even hinted that the city had no right to set up poles or lay conduits on its own streets, and that it would be wise to agree to the company's terms. We heard something like this at the private bills committee of the legislature, and before the premier last spring, but it did not work then, and it won't work now.

The sole purpose of the conference, for the Electric Light Co. was to shrewd to expect that the absurd \$2,000,000 proposal would go down the drain. The city is to have the submission of the distribution plan—Mr. Johnston's last plea for further investigation.

The cost per unit would be investigated by experts before the city would determine the question. That would be six months or a year further off, and give the company a chance to get further entrenched. The citizens are very clear, however, that their interests lie with the rest of the province in a determined struggle for freedom from an electric monopoly.

They want cheap power, cheap light, and they want to get the best of the law. Mr. Johnston's last plea for further investigation.

DOCK LABORERS STRIKE

DEMAND HIGHER WAGES

Canadian Pacific Railway Defies the Men and Declares They Will Stand No More Nonsense.

ST. JOHN, N.B., Nov. 21.—(Special.)—Shortly after the winter port season opened this morning the dock laborers of the Canadian Pacific Railway, who are employed at the wharves of the port, refused to go to work unless the schedule of wages was raised from 30c to 40c an hour.

The steamship companies emphatically declare they will never pay more than the schedule now in force, and the dock laborers were suspended, but when the C.P.R. found the men would not work they put while men of their own to work.

The longshoremen of night met and resolved to stay out unless the increase is granted. As soon as this decision was learned by the C.P.R. officials communicated with the head office in Montreal and the reply came to pay all the men of their own to work.

Capt. Walsh, marine superintendent of the C.P.R., said to-night that there will be no more work with St. John dock laborers who give trouble every year and are never satisfied.

The C.P.R. will bring men direct from England, who will be ready to start in the future. Feeling in this city is strongly against the men, who, it is evident, are being led by a few disgruntled leaders.

AN OPEN RESULT AMONG OTTAWA LIBERALS

Angry at Dictation of the Premier and Will Name Their Own Candidate—Lemieux's Graft.

OTTAWA, Ont., Nov. 22 (Special).—The fat is on the fire in Ottawa. There is something like open revolt against premier. He has turned down the nominee of the Liberal executive for the succession to Mr. N. A. Belcourt.

Auguste Lemieux, a brother of the postmaster general, was their first choice, but the premier, having discovered that Mr. Lemieux had been a party to a graft scheme, had declared against him.

HAND SLOWLY BURNED OFF IN DOOR OF A FURNACE

Terrible Experience of John I. Everson, Manager of the St. John and Toronto Trippite Company.

ST. JOHN, N.B., Nov. 22.—(Special).—After having suffered most excruciating agony since Tuesday morning last, when his hand was burned to a crisp in an accident, John I. Everson, manager of the St. John and Toronto Trippite Co., had the member amputated at the General Public Hospital here this afternoon.

CANNOT GET BAIL

Ex-President of Borough Risk Remains in Jail.

NEW YORK, Nov. 22.—Howard Maxwell, the indicted ex-president of the Boro Bank of Brooklyn, being unable to find a bondsman to act as surety for him in the sum of \$30,000, on three indictments charging him with grand larceny and forgery, was compelled to remain to-day in jail.

NOT THIS COMPANY.

The Toronto Window Cleaning Company were not concerned with the death of Ernest Sturdy, who was never in their employ.

Curtailing Output.

ST. JOHN, N.B., Nov. 21.—(Special).—Business depression is beginning to be felt and as a result several St. John manufacturers announce they will reduce working hours. Night work will be stopped at the Maritime Nal. Works, James Plender Co.'s steel works, and Phoenix Foundry.

G.G.B.G. Bandmen Dine.

There was good music galore in Albert Williams' restaurant last night, the occasion being the annual banquet of the band of the Governor-General's Body Guard, Bandmaster Barkey, who during the past couple of years has brought the organization to its present state of efficiency and will continue the good work, presiding.

The Tobacco Industry County Council of Grey Hits Back at Grand Jury

Government Regulations Suppress Growth of Profitable Crop by Tyrannical Regulations. Committee of Ten Members Visited House of Refuge and Found the Inmates Well Cared for—Passed a Resolution of Censure.

The articles upon tobacco culture in Canada which have lately appeared in The World contain too grave a charge against the government to be permitted to pass without further urgent demand for an answer.

Briefly stated, the indictment charges the deliberate suppression of the growth, by Ontario farmers, of tobacco, the most profitable crop for which a large area of the province is adapted, and, in order to effect that suppression, the enforcement of expensive and tyrannical regulations upon those who engage in its manufacture.

The indictment further charges that the only apparent purpose of these regulations, and consequent suppression, is the support of one monopolistic importer. Following is an epitome of the facts:

Before 1895, Ontario produced but little tobacco—never more than 200,000 pounds a year. There was enough, when put upon the market for consumers in an imperfectly processed, raw condition, to give to a product that has since taken the gold medal of France and highest diploma of Belgium a bad name. It was distinguished as "Canada green."

In the year named white burley leaf seed was introduced from Kentucky, largely planted in the counties of Essex and Kent, and, where cultivated and cared for as in Kentucky and Southern Ohio, found to be superior. It was that same leaf, imported from the United States, that constituted, and still constitutes, two-thirds of all the imported tobacco, and all imported by one concern. Last year, out of the 15,000,000 lbs. in round numbers, imported, 10,000,000, consisting of white burley, were imported by this one concern, and the balance, consisting of other varieties, was scattered over the entire Dominion.

Soon other varieties, also superior, began to be planted in Western Ontario, and it became apparent that, with a fair show and no favor, the imported article was in danger of displacement, and a monopolistic manufacturer placed in jeopardy by competition. It was only by the action of government that this could be prevented—and the ingenuity of its officials, properly advised, proved equal to the occasion. It was apparently resolved that the home product should never be permitted to get rid of its bad name. Such, at least, appears to be the unavoidable assumption, based upon the unparalleled and tyrannical regulations established. It is by contrast with the regulations of other countries that their expense and tyrannical character is best shown, and their special purpose of suppression made apparent.

In the United States, for example, when the manufacturer has imported Mexican, Vera Cruz, or Tepec, Havana, or Sumatra leaf, and paid the duty at the port of entry, it is his, to mix and manufacture with domestic leaf in any form, either for smoking or chewing, as he sees fit, to meet the demand of his trade. The internal revenue tax or excise duty is uniform upon all manufactured tobacco, and but one form or color of stamp is used. Consumers, with their variable and uncertain tastes, are left to approve or disapprove of what is offered for their consumption. Such simple and fair regulations would not effect the purpose of placing and maintaining a stigma of inferiority upon the home product. Something unique, complex, and therefore expensive, involving the maintenance of numerous government employees, was necessary. Canadian tobacco going into the United States must pay 35 cents per pound at the port of entry. United States tobacco coming into Canada pays 10 cents per pound at the port of entry. Why not 35 cents, followed, as in the United States, by a uniform internal revenue or excise tax upon all manufactured tobacco? Because then all tobacco would go into manufacture incognito, without prejudice, and with a fair show, on its merit for satisfying the variable and uncertain tastes of consumers. Besides the low import 10-cent duty enables the monopolistic concern to hold its tobacco in bond at one-half its eventual cost until the moment of manufacture.

To make a pretence of protection for the home product, our government imposes an excise—that is, a manufacture tax—of 25 cents upon the imported and 5 cents upon the home product. If at this point the manufacturer were permitted to pay the excise duties and call the tobacco his own, to blend and manufacture in any form he pleased, the same as in the United States, and affix the common stamp, no more serious objection could be raised than the favor of a low entrance duty to the importer. But the government says to the manufacturer, thru its regulations: "It is not yours to do with as you please. You must elect, as between "Canadian green" and imported leaf, what you wish to manufacture. If it be the "Canadian green," then you must have a special factory and a special warehouse, pay the special license for that, and brand your product with our special green stamp, which is notice to everybody that it is inferior. If you wish to blend with it any imported tobacco, which must not be less than 10 per cent, then you must have another factory and another warehouse, pay its special license, and brand your product with our red stamp, which is notice to everybody that it contains "Canadian green," and is inferior. If you wish to manufacture imported leaf exclusively, then you must install another factory, have another warehouse, pay its special license, and place our black brand upon your product, that all may know it is wholly imported tobacco. You may use in this any or all of the domestic tobaccos of the United States, but their reputation at home good, bad or indifferent, as well as those of any other country, but not an ounce of "Canadian green."

Now, the pertinent enquiry is: What necessity exists for these three separate factories, warehouses, licenses and stamps in Canada that does not exist in the United States or probably in any other country? Absolutely none, except to effect the determination of the government to hamper and restrict the manufacture of Canadian tobacco, by keeping it apart, under a brand of inferiority, and so, by closing the home market against it, discourage and suppress its cultivation. Government officials know as well as the manufacturer that the latter cannot, be its quality superior or inferior, engage in the exclusive manufacture of Canadian tobacco, place the government's brand of inferiority upon it, and expect any considerable demand for it.

The farmer knows that, until that demand is created, he dares neither plant any considerable acreage nor go to the expense of drying-houses, appliances and labor necessary for its proper cultivation and curing. A proportion of imperfectly cultivated and cured tobacco is produced in every tobacco-growing section of the United States. But that does not prevent its sale; it simply affects its price, under the free manufacturing regulations of the United States. If our government should collect its 30 cents income duty at the port of entry, impose a 5 cents excise duty on all manufactured tobacco, allow the manufacturer to own the tobacco he has paid for and manufacture it in his factory into any form for the use of the cutty-pipe smoker and the blackjack chomper, as well as for the more fastidious smokers and chewers, the home product, which The World's correspondent demonstrates to be not inferior, would rapidly displace the imported leaf.

By increasing the excise duty as the import revenue decreased, the government income would not be reduced. The effects would be to save the expense of a small army of petty officials and give manufacturers—of chewing tobacco, especially—a chance against the importing monopoly, which the government has been long protecting by its tyrannical regulations, which protection, since revenue is not really involved, appears to have been the sole purpose of those regulations. Will the farmers along the shores of lakes Erie and Ontario, who have, under fair regulations, prospective wealth in this product, stand under this imposition without protest? Do the farmers of Ontario approve it? Are the manufacturers of tobacco to be shackled in this manner? What say you?

OWEN SOUND, Nov. 22.—(Special).—A committee of ten members of the Grey County Council were sent to Markdale yesterday, to make a thorough examination into the condition of affairs at the house of refuge as a result of the severe criticism which was made in the presentation of the grand jury in October.

The result of the investigation, which included the taking of the evidence under oath of the inmates, was a corroborated report of the provincial inspector of charities, Dr. Bruce Smith, who made a special investigation following the presentation of the grand jury.

The committee's report is a complete refutation of the charge of the management, and was accepted by the county council in the unanimous passing of the following resolution: "That after thoroughly investigating the complaints of the grand jury at their October session regarding the condition and management of the house of refuge at the village of Markdale, we, as a county council, find that there is no cause whatever for the criticism of the grand jury, but that the inmates are all well and comfortably cared for, having an abundance of milk, vegetables and good substantial food as indicated by the special investigation held by Dr. Bruce Smith, government inspector."

"All the dairy products and vegetables required are raised and used by the inmates and those in charge, and they are quite out of place, and many of them untrue. We further find that the managing committee and the manager are not deserving of the criticism passed upon them, and the house by the grand jury, and that the grand jury are deserving of severe censure for passing such criticism without having fully gone into all the facts in connection with the matter."

Had Friends at Ottawa. Subsidy Was Revoted, But \$1000 That Was Promised Contractor Hasn't Materialized.

E. A. C. Pew, a Toronto contractor, has an action pending against Frederick C. Norris of Detroit, a promoter, claiming \$1000 for services rendered.

Pew alleges that in May or June, 1904, Norris requested him to go to Ottawa, for the purpose of having the subsidy voted in 1900 to the Bracebridge & Trading Lakes Railway Co., re-voted by the Parliament of Canada. Norris wrote a letter enclosing cheque for \$100 for expenses at Ottawa, and assuring Pew that "if the results of our mutual efforts were successful there is \$1000 (one thousand dollars) more for you and your helpful friends at Ottawa."

The subsidy was re-voted, but Norris denies that he wrote the letter, and that he had any part in the re-voting of the subsidy. He claims the \$1000, but Norris denies that he has it, and that he has no part in the re-voting of the subsidy.

ALIENISTS WILL TESTIFY IN THE BRADLEY CASE

Hypothetical Question Will Contain 13,000 Words—Offers of Financial Help for Prisoner.

WASHINGTON, Nov. 22.—The criminal courts, in which Mrs. Annie M. Bradley is being tried on the charge of murdering ex-United States Senator Brown of Utah, will hold no session tomorrow, and there will be no further proceedings in the trial until Monday. When court adjourned to-day, the defence had practically completed its presentation of proof. Very little remains except the testimony of experts, who will be introduced to show that wicca Mrs. Bradley shot Brown she was insane. Several prominent alienists, it is understood, will testify, and a hypothetical question which will be submitted to them has been prepared, and it contains 13,000 words. To-day's proceedings were devoted largely to what may be designated as the "wicca" of Mrs. Bradley's mother, who was called to the stand to clear up a point; several of the Salt Lake witnesses were examined as to the conduct and bearing of Mrs. Bradley in that city. Mrs. Bradley's uncle, Lyman Shrawsbury of California, described instances of insanity and eccentricity in Mrs. Bradley's family. Judge Henderson, Brown's law partner, narrated interviews with Mrs. Bradley relative to her intimacy with Brown, and a number of Brown's letters were read. Judge Henderson, referring to the relations between Senator Brown and his wife in the presence of himself and Mrs. Bradley, that Mrs. Bradley had been a nurse to him, and that he would not resume relations with her.

A MODEST HERO.

CINCINNATI, Nov. 14.—J. Wesley Morrison, a carpenter, who was awarded a medal by the Royal Canadian Humane Society for rescuing a man from drowning in Lake Temiskaming, Ont., on June 20, was located here at his trade, and to Cincinnati to work at his trade, and the society asked Mayor Dempsey to hunt him up and pin the medal on him. A reporter found the modest hero working unconcernedly at his trade, and he displayed with pardonable pride a gold watch presented to him by the citizens of New Liskeard, Ont., in recognition of his heroic act.

Something New in Tablecloths.

She had come into the store to buy tablecloths, and she stated in the beginning that she wanted something "new." The salesman was patient and showed her everything in stock, but nothing suited her. "Oh, dear!" she exclaimed, fustally, "haven't you anything different?" The clerk brought out one of the discarded tablecloths that he had put back on the shelf, and said with an air of interest: "Here is one of the very newest designs, madam. You see, the centre is in the middle and the border runs right around the edge."

complaints of the grand jury at their October session regarding the condition and management of the house of refuge at the village of Markdale, we, as a county council, find that there is no cause whatever for the criticism of the grand jury, but that the inmates are all well and comfortably cared for, having an abundance of milk, vegetables and good substantial food as indicated by the special investigation held by Dr. Bruce Smith, government inspector.

"All the dairy products and vegetables required are raised and used by the inmates and those in charge, and they are quite out of place, and many of them untrue. We further find that the managing committee and the manager are not deserving of the criticism passed upon them, and the house by the grand jury, and that the grand jury are deserving of severe censure for passing such criticism without having fully gone into all the facts in connection with the matter."

SEIZE FOUR STREET CARS ON A COURT JUDGMENT

Lawyer for Mrs. Rossiter Calls on Sheriff to Assist in Collecting Award.

Four cars, the property of the street railway, are under seizure at the East King-street barns, the result of the obtaining of a writ of execution by John Macgregor at Osgoode Hall yesterday.

Mr. Macgregor is solicitor for Mrs. Rossiter, widow of the late Thomas James Rossiter, who was struck by a street car in June last while riding in an express wagon, dying a month later. Action to recover \$20,000 was begun in the county court, judgment was given allowing Mrs. Rossiter \$100,000 each to her two children. Mr. Macgregor asserts that the company has refused to pay, and that Manager Fleming told him on Thursday last that unless the plaintiff would accept \$100,000 she would be paid, but that, although the time for appeal expired on Nov. 9 last.

The cars were seized by a deputy of Sheriff Mowat, acting under instructions, at 4 o'clock.

D. L. McCarthy, counsel for the street railway, terms the proceedings "smart practice." The judgment, he explains, bore date of Oct. 8, but the jury's extension was granted, the time for appeal being Nov. 6. The company served notice of appeal, but this was not a stay of proceedings, and the company asked Mr. Macgregor to issue his writ so that the appeal might be set down. This he neglected to do, but on Tuesday last the railway was served with it. Then, of course, settlement of the judgment, returnable before the registrar the following day. The judgment was then settled, but a copy had been served upon the appeal company to enable to set the appeal down. Mr. Macgregor instead issuing execution on an unentered judgment.

Finger Watches Now.

The fashionable woman now wears her watch on her finger. Tidy jeweled watches fitted on a ring are the latest novelty in ornaments, and are superior to the bracelet watch in the seducing of the smart women. Although the ring watch is necessarily a pretty ornament for the finger, it is so delicately made that it looks neither ostentatious nor cumbersome. For outdoor use it is worn outside the glove.

A Puzzle.

Vast is illimitable space; Far too vast for man to trace; Infinitesimal is a grub; There can be no doubt of that.

Under these circumstances why Can't he land elsewhere than in my eye? —Philadelphia Bulletin.

The Old Piano Is Probably Useless. WHY KEEP IT?

There is many a home where the occupiers lull themselves into the idea that they have a piano, when, as a matter of fact, they are worse off than if they had none. We have in mind the home where there is a Square Piano that for long has been worthless musically, and that has merely been an unpleasant and useless encumbrance in the house. Homes that are so affected are wonderfully common, and almost unconsciously the dingy, time-worn, old Square Piano has a depressing effect upon the family. People have told us time and again that they could not adequately express their gladness at having disposed of an old piano and having taken a new one, for it had been a brightening and enlivening change for every member of the household.

If you have an old Square Piano or an old Organ or an old Upright that is past usefulness, we will take it in part payment of a new instrument, and allow you its full value. Give us your name and address, and we will make a valuation free of charge.

Why shouldn't you have a new instrument now? At no time of the year would it be appreciated more than the present, for the summer season is over, and there would be real delight for everybody if there were good music for the family. We will make you easy terms of payment if you wish.

There is a fine collection of slightly used pianos on the Second Floor Parlors to-day. There are some great bargains among them.

BELL FACTORIES—GUELPH.

The College Woman in Her Native Element.

The college woman is often confronted with the "falling accusation" of man that she is a new woman. For he is it from such in the language of Peggotty. Most college women are as average as possible, and even a thought more so, and they are just as prone to the commonplace, gregarious tendencies of their sex as any others.

Education doesn't mean culture always. By no means. Sometimes it results in making the pig-headed ignorant a learned bore, but it never converts him to a more intelligent creature. Similarly the sweetly snippy specimen of womanhood will go out of college somewhat more of a snob than she entered in. But there are others, and there are other types. For instance there is the college woman who "follows" the character tells. More often, however, the college woman who is not infrequently a very fine woman, with sterling qualities as well as a pleasing manner.

It is curious how young people like to worship it. They try to model themselves on the popular girl, they seek her company and they join a multitude to worship her, and some fine day they wake up to find the idol just as common clay like any other one of us.

That college women should necessarily be no use at home is a ridiculous idea. Most girls take their four years at college as a sort of recess, or intermission in their lives, a time devoted to dreaming out an impossible dream, maybe, or to acquiring a culture dear to their very hearts. But most occupations are not a permanent to a woman's mind, and it follows that many choose something which can be done at home. Thus their culture is merely one of the vast and increasing in their home life in a new place somewhere for her, too.

Arrangements have been made in connection with the movement, to raise a million dollars for missionary purposes, to hold interdenominational meetings for men only, however, on Dec. 10-15, inclusive. These will take place at Association Hall during several evenings of that week, but the main meeting will be held in Massey Hall on Friday evening, the 13th inst., when John R. Mott, chairman of the Students' Christian Movement, J. Campbell White, general secretary of the laymen's organization, and Rev. E. Speer of the executive will speak.

THE WORLD'S HOME MAGAZINE FOR WOMEN EDITED BY LAURA E. McCULLY, B. A.

American Girls for Oxford

There is a very interesting movement on foot among the women's clubs of the United States to establish scholarship funds for American students at English universities.

Columbia to Oxford. The vice-chancellor of England so heartily approves of this international idea that he said: "England and America stand together to-day, and in the future will continue to stand together in all great international and humanitarian movements, and this international bond of education may not be the least important one in bringing about the great international reconciliation between England and the United States take the lead."

It Was His Move.

"It's your move," she smiled. He smiled back at her, his hand hovering above the checker-board. "Really?" he asked, looking at her in a witty sort of way.

World Fatten Department

This exceedingly attractive morning gown is quite simple, yet very graceful and becoming. It suggests the kimono in style, also slightly more fitted in the back.

Hospital Auxiliary - "Thank You"

The members of the Hospital Auxiliary, Welland, in committee on Saturday, Nov. 16, for the purpose of presenting thanks to the many kind people in Toronto who assisted by generous contributions of money and material.

Miss Millman's Prize

The Frederick Wylde prize in English composition at University College has been awarded to Miss M. H. Millman for a paper on the subject, "Browning's 'The Ring and the Book.'"

"BUSTER" WILL HOLD RECEPTION

The demand for Gabriel receptions has been so great that Manager Shea has decided to hold one every afternoon after the matinee for the children and ladies.

IMMIGRANTS STRANDED

An agent of the Ontario Immigration Department went to Oshawa yesterday to try to secure relief measures for a score or more of London immigrants who are practically stranded there.

Murray Stephens' Petition Presented.

OTTAWA, Nov. 22.—Mayor Lawrence and Thomas Crothers of St. Thomas waited on Solicitor-General Burreau yesterday for the release from prison of Murray Stephens, a Wash locomotive engineer, now under sentence to six months' imprisonment for criminal negligence in causing the fatal railway wreck at the Diamond Crossing, near St. Thomas some time ago.

A Popular Piano Design.

As a piano for the average home, perhaps none is more popular than the classic design piano of the old firm of Heintzman & Co., Limited. This instrument is made in specially selected veneer, contains the Heintzman & Co. Patent Agraffe bridge, in a very handsome case.

The University Women's Club will hold their annual luncheon at McConkey's, Saturday, Dec. 7.

An exhibition will be given at J. P. Mill's jewelry store, 449 Yonge-street, on Nov. 29 and 30, by Miss Henderson, of ceramics and copies of paintings by Corot and Rembrandt, made while on the continent this summer.

On Nov. 20 a pretty wedding took place at the home of Mr. and Mrs. Ira Morton, Keswick, Ont., when their only daughter, Miss Mary Edith, was married to Mr. Angus King, younger son of Duncan King, of the same place.

The ceremony was performed by Rev. H. L. Partridge, B.A., of Queensville. The bride was prettily dressed in white India linen. She was escorted to the altar by her father while Mendosa's wedding music was being played.

The 4th Highlanders' Chapter Imperial Order, Daughters of the Empire, are to give a dance in St. George's Hall, King-street, Tuesday evening, Dec. 10.

The Woman's Guild of the Church of the Redeemer are holding a bazaar and afternoon tea on Nov. 23. The sale will be held both afternoon and evening in the school-house.

Mr. and Mrs. Coody and their family are removing from Huron-street this week. They have taken a house on Kendall-avenue.

Mr. and Mrs. R. J. Christie have returned from Montreal.

Mr. and Mrs. Montgomery are leaving for Middleton, N. S., where Mr. Montgomery has been appointed to the management of a branch of the bank there. Mrs. Montgomery is spending a little while with her mother, Mrs. Creeve.

Miss Labatt, who was staying with Lady Meredith, has returned to London.

Miss Mary Goswami is visiting Mrs. Fred Bairdmore in Montreal.

The Ladies' Aid Society of the German Lutheran Church have sent out inviting and fancy articles for Christmas on Wednesday and Thursday next.

The Alumnae Association of University College hold their next regular meeting at Queen's Hall on Saturday, Nov. 30, when Herr August Wilhelm, who has been in the city for some time, will be accompanied by Herr Wendt, a brilliant pianist, who has only recently come to Toronto from Germany.

The commencement exercises of Jamieson-avenue Collegiate Institute will be held on Friday afternoon next at 2 o'clock. Owing to the limited accommodation admission will be by ticket only.

Mr. and Mrs. James Henderson of 448 West King-street will celebrate their golden wedding on Nov. 25, and will be at home to their friends afternoon and evening.

THE GERMAN CONVERSATION CLUB

The German Conversation Club will meet this evening at the residence of Mr. E. E. Horton, 13 Rose-avenue.

BABY SMILES.

One mother happily expressed her opinion of Baby's Own Tablets when she said "there's a smile in every dose." In homes where the Tablets are used there are no cross, fretful, sickly children. The Tablets make children well and keep them well.

They cure indigestion, colic, constipation, diarrhoea, teething troubles and all the other minor ailments of childhood. They can be given with absolute safety to the new born child, for the mother has the guarantee of a government analyst that the Tablets do not contain one particle of opiate or poisonous soothing stuff. Isn't such a guarantee worth something to you, mother? The Tablets are sold by all medicine dealers or may be had from The Dr. Williams' Medicine Co., Brockville, Ont., at 25 cents a box.

At the Theatres

For the first time on any stage, Waggoner and Kemper will present in Toronto on Monday night, Dec. 23, a new play of contemporary American life, "Paid in Full," by Eugene Walter, one of the new school of American playwrights. On the same night in London Miss Lena Ashwell, the distinguished English actress, will produce the same play, she herself playing the role of "Mrs. Joseph Brooks." In the production in this city Miss Lilian Albertson will create the same role. "Paid in Full" is in four acts. All of the scenes are laid in New York.

Judging by the seat sale, smart society will assemble at the Princess Theatre on Monday night to witness the first appearance in this city of Miss Ethel Barrymore in the new play entitled "The Sister," which her husband, Charles Frohman, New York-London manager, induced the equally noted actors, Clyde Fitch and Gordon Lennox, to write in collaboration for her during the past summer. The engagement is for six nights and Saturday matinee.

Miss Barrymore is regarded as one of the very few stars in whom there is much to make the aid of an author in engaging her. In her case the aid is not in the past but in the future, for her emotional work always exceptional fine. The company that Mr. Frohman has associated with Miss Barrymore in the past with exceptional success this season is of his customarily careful selection. The members include Harold (leading man), Charles Hammond, Lumsden Hare, and John Hare; Miss "Diamond" Kellogg, Rockcliffe Fellows, Mrs. Fannie Addison Pitt, Miss Lucile Watson, Miss Anita Rothe and Miss Louise Drew. The last-named being the daughter of the Indian Chief and Joseph Rooney, whose lamented sister, the late Mrs. Miss Barrymore's mother.

In presenting J. M. Barrie's dainty comedy, "Quality Street," the management of the Royal Alexandra Theatre does so with the utmost confidence that the audience will appreciate the efforts made to produce the best plays and comedies in the market.

In "Quality Street" the dramatic witchery of Barrie's takes us back to the Napoleonic wars in the days of the great Gordon Lennox, who has opened in the white and blue room of the Misses Throssell's residence, which is the scene of the state party given in a quiet English village. The Misses Phoebé and Susan Throssell are the two daughters of the family who live in this locality, and make a brave show in wearing the manners of the gentleman of that period. An atmosphere of prim respectability and lady-like deportment exudes from the dwellers in "Quality Street," particularly from the Misses Willoughby and Miss Turnbull, spinners and neighbors of the Throssells. Valentine Brown is the fashionable young physician of the town who has kept the ladies of "Quality Street" in a constant flutter. Miss Phoebé has fallen in love with him, as have some of the others. He calls on her, she thinks he has come to make a proposal of marriage, but instead of that his object was to announce his departure for the wars. She is much disappointed.

When the news of Brown's departure becomes known to the ladies, they are thrown into a mild excitement. He remains away for nine years. During his absence the Misses Throssell lose their small fortune and are forced to open a school for children, where the youngsters from the most select families are sought to be educated and other elegancies. After the war the heroes return, among them Valentine Brown. His left arm is missing. He meets Phoebé and is dismayed at her change of appearance. Phoebé notices this and determines to be young again. She dons a fashionable gown and revives all her old blitheness and light-headedness, and appears as she did nine years before. She introduces herself to Brown as a supposed niece. Whether the deception is noticed by Brown, the author has not made clear. After a few days' courtship, Brown succeeds in winning her.

The part of Phoebé Throssell was written specially by Mr. Barrie for Miss Gordon Lennox. It resembles very much the part of Lady Babbalanza "The Little Minister." "Quality Street" will be given an elaborate production by the Royal Alexandra Players.

Matinees will be given Tuesday, Thursday and Saturday, and on Tuesday and Thursday matinees will be presented to the ladies.

A musical comedy treat is in store for Toronto amusement lovers in the engagement of "The Burgomaster" at the Grand next week, with Wednesday and Saturday matinees. Manager William P. Cullen has made a sumptuous production of this musical gem this season, having had the piece rewritten by those popular composers, Pixley and Luders, and brought right up to date.

The production has been staged under the careful and personal supervision of George Romberg, the general stage director for the Shubert Brothers.

An old time favorite, in the person of Gus Weinburg, will serve the role of Peter Stuyvesant, the Burgomaster, governor of New Amsterdam, while Edith White has the character of Willie Van Astorbilt, which she played in the original production. Manager Cullen has been particularly careful in surrounding the stars with several of the best comedians of the company, and will head the cast with Willie Van Astorbilt, which she played in the original production. Manager Cullen has been particularly careful in surrounding the stars with several of the best comedians of the company, and will head the cast with Willie Van Astorbilt, which she played in the original production.

The male chorus is again particularly strong, being prominently noticeable in the singing of "Dear Old College Days," "The Tale of the Kan-kan," "Keep Cool, I Love You," "My Heart to You," "I Love You," "The Hypnotist." "We're Civilized Now" are well remembered song hits.

Next week will be a popular one at Shea's Theatre for the youngsters, and one of the most pleasing attractions of the season will be the musical comedy, "Auntie's Visit." He has with him his famous dog, Spike, who helps out with all his pranks and naughtiness. Gabriel is 23 years old, and he is a finished actor. In the character of Buster he is inimitable. Spike will be played by George All, the animal impersonator, and Gabriel's company will also include Mr. Lamar, Vida Perrin, Nan Dodson and Maurice Hageman.

The special attraction will be Edith White, who will play "Helen Nelson's mythical captive, "A Bit of Blarney," picturing earth's destruction, which will keep River Street.

Another feature of the bill is Cliff Gordon, long known as the German Politician.

Dorothy Eleanor Falke is one of vaudeville's greatest favorites and she is making her first appearance here in several seasons. Miss Falke has been featured in some of the best musical comedies, and has come back to vaudeville with a budget of dainty new songs.

The Rooney sisters are a welcome addition to the bill. These young girls are making their first appearance here in several seasons. Miss Rooney has been featured in some of the best musical comedies, and has come back to vaudeville with a budget of dainty new songs.

ed during the concert or next morning in the newspapers.

"But the second performance settled the question. A great artist was revealed. His diffidence melted in the heat of his applause. His recital, first given in the concert hall of March Square Garden, so expanded in attendance that he moved to Carnegie Hall. There with only his piano, Paderewski repeated the Liszt miracle. And never in America has a public proved so insatiable in its desire to hear a virtuoso. It is the same from New Orleans to Seattle. Now to set all this down to exotic personality would be unfair to Paderewski and to the critical discrimination of his audiences. Many have gone to gaze upon him, but they have remained to listen. His volubility, caressing touch, his sometimes exaggerated sentiment, his brilliancy, endurance and dreamy poise—these qualities are real, not imaginary.

"No more luscious touch has been heard since Rubinstein's. Paderewski offered his stinging fingers lining a phrase, but as few pianists alive, he can spin his tone, and so his yielding to the temptation is to hear a virtuoso. It is the same from New Orleans to Seattle. Now to set all this down to exotic personality would be unfair to Paderewski and to the critical discrimination of his audiences. POOR ACCOMMODATION FOR CITY'S PATIENTS

Provincial Inspector Condemns Hospital Quarters for Those Taken in Free.

Some rather pointed criticism of the accommodation provided by city hospitals is contained in a report from Dr. R. W. Bruce Smith, provincial inspector, laid before the board of control yesterday.

The wards on the fourth floor of the General Hospital are stated to be very defective several of them being in such deplorable condition that their use should be discontinued once. Owing to structural defects, the medical wards in the old wing on the north side of St. Michael's Hospital should be closed up. Touching the Western Hospital, Dr. Smith says it is not right for an institution having such inadequate accommodation to be drawing public money.

Dr. Sheard said that the report of the provincial inspector was favorable as regards accommodation for private patients, adding that Dr. Smith's "unwarranted condemnation of the public wards came at a time when the hospitals were demanding a material increase in the rate for daily maintenance of city patients."

The controllers were considerably impressed by the report, and decided to have representatives of the hospitals appear and explain the reasons to which they would devote the \$150,000 asked for from the city.

In justice to the Toronto General Hospital, Superintendent Dr. Brown points to the following commencement in the inspector's report on that institution: "My visit of inspection impressed me very favorably in regard to the efforts being made to conduct the hospital efficiently, in spite of the many discouragements due to structural defects, which each year seem to grow more apparent. The hospitals are being economically conducted. The rate, \$1.25 a day for each patient's maintenance, is most satisfactory in view of the increased cost on all hospital regulations. The dietary is excellent, and the patients are evidently well cared for, and the food supplies are the best that can be procured."

The establishment of the immunization department is an important feature. This department, as well as that of the wards for nervous cases and the out-patient for tubercular cases more than justify their establishment. The average cost for patients in the free wards is \$1.06 a day; for private and semi-private patients from \$1.50 to \$1.80 a day, so that they assist in the maintenance of the others. Last year \$50,000 revenue was devoted in this way to maintenance.

Christmas in Europe. On the new steamship Lusitania, 32,000 tons, to sail from New York on Dec. 14. In addition to the first and second-class accommodation, the Cunard Steamship Company has reserved for the Toronto representative, A. F. Webster, 100 staterooms. Of this number ninety-two have been sold, leaving only eight now to be had. Any Toronto passengers desiring to take passage on this popular ship will return to Europe early. The Cunard Line office will be open till 6 o'clock this evening for the convenience of those who cannot call except on Saturday afternoon. It is likely that a special train will leave Toronto on Friday afternoon for New York, which will be exclusively for the passengers for this ship.

Canadian Institute. The members of the Canadian Institute will hold their usual meeting in the theatre of this university, Monday evening at 8 o'clock. The lecture will be given by C. T. Curry, M.A., will give a lecture on "Recent Excavations in Thebes," with lantern illustrations. The public are cordially invited.

John McCarthy. ST. THOMAS, Nov. 22.—The death occurred this morning of John McCarthy, after an illness of a few weeks. Mr. McCarthy, who was in his 71st year, came of a long-lived family, his father having died at the age of 103 years. He was a native of this country, having been born at Drumbo.

C.M.A. PROBES RECORD OF FACTORY INSPECTORS

Will Protest to Government—Immigration "Frauds" Are Also Denounced.

At the meeting of the executive council of the Canadian Manufacturers' Association, indignation was expressed at the action of the Ontario Government in appointing as factory inspectors a number of labor unionists.

"The association," says the official report of the meeting, "has been investigating the record of some of these men, and brought to light facts which they think should have made the appointments absolutely impossible. It is understood that a vigorous protest will be lodged."

Instances have been brought to light of unscrupulous employment agents in the old country inserting advertisements in the English papers without authority over the names of Canadian manufacturers calling for workmen for whom there could not possibly be any employment in Canada at the present time. The association will ask the federal department of labor to see that such offenders are prosecuted under the Merchants' Shipping Act.

A recommendation will be made to the Dominion Government, that the telephone companies be brought under the jurisdiction of the board of railway commissioners.

The next meeting of the council will be held in Ottawa on Dec. 5. The morning will largely be taken up with deputations who will wait upon the government, in connection with the re-organization of the board of railway commissioners, technical education, the dumping of refuse, and other matters. The council meets in the afternoon at a banquet which will be arranged at which manufacturers, prominent parliamentarians and others will speak.

CALEDON WRECK CLAIMS. FLESHERTON, Nov. 21.—(Special.)—The Caledon wreck claims are being settled by the C.P.R. Lucas, Wright & McArdie make the following announcement:

John Boyd \$460
A. Thiel 200
Miss Thiel 200
G. Whiston 235
Mrs. Stewart 200
D. Madill 200
M. K. Richardson, ex-M.P. 21
Mrs. W. Wright 31
Mr. Elander 20
Rev. Dr. Caldwell and Mrs. Caldwell, Charles Bellamy Jr., and Fred Tucker are awaiting settlement.

Workman Killed on M.C.R. ST. THOMAS, Nov. 22.—At 9:30 o'clock last night, Engineer Smith of the M.C.R. found the body of a man lying on the eastbound track about three miles east of Montreal.

Victoria University Lectures. The Rev. Vincent, D.D., will deliver a course of lectures to ministers and theological students in the Chapel of Victoria University at 8:30 p.m. each evening, at the Queen's Hotel, and will respond at the close of the evening. Ministers are cordially invited to be present.

WELL KNOWN BRITISHERS ARE VISITING CANADA

Hon. Alexander Bruce and H. C. W. Verney to Be the Guests of Earl Grey at Ottawa.

MONTREAL, Nov. 22.—(Special.)—Among the Virginian's passengers just arrived in Canada are H. C. W. Verney and the Hon. Alexander Bruce of the colonial office, London. They are to be the guests of Earl Grey in Ottawa, and in or about the last week of the month will start for a trip to the coast.

H. C. W. Verney is the eldest son of Sir Edmund Verney, bart., of Claydon House, Buckinghamshire, one of the oldest families in England. Sir Edmund, the present baronet, commanded the battleship Grappler on the Pacific Coast from 1892-65, and hunted and explored much in British Columbia. For centuries the political history of Buckinghamshire was the history of the fights between the Verneys, who were Roundheads, and the now Liberals, and the dukes of Buckingham, who were, of course, Cavaliers.

The glories of the dual family have departed and the race has dried up; but a Verney still sits as M.P. for the county of North Bucks, and this doughty family still leads in all professional causes in the historic county. To-day the Rothschild family are what the dukes of Buckingham once were and rule thousands of Englishmen on the semi-feudal plan.

Mr. Verney, who is now visiting Canada for the first time, is the heir to the baronetcy and 9000 acres of the mother country's finest land. He has already fought like a Verney and lost like a gentleman two contests as an M.P., and will fight on. He is an Oxford man, and was recently promoted to be private secretary of Lord Elgin, secretary of state for the colonies.

With Mr. Verney is the Hon. Alexander Bruce, Lord Elgin's younger son, who is naturally keen to see the Dominion wherein his father was born and with the history of which his own family and that of his kinfolk, the Greys, is so honorably woven.

These young gentlemen are following out a settled policy of the present Liberal Government in England, namely, that all officials of the colonial office shall visit the colonies. Certainly nothing could be more commendable, and all the officials of the colonial office at the present time there are more men in the colonial office with colonial experience, and that means colonial sympathy, than ever before in England's history.

Winston Churchill is now in British East Africa, and knows the English part of that continent thoroughly. He may visit the Dominion next year. His parliamentary secretary, Hamar Greenwood, M.P., is on a tour of the Canadian, born, bred and educated, and he never hides his colonial light under the English bushel, as many colonialists shamelessly do.

Then there is Sir Francis Hopwood, the permanent under-secretary, a man who has visited many of the King's dominions beyond the seas, and is considered the ablest civil servant in any department.

Mr. H. W. F. Just, C.B., C.M.G., the head of the Imperial Conference Secretariat, went to Africa with Mr. Chamberlain, and is planning a tour around the empire. All the officials show a keen desire to get into closest touch with the colonies and colonialists. The day of an indifferent Downing-street is gone forever.

HOT TIMES AT HARVARD.

"Are We Downhearted? No," is What They All Say.

CAMBRIDGE, Mass., Nov. 22.—(Special.)—Last night there were wild scenes in memorial dining hall. Bread and butter, items not specially charged for, and profanity, were on the tables, and were thrown about.

The song "Three Cheers for Harvard and Down With Yale," with others, and the general noise made the high-valued ceiling re-echo. To-night Randall Hall, a far smaller place, about half as large, accommodating only about 800 at once, followed suit, except so far as the bread and butter were concerned; perhaps, as they are charged for there, or else because the crimson denounced the "truismism" editorially to-day.

One striking feature was the singing of a football song to the air of "La Marseillaise," at the close hundreds of the cheering. "Long Harvards" came every moment or so, shouting and megaphones made the dining hall a hideous Bedlam.

This afternoon a grand procession marched to Soldiers' Field, cheered the players there, and in the training camp, and waved banners. This morning and all day the college dormitories have been blossoming out with all sorts of banners, pennons and devices.

The shogun officially announced at mass meetings is "Are we downhearted? No!" All the seniors in one building received postal cards this morning with that inscription. It stands printed in huge letters on many of the bunting strips along the housefronts. It is all very amusing, and probably much the same thing is going on at Yale.

No Harvard man admits that the team is likely to lose. Sets were made today of 1 to 5 that Yale would not score.

ROBBERY TOLON EXPRESS. Entered Baggage Car, Shot Down Guards and Escaped in Auto.

ETAMPES. Department of the Seine at Etampes, Nov. 22.—Three highwaymen last night robbed the Tolon Express near here after the most approved Jesse James fashion. They entered the baggage car, shot down the guards, seized the cashboxes and jumped off at the next station. An alarm was given and the robbers were pursued, but they escaped in an automobile held by waiting comrades.

WASHINGTON, Nov. 22.—American railroads, which, in part, go a business in and thru the Dominion of Canada, probably will be forced to take action similar to that taken by the Michigan Central Railroad in a petition which that line has filed with the Interstate Commerce Commission. The facts set forth in the petition are of notable importance, and interest to all American railroads doing a Canadian business, and to manufacturers, especially of high explosives, in the United States.

In its petition to the commission, the Michigan Central requests permission to waive the legal thirty days' notice of a change in its freight tariffs, so that it may immediately raise its rates on dynamite and other explosives destined to or from Canadian territory. The Michigan Central requests the commission to cancel the rates on high explosives, so that it may be required to accept such shipments. The circumstances in this case were considered extraordinary, however, and the commission had no hesitancy in making the concession.

MURDERER RECEIVED. Jake Sunfield, sentenced to be hanged at Hamilton next week, was yesterday granted a reprieve until Dec. 27, pending the consideration by the court of appeals of a stated case.

Missionary's Death. Miss Sarah Simpson, formerly of Paris, Ont., and for years a Baptist missionary in India, died in the General Hospital after an operation.

Knocked Down by Horse. KINGSTON, Nov. 22.—(Special.)—A runaway horse with a portion of a runaway named Corrigan this afternoon, knocking him down, breaking his collar bone and otherwise injuring him.

Nanton Nominated. OTTAWA, Nov. 22.—M. J. Nanton, of Winnipeg, has been nominated the representative of the Canadian Pacific Railway on the board of consultation and investigation in connection with the company's difference with the car men.

Request Granted by Interstate Commerce Commission—Other Railroads Will Be Affected.

WASHINGTON, Nov. 22.—American railroads, which, in part, go a business in and thru the Dominion of Canada, probably will be forced to take action similar to that taken by the Michigan Central Railroad in a petition which that line has filed with the Interstate Commerce Commission. The facts set forth in the petition are of notable importance, and interest to all American railroads doing a Canadian business, and to manufacturers, especially of high explosives, in the United States.

In its petition to the commission, the Michigan Central requests permission to waive the legal thirty days' notice of a change in its freight tariffs, so that it may immediately raise its rates on dynamite and other explosives destined to or from Canadian territory. The Michigan Central requests the commission to cancel the rates on high explosives, so that it may be required to accept such shipments. The circumstances in this case were considered extraordinary, however, and the commission had no hesitancy in making the concession.

Whitney Accepts Invitation.

OTTAWA, Nov. 22.—(Special).—Hon. J. P. Whitney has accepted the invitation of the Ottawa Conservatives to be present at the R. L. Borden demonstration next Wednesday.

Adopted Child Stolen.

PETERBORO, Nov. 22.—Mr. and Mrs. J. E. Marion of Lindsay arrived here last night in search of their lost child, who was stolen away from school in that town yesterday by a strange woman, who is supposed to be the little girl's mother.

Tried to Shoot Employer.

BLOOMINGTON, Ill., Nov. 22.—Edgar N. Jennings, for twelve years a coachman in the employ of John C. Stevenson, a capitalist, attempted to-day to shoot Mr. Stevenson. The latter seized the revolver aimed at his head and fought his assailant until help arrived.

A Scandinavian Congregation.

OTTAWA, Nov. 22.—(Special).—The Scandinavians of the city have formed themselves into a Lutheran congregation. Twenty families and eleven young people are enrolled in the pastorate, which is likely to be Rev. Mr. Hoyde of the Norwegian Church at Gravenhurst.

FORMED TORONTO LIFE TO SAVE YORK LOAN

Withdrawals From One for Insurance in the Other Were Solicited.

Some evidence was taken yesterday afternoon before George Kappeler, in the case of the Toronto Life versus the York Co. Loan Co. Harry Symons, K.C., filed a return policy by the Toronto Life to the Provincial Government on January 21, 1906, under the requirements of the Insurance Act, in which the York Loan appears as debtor to the Toronto Life in two sums—\$7,089 and \$1,000—making altogether \$8,089.

The latter sum represented an overpayment on a mortgage bought from the York Loan; while the former included the balance of the item under the head of withdrawals.

G. A. Calvert, the last manager of the Toronto Life, now merged in the Union Life, stated that the York Loan held 180 fully paid-up shares, with a face value of \$18,000, in the Toronto Life, while a large number of the shareholders in the Toronto Life were also shareholders in the York Loan. Many of the shareholders in the Toronto Life were agents and officers in the York Loan; while the directors of the York Loan, Jos. Phillips was the president of both companies.

The money received, represented by withdrawals, had amounted to over \$124,000. The number of pass-books concerned in these transactions was 5,769. The amount of insurance issued by the Toronto Life in consideration of these withdrawals was \$2,884,500; and close to \$3 or \$4 million dollars worth of insurance was outstanding for which the Toronto Life was liable.

The 5,769 pass-books approximately represented the numbers of shareholders in the York Loan, who made withdrawals from them into Toronto Life insurance policies.

A general canvass, with made among the York Loan shareholders to induce them to make the withdrawals, was a matter of common knowledge among the York Loan shareholders that the Toronto Life was brought into existence for the purpose.

S. Linn, an ex-employee of the York Loan, stated at this point that as a matter of fact policies were issued before the withdrawals, with the result that the Toronto Life was not liable for the amount of the withdrawals.

Mr. Calvert continued; that the policies were issued on receipt of the withdrawal notices. The Toronto Life was to pay over to the York Loan the part of the commission, which was not paid. The object of this action was to prevent double payment for the same work.

SUFFRAGETTES INTERFERE. Disturb Premier and Others at Public Meetings.

LONDON, Nov. 22.—With the resumption of the political campaign which is now in full swing, "the shrieking sisterhood" of the women suffragettes have come to be commonly called "the actively pursuing their threatened plan of upsetting all Liberal meetings."

Gatherings at which members of the cabinet are to speak are especially selected by them. The victims last week were Sir Henry Campbell-Bannerman, the premier, and Herbert H. Asquith, chancellor of the exchequer. Both of these speakers had difficulty in getting a hearing.

Last night Herbert Gladstone, secretary of state for home affairs, and David Lloyd-George, president of the board of trade, speaking respectively at Leeds and Glasgow, were similarly treated, and a number of the suffragettes had to be ejected from the meetings.

Toyland News. The World acknowledges with pleasure a copy of "Toyland News," a journal published at 190 Yonge-street, "in the interest of Happiness."

LEWIS MAY NOT BE CALLED CROWN NOT SURE OF STORY

Grits Express Opinion That Famous Election Worker's Subpoena Was a Bluff

The London bribery case went on for a short time yesterday, but nothing new was developed. An adjournment was made until Monday.

FOR THE MISSION FUND.

Toronto Diocese Will Show Up Well, Organizer Says.

Rev. Pierre B. de Lom, the organizing agent for the Toronto Diocese in connection with the movement to present on the part of all the dioceses in the Anglican communion throughout the world and of the American church, a suitable missionary thank offering in St. Paul's Cathedral on June 24 next, states that the prospects in this diocese are decidedly cheering.

An Art Exhibition.

A great number of the parents of children attending the Queen Alexandra School last evening in the Granite Room inspected the art work which was recently shown at the art exhibition in this rink.

Honors for R. H. Temple.

LONDON, Nov. 22.—R. H. Temple, former president of the Toronto Stock Exchange, was yesterday afternoon given a royal reception by the London Stock Exchange.

SHE PATIENTLY BORE DISGRACE

A Sad letter from a lady whose Husband was Dissipated.

How She Cured Him with a Secret Remedy.

"I had for years patiently borne the disgrace, suffering misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it."

Free Package... particulars, testimonials and price sent in plain sealed envelope. Confidential. Address: THE SERRAVALLO REMEDY CO., 86 Jordan Street, Toronto, Ont.

ONTARIO ENTERS TEAM DODD'S KIDNEY PILLS

O.A.C. Students After Spoon Trophy Which They Have Won Twice.

E. Archibald, T. Arkell, L. A. Bowers, R. Hodson and D. A. Mackenzie, representing the Ontario Agricultural College, will go to Chicago in a few days to take part in the annual competition of Agricultural College students in the judging of live stock which will be held at the Chicago stock yards on Saturday, Nov. 30, preliminary to the International Fair Stock Show.

WHO IS THE MOST POPULAR TEACHER?

The Most Interesting Contest Ever Started.

A discussion not long ago between some young business men who had recently graduated from the public schools, with regard to the popularity of the various teachers under whom they had studied, led to their referring to a friend, Mr. F. E. Karn of the Karn Drug Company for a decision.

ICE CRUSHER DAMAGED.

QUEBEC, Nov. 22.—The Canadian Government steamship Montcalm, which grounded yesterday at the new Macdonald station, is now at anchor at Point Amour. She is making water badly.

Canadian Trade Conditions.

NEW YORK, Nov. 22.—Bradstreet's to-morrow morning will say: The scarcity of money is the one great drawback to Canadian trade, involving, as it does, a slow movement of the crops to the market, the laying off of industrial employees and the closer scrutiny of credits in many lines.

Tone in a Piano.

Tone is one of the first, if not perhaps the most important, elements in a piano. The tone of the Heintzman & Co. Piano reaches the highest known standard, while the appearance of the instrument leaves nothing to be desired.

Occident Lodge, A. F. & A. M.

The following are the officers of Occident Lodge, A. F. & A. M., elected in their Masonic Hall, Queen and Bathurst streets: W. M., Clarkson W. James; P. M., W. Bro. Joseph Howitt; secretary, John W. Lawrence; junior warden, John A. Murray; chaplain, Rev. T. Robert Deane; Y. W. Bro. Robert Charlton; secretary, Chris C. Wightman; assistant secretary, R. Bert McGill; senior deacon, William R. Hardy; junior deacon, William S. Leach; Tyler, W. M. Penny; auditors, W. Bro. Alfred Curran, W. Bro. W. J. A. Lake; hall board, W. Bro. A. Curran and Bro. W. H. Lake.

Miss Rebecca Sharpe.

OTTAWA, Nov. 22.—The death occurred on Thursday morning, after a six months' illness, of Miss Rebecca Margaret (Reba) Sharpe, fourth daughter of Mr. and Mrs. John Sharpe of 90 James-street, Ottawa, formerly resident at 150 Robert-street, Toronto. Miss Sharpe was born in Toronto, attended Lansdowne Public School and removed with her parents to Ottawa 11 years ago. A number of relatives of the deceased are residing in Toronto, among them Mr. and Mrs. John MacMillan, Mr. and Mrs. Martin MacMillan, Mr. and Mrs. Arthur Jefferies, Mr. and Mrs. W. Legrand and Mr. Hugh Patton.

Prize Cup Held for Duty.

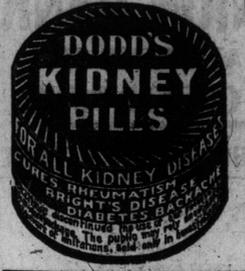

BERLIN, Nov. 22.—A despatch to The Lokal Anzeiger from Bremen declares that the custom-house officers there at holding the cup awarded to Herr Erb-sloeh, the German aeronaut, for winning the recent international balloon race at Cologne for the payment of duty as silver.

Can't Sell Debentures.

The Town of Perth proposes to bonus the Wampole Co. to the extent of \$2,500, but is unable to dispose of its debentures at 4-1/2 per cent. It has applied to the Ontario Railway and Municipal Board for permission to increase the rate of interest to 5 per cent.

Fatal Buffalo Fire.

BUFFALO, N.Y., Nov. 22.—One man is dead, another is dying, a third is at a hospital in a serious condition, and a score of persons had narrow and exciting escapes, as the result of a fire, which broke out in Sawtells Hotel, 110 Exchange-street, early today.

CHAMBERS MUSTN'T TALK TILL CHARGES ARE MADE

Counsel Declines to Allow Him to Be First Witness in Enquiry.

A fresh delay in prosecuting the investigation into the park commissioner's department was caused yesterday by the refusal of T. C. Robinette, K.C., counsel for Mr. Chambers, to allow the latter to go into the box, when called upon as the first witness, on an arrangement for the examination of witnesses in private. Mr. Chambers was then called by Mr. Robinette and sworn, but his counsel interposed, saying that Mr. Chambers would refuse to answer any questions at the present stage. He contended that the judge must proceed as in a civil case.

AGED RECLUSE NEAR AYLMER HAD STRANGE EXISTENCE.

AYLMER, Nov. 21.—(Special.)—Edwin Green, the recluse, referred to in yesterday's despatches was a most remarkable character in many ways. He was an Englishman by birth, but now long had lived in this country the neighbors could not say. He was a man, practically without a friend, as he apparently was not related to any friendly or kindly advances from the neighbors, and they soon found that the only way to get along with him was at all times to leave him alone.

TERRIBLY SCALDED.

Wade Smith Drenched With Hot Steam.

KINGSTON, Nov. 22.—Wade Smith was horribly scalded at the Cotton Mill this noon. He went to the boiler room to eat lunch, and had just seated himself when a pipe broke and boiling steam enveloped him. He was pulled away. His clothes had to be cut off, and with them came steamed flesh. He is now in the hospital in a critical condition. Smith is an Englishman.

INDIANAPOLIS, Nov. 15.—The only man in this town whom the financial panic has left unscathed is James Whitcomb Riley and that is because he has no babies. Just what relation babies had to the panic was not exactly clear, but Mr. Riley has stopped writing poetry and has become so scarce thru Indiana, that the babies are 'gaw cutting,' their teeth on certified cheques."

THE HOPE.

The fervent sun will splinter. The heavy storm clouds soon. Then you'll see old Winter Melt in a dream of June. —Atlanta Constitution.

INDIANAPOLIS, Nov. 15.—The only man in this town whom the financial panic has left unscathed is James Whitcomb Riley and that is because he has no babies. Just what relation babies had to the panic was not exactly clear, but Mr. Riley has stopped writing poetry and has become so scarce thru Indiana, that the babies are 'gaw cutting,' their teeth on certified cheques."

MAY SUBMIT A BYLAW FOR FILTRATION PLANT

Controllers Recommend It to Council—Dr. Sheard to Test Water.

The city council will on Monday deal with a recommendation of the board of control that a bylaw be submitted providing that a water filtration plant be installed at the island at an estimated cost of \$1,750,000.

BUILD SKYSCRAPER IN ONE DAY—A FACT

Baldwin, a Civil Engineer, Shows Plans and Says It Can Be Done.

CHICAGO, Nov. 21.—Plans for a mushroom skyscraper that can be built in a day were shown by F. W. Baldwin, a civil engineer, before the annual convention of the American Institute of Architects last night. He showed up twenty stories while you wait. The principle is "tetrahedral" construction, which Dr. Alexander Graham Bell first utilized.

WOULD-BE STENOGRAPHER NOT SOMEBODY'S DARLING

Advertisement in a Chicago Paper That Brought a Hundred Replies—Her Experiences.

CHICAGO, Nov. 21.—Miss Julia C. Dunkirk, of Indianapolis, inserted this advertisement in a Chicago newspaper and got 100 replies to-day: "I want to be somebody's stenographer or bookkeeper; not his sweetheart. I have been in Chicago three days answering want ads, and I've had more chances to be 'somebody's darling' than I ever knew existed. If there is a man in Chicago who needs help and would rather have a girl attending to business than making goo-goo eyes, I should like to hear from him. I already have a sweetheart of my own."

WHO OWNS THE LAND?

City Trying to Prove Ownership of Island Strip.

After two days of wading thru quantities of plans, charts and other technical documents, Justice Magee reserved judgment in the case of Ramsden v. the Corporation of the City of Toronto, in the non-jury assizes. Mrs. Ramsden is the widow of Thomas N. Ramsden, and is at present in possession of a piece of land on Fisherman's Island, which he lived on for fifteen years. She claims the land by squatters' rights. The city is trying to oust her on the ground that the land, of which here is a party, was deeded to the city by the Dominion Government in 1868.

INDIANAPOLIS, Nov. 15.—The only man in this town whom the financial panic has left unscathed is James Whitcomb Riley and that is because he has no babies. Advertisement for CARLINGS CELEBRATED ALE PORTER AND LAGER. NOTED FOR PURITY, BRILLIANCY AND UNIFORMITY. Includes an image of a beer glass.

WHO IS THE MOST POPULAR TEACHER IN TORONTO?

Really, I suppose it was foolish of me to be angry with this man. He was so insignificant. He leered and lapsed. I tried again—but what's the use? I hope I will get a place with some man who is too busy to care about jobsters and theatres."

DR. JOHNSON BICENTENARY CLUB.

Editor World: You will be interested to learn that we have established the "Dr. Johnson (Bicentenary) Club," la raison d'etre of which is to fittingly celebrate the two hundredth anniversary of the birth of Dr. Johnson—the Swan of Lichfield and the Sage of Fleet-street—one of the British Empire's literatures.

HITCHCOCK TRANSFERS PROPERTY.

NEW YORK, Nov. 21.—A quit-claim deed to property at Great Neck given by Raymond Hitchcock and his wife, Flora Z. Hitchcock, to Henry W. Savage, the theatrical manager, was yesterday filed in the county clerk's office at Mineola, L. I. No consideration is named in the deed, which shows that on Oct. 29 last the Hitchcocks deeded their residence and two plots of ground at Glen Cove to Mr. Savage. This property has a frontage of about 250 feet on the Sound.

INDIANAPOLIS, Nov. 15.—The only man in this town whom the financial panic has left unscathed is James Whitcomb Riley and that is because he has no babies. Just what relation babies had to the panic was not exactly clear, but Mr. Riley has stopped writing poetry and has become so scarce thru Indiana, that the babies are 'gaw cutting,' their teeth on certified cheques."

INDIANAPOLIS, Nov. 15.—The only man in this town whom the financial panic has left unscathed is James Whitcomb Riley and that is because he has no babies. Just what relation babies had to the panic was not exactly clear, but Mr. Riley has stopped writing poetry and has become so scarce thru Indiana, that the babies are 'gaw cutting,' their teeth on certified cheques."

DRAWING MONEY

If you have a Deposit Account with the Canada Permanent Mortgage Corporation you can withdraw money by mail just as easily as if you visited the Corporation's office.

Your signature to a blank receipt, which we will send you to fill out, is all the identification necessary. We will send you the Corporation's cheque for the amount you withdraw, or an express or postoffice money order, or if you prefer, we will send you cash by express or registered mail if of moderate amount.

Interest may be withdrawn any time after it is due on the first days of January, April, July and October. If not withdrawn, it is added to the amount and bears interest at THREE AND ONE-HALF PER CENT.

Thus you receive interest upon interest. No dollar you leave with this Corporation is ever idle. That is the reason savings grow so rapidly.

CANADA PERMANENT MORTGAGE CORPORATION, Toronto Street, Toronto

TRADING NARROWS DOWN AND PRICES ARE STEADIER Movement at New York Continues Uncertain—Toronto Reflects Wall St. Operations.

World Office. Friday Evening, Nov. 22. The Toronto Stock Exchange reflected a somewhat steadier tone today, due no doubt to the steadier tone of the New York market.

General Electric gained a point and a half under moderate selling, while City held its own, although it sold in New York at 69. Mackay Common was in better demand, selling up to 34, and Sao Paulo was dealt in at 30 1/2 a gain of a point.

Public Service Commission may approve agreement between B.T.R. and Long Island. Gross earnings of railroads beginning to show decrease for the first time in nearly 8 years.

Strong demand for stocks in loan crowd. Thirty roads for 2nd week, November show average gross decrease 1.87 per cent.

Northwest officials report decided improvement in traffic conditions since middle of month. Banks lost \$7,234,000 thru subsidiary operations since Friday.

MONTREAL—Some of the large New York houses with branches in Montreal are considering closing them, owing to the market falling off in business.

Heidelbach, L. & C. have engaged \$2,000,000 additional gold, making their total \$14,000,000. This makes total engagements on present movement to date \$48,130,000.

ALBANY—About 40 men employed in the shops of the New York Central at West Albany have been laid off. This is about a quarter of the entire force.

GLOBE, Ariz.—The First National Bank has closed its doors. Heavy drawings of exchange on the Globe National Bank suspended, forced the First National to suspend.

LONDON—Copper close, shows spot 459 1/8, a decline 1/8, from opening, but a gain of 1/16, from yesterday's close; futures 459 1/8, a decline of 1/16, from opening, but an advance of 1/16 from yesterday's close.

Earnings of Tenn Coal and Iron Co. applicable for dividends will run close to \$2,200,000 in currency year, which is far in excess of the charges on the steel corporation's sinking fund of 8 per cent bonds exchanged for stock of the Tenn Co.

CHICAGO—Ten thousand men who were employed on Pacific Coast extension of the Chicago, Milwaukee and St. Paul railway it has been learned already have had their wages reduced 25 cents a day and been notified of further reduction of 25 cents a day on December 1st.

NEW YORK, Nov. 22.—All grades of copper advanced an eighth of a cent a pound on the metal exchange today. The new prices were, Lake 13 to 13 1/4; electrolytic 12 3/4 to 13; casting 12 1/2 to 12 3/4.

PARIS, Nov. 22.—Prices on the Bourse today opened firm but yielded upon a general weakness of foreign exchanges.

Joseph says: Buy New York Central on little dips, but do not fear to take profits on rallies. Specialties—Union Pacific will be fairly well supported. Emelters' dividend will be regular, 5 per cent.

Regarding rumors that Union Pacific has been selling its St. P. Co. N. R. and North Pacific stocks, and with proceeds has been buying part paid certificates of these companies, a man would do under the circumstances.

There is no reason for the discrepancies existing between the market quotations of the part paid certificates and the stocks themselves. Therefore, the Union Pacific has upon a moderate scale, swapped a moderate portion of Great Northern and Northern Pacific stocks for the part paid certificates of these companies.—Dow Jones.

NEW YORK, Nov. 22.—Irregularity in the time money market is still non-

inal and stock market trading is therefore a day to day affair, with only such support as may be offered by short covering or small investment demand and such pressure as might result from special liquidation or settlement of loans.

A very favorable feature of the week money market was the decrease in the direction interior movement to \$15,538,000 for the week against an excess of \$21,000,000 last week.

During the late afternoon the markets became quiet, but preserved a fair tone, influenced by low currency premiums and belief that as far as treasury relief plans and gold exports could make them so, financial conditions would stand much improved with the coming week.

There were signs of fewer offerings of currency and an easier tone to the premium for cash funds, which was accepted as a favorable influence.

Ennis & Stoppard wired to J. L. Marshall, Spader & Co. to J. G. Beatty: The strength of the market at this time is too largely the result of local speculative conditions, and the technical condition in the contract market, to be relied on as an indication of the general trend of the values.

It is universally admitted that American spinners have already curtailed their production and that their takings of actual cotton will be largely reduced in any event for the next three months, with very few making preparations for full supplies later on.

We expect the same developments to follow as regards the export movement and that at least 1,500,000 bales less cotton will be received from this year's American crop more than was necessary last season. It will require a marketable change for the better in financial and mercantile conditions to alter this view of the situation.

THE DOMINION BANK PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS.

Interest Paid Four Times a Year

GILT-EDGED STOCKS ARE FORCED OUT. World Office, Friday Evening, Nov. 22.

The steady liquidation in bank stocks which has gone on for several days is perhaps the best evidence of stress in the local speculative situation.

It is certain that when holders are throwing over gilt-edged securities for the purpose of protecting speculative transactions, the extremity has almost been reached, as far as the public is concerned, and that purchasers of the securities so disposed of are being taken over by responsible interests.

There was little change in the Toronto market today. There was less activity, as most of the trading accounts were balanced on yesterday's business.

Sentiment on the speculative side of the market is not yet righted, and until this is apparent, no permanent improvement in prices can be cited. Herbert H. Ball.

TRADING IS DORMANT IN THE MINING STOCKS

At Toronto Stock Exchange—Curb Sales of Only One Stock Eventuate.

World Office, Friday Evening, Nov. 22.

The conspicuous feature of the Cobalt list to-day was the entire absence of activity and the apathy of the public to trade.

Not for some time has the list been as dormant as on this date. The Toronto Stock Exchange curb only recorded one sale to-day, that being 300 shares of Foster at 51-2, a decline of 1-1-2 per cent. from yesterday's close.

On the Standard curb, Silver Queen was dealt in at 88, Cobalt Lake at 101-1-2 and 10-3-4; Green-Meehan at 15, Silver Leaf at 29, and Silver Leaf at 7-1-2.

Brokers say to-day that the mining market is generally quiet, and until some definite force generates it will continue in a state of equilibrium.

TO UTILIZE MAGNETITE. Bureau of Mines Investigating Iron Industry of Province.

George C. Mackenzie of Nova Scotia, formerly of Brantford, has been commissioned by the bureau of mines and geology to make a report on the iron ore industry of Ontario, with special reference to the utilization of the magnetite deposits of Eastern and Northern Ontario.

The enquiry will cover the process of concentration and purification of ore. There are large deposits of magnetite in Hastings, Renfrew and Lanark counties. Mr. Mackenzie may also visit some localities in the United States, where concentration processes are in use.

IMPROVEMENT STEADY. General Manager Doran Returns After Visit to Foster.

Manager Doran of the Foster mine has just returned from Cobalt and says: "Marked improvement continues in the Foster property. There is more ore on hand than ever before. We have 40,000 or 50,000 worth of ore bagged and ready to ship to the mill. The value of the new vein of the Foster mine, like the new vein of the Foster mine, has ceased to rise, and the value of the Foster mine is now being made westward before the close of navigation. Hardware and metal prices are steady, and the value of the Foster mine is now being made westward before the close of navigation.

Hardware and metal prices are steady, and the value of the Foster mine is now being made westward before the close of navigation.

Hardware and metal prices are steady, and the value of the Foster mine is now being made westward before the close of navigation.

WILLIAMS & COMPANY BROKERS

Toronto, Nov. 22nd, 1907.

WENDIGO LAKE DISTRICT.

Next "Rush" Will Be There—Some Splendid Discoveries.

COBALT, Nov. 22.—Copeland and Wm. Evans, having returned from Larder Lake, says that the next Mining Camp in Northern Ontario will be at the Wendigo Lake district.

Prospectors are going into this district now. It has been stated all along the chain of Lakes which run through the townships of Bayley, Skead and Hearst.

The Wincoke Mining Company has 14 claims in this district on which they have found nicotite, galena, copper pyrites, parquy quartz—carrying free gold to a dark bluish quartz, which assays high in gold. They have run a vein from rhyolite, carrying 77 in nickel, 35 in silver and the quartz carries 34 to 55 a ton in gold. A large

vein of silver and the quartz carries 34 to 55 a ton in gold. A large

vein of silver and the quartz carries 34 to 55 a ton in gold. A large

vein of silver and the quartz carries 34 to 55 a ton in gold. A large
