COMMERCE BOARD "O.K.'S" PRICE FIXED BY SUGAR REFINERS

Twenty-Six Cents Per Pound to Be Basis of Charge to Public.

SMALL LOTS HIGHER

Ottawa, July 20.—(By Canadian Press.)—In an order issued by the board of commerce this afternoon, approval is given by the board to the action of sugar refiners in fixing prices at 26c per pound. It is also provided that the sale of granulated sugar, at a price higher than 26c per pound plus freight, if any, will be held by the board to have been made at a price which includes an unfair profit.

The order states that where sales in small quantities are demanded, and by reason of currency limitations it is impossible to make exact payment for sugar in exact conformity with the provisions of the order, then if the demanded sale is of one pound, and the price, in exact conformity with the order is 26c, or less, the sale, if made, shall be for 26c, but in such case the dealer may refuse to sell only one pound, and may require purchase of four pounds, whereupon the price shall be \$1.05 for four pounds.

Scale of Prices.—Where the demanded sale is of one pound, and the price, in exact conformity with the provisions of this order is 26c, or less, but more than 26c, the dealer may refuse to sell less than two pounds, and the sale price for the two pounds shall be 52c. Where the demanded sale is of one pound and the price in exact conformity with the provisions of this order is 26c, or less, but more than 26c, the dealer may refuse to sell less than four pounds, and the sale price for four pounds shall be \$1.07.

PAPER SHORTAGE BLAMED ON CANADA

Claimed That Provinces Have No Right to Prohibit Exportation.

Asheville, N.C., July 20.—Blame for much of the shortage of print paper in the United States was laid to Canada by Colonel W. E. Haskell, vice-president of the International Paper Company, in an address before the Southern Newspaper Publishers' Association.

He declared there was no justification for the measures adopted by the provinces of Ontario, Quebec, and New Brunswick prohibiting the exportation of native timber which had not been manufactured into lumber, pulp, or paper.

CANADIAN RAILWAY MEN BENEFIT BY THE AWARD

Winnipeg, July 20.—Two hundred thousand railway workers in Canada will benefit to the same extent as United States railway employees by the award announced in Chicago today, it was estimated by one of the highest railway officials in Winnipeg.

The award will mean increases in wages aggregating \$70,000,000 in Canada, he said.

WEST'S CROP SITUATION IS AT A CRITICAL POINT

While Outlook Is Termed by No Means Desperate, Rain Is Vital Need To Save Grain in Many Sections—Some Damage From Grasshoppers.

Winnipeg, July 20.—(By Canadian Press.)—While the west needs rain, and in some districts needs it badly, the crop situation in the prairie provinces is by no means desperate, according to reports collected here today. The weather forecast promises showers in many localities in Alberta and Saskatchewan, and cooler weather in Manitoba, all of which will be beneficial. Some crop areas, notably southern Alberta, report phenomenal growth and good prospects. Some districts in Manitoba and Saskatchewan are suffering from lack of moisture, which has been accentuated by a period of high temperature. Moose Jaw district needs rain very badly. In northern Saskatchewan conditions are "somewhat critical." It appears, however, that substantial rains within the next week or so will save the situation in most cases.

Reports from representative points follow: Regina.—A crop report issued by the provincial department of agriculture, covering the Weyburn, Moose Jaw, Sasquon and Yonda districts, shows that with the exception of those around Moose Jaw and Prince Albert, crops are going back on account of excessive heat and lack of moisture. The report does not touch the Swift Current country, which unofficially reports are in excellent shape. Abundance of moisture is reported from the Mayrton, Gravelbourg and Palmers districts of the Moose Jaw district; elsewhere rain is badly needed. Some crops are being plowed in.

THREE MEN FRAME FAKE "HOLD UP"

But Under Police Cross-Examination One Gives Game Away.

Three men were arrested on charges of their last night after Detective Nurse, McConnell and Stewart had investigated the story of a collector for a downtown store that he had been robbed of \$25 by two gunmen. Also suspicious were the detectives of the complainant's story that they worked on the theory of a "fake hold-up," and within a short time the complainant and the two other men were locked up in West Dundas street station.

Charles Beck, 126 Marguerite street, a collector for J. M. Burney, butcher, at Queen and Terminal streets, reported to the police that two men had stopped him with a gun and stolen his receipts, amounting to \$22. Beck was cross-examined, and finally admitted that he had a hand in the supposed robbery. Joseph Smith, 23 West Charles street, and John Warrington, 88 Wolsley street, the other two men in the case, were then approached and placed in custody on charges of theft. It appears the three men met behind a Yonge street hotel and planned the hold-up story. They then went to the barn in the rear of McBurney's store and hid two money bags. After telling his tale to the boss of being robbed, the storekeeper sent Beck to the police to lay a charge of robbery. Here Beck is said to have lost his nerve, and his conflicting stories of the affair finally led to a confession.

TWO GIRLS DROWN AT MOUNT FOREST

Reta Cook, Aged 15, Dies in Effort To Save Child.

Mount Forest, July 20.—A double drowning accident occurred here this afternoon. The victims were Dorothy Maxwell, aged four years, and Reta Cook, aged 15 years. While crossing a foot bridge over the river, Dorothy Maxwell fell in and Reta Cook hastened to the rescue, but the current proved too strong and overpowered her. A third little girl went in after them, but the water being so deep and swift, she was of no assistance and scrambled back to shore.

Troops Guard Munition Store From Possible Sinn Fein Raid

Dublin, July 21.—Fearing a raid by Sinn Fein military forces today occasioned a large foundry here belonging to the unions, and in which quantities of shells and munition cases were stored.

Canada's Crop and Its Marketing

The supreme question in Canada today is What will the harvest be? Are we to have a grain crop that will bring in a billion dollars to our farmers? Two hundred million bushels of wheat exported at \$2.50 a bushel is half a billion dollars alone. And other things that we raise and feed to our stock will bring in many millions for our meat and dairy output.

Three-quarters of a billion dollars to distribute among our farmers and the stores that supply them, and to pay the transportation organizations that carry the crop to the consumer will put a hum into business, encourage immigration, bring in thousands of new settlers from the States well supplied with money, implements, cattle, enterprises.

For the next three weeks the bulls and the bears will be sending out contradictory reports of the yield; of blights, of rust, of grain unripened, perhaps of frozen wheat; but in spite of all this the indications are of a big yield and high prices. And the farmers of Canada have better transportation in the way of railways, train equipment, and a merchant marine, the best we ever had, than have the farmers of the States. We can sell and deliver wheat to them better than they can compete with us in Europe.

TARIFF REVISION IS NOW TO FORE

Drayton Preparing to Carry Out Main Plank in New Party's Platform.

Ottawa, July 20.—(Special.)—With the political situation clarified, Sir Henry Drayton, finance minister, is preparing to carry out the main plank in the National Liberal and Conservative party platform, namely, revision of the customs tariff. Thus far the principal decisions come in regard to the inquiry as to it shall be wide open to the public, that it shall be exhaustive in scope, and that all sections and interests in the country affected by the tariff shall be given every opportunity to be heard. It is yet undecided as to whether the inquiry will be conducted by a special board appointed for the purpose, or by a committee of the cabinet aided by technical experts. It is altogether probable, however, that a ministerial committee of the cabinet, aided by experts will be held and evidence taken in an important centre from Sydney to Vancouver.

The tariff, in all probability, will be the dominant issue of the next session of parliament. The McGeen ministry, and the National Liberal and Conservative party's tariff policy will be disclosed in concrete form in the budget then brought down, and the effect on the political situation will go a long way toward clearing up the present somewhat blurred position.

HOLD DEPUTY REEVE ON SERIOUS CHARGE

Hugh McClean Faces Charge of Defrauding Fire Insurance Companies.

Owen Sound, Ont., July 20.—Hugh McClean, county councillor of Grey and deputy reeve of Collingwood township, has been placed under arrest charged with the alleged defrauding of several insurance companies. The arrest created a big sensation, particularly around the village of Ravenshoe, where McClean lives. It is alleged that three fires have occurred recently on McClean's farm, the damage on each occasion being heavy. An investigation followed and the circumstances led to the arrest of the young man.

WANTS 6-CENT CAR FARE

Winnipeg, July 20.—A eight-cent car fare in Winnipeg is necessary if shareholders of the Winnipeg Electric Street Railway are to get a fair return on their investment, stated Isaac Pitblado, K.C., representing the shareholders before the board of the company today. The public utilities commission today.

SHOOTING FOLLOWS MURDER OF POLICE IN GALWAY TOWN

Fires Started in Different Localities and Town Hall Consumed.

MILITARY ARE BLAMED

Tuam, County Galway, Ireland, July 20.—There was promiscuous shooting and several buildings were burned, including the town hall, in an outbreak here early this morning, resulting, according to the townspeople, from the killing of two policemen near Tuam last evening.

The firing began at five o'clock, arousing the inhabitants and driving them to shelter. Later fires were started in different parts of the town, doing £100,000 damage, according to the Press Association. The military forces were called out, but were soon withdrawn. The number of casualties was unknown up to this afternoon.

RAILWAYS ACCEPT AWARD OF BOARD: MEN ARE DUBIOUS

Probable That Wage Increase Will Be Submitted to the Unions for Vote.

RATE INCREASE NEEDED

Chicago, Ill., July 20.—Whether the spectre of a general railway strike in the United States has been laid by the \$600,000,000 wage increase granted today to more than 1,800,000 railroad employees tonight remained undecided. Brotherhood officials, after all-day conferences, made no attempt to conceal their disappointment that they did not get all of the billion-dollar increase they asked. The belief, however, in the absence of any talk of an immediate strike, that the union officials would submit the award, probably without recommendation to a referendum on the men, is a decision on this point was promised tomorrow by W. G. Lee, Cleveland, grand president of the Brotherhood of Railway Trainmen.

EMERGENCY ORDERS IN COAL SHIPMENTS

Railways Instructed to Give Priority to Northwest and Canada.

Washington, July 20.—New emergency orders were issued today by the United States Interstate Commerce Commission, giving priority in the movement of the winter stock of soft coal to the northwestern states and Canada.

More than a score of railroads serving mines in western Pennsylvania, Ohio, West Virginia, Kentucky and Tennessee, were directed by the commission, not only to give preference in the movement of coal for the territory at the head of the great lakes, but also to give preference in the supply of cars for such shipments. Coal operators within the district served by the railroads will be required to fulfill the wants of the north-west before filling orders for other sections, the commission directing the railroads to place an embargo on such letter movement, if it should be attempted by the coal men.

"JOE" HAYCOCK'S HAT AGAIN IN THE RING

Kingston, Ont., July 20.—(Special.)—J. L. Haycock, ex M.P., who served as a Patriot in the Fenian movement in Ontario county in 1856, promises to take a prominent part in the next federal election, advocating the "No Federal Taxation" as the best revenue producer for meeting the public debt.

Pazant Scythemen to Oppose Advance of the B. sheviki

Warsaw, July 20.—Pazant scythemen of Modlin, reviving the traditions of Kosciuszko, who fought the Battle of 1794, marched thru Warsaw today en route to Poland's eastern frontier to take a stand against a possible invasion by the Bolsheviks.

WON ON MERITS DECLARES JARVIS

New York, July 20.—Commodore Augustus Jarvis, of Toronto, who was a guest of Sir Thomas Lipton on the Victoria during today's race, tonight gave the Canadian Press this statement: "Today's race was won by Shamrock wholly upon her merits and the benefits her skipper and crew have received thru the experience of the two previous races, which are practically the only two real tests. "Skipper, crew and ship are becoming better acquainted with one another. It will always be a tight squeeze to overcome her large time allowance, but with equal conditions of wind, I believe she will do it."

RAILWAYS ACCEPT AWARD OF BOARD: MEN ARE DUBIOUS

Probable That Wage Increase Will Be Submitted to the Unions for Vote.

RATE INCREASE NEEDED

Chicago, Ill., July 20.—Whether the spectre of a general railway strike in the United States has been laid by the \$600,000,000 wage increase granted today to more than 1,800,000 railroad employees tonight remained undecided. Conceded Defender Seven Minutes and One Second and Won by Elapsed Time of Two Minutes 26 Seconds—Cheers Greeted Challenger as She Crossed Finish Line.

YACHTS TO RACE AGAIN TODAY.

Sandy Hook, N.J., July 20.—Shamrock IV, British challenger for the America's Cup, sailed home wing and wing to her second victory over the defender, Resolute, today and placed herself within striking distance of the coveted trophy. Tomorrow's meet—if she wins it—will clinch the series for Shamrock IV, while Resolute must take three straight to keep the famous cup on this side of the Atlantic.

Today's race, the first of three starts in which both yachts crossed the finish line, saw the trim hull of Sir Thomas Lipton's emerald challenger, and her vast spread of white canvas always in the lead, save for a brief period at the start when her balloon jib toppled fouled as it was broken out, and Resolute forged temporarily into first place. The thrills were all saved for the last 12 miles of the 30 mile triangular sail. Both yachts had laxed along in a vagrant breeze, Shamrock steadily drawing away from her glistening white pursuer, until the challenger came within about two miles of the second mark. There she caught a freshening northwester and spurred up, breaking out her balloon jib topsail and spinnaker as she rounded the stake, for a wing and wing run home before the breeze. Resolute was still floundering along in a near calm, more than a mile from the stake, suddenly the breeze struck her and the trim craft, heeling over under her decks, was washed darts forward in pursuit. She seemed fairly to leap thru the sea, flinging the white spray high as she tore along. She gained the mark in incredibly short time, and swinging close to the buoy, broke out her balloon and strained forward like a thoroughbred on the home stretch. But a tricky breeze, which had appeared to favor Shamrock from the start, had given the challenger too great a lead to be overcome and she swept across the finish line at Ambrose Channel lightning nine minutes and 27 seconds ahead of Resolute—a victory by two minutes and 26 seconds after the handicap, imposed because of her greater sail area, had been deducted. (Continued on Page 8, Column 3).

PRESIDENT BEATTY ON NEW STATION HOLD-UP

Delay All Because of Viaduct Order of Board of Railway Commissioners—Head of C.P.R. Wants Joint Discussion of All Parties—Both Companies Anxious to Use Station — Mayor Church Will Do Handsprings Today.

The World has at last found out the delay in using the new three million dollar railway station and postoffice to take the place of the old Union Station at Toronto's railway front? As was said in these columns more than once, it was the order of the Board of Railway Commissioners to elevate the tracks to the east by a mud-wall. This is what President Beatty (C.P.R.) and President Kelley (G.T.R.) say in the following telegram in reply to one addressed to Mr. Beatty by The World:

Montreal, July 20. W. F. Maclean, Toronto: Your message of 19th, which I have discussed with President Kelley of Toronto Terminals Company, New Union Station is not being used because physically impossible to do so without track rearrangement to permit of operation on present track levels. Track rearrangement cannot be proceeded with unless Railway Commission and other parties to viaduct order and agreement agree to this method of operation. Plans showing suggestions shortly take place. Approval of government as owners Grand Trunk properties now, of course, necessary. Companies most anxious to put the station into use as soon as possible.

Mayor Church must have known this situation for months, especially after his many and friendly conferences with the MacTier of the Seepyster. But his worship would not take any steps. The World believes the C.P.R. offered to build overhead bridges across Yonge and Bay streets and a new roadway between them south of the tracks. This to be a ten-year substitution for the viaduct order so that reconsideration might take place. But in any event relieve the passenger, express and postal services.

Sir Henry Drayton, who, on behalf of the city, got the viaduct order from the Railway Board, told The World three weeks ago that the plan suggested by President Beatty in the above telegram is the only way out of the difficulty.

But where is Mayor Church and his plug hat, came and bokay, always so conspicuous when the vice-president came to town, also in fall hat and most presentable morning coat and poney? This sidestepping has been going on ever since the ground was broken and the C.P.R. put up all the money to build the Grand Trunk's share in the Toronto Terminals Co. But this point is not raised by Mr. Beatty. He wants action by the city, by the Railway Board, by the Dominion government. The latter has already spent a million or more on the new postoffice, which can only handle efficiently the greatest postal traffic in Canada, at any one point by rearrangement of the track levels.

The postmaster-general of Canada is bound to ask his colleagues, including the minister of railways and the minister of public works, why they are delinquent in turning over this most costly postoffice to public use now that it is about completed.

The World has got out the facts why the many thousands who will attend Canada's National Exhibition must go and come by the dirtiest, darkest, and most inconvenient metropolitan station in the Dominion. Of course, Mayor Church will be down at his office at nine this morning to send out a fleet of telegrams in favor of direct action and at the same time turn a series of Churchillian hand springs. Also a prolonged "holier" for the police to send Beatty and Kelley up to the Gaol Farm for unlimited detention and potential work in the city's hayfield and dairy stables.

BOLSHEVIKI ARE NOW IN SIGHT OF POLAND SHAMROCK IS NOW FAVORITE IN BETTING

Warsaw, July 20.—The Bolsheviks on the northern front are in sight of Poland, proper. North of Grodno, and just east of the Niemen River, according to Monday night's official statement, the Bolsheviks have assembled masses of troops and are attacking along the Vins Railroad in their drive on Grodno. Activity is reported along the entire front, and the Bolsheviks have been repulsed in several places. In some places it is estimated they are making an average daily advance of nine to twelve miles.

MUCH ILLICIT LIQUOR TRAFFIC

Chief Slein of Brantford Says He Has Unearthed System.

Brantford, Ont., July 26.—(Special).—The local police have of late been showing a lot of activity in the matter of running to earth local bootleggers. Chief Slein stated this morning that he had learned this system under which the liquor is being brought surreptitiously to Brantford. The chief said: "They are having liquor shipped to this address and that address and the address knows nothing about it. They go to the freight shed, claim the stuff and remove it before any delivery is effected, and the only way to put a stop to that is to have the address, and him only, sign the bill of lading." Other deliveries, it is said, are being made by truck from outside points.

Sergt. Major Alfred Taylor, formerly of the Dufferin Rifles and the 215th Battalion, and a well-known local plumber, passed away at his home, 388 Colborne street, this morning. Four of his ten children served overseas.

At a conference of the chairman of the standing committees of the city council and representatives of the various public utilities commissions of the city, called to consider the appointment of a city engineer, the suggestion of Secretary F. W. Frank of the waterworks commission that a monthly conference of the city and commission heads should be held, received general approval. There are 16 applicants for the position of city engineer.

READY FOR FRAY IN NOVA SCOTIA

Farmers to Contest Number of Seats Against Old Parties.

Halifax, N.S., July 26.—(Canadian Press).—Today was nomination day for the provincial elections in Nova Scotia on July 27, and there will be contests in every county. The Liberals have candidates in every county except Colchester, where Liberal and Conservative farmers are opposing the straight Conservatives. The Conservatives have no candidates in Digby, Annapolis, Antigonish and Guysboro counties, and only one candidate in Pictou, Yarmouth and Hants. In these counties the Farmers are opposing the Liberals.

HOWARD G. KELLEY BACK IN MONTREAL

Montreal, July 26.—Howard G. Kelley, president of the Grand Trunk Railway, and chairman of the management of the co-ordination of Grand Trunk and Canadian National Railways, has returned to Montreal after attending the Association of Railway Executives in New York. It was erroneously reported in a New York despatch of Friday last, that E. W. Beatty, president of the Canadian Pacific Railway, was the only Canadian railway executive who attended the meeting.

WORKING OUT DETAILS OF SIX MILLION CONTRACT

New York, July 26.—Mr. F. A. Boyer, of Boyer, Shinn and Company, Montreal, who has been in New York in connection with the six million dollar contract which his firm has with the Russian soviet government bureau here, returned to Montreal tonight. He stated that progress was being made in working out the details of the contract, but that he was not yet in a position to make any further announcement in connection with it.

MEXICAN GENERAL RELEASED.

Mexico City, July 26.—General Pablo Gonzalez, former candidate for the presidency charged with being the leader of the abortive revolution in the State of Nuevo Leon, has been unconditionally set free by order of General Calles, the war minister, as no longer constituting a peril to the administration, according to official announcement this afternoon.

BACK AT OSGOODE

For the first time since his recent illness, Sir William Muter, justice, paid a visit to Osgoode Hall yesterday morning. He looked quite fit again, and was warmly welcomed at the hall.

Paris Fashions In False Teeth

Paris, Mar. 8.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Coraga, procurable at drug stores and dental dealers. This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows a complete massification of foods with ease, relaxes facial muscles and prevents sore gums.—Adv.

FIGHT BY ELECTIONS, URGES HON. MR. KING

Ottawa, July 26.—(Special).—Hon. W. L. Mackenzie King has issued a statement advocating opposition to government candidates in by-elections pending, claiming that the government is agitating and should be holding a general election instead of by-elections. He will also address eight meetings in Ontario during August, making North York where he is nominated, his headquarters. In September he leaves for British Columbia and will hold a series of meetings in the four western provinces.

FRENCH CHAMBER PASSES A VOTE OF CONFIDENCE

Paris, July 26.—The chamber of deputies voted confidence in the government today 420 against 152, after Premier Millerand had explained the Spa conference's decisions, discussed the Turkish, Syrian and German questions, and pledged France's aid to Poland, in consequence of the Bolsheviki having "replied with unusual impertinence to the ultimatum of Premier Lloyd George for an armistice."

TO DEFEND POLAND IF NO ARMISTICE

Paris, July 26.—Referring to Premier Lloyd George's ultimatum to soviet Russia, that if the armistice were not accepted Great Britain and her allies would defend Poland with all their forces and in every way, Premier Millerand told the chamber of deputies today: "France will keep her word, as I am sure Great Britain will be faithful to hers."

The premier reminded the deputies that General Wrangel, the anti-Bolshevik commander in south Russia, had achieved striking successes against the Bolsheviki and had installed a government that recognized the obligations of the preceding Russian government, and had won the sympathy of the population by agrarian reforms.

C. P. R. TO OPERATE EDMONTON LINE

Edmonton, July 26.—The Edmonton, Dunvegan and British Columbia Railway will be operated by the Canadian Pacific Railway beginning at once. The above is the information conveyed by wire from J. D. McArthur at Montreal to Dr. McLennan, manager of the road in Edmonton. The wire says that operating agreement between the Edmonton, Dunvegan and British Columbia Railway Company and the Central Canada Railway Company has been completed with the Canadian Pacific Railway, the agreement to take effect at once.

RAILWAYS ACCEPT THE WAGE AWARD

(Continued From Page 1). 1918, that the man who received the least should get the most. Cost of Living Question. The board in its announcement said: "It is clear that the cost of living in the United States has increased approximately 100 per cent. since 1914." The decision added, "In many instances, the increases to employees herein fixed, together with prior increases granted since 1914, exceed this figure. The cost of living and wages paid for similar kind of work in other industries, however, differ as between different parts of the country. Yet standardization pay for railroad employes has proceeded so far and possesses such advantages that it was deemed inexpedient and impracticable to establish new variations based on these varying conditions."

ATTACKED JAIL GOVERNOR.

Montreal, July 26.—Duncan Young, proprietor of a Chinese restaurant, was today charged in the court of special session with aggravated assault upon Governor Landraut, of Bordeaux jail. The alleged assault took place on February 20 last, and Landraut testified today that after ordering him out of the restaurant, Young attacked him with a heavy steel case for sharpening knives, and afterwards gashed him on the chin with a bread knife. The case was adjourned until Thursday.

THREE-YEAR SENTENCE.

Ottawa, July 26.—Three years in Kingston Penitentiary was the sentence meted out by Magistrate Cummings of Eastview to Charles Shindel of that town, convicted of having broken into another man's property and having stolen some hens. Another charge which was to have been pressed, that of having a "stake" on his property, will probably be dropped in view of Shindel's indictment.

RAIN VISITS REGINA.

Regina, July 26.—Rain fell over the city and district tonight about 7.30 o'clock. While it did not last any time, it brought relief to suffering citizens and the country grain. From reports received from various points it would appear that the shower was fairly general throughout southern Saskatchewan.

CALGARY ALSO VISITED.

Calgary, Alta., July 26.—A light thunderstorm broke over the city this afternoon and brought with it a fall of rain which did much to cool off the citizens who have been sweating in extremely hot weather. There was also a light rain fall Monday evening. Crop conditions are excellent.

OUT FOR SMALL PROFITS.

Henry Claws says: "With respect to the general market, no one is winning very large profits at the moment, although the speculative are not lacking in opportunities. Railroad shares continue to be the favorites, but are handicapped by the money situation, which is still tense. The belief prevails that the Interstate Commerce Commission's decision relative to freight rates will be made public very shortly, and, according to report, this will treat the roads in a liberal manner."

ASSUME VEIL IN HAMILTON CONVENT

Solemn Ceremonials Attended by Relatives and Friends of Newly-Received.

Hamilton, July 26.—(Special).—The reception and profession of sisters in the congregation of St. Joseph's took place at St. Joseph's Convent, North Park street, today. Mass was celebrated by Rev. J. A. O'Sullivan, St. Mary's Cathedral, and the sermon was delivered by Rev. P. J. McNiff, S.J., of Guelph. The candidates for the habit were then interrogated by Rev. T. Malone of Dundas, representing His Lordship Bishop Dowling. The ceremony of profession followed.

The young ladies who received the habit were: Miss Florence Spafford, Hamilton, formerly of Rochester, N.Y., to be known in religion as Sister Mary Columba, and Miss Annie Kelly, Hamilton, formerly of Adajia, niece of Rev. John Kelly, C.S.B., and Judge Kelly, Toronto, whose name henceforth will be Sister Mary St. Joseph.

Final vows were made by the following novices who have now completed their novitiate, and are now regarded as professed members of the community: Sister Mary Leonie, formerly Miss Margaret Martin, Markdale; Sister Mary Annunciate, Miss Elizabeth Campbell, Arthur, niece of Dr. J. A. Campbell, Toronto; Sister M. Celestine, Miss Bertine O'Sullivan, Hamilton, of the cathedral staff of high school teachers, and sister of Rev. J. A. O'Sullivan, St. Mary's Cathedral.

First vows were pronounced by Sister Mary Margaret, A.T.C.M., formerly Miss Mary McIntyre, of Brantford; Sister Mary Rosalind, Miss Carmilla Steffler, of Guelph; Sister Mary Loyola, Miss Genevieve Bosch, Arthur; Sister Mary Josephine, Toronto (Faculty of Education); Sister M. Irene Kenny, Carleton Place. In the sanctuary were: Rev. W. L. Kelly, C.S.B., of Toronto; Rev. W. Gallagher, Montreal; Rev. T. Ferguson, Arthur; Rev. A. Capps, Mount Forest; Rev. P. Padden, Brantford; Rev. P. Maloney, Rev. J. Bonomi, St. Mary's Cathedral; Rev. J. Englert and Rev. J. McConnell, St. Ann's; Rev. J. Mulvay, St. Patrick's; Rev. A. B. Lyles and Rev. J. Bonomi, St. Joseph's; Rev. J. Hinckley, St. Lawrence's, and Rev. T. Tarasuk. Judge Kelly was also present at the ceremony, and many relatives and friends of the newly received and professed.

FORTY-SEVEN MILL TAX RATE STRUCK

Mimico Town Council is Forced to Make Big Increase.

Mimico's tax rate for 1920 was struck at 47 mills on the dollar at a special meeting of the town council held on Monday evening. This is an increase of 12 mills over last year's rate, and is accounted for entirely by the increase in the cost of materials and of labor. At the present time the municipality has no large undertakings under way. Mayor L. J. West points out that the financial condition of the town is very good, and despite the stringency now ruling in the money market, as an instance of the increase, the case of the school expenditures demonstrates the situation very well. The general account of the school shows an increase of \$12,000 over last year, made up largely of raises in salaries. The debenture payment for school purposes has also increased \$52,784.

NO MOONSHINE IN MYSTERIOUS VALISE

Cops Thought Hot on Trail of Bootlegger—Contained Spikes.

That appearances are of times deceptive and that it is not always wise to judge the book by the cover was aptly illustrated in an incident which occurred at the Tpdormden bus line terminus, corner of Broadview and Danforth avenues, last evening during the rush hours. While the homebound Todormdenites were boarding the bus after their day's labor, it was noticed that one of their number, a quietly dressed man of respectable appearance, was carrying an apparently rather heavy suitcase, which he deposited under his seat with more than ordinary care. Were Too Officious.

Two gentlemen of a more ordinarily obedient turn of mind, and careful no doubt, for the sobriety of the Todormden residents, called the attention of the police on duty near by. The officers of the law ordered the man with the suitcase to leave the bus and open his bag for their inspection. So securely was the suitcase strapped and buckled that some considerable time was taken in opening it, the proceedings being watched with lively interest by a large crowd. When at length the case was opened it was found full to the brim of four-inch iron spikes. The laugh which went up could be heard, it is stated, many blocks away, while the officious gentlemen and the officers of the law melted silently into the night.

PILES

IRISH WILL NOT COMPETE UNDER THE BRITISH FLAG

Brussels, Belgium, July 26.—After correspondence between the Olympic committee and the British Olympic sports committee, the executive committee of the Olympic games has refused Ireland permission to participate in the seventh Olympiad as a separate nation. The Irish athletes refused to compete under the British flag, and wrote the Olympic executive, stating that they would enter in a number of events if they were allowed individual standing. As Ireland had not been included in the list of nations represented on the international Olympic committee, the Belgian executive, facing a delicate situation, sought to gain Great Britain's consent, but failed.

BROTHERS ATTENDED JOACHIM'S FUNERAL

Potsdam, July 26.—Funeral services for Prince Joachim, youngest son of former Emperor William, were held today in the Friedenskirche. They were attended by his brothers, Princes Felix, Frederick, Adalbert, August and Oscar, and numerous former officers, intimates of the dead prince, and personages connected with the one-time imperial circle. After the ceremony the coffin was temporarily transferred to the Bigmumund Chapel, which is attached to the Emperor Frederick mausoleum.

SPECIALIST CALLED TO DOORN

Doorn, Holland, July 26.—Dr. Vandenberg, who assists the court physician in the treatment of the former German emperor, was called into consultation at Doorn castle today, and decided that the condition of the former empress was such as to forbid her being informed of Prince Joachim's death.

BOYS WELL EQUIPPED WITH SKELETON KEYS

Hamilton, Ont., July 26.—(Special).—Thirteen-year-old Tommy Williams, Kelly, C.S.B., of Toronto, was captured this evening, and is being held by the police on charges of shopbreaking. The lad was apprehended by P. C. Fleming at Cannon street and Glendale avenue, in company with his brother. When the boys were searched nearly a hundred skeleton keys were found in their possession, together with a flashlight. They admitted breaking into several places, the police state.

MRS. WM. WORRON DEAD.

Hamilton, July 26.—(Special).—Mrs. Mary, wife of William Worron, 478 North John street, passed away in St. Joseph's Hospital this evening. Her husband, four daughters and three sons survive. The funeral will take place Friday morning.

MRS. FLETCHER HURT WHILE BOARDING CAR

Hamilton, July 26.—(Special).—Mrs. K. Fletcher, 352 North Emerald street, while boarding a street car at the corner of James and York streets this evening, fell to the pavement. While she was being assisted to the rear platform, the car started and she lost her footing and fell. She was removed to her home. The motorman is alleged to have started the car without the go-ahead signal having been given.

OPERATION ON CHILD.

Hamilton, July 26.—(Special).—Leola Lando, 28 Gulse street, a child, was operated on at the General Hospital today for the removal of a cherry pit from her ear.

ACCUSED OF VAGRANCY.

Hamilton, July 26.—(Special).—Dimitrie Elieff, 402 North Sherman avenue, and Henry Hogan, 21 Robert street, were placed under arrest by P.C. Myers this evening. They are charged with vagrancy.

FOOT INJURED.

Hamilton, July 26.—Irish Frank, 41 George street, was taken to the General Hospital today, suffering from laceration of his left foot. He was allowed to be taken to his home after his wounds were dressed.

FAIR AND SQUARE START TO FINISH

Visitors on Steam Yacht Victoria Delighted at Victory of Sir Thomas.

On Board Steam Yacht Victoria, July 26.—It is generally admitted that today's race was a triumph for the Shamrock. She won a fair and square race from start to finish, without stukes or accidents, and the victory is a tribute both to Skipper Burton, and Designer Nicholson. The yacht behaved magnificently throughout, and, after passing the first mark, the result was never in doubt, always provided that the wind held sufficiently to allow Shamrock to finish within the time limit. She led Burton's except for a few minutes at the start, and Resolute never looked like catching up.

The progress of the race was watched with the most intense interest on board the Victoria. All on board British and Americans, alike, fervently hoped that the Shamrock would win, and a burst of cheering accompanied by the wild tooting of steam whistles on all sides from the dozens of excursion craft following in the wake of the racers saluted Shamrock IV, as she turned each minute 1 second handicap, and after she had crossed the line the spectators on the Victoria lined the rail, watches in hand, anxiously watching the defender speeding up from the rear in a last desperate effort to beat the challenger on time. It was a close thing, and when Designer Nicholson from bridge shouted out that the seven minutes had expired, and it was seen that Resolute was still short of the finish line, enthusiasm broke all bounds.

Sir Thomas, on the bridge, was surrounded by a swarm of his intimates shaking hands and clapping him on the back, while the other passengers on the deck below went to their feelings in a series of cheers, singing, shouting and dancing, while the excursionists on decks of steamers in the vicinity, no less pleased, megaphoned congratulations to the winner. "Where will you keep the cup?" shouted one enthusiast. "He's all right, is Tommy," bawled another. Much speech-making followed. Commodore Jarvis, of Toronto, and Miss Jarvis were with Sir Thomas following the progress of the race.

MRS. FLETCHER HURT WHILE BOARDING CAR

Hamilton, July 26.—(Special).—Mrs. K. Fletcher, 352 North Emerald street, while boarding a street car at the corner of James and York streets this evening, fell to the pavement. While she was being assisted to the rear platform, the car started and she lost her footing and fell. She was removed to her home. The motorman is alleged to have started the car without the go-ahead signal having been given.

OPERATION ON CHILD.

Hamilton, July 26.—(Special).—Leola Lando, 28 Gulse street, a child, was operated on at the General Hospital today for the removal of a cherry pit from her ear.

ACCUSED OF VAGRANCY.

Hamilton, July 26.—(Special).—Dimitrie Elieff, 402 North Sherman avenue, and Henry Hogan, 21 Robert street, were placed under arrest by P.C. Myers this evening. They are charged with vagrancy.

FOOT INJURED.

Hamilton, July 26.—Irish Frank, 41 George street, was taken to the General Hospital today, suffering from laceration of his left foot. He was allowed to be taken to his home after his wounds were dressed.

You Pay No Tax—

on

Edison Phonographs Victor Victrolas Edison Re-Creations Victor Records

The 1920 Budget Tax merely replaces a similar tax which had been in force for some time.

There is no advance in prices on the above instruments or records.

The New Tax is paid by the manufacturer or importer, which simply means that you pay the same prices as before the 1920 budget was introduced.

BURGMASER MAX THANKS CANADIANS

Alderman Ryding Sees the
 Famous Belgian and
 Visits Battlefields.

"Will you thank the Canadians on
 behalf of myself and the people of Bel-
 gium for all they did for us in sending
 us money, food and clothing during the
 trying times of the war?" This mes-
 sage was given by the famous Burgo-
 master Max, of Brussels, to Ald. Tom
 Ryding, who has just returned to Tor-
 onto after a visit to England and many
 of the battlefields of Europe.

Burgmaster Max was one of the
 outstanding and heroic figures during
 the early and other stages of the war.
 It will be recalled how he frequently
 set the Germans at defiance, and how
 he was subjected to heavy fines and
 imprisonment, and suffered numerous
 indignities. He gave Ald. Ryding a
 replica of a medal presented to him by
 the people of Belgium for the gallant
 stand he took on their behalf.

Visits Many Battlefields.
 Ald. Ryding visited Ypres, Dixmude,
 Arras, and many other devastated
 places which, he says, are now being
 put in shape once more, but consid-
 erable time must necessarily elapse be-
 fore they assume their wonted appear-
 ance. "They were still taking bodies
 out of the famous Cloth Hall when I
 was there," the alderman added, "and
 on every hand there were gruesome re-
 minders of the titanic struggle and the
 terrible effects of German plunder and
 outrage."

Ald. Ryding paid a special tribute to
 the manner in which the graves of the
 Canadian and other dead soldiers
 were being cared for. After leaving
 the continent he saw a good deal of
 England and Scotland, visiting most
 of the large cities. He was delighted
 with old London, and while there had
 the pleasure of inspecting the Maple
 Leaf Club in Bedford street. This
 club, which has been revived by con-
 tributions of Canadian women, is
 highly appreciated by people from the
 Dominion when visiting the old city.
 When in Manchester Ald. Ryding
 was the guest of the lord mayor, who
 was deeply interested in Canada. "My

trip was full of interest," said the al-
 derman, "but I am glad to be back in
 Toronto again."

J. J. BURNS RESIGNS AS ADVERTISING CENSOR

J. J. Burns, chief advertising censor
 of the moving picture branch for the
 Ontario government, has resigned his
 position.

RADNOR'S ADDRESS INCORRECTLY GIVEN

Mrs. Joseph Wilson, who resides at
 17 Moss Park place, wishes it to be
 known that Phillip Radnor, arrested
 for stealing an auto truck, and whose
 address was erroneously given as
 above in Monday's World, does not,
 and never did, live at 17 Moss Park
 place.

BOYS ON FRUIT FARMS

That a great number of boys who,
 during the holidays, are a problem to
 the home as to what shall be done
 with them, should be taken by large
 fruit-growers and divided into two
 sections, one for the morning and the
 other for the afternoon, and employ-
 ed on the fruit farm, is a suggestion
 that comes from the Ontario employ-
 ment bureau—and that might be
 adopted with profit both to the boys
 and employers.

OBSTRUCTED SIDEWALK.

For obstructing the sidewalk five
 men, Richard Cook, Fred Murphy,
 Martin Crowe, Harold Jenkinson and
 John Lang, were, in yesterday's police
 court, fined \$5 and costs each. They
 were interested—or otherwise—specta-
 tors when the redoubtable Ned Clark
 had a scuffle with a constable who
 was effecting his arrest. Incidentally,
 Ned, who also appeared in the police
 court charged with tearing a con-
 stable's tunic, was allowed to go.

HEAVY LIQUOR FINE.

In the police court yesterday An-
 tonio D'Angelo, 1471 Dufferin street,
 an Italian merchant, was fined \$1,200
 and costs or three months, plus three
 months, for selling liquor. The pre-
 mises had been under surveillance for
 about seven months before the police
 were able to get sufficient evidence in
 the case.

FINED FOR "HAVING."

In the police court yesterday Jacob
 Sherman was fined \$200 and costs for
 having two bottles of liquor in his pos-
 session illegally.

FINE WINDSOR MAN TEN TIMES AMOUNT

Recent O.T.A. Legislation Passed
 Is Beginning to Show
 Results.

In the Windsor police court on Mon-
 day a man named Drouillard was fined
 \$2000 and sentenced to one month in
 jail for a breach of the O. T. A. This
 was Drouillard's first offence and the
 high penalty and term of imprison-
 ment were made possible under the
 legislation passed at the last session
 of the provincial parliament.

The attorney-general's department
 has issued instructions that if private
 individuals are holding stocks larger
 than are required for their personal
 use, these stocks are to be seized.

COMMITTED FOR TRIAL

On a charge of beating his young
 wife, George Wilson was, in the police
 court yesterday, committed for trial.

DUNLOP TIRE EXTENSION

A formal inspection of the new au-
 tomobile tire building of the Dunlop
 Tire & Rubber Goods Co., on Booth
 avenue, was made by a deputation of
 the directors yesterday. The build-
 ing extends from Queen street to Na-
 tallie avenue, along Booth avenue, and
 will be entirely devoted to the making
 of Dunlop Cord tires. The directors
 who formed the committee of inspec-
 tion were: Warren Y. Soper, presi-
 dent, Ottawa; E. B. Ryckman, K.C.,
 vice-president, Toronto; William Mc-
 Master and F. Lankford of Montreal,
 and J. Westren, general manager, Tor-
 onto.

FRAUD CHARGED

In the police court yesterday, Reu-
 ben Dubinsky was committed for trial
 on a charge of defrauding his busi-
 ness partner of \$1850 in connection
 with a potato deal.

GAS WAS CUT OFF

Tenant Recovers Damages for
 Loss Occasioned by
 Landlady.

In the division court yesterday,
 Judge Morson allowed C. F. Blythe
 damages of \$10, with costs, in his
 claim for \$59.75, for which he sued
 Mrs. E. J. Kelly of 73 1/2 Shuter street.
 The defendant had rented rooms to
 plaintiff at \$25 a month, and to pro-
 tect herself from having to pay gas
 bills, she had the pipes removed,
 which procedure the plaintiff alleged
 caused him expenses as follows: Loss
 of time, \$13.75; meals at restaurant,
 \$19; extra rent for month, \$12.75; ex-
 tra rent for following month, \$17;
 meals spoiled in preparation, \$2; car
 fare in locating new premises, 75c,
 etc.; a total of \$59.75.

GIRL FRUIT PICKERS

That time is bettering prospects for
 the women and girls who go from the
 cities and towns to gather fruit on
 the farms is the statement of J. A.
 Miller, superintendent of the Ontario
 government employment bureau. The
 establishment of camps, with the
 "house-mother" in charge, together
 with an increase in wages, are helps
 to making the season's picking worth
 while to the picker, as well as to the
 farmer. From records in hand at the
 bureau, it is known that one girl suc-
 ceeded in making \$30 in a single week
 picking berries. Another girl picked
 236 baskets in one day, and this at the
 rate of 2 1/2c a box was good earning;
 not to speak of the good work that
 led to it. Board costs between \$4.50
 and \$5 a week.

MANSLAUGHTER CHARGED

Charged with manslaughter follow-
 ing the death of Helen Tangey, who
 was knocked down and killed by an
 auto on College street on Saturday
 last, Wexler I. Wolfe was committed
 for trial. Bail in two sureties of \$2500
 each was allowed.

SUE FOR DECLARATION.

Action has been entered at Osgoode
 Hall by W. E. Fawcett, E. E. Andrew
 and W. H. Andrew against Cecil White
 and J. P. McNair for a declaration
 that the defendants are trustees for
 a syndicate in the purchase of Scar-
 bore township property to the extent
 of \$7,500.

HIS SECOND OFFENCE.

Convicted for the second time of a
 breach of the O.T.A., Richard Blair
 was, in yesterday's police court, sen-
 tenced to six months at the jail farm.

SUES FOR ALLEGED LIBEL.

Action has been entered at Osgoode
 Hall by John Sheardown, of Richmond
 Hill, against R. A. Dunlop, of Toronto,
 in which plaintiff claims damages of
 \$10,000 for alleged libel, slander and
 defamation of his character by de-
 fendant.

A DOUBLE CATASTROPHE.

For having a bottle of liquor in his
 possession Albert Linus was fined
 \$200 and costs in yesterday's police
 court. Harry Tipling, who took a
 drink from the bottle in Ramaden
 Park, was fined \$100 and costs.

A Story Worth While--

 each week.

ONLY TABLETS MARKED
 "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neural-
 gia, Toothache, Earache, and for
 Rheumatism, Lumbago, Sciatica, Neu-
 ritis, take Aspirin marked with the
 name "Bayer" or you are not taking
 Aspirin at all.
 Accept only "Bayer Tablets of
 Aspirin" in an unbroken "Bayer"
 package which contains complete di-
 rections. Then you are getting real
 Aspirin—the genuine Aspirin pro-
 scribed by physicians for over nine-
 teen years. Now made in Canada.
 Handy tin boxes containing 12 tab-
 lets cost but a few cents. Druggists
 also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"
 Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Mono-
 acetate of Salicylic acid. While it is well known that Aspirin means Bayer
 manufacture, to assist the public against imitations, the Tablets of Bayer Company
 will be stamped with their general trade mark, the "Bayer Cross."

VETERANS TO ASK CITY FOR GRANT

Want \$10,000 for the Gathering of V.C. Heroes in Toronto.

A grant of \$10,000 to help defray the cost of the first Canadian assemblage of V. C.'s in Toronto on August 23...

This was decided upon at a meeting of all the ex-service bodies last night...

The organization of the Veterans' Reunion Council was enthusiastically approved...

On the question of meeting the cost of assembling the V. C.'s or their next of kin, it was felt that the Dominion government was the logical body to bear the expense...

The men are determined to follow the precedent recently set by the King and have the V. C. wearers at their first rally, where they may do homage to them in a body.

A parade and march past led by nursing sisters, amputation cases and V. C.'s was decided upon. The details were left to a sub-committee...

The following sub-committees were appointed to look after the details of the initial rally:

New Office Opened. The office of the new association will be at military headquarters, 149 College street, and all communications should be addressed to Mr. W. G. Lane, secretary.

The following were added to the reunion council, which is now complete: G. A. U. V.—Major Morrison, Comrades Mills and Ellis, Army and Navy Veterans in Canada—Col. McCausland and Comrades Forrester and Daniels, Nursing Sisters—Matron Goodwin, Nursing Sisters Richardson and Beer, Air Service—Col. Barker, Col. Bishop.

The following sub-committees were appointed to look after the details of the initial rally: Victoria Cross Heroes—Col. Barker, V.C., Col. McCausland, Matron Goodwin, Comrades Conroy and Ellis, Bands—Comrades Forrester, Mills, Ginn, Forrester and Mulveney.

Entertainment—Comrades Marshall, Cassdale, Daniels, Clayton, Conroy, Orr and Brown. Parade and opening ceremonies—Comrades Allen, Widgery, Patterson, Morrison and Ryan. Finance—General Williams, Capt. Forrester, city treasurer and Secretary Dana.

IS PROMOTED TO RANK OF FULL SERGEANT

Patrol Sgt. Charlie Greenwood of the transportation department of the police department was promoted to the rank of sergeant by the board of police commissioners at their meeting yesterday afternoon.

A deputation of citizens and Controller Maguire and Ald. Risk appeared before the board protesting against a license being granted for a motor car race at Nos. 2 and 4 Lancaster avenue. Two men are at present running a garage there and they have asked to be allowed to turn it into a track. The commissioners decided to hold the request in abeyance.

"FINISHED" DELIVERY.

"I never smoked when I was your age," said father. "Will you be able to tell that to your son when you grow up?" "Not with such a straight face as you do, father," replied Willie.

At Dances

It is a fact that at afternoon and evening dances one seldom sees a woman who has not found Delatone indispensable to her.

DEL-A-TONE

Beauty specialists use Delatone because it leaves the skin clear, firm and perfectly smooth. Delatone is easiest to apply—simple directions with every jar. At Any Druggist's.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The Rt. Hon. Sir Robert Borden and Lady Borden left Ottawa on Saturday to spend a week with Admiral Sir Charles and Lady Kingsmill at their country house at Rideau Lakes, Ontario.

Members of the well-known people at the Royal Canadian Yacht Club yesterday afternoon were the Misses Janes, Miss Blackwood, Miss Amy Boulton, Mrs. R. B. Hamilton, Mrs. W. W. Pope, Mr. Macaulay, Capt. Mackenzie, Mr. De Forrest Bell, Mrs. Molantern, Mr. Ford Howland, Mrs. Beer, Mrs. George Ross, Mrs. Rowlandson (formerly Miss Marlon Gibson), Mrs. James H. Coyne (formerly Miss Kerman), Mr. and Mrs. Stephen Jarvis, Mrs. C. Lylo, Colonel and Mrs. Moore Cosgrave and Mrs. Watson.

Mrs. W. W. Pope gave a small tea at the Royal Canadian Yacht Club yesterday afternoon. Mr. Alexander Davies and her children are spending some weeks at Centre Island.

Mr. J. H. Cormick, the Misses Corrick and Miss Mary E. Hinger are staying at the Clifton, Niagara Falls, Ont. Mrs. Macdougald, Montreal, is spending the summer with her daughter, Mrs. Philip King, at the Clifton.

Colonel and Mrs. Donald are at Centre Island for the summer. Miss Donald left yesterday to visit friends at Lorne Park. Mrs. Arthur Sifton and Mrs. Dennis are expected in town the end of the month from Ottawa, and will stay at the St. George with Mr. Sifton and Mr. De Forest Bell for a month.

Mr. and Mrs. James are in town from Hong Kong to see their daughter, who has been at school in Toronto, and will return to Hong Kong with them shortly. Mrs. Black gave quite a large tea yesterday afternoon at the Royal Canadian Yacht Club.

Mr. W. J. Crookes arrived at the King Edward from Cobourg yesterday. Miss Frances Warren is spending her holidays with her sister, Mrs. McVie Gooderham, at Centre Island.

Mr. and Mrs. W. S. Kissan and Mr. H. D. Cooper have arrived at the King Edward from New York. Mrs. Charles Godfrey is in town with her mother, Mrs. Arthur, at 85 East Bloor street, for a few days, before returning to Atlanta, Georgia.

Mr. and Mrs. William Christie are going to spend the week-end with Mrs. Barclay at Point St. Barthelemy Bay. Miss Helen Hall arrived by the New York, after spending a year at school in England. Mrs. Tom Hall, Admiral road, went to New York to meet her daughter.

Mrs. Pinkerton and her daughter, of Belleville, are at the King Edward. Mrs. Lassant Beardmore and her children have left Montreal for Frou's Neck, Maine, where she will spend the rest of the summer. Mrs. Lawrence Cosgrave and Miss Edith Cosgrave left by the Toronto on Sunday for a ten days' trip down the Saguenay.

The Lakeview Ladies' Golf Club held a flag competition on Monday. Mrs. I. Sander, winner of the first flight; Mrs. F. Armstrong, second flight; Mrs. W. Inwood entertained the ladies at tea. Mr. and Mrs. Robert W. Love, Miss Cochran and Mr. W. P. Thompson motored to Niagara Falls, Ont., and are at the Clifton.

Mrs. Harold Thorne is visiting her mother, Mrs. Danner, in Perth, Ont. General Sir Henry Bursall was in town from Montreal the end of the week. Mrs. Alfred Johnston and her children are at Niagara-on-the-Lake.

The Misses Geraldine and Marion Gough and Mrs. Arthur Gough are spending a few weeks at Cliff Haven, N.Y. Mr. and Mrs. Charles Yarrow and their family, Philadelphia, are at the King Edward.

Mrs. John Sweetman is leaving town next week to visit Mrs. A. M. Piper in the Berkshire Hills. Miss M. L. Eshkine and Miss S. McGuire are at the King Edward from Philadelphia.

POLITICAL CONVENTION CALLED BY VETERANS

That the G.A.U.V. would hold a Dominion political convention, probably in Toronto, immediately word was received that the federal elections were impending, was the announcement made yesterday by J. Harry Flynn, Dominion organizer.

"As you are aware," said Mr. Flynn, "we have drawn up a tentative political policy, which has been submitted to our various branches. When word comes of an approaching federal election, each branch from coast to coast will send one representative to a political convention with instructions from the branches they represent for voting on the policy drawn up."

The policy, revised or as it stands, will then be ratified and will be presented to the Farmer party and the Labor party, to the Conservatives and to the Liberals, not to be endorsed only, but to be actually included in a party platform. The G.A.U.V. will throw its entire weight behind the party which accepts our policy under those conditions.

Including the ten thousand members organized by Mr. Flynn while in the west, and the dues of an additional eight thousand members that have been received at headquarters since that time, the total membership of the association in Canada is now about 45,000.

G. W. V. A. TAG DAY.

Representatives from every branch and women's auxiliary of the G. W. V. A. in Toronto and York district were present at a meeting held on Monday night to arrange for a tag day on August 30. The principal branches, Central, Riverside, Parkdale, West Toronto and Earlscourt, will not benefit by the tag day, as the proceeds is to be devoted to the smaller branches in the district.

SOLICITOR MUST SEVER CONNECTION

R. T. Harding Asked to Cease Acting for Lumber Companies.

Condemnation of the Drury government in connection with its action in regard to the application of the E. W. Backus interests for a grant of 24,000 square miles of pulp lands has been made in certain quarters lately. It appears that Peter Heenan, member for Kenora, introduced E. W. Backus to the premier, stating that the Minneapolis millionaire (Backus) intended putting up a pulp and paper mill at Kenora if the deal went thru. It is contended that the premier should never have considered the matter at all, and should have refused to discuss it with Backus.

It also appears that R. T. Harding, government counsel in the crown lands timber inquiry held recently, was also at the same time acting as solicitor for the Backus interests.

Premier's Statement. In this connection Premier Drury issued a statement last night as follows: "Some time ago complaint was made on behalf of the Canadian daily newspapers that the Port Frances Pulp and Paper Company was refusing to supply newspaper for use in this country, and the government was asked by the press to use its good offices to induce the company to supply Canadian newspapers. The press was represented at the conferences with Mr. Backus which subsequently took place. No assurance was given by the government that any additional concessions would be given to Mr. Backus. Mr. Peter Heenan, member for Kenora, who was present, did not represent either Mr. Backus or himself, but represented the town of Kenora."

As soon as it was brought to the attention of the government that R. T. Harding was representing the Backus interests, he was asked to sever his connection immediately with that firm, and all other lumber companies.

OXFORD PIONEER PASSES.

Woodstock, Ont., July 20.—The death occurred in Thamesford this morning of James Patterson in his 84th year. The deceased was one of the few remaining pioneers of Oxford county.

ONTARIO FARMERS BUSILY HARVESTING

Fall Wheat Gathering Will Overlap Haying in Many Quarters.

The following is a portion of a summary of the weekly reports made by the agricultural representatives to the Ontario Department of Agriculture: Fall wheat cutting began last week in the southwestern counties, and by the end of the present week harvesting will be general over a large portion of the province. Elgin and Norfolk report serious injury to the crop from Hessian fly in the western parts of those counties. Late sown wheat did best in this connection.

The harvesting of fall wheat will overlap haying in many quarters, as the showery weather of the last two or three weeks interfered considerably with the cutting, curing and storing of clover and other hay crops. Barley and oats are referred to as looking most promising, both for straw and grain. Spring wheat is described as doing only fairly.

Hay is roughly estimated as giving at least a three-fourths yield. Corn is now growing rapidly, and good returns are expected. Potatoes are referred to by several representatives as promising generous yields, and, where hoed, all root crops are in more or less good condition. Buckwheat is also looking well, and more of it is being grown. Cattle are in good general condition, and are selling at from 9 to 15 cents a pound. Veal calves are bringing from 13 to 16 cents a pound. Manitoba says that up to \$30 is being paid for two-year-old cattle. Milk production has been well sustained owing to the excellent condition of the grass. Bacon hogs are being marketed at from \$13 to \$20 a cwt., but do not appear to be in such numbers as in recent years. The demand for farm labor is increasing now that grain cutting has joined with the belated harvesting of hay.

CHILD WAS INJURED.

Edward Anderson, 21 Roden place, was injured about the head last evening when he was run down by a delivery wagon. The child was taken to the Hospital for Sick Children.

Gifts to Women Who Use Jiffy Jell

Jiffy-Jell users should write to the makers for a list of aluminum molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juice essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has ten flavors. Try pineapple and loganberry first.

RELIABLE CLEANERS AND DYERS. Your Spats, Gloves, your dainty Bonnets, Ribbons, Lace, the many silk Hosiery and Scarfs. Send them to us. Phone A. 625. 313 King St. West.

livery wagon. The child was taken to the Hospital for Sick Children.

The Toronto World

FOUNDED 1880
A morning newspaper published every day in the year by the World Newspaper Company of Toronto, Limited.

Another Triumph for Public Ownership.

The ninth annual report of the Toronto Hydro system, appearing on another page, is worthy of the most careful perusal of every citizen.

This striking result has been accomplished in eight years after operating on a scale of consumers' rates, which, while materially lower at the beginning than that of the system's principal competitor, has been since substantially reduced—twice as to general rates, and twice as to street lighting rates.

In the late forties the United States began to exploit its gold placers. Since then it is estimated that at least \$4,000,000,000 has been won from the lode and placer mines of the royal metal.

The Wheat Crop and the Railway Situation.

The crop reports from Saskatchewan, where most of the wheat grows, are not so optimistic as those which come from Manitoba and Alberta.

Never has the country been in better shape to handle a big crop. Our railways will be running, even though a great strike is going on in the United States.

Few people in Canada realize how desperate is the freight snarl, the car shortage, and the railway breakdown in the United States.

American level, when that level is finally ascertained. What we have in mind is the utter inability of the railroads to function.

After the Returned Man Comes the Prospector.

A writer in The Mining and Scientific Press, San Francisco, quoted in The Literary Digest, laments the disappearance of the old-time prospector, and points out that men of this type are directly responsible for the large production of metals from the numerous mines which are now in operation in the United States.

This shows the enormous potentialities of the mineral industry; but it shows also why prospecting is to some extent a lost art.

Keeping Out the Asiatic.

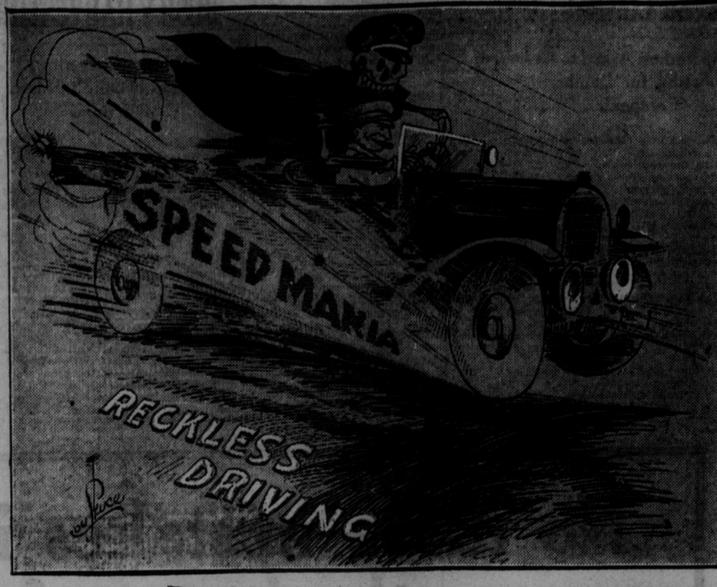

Translations from the Japanese newspapers published in the United States, indicate that the Japanese are watching with ill-concealed resentment the passage of a law in California which will disqualify Japanese hereafter from owning or leasing land.

The cry against the Chinaman used to be that he worked too cheap, but the complaint against the Japs seems to be that he makes money too fast.

The Ontario is prospectively the greatest gold region in the world. Dr. Willet G. Miller, the provincial geologist, has lately expressed the opinion that other Cobalts will be found within our boundaries as soon as sufficient search is made.

Monel metal and stellite are the most important alloys that have come on the markets in recent years.

IS THIS PLEASURE?

more beautiful than silver, while it resists rust or acid equal to fine gold or platinum. Then, Ontario has barite, flint, feldspar, asbestos, mica, talc, sodalite, marble, corundum, molybdenite, and pitchblende, the most important source of radium.

DOES FEDERAL DIVORCE HOLD GOOD IN QUEBEC?

Montreal, July 20.—The question as to whether a decree of divorce, granted by the federal authorities at Ottawa, applies in the province of Quebec, was raised in the practice division of the superior court this afternoon.

McGILL WILL HONOR VISITING JOURNALISTS

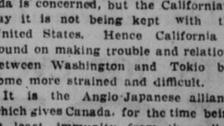

Montreal, July 20.—McGill University will confer the honorary degree of doctor of laws on four representative members of the Imperial Press party at a special convocation to be held on August 3.

PREMIER VISITS MONTREAL

Ottawa, July 20.—(By Canadian Press).—The Hon. Arthur Meighen goes to Montreal tomorrow for the special purpose of looking over the harbor, which he has never yet had the opportunity of visiting.

WORLD'S DAILY BRAIN TEST

By Sam Loyd. TWO MINUTES TO ANSWER THIS. No. 281.

Tommy had been asked the perplexing query: "If five times six were 32, what would the half of 20 be?"

WAGE DEMANDS ON CANADIAN LINES

Freight Rates Must Rise With Higher Pay, Officials Contend.

Montreal, July 20.—The award of the United States Railway board, published this morning, was received by railway executives in Montreal with considerable interest.

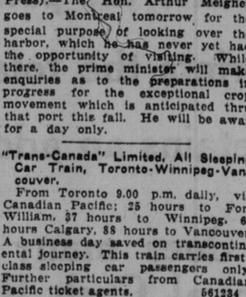

CHARGED WITH THEFT

Rose Nester, 48½ Edward street, was arrested yesterday afternoon by Detective Stewart on a charge of theft of articles from a departmental store.

Hot Summer Days

For sizzling Summer days, nothing is so refreshing as a bottle of O'Keefe's Ale, Stout or Lager.

O'Keefe's IMPERIAL ALE-LAGER-STOUT

On sale at all restaurants, cafes and hotels.

O'KEEFE'S TORONTO—PHONE MAIN 4202

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XIV. (Continued.)

Pollock Hampton had fully meant to come. But by now he had forgotten all about Bud Lee and horses to ride and to be bucked off by a telegram had come from a nasty little fellow in San Francisco who had discovered Hampton's retreat and who was devilishly insistent upon a small matter—oh, the same suits and things, you know. The whole thing tottered scarcely seven hundred dollars. He went to find Judith, to beg an advance against his wages or allowance or dividends or whatever you call it.

CHAPTER XV. JUST A GIRL, AFTER ALL.

Three days later Bud Lee learned that Judith Sanford was after all "just a girl, you know"; that at least for once in her life she had slipped away to be by herself and to cry. He stopped dead in his tracks when he came unexpectedly upon her, because suddenly awkward, embarrassed, a moment uncertain, but yielding swiftly to an impulse to run for it.

"Come here, Bud Lee!" she commanded Judith sharply, dabbing at her eyes. "I want to talk with you."

"You know all that there is to be known about 'ladies' don't you? In your vast wisdom all you've got to do is lump 'em in one of your brilliant generalities. That's the man of you!"

Lee went into the cabin without looking back. Judith, watching him, saw that he ran his hand across his forehead. She sniffed at him again.

CHINAMAN'S DEATH IS STILL MYSTERY

Witness Testifies to Joe Wing's Behavior Prior to Entering Hospital.

No very direct evidence bearing on the case was given at the morgue last night at the inquest into the death of Joe Wing, a Chinaman, who died on Saturday, July 10, at the General Hospital under rather peculiar circumstances.

County Constable Went to the Scene and Found the Chinaman Lying There.

John McGraw, the boy whose mother owns the store, said that on Saturday afternoon, while he was serving behind the counter, Wing entered the store, and, taking a pop bottle, bit the top off with his teeth and drank the contents.

PSYCHOLOGY AND PRACTICAL THINGS

Lecturer Explains How It is Being Applied to Everyday Life.

How psychology may be applied to the practical things of life was told in a very attractive address given by Mrs. Edna Murphy at the general audience at the Ingenook tea rooms last night.

ST. JOHN'S ANGLICAN PISCINE

St. John's Anglican Piscine School, Newry, held their annual picnic yesterday at Wabasso Park.

DISCUSSED ESTIMATES.

Lambton Park school board met last night in the school building and discussed the estimates, etc., required for the coming year.

Good Honest Milling Order in the Olympic Boxing Finals.

SCHNEIDER GOOD.

Pick of the Lot—Herscovitch Takes a Licking From Prudhomme.

The wind-up of the Olympic boxing trials at the Arena last night failed to produce anything that looked like a phenomenon.

Cliff Graham had an easy time of it in the 118-lb. class.

Walter Newton (Toronto) beat Rankin (Edmonton) in the 135-pound class.

Chris Newton (Toronto) beat Wittich (Calgary) in the 147-pound class.

Schneider (Montreal) beat McKewon (Montreal) in the 161-pound class.

Prudhomme (P.C.C.L.) beat Herscovitch (Montreal) in the 175-pound class.

Platt (Toronto) beat McAdams (Halifax) in the Heavyweight class.

McDoull (Toronto) beat La Hala (Montreal) in the third round.

Hamilton, July 20.—(Special)—Preparations are going on energetically among local organizers for the Canadian Henley.

Crews Working Hard and They Will Be in Great Shape.

Hamilton, July 20.—(Special)—Preparations are going on energetically among local organizers for the Canadian Henley.

The senior crew is using the light boat. Every effort will be put forward to try and secure a four for them from the amateurs.

The following is St. George's team to meet Toronto in the afternoon at the Varsity campus: Smith, Bruce, Evans, Norman, Sutton, Fort, C. Goode. Game commences at 4:15 sharp.

TODAY'S ENTRIES AT WINDSOR.

Windsor, Ont., July 20.—Entries for Wednesday: FIRST RACE—Purse \$1,400, all classes, three-year-olds and up, Canadian-bred, one mile.

SECOND RACE—Purse \$1,400, Dominion Juvenile Handicap, two-year-olds, Canadian-bred, five furlongs.

THIRD RACE—Purse \$1,400, claiming, two-year-olds and up, six furlongs.

FOURTH RACE—Issex Handicap, \$5,000 added, three-year-olds, one mile.

FIFTH RACE—Purse \$1,400, claiming, three-year-olds and up, one and an eighth miles.

SIXTH RACE—Purse \$1,200, all classes, two-year-olds, five and one-half furlongs.

SEVENTH RACE—Purse \$1,200, claiming, three-year-olds and up, one and a sixteenth miles.

EIGHTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

NINTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

TENTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

ELEVENTH RACE—Purse \$500, four-year-olds and up, claiming, six furlongs.

Twelfth RACE—Purse \$500, three-year-olds and up, claiming, six furlongs.

Thirteenth RACE—Purse \$500, four-year-olds and up, claiming, six furlongs.

FOURTEENTH RACE—Purse \$500, three-year-olds and up, claiming, six furlongs.

FIFTEENTH RACE—Purse \$500, three-year-olds and up, claiming, six furlongs.

SIXTEENTH RACE—Purse \$500, three-year-olds and up, claiming, six furlongs.

CIRCUIT Kalamazoo Feature Won by Sir Lancelot

THE SMILE THAT WON'T COME OFF

THIRD STAKE VICTORY FOR GOOD PACER SIR LANCELOT

Valentine Brings Him Home Again at Kalamazoo Opening—Pop Geers Drives Two Winners in Handy Fashion.

Kalamazoo, Mich., July 20.—For the third consecutive time in as many weeks, Charlie Valentine piloted Red Lancelot to victory over the stake pacers.

Pop Geers had a good day, winning two events handsly. He upset the talent by taking the 2:15 trot in straight heats with Herb Ely.

Weather clear; track fast. *Apprentice allowance claimed.

AT WINDSOR. FIRST RACE—Purse \$1,400, all classes, three-year-olds and up, Canadian-bred, one mile.

SECOND RACE—Purse \$1,400, Dominion Juvenile Handicap, two-year-olds, Canadian-bred, five furlongs.

THIRD RACE—Purse \$1,400, claiming, two-year-olds and up, six furlongs.

FOURTH RACE—Issex Handicap, \$5,000 added, three-year-olds, one mile.

FIFTH RACE—Purse \$1,400, claiming, three-year-olds and up, one and an eighth miles.

SIXTH RACE—Purse \$1,200, all classes, two-year-olds, five and one-half furlongs.

SEVENTH RACE—Purse \$1,200, claiming, three-year-olds and up, one and a sixteenth miles.

EIGHTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

TARRYTOWN STAKES TO YELLOW HAND

Feature Event at Empire City—Robinson Rides Three Winners.

Yonkers, N.Y., July 20.—Today's Empire City results: FIRST RACE—Two-year-olds, selling, purse \$1,175.00, five furlongs, Empire City.

SECOND RACE—Purse \$1,175.00, five furlongs, Empire City.

THIRD RACE—Purse \$1,175.00, five furlongs, Empire City.

FOURTH RACE—Purse \$1,175.00, five furlongs, Empire City.

FIFTH RACE—Purse \$1,175.00, five furlongs, Empire City.

SIXTH RACE—Purse \$1,175.00, five furlongs, Empire City.

SEVENTH RACE—Purse \$1,175.00, five furlongs, Empire City.

EIGHTH RACE—Purse \$1,175.00, five furlongs, Empire City.

NINTH RACE—Purse \$1,175.00, five furlongs, Empire City.

TENTH RACE—Purse \$1,175.00, five furlongs, Empire City.

Eleventh RACE—Purse \$1,175.00, five furlongs, Empire City.

Twelfth RACE—Purse \$1,175.00, five furlongs, Empire City.

Thirteenth RACE—Purse \$1,175.00, five furlongs, Empire City.

Fourteenth RACE—Purse \$1,175.00, five furlongs, Empire City.

Fifteenth RACE—Purse \$1,175.00, five furlongs, Empire City.

Sixteenth RACE—Purse \$1,175.00, five furlongs, Empire City.

BESTHOFF CAPTURES BELLE ISLE PURSE

At Windsor on Tuesday—Meeting Will Close With Today's Card.

Windsor, July 20.—The Belle Isle Purse, with a value of \$200, was captured here today by Besthoff, with Douglas, a well-played good thing, running outside the money.

As usual, the public choices went down, only one real favorite coming down in front when Lord Wrack emerged from the maiden class by winning the second race.

The meeting will close tomorrow. FIRST RACE—Maiden jockeys, three-year-olds and up, Canadian-bred, one mile.

SECOND RACE—Purse \$1,400, two-year-olds, five furlongs.

THIRD RACE—Purse \$1,400, three-year-olds and up, six furlongs.

FOURTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

FIFTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

SIXTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

SEVENTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

EIGHTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

NINTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

TENTH RACE—Purse \$1,400, three-year-olds and up, six furlongs.

Eleventh RACE—Purse \$1,400, three-year-olds and up, six furlongs.

Twelfth RACE—Purse \$1,400, three-year-olds and up, six furlongs.

Thirteenth RACE—Purse \$1,400, three-year-olds and up, six furlongs.

Fourteenth RACE—Purse \$1,400, three-year-olds and up, six furlongs.

DEAF ATHLETE IS WINNER IN QUARTER

Bud Carlton Fooled Handicapper in Half-Mile Event at Broadview.

Another good turnout was on hand last night when three events were decided in the weekly handicap at Broadview Y.M.C.A.

The 220-yard event went to Payne, the deaf boy, who is shaming up well all round.

Art Black, the scratch man, caught the field and led till 100 yards from the tape when both Payne and Clark passed him.

Bud Carlton slipped on the handicapper when he ran away with the half-mile.

Harry Pressler started from scratch and closed in well, but the handicaps were too far and fourth was his best.

Allison and Stevens fought it out for second. Payne came back and won the running high jump, clearing 4 ft. 11 in.

Time 1:07 1-5. W. Carlton (115 lbs.) won the 100-yard dash.

Time 1:08. Lillian G., El Coronel, Janice Logan also ran.

THIRD RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

FOURTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

FIFTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

SIXTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

SEVENTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

EIGHTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

NINTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

TENTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

THE WORLD'S SELECTIONS BY CENTAUR.

WINDSOR. FIRST RACE—Purse \$1,400, all classes, three-year-olds and up, Canadian-bred, one mile.

SECOND RACE—Purse \$1,400, Dominion Juvenile Handicap, two-year-olds, Canadian-bred, five furlongs.

THIRD RACE—Purse \$1,400, claiming, two-year-olds and up, six furlongs.

FOURTH RACE—Issex Handicap, \$5,000 added, three-year-olds, one mile.

FIFTH RACE—Purse \$1,400, claiming, three-year-olds and up, one and an eighth miles.

SIXTH RACE—Purse \$1,200, all classes, two-year-olds, five and one-half furlongs.

SEVENTH RACE—Purse \$1,200, claiming, three-year-olds and up, one and a sixteenth miles.

EIGHTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

NINTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

TENTH RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

Eleventh RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

Twelfth RACE—Purse \$500, three-year-olds and up, claiming, five furlongs.

MOTORCYCLE RACES.

Included in the card of ten races being put on by the M.P.A. on Saturday afternoon at Beachcroft track are two Ontario championship titles.

The professional and the amateur titles are to be decided in two ten-mile races.

Herb Morrison, who, after tying with Herb Kip for first place in the 670-mile endurance run to Windsor and return, has decided to make a come-back, and promises to make things interesting.

While Morrison was riding, he was considered one of the best amateur riders in Canada, and if road riding is any indication of his condition, he certainly will come back strong.

The side-car racing, which the crowd liked so well at the last race meet, will be given a better chance, there being three races down on the coming card.

The promoters are trying to arrange the best Canadian side-car experts, including Art Ross of Montreal.

Secretary Johnston of the Western Football Association has arranged that the tie existing between Listowel and Owen Sound in the W.F.A. Intermediary semi-finals will be decided with home-and-home games.

The first of five races to decide who will race for the Douglas Trophy against the Rochester dinghy will sail over the bay course of the Ward's Island Regatta Association.

A light to moderate wind over the nine mile course made it an interesting race, with Windsor crossing the finish-line thirty-nine seconds in front of (Windsor) Tural.

The second race will be sailed Thursday. Yesterday's race: 1. W. Windsor, R.C.T.C., 2:05.00 4:31.20. 2. T. Tural, N.Y.C., 3:05.00 4:32.00.

TURAL DEFEATED IN FIRST TRIAL TEST

The first of five races to decide who will race for the Douglas Trophy against the Rochester dinghy will sail over the bay course of the Ward's Island Regatta Association.

A light to moderate wind over the nine mile course made it an interesting race, with Windsor crossing the finish-line thirty-nine seconds in front of (Windsor) Tural.

The second race will be sailed Thursday. Yesterday's race: 1. W. Windsor, R.C.T.C., 2:05.00 4:31.20. 2. T. Tural, N.Y.C., 3:05.00 4:32.00.

THIRD RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

FOURTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

FIFTH RACE—Purse \$500, 3-year-olds and up, claiming, six furlongs.

KNOTTY LEE HANDS IN HIS UNIFORM

Brantford, July 20.—(Special)—Ltee a bolt from the blue came the resignation of "Knotty" Lee, as the manager of the Brantford Red Sox, this morning.

All efforts of the friends of the peppery pilot failed this morning to get him to reconsider his decision and he turned in his uniform at noon.

The cause of the action Manager Lee was started by the altercation which took place last night on the field, when he and George Orme had a ball players' run in.

Orme was called out at the plate by the new umpire, working in front of President George Haines, who sat in the stands.

He was asked to forget the incident of the night before, and reconsider his decision, but he could not be placated.

Johnny Mearns will pilot the club in the interim.

With Jimmy Clarke in training here and Georges Pappin, the French champion, due to arrive today, there is little chance of any hitch in connection with the main bat at the Army and Navy open air show at the island on Friday night.

The bill as completed is full of features. Listed are a "king box" eight rounds. Another eight-rounder in the Gold-Wilshur scrap.

Freddie Lansdowne will have Johnny D. Burgo as his opponent over the six-round route.

The opener will see Soldier Jones pitted against "Ray" Shaw, the 18th High-lander champion, for four rounds at the heavyweight limit.

FRIDAY'S BOUTS.

With Jimmy Clarke in training here and Georges Pappin, the French champion, due to arrive today, there is little chance of any hitch in connection with the main bat at the Army and Navy open air show at the island on Friday night.

BOOSTERS' CLUB.

Columbus, Ohio, July 20.—Baseball players went into politics yesterday when the Cox-Roosevelt League of professional baseball players was incorporated here, to aid the Democratic ticket.

The incorporators were Jake Daubert, Ivy Wingo and Ed Roush of the Cincinnati Reds; Walter J. Maranville, Boston National; Charles D. Stengel, Philadelphia National; and Ivan B. Olson, Brooklyn National.

Daubert was chosen president. Every major league team will have a vice-president.

MCCORMICK ATHLETICS. The following are the point leaders in the various divisions:

Senior—B. Meyer 150, J. Barton 125, B. Kelly 135, S. Huffin 120.

Intermediate—W. Longway 145, E. Bartlett 105, E. Huffin 105, P. Hannberry 100.

Junior—E. Booby 125, J. Thorpe 125, R. Fleeter 125, S. Booby 105.

Juvenile—N. Robinson 125, R. Virtus 100, A. Verral 95.

Minor—C. Steward 155, F. Gluchitz 110, H. Ritchie 105.

CRICKET NOTES. The following is St. George's team to meet Toronto in the afternoon at the Varsity campus: Smith, Bruce, Evans, Norman, Sutton, Fort, C. Goode. Game commences at 4:15 sharp.

Toronto Scottish will practise tonight at Avenue Road Park. All players who would like to join a first-class team should like to join a first-class team.

The Scottish play Partevies on Saturday at the stadium, and it is hoped that the strongest players that has represented Scottish this season will take the field.

McKewon (Montreal) beat Herscovitch (Montreal) in the 161-pound class.

Prudhomme (P.C.C.L.) beat Herscovitch (Montreal) in the 175-pound class.

Platt (Toronto) beat McAdams (Halifax) in the Heavyweight class.

McDoull (Toronto) beat La Hala (Montreal) in the third round.

Hamilton, July 20.—(Special)—Preparations are going on energetically among local organizers for the Canadian Henley.

WATCH HAMILTON AT CANADIAN HENLEY

Crews Working Hard and They Will Be in Great Shape.

Hamilton, July 20.—(Special)—Preparations are going on energetically among local organizers for the Canadian Henley.

The senior crew is using the light boat. Every effort will be put forward to try and secure a four for them from the amateurs.

The coaches have decided to make some slight changes in the weights, as the weights of the men are changing and they should be shifted to their proper places.

The boys only have about fourteen more days to make the best of the time.

THE TORONTO HYDRO-ELECTRIC SYSTEM

THE NINTH ANNUAL REPORT OF

THE TORONTO ELECTRIC COMMISSIONERS, 1919

COMMISSIONERS' REPORT

To His Worship the Mayor and the Members of the Council of the Corporation of the City of Toronto:

Gentlemen:—Your Commissioners beg to submit their Ninth Annual Report on the operations of the Toronto Hydro-Electric System for the year ended 31st December, 1919, accompanied by the Revenue Account, Balance Sheet, and subsidiary statements. The Accounts have been audited by the Audit Department of the Corporation of the City of Toronto, whose certificate is appended thereto.

FINANCIAL POSITION AS AT 31st DECEMBER, 1919

The gross income amounted to the sum of	\$2,504,758.31
The cost of electric current and the expenses of operation and management, including repairs and maintenance, absorbed the sum of	1,577,122.50
Leaving a surplus of income on operating account of	927,635.81
Interest, Depreciation, Exchange, Sinking Funds and Debenture retirements absorbed the sum of	923,484.49
Leaving a surplus of net income for the year of	\$4,151.32

Had the enterprise been conducted as a commercial corporation with perpetual share capital the net earnings for the year would have been shown at the amount of \$568,377.43, that being the sum of the interest payments, the sinking fund appropriations, the debenture retirements, and the net surplus. This would be the equivalent of a dividend at the rate of approximately 7% for the year on the average amount of capital invested.

The net funded debt at 31st December, 1919, less sinking funds in the City Treasurer's hands, amounted to the sum of \$8,244,533.89, all of which will be promptly paid at maturity by the annual retirements of the serial debentures and by the operation of the sinking funds applicable to the long term debentures.

The total amount of the unfunded debt at the same date was \$284,394.81, against liquid asset resources of \$1,346,456.17. Of the latter \$475,190.98 represented cash on hand and on deposit.

Surplus funds, representing profits after meeting all operating costs and exchange losses, had been accumulated at the same date to the amount of almost three million dollars as follows, viz:—

- (1) A Reserve Fund for the replacement in the future of buildings, plant and general equipment, as such wear out, of \$1,635,701.20
 - (2) Reserve Funds for general contingencies, for loss on American exchange, and for contingent liabilities arising out of the Workmen's Compensation Act, of 157,125.54
 - (3) Reserve Funds held by the Provincial Hydro-Electric Commission on account of the Toronto system, of 129,125.46
 - (4) Sinking Funds held by the City Treasurer for the retail at maturity of debentures, and interest thereon, of 910,100.61
 - (5) Serial debentures retired, thereby creating additional equity in underlying property, of 129,365.50
 - (6) Additional free surplus of 101,447.29
- Total Reserves as per Balance Sheet \$3,062,865.60
- (7) Less:
- (a) The Reserve for depreciation of leasehold property for which no value is held \$44,167.95
 - (b) The Reserve for loss on American exchange which was an actual incurred liability at the end of 1919 18,831.33
- Net Reserves of the Nature of Surplus \$2,999,866.32

This striking result has been accomplished in eight years after operating on a scale of consumers' rates, which, while materially lower at the beginning than that of the System's principal competitor, has been since substantially reduced—twice as to general rates, and twice as to street lighting rates; after charging all repairs and maintenance expenditure against income; after paying on the whole a higher rate of interest on the Debenture Capital than was anticipated at the inception of the enterprise—interest that may be regarded as the equivalent of a reasonable dividend on the like capital of a like enterprise privately owned; after establishing voluntarily a generous scale of compensation for all employees, and paying the still higher rates that by Conciliation Boards and otherwise have been added from time to time to the original voluntary scale; and after making liberal subscriptions to patriotic objects during the war, and liberal grants to employees who went to the Front, and to their dependents. In this connection it is worthy of special note that no charge has been made against Capital Expenditure at any time that should have been met out of Income. These funds therefore represent the accumulations of bona fide surpluses after meeting out of Income every element of operating expense properly attributable thereto.

OPERATIONS OF 1919

Year	H.P.	Year	H.P.
1912	10,794	1916	36,458
1913	17,051	1917	44,855
1914	21,572	1918	54,392
1915	28,722	1919	47,600

The reduced average for the year 1919 is due principally to the slowing down of the munitions manufacturing industries occasioned by the Armistice, and to the inability of the Hydro-Electric Power Commission of Ontario to furnish additional power. For the latter reason the Commission restricted as much as possible the new business for the year 1919. At the governing rate of \$14.50 per H.P. fixed by the Provincial Commission the charge for the year would have been \$706,012.96, or only 28.2 per cent. of the gross income. After the close of the year's operations, however, the Provincial Commission advised your Commissioners that the cost of the power supplied them during the year was \$106,854.51 greater than had been charged under the standard rate aforesaid, and they directed your Commissioners to assume this deficiency, thereby raising the cost for the year to the sum of \$812,867.47 as stated above, or \$16.70 per H.P., instead of the standard rate of \$14.50 per H.P.

OPERATING EXPENSES: The expenses of operation and management amount to \$704,255.03, or 30.5 per cent. of the gross income, against \$661,201.83 for the preceding year, or 28.1 per cent. of the gross income of that year.

This increase is partly due to labor conditions. In common with the majority of other employers, your Commissioners found it necessary during the year to grant substantial increases to the employees of the System. The additional burden so assumed is not fully reflected in the accounts, for the reason that the increases did not come into force until after midsummer. A further increase has been requested this year. This was referred to a Board of Conciliation which at the time of writing has just issued its report in favor of a further increase. Your Commissioners have not yet, however, had an opportunity of considering the merits of the further increases so recommended. Such increases, combined with the rising cost of materials and the impossibility, owing to the shortage of power, of increasing the output, will in all probability lead to a necessary increase in consumers' rates.

CHARGES AGAINST OPERATING SURPLUS: The usual provision has been made for Interest, Depreciation, Sinking Funds, and Serial Debenture retirements.

An additional element appears, however, this year, in the provision of \$18,831.33 for "exchange on payments in respect of interest and redemption of Debentures." This was occasioned by some of the Debentures having been made payable both as to principal and interest in New York as well as in Toronto, in consequence of which remittances had to be made in New York subject to the heavy discount on Canadian funds ruling at the times thereof. The obligation assumed to pay in New York was no doubt a necessity at the time the debentures were issued. This is an explanation of the cause of the charge; not a criticism of the terms attached to the debentures. In view of the adverse rates of American Exchange now prevailing and the tendencies thereof, a much larger outlay may be incurred during the current year for the same purpose.

Until equilibrium is restored between the reciprocal—and currently maturing—indebtedness of Canada and the United States, or until gold moves freely from the Dominion in settlement of international balances, rates of exchange adverse to Canada are liable to continue which may on occasions prove very severe. The possible consequences of this should be well considered when Canadian municipalities consider Canadian versus American bids for their debenture issues when they make them payable in gold in the United States. The obligation to pay the principal and interest of a Canadian debenture issue in gold in New York would prove seriously burdensome if the covering remittances had to be made at a premium of from say ten to fifteen per cent., as has been quite common of late. No one who fully appreciates the present International, Economic and Financial problems of the world would venture to place a limit of 15%, or even 25%, upon the possible maximum of adverse exchange, or any limit upon the period of its duration, or to hazard the opinion that immunity from its recurrence would follow the restoration of normal conditions, even though such restoration proceeded solely and wholly from the recovery of internal strength.

In the meantime it is worth noting that a five-year six per cent. Canadian debenture, sold at par in Canadian funds with half-yearly interest and principal payable in gold in New York, would cost the issuing municipality a little over 8 per cent. per annum if the covering remittances had to be made at an average adverse exchange rate of 10 per cent.; and if the average exchange should be 15 per cent., the cost of the loan would be a little over 9% per annum.

If six per cent. serial debentures were issued and sold at par in like funds, with equal annual instalments of principal maturing over five years, payable as to principal and half-yearly interest in gold in New York, the cost to the borrowing municipality would be approximately 9 1/2 per cent. per annum on an average adverse exchange rate of 10 per cent., and approximately 11 1/2 per cent. per annum on a like rate of 15 per cent. Shorter term loans would be still more costly—and especially so in the case of serial debentures—by reason of the exchange premium settling over a shorter period. These are illustrations—and illustrations only—of the effect of adverse American exchange on the cost of money borrowed under the conditions outlined. It is not suggested that five-year 6 per cent. debentures is a normal mode of municipal financing. In view, therefore, of the general uncertainty of the outlook, and the additional dangers inherent in the disturbed state of the world-at-large—dangers that are not by any means sufficiently realized by many, and that may well affect international trade for a long time to come—it is only the part of ordinary prudence to refuse to assume such an obligation, except in cases when the money is an absolute necessity, and when it cannot be obtained on other terms. During normal pre-war times this risk was negligible, and by reason of the greater marketability imparted to debentures by the condition in question, it was freely assumed. Under present conditions, however, in the case of debentures that are marketed in Canada the obligation should not be assumed. Debentures sold and marketed in the United States must, of course, under present conditions, be made payable in gold in the United States. But when such debentures are sold and marketed in Canada, and when such obligation is unnecessarily assumed, it puts it in the power of the Canadian investor to cash his coupons and collect his principal in New York whenever the rate of exchange is favorable to him, and to obtain thereby an additional profit at the cost of the borrower.

These are not submitted as reasons why Canadian Municipalities should not assume the necessary business risks that others must accept, but as reasons why they should not assume unnecessary business risks. The patriotism of Canadian Bond houses may, therefore, be relied upon—in view of the heavy burdens bequeathed by the war—to assist in protecting the country from risks of this kind when the monetary conditions of the time permit. With the cessation of Dominion War Loan issues there will, of course, be a corresponding increase in the power of the Dominion to absorb its own municipal issues.

GROSS INCOME AND OUTPUT: Despite the power shortage, the gross income increased by 6.4 per cent. over that of 1918; and the commercial income by 4 per cent. over that of 1918. The commercial income for the year amounted to 72.8 per cent. of the total, as compared with 78 per cent. in 1918, 71.8 per cent. in 1917, 67.0 per cent. in 1916, 66.4 per cent. in 1915, 63.9 per cent. in 1914 and 59.05 per cent. in 1913. The following table gives other instructive details of output, load and progress:

End of	Meters in Use	Street Lights	Kilowatt-Hours Sold	Connected Load H.P.	Peak Load H.P.
1912	13,858	33,824	35,175,548	49,296	17,198

Owing to the shortage of power during 1918 and 1919 it was necessary to stop canvassing for new business and to curtail the street lighting.

It is, perhaps, worth while again drawing attention to the double incidence of the Sinking Funds and the Depreciation Funds. If the enterprise were endowed with permanent capital issued in the form of irredeemable Capital Stock as is common to joint stock companies, the Sinking Fund charges that now have to be met out of income would be avoided; and the most severe obligation of sound finance would only require that depreciation funds sufficient to replace the Buildings and Equipment as they wear out should be accumulated out of Income. In view of the fact, however, that the capital of the enterprise has been raised by means of debentures that require to be paid off at maturity, it is necessary that such a sum be set aside out of income each year as will with the interest accruing thereto from its proper investment, amount to sufficient to pay the debentures at maturity. In the case of serial debentures which mature at specified rates from year to year, the amount of each year's maturity must be provided out of each year's income. As the Plant wears out it must, of course, be replaced, and to save making new debenture issues from time to time under the obligation of the Corporation of the City of Toronto to provide the new replacement plant, it is also necessary to accumulate out of income a depreciation fund sufficient therefore. Hence, a municipal utility such as this, while rendering service at cost, must include within its costs for the purpose of rate-making, not only the necessary annual sinking fund instalments and the necessary serial debenture instalments to retire the debenture capital at maturity, but also the depreciation funds required to replace the plant as it wears out.

It has been estimated by the officers of the Commission that the rates for residential and commercial light and power that have been charged during the past eight years, have saved its customers not less than approximately \$17,000,000 of the aggregate they would have paid had the normal rates that were in force in this city at the inception of the enterprise been continued.

That the Toronto Electric Commission has been able to meet the double charge above-mentioned from which private enterprise, when carried on with irredeemable capital, is exempt; to relieve the credit of the ratepayers of the burden of replacement debentures; and to furnish light and power at the rates, and with the savings to the public that have been mentioned, will, perhaps be regarded as a sufficient vindication—at least from the material and administrative points of view—of the policy of establishing The Toronto Hydro-Electric System and of the work of your Commissioners. It is only just, however, to acknowledge the exceedingly valuable work of the General Manager, Mr. H. E. Cousins. For the past seven years he has rendered services that have been uniformly marked by courtesy of the highest order combined with fidelity and courtesy in equal degree. During this whole period he has had no holidays and during the war period and especially when the shortage of power was acute, he labored incessantly with a cheerful willingness beyond all praise. The manufacturers of the City are greatly indebted to him for the ingenuity he displayed in limiting substantially the interruptions in their service and their consequent losses. He is now about to proceed to Europe on a well-deserved three months' leave of absence, and your Commissioners wish him all the rewards that such high service entitles him to.

POWER SHORTAGE:

A reference to the power shortage with which all are more or less, while some are painfully, familiar, is expedient. The power shortage, which, as a matter of fact, was entirely baseless—that the shortage might have been avoided by the exercise of proper foresight, gained a limited credence. The simple and fundamental fact is that it was due to a demand for power that, on occasions, was greatly in excess of the available supply. The excess demand itself was largely the result of war conditions. The special demands occasioned by munitions manufacturing, and the further demands created by the scarcity and costliness of coal, which diminished the supply and raised the price of competing power, combined to make abnormal demands on Niagara Hydro-Electric power. Generating stations cannot be built over night and the result was an inevitable shortage, which, while severely felt by many, could not have been avoided by anyone under the controlling circumstances of the time.

Your Commissioners understand that the power at present available at Niagara Falls for distribution to the Municipalities, is approximately 185,000 H.P.; that the Provincial Commission is supplying approximately 40,000 H.P. to individual consumers in Ontario; that it is exporting approximately 50,000 H.P. to the United States under contracts entered into by the Ontario Power Company prior to the acquisition thereof by the Provincial Commission; that in all probability the Queenston-Chippawa development, which was commenced by the Provincial Commission in 1917, will, by the fall of 1921, have a first instalment of 100,000 H.P. available for commercial use; and that no appreciable increase in the allotment of power to the participating municipalities can be expected until the Queenston-Chippawa development reaches the stage indicated by the present reports, and that the power shortage during the coming winter will be at least as severe as during the last winter. In cases where an uninterrupted supply is of paramount importance it would seem that the only way to secure such in the meantime is by making some arrangement for auxiliary power. It is unnecessary to say that your Commissioners will, at all times, do the best that can be done with the resources at their disposal, but they cannot deliver power that they cannot obtain. It is beyond the present power of man to prevent the interruptions to a regular supply that are caused by changing winds, accumulations of ice, and other contingencies affecting the generating stations and the transmission plant alike.

The lesson—so far as the Toronto System is concerned—from the shortage, actual and prospective, and from unavoidable interruptions in the service, should be that a powerful steam reserve plant is a necessity. Such a reserve plant would furnish, up to the limit of its capacity, substitutionary power in times of stoppage and supplementary power in times of shortage. With the present high cost of construction and of coal it is obvious that both capital and operating costs of such a plant would be high and that corresponding increases in the rates would be necessary. The matter, however, is of such vital importance to manufacturers and other users of power that the additional cost would be little compared with the losses it would avoid.

Another conclusion to which the shortage points is that the Government should acquire and develop, prudently by degrees, and on just terms, the principal power sources and power plants of the Province. It is unquestionable that the Government and Municipal Hydro-Electric movement in the Province of Ontario restrains private ownership from developing such sources and plants to their fullest service efficiency. The dependence of the commercial, industrial and related interests of the Province on ample supplies of power at the lowest practicable cost fully justifies such a policy. It is further necessitated by the present absolute dependence of the Province on the United States for coal supplies. While the policy of the American Government and the attitude of the American people have, in this matter, been just and considerable in the past, the United States has its own industrial, political, and other difficulties to contend with. These difficulties cannot fail to cause a justifiable apprehension that a stoppage of sufficient supplies for the needs of the Province is a possibility fraught with most serious consequences to the economic life of the Province and to the friendly relations between the respective countries. It should, therefore, be the policy of both the Dominion and the Ontario Governments to free the important interests at stake as much as possible from all such risks. The two countries are dependent on each other in respect of many vital matters. An absolute embargo by either on the export of necessities to the other, except in times of great justifying national emergencies, would be inconsistent with the friendly relations of the past, the ideals of both American and Canadian peoples, and fatal to future amity. A policy of reprisals, which would be the inevitable consequence of an unnecessary embargo, would inflict serious commercial injury on both peoples apart altogether from other consequences. Our sources of economic independence should be developed to the full for reasons both of national pride and of national well being.

Further, under competent guidance, the investments involved in such a policy would be self-sustaining, and could be made a source of public revenue, while in addition they would greatly increase the producing and competing capacity of the people of Ontario—two of the great necessities of post-war times.

The value of Hydro-Electric energy is illustrated in some measure by comparing the quantity of bituminous coal imported into the City of Toronto in the year 1919 with the quantity that would have been required had Hydro power not been available. The official figures indicate that in the year 1919, 85,000 tons of bituminous coal were brought into Toronto. To generate from steam the power purchased by the Toronto Hydro-Electric system from the Provincial Commission during that year would have required approximately 358,000 additional tons of coal. The cost of this coal would have been more than three times the amount paid for the power taken from the Hydro-Electric Power Commission of Ontario. The quantity of coal that would be required to generate the total quantity of power sold by the Toronto Hydro-Electric System to its customers since the beginning of its operations, would be over 2,000,000 tons, and the cost, at prevailing prices from year to year, is estimated at over \$10,000,000, as against a cost for the electric current taken from the Provincial Commission of approximately \$4,100,000. In addition to the great saving so effected by the substitutionary use of electric power, this has had, during the last year, an appreciable effect in relieving the adverse exchange situation, while it has also been of material value in relieving overtaxed transportation facilities, and releasing coal for heating purposes. When the coal savings arising from the whole Niagara water power developments are taken into account, the resultant benefits of the kinds indicated are enormous.

FLAT RATES:

The proposal has been made in some quarters that power should be delivered to all municipalities within the Niagara zone by the Hydro-Electric Power Commission of Ontario at the same rate. While it is probable that this proposal will be seriously entertained in responsible quarters, it is perhaps worth while pointing out that the delivery of electricity, involving, as it does, a cost varying with the distance traversed and the quantity transmitted, resolves the proposal into a plan to subsidize consumers in certain districts at the expense of those in other districts, and as such it is not likely to be received with favor where a proper sense of commercial independence, rectitude and fair play prevails. Further, the entire Municipal Hydro System is founded upon a number of binding contracts between the separate participating municipalities and the Provincial Commission. In these contracts the basis of charge is clearly set out, and the investments of the participating municipalities have been made in good faith on the strength thereof. To treat these contracts as "Scraps of Paper" would provoke most serious litigation, would destroy all faith in, and ultimately would wreck the movement beyond hope of repair.

CONCLUSION:

Your Commissioners with your full approval and with the full support of public sentiment authorized during the war period, a number of patriotic subscriptions and grants amounting to a total of \$83,450.04, of which \$72,028.82 was paid to dependents of employees with the colors.

Now, however, the war is over! The great arch-enemy of freedom and the deadly enemy of the British Empire has been utterly overthrown. Let humble thanks be given! The most stupendous catastrophe of human history has engaged the world's stage during the past six years. The events are still too close at hand to be seen in their full magnitude, and the terrible consequences in their final relentless expression have not yet sufficiently developed to be appreciated aright. The highest pinnacles of sacrifice have been scaled by a dauntless heroism never surpassed in the history of the world. The lowest depths of infamy have also been sounded. We may try to forget the infamy, but the indelible proofs of the unimaginable suffering it beget, remain among us, and forbid—and rightly forbid—that we should forget it. But while remembering it as a protection against the foolish, insidious, and fatal optimism that would gamble with the rights, liberties and dignities of free peoples, let us turn with concentration of purpose to the new duties before us. The call of the day is for reconstruction and repair. The unity of purpose that animated the people of this country, in common with their kith and kin across the seas and with their gallant Allies in the high, but tragic duties of the war, should no less animate them in the tasks of peace. The legacies of the war in the way of material burdens are heavy; but the recuperative power of the country is great and adequate. Class strife must cease; co-operation and goodwill must take its place; thrift and honest toil must reassert their power; if the future of the country is to be assured. Governmental and Municipal, no less than private economy, must be the order of the day. Extravagant public loans and projects should be discharged. The rainy spirit of the people of the Dominion has shown itself in many crises. Your Commissioners believe that this spirit will not be invoked in vain as we turn once more to the paths of peace. The high duty and privilege of caring adequately for the blighted lives among us—the heritage of war—must ever remain in the forefront as a sacred task—a charge upon the hearts and the possessions of all.

Respectfully submitted,
THE BOARD OF COMMISSIONERS,
P. W. ELLIS, Chairman, T. L. CHURCH, Mayor, GEO. WRIGHT, Commissioner.
Toronto, 15th July, 1920.

TORONTO HYDRO-ELECTRIC SYSTEM Balance Sheet as at 31st December, 1919.

ASSETS. FIXED ASSETS: Lands, Buildings, Transmission System, Substation Equipment and Feeder System, Distribution System, Municipal Street Lighting System, Line Transformers, Meter Equipment and Devices, General Office, Stores Department, Utility Department and Miscellaneous Equipment, Miscellaneous Construction and Exhibition Construction and Equipment \$9,555,450.95

LIABILITIES CAPITAL ACCOUNT: Corporation of City of Toronto—Sinking Fund Debentures: By-law No. 5036, Cash Advanced \$2,240,124.55, Debenture Discount and Expenses 509,875.45, 2,750,000.00

NOTE—Provision for writing off Debenture Discount and Expenses at the maturity of the respective debenture issues is secured by the annual charges against the earnings in respect of Sinking Fund.

CURRENT ASSETS: Stores on Hand and Apparatus on Loan, less reserve for Contingencies 492,408.14, Accounts Receivable (including Orders in Progress) less Reserve for Estimated Losses (\$38,493.27) 378,857.05, Cash on Hand and in Bank 170,495.78, Cash on Deposit with Trust Companies and accrued interest 304,695.20

CURRENT LIABILITIES: Corporation of City of Toronto—Sinking Fund Instalments accrued Serial Debenture Instalments accrued 33,868.60, Accounts Payable and Accrued Charges 227,648.60, Total Current Liabilities \$ 284,394.81

Revenue Account for the Year Ended 31st December, 1919.

Section I: Showing Net Income From Operation of Year CHARGES: DR. To Cost of Electric Current at Schedule rate (together with supplementary charge of \$106,854.51) \$812,867.47

Section I: Showing Net Income From Operation of Year INCOME: CR. By Sale of Current for:—Lighting \$ 946,919.53, Power 120,944.81, Street Lighting 322,773.70, Exhibition 17,924.21, Other Municipalities 5,585.04

Section II: Showing Disposition of Net Income

To Interest \$403,635.21, To Depreciation 340,427.05, To Exchange on Payment of Debentures and Debenture Interest 18,831.33, To Sinking Funds: Under City By-law No. 5036 \$36,471.54, Under City By-law No. 5918 34,255.92, Under City By-law No. 6674 9,233.67, Under City By-law No. 7176 13,262.38

By Net Income available for Fixed Charges brought forward from Section I \$927,635.81, To Net Income available for Fixed Charges Carried Forward to Section II 927,635.81, \$2,504,758.31

Surplus as at 31st December, 1919.

By Balance Brought Forward from 1919 \$ 63,977.59, By Adjustments of Reserves re Power Accounts (1918) 22,318.22, By Net Income from Operations of Year 1919 4,151.52, \$101,447.29

Certificate of Auditor

To the Toronto Electric Commissioners: I have completed the audit of the accounts of the Toronto Hydro-Electric System for the year ended 31st December, 1919, and certify that the attached Balance Sheet is properly drawn up, and, in my opinion, sets forth the financial position of the System, as shown by the books as at 31st December, 1919.

GEO. WRIGHT, Commissioner

KING EDWARD WING RESTS ON BED ROCK

Excavators Go Down Thirty-Six Feet to Seat Piers.

The present King Edward Hotel sits on a foundation of clay a few feet below the basement level; but the new skyscraper wing now in course of construction will rest on bed rock 36 feet below the level of the street. The sub-contractors, Angstrom & Verobio, who are making the excavations for the foundation piers, have found flat rock about 30 feet below the level of the hotel basement, after passing thru clay so solid that it has to be loosened with a pick. The piers, about four feet square, will rise about 35 feet to the street level, and on these the steel will be laid. There are 86 piers in all, and they are distributed about 15 feet from centre to centre. Sixty per cent. of the excavations have been made and concrete pouring is proceeding steadily. It is believed that the piers will be ready for the steel within two months.

CROP SITUATION RATHER CRITICAL

(Continued From Page 1). around Wilkie, Asquith and Saskatoon districts. Grasshoppers have done considerable damage recently in the Yvonda district, but the farmers are looking to the government to take action to destroy them. Rain Vital Need. Prince Albert—Crop conditions in northern Saskatchewan have become somewhat critical in the past two weeks, due to intense heat and lack of moisture. A good deal of the wheat has been damaged in the district, and it is vital that there should be rain within the next week, otherwise 25 per cent. of the crop will be destroyed. The sky is overcast today and there is a good prospect of rain, which would save 25 per cent. of the crop in northern Saskatchewan. Moose Jaw—Rain is very badly needed in Moose Jaw district if the crop conditions which have been excellent so far, are not to become unfavorable. Oats especially are suffering from lack of moisture and farmers are anxiously awaiting relief. Light rain fell here Monday night, but it was not of any benefit to crops. Heavier rains have fallen to the south. In Southern Alberta, Lethbridge—Crops throughout southern Alberta have made phenomenal growth since the general rains of a week ago. Except in two or three districts in the extreme southeast of the province, where the rains were lighter, there is no cry for more moisture at present. There has been no report of crops burning anywhere. Another general rain within a week would help greatly to make crops fill, but an average yield may be expected under any conditions on all fields which have not suffered wind, cut worm or hopper damage. Edmonton—Rain is commencing to be needed at a number of points in this district, particularly around Stony Plain and Camrose. The weather for the last three weeks has been very hot and with only light scattered showers. The heavy rains of early in the season came at a time, however, when the ground was shaded by the crop, and on early sowing grain growers declare they will get a crop even if there is no more rain until harvest. Late seeded stuff is commencing to show the effects of the long dry spell, and they will be seriously affected if rain does not come soon.

Calgary—The best web worm has made its appearance in large numbers in Calgary and Assure districts. So numerous indeed were they on Monday that a Canadian Pacific Railway freight train had to "double up" in order to get into Calgary, the lines and the wheels of the cars becoming so thickly coated with the sticky insects that the train as originally made up was brought to a standstill. It is said that this insect does not do any damage to wheat or other cereals, but devours all weeds related to the beet family.

CROPS IN MANITOBA SHOW BETTERMENT Brandon, Man., July 20.—The Manitoba Provincial Fair was officially opened here this afternoon by Hon. S. F. Tolmie, minister of agriculture. Referring to the crop outlook, Dr. Tolmie said: "Looking over the country on my present trip I am very much encouraged that the general crop conditions will be very much better than anticipated a few weeks ago. With anything like favorable weather the crops throughout the west should be very satisfactory."

HEAVY LOSS UNLESS RAIN COMES SOON

Winnipeg, July 20.—If a heavy rain does not fall in the next ten days, the prairie provinces will lose fifteen million bushels of wheat. More than five hundred million bushels of wheat have been lost in the three provinces from a lack of moisture since 1915. This statement was made by Robert McGill, secretary of the grain exchange, today, at the Kiwanis Club.

THE GIFT OF THRIFT There is nothing you can give your children in a material way, which will do them more lifelong good than a savings account in an institution like the Bank of Montreal. By encouraging them to save, you teach them the habit of thrift and provide a foundation for their future. A savings account may be opened with \$1.00. Interest is paid at the highest current rates. BANK OF MONTREAL Established over 100 years. Total Assets in Excess of \$500,000,000. Head Office: MONTREAL. Branches in all important centres in Canada—Savings Departments at all Branches.

CONSERVATIVE MEET SHOULD BE SUCCESS Arrangements Being Made for Monster Picnic—Ward Two Endorses Rationale. The executive committee of Ward Two Conservative Association met last night in Winchester Hall, the business discussed being the part the association had to take in the monster picnic and games of Toronto Conservatives, to be held on Wednesday of next week, in Exhibition grounds. Treasurer T. V. Gearing informed the meeting of the progress made by the central committee, and that it had been resolved to ask each of the ward associations to contribute \$50 toward the expenses of the project. He said these would amount to about \$2000, and of that over \$1100 had been obtained. Within three months of the treasurer making his statement, the members present subscribed \$51. Mr. Gearing said that the picnic would be a basket one; that a record attendance was anticipated, and that 75 crippled soldiers from the hospitals would be amongst the guests and would be taken care of by the ladies' organizations. Arrangements would be made with the Motor League to have the soldier boys motored from the hospitals to the Exhibition grounds and back. It was arranged that the secretary of the Central Association be requested to call a meeting of ladies of the various Conservative organizations for Friday night at 8 o'clock, at his office, so that arrangements could be formulated for the duties of the ladies. The treasurer said that programs would be issued immediately, and as there would be no charge for admission, tickets would not be necessary, altho they would be supplied. He hoped that the young men would turn out in force, as the membership of the various associations had been sadly depleted owing to the war. It is expected that Senator Pope, from Quebec, and Hon. Mr. Baxter, from New Brunswick, will be present to address the throng. A resolution was passed endorsing the Hydro radial policy. The meeting was to have taken up the question of reorganization, but as the president of the association was unavoidably absent, it was agreed to leave this question to be considered at a future date. A SLIGHT OVERSIGHT. A New York milkman, delivering to his customers early one winter morning, when it was dark, did not notice the color of the milk. On his second round an irate customer showed him a bottle of clear water. The milkman was not at all disturbed. "Queer," he said, "they must have forgotten to put the milk in it this morning."

Simpson's—Second Floor.

350 Crepe de Chine and Jap Silk Undergarments

Regularly \$6.50 to \$8.50—In a Noteworthy Sale Today at **\$4.95**

Nightgowns and Envelope Chemises—the daintiest silk garments imaginable in delicate shades of pink and pure white.

The Crepe de Chine Envelope Chemise illustrated at the left has fitted yoke and shoulder straps of fine Valenciennes lace. Three little lace medallions with pale blue ribbon centres emerge from the yoke—the centre model is heavy quality crepe de chine with deep yoke of fine filmy filet lace and touches of tiny wee rosebuds—the Chemise at the extreme right has pretty hemstitched yoke with touches of fine hand embroidery and tiny pink roses.

All are run with lingerie ribbon and trimmed at bottom with dainty laces.

The Jap Silk Nightie is rather of a plainly tailored design with hemstitched and picoted edges. There are tiny rows of shirring at the neck, both back and front, and bright touches of colored hand embroidery and lingerie bows.

This sale will be all too short, so be here.

A Most Remarkable Midsummer Special! Sale of Women's and Misses' Frocks 7.45

A great special purchase by which we obtained dresses at far below usual and a clearance of styles from \$12.50 to \$22.50 stock offers you lovely voile tub frocks at a genuine saving—some even at much less than half-price.

Dotted voiles, striped voiles, foulard-patterned voiles and checks, or little novelty patterns in a host of designs and colorings, why in many cases a frock length of the material alone in such distinctive patterns as these would cost you as much as the complete fetchingly styled frock you may obtain today. To give you some idea of the variety of styles and colorings we have pictured five of the frocks. Briefly described, from left to right, thus:

- Navy blue and white foulard voile. Bolero bodice with embroidered organdy collar.
- Pink and white blocked voile with organdy double Tuxedo collar and cuffs piped with voile and broad sash.
- Stunning matron's frock in black and white stripe-and-dot voile. Box-pleated tunic and collar and vestee of white organdy, long sleeves, organdy-cuffed.
- One of the newest notes—navy voile with pin-dot in green and great surplice collar of white organdy, which grows into a hugely-bowed sash.

Another lovely foulard design in beige on tan voile, ruffly hip-panniers, and Tuxedo collar in beige organdy. Sizes for women and misses. Midsummer Sale, today **7.45**
Simpson's—Third Floor.

Cool Lingerie Blouses for Hot Days

Crisp, cool and altogether charming blouses that may be kept looking immaculately fresh and new, and wonderful value at the low sale price. Three of the many fetching styles are illustrated:

To the left—Blouse of sheer voile with embroidered panel front. Smart hemstitchings and short sleeves. Sizes 34 to 44.

Centre—Dainty blouse with beautifully embroidered front and lace-edged organdy collar. Sizes 34 to 40.

To the right—Very sheer English voile, also prettily-embroidered and lace-trimmed, and closed with dainty pearl buttons. Sizes 34 to 40.

Mail or phone orders filled as long as possible, but best choice will be obtained by shopping early today. Midsummer Sale **1.95**
Simpson's—Third Floor.

Boys' \$21 to \$25 Suits Today \$16.95

Sizes 29 to 35. All-wool hosiery and wool and cotton mixed tweeds at a surprising low price. Gray, fawn and brown mixtures. Biked models with plain and pleated back effect. Bloomer pants with belt loops and gusseted bottoms. Sizes 29 to 35. Midsummer Sale, today **16.95**

Boys' White Duck Long Trousers, **\$1.29**
White duck, made with three pockets, belt loops and cuff bottoms. Sizes 4 to 9 years. Midsummer Sale, today **1.29**

Boys' Long Khaki Trousers, **\$1.79**
Serviceable and durable long khaki drill trousers with three pockets, belt loops and cuff bottoms. Sizes 4 to 10 years. Midsummer Sale, today **1.79**
Simpson's—Second Floor.
