Anarchy in Berlin; Civil War Begins

Armed Workmen of Spartacus Faction Crowd Streets; Firing Begun

Rattle of Machine Guns in All Parts of German Capital; Even More Serious Situation May Develop Very Soon

Copenhagen, Jan. 7.—Berlin is in a state of complete anarchy and civil war has begun there, according to the Munich correspondent of the Politiken. His information, he says, is based on telephonic messages from the German capital. All the banks are barricaded and a great number of the public buildings are in the hands of the Spartacus or extreme radical group.

Thousands of armed workmen of the Spartacus faction, he reports, are crowding the streets, and at several points firing has begun. The sound of machine gun-fire could be heard from all parts of Berlin.

The message reported the intention of the government to make an effort to storm the building of the police guards later in the day and take possession of all the machine guns and cannon there. Dr. Karl Liebknecht, Spartacus leader, has been seen here and there about the city organizing his troops for the final fight which, the correspondent says, is expected to begin very soon. Hundreds of persons are reported fleeing from the city.

"DEMONSTRATION" BUT DANGEROUS

Berlin, Jan. 6.—(11 p. m., by the Associated Press)—The Spartacus group is engaged today in a big demonstration against the government. Tens of thousands of followers of Karl Liebknecht have been parading Unter Den Linden and the Brandenburger Strasse, and as this dispatch is filed are returning along Unter Den Linden. Up to this time no shots have been fired.

The Wilhelmstrasse from Unter Den Linden to the Leipzigerstrasse is packed full of government sympathizers who have been standing here for two hours. It appears to be the government's intention to prevent the Spartacus demonstrators from the government office. Hundreds of youths and other civilians in the Spartacus ranks are carrying rifles. First fighting has occurred near the tower of the Wilhelmstrasse and Unter Den Linden where the Spartacus demonstrators took away their opponents' standards. Spartacus supporters took a stand in open order in front of the Hotel Adlon with their rifles ready, but there was no firing.

The Spartacus marchers, with the exception of the workmen from certain factories, comprise the scum of the city and four-fifths of the whole number are bedraggled women and young girls. The opinion seems general that only a miracle can prevent blood letting before the end of the day.

Say Final Fight.

Copenhagen, Jan. 7.—Adolph Joffe and M. Radek, leaders of the Bolshevik mission in Germany, are in Berlin assisting Dr. Liebknecht and Rosa Luxemburg in fomenting a Bolshevik revolution. According to advices received here they are believed to be at the police headquarters, which is the stronghold of the Spartacus.

The independent Socialists, whose leaders were recently dismissed from the government, are reported to have gone over entirely to the Spartacus. These two groups have issued a joint proclamation declaring that the final fight to preserve the revolution must now be fought.

The offices of the Tageliet, Vossische Zeitung, Lokal Anzeiger, Vorwaerts, and Jorgen Post were seized and occupied Sunday night by the Spartacus. The office of the Wolff Bureau has been closed by the Spartacus.

PRINCE ALBERT ON CANADIAN CORPS HEADQUARTERS STAFF

Ottawa, Jan. 7.—Fred James, official correspondent with the Canadian army corps, writes:—Hona, Germany, Jan. 5.—Prince Albert, second son of King George, is now on the headquarters staff of the Canadian corps. Although he has been with the corps a short time only, it has been long known to show that, like his brother, the Prince of Wales, who was on the Canadian headquarters staff for some time, he, too, is a very democratic youth, possessing a similar eagerness to learn of men and things.

TACTIC CHANGES IN BRAZIL

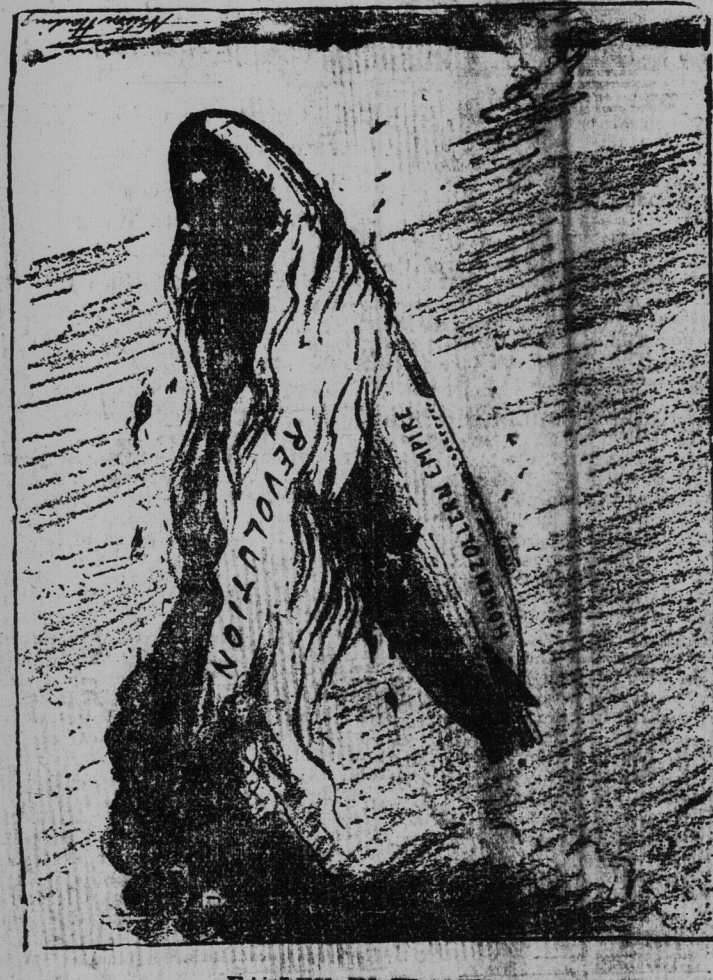

Rio Janeiro, Jan. 7.—The budget law for this year provides for a twenty per cent reduction in duties on articles from foreign countries which offer tariff concessions on Brazilian products, especially tobacco and rubber. It abolishes the duties on fruits from American republics which shall facilitate Brazilian imports, and provides for the entrance of all cattle for breeding or fattening purposes.

LADIES BONSPIEL

A bonspiel among the lady members of the St. Andrew's curling club, was started this morning, four rinks participating. At one o'clock the scores were close and it was impossible to predict a victory. The games were to be continued this afternoon. Three prizes are offered.

Hundreds of Thousands of Trees Planted by Boy Scouts in Roosevelt's Honor

New York, Jan. 7.—In order to give permanent expression to "all Colonel Roosevelt stood for to the boys of the nation," 16,000 troops of the Boy Scouts of America, comprising 440,000 members, today were instructed to plant one more tree with suitable inscriptions and ceremonies in memory of the former president. Colonel Roosevelt had aided materially in the developments of the scouts and each of its members regarded him as their hero.

World Mourns With The Widow of Sagamore Hill

Floods of Telegrams Of Sympathy for Mrs. Roosevelt

Simple Funeral Tomorrow

President Wilson, Queen Mother Alexandra and French Foreign Minister Among Those Sending Condolences — Father-in-law of Captain Archie Roosevelt Buried Today

Oyster Bay, N. Y., Jan. 7.—With the flags of Oyster Bay draped at half staff, its citizens in deep mourning over the death of Colonel Theodore Roosevelt, arrangements for the unostentatious funeral services here tomorrow were being perfected by members of the family today. High in the air over Sagamore Hill army airplanes from Hazelton, Ont., were flying in a loose, occasionally swooping toward the earth to drop a wreath of laurel among the pines of the mansion.

In accordance with the wishes of the former president, as expressed to Mrs. Roosevelt, the obsequies will be of the most Spartan simplicity. First, there will be a prayer tomorrow at the house, attended only by relatives. At 12:45 o'clock the Protestant Episcopal church service for the dead will be read in the chapel by the rector, Rev. Geo. K. Lalumge. There will be no music, no eulogy and no honorary pallbearers. Burial will be in Young's Memorial cemetery. Colonel Roosevelt will lie among the fir trees on the crest of a knoll overlooking Oyster Bay covered by a beautiful spot selected soon after he left the White House.

A flood of telegraphic messages of condolence from all parts of the world continued today and extra telegraph operators were called here from New York to handle the rush.

Mrs. Roosevelt received during the night a cablegram of sympathy from President Wilson, dated Monday, and the Franco-Italian frontier, reading as follows:—

"Pray accept my heartfelt sympathy on the death of your distinguished husband, the news of which has shocked me very much."

"WOODROW WILSON."

This was one of more than 300 telegrams and cablegrams which poured in to Oyster Bay for Mrs. Roosevelt during the night.

Queen Mother Alexandra of England cabled the following:—"I am indeed grieved to hear of the death of your great and distinguished husband for whom I had the greatest regard. Please accept my deepest sympathy in the irreparable loss you have suffered."

Monday, Jan. 7.—(Havas Agency)—Stephen Pichon, foreign minister, said:—"Without entering into political matters pertaining to the United States, the death of Mr. Roosevelt must be regretted. He was an eminent and courageous man, inspired with pure patriotism. France shares with the entire American people in the sorrow of his death." M. Pichon called his condolences to Mrs. Roosevelt.

Havana, Jan. 6.—Cuba's flag will fly at half-mast over all forts, naval vessels, public buildings and military posts on the island until after the funeral of Theodore Roosevelt.

Toronto, Jan. 7.—Mayor Church ordered the city hall flag at half staff in honor of the former U. S. president. Another funeral.

Boston, Jan. 7.—Funeral services were held today for Thomas St. John Lockwood, father-in-law of Captain Archie B. Roosevelt. Captain and Mrs. Roosevelt were on their way to this city yesterday when they learned of the death of Col. Theodore Roosevelt. They immediately went back to New York, but it was announced that they would come here today to attend the funeral of Mr. Lockwood.

SAYS MAN "WANTED" ON MURDER CHARGE HAS BEEN IN CITY

This Comes Out in Evidence in Union Alley Case in the Police Court

Prince Albert Green, a West Indian, was before the police magistrate this morning charged by James Duggan, colored, who conducts a boarding house in Union alley, with shooting off a revolver in his house and doing damage to his furniture to the extent of \$10. It came out that George Wallace, colored, a West Indian, gave evidence. He said that he believed Wallace and Green had been gambling in some house. Wallace returned to the house and soon afterwards Green came in and the fight started. The case was set over until tomorrow morning.

Re-union of Louis and Jack Collins of St. John Near Mons After Years of Fighting

Mr. and Mrs. T. Oscar Collins, of Chubb street, received an interesting letter yesterday from their son, Louis, who went overseas with a Canadian Construction Corps more than two years ago. In the letter he told of meeting his brother, Jack, who had been with the Canadian forces in France for nearly four years. Both brothers had been with the Canadian forces during the greater part of the war, but it was not until hostilities ceased that they met.

The letter was in part as follows:—"I had a trip to the historic city of Mons, where the fighting started for the British in 1914 and ended for the Canadians. I got some welcome when they marched in; the people giving up their beds and sleeping on the floor so that our boys could sleep in them. When I landed in Mons I went on a hunt for Jack and after looking for half a day I found out where he was and walked seven miles to where he was billeted. He was certainly surprised when I walked up to him. He is looking great for a fellow who had been nearly four years in this country. I think some of us will be home for Easter."

MILITARY WEDDING

An interesting event took place in the Cathedral at nine o'clock this morning when Sergeant Edgar A. Allan of the district headquarters staff, was united in marriage to Miss Novelle Harrison, daughter of Mr. and Mrs. M. J. Harrison of Amherst. The ceremony was performed by Rev. Robert Fraser; Sergeant E. S. Hansen acted as groomsmen and the bride was given away by her mother, who had accompanied her from Amherst. After the ceremony the bridal party was entertained at the home of Mrs. M. M. Fitzgerald, 163 Charlotte street, where a wedding breakfast was served. Sergeant and Mrs. Allan will leave this evening for a visit to the upper Canadian cities and on their return will make their home in St. John.

POLICE COURT

Fred Secord was in the police court this morning, charged by his father, Almer Secord, with assault on December 21. Some evidence was taken and the case was set over until this afternoon. There was set over until this afternoon. There was set over until this afternoon.

Colonel Boyle of Canadian Army Meets Ready Response From Other Sources Also, in Seeking Aid for Rumanians

London, Jan. 7.—(Canadian Press despatch from Reuters' London)—Reuters is informed that Colonel Boyle of the Canadian army in charge of Rumanian relief, who has been working in Rumania and Russia since the spring of 1917, has just arrived in London, and to him had been entrusted the task of dealing with inter-Allied commissions and governments on questions relating to Rumania. He declares the most urgent matter is the supply of food as the population is starving on otherwise in very great distress. Colonel Boyle conferred with American Food Administrator Hoover in Paris and the latter agreed to divert to Rumania three cargoes of flour now in the Mediterranean. He promised \$5,000,000, and has been offered other cargoes including fats and milk.

In London Colonel Boyle conferred at the foreign office with Lord Bessing and with the food and wheat commissions and all expressed the intention of doing everything possible in the way of relief for the few days in London, however, has been a definite offer from Premier Borden on the subject of \$25,000,000 to be expended in the purchase of the district of Rumania. Of this sum the Canadian government immediately offered permission to ship from the food commissions to Rumania without delay.

HERE AFTER TRIP HALF WAY ROUND WORLD

Major Aspland Has Had Widely Diversified Experiences In The War

Few men have seen service on more widely separated fronts or undergone more interesting experiences during the great war than Major W. H. G. Aspland, R. A. M. C., who is in the city today on his return to England from China, having completed a trip more than half-way around the world in charge of a party of 400 coolies who had become ill while engaged in military work in France. A detachment of twenty-four men of the R. A. M. C. who assisted in caring for the coolies are returning with him.

Before the war Major Aspland was a professor in the medical college of the University of Peking, China, and was home on furlough when war was declared. He promptly volunteered and soon was in France, where he served in 1914 and part of 1915. His next field of activity was in Serbia and when disaster overtook that little nation he was among those who were taken prisoner by the Austrians. After five months as a war prisoner, he was released and again engaged in active service, this time in southern Russia on the Persian-Turkish and Italian fronts, during the year 1916 and part of 1917. When the great retreat occurred in 1917 he returned to France and for the last two years he has been in command of the Chinese labor corps in connection with the general hospitals in France, where he has been engaged in active service, this time in southern Russia on the Persian-Turkish and Italian fronts, during the year 1916 and part of 1917. GOOD THINGS COMING TO THEATRES OF ST. JOHN

VILLAIN CUT ALARM WIRES

But "The Still Alarm" Saved The Girl—Great Picture Tomorrow
Joseph Arthur's classic of all melodramas "The Still Alarm" will grace Imperial Theatre's screen tomorrow and the next day and will attract capacity business. This is a foregone conclusion as nowhere has the story been presented as it failed to attract old and young, male and female. In the first place it is a story that for years held the stages of all the leading theatres and it will be remembered that W. S. Hawks played it in St. John, employing a real horse in the production. Furthermore it is an intensely human tale, with its hero, heroine and villain and characters known to everybody. The spectacular element in the big picture is truly remarkable and shows awe-inspiring fires in a great city with turn-outs of horse-drawn and motor apparatus that will thrill one with excitement. The hairbreadth escapes and daring deeds of the firemen add to the thrills of the picture while its love story, its great finale, its heroism and its villainy, its dramatic and its powerful melodramas and a story that will make St. John ring with comment for the next few days. The shows will be started at the usual hours and the prices will be the same as usual; no extra prices.

WARREN KERRIGAN

J WARREN KERRIGAN
Don't miss Warren Kerrigan in his greatest production, "A man's Man," at the Star Theatre Wednesday and Thursday of next week.

BIG AT GEM TONIGHT; ANNETTE KELLERMAN HERE TOMORROW

Harry Carey in "Hell Bent" enthused Gem patrons last night in a stirring play of the west, the "bad men" in the dance hall and the rough and ready of the mining camp. It is one of that good old drama that you're bound to like. A rousing comedy "The Runaway Colt" proved a great laugh getter. This bill again tonight at 7:15 and tomorrow and Thursday at 8:30, 7:15 and 8:45 comes one of the greatest attractions in motion pictures—Annette Kellerman, the diving girl of perfect form, in "A Daughter of the Gods." All will want to see this stellar Fox production, one of the finest motion pictures ever made.

THE NEW BILL AT THE OPERA HOUSE

Under the new policy at the Opera House, now in operation, there will be an entire change of vaudeville programme and pictures—the new features, including the celebrated Manor Four, a quartette of grand opera singers and soloists in a high-class vocal feature. The Benettes in new ideas in comedy juggling; Bobbie Mack, comedian story teller and dancer; Watson's Comedy Dog Circus with fourteen cute little doggies in a delightful treat for the children and the grown-ups; Henry Myers, Darktown comic; and a good comedy picture.

LAUNDER IN MONTREAL; NO SIGN OF EGGS

Montreal, Jan. 7.—Harry Lauder, the Scottish comedian, who has been threatened with a rotten egg because of remarks he made last year considered derogatory to some French-Canadians, reached this city this morning from Halifax. He was met by friends, but there was no sign of the critics who had promised him the rotten egg.

THE BINGO HOPE OF BRAVE DEAD FROM ENGLAND

London, Jan. 7.—(Canadian Associated Press)—While special arrangements have been made throughout the war for the eventual exhumation, if desired, of bodies of Dominion soldiers who have died in Great Britain and their conveyance to their own country for re-burial, it was said at the office of the Bishop of London today that only one such exhumation order has yet been applied for. The application, which came from Canada, was given attention and the body sent over.

AGAINST GOVERNMENT RAILWAY OWNERSHIP

Stand Taken by Interstate Commerce Commission in United States

Washington, Jan. 7.—Opposition to government ownership and operation of railroads at this time was expressed today by the interstate commerce commission, in a statement presented to the senate interstate commerce committee. "Considering and weighing as best we can all the arguments for and against the different plans," said the statement, "we are led to the conviction that with the adoption of provisions and safeguards for regulations under government ownership, it would not be wise or business like at this time to assume government ownership or operation of the railroads of the country. The commission declared, however, that a reasonable period of readjustment or preparation should be allowed before relinquishment of federal control. "It seems obvious," said the statement, "that no plan of private ownership should be considered unless it is under a broadened, extended and amplified government regulation."

THE BEST QUALITY AT A REASONABLE PRICE

Keeping Your Sight Good
If you want to keep on seeing well, it is up to you to take care of your eyes.
At about 40 years, age begins to tell on the eyes. Book or paper is held at arm's length. It's an effort to see distinctly at close range. One squints, or frowns to do it.
Properly fitted glasses restore normal vision and preserve good sight. Don't trifle with your eyes. You will regret it.
Consult Sharpe's Optometrist and your eyes will receive the best attention and care, and your good sight be preserved.

SCHOOL TEACHER

WINNER OF THE VICTORIA CROSS

Fine Work of Lieut. M. F. Gregg of N. S. Regiment

Of Twenty Two New V. C.'s, Five Won by Canadians But One of the Number is Dead—Stories of Gallant Work

London, Jan. 6.—(Canadian Press despatch from Reuters' Limited)—The official Gazette announces the award of twenty-two new Victoria Crosses. Three of the recipients, including one Canadian, are dead. They include five Canadians and one Newfoundland.

School Teacher's Great Work.
Among them is Lieut. Milton Fowler Gregg, C. M. R., of a Nova Scotia regiment, for the most conspicuous bravery and initiative during operations near Cambrai from September 28 to October 1. On September 28, when the advance of the enemy was held up by fire on both flanks and by thick uncut wire, he crawled forward alone and explored the wire until he found a small gap through which he subsequently led his men and forced an entry into the enemy trench. The enemy counter-attacked in force and through lack of bombs the situation became desperate. Gregg, however, remained, returned alone under a terrific fire and collected a further supply, then re-organized his men and led them in a successful assault on the enemy trench. He personally killed or wounded eleven of the enemy and took twenty-five prisoners, besides capturing twelve machine guns in this trench. Remaining in the trench until severely wounded, he again, on September 30, led the men in a successful assault on the enemy trench. The outstanding valor of this officer saved many casualties and enabled the advance to continue.

Lieut. Gregg was born in 1892 at Mountalinda, Scotland; served as a railwayman in the 12th Battalion, transferred to the Imperials and thence back to the Canadian 40th Battalion. By profession a railwayman, he was a member of the 1st Battalion, 1st Canadian Mounted Rifles, and was awarded the Victoria Cross for the most conspicuous bravery and devotion to duty on October 1, 1918, during the advance from Ledersheim. When the attack was temporarily held up by heavy hostile fire, he crawled forward to the enemy trench, where he was wounded. He was captured by the enemy, but he was rescued by his own men. London, Jan. 7.—Major W. G. Barker, a noted Canadian aviator, and Lieut. R. H. Luxton of the flying corps, formerly of the field artillery, are mentioned in despatches for service in Italy.

BRITISH STARS AT IMPERIAL

Sir Johnston Forbes-Robertson and Notable Cast—Wonderful Bill

The Imperial commenced its winter programmes yesterday with Charles Head's old English story "Masks and Faces," the return of Signor Guarno, favorite tenor and a miscellaneous programme of topical and comedy films that rounded out a splendid bill. The farcical story, among whom were Sir Johnston Forbes-Robertson, Dennis Neilson Terry, Ben Webster, Gladys Cooper, Irene Vanburg, Weedon Gooch and others, while in the prologue of the picture—at a meeting of the Academy of Dramatic Art—were seen George Bernard Shaw, Sir James M. Barrie, Sir Arthur Pinero, Sir George Alexander, Sir John Gielgud and other notables of the stage. It was a gallery of famous stars of yesterday's drama, who were greatly pleased with the whole idea, while the story itself was most delightful.

The bill will be played tonight and those who want to see the greatest players under the British flag will work in the same production for the sake of curiosity and patriotism should not miss it. Tomorrow the old-time drama melodrama "The Still Alarm" will be put on with the most elaborate treatment ever given a story of this kind. The Imperial is bringing its feature "Masks and Faces" at a great expense, but it is felt that it will be justified.

Discussion of Community Needs at Public Meeting

Must Go Ahead

Speakers Tell of Opportunities Awaiting St. John and Urge Courage and Enterprise in Dealing With the Situation

Vocational training, thrift and war stamps, nationalization of the port of St. John, housing conditions, street and water works improvements, new industries, taxation, municipal ownership of public utilities and other matters of vital interest were discussed last night at a meeting of business men in the board of trade rooms.

The meeting was presided over by R. B. Emerson, president of the Board of Trade, with Secretary A. W. Conger at his post. The speakers on the programme were Sir Douglas Hazen, who devoted his entire address to thrift and savings stamps; Mayor Hayes, R. W. Wigmore, M. F. and W. S. Fisher.

The first speaker was Sir Douglas Hazen, who maintained that if people economize and are industrious the chances are that they will be happy and prosperous. The thrift and savings stamp plan of the financial programme was made necessary by the war and conditions arising out of the war. When war broke out, Canada's credit was excellent in the London money market. Then a new era arose and this country faced problems entirely different. In the ten years before the war, capitalists of Great Britain sent annually some \$200,000,000 for investment in Canada. When war broke out we found such large sums coming here not available. The British government agreed then to finance Canada in its war expenditures. Later Canada was informed that it was impossible to go on borrowing in London and that we would have to look elsewhere. It was necessary to finance the purchase of Canadian supplies for Britain and to send food abroad to prevent starvation among the Allied peoples on the other side of the water.

It developed that Canada was in better financial shape than was supposed, and the Canadian people came nobly to the rescue. The finance minister in making his first loan of \$50,000,000 surprised the bankers who were skeptical and had predicted that it would require six months to float the loan. The loan was readily subscribed twice over. Civic and community problems were outlined by Mayor Hayes. He said that city hall had been careful in making expenditures during the war. It had been necessary, however, to spend \$60,000 for water extending to the East St. John hospital, and from \$35,000 to \$40,000 on the Keel's Point wharf, on which a return of twelve per cent will follow. Now that the war is over, his worship said, there is a general disposition to call for larger expenditures. Technical education was being urged by manufacturers and others. This would call for an outlay of \$250,000 for a plant to carry on the work, with \$60,000 added for expenses.

In the matter of improved hospital accommodations, from \$225,000 to \$400,000 would be involved if the improvements asked for by physicians were made. It is a fact that the present hospital accommodations are inadequate and large sums might be spent to improve the situation. The streets of St. John are not as good as they should be, but this is no reflection on Commissioner Fisher. He has not been given the money. We are told other cities have splendid streets, but the burden there

is thrown on the abutting property owners. Mr. Fisher says needed improvements here would cost \$150,000. "He and I agree that the abutters should pay their share, but the citizens in general are not in favor of this plan," said the mayor.

The extension of the new pipe line from Spruce Lake to the city is necessary. The extension will probably cost \$350,000. There are very many welfare objects which Mr. Belding has at heart. We all have. If we do as we should it will add to our burdens. I believe more could be done. A report on the street railway problem will be made soon and the commissioners may recommend municipal ownership, and it may be that something like this will have to be done. The company's financial position has not improved.

The tax increases this year will be greater than before. In other places large private donations have been made to hospitals, but it is not so in St. John. Supplies have gone up in price and one institution will need twenty-five per cent more this year to meet expenses. The school board will need money, and it is so all along the line. The city officials and employees are not overpaid and need more. City hall would be glad to get an expression from the citizens on these problems.

Regarding the nationalization of the port, Mayor Hayes said that Hon. Mr. Balfour was ill and it would be some time before the matter came to a head. As the situation stands, the government values the port property at only \$1,200,000 as against the city's valuation of \$2,500,000. Some people oppose nationalization, fearing that it will make the port expensive. The question should be treated on the same basis as that of the railroads and other public utilities. In conclusion the mayor declared that we must know where the money is to come from for civic expenditures which may be made.

Mr. Wigmore Optimistic. The next speaker, Mr. Wigmore, told the meeting he did not look upon the mayor's report as a gloomy one but as rather rosy. After the war when we have been restricted in every expenditure it looked encouraging. "We must look to an increase in taxes, but the government is necessary if St. John is to be in the forefront."

Speaking of the East St. John water extension which would cost more than \$60,000, Mr. Wigmore referred to the fact that the former offer of an English real estate syndicate to pay ten per cent of the cost was not now available. The Lancaster extension from Spruce Lake to the city is necessary as the Lancaster Heights residents were indignant because of an insufficient water supply when the mill was in operation. Public works are necessary and there has been a curtailment of appropriations during the war. Now that the war is over necessary public works will be carried on. The matter of a harbor commission has been before the public several years until the people have come to look upon it as a political football which both parties have been using. The subject had been brought to the attention of the Ottawa government many times. He believed that the St. John citizens were strongly in favor of having the port placed under the government in the opinion of Hon. Mr. Balfour.

not looked upon the plan with a great deal of favor, although he had the harbor at Montreal as an example. Conditions in Montreal were inaugurated by Mr. Balfour and colleagues and are considered very satisfactory. Mr. Carvell has said that a large amount of money would be spent here and, I think, that the situation is safe in his hands. I believe more could be done. A report on the street railway problem will be made soon and the commissioners may recommend municipal ownership, and it may be that something like this will have to be done. The company's financial position has not improved.

F. A. MCKENZIE TELLS THRILLING STORY OF CANADIAN SOLDIERS

Before a crowded house F. A. McKenzie, the famous Canadian war correspondent, by picture and by description told the way in which the Canadian corps "made Canada a nation and saved the British line" in the Imperial theatre yesterday afternoon. His pictures were remarkably good. Some of them showed in motion the actual fighting and the different branches of the Canadian army on the march, while others depicted the scenes of devastation in the battle areas of France. They were all of them of great interest and the narrative with which Mr. McKenzie explained them was the account of an eye-witness of no mean powers of observation. Premier Foster introduced the speaker and at the close of the address Mrs. G. A. Kuhring, the president of the Women's Canadian Club, under the auspices of which the lecture was given, expressed to Mr. McKenzie the hearty thanks of the club and of all who were present. R. Garin King "The Trumpeter" and an encore "Boy of Mine" before the speaker was introduced.

FOR THRIFT DRIVE

The citizens' committee for the national thrift and savings campaign held a meeting last evening at the board of trade rooms, M. E. Agar presiding. The following captains were appointed for the respective wards and county districts: Brooks, Charles Belyea; Guys, S. H. Mays; Sydney, F. T. Lewis; Dukes, G. W. deForest; Queens, W. S. Lochart; Kings, C. H. Smythier; Prince Henry Works, Penner's; the sugar refinery, the cotton factories and others, but we need many more. We have in the maritime provinces most all the material necessary to establish industries. Outside of British Columbia there is no district so highly favored as the maritime provinces. The greatest asset is the geographical position of St. John as affecting our industrial life. We have steamship lines to many parts of the world. "We ought to have more courage and determination to make our advantages known and not hide our lights under a bushel. The department of mines and information has been established in Canada by the Ottawa government. We should have a commissioner go out after industries and bring the attention of opportunity of St. John to investors. We suffer for lack of cheap water power. "I am a strong advocate of technical education. L. W. Simms and other maritime manufacturers are going to a great exhibition in Lyons with exhibits from the Ottawa government many times. Mr. Fisher suggested that a trade committee be sent out. He thought perhaps the board might send its secretary one

DEPARTMENT NEVER HEARD OF

Some days ago local opposition newspapers published a Fredericton despatch asserting that "a large tract of the forests with water privileges have fallen or are about to fall into the hands of Otto Lohm, a wealthy German-American of New York." It was alleged in the despatch that the "property and privileges" were purchased from the former government. Inquiry at Fredericton, at the Department of Lands and Mines, brings the reply that the department "has no information whatever regarding the transfer of sporting land or water privileges on the Tobique River elsewhere to the party or parties mentioned."

CITY DEVELOPMENT.

It was unfortunate that two meetings conflicted at the board of trade rooms last evening, for both were important. However, the two were in one while Sir Douglas Hazen and Mayor Hayes spoke, and thus all present got the benefit of an excellent address on the war stamp and thrift stamp campaign and the aged and value of it; and also of a clear statement by the mayor of matters involving large expenditures which are now being pressed upon the attention of the city council.

E. A. MCKENZIE'S ADDRESSES

There are two things we must not do, in the opinion of Mr. F. A. McKenzie, if we are to do right in regard to Germany. First, we must not permit German cunning to drive a wedge between the Allies and the United States. Second, we must scorn the German plea to let bygones be bygones.

THE EXAMPLE OF MAINE.

After the installation ceremony the members of the lodge spent a very pleasant social evening and enjoyed a specially prepared entertainment which was a great success. Refreshments were served and the whole evening was voted one of the best the lodge has enjoyed.

FREE NIGHT SCHOOL RE-OPENING. After a two weeks' Christmas vacation, the free evening school for boys and men re-opened last evening at 7 o'clock with a good attendance. The classes in arithmetic, writing and reading are conducted by Rev. H. Cormier in the King Edward school, at the corner of Wentworth and St. James streets; and the mechanical drawing classes, taught by W. S. Vial, meet in the Centennial school, Brussels street. More than eight ambitious boys and men are now taking advantage of this splendid opportunity to increase their earning capacity by means of the free instruction, which the evening school affords. New pupils may enroll at any time but it is decidedly their advantage to apply for admission immediately. A very cordial welcome awaits returned soldiers at this school. The instructors always accord them special consideration and endeavor to shape the course so as to meet their individual requirements. Either of the instructors will gladly furnish full information to any persons who are interested. Those in charge are gratified with the excellent attendance, with the interest and attention displayed by the pupils, and with the progress already attained.

IRVIN S. COBB MADE CHEVALIER OF FRENCH LEGION OF HONOR. Detroit, Mich., Jan. 6.—Irvin S. Cobb, writer and humorist, was notified here today by Deputy High Commissioner De Billy of France that he has been made a Chevalier of the Legion of Honor. Mr. Cobb said he presumed the honor was conferred in recognition of his writings in behalf of the French people.

WHEN YOU SUFFER FROM RHEUMATISM. Almost any man will tell you that Sloan's Liniment means relief. For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure. Women, too, by the hundreds of thousands, use it for relieving neuralgia, lame backs, neuralgia, sore headache. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Made in Canada. Get it today.

FOLEY'S PREPARED FIRECLAY. To be had of W. H. Thorne & Co., Ltd., T. McAvity & Sons, Ltd., Emerson & Fisher, Ltd., G. W. Morrell, Haymarket Sq., or at the Pottery.

We Carry a Complete Line of Mill and Engineers' Supplies. Agents for XXX Balata Belting, which for quality and durability is unsurpassed.

O-Cedar Mops and Polish. A specially constructed mop, well and substantially made; cleans and polishes at the same time; puts a hard and lasting finish on all varnished surfaces. The only polish mop that can be successfully washed, cleaned and renewed. O-Cedar Polish Mops \$1.50 each. O-Cedar Polish—Every ingredient of this polish is a pure vegetable substance, positively will not ignite.

The Big Semi-ready Sale Is Designed to Start Something. The mills and merchants of England say that the price of wool and of cloth will go higher, and there will be no relief for over a year—or until after the 30,000,000 men in the war go back to civilian life—and they will want at least two suits each.

Keep The Bowels Regular And You Won't Be Sick. If the bowels do not move regularly, they will, sooner or later, become constipated, and constipation is productive of more ill-health than almost any other trouble. The sole cause of constipation is an inactive liver, and unless the liver is kept active, you may be sure that headaches, piles, heartburn, biliousness, indigestion, flaring specks before the eyes, and many other troubles will follow the wrong way. The liver is one of the most important organs of the body. Milburn's Laxa-Liver Pills will regulate the bowels so that you will have a free and easy motion every day, and one pill a night for thirty days will cure the worst cases of constipation. They do this by acting directly on the liver and making the bile pass through the bowels instead of allowing it to get into the blood, thus causing many stomach and bowel troubles.

Our design is to help start the downward trend—so that we shall more speedily return to the day when a real good, serviceable suit can be bought for \$20 to \$25. We admit frankly that most of the old \$15 were abominations—and kept down the wearer's self-respect and marred his prospects in life.

DAILY FISH BULLETIN

Issued by Canada Food Board

A FLOURISHING FISHERY.

Three and a half million pounds of Pacific flatfish have been sold in Canada since the Canada Food Board established the fishery in March 1918. Prior to this time, these fish were regarded as worthless by fishermen. The manner in which the public have taken to Pacific flatfish has exceeded all expectations, and the fishery is now established as a permanent Pacific industry. One B. C. firm shipped 100,000 pounds of flatfish to market a week or two ago.

THRIFT RECIPES

Issued by Canada Food Board.

WARMED OVER BEANS WITH CHEESE

Make a cup of white sauce and add two tablespoons of grated cheese. Add the sauce to the beans and heat thoroughly. This is a good substitute for meat.

Food Board Flashes

There is the greatest need for economy in the use of fats. Europe is very short of all kinds of fat and this condition is likely to last for some time. In a hundred ways the housewife can prevent the waste of odds and ends of fat in the kitchen.

- 1—Strain and save all drippings.
- 2—Render down as much fat as possible.
- 3—Keep butter or fat in a covered container to prevent the absorption of odours and flavors.
- 4—In serving meat, do not serve fat which will not be eaten. Cut it off and leave it on the platter. Then render it down later.

The case of Albert Connell, Leo Kelly and James Rain, who are charged with breaking and entering, was resumed in the police court yesterday afternoon. Detective Biddecombe testified regarding finding L. R. Ross's summer house in Sandy Point road broken into and ransacked. He told of picking up a che and subsequently arresting the three defendants. Wm. M. Ryan appeared for Kelly and Connell.

RECENT DEATHS

John J. McGuigan.
Philadelphia, Pa., Jan. 6.—John J. McGuigan, a widely known boxing referee and match maker, died today at the Northtown Hospital. He was forty-three years of age.

Frank H. Culley.
The death of Frank H. Culley occurred at his late residence, 276 Main street, on Jan. 6. He was a son of the late William and Margaret Culley, of Vanceboro (Me.), and a nephew of T. R. Culley, of this city. He was very well known and will be greatly missed by a large circle of friends. His death will come as a shock as he was only ill a very brief time with pneumonia. He is survived by his wife, by one daughter, Harmonsia, and by two brothers, Harry, now overseas, and William, of Bangor (Me.). A stepmother also survives.

The death of Mrs. Ida May Ellis occurred at the St. John County Hospital on Jan. 6. She is the wife of Robert Ellis and was well known in the city. She has been in the hospital for the last eight months. She will be missed by a large circle of friends. She is survived by her husband and by four children—Kathleen, Viola, Allister and Harold.

At Millville on Saturday morning Charles H. Knox died, aged seventy-two years.

The death of Mrs. Blake, widow of Alex. J. Blake, occurred on Thursday evening at her home in Moncton at the age of seventy-six years. She is survived by two sons and three daughters. The sons are Ernest and Charles Blake, who have been overseas almost ever since the war broke out. The daughters are Mrs. George McKeith of Moncton, Mrs. Alex. Lesman, Guelph, Ont., and Mrs. F. Plant of Montreal. One sister, Mrs. Fred James, Moncton, and eight brothers, Harry, Amos, Samuel, William, Peter, George, Charles and James Wood, all residents of St. John, also survive.

The death of J. Karl Steves of Petticoat, occurred on last Friday. He was twenty-six years of age and a son of the late James B. Steves of Petticoat. Besides his wife, who was formerly Miss Mabel Douglas of Intervale, he is survived by his mother and one sister, Mrs. Ora C. Hicks of Fredericton.

John Harding, one of the oldest Free Masons in the province, died in Devon, N. B., yesterday. He was eighty-two years old. For twenty-five years he was a resident of Fredericton.

The death of Edmund Burke of Toronto, an architect, occurred on Jan. 2 from pneumonia. He was sixty-eight years old. The Owen's Art Gallery building at Mount Allison, Sackville, is of his designing. He was one of the most prominent members of his profession in Canada.

James Carl Steves of Lower Petticoat died at his home yesterday. He was twenty-six years old.

ENDS HIS LIFE TO IMPRESS STRIKERS

Kattowitz, Silesia, Jan. 7.—(By the Associated Press)—In an effort to bring the striking coal miners to a realization, posed worse than death, Jankisch of the situation they have brought about, added that he had endeavored in vain to bring them to their senses by words, committed suicide. He left a letter addressed to the miners of Upper Silesia. He declared that the sacrifice of a life was necessary to demonstrate that the demands of the miners were impossible.

KEEPING DAIRY HERD RECORDS The dairy and cold storage branch of the Ottawa department of agriculture has issued an eight-page circular giving exact instructions relative to the keeping of dairy herd records. The circular states that the department will pay to any qualified tester ten cents for each Babcock test made from the composite samples of any herd. The one who does the testing must provide the Babcock tester and the necessary glassware and equipment for making the test. The department, however, will provide for the same to Ottawa. With the circular are given a sample of the record and the manner in which it should be kept and blank application forms, first for assistance in herd record work and second, for employment as a milk tester. No postage is required when writing to the Dairy and Cold Storage Commissioner, Ottawa. The circular here referred to can be had free from the Publications Branch at Ottawa.

Bishop Lawrence Operated On Boston, Jan. 7.—Right Rev. William Lawrence, Episcopal bishop of Massachusetts, underwent an operation for mastoid abscess at his home here yesterday. His physicians said last night that his condition was entirely satisfactory.

Dr. D. A. Campbell, who has been practicing medicine in Halifax since his graduation at the Old Halifax Medical College in 1874, died last evening. He was sixty-six years old.

Planned To Land On Isle of Wight

Germans Also Schemed To Bombard Portsmouth

Secrets Revealed

British Giving Out Information Cleaned by the Secret Service

Agents—The Story of Signal Flashes From House at Penveney

London, Dec. 7 (Correspondence of the Associated Press)—Secrets of the war work of the British Secret Service now revealed show that German spies or agents of the German government were making active preparations, even before the beginning of hostilities, to use the Isle of Wight as a landing place for German forces and for the bombardment of Portsmouth. One of the first precautions taken in August, 1914, was to place close restrictions on persons trying to land upon or leave the island. From Harwich to Hampshire, along the south and southeast coasts of England, nests of German spies and agents were engaged in the operations of these men.

For a long time the authorities were unable to discover the origin of Morse signals that were being flashed out to German submarines from the seacoast at Penveney. Special watch was kept on a certain cottage and, although no lights were shown, the patent observers finally solved the mystery. They learned that

A GREAT RESOURCE.

(Canadian Finance)

Canada exhibits with pride her great natural resources. Her mines, fisheries, forests and fields are held up to the world for admiration. Sometimes we forget that a beautiful Providence placed these possessions at our disposal—their riches are not ours. But we have another great resource, one which we take as a matter of course, and yet the greatest of all our much cherished possessions—the young man of Canada. Alive to the issues of the day, keen of intellect, independent of thought, grown to maturity under the shadow of a great struggle for human freedom, he brings actually participated in that struggle, the young man of today is a national asset of the first magnitude. Watch and guard him well—develop his abilities to the utmost. In the hour of need, Great Britain brought forth her Lloyd George, France her Foch, America her Wilson; each a master of the situation which confronted him. In the days to come, perhaps not so far distant, Canada will require a master of the situation. He will be found among the young men of our country, unbound by party or faction—a true Canadian.

HAD HACKING COUGH COULDN'T SLEEP NIGHTS

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in an irritated and inflamed condition.

Don't neglect the hacking cough. You can get rid of it with a few doses of Dr. Wood's Norway Pine Syrup; the most prompt, pleasant and perfect cough remedy known.

Miss Catherine M. McLean, Crick, Sask., writes:—"Last winter I caught a heavy cold and was laid up for some time. I had such a hacking cough I couldn't sleep at night. One day a friend advised me to try Dr. Wood's Norway Pine Syrup. The next day I sent for a bottle and I soon got relief, and in three days I had taken two bottles, my cough was all gone, and now I am able to do my work again. I don't think there is anything to equal it."

There are plenty of "spine" preparations on the market trying to live on the reputation of "Dr. Wood's." The genuine is put up in a yellow wrapper, three pine trees the trade mark, price 25 and 50c a bottle. Put up only by The T. B. Alderton Co. Limited, Toronto, Ont.

Footwear That Appeals To The Little Folks

Neatly made and strong and durable, the line of Children's Footwear which our stock comprises will appeal quickly to mother or little one.

Seems as though many of the makers vied with each other to make the only shoe in the country that will satisfy the little ones.

A wide assortment is here awaiting your inspection, and we are anxious that you bring the children in and let them be fitted as comfortable as the grown-ups.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Kent, N. B.

Every known remedy she tried, different doctors gave their advice, but the disease increased. Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published.

By removing the cause of the disease and building up a reserve of energy, Ferronone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferronone is a CURE, order today, 50c. per box, or six for \$2.50, sold by all dealers or direct from The Catarhoeone Co., Kingston, Ont.

If you paid \$1 for a can of milk and proved it to be three-quarters water, would you be satisfied? If you paid the price for a silk sweater coat and found it nine-tenths cotton, wouldn't you complain?

MAY LOSE PULP MILL AS RESULT OF STRIKE

A proposition to establish a pulp mill at Maryville to manufacture the lumber cut on the limits of the Naskawish Pulp & Paper Co., Ltd., is under consideration. N. M. Jones, manager of the Naskawish Pulp & Paper Company, was in Fredericton yesterday and will meet the Maryville town council tonight. Mr. Jones said that the establishment of a mill at Maryville would do away with the mill at Union Point. The limits of the company are located on the Naskawish and Miramichi rivers. Rumors have been current in the city for the last few days that the removal of the pulp mill from Union Point, Maryville was under consideration. It is believed that the move is a sequel of the recent labor troubles. At a meeting of the workmen held last night the matter was not discussed. James Haddon, president of the Pulp EXHIBITORS LEAGUE PASSES RESOLUTION. The executive of the Moving Picture Exhibitors' League, which met in session here yesterday, held a meeting last evening in the Imperial and passed resolutions which had reference to preparation of charges on advertising matter, health regulations as imposed by the local board of health, in banning theatres in some communities while they discriminated in favor of churches, and protective measures for small exhibitors operating in small towns. REJECT OLD GERMAN GUNS. Americans at Coblenz Require Modern Types Under Armistice.

Coblenz, Jan. 6.—(Associated Press)—The old-fashioned heavy artillery which is being offered the American army by the Germans will be declined, according to a decision by the Allied Armistice Commission. In reply to a message from the United States Receiving Commission at Coblenz, asking what limitations should be placed upon material offered by the Germans, the armistice commission at Spa said that the majority of the cannon which the Germans delivered must be modern. The armistice commission's instructions to the Americans were that they should not accept ten-centimeter guns of models previous to 1904, fifteen-centimeter guns without cylinder record mechanism, 150-centimeter howitzers of models previous to 1902, or 110-centimeter models of a date previous to 1910. The guns of the calibre specified have been arriving from Berlin, Essen, and other points, many of them fresh from the factories after being remodelled. The armistice commission decided that the reception of material should continue after Jan. 1 and until new instructions were received. Upon the ultimate fulfillment of the armistice conditions regarding material to be turned over the material not accepted will be returned to the Germans.

Keep the Air Moist and Healthful By Using The Radiator Humidifying Pan

Breathing super-heated, dried indoor air produces more headaches, colds, La Grippe and Pneumonia than all other causes combined, declare leading health authorities.

Artificial heat, coming from steam and hot water radiators dries out most of the moisture of indoor air, preventing the natural in-flow and out-flow of moisture the human body should have.

THE RADIATOR HUMIDIFYING PAN offers a natural relief from the injuries of impure indoor air. When filled with water and placed on the back of any steam or hot water radiator, between the radiator and the wall, out of sight, it evaporates the water, rapidly converting the dry, vitiated indoor air into a moist, healthful atmosphere that Nature requires and good health demands. The Radiator Humidifying Pan is made of **HEAVY GALVANIZED IRON, TO FIT WIDE OR CLOSE PIPED RADIATORS.**

LOCAL NEWS

FOR THE BELGIANS.
 Contributions of \$5 from Rev. J. L. Shanklin, Belleisle Station, and of \$1 from a friend have been received by Mayor Hayes for the Belgian relief fund.

IN NEW OFFICE.
 Commissioner Flanagan and his staff are now occupying the ante-room of the mayor's office in city hall as a temporary office until permanent quarters in the city building can be secured.

TO MEET SIR ARTHUR PEARSON.
 Lieut. J. F. Smith is to leave for Montreal tonight there to meet Sir Arthur Pearson, founder of St. Dunstan's College, England, a world famed institution for the gallant men who lost their sight in the war. It is Lieutenant Smith's hope to arrange for vocational training at St. Dunstan's.

WANT VETERAN AS CHIEF.
 Mayor Hayes received this morning a communication from G. B. Logan, president of the G. W. V., enclosing a resolution adopted by the association last evening to the effect that the vacancy caused by the resignation of the chief of police should be filled by the appointment of a returned soldier.

AGREEMENT RECEIVED.
 A. H. Harris, director-general for the British ministry of shipping in Canada, has written to Mayor Hayes expressing thanks to the latter for forwarding the agreement between the ministry and the longshoremen's association and the coal handlers' union, which was signed by the officials of the unions and witnessed by the mayor.

LEND-A-HAND OFFICERS.
 At a meeting of the Lend-A-Hand Circle, King's Daughters, held in the Guild building, Chipman's Hill, last evening, the annual election of officers was held with the following results: President, Mrs. H. Colby Smith; first vice-president, Mrs. Walter H. Golding; second vice-president, Mrs. Grant; secretary, Mrs. H. M. McAlpine; treasurer, Mrs. Edith Stevens. Committees for hospital and other work were appointed.

TRAVELERS WILL HELP.
 Representatives of the Commercial Travelers Association have volunteered to aid in the thrift stamp campaign and, at their request, arrangements have been made for a meeting to be held in this city within a few days at which Sir Douglas Haas will explain the national war savings and thrift stamp movement. The intention is to have the scheme explained in detail to the commercial men so that they, as they travel about the country, will be able to aid the movement by explaining its purpose to those with whom they come in contact and put in a word for the scheme as they have an opportunity. However, a new force shown great energy and ability in promoting all kinds of patriotic movements and the committee is a reliable contribution.

COLONEL BIRDWHISTLE ALWAYS A BUSY MAN

His Visit to St. John—Speaks of War Relief Work

Lieut. Col. Richard J. Birdwhistle of Ottawa, secretary of the centralized war relief organizations for Canada, which embraces both civil and military bodies, also founder of the Boy Scouts in the dominion and national secretary of the St. John Ambulance Association in the city, and will be in the maritime provinces on a tour of inspection and supervision for a week or so.

Speaking to the Times relative to the trans-Atlantic shipments of soldier comforts and other relief, the colonel said the bulk has greatly decreased since demobilization commenced and the men are en route home. However, a new force of work along these lines has cropped up in the Siberian shipments via Vancouver. Col. Birdwhistle returned from the front in October, but his work is really never done.

The St. John Ambulance Association is not a local organization as the name might imply, but is the aid and honor able name for the pioneer first-aid body represented at the great Geneva convention when Red Cross work was started and internationalized. It belongs to the Order of St. John and is a sacred thing in Red Cross work. There is a national branch of this association in Canada with provincial branches or councils. Of the N. B. council, Miss Lilian Haas of this city, now in Sussex, is secretary-treasurer and Dr. W. W. White is president.

In the near future Col. Birdwhistle will have exhibited three reels of motion pictures vividly illustrating the treatment of injured people in civilian life with actual accidents, etc., even up to a train wreck. This will be given in a local theatre at a convenient hour for air war workers, nursing bodies, Boy Scouts, High School pupils and others interested.

The visiting Red Cross man is a familiar figure in Canada. He is an experienced newspaper man of prominence, the secretary of Blaisy shooting teams from Canada for several years and identified for a long time with the prominent theatrical activities of Ottawa and Upper Canada.

THIS IS TAG DAY

Apparently a Ready Response Being Made to Jewish Appeal

With efficient organization and a most commendable spirit of aggressiveness, the Jewish ladies of the city are conducting a tagging drive today in aid of permanently injured Hebrew soldiers in the allied armies, also dependent widows and children. By noon hour the lapsels of half the town were decorated with the blue star Hebrew emblems, and more are being taken this afternoon and evening.

The Great War Veterans' Association rooms, Wellington row, have been kindly handed over as headquarters for the workers, and under the management of Mrs. Lisle Isaacs a corps of ladies are looking after the circulation of contribution boxes and also the serving of lunches for the taggers.

The captains in charge of various units, delegated to all parts of the city include Mrs. Joseph Goldman, Mrs. J. Jacobson, Mrs. B. Jacobson, Mrs. I. Elman, Mrs. William Weisberg, Miss Celia Cohen, Mrs. M. Grossweiner and Mrs. Harry Jacobson.

The funds being raised today will be forwarded to a central committee in Montreal for further transmission overseas and throughout Canada.

KEEN BIDDING FOR FISHERIES

Sale Brings Total of \$1,600 Less Than Last Year

Drop in Courtenay Bay Lots Accountable for This—Total Receipts From the Sale Are \$11,044.10

Local fishermen evidently are expecting a good season this year, judging from the bidding at the drop in the Courtenay Bay fishing privileges this morning in the court house. Competition was keen and the bidding at times was spirited. The understanding which prevailed among the fishermen several years ago by which there was little competitive bidding and each man was allowed to secure the lots he wanted at his own price has entirely disappeared and in most cases the man who wanted a lot bid for it. One result of this condition is that many of the lots will change hands this year.

The fishermen were well supplied with money and the plethora of rolls which were produced to settle for the sales showed that there was cash to spare in the crowd. Most of the payments were made in cash and by the time the sale was concluded the city chamberlain had a whole drawerful of bank notes of large denominations. A few produced certified checks to pay for their lots, but these were greatly in the minority.

When the total was counted it was found that the city had received \$11,044.10. This is \$1,600 less than was received last year, but the difference is due to the drop in the Courtenay Bay lots, which sold for \$3,000 less than was received in 1918. The other lots averaged better prices than before. Last year's receipts broke all records. The total receipts only four years ago were \$1,802.

The mayor and city commissioners were present as members of the fishery committee; P. L. Potts conducted the auction, and the common clerk, H. E. Wainwright; the city chamberlain, D. C. Langley, and his assistant, A. G. McMillan, were present to aid in the conduct of the sale. A large number of fishermen were present, besides some interested spectators, and there was considerable good natured chaffing as the sale proceeded.

At the conclusion of the sale, J. Fred Zatzman spoke to some of the commissioners and protested that the city gave no guarantee and afforded no protection to the purchasers. One of the commissioners suggested that the matter might be taken up in committee, when complaints could be heard, but Mr. Belyea said he would not attend such a meeting.

The result of the sale today, with last year's receipts for purposes of comparison, are as follows:

GREETINGS FROM HISTORIC MONS.

George A. Stephenson, drummer in the Opera House orchestra and employed also with Brock & Paterson, Ltd. before coming to war, sent cards of holiday cheer from the city of Mons in France, the historic place of early war struggles. George has carried on wonderfully well with the artillery and will be a veteran in due time when he comes back.

FOR VISITING OHLANGEMEN
 A reception was held in Orange Hall, Germain street, last evening in honor of Rev. K. H. Palmer of Guelph, Ont., who arrived in the city to address public meetings in the interests of the order.

Heat Wherever You Have A Lamp Socket

Think of the handiness of this "Majestic" Electric Heater—wherever you have a lamp socket, there you have a heater all set up and a nice heat, simply by connecting up the Majestic and turning on the switch.

The "Majestic" gives three and a third more heat than any other similar device on the market, and at the same time consumes no more current.

One minute after turning on the switch, the "Majestic" throws an intense, clean and odorless heat—no smoke, no ashes, no bother. When the room is the desired temperature, turn off the current. Price is \$10.00

Certainly - The Dining Room!

If a vote was taken as to which room in the house was the most useful, it's safe to say that the dining-room would be elected—especially is this so if voting was just previous to the meal hour.

We have a number of ballots all ready marked for those who want to vote. Fumed, Golden Oak, Mahogany, Walnut, and a wide price range.
