R. L. BORDEN IN ST. JOHN. BATTLE RAGING NEAR MUKDEN, SAYS REPORT.

Leader of Opposition Will Speak Tonight. He is Confident of Victory in the Coming Elections—Ontario Meetings.

R. L. Borden, M. P., arrived in the city on the early train this morning and is staying at the Royal Hotel. Mr. Borden, who is on his way to Ontario, will address a mass meeting in the York Theatre this evening. The chair will be taken at 8 o'clock by J. D. Hazen, M. P., and it is expected that the large auditorium will be crowded. Special arrangements have been made for the comfort of ladies, of whom it is expected a large number will be present. Seats have been reserved for the ladies, and others will be on hand to see to their comfort.

Previous to the introduction of the popular leader of the conservative party Dr. Daniel, M. P., will make a brief speech. Mr. Borden had a long talk this morning with a number of local conservative leaders, and in addition received calls from many prominent citizens. A Star reporter managed to get a word with him between visitors, and the general leader of the opposition in the dominion house spoke confidently of the result of the coming elections. Since he was in St. John in December last Mr. Borden has, in addition to keeping a close eye on all that has been going on in the house, visited several sections of the Dominion. In his own party Mr. Borden personally does not favor making forecasts as to individual constituencies, the general feeling is that Halifax will return two conservatives, which he believes the first time this has occurred since 1891.

Mr. Borden will leave here tomorrow evening going to Montreal and from there to Toronto. In addition to a tour of Ontario he will visit Quebec and if there is sufficient time prior to the elections may go west but his plans for the future, however, depend entirely on the date of the elections.

Mr. Borden says he is greatly pleased to be back in St. John. His hearty reception accorded him on the occasion of his visit here in December last can never be forgotten. In Ontario Mr. Borden will address meetings as follows: At Carleton Place, Sept. 14; at Aylmer and St. Thomas, Sept. 15; at Chatham, Kent county, Sept. 16; Windsor, Essex county, Sept. 17; Sarnia, Chatham, Kent county, Sept. 18; Stratford, North Perth, Sept. 19; Quilich, Wellington county, and Brantford, Peel county, Sept. 22.

CIRCUMSTANTIAL EVIDENCE. Not long ago a man was charged with shooting a number of pigeons, the property of a farmer. In giving his evidence the farmer was exceedingly careful and nervous, and the solicitor for the defence endeavored to frighten him. "Now," he remarked, "are you prepared to swear that this man shot your pigeons?" "I didn't say he did shoot 'em," was the reply. "I said I suspected him of doing it." "Ah, now we're coming to it. What made you suspect that man?" "Well, first, I caught him on my land with a gun. Secondly, I heard a gun go off at his house. Thirdly, I found four of my pigeons in his pocket — an I don't think they birds were there an' committed suicide."

AN OLD FASHION. (New York Mail.) In Washington, Sept. 8, a letter of a visit Mr. Roosevelt paid in 1902, when in Knoxville, to the aged widow of a man who had been a close friend of the president of Tennessee. The lady, distinctively of the old school, and suffering from rheumatism, had invited him to her little parlor in the suburbs. As a word of his coming reached her but a few moments before his arrival she was seized by a fit of nervousness, and she, in her confusion and embarrassment, had put her skirt on wrong side out.

ST. JOHN LEADING AT GOLF. The first half of the golf match between the St. John club and a team from Charlottetown, P. E. I., was played this morning and at noon the home team had a lead of 50 holes. Luncheon was served in the club house and play is being continued this afternoon.

HIS CONTRIBUTION. Mr. Dilgins talks a great deal about himself, doesn't he? Yes, answered Miss Cayenne. He is evidently one of the people who believe that the most interesting thing they can do is to make themselves interesting if properly handled. —Washington Star.

GEO. E. POSTER IN TOWN. Hon. Geo. E. Poster arrived in the city on the noon train today. Mr. Poster's visit is in connection with a case before the circuit court.

TRANSFER OF CANADA EASTERN

Mr. Emmerson Explains the Reasons for Delay. Transfer Takes Place Next Week—The Minister and Mr. McKeown Have Long Talk.

Hon. H. R. Emmerson arrived in the city early this morning in his private car, which was attached to number nine. The minister had a busy morning of it, receiving numerous callers. Among the early arrivals was Hon. St. A. McKeown. That gentleman had a long chat with the minister. It will be remembered that it was Mr. Emmerson who induced Mr. McKeown to run for the Dominion House last winter, but whether or no Mr. McKeown's defeat was caused entirely by the department of justice and the amount of red tape that has to be gone through in searching records, etc. Another drawback has been in the settlement of claims against the road. Mr. Emmerson is now satisfied that the government will take possession by the first of next week. The railway department have made all necessary arrangements for taking over the work and as soon as the transfer is made they will step in and take charge.

Mr. Emmerson says he has no idea when the general election will be held, and does not believe anyone will have the least idea till after the next meeting of the cabinet. Tomorrow the minister will leave for up river going probably as far as Anderson.

A BELL BOY MURDERER. Founded Night Clerk to Death and Robbed Hotel Safe of \$250 and Valuables.

NEW YORK, Sept. 8.—After leaving the night clerk to death, and sending him lying on the floor of the office, a thief today rifled the safe of a hotel on 42nd street, securing \$100 in cash and a quantity of valuables, which had been left with the clerk for safe keeping. Soon after the clerk's body was found, the police sent out a general alarm for Percy Howard, 23 years old, a bell boy. Howard had been employed at the hotel only about a week, and he disappeared before Butler's body was found.

ST. PETERSBURG, Sept. 8, 1:30 p. m.—The Novos Yermaya today published an editorial urging the appointment of General Kurapatkin as commander in chief of the Russian forces in the far east. Evidently this was aimed at Viceroy Alexieff, who has repeatedly been represented as interfering with Kurapatkin's plans.

NAVAL BATTLE. WEI HAI WEI, Sept. 8, 10 a. m.—Firing at sea was heard here last night and reports of the harbor claim they saw flashes distinctly.

ATTACK ON PORT ARTHUR. CHE FOO, Sept. 8, 1:40 p. m.—Chineses who left Port Arthur on Monday arrived here today. They report that severe fighting occurred September 3. The Japanese attacked the main positions on the east and west flanks and the Russians allowed them to approach within a short distance. When they opened a heavy fire and compelled the Japanese to retire after three hours fighting. An incident of the engagement was a clash between Japanese and Russian regiments of cavalry, resulting in the retreat of the former.

NEWS IS SCARCER. ST. PETERSBURG, Sept. 8.—1:30 p. m.—The lack of news from the front, either official or newspaper despatches, is very trying to the public. In spite of the assurances that Gen. Kurapatkin's army is out of danger no word from Kurapatkin has been given out for thirty-six hours and not a single newspaper despatch later than Sept. 6, has been received.

A DIFFICULT RETREAT. The emperor has received some additional details showing the tremendous difficulties encountered in accomplishing the retreat over the Mandarin River to Mukden from which it is easy to imagine the horrible picture of the army and the baggage and transport train foundering northward over a road converted by torrents of rain into a river of mud. An instance is given where a gun drawn by six horses sank in the mud up to the breech. Four additional horses were harnessed to the piece but the ten horses were unable to budge it.

The Russian rearguard is considerably above Yantai but there is no exact information in regard to the location of Gen. Kuroki's main army, the left wing of which has been engaged in a more or less continuous fight with the Russian batteries which are covering the retreat, and no particulars have been received as to the extent or character of their fighting. The general staff, however, is of the opinion that the retreat is a serious matter at present. While the public impression is that Kurapatkin's army is marching from Mukden no official admission of this effect is obtainable.

MUKDEN, Sept. 7 (night, delayed in transmission).—The fighting has ceased and the Russian transport and army are moving without interruption. There is much uncertainty concerning the movements and purposes of the Japanese. It is impossible to say definitely yet whether there will be another battle, but the general opinion is that Kurapatkin evidently is not seeking to renew the battle, but if challenged he will not decline an engagement.

ST. PETERSBURG, Sept. 8.—The brief Mukden despatch received today from the Associated Press Russian correspondents dated September 7, is the latest word from the front. It is probably all that is allowed to be sent and offers no solution of the question whether General Kurapatkin is continuing his march northward. But it seems to indicate that such a course is contingent upon the ability of Field Marshal Oyama to try to repeat at Mukden the movement that failed at Liao Yang. The only thing certain seems to be that for the moment everything is quiet. If the armies continue to race northward to Tie Pass (forty miles), north of Mukden, in the opinion of the best military critics, it will become of supreme importance to Kurapatkin, if the door of his retreat is closed there, in the event of defeat he would be forced westward into Mongolia. It is intimated that in order to protect his army against such possible catastrophe Russian troops from Harbin have taken possession of this pass.

BIG BATTLE EXPECTED. ST. PETERSBURG, Sept. 8.—A despatch from General Kurapatkin, timed 5:30 o'clock yesterday evening, was received later in the day. He reported that Gen. Kuroki's army was about 27 miles eastward of the railroad and that Gen. Oku's army was 30 miles west of the railroad. The general staff expects that a big battle will be fought.

MYSTERIOUS CANNONADE. WEI HAI WEI, Sept. 8, 8:30 p. m.—A British ship was among those who investigated the firing heard at sea last night. She reports that seven ships were engaged in the cannonade and that they steamed away and disappeared upon the appearance of the British vessel.

WHY THE DELAY.

The ostensible reasons for the delay in the purchase by the city of the Carleton electric light system were the stated belief of a few aldermen that the plant had not been properly valued and that the provisions of the act of 1901 did not absolutely secure to the city, if it bought the plant, the exclusive right of producing electric light and power on the west side.

One alderman indeed opposed municipal ownership on principle—giving the public his idea of his own and his colleagues' probity and ability by declaring that a company could run an electric light plant twenty per cent. cheaper than the city could do it—but he did not base his plea for delay upon this point.

If the ostensible were the real reasons, one would expect that arrangements would have been made to have the plant more carefully valued and to procure further expert legal opinion upon the worth of the monopoly clause of the act in question. But nothing of the sort was done. Unless the objecting aldermen go to the expense of procuring the expert opinion and valuation for themselves, the council will have not one jot more information next month than it had yesterday.

Why, then the delay? It is known that the Street Railway Company is reaching out for the trade of Carleton. Is it possible that another month or so will place it in a position where it can laugh at any efforts of the city to provide cheap light for the citizens? Is it possible that the negotiations which have been going on between the two companies may be brought to a head during this delay? Is it possible that any of the aldermen are inclined to further the interests of the street railway or any other company instead of the interests of the people who elected them?

If any such suspicious creep into the minds of St. John people the aldermen who threw insinuations against each other's honesty back and forth over the council table yesterday will be largely to blame. If the men who handle the city's finances and affairs do not trust each other, what can they expect of the people?

TWO PLANS.

Since the beginning of railroad building in Canada the people have paid in cash grants to railroad companies—up to June 30, 1903—the sum of \$150,757,915.34. They have further assisted these companies by donations of land amounting to \$6,899,744 acres.

In return the country has 17,522 miles of company owned road. Estimating the value of the land at the low figure of two dollars per acre, this makes \$15,148 the people have contributed toward the construction of every mile of railway in Canada owned and operated by private companies in the interest of private companies. The people get absolutely nothing in return for all this money save the accommodation provided by these roads for which they are charged excessive rates in addition to the millions they paid for the building.

Had the people built those railways themselves it would have cost them very little, if any, more and today, in return for their expenditure, they would have had, instead of nothing, 17,522 miles of road of their own, operating in their own interest and making money for the whole country instead of for a few wealthy shareholders in railroad corporations.

The present government proposes to spend over a hundred millions more of the people's money in providing a road which is to be operated for the benefit of a private company, which is to be allowed to carry its traffic where it pleases, regardless of Canadian interests and to charge what rates it pleases to fill the pockets of its shareholders.

R. L. Borden, the leader of the Conservative party, will expound tonight a different plan, one which provides that the money which the people must spend shall be spent in building a road for the people instead of for a private company—in building a road which shall sit in the interest and for the profit of every Canadian taxpayer instead of for the enrichment of a few already rich men.

Every St. John man who is not financially interested in railway companies should be interested in Mr. Borden's presentation of this plan at the York Theatre tonight.

The plan should not be accused of suggesting that Dr. Pugsley would run as a liberal. Whether in case of election he would sit as a liberal would naturally depend upon the fate of the government. It would be a pretty

lively change of government which could keep ahead of our attorney general—Sun.

These Russians are an optimistic lot. What other nation after its army had been defeated in a great battle, driven from one strong position and chased hither-skeiter toward another, would be so complacent enough to claim a "strategic victory," because their soldiers managed to reach the second stronghold before their pursuers caught them?

The Grand Council of the P. W. A. has decided that no member against whom the charge of drunkenness can be preferred shall be qualified for a seat in the grand council or any representative body of the association. This is one of the most effective moves for the good of both the cause of temperance and the labor interest that has been taken by any provincial body in many years.

At the opening of the Normal School yesterday Premier Tweedie is reported to have said the board of education intended increasing the salaries of school teachers just as soon as the finances of the province would permit it. This, being interpreted, means as soon as the finances of the province are taken from the control of the present government.

The Telegraph, following a quotation from the Fredericton Herald to the effect that plans for the new drill shed at the capital are complete and that work will begin at once, remarks very pertinently:—"If any man knoweth anything definite about the cost, construction or site of the St. John drill hall and the present status of the question now is the time to speak out in meeting."

The Russian newspapers have wasted so many glowing polygraphical adjectives in praise of the "masterly retreats of their generals that one wonders what they will do if one of those generals should happen to gain a victory.

ORCHARD LANDS OF LONG ACO.

The orchard lands of long ago! O how they have grown and blown! The anemous buds back to me, And all the buds that used to be! Blow back the twigs and twigs of Of transient leaf and lift the haze Of happy summer from the trees That track their tresses in the sea! Of grain that float and overflow! Blow back the melody that slips In lay laughter from the lips! That marvel much that any kiss Is sweeter than the apple is! Blow back the twitter of the birds; The lisp, the thrills, and all the words Of merriment that found the shine Of summer in the grassy ways! That drenched the leaves that loved it so!

In orchard lands of long ago, O Memory! alight and sing Where rosy-bellied plovers cling. And golden russets glint and gleam As in the old Arabian dream! The fruits of that enchanted tree The glad aladdin robbed for me! And drowsy in the shade and fan My blood as when it awoke, A heart ripe as the apples are, In orchard lands of long ago! —James Whitcomb Riley.

FREDERICTON NEWS. FREDERICTON, Sept. 7.—The evidence produced at the inquest yesterday at Douglas in the death of those who lost their lives in the conflagration on Sunday last, brought forth nothing new. A number of witnesses gave testimony and told substantially the same story as they did on the Monday. The jury brought in a verdict finding that the individuals were burned, that the fire was accidental and the origin unknown.

The city council at its meeting last evening passed a motion prohibiting those under sixteen years of age from attending bowling alleys. The inspector was appointed and people are now asking who is to be the judge of a boy's age. The resolution is in keeping with the way the city generally is transacted by the city fathers.

A telegram to the city last night brought news of the sudden death of Rev. J. A. McLean, the well known Presbyterian minister at that place. A daughter of the deceased, Miss Maggie McLean, was in the city attending Normal School.

COUNCIL HESITATES.

Purchase of the Carleton Lighting Plant Stood Over—Aldermen Suspect Each Other.

The common council met yesterday and transacted considerable business. They decided to increase the policemen's pay after the 1st of May next. Officers Caples and Rose will receive sergeant's pay.

The general committee reported in favor of placing the escarpment on the immigration building and also the laying of a six inch pipe at Sand Point. The report was adopted.

Ald. Christie said there was no estimate whatever of value, and he had doubts about the exclusiveness of the franchise. It was a perfect absurdity to say that the plant would pay interest and sinking fund. The plant would be kept up. Messrs. Bruchhof and Hamilton would not sell the plant if it would pay for itself in forty years.

The opinion of the recorder on the question of an exclusive franchise was read, and Ald. Christie insisted that this opinion did not state in unqualified terms that the city would get an exclusive franchise. He also said there was something strange about Ald. Macrae's proximity to Mr. Hamilton in this matter.

Ald. Macrae sharply interrupted and declared that he wanted no insinuations. He had never spoken to Mr. Hamilton but once on the subject, and that was relative to the recorder's opinion.

Ald. Christie said there was something mysterious about the way this thing came before the council. There had been no petition, no communication to the council. It was not brought up in the council but in the safety board.

After sharply presenting what he termed ungentlemanly insinuations on the part of Ald. Christie, Ald. Macrae proceeded to review the whole subject. He told of the valuation made, gave a statement of the company's income and expenditure, and pointed out that the books were open to the inspection of any alderman.

It was finally decided to allow the matter to stand over for one month.

BROKE A HYDRANT.

Early yesterday afternoon a double truckload of lime was going along Main street towards Main when it got somewhat out of the control of the driver for the P. B. grain conveyor and snapped it off. The result demonstrated that for once the force was full, for a stream of water some twenty feet into the air and quickly flooded the street. As soon as possible the water was cut off and the department set to work to repair the damage. By nine o'clock a new hydrant had been put in place.

FOR THE EXHIBITION.

F. E. Ham of Chamcook Farm was in the city yesterday and left for Halifax last evening, where he has a lot of stock on exhibition. Mr. Ham will bring to St. John two carloads of stock, consisting of horses, sheep and cattle. In the horse show he will have only one entry, in the class for New Brunswick carriage horses. In the exhibits he will show fall lines in all breeding classes of horses, sheep of the Cheviot, Hampshire and Southdown breeds, and Holstein cattle.

BOUGHT A NORTH END HOUSE.

Fred Bailey of the Western Union Telegraph Co. has purchased from Capt. Solomon Weldon the pretty little house overlooking the water off Kennedy street, Indian town. Captain Weldon built the house, which is a two-tenement one, a few years ago. It commands one of the finest views of the river to be had in that section of the city.

CAPT. TAYLOR DEAD.

Word was received in the city yesterday to the effect that Capt. David E. Taylor had died on board a steamer while on his way from Galveston to Brooklyn. The message was same from Key West, and added that the body would be taken to Brooklyn for burial. Capt. Taylor was a native of Tayville, N. B., and lived in this province for many years. Of late he has made his home in Brooklyn.

WILL BE MARRIED THIS EVENING.

Two popular young people of this city will be united in marriage at 8 o'clock this evening at the home of Mrs. Andrew Hamm, Middle street, West End. They are Cecil D. Holder, of Manchester, Robertson, Atkinson, Ltd. employ, and Miss Maude Perry, one of Carleton's fairest. Mr. Holder is a son of J. A. Holder, Adelaide street, North End, and aside from his wide circle of personal friends is familiarly known in musical circles, being an expert performer on the banjo. Rev. David Long of Victoria street Free Baptist church is to officiate. The young couple have a costly furnished home awaiting them at No. 104 McCall street, Indian town. Both Miss Perry and Mr. Holder have been handsomely remembered by their friends.

WONDERFULLY SUCCESSFUL SEASON.

Seaside park, the resort at Bay Shore, owned by the St. John Street Railway Co., will be closed to the public at the end of this month. So far the breathing spot has been a tremendously popular one. On Labor Day there was actually speaking, hardly enough room at the place to turn around in, the crowd was so great. It is the general opinion the street railway people have paid for their purchase long before this date out of the profits made on the scene, including, of course, the transportation.

TRAIN KILLED A DEER.

C. P. R. Montreal Express Delayed an Hour by the Accident.

The C. P. R. express from Montreal was one hour late in arriving here today. The delay was caused by a peculiar accident that happened early this morning while the train was in the State of Maine. While running along at a good rate of speed a deer suddenly jumped on the tracks in front of the rapidly approaching train. Several blasts from the whistle did not in the least disturb the animal, but a second later the big iron horse struck the deer and hurled it yards away. While the deer was instantly killed the locomotive did not escape without injury as the cylinder covers were broken. It took forty-five minutes to make repairs.

GOVERNMENT MEETING.

Provincial Cabinet Investigating For...

The members of the local government came down from Fredericton this morning and held a brief session at the government rooms, Church street.

The only matter before the government this morning was an investigation into the cause of forest fires in Charlotte county which during the summer they were quite frequent. W. H. Berry, fire warden for Charlotte county, was heard, and he gave it as his opinion that many of the fires were caused by sparks from locomotives on the N. B. Southern railway. The government has taken the matter into consideration with a view to preventing a recurrence of these fires next summer.

A JEW AND SOME NICKELS.

How a North End Tobacconist Lost Money.

The proprietor of a tobacco store on Main street, North End, is the happy possessor of a nickel machine, which, by a lucky manipulation one may secure several good cigars for very little money. Now the only kind of money that this machine will accept and give results from is United States nickels, and while there are quite a number of these coins in circulation here every one does not have a pocket full, and so to boom trade in this line the proprietor has a sign up offering to give six coins for a quarter, the idea being that they shall be used in playing the machine.

This store is situated in a locality where there is a large Hebrew population. The other day a gentleman whose nationality could not be doubted, walked into the store and inspected the machine. He read the card offering the six coins for a quarter, and after caressing a twenty-five cent piece for some minutes, asked for six nickels.

The proprietor remonstrated, pointing out that the coins were intended for use in the cigar machine, and that he was not prepared to give them for his pocket.

The card is still out, but the proprietor is on the lookout for Jews.

THE MEISTER SINGERS.

(Extract from London, (Eng.) Daily News.)

"The performers were the Meister Singers, who are far and away the best Glee Party Londoners have heard since the days when the merry madrigal was popular. The blending of the voices, and the skilful gradations of tone which the singers have raised to the dignity of a fine art, were heard to great advantage under the great dome of the Hippodrome, the acoustic properties of which are excellent. The Meister Singers made a great hit with their humorous songs; and their vocal imitation of a hand accompaniment is a revelation in the art of voice production."

The Glee Singers will give four concerts at the St. John exhibition, two on Monday and two on Tuesday, with an interval of September 10th and 11th. Singers who are lovers will look forward to their appearance with great anticipation as an opportunity of enjoying a vocal harmony at its highest consummation.

WILL PROTECT THEIR BEACH.

C. P. R. Will Take Action Against Haulers of Sand.

Constable Thomas X. Gibbons has been engaged by the C. P. R. to look after their property on the Bay Shore. It seems that for some time past carting has been going to the shore for sand and have hauled away so much that they have damaged their beach to a great extent. Mr. Gibbons is there to stop this and in one day had turned away as many as eleven teams. Yesterday one teamster declined to abide by Mr. Gibbons' instructions and filled his cart. It is expected that the company will take the matter into the courts, as they are determined not to have the beach destroyed. If the matter does get into the courts a nice legal complication may be anticipated, as there has always been a difference of opinion as to rights of property owners between high and low water mark.
