SUPREME COURT CRASHES THE CONVICTION AGAINST STATION MASTER WALKER OF THE I. R. C.

Special to The Standard.
Fredericton, N. B., June 11.—The court this afternoon delivered a number of judgments, the most important of all being that which quashed the conviction made by Police Magistrate Marsh against Station Master R. C. Walker, of the I. R. C., convicted of keeping and storing liquor contrary to the Canada Temperance Act. The chief justice delivered the unanimous decision of the court and rested the points involved in the case. Barrels under the head of grocery had come to Fredericton and were found to contain quantities of intoxicating liquor and were stored in the freight house by Mr. Walker, agent of the I. R. C. These were afterwards seized by the police of Fredericton and the Crown claimed that such action on behalf of civil officials could not be sustained. The city magistrate held that the seizure was justifiable and Mr. Walker was ordered to pay the usual fine. From this location the Crown appealed and the court today unanimously quashed the conviction holding that the ruling of the magistrate was not justifiable. The chief justice said that there was no evidence to show that there had been any violation of the Canada Temperance Act. The liquor which had been brought over the I. R. C. had been brought by a railway owned by the Government of Canada and there was no provision in the C. T. A. which could take away the rights of the Crown. The railway had been built for the benefit of all Canada and unless the Crown itself by legislation curtailed its privileges it remained intact. The C. T. A. made no reference to transportation or for storing of liquor by a Government railway and no act of the Parliament could interfere with the public right given under the terms of Confederation, unless such act specially provided for the conviction. His Honor said must be quashed.

PRESQUE ISLE IN CENTRE OF FOREST FIRES

Presque Isle, Me., June 11.—Forest fires continued to cause damage in various sections near this village today. Much woodland was burned over and several buildings were threatened. One fire, which started on the George Graves farm, five miles south of here, has spread to the Kings district, where the little settlement of six sets of farm buildings was in much danger tonight. All the available men of the neighborhood and women and children as well were at work tonight battling with the blaze to save their homes. The farm buildings of Perry Grant, in Mapleton, were seriously threatened by another fire, but late in the evening the danger was averted. All day Thursday, Quaco Jo Mountain was a mass of flames from the foot to the summit, providing the most brilliant spectacle. Today the flames had subsided somewhat, but the southerly wind sent sparks from this fire to the farm of Joseph Lee, and other places. A fire destroyed a quarter of this town last Monday night, have been unable as yet to secure homes and are still cared for by friends and neighbors. One of the men, John Craig, whose house was burned, moved to a house on the Gulet farm, but was obliged to move from there hastily today, because of a forest fire which extended to within a few rods of the house.

RECORD TRIP OF EMPRESS OF BRITAIN

Special to The Standard.
Montreal, June 11.—Great interest is manifested in the voyages of the new White Star Line, Laurentic, which left Liverpool Thursday afternoon, 3rd inst., at five o'clock, and the C. P. R. Empress of Britain, which sailed from the same port half an hour later on the following day. The Laurentic docked here at 8 o'clock tonight and the Empress reached Quebec at 2:30 this afternoon, having taken a very southerly course which added seven hours to her sailing time. The C. P. R. Empress special from the Quebec steamed into Windsor station at 8:30 tonight, and her passengers were first to register at the Windsor and other city hotels. The Empress of Britain established a new record for one day's run, 464 knots, which is a knot more than her previous achievement. The Empress brought 162 first, 394 second and 385 third class. Among the passengers by the British were Sir William and Lady Van Horne, Robert McEwan, Montreal, and Mr. Beck, who is connected with the Sandringham estate of His Majesty the King, and who intends crossing the continent by C. P. R. to Vancouver.

SERIOUS FIRE IN ONTARIO

Special to The Standard.
Sault Ste Marie, Ont., June 11.—The most serious fire in many years is raging in a six mile strip along the line of the Algoma Central Railway between mile 63 and 69. The camps have been destroyed and several others are threatened. The railway has a big staff of men out fighting the flames which are gradually working towards the "600." Every thing in the track is as dry as tinder, and unless rain checks the progress of the fire the losses will be very heavy.

TIMELY ARRIVAL OF SPECIAL TRAIN SAVES ENTIRE POPULATION OF MAINE HAMLET SWEEPED OUT BY FOREST FIRES—EVERY BUILDING BURNED

Bangor, Me., June 11.—A forest fire that started several days ago in the woods west of the little hamlet of Hillman and Aroostook R. R., a few miles north of Smyrna Mills, today swept over the settlement, destroying ten of the twelve buildings there, including the station of the Bangor and Aroostook and also three freight cars. Some days ago, when the fire was raging three miles west of the village, railway employees and others were sent to assist the crew of Millman's saw mill, two miles west, in their efforts to save the mill, and although \$3,000 worth of lumber was burned, they succeeded in turning the fire away from the buildings. Then, making a detour, the flames swept on to Hillman and today wiped out nine dwelling houses and the railroad station, then continuing eastward into the woods, where it is still raging. The railway company's loss is about \$2,500. The whole Aroostook region is very dry and although no further reports of serious fires have come in today, the situation is menacing. Smyrna Mills, Me., June 11.—The flaming forests of Northern Aroostook late today overwhelmed the little village of Hillman, a hamlet on a branch of the Bangor and Aroostook, seven miles north of Smyrna Mills and destroyed every building in the settlement. The population consisting of 50 persons was saved from death by the timely arrival of a special train sent from Houlton. The fire sufferers were brought to Smyrna Mills early this evening and were taken to the hotel. All the buildings were destroyed. For several days flames have extended along a line for twenty miles in northern Aroostook. The width of the fire zone is about five miles, although the territory represents about 100 square miles, the entire block has not been burned over as large sections have been jumped and the main conflagration has divided into several sections.

WALTER SHERWOOD, OF SUSSEX SHOT NEAR SASKATOON, IS LYING AT THE POINT OF DEATH THERE

Special to The Standard.
Saskatoon, Sask., June 11.—Walter A. Sherwood, teller in the Bank of Nova Scotia, who came here from Sussex, N. B., is lying in the hospital at the point of death, as a result of a shooting accident early this morning. R. C. Lane, aged 17, a clerk in the bank, was shot by Sherwood while the two were camping on the bank of the Saskatchewan river. Sherwood with several other companions went to the camp and finding the intruder asleep started to pull the tent ropes. The campers, awakened, challenged those outside and not receiving a reply, Lane fired a shot from a 38 calibre revolver through the tent. The bullet passed through Sherwood's abdomen coming out at the back. Sherwood and Lane were close personal friends.

EARTHQUAKE IN RIVIERA

Marseilles, June 11.—Two earth shocks running from northeast to southwest were felt through the Riviera between 8 and 11 o'clock tonight. While the damage done here was not great, reports from smaller cities show that the effects of the second shock were serious. At Lambesc, a town of 2,500 inhabitants, twelve miles northwest of Aix, several houses collapsed and eight persons are reported to have been killed.

MR. S. CORBETT PASSED AWAY THIS MORNING

The death occurred at three o'clock this morning at his home on Adelaide street of Mr. Samuel Corbett, the well-known coachman. Mr. Corbett, who was sixty-one years of age, had been ill with pneumonia only a week, and death came suddenly. He leaves behind a widow, three children, William Corbett, of Grand Bay, Mrs. W. H. McIntyre and Mrs. L. C. Prime, all of St. John. Mr. Corbett was widely known and his many friends will learn with mingled surprise and regret of his sudden death. Mr. Corbett was a prominent Forester, Court Loyalist, I. O. F., and of Alexandra Temple of Honor. He was a member of Victoria street Baptist church. It has not been decided when the funeral will take place. Mr. W. J. Dickson, of Halifax, is at the Victoria. Mr. and Mrs. James Edgett came in on the Montreal express Friday. Dr. E. R. Sewell, left Friday for a week's trip to Philadelphia.

FOREST FIRES IN NEW BRUNSWICK STILL BURNING FIERCELY; MILLS OF PINDER AND UPHAM SAVED

The forest fires are still raging with unabated fury all over the province. Rain is the only thing which will extinguish the flames. A telephone message from Fredericton late last night said that Jas. K. Pinder's mill on the county line between York and Carleton had not been burned as had been reported. The mill of Geo. W. Upham, M.P.P., near Millville has also been saved. Yesterday afternoon the Gordonville fire near Boiestown was reported as extinguished. The Fredericton message stated that a heavy fire is reported at the settlement of Lockatede, between the Renous and Dungarvon rivers, and north of Blackville, Northumberland county. This fire started from farmers burning brush and a crew of men have been despatched to the scene from Blackville by the Crown Land Department. Fire on Keswick Stream, near Upper Keswick station, has beaten back a distance of about ten miles towards the sea and is doing much damage to valuable timber lands owned by the Keswick Land Co. The Nappadogan Lake fire on the G. T. P. has been driven over to the sea water on the Fatis river and the Miramichi Lumber Co. the New Brunswick Land Co., and the Crown Land Department have crews out fighting the flames. Under present conditions rain alone can put an end to the inestimable damage being wrought hourly. Reports of many fires are being received daily at the Crown Land Office Fredericton. At Westfield the situation is most threatening. Two fires have broken out. One threatens the residence of Mr. Charles MacKenzie, and the other, a summer cottage of Messrs. McGregor, Hubbard and Bowman. Late yesterday afternoon fire which had been smouldering in the vicinity of Spruce Lake broke out with vigor and threatened property in the neighborhood. Mr. John O'Regan, whose summer residence was endangered, went out to fight the fire. The efforts of the fire-fighters were successful and last evening the fire was under control. It was thought that the remains of the blaze could be stamped out this morning.

PUT IN IRONS ON BOARD LEYLAND LINER

Waltham, Mass., June 11.—The mystery of the identity of the handcuffed man who was caught here today was cleared tonight when the man said he was Patrick Harrigan, 45 years old, a sailor on the steamer Bostonian which arrived yesterday at Boston from Manchester, England. He had been put in irons following trouble with an officer several days ago. When the steamer landed yesterday he was taken to the police station and placed in the early morning hours. The Leyland Line officials tonight said that they were willing that the man should be freed.

NEWSPAPER MEN GUESTS OF WAR OFFICE

Special to The Standard.
London, June 11.—The delegates to the Imperial press conference are the guests of the War Office at Aldershot today, where they witnessed a military drill. Despite the occasional rains, the pressmen were much impressed with the manoeuvres, especially the spirit and promptness of the British soldiers under Mr. Haldane's new army policy.

SLAVONIA SHORE IN AZORES

London, June 11.—The Cunard Line reports that its steamer Slavonia, which left New York June 3 for Naples is ashore southwest of Flores Island, one of the Azores group and that it is feared she will be a total wreck. All of the 410 passengers aboard the steamer were taken off by the steamer Prinzess Irene of the North German-Lloyd Line and the Batavia of the Hamburg American Line.

ASKS FOR \$76,450,000 DAMAGES

Boston, Mass., June 11.—Former Judge Henry S. Dewey today filed a motion for a new trial in the superior court in his case against certain members of the Good Government Association, in which he asked damages for \$76,450,000 for alleged libel during his campaign for mayor of this city in 1905. McDONALD THREW NEDIFF THREE TIMES. Special to The Standard. Montreal, N. B., June 11.—McDonald of Cape Breton succeeded in throwing Nediff the Syrian strong man three times in forty-six minutes in the Grand Theatre tonight. The match was a hundred dollars to fifty that McDonald would fall in throwing Nediff three times in an hour. Mr. W. E. Shanklin, of Shanklin, was in the city yesterday. He returns home this morning. Woodstock, N. B., June 11.—Samuel Anderson, of the Parish of Wilmet told your correspondent today that there is no fire burning today from Good Corner to Woodstock. The losses are by John Merrithew, field burned over, John Anderson, field and rolls, Sam Gibson, field, Mr. Sherwood, field, John Prior, 25 acres and barn. There is a bad fire burning in Snow Settlement, Aroostook county as I drove by," by G. Slipp, fire warden, said today. "I am leaving today to look over the fire district. The dry weather makes the fire liable to break out again. I have been informed that John Clark of Clark Settlement, York county, lost his house last night by forest fires and his woodland is burning today. I have heard of no local fires but the Tapley Mills district where there was a loss of \$40,000 is still dangerous. In fact the fire is beginning to again burn briskly. There is more or less danger until rain falls."

WILL IMPROVE KINGS CO. ROADS AND BRIDGES

Special to The Standard.
Sussex, N. B., June 11.—J. A. Murray, M. P. P., George B. Jones, M. P. P., and Fred M. Spruiell, M. P. P. returned today from Newcastle, where they had a conference with Hon. John Morrissey relative to the improvement to the roads, bridges and wharves of Kings county. The local members laid their case before the Chief Commissioner of Public Works and as a result of their visit many new works will be undertaken in the county and the roads in need of repair will receive prompt attention.

SAINT JOHN, SATURDAY MORNING, JUNE 12, 1909.

WICKED DR. PRINGLE.

Now appears Rev. Dr. Pringle on the black list. If this resolute and courageous divine had stolen a horse, instead of denouncing iniquity, he could not have earned more vehement denunciation from the Government organs.

The methods pursued to weaken the influence of those who reveal official iniquity are various. When Major Hodgins told his story of Grand Trunk Pacific false classification, it was represented that he was angry because he had been asked to resign the command of an engineering district, whereas he was asked to resign after he had refused to pass the false classification.

Mr. Courtney, of the Civil Service Commission, was represented as a retired official with a grudge. Judge Landry was pronounced a disappointed seeker after political honors. Mr. Mayes was described as a contractor who was unsuccessful in the attempt to sell a dredge to the Government, one whose offer of a campaign rake-off was rejected by Mr. Pugsley—an impossible situation.

Mr. Bourassa was accused of all sorts of improper ambitions. Mr. Pringle's Yukon charges were met by the ingenious device of making a fallen woman drunk, and causing her when she did not know what she was doing, to make a declaration accusing Dr. Pringle of the grossest indecency and criminal immorality.

This affidavit was placed on the records of the Dawson City council, though the woman who made it swore when she was sober that there was not a word of truth in it.

This is not a satisfactory way of dealing with these charges and accusations. We have no better men in the country than are behind some of these charges and findings. There is no escape by charging the accusers with partisanship.

Dr. Pringle has been an ardent Liberal all his life, and wrote as a Liberal to Sir Wilfrid when he first begged for the suppression of vice and graft in the Yukon. The three members of the Civil Service Commission were Liberals, and were appointed as Government supporters.

Major Hodgins was a Liberal. If partisanship entered into these matters, it was partisanship in favor of the Government.

What have the ministers themselves done about these things? Mr. Pugsley has given numerous notices of libel actions, but has not proceeded with one. He has caused the motion for a parliamentary inquiry to be voted down. The Government has refused to allow the Cassels investigation to go into any department but that of Marine, or to deal with the head of that Department, or with political middlemen.

Motions for investigation of Yukon scandals have been killed by the Government majority. Sir Fred Borden arrested his accuser in October when the election was on, and refused to go on with the prosecution in the June following. Every way ministers have acted as men would act who were guilty of the offences charged.

THAT DEFINITE PROPOSAL.

The Sun has told us that Mr. Hazen's proposition for the Federal Government to operate the Valley Railway, could not be contemplated by the Laurier Government, though Sir Wilfrid Laurier has distinctly promised to consider it.

The Telegraph follows by declaring that Mr. Hazen never made a proposition. Here are the Telegraph's words:—

"There is not now and never has been any proposition on the part of the Hazen Government submitted to the Federal Government. This being the case, it is not surprising that this offer has neither been accepted or 'rejected' nor that it has not even been answered."

Now we find great pleasure in referring the Telegraph to its own editorial statement of April first when discussing Mr. Hazen's proposition it says: "He will guarantee the bonds to the extent of \$35,000 a mile provided the Dominion Government will connect the new line with the I. R. C. and pay a rental equal to forty per cent of the gross earnings."

This is a correct statement of the case. On the 10th of April, the Telegraph reported Sir Wilfrid's reply to the delegation which went to Ottawa with Mr. Hazen's proposition. We quote from the Telegraph's report. After stating that the Government favored the construction of this road, the Premier proceeded: "The delegation now came with a further proposal that on the province guaranteeing the bonds of the company, which was to build the road, the Government should have it operated by the Intercolonial and 'turn over to the company forty per cent of the gross profits.' Sir Wilfrid said that THIS WAS A PROPOSAL OF A DEFINITE KIND WHICH WOULD HAVE TO BE CAREFULLY CONSIDERED. It might be found 'on consideration that it was the best arrangement, or 'it might be found that there could be a better arrangement. At any rate THE MATTER WAS ONE FOR THE CONSIDERATION OF THE GOVERNMENT AND HE PROMISED THAT IT WOULD RECEIVE CONSIDERATION."

It is the meantime the delegation could not be assured that he favored the construction of a line of railway down the valley of the St. John, and would do all that he could to have the road built, and the "best possible arrangements made for its successful operation."

Editorially, the Telegraph on the 17th said:—"Sir Wilfrid and Hon. Mr. Pugsley gave the strongest encouragement to the St. John Valley Railway delegation. It may now be taken for granted that the road will be built, though whether the arrangements 'PROPOSED BY THE LOCAL GOVERNMENT WILL BE AGREED TO' is yet an open question."

The Sun's report of Sir Wilfrid's reply makes the Premier say that the proposal "would have to be carefully considered."

And now the Sun tells us that Mr. Hazen's proposition was one which the Federal Government could not possibly contemplate, while the Telegraph declares that there never was any proposition on behalf of the Hazen Government submitted to the Federal Government, and therefore there was nothing to accept, reject or answer.

There are reasons why these journals may shun a reference to their own files, but they would find the inquiry both interesting and instructive.

But when will Sir Wilfrid have finished the careful consideration of Mr. Hazen's "definite" proposal? Having expressed such a deep interest in the enterprise, he cannot have altogether forgotten it.

THE CANADIAN NAVY.

The New York Nation depreciates the establishment of a Canadian navy. In the opinion of the Nation such a departure, even though it should go far toward the creation of a coastguard fleet, "is sure to be taken up by some of our navy-manics as reason for 'heavier American armaments.'" Then would be friction and suspicion and a costly building programme.

There is little doubt that the Nation is right in its estimate of what would happen. It is true that the United States "navy maniacs," as the Nation calls them, have not waited for the Canadian fleet, but are creating a costly navy at a rate which will soon make the United States the second naval power in the world. But if Canada should produce or purchase half a dozen cruisers for service on our own coast, the United States would probably prepare four times as many battleships as an offset.

Apart from this there must be a good deal of doubt about the creation of a Canadian navy, to be operated as a Dominion force. As a matter of politics it may be necessary to keep up the form of administering everything that we pay for. But in the end there can be only one navy for one Empire, and in time of war it must be operated as one establishment.

If Canada is to assist in the naval defence of the Empire, the assistance should be given in such a way as will do the Empire the most good.

THE PRESS CONFERENCE AND DEFENCE.

The Imperial Press Conference has developed into an Imperial Defence convention. The editors have been addressed by a succession of British statesmen, hardly one of whom has been able to keep away from the question of arms and navies and the possible peril of Britain and the Empire.

On Thursday this feature of the entertainment was supposed to be closed and a brilliant group of men of letters addressed the journalists on topics of a literary tendency. But the author orators were public men too, such as Lord Morley, Lord Milner, Mr. Birrell and Mr. Winston Churchill. The spirit of the gathering fastened upon them, and they found themselves drifting into war talk. It was clever discourse, that day and every day, illuminated by wit, seasoned by literary flavor, and relieved by periods of freedom from anxiety. But even when the heart of the colonial editor was lightest, that heavy sound came in again, "nearer, clearer, deadlier than before," as the cannon of Quatrebras disturbed the voluptuous music of the Duchess of Richmond's ball. The journalists from over the sea will by this time be eager to hear of something else.

AS GOOD AS ONTARIO.

The Government of Ontario has floated one loan in England, and is now issuing another at home. The rate of interest and the price received for the bonds is precisely the same as in the recent New Brunswick loan. Provincial Secretary Fleming congratulates himself that he is able to make as good terms as the richest province in Canada. Ontario is borrowing money for the construction of a railway which, even when completed, pays a good dividend, and for hydraulic undertakings which are also profitable. She has sold a forty-acre lake in Cobalt for \$1,005,000 cash, has taken nearly \$100,000 in royalties on another area, and is said to have been offered \$20,000,000 for the Gillespie limit. Yet Ontario issued her four per cent loan at 102, the same as New Brunswick.

NOT A PARTY APPOINTMENT.

An excusable partisan desire to make trouble was shown in the statement of the Telegraph and Sun that the designated Chief Superintendent of Schools is a Liberal. By way of contradiction it is stated that Mr. Carter has been voting for Mr. Fowler and for St. John Conservatives. The fact is that Mr. Carter, who is an inspector of schools, kept clear of party politics. No one could tell by any official act of his, or by any public declaration which party he favored. Doubtless he exercised his rights of citizenship by voting for men whom he respected and measures which he approved. If Mr. Carter refused to vote to prolong the life of the late Provincial ministry, the Telegraph at least could not blame him, since he was following his own most excellent advice. But Mr. Carter's appointment to the non-party position of Chief Superintendent was an absolutely non-partisan appointment.

FEDERAL INCOME AND EXPENDITURE.

Mr. Fielding may be congratulated on one thing. His revenue is improving. In the first two months of this fiscal year he has collected \$1,613,374 or \$1,714,593 more than in the same two months of last year. He has over \$1,000,000 gain in customs, a slight increase in excise, a still smaller increase in postal receipts, \$100,000 in public works, and nearly \$400,000 in miscellaneous, which is probably not proper current income. This looks well.

But there is current expenditure \$1,568,000 larger than in April and May 1908. Add to this an increase in capital account of \$655,567 and we find the excess of expenditure half a million dollars greater than the excess of revenue.

The net national debt is \$47,611,325 greater than it was at the end of May 1908. Four millions a month is a pretty hot pace for the national borrowers.

HOME RULE IN THE COUNTY.

When the by-election is held in St. John County, the people who reside in the parishes will for the first time in their lives have full control of the county representation. The Hazen Government last session introduced and carried through the Legislature a measure applying the one-man-one-vote system to the St. John constituencies. The late Government had, after long resistance, introduced this system throughout the rest of the province, but refused to allow complete home rule to the St. John parishes. This year there will be no city vote to interfere with the free choice of the county electorate. The residents will have their own way as they should have had long ago, the same as the people of other counties. They owe their freedom to the change of Government.

MAPLETON HOUSE IS DESTROYED

Windsor, N. S., July 11.—A disastrous fire broke out at Mapleton about three miles from here at 6 o'clock last evening, completely wiping out the handsome dwelling and barn of Mr. Simpson, lumberman. The owner was away in Rawdon engaged in the lumbering business and did not arrive home until the premises were reduced to ashes. The fire is supposed to have originated from sparks from a pile of brush burning in a neighboring field back of the house. The fire caught first in the barn and soon spread to the main house, which was a two-story structure, nearly opposite, had a narrow escape. Mr. Parsons turned out his quarrymen and they and the neighbors did everything they could to save the buildings, but without avail. The Windsor fire brigade was sent for and started to give assistance, but before the firemen reached the scene the buildings had been reduced to a pile of ruins. There is not one dollar of insurance, and a loss is estimated at over \$70,000.

DEATHS

Mrs. Murphy. Jubilee, June 10.—Mrs. Murphy, formerly of Perry's Point, died at her daughter's, Mrs. Buroyne, Sisson Ridge, Victoria Co., and was buried here, on the Presbyterian church, this afternoon. Rev. Mr. McKegan officiated at the service.

Timothy Phinney. Annapolis Royal, N. S., June 11.—Timothy Phinney, a highly respected resident of this county, died at his home in Melvern Square, on Friday, at the age of sixty-five years. He was a son of the late Elizabeth and Mary Foster Phinney and was born in Lawrenceton, where for several years he lived before moving to Melvern Square. He was a stipendiary magistrate, and his conduct of justice was of a fair and impartial character.

In politics Mr. Phinney was a life-long Liberal but had hosts of friends of both political persuasions. He leaves a widow, who was a daughter of the late Capt. Thomlinson, of Grandville, three sons and two daughters. The funeral took place on Sunday and was conducted by the Rev. H. B. Smith assisted by the Rev. Mr. Farquhar, and the large concourse of citizens present testified to the great esteem in which he was held.

Miss Mattie M. Walsh. Bridgetown, N. S., June 11.—The death occurred at the home of her mother, Mrs. E. Sancton, on Thursday morning last, of Miss Mattie M. Walsh. Though her death was hourly expected for some weeks her struggle with disease has been a long and brave one.

Illness contracted while training for the profession of nurse undermined a naturally delicate constitution and she fell a victim to tuberculosis about two years ago. Miss Walsh, who possessed a happy and cheerful nature and a warm generous heart, was beloved by all who knew her and her death will be regretted by her friends. Miss Walsh was the only daughter of the late Edmund Walsh, of Bear River, to which place the remains were taken for interment.

Mrs. Pentlaw. Annapolis Royal, N. S., June 11.—The death occurred on Tuesday, of Mrs. Pentlaw, wife of the Rev. Mr. Pentlaw, pastor of the Methodist church, Wallace. Her death was very sudden. Mrs. Pentlaw had been in her usual good health until a few days previous to her death when she was taken sick, but no serious results were anticipated.

Others suffering too. Detroit, June 11.—A special from Sault Ste. Marie, Mich., says: Forest fires are raging wildly between here and St. Ignace. Many telegraph poles have been burned to the ground, cutting off communication. Trains for the Duluth, South Shore and Atlantic roads are many hours behind their schedules. Railway officials are sending out as many crews as can be spared to fight the flames. A number of minor fires have been blazing in this vicinity for several days past, but Detroit from above was made easier by the existence of the large body of electors who stayed away from the polls. These have now been brought out into the open, and as a result in the recent municipal elections, between 80 and 90 per cent. of the entire electorate cast their votes.

Winnipeg, June 11.—Eight C. P. R. conductors, representing the unions of this body from the Atlantic to the Pacific, which have been in session in Winnipeg for the last two weeks, have left for Montreal, where they will put their troubles before Sir Thomas Shaughnessy. The committee came to Winnipeg in the first instance because of the fact that the trouble was principally on the Western lines. The list to the president would indicate that the differences are of a serious nature.

Winnipeg, June 11.—Magistrate Daly yesterday committed Miss Mary A. Glyn, local agent for D. Tolman, manager, for trial on one general and six specified charges of usury, and subsequently allowed bail, herself and two others giving bonds of five hundred dollars each. David Carper, accountant, gave expert evidence showing the rates on certain notes had been in one case 390 per cent, while others were out at 192, 201, 247 and 254 per cent.

Ottawa, June 11.—After an absence of two years, the Ottawa Amateur Athletic Union has again joined the Canadian Amateur Athletic Union, the local club affiliating with the Canadian governing body in order that its track team might compete at the C. A. A. U. championships.

St. Thomas, Ont., June 11.—Peter Welch, a sectionman of the Michigan Railroad, was instantly killed at West Lorne yesterday. He stepped in front of an express train.

Methodist
CONVENTION
IN GAGETOWN

Gagetown, June 11.—The annual
district of the Methodist church con-
vention at Gagetown on the 8th and
9th inst. The ministerial session was
held on Tuesday at 10.30 p. m., min-
isters present being Revs. J. C. Berrie,
financial secretary; Thos. Stebbings,
E. Ramsey, C. K. Hudson, J. K. King,
W. R. Pepper, sr., W. Rogers Pepper,
Henry Penna and C. F. Stebbings,
B. A.

After devotional exercises the meet-
ing proceeded to the examination of
the character and qualifications of
the ministers and probationers, de-
termining the status of the proba-
tioners, and it was gratifying to be
able to return a negative reply to the
questions "Who have died, resigned, with-
drawn or been suspended during the
year." One minister, Rev. W. W. Brewer,
was recommended to a super-
annuity relationship. C. F. Stebb-
ings was recommended as a proba-
tioner of the year. This was fol-
lowed by an interesting discussion of
the means that should be adopted for
the promotion of the work of God in
the district.

At 8 p. m. the congregation joined
the ministers in a very profitable ser-
vice, conducted by the chairman, in
which a strong and helpful sermon
was preached by Rev. W. W. Brewer.
The regular work of the synod began
on Wednesday a. m., at which were
present the following representatives
from Fredericton, Mr. J. J. Weddall,
Nashwaak, Wm. Munroe, Stanley,
Samuel Christie, J. R. Forsey, and
E. A. Burpee. After profitable devo-
tional exercises Rev. W. R. Pepper was
elected statistical secretary and T.
Stebbing and Wm. Munroe auditors.
The morning and afternoon sessions
were occupied in examining the finan-
cial report, which showed a marked
advance in ministerial support, and
in the missionary fund on some of
the circuits. The day's work was
brought to a close by an enthusiastic
missionary meeting, at which stirring
and suggestive addresses were de-
livered by Revs. Thos. Stebbings, J. J.
Weddall, J. K. King and J. R. McCon-
nell.

Thursday a. m. the following
members were elected to the various
conference committees:
Stationing committee, Rev. J. W.
McConnell, B. A., reserve, Rev. J. K.
King, Class teacher, W. W. Brewer,
and J. W. Smith, E. P. Sugrue, C. K.
Hudson and J. W. Tennant. Conting-
ent fund, H. Penna and Wm. Munroe.
Sustentation fund, J. S. Oreg, E. A.
King, and C. A. Sampson. Temperance,
K. King, and J. J. Weddall. Memori-
als, H. Penna, sr. and Asa Currie.
Church property, W. Rogers Pepper
and D. H. Harrison. Nominating
committee, Thos. Stebbings and H.
Rogers. Educational, W. W. Brewer
and Dr. J. R. Inch. Children's fund,
J. W. McConnell and C. A. Sampson.
In part the conference was
Sunday school reported by
Rev. C. K. Hudson, which evidenced
much good and faithful work and
marked advance in the schools of
Boletown. The next annual meeting
will convene at Taymouth.

The resolution of the ministerial
session was reaffirmed in the carrying
out of the discipline in order to promote
the work of God.

This most harmonious meeting ad-
joined at noon with the highest ap-
preciation of the kindness and hospi-
tality of the pastor and friends of our
church at Gagetown, to whom our
hearty thanks of the meeting were
presented by unanimous resolution.

LORDS?"

Just now the Sea Lords are the best
abused of all British public servants;
but, frequently as we hear them spok-
en of, we know very little who these
Sea Lords are, and what they really
do.

First comes "Jacky" Fisher, as he is
familiarily called in the Service, who
holds the post of Senior Naval Lord.
His duty is to look after the "war ef-
ficiency" of the fleet, and he is the
chief naval adviser of the First Lord,
the Right Hon. Reginald McKenna.

Admiral Sir Francis Bridgeman is
Second Naval Lord. In three years he
will be celebrating his jubilee as the
naval officer. His special function in
the Admiralty is to look after the "per-
sonnel" of the fleet.

Next comes the Third Naval Lord
and Controller, Rear Admiral Sir John
Jellicoe, far-famed for his genius in
the Far East. The construction, the
equipment, the upkeep of every ship in the
Service are under his supervision.

The Junior Naval Lord, Rear Admi-
ral Winslow, may be termed the "odd
job" Sea Lord, and deals with matters
of transport, coaling, pay, pensions,
medical, naval prisons, etc., while last
comes the Civil Lord, Mr. George Lam-
bert, the M. P., with whose decision
rests the fate of Jack Tar's bill of fare.

Mr. McKenna himself, the First
Lord is the Minister immediately re-
sponsible to the country for the gener-
al efficiency of the Navy.

SHE HAILED FROM HALIFAX.

Boston, June 11.—The wedding of
Bertha Goodrum, seventeen, of 154
Main street, Brockton, Mass., the
daughter of Mrs. H. H. Goodrum, of
Halifax, N. S., and Percy A. Burr, fos-
ter child of Jos. A. Burr, of Montello,
Mass., attracted attention yesterday
for the reason that Burr claimed he
had no knowledge of his place of birth
or his antecedents. The young woman
had no permission from her mother to
wed Rev. J. S. Wadsworth, of Brock-
ton, married the couple. They were un-
attended. The foster parent of Burr
declined to give his signature to the
marriage certificate, but after the
gratulations and said to the press:
"I have nothing but the best feelings
for Mr. and Mrs. Percy A. Burr."
He said that Burr had refused the edu-
cation which he had offered him.

INDUCTION SERVICE.

Fredericton, June 11.—The induc-
tion of the Rev. Joseph Almsworth as

NEED FIRE
PREVENTION
SERVICE \$50,000

To the Editor of The Standard.—
The people of New Brunswick have
in past years had many lessons that
should have taught them the great ne-
cessity for care in the prevention of
forest fires, yet today we find the
situation, so far as the occupied or
partially occupied areas of the prov-
ince are concerned to be almost as
bad as they have been in years of ex-
treme drought.

Surely there is enough of ordinary
business ability and common sense
steps to prevent the wanton waste
of wealth which cannot be replaced
in a generation.

So far as Crown Lands are concern-
ed last year and so far this year
the organization of the Crown
Land Department has evidently done
good work, and it is upon lands where
people live that the chief trouble now
lies.

Municipal Responsibility.
Under the present Municipality Act
the County Council has powers to take
steps to prevent the destruction of for-
est lands, and surely the County Coun-
cil should take note of the present situation and
resolve before another year rolls
round to have their particular county
in a position to prevent fires.

Were two or more fire wardens ap-
pointed for each parish in the same
way as other parish officers and with
the duty of investigating all signs of
fire and vested with power to enter
upon any lands or premises and call
all able-bodied men to help them with
magisterial powers of issuing warrants
for the arrest of fire law violators,
Stebbing and Wm. Munroe auditors.

It would be profitable to all.
The objection may be raised that
this will cost the municipalities money
of course in dry seasons it will cost
money, but it will not cost one-half
of one per cent. of what it may save.

Cities maintain fire departments at
a great expense, yet a city can be re-
built if burned, the loss is not irre-
parable, but in the case of a growing
forest when the soil also is burned
it may be a century before the forest
can be renewed and in rocky terri-
tory such as that around Meadham
Junction or in Muskoka it will take
a millennium of absence from fire to
again cover the rocks with the for-
est floor which at one time supported
large trees.

It is Worth While.
Surely then when the wealth of the
country is at stake, a wealth which
may be of course in centuries, it is
worth while for sensible people to
take reasonable means to protect
themselves. Let us by some means
take a fire prevention service in ev-
ery parish.

Where private timber lands and
Crown lands also exist some joint
system could be arranged. Under pre-
sent arrangements some property own-
ers seem to be hanging back waiting
for Crown Land officials to come to
save their properties. Meantime the
fires run riot. Surely men of known
business ability of a large proportion
of our citizens could be organized
to plan to preserve the millions of wealth
that will be needlessly sacrificed un-
less more concerted action is taken.

LADY ABERDEEN
ASSAILED BY
GAELIC SCH'L

Boston, June 10.—While Lady Aber-
deen was being feted by prominent
people of the city and state in Boston
yesterday, members of the Boston Gaelic
School were circulating a statement
that her ladyship was not in
America for the sole purpose of as-
sisting in the battle against tuber-
culosis, but that she had a sinister mo-
tive, a motive unfriendly to Ireland
and her interests.

When the facts were brought to the
attention of Lady Aberdeen, tonight
she expressed great surprise.
"It is absurd," she declared. "I am
doing everything I possibly can to
help Irish industries, and nothing
could be further from my mind than
any plan inimicable to Irish interests."

In part the statement circulated
read: "The cause of illness raised
the cry of tuberculosis among the
Irish, and has sent Lady Aberdeen to
Boston to enlist others in the anti-
tubercular crusade. She and Mrs.
O'Connor have come here in the in-
terest of the British-American Alli-
ance, but it must not be won at the
cost of libelling the Irish people."

pastor of the United Baptist churches
at Mauderville and Linton. Cor-
nell took place last evening at the Mau-
deville church. Rev. Dr. Joseph McLeod,
of this city, delivered the charge to
the pastor, and Rev. C. P. Wilson, of
Gibson, gave the charge to the people.
Rev. Mr. Cox, Congregational min-
ister at Mauderville, gave a reading
from Scripture. Rev. Mr. Almsworth
has lately made many friends in his
new pastorate.

PLANNING FOR QUICK RESULTS.

Secretary Wilson, of the Department
of Agriculture, said the other day of
a certain farmer:
"He is now profiting by the depart-
ment's advice, but he was very stupid
at the beginning. He farmed as a
Philadelphia woman, one spring sea-
son, planting her garden."
"The woman's husband came home
and found her poring over a seed cat-
alogue. She had a long list of seeds
written on a sheet of paper."
"This is a list, my dear," she said,
"that I want you to buy for me to-
morrow the seed man."
"Her husband looked at the list.
Then he laughed and long.
"You want these flowers to bloom
this summer, don't you?" said he.
"Well, those you have put down
here don't bloom till the second sum-
mer."
"Oh, that's all right," the lady said,
easily.
"All right! How is it all right?"
"I am making up my list," she ex-
claimed, "from a last year's catalo-
gue."

GERMLESS JAMAICA.

A Philadelphia physician, lately re-
turned from a trip to Jamaica, was
greatly impressed by the almost to-
tal absence of many kinds of germs
on the island. Infection is so rare
that it is almost unknown, and it is
not necessary for surgeons to take
the precautions against infection which
are indispensable here. "I was amazed
when I saw them dressing wounds in
a Kingston hospital," said the physi-
cian. "They used no antiseptics of any
kind, and did not even go to the trou-
ble of sterilizing instruments. I ques-
tioned the surgeons in charge, and they
said it was not necessary that there
were so few infectious germs in the
island that healing was almost never
interrupted by infection. If we should
do work in any of our Philadelphia
hospitals as they do it, we would be
overwhelmed with blood poisoning and
other cases of that kind. They will
not always have this freedom from
germs, however. Intercourse with the
United States and Europe will, in
time, load them up with germs, un-
less great precautions are taken. It
is a pity that such must be the case,
just as the introduction of white
mosquitoes into America by the white
man was a great pity. The Indians
never had tuberculosis until the Euro-
pean came, and these. Many of
the South Sea islands are totally free
from malaria, but because they do not
have malarial germs nor the mosqui-
toes which transmit them. To me a
country that had no germs would seem
a paradise."

Swiss Watchmakers.
Switzerland, Geneva in particular,
is always associated with clocks and
watches, but it seems that of recent
years the industry has suffered from
foreign competition, the extent of
according to a report recently issued
by the Federal Government, the best
watchmakers and clockmakers on a
france a week in place of 50 to 70
frances in days gone by. The result is
not a matter for small wonderment
when one considers the success with
which watches and clocks are fabri-
cated in the United States, Germany,
and even France.—London Globe.

Enforcing the Law.
Montreal, June 11.—Sir L. Gouin,
Attorney General of Quebec, has
instructed provincial police to issue
summonses against thirty proprietors
or managers of moving picture shows
in Montreal who have been defying
the law by keeping open their estab-

lishments on Sunday. Instructions
also have been given to arrest all who
attempt to defy the law on Sunday
night.

Mr. Edwin H. Peters came in on the
Montreal express yesterday.

Under the caption "Bird Protec-
tion's First Martyr—A True Story,"
Collier's Weekly published a story
that the Smith family regard as of-
fensive.

Captain Smith, who is nearly sev-
enty years old, said that he and his
sons had gone out in a boat near Cape
Sable to hunt for "nigger geese."
Bradley, he said, put in an appear-
ance with a pistol in his hand,
demanded that one of Captain Smith's
sons surrender, as he had a warrant
for him.

"Had a Pistol," said Cap-
tain Smith, "and when I saw it, I
jumped behind a mast. When he shot
I fired back. He fell on his side, but
rallied and aimed at me again. I had
a bead on him, and just as he fell
about to fire again I shot and he fell
over. Then we went home, got my
wife and children and sailed to Key
West, where I gave myself up."
On cross-examination Captain Smith
said that neither he nor his sons had
ever shot birds of plumage, and in-
sisted that the game warden had re-
ceived false information about his
family.

"Did you wait to see if he was
dead?" counsel for the defence asked.

"No, but I kept him in view, be-
cause I thought maybe he was crouch-
ing there and might get up again,"
he declared, and saw no reason
why he should try to change the as-
pect of the case at this late day.

Records of the Key West courts
show that Captain Smith was not con-
victed for killing Bradley, and his
counsel, in summing up the case, told
the jury that while his client had been
injury to shoot a fellow man, he was
in no sense a "murderer."

STERLING AND CAMERON EXPECTED TO RUN GREAT TEN MILES THIS AFTERNOON

There will be something doing this afternoon at the Every Day Club grounds when the ten mile race is run off with Sterling of the E. D. C. and Fred Cameron of the Amherst Ramblers playing the leading roles. The Amherst man has never attempted the ten mile distance, and has been taking things easy since his last race against Sterling. His backers, however, expect him to show up well. Amherst Contingent Here.
A little contingent from Amherst came in on the C. P. R. last evening. They are at the Park Hotel. Fred Cameron and George Brose are the two Ramblers who are entered in the meet, Blanche for the 100 and 220. Tom Trenholm is their trainer. Secretary Rae Barker of the Ramblers is acting as manager and J. W. Grant came along as an enthusiastic backer.
Appreciate E. D. C.'s Action.
Speaking last night to the Standard, Mr. Barker said the Ramblers had sent two athletes to the E. D. C. meet in order to express their appreciation of the St. John club's action in sending Sterling to Amherst twice. Trainer Trenholm said he did not know

STUBBS' CASE

It does not look as if George Stubbs will complete this afternoon. Nothing has been heard from the M. P. A. A. concerning reinstatement, and is hardly expected now. If Stubbs does get re-admitted to good standing he will run.
Track in Good Shape.
The track at the E. D. C. grounds is in good shape, and fast time is looked for. Some pretty good work is looked for in the sprints.

MIKE TWIN AND LEWIS CLAIMANTS

There are now only two legitimate claimants of the welter-weight title—Harry Lewis and Mike Twin. Jimmy Gardner clearly put himself out of the running on Tuesday night, when he allowed Quill to put it all over him eight out of 12 rounds. That his Lowell backers did not have to count the tier home was their good fortune rather than anything Jimmy did for them. It would be just as well to postpone any prompt rematching of this pair. Quill's end of it was all to the good; he fought every minute and clearly should have been given the decision.

O'ROURKE SAYS SHRUBB WILL BE DEFEATED

Tim O'Rourke thinks Sellen will beat Shrubbs at Toronto tonight.
"Saturday night's race between Percy Sellen and Al Shrubbs isn't the greatest race held on the continent in years I don't know anything about the running game," declares O'Rourke. "I know just how fast Shrubbs can go, but after I saw Sellen sail off three miles over that island track I have no hesitation in saying that Shrubbs will get away from him easily. It will be the first time Mr. Shrubbs has ever had anybody hang on to him up to five miles, and you can bet it will worry him. I really believe Sellen will beat him. If he doesn't it will be the toughest twelve-mile race you ever saw."

POLICE SHUT CLIPPERS OUT OF GROUNDS

As had been announced on Thursday by D. B. Donald, of the Marathons there was no game played on the Victoria grounds last night. A couple of the Clippers got inside the gate but others were held up by Patrolman Nelson, who was called at the entrance of the grounds by request of the Marathons. Manager McBride of the Clippers passed the gate and took a seat on the players' bench. He was requested to leave the field but refused and appealed to President A. M. Belding, of the Every Day Club. Mr. Belding stated that the Marathons had a lease which gave them the grounds on Friday evenings. He said he could do nothing. Manager McBride is said to have used some uncomplimentary language to Mr. Belding before leaving the grounds.

NICKEL NEXT WEEK

The general opinion is that no surer way of killing baseball in St. John could be adopted than quarrelling between the two teams outside the Inter-Society League.

ROTHESAY TROPHY IS ON EXHIBITION

The Rothersey Trophy, emblematic of the New Brunswick intercollegiate track and field championship, which was won by St. John High school on Wednesday, is on exhibition in the window of Waterbury & Rising, King street. St. John High school as winner of the trophy in 1909, will have the name of the school, and the year in which it was won engraved on the cup. The name of Fredericton High school, which won the cup last year, is already on the cup. Conditions of Winning. The trophy which was presented for competition by Principal Moore, of Rothersey College, becomes the permanent possession of the school winning it three years, not necessarily in succession. Fredericton and St. John have each one year out of the three. Mr. E. R. Chapman, of Winnipeg, formerly of Port Elgin, is now High Chief Ranger of the Foresters of Manitoba.

Her mother was Miss Irene Bettis.

Her mother was Miss Irene Bettis, daughter of Mr. James O. Bettis, also a prominent citizen in old times. The deceased was in the 82nd year of her age. Rev. Leo A. Hoyt, of Simonds, and Mr. J. A. Hoyt, of Westfield, are cousins, as are also Mr. LeBaron Bettis and his sister, Mrs. W. A. Barnes.

WE HAVE BENEFITED BY ALLOWING WOMEN TO VOTE IN NORWAY, SAYS CAPT. MALLER, WHO IS NOW HERE

"Oh, yes, every one of our women over 21 has a vote in my country," said Captain Maller, of the Norwegian bark Alheim, to the Standard yesterday, "and in a paper which I received from my wife at home since arriving here, it is stated that parliament has voted \$1,000 to send two delegates to the suffragette congress to be held in Canada next year. We heartily approve of letting the women into public matters, and by allowing them to stand on a par with the men we find that their influence and intelligence are a great help. Now that we have let them in we are not sorry."

Captain Maller has followed the sea for many years. He enjoys speaking of his homeland and his own little town, "Mandal," the most southerly town in Norway.

Compares With Canada.

My country, said Captain Maller, compares with Canada in so far as its products and scenery are concerned, but although there is a good deal of snow in the northern part of the country, the place where my home is

had no snow last winter until the 22nd of March. Captain Maller said he did not get home often. In the last fifteen years he has been home twice, two months at one time, and five days the other. Captain Maller often gets to Europe, though, where his wife goes to meet him. Before his family had grown up, each time the Captain's wife would take one of the children with her. One of Captain Maller's sons is in the army in the steel bark "Atlantic." He has one daughter married to a sea captain, and the captain often meets them in some part of the globe together. Another daughter is in charge of the household of Lord Abbey in England, and the third is studying medicine.

Captain Maller has another son at home just at school. "We now have no titled gentlemen by inheritance in my country either," said the captain. "The last person who bore a title died six months ago." Ayres with deals from here. "I have been there many times," said Captain Maller, "and will go to meet my wife and youngest son."

CONSERVATIVE CONVENTION ON JUNE 22 INSPECTED CONDITIONS AT VAN BUREN

At a meeting of the supporters of the Local government representing the parishes of the county of the City and County of Saint John, held in this city last evening, it was decided to hold a convention for the nomination of a candidate to contest the county in the government interest to fill the vacancy in the representation in the Legislature caused by the appointment of Mr. H. A. McKeown to the Supreme Court Bench.

The convention will be held in the Assembly Rooms of the York Theatre on the evening of the twenty-second of June at eight o'clock.

The government supporters of each parish, except the Parish of Simonds, are called upon to meet in the evening of the seventeenth of June to elect delegates to the nominating convention. Each polling district is entitled to elect three delegates and one substitute.

The friends of the government in the Parish of Simonds will meet at the York Theatre at the time of the convention, and immediately before it elect their delegates.

Dr. J. W. Daniel, M. P., and Mr. Henry Hilyard returned last night from Van Buren. Mr. Hilyard has been there for several days in connection with his business and Dr. Daniel took advantage of the present situation in that locality to inspect it himself.

The condition of affairs at Van Buren which has so long caused trouble and which is now being investigated by an international commission of which Mr. A. P. Barnhill, K. C., and Mr. John Keefe, of this city, are the Canadian members, is likely to receive attention in Parliament during the next session. Dr. Daniel, as a result of his personal inspection, will be in a better position to discuss the matter.

Dr. Daniel saw the operation of logging at the Van Buren dams and while there met Mr. Keagan, of the American commissioners, the other being Hon. Charles E. Oak.

Dr. Daniel and Mr. Hilyard saw no large forest fires on the trip from Van Buren, but said that dense clouds of smoke could be observed all the way through the interior portion of the province.

STOCK IN TRADE OF MR. ALLAN IS SEIZED

The stock in trade of Mr. W. C. Rudman Allan, druggist, of Carleton, was seized yesterday afternoon by Sheriff Ritchie and his deputies.

The warrant was issued by Dr. L. A. Currey, K. C., at the instance of H. W. Cole, Ltd., of this city.

Mr. W. W. Allan represents Mr. Allan, and Mr. J. B. M. Baxter, K. C., Mrs. Allan.

Mr. Allan has left the city in the County Court yesterday morning before His Honor Judge Forbes, judgment was taken against Mr. Allan on a promissory note for \$250 in favor of A. B. C. Clark. Mr. J. B. M. Baxter appeared on behalf of Mr. Clark, and it was represented to the court that Mr. Allan had left town and will not return.

NEARLY LOST HIS NOSE BY BITE OF HORSE

Mr. William McConkey, of Indian town met with an accident yesterday which nearly deprived him of his nasal appendage in a rather shocking manner.

Mr. McConkey had entered the stall of the horses in Hogan's stables, when the animal turned upon him viciously without a moment's warning and snapped at him with his jaws.

The animal's upper teeth caught Mr. McConkey on the bridge of the nose, and the lower teeth caught him below the nostrils. His nose was badly mangled, and a number of stitches had to be taken in it.

Fined for Assault.

Before Justice Masson at Fairville yesterday afternoon, Albert Palmer was fined ten dollars and costs for assaulting Wm. J. Conwell at Quarric Cove, near Fairville, on the 3rd inst. The fine was imposed to stand. Mr. D. Mullin, K. C., appeared for the complainant, and Mr. J. B. M. Baxter, K. C., for the defendant.

Twenty-Fifth Anniversary.

Mr. and Mrs. Frederick E. Hannington celebrated the twenty-fifth anniversary of their wedding last evening at their home at 119 Union street. The celebration took the form of a gathering of both families, and besides the relatives, many friends were also present and an enjoyable evening was spent. Mrs. Hannington was Miss Margaret Horncastle, and is a daughter of the late Mr. Joseph Horncastle of Indian town.

Don't miss the wicket's big matinee today or look after tonight. Holmes and Buchanan, Monday.

Mr. L. W. Bailey, Jr., of Fredericton, is at the Dufferin.

CHINAMAN HERE TO MARRY CANADIAN GIRL

A wedding which will be the first of its kind to take place in the city, is scheduled as one of the events at St. Peter's church next week.

Sing Kee, a North End Chinaman, is to be the groom, while the bride is to be the prettily attractive French-Canadian girl named Lavigne, one of a family living on Mill St.

The Chinaman is a professed Christian having been for three months an attendant at St. Peter's church. He has been receiving religious instruction preparatory to his marriage from the brothers at St. Peter's for some time past.

Sing Kee is a rather good-looking Chinaman, with fine teeth and an engaging smile. He is the proprietor of a laundry in Indian town, almost opposite the car sheds.

Speaking to a Standard reporter last evening, the celebrant said that his marriage was to take place some day next week, but the date had not yet been exactly set. "His girl" was from Upper Canada, but had lived for some time in Boston previous to coming to St. John. He had known her for two years.

WORMS

When children get cross and peevish, with poor appetite, we are inclined to think of everything else but worms. But worms are more than likely the cause of the trouble. Nyal's Worm Syrup has been killing and eliminating worms from children for a good many years. It is perfectly safe and it is a wise precaution to give the child a course with Nyal's Worm Syrup where there is only a suspicion as to the presence of worms. It works well on grown-ups who are still troubled that way. 25 CENTS BOTTLE. Sold By
