## ROUSING POLITICAL MEETINGS

**F. B. Carvell, M. P., Gives an Account of His Political Stewardship Before a Large and Enthusiastic Gathering—Local Opposition Ready to Contest Any Constituency Which the Moribund Clarke-Baxter Government May See Fit to Open.**

The meeting of the good government party held Friday evening was without doubt the largest and most enthusiastic political gathering held here in many years. The large hall was packed and many were unable to get in. A very large number of Conservatives were present and the attentive hearing accorded the speakers indicated the deep impression made. Previous to the opening the Hartland band played a splendid program of stirring airs.

Samuel Miller was an excellent chairman and in a few introductory remarks said this was an opportune time for a signal victory in Nova Scotia. The handwriting was on the Canadian sky and Liberalism was ascending.

C. L. Smith in a brief speech referred to his many pleasant visits to Hartland. He was glad to be a Liberal, not in a small party sense, but as a party that today occupied such a proud position.

Andrew McCain, in referring to Mr. Carvell, said he felt he could not be adequately rewarded for the services he had rendered the country. He believed in better and cleaner politics and the conditions were such that the opposition will put up a fight in this county whenever an election is called. "Some future time," said Mr. McCain, "I will perhaps discuss questions of a political nature."

Mr. Carvell was received with prolonged applause on rising to speak. He gave a lucid account of the investigations both in New Brunswick and Ottawa and again challenged the local government to bring on the by-elections.

"If," said Mr. Carvell, "Mr. Smith wants to accept the public works portfolio let him do so and we will give him the liveliest opposition he was ever up against."

It is the duty of Lieut.-Governor Wood to dissolve his house of assembly. He has the constitutional power to do so and the people are looking to him to act. Under the deplorable conditions now existing the election should be brought on and it cannot be done too soon to suit the Liberal party and hundreds of honest Conservatives. The fact of Mr. Mahoney's occupying the position of minister of public works is one of the most remarkable incidents that ever happened in the British empire. The government simply takes the position that it is no business of the public.

Mr. Carvell went fully into the shell investigation along the same lines as in his Centreville speech Thursday night and stated that investigations and exposures would still go on. "The people," said the speaker, "are thinking along bigger, broader and holier lines than ever before."

At the conclusion J. T. G. Carr moved that the thanks of the meeting be tendered to Mr. Carvell for his instructive and able address and also for his efforts to give the country honest and clean government.

Friends of good government to the number of nearly 300 were present Thursday night at a public meeting in Sherwood's opera house, at Centreville.

Never perhaps in the history of political gatherings in that town has such a deep interest been manifest in matters pertaining to the condition of affairs in New Brunswick as was in evidence at this meeting. Men of all political leanings were present, and the

deepest attention was given the speakers as the situation was placed before them.

Fred Tweedie presided and in a brief address said that a moral reform wave was sweeping over the country and already many grafters were down and out.

Andrew McCain, of Florenceville, in a short speech, spoke of the great debt due to F. B. Carvell in going into and exposing the graft and corruption so rampant in Canada.

Mr. Carvell, on rising to speak was given a great reception. He held the close attention of the big audience for over an hour, going into the graft and scandals that exist both in provincial and federal politics. He said he was condemned by the Tory press for the part he had taken in the recent exposures, but he was doing his duty and every charge made had been proven to the hilt, as was evidenced by the retirement of several prominent politicians.

Referring to Mr. Flemming, he said the pity is that other men who profited by his misdeeds had not been brought to book.

"It is the rule," said Mr. Carvell, "that governments fill up vacancies as they occur. There are at present six in New Brunswick and no attempt is being made to fill these vacancies."

There is a rumor that a Carleton county member was to be taken into the government and one purpose in coming here tonight was to notify the government that any man put up in this or any other county would be opposed. We have come to the conclusion that this government is not fit to rule this province and we will test it as we did in Westmorland. We have said those men are corrupt and if we are honest we will contest any county they may open.

"Let them call on an election and we will be ready to fight. Mr. Flemming is not the only sinner. It seems to be quite proper, no matter how much they sin, to pay back money when caught, and thus expiate the offence. Mr. Flemming and Mr. Baxter returned certain amounts and B. F. Smith says he returned \$4,000 of the potato steal. If they got the money honestly, why did they give it back?"

Concluding an excellent speech, Mr. Carvell said there was a great awakening in Canada and the people would rise and put a stop to the graft and rascalities going on. He said \$100,000 Conservatives in Canada were anxious to have honest government. The Westmorland election was won without a single dollar,

which indicates the attitude of the people.

"The next election in Carleton," said the speaker, "will be honest on our side and I give notice that the other side will have to run it honestly—and we will see that it is done."

C. M. Sherwood moved that a vote of thanks be tendered Mr. Carvell for the great work he had done in this province and Canada in exposing the grafters and corruptionists.

### Carleton Co. in Debt to Patriotic Fund

A statement sent out by H. B. Ames, honorary secretary of the Canadian Patriotic Fund, shows that Carleton county has received in payment to the dependents of those enlisted in defence of the empire from January, 1916, up to the end of May the sum of \$4,600, while the contributions for the same period were \$3,081.25. This means that there has been paid out in this county since January \$1,518.75 more than has been contributed during that time. The statement follows:

Contributions	Advances
Jan. \$0,000.00	\$ 500.00
Feb. 38.00	600.00
Mar. 3,013.25	1,000.00
Apr. 10.00	1,200.00
May. 10.00	1,300.00
June 10.00	0,000.00
\$3,081.25	\$4,600.00

leaving a debit balance of \$1,518.75.

In his letter Mr. Ames states that "Carleton county in the last six months has drawn more than it has contributed, and we are in hopes that you will be able to improve this showing."

### Miss Amanda Thomas

Miss S. Amanda Thomas died at Peel on Friday, June 16, in the 85th year of her age. She is survived by her brother John, with whom she has lived and kept house for for many years. Duncan Thomas of Fredericton is a brother and was here for the funeral. Mrs. E. S. Boyer of Newburyport, N. H., is a sister. Miss Thomas has lived in this vicinity for many years but was a native of Fredericton. She was always held in high respect by her neighbors. The funeral was held at Hartland in the Reformed Baptist church on Saturday, Rev. P. J. Trafton assisted by Rev. N. Franchette, conducting the service. Interment was in the Bradley burying-ground.

### Card of Thanks

Mrs. Mae Nevers Parker wishes to thank the neighbors and friends for their kindness during the death and burial of her husband; also the church choir.

### WASTED STRAWS

A significant feature of the splendid reception given last week at Hartland and Centreville to F. B. Carvell, M. P., was the number of Conservatives present at both meetings. Carvell always draws a crowd of his own supporters, the Liberals, but not often in the past has more than a mere sprinkling of Conservatives attended his meetings. Among the number who attended last week were men whose faces showed honest determination for good government, which the province has not had for years past. Others who may have "come to scoff remained to pray."

### Hartland May be Proud of its Streets

Last week The Observer referred to a new concrete crossing laid from the Keith & Plummer block to Carr's corner. That proved only a beginning of very excellent work done since. A walk of durable cement work now extends from the station platform along the length of Depot street and around the corner as far as the southern extreme of the Simms building, replacing the unsightly and really dangerous plank that outlived its usefulness. A crossing has been laid from Carr's to Estey & Curtis' corner, while a concrete walk is under course of construction around the two street sides of the Estey & Curtis building north to the entrance to the Exchange hotel yard.

Probably there is no village the size of Hartland that has as much concrete walk—yet there is room for more.

This new work is largely due to George Teddie, supervisor and collector, who says his endeavor is not indicative of an election but the result of his having collected the taxes due, and, on his own initiative, expended the money where it was collected, which he considers right and proper.

Still further work is contemplated. The vacant lot from the Hartland Clothing Company's store south is to be wharfed up to make the legal width of street and a sidewalk will be built between that building and the bridge. Concrete crossings may also be laid from Hatfield's to A. A. Rideout's corner, and from the Forester's hall to MacIntosh's corner. Let the good work go on and the credit given where it is due.

### Novelty Shower

A novelty shower was tendered Miss Rose E. Mulheron, Thursday, June 22, at the home of the Misses Campbell, St. Thomas. Games and music were enjoyed and refreshments served. Miss Mulheron will be a principal in a happy event in the near future.

## COUNTY COUNCIL

Woodstock, June 20.  
County Council met at 11 a.m., Warden Renny Tracey in the chair.

The proceedings began by the singing of the National Anthem. The warden then addressed the council. The last time we met we were called to mourn the loss of one of our members. While our number intact, we have lost an official whom all respected and in whom all had confidence, the late John S. Leighton, registrar of will and deeds. While the outlook for crops was exceedingly good and in this way prosperity seemed to be ours, still all eyes are on the theatre of war when we are coming more to realize the terrible nature of the war than ever before. It seemed last year that the war was a long way off—today it is very near when the casualty list shows those who are natives and residents of the county. He would like to see a large memorial service held in Woodstock, or else memorial services held in the various parishes in memory of its boys who have given their lives for its cause. We are all proud of belonging to the British Empire, and of being Canadians, at this critical time in the world's history. Everything we can do should be done to aid the boys who are doing the fighting for us.

Council adjourned till 2 p.m.

### TUESDAY AFTERNOON.

Council re-assembled and again sang the National Anthem.

Coun. Estey—He was named to act on a committee to get free ferries for certain times in the year. He found that in Victoria County they had free ferries from the first of September till the close of the season. Certain members for the county. He would like to have the committee continued. In Victoria county the ferryman during the time for free ferries, were paid by government.

Coun. Flemming had interviewed Mr. Munro and a promise was made that the matter would be looked into. He thought all ferries should be free on the river St. John. He concurred in the chairman's request that the committee be continued.

Coun. Tompkins—I talked the matter over with B. F. Smith. I pointed out the case of Victoria Co. At first Mr. Smith could hardly think that true, but latter found it was: at one time there was a free ferry at Bath, which gave trouble. However the matter was a local one and while Mr. Smith was in accord with the idea, he thought it much better if free ferries were established all over the province. This free ferryage was more needed at the time of potato digging than at any other season of the year.

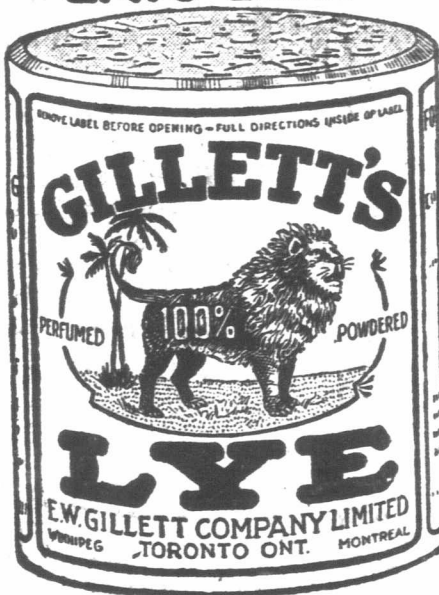

Coun. Gallagher—Said that at the time they had the free ferry at Bath, there was trouble. He would be in favor of a free ferry. He thought there should not be any trouble over it.

Coun. Estey thought it was the idea of the government or those in charge to keep quiet so other parishes would not want free ferries. If there was a free ferry at any place it must also be at other places. He favored the idea.

Coun. Perry—How many ferries would there be?  
Coun. Estey—There are five in the parish of Wicklow.

Coun. J. W. Gallagher—I was surprised in Victoria county when they would take no pay, while below in Carleton county there paid ferries. In Victoria county there was one at Ortondale, one at Morrill, one at Kintore, one at Indian Point, all free. There are seven in Carleton County.

## GILLETT'S LYE EATS DIRT

### Motion carried.

Coun. Estey spoke of a man who bought out the old Hatheway ferry. He was supplied with wire by the government. He had no license yet he was running a ferry. He moved that the fine be put at \$20 instead of \$4.

Coun. Melville—Would it not be best to give them the money to run the ferry.

Coun. Estey—Where this man is it is not convenient and there was not business for the two ferries.

Coun. Melville—What about competition?

Coun. Estey—Ferries are not put up for competition.

Coun. Kinney—Does not the law say that the license must be paid.

Sec Treas—No not to the county.

Coun. Kinney—Is there not a licence fee to the county for operating a ferry.

Mr. Hartley—The Sec-Treas gets \$2 for drawing up a license. I have to draw up a license every year. There is no license exacted by the council as a fee for running the ferry.

Coun. Stevens—Why the penalty.

Sec Treas—So that unnecessary ferries might not be run. The matter is left with the county councillors, but ferries must not be established within one mile of each other.

Coun. Kinney—We have had quite a few arguments over this. Is this a law that ferries must not be less than one mile apart?

Coun. Perry—The place for ferries are designated. The place objected by Coun Estey is one named as a place for a ferry. This particular place is designated.

Coun. Estey—They must not be less than a mile apart.

Coun. Perry—Then the other man must be in the wrong place.

Motion carried which raises the penalty from \$4 to \$20.

Coun Melville—It seems queer if the government has allowed the ferry. There must be some interest wanting the ferry. I move that Mr. Jas. Hallett have a license when he pays the necessary fee.

Coun Kinney—Coun Melville has always a lot to say about business in our parish and we feel we can get along without his assistance.

Coun Melville thought the only thing now was to give the man a license.

Coun Perry—The old established ferry has always given good satisfaction and while the Hatheway ferry will accommodate a few, it will prevent the successful carrying on of the old ferry. This new man can run a ferry for one month or three months as he sees fit. One or other of these men must go out of business. The lower ferry practically accommodates all the people.

Coun Gallagher—I would move that we have a free ferry in the parish of Kent, one strictly according to law. I think we are entitled to a free ferry. Let it be run according to the letter of the law.

Coun Melville—Charge it to the parish of Kent.

Coun Gallagher—No charge it to the county.

Coun Carvell—As I understand Coun Estey raised a question whether Coun Melville's motion was in order.

Coun Melville—The ferries in the parish of Kent are not private to the parish of Kent.

## MISS BERTIE SENNETT.

The community of Tracey's

Mills was saddened Tuesday,

Feb. 22, by the death of Miss

Bertie Sennett, aged thirty years,

eight months. For a number of

years she kept house for her

father, caring for him very ten-

derly in his last days. About

two years ago she went to Hart-

land as a clerk in a fruit store,

remaining there until last fall.

After her health began to fail

she made her home with her

cousin, Rennie Tracey, where

she remained until her death.

Although confined to her bed for

nine weeks she bore her suffer-

ings patiently. Her kind and

loving disposition won for her

many friends who will greatly

miss her in the home, church,

Sunday school, Blue Ribbon

society, and Rebekah Lodge, of

which she was a faithful and

valued member. It may truth-

fully be said of her, "none knew

her but to love her." The sym-

pathy of the entire community

goes out to the bereaved sister

and other relatives in the hour

of their great sorrow. The funeral

was held from the United Baptist

church, of which she was a mem-

ber. The pastor, Rev. W. J.

Hurlow, spoke from Ex. 336.

H. G. Miller had charge of the

service. The pall bearers were

four Odd Fellows, Beecher Tracy,

Percy Simonds, and Reuel Bar-

rett. Several selections were

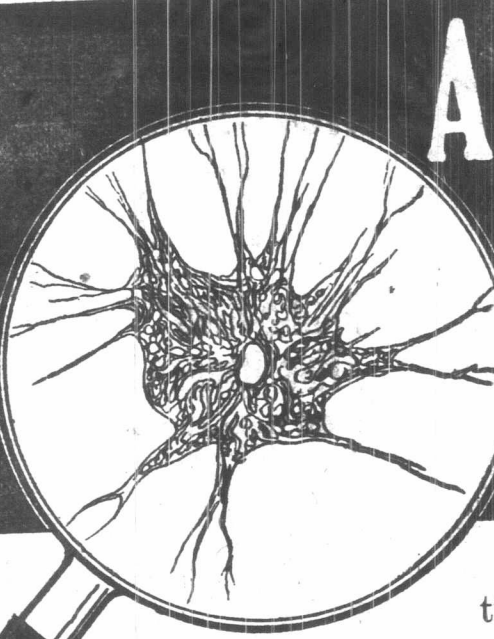

touchingly rendered by the choir.

The floral tributes were many

and beautiful. The body was

laid to rest in Tracey's Mills

cemetery.

## A DEAD NERVE CELL CAN NEVER BE REPLACED

The human body is composed of millions of tiny cells of various kinds. With the single exception of the brain and nerve cells, there is a system of dividing up of cells to form new ones. In this way the blood cells, the tissue cells, the cells of the stomach, liver, kidneys and other vital organs may be increased so as to make up for loss or injury. But not so with the cells of the nervous system. You have a certain number at birth, but never any more. A feeble, poisoned nerve cell may be restored, but a dead cell can never be replaced.

For this reason complete paralysis can never be cured, but the person who is partially paralyzed may be greatly benefited by restorative treatment such as Dr. Chase's Nerve Food, which nourishes the feeble, wasted nerve cells back to health and vigor.

This, undoubtedly, is the strongest reason why everybody should be familiar with the symptoms which tell of exhaustion of the nerve cells and know the best means of restoring the vitality of the nerves before they become dead to all treatment.

Sleeplessness, restlessness, irritability, nervous headaches, nervous indigestion, loss of energy and ambition, feelings of discouragement and inability to concentrate the mind are among the most common warnings. Later developments are known as nervous prostration, locomotor ataxia and paralysis.

It is easy to neglect treatment in the early stages, but that is the time when a few boxes of Dr. Chase's Nerve Food will do wonders for you. Preventive treatment, which is so good in all ailments, is practically the only method to be applied to diseases of the nerves, because of the fact that a dead nerve cell can never be replaced, whereas a feeble, wasted nerve cell can be restored by such nourishing medication as is afforded by Dr. Chase's Nerve Food. Should you desire further particulars about this great food cure, kindly write for booklet.

50 cents a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations disappoint.

### Potatoes and Dahlias

Did you ever notice the family resemblance between a potato and a dahlia? Probably the expert botanical man doesn't see any. But for all practical purposes they are as much akin as two peas in a pod. You hoke them out of the cellar half sprouted in the spring and tuck them under the soil. Of course you don't cut dahlia bulbs to economize on the eyes. Dahlias don't cost you 75 cents a peck. If they do you don't buy them. In a couple of weeks' time they come up—potatoes and dahlias. One grows tall and the other doesn't; one has bugs and the other has none; one has white blossoms and the other has as many colours as the rainbow. In the fall you dig them up and with good luck you have seven or eight dahlia bulbs in a clump from one you planted in the spring. Which is about the same average as the potato. And for the joy of production commend me to the potato. When it pokes its first dull-green curled-up leaf through the soil it's a poem of potentiality. It's too small to hoe when the bugs begin to camp on it. Before the last hill is up the first one up has yellow bug-eggs under one leaf. By the time you have the last of the new crop of bugs Paris-greened the patch is ready for its last hoeing up. In a few weeks you can ram a hand into a hill and feel a pack of young potatoes. Whereby if you have a good crop, even in a city plot, you get from two pecks of seed six or seven bags at least—perhaps more. And when the last potato is dug the last bloom has gone to pieces on the dahlias.

They are on a short trip to St. John.

Rev. Alfred E. Lepage, one of the oldest ministers in the Methodist denomination, died suddenly at the home of his son-in-law, Rev. Gordon Pringle, at Kincardine, on Monday morning. Mr. Lepage was in his usual

health when he left his home at Woodstock Saturday morning. He was 74 years old, and is survived by a widow, two sons, John E., of St. Boniface, and Alfred W., of Jamaica Plain, Mass., and one daughter, Mrs. Nelson Lepage, of Vancouver; one sister, Mrs. John Dorsay, of Charlottetown, P. E. I. Mr. Lepage was a native of Charlottetown, P. E. I., and was highly respected by the ministers of the Methodist denomination.

Yesterday Mrs. Vinal Thornton received from her husband, who is fighting in Belgium, a number of quaint curios. One was an ornament made of English, French and Belgium rifle bullets; also two cakes of hard-tack, a French rifle bullet, and a rosary picked up on the field. Mr. Thornton has been at the front for more than a year and has been fortunate in escaping any injury. He enlisted with the 24th Battery but was transferred to the Ammunition Column later to the 16th Battery. He has a wife and two small children here.

Lieut. E. Carleton Brown, officer in charge of Transport and Supplies, was in Hartland Monday for the purpose of closing up the quarters which have been vacated by the Hart detachment of the 140th Batt. He also got a hurried call to St. John to adjust the barrack stores of the 104th and 140th Battalions, previous to their departure for Halifax and Valcartier. He was in Hartland again on Thursday. The armoury here has been handed back to Lieut. Brown now that the troops have vacated Woodstock, and will remain unoccupied throughout the summer. —Press.

### Manager Graham to be Transferred

Last week Manager P. Graham of the local branch of the Bank of Montreal received notification of his impending transfer to the branch at Sawyerville, Que., and expects to leave July 5 to take up his new duties.

Since Mr. Graham has been located here for 18 years his removal is cause for sincere regret among the people of the village and vicinity. As manager of the Bank he has always been courteous and obliging, straining points just as far as was compatible with the interests of the great institution in whose service he has labored so long and faithfully. In 1901 Mr. Graham married Miss Cora Smith of Woodstock and the two early found a warm place in the esteem of the village people. In their going away the Church of England congregation will lose valued members, and the Red Cross and Patriotic Funds will miss generous support. In fact this worthy couple have been active in every good work and in social welfare. They will take with them the hearty good wishes of many friends.

Mr. Graham will be succeeded here by Charles Baker, a Woodstock boy, who is hardly a stranger to the village people since he was relieving manager here for a few weeks about 15 years ago.

### Rideout—Rideout

A very pretty wedding was solemnized at the home of Mr. and Mrs. Wilmot Rideout, Somerville, on Wednesday afternoon at 2 o'clock, when their eldest daughter, Miss Eva Rideout, was united in marriage to Arnold W. Rideout. The ceremony was performed by Rev. P. J. Trafton, pastor of the Reformed Baptist church at Hartland, under an arch of green and white. The bride was given in marriage by her father. The wedding march was played by Miss Nellie Nixon. The bride looked charming in a gown of white with Juliet cap and veil. Her bouquet was of white roses. The bridesmaid was Miss Pearl Rideout, who wore a dress of pale blue and carried a bouquet of carnations. The groom was supported by Bradford Craig. Following the ceremony luncheon was served. The happy couple left on the express for a trip to Nova Scotia. The bride's traveling suit was of navy blue cloth, with black hat and white feather ruff. She was the recipient of many beautiful presents of cut glass, silver and linen.—Press.

## Hartland Department Store!

After 40 years serving the wants of this community we feel in a position to serve our customers well. We have had long experience in buying and have learned where the best goods are most cheaply obtainable. We have also learned that the best goods are really the cheapest, and we value our reputation for carrying good lines, the standard lines that others have built and held their reputation on. This is offered the people of Hartland and vicinity as a reason for buying at this store—you get first-class goods and you don't pay more—oftentimes not so much—as elsewhere.

We would urge farmers to make their purchase of

## Blue Vitriol and Paris Green

without delay. The former will soon be unobtainable and Paris Green—Berger's, the best—will be higher. Save money or entire disappointment by buying now. **Haying Tools** are in stock at prices not much higher than last year.

We have a splendid line of

## Boots and Shoes

especially of **Yachting Shoes**, just the thing for summer. Prices on footwear are higher than formerly, but we are making a little less profit, conserving the interest of our customers.

There's no gainsaying that our Groceries and Family Supplies are carefully chosen, chiefly with a view to pure, fresh food. And in all things we strive to good service—prompt and obliging service.

**J. T. G. CARR**

P. S.—We pay good prices for Butter, Eggs, Berries, etc.

## Oh! So Good!

We have now in stock, but going fast, a nice line of perfectly fresh

## Heinz Pure Food Products

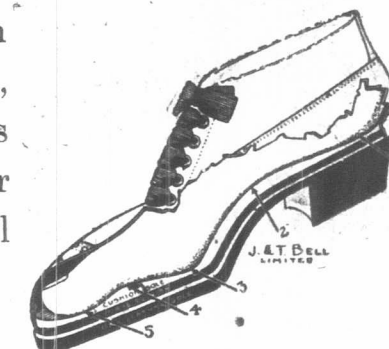

the equal of which is not on the market today. There are Pickles, Sauces, Beans, Beets, Corn, Tomatoes, etc., and the latest **Spaghetti!** thing out:

for which we can scarcely keep up with the demand. And the beauty of the thing is the prices are exceptionally low. Better try some while they last.

## SUMMER FOOTWEAR

is here in a galaxy of beauty and cool comfort. Tan and White Canvas Shoes, Sneaks, Slippers—in fact, anything that will give comfort to hot, tired feet is to be found in our stock. Of course we have our usual well selected stock of the heavier lines, as well as rubber goods, etc. Come in and see our lines.

## BUTTER WRAPPERS!

The cost of Vegetable Parchment from which Butter Wrappers are made has more than doubled in price since the war started. Previous to August all this paper used in America was imported from France and Germany, where it was made by secret process. Since the war the source of supply is completely cut off and the only imported butter paper available since has been the stock that was in hand at the time.

An inferior quality of parchment is now made in the States and imported into Canada under a duty of 37 1/2%. Needlers to say the price of Butter Wrappers has gone away up. Plain wrappers today cost only a mere trifle less than the printed ones the law requires.

Fortunately we have still on hand a good supply of the imported stock. This is 8x12 inches in size and will wrap a flat or a square brick. The American wrappers are 8x11 and not large enough to wrap a flat brick.

Our prices are as follows:

100 printed "Dairy Butter,"	30
500 "	\$1.20
100 printed "Dairy Butter," and with maker's name and address,	.50
50 ditto,	1.00
500 ditto,	1.50
1000 ditto,	2.50

Wrappers will be sent prepaid anywhere within Carleton or Victoria Co. on receipt of price.

We can also supply the trade with imported wrappers at less cost than wholesale grocers are doing.

### More Questions

The St. John Standard, which wants to know why F. B. Carvell, M. P., and George W. Kye, M. P., have not resigned their seats in Parliament because of the fuse charges, has been invited by the St. John Times to furnish answers to the following questions:

"Why should the Hon. P. G. Mahoney continue as Minister of Pub. Works, after being rejected by the people?"

"Why should Col. J. Wesley Allison and his friends get a million dollar rake-off on fuse contracts?"

"Why does Sir Sam Hughes still uphold Col. J. Wesley Allison in all his acts?"

"Why does not the Provincial Government bring on the by-elections, or the general elections?"

"Why have the people of Manitoba, Quebec, Nova Scotia, Vancouver, Victoria, Peel and Westmorland, declared their utter lack of confidence in Conservative leadership?"

### Customs Officials Still Active

The special customs officials who have been at Woodstock for two weeks searching private houses and seizing American goods wherever found are now in other parts of the county carrying on the work. One man has been placed on the train running between Houlton and Debec Junction and all baggage is thoroughly examined. A local officer is also on the train. Some cases to have been heard in the police court as a result of seizures have been adjourned as the officers will not, or have not, served the papers on the parties said to be interested.

Local Tory politicians have been greatly worried over the matter and the wires to Ottawa have been kept hot for several days with no apparent effect, as the officials have been very active.

It is rumored that a prominent Houlton dry goods firm will open a branch of their business at Woodstock.

### Local Boys Wounded

The following well known boys were wounded at the front during the past week: John White McLellan, of Kintore, Karl Woods, of Grand Falls, George Murphy, of West Glassville, a son of Mrs. Jemima Murphy, one young brother living with his mother at home; Lieut. Jack Hipwell, born in Woodstock, who recently won a commission at the front, son of David Hipwell, St. John. Private Wilfred L. Hand, Woodstock, is reported missing. Robert Moores, son of Mr. and Mrs. H. V. Moores, of Woodstock, had his coat torn off his back with shrapnel, although personally uninjured. Lieut. Hipwell has since died.

Mrs. F. Albright, Hartland, visited at Geo. Nixon's recently.

### Bath Breezes

The many friends here and elsewhere were saddened to learn of the death of Miss Emily Bloodworth on the 20th. She was for many years a resident here, where she had conducted a boarding house and a few years ago purchased the present house, "Willow Inn." Miss Bloodworth was of very kindly disposition and won very many friends from those she came in contact with. The funeral service was held at the late residence and the Baptist church and conducted by Rev. L. A. Fenwick of Jacksonville, a former pastor, assisted by J. H. Markham and Rev. Mr. Henderson. Interment was at Upper Kent.

Bohan Bros, E. S. Secord and Arthur Drost will soon have their new buildings completed.

Dr. M. E. Commis has begun work on his new building site where he intends erecting a large house for his own accommodation, and for the Bank of Nova Scotia.

James Jones has very neatly painted his dwelling and put on

## CanPills

FOR THE KIDNEYS

### Why Demanded

"Can Pills did for my husband and me what no other remedy could. I have advised two other parties to use them, one of them being my mother who has been a great sufferer for upwards of 20 years, and one box cured her so as to enable her to sleep on her left side, something she could not do for many a year. The doctors told her she could not cure her, but could relieve her by an operation for a floating kidney, but on account of her age they did not think it advisable for her to go. Upon my advice she tried Can Pills which cured her and for which she is ever ready to speak in terms of praise."

considerable repairs which very much adds to its appearance.

Miss Myrtle Jones of Haverhill, Mass., is visiting her parents, Mr. and Mrs. James Jones.

Dr. Martell of Woodstock and wife were visitors at D. T. Day's over Sunday.

John C. Hayes has purchased the Exchange Hotel which many years ago was known as the John Giberson place, and will occupy it as a residence.

Patrick Gorey of Johnville, who operates a Steam Well drill at the lower part of Carleton county was a caller here to day.

Rev. Mr. Choate of Mars Hill, Me., preached in the Baptist church here on Friday evening last.

Miss Lydia Barker of Lewiston, Me., is visiting her mother, Mrs. Harriet Barker.

### At Work in England

The 224th Forestry Battalion, which drew a large number of recruits from this section of New Brunswick, is now at work in England felling trees in the Windsor and New forests. By an order-in-council under the Defence of the Realm Act, the government have the power to commandeer all the timber resources of the country. The demand for wood is extremely great at the moment—for pit props, for waggons, for trench work, for abutments and other like purposes.

## Travel from one to two years free in your Ford on your saving in one year's depreciation.

Other cars in the \$1000 or less class, after one year of service, are worth from \$250 to \$400 less than their purchase price. That's THEIR depreciation.

Ford cars, after a year's hard work, sell on an average for only \$125 less than they cost brand new. That's FORD depreciation.

The difference in depreciation of these year-old cars ranges from \$125 in the one case to \$275 in the other—both considerable savings for Ford owners.

Thousands of owners tell us that it costs .024 per mile on an average to drive a Ford—paying for gasoline, oil, tires and repairs.

So, if your saving in depreciation for a year is \$125, you pay all your expenses for 5,208 miles—while if it is \$275, you have kept enough money in your pocket to pay for driving your Ford 11,458 miles.

Buying a Ford in preference to other less than \$1000 cars lets you save in one year's time a difference in depreciation that pays all your motoring bills for from one to two years.

Think it over.

## Strictly Temperance Beverage

The public today is demanding light and mild beverages, and with a view to filling this want we have perfected and placed on the local market three absolutely non-intoxicating drinks:

READY'S WEISS  
READY'S PORTERINE  
READY'S PILSENER

We unhesitatingly recommend these wholesome and refreshing beverages to the most temperate home in this county. Keep them cold and you will have a thirst quencher that equals any drink ever sold.
