## A BRIEF HISTORY OF BUSY BATH

This interesting sketch was written  
for The Observer nearly a year ago,  
since which there have been some  
changes in the town.

The history of Bath, N. B., dates  
back to the time when the first pas-  
senger trains came up the iron track on  
the eastern bank of the River St. John.  
Previous to that time the village now  
known as Bath, was placidly plodding  
along as "Monquart." It was so christ-  
ened by the noble red man when the  
leaves or wigwags of an Indian camp  
were the only residences available.  
Like other Indian place names, it was  
descriptive of the location; meaning,  
at a sharp angle.

The Monquart Stream and the Riv-  
er St. John form an angle at the point  
where the village ends. Thousands  
of years ago, when the Province of  
New Brunswick was enjoying or en-  
doring an Arctic climate, the glacial  
ice slowly moved down where the  
climate of the rivers are today. The  
climate changed and the forests came,  
and with them came the fish, the  
game, the wild animals, and after them  
came the Indians.

Then came the white traders to  
trade with the Indians for the fur  
catch of the season, which was abun-  
dant and choice. Then, quite recent-  
ly, came the pioneers with their axes  
and axes to carve out a home, a farm,  
and a living chance, from the virgin  
forest. The fur traders became mer-  
chants, lumber dealers, buyers and  
exporters of farm produce.

Gradually the forests have been  
cleared, and the descendants of the  
pioneers have increased the popula-  
tion and enlarged the clearings, until  
at this date, this community in the  
northwestern corner of Carleton coun-  
ty is known far and wide as one of  
the largest exporters of all kinds of  
raw material from the forest and the  
farm. We have progressed far from  
the blazed trail through the unbroken  
forest, the contour and mud roads of  
the earlier days, to the point where  
we have wide trunk roads to accom-  
modate the ever increasing number of  
farmers touring cars, limousines and  
sedans. Gone are the days when the  
sun, moon, pine knots and candles  
were the only sources of light. We  
are now looking forward to the day  
when our daily mail will be delivered  
by the rural air route.

We have passed the stage when  
the only means of transport were  
shanks pony, the slow oxen, and the  
river. Before the freight train and  
the steam boat came, farm produce  
and lumber had to go long distances  
by way of the rivers. High rates of  
logs, shayed cedar shingles, and other  
commodities were floated down the  
river from Monquart to Spring Hill  
and Fredericton. Today better meth-  
ods of transport make conditions eas-  
ier, but the pioneers had their com-  
plaints, if one can judge from their  
conversations, for he it under-  
stood that some of them still live.  
Some, but not many. It might be  
said in passing, that many of our  
most prosperous business men of to-  
day, have in their younger days, taken  
their rank, in the honorable if ardu-  
ous work of farming and lumbering.

In that connection, I may mention  
the names of the Messrs. Gallagher, Shaw  
and Bohan, among others. To the  
present generation it is known that  
the original founder of the store that  
has been longest in existence, was the  
late Thomas Bohan. He commenced  
business in 1867. The business gradu-  
ally grew and was continued by him  
until the year 1893, when he was  
succeeded by Bohan & Co. He was  
Post Master for 43 years, and died in  
1916, aged 84 years, leaving 23 de-  
scendants.

Mr. Bohan however was not the  
first trader to locate in Bath. Before  
him there were J. A. Phillips, Charles  
McDonald and Sandy Jamieson. 25  
years ago C. E. Gallagher established  
another store along progressive lines,  
which has prospered exceedingly well.  
In the days that are gone, there was  
one hotel, the John O'Henson Hotel,  
where all were welcome, and no one  
in need was ever turned away. When  
one asked for a meal, he got it and  
got it good and plenty. This hotel  
has only recently been closed. We  
still have two others. One caters for  
the lumberman and farmer. The other  
for commercial men and politicians.  
To show how Bath has grown from  
small beginnings. Today we have the  
Bank of Nova Scotia, a theatre, motor  
salesroom, two garages, two black-  
smiths, nine general stores, several  
farm machinery salesmen, Dr. Com-  
mins is our resident physician and  
surgeon. For 25 years he has been  
at the people's service night or day.  
Any mistakes he may have made in  
diagnosis have long been covered up.  
It is safe to say that he has helped

more people into the world than he  
has helped out. We have also a prac-  
tising solicitor, a magistrate and other  
officials necessary in proper conduct  
of good government. A drug store, a  
goodly number of produce buyers, a  
school, and three fine church build-  
ings. We have several fraternal lod-  
ges, the latest and most popular of  
which is the recently organized Vic-

## POTATO CROPS AND PRICE PROSPECTS

In This Report the Outlook is shown  
Very Encouraging

Potatoes will sell at the same  
level as that of last spring on the retail  
market before winter has vanished was  
the prediction made by a farmer on  
Saturday last, and his opinion was  
based on a personal tour of the prin-  
cipal potato producing sections of the  
maritime provinces. Continuous wet  
weather through the months of August  
and September were given as the rea-  
sons for the unsatisfactory crops in  
New Brunswick, Carleton, Victoria, York  
and Northumberland counties, the prin-  
cipal producers being the ones most  
affected. In Prince Edward Island,  
where the potato is the principal ar-  
ticle of export, the 1920 crop is not  
more than sixty per cent of the stan-  
dard output and dry rot, as well as  
excessive moisture, has affected the  
potatoes that were retained on the  
farms for home consumption as well  
as those prepared for export. Condi-  
tions in Nova Scotia were practically  
the same as in New Brunswick, the  
farmer reported, and the crop was not  
in any way up to normal.

With Ontario and some of the states  
enjoying an exceptionally fine crop of  
potatoes this year it is not thought by  
exporters that there will be any short-  
age for either consumption or for seed-  
ing purposes but it is in a general  
opinion that the prices asked now, so  
soon after the harvest, are indications  
that the spring prices will be suffi-  
ciently high to put the humble potato  
in the charmed circle of aristocracy  
in the vegetable kingdom. In the St.  
John market on Saturday potatoes  
were quoted as low as fifty-five cents,  
but several of the Nova Scotia markets  
held a firm price of eighty cents dur-  
ing the last week and in Charlotte-  
town the retailers are advertising  
white potatoes at 41 a bushel—St.  
John Telegraph.

## NOTICE TO FARMERS

The following amendment to con-  
tract of Messrs. Smith & Merrithew,  
re price of agricultural limestone at  
Brookville, St. John County, is made  
necessary by reason of the increased  
freight rate by the Railway Commis-  
sion of Canada.

Smith & Merrithew will now de-  
liver agricultural limestone l.o.b. car  
lots at quarry for \$8.00 per ton, ground  
as fine as meal. It is worth more on  
some lands than fertilizer that costs  
you \$20.00 per ton. Order now as the  
demand in spring will overtax the  
capacity of plant and you may not be  
able to get it in time for seeding.

Agricultural Societies should have  
members combine orders to make up  
car lots at once and place them with  
Smith & Merrithew, Brookville, St.  
John County, N. B.

## TRAGIC DEATH OF MANFRED CRABBE

Received injuries in Lath Mill on Fri-  
day and Died Sunday

Manfred Crabbe, a well known farm-  
er and lumberman of Cloverdale, re-  
ceived fatal injuries on Friday which  
resulted in his death on Sunday. He  
was assisting in the operation of a  
lath machine when a bolt flew over  
the saw and struck him with great  
force in the abdomen. The wound  
was horrible beyond description, yet  
he was rushed to the Fisher Memorial  
hospital at Woodstock, a journey of  
more than 25 miles, with the hope  
that his life might be saved. The  
internal organs were so badly rup-  
tured, however, that the physicians  
held out no hope of recovery, and he  
passed away after nearly two days of  
suffering.

Mr. Crabbe was a popular man in his  
community and was well known over  
a large part of the county. For a num-  
ber of years he farmed and during the  
winter he cut lumber for F. E. Sayre  
and others. This autumn he started  
in to manufacture laths, using a Ford-  
son tractor as motive power for his  
machine. He had just started the  
plant in operation and had not com-  
pleted his first 1000 of lath before  
he received his death blow.

The son of Mr. Charles Crabbe, sr.,  
he is survived by three brothers—  
George Crabbe of Hartland, Charles  
and Arnold Crabbe of Cloverdale;  
also by two sisters, Mrs. Samuel  
Crabbe and Mrs. H. S. Adair.

The funeral was held on Tuesday  
afternoon and was very largely atten-  
ded.

## WANTS TO SELL ELECTRICAL POWER

But Development Works at Grand Falls  
Will Depend on Current Desired

Fredericton, N. B., Nov. 1.—The In-  
ternational Paper Company, whose in-  
terests control the Grand Falls Pow-  
er rights on the St. John river, are  
publishing an advertisement in which  
they say "the owners of Grand Falls  
on the St. John River are desirous of  
developing the same and producing  
electric power for sale to the public.  
If reliable and definite demands can  
be obtained from responsible com-  
panies or individuals in the province." Af-  
ter explaining that this will "require  
an investment of several million dol-  
lars" the advertisement declares that  
"unless there is a large demand for  
current the development cannot be  
made to pay and would not be just-  
ified." A further paragraph indicates  
that the current would be ready by  
1923.

Under the act of the legislature  
which has been in force the holders  
of the Grand Falls rights were to  
have \$100,000 expended in actual de-  
velopment work there by January 10,  
1921, but aside from the work of some  
engineers nothing has been done there  
this year it is said. An act passed at  
the legislature's last session permits  
the government to take over the power  
rights if not satisfied with holders  
bonafide intentions.

than they are costing today, and our  
old prices are on them.

We have cut out the long credit business (with its losses) and can  
sell for PAY DOWN—Cash or Produce—much lower than on the old cred-  
it plan. "A nimble stipence is better than a slow shilling" a saying that  
still holds true.

## A BRIEF HISTORY OF BATH

(Continued from page 1)

tory Lodge, Knights of Pythias. The members of this lodge can be congratulated on the possession of one of the best locations in the province. Facial cleanliness is looked after by two expert tonsorial artists. We have an efficient fire and water department, a telephone office, depot, and extensive warehouses, and Post Office. Eventually we hope to acquire a Highway Bridge, and plans are made for a permanent Soldiers' Memorial in the form of a community drinking fountain, which will be erected in the near future. While we have progressed materially, it must also be remembered that we have advanced mentally and spiritually. Marshall P. Wilder used to tell a story of a little girl who went to the drug store and said: I want some Brown's pills. The proprietor said—We have a great variety of Brown's pills, which kind do you want, anti-bilious? No, said the little girl, my uncle is sick. In like manner we have a variety of denominations to cater to our religious needs. First we mention the Church of St. John the Evangelist at Johnville. This church had its birth 60 years ago. We mention this church because it is the mother church of the new Catholic church, recently erected in Bath, which is more accessible to the members of that community residing at or near Bath. An aged lady tells of the first mass said in Johnville, in the open air amid the trees, under the shade of which the first altar was erected. The sun was shining brightly and the wild birds furnished sweet music. The first priest to attend the mission at Johnville and Clearview was Rev. Fr. Connelly stationed at Woodstock. The three men who stand out prominently in Catholic history were Revs. Chapman, Murray and Coughlin. The Bishop who was instrumental in settling Johnville was Bishop Sweeney. The priest in charge at the present time is Rev. W. Donohoe. This is largest rural parish in the province and probably the most prosperous. Two of our local young men qualified for priests order were Revs. Daniel Gallagher and M. O'Brien. Then we have the United Baptist church, now under the able ministrations of Rev. C. O. Howlett, B.A., B.D. While this church is not of great size, it is tastefully furnished for the comfort of the congregation at all seasons of the year. What is most important is that there is a splendid spirit of cordial co-operation manifest in all departments of Christian work. All working together harmoniously for the common good. Especially do we commend the workers in the Sunday School. Primitive Baptists under the charge of Rev. G. A. Giberson are conducting an aggressive campaign. Mr. Giberson is known over a large territory. We have also a Methodist church, Pentecostal, Russel, Bible Christians, Lincolnians, and others. As a fitting conclusion to this history of Bath, it would perhaps be well to mention some things that are required to hasten the growth of Bath, so that it may presently enjoy the status and privileges of an incorporated town. First we want more houses built. The need is great and the demand is insistent. We are promised a cheese factory and grist mill as soon as the Highway Bridge across the River St. John is built. In addition we want a starch factory, canning factory, lumber mill and wood working factory, and there are many openings for a variety of manufacturing concerns.

What is especially needed at this time, is an electric light and power plant to light and operate these factories, as well as the village of Bath. Sites are available, with every convenience and facilities for the export of various manufactured products. The Monquart River waits to be harnessed for the benefit of the people, and the people are waiting for the men who will undertake the job and render that service. Any one interested in these propositions should get in touch with the Parish Clerk, B. D. Second, or the Post Master, S. W. Tompkins.

As I write this, a proposition comes from Fredericton who see the possibilities of Bath. This firm wants a big building erected at once, and are willing to pay an equitable rent for a lease not less than 10 years. This shows a faith in the ability of Bath to provide the necessary business. It has long been stated, and it is true that Bath is the collecting and distributing point for a big and rich territory. All roads from North, East and West, and from the South, North of Bristol, lead to Bath. The farmers made Bath and they keep it going.

As they accumulate wealth, they sell their farms and migrate to the village, which is the right thing to do. Especially if they spend their money where they made it. Right to him.

W. H. BRAMLEY

## THOMAS R. BOYD

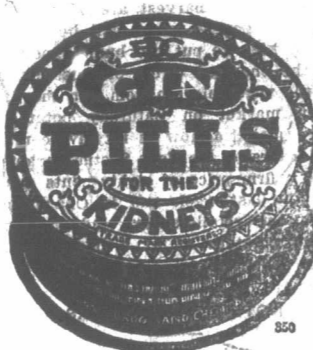

Aged Citizen of Peel, N. B. Died October 25 in Fort Fairfield—Father of the Messrs. Boyd of This Village.

Thomas Randolph Boyd of Peel, died October 25 at the home of his daughter, Mrs. Kate Stearns and his son Bedford A. W. Boyd in Fort Fairfield, aged nearly 81 years. Since the Northern Maine Fair he had been in rather poor health, but was walking around only five days before his death. For some months Mr. Boyd had lived largely with his daughter, Mrs. George Johnson of Presque Isle, but had been in Fort Fairfield about three weeks. The funeral took place Tuesday afternoon at the Reformed Baptist church, Rev. H. Smith Dow, the pastor officiating. Many beautiful flowers attested the affection of surviving friends.

The pall-bearers were: C. W. Churchill, W. F. Cogswell, J. G. Cheney and L. S. Kinney. Interment was made in Riverside cemetery.

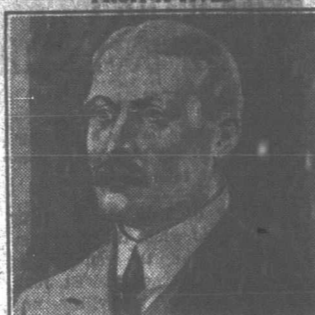

The deceased was born in Simonds, January 20, 1840, a son of the late Thomas Boyd and Mary Rideout. October 31, 1860, he was married to Miss Emmeline Bishop of Bairdville, who survives her husband, living on the old homestead in Peel, where Mr. and Mrs. Boyd made their home for more than half a century. For a few years Mr. and Mrs. Boyd lived in Blaine, where there three eldest children were born, then moving to Peel.

Eleven children were born of this union, the eldest of which, a son, died at the age of 11 years, all the rest being now among the living, as follows: Mrs. George W. Johnson, Presque Isle; Mrs. Elsie Stewart, Portland; Bedford A. W. Mrs. Kate Stearns, Fort Fairfield; Mrs. Parker M. Smith, Parker Hill; Penwick B.

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

## PRICE vs. VALUE IN SHOES

In buying shoes (and everything else as well), it's value you want. Imported shoes cost more because of the freight, duty and exchange. These things don't add to the value of a shoe. They only increase its cost.

This store has one mission in life. That is to give you the best values. Made-in-Canada shoes are today better value, grade for grade, than shoes imported from any country. They reflect the very latest and best styles and shapes. The material is honest. Workmanship is high grade. And so, because the prosperity of this store depends upon service to our customers, we sell and recommend Made-in-Canada Footwear, knowing that we can thereby give you the best value and satisfaction.

## Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

### Read About These Two Women

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which is surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GOWAN, 555 Napoleon St., Freemont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to the annoying symptoms I had an attack of grippe which lasted six weeks and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and my Vegetable Compound has made me a well, strong woman and do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HANSON, 1516 North Oakdale Street, Urbana, Ill.

### ELEVEN DOLLARS PAID AT HAVANA FOR POTATOES

Encouraging to New Brunswick Growers—Minister Comments Upon Adverse Editorial

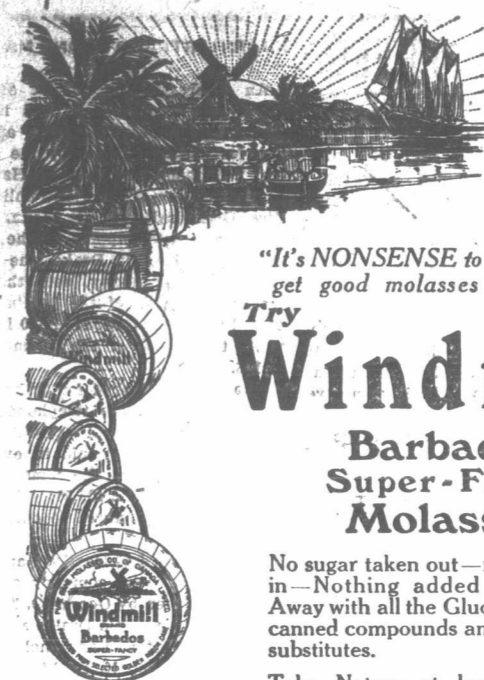

Hon. J. F. Tweeddale, Minister of Agriculture, has received information concerning the potato market in Cuba which is calculated to give encouragement to producers in this province who have suffered from a depressed market. Hon. Mr. Tweeddale has been informed that the Nova Scotia Fruit Growers' Association which ships potatoes in large quantities has received eleven dollars per barrel for them at Havana.

Commencing today upon editorial reference to himself which appeared in the local Conservative organ Thursday, Hon. Mr. Tweeddale said that he was represented in the article which was built around an interview with that paper itself had asked for as opposed to the United Farmers. He had no quarrel with the United Farmers and was pleased to see them aid themselves through cooperative organization. Remarks which he had made concerning the future prices of potatoes, which also had been referred to editorially, were merely what would be based upon the expectation of a Republican presidential candidate in the United States being elected.

Continuing Hon. Mr. Tweeddale said that no amount of political prejudice displayed by the newspaper to which he referred would convince the farmers of the province that he had not administered the Department of Agriculture to their advantage in every respect.

### A BUSY PARSON

Business was exceptionally good at the United Baptist parsonage last week. Besides a Monday morning wedding already recorded, Rev. Ernest A. Trites performed four other marriages. These were: George Flowers of East Brighton and Dorothy, the daughter of Mr. and Mrs. Albert Hovey of the same place; Robert Glass and Frances, daughter of Mr. and Mrs. Coles Paget, all of Lower Windsor; Enoch Sherwood of Hartland, and Violet, daughter of Mr. and Mrs. James Wilson of Windsor; and Raybon Swim and Mildred, daughter of Mr. and Mrs. Gordon Luskey, all of Hartland.

## THE OBSERVER

HARTLAND, N.B., NOV. 4, 1920.

### SUBSCRIBER PAY UP

Within the last few days, circulars have been sent to every subscriber in Carleton and Victoria counties offering each another opportunity to pay up a year in advance at the old rate of \$1.50 per year. This offer is made to every Canadian subscriber, whether they have received the circular or not, but it is good only until November 10. Renewals are coming in at a satisfactory rate, but those who have not yet remitted should remember that they have only until November 10, to get in at the \$1.50 rate.

### THE POTATO MARKET

When it comes to the potato market the Observer is no prophet, but it is apparent that the return of the Republicans to power in the United States will jeopardize the interest of the Canadian grower so far as the market in that country is concerned.

In other places in this paper will be found various articles, dealing with the potato situation, taken from contemporary newspapers, and published for what they are worth.

### STRUGGLING FOR EXISTENCE

The management of Hotel Carleton tells The Observer that while during the motoring season they received a most gratifying patronage, they must depend almost altogether upon the patronage of commercial travelers in order to keep the house open during the winter. They state that the necessity of having a commercial hotel was so strongly urged by The Observer and many business men that they undertook to supply the town's need in this respect. All the commercial trade that comes to town is no more than barely sufficient to pay running expenses during the winter months and at the present time the hotel is not getting all the trade. There are a number of private families who put up commercial travelers thus dividing the trade so that the hotel is not now being run at a profit. The management states that if they have not the commercial trade left to them exclusively the hotel must be closed. This would be a reversion to the condition of six months ago when Hartland stood in the ridiculous position of having no accommodations for commercial men.

### EAST FLORENCEVILLE NOTES

S. W. Smith spent several days this week in Woodstock attending to business. Miss Stella Hunter went to Fredericton Monday on a short visit. She will be present at the football match, U. N. B. vs Acadia. Many friends and relatives from here went to Bath on Wednesday to be present at the marriage of Miss Dora Tompkins to George Kilpatrick of Greenfield. Celebrate Armistice Day by attending the chicken supper in the basement of the East Florenceville Methodist church. There will also be an apron sale. Remember November 11. R. B. Hagerman, Hartland, occupied the pulpit of the Baptist church on Sunday last in the absence of the pastor, Rev. F. E. Bishop. The Halloween masquerade party given on Friday last in Smith's Hall was well attended, having representatives from several neighboring communities. The costumes were all good and many were complete disguises and surprises. "General Hale" was there and amused every one, and Maggie and Jiggs made a hit with her rolling pin at Jiggs, of course. Old Nick himself kept a close eye on everyone with his pitch fork. Everyone enjoyed the evening very much.

### HEAR HARTLAND PHONE MATTER

An interesting matter of salaries and wages was brought out in evidence at the hearing of the application for increased rates by the Hartland Telephone Company of Hartland before the New Brunswick Public Utilities Commission in St. John. Giving evidence in support of the application, Miss Annie Drake, the secretary of the company, said that the general manager of the company received a salary of about \$1,800 in 1919, while the wages of the linemen was \$1,128.

The company asked for authority to increase its business telephones from \$24 to \$30 and residence sets from \$18 to \$20. It was said in evidence that the expenses of the company during 1919 were \$12,405.50, while the total revenue amounted to only about \$9,000.

M. L. Hayward of Hartland appeared as counsel for the company and evidence was given by George O. Brittain, manager; Miss Annie Drake, secretary and J. S. Leighton, a shareholder, who appeared on behalf of himself and other shareholders. A. R. Mildram, of Boston, was present expert on behalf of the board. Mr. Leighton in his evidence said that the proposed increases would not be sufficient to make the revenue meet the expenses.

### BOUGHT A NEW LUMBER MILL

The Hartland Lumber Company, comprised of H. H. Hatfield, R. W. Cameron and O. I. Clark, have purchased the big lumber mill of Hays Brothers of Millville. This mill is equipped for sawing around 40,000 feet a day and the company intend cutting about two million the coming season. Their principal lumber supplies will be on the Keswick and Nackawic streams. The Hartland Lumber Company are selling out their mill at River de Chute,

but will market the output of the mill at Avondale, built last year by F. W. Smith and purchased recently by H. H. Hatfield.

## The Human Clock usually Breaks Down Instead of Runs Down

It has long been a favorite idea of mine to compare the human body with my old clock here.

"Without proper attention the old clock gets run down and stops until I wind it up again and then it ticks away just as heartily and regularly as ever."

"And so it is with the human body, but the great difference I find is that the human clock usually breaks down instead of runs down. Because people neglect to take proper care of their health."

"Through all these years I have managed to keep well and to keep young by using restorative treatment whenever there are indications of the system becoming run down."

"Fortunately I learned the value some years ago of Dr. Chase's Nerve Food and to its use I largely attribute my healthful condition at this age."

"When I hear people talking about being unable to sleep, or of suffering from nervous headaches, indigestion or worn-out feelings, I ask them, 'Why do you not use Dr. Chase's Nerve Food to increase your nervous energy?'"

"So many people, as age advances, suffer from a lowering of the vitality, from high blood pressure or hardening of the arteries, but I have found that the use of this restorative treatment, when required, keeps my health at the high water mark."

ILLUSTRATED CONVERSATIONAL STYLE

## The Questions to be Answered

1. Which style of advertising interests the most people in Dr. Chase's Nerve Food?

A. The use of testimonials?

B. Human interest advertisements with illustrations and conversational style of copy?

2. For what ailment do you find that Dr. Chase's Nerve Food is most frequently used?

Both these questions can best be answered by making inquiry among your friends. Then write a good letter telling what you found out by your investigation.

## \$300.00 in Cash Prizes

\$100 for the best letter.

\$50 for second best letter.

\$25 for third best letter.

\$5 each for succeeding twenty-five best letters.

For your guidance we would suggest that you clip out this advertisement and start in at once to make an investigation among your friends and neighbors.

The competition closes Nov. 15th, 1920, but in case of two letters being equally good, the first one received will have the preference.

## Edmanson, Bates & Co., Ltd.

DEPT. 78 TORONTO, ONT.

Before beginning the next series of advertisements to tell people about Dr. Chase's Nerve Food, we want you to help us to decide on the style of our advertising.

The use of testimonials has always been favored in medical advertising, but with an effort to make our advertisements more interesting we have during the last few years used attractive illustrations and the conversational style of reading matter.

You will find samples of both styles of advertising on this page. What we want to know is which style appeals most strongly to women, because it is on the wife and mother mostly that rests the responsibility of looking after the health of the family.

If in addition to reporting that such a style of advertising is most interesting to you, you can say, "I have made inquiry among 25 of my friends and find that 16 have used Dr. Chase's Nerve Food as the result of reading your illustrated advertisements, 7 on account of reading testimonials and the other two have never used it," your answer would be much strengthened.

By adding further particulars as to various cases which have come to your attention your letter would be made more interesting and more likely to win a good prize. Your name will not be used publicly without your permission.

## Was Given Few Months to Live Is Now Strong and Well

Miss E. W. Ehlman, School Teacher, Libau, Man., writes:—"Four years ago, while living in Regina, I was afflicted with fainting spells, nervous headaches, and became very thin and pale. I sought medical advice and was treated for consumption, and given only a few months to live. I had to go to public places for fear of spreading germs."

"A newspaper advertising Dr. Chase's Nerve Food fell into my hands. I bought six boxes and after a few weeks began to increase in weight and feel better. Under this treatment I gradually regained my health and now weigh 165 pounds. I am as healthy as a horse."

### Getting in Touch With the Best

Edward Everett Hale used to counsel young people to converse every day with some one older, better and wiser than themselves. We cannot all do that, but we can get in touch with them through the printed page and enjoy the fruits of their wisdom and experience. Probably no publication contains so much from the writings of many men and women distinguished in many ways as The Youth's Companion. A constant reading of the paper is a liberal education of the mind and heart.

The Companion has no age limit. Professional men, business men and busy women prize it as highly as the young folks.

The 52 issues of 1921 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

## LOCAL AND PERSONAL ITEMS

The occasion of the Harvest Sup-  
per and Social held in the Opera  
House Wednesday Oct. 27 by the La-  
dies Guild of the Church of England,  
proved a decided success despite the  
unfavorable weather. The supper ta-  
bles were most attractively laden with  
an abundance of good things—and no  
one had a chance to go hungry. Good  
music furnished by Knowles' Orches-  
tra of Fort Fairfield added much to  
the general enjoyment of the occa-  
sion and helped promote the feeling  
of sociability. Many took part in  
the dancing which followed the sup-  
per and the good music and good food  
were certainly an inducement to the  
most laggard. Refreshments were  
served during intermission by the La-  
dies-Guild, who may feel that their  
efforts to provide a pleasant evening  
were most successful. The sum of  
\$160 was realized, clear of all ex-  
penses.

Mrs. Niles, who has been ill at the  
home of her son, Sidney W. Niles, is  
somewhat improved in health.

Mrs. Wendt and Glenn visited  
friends in Zealand and Burlington, Con-  
necticut, returning on Saturday.

The Masquerade Ball held at Flor-  
enceville, Friday, Oct. 23, was atten-  
ded by several from this village. A  
thoroughly good time was enjoyed—  
and the variety of costumes proved  
most entertaining. A great deal of  
ingenuity had apparently been exer-  
cised and the result was a most col-  
orful and interesting scene.

Mrs. Ethel Reid of Syracuse, New  
York, spent a few days at the home  
of William Reid last week. Little  
Raymond accompanied her back,  
where he will make his home with  
his father in the future.

Miss Ethel White, who has been  
attending school here, left for her  
home at Riley Brook on Monday, to  
remain till after the Christmas holi-  
days.

Miss Phyllis Clark, who is attend-  
ing the Vocational School at Wood-  
stock, spent Sunday at home.

Mr. and Mrs. C. F. West and Miss  
Bertie West motored from Presque  
Isle on Sunday.

G. C. Richardson was in town on  
Sunday.

G. F. Briggs spent last week at  
Bristol.

### AN INTERESTING REPORT FROM BUSY LAKEVILLE

Welcomed Home From Pleasant Visit  
West—Farmers Prepare  
for Big Crops

H. P. Carvell has returned from a  
month's trip to the Pacific coast. All  
are glad to see his smiling face again.  
At Winnipeg he met Dr. Beairato and  
daughter May who were there for a  
few days. He says the Doctor is look-  
ing fairly well but seems to think no  
place like N. B. for him.

Quite a few potatoes are moving  
this week. The price keeps about the  
same—\$2.50 to \$2.65. The farmers  
seem to think they must plough until  
the ground freezes and some have  
their farms pretty well turned over.

John Gills has been on the sick  
list. A chip from a slow handle started  
an abscess that has proved quite  
serious.

Mrs. Mary Wade is visiting friends  
around the village.

Tom Emery had the misfortune to  
strip the gear of his car recently.

Harry Gills has a fine new car.

Mr. Forsythe is doing a lot of plough-  
ing on the Armstrong farm he pur-  
chased a few weeks ago.

The pupils of the Union Sunday  
School are planning for a sacred con-  
cert for Christmas.

Mr. Bell, the pastor of the Baptist  
Church is quarantined, diphtheria hav-  
ing broken out again in his family.  
This is the third time they have been  
shut in since July.

Wilmot Watters, eldest son of Eli  
Watters of Good Settlement was bur-  
ied Oct. 23 at Williamstown. He  
leaves a young wife and little son.

Mrs. Randolph DeGrasse is visiting  
at Handford Tracey's.

Percy DeLong has rented the Joe  
Bears house from W. W. Wilson and  
expects to move up in a few days.

Clayton Emery and Hawley Gee  
are away on a hunting trip.

ter with his niece, Mrs. Alex. Bell.

### FLORENCEVILLE FACTS

Miss Florence Nicholson spent two  
or three days last week in Houlton.

Jas. Peters and family spent Sun-  
day in Bath.

Tom McCain has purchased the  
house formerly owned by Mrs. Hey-  
ward and is building an oil and a  
concrete foundation under it.

Miss Watters spent a day or two  
with Mrs. George Foster.

A party was held in the Forester's  
Hall on Tuesday evening. In spite of  
the rain quite a number turned out  
and had a jolly time.

The ladies of Florenceville all met  
at the home of Mrs. Barry Hagerman  
on Wednesday afternoon for a social  
time. Light refreshments were served.  
We understand these little times will  
be held every two weeks at different  
homes. The ladies take their fancy  
work and spend a sociable time.

The November meeting of the Wo-  
men's Institute will be held at Mrs.  
W. Fowler's on Tuesday next, roll  
call to be answered by "Reminiscences  
of Armistice Day." A number of in-  
teresting papers are on the program  
for the evening. There will also be  
a demonstration by Mrs. Scott McCain.

teachers of the school, are attending

## IF YOU HAVE Skin Trouble

DOES your skin get rough, rashy, and irritable? Are you  
troubled with outbreaks of pimples and blotches? If so,  
Zam-Buk will soothe your skin and clear away these  
annoying disfigurements. If afflicted with more obstinate  
troubles like dry or weeping eczema, ulceration, abscesses,  
ringworm or poisoned sores, Zam-Buk alone ensures speedy and thorough cure.  
Zam-Buk's soothing, healing and germicidal powers are derived from a scientific  
blending and concentration of nature's herbal oils and extracts.  
Zam-Buk has revolutionized the treatment of skin troubles. Where ordinary  
coarse ointments act merely on the surface, Zam-Buk's refined herbal juices  
penetrate to the underlying tissues, destroying disease at its very root.  
For quick, clean healing of everyday cuts, burns, scalds and wounds, or for  
stopping skin eruptions and sores Zam-Buk is invaluable.

**WEeping ECZEMA.** Mrs. Carmichael, 72,  
5th Avenue, Montreal, writes: "I suffered from  
wet eczema so long that, when hospital treat-  
ment failed, I began to think my case incurable.  
Zam-Buk, however, ended the discharge, and  
soothed my skin wonderfully. It drew out all the  
inflammation and cleared every trace of disease."

**BABY'S FACE SORES.** Mrs. C. B. Ricey,  
Riverport, N.S., says: "My baby had sores on  
her face caused by itching. Although I tried  
numerous ointments and remedies nothing would  
heal them. On a friend's recommendation I pur-  
chased Zam-Buk. This soothed the child, healed  
every sore, and effected a wonderful cure."
