PREFACE.

THE record of another year's service is herein presented to the Baptists of Ontario and Quebec. Much diligence has been used to secure an early issue. The compiler desires to thank those who have so kindly aided him in this matter. Accuracy has been aimed at, though infallibility is not claimed. That progress has been made in all departments of our common work is manifest, for which we "thank God and take courage." With Nehemiah let us declare how that God's hand has been upon us for good, that others may strengthen their hands for the good work. Some have suggested the preparation of an elaborate summary, but the book is not so large as to require such, inasmuch as there is a carefully prepared table of contents.

PROCEEDINGS OF THE BAPTIST CONVENTION OF ONTARIO AND QUEBEC FOR 1892.

BRANTFORD, ONT., Friday, Oct. 14th, 1892.

The Fourth Annual Meeting of the Baptist Convention of Ontario and Quebec, under the new charter, was held in the First Baptist Church, Brantford, beginning on Friday, October 14th, 1892, at 2 p.m.

Bro. D. Bentley then moved a resolution, seconded by Bro. Jno. Firstbrook, relative to the service of Bro. D. G. McDonald, Secretary of the Foreign Board, as follows :

Resolved—That in accepting the resignation of our Home Secretary, Bro. McDonald, we place on record the following, as showing in brief form something

of the esteem in which he is held for his worth's sake, as our estimate of the value of his services :

Bro. McDonald came to this particular service of the Board and denomination at a time when he was already heavily burdened with the responsibilities of an important pastorate. We know that nothing but intense devotion to the cause of Foreign Missions induced him to accept this double service, and we are glad that the needed strength has been divinely vouchsafed.

The magnificent reports of our Secretary and Treasurer attest that the work of our brother has been indeed well done. In his visits to the churches and in the large correspondence which he has conducted, Bro. McDonald has won the love and the confidence of all his fellow-laborers. We believe that through his ministry God has abundantly blessed the churches, the underlying principles of missions having been set before our people with diligence and zeal, wherever throughout the year he has travelled in our service.

In saying good-bye to our brother, we wish to tell him of our regret at his departure from us, of our appreciation of his services, and of our love for him, and to assure him that our prayers shall follow him to his now sphere of labor that God may be with him and work with him until the end.

Meeting adjourned, 5.30 p.m., with prayer by Bro. A. H. Newmad.

Resolution re Bible in Public Schools. Moved by Bro. J. H. Hunter, seconded by Bro. W. Freed,

Whereas, a resolution has been communicated to us from the Sunday School Convention of Ontario, requesting our Convention to take some action which shall aid in giving "the Bible a more prominent and positive position in the educational institutions of the country," therefore,

Resolved—That we express our profound appreciation of the importance of instruction in scriptural truth. At the same time, it is our conviction that the people of our land must depend upon the churches of the country for Bible teaching, rather than upon our public schools. These, being supported by all, should not have any text book forced upon the children to which any could conscientiously object. Unless, therefore, all the patrons of our schools should agree to have the Bible introduced, we cannot feel ourselves justified in assisting in any way to bring pressure upon our Government to force it upon them.

After brief discussion, this was laid on the table for consideration at a later stage, but, through lack of time, was crowded out.

RESOLUTION ON RELIGIOUS INSTRUCTION IN THE FAMILY.

Believing that our people are in danger of depending upon the instruction of the Sunday school and the public means of grace for the religious knowledge and influences which, with the blessing of God, are to lead their families to Christ and build them up in Christian character, to the neglect of duties which belong to themselves, we, therefore, urge upon them the observance of family worship and the religious training of their children, and we press upon our pastors the need of earnest insistence upon their high and imperative duties.

RESOLUTION ON AID TO MINISTERIAL STUDENTS.

Resolved—That the large amount of young men now seeking preparation for the ministry—men whom our churches believe to be called of God—is an earnest call to the churches of this Convention to give a regular and generous place to the Ministerial Education Fund in their annual plans of Christian beneficence.

This, also, was laid on the table for further discussion, and was crowded out through lack of time.

RESOLUTION ON SELF-DENIAL.

Resolved—That in view of the self-sacrificing love of our Lord Jesus Christ, and the fact that the law of discipleship is loving conformity to His example, we affectionately urge our people to cultivate more earnestly the Christian grace of self-denial in every possible way, but especially in the way of refraining from spending money on things that are either quite profitless or positively harmful, that the means may be forthcoming for meeting the increased demands of the work to which God calls us.

RESOLUTION ON PRISON REFORM.

Resolved—That this Convention heartily approve of the efforts of the Prisoners' Aid Association of Canada in seeking to bring about many necessary reforms in the care and treatment of prisoners and criminals, and that we appoint Messrs. E. Harris, Robt. Hall and Thos. Bengough as our delegates to attend the Prison Reform Conference to be held in Toronto on Tuesday, Dec. 6th.

RESOLUTION ON TEMPERANCE.

Resolved—That in view of the disastrous effects of the use of alcoholic stimulants upon the physical, social and moral well-being of the masses, and of the evil

influence of even the moderate use of such stimulants by church members, we desire as a Convention of the Baptist churches of Ontario and Quebec to deprecate in the strongest possible manner the habit of moderate drinking indulged in by many Christians, and to express the firm belief that nothing short of total abstinence can meet the standard of New Testament Christianity in this regard. We also desire to re-affirm our oft-repeated opinion that the total prohibition of the liquor traffic by Dominion legislation is the only remedy for the evils of this traffic, and to call upon all the churches represented in this Convention to use every legitimate effort by vote and influence to secure such legislation.

We earnestly hope that in this effort Christian philanthropy will over-rule political sympathy, and that Baptists everywhere will declare themselves on the side of right and temperance, irrespective of political parties, and thus hasten the time when sobriety and righteousness shall prevail in all our communities.

RESOLUTION ON POLITICAL LIFE AND CORRUPTION.

Whereas, the moral sense of Canadians continues to be shocked by revelations of malfeasance of office on the part of men in high positions, and especially by the fact that, with insignificant exceptions, the offenders are either shielded entirely from the consequences of their crimes or are inadequately punished, therefore,

Resolved—That this Convention impress upon the pastors and churches the necessity of emphasizing honesty in all the relations of life, and particularly the duty of churches to discountenance, both by voice and vote, immorality in public life wherever found.

The report of the Committee on Enrolment was taken as read.

Bro. A. Murdoch reported for the Committee on Obituaries.

This was on motion received and adopted.

OBITUARIES.

REV. JOHN CRAWFORD, D.D.

A native of Ireland, came to this country in the prime of life, and after two terms of pastoral work in Hamilton, and one term in Cheltenham, he became a Professor in Woodstock College. For fourteen or fifteen years he assisted in training the rising ministry of our churches. Our late brother was of scholarly attainments, and of a clear and well-informed mind. His tongue and his pen were ever ready, and were often used in setting forth and in defending the truth. As preacher and teacher he was an important factor in the progress of our beloved denomination. At the age of 72 years, after a busy and useful life, he has been called home, regretted and honored by his brethren, who regard his death as no small loss to the cause of truth and righteousness.

BENJAMIN BELL

Was born in the Township of Grimsby, in the year 1816. He removed to St. George in 1838, where he identified himself with the Baptist church, of which he continued to be an influential and respected member until his death, Sunday, March 6th, 1892. Brother Bell took a warm interest in our denominational enterprises, especially Home and Foreign Missions.

He was for about fifteen years the Treasurer of the Home Missionary Convention, then known as the Convention West, in which position he frequently befriended needy missionaries by advancing money to pay their grants when the treasury was empty.

HON. ALEXANDER MACKENZIE

Was a native of Scotland, born near Dunkeld, Perthshire, January 28, 1822. In 1842 he came to Canada, settling near Kingston, but soon after removed to Sarnia, where he engaged in the business of builder and contractor. In 1852 he started a newspaper called the *Lampton Shield*. In 1861 he was elected to the Legislature, and after Confederation, sat in the Dominion Parliament. He became Premier under Lord Dufferin, in 1873. He was a man of rugged and sterling integrity of character, whom even his political opponents looked up to with respect.

Mr. Mackenzie united with the Baptist church in Sarnia, and remained a Baptist until his death. He frequently served on College and other Boards, but the press of political duties prevented him from appearing frequently at our denominational gatherings.

W. H. HUSTON, M.A.

The college, the church, and the denomination generally, suffered a loss in the death of this worthy brother. Faithfully did he serve every department of our cause, and to that which was his special field he gave unreservedly the full powers of his manhood. As an educator of youth, as an earnest Christian, and as a worthy man, he leaves behind him a memory that will be ever precious.

An Act Respecting the Baptist Convention of Ontario and Quebec.

[Assented to 20th March, 1889.]

Whereas, by an Act passed by the Parliament of Canada, in the forty-first year of Her Majesty's reign, "The Regular Baptist Foreign Missionary Society of Ontario and Quebec," was incorporated for the purposes and with the powers in the said Act set forth: And whereas, by letters patent, dated the twelfth day of October, one thousand eight hundred and eighty-two, issued under "The Canada Joint Stock Company's Act, 1877," a joint stock company was incorporated by the name of "The Standard Publishing Company, Limited," for the purpose of publishing a newspaper, or newspapers for and in the interests of the Regular Baptist denomination in Canada, publishing books, papers, tracts and other literature, carrying on book rooms for the sale of religious and other books, papers and literature, and disseminating religious literature by means of colporteurs, and other agencies; and whereas the said letters patent provided that none of the shares of the capital stock of the said Company should, at any time, be subscribed for by or allotted to or transferred to any person not a member in good standing of some Regular Baptist church, and that those shares only of the capital stock subscribed for and held by members in good standing of Regular Baptist churches, upon which there were no calls in arrear, should be entitled each to one vote; and whereas the nominal capital stock of the said Company consists of two thousand shares of fifty dollars each, of which one thousand one hundred and ninety-seven shares have been subscribed and allotted, and eight hundred and three are unallotted; and whereas eight hundred of the said shares have been paid up in full, and the said paid up shares are held by Malcolm McVicar, LL.D., Humphrey E. BILL.

An Act respecting the Boards of the Baptist Convention of Ontario and Quebec.

[Assented to 23rd March, 1889.]

Whereas an Act is now before the Parliament of Canada, intituled "*An Act respecting the Baptist Convention of Ontario and Quebec*," for the purpose of placing the work of the various denominational societies of the Baptist Churches of the said Provinces under the control of representatives of the said churches; and whereas by the said Act it is proposed to authorize the said Convention to appoint members of the following Boards, namely: (1) The Home Mission Board of the Baptist Convention, (2) The Foreign Mission Board of the Baptist Convention, (3) The Ministerial Superannuation Board of the Baptist Convention, (4) The Publication Board of the Baptist Convention, (5) The Church Edifice Board of the Baptist Convention; and whereas it is intended that each of the said Boards shall be a corporate body with certain powers and purposes as in the said Act set forth; and whereas it is expedient that the Legislature of Ontario should grant to the said Boards the powers hereinafter conferred; and whereas it is expedient that the Home Mission Society of Ontario should be merged in the said Home Mission Board of the Baptist Convention, and that the authority now possessed by the Regular Baptist Missionary Society of Ontario and the Regular Baptist Missionary Convention East (which bodies have since become united) to appoint sixteen members of the Board of Governors of McMaster University, be transferred to the said Baptist Convention of Ontario and Quebec, and the bodies interested have petitioned therefor; and whereas the Regular Baptist Church Edifice Society of Ontario and Quebec, and the Society for the relief of superannuated Regular Baptist ministers, and the widows and orphans of Regular Baptist ministers are two unincorporated societies, respectively formed by the voluntary association of members of Regular Baptist Churches with objects similar to the purposes of the said "The Church Edifice Board of the Baptist Convention" and of the said "Ministerial Superannuation Board of the Baptist Convention," and it is desired that the said unincorporated societies should be dissolved and their property vested in the said two last mentioned Boards, and the said societies have respectively petitioned therefor; and whereas to prevent embarrassment it is desirable that this Act should be passed at the present Session of the Legislature, with a provision that the same shall not come into force until a proclamation of the Lieutenant-Governor issues naming a day therefor, so that the same may not take effect until the said proposed Act of Parliament has been passed; and whereas it is expedient to grant the prayers of the said petitions.

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. Each of the boards mentioned in the said Act of the Parliament of Canada shall have authority to take by gift, devise, purchase or otherwise and to hold and enjoy any real or personal property, lands and tenements in Ontario, and may alienate the same at pleasure, provided always that no real estate not actually occupied for the purposes of the Board by which it is held shall be held for a longer period than seven years, and the lands in Ontario held by the Board shall not exceed in annual value the sum of \$5,000 at any one time: Provided that no gift or devise of any real estate or of any interest therein shall be valid unless made by deed or will executed by the donor or testator at least six months before his death.

2. The sixteen members of the Board of Governors of McMaster University who, by sections 2 and 6 of the Act incorporating the said University, are to be elected by the Regular Baptist Missionary Society of Ontario and by the Regular Baptist Missionary Convention East or by the united Society, shall, after this Act goes into force, as vacancies occur, be elected by the said Baptist Convention of Ontario and Quebec.

3. When this Act goes into force the rights, property and liabilities of the Regular Baptist Missionary Society of Ontario, incorporated by the Act of the Legislature of Ontario, passed in the thirty-fifth year of Her Majesty's reign, chapter 100, as amended by the Act passed in the forty-ninth year of Her Majesty's reign, chapter 88, shall become vested in the said Home Mission Board of the Baptist Convention, and the said society shall thereupon cease to exist.

4. When this Act goes into force the rights, property and liabilities of the said Regular Baptist Church Edifice Society of Ontario and Quebec, so far as the same are within the authority of this Legislature, shall become vested in the said Church Edifice Board of the Baptist Convention, and any person or persons holding property, within the authority of this Legislature, in trust for the said Society, may transfer and convey the same to the said Board, and shall thenceforth be relieved of his or their trust.

5. When this Act goes into force the rights, property and liabilities of the said Society for the relief of superannuated Regular Baptist ministers and the widows and orphans of Regular Baptist ministers, so far as the same are within the authority of this Legislature, shall be vested in the Ministerial Superannuation Board of the Baptist Convention, and any person or persons holding property within the authority of this Legislature, in trust for the said Society may transfer and convey the same to the said Board, and shall be thenceforth relieved of his or their trust.

6. This Act shall not go into force or effect until a day to be named with respect thereto by proclamation of the Lieutenant-Governor.

ON THE GROWTH OF BAPTISTS IN ONTARIO AND QUEBEC.

BY ARCHIBALD BLUE, TORONTO.

A request came to me a few days ago from the Home Mission Board, to write a paper on the growth and numbers of Baptists in Ontario and Quebec, and, in a moment of weakness, I consented. Some of the materials for such a paper were put in my hands by the Secretary of the Board, and, upon looking hastily over them, I was led to hope that the task would be at once easy and pleasant. It had occurred to me that with a set of the YEAR BOOKS at my elbow, I could get every fact and figure I might need, and that every figure would be a fact. It was a case of great faith in the infallibility of the clergy. But I ought to have known better, for I, long ago, had my confidence shaken in the capacity of men of the learned professions to do work requiring accuracy and method. Whatever else may be their

forte, statisticians, teachers, medi- and graduates work I could right. And, egoism in the Until now, I might attain illusion of inf- sure he often of speech; he order or in sol with envy. I and table with him to calcula-

forte, statistics is not ; and after an experience of ten years with many teachers, medical students, law students, and college under-graduates and graduates, I can say that there is only one of the whole lot whose work I could accept without revision, and stake my life that it was right. And, lest there should be any apprehension or suspicion of egoism in the mind of a hearer, I will add that this one was not myself. Until now, I did not know what degree of perfection clerical skill might attain to in the usance of numbers ; but I know now, and the illusion of infallibility is gone. The clerical statistician may be—I am sure he often is—a master in the art of constructing and posing figures of speech ; he can set them in array before you in column, in open order or in solid square in a way to make a commander-in-chief green with envy. But give him a column of plain numeral figures to add up and table with a half-dozen other columns, and you might better ask him to calculate an eclipse !

In the plan of this paper, as first conceived, I had purposed to exhibit the growth of Baptists in Ontario and Quebec with a table giving the number of churches and church members in each Province by years, beginning with 1870 and coming down to 1891. But as a complete set of YEAR BOOKS was not to be found, I was obliged to change the plan for one showing growth at intervals of five years instead. No doubt it will be thought strange that neither in the office of the Publishing Company nor in the library of McMaster Hall, nor in the joint collections of office and library, is there a complete set of those records ; yet such is the case. I have no reflection to make ; indeed I am almost glad now that a complete set was not available, as had there been, I should, no doubt, have attempted to carry out the original conception. Could I have depended on the summaries and totals as given in the books, this task would be light and congenial ; but such a job of buckwashing as I have had of it I do not long to repeat, as Carlyle said about the Cromwell papers which he sorted out and patched together for a life of the great Puritan. Of eight volumes that I have used there is but one in which the totals of membership are accurate. The wholesale blunders in all the others would make a school-boy hold his sides with convulsive glee, but they fill a busy man with indignation. To give one instance out of a hundred, I find by the statistics of 1890 that the aggregate membership of churches in the Middlesex and Lambton Association was " 1,466, being a decrease of 728." Turning to 1889, I find that the membership as given for that year was " 2,416, being a loss of 32 for the year " ; and going back to 1888, I find that it is given as 2,556, which is correct, for a wonder. Now, from 2,556 in 1888 to 2,416 in 1889 is a loss of 140, instead of 32 ; but the accurate total for the latter year is 2,672, including one church of 32 members whose return was left out. Therefore there was an actual gain in the year of 116, in place of a loss of either 140 or 32. Coming again to 1890, the YEAR BOOK aggregates show a loss of 950, not 728 ; but as the correct total is 2,466, with one

church of 104 members not counted in, the loss is only 206. Including the church whose membership is not counted (and I take for it the return of 1891, which is 15 less than the one for 1889), the real loss is only 102 instead of either 728 or 950. In the eight years which I have chosen to illustrate the growth of Baptists in church membership in the two Provinces, six of the YEAR BOOKS present summary tables and aggregates. Of these only one is within 100 of correct figures, and it is the only one in excess; three are under the correct totals by more than 1,000 but less than 1,400; a fifth is under by nearly 3,000; and a sixth is under by 3,400.

It is not pleasant to make these exposures, but having discovered the errors in the course of an examination of the records, which I was compelled to make for the writing of this paper, I could not pass them over in silence. And in calling public attention to them I feel that I have discharged an obligation to my conscience, if not to this Convention or its officers.

The one redeeming feature of the statistics of the YEAR BOOKS is, that the membership of the churches is given by detail each year, so that whoever possesses the plodding patience may work out the totals for himself. This is what I have been obliged to do; but as in some instances a church has not made a return of its membership for a year I have used the figures of the preceding or the following year to complete the list. I have also included in the aggregates the returns of churches connected with the Grande Ligne Mission, which are not, as I understand, identified with the Convention. In the following table, then, is presented, as thus compiled, the number of Baptist churches and the number of members in them, in Ontario and Quebec respectively and collectively, for the years 1870, 1875, 1880, 1885 and 1890:

YEAR.	NO. OF CHURCHES.			NO. OF CHURCHES.

1890.....	378	30	408	32,263	2,358	34,621

In this period of twenty years the Baptist churches in Ontario increased by 105, while those of Quebec decreased by nine, the increase in both provinces being 96. The increase in the number of members was in Ontario 16,279, and in Quebec 504, being at the rate nearly of 102 per cent. in the former and of 27 in the latter. The growth in members was also almost uniformly continuous for each of the periods, but one, in Ontario, being in the first five years 5,066, in the second 6,342, and in the fourth 5,648. decrease of 377; and those were the most active years of the exodus, as shown by the municipal enumeration of the people. Why that movement should have affected Baptists more than some other classes I cannot undertake to say. Possibly it was because they were drawn by the strong attractive power of the Baptist body on the other side of the line; but that body is greater and stronger now than then. Peradventure it was because they became more politically discontented than other classes; but politics and political conditions have not mended much in Canada since then. At all events it was an interval of relapse, and the last five years give evidence of a healthy restoration. In Quebec the experience has been almost identical, although there the few Baptist churches appear to be growing fewer.

For the purpose of illustrating how church membership grows, recedes, and fluctuates in localities, I have prepared the following table, giving the number of members in Baptist churches in thirty-two cities, towns and villages of Ontario and Quebec, at intervals of five years, beginning with 1870:

*Peterboro' church is omitted from the YEAR BOOK for this and the preceding and succeeding years.

Evidently there are some places in which Baptist principles do not find acceptance with the people; but perhaps in such places the cause is not inherent in the people who are not Baptists as much as in those who are. Toronto shows the largest measure of aggregate progress, but I think Brantford carries the palm when comparison is made of church membership and the total population. Taking for this comparison the membership in Brantford and Toronto churches respectively for the census, years 1871, 1881 and 1891, it will be seen that in the first of these years Brantford had one Baptist church member to every 25 of the whole population, in 1881 it had one to every 10, and in 1891 it had one to every 11; whereas in Toronto the number of Baptist members were as one to 88 of the whole population in 1871, one to 52 in 1881, and one to 48 in 1891; although in the last decade the city had grown from 85,024, to 181,220.

This brings me to deal with the numerical strength of Baptists in Ontario and Quebec, as revealed by the census of last year, and you will be gratified to hear that the situation is not at all so gloomy as it seemed to be from the bulletin of religions published by the census statistician five months ago. That bulletin gave the Baptist population of our Province in 1891 as 105,957, being 723 less than in 1881. But it was explained that for the purpose of condensation three branches of Baptists were united in the bulletin figures, and so it was not possible to say how far, if at all, Regular Baptists were affected by the apparent decrease of numbers. I therefore wrote to Mr. Johnson to ascertain the details, which he has kindly furnished, together with a very important word of explanation. The enumeration of 1881 showed that under the head of Baptists in the summary table there were included 88,948 Regular Baptists, 4,274 Free Will Baptists, and 13,458 Tunkers, making the total of 106,680. But Mr. Johnson informs me that Tunkers in that census included Mennonites, and that for the census of 1891 the latter specially requested that they should be placed under their own heading, as they are not Tunkers. This has been done, and the result is a large reduction in the number of Tunkers, who have been classed as Baptists in the bulletin. The revised figures furnished by Mr. Johnson show that the Regular Baptists in Ontario number 96,969, the Free Will Baptists 7,889, and the Tunkers, 1,209. Accordingly the increase of Regular Baptists in the decade was 8,021, or 9 per cent., and as the rate of increase in the total population during the decade was only 9.65 per cent. it is obvious that the Regular Baptists have no cause for lamentation. The increase among Free Will Baptists during the ten years was 3,651; but as the number of Mennonites in the census of 1881 has not been ascertained it is not possible to say whether the Tunkers have increased or decreased. In the Province of Quebec the population of Regular Baptists has fallen from 8,853 in 1881 to 6,854 in 1891.)

It will be interesting now to notice how the number of members in Baptist churches compares with the total Regular Baptist population

These figures show that in 1871 there was upon an average one church member to every four of the Baptist population of the two provinces ; in 1881, one to every $3\frac{1}{3}$; and in 1891, one to every 3—statistics which are significant of growth in a very important direction. They are a cheering comment on the earnestness of Christian work in our Baptist churches.

I had intended saying a word or two in closing upon the utility of correct church statistics, and to offer some suggestions on method in the collection and tabulation of the yearly returns made by churches and Associations. But perhaps the best suggestion I can offer is, that a special committee be appointed by the Convention to consider and report upon a thorough scheme ; so that no longer may it be said when turning over the pages of our YEAR BOOKS that "figures do lie."

NOTE.—The Roman Catholic population of Ontario increased during the decade 1881-'91 by $11\frac{2}{3}$ per cent., the Methodist by $10\frac{1}{2}$, the Regular Baptist by 9, the Presbyterian by $8\frac{1}{2}$, and the Church of England by 5.

TWENTY-SIXTH ANNUAL REPORT

The work of a world's evangelization is the only work worthy of the combined energies of the Church of Jesus Christ. Her *supreme* business is to carry the gospel of light and life into the regions of darkness and death. The sin of the Church in all the centuries has been either to misinterpret or disregard the great commission of our risen Lord. In carrying this commission into effect, God has placed peculiar responsibilities and conferred peculiar honor upon the Baptist denomination. He has been pleased to honor us as the human medium through which the truth, in its entirety, should be preserved and perpetuated. The fathers of our faith, in every age, contended, even unto death, for "the faith once for all delivered to the saints." There has been no century up to the present in which their blood has not stained the soil.

One hundred years ago, when the ear of the Christian world generally was closed to the supreme command of its Lord, twelve humble Baptists met in a widow's back parlor in the village of Kettering, and placed themselves, with all they possessed, upon the altar of service for Him who placed Himself upon the altar of sacrifice for them, and, in obedience to His last command, originated the movement that aims at giving effect to our Lord's clearly expressed command.

The 98th annual report of the London Missionary Society, recently submitted, says:

The record of the work of the Baptist Missionary Society from the first days of the Serampore Mission to the latest development of its energy and enthusiasm for Christ in the Congo Mission, has been a splendid history, and the success which has attended their work in every field is a witness to all the world of God's faithfulness to His promises. The London Missionary Society is the oldest of the societies which have been formed under the inspiration of the example set to the Church of Christ by the Baptists. By common consent, the formation of the Baptist Missionary Society has been regarded as the true beginning of the great missionary movement, which has been so marked a feature in the life of this most marvellous century.

At that hour there were, in all the world, fewer than 190 foreign missionaries, in an isolated capacity, telling the story of salvation, and 33 of the number were in our own Canada. There are to-day nearly 7,000 foreign missionaries sustained by organized societies, with more than 30,000 native helpers unfurling the banner of the Cross.

At that time the Word of Life was to be found only in fifty languages; to-day the peoples of nearly 300 tongues can read in their own language the wonderful Word of God, and the church-membership of the lands of mission operations has reached above 600,000 souls, and over one-third of them are members of Baptist churches.

The efforts of your Board, during the past year to sustain and enlarge this God-given work have not been without the Divine approval. God has graciously preserved their lives and perfect unanimity has characterized all their deliberations. The tardiness of many of our people to contribute to the support of the mission has given your Board more anxiety than anything else, though this anxiety was frequently removed for a time, by the munificence of many persons and churches who seem to have gotten beyond the great majority who feel little or no responsibility in this matter.

It is a source of great grief to your Board not to be able to send out any new missionaries this year, although most promising young men have made application. Surely the voice of the Master calling us forth is positive and emphatic, and the voice of millions calling for help is pathetic and urgent. How sad that many of our people hear not the voices nor see the needs!

Dr. E. J. Smith, a young man of piety and promise—a graduate of the Toronto School of Medicine—has been unanimously appointed as your first Medical Missionary to India. He leaves (D.V.) in the autumn of '93, spending the intervening time in theological studies in McMaster Hall.

Notwithstanding the sad fact that so many of our people have not contributed, and so many more have given much less than they should, your Board rejoice to be able to report an aggregate amount of contributions from all sources of nearly \$29,000, of which, however, \$3,691, belongs to the Carey Centennial Fund, and \$1,200 to the Legacy Fund. The total amount of the Carey Centennial Fund to date, including \$2,000 unpaid subscriptions, is over \$5,600, which we believe will soon reach the \$10,000 passed upon by the Convention.

Your Board would here express their thanks to all who have aided in this good work, and also express the hope that our people generally may soon attain the blessedness of giving, that many now enjoy, thus enabling the new Board greatly to lengthen the cords and strengthen the stakes of the missions. Are there not amongst us more who will be numbered with the needed twenty, \$500 subscribers to erect to the memory of Wm. Carey, four or five mission compounds which would greatly add to the comfort and efficiency of our missionaries, and serve as beacon lights in the darkness.—Cities of refuge for guilty and pursued souls ?

ON THE FIELD.

Your Board would record, with profound gratitude to God, that though famine, fever and cholera have threatened our missionaries, their lives have been spared, and the work of every one of them has been continued, with more or less regularity, throughout the year.

Since the above paragraph has been written, we have to record with deep regret the return of brother and sister Lorimer to this country, on account of the failing health of the latter. They landed in India about one year ago, full of enthusiasm and hope, and made extraordinary progress in obtaining the language, Bro. Lorimer having conducted a Sabbath service in Telugu eight months after his arrival, and Mrs. Lorimer's ability to master the language was but little behind that of her husband.

Malarial fever seized them both, and a medical examination revealed the sad fact that Mrs. Lorimer's physical condition was such, that the only hope for prolonged life was a speedy exit from that unfriendly clime. It can readily be imagined with what reluctance they were compelled to retrace the steps so recently taken and to realize their high and buoyant hopes thus blasted in an hour. Surely "Clouds and darkness are round about Him," while "righteousness and judgment are the habitation of His throne."

Oh for the grace to endure, as well as the ability to perform ! We tenderly commend our brother and sister to the sympathy and prayers of the Convention.

WORK ON THE FIELD.

Beginning at Cocanada, the field on which our honored pioneer John McLaurin, stepped on the 12th day of March, 1874, an encouraging work of re-adjustment, made possible by the increase of our missionary staff, has put the work in better shape, and relieved Bro. Davis of a large amount of anxiety and responsibility.

About a year ago, Bro. Walker took charge of North Cocanada, or the field now known as Peddapuram, having two churches with 100 members, and about 170,000 heathen to evangelize. Bro. Walker's

labors have been seriously interrupted by sickness in his family, but he is now at work, and very hopeful. "I never enjoyed telling the heathen of the great Saviour as I did this morning," he writes on August 21st. "Yesterday, while preaching on the love of Christ, I saw the tears trickle down the dusky cheeks of a hard-looking heathen. I look for a slow but steady work on this field, yet who can say? It may be as rapid as it will be steady." Let us all pray that it shall be.

Recently another great slice has been cut off the Cocanada field and given over to the care of Bro. McLeod who, as well as Bro. Barrow and Sister Rogers, have successfully passed the prescribed course of study in the Telugu language. This field is now known as the

RAMACHANDRAPURAM

field, having upon it 300 Christians, and about 200,000 benighted souls. Bro. McLeod who, with his devout wife, has just recovered from a severe attack of fever, enters upon his work full of hope, and Bro. Davis says that he is "glad to give such a growing work into such good hands." In speaking of the difficulty of securing a foothold, Bro. McLeod writes in April: "They all combine to crowd us out. We work and pray and wait for the opening of the door, when open we will rush in and plant the King's flag." Thank God, the door has been opened, the land has been secured, an excellent site of 2½ acres, with clay to make bricks, and wood to burn them, as well as half the money required to erect the bungalow. Who will provide the other half, that these fever stricken missionaries may not be left too long in a mud house. "Canadian blood," says Bro. McLeod, "does not last long in this blighting climate, even under the most favorable circumstances. It cannot certainly last long penned up between the walls of a mud cabin, I know that you will send money to build a proper bungalow as soon as possible." In the same letter he says, "We are not discouraged. We remember the promise. We see the dawning of the day in the not distant future, and, in spite of discouragements, we tenaciously cling to our God, and cheerfully give ourselves to this Godless nation." Bro. Davis and he, in making a tour over the field, preached the gospel in 15 villages, and baptized 5 men. Thus, the flag has been floated. May its present standard-bearers live to carry it to complete victory!

Bro. Davis rejoices much over the division of labor mentioned above. He has yet left him a parish of 61 towns and villages, with a population of 120,000 souls, and he says, "no missionary has ever seen one half of these towns and villages, but by the grace of God, I hope to be able to visit them all before the year closes." He writes of the town of Cocanada as "this awful city of 40,000 inhabitants, with its vile temples and gods, I tremble as I begin the work, as the whole Taluk is tarnished with the evils of the town; but I know that Jesus has a people here, and if He thrusts me in the midst of them He will

He recently baptized two caste men from the town, and one of them has started a school among the people of his own caste, and 14 boys are in attendance, with prospects of increase. Bro. Davis spent 100 days in touring, during which he visited 90 different villages, and baptized 22 converts. There are upon his field 9 village schools, with 156 children in attendance. His colporteur has sold 2 copies of the Old Testament; 18 copies of the New Testament; 132 Bible portions; 1805 tracts and pamphlets; 65 hymn books; scattered thousands of hand-bills, and preached the gospel where he had opportunity. This soil, enriched by the labors and prayers, and watered by the tears of Timpany, cannot fail, under such cultivation, to produce a rich harvest of souls!

SAMULCOTTA.

Bro. Stillwell is, as usual, abundant in labors with voice and pen. The Seminary opened in July, '91, with 89 students and the prospects before them are bright.

Owing to the course of study being extended over another year, there has been no graduating class this year, but three partial course men have been sent out from whom good results are expected.

The secular department of the school did good work. The teachers showed interest and ability, and the students passed their examinations with credit. The Theological department is enjoying the devotion and ability of Miss Hatch, Rev. M. Jagganaikulu, and Principal Stillwell. Portions of the Old and New Testaments are being taught to the great pleasure and profit of the students. Death has entered the Seminary during the year and called three of the students to the Seminary beyond, where they know even as they are known. They departed in the faith of the gospel.

The Seminary church numbers 80 members, and the pastoral work is done by Principal Stillwell and Bro. Jagganaikulu conjointly, while the Theological students go out to preach in the highways and hedges every Monday night under the leadership of Bro. Stillwell, and every Friday night under the direction of Bro. Jagganaikulu, while Mrs. Stillwell has charge of the women, superintending their secular work, teaching their Bible class and in many other ways rendering valuable

aid. The town church is under the pastoral care of G. Yacobi, and with a membership of 35 is doing good work. In closing his report Bro. Stillwell says, "the year before us promises to be a good year, and our prayer is that it may, when passed, leave behind such a record as will be pleasing to Him who has led us hitherto."

We now turn our thoughts to

TUNI.

where the devoted Currie of precious memory toiled and fell, having "carved a living church out of dead heathenism." The mantle of the departed worthies seems to have fallen upon their successors. Bro. Garside is the missionary in charge of this field, and says it "is without exception, we believe, one of the best, for situation and health, on the Canadian Telugu field. It is centrally situated both for the hill district and also for the villages along the sea coast. The main road runs near the bungalow, and the east coast railway station is but half a mile away."

Bro. Garside was enabled, by the blessing of God, to spend the whole year upon the field, 98 days he spent in touring, preaching the gospel in ninety-two different villages, and baptizing twenty-one converts. Some of the villages in this field, as in others, have been visited several times during the year, and lasting impressions made by the message of Life.

"The work of the Girl's Boarding School, under the care of Mrs. Garside, is very promising. Several of the girls have been converted during the year, some of whom have been baptized. They make good progress in study, learning all the branches of a common education including singing and sewing. They have their own prayer-meetings, and all together are a very happy little company.

The cholera scourge has carried off four pupils from the village schools, which here, as in other parts of the field, are doing good work. Bro. Garside is full of hope and expects a great ingathering in the near future.

Owing to the fact that Brother Lafamme's report has not yet come to hand, we are prepared only to say that he is toiling for the Master at

YELLAMANCHILLI,

which may almost be said to be virgin soil. His work has been retarded somewhat by sickness, but he is not without encouragement. His bungalow is about completed, and his "prospects are as bright as the promise of God." "In due time ye shall reap if ye faint not."

Bro. Barrow has, with enthusiasm and hope, thrust the energy of his young life into the

field, which is the farthest north point of our mission. Some good work has been done on this field by Brother Garside. In some parts of the field the work is quite encouraging. Some caste people are coming to the light. Lately, a well-to-do Mala has been baptized, and has erected a little prayer house on his own possessions.

A mission property ready for occupancy has recently been purchased. For this we ought to be devoutly thankful to God.

VUYURU

is the extreme south of our territory, as Narsapatnam is the extreme north, and was, until within the last year, a part of the great Akidu field. In August, 1891, Brother J. G. Brown put his consecrated life upon the altar of service for Jesus in connection with this field. His hands, mind and heart were more than full, as he had the arduous work of building added to the ordinary work of a missionary. Notwithstanding this extra work, he has been enabled to preach the gospel in more than thirty villages, from which he baptized eighty-two souls.

Thrilling incidents could be related in connection with the work of God on this most promising field, *e.g.*, in a village on an island in the Kishna river our missionary found and baptized eleven converts, who were led into the light through a Seminary student.

Forty-five miles away, and under the care of the American missionaries, but one hundred miles from any of their stations, he found a band of Christians who had not been visited by a missionary for six years, and yet they not only maintained their church organization, but gathered new converts and sent them, at their own expense, one hundred miles to be baptized. Thirty-two candidates were awaiting the ordinance on Bro. Brown's arrival. They built for themselves a neat and commodious meeting house, and have settled over them a faithful pastor.

Much of Bro. Brown's time and thought and energy have been of necessity given to the building of his bungalow this year, but he now greatly rejoices in deliverance from a mud hut into a good, substantial and comfortable dwelling, of which he says: "The workmanship of the building is A 1. My heart has gone out in gratitude to the Lord for the gift of such a beautiful, commodious, and well-built house. I hope you will soon find us a young lady for our east wing. Such would make our home complete, and would, I am sure, very much increase our power here!

Bro. Brown closes his excellent report in the following words: "To sum up. The work of the last year has been full of encouragement. Multitudes have heard the Word. Eighty-two have been baptized. Several are now awaiting the ordinance. On all sides the work is deepening and widening. The preachers are laboring faithfully

and prayerfully. The Christians are being quickened and are beginning to bear the burdens of the work. Several villages have been opened to the Gospel. New chapels have been erected, and new schools started. Our greatest need is more efficient laborers to gather in the harvest."

Last, but not least, we make brief mention of the work of the man whom we may term our veteran missionary, and for whose presence and influence amongst us at this Convention we give hearty thanks to our Heavenly Father. Akidu, the field of his first efforts, and which still enjoys his ministry, is, in many respects, the most interesting point of our mission. Here, in all probability, was born the man whom God used to plant the standard of the Cross in this dark land and to open the door for the Baptists of Canada to enter and carry it to ultimate victory. The names Thomas Gabriel and Akidu must be thought of conjointly, and, in thinking of them, the name of John Craig cannot be lost sight of. He has proved himself to be a workman that needeth not to be ashamed, and all over his large and important field the work is in a most prosperous condition. He returns to his loved work in four weeks, refreshed by the rest of addressing fifty-seven gatherings in British Columbia, Manitoba and the North-West and Ontario, during his stay of four months amongst us. May the Father of mercies give him a safe voyage and continue to bless his future work!

Of his work upon his field, Brother Craig writes :

So far as my personal work on the field is concerned, the past year ended with April. I left India early in May, but Mrs. Craig has had the general oversight of the work since then, and Pastor Peter, of Gunnanapudi, has assisted her.

On the 7th August, 1891, Mr. Brown and I reached Vuyuru together, and I had the pleasure of handing over to him the care of our work in that region, and this division of the field will doubtless result in great blessing, the work having become too great to be properly cared for by one man.

TOURING.

Sixty-nine days were spent on tour, and seventy villages were visited.

OUR HELPERS.

Two old preachers have passed away. Chintala Enoch died in August, 1891, of cholera, a few days after his wife's death from the same dread disease. Daniel became ill with fever in November, and died in May.

EDUCATIONAL WORK.

The Girls' Boarding School at Akidu has been attended by 19 boarders and a few day scholars. Most of them passed the examination in June. Mrs. Craig has taught three classes in the Bible and one in reading, daily.

Among the village schools, that at Gunnanapudi continues to take the lead, with an attendance of 50 pupils. The schools in three or four neighboring villages continue to flourish.

LITERATURE.

The story of Joseph in Telugu verse has been published. It was prepared by one of our men, who died a year ago. We hope to have other portions of the Bible, and especially the life of Christ, prepared in this way, to be sung by our evangelists as they go about the country.

It is not within the province of this report to speak of the noble, self-sacrificing, and highly successful work done by every one of our lady missionaries, only to say that their work is indispensable, and in all its departments is full of promise; but we must not close this report without making special mention of the two heroines who are bravely holding the fort, in the name of the Master, while the missionary in charge is 10,000 miles away; we refer to Mrs. Craig and Miss Stovel.

Your Board desires also to record with gratitude their appreciation of the invaluable aid rendered in the home department by the ladies of our churches, through Mission Circles, Bands, and otherwise, both in the large contributions made to the treasury, and the training given to those among whom they wrought.

Our report for the year '91-92 is written. Reports, however carefully prepared, give no adequate conception, either of the amount of work done or of the measure of blessing attending it, any more than a description of the growth and beauty of a rose can give any conception of the producing forces and the resultant aroma and bloom.

If we were permitted to visit the field of our operations we would see hundreds of men and women, who, a few years ago, were indolent, untruthful, vile, and deceitful, worshipping hideous blocks of stone and metal, a curse to this world, and on their way to the world of eternal despair; but who to-day are provident, industrious, God-fearing citizens, a blessing to their nation, and on their way to the joy and rest that remain for the people of God. And then again, on the other hand, we would see intelligent looking men and women, where the gos-

pel has not done its work, falling prostrate before a stone, an ox, a cartwheel, or a plough and worship it as their god. We would see street after street; village after village; district after district overcrowded with immortal souls not *one of whom* has ever heard the gospel of joy and hope, "and how shall they hear without a preacher; and how shall they preach except they be sent," and how shall they be sent except the churches of Jesus Christ send them?

In conclusion your Board beg leave to express the unanimous opinion and strong conviction that in order to the highest possible future success of this work there are four great human needs. *First*, the hearty sympathy and coöperation of *all* the pastors and deacons. *Second*, the enlightenment of our people generally as to the successes and needs of our mission. *Third*, systematic, frequent, regular, liberal and universal giving on the part of our people, according to I Cor. 16: 1, 2 and 11; Cor. 8: 12, that would bring into the Lord's treasury a continuous, uniform inflow all the year round; and, *Fourth*, the appointment of a man whose soul is aflame with a fire that burns more brightly on every reading of our Lord's last great command, who shall give every hour of his time and every energy of his nature to the Home department of the work. Should these four great needs be supplied and linked with the promise of "power from on high," our mission in India and our work at home should soon (see Wm. Carey's great text Isa. 54: 2, 3,) crystalize into experience, and "break forth on the right hand and on the left and make the desolate cities to be inhabited."

ABSTRACT OF SIXTEENTH ANNUAL REPORT OF THE CORRESPONDING SECRETARY.

The record of the past year is another proof of the faithfulness of our God. We acknowledge with gratitude His patient love and tender care.

The appropriations made by the Board at the first meeting of the year exceeded those of the previous one by \$600.

Fears were entertained lest too much had been undertaken. But these fears were groundless, for our Father has both heard and answered our prayers.

THE WORK AT HOME.

Last year 184 Circles reported to the Treasurer; the number this year has increased to 200, but the income of the Society has not grown in proportion. The receipts this year only show an increase of \$52.98. Had it not been for the balance on hand in the beginning of the year, there would have been a deficiency. The fifteenth Associational reports show 307 circles, 19 of these have sent no statistics, seven circles ceased to exist. Although some circles have done nobly, the average returns are not so good as last year. 76 have fallen off in their contribution, 67 show an increase, 56 have given over one dollar per contribution, 13 over two dollars per contribution, and 2 over three dollars per contribution, while several circles have not given half the amount this year.

We have been disappointed in the sending out of a lady medical missionary as we hoped to have done when the circles so quickly and generously responded to the call for that purpose. Will not some one possessing the necessary qualifications respond to the urgent call which comes from the women and children of India for relief?

THE TIMPANY MEMORIAL SCHOOL.

In March the following resolution which had been passed at the annual meeting of the Timpany Boarding and Day School in Cocanada was received:

"*Resolved*,—That we ask the Women's Foreign Missionary Society of Ontario, to take this school under its kind patronage, and be ready to supply a lady principal if ever the necessity should arise; also that we ask the society to aid us now in providing the passage money for Miss Folsom's return to Cocanada in the autumn of this year."

In accordance with this, the Ontario Board voted \$200 and the Eastern Ontario and Quebec Board \$50 for Miss Folsom, who is an honorary missionary of our society.

THE WORK IN INDIA.

Last year we found cause for thankfulness in the wonderful health of our missionaries. This year it becomes us to offer a still higher note of praise. While cholera has raged in the land, God's promises have been verified. Still our missionaries have not altogether escaped sickness. Miss Hatch has had three attacks of fever, Miss Stovel has been completely worn out, and Miss Baskerville bowed down with sorrow.

Ootacamund might well be called God's resting place for His worn out children. In this beautiful spot among the mountains, Misses Hatch, Baskerville, Stovel and Rogers spent their vacation.

In Cocanada, Miss Simpson and her assistants have worked faithfully during the year. Miss Gibson reports an increasing number of believing women. Miss Gibson says the most interesting item to report is the tour which she made with Miss Simpson and two Bible women. We visited nine different villages, preaching three or four times in most of them, and, meeting with crowds of women; upwards of five hundred hearing the Gospel message. The good attention paid by some, and the desire to hear these things and to know more about the way of life, especially in one village, was most refreshing and encouraging.

Mrs. DeBeaux is encouraged by the feeling that the lessons have been better taught and better remembered, although she has not been able to make so many visits.

Miss Baskerville writes with thankfulness of the wonderful health she has had and is greatly encouraged by the improved conduct of the girls.

Miss Stovel who has labored so incessantly and with such untiring energy has been compelled more than once to leave her work for rest and change. Once at Cocanada and again at Ootacamund.

Miss Rogers having passed all her examinations in Telugu began her labors in Tuni last November. From the first the work seems to have been encouraging.

We may learn of the work of Miss Hatch from the following, culled from the report of the Telugu Mission and letters received during the year:—From these we learn that in the Bible Department of the Seminary she has conducted two or three classes a day; taught Joshua, Judges, Ruth, part of 1st and 2nd Samuel, and also 1st and 2nd Thessalonians, Ephesians, and part of Philippians to the middle class; and to the senior class 1st and 2nd Samuel, 1st and 2nd Kings. lessons every week to the teachers' class, and held Foreign Mission meetings monthly; the topics have been, "Missions on the Congo," "Missions in China," the "Mission work in our own Town." Miss Hatch has, besides her seminary work, overseen the Bible women, inspecting their work, and had constant Sunday school work, of which there are three in the male communities of the town.

Seminary.—The report of the Seminary will be printed; in it Mrs. Stillwell tells of faithful student labor during vacation, of old students gone from them to preach the everlasting Gospel to their countrymen, of a year of study and prayer, of sickness and death, of sorrow at the backsliding of two, of threatened famine, of successful class work, and parting admonitions as another year closes.

Student Labor.—In Vuyyuru (Mr. Brown's field), eight bright, promising students have, during the holidays, been teaching and preaching. Their labors seem on the whole to have been quite successful.

In Peddapuram.—Mr. Walker reports: "Two especially have worked very faithfully with one of our preachers. It was indeed a pleasure to listen to their interesting report of work done, and to notice how sanguine they felt as to a speedy harvest of souls, if we may judge by their bright happy countenances."

On the Cocanada field are B. Miriam, M. Sarah, B. Martha, S. Lydia and B. Susannah; Akidu: Annamma, Lydia, Esther, Deborah; Tuni: Martha, Atchama, Hannah; Samulotta: Minnie, Satyanadam, Chinnamma; Vuyyuru: Jane, Veerama; Peddapuram: Rebecca, Subana.

Work among Children—The importance of this work presses upon the missionaries; Mr. Davis writes: "I am more and more convinced that if we would see any great change in India, we must begin with the children. Some of the older ones may be saved from hell, but never from sin. 'As the tree is bent the twig is inclined.' Many children's meetings have been held, day schools, Sunday schools, caste girls' schools, caste children's meetings, schools among the Madigas, the Malas, the outcaste, in the house or on the roadside. Every possible means seems to have been used to implant in the young hearts the imperishable seed of divine truth. The story of the Life of Christ, verses of Scripture, Gospel hymns have been taught, and not only the children have been reached, but sometimes the mothers listen, and they too have been won by the precious words of love heard in Scripture verse or Gospel song. Miss Simpson gives an interesting account of a Sunday school of sixty held on the road-side, and a caste girls' Sunday school conducted by Miss Gibson. Miss Baskerville tells of three in the Malapillus. Miss Stovel, of Sunday schools and four caste children's meetings. Miss Rogers has four Sunday schools, with an attendance of 300 children, who rejoice her heart by their remembrance

of the hymns and Scripture verses that have been taught them. Miss Hatch reports three Sunday schools, with an average attendance of 213.

Village Schools.—The policy of the missionary in village school work is to encourage the Christians to undertake the work themselves, hence the older and stronger schools are not supported by the Society. There are six schools on the Akidu field which are self-supporting. Gunnanapudi, the largest, is attended not only by boys and girls, but by young men and women. Five others in that region are supported by the Christians. Mr. Craig, Akidu, reports fifteen supported by our Society; Mr. Davis, Cocanada, reports nine; Mr. Garside, Tunj, reports three; Mr. Brown, Vuyyuru, reports thirteen; Mr. Walker, Peddapuram, reports two.

Books and Tracts.—The reports of this work have been much more satisfactory than on any previous year. The preachers and Bible women, as well as the missionaries, have distributed a great many copies of the *Messengers of Truth*, leaflets, Gospel tracts and booklets. Whenever possible the Christians have been encouraged to buy them. Sometimes the Missionary's name and address are stamped on the tracts, so that any one desirous of enquiring further can have the opportunity. As they are scattered among Christian and heathen at the bazaars, the weekly fairs and great feasts, some receive them eagerly, others tear them up.

The work before us.—"We know that we are of God, and that the whole world lieth in the evil one, and we know that the Son of God is come and hath given us an understanding, that we may know Him that is true, and we are in Him that is true, even in His Son Jesus Christ. This is the true God and eternal life."

More help is wanted from us. Our missionaries are working to the outside limit of their strength. It is very important that one or more ladies should be sent to India every year. There are now on our field 300,000 women and girls depending on house to house work for a knowledge of the Gospel. Two hundred and fifty thousand have never had the opportunity of hearing of Christ and His love. Before we meet in Convention next year many of these shall have passed into eternity. Will the ascended Lord hold us responsible for their souls?

God's promise *must* be fulfilled. "The heathen shall be given to His Son for an inheritance, and the uttermost parts of the earth for His possession."

ABSTRACT OF THE SIXTEENTH ANNUAL REPORT

The report as now presented must be in some respects incomplete. We had hoped to answer the request of Rev. J. G. Brown of Vuyyuru for a young lady medical missionary, but so far have been unable to comply. Desirous of celebrating in a suitable manner the centenary of foreign missions, a resolution was passed that if possible we comply with the above request. Circulars were sent to all the circles, receiving in many cases favorable replies and pledges to do all in their power to aid. The following is a summary of the reports from the different Associations:—

Eastern—12 Circles, about half of which report Mission Bands; money donated by Circles and Bands, so far as heard from, including Lorimer fund, \$328.55. Organized 2 Circles and 2 Bands. Next June meeting in Quebec.

Ottawa—15 Circles, two of which are new. Two churches have mission Bands but no Circles. Nine Circles keep up the monthly meeting. Five report increase of membership: three a decrease, and one has reached the full limit. Money contributed \$336.54; \$60.50 of this from Mission Bands.

Canada Central—Mission Circles 13; Contributions \$454.35. This would be much increased if all had reported—five not having been heard from. Possibilities of aggressive work in the formation of new Circles and Bands: Canada Central Association has 23 churches and only 13 circles; Ottawa has 33 churches and 16 circles; Eastern Association differs from the others in being partly French and partly English churches. Of 14 English only two are without circles.

Death has removed a valuable member of the Executive Board in the person of Mrs. G. B. Muir, while two of the Vice-Presidents, Mrs. Upham and Mrs. Fulton have left for other fields of labor.

The first Baptist Church Circle of Ottawa have placed the name of Mrs. Avery on the list of life members.

We are able to report all appropriations fully paid and in addition some assistance has been given to the Women's Baptist Foreign Mission Society of Ontario, in the return of Miss Folsom to India.

Miss Simpson makes special mention, in gratitude, of the preservation of our workers from cholera while hundreds are dying around them.

M. Sarah and B. Martha are to be in charge of the Ramachandrapuram missionary.

The house to house visitation in the town continues much the same; new houses being opened and others dropped or closed. During the year two day-schools have been started among the outcaste child-

Four Sunday schools, one in Rachapella, conducted by K. Joseph with good results, till closed in June on account of cholera.

C. Burder conducted two, one in the Madigupella, one in the Malapilly since Miss Rogers left for Tuni. Average attendance in one of 29, in the other 26.

A Sunday school on the roadside, not far from the compound gate, was opened in October, and continued till the end of April, with an average attendance of 60.

The medical work increases, and during April, May and June a goodly number of patients were treated.

Total number of visits made in the town 1814; number of women listeners 3315; number of new houses 28; number of visits to villages 45; number of women listeners in the villages 1169, and children 327. This does not include the villages visited by Sarah and Martha.

Miss Beggs reports encouragingly. She visits 50 houses and twice a week gives instruction to twelve pupils.

Akidu—This school under charge of Mrs. Craig has had 19 boarders, besides ten boys and one girl attending for shorter or longer periods: 16 gained promotion at the closing examinations. The head-master, G. Salyanandam, being required as inspecting school-master, D. Plesbrach took the position in April, in turn being required at the Seminary, will be replaced this autumn by Karié Yesndasn. Eight of the girls belong to the Church. Some of the little pupils have asked for baptism, but not being considered prepared will wait. The health of the pupils has been good, though epidemics of chicken pox, in mild form, prevailed in March and La Grippe in June. Cholera and small pox have not entered the compound.

Tuni—This school under charge of Mrs. Garside has had a remarkably successful ten months of school work. No sickness during the year, and best of all three of the girls professed their faith in Christ by baptism. Of the fifteen students all but one gained promotion. Great economy has been found necessary because of the famine prices of rice and other grains.

FORTY-FIRST ANNUAL REPORT.

Better acquaintance with our work increases our wonder at the kaleidoscopic changes which mark each passing year. No August day, with its cloud-flecked skies and fitful breezes, brings to farm or field more wonderful transformations, than those which greet the eyes of brethren who are familiarly acquainted with the fields which God has given us to cultivate within the bounds of this Convention.

In many respects the fields which the farmers cultivate find their counterpart in ours. Here are broad and fertile acres under plough and harrow, yielding no immediate returns, but under preparation for a richer fruitage; there lie well nurtured, well cultivated and fruitful plains, enriching the owners for their patient, intelligent and well directed effort; while yonder in close proximity lie larger limits impoverished, half-cultivated and surface-worked, given over to thorns and thistles, until the indolent and impoverished owners are compelled to move on in quest of fairer fields and pastures new.

Again, as in the natural realm, so in the spiritual. The accidents of birth, fortune and other contributing causes play no unimportant part. One settles over a heritage in which soil, climate and environment seem to forbid success, yet by indomitable energy combined with patient, intelligent persistence, compels unwilling wastes to yield bountiful returns. All honor to such princely men. Another settles on alluvial plains, proverbial for richness of soil, where all the conditions are favorable, and yet because bounteous harvests do not follow indolent invocations offered up in luxuriously appointed drawing-rooms, combined with daily and affectionate regard for the sitting-room sofa, abandons all effort in despair and disgust. God has patience with, and a place for such men, yet we may be permitted to hope that neither our farms nor our mission churches will in large numbers fall into the hands of such unworthy representatives of the farm or the pulpit.

It must be admitted, however, that the counterpart to the alluvial plains and favorable conditions does not very frequently fall to the lot of the Baptist Home Missionary in Ontario and Quebec. He is more familiar with a rigorous climate and sterile wastes. All honor again, let me say, to the princely men who have compelled success under conditions so unfavorable. Many of them have done it. Let Mulgrave, South Indian, Kenmore, Canboro, Windecker, Sherbrooke, Norwich, Windsor, Wallaceburg, Keady, Tara, Elderslie, Flesherton and Priceville, Orchardville, Farewell, Kenilworth, the Middletons, North and South, and a dozen other places that might be named, bear witness to our statement.

On other fields, work equally necessary and quite as satisfactory, though not so palpable to the eye, has been performed. We believe we are within the truth when we state, that the past year has been one of the most satisfactory in work and results we have ever had. The time at our command, and the number of churches under our care, forbid any attempt at detailed statement. Our survey must necessarily be very incomplete.

Within the bounds of the Western Association 19 churches have been aided during the past year from the mission funds, and no church in that Association has been without the regular ministry of the word.

Windsor and Wallaceburg have taken a decided step in advance. Increasing congregations and membership, reduced grants, and cheering outlook bring encouragement and inspiration to us all. Dresden has had generous additions to her membership, but has not made a corresponding advance in financial strength. Thamesville, Louisville and Bethlehem are moving forward slowly but steadily, and have just intimated their purpose to support their pastor without further help from the Board.

Florence and Euphemia, Bothwell and Zone have been laying strong foundations, and from the well known character and quality of the workmen we await the future with confidence and hope. Essex Centre and Woodslee remain practically where they were a year ago, while the pastors of Kingsville and Brooker, Rodney, West Lorne, Aldborough and Mosa have only lately entered upon their work; but we expect, and we think with reason, generous harvests from both those fields in the near future. The Chairman of the Local Board tells us that there will be a reduction of about \$500 in the grants needed for the old Western district during the coming year.

In the Elgin Association we have but four missionaries, who minister to seven churches.

The work in this district shows decided improvement. The contributions for missions are far in advance of what they were a year ago, while Fingal has reduced its grant, and the Southwolds enter upon the list of self-supporting churches. Dutton has been greatly depleted by removals, but in place of giving up in despair, has redoubled effort, and with a grant no larger than that received when associated with Southwold, is endeavouring to support her pastor alone. Sparta, Jaffa and Mount Salem are certainly in better shape than they were a year ago, as is evidenced by the fact that they also desire to have their names placed on the roll of self-supporting churches.

In the Norfolk Association we have only two missionaries, and student supply at Port Dover and the Grange Hall. We cannot report any improvement at Port Dover, but the Middleton's, North and South, and Glenneyer have gladdened our hearts beyond expression. Over fifty additions have been made to these churches within the past few

months, and we are safe in saying that no better investment of Home Mission funds has been made than that bestowed upon the Middletons and Glenmeyer. Hagersville and Decewsville tax the strength and energy of the pastor to the point of danger. It is an exceptionally difficult field to work satisfactorily. A forward step has, however, been taken. The membership and subscription list have increased, and the grant from the mission funds has correspondingly decreased. The symptoms are healthy as well as hopeful. Delhi and Teeterville, especially the former, give evidence of quickened life and energy. They have remodelled and improved their chapel within the year, and have, in our judgment, one of the best audience rooms in the county. The membership has been largely increased, and as an evidence of their growth in members and consecration they declared themselves self-supporting over six months ago. The interest in missions, and the contributions from the churches are decidedly in advance of previous years. Norfolk will yet become the banner Association.

In the Niagara district we have helped eleven churches during the past year. The reports from Canboro, North Cayuga, Windecker and Sherbrooke are specially encouraging. Very considerable additions have been made to the membership of these churches. A new chapel is approaching completion at Windecker, which during the past few months has become an important centre of Baptist enterprise and activity.

Still more remarkable are the facts we are permitted to record in connection with the Town of Niagara Falls. For some years the missionary at Thorold preached on Sunday afternoons at the Falls. The hour and place of meeting were unfavorable, and little progress was made. Last winter F. T. Webb, a member of the James Street church, Hamilton, visited the town, preached to the people and won their hearts. Faith and hope grew apace in the hearts of both preacher and people. They determined to build, and in July last dedicated a chapel in every respect adapted to their needs. God has been with them. Conversions and baptisms have gladdened the hearts of the workers, and to-day we are permitted to rejoice over the existence of a live Baptist church in the town of Niagara Falls. Extended notice is given to the work in this town for two reasons. The church and congregation have done nobly, and our young brother Webb has set an example worthy of emulation. He voluntarily relieved the Board of all financial responsibility, and has thus far carried on the work without the expenditure of a dollar of Home Mission funds. Help at the earliest date possible ought to be given to this people, so that the last dollar of indebtedness that rests upon the building may be removed. No marked change has taken place in connection with the other mission churches in this Association. There have been the usual losses and gains, but nothing calling for special mention.

In the Hamilton Association the Northern church has had our watch-care and help during the past five months, and under present condition will certainly need both for some time to come. Victoria Avenue has evidently reached the limit of its growth until a new and more commodious chapel is placed at the disposal of the church. The pastor of this church, has during the past few months, bestowed much attention upon the long neglected Bronte church. As a result, a gracious revival is in progress, and the hope is cherished that a church of very considerable strength will again be found in that important centre.

In the Brant and Woodstock Association we have only three missionaries. Brother Tennant will tell his own story about the work on the Indian reservation. Suffice it to say, that he enjoys to the full the confidence of the Board, and seems admirably adapted for the particular work to which he has devoted his life. Norwich has forged ahead wonderfully. The mortgage which a year ago rested upon their property has been cancelled; large additions have been made to the membership of the church, and their evening congregations tax to the utmost their seating capacity. One thing more they need to make their cup of happiness and ours full to overflowing: the children have multiplied, and grown to such goodly proportions, that the foster mother begins to think her presence in the home a hindrance, rather than a help, and would take no offence if the family bade her an affectionate farewell. Oxford Street, Woodstock, has been specially unfortunate in the loss of several of her most liberal supporters. Notwithstanding these heavy losses, the year's reports tell of healthy and gratifying progress.

This field merits and must have our generous support. East Zorra, Wolverton and Ayr, have had student supplies during the year. The former field, for more reasons than one, presents peculiar difficulties, but the trusted and tried workers in that church are determined that the candle which the Lord lighted many years ago in East Zorra shall not, through their neglect, be put out in darkness.

Wolverton has given us much joy. Not only has the work at home been vigorously prosecuted, but with the true missionary spirit they have planted the Baptist standard in the town of Ayr, and in every way possible have contributed to the success of the work in that town. In addition to these gratifying facts, they notified us a few days ago that they had decided to meet their obligations without any aid from the mission funds.

In the Middlesex and Lambton Association we have assisted ten churches. London South has had the best year in its history, and in the report just received, has intimated that help from the Board will no longer be needed. London North gives much anxiety to those who are most deeply interested in its welfare. Its future is somewhat

veiled. The field and the need are there, and if a suitable pastor were available, we are persuaded that the problem which now perplexes would soon be solved.

Arkona has made very decided progress during the year, and the outlook is decidedly hopeful. Courtright has developed to such an extent that the writer, as he looked and listened, could scarcely credit the evidence of his own senses. Brigden and Moore have also had a good year. Wyoming is rather at a standstill; but at Calvary the prospect and promise are exceptionally encouraging. If we mistake not, days of large blessing are in store for Calvary. In Forest also the outlook is hopeful—a renovated chapel, a new pastor, good congregations, and a hopeful people, lead us to expect great things in the future. Weidman and Oil Springs is a new field, and a promising one it is. Seven persons have lately been baptized at Weidman. They are laying their plans to build a chapel in the spring. At Oil Springs also a church and chapel are looked for in the near future. We must not withdraw our hand from this place. This is our day of opportunity in Weidman and Oil Springs. If we neglect to enter the door which to-day stands invitingly open, we will soon find it closed forever against us.

No marked change has taken place during the past year in the Midland Counties. Tavistock secured and lost a pastor within four months. St. Mary's has become accustomed to a struggle that for over a quarter of a century has taxed faith and energy to the utmost. They are gaining ground, however, slowly; it is true, but surely. Fullarton and Sebringville reduced their grant within the year. In other respects their position is similar to what it was twelve months ago. Orangeville, contrary to our fears, has forged ahead. Special services have lately been held, but the results are at present unknown to us. Brampton has also improved its position. Self-support was in their thought, but losses and removals have unexpectedly blighted their hopes. Hespeler is the child of this Association, but from the day of its birth, it has been a worker and a giver. Their great need in the past—a church edifice—is now within sight, and when that is secured, they and we can look for better results.

In the Walkerton Association there were but three self-supporting churches, Tiverton, Glammis, and Mount Forest. To-day there are four which enjoy that happy distinction. Wingham has entered into the sisterhood of the self-supporting order. Thereat we greatly rejoice. Speaking generally, little advance has been made during the past year. Pastoral changes have been discouragingly frequent, and the outlook at present is not by any means as hopeful as we could wish. Simple justice, however, demands that we should add that a few of the churches have enjoyed unusual prosperity. Where could we find a more disheartened and disorganized people than the Farewell and

Kenilworth churches. Beautiful and happy work has come from Luth church, moved by their assistance. Fort for the past school-houses, have come forward as held in those towns the fact that desired encourage, to say that their work, visit the Bruce, and we shouting Home ber of the Base Line have Gorrie, Howick

Kenilworth churches were one year ago? Yet to-day we find two beautiful and commodious chapels erected, helpful additions made to the membership of both churches, a pastor enjoying their confidence and esteem, and, best of all, the churches living in the enjoyment of peace and happy fellowship. More wonderful still are the reports that come from Luther. A young brother, a member of the Palmerston church, moved by the spiritual needs of the place, determined to go to their assistance. Without the aid of church or Board he has held the fort for the past eleven months, preached the gospel in halls and school-houses, has had already eight baptisms, and others ready to come forward as soon as they are assured that Baptist services will be held in those townships. May we not well blush for shame as we mention the fact that to this hour we have not been able to give the desired encouragement to this people? Let those who are too ready to say that there is really no great need for Baptist Home Mission work, visit the counties of Huron, Dufferin, Wellington, Grey and Bruce, and we venture little in prophesying that they will return shouting Home Missions the need of the hour, as lustily as any member of the Board. Attwood, Kincardine, Lucknow, Clinton and Base Line have made progress, while Walkerton, Teeswater, Greenock, Gorrie, Howick and Palmerston have barely held their own.

In the Owen Sound district we have had a good year. Discouragements certainly, but on the whole a good year. Flesherton, Priceville, Durham, Elderslie, Burgoyne, Tara, Chesley, Keady and Warton have decidedly improved their position, and new ground has been occupied at Elmwood and Proton. Chapels have been erected at Orchardville and the Beeton settlement. We would like to give particulars about the new chapel at Orchardville. Suffice it to say that the work since its inception has been largely the work of one man, Deacon Z. Clarke, of Durham. May he be permitted to see the desires of his heart for Orchardville fully realized. Daywood, Woodford, Morley, Cape Rich, Meaford, and Thornbury have, we fear, lost ground during the year. The lack of pastors will also tell seriously upon our work in this district during the winter, as no fewer than 14 churches had student supplies during the summer months.

The reports from the churches in the Northern Association tell of faithful work performed in the face of many difficulties. Stayner and Creemore are moving forward steadily and satisfactorily. They stand on the threshold of self support. Minesing, Oro, Edgar, Marchmont and Unthoff are at least in better heart than they were a year ago. They are anxious to secure a pastor. The churches in the Muskoka and Parry Sound districts are supported by the Women's Home Missionary Society, West. The position, needs and prospects of these churches will be given in the report submitted by the Women's Home Mission Board. A beautiful chapel was dedicated at Doe Lake in January last, and another nears completion at Fort William.

The church at North Bay was reorganized in July last, and has for weeks been pleading most earnestly for a pastor and the needed appropriation. Thus far we have not been able to accede to their urgent appeals. Representatives of Baptist churches, your attention for a moment or two. Here is a town with a population of 2,400, with a certainty of permanency and large expansion; a Baptist church in actual existence, earnest, liberal and aggressive; a constituency lamentably in need of a pure gospel, and yet for months we have been compelled to read letter after letter asking for help, and to this hour it has been beyond our power to render them any assistance. This ought not to be so, and will not the churches say this shall no longer be so?

Of the mission churches in the Toronto Association we cannot on the whole report progress. Toronto Junction (Koyce Avenue), Ossington Avenue, Tecumseh St., Schomberg, 1st and 2nd King, are pastorless. Eglinton has dropped out of sight, and the missions started a few months ago at New Toronto, Kew Beach and Little York have scarcely met our expectations. Lansdowne Avenue has had 27 baptisms during the year, but the losses by removal have been so great that the membership is practically what it was last year. A new chapel was dedicated a few days ago at 1st King, and the brethren there are hopeful that they have entered upon an era of enlarged prosperity. Stouffville and Markham have probably made the most satisfactory progress of any of the mission churches in the Association. They expect, and we think with reason, to have their names placed on the list of self-supporting churches in the near future. Similar in character are the reports from the Whitby and Lindsay and Peterboro' Associations. A number of the self-supporting churches have made decided progress during the year, but the mission churches have not largely shared in the advance movement. Lakefield is building a comfortable and commodious chapel. The completion of this building will greatly improve their position and prospects. Whitevale, Green River and Oshawa have made some progress, while Sunderland has distinctly lost ground. The group of churches in that district may safely be described as in a critical condition. A few months ago Campbellford gave promise of retrieving its troubled and rather unhappy past, but the "waters of strife" have again been let loose, and the angry billows threaten to engulf ship, lading, and all on board. What a spectacle for men and angels to gaze upon! A live, progressive town, located in a good agricultural community, abundant material to work upon, unquestioned need of just such services as a vigorous Baptist church could render, and yet the opportunity worse than slipping through our hands.

In the Canada Central Association we have seven missionaries. The old Beckwith church, lately resuscitated through the efforts of the Women's Eastern Home Mission Board, has had the largest ingather-

ing of any of the mission churches in that district. This Society ought to receive the generous sympathy and support of the churches in Eastern Ontario and Quebec. They have, like their sister Society in the West, been untiring in their efforts to awaken a deeper interest in missions and to plant and sustain Baptist churches in needy and promising localities. They have, during the past year, assisted four churches: Beekwith, Billerica, Clarendon and Potton. In the Canada Central the churches as a whole have improved their position, and the reports received from the missionaries, are, with one exception, written in a hopeful strain.

We have had several very cheering reports from the Ottawa Association. Kenmore steps into self-support. This church can justly claim to be the Plattsville of the East, and that is commendation as great as we can give. A church has been organized at South Indian, a chapel built and paid for, and the Kenmore pastor takes the young church, with whose coming into existence he has had so much to do, under his care. At Billerica a good work has been wrought, and at North Clarendon a suitable chapel is nearing completion. The prospects on this field are more hopeful than at any period in its past history. In Mulgrave the summer's work brought large accessions to the membership of the little church. Vankleek Hill has taken the first step towards self-support. Stonefield (a part of the Grenville field) has a chapel under construction, while little Dempsey has very materially improved its position and prospects. Cornwall, a few months ago, fully expected to reduce its appropriations, but heavy losses through removals leaves them certainly no stronger than they were a year ago, although the number of baptisms during the year have been far beyond the average. The blessing of God and the grace of liberality have been abundantly manifested in many of the churches in this Association during the past year.

We regret that the reports from our missionaries in the most easterly of our Associations do not permit us to write in the same cheerful strain. Potton is engaged in chapel building and the outlook on that field is quite encouraging. Eaton is lengthening her cords and strengthening her stakes. Two new stations have been opened, congregations and membership have increased, and the missionary is hopeful that self-support is assured in the near future.

Sherbrooke is slowly moving in the right direction, but will need the generous assistance of the Board for some time to come. Coaticooke and Barnston are advancing slowly but solidly, while Kingsey Falls, Abbot's Corners, Beebe Plains and Baldwin's Mills seem to have made little if any progress during the year. It ought also to be mentioned that the Montreal churches have pushed mission work with unusual energy during the past year. They found employment and support for four students during the summer months, and in connection with the four missions served by these young men gratifying progress was made.

Such, in brief, is the record of the past year's work. We have striven to place the facts before you, without embellishment or exaggeration. We believe the year which has just closed has been the best in our history. The income of the Society has been over \$4,500 in excess of any previous year. The giving has also been general. When the financial statement is rendered it will be seen that not more than a score of the churches have neglected to contribute for Home Missions. Many of the churches have done nobly, and we have also been favored with a larger number of generous individual contributions than in any past year.

The local Boards have, with one or two exceptions, rendered invaluable service, while the Women's Boards, both west and east, have with unflinching regularity enriched our depleted exchequer with liberal offerings. In organization, method and results, we must once more vote the palm of victory to the Societies, officered and guided by our sisters.

Special evangelistic services were conducted by Bro. Ware, at Wallaceburg, Brooker, Rodney, Ridgetown, First Avenue Toronto, Petrolia and St. Mary's.

The presence and power of the Holy Spirit, were manifest in all these places, but in a very marked way were his labors blessed at Wallaceburg, First Avenue and Petrolia. Large numbers believed and turned unto the Lord, and many of the converts were baptized and added unto the churches. In Ridgetown also a good work was wrought and quite a number added to the church. Moreover, we can truthfully add, what cannot always be said in connection with such special services, that in every place visited the church was edified and built up in the truth.

In September, Bro. Ware entered again upon regular pastoral work in the town of Lindsay, and most sincerely do we pray that his ministry in that important centre may be abundantly blessed of God.

It has been thought well to add a brief synopsis of this report, so as to present to the pastors and churches in a brief paragraph the items of special interest in connection with the year's work. 262 were baptized during the past three months, and between 870 and 900 during the year. Incomplete returns from five missionaries make it impossible for us to give the exact number for the year. Eight fields, embracing 17 churches, have voluntarily declared themselves self-supporting: Thamesville, Louisville, and Bethlehem, Bothwell, Zone, and Euphemia, Delhi and Teeterville, 1st and 2nd Southwold, London South, Wingham, Sparta, Jaffa and Mount Salem, Kenmore and South Indian.

Nine chapels have been built, viz.: Drummond, South Indian, Clarendon, 1st King, Farewell, Doe Lake, Orchardville, 2nd Glenelg, and Niagara Falls; while the following seven are under contract, and

Churches have been organized at South Indian, North Bay, Fort William and Niagara Falls. Other places are ready to organize as soon as we are ready to give assurance of our ability to furnish them with pastors.

94 missionary pastors and 34 students have preached the gospel at over 240 churches and stations during the year. Disappointed and distressed as we are over a deficit only a little less than that reported last year, we gratefully acknowledge the signal and manifold mercies bestowed on us by our Heavenly Father, and also thankfully recognize our obligations to the churches for the offerings, so largely in excess of those of any previous year, placed at our disposal. It is evident, however, that curtailment in expenditure has become imperative. May the coming year bring not only deliverance from our financial embarrassments, but also fulness of blessing from Him whose favor is life, and whose loving kindness is better than life.

ABSTRACT OF EIGHTH ANNUAL REPORT OF CORRESPONDING SECRETARY.

This year 22 new Circles have been organized, three less than last year; four reorganized. Of the 204 Circles reported by the directors, 88 report a gain in contributions, and 51 a loss. The remainder same as last year. So many new circles organized during the year shows faithful work done by the directors, and shows too that a greater interest is being taken by the women in our churches in Home Missions, and yet, according to the figures below, there are 96 churches in the 15 Associations where no Home Mission Circle exists.

Elgin Association takes the front rank this year. All the Circles, with one exception, having increased their contributions.

While our receipts this year are slightly in excess of last year, still we are obliged to report the humiliating fact that we have for the first time in our history a *deficit*.

The \$500 appropriated for chapel building in the North-west has been given as follows:—\$100 to Moosomin, N. W. Territory—their building is finished and opened Oct. 9th. \$100 to Carman, a growing town in Southern Manitoba—their building was formally opened on the 16th of Oct.

\$100 to Boissvain, another town in Southern Manitoba. This building has been opened for some time, and \$200 has been promised to Edmonton, N. W. T. They have no pastor as yet, but as soon as they secure one they will proceed with building.

The \$200 for chapel building in Ontario was given to the church at Doe Lake finished during the year.

From the five pupils under our care at Grande Ligne good reports have been received. The care of our missionaries in the City of Quebec, Mr. and Mrs. Grennier, is the Bands special work for Home Missions. To them we look for the \$500 required for this work. This year there is a slight falling off in the amount given by the Bands over that of last year, and they have failed by \$41.09 of reaching the amount we had hoped for. The total amount raised by the Bands for Home and Foreign Missions is over \$1800, of this amount only \$458.91 is given to Home Missions. Let those who are interested in Band work see to it that next year every Band has some part, be it ever so small, in Home Mission work.

The only church under our care in the North-west is at Calgary, Rev. H. E. Wise is now in charge. Rev. Geo. Cross having given up the work to take a Theological course at McMaster. The report from the church is favorable. We gave to Calgary for pastor's salary \$350

Sault Ste. Marie has a present membership of 63, four have been baptized during the year; congregations are increasing; Sabbath school larger than ever before. We regret that owing to the illness of his wife, which necessitates removal to a warmer climate, Mr. Chandler, who has done such good work for the Master on this field, is obliged to leave, and our prayer is that under sunnier skies his dear wife may soon be restored to perfect health. We give to Sault Ste. Marie towards pastor's salary \$350.

The church at Parry Sound has Rev. J. R. Jackson as pastor, seven have been added by baptism during the year. Your society gives to Parry Sound \$400 a year.

The church at Midland was without a pastor for the first six months of the year. July 1st, Rev. Jas. Kendal was appointed to this field. During the last six months nine have been added by baptism, four by letter. The pastor writes of the members at Midland, that "they are as fine Christians and as loyal Baptists as can be met with in this Dominion." We give to Midland \$300.

Bracebridge, Rev. John Blatherwick, pastor. Nine additions during the year. The outlook for Bracebridge brighter than ever before. The church is being repaired. They would be very glad of help towards reseating and renewing their library. We give to the church at Bracebridge \$300.

Connected with the church at Doe Lake are three preaching stations, Sprucedale, Slarats and Midlothian—Rev. Jas. Millar, pastor. The meetings at all these stations are well attended, and a quiet work of grace is going on.

Sundridge, Stirling Falls and Burk's Falls, have all been worked together the past year under the charge of a student from McMaster, Mr. Jno. Vichart. Two were baptised at Burk's Falls. They organized a Union Mission Circle during the past year at Burk's Falls, they have ten women in the church, and every woman is a member of the Circle. We give to the Doe Lake and Sundridge district \$500.

A lot has been purchased and a special effort made for the Sprucedale preaching station towards securing a church home. Our little Home Missionary paper has been a welcome "Visitor" in all our houses during the year.

Respectfully submitted,

MRS. JOHN LILLIE,
Cor. Secretary.

At an adjourned meeting held Oct. 29th, a request having come from the General Board that your Board be represented at their meetings, the President, Vice-President, and Corresponding Secretary were appointed your representatives.

The semi-annual meeting was held on April 13th, 1892, when a resolution on the death of Mrs. McGregor, prepared by Mrs. York, was read by the Secretary.

The mission at Sprucedale having asked for a further donation of \$75 to assist in building, that amount was voted and the Circles were requested to contribute \$1 each towards the same.

Miss Lobb was appointed to act as Recording Secretary for the remainder of the year.

At the July meeting Mrs. Lillie was appointed to revise Association constitution and Letter to Directors to be submitted to Home and Foreign Boards, which has been done.

The only other meeting of importance was held on October 15th, when your Board heard with deep regret of the intended resignation of Mrs. John Alexander, as Treasurer. Our Society can ill afford to lose one who has so faithfully and efficiently served it ever since its inauguration.

Respectfully submitted,

FLORENCE N. LOBB.

THIRD ANNUAL REPORT.

The Women's Baptist Home Missionary Society of Eastern Ontario and Quebec has completed its third year of work. At the annual meeting held in Ottawa on the 5th of Oct., much encouragement was felt at the interest taken by all present in hearing what had been accomplished the past year and in planning for the future.

The year just closed has developed a steady growth of interest in the various Circles on behalf of our Home Mission fields; four new Circles having joined in the effort made for their support.

The regular quarterly meetings of the Board have been held, also two special ones, all of which have been well attended.

Most satisfactory reports have reached us of progress made upon fields in which we have special interest, viz.: Clarendon and Bristol, Beckwith and Portland. The Society also gave its mite to help Mr. Bullock in French work in Hull.

In the year to come may the sisters in all our churches in the East engage heartily and lovingly in this work, so that we can do more to help build up the great cause in the home land.

L. J. PARSON,

Secretary.

ANNUAL REPORT OF THE SENATE AND THE BOARD
OF GOVERNORS OF McMASTER UNIVERSITY.

To the Regular Baptist Convention of Ontario and Quebec :

BRETHREN,—The Senate and the Board of Governors of McMaster University beg leave to submit the following report :

The past year has been, in many respects, one of the most momentous in the history of our educational work. The completion of the organization of the University, which has from the beginning been one of the most perplexing problems with which the governing bodies have had to deal, has at last been accomplished. The Charter of the University, as is well known, provides for a Chancellor and a Principal of each of the two University Departments. If the Arts and Theological Departments had been located in different places, it would no doubt have been thought advisable to appoint the full complement of administrative officers. The decision of the denomination to establish the Arts Department in Toronto, and to develop it in the closest relationship with the Theological Department; and the subsequent decision to inaugurate the Arts Department before special buildings for the purpose could be provided, necessitated an organization in which the discipline of the two departments should have much in common. For some years the conviction has been pressing itself more and more on the minds of members of the governing bodies and of the Faculties, that the Arts and Theological Departments having been thus brought together into one building, and the life and discipline of the two Departments having been brought into the most intimate association, a unification of administration must sooner or later follow, it came to be widely felt that if a man could be found for the Chancellorship who could command the confidence of both Departments and of the denomination, the two Principalships might advantageously be vested in the Chancellor, and that thus a strong and effective administration might be secured.

Early in the present year, after a long period of delay, Professor Jesse B. Thomas, D.D., who had been invited to the Chancellorship of the University, gave an adverse decision. The enthusiastic and successful administration of the newly inaugurated Arts Department by Professor Theodore H. Rand, D.C.L., as chairman of the Arts Faculty, his fine culture, his rich educational experience, and his well-known administrative ability, together with the fact that he was known to

possess the fullest confidence and highest esteem of his colleagues, produced a growing conviction in the minds of the members of the governing bodies that the man for the position was immediately at hand. At a meeting of the Senate last May, a proposition to appoint permanent Principals led to a re-opening of the whole question of administration, an almost unanimous decision in favor of the unification of the Faculties of Theology and Arts as a University Faculty, and the enthusiastic nomination and appointment of Dr. Rand to the Chancellorship of the University, and the Principalship of the University Faculty. That both of these decisions were in the best interests of our educational work, we believe time will demonstrate. With a united Faculty, with the possibilities of friction in administration removed, with an administrative head who is thoroughly master of the situation, and who takes as deep an interest in the Theological as in the Arts work, we look forward with confidence to a steady and rapid development of the University along the lines of Christian and denominational ideas.

We would have it thoroughly understood, that, in deciding to unify the Faculties and the administration of the University, there was no disposition on the part of the governing bodies to undervalue or depreciate the faithful, self-sacrificing, and efficient work performed during the past two years by Professor Calvin Goodspeed, D.D., as temporary chairman of the Theological Department.

The Arts Department has been strengthened by the accession of Prof. George B. Foster, Ph.D., who, though appointed before the last Convention, is just taking his place in the University, after a year of study in Germany, and of Lecturer A. B. Willmott, M.A., a graduate of Victoria University, and for the past two years a graduate student in science of Harvard University. Mr. H. P. Whidden, B.A., a graduate of Acadia University, and an undergraduate in the Theological Department of McMaster University, is doing acceptable service as Lecturer on Elocution. The Chair of English has been temporarily provided for by the appointment as Lecturer, on the work of the second and third years, of Mr. D. R. Keyes, M.A., Lecturer in English in the University of Toronto.

Professor Farmer's first year of work in the Department of New Testament Greek has justified the high expectations that were entertained as to his fitness for this department of instruction.

The attendance in Arts in both the first and second year was, as regards numbers and quality, all that could have been expected. A freshmen class of 30 has just entered.

The Theological Department has suffered somewhat, temporarily, from the wholesome pressure that has been brought to bear upon the more promising students to pursue the Arts Course in whole or in part; but the attendance, as will be seen from the subjoined report, has been

somewhat in excess of that of recent years; and excellent work has been done.

Woodstock College has suffered severely through the loss by death of its honored and efficient Principal, Mr. W. H. Huston, M.A. The following resolutions with reference to his death were passed by the Senate and the Board:

RESOLUTION ON PRINCIPAL HUSTON.

"Inasmuch as it has pleased Almighty God, in His inscrutable but all-wise Providence, to remove by death our dear brother, the late W. H. Huston, M.A., Principal of Woodstock College, this Senate desires to place on record,

1. That we believe him to have possessed to an exceptional degree the qualities requisite for the conducting of the school at Woodstock—a generous and deep-seated love of young men, unusual ability to impart instruction, and a sympathy and strength of Christian character begotten of fellowship with Jesus Christ.
2. The Senate moreover desires to express its deep sense of the loss sustained by the educational interests of this body in the removal of Brother Huston from what promised to be a long career of great usefulness.
3. The Senate further desires to assure Mrs. Huston of its most sincere sympathy with her in this great trial and bereavement, and to say that the prayer of this Senate will be that the God of the fatherless and the widow may, in His infinite mercy and grace, bind up the broken heart, and comfort and direct according to His mercy in Jesus Christ.

An excellent life-size portrait of Mr. Huston, painted by Charles Hatch, was presented to the Board last winter by the students of Woodstock College then in attendance, and now hangs on the wall of the Chapel of the College. This beautiful memorial was publicly accepted at the hands of the students by Rev. E. W. Dadson, B.A., on behalf of the Board of Governors.

His place was promptly filled by the appointment of Mr. J. I. Bates, B.A., Ph.M., whose long experience in the school, thorough scholarship, sound judgment, and high character, pointed him out as the best available man for the position. The teaching staff was brought up to its previous numerical strength by the appointment of Mr. A. Lincoln McCrimmon, M.A., a graduate of very high standing of the University of Toronto, and a man of strong Christian character.

Moulton College has likewise had its losses and its gains. Miss Robertson of the Preparatory Department resigned at the end of the first term, after two and a half years of service. Her place was filled by the appointment of Miss Minard, a lady of long educational experience, and admirably adapted to the work she has undertaken. The resignation of Miss Haigh involved one of the heaviest losses the College has been called upon to suffer. She had been a member of the

teaching staff of the College from the beginning and was identified with all that was best in its life and traditions. Her place has been filled by a re-adjustment of the work of the College and the appointment of Miss Shanks, who has just returned from a long period of study abroad, after years of experience in teaching Modern Languages. Miss Daniels, takes Classics, Miss Bishop, English, and these ladies divide the Science between them.

REPORT OF THE FACULTY IN ARTS.

(Extracts from the Report of Theodore H. Rand, D.C.L., Chairman.)

"The scholastic year now closing has been marked by diligence and earnestness throughout the department, and the students have been responsive to the highest principles of discipline.

"The sixteen students of the previous year entered the classes of the second year, excepting two who entered the Theological Department instead. Four new students, two of them from the Theological Department, were received in their place, making the number in the second year eighteen.

"A new class of twenty-one students entered on the work of the first year. The whole number of students in attendance in the several Arts classes has been as follows :

In Arts Department only	39
From the Theological Department	16
From Moulton College	2
	—
Total receiving instruction in Arts Department	57

Of these 35 have attended classes of the First Year, and 22 classes of the Second Year. The daily attendance on classes has been very regular except in a few instances.

"During the winter four public lectures were delivered in the Hall by the Professors, two being by Professors of this department. Professor McKay, on the Physical Basis of Music, and Professor Campbell on the Religious Thoughts of the Ancient Greeks. Professor McKay's lecture was one of demonstration and illustration, the acoustical apparatus being Koenig's, purchased last season for the University.

"The students of the Arts Department have entered enthusiastically into all the work of the Fyfe Missionary Society. They have performed important service in the missionary enterprises of our city churches, in Sunday-school work, and in visitation under the direction of pastors, in addition to engaging in the regular monthly supplies of the Home Mission Board.

"In pursuance of the action of the Senate, your representatives on

the University Extension Board of the Dominion, entered sympathetically and heartily into the work of organization. We trust that our Faculty shall be able to give some aid in extending University privileges to those who are so conditioned in life that they are unable to avail themselves of the present provision.

"We are pleased to report that many friends of the University responded to the invitation of the Faculties to participation in the inauguration of Founder's Day,—to be observed annually henceforth we trust within this institution. It was felt that the birthday of the Founder, Christmas Eve, afforded a happy opportunity of doing honor to the memory of him whose name our University bears, and also of observing in a fitting way the close of a term's work. At the request of the joint Faculties, Mr. D. E. Thomson, on this occasion, delivered an address on the Life and Work of William McMaster.

"The students of the different Colleges, with the assistance of a representative from each faculty, have conducted throughout the year the *McMaster University Monthly* with gratifying success. The Faculty feel that already the *Monthly* has proved a very important factor in the upbuilding of our interests, and recognize its establishment as second only to that of another Chair. Dr. Newman has acted as Managing Editor.

"In closing this report it is scarcely necessary to call attention to the immediate necessity of steps being taken with a view to providing in time, and in a permanent form, new accommodation in the way of buildings for the Art Department."

May 3rd, 1892.

REPORT OF THE FACULTY OF THEOLOGY.

(Extracts from the report of C. Goodspeed, D.D., Chairman.)

"We have sought to give the students all the work they could do well by the closest application. The department of the students has been most exemplary, and they have pursued their studies with commendable faithfulness and with a good degree of quiet enthusiasm. We are glad to notice an increase of *esprit du corps* among them, which is a good omen for our institution, and for a closer and more general unity and sympathy among our ministers as time passes by. There has been complete concord and oneness of aim in our Faculty, and an earnest desire to promote the general welfare of our University. It may not be out of place to mention the heartiness with which the ministerial students in the whole institution have thrown themselves into voluntary mission work. Three interests have been begun by them this year, and four have been supplied with workers. In addition to

this, every opportunity has been sought in the Sabbath schools of our churches for helpful work. We cannot but commend the earnest spirit which has found its expression in these practical ways, and we are sure that the future life-work of these brethren will be all the richer because of the spiritual culture gained through this kind of labor.

"We are glad to be able to report that the hopeful forecast made last year as to the probable attendance this year, has been fully realized. In addition to five who felt compelled to leave after a few weeks' attendance, eighteen new students have been enrolled in Toronto Baptist College. This is two and a-half times as many as were enrolled last year, and brings the number of students on the roll up to thirty-one. The eighteen students who have been in our classes during the year are distributed as follows: Three are special students; nine are in the English Course, five of the nine taking New Testament Greek in addition to the prescribed subjects; two are in the Four Years' Course; and four are in that for the degree of B.Th.

"Our Faculty have arranged, with the consent of the Senate, for some modifications in the curriculum, which it is hoped may strengthen our courses of study and help them the better to meet the needs of the times. It is proposed to lay more emphasis upon the subject of Biblical Introduction, to give more attention to the principles of Interpretation and their application, and to bring into clearer relief the History of the Development of the Doctrines of the Christian Church.

"In conjunction with the members of the Faculty in Arts, we have helped to maintain a course of lectures during the winter, which were well received by fair and intelligent audiences. We have also done our share in establishing and conducting the *McMaster Monthly*, which is fast winning for itself a place in the homes and hearts of many of our people, and which promises to do much to strengthen the bond of brotherhood in the various departments of our University, and deepen our interest both within and without our institutions in their future and work.

"In conclusion, our Faculty feel that they should study the need of the churches very carefully, and seek to train men adapted to the work which is pressing its claims on all hands. They are also convinced that the utmost should be done to induce our young men to take as thorough a course of study as possible. They also hope, through earnest devotion to their duties, to do their part to help on the great work which the Master wishes so much to have done, and which the world so much needs."

May, 1892.

REPORT OF WOODSTOCK COLLEGE.

(Extracts from the Report of the Principal, J. I. Bates, Ph.M.)

"January brought deep sorrow to the school by the illness and death of our loved Principal. Almost immediately upon this sad event, Mr. H. S. Robertson was compelled through ill-health to give up work. At this critical time, most welcome assistance came to us in the persons of Mr. A. L. McCrimmon, M.A., and Mr. H. E. Stillwell. These two brethren served the school well and ably during the rest of the year. Mr. D. McFadyen, whose services were obtained at Christmas owing to the increased attendance, soon won his way to the hearts of all by his kindly spirit and efficiency. It is proper here to say, that throughout the year all the teachers heartily and faithfully performed their duties under the somewhat trying circumstances.

"We cannot report as large an attendance as last year. It is as follows:

Enrolment.	First Term.	Second Term.	Third Term.	Total.
Boarders	96	98	93	125
Day	22	25	22	27
Total	118	123	115	152

"It is gratifying that such a large majority of the students remained to the end of the year, there being but eight fewer the third term than the second.

"The students were graded as follows: Preparatory, 37; First year, Junior, 32; First year, Senior, 25; Second year, 28; Third year, 28; Fourth year, 2.

"The denominations were represented as follows: Baptist, 99; Presbyterian, 23; Episcopalian, 17; Methodist, 9; Society of Friends, 2; Disciple, 1; Roman Catholic, 1.

"There was a total enrolment during the year, of ministerial students, 57 (3 not Baptist); of professing Christians, 83.

"We hope to see a larger number at Woodstock next year, as the result of the action of the Board in reducing the expenses; for while many of our people do not rightly value the special advantages of a boarding-school under Christian influences, we are convinced that a much larger number than at present would come to our own school, were it not that the expense is less elsewhere.

"The conduct of the students and their ever-ready conformity to constituted authority has been very gratifying. We are especially

thankful for the loyalty to the school and to right during the trying months since Mr. Huston's death. The greatest harmony has prevailed between teachers and students, and the instances of anything but the mildest discipline have been few.

"Though there have not, as far as we know, been many conversions during the year, character has been strengthened and rebuilt on true foundations, and a spirit and self-control developed. The prayer meetings and the monthly missionary meetings have been seasons of interest and profit.

"Outside the College as well, the students have been active in Christian work. Besides conducting weekly prayer meetings in the east and west ends of the town, teaching in the Mission Sabbath school, holding services each Sunday in the Gaol, and preaching occasionally in the town pulpits, 391 sermons were preached. For this they received, in addition to what the fields gave them, \$206.95 from the Ministerial Committee. It is a real hindrance to the students in their studies to preach so frequently, but they are compelled to do so to enable them to pay their way at College. I trust the day is not far distant when the churches will respond more generously to the claims of ministerial education.

"I cannot close this report without testifying to the faithful work of teachers and students alike. The fact that, of the large class of 23 that wrote on their final examinations, none failed, is of itself evidence of this.

"The Manual Training Department deserves special mention. Under the able and enthusiastic direction of Mr. Clarke, this department has become increasingly popular. No work of the school is more healthful in its influence than this, and none is more stimulating and helpful in bringing out all that is in a young man."

REPORT OF MOULTON COLLEGE.

(Extract from the Report of the Principal, Miss L. A. Smiley, M.A.)

"The number of students for the three terms respectively has been : In the College itself, 88, 82, 87 ; in music only, 1, 3, 3 ; in art only, 10, 13, 10 ; giving a total of 99, 98, 90, and an average of 96. This is exclusive of the Saturday morning class of children in art, which has averaged 11. Our average attendance last year was 107, against the 96 of the present year. This difference is about equally divided between the art school, the preparatory department, and the day pupils of the College, and in view of the class of pupils who have dropped out, does not argue any weakness in the College itself. On

the other hand, the number in the family has increased—the average being 46 students, instead of 40 last year. Nine new pupils entered after Christmas, and, but for the prevailing sickness at the time among the pupils or in their homes, our house would have been filled.

“The change made a year ago in the music department is a decided improvement. A good course of musical study, leading to a music diploma, was laid out in the fall, and so arranged as to be pursued in connection with any one of the College courses, by adding the necessary time.

“The social and religious life of the family has been delightful. The intimate relations between teachers and pupils has become more than ever established as the basis of mutual sympathy and confidence. Marked progress has been made towards building up among the pupils a healthy sentiment of loyalty to the College, and of personal responsibility for its character. The *esprit du corps* growing out of this sentiment is becoming a power for good. There has been a strong and steady religious spirit, laying hold of the conduct, as well as the purposes and feelings of the girls. Some conversions have occurred; two have been baptized into the fellowship of the Bloor Street Baptist church; four pupils and five teachers have joined that church by letter or experience, and one pupil, the Bloor Street Presbyterian church, on profession of faith.

“I express the hope that the matter of a gymnasium will receive your prompt attention, and our want be supplied with as little delay as possible. I would say, however, that the needs of the school in the near future will demand that the building on the vacant lot shall be more than a gymnasium. It ought to provide a large chapel and recitation rooms, leaving the house for the use of the family.

“I present this report with the conviction that there has been substantial growth in the life and work of Moulton College during the year, though only a beginning has as yet been made along the lines of progress that go to the making up of the ideal college for girls.”

May 2nd, 1892.

FEEES.

“The aim of the Senate and the Board is to provide thorough mental discipline and training, under active Christian influences, in all departments of McMaster University. This can only be done satisfactorily by the employment of an able and adequate teaching staff in each, and securing every needful facility for first-class work. It is believed that it would be an abuse of the trust for the governing bodies to set any lower aim before them in their administration. There is no cheaper education offered in kindred colleges in Canada.

In Woodstock and Moulton a reduction of ten per cent. from regular rates is made on all bills of two or more children from the same family, and, by the recent action of the Board of Governors, a special discount is given to children of Baptist ministers of Canada. No charge is made after the first year for the tuition of ministerial students at Woodstock, who have been accepted by the Ministerial Committee, nor, as yet, for such students while pursuing their Arts course, if they are not able to pay for the same, while all students receive free tuition while pursuing their courses in Theology."

CHARTER AMENDMENTS.

"The Senate having by resolution expressed its judgment that it is desirable that the Faculty of Moulton College should now be accorded a like representation at the meetings of the Senate with that enjoyed by Woodstock College, a committee has been appointed with a view of securing any necessary amendment in the Charter. This committee will also see what, if any, amendment may be necessary to give full effect to any adjustment involved in the recent action respecting the organization of the University Faculty."

MINISTERIAL EDUCATION FUND.

"Owing to the pressure from Home and Foreign Missions, the contributions from the churches in aid of ministerial education is in danger of declining. \$1,342.23 was received during the year. An unusual number of young men in our churches are turning their thoughts to the ministry. One of the greatest claims upon our churches is that they have a constant care in the rearing and training of faithful men, called of God, who shall be workmen that need not be ashamed, whether laboring at home or abroad—men who are able to teach God's people, and to lead them forward into all the activities and enterprises of the denomination. A most important means of discharging this claim is presented in the opportunity of regular annual contributions to ministerial education. It is earnestly hoped that a larger place will immediately be given to the claims of this fund. The money is chiefly expended in mission work in co-operation with the Home Mission Board, and a more liberal supply is imperatively necessary if the young men who are pressing forward with a view to careful preparation for their great work, are to be trained in large and increasing numbers in the departments of our own University. The following is a statement of the fund:—

UNIVERSITY ACCOMMODATION.

"In order to place the largest possible accommodation in McMaster Hall at the disposal of the Faculty, for the residence of students and class-room work, the proposal of the resident Professor, Mr. Trotter, to remove from the building, was accepted by the Senate and the Board. While they would have preferred to have a Professor resident in the Hall, the confidence expressed by the Faculty and the Chancellor that the character and discipline of the students afforded a reasonable guarantee of satisfactory order through the direct supervision of an Executive Committee of the students whose chairman should be in daily touch with the Chancellor, rendered it possible to utilize the additional space thus made available to meet the needs of the current year. A semi-detached house has also been secured to ensure proper residence for additional students. An excellent temporary biological class-room, and a chemical laboratory, have been fitted up and equipped; the former reception-room and the chapel are used for additional class-rooms; while one of the lecture-rooms has been set apart for the department of Physics. Experimenter's tables, with gas, water, and electric connections have been provided in the biological and physical rooms. These equipments, with those purchased in Paris last year, place the Professor of Physics in a position to give full practical courses in electricity, light, heat, and sound. The Natural Science proper, requires ampler accommodation of a permanent character."

POSITION AND RESPONSIBILITIES.

"In closing this Report, the Senate and Board gratefully recognize the good Providence which has thus far led them in discharging the responsible duties devolved upon them. The vast importance of all departments of our educational work is becoming clearer and clearer to those entrusted with the administration and development. As a denomination we have gone beyond the stage of preliminary discussion and tentative organization in this work, and it now remains to give it that place in our Associations, and the Convention, in our churches and at the family altar, which is given to other great enterprises of the body. The special needs of the Ministerial Fund must not longer be neglected. The blessing which is attending the work at Woodstock

and Moulton, and the unmistakable response of our young men and young women seeking liberal culture, to the work in our Department of Arts, must clearly indicate to all the duty of the immediate future. Our Theological Department will shortly reap abundantly the fruits of the Department of Arts, and thus, as never before, overtake the work it is so admirably equipped to do. It now remains that the Board address itself to careful plans and wise measures with a view to receiving necessary accommodations. It is believed that the relation of this work to the prosperity of our beloved denomination at home and in the foreign field, is too manifest to be unrecognized by all thoughtful minds in our churches. The principles we hold dear must be carried into the forefront of the battle, and trained men are especially needed for the work God is so evidently setting before us. It must not be that the Provinces of Ontario, Quebec, Manitoba, and the great West shall not have, so far as it is possible to us, the best trained men, and in the largest numbers, to carry the truest Christian principles, intelligently and effectively, both into the pulpits of our churches and into the various positions of influence in all the walks of social and civil life. McMaster University is ours to cherish and develop as an instrument of power for all earnest and noble service for our Lord and Master."

It is very gratifying to add to this Report that on Thursday evening last, a portrait of Dr. Castle, painted by J. C. Forbes, was publicly presented to the Board of Governors, by Dr. Newman, Chairman of the committee appointed to procure the portrait by the Senate, and Board of Governors, the Alumni of Toronto Baptist College, and the Jarvis Street Church. An eloquent address on the life and work of Dr. Castle was delivered by Dr. Welton at the presentation. This memorial of our departed brother, who toiled so long and well in connection with our educational and other undertakings, and who was the former esteemed pastor of Jarvis Street Church, will be placed by the Board in the University.

The Report of the Treasurer is submitted herewith.

Respectfully submitted.

ANNUAL MEETING.

The 56th Annual Meeting of the Grande Ligne Mission was held (being changed from February as heretofore to October, according to the vote of the Annual Meeting of 1891,) on the 7th of October, 1892, at three o'clock, p.m., in the French Baptist Church, Mance Street, Montreal.

Mr. A. A. Ayer, President of the Board, occupied the chair.

The minutes of the past Annual Meeting were read and adopted.

The Secretary, Rev. T. Lafleur, then read the Annual Report, which is printed herewith.

Mr. Joseph Richards, Treasurer, presented his Annual Report, and Mr. John McKergow presented the Treasurer's Report of the Building and Endowment Fund, both of which were adopted.

The President said a few words in support of the action changing the time of holding the Annual Meeting, and of the duty of the Baptists of Canada to put forth renewed energy and increased generosity in view of the success lately secured, and the disturbed state of the Catholic mind on account of recent scandals among the clergy in the Province of Quebec.

The election of the Board of Directors was then proceeded with.

The following persons were, on ballot, elected Directors for the ensuing year.

A. A. Ayer, Rev. T. Lafleur, Joseph Richards, John McKergow, Rev. Donald Grant, Rev. A. L. Therrien, Rev. G. N. Masé, Rev. M. B. Parent, J. W. Tester, W. H. Chapman, W. A. Scott, Joseph Picard, the President of the Baptist Convention, Rev. E. W. Dadson, George Foster, Brantford; Rev. A. Cohoon, Nova Scotia.

The following were elected as Advisory Board :—

S. P. Hibbard, Boston; John A. Cameron, Ottawa; W. A. Marsh, Quebec. On the election of Rev. A. P. McDiarmid, as Secretary of the Board of Foreign Missions, this Board elected Mr. Thos. Leeming, an old friend of the Mission, in his place.

The newly elected Board met and elected the following officers:—

A. A. Ayer, *President*; Joseph Richards, *Treasurer*; Rev. T. Lafleur, *Secretary*.

FIFTY-SIXTH ANNUAL REPORT.

A change in the time of holding the Annual Meeting having been thought advisable, this Report will embrace the account of less than eight months of labor, the last Annual Meeting having been held on the 18th of February.

In our last Report we said, "we look upon the closing year as one of the most remarkable in the history of this Mission"; and to-day we add: it is doubtful if there has been such an eventful eight months in our whole history, though that history, not yet fully written, contains many an eventful epoch, often lost sight of in the ordinary dull drudgery of every day duties, or in the swift current of events in our modern life. It may be encouraging and inspiring to recall a few of those events as proofs that at times they have been greater than our faith expected, and were surprising answers to our prayers. The first convert in this Catholic domain was an event, for the Catholic clergy had often boasted that a French Canadian had never left the faith of his fathers, and that none had died without the ministrations of the priest. The first converted priest was a greater event for the priesthood here, where conversions had always been the other way, some Protestant ministers having joined the Roman Catholic church. The conversion of Dr. Côté, a prominent member of Parliament, a noted patriot chief, a voltarian, but a Catholic nevertheless, was another remarkable event. The conversion of the most noted priest in this country, the great apostle of temperance, as a priest, was a most unexpected event, because Father Chiniquy was an open enemy of the Protestants, as well as of intemperance. Though not residing then in Canada, he was ministering to French Canadian Catholics at St. Anne de Kankakee, in Illinois; and when he came out of the church of Rome, with half of his large parish, it was a great blow to that church, in spite of the general denunciations of the Catholic press.

However, nothing has ever shaken the power of the priesthood so much as the publication of two recent events. The first event is the evangelical movement, and remarkable conversions at Maskinongé; and the other is the revelation by the French Catholic press of shameful scandals perpetrated by several members of the priesthood. By both they have been stabbed to the heart. The first incident took place in the heart of the French Catholic population, in the midst of the most ultramontane, bigoted diocese of Quebec. Respectable citizens, well to do farmers, resisted the glaring injustice of their bishop and his priest, in the matter of the building of a church edifice. After

their temporary building had been finished, and a Redemptorist Father sent by the bishop had *curst* it, those quiet, respectable, religious people began to read the Gospel, to listen to our missionaries, and on the 25th of August, eleven of them, mostly heads of families, made a public profession of their faith by baptism, before a large audience of French Roman Catholics. It sent a thrill over all the land. The quiet and solemn service, and the way in which it was related and generally appreciated by the French Catholic press, forms a new era in our labors.

When last winter we wrote: "The Maskinongé movement may prove the beginning of a new era in the struggle for soul liberty, and in which we may look for larger soul awakenings," it was in trembling that the movement might again collapse under the tremendous power of the priesthood, as it has so often done in similar difficulties. Thank God! it has not. Those who there came out openly, publicly, making profession of their new faith, formed themselves into a branch of an evangelical church; and there in the *curst chapel*, partook at the evening service of the symbols of the body and blood of their crucified and risen Saviour. It was a solemn moment, tender and inspiring, long to be remembered, and a promise of greater things to come, of many more who will follow those religious services, who have already renounced the teachings of Rome.

All this is taking place at a time when a portion of the French Catholic Press is boldly revealing atrocious scandals committed by members of the priesthood. Of course they say in extenuation, so as to sweeten the too bitter pill, that Protestant ministers are likewise guilty. They very well know that there is no comparison in the gravity or the frequency of the offence. The few Protestant ministers who do succumb, with all liberty to marry, and without the confessional and the forced celibacy combined, furnish the strongest argument against the Romish system.

We do not rejoice that there are such evils, but as they do exist on an alarming scale, we are glad that some are revealed, to show to a large number of Protestants, either ignorant or blindly charitable, that our own preaching of an Evangelical reformation among the French Canadians, has a very good *raison d'être*,—is amply justified.

This short year of eight months has been full of work, by all of the missionaries, colporteurs, evangelists, teachers, pastors and writers in their different spheres. Never before have we made such a large use of the Press, and in this department none have been more industrious than our ex-priest, Rev. N. Grégoire. We have published several tracts in French from his pen on controversial subjects.

The Feller Institute closed its session at the end of April, after a good winter's work, showing some of its immediate religious results in the public profession of their faith by baptism, of twelve of its pupils.

Two of them left the school to engage in the work of Colportage during vacations, and many others have gone home bearing their testimony to the truth in their families, or in other situations.

The largest number of pupils in attendance at any one time was 120.

The reports of the different churches have reached us, and are of an encouraging nature. We knew, from the partial reports given at the Association of our French churches, held at Marieville at the end of June, that there were many items of interest among them. The Meetings of that Association were the best, the most spirited, and spiritual, we have had in many years. As they were largely attended, we expect blessed results from them. Reference must also be made to the Grande-Ligne Students Pic-nic, which took place at Christieville in the beginning of July. Some three hundred French Protestants gathered there to renew or make acquaintance, to strengthen each other's hands in the great work of religious reformation in our land so sadly taught or untaught by the ecclesiastical leaders.

We have referred to Maskinongé at some length, as the most striking opening in our wide field, but there are several other places where our missionaries find easy access, and where there are premonitions of a large work of reformation, such as Kamouraska, where Mr. Burwash had been allowed to preach in a Catholic church in circumstances resembling those of Maskinongé; St. George de Cacouna, where several families read the Gospel and gladly receive the visits of the missionaries, and Sorel, a beautiful town, where large meetings have been held in a store rented for that purpose.

Two of the Grande Ligne students, Messrs. Genet and Thibadeau (both were Roman Catholics two years ago), have been successfully engaged in colportage work during their vacation; Mr. Léonard Thérien spent his vacation as evangelist in the field of Magog; and Mr. Geo. R. McFaul has been laboring, aided by the Home Mission Board, at St. Eugene, Ont. Miss S. Piché has given her time of vacation to the work in Maskinongé, where her services have been highly appreciated by the people there, and also by the Board of Directors.

The most important change has been that of our young brother in the ministry, Mr. Bullock, who has been transferred from Ottawa to Maskinongé. We all felt that he was rather young to assume the charge of that important field, where there are matured men who are new converts, but we hope that they will grow together.

We may safely say to our friends, supporters and co-helpers, that we have renewed assurance of God's approval of our labors, when able to state, that, besides the larger outward movement, we rejoice in the fact that during the last eight months we have had an aggregate of 31 baptisms in our mission field.

this life. Our venerable brother, the Rev. T. Riendeau, for some fifty years connected with the mission, first as a student, then as a teacher, evangelist and pastor, and for many years one of the most devoted, persistent collecting agents for the mission. This beloved brother died at his home in St. Johns, on the 28th of August. For a few years he had been in failing health, with impaired faculties. It was to him a great sorrow that he could no longer travel, visit Christian homes and evangelize as he used to do. His zeal had often to be repressed by members of his family, or intimate friends. He died peacefully in the joyous assurance of the glorious salvation that he had so often lovingly preached to others. Thus ended a long, useful and exemplary life. His remains were taken to St. Marie de Monnoir, where his wife and a child are buried, and where he had been pastor for twenty years. A large concourse of friends, Catholics as well as Protestants, accompanied his remains and filled the church.

This last service was conducted by the present pastor of the church, Rev. A. J. Lebeau, and an old intimate friend of Mr. Riendeau, Rev. Theo. Lafleur, of Montreal.

AGENCIES.

We owe an apology to a most kind and devoted brother, Rev. P. A. McEwen, for not having in a former report mentioned his excellent work of collecting on our behalf in 1890, both in Canada and Great Britain, where he spared no time or pains to secure the sinews of our warfare. Rev. A. E. de St. Dalmas has worked successfully during the past year as collecting agent for the Mission in Canada, and in the United States. The Rev. P. H. McEwen has also been engaged for us in this self-denying work in Great Britain.

We owe a continued debt of gratitude to the Ladies' Associations of Brooklyn, of Philadelphia, of Toronto, of Ottawa, and of Montreal. We tender them our sincere thanks for their continued efforts on our behalf.

COLPORTAGE AND EVANGELISTIC WORK.

For many years we have not been able to secure and employ as many of those important pioneer workers as we have this year. Mr. Grenier has continued his work in Quebec, with the aid of his devoted wife, and has been greatly encouraged and blessed. Our now old and faithful, genial, wise Bro. Gendreau, has also been abundant in good work, often in the company of Rev. A. Burwash, acknowledged by him as his right hand man, in new openings. Two of our students, Genet and Thibadeau have done excellent work at Sorel, Isle de Grace, and elsewhere, as colporteurs. We are greatly pleased that, though so recently converted from Romanism, they show so much tact and perseverance in this arduous work. We were prepared to see them zealous at first, that is natural, but they have shown prudence as well.

Mr. Frappier has also done a good deal of colportage work in the Ottawa Valley; has spread a large number of copies of the Holy Scriptures, and distributed a great many tracts.

FARMS.

Any one visiting the farms at Grande Ligne, belonging to the mission, will be pleased to see how well they are kept, and how much they have been improved of late years. The pupils who go to the Grande Ligne Institute, many of them sons and daughters of farmers, cannot but compare and see what education will do, even for farming, and how much better cultivated is the land which has a cultivated owner, that will work with his brains as well as with his hands. It is our intention and wish that they should thus be generally educated, so that our boys and girls may carry the influence of their culture in all the spheres of life where they may be called to act their part. It is hoped that here the students may see and learn a better class of farming, and thereby be attracted so as to be satisfied to remain farmers, and thus influence in this Province their own race and kindred for better temporal as well as spiritual things.

T. LAFLEUR,

Secretary.

By vote of the Convention in Brantford, all the churches in Ontario and Quebec were requested to make regular systematic offerings to the Grande Ligne Mission.

In these two Provinces we hope collections may be taken as in Home and Foreign Missions.

Churches may consult the Associational Secretaries, whose names are herewith given :

Our Agent will visit the churches in the United States that are accustomed to contribute to our work, and we trust that our many friends in the Maritime Provinces and in Great Britain will, in their own way, continue to give us their valuable and much appreciated aid.

We have in preparation for the press, copies of various letters which have been written by priests, editors and others, to our converts at Maskinonge, and the replies thereto. We expect to circulate these in French throughout the Province, and to print them in English for the information of the friends of this Mission everywhere. We believe that the arguments presented from the Catholic standpoint and ours will create a widespread interest.

OUR NEEDS.

The estimates for 1892-93 are \$20,000.

We need Sunday schools who will give annual scholarships of \$50.

Last year we said the Endowment should be raised speedily to \$100,000. Some of our friends think we ought to have \$1,000,000, and we all quite readily agree to it.

The Gymnasium has been erected, now what about the Principal's residence?

We need a church building of our own at Maskinonge; we have secured the ground.

We need the prayers of God's people, and the power of the Holy Spirit, or our work will be in vain.

NOTES.

Nearly every English speaking Protestant church in the Province of Quebec has more and more each year to contend with the influence of an ever-increasing French population. If we are to reach them with the Gospel, it must be, as a rule, through their native tongue.

In no way can our English churches become so aggressive, as through the instrumentality of English pastors who speak fluently the French language. If some of the churches are to live, it must be by such a course.

Where are the English young men that we expected to devote their lives to this work with as great enthusiasm as do Foreign Missionaries? Surely the call is as great to learn the language of more than a million people who are ignorant of the pure Gospel—people who are our neighbors and fellow-citizens, as it is to go anywhere else to learn the language of those who are without Christ.

The French language can be acquired at Grande Ligne, while pursuing the regular course there of Greek and Latin, or other studies preparatory to entering University.

"And how shall they believe in Him of whom they have not heard? And how shall they hear without a preacher? And how shall they preach except they be sent?"

TWENTY-EIGHTH ANNUAL REPORT OF THE SUPER-
ANNUATED MINISTERS' AND WIDOWS' AND
ORPHANS' BOARD.

The report of this Board record no occurrences of unusual interest. As in other years of the history of the fund, there have been changes, but only such as may be expected, where the chief interest centres in the aged and infirm. No period of human life can offer any legitimate claim to exemption from disease and death. When youth and strength succumb to the last enemy at unexpected times, and in unlooked for forms, we are not much surprised when the touch of his cold hand freezes into the stillness of the grave, the life flow of those who are wasted with disease, or who have reached or travelled beyond the age usually allotted to man on the earth.

In March last, two widows, who for a number of years received financial help from this fund, were called to their rest and their home above. Though not among the oldest recipients, both were well advanced in years. One of them was the widow of the late Rev. T. L. Davidson, D.D. The other was the widow of the late Rev. R. B. Smith, who survived her husband sixteen years. Our highly esteemed brother, the late Rev. John Crawford, has, after a long life of devoted usefulness in the Master's service, passed over to the other side. It may be said he received no personal benefit from the fund at the disposal of this Board. Only one appropriation of \$60 was made to him in May last, the greater part of which was, by his own proposition, retained in the hand of the treasurer, as compensation for past years, in which the payment of annual dues had been neglected. The sad and sorrowing partner of his life and labors has now a right to share in the benefits of the fund, till she too finishes her pilgrimage.

Eight old ministers, eleven widows, and five children under fifteen years of age, have in the past year participated in the benefits of the funds. Our gracious God, ever faithful to His covenant, ever mindful of His needy servants, has supplied the means to meet all legitimate demands on the treasury, so that these twenty-four persons have received the constitutional allowance. This has amounted for annuitants to \$1910, besides incidental expenses. The Treasurer's statement will present in detail the income and disbursements for the year.

Since last annual meeting two additional members have been added to the list of annuitants, Mrs. Crawford, who now takes the place her late husband would have occupied, and the Rev. W. K.

Anderson, who for forty-two years has labored faithfully and efficiently in the ministry in Ontario as a successful preacher and pastor; and now at the advanced age of 72 years is unable, through physical infirmity, to discharge the duties of the pastorate. While some are, nearly every year, called away from us to the home where they will not hunger nor thirst any more; others, from whom the end of life's journey is not far distant, are taking the place of those who are gone, on the list of annuitants.

The prospects for money to meet the liabilities of the coming year are nearly similar to what they were one year ago. The amount in the treasury is \$701.19. With the accrued interest on invested capital and dividend from Standard Publishing Company, the Board will be able to pay the claims of the first half of the year. Though we cannot now see where the funds are coming from to satisfy the demands of the whole year, we can trust in the Lord, and trust is better than sight.

The list of annuitants for the year has on it the names of seven old brethren, who may be able to preach occasionally, but to whom the pastorate is impossible. There are also ten widows and five children under fifteen years, twenty-four in all. The legitimate claims of these on the fund for the whole year reaches \$1920, of this is needed now for the first six months \$960.

The small annual appropriations from the fund may seem to many insignificant. Not so does it appear to the recipients. It is indeed inadequate to the support of a family of two or three, living in the most economic manner. But the original intention of the fund was not to furnish a complete living to its beneficiaries. It was intended rather as a supplement to other slender inadequate resources. Had the annual appropriation been double what it is, the amount of yearly fee required would have lifted the benefits of the fund beyond the reach of a large number of our pastors; the very men who some day will most need them; and would make them available only to those whose more ample salary could sustain the expense. It was to help the more needy of our ministers when sickness or old age makes work impossible the fund was created, and while its benefits are open to all it was considered unwise to place them beyond the reach of the poorest. Many of these men are giving their life to a work for the Lord among people and in places to which the more brilliant among our ministers do not consider themselves called, and who even, if they tried, might not do the work as well. Those men are worthy of double honor, who at the call of God and duty, are ready to lay aside every consideration of ease and prominence, and are willing to go to the new, desolate and destitute settlements of our country, to feed and care for the few poor and scattered sheep of Christ who may be found there and to increase their number by gathering into His fold those who are still outside of it. by the occupants of more favored places, many of them do their work with barely enough means to secure for themselves and their dependents the merest necessities of life. Their privations are not referred to by way of complaint, for the men who are ready to go any where at Christ's call, and bear all things for Christ's sake are not the complaining sort. They are only living and laboring as the Master lived and labored, and the servant is not above his Lord. But surely when the days of these men reach a point at which, through sickness or age, labor becomes impossible, it is the duty of God's stewards to whose hands He has committed the means, so to provide that their closing years shall not be left to absolute want.

Is not this fund a greater benefit to those who are thrown on it than the small insurance on their life any of them might be able to effect, and there are not a few unable to take any risk. But suppose a man carried a \$1000, if laid aside from work, that assurance is not available while he lives, whatever his need; or if it is on such conditions that he can get a part of it, he gets it at a loss on the whole. He dies and the money comes to his family. Unaccustomed as they have been to handling money \$1000 seems considerable wealth. In three or four years it is all gone, and there is nothing to fall back on. It would require \$2000 invested at six per cent. to produce what an old minister annually gets from this fund, and \$2000 at five per cent. to produce what a widow receives annually from it. In the case of the two widows who died last year, one received \$1060, and the other \$822.

Since October, 1877, twenty-nine old ministers and twenty three widows, fifty-two in all, have been helped from this fund. Among these has been distributed \$36,695.06, an average of \$1467.50 for each of the twenty-five years, and an average to each of the fifty-two persons of \$705.60. Six of the twenty-nine old ministers left no widows or dependents. Seven of the twenty-three widows were left with children under 15 years of age. Seven of the old ministers and ten widows still live, and two of these widows have children under fifteen years old. Some of those first helped drew from the fund but a short time before death, and of course received little. Some who lately came on the list of annuitants have not yet received much. About two-thirds of the annuitants have received an average of about \$1000 each.

In closing this report it may be stated that two of the annuitants are on the Executive Board. Is this proper? It is for the Convention to decide.

Respectfully submitted,

J. DEMPSEY,

Secretary.

REPORT OF CHURCH EDIFICE BOARD.

The year just closed has been one entirely uneventful in the history of the Church Edifice Board.

It will be remembered that at the last annual meeting of the Convention it was thought well to bring the proceedings and work of the Board into close affiliation with the work of Home Missions, and therefore three members of the Home Mission Board were elected to serve upon this Board. Nothing was done for some months to put the united machinery into action, and when action was taken the whole matter was referred to the officers of the Home Missions.

Upon looking into the matter it was found that all the funds at the disposal of the Board were loaned out to the churches, and as a consequence, even applications for aid could not be responded to until the money due from the churches was returned. In the limited time at our disposal, since undertaking the direction of affairs, it was found

nearly impossible to get the churches to answer favorably to our requests to return the instalments due. Most of them wrote us that they thought they had the money as long as they liked to keep it. Gentle pressure has been brought to bear upon them, but the return from all of them has been sufficient only to present a modest amount to the church at Toronto Junction.

We would respectfully request the Convention to suggest some means of obtaining money due the Board when it is due.

We hope that sufficient interest may be taken by the churches in the important work of the Board to make annual contributions to the funds.

We may state, in closing, that if properly carried out, we believe that the work of the Church Edifice Board is one of the most helpful auxiliaries in planting New Testament churches all over our Province. Many of our prosperous churches would not have had existence, humanly speaking, but for the kindly offices of this Board.

Respectfully submitted.

ABSTRACT OF REPORT OF EXECUTIVE, READ AT THE CONVENTION IN JULY, BY PASTOR, ALEX. GRANT, SECRETARY OF THE BOARD.

Extended reference is made to the absolute necessity of Home mission work, *e. g.* "With us the alpha and omega of our visible existence is mission churches." Again, "Our very present is cut off root and branch should Home Missions cease."

LARGE INFLOW OF IMMIGRANTS.

"Our country has become the receptacle of a portion of the overflow from all European lands."

The eastern provinces are crying out against the depletion in their population through removals to the North-West. The United States has begun to appreciate the opportunities this country affords for building up happy homes. The immigration figures for the last six months are enormous. During our term of office thousands of families have settled within the confines of our mission territory.

REV. H. G. MELLICK, HOME MISSIONARY AND EVANGELIST.

The appointment of our Bro. H. G. Mellick, to the work of superintendence is the result of the turning of his mind toward our work and of a demand which was so much felt and so frequently expressed.

His former connection with the North-West country, his associations with the eastern provinces as a student and pastor, and his sound and aggressive principles, recommend him to us very strongly. We commend him very heartily to you and the work. Let us remember that no man can accomplish his best work when laboring under restrictions of limited confidence or hasty and narrow criticism.

RELATIONS WITH THE EAST.

Our relations with the east, whence our supplies in large measure come, are peaceable and cordial.

A good deal of correspondence has been kept up, and our case has been presented by brethren chosen by your Executive at the various Associations and Conventions.

Our own people have augmented their offerings during the year, for which a special glow of thankfulness is felt, and Bro. D. D. McArthur, has, during six weeks in the early spring, greatly increased the interest felt in our Home Mission work.

ENCOURAGING STATE OF THE WORK.

The state of the work throughout the country is most encouraging considering all the circumstances. We have a greater number of churches, pastors, and workers than ever before. Pastors are settled in the following fields:—Winnipeg, English and German; Portage la Prairie, Brandon, Oak Lake, Regina, Emerson, Stonewall, Carman, Morden, Pilot Mound, Hartney, Neepawa, Moose Jaw, Ebenezer, (German), and Edenwald (German). Pastors are elected and will settle immediately after Convention at Rapid City, Calgary, Boissevain and Shoal Lake, with Strathclair and Rosemount. Unordained missionaries and students are laboring at Manitou, Chesley, Melita, Oxbow, Long Creek, Moosomin, Qu'Appelle, Summerbury, Medicine Hat and Brandon out-stations. Most of the above fields represent two and three, or sometimes more, preaching stations besides.

Very little change in the pastorates has occurred during the year. We regret the departure of Bro. G. Cross, from Calgary. His desire to pursue theological study, and not decrease of interest in our North-West work, influenced him in his action. Bro. H. E. Wise, a graduate of Manitoba University, and one of our student missionaries for the past three years, has accepted a call from the church and will settle at once. This leaves Long Creek vacant for which immediate provision should be made.

Bro. McArthur resigned in Manitou and is now very comfortably at work in the large and important field in and around Hartney. In his place in Manitou student P. C. Cameron is labouring this summer. A pastor will be required in the fall. By no means should the winter's

work, which is often so productive of ingathering, be faced without the church being equipped with a pastor. The field is a good one and the cause bright and promising.

Bro. Hall continues to fight the good fight in the border town of Emerson against evil of all sorts. His work is hard, his toil unremitting, and his strength impaired, but results are coming and the church is encouraged.

Stonewall is happily settled with Bro. Davis as pastor. The year has seen old scores wiped out, much teaching and evangelizing done and the work laid on a solid basis. At an early day we expect much fruit on this field.

Carman, in charge of Bro. Bracken, is growing apace. The church is now in the act of erecting a beautiful and comfortable house of worship. Their liberality in making provision for this out of their limited means and numbers is commendable and encouraging.

Morden has had solid advance during the year. Bro. McLatchey is faithful and hopeful, and the outlook is much improved. A proposal is on foot to move their building to a more central situation.

Pilot Mound enjoys the scriptural and diligent ministrations of Bro. Auvaiche. He is launching out into the country and expects that a new church organization will be completed out of material he has in sight.

Neepawa is backward and goes slowly. There are but a very few members in the town. The services at out-stations are more encouraging. Bro. Dunlop has resigned and a laborer should at once be sent. The debt on this house of worship is a great drag to them.

At Oak Lake and surrounding country Bro. Cripps continues to do apostolic work, going from house to house, and settlement to settlement with Gospel bread.

Bro. Mack is but lately settled at Moose Jaw, yet he already reports tokens of interest and encouragement. The old records have been found, old members looked up and additions of new brethren, who have in the meantime moved in, represent somewhat their history thus far.

Regina is leading up right along. Not yet a year old, but work which might well recompense us for years of toil and outlay stands very visibly before us. Bro. King, with his enthusiastic and vigorous disposition, has been fairly lifting things up and running with them. We thank God for our brother and his location in the Queen city of the Territories.

Student Marshall upon completing his second year of college work was appointed to a new field, new only in part, inasmuch as at one time a cause existed in Grenfell. His labors are extended over ground lying between Wolseley and Grenfell with Summerbury as a centre. No church is as yet organized, but before the summer is done this will be attended to.

Bro. Robinson, who also has finished his second college year, is at work in Moosomin with better prospects of making a permanent occupation there than ever before. The Baptist brethren in and around this good and growing centre of population are united and hopeful.

We expect that this summer will show large results. In Qu'Appelle our Bro. Sweet is hard at work. The field kept up its work well through the winter, so that on our brother's appearance this spring everything was in running order.

At Medicine Hat, Bro. Chapman is laboring. Our brethren in this place should be very dear to our hearts for their loyalty and patient endurance until we could send them a missionary. Whatever be Medicine Hat's future commercially, we cannot afford to refuse our aid to such a true and staunch little band of believers.

On the Chesley field, with its two churches and numerous appointments, where Bro. Riggs labored last year, Bro. Saunders labors this year. The territory here is well in our hand, and we should be faithful to our trust.

In Melita and all around us, as far as horses can drive, Brother Collinge labors. No talents are lying buried in this brother's case. Rather may it be considered whether our brother owes to himself, and we also to him, that he have further opportunity of acquiring such additional education as would increase his usefulness; as a pioneer in south-western Manitoba, he has put us under lasting obligation to him.

In the further Souris country where we expected to place two men, by the lateness of our occupancy of the points, we are largely shut out for this season. A brother from Woodstock College, by name of W. E. George, has come along at a late hour in place of Bro. McFarlane, who was appointed, and he is now at work with some promise of a good summer's work.

At the out-stations around Brandon Bro. Riggs is laboring. This is hard and trying work, and under the direction chiefly of the Brandon church. Whatever be the immediate or future returns, in the judgment of Brandon brethren the work is necessary.

The Treherne church has had laboring with it for some time this spring Bro. Reekie, whose health prevented the further prosecution of the work. Immediate attention must be given this field unless we are prepared to lose what has cost hard labor and money. Cypress River field was allotted to Bro. Murdin at last quarterly meeting, but as yet no report has reached us of his being on the ground. Lethbridge we thought best to leave unoccupied for the present.

THE GERMAN WORK.

It remains for us to report to you concerning a very important sphere of our mission work, viz., that among the Germans. It is well known that our country is in receipt of a large annual influx of Ger-

mans, and that we have no better class of colonists than they. It may also be affirmed with confidence that Germans are as intelligent thorough-going Baptists, when they are Baptists, as can be found. We have three missionaries among them and three churches—the parent church in Winnipeg, where Bro. Petereit is pastor; the church at Edenwald, north of Regina, where Bro. Pöehlman is pastor, and the church at Ebenezer, beyond Yorkton, where Bro. Brucks is pastor. Bro. Petereit has been truly performing the labors of a general missionary, visiting the many and scattered settlements of his countrymen throughout Manitoba and the North-West, besides attending to the various and increasing duties of his metropolitan pastorate. Brother Pöehlman has endured hardness as a good soldier of Jesus Christ among his people, on, over and under the bleak North-West prairie. Bro. Brucks was ordained to the ministry during the year. We are sorry that harmony has been broken among the brethren in his charge. Everything should be done, and at once, for its restoration.

There is a danger that we are not sufficiently impressed with the grand opportunities presented to us in our German work. On the one hand by the Mennonite, and on the other Lutherans, we are surrounded by an amount of material on which to prove the power of a simple living Gospel, which is wonderful. It has been submitted to us from one source and another that Bro. Petereit be appointed to act as travelling missionary for at least part of his time. This is well deserving of our most thoughtful consideration. It has been referred to the new Board which will be appointed by you.

HOUSES OF WORSHIP, AND CONCLUSION.

Houses of worship have been built in Medicine Hat, Boissevain, Rosemount, Melita, and Regina. In Moose Jaw a hall owned by a Baptist brother is gratuitously tendered for use, which, in the meantime, meets our needs. In Carman, Oak Lake, Moosomin, Hartney, and Griswold, there are church buildings projected, and will, in all likelihood, be opened this year.

SUNDAY SCHOOL REPORT.

Mr. Wilson presented the report of the Sunday School Committee, which made the following recommendations :

- (1) That half a day be set apart at the Convention for Sunday school work ; or that a Baptist Sunday School Convention be organized with meetings annually.
- (2) That the importance of establishing and operating Baptist Sunday schools be urged upon pastors and students.
- (3) The adoption of the home Sunday school system where winter schools cannot be kept up.
- (4) That attention be called to the urgent need of educating the children to a more systematic way of giving, the money to be theirs and the children to know how it is expended.
- (5)

That mission bands in connection with Sunday schools be established wherever possible; information be obtained from Mrs. George Smith, Portage la Prairie. (6) That the teaching of temperance form an important part of the work. (7) That teachers' meetings be held in every school; or, where it is not possible, that the pastor or missionary discuss the lessons half an hour previous to the prayer meeting or service preceding the Sunday school. (8) The use of lesson pictures and blackboards. (9) That in towns and cities classes of older scholars be instructed not only in the truths of the lesson, but also in the methods of teaching. (10) That the teachers, as far as possible, deal with the pupils individually. (11) That at regular intervals there be held church services suited to children, and especially young Christians. (12) That the report forms be amended so as to include the number of conversions, visible results otherwise, papers distributed, books in library, total amount raised, amount spent for home missions, and amount spent on foreign missions.

REPORT OF THE BOARD OF DIRECTORS OF THE STANDARD PUBLISHING COMPANY.

To the Baptist Convention of Ontario and Quebec :

Your Board respectfully submit the following facts in reference to the business of the Standard Publishing Company, during the past year.

BOOK ROOM DEPARTMENT.

Your Board has sought to reduce still further the overgrown stock of the Company. Through buying with care, but chiefly through pressing the sale of the books marked down in price, this object has been affected to the extent of \$970.25. This leaves \$5,812.20 as the value of the present stock on hand.

It is gratifying to note that the business of the Sunday school department is increasing, and that our schools are being more generally supplied with the helps, periodicals and books of the American Baptist Publication Society, with their safer and purer denominational teaching.

By reference to the financial statement appended to this report, it will be seen that the cash sales of the year have been \$5,337.97, the credit sales \$7,724.26, making a total business of \$13,062.23, which is \$1,646.50 less than that of last year. It is pleasing, however, to know that all the falling off has been in the credit sales; the cash sales being a little in advance of those of last year.

The liabilities of the Book Room have been reduced \$365.14, leaving their present total only \$264.81. While there has been a loss of \$450 on the business of this department during the year, we are hopeful that as trade improves and our people grow in appreciation of sound literature, and become more loyal to their own Book Room, its business will show a profit which will be a growing source of income to the beneficiaries of the Publication Board.

"CANADIAN BAPTIST" DEPARTMENT.

Feeling it to be imperative that the *Baptist* should be more widely circulated in order more fully to serve the purpose of its existence, an arrangement was made at the beginning of the year, with the Executive of the Woman's Home and Foreign Mission Societies, by which it was hoped this end might be attained through the Circles. It did not result, however, in any large success. Still, through the co-operation of pastors and agents the circulation has a little more than held its own.

It was also felt that a pronounced denominational tone would add to the worth of our paper, and make it more acceptable to the great majority of our people. Accordingly, at the beginning of the year, a special grant of \$100 was made to enable the editor to secure some strong denominational articles.

Again this year a large proportion of subscribers over two years in arrears have been cut off. The amount due from these—\$1,096—has been discounted 75%, while what is due from those dropped from the lists in previous years has been written off. In addition, a discount of 50% has been made on amount due from subscribers still on the lists who are over two years in arrears. From all these sources provision is made for a loss of \$1,455.44 on the face value of balances due from subscription accounts, in order to reduce them to a safe cash value. Under these circumstances, the profit of \$508.79 on the business of this department for the year is not unsatisfactory.

It is, however, ground for serious concern, that, notwithstanding the growth of our denomination in numbers and intelligence, the circulation of the *Baptist* is about the same year after year.

The total amount, including the interest on investments, to be divided among the beneficiary societies is as follows:—

Foreign Mission.....	\$304 20
Home Mission.....	243 36
North-West.....	60 85
Superannuated Ministers' Fund.....	202 80

\$811 21

All of which is respectfully submitted.

REPORT OF SUNDAY SCHOOL COMMITTEE.

The Committee in presenting the second report of the Sunday School Committee, do so with a great deal of pleasure and with a profound feeling of thankfulness that this important department in our church work shows marked progress during the year which has passed. We have received the statistics published by 18 different Associations, and these Associations report 402 schools. In our report last year the list showed 403, but this included 7 schools in Grande Ligne Association from which we have received no report during the current year. The number of schools reporting last year was 347; this year 370 schools report. The number of pupils on the rolls of these 370 schools is 32,928, being an increase of 2,414 over the number returned last year, and the average attendance is 23,177, an increase of 1,671 over last year, the average attendance being over 70 per cent. of the total number on the rolls. The report this year shows 3,858 teachers and officers as against 3,591 last year, being an increase of 267. The attendance on the Bible classes numbered 5,590, being an increase over last year of 438. 5,158 scholars on the rolls are now members of the church, being a decrease of 42 during the year, and 1,160 were added to the churches from the Sunday school during the year, being a decrease of 21. The total number of baptisms in the churches, according to the returns of the Associations, being 2,658, shows that 43 per cent. of the additions by baptism came from the Sunday school. The amount raised by the schools during the year was \$16,902.81, being an increase of \$622.45. Of this amount \$2,225.01 was contributed to

Home Missions, being an increase of \$537.05 ; and \$2,192.65 were contributed to Foreign Missions, being an increase of \$223.32. There was expended for school purposes \$12,602.41, being a decrease of \$514.75. We would call attention to the fact that very nearly 75 per cent. of the total amount collected in the various schools is spent for school purposes. We may be tempted to inquire whether this is not too large a proportion, and that there might be a reduction in this expenditure and a corresponding increase in the gifts to missions.

It still appears from the reports of our Associations that a number of our churches have no Sunday school organized. This is a matter to which we referred in our report last year, and we hope in the near future to see this remedied.

We believe that the time has come when some systematic plan should be adopted for increasing the number of our schools, and the older and stronger churches should seek to make the planting of new schools a part of the definite work of the church. The history of the past has shewn us, particularly in our cities and towns, that faithful work in a mission Sunday school has been the means of building up a large and influential church, and we think that there are many more places where Sunday schools might be established with this definite end in view. There are also many towns in which we as a denomination have no cause at present, but where there are a number of people who hold our views, and we believe that bringing these people together in Sunday school work would be the means of leading to the formation of a church in their midst. We recognize fully the number of calls that are being made upon our people at the present time, but we think that a very little fostering attention given to this matter now would bring large results in the near future. There is no department of our work at the present time that shews better results than the Sunday school, and we would leave these suggestions with the Convention, trusting that either through the present Home Mission Board or through the Home Mission Board of the different Associations, something may be done towards the opening of new schools and increasing the efficiency of those already in existence.

Alphabetical List of Baptist Ministers.

ONTARIO, QUEBEC, MANITOBA AND NORTH-WEST TERRITORIES AND CANADIAN MISSIONS AMONG THE TELUGUS IN INDIA.

NOTE.—Where no Province is named after the address, Ontario is understood. Quebec and Manitoba are indicated by Que. and Man. respectively. Students by an asterisk (*). Names of ministers not in active service are in italics. It will be noticed that the P. O. does not always correspond to the name of the church. The name of the church of which any pastor has charge is given in the list of Associations.

Note.—Great difficulty is always experienced in forming this table because of the immensity of the territory, and also for want of uniformity in methods of collection and statistics. It is not customary, for example, to report the baptisms there, and its dependencies, while chapel sittings, or church collections, are reported. The statistics of the "Baptist Union" of England, for 1901, are included in this table, and also for other countries, as Rev. Samuel Harris Blyth, D. D., for old records. The "non-reporting churches" included under Great Britain are from Dr. Bost's estimate, and the above is taken from the American Baptist Year Book for 1892, with the exception of the figures representing the churches under our own Convention.
