## APPENDIX No. 4.

## REPORT

ON THE

DISTRIBUTION OF THE GRANT FOR SUPERIOR EDUCATION,  
FOR 1864.

EDUCATION OFFICE,

MONTREAL, 10th February 1865.

To the Honorable the Provincial Secretary, Quebec.

SIR,—I have the honor to submit the scheme for the distribution of the Grant for Superior Education, for 1864.

The only new institutions placed on the list this year, are the following :

## ACADEMIES FOR BOYS.

| Village St. Jean-Baptiste (city of Hochelaga)..... | 74   |
| St. Janvier.....                                   | 56   |
| Ste. Anne de Kamouraska, convent.....              | 74   |
| St. Denis (en haut).....                           | 74   |
| Château Richer (girls).....                        | 56   |

Changes having been made in the scheme of distribution I had submitted last year, the most earnest appeals were made by those institutions whose grants were reduced. These applications were returned to me by the Government, and I was compelled to reply that it was out of my power to meet their requirements before the present distribution.

I deeply regret that the state of the Superior Education Fund and the new applications, do not permit me to recommend the restoration to these institutions of the whole sum deducted from their grant. I propose to leave the increases already made intact; the institutions in favor of which increases have been granted, must have calculated on a continuance of this liberality on the part of the Government.

I propose, at the same time, to place the grant in favor of the University of Bishop's College again on the same footing as in previous years. I propose restoring to the College of St. Francis, at Richmond, and to the Lachute College, the half of the amount deducted from their grants. As regards the latter institution, the information I have obtained from Inspector Bruce, who has visited it quite recently, convinces me that it is entitled to the aid I recommend for this year, which is not larger than the grants of many academies not superior to this institution.

To meet these various increases, and also in order to have a balance of \$1056 to be distributed subsequently, in case any of the institutions should omit to make their report in proper time, and in case of any error or omission in the present scheme, I propose to make a reduction of 2 per cent. on the grants of lists Nos. 1, 2 and 3, and on all grants over one hundred dollars in lists Nos. 5 and 6. I propose to make a reduction of 3 per cent. in list No. 4, in which the grants are, in proportion, higher than those in lists Nos. 5 and 6, the institutions being also of less importance than those in the three first lists. In these calculations cents are not counted.

I recommend that I be empowered to retain the grants of academies and model schools, whose reports do not shew that the professors and teachers hold the requisite diplomas, until I shall have obtained satisfactory information on this head.

The amount of each of the several lists is as follows:

|                                             |             |
|---------------------------------------------|-------------|
| List No. 1—Universities .....               | \$ 4,717 00 |
| List No. 2—Classical Colleges.....          | 13,247 00   |
| List No. 3—Industrial Colleges.....         | 7,863 00    |
| List No. 4—Academies for boys or mixed..... | 13,417 00   |
| List No. 5—Academies for girls.....         | 10,481 00   |
| List No. 6—Model Schools .....              | 17,219 00   |

Total..... \$66,944 00

I request, therefore, that you will obtain the issue of a warrant for the sum of \$66,944 (sixty six thousand nine hundred and forty four dollars.)

I have the honor to be, Sir,

Your obedient servant,

P. J. O. CHAUVEAU,

Superintendent of Education.

QUEBEC, 18th March, 1865.

To the Honorable the Provincial, Secretary,  
Quebec.

SIR,—With reference to my report on the distribution of the grant for Superior Education for the year 1864, I have the honor to inform you that I have no objection

whatever to recommend the following changes at the suggestion of the Honorable Solicitor General Langevin :—

I have the honor to be,

Sir,

Your obedient servant,

P. J. O. CHAUVEAU,

Superintendent of Education.

*Copy of a Report of the Honorable the Executive Council, sanctioned by His Excellency the Governor General in Council, 23rd March, 1865.*

On application of the Superintendent of Education for Lower Canada, dated 10th February, 1865, and on recommendation of the Honorable the Provincial Secretary, the Committee advise that a warrant do issue in favor of the Superintendent for the sum of sixty seven thousand and fifty-six dollars (\$67,056) out of the Legislative Grant for Superior Education in Lower Canada, for the year 1864, and that the same sum be distributed by him in accordance with the lists he himself has submitted, as amended by his letter of the 18th March, 1865, and by the Report of the Honorable Solicitor General for Lower Canada, namely :—

|                                      |             |
|--------------------------------------|-------------|
| List No. 1—Universities .....        | \$ 4,717.00 |
| List No. 2—Classical Colleges ..     | 13,359.00   |
| List No. 3—Industrial Colleges ..... | 7,863.00    |
| List No. 4—Academies (boys).....     | 13,417.00   |
| List No. 5—Academies (girls).....    | 10,481.00   |
| List No. 6—Model Schools.....        | 17,219.00   |

Total.....\$67,056.00

They further recommend that the Superintendent be authorized to retain the part of the said amount accruing to academies and model schools from such of these institutions as shall not have shewn by their reports that the professors and teachers teaching therein hold the requisite diplomas, until the Superintendent be informed that such is the case.

The Committee respectfully submit this report for your approval.

Certified,

(Signed),

W. H. LEE.

PROVINCIAL SECRETARY'S OFFICE,  
 QUEBEC, 30th March, 1865.

SIR,—I have the honor to transmit herewith a copy of an Order in Council passed on the subject of the distribution of the Fund for Superior Education, together with a copy of the Order in Council on the subject of poor schools, begging you to excuse the oversight which has occurred with reference to these two matters, referred to in your telegram of this day.

I have the honor to be, Sir,  
 Your very obedient servant,  
 (Signed,) ET. PARENT,  
 Assistant Secretary.

To the Honorable P. J. O. CHAUVEAU,  
 Superintendent of Education,  
 Montreal.

PROVINCIAL SECRETARY'S OFFICE,  
 QUEBEC, 31st March, 1865.

SIR,—I have the honor to inform you that the Solicitor General's amendment, referred to in the Order in Council of the 23rd instant, relative to Superior Education, consists in the addition of one hundred and twelve dollars (\$112) to the grant of "St. Francis College, Richmond."

I have the honor to be,  
 Sir,  
 Your obt. servant,  
 (Signed,) ET. PARENT,  
 Assistant Secretary.

To the Honorable P. J. O. CHAUVEAU,  
 Superintendent of Education,  
 Montreal.

# RETURN

To an Address of the Honorable the Legislative Council, dated 16th February, 1865; for Copies of all Correspondence between the Commissioners for the management of the Beauport Lunatic Asylum and the Government, during the last three years.

By Command,

WM. McDougall,  
Secretary.

SECRETARY'S OFFICE,

## BEAUPORT LUNATIC ASYLUM.

*Extracts from the Visiting Commissioners' Memorandum Book.*

6th February, 1862.—All is well.

L. MASSUE.

22nd February, 1862.—I have this day inspected the Asylum in all its wards, both the main building and the Richardson House, and I have pleasure in bearing testimony to the order and regularity prevalent throughout.

ROBERT HAMILTON,  
Commissioner.

27th February, 1862.—I have visited the main building of the Asylum and found everything there to my satisfaction.

L. MASSUE.

30th March, 1862.—I have visited the establishment. Everything there is, as usual, very well.

L. MASSUE.

30th April, 1862.—I have visited all the apartments in which there are patients. I had the pleasure of seeing that they all seemed to receive the requisite attentions. There is always the same neatness and order, that is to say of the most satisfactory kind.

L. MASSUE.

9th May, 1862.—I have to-day examined the Asylum in all its various apartments and found order and cleanliness conspicuous, as usual. Total number of inmates 418—say 193 males, 225 females.

ROBERT HAMILTON.

15th May, 1862.—Visited the Asylum this day, and found everything very much to my satisfaction. The usual cleanly and orderly appearance of the establishment is highly to be approved.

H. GOWEN.

19th July, 1862.—I have this day visited the Asylum throughout, and found all the inmates quite comfortable and everything clean and in perfect order.

DANIEL MCGIE.

*Lunatic Asylum, this day, 1st August, 1862.*—I have visited the Asylum and found the whole in good order.

JOSEPH PAINCHAUD.

*15th August, 1862.*—I have visited the Asylum. Everything is in good order. There are 444 patients, none of whom can be discharged.

L. MASSUE.

*21st September, 1862.*—Visit of the Commissioner. All is well.

JOS. PAINCHAUD.

*7th October, 1862.*—I have this day visited the Asylum, and inspected all the different wards; and I have to repeat, that in my humble opinion there are more patients in it than the Government ought to send to it.

ROBERT HAMILTON.  
*Commissioner.*

*16th October, 1862.*—Visited the Asylum this day, and found it all in good order; but I agree with Mr. Hamilton in thinking that it contains too many patients, wherever they may be sent from.

A. B. SIROIS.

*30th October, 1862.*—Visited the Asylum this day, and went through the several wards, and found everything orderly, clean and satisfactory.

H. GOWEN.

*Quebec, 7th November, 1862.*—Official visit of the Commissioner to the Asylum.—All is right, both in order and peace, and I do corroborate the remark of my two predecessors, R. Hamilton and A. B. Sirois, Esquires.

JOS. PAINCHAUD.

*3rd December, 1862.*—I have this day inspected the Asylum in all its wards, and have found the usual order and regularity paramount. Total number of patients 434.

ROBERT HAMILTON.

*10th December, 1862.*—Visited the Asylum. Everything appeared to me to be in good order, as usual; nevertheless, it is sad to see so many patients in the Asylum, considering its small size.

A. B. SIROIS.

*Quebec, 20th December, 1862.*—I have visited the Asylum and found all in good order and quite comfortable. The day was very cold, but the wards were quite warm.

DANIEL MCGIE.

*3rd January, 1863.*—I have just now visited the Asylum, and the whole of it appeared to me to be in good order.

JOS. PAINCHAUD.

*20th January, 1863.*—I have this day made a minute inspection of all parts of the Asylum, and I have pleasure in stating that the customary order and regularity are visible throughout. Total number of patients is as follows: Males, 206; Females, 230.

ROBERT HAMILTON.

*17th March, 1863.*—I have visited the establishment, and found all to my satisfaction.

L. MASSUE.

18th March, 1863.—I have this day inspected the Asylum, and found all in good order. Total number of inmates 438 ; the males being 208 and the females 230.

ROBERT HAMILTON.

8th May, 1863.—I have this day visited the Asylum, and inspected the several wards. All appears, as usual, well ordered and clean. I notice with regret that the number of inmates is greater than on the occasion of my last visit, it being now 444, and the hot season approaching.

ROBERT HAMILTON.

Commissioner.

Asylum, 5th June, 1863.—I have just now visited the Asylum. Everything appeared to me to be quiet and peaceable. I do not see why the Commissioners' Note Book, which is their property, is kept hidden in a drawer. This book should be left where it could be seen by all who take an interest in the afflicted persons in this house. I do not see, either, the Prescription Book of the Physicians to whom this establishment belongs. Is this Asylum merely a boarding-house, and not a hospital for the treatment of diseases of the brain?

JOS. PAINCHAUD.

Asylum, 10th June, 1863.—After having examined the whole establishment with attention, I have the satisfaction of testifying that the patients enjoy remarkably good health considering the length and severity of the late winter. They all seem to be contented. There seems always to be the same cleanliness in all the different departments at all seasons of the year. The comfort of the patients is attended to with the care that is so desirable. The number of patients, 449, appears to be too great for the extent of the buildings, now that the season of great heat is at hand. It is very desirable that their number should be reduced to 400, as frequently recommended by the Commissioners.

L. MASSUE.

Beauport, 18th June, 1863.—I visited the Asylum this day, and having gone through the different wards, I have pleasure in recording that I found all in order and everything satisfactory.

H. GOWEN.

24th June, 1863.—I have this day visited the several wards, and found everything in a satisfactory state.

E. B. LINDSAY.

25th June, 1863.—The total number of inmates this day is as follows:—

214 Males,  
240 Females,

Total, 454

And 25 or 26 more expected from Montreal, temporary accommodation being provided, which will do well enough during the summer, for the large extra number. Before the cold weather returns it is expected that the new wings lately begun will be ready for occupation; but this will require very great exertions on the part of the proprietors, for it will not do to put patients into them till the plaster is perfectly dry.

It must not be forgotten that the sheds attached to the Richardson building will require a good deal to be done to them to make them habitable during the coming winter; that is if it be intended to occupy them for another winter. My opinion is decidedly against the policy of crowding many patients into one Asylum—their opportunity of recovery would be greater if there were several Asylums and a smaller number in each.

ROBERT HAMILTON,

Commissioner.

*Asylum, 21st July, 1863.*—Visited the establishment to-day, and found all in good order.

JOSEPH PAINCHAUD.

*Beauport, 28th Sept., 1863.*—I have this day visited the Asylum in my capacity as one of the Trustees, and have pleasure in recording my satisfaction as to the cleanliness, order and good management which pervades this institution.

H. GOWEN.

*14th November, 1863.*—I have this day paid a visit of inspection through all the wards of this institution, and while bearing testimony to the usual order and quiet which reign throughout, I must record my protest against the large number of admissions which has been suffered to take place before the new wings, &c., are ready for use. I find on enquiry that the number of inmates in that part of the Richardson House allotted to females is 51, and we used to consider it crowded when the number was 34. The circumstance of so large a number being huddled together must be prejudicial to their health, both of body and mind. Total number, 503.

ROBERT HAMILTON,  
*Commissioner.*

*5th December, 1863.*—I have this day visited the main building of the establishment and found all in good order and comfort, notwithstanding the extremely large number of patients confined in it.

L. MASSUE,  
*Commissioner.*

*Asylum, 13th December, 1863.*—In spite of the extensive repairs, which are not yet completed, the economy of the household does not seem to have been materially deranged.

JOSEPH PAINCHAUD,  
*Commissioner.*

*19th December, 1863.*—I have this day visited the several wards, and, notwithstanding the crowded state of the inmates, on account of the repairs going on, found the whole in excellent order and comfortable.

E. B. LINDSAY.

*28th January, 1864.*—This Lunatic Asylum is incontestibly the finest establishment of its kind in North America. I see that a House Surgeon has been attached to it, by order, I believe, of the Duke of Newcastle, Secretary of State for the Colonies. It seems to me that all that is wanting now is a Prescription Book, such as is used in Military Hospitals and other hospitals under Government control, which Prescription Book the Commissioners should have the right to examine without having any right to blame or censure the treatment adopted by the Physicians to whom the establishment belongs, who are the best judges of the propriety of their own prescriptions.

JOS. PAINCHAUD.

*Beauport, 12th February, 1864.*—I have this day visited the Beauport Lunatic Asylum. The new additions to the building are approaching completion as steadily and fast as the extent and magnitude of the work will admit; but it appears to me it will be the month of May next before the whole is completed for the reception of patients. Everything I have seen is to my satisfaction.

H. GOWEN,  
*Commissioner.*

*20th February, 1864.*—Accompanied by Mr. Higginson, M.P.P., I have this day inspected all the wards, and most of the bed-rooms and cells of this institution, and I must again record my opinion that the number of recent admissions is altogether too

great. Parts of the new buildings are now occupied, but I have observed with regret that the walls are in some instances still damp. It would be very desirable not to place beds against any walls in this condition. When the new buildings are complete, the use of the following parts of the Richardson building ought to be discontinued altogether, viz., the wings and the attics. The numbers in the attics of the main building ought to be very materially diminished, and no dormitory intended for one should be occupied by two. All these essential changes being made, I do not believe that the number of inmates should ever exceed five hundred; and I should like to see it decided by competent authority that five hundred are not too many.

ROBERT HAMILTON,  
*Commissioner.*

29th February, 1864.—I have this day visited the main building of the establishment, and found the whole in as comfortable a state as can be expected considering the repairs going on, and I feel highly gratified in seeing that, notwithstanding the certainly excessive number of patients in it, the health of the whole has continued so satisfactory during this winter.

L. MASSUE,  
*Commissioner.*

17th March, 1864.—I have this day visited the Asylum, and found everything in good order.

E. B. LINDSAY,  
*Commissioner.*

8th April, 1864.—I have inspected, as Visiting Commissioner of this week, the Asylum, both the main building and the white house; and I record my opinion that if the use of the wings attached to the latter be not altogether given up (the Commissioners were informed by one of the proprietors it would necessarily have to be abandoned from the condition in which they are), the number of the inmates ought to be diminished very speedily, certainly before the warm weather, for the atmosphere breathed by them in the present crowded condition of the wings must be very injurious to the health of the patients. Total number of males is 229, of females 289.

ROBERT HAMILTON,  
*Commissioner.*

20th May, 1864.—I have this day inspected all the wards. Many parts over-crowded. Total number is, of males, 236; females, 298.

ROBERT HAMILTON,  
*Commissioner.*

29th June, 1864.—I have this day inspected the Asylum. The number of inmates has been increased since the 20th ultimo by 13—the total number being now 547. In the paper on “Colonial Hospitals and Lunatic Asylums,” lately received from England by the Government of Canada, it is distinctly laid down on the 19th page that:—

“It is equally necessary for ventilation that there should be allowed for each patient 1,000 cubic feet of space in associated wards, and 1,500 in single rooms in temperate climates.”

Now, many of the single rooms (see the attics of the main building and the rooms in the sheds attached to the Richardson House) do not contain one-half of 1,000 feet—some of them I believe to contain under 300 feet—and these are occupied by dirty patients, and are deficient in ventilation.

The condition of these attics and sheds is discreditable to the people and Government of Canada; and unless the proprietors of the Asylum have remonstrated with the Government against sending so many patients to it (which one of the proprietors tells me they have done), a share of the discredit attaches to them also.

The paper above alluded to strongly urges the furnishing of various means of employment and amusement for the insane.

I would suggest the erection of a shed in each of the yards attached to the Richardson House, to protect the patients from the sun when they are out of doors.

ROBERT HAMILTON,  
*Commissioner.*

*July 19th, 1864.*—My visit to-day has given me nothing to report but what is favorable to the Asylum.

JOS. PAINCHAUD,  
*Commissioner.*

*16th September, 1864.*—I have this day inspected the Asylum. Its terribly crowded condition ought to be, in my humble opinion, the cause of uneasiness and unhappiness to all who are either directly or indirectly interested in the institution. I fear that the probabilities of recovery for any in such a crowd are very small. The total number of patients is now 556.

ROBERT HAMILTON,  
*Commissioner.*

*21st September, 1864.*—I have this day visited the different wards of the Asylum, and found everything clean and in perfect order.

JOSEPH BOWLES,  
*Commissioner.*

*Quebec, 16th November, 1864.*—Visited the Asylum this day, and found the whole of it in good order, especially as respects the cleanliness and good appearance of the patients.

A. B. SIROIS.

*Quebec, 10th December, 1864.*—Visited the different wards of the Asylum, and found everything in good order.

E. B. LINDSAY.

Visited the Asylum this day, 4th February, 1865, and found it all in as good order as possible, considering the large number of patients.

A. B. SIROIS.

*11th February, 1865.*—I have this day inspected the Asylum in all its parts, including the two cottages; the total number of inmates being 557 (not including 65 servants). While the Asylum continues in its present terribly over-crowded condition, I refrain from any remark, except that such condition is, in my humble opinion, unfair to those who have the superintendence of it, and most unjust to the inmates; for those who might recover their sanity under favorable circumstances as to classification, &c., &c., have no chance here.

ROBERT HAMILTON,  
*Commissioner.*

QUEBEC, 9th July, 1862.

SIR,—I am desired by the Commissioners for the superintendence of the Lunatic Asylum at Beauport, again to call the attention of His Excellency the Governor General to the great number of the patients in that establishment.

The Commissioners are still of opinion that the present buildings of that institution are not sufficient to accommodate properly more than 400 patients, as they had the honor to represent in a letter dated the 12th of October last, addressed to the Honorable Mr. Provincial Secretary Alleyne.

Although this crowding does not appear to have yet produced very bad results, still if an epidemic were to break out in the establishment, it is impossible to foresee what disastrous results it might have.

The attention of the Commissioners has been drawn to this subject by the admission of not less than seventeen insane persons during the last quarter; at the end of which quarter there were 427 patients in the establishment.

I have, &c.,

A. LEMOINE,

The Honorable A. A. Dorion,  
Provincial Secretary.

QUEBEC, 6th July, 1864.

SIR,—I am directed by the Commissioners of the Beauport Lunatic Asylum to acquaint you, for the information of His Excellency the Governor General, that notwithstanding the reconstruction of the centre part of the main building, and the addition of two extensive and commodious wings, the Commissioners are of opinion that the buildings are much over-crowded with patients—the number now being 547.

When the attic rooms of the main building were first occupied, it was understood that they were only to be occupied temporarily, and until better apartments should be provided; since that time better rooms have been provided, but the attics continue to be crowded with patients.

Several of these rooms are totally unfit for occupation by insane persons—they are too small, and cannot be properly ventilated.

In the paper on "Colonial Hospitals and Lunatic Asylums" lately received from England by the Government of Canada, it is distinctly laid down on the 19th page that it is equally necessary for ventilation that there should be allowed for each patient 1,000 cubic feet of space in associated wards, and 1,500 in single rooms, in temperate climates.

Now, many of the single rooms before referred to do not contain one-half of 1,000 cubic feet—some of these contain under 300 feet, and they are occupied by dirty patients.

The Richardson House and the sheds attached to it were, last year, condemned by Dr. Douglas, one of the proprietors of the Asylum, as totally unfit to be used another year, and yet no preparations are made for the accommodation elsewhere of the numerous patients they contain.

In the opinion of the Commissioners, the condition of the attic rooms before mentioned, and of those of the Richardson House, and of the sheds attached to the last-named house, is such that it ought not to be allowed to continue as it is; and the proprietors are open to blame for permitting the number of patients to be so much increased as it has been, if they have not remonstrated against the increase.

The Commissioners are also of opinion that sheds ought to be erected to protect from the heat of the sun the patients who go out into the yards for air and exercise; this remark does not apply to the yards which are shaded by the buildings of the Asylum.

The Commissioners are further of opinion that there should be increased means for employment and amusement of insane, for without these the chances of recovering are much smaller than with them.

Under these circumstances, the Commissioners beg most respectfully to suggest that the present number of patients be not increased, but that it be allowed to diminish gradually by death or discharge; and that the proprietors be called upon to provide the necessary buildings for the accommodation of the patients who now occupy the Richardson House, the sheds attached to it, and the objectionable attic rooms in the main building.

I have the honor to be, sir,

Yours, &c.,

29th June, 1864.—I have this day inspected the Asylum. The number of inmates has been increased since the 20th ult., by 13, the total number being now 547. In the paper on "Colonial Hospitals and Lunatic Asylums," lately received from England by the

Government of Canada, it is distinctly laid down, on the 19th page, that is equally necessary for ventilation that there should be allowed for each patient 1000 cubic feet of space in associated wards, and 1500 in single rooms, in temperate climates.

Now, many of the single rooms (see the attics of the main building and the rooms in the sheds attached to the Richardson House) do not contain one-half of 1000 cubic feet; some of them I believe to contain under 300 feet, and these are occupied by dirty patients, and are deficient in ventilation.

The condition of these attics and sheds is discreditable to the people and Government of Canada; and unless the proprietors of the Asylum have remonstrated with the Government against sending so many patients to it, which one of the proprietors tells me they have done, a share of the discredit attaches to them also. The paper above alluded strongly urges the furnishing of various means of employment and amusement for the insane.

I would suggest the erection of a shed in each of the yards attached to the Richardson House, to protect the patients from the sun when they are out of doors.

*Commissioner.*

16th September, 1864.—I have this day inspected the Asylum. Its terribly crowded condition ought to be, in my humble opinion, the cause of uneasiness and unhappiness to all who are either directly or indirectly interested in the institution. I fear that the probabilities of recovery for any in such a crowd are very small. The total number of patients is now 556.

*Commissioner.*

To the Hon. William McDougall, Prov. Sec., &c., &c., &c.

SIR,—I beg to transmit to you copies of certain remarks which, as one of the Commissioners appointed to superintend the Beauport Lunatic Asylum, I have deemed it my duty to enter, on my last two visits, in the book kept at the Asylum by the Commissioners for recording their visits of inspection.

I beg to state that the proprietors of the Asylum have commenced the erection of new building, and most respectfully to suggest that being intended for Government or public patients, the Government should see the plans, &c, according to which the building is to be erected, in order that as great provision as possible may be made for the comfort health and amusement (a very important point) of the inmates.

I have, &c.,  
(Signed,) ROBERT HAMILTON.

Quebec, 23rd September, 1864.

QUEBEC, 5th January, 1865.

SIR,—The Commissioners, considering the very crowded state of the Beauport Lunatic Asylum, deem it incumbent on them to suggest very respectfully to His Excellency the Governor General the propriety, even the necessity, of relieving the said Asylum by temporarily removing to the Asylum lately established by Mr. Wakeham, on the St. Foy Road, as many patients as Mr. Wakeham can receive with a due regard to the health and comfort of the patients.

I have the honor to be, sir,

Your most obedient servant,

A. LEMOINE,  
*Secretary, C. B. I. A.*

Provincial Secretary, &c., &c.
