

Officer Commanding and Staff of the 215th

CAPT. R. J. FERGUSON,
Quartermaster

Capt. R. J. Ferguson, quartermaster of the 215th, joined the 13th Royal Regiment, Hamilton, in 1891 as a bugler, and was appointed quartermaster-sergeant of that regiment some twelve years ago. He has thus seen 25 years' service in the Canadian militia, and has served under nine colonels in that time. He has always taken a keen interest in rifle shooting and has attended the Ontario Rifle Association and Dominion Rifle Association matches for four years before the war broke out and won prizes at both places.

He also holds a certificate in the St. John's Ambulance Association for first aid to the injured. He received his long service medal 2 years ago. When the war broke out he was put in charge of the stores for the Hamilton Recruiting Depot and fitted out over 4,000 men in that time. He was appointed Quartermaster of the 215th Battalion on March 9th, 1916.

CAPT. E. W. SWEET, Adjutant

Captain E. W. Sweet, who is the Adjutant of the 215th, is the son of a Methodist minister, the late Rev. E. Sweet. Captain Sweet was born at L'Original, Ont., educated at the Brantford Collegiate Institute, and is a graduate in law of Victoria University. In 1884 he was called to the Bar with honors, and in 1885 the firm of Harley & Sweet was formed, of which firm he is still a member.

While a student, Captain Sweet enlisted as a private in the Dufferin Rifles, and was connected with that regiment for 10 years. After serving as a private he obtained a commission as Lieutenant in "B" company, and later became Captain of the same company. In the meantime he had won a first class A special course certificate from the infantry school at St. Johns, Quebec.

Captain Sweet was a member of the School Board for several years and Chairman for one year. He also served on the Collegiate Institute Board. At present he still retains the presidency of the local Y. M. C. A. and of the Children's Aid Society.

MAJOR SNIDER

Major Snider is the only son of Judge Snider of Hamilton. He was born in Cayuga, on March 21st, 1887, and graduated from the Royal Military College in 1907. He then entered upon a law course, and graduated from Osgood's Hall. He was called to the Bar in 1911, and practiced in Hamilton until 1914, when he joined the 4th C. M. R. He had previously been Major of the 6th Mississauga Horse. Major Snider left on Jan. 28th for the front as Quartermaster of the C. M. R., and left England for France Oct. 24th, 1915. After serving in the trenches he left for home on duty in February.

LT. COL. HARRY COCKSHUTT.

Lt. Col. Harry Cockshutt, who is in command of the 215th, has taken hold with characteristic energy. In common parlance, he is "a live wire" with regard to anything he tackles. He has carried the same abounding energy, which has characterized his career in connection with the large Cockshutt Plow Works, of which he is President and Managing Director, into the formation of the Battalion, and the results within the period of a couple of weeks have been most encouraging, not to say remarkable. Future prospects are also exceedingly bright and reassuring. After all the recruiting accomplished in this city and county, together with the formation of the 125th Battalion under Lt. Col. Cutcliffe, it looked like an exceedingly hard task to start upon the formation of another Battalion, but the authorities at Ottawa made no mistake in their selection of the man to undertake the task. Lt. Col. Cockshutt has surrounded himself with an excellent staff and the men who are joining of all ranks, constitute a guarantee that it will prove an exceedingly fine battalion.

MAJOR A. T. DUNCAN

Major Alexander T. Duncan is a native of London, Ontario. He later lived in Hamilton where he was educated. He entered in the 13th Regiment in Hamilton as a private, in which he served for two years. Then he joined the Fourth Field Battery, where he remained 15 years, two years as a sergeant and 13 as a lieutenant. After that he was in the 23rd Brant Dragoons for two years with the rank of Major. He is qualified in the Artillery for any position, and holds a field officer's certificate in the cavalry. For the last ten years he has been the manager of the Western Counties Electric Co. in Brantford.

CAPTAIN E. F. COREY
Paymaster

Captain Ernest F. Corey, Paymaster of the Battalion, was born in Brantford, and is a son of ex-Ald. Fred Corey, 144 Murray Street. Capt. Corey was educated at the Brantford public schools, the Brantford Collegiate Institute and St. Andrew's College, Toronto. He then entered the service of the Bank of Toronto, working in Brantford, Toronto and Vancouver. Three years ago he returned to Brantford as accountant of the local branch.

Captain Corey, while at the Collegiate, was a member of the Cadets. He qualified as a lieutenant at the Royal School of Cavalry, Toronto, last January.

CAPT. L. H. COATES,
Medical Officer

Captain L. H. Coates, Medical Officer of the 215th Battalion, was born in Bowmanville, Ont., and when only a child, his family moved to Brantford. He attended public school and Collegiate here, matriculating in 1907. He then attended Toronto University, graduating in medicine in 1911. He served in the Brantford General Hospital for a year, and the Post Graduate Hospital in New York for a year and a half. For the last two years Dr. Coates has been practicing medicine in the city. He is the son of Mr. D. H. Coates, mathematical master at the local Collegiate, and is well spoken of by his brother doctors as a clever practitioner.

Committed For Trial.

By Special Wire to the Courier.
Hamilton, March 25.—Teenie Malone, a Galician girl, was yesterday formally committed to trial at the fall assizes at Brantford, charged with the murder of her employer, Mrs. Mary Hamilton. The body of the murdered woman was found in the cellar and Dr. Hudson of Hamilton, swore that death resulted from a succession of blows and after a severe struggle. A son of the deceased said his mother told him the morning of the murder that she would "let Teenie go."

Robert Blair, editor of the National Prohibitor, and a well-known temperance worker, pleaded guilty in Des Moines, Ia., police court to being drunk. He was fined \$10.

LOSS OF LIFE.

By Special Wire to the Courier.
LONDON, March 25, 12.15 p.m.—Edward Huxley, president of the United States Rubber Export Company, and Francis E. Drake, European manager of the company, are among the Americans rescued from the Sussex. They report that there was a heavy loss of life, including probably several Americans.

TOWED INTO BOULOGNE

Twenty-five American Citizens on Board, Reads Passenger List.

By Special Wire to the Courier.
Paris, March 25.—Reports of the sinking of the Sussex obtained here to-day, state that she was torpedoed. The Sussex has arrived at Boulogne.

London, March 25.—With 385 passengers and a crew of about fifty on board, the cross-channel steamer Sussex, plying between Folkestone, England, and Dieppe, France, is in distress in the English Channel off Dieppe. Unofficial reports say that the vessel was torpedoed. At last reports rescue boats were standing by. The steamer was under the command of Captain Mouffet.

"MET WITH A MISHAP."

The Brighton Railroad last night issued the following account of the accident to the Sussex:
"The Sussex sailing under a French flag in the Folkestone-Dieppe service, met with a mishap somewhere off Dieppe on her passage to-day. There were 385 passengers aboard and a crew of about fifty, but it is impossible at present to give further particulars. At 8.30 o'clock this evening the vessel was still aloft in charge of a tug. It is assumed, therefore, that all the passengers were saved."

MANY VESSELS STAND BY

The Sussex left Folkestone at 1.20 o'clock yesterday afternoon, flying the French flag, and met with mishap somewhere off Dieppe at 7 o'clock last night. When the alarm signal was sent out a number of vessels in the vicinity hurried to her assistance, while others rushed under full steam from Dieppe Harbor.

The Sussex is owned by the French State Railroads, but is managed by the Brighton Railroad. Before the war she was employed in the night service between New Haven and Dieppe, but following the outbreak of hostilities her run was changed from Folkestone to Dieppe.

IMPORTANT ANNOUNCEMENT

The Courier, in collaboration with the Toronto Star, has secured for this district the London Daily Mirror picture service.

The productions guaranteed will be prominent people and events in the public eye, particularly at this time of war.

The London Daily Mirror is the greatest illustrated daily in the world, and this paper has been very fortunate indeed in making the arrangement.

THE FACTS

With Reference to the Opposition of Hydro to Canadian Northern.

Brantford is in the Latter Scheme, But Not in the Radial Road Plans.

The Courier asked Mr. W. F. Cockshutt, M.P. for information with reference to the opposing of a renewal of a Canadian Northern charter by the Hydro Electric. He replied:
"The situation is this. The Canadian Northern are in possession of a charter to build what is called the "Toronto, Niagara and Western Railway." It is proposed to run all the way from Toronto to Niagara, and includes from Welland to Brantford. About seventy miles of the line have been built and upwards of \$2,000,000 spent. The latter sum includes the purchase of the right of way from Welland almost to Cainsville. They are now seeking to have the charter renewed, but this is being opposed by the Hydro Electric people, who propose occupying part of this same territory with their radial and power road.

Brantford is included in the Canadian Northern scheme, but not in the Radial project, which does not touch any part of Brant County.

Mr. W. F. Cockshutt, when the matter was before the Railway Committee at Ottawa this week, asked Sir Adam Beck why Brant County, which would provide the most direct route to London, is not included in the radial scheme.

Sir Adam Beck replied that Brantford and adjacent territory had not asked for it.

GERMAN BOAT DESTROYED IN THE NORTH SEA

Enemy Raider, Disguised as Neutral, Fell in With British Merchantman.

BOTH SHIPS WERE SUNK

British Vessel Apparently Sunk by Torpedo Shot.

By Special Wire to the Courier.
LONDON, March 25, 1.50 p.m.—A German raider has been sunk in the North Sea. Five German officers and 115 men, out of a total of 300, were captured. The British armed merchantman Alcantara, which sunk the German raider, the Greif, was herself sunk.

The fight occurred in the North Sea on February 29. The Greif was sunk by gunfire and the Alcantara by a torpedo. The British losses were made up of five officers and 59 men.

The Alcantara was a large liner belonging to the Royal Mail Steam Packet Company of Belfast. She had been in the service of the British Government for some time. Her gross tonnage was 15,300. She was 510 feet long, and was built in Glasgow in 1903.

The following official statement was issued:
"An engagement occurred on February 29 in the North Sea between the armed German raider Greif, disguised as a Norwegian merchant vessel, and the British armed merchant cruiser Alcantara, Captain T. E. Wardle. It resulted in the loss of both vessels, the German raider being sunk by gunfire and the Alcantara apparently by a torpedo."

Five German officers and 115 men were picked up and taken prisoners to have been over 300. The British loss amounted to five officers and 59 men.

It should be noted that during the whole engagement the enemy fired over the Norwegian colors painted on the side of the ship.

This news is now published, as it is made clear by the receipts of a German wireless message that the enemy has learned that the Greif, a similar ship to the Moeve, had been destroyed before she succeeded in passing our line of patrols.

Three German steamships are listed under the name Greif. The largest, a vessel of 1,500 tons gross, is 250 feet long, was built in 1912 and is owned in Bremen.

INTERESTS AT WORK TO STIR UP STRIFE

Certain Parties Trying to Make Trouble Between U.S. and Mexico.

By Special Wire to the Courier.

Washington, March 25.—Convinced that powerful influences are at work to force intervention in Mexico through the spreading of alarming rumors, administration officials to-day were considering just what steps shall be taken to bring the agitation to an end. Many officials believe that a well defined effort is being made by interests owning property in northern Mexico to inflame the minds of people in the United States and in Mexico to a point where war between the two countries would be inevitable.

Following a thorough discussion of the subject at yesterday's cabinet meeting, Secretary of State Lansing prepared a formal statement which was awaited to-day. President Wilson

NOTHING OFFICIAL

El Paso, Tex., March 25.—The reiterated claim that Francisco Villa was surrounded, made at Mexico City early to-day in a message received there from General Luis Guiterrez, Carranza's commander-in-chief, only served to make the situation in the field more puzzling from the viewpoint of the border. According to the telegrams from General Bernal made public here by Consul Garcia, the American columns were co-operating with the Carranza forces and formed

By Special Wire to the Courier. Berlin, via London, March 2.—The Berliner Tageblatt's Macedonian correspondent says that French forces from the entrenched camp at Saloniki have been showing activity in the neighborhood of Gjevelgi, on the Serbian front where they fired ten shots from heavy guns against German-Austrian pioneers, who were repairing bridges. The shots did no damage. The French also carried out a bombardment in the vicinity of Doiran. A number of small skirmishes between patrols have taken place, the correspondent adds.

The Situation.

General Smutt is able to report very notable success in East Africa, where, after stubborn resistance, the German forces have been dislodged from strong defensive positions on the Lusni River and adjacent hills. The enemy are now retreating to take up new ground, but the ultimate result may be regarded as a foregone conclusion. The area of this portion of German possessions is 384,450 square miles, and the estimated population 6,800,000, nearly altogether blacks.

The Huns have not made any infantry attack in the region of Verdun since last Wednesday, but they are maintaining their intense artillery fire in preparation for such an advance. General Joffre is confident that in such event, still another repulse will be in order.

The Russians are continuing their fierce attacks along the whole German front in the district around Vilna, Western Russia. Petrograd reports the forcing of the Hun lines; Berlin says that all attacks have failed. The chances are greatly in favor of the Russ claim.

There are rumors of many German submarines in British waters, including the English Channel. It is so, the undercraft activities, in abeyance for some time, will probably be repeated.

The Slacker After the War.

The following letter is taken from the St. Thomas Times:—
 To the Editor of The Times:
 Sir,—While attending a church service in Brooklyn on Sunday last I heard one of the ablest preachers in this country comment on the European war, and in doing so he referred to our Canadian soldiers as well as those of other nationalities who are doing such deeds of heroism as will live in history, and song and story. The speaker described in telling terms the bravery, courage and sense of duty with which our men volunteered to face hardship and danger, knowing that thousands must sacrifice their lives, and thousands must be maimed for life. This is already true of many thousands, "yet," the preacher continued, "I don't pity them!" This was like a blow in the face; it seemed so harsh and unsympathetic, but such was not the case, for with all that fight for what these men are contending for; the men I do pity are those who fail to respond to the call. They are men lacking manhood and a sense of duty, besides, what will be the position of these slackers when the war is over?

I was so impressed by the manner in which the foregoing was put that I felt I should like to have had all our Canadian young men and the mothers who are standing between their sons and their sons' duty, present to hear the expressions of a great thinker, belonging to a neutral country, on this question of our duty in the world's greatest crisis.

At the conclusion of the war, let the result be a glorious success or a disastrous failure, the conditions of those who with no reasonable excuse fail to respond, will be anything but an enviable one. For one or two generations at least, the slackers will feel the effects of the conditions, and many will regret that they failed to accept the greatest opportunity to prove their manhood. I do not mean to intimate there will be a persecution on the part of anyone, but as a matter of justice, the men who have proved their manhood by responding to the call to the colors must be remembered.

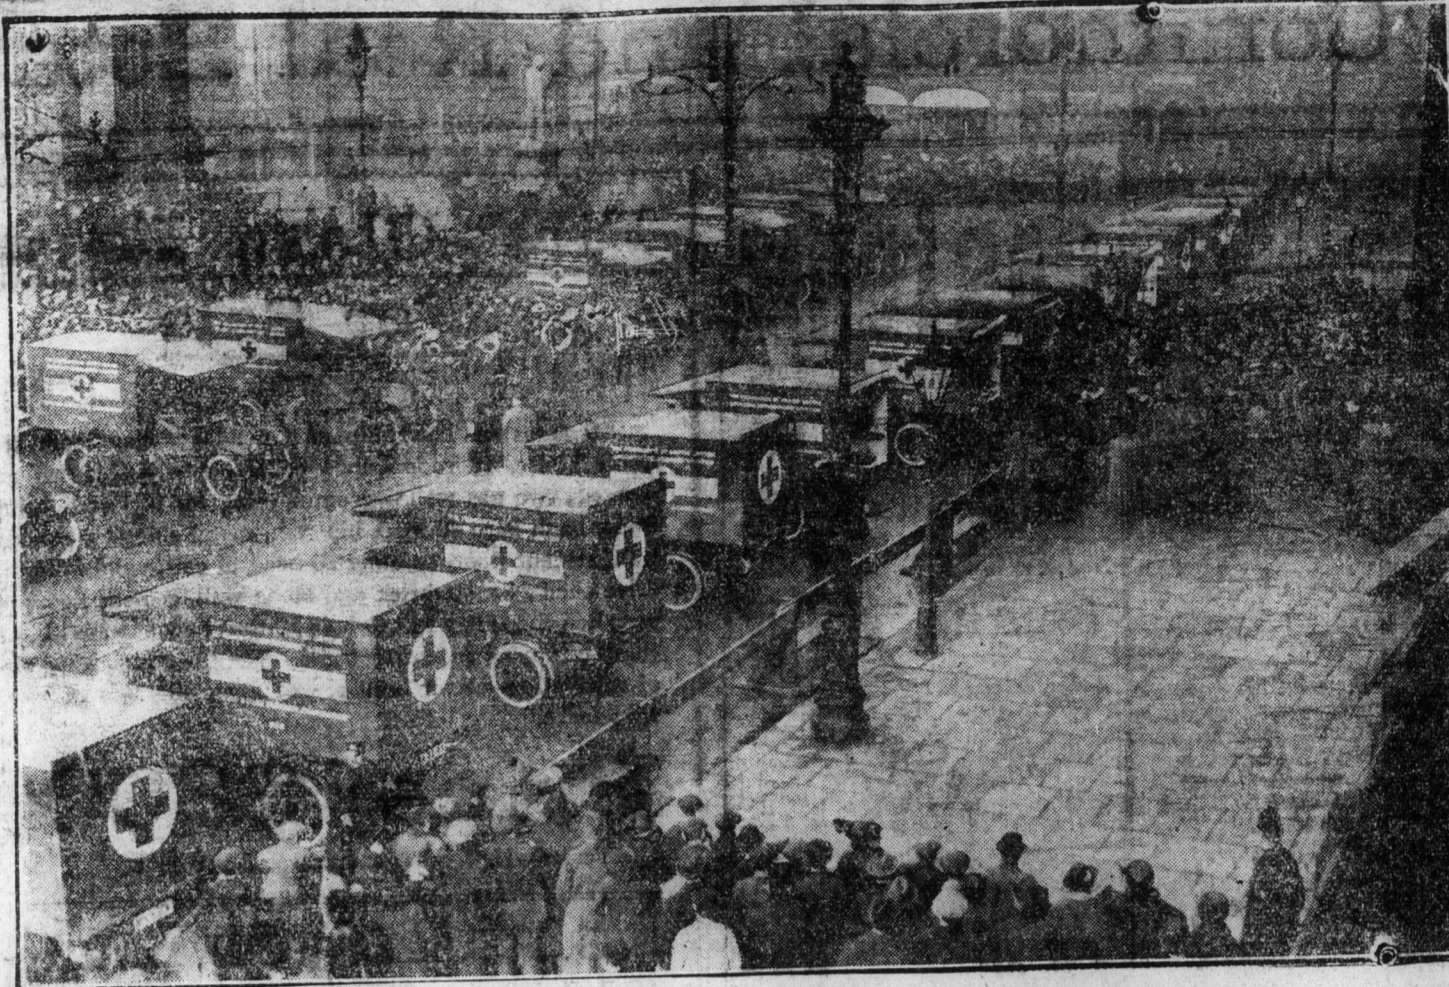

Yours, etc.,
 THOS. HAMMOND.
 Brooklyn, N.Y., March 20, 1916.

"The Export Association of Canada."

The above is the title of an organization which has been established in order to build up for Canada a permanent export trade under the changed conditions brought about by the war.

These changed conditions may be summarized in the following facts:—

1. The war has drawn together the various portions of the British Empire into unity of action for a common purpose. This unity will be continued economically after the war by preferential tariffs, the provisions of adequate transportation facilities, and the working out of the necessary machinery for the development of the Empire as a whole.
2. The allied countries recognize the necessity of preventing Germany from regaining, for some time at least, her former industrial strength lest she might again use it as a weapon to attack civilization. For this reason they are planning for allied economic

co-operation after the war, which will aim at the exclusion of German trade, and by preferential arrangements and otherwise, the mutual building up of commerce between themselves.

3. Canada will have unprecedented opportunities to secure a large volume of business from the other portions of the British Empire as well as from the other allied countries.

4. The products of Canada will be preferred against the products of her great neutral competitor, the United States, who has stood outside of the war, and has borne no part in the great sacrifice of life and money made by the allied countries.

5. Canada can supply large quantities of materials required for the reconstruction of Belgium, France and Poland.

6. Upon the cessation of "War Orders," Canada will require export orders to keep her factories busy, so provide employment for her returned soldiers, and to enable her to meet her national obligations.

The Association has already opened offices in Montreal, Canada; London, England; Auckland, New Zealand, and Melbourne, Australia. Representation is about to be established in South Africa.

Arrangements are being made for establishing a large sample room in connection with the London office, where the members' products can be placed on exhibit in order to facilitate sales.

Shipments are being regularly made to Australia and New Zealand.

The Association has been appointed purchasing agent in Canada and the United States for the Crown agents of the Colonies. Important orders are being received from this source.

The joint general manager of the Association in London is placing the Association in touch with important buying channels in France, Russia, Italy and Belgium, so that at the conclusion of the war Canadian firms may have knowledge of the requirements of these markets.

A personal investigation trip is being made immediately to these countries, and in all of them the Association will either open offices, or appoint direct representatives.

In order to secure immediate business in Serbia, the Association is organizing a "group" of manufacturers who will send a representative at once with samples, catalogues, etc. to introduce their goods into that market.

NOTES AND COMMENTS

It appears that Shackleton has not yet returned from the Antarctic, but only some of his party. Chances are that it will be a case of a relief party for him as for most of the rest, and after all to what purpose are these explorations anyway?

It is reported that the military position in Egypt is now so satisfactory that some of the British troops can be removed for service elsewhere. The Suez Canal is in no danger now—not Suez can be noted.

This sample of a Spring day will do very well, thank you, and some more of the same will be accepted with thanks.

part of the circle drawn around the bandit chief, General Gutierrez, however, made no reference to General Pershing's troops.

The most curious feature of the whole situation, the question why General Pershing made no report on the battles said to have been fought, remained unsolved.

While the story of the surrounding of Villa and his followers might be dismissed as premature, it is known that the American columns have penetrated the territory where the Villa bands are operating and word is eagerly awaited from General Pershing of the first clash between the bandits and the troops of the United States.

The veil of mystery which has dropped over the operations around Nampiqua was rivalled by the continued insistence of the reports that General Luis Herrera had named his arms against the de facto government.

The latest news to be brought here from Chihuahua came with the arrival of Charles R. Yeates, an American mining man, who reached here from Chihuahua City on an early morning train. Yeates said that Herrera was not the Mexican asset he had been held in the dark as to his whereabouts and intentions as El Paso.

Yeates said that there was grave unrest in Chihuahua and a rising tide of hostility against Americans, but there had been no actual outbreak.

WHY GERMANY ATTACKS VERDUN

Is Like a Wild Beast Rushing Against the Allies.

Paris, March 25 (in Montreal Gazette)—That Germany, because she realizes her defeat is inevitable, is rushing like a wild beast against the allies in an attempt to do the utmost harm before succumbing herself, is the latest theory broached here to account for the desperate nature of the Verdun attacks. The idea is based on a statement now thought to be prophetic of General Fries, who, commanded the 25th artillery brigade, but was captured at Vitry by the French. Already suffering from enteritis he tried to end his life and thought cured by the French surgeon, he persisted in his attempts to kill himself and finally succeeded in a Corsican fort by rushing upon a sentry's bayonet. To a French lieutenant interpreter, General Fries said: "You don't understand us Prussians. We make war for victory only and cannot imagine the possibility of defeat. Unless we are victorious we prefer to disappear instead of yielding. No nation will be able to boast of having vanquished Prussia, for she will commit suicide rather than admit defeat."

It is reported that the military position in Egypt is now so satisfactory that some of the British troops can be removed for service elsewhere. The Suez Canal is in no danger now—not Suez can be noted.

E. H. Devline Arrested at Seattle, Wash.

Regina, Sask., March 25.—Chief Mahoney of the Provincial Police received a telegram here to-day from Provincial Police Constable D. G. Fisher, reporting the arrest at Seattle, Wash., of E. H. Devline, M.P.P., of Kinstino, Sask., who is charged with having assisted J. P. Brown, now under arrest, in embezzling the funds of the Provincial Highways Department. Devline, who was arrested in Seattle early yesterday, has waived extradition proceedings, and in company with Constable Fisher, will leave Vancouver for Regina to-day.

Constable Fisher left Regina on March 13, and traced Devline to Vancouver and thence to Seattle.

E. H. T. Smith, Manager of the Broad street branch of the Bank of Ottawa, is also wanted by the Provincial Police, but he is still a fugitive from justice.

YOU NEED A TONIC

Hood's Sarsaparilla, as a Spring Medicine, is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, devalitized blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hood's Sarsaparilla. Ask your druggist for this old reliable family medicine. It purifies, enriches and revitalizes the blood.

It is an all-the-year-round alternative and tonic, and is absolutely the best Spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Be sure to get Hood's Sarsaparilla, nothing else can take its place.

Recurrence of Sub. Activity

By Special Wire to the Courier.

London, March 25.—Recurrence of submarine activity is causing increasing worry among shippers and underwriters, although the insurance market has held steady since the fixing of the government rate of one per cent, which has not been raised. Most Atlantic voyages are insured under this arrangement, but east coast and North Sea insurances are increasingly difficult to effect. Mediterranean voyages are still very stiff at four per cent.

The fact that most of the announcements fail to give the positions of boats which, have been torpedoed, adds to the uncertainty of the market.

Six students of the St. Catharines Military Academy at Gainesville, Ga., have been arrested on the charge of burning the dormitory.

Forty-seven cigar manufacturers in New York State were arrested, and 100 more, it is said, are to be seized in a huge revenue fraud case.

BURIED IN OLD LAND.
The funeral of the late Dr. Cleghorn took place in the Old Land at Brimshorn Camp.

AN OMISSION.
In the account of the list of performers at the Elm Ave. Church concert held on Tuesday night, it was omitted that Mr. J. T. Whittaker sang one of his usual delightful solos and was heartily encored.

ASKS INFORMATION.
The City Clerk received a letter from the Edmonton Board of Trade asking him if he would be kind enough to let it have some information as to the taxation and assessment in Brantford.

BIBLE EXAMS.
Sixty-three boys wrote last night on the National Bible Study Exams, conducted by the Boys' division of the Y.M.C.A. The course was for the younger boys on "Athletes of the Bible" and the results, which will be announced in a few days should see Brantford holding first place in the Dominion.

H.S.C. AT HOME.
The last High School Club "At Home" of the winter took place last night in the Assembly Hall of the Collegiate Institute, the attendance being exceptionally large and satisfactory. The usual programme of music, programmes and contests was followed, refreshments were served and all present spent a most enjoyable evening. The gathering broke up shortly before midnight.

RED CROSS AID.
J. A. Smith, Secretary-Treasurer of Brantford Township, has received from Mr. Joseph Dunsdon, of the Tranquility Farmers' Club, \$25 in aid of the British Red Cross Society.

QUALIFIED AS LIEUTENANT.
Mr. Ruben Watts, nephew of Mr. A. E. Watts, who used to be a member of the Bank of Nova Scotia staff in this city, has qualified as a lieutenant in the army flying corps, and will leave at once for the Old Country.

OFFICERS ELECTED.
The semi-annual meeting of the Philathea class of Calvary Baptist church was held at the home of the President, Miss V. E. Yates, on Tuesday evening, March 21st. The officers for the ensuing six months were elected, and several matters of importance discussed.

ACTOR ENLISTED.
Reg. Sheldrick, who plays Ito Natsume, Japanese Diplomat, in "Hara Kiri," now playing at Brant, enlisted with the 125th Battalion and will report for duty at the end of his engagement, which will expire in two weeks.

SIGNED UP.
The following are the recruits that signed up with the 125th yesterday: Standish Andrew Lee, English, age 20, surveyor's apprentice; single; Temple Building, city, 3 years 38th D.R.C., 3 years Naini Tal. Volunteer Rifles. Matthew Overton, English; 37; printer; widower; 6 Wallace St., city. Aubrey Maurice Strudwick, English; 33; laborer; married; 5 Elgin St., city.

COUNTY COUNCIL.
The County Council meet next Tuesday, when the auditor's reports, etc., will be received. County School Inspector Standing will present his report in person. A deputation will attend from the hospital governing board setting forth the financial needs of the institution. The council of the Township of Burford are going to take advantage of the opportunity to be sent to each recruit from said Township a suitable money gift.

SPRING ASSIZES.
The final session of the Spring Assizes was held yesterday afternoon when the hearing of the case Mather vs. Fidlin was concluded. Judgment was given by Mr. Justice Kelly. In the case of Myerscough vs. Day, an action to obtain a land title, judgment was also reserved. W. S. B. vs. K. C. appeared for the plaintiff, and S. Alfred Jones, K.C. for the defendant. The case of Picher vs. Lipovitch, which was slated for the Spring Assizes, was postponed by consent, and that of Hughes vs. Rudy postponed by the Judge's order.

STREET CAR STRUCK.
An accident which might have resulted in considerable delay to traffic, or even in the loss of life, occurred about 7:30 this morning, when an Eagle Place car was struck by a Grand T. R. freight train at the Grand Trunk crossing, just below Victoria bridge, Market street. The train just grazed the end of the track. No damage was done and none of the passengers were injured, though considerable time was consumed in putting back the car on the tracks.

USE THE LIBRARY.
The library officials are very glad to allow the signalling corps of the 125th Battalion to hold instruction classes in the committee room of the public library. About 30 of the boys meet there each morning and afternoon for about two hours, and they greatly appreciate the privilege. The library officials are always glad to extend every courtesy to the boys in uniform.

INSTITUTE CONCERT.
Under the auspices of the Moyle-Tranquility Women's Institute a most pleasing and successful concert was presented in the Moyle School House last evening. The chief attraction was a three act play, "The Modern Cinderella," excellently staged by the Falkland Women's Institute. A number met with much applause as did also two solos by Miss Smith of Paris. Warden Harris occupied the chair during the evening, and in a brief address complimented the ladies of the institute upon the excellent patriotic work they were doing. The proceeds of the concert, in the neighborhood of \$50, will be devoted to Red Cross purposes. Rev. Mr. McKegney delivered a recruiting address.

FIGHTING ON NORTH FRONT

Despite Weather Conditions, Struggle Continues Desperately.

By Special Wire to the Courier.
Berlin, March 25, via London.—Military activity on the northern sector of the eastern battle front continues despite alternating rain and snow.

Russian drum fire was heavy on the night of March 20, and in the early morning of March 21, between the Narocz and Wiszniew lakes, and was particularly heavy just southward of Narocz lake, where the German line ran from Blisniki to Mokryza and thence to the westward.

The Russians directed their main attack against this small salient with a harassing concentric fire, and the Germans drew back to their second line to avoid unnecessary losses. The Russians who came forward in heavy attacking columns, were sanguinarily repulsed, and the Germans followed them to Blisniki and then retired. The Russians did not follow them the second time.

The Russians succeeded in capturing some trenches to the south of Wilety, but they were driven out on the afternoon of March 21 and lost 600 men prisoners. The Russian losses were said to have been very heavy, while casualties of the Germans were declared to be light.

SHIP TORPEDOED.

By Special Wire to the Courier.
WASHINGTON, March 25.—Consular reports to the state department to-day say the Dominion Line steamer Englishman, sunk near the British Isles, was torpedoed and that four Americans are missing. The Englishman was a horse ship.

The missing Americans are Peter McDonald, a horse foreman, of 58 Cherry street, Boston; George McDonald, a trimmer of 37 Commonwealth street, Lawrence, Mass.; P. Buckley and M. A. Burke, addresses unknown.

Died in England.

By Special Wire to the Courier.
Winnipeg, March 25.—Captain Arthur L. Griffin, of the third division train C. S. A. S. C., son of Fred Griffin, former land commissioner for the C. P. R., died suddenly at Brandsdottir camp, England, one week after his arrival there.

REJECTED THE AMERICAN PLAN

Allies Refuse to Disarm Their Merchant Ships.

By Special Wire to the Courier.
Washington, March 25.—Secretary of State Lansing has before him today formal responses from the Entente powers rejecting the proposals made by the state department that they enter into a modus vivendi and disarm all of their merchant ships with the understanding that the central powers would pledge that such unarmed ships would not be attacked without warning. It is understood that the fundamental objection was that there should be no change in the principles of international law during the progress of hostilities.

Financing War in Germany

By Special Wire to the Courier.
London, March 25.—Further details of the address before the Reichstag of Dr. Karl Helfferich, secretary of the Imperial Treasury, in announcing that 10,000,000,000 marks was subscribed to the new war loan, are forwarded by Reuter's Amsterdam correspondent. He quotes Dr. Helfferich as follows: "The financing of the war for another half year is assured. Germany is the only belligerent power which has covered her total war expenditures by long term loans. That a nation of seventy millions, cut off from the outer world by arbitrary acts in conflict with international law should have born for twenty months the heavy burdens of the war should not again be offering more than 10,000,000,000 marks to the Fatherland, is proof of greatness beyond praise of words. It signifies our strength is unbroken, our confidence in final victory unshaken, and that the German people stand united as one man."

In Order to Place in Brantford Homes Before May 1, 1916

215 Electric Stoves

HOW IS IT DONE ?

These Stoves are of a new and superior type, made in Canada and fully guaranteed. They are rust-proof, extra large ovens, and operate as cheaply as gas. They work equally well on Western Counties or Hydro current, and both companies offer special reduced rates for current. The Hydro, in addition to a special rate of 1 1/2c, less 10 per cent, will pay half the cost of installation on all stoves connected to their three-wire service before May 1, 1916. This means a cost to you for installation of only \$7.50 to \$9.00, instead of \$30.00 to \$40.00, as formerly.

6 Stoves FREE!

The Free Stoves are obtainable thus: Fill out and sign the coupon and bring it to our store, 71 Colborne St. There we have a time clock which will stamp on it (and a duplicate you will retain) the date, hour and minute. On May 1, 1916, independent of the number of stoves sold, these coupons will be checked, and in the order received and stamped by the time clock the signers of the fourth, nineteenth, thirty-eighth, eighty-fourth, 125th and 215th coupons will have their money refunded to them and a clear receipt in full given for both stove (no matter what type they bought) and the cost of installation.

IMPORTANT TO NOTE

Our stoves are superior point by point IN ALL PARTICULARS to other makes listed at double the money. They positively are NOT "MADE DOWN" to sell at this special, low, short-time price, but are HIGHEST grade in every detail. We challenge comparison. Laboratory tests with Government-inspected instruments, made on March 10, 1916, in Toronto, showed our stoves to be 22.2 per cent. faster and 20 per cent. more economical than another make, No. H, and 16.7 per cent. more economical and 16.6 per cent. faster than another make, No. N.

A BUDGET OF NEWS FOR THOSE INTERESTED IN LABOR IN THE WORLD OF LABOR GLEANED FROM THE EXCHANGES AND OTHER SOURCES

Industrial Canada

FROM COAST TO COAST

The net earnings of the Canada Company's Steamship Lines from Montreal last year were \$1,700,000, as against \$928,000 in 1914. This year it is expected to do the largest business in the company's history.

R. H. Neelands, Secretary of Typographical Union No. 225, Vancouver, B. C., who was re-elected to the board of education in that city, leading all other candidates, has been elected chairman of that body.

Halifax typos report things as going good since the new wage scale went into effect, and employers and employees have settled back to enjoy two years free from thoughts of agreements and scales. Business is good and growing better.

One of the Vancouver aldermen has called the attention of the relief authorities to the fact that relief meal tickets are being cashed in at Chinese restaurants, and asked the relief officer to prevent the continuance of such conditions.

The assessed value of property in Saskatoon is now over thirty-seven million dollars. The outlook is brightening, rents are advancing, and houses are in demand. It is predicted that there will be very little unemployment, if any, in the city during the present year.

The Halifax Graving Dock Company is adding to its establishment a heating electric welding plant. Industrial conditions are good. Many new buildings will be erected during the coming spring and summer, and it is expected that the workers will be generally well employed.

In Hamilton, a man by the name of John Hough, who snatched a purse containing \$3 out of the hands of a school teacher, was allowed to go when he declared: "I was out of work! I had no money to buy coal, and we were terribly cold." On investigation it was found that his story was true.

North Vancouver is watching with interest negotiations that are now in progress between the municipality and the Amalgamated Dry Dock and Engineering Company, which if it secures certain concessions, will erect an immense dry dock and shipbuilding plant at an estimated cost of five and a half million dollars.

Things are looking up considerably in Calgary; a big packing plant, which including equipment, is estimated to cost a million dollars, and an assembly plant for the Ford Motor Company of Canada to cost \$200,000, and the enlargement of several local plants will help to make things look up some in the business building line.

The demand for direct legislation in Manitoba, Saskatchewan and Alberta is growing insistent. The farmers and the labor unions are united in demanding it, and public sentiment is in line behind them. Before another year is gone direct legislation and woman suffrage will be in force in all three provinces.

The Rossland, B. C. miners, Western Federation of Labor, have endorsed the candidature of their secretary, George Dingwell, for the secretaryship of the International union in opposition to Ernest Mills, the present incumbent, who was an official of the Greenwood local prior to this election and subsequent removal to headquarters at Denver, Colorado.

It is expected that international President Marsden Scott will be in attendance at the convention of the Ontario Conference of Typographical Unions, which meets in Peterboro this year, as he has signified his intention of being present if possible. It is expected that this year's convention will be the largest yet held. President Charlie Doughty, of Guelph, and Secretary Phil Obermeyer of Hamilton are a good team and will see that things go.

There has been a printing Trades Council in existence in Edmonton for several years past, but until recently it has not been possible to get the in-

stitution down to a real working basis. Now, however, for the first time, the Allied Printing Trades label has made its appearance and every printing establishment but one has been signed up and is using it.

W. R. Trotter was up against the recent Vancouver municipal election, as he was ruled out of the running after having been nominated as Labor candidate for alderman. He had the property all right, and even then could not qualify because of an absurd technicality. British Columbia, like Ontario, sure has some fool enactments on its statute books.

Labor men generally are praising the good work of Dick Rigg in the Manitoba Legislature. During the recent session, which was his initial innings in the House, the Labor and Socialist member from Winnipeg made a decided hit and forced the government to make two or three radical amendments to the new workmen's compensation act that materially added to the value of the measure.

No Interference From A. A. U.

Toronto, March 25.—Captain Tom Flanagan, secretary of the new military athletic association, comprising 40,000 men, in an interview this morning, made it plain that his association would not tolerate any interference from the Amateur Athletic Union. "We will run our own show," he said. "There are no amateurs or professionals in the army, at least in wartime, and we will make our own rules."

The amateur union recently stopped because sanction had not been secured, hence Flanagan's declaration.

According to official information from the admiralty this morning, between 90 and 100 passengers of the Sussex have been landed at Dover and about 250 passengers and members of the crew in France.

LABOR TEMPLE

In Toronto Has Been a Profitable Spot For Recruits.

Toronto, March 25.—The Toronto Labor Temple easily carries the palm for having furnished the largest complement of recruits of any institution in the city, barring none, to serve in the ranks of the Canadian overseas forces.

This is rather a big claim to make in a military division that has already secured over 60,000 enrollments, but it is one that can be easily substantiated.

While absolutely correct statistics are scarcely available, as every day witnesses enrollments of more union men, many of whom are giving very remunerative jobs and are enlisting from a sense of what they believe to be their duty, and while many of the men who carry the union card may not have enlisted at the Labor Headquarters direct, it is practically certain that there must be at the lowest computation some six thousand Toronto trades and artists serving in the trenches or the training camps in Canada and England.

One local union alone, the Street Railway employes, has now nearly six hundred of its members with the colors, every one of whom is being kept good on the books, and there are very few locals indeed, and these the smaller ones, whose number of enlisted men do not figure up in the double column.

R. J. Nicholson, late business agent of the United Brotherhood of Carpenters and Joiners, is one of the recruiting sergeants who in company with G. T. Webster, is at the Labor Temple every day, securing volunteers for the Canadian Engineers. Dick is meeting with good success, and states they are getting splendid results from their very day, securing volunteers for the Canadian Engineers. Dick is meeting with good success, and states they are getting splendid results from their very day, securing volunteers for the Canadian Engineers.

Other recruiting officers for the infantry and artillery also make daily visits to the Church street building, as they know it is a good place to keep in touch with, and now that the overseas troops are training in the city every night witnesses large numbers of men in khaki in attendance at the various union meetings.

The individual who would dare to belittle Organized Labor in any of the Toronto battalions would be quickly called down, for there are too many trades unionists in the ranks, and many of the officers are members of labor organizations, and men in high command have more than once in public gatherings declared that the workers have responded better than any other class to the appeal to step forward in defence of Canada and the Empire.

PRISONER SPENT RESTLESS NIGHT

Indictment of Young New York Dentist Expected on Monday.

By Special Wire to the Courier.

New York, March 25.—Still suffering from the effects of the narcotic drugs he began to take when troubles home before he started for New York

overwhelmed him, Dr. Arthur W. Waite spent a restless night under close guard in the prison ward at Bellevue Hospital. By Monday the district attorney expects to receive from the grand jury an indictment, charging the young dentist with first degree murder in administering the arsenic which caused the death of his father-in-law, John E. Peck, the Grand Rapids millionaire.

Waite was cheered to-day by prospects of seeing his father and mother, Mr. and Mrs. Warren W. Waite, who came here last night from their home in Grand Rapids. Waite's father was not permitted to see him when he called at the hospital late last night.

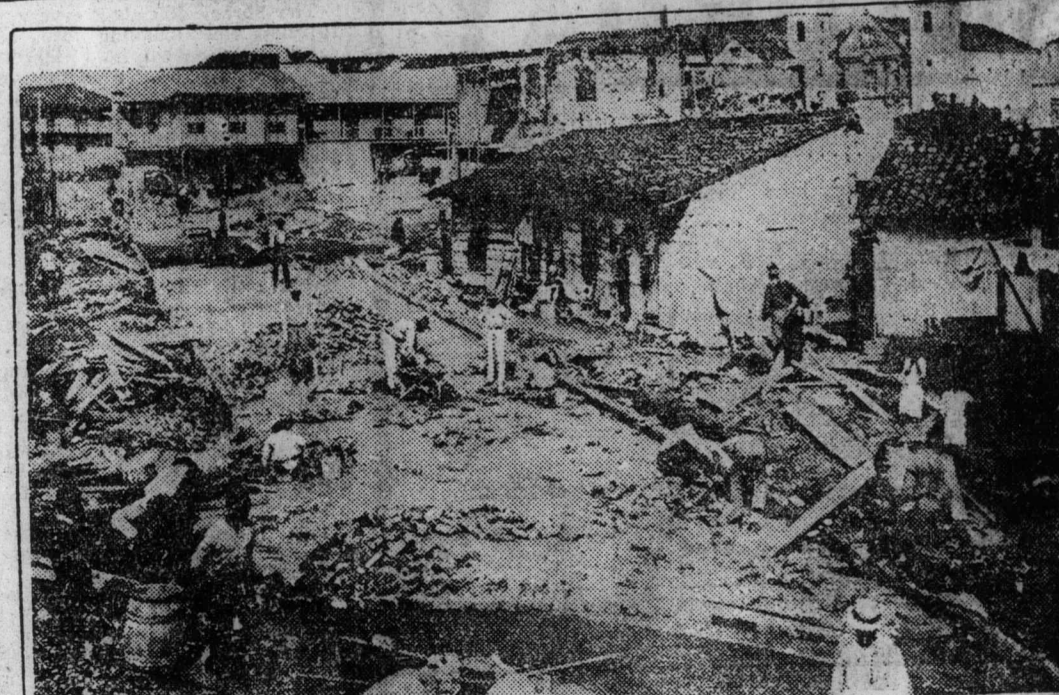

"Our son never committed this awful crime of which they charge him," said Mr. Waite. "Give him a chance and we feel certain it will be cleared up."

Mr. Waite added that he brought a message to the accused man, from his wife, who is ill at the Peck home in Grand Rapids. Mr. Waite said his daughter-in-law had called him to be in connection with signing of subway contracts.

Miss Baldwin, daughter of a prominent American resident of Paris, was injured seriously on the Sussex.

Controller Prendergast, of New York, asks for Grand Jury investigation into bribery charges made in connection with signing of subway contracts.

PAVING IMPORTANT IN SANITARY CONQUEST OF CANAL ZONE

PAVING BRICK STREET IN CITY OF PANAMA

Panama and Colon now have modern pavements on every important thoroughfare, laid by United States engineers. The question of material gave some concern, as the surface must withstand extremes of temperature, and must never be soft enough to permit the adhesion of filth. Sanitary conditions must, above everything else, be maintained. Choice in most cases fell upon vitrified brick, laid on a concrete base with a cement grout filler. An entirely new view of the possibilities of the tropics has been afforded by the success of Surgeon General William C. Gorgas in making Panama a healthy place to live. There is no reason, he says, why the Congo and Amazon valleys must remain comparatively unused by civilized men. It is a simple matter of money and energy to make both of these trackless regions perfectly safe for human habitation and the results would immensely more than repay the outlay. From these two regions, says Dr. Gorgas, more foodstuff could be secured than is now produced in the entire world and with less effort.

SERGEANTS OF THE 125TH BATTALION

MOVIES, MUSIC AND DRAMA

AT THE BRANT.
 The attractions for the Brant theatre for next week promise to be well up to the excellent standard of this popular play house.

For the first three days the feature photo drama will be "The Golden Chance," a special Laskey production with Wallace Reid and Cleo Ridgely as stars. The vaudeville bill promises to be of extra merit, headed by The Six Cornells, three men and three women in a sensational comedy burlesque novelty and the Leslie Sisters, Australian Nightingales.

TWO DISTINGUISHED STARS.
 Cleo Ridgely and Wallace Reid, the distinguished Laskey stars who will appear together in "The Golden Chance" at the Brant on Monday, Tuesday and Wednesday, will be seen, according to Cecil B. DeMille, the Laskey director-general, in the first real love story ever seen on the screen.

"The Golden Chance" has to do with the adventures of Mary Denby, the wife of the drunken thief Steve Denby, who is thrust by the society woman for whom she is working, to fill a vacancy at a dinner where a wealthy young bachelor falls head over heels in love with her and his affection is reciprocated, how the husband in attempting to burglarize the house finds his wife and later attempts to blackmail the young bachelor, but is killed after a desperate fight, must be seen to be appreciated.

In the cast supporting Miss Ridgely and Mr. Reid are such well known artists as Horace B. Carpenter, Edythe Chapman, Raymond Hatton, Ernest Joy, Hazel Childers, and other members of the Laskey all-star stock company.

THE IMMIGRANT.
 By Marion Fairfax, Brant Theatre, Thursday, Friday, and Saturday. The cast: Masha, the Immigrant, Valeska Suratt; J. J. Walton, Theodore Roberts; David Harding, Thomas Merts; Olga, Masha's sister, Jane Ghan; Olga, Harding's Secretary, Wolf; Munsing, Harding's Secretary, Raymond Hatton; Walton's Partner, Ernest Joy; Walton's Housekeeper, Gertrude Keller.

SYNOPSIS.
 Masha, a young Russian immigrant on her way to this country, is insulted by one of the steamship officers and protected by David Harding, a young American contractor and civil engineer, returning from Europe. He secures for her a berth in the second cabin, paying for the difference in fare out of his own pocket.

J. J. Walton, a wealthy political boss and contractor, travelling first class, is captivated by Masha's striking beauty.

Masha is met at the dock in New York by her sister Olga and her drunken brother-in-law, John. Having given Harding their address so he may call and be repaid for the money he has advanced to Masha, Walton learns the address and secures, from the brother-in-law, permission to have Masha enter his house as a maid.

The first night of her employment in Walton's household he attacks her, and when she flees to her sister, pursues her and by a promise of marriage and education, induces her to return.

Harding has opened his offices in the same building with Walton's and bids against Walton for a contract for a big government dam in Arizona. Harding is backed by the reformers and Walton and his political ring find bribes and chances for graft will tempt the younger man and plan to blow up the dam when it nears completion.

Walton takes Masha with him to Arizona to superintend the dam's construction. Masha and Harding have met each other several times and he has always thought her to be the wife of his adversary. By means of threats Walton has Masha entice Harding away from the dam the night of the explosion. Masha free from Walton's threats, tells Harding of the contents of the dam and sends him back to the dam but too late. The explosion has occurred and the waters are plunging down onto the little village. Masha, fearing for the young man's life, follows him, while Walton in the moment of his triumph, fails to realize that the flood is undermining the house which he occupies and is killed when it collapses.

British Progress Continues in German East Africa

Arusha Has Been Occupied and the Enemy Driven From His Line on the Ruwa River.

London, March 24— Telegrams to the War Office from General Smuts, commander of the British forces in German East Africa, indicate that the German forces were dislodged from the defensive positions on the Lumi river and the Kitovo hills by operations from March 7 to 12. They retreated to positions in the thick forest along the Ruwa River.

On March 19 there was bush fighting in the vicinity of Kahe, the enemy stubbornly resisting. On the 20th a British force occupied Arusha, dislodging the enemy.

At dusk the enemy attacked during the night, but were driven off with severe losses. In the meantime a strong mounted force traversing the bush country seized the Kahe railway station and many houses. The force then occupied a hill to the southeast of Kahe. This threat against their retreat decided the

enemy to hold on throughout March 21 with a view to further retirement under cover of darkness.

Further reinforcement reached him during the operations. The British inflicted heavy losses, but the Germans resisted obstinately. At night the entire Ruwa line was evacuated by the enemy, who retired southwards, leaving a four-inch gun, belonging to the cruiser Koeningberg, in their hands.

THE OFFICIAL DETAILS.
 The official communication issued last evening regarding the campaign says:

"General Smuts reports that the German forces, dislodged from their strong defensive positions on the Lumi River and the Kitovo hills by op-

erations commenced March 7, and concluded March 12, effected their retreat through Kahe to a further series of defensive positions constructed in the thick forest belt, which lies along the Ruwa River. Direct pursuit was rendered difficult by a heavy rain and numerous swollen streams over which the bridges had been destroyed.

"The period between March 13 and 17 was spent in re-organizing the troops and transports and repairing roads and bridges for motor traffic. On March 18 the forces were pushed south to occupy Kilevo and Unter Himo in close contact with the enemy on the Ruwa River.

"On the 19th there was a good deal of bush fighting in the vicinity of Kahe, the enemy maintaining a stubborn resistance.

"On March 20, a mounted force occupied Arusha, dislodging an enemy detachment. The night of March 20-21, strong bodies of infantry bivouacked in the Ruwa forest, in close contact with the German entrenchments. The enemy made a strong night attack, but was driven off with severe losses.

"Meantime a strong force of South African troops marched by night from Moshi, and, traversing the thick bush country, reached a point on the Pangani, five miles south of the Kahe railway station by daybreak. The railway station was seized and many stores captured. The railway bridge over the Pangani river has been partially destroyed.

HEAVY LOSSES INFLICTED.
 "The mounted troops then established themselves on the hills south-east of Kahe, in contact with the enemy. This threat against their line of retreat decided the enemy to hold on throughout the whole day of the 21st with a view to effecting a further retirement under cover of darkness.

"Reinforcements reached him from the south by railway during the operations. Thus we were enabled to inflict heavy losses, which would not have been possible had the Germans been free to abandon their positions earlier. As it was they maintained an obstinate resistance.

"The night of March 21-22 the entire Ruwa line was evacuated and the enemy retired south along the Tanga railway, leaving a 4.1 inch gun, belonging to the cruiser Koeningberg in our hands. The operations continue."

Miss Irene Vose, graduate of Smith College, Northampton, Mass., arrested charged with stealing \$300 worth of goods from other students, appeared in court and was fined \$250.

A tornado in Northern Indiana on Tuesday night killed four and injured many others. Approximately 2500 miles of good roads will be built in the state of Michigan this year.

WILLARD AND MORAN WILL MEET TO-NIGHT FOR LARGEST PURSE THAT WAS EVER OFFERED FOR A TEN ROUND BOUT

Willard is Favorite but Interest in the Match is Very Great—Willard Heavier Than His Opponent and Has a Longer Reach.

By Special Wire to the Courier. New York, March 25.—With the wagering close to three to one in his favor, Jess Willard, heavyweight champion of the world, will meet Frank Moran in a ten-round no-decision bout here to-night for the largest purse ever offered for a contest of this scheduled duration. The two pugilists will receive \$71,250, posted by Tex Rickard, the promoter of the match. Of this sum the title-holder will draw down \$47,500 and his opponent \$23,750. Notwithstanding the size of the purse, Rickard will clear a handsome profit on the venture, since every seat in Madison Square Garden has been sold, and the receipts are estimated at more than \$140,000.

Although Willard is a top-heavy favorite, interest in the outcome of the bout is intense, and the greatest gathering of fight fans that ever thronged into and about the Garden is expected at that historic show hall this evening when the principals enter the ring. Few large bets have been placed on the contest owing to the difference in the odds and acknowledged physical advantages possessed by Willard over Moran. Hundreds of small wagers on the result and on various angles of the fight have been made between friends both in this city and among the large delegations of spectators from other cities of the East, South and Middle West.

MORAN CONFIDENT. Moran and his camp followers assert that the Pittsburgh heavyweight will win from Willard in decisive fashion on points, if not by a knockout, but the great majority of the boxing enthusiasts cannot be convinced that the Kansas cowboy will fall a victim to Moran's rushes and blows. It is pointed out that the conqueror of Jack Johnson is physically superior in every respect to his opponent, and that in a bout of ten rounds it would be little short of a ring miracle for Moran to stretch the champion on the floor for the count.

In boxing ability the two pugilists are conceded to be about equal, but beyond that point Willard has a marked advantage over Moran in almost every department of glove fighting as well as in physical make-up. He will outweigh Moran by close to fifty pounds, stand between five and six inches above the Pittsburgh slugger and have a longer reach, of more than six inches, than Moran. Both are extremely powerful hitters in proportion to their size, but here again Willard's greater physique and strength give

him a wide margin over Moran. The latter is the more aggressive boxer of the two, but the champion's towering height and ability to block with his long arms militate against the chances of the smaller pugilist, landing a knockout blow to the head. The task of reaching Willard's body is not so difficult, but in all his bouts to date the Kansas has shown ability to take very hard blows in his midsection without slowing up. From a defensive standpoint Willard is considered one of the best equipped boxers of his division in many years.

NOT AGGRESSIVE ENOUGH.

He is equally formidable offensively when aroused, but, as a rule, lacks the aggressiveness necessary to win from an opponent of Moran's caliber in ten rounds or less. His best blows are a short left jab and a right hand uppercut. These blows he uses almost continually, and owing to his long reach and great strength the punches carry terrific power when Willard puts full force into them. Under pressure he can and does fight with other blows and carries a knockout in either hand when mixing savagely. In his awkward and ponderous style Willard is almost as fast on his feet as Moran, although he seldom uses footwork to avoid an opponent. At close quarters he should be able to hold Moran safely, although the latter will be dangerous if he can tear loose long enough to uncover his ability and power as an in-fighter.

IN FINE CONDITION.

Both pugilists virtually completed their training on Thursday and each claims to be in perfect condition for the battle. Moran has been on edge for the bout for close to two weeks and his trainers have had more difficulty in holding him to physical form than Willard's handlers. The champion was slow to round into condition almost a year, while Moran, because of his recent bouts, responded quickly to the conditioning routine. Willard, however, once he settled down to hard work dropped weight and increased his speed rapidly and while it is doubtful if he is in the same magnificent shape that he was when he met Johnson at Havana, he should be able to box the full ten rounds at top speed if necessary.

OVER \$2,000 PER MINUTE.

Whatever the outcome of the battle the two heavyweights will be well repaid for their training and struggle in the ring. If the contest goes the full distance the principals will receive \$7,125 per round or at the rate of \$2,375 per minute. Of this sum, Willard's share will be \$1,583.33 and Moran's \$916.66 per minute. The purse of \$71,250 is the largest ever offered for a ring battle of any distance with the exception of the \$121,000 given to Johnson and Jeffries by Rickard in their fight at Reno, Nev., in 1910. The purse is larger than the gate receipts taken in at any fight ever held in New York State under the Horton Law or the present Frawley Regulations. But two fights, the Johnson-Jeffries and Johnson-Burns battle in Australia brought receipts in excess of \$71,250.

WHITE IS REFEREE.

The difficult task of refereeing the bout has been placed in the hands of the veteran, Charley White, an experienced boxing arbiter, and he has stated that he will insist upon the principals boxing in strict accordance with the rules. Because of his past experience as third man in the ring at a number of championship battles, White should be able to de-

side upon all technical points which may arise. Considerable responsibility will rest upon his shoulders, as Willard might lose his title in several ways, notwithstanding that the contest is billed as a ten-round no-decision bout. Moran would become the heavyweight title holder should he knock out Willard, or in case the latter was to foul Moran during the struggle. White is also empowered to stop the fight in case either one of the men is incapacitated for any reason and unable to continue. Such a decision would automatically make the other principal a winner and technically the holder of the title.

Highlanders Release a Number of Players. Macon, Ga., March 25.—Manager Donovan has let Miller out under an optional agreement, as are the others who go. Aragon, the Cuban, goes to Richmond, as does Hendrix, the outfielder. Vance, pitcher, and Brown, outfielder, go to Columbus. Laydon, outfielder, goes to Toronto. Pich, pitcher, and Schwert, catcher, will be pitched over to Tenney's Newark team and Cable and McGovern, two infielders, to Troy, of the New York State League. Further releases will be made later on.

Hamilton Rowing Club Lost to Wiarion. Hamilton, March 25.—Wiarion and Hamilton Rowing Club hockey sections hooked up in the last of the series here at the Arena. The locals had a lead of 11 goals to overcome and went right after the visitors, but to no avail. The first half was all Wiarion and resulted in a score of 3 to 1 against Hamilton. In the second half the locals went after them hard, but the splendid work of Nimmo, Wiarion's goalkeeper, saved many a shot, while the visitors had no trouble in locating the nets and made the final score read 6 to 1 in their favor. This gives them 10 to 12 in the first game at Wiarion. D. Ashley and Nimmo started for Wiarion, and Reece and Parker were the best men for the locals.

Frank Shaughnessy to Join 207th Battalion. Ottawa, March 25.—The 207th Battalion, which is being recruited in Ottawa under Col. Charlie McLean, will consist of some of the leading athletes and sportsmen of the capital. Some time ago it was announced that Fred Burpee, of the Ottawa Canoe Club, would take the rank of captain; also that Jim McCusig, captain of the Ottawa eight when it went to Henley, would be a lieutenant. Today it was given out that Manager Frank Shaughnessy, of Ottawa Baseball Club, would likely go in the capacity of captain. Shaughnessy has been offered the commission and will probably forsake the baseball spangles for khaki. He has an offer from the Warren, Pa., Club, and one from a Southern League Club. He is intimate with the Ottawa Football Club. He had a military training in the States, prior to taking up residence in Canada. Eddie Gerard, of the Ottawa Hockey Club, will probably become a lieutenant in the 207th. He will be attached to Capt. Burpee's company. Gerard captained the Ottawa Football Club, as well as the New Edinburgh war canoe crew and has been rated one of the best hockeyists in the National association. Jack Mitchell, secretary to the Minister of the Interior, is recruiting the athletes and the sportsmen's company promises to be one of the finest that has yet gone out of the capital.

Would Not Finish Game. Peterboro, March 25.—With the score in last night's game between the 16th Battalion team of Kingston and the 93rd Battalion standing 4 to 4, the visitors refused to play the tie. The score was 2 to 2 at the end of the first period and 4 to 3 at the end of the second.

Hockey Season Closes To-night at the Arena. Toronto, March 25.—Aura Lee and Berlin Union jacks will close the hockey season to-night at the Arena, when they meet in an exhibition game. These teams played a tie game on their last meeting at the Arena in the last of the junior O. H. A. finals, and since that time there has been some doubt as to which is the better team of the two. Aura Lee claimed they had an off night when they played the last game, and arranged this contest to prove it.

E. W. Bliss Company, of Brooklyn, manufacturers of war munitions, increased earnings available for common dividends for the year 1915 by more than 650 per cent.

Aura Lee Turned Tales on Detroit? Detroit, March 25.—Toronto junior O. H. A. champions, the Aura Lee, forced the Detroit hockey septet to taste bitter defeat in the last game of their series here last night by shutting out the locals. The score was 1 to 0.

The Canadians' score came in the opening round, when Sheldon shot the puck three times after fourteen minutes of play. Thereafter it was give and take with both goaltenders working overtime. Hammeief got six stops while Wilkinson, for Aura Lee, was credited with 20.

Berlin Seniors Lost to Juniors. Berlin March 25.—The Union jacks attempted to prove to Berlin fans that junior hockey was every bit as fast as senior and were in every way successful, so far as last night's game was concerned. In the play and in the scoring the jacks were superior and the score of seven to four was a fair indication of the play.

While Art Schnarr was not in the game, the family was represented by Bill, who with Hiller, put up the best game for the seniors. Wetche, the speedy little Elmira player, who is now in Berlin with the 16th Battalion took Art's place on the jacks, and put up a good game.

PROVINCE EXPECTS \$600,000 FROM AMUSEMENT TAX. Will Start at First With One Cent, With an Advance Later On.

Hon. T. W. McGarry, Provincial Treasurer, yesterday introduced the amusement tax bills in the Legislature providing for a minimum tax of one cent on admissions to places of amusement, with the right of the Lieutenant-Governor in Council to increase the sum to 25 cents. The one cent levy, it is expected, will be a general rate at first, but afterwards there will be an advance, with more on the bigger houses. When the tax is raised as high as 10 cents it is calculated that the revenue brought in will be \$600,000. Provision is made for giving to the houses which collect the tax 10 per cent of the proceeds gathered in for Government purposes.

YOU'RE BILIOUS!
CLEAN LIVER AND BOWELS TONIGHT

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize that you have taken a cathartic. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time they act thoroughly and are harmless.

SHARP ATTACK REPULSED

Dangerous Condition Relieved Just In Time By "Fruit-a-tives"

MR. F. J. CAVEEN
682 Gerard St. East, Toronto.
For two years, I was a victim of *Acute Indigestion and Gas In The Stomach*. It afterwards attacked my Heart, and I had pains all over the body, so I could hardly move around. I tried all kinds of medicines but none of them did me any good. At last, acting on the advice of a friend, I decided to try 'Fruit-a-tives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-tives' to anyone suffering from Indigestion, no matter with the Highlanders' calling for \$8,000. Toledo will probably pay him \$2,500, and the New York team the balance. Pretty good for Sweeney. Pitcher Ross last year with the Ottawa Club and now with the Highlanders, is slated for the Leafs, while Shocker may be sent to Richmond. Outfielder Sharmar, who has had a bad leg all Spring with the Giants, has been released to the Memphis Club. Ty Cobb lost a \$600 diamond ring in Cincinnati two weeks ago, but it has been recovered. Efficiency and economy have led Manager Tenney, of the Newark team, to hit on a new idea. He is going to have his club train at home, but behind barred gates—so that the exhibition will not be taken off the exhibition games arranged with the major league clubs. The real novelty Tenney has in mind is a plan to have all the semi-pros he can round up act as sparring partners, so to speak, for his mates. Most of the semi's will be glad of the opportunity, and as Tenney hasn't enough men to form two nines, it is a mighty clever idea. Jack Dunn has been commiserated by promising to use the Terrapin flag and colors as well as the old Fed ball park. Leave it to Dumme to get back solid with his home fans. Callahan and Witter, two veterans, added their names to the Newark roster during the last week. Tenney is the mysterious manager of the circuit. Nobody knows just what he will do. In four years of managing the Boston Nationals he never got them out of the ruck, but they say Fred never was allowed to spend anything but his time in getting players. Out in Pittsburgh the fans have already begun to bet that Mannaux will lead Alexander in the National League pitching averages for 1916. Mannaux is a youngster who showed wonderfully well last season, but he will have to improve considerably to beat out Governor Cleveland if the latter holds up to anything like his last season's form. Alexander allowed only 1.22 runs per nine-inning game, while Mannaux was back 2.03. If Pat Mannaux was pitcher should fall down any 2.03 would probably beat him, but it is thought with the experience he has had Mannaux will do better than this next season, and if he does neither Alexander nor any other National League pitcher is going to lead him much.

Baseball

Manager Breenahan of the Toledo Club has secured Catcher Ed. Sweeney from the New York Americans. Sweeney has still a two-year contract with the Highlanders, calling for \$8,000. Toledo will probably pay him \$2,500, and the New York team the balance. Pretty good for Sweeney. Pitcher Ross last year with the Ottawa Club and now with the Highlanders, is slated for the Leafs, while Shocker may be sent to Richmond. Outfielder Sharmar, who has had a bad leg all Spring with the Giants, has been released to the Memphis Club. Ty Cobb lost a \$600 diamond ring in Cincinnati two weeks ago, but it has been recovered. MR. J. J. HAWKINS WAS FRIEND OF SIR JOHN A.

Secretary of Parks Board Recently Celebrated His 76th Birthday.

Mr. J. J. Hawkins quite recently celebrated his 76th birthday. He was born in this city, the son of John Hawkins of County Down, Ireland. His father, who was an architect and builder, came to Canada in 1832 and located in the then village of Brantford in 1834. The subject of this reference, in early life took municipal honors, having been Deputy Reeve and Alderman. He finally entered the political arena and soon became known as one of the very finest parliamentarians in Canada. In fact Sir John Macdonald selected him as the speaker to accompany himself and Sir Leonard Tilley on a memorial tour. Mr. Hawkins was elected to the Dominion House as member for "Rothwell" in 1882, but lost out on a recount. He was in the very forefront of the political fighting during the days of Sir John Macdonald, by whom he was held in very great esteem and his personal reminiscences of that period are always most interesting. Mr. Hawkins is at present the active secretary of the Parks Board.

REPORTS READ AT THE EQUAL FRANCHISE CLUB

Annual Meeting Held and Work of the Year Reviewed.

The annual meeting of the Equal Franchise Club took place Thursday evening in the Y. W. C. A., when the reports of the officials of the organization were presented, showing the club to be in a most excellent condition. The election of officers was postponed until the next monthly meeting.

The report of Miss Mary Neal, recording secretary, reviewed the activities of the club during the past year, mentioning the addresses delivered here by various speakers, the most prominent among them being Mrs. Nellie McLung and Mrs. Pankhurst. Reference was made to the granting of Women's Suffrage in some of the western provinces, also to the wartime work which was being done by women, not only in Red Cross and Patriotic Fund committees, but in actually taking the places of many men who had gone to the front. The excellent progress of the club in gaining members and arousing interest throughout the city was also commented upon.

The report of Miss Marian Mitchell, corresponding secretary, was also presented. In it thanks were extended to the local press for the assistance given the club. The report of the president, Mrs. Roy Secord, touched upon the part being played in the war by British colonies throughout the world, and of the fruit this loyalty would bear after the war, in the closer welding of the various sections of the empire, when the granting of women's suffrage might well be looked for. The victories of woman's suffrage in Alberta, Saskatchewan and Manitoba were commented upon, and the question asked, why not in Ontario and the whole Dominion? The triumphs of temperance throughout Canada were also mentioned. The registration of all adults in the province of Ontario, as advocated to Premier Hearst by a deputation, was favored on condition that women should be recognized as citizens and so registered along with the men. The women were willing to take men's work, but in protection of industrial labor they must demand equal wages with the men.

The victories of Woman's Franchise in Iceland, Denmark and Holland, were also commented upon, and the hope expressed that the present year might see peace restored once more to the world and the suffrage granted to women throughout all parts of the British Empire.

HAMILTON ASKS DRAFT AND PLACING OF MEN

Recruiting League Passes a Strong Resolution—Asks Census.

Hamilton, March 25.—The audience which gathered last night at the I. O. O. F. Temple to hear the discussion of the memorial prepared by the Recruiting League providing for some system of drafting men immediately into overseas units, and for judicious selection and placing of all males in services for which they are best fitted, was smaller than was expected, but while the number who attended was disappointing the speakers were all enthusiastic in their endorsement of the proposed resolution favoring it, and provided for its presentation to the Government. They also desire to secure the co-operation of other Recruiting Leagues.

JOHN BULL PRESENTED RESOLUTION. Sir John M. Gibson presided, and

the speakers were: S. F. Washington, K.C., and John Bull, who presented the resolution; Rev. E. J. Etherington, Rev. Dr. S. Banks Nelson, Rev. P. W. Philpott, J. H. Collinson, J. P. Bell, S. L. Landers and J. J. Greene.

The memorial which will be presented to the Government and Sir Wilfrid Laurier follows:

TEXT OF RESOLUTION.
"Whereas this Dominion is engaged in a war involving the very existence of British institutions, a war of the most rigid economy of men and means, a war that can be successfully concluded only by the fullest utilization of all our resources;

and, whereas, under the present voluntary system there is great waste of the nation's resources, the Hamilton Recruiting League humbly begs the Government of Canada to appoint a Commission for the purpose of:

"(a) Taking a census of all men in the Dominion from eighteen years of age and upward, specifying those married and unmarried.

"(b) Classifying the men according to their occupations or their fitness or preference for certain kinds of work.

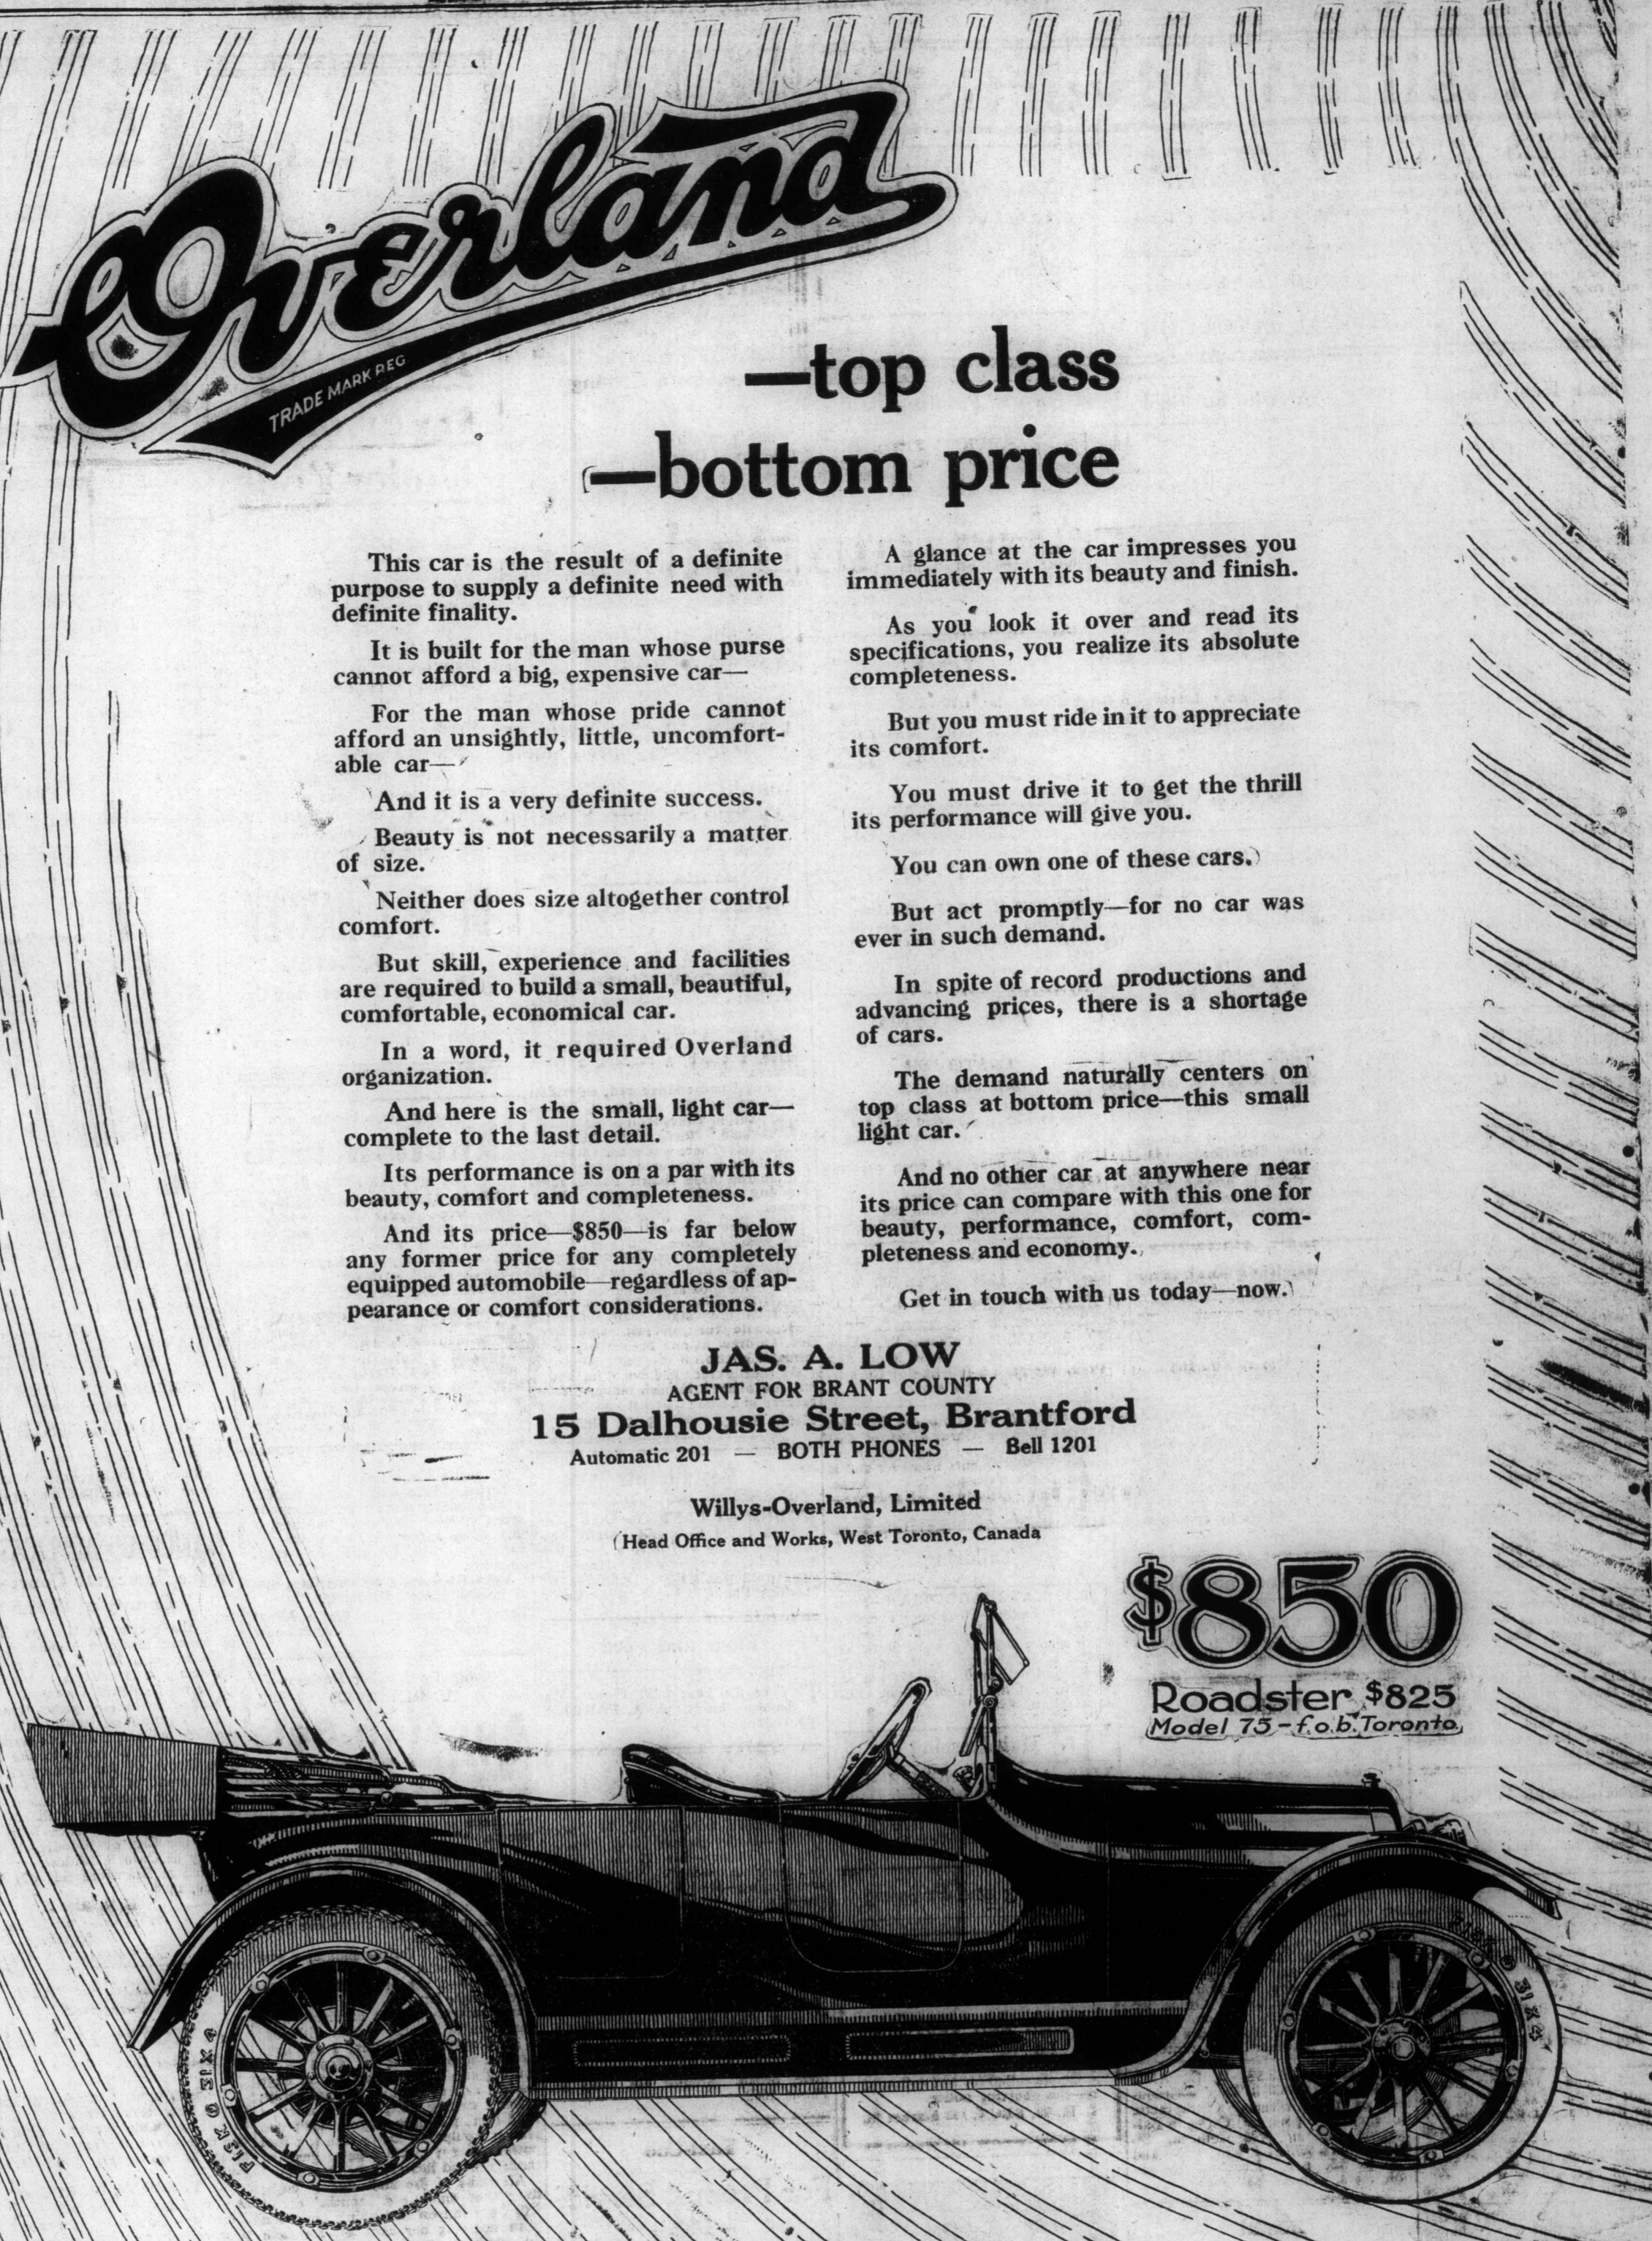

"(c) Classifying the industries with a view to the restriction or the ultimate elimination of such as are non-

essential to the welfare of the country or are not economic factors.

"(d) It being understood that the foregoing is urged with a view to the immediate application of some just and comprehensive system of draft whereby the men necessary to complete the Canadian expeditionary forces may be readily secured."

It will be hard sledding for the anti-cigarette bill in the Mississippi Legislature because so many of the members are cigarette smokers.

This car is the result of a definite purpose to supply a definite need with definite finality.

It is built for the man whose purse cannot afford a big, expensive car—

For the man whose pride cannot afford an unsightly, little, uncomfortable car—

And it is a very definite success.

Beauty is not necessarily a matter of size.

Neither does size altogether control comfort.

But skill, experience and facilities are required to build a small, beautiful, comfortable, economical car.

In a word, it required Overland organization.

And here is the small, light car—complete to the last detail.

Its performance is on a par with its beauty, comfort and completeness.

And its price—\$850—is far below any former price for any completely equipped automobile—regardless of appearance or comfort considerations.

A glance at the car impresses you immediately with its beauty and finish.

As you look it over and read its specifications, you realize its absolute completeness.

But you must ride in it to appreciate its comfort.

You must drive it to get the thrill its performance will give you.

You can own one of these cars.

But act promptly—for no car was ever in such demand.

In spite of record productions and advancing prices, there is a shortage of cars.

The demand naturally centers on top class at bottom price—this small light car.

And no other car at anywhere near its price can compare with this one for beauty, performance, comfort, completeness and economy.

FINE LIST OF ATTRACTIONS

"Omra the Tent-Maker"
Coming Soon to the Grand.
HALL CAINE'S
SON, ALSO
Creator's Famous Band is Also a Coming Attraction.

Mr. J. T. Whitaker, the manager of the Grand Opera House, has a splendid list of attractions coming before the end of the present season, among the mbing some of a very high order.

Mr. Gus Hall's musical comedy, "Polly and Her Pals" with a large poly ballet and a company of 50 people, will be first among the coming attractions. Following this will be the famous English actor, Dewart Hall Caine, son of the famous English novelist, in Hall Caine's successful play "Pete." This is a very highly represented production.

Few people need any lengthy introduction to the attraction following Mr. Caine's. This will be "Omra, the Tent-Maker," and the success of this is practically assured as soon as announced. Another attraction which will appeal particularly to music-lovers, will be the appearance here of perhaps the world's greatest musical organization, the famous "Creator's Band."

Taken all in all, Manager Whitaker is to be congratulated on securing attractions of such sterling worth.
