

MAYOR J. W. BOWLBY IS RETAINED IN OFFICE FOR 1917

Rioting Follows Municipal Elections in the City of Kitchener, Ontario

MAYOR BOWLBY AGAIN MAYOR BY A SUBSTANTIAL MAJORITY

Aid. Ward Carried the District in Which He Resides--Both By-laws Carried--Waterous and Turnbull Win in their Contests; Many New Faces Among the Aldermen

Mayor Bowlby will continue to occupy the chair with the coat of arms on it for another year. He won out last year by 674 votes and this time by 453, or a reduction of 221. The successful candidate did not do any active personal work, neither did he have any organization. In the latter respect his opponent was practically in the same boat although a number of friends were volunteer workers. His supporters feel that had he got in the field earlier, the result might have been different.

Mayor Bowlby's majorities last time were:

Ward 1	214
Ward 2	51
Ward 4	132
Ward 5	293
Ward 3, adverse	690
Ward 3, adverse	16
Ward 3, adverse	674

Questioned by a Courier man after the result, Mr. Ward said: "It is not an unusual thing for a candidate who in seeking public office, meets a decided reverse at the

made a runaway of it in this contest. He is a man of good practical engineering knowledge. Mr. Montgomery, whom he defeated, leaves office after many years of service.

School Trusteeship

In the School Trusteeship fight, Dr. Marquis headed the poll, with Mr. Coulbeck second, Mr. McEwen, third, Mr. Miller fourth and Dr. Gamble fifth. Messrs. Armstrong and Hammond were the unsuccessful candidates.

For Alderman

The Aldermen for the various wards in the order of their winning, are:

Ward 1.—Jones, Varey, Secord.
Ward 2.—Kelly, English, Hess.
Ward 3.—Hollinrake, Tulloch, Dowling.
Ward 4.—Bragg, McBride, Melten.
Ward 5.—Symons, Wiler, Jennings.

Politically speaking, there is a Conservative majority.

Three of last year's Aldermen failed to get there—Minshall, Freeborn, and Harp.

There are eight new faces. Ald. Jones, Barrister; Ald. Varey, of Slingsby's; Ald. Kelly, proprietor of Senate Billiard Parlor; Ald. English, contractor; Ald. Hollinrake, lawyer; Ald. McBride of the McBride Press; Ald. Symons, well known labor man; Ald. Tulloch, livery owner.

polls, to publicly state that he will not again re-seek election. This I do not propose to do. On the contrary, I consider yesterday's adverse vote in my own case, an incident rather than a climax in my career. Considering everything, I am not at all discouraged with the result, and quite cheerfully accept the decision of the electors. Sincerely thanking my friends and supporters for their zealous efforts in my behalf during the past week.

Mayor Bowlby, when questioned, said, "I am profoundly thankful for the election of what I think will be a sympathetic council, and also for the public confidence placed in myself. I hope that we will have a business-like and successful year in the interests of the citizens."

The Two By-Laws

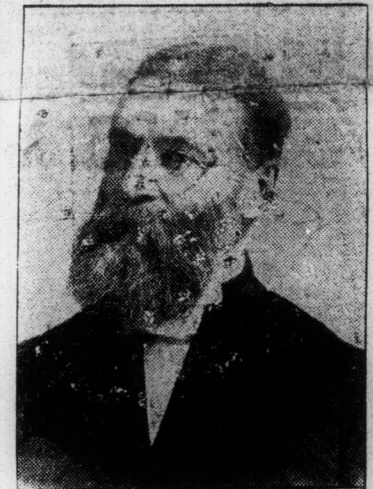

The two by-laws, Gas and Hydro, carried by sweeping majorities. The citizens evidently are tired of what they have been subjected to in the former case, while as to Hydro, they are willing to trust, Sir Adam Beck.

Street Railway Commissioner

Mr. Turnbull was returned as Street Railway Commissioner by a handsome majority. The public evidently realized that he had done good service in the position and that it would be a mistake to inaugurate a change.

Water Commissioner

Mr. C. A. Waterous, an entirely new comer in the municipal field.

Ward 6, adverse.....	16
.....	674

Questioned by a Courier man after the result, Mr. Ward said: "It is not an unusual thing for a candidate who is seeking public office, meets a decided reverse at the polls, to publicly state that he will not again reseek election. This I do not propose to do. On the contrary, I consider yesterday's adverse vote in my own case, an incident rather than a climax in my career. Considering everything, I am not at all discouraged with the result, and quite cheerfully accept the decision of the electors. Sincerely thanking my friends and supporters for their zealous efforts in my behalf during the past week."

Mayor Bowlby, when questioned, said, "I am profoundly thankful for the election of what I think will be a sympathetic council, and also for the public confidence placed in myself. I hope that we will have a business-like and successful year in the interests of the citizens."

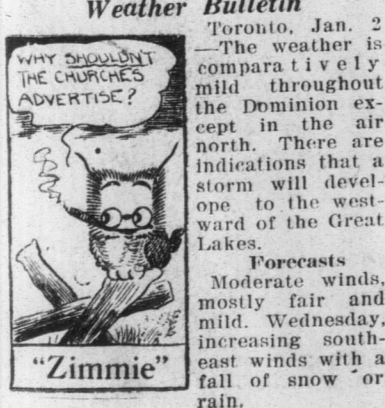

The two by-laws, Gas and Hydro, carried by sweeping majorities. The citizens evidently are tired of what they have been subjected to in the former case, while as to Hydro, they are willing to trust Sir Adam Beck.

Street Railway Commissionership. Mr. Turnbull was returned as Street Railway Commissioner by a handsome majority. The public evidently realized that he had done good service in the position and that it would be a mistake to inaugurate a change.

Water Commissioner. Mr. C. A. Waterous, an entirely new comer in the municipal field, carried the office.

made a runaway of it in this contest. He is a man of good practical engineering knowledge. Mr. Montgomery, whom he defeated, leaves office after many years of service.

School Trusteeship
In the School Trusteeship fight, Dr. Marquis headed the poll, with Mr. Coulbeck second, Mr. McEwen, third, Mr. Miller fourth and Dr. Gamble fifth. Messrs. Armstrong and Hammond were the unsuccessful candidates.

900 ENEMY PLANES WRECKED

A Summary of Allied Activities in the Air During Year 1916

By Courier Lensed Wire.
Paris, Jan. 2.—(New York Cable)—During 1916 Allied aviators made 750 raids into hostile territory, 900 enemy airplanes were shot down and 81 captive balloons were destroyed, according to figures just compiled. Of these raids the French made 250, the British 190, and between them 130 in Macedonia.

French aviators shot down 450 enemy machines, the British 250, while the French destroyed 40 balloons and the British 27. The remaining balloons and airplanes were brought down by anti-aircraft guns.

The record by months showed continual improvement in the French aviators until the bad weather started. In January they made two raids, in February nine, March thirty-five, April 31, May 41, June 18, July 48, and August 49.

MAJOR SNIDER NOW COMMANDS THE 215TH BATTALION WITH THE RANK OF LT.-COLONEL

LT.-COL. H. E. SNIDER
Commanding Officer of the 215th Battalion, whose promotion is Officially announced

Capt. Sweet, Adjutant, Becomes Major and Second in Command - Other News Notes

To the Officers, 215th Overseas Battalion, C. E. F.,
"I beg to inform you that the following provisional appointments to the 215th Overseas Battalion, C. E. F., are approved provisionally:
Major H. E. Snider, 9th Missisnagua Horse.
"To be second in command with the rank of Major in the C. E. F., Captain E. Sweet, 35th Regiment."
Such was the text of a communication received at the Armories this morning confirming the appointment of Major, now Lieut.-Col. H. E. Snider, to the command of the 215th Battalion, and also announcing the appointment of Captain Sweet to the position of second in command with the rank of Major. In both cases the action of the military authorities will meet not only with the approval of all the members of the Battalion, but with the approbation of the people of the three counties of Brant, Norfolk and Holderness. In each case the officers in question have been connected with the unit since its inception, and have been extremely competent and popular. It is unnecessary to recall the career of either of these officers, familiar as they are to all interested in the history of the battalion.

MAJOR E. SWEET
Late Adjutant of the 215th Battalion, now second in command, with the rank of Major

ITALY'S WAR TAXES

Associated Press
Rome, Jan. 2.—Italy's new war taxes, to be applied, beginning next June, are expected to bring upwards of forty million dollars. The heaviest tax, apparently is intended to fall on manufacturers of war supplies, to the extent of 60 per cent. on profits earned over 20 per cent. of invested capital. An additional tax of three-tenths of one per cent. is levied on the foreign companies doing business in Italy.
Another heavy tax falls on property owners. A direct tax of 5 per cent. monthly is to be paid by owners of apartment and tenement houses, or on rented houses. A small direct tax is imposed on all soldiers and officers who, though mobilized, do not form part of the active fighting troops, and another tax is imposed on men who perform no military duty because of ill-health or other reasons.
A miniature Indian type only a foot high but complete in every detail, has reached Sir Robert Borden. It is a Christmas gift to the Premier from the Saree Indians of Balcarres, Sask., of which Sir Robert is a chief.

THE SITUATION

The Germans continue their successful onslaughts in Roumania and Braila, one of the great grain ports of the country is now believed to be under their fire.

Two violent assaults on the part of the Huns in the Champagne district were successfully repulsed by the French.

It is rumored that hunger among the civilian population in Germany is commencing to breed revolt and that the starving people in many towns are becoming very restive.

THE MAYORALTY

Mayor Bowley retains the position of Chief Magistrate of this city by a majority which will not render any recount necessary. No doubt a second courtesy term cut some figure in the outcome, and also the fact that a man of his years should continue to be such a virile municipal figure. After all, however, the main thing which counted was that he got the most votes. A majority of the citizens by their ballots have stated that they desire to have him remain another year in the office and under British institutions what the majority desire in such matters they get. The outcome, of course, is not what The Courier desired but there will not be any re-priming in these columns over that fact.

Mr. Ward has taken his revenge as a man should. The Courier contended and still thinks that his long municipal services entitled him to the recognition he sought. His entrance in the field at so late a date was certainly somewhat of a handicap but no good use can now be served by analyzing this and other circumstances. Mr. Ward is a young man yet and he is too good a citizen to let the present defeat prevent him from future public service.

WILL HAVE NONE OF IT.

The united response of the Allies to the alleged peace proposals of Germany is just about what had been expected. No one with a grain of gumption believed that John Bull and his associates would become parties to a conference chosen by the enemy at his own time, and in which he would enter upon stipulations as the conqueror. Time and time again the Allies have affirmed and reaffirmed that the only basis upon which hostilities can cease, is upon their own terms, and after the bragadoio bully of Europe and ravisher of Belgium and other small nations, has been brought to his knees. They mean what they say; have done so from the first and will to the inevitable end. The Kaiser and his advisers must realize that. Why then the offer? Probably for three reasons:—

- 1.—To throw the onus for the continuance of the war on the Allies.
- 2.—To further stir up the feelings of the people in the Fatherland to the belief that they are fighting against a ruthless foe, who is bent on their destruction.
- 3.—As an excuse for still more ruthless and diabolical acts.

The reply of the ten nations who are linked together against the oppressor, and who have refused to walk into the proposed trap, is plain spoken and forceful. The Hun offer is rightly characterized as a "sham." Its sponsors are told that it contemplates "a German peace," which cannot for one moment be considered. It is pointed out that "at this very moment, while Germany is proclaiming peace and humanity to the world, she is deporting Belgian citizens by thousands, and reducing them to slavery." The joint reply further adds that while rejection of the overtures will no doubt mean a new series of crimes—submarine warfare, deportations, forced labor and forced enlistment of the inhabitants against their own countries and violations of neutrality—yet, nevertheless, the direct answer is refusal "to consider a proposal which is empty and insincere." To which all of the peoples concerned will heartily say "Amen."

In the series of National Boys' Conferences from Halifax to Vancouver, the Bay of Quinte Methodist Boys' Conference opened at Cambridge Street Church, Lindsay.

Nellie, five-year-old daughter of James Smith of Strathroy died from burns suffered when her clothing caught fire while she was standing near the kitchen stove.

NOTES AND COMMENTS.

Now it is all over, the proper thing to do is to settle down on behalf of the best interests of the community once more.

That pro-German element in Kitchener stands sagely in need of a lesson.

Dr. Marquis evidently knows how to feel the public pulse.

The Courier regrets the defeat of Mr. Armstrong for the Board of Education. He made a most excellent representative on that body.

The people evidently didn't think it was wrong to take a Gamble in the case of the Doctor of that name.

Ward 5, where Ald. Ward resides, showed its faith in him and that was a tribute to be proud of.

There are three old time lacrosse players in the new Council in the persons of Ald. MacBride, Kelly and Dowling. Quite a husky nucleus for a civic team.

PRISONERS TO TILL LAND

Germans Interned in Britain to be Used for That Purpose

COMPULSORY

Tilling of Land to Be Introduced

London, Jan. 2.—Some of the many social changes fore-shadowed came into operation on the New Year. The most noticeable are those affecting railway travel. Yesterday was the first day the order was enforced, resulting in fewer and slower trains, and a general increase of 50 per cent. in fares. The baking of standard bread also became general yesterday. The Board of Agriculture is organizing schemes to increase the home grown food supplies. It is understood that 10,000 German prisoners are available to work the land. On this subject the Times' Dublin correspondent has reason to believe that the Irish Government proposes to institute without delay a considerable scheme of compulsory tillage. Farmers will be compelled to till the working portion of their holdings. Arrangements will be made to provide them with machinery and fertilizers. It is possible some public departments may undertake to conduct large schemes of tillage on their own account.

MR. F. J. BULLOCK Meets With Accident—Is Struck by Street Car

Mr. F. J. Bullock, the well known local broker, was hurried to the Brantford General Hospital shortly after noon to-day, suffering from serious injuries to the head sustained when he was struck by a car of the municipal railway line on Colborne street. Mr. Bullock was crossing the street near the Kerby House, and owing to the presence in front of him of an east bound car, he failed to perceive an approaching west bound car, and proceeded to cross the street after the east bound car had passed. He was struck by the car and knocked heavily to the ground, his head being badly cut and bruised. The unfortunate man was conveyed to McDowell's drug store, and Dr. Stinson was summoned. Mr. Bullock was later removed to the hospital, where he is at present confined.

LIQUOR DEALERS TO ENFORCE LAW

Fearing Prohibition, Inn-keepers May Force Observance of Restrictions

London, Jan. 2.—The "lid" is being tilted so often by saloonkeepers in England, that the liquor dealers themselves, fearing this continual winking at the closing time may advance the interests of prohibition, have launched a movement for a more rigid enforcement of the law. It is proposed that any violation of the regulations will result in the suspension of the license until the end of the war. Another proposal is that a second violation of the law be punished by imprisonment, and that the offender be debarred from further employment in the liquor trade. In Birmingham, the liquor interests have organized a vigilant police service of their own to see that the law is not violated.

GERMAN ELECTRIC CO.
Associated Press
Berlin, Jan. 2.—The German Electric Company announces that during the fiscal year 1915-16, just completed, it paid 7,548,359 marks for the support of families of its employees who have been drawn into the army.

The annual report further shows that the works are fully engaged, and are devoted in large measure to the service of the Empire. After deducting taxes, extra expenses, interest on obligations and sinking fund items, there remains for this year a net profit of 27,193,400 marks, as against 21,289,115 marks in 1914-15.

A general stockholders' meeting has been called at which it is planned to declare a dividend of 12 per cent, on 155 millions of marks worth of old stock, at 6 per cent on the 29 millions mark of new stock issued during the year. One million and a half will be voted to charitable purposes.

With the City Police

As the result of a police raid on a house at 10 Niagara St., on New Year's Eve, six foreigners were taken in charge, and the coffers of the police court enriched to a considerable extent from fines collected there this morning. John and Frank Dostal and Mike Nyzol were each fined \$10 and costs of \$5.35 for being drunk, while two others, Joe Haszinger and John Zdraski were dismissed. Mary Dostal, who was also collected in the round up, paid \$50 and costs of \$5.35 for supplying a minor with liquor. The four soldiers who appeared some time ago for breaking militia property, received another hearing to-day and were allowed to go on suspended sentence.

PARIS NEWS

(From our own correspondent)
Paris, Jan. 1.—A very sad death occurred this morning when John Enick Denby, only son of Francis and Mary Denby, passed away after an illness of some months from tubercular trouble. The deceased, who was in his 23rd year, was born in Brantford and lived there until four years ago. For sometime he worked at Port Huron, but fourteen months

ago he went west, and later came back to Paris on account of ill health. Much sympathy is extended to his bereaved parents and sisters, as this is the second death in the family within seven months, their other son being killed in an auto accident. The funeral will take place from his parents residence, Ball street, on Wednesday afternoon to the Paris Cemetery.

Rev. R. J. Seton-Adamson will conduct the services at the home at 2.30.

Miss Edna Kerruish, of Fergus, is holidaying with friends in town. Last evening Miss Kerruish sang a solo very sweetly, in the Methodist Church.

Miss Wishart has returned to Simcoe, after spending the holiday here.

ENORMOUS VOTE FOR HYDRO POWER

Ontario has spoken her mind on Hydro-electric, Hydro-radial and public ownership. Tremendous majorities were rolled up yesterday in the various municipalities demanding the direct control of prospective power generation at Chippawa by the Hydro-electric Commission and Sir Adam Beck as against the proposal that the Provincial government should control the retelling of power to the municipalities. The overwhelming character of the public expression is the control and operation of this great public enterprise shall be kept out of politics. Yesterday's voting in all parts of the district was very largely as a great personal victory for Sir Adam Beck.

Cantata at Grace Church

By special request, a cantata, "The Holy Child" was again given by the Grace Church choir, Sunday, last, after evensong to a full and appreciative congregation. The introductory chorus "There were Shepherds Abiding in the Field" was rendered by the soprano's in a sweet and expressive voice. The soloists were Miss Emily Sparks, soprano; Mr. S. Riley, Tenor; Mr. C. Hutton, Bass. Individually they deserve credit in their effort to make this inspiring, beautiful cantata a success. The men's chorus "Let us now go even unto Bethlehem" is a conception portrayed of the Wise Men's call to Bethlehem and was sung feelingly. A sacred hymn "Sleep, Baby Sleep," rendered by the soprano's inspired one with the true message of Christmas—Christ's birth. The last chorus was a great contrast in expression and volume. In all there were 12 numbers. Mr. F. C. Thomas, L. R. A. M. A.R.C.O., organist and choirmaster, is to be complimented on obtaining that necessary to the success and production of such a cantata.

Peace Proposals by Huns are Empty and Insincere

Allies Refuse to Agree to Peace Upon the Word of Germany--Reply to President Wilson's Peace Note

Paris, Jan. 2.—In reply to the proffer of Germany and her allies for a peace conference, the Entente allies, in a collective note, declare that they "refuse to consider a proposal which is empty and insincere." The note was handed to American Ambassador Sharp Sunday by Premier Briand, and was made public simultaneously in London and Paris, as follows:

"The allied Governments of Belgium, France, Great Britain, Italy, Japan, Montenegro, Portugal, Roumania, Russia and Serbia, united for the defence of the liberty of their peoples, and faithful to engagements taken not to lay down their arms separately, have resolved to reply collectively to the pretended propositions of peace which were addressed to them on behalf of the enemy governments through the intermediary of the United States, Spain, Switzerland and Holland. Before making any reply the allied powers desire particularly to protest against the two essential assertions of the note of the enemy powers that pretend to throw upon the allies responsibility for the war and proclaim the victory of the Central powers.

Only a War Manoeuvre

"The allied governments cannot admit an affirmation doubly inexact and which suffices to render sterile all tentative negotiation. The allied nations have sustained for thirty months a war which they did everything to avoid. They have shown by their acts, their attachment to peace, that attachment is as strong to-day as it was in 1914. But it is not upon the word of Germany, after the violation of its engagements, that the peace broken by her may be based.

"A mere suggestion without a statement of terms, that negotiations should be opened is not an offer of peace. The putting forward by the Imperial Government of a sham proposal lacking all substance and pre-

cision would appear to be less an offer of peace than a war manoeuvre. It is founded on calculated misinterpretation of the character of the struggle in the past, the present and the future.

Tentative Block Disarmament.

"As for the past, the German note takes no account of the facts, dates and figures which establish that the war was desired, provoked and declared by Germany and Austria-Hungary.

"At The Hague conference it was a German delegate who refused all proposals for disarmament. In July 1914, it was Austria-Hungary who, after having addressed to Serbia an unprecedented ultimatum, declared war upon her in spite of the satisfaction which had at once been accorded.

"The Central empires then rejected all attempts made by the Entente to bring about a pacific solution of a purely local conflict. France proposed an International Commission; the Emperor of Russia asked the German Emperor to go to arbitration, and Russia and Austria-Hungary came to an understanding on the eve of the conflict. But to all these efforts Germany gave neither answer nor effect.

Foe Can Never Attain Goal

"Belgium was invaded by an Empire which had guaranteed her nationality and which had the assurance to proclaim that treaties were 'seraps of paper,' and that 'necessity knows no law.'

"At the present moment these sham offers on the part of Germany came to an understanding on the violation of its engagements, that the peace broken by her may be based.

"A mere suggestion without a statement of terms, that negotiations should be opened is not an offer of peace. The putting forward by the Imperial Government of a sham proposal lacking all substance and pre-

covered after two years that they could never attain it.

Penalties, Reparation and Guarantees.

"As for the future, the disasters caused by the German declaration of war and the innumerable outrages committed by Germany and her allies against both belligerents and neutrals demand penalties, reparation and guarantees. Germany avoids mention of any of these.

"In reality these overtures made by the Central Powers are nothing more than a calculated attempt to influence the future course of war, and to end it by imposing a German peace. The object of these overtures is to create dissension in public opinion in the allied countries. But that public opinion has in spite of all the sacrifices endured by the allies, already given its answer with admirable firmness, and has denounced the empty pretence of the declaration of the enemy powers.

Seek to Cheer Own People.

"They have the further object of stiffening public opinion in Germany and in the countries allied to her—one and all severely tried by their losses, worn out by economic pressure and crushed by the supreme effort which has been imposed upon their inhabitants.

"They endeavor to deceive and intimidate public opinion in neutral countries, whose inhabitants have long since made up their minds where the initial responsibility lies, and are far too enlightened to favor the designs of Germany by abandoning the defence of human freedom.

"Finally, these overtures attempt to justify in advance in the eyes of the world a new series of crimes—submarine warfare, deportations, forced labor and forced enlistment of the inhabitants against their own countries, and violations of neutrality.

"Empty and Insincere."

"Fully conscious of the gravity of this moment, but equally conscious of its requirements, the allied governments, closely united to one another, and in perfect sympathy with their peoples, are resolved to consider a proposal which is empty and insincere.

"One again the allies declare that no peace is possible so long as the violation of rights and liberties, and recognition of the principle of nationalities of its states, so long as they have not brought about a settlement calculated to end once and for all for the future security of the world.

Belgium's Imperious Call

"In conclusion, the allied powers think it necessary to put forward the following considerations, which show the special situation of Belgium after two and a half years of war. In virtue of the international treaties signed by five great European powers, of whom Germany was not Belgium enjoyed before the war a special status, rendering her territory invulnerable, and placing her, under the guarantee of the powers, outside all European conflicts.

"Belgium, however, in spite of these treaties, the first to suffer the aggression of Germany. For this reason it is necessary to define the aims which Belgium has never ceased to pursue while fighting side by side with the Entente powers for right and justice.

"Belgium has always scrupulously fulfilled the duties which her neutrality imposed upon her. She has taken up arms to defend her independence and her neutrality violated by Germany, and to show that she remains faithful to her interna-

Berlin Aggravates "Injustice."
"On the 4th of August, 1914, in the Reichstag the German Chancellor admitted that his aggression constituted an injustice contrary to the laws of nations, and pledged himself in the name of Germany to repair it. During the past half year this injustice has been cruelly aggravated by the proceedings of the occupying forces, which have exhausted the resources of their country, razed its villages, and have been responsible for innumerable massacres, executions and imprisonments.

"At this very moment, while Germany is proclaiming peace and humanity to the world, she is deporting Belgian citizens by thousands and reducing them to slavery."

"Belgium before the war asked for nothing but to live in harmony with her neighbors. Her King and her Government have but one aim: the reestablishment of peace and justice. But they only desire peace which would assure to their country legitimate reparation, guarantees and safeguards for the future.

FRENCHMAN TO STUDY FINANCE

To This End Fifty Young Men Will Visit U. S. Banks, Etc.

Paris, Jan. 2.—(Correspondence of The Associated Press)—Next summer fifty young Frenchmen will be sent from France to the United States and Canada to study American commercial methods in large typical banks, factories and shipping firms, and to become acquainted with the American mind and its principal viewpoints. They will stay a month in the United States, visiting in banks, factories, and shipping offices at New York, universities and spinning mills in Boston, lumber mills and tanneries in Montreal, canning factories in Chicago, the seat of government at Washington, iron and steel works at Pittsburgh, the petroleum industry in Philadelphia, grain stores at Baltimore, and "culture in general" at St. Louis. Meanwhile 50 young Americans will be doing exactly the same sort of thing in France with a view of getting a notion about French commercial methods and French points of view.

A steamship company has agreed to charge only 1,200 francs per student for the voyage to and fro, the families and towns concerned paying one half and the Chambers of Commerce the other. The feeding of the youths and traffic arrangements will be undertaken by a travel agency.

The students in order to qualify for the trip must have the diploma of a commercial high school or agricultural college, and be able to speak well English and French respectively. The choice of the students in America will be made by the "Franco-United States" committee in connection with American Chambers of Commerce; and, correspondingly in France. The French youths arriving in New York will be personally conducted in groups by expert instructors. Two French professors will guide the American students in France.

M. Guisthau, president of the "Franco-United States," as Frank Vanderlip is president of a similar committee in New York, tells The Associated Press that it is hoped to establish after the war institutes in France and America which will supply all necessary commercial information, display specimen of goods and in general promote reciprocal economic knowledge between the two countries.

The boarders at the Milbourne House were tendered a very sumptuous and very unexpected banquet on New Year's Eve by the proprietor and Mrs. McCall.

The Fortis, of Victoria Street gave a brilliant party last evening to about three score of delighted guests.

Dr. and Mrs. Bruce Enid of London. Frank J. Brown of Hamilton, Mrs. Jennie Reid of Buffalo, Mrs. Peter Reid of Dundas and Mrs. W. A. Johnston of Waterford were New Year guests in town.

Mr. J. H. Butler, photographer, has received a cable stating that his son is seriously ill with pneumonia in clearing station No. 22, France. Gordon signed up with the 133rd about one year ago. He was in the first draft to France and was attached to the 14th Batt. The message was dated Dec. 28th, but was not delivered here till Saturday evening.

Two lumbermen were sentenced at Lindsay to three months in jail of breaking into the summer home of Hon. A. E. Kemp.

Anniversary Services at First Baptist Church

83rd Anniversary of the Church Celebrated Fittingly on Sunday; 60 Years in Present Building

The sixtieth anniversary of the erection of the First Baptist Church was fittingly commemorated on Sunday by services of an exceptional character, distinguished by special sermons of a particularly compelling and effective power and by music of a beautiful and inspiring nature. Dr. Brown, of Toronto, a brother of the pastor, took charge of the pulpit in both the morning and evening and addressed the Sunday School in the afternoon on the mission work of the Baptist Church in India.

bers were constant, ever seeking new conquests of souls. It was a church in which the spirit of the Holy Ghost was free to hold sway, being the real directing force guiding the destinies of the people. This condition was possible only through the close fellowship that existed between the people and the apostles. The new converts were brought under the spell of the personality of the apostles and through this medium were drawn closer to a full realization of the principles of Christianity. The communion service was also highly esteemed by these early people, somewhat of a contrast with the attitude of modern people to this important sacrament. It was a heart-breaking experience to sit in a pulpit and announce that communion would be observed and then watch a large part of the congregation file out the door, declared Dr. Brown, who compared this to turning their backs on Jesus Christ. Fear, a righteous and holy awe of God was ever present in the minds of the people and was expressed not only in reverence to God but in a deep horror of sin. In short, spiritual values were completely eliminated, and the people lived with the sole object of assisting each other. They had a passing for the House of God, in which beautiful and sweet social relationships were formed, and in which there were no gross purposes to disturb the even tenor of events. Dr. Brown then summarized the main elements that entered into the success of this early institution, claiming that, unity, holiness, deep abiding and a great and wonderful usefulness were the chief features responsible for the respect in which the church was held by the people of the surrounding district. "Do you wonder that any but saved people would dare to join such a church? But what about the First Baptist Church of Brantford? How do you compare with this first church at Jerusalem?" were the final remarks of Dr. Brown, that brought to a conclusion an extraordinary and powerful appeal for purity in the church. While the sermon itself was of a stellar calibre, the musical numbers were equally good and in keeping with the general high standard of excellence maintained by the First Baptist in this department of devotion. The choir, assisted by Mrs. Leeming, exceeded their usual brilliancy and contributed several anthems, "Come Into Me" (Bowles) and "Hallelujah Chorus" (Handel); which were especially appropriate to the occasion. A beautiful solo, "As the years are rolling on" was sung by Mrs. Leeming, which was

particularly adaptable to the circumstances.

The Evening Service Four potent reasons for being a Christian were assigned by the Rev. Mr. Brown in the course of his evening sermon, based upon the words of Agrippa to Paul in Acts, XXVI, 28, "Almost Thou persuadest me to become a Christian."

These words of Agrippa's were no doubt spoken, the speaker observed, in a cynical, sneering tone; the King was impressed by the words of Paul, but was unwilling to be convinced by them and hence sought to turn the matter off with a sneer and an ironic jest. But Paul answered him in earnest, regardless of the mockery of the King. "Wouldst thou to God that not only thou but all that hear me this day were both almost and altogether such as I am except these bonds."

The speaker expressed his intention of speaking not so much to the Christians in the congregation as to those not yet in the church who might chance to be present, and to give them reasons why they should become Christians. Of these, the most potent was for the sake of Jesus Christ Himself, to whom we owed all in this world; by becoming Christians we were merely giving to Him what was already His. We were His by creation, by preservation, by redemption.

The second reason was for our own sakes, for the great need of Christ felt by all of us. In youth, we needed Him as a guide to lead our footsteps in the path of safety; in middle-age, as a help to bear our burdens of responsibility. And more than ever in old age, when the powers begin to fail and the shadows commence to fall, do we need Him. For the sake of others near and dear to us, we should embrace Christianity. Any man with a Christian mother should become a Christian in order that he might not lay a heavy burden of sorrow upon her. The same applied to the case of husband and wife, for religion is essential to the true spirit of domestic happiness, and in the family where one member is not a Christian, the sense of unity is shattered.

The fourth reason for being a Christian was found in the Kingdom of God, a Kingdom established over 1900 years ago and still spreading its banners throughout the world which had so great need of it to-day. The soldiers of Canada, of the Allies, were at the front today because the Kingdom of Love, the Kingdom of Jesus Christ, was not established in the Central Monarchies, and the thing which could most hasten the war to a successful conclusion was our manner of life throughout the Empire. The speaker expressed his strong belief that every sin committed in this country rendered the winning of the war more difficult for the Allies, and that our manner of life would determine how the war went, by either adding to or taking from the forces of righteousness in this world. "What," demanded the speaker of his audience, "is your contribution to the betterment of the world? The greatest contribution you can possibly make will be in taking Christ for all that He is, Master, Guide and Keeper to you. You cannot become like Christ without receiving Him. Special and appropriate music for the closing service of the year 1916 was rendered, including the solo "Ring Out, Wild Bells" by Mrs. Leeming and the Anthem, "Lead Kindly Light."

The Only Son of Harry Lauder Killed at Front

Was Captain in Argyll Sutherland Highlanders and Had Been Twice Wounded Previously

London, Jan. 2.—Capt. John Lauder, of the Argyll and Sutherland Highlanders, only son of Harry Lauder, has been killed in France. In late years all Harry Lauder's hopes and ambitions have centred in his son, who was graduated from Cambridge and was about to begin his training as a lawyer when the war broke out, although Lauder, writing in the Sunday Herald yesterday, said: "When my son comes home from the wars I hope he will take kindly to thoughts of sheep farming and become established as a decent Scots laird, growing the nation's meat. That's the life that is a reality, but most of your doings in town are just a cinema show."

Argyll and Sutherland Highlanders, training some months at Bedford. He was visited there in camp by his father, who delighted the regiment by singing the Scottish songs they loved. Lieut. Lauder went to the front and was wounded at Festubert. He soon went back to the trenches after recovering, but in September, 1915 was invalided home. Shortly afterwards he was promoted to captain, and went back. He was again wounded. He spent some weeks in England last August. Father and son were in a box at the Alhambra. With them was Miss Mildred Thomson, to whom Capt. Lauder had just become engaged. She is the daughter of a well-known Scottish farmer, retired. Harry Lauder will feel the blow harder, because it comes at the moment of triumph, when he crowned all his achievements in valour by appearing as an actor at a revue. Owing to Capt. Lauder's death there was no performance at Shaftesbury Theatre last night, and it will not re-open until Thursday night.

CHILDREN'S AID BENEFIT CONCERT

Was Held in Grand Opera House Last Evening

While the concert given in the Grand Opera House last night, in aid of the Children's Shelter, did not come up to expectations as regards attendance. When considered on the merits of the numbers offered by the artists on the programme, the concert can only be described as a complete success. So much so indeed that it has been decided to repeat it in the near future, some Sunday night after the services in the different churches have been concluded. The rather poor house that turned out to greet the local talent that provided the entertainment was due doubtless to the many other counter attractions, as well as to the short notice given of the concert itself.

To those who participated in the programme nothing but the highest praise is due, the quality of the numbers contributed being exceptional, and the various selections being of a uniformly excellent calibre. The programme in detail was:

- Part One Song: "The Gallant Salamander" Mr. Walter Carpenter. Violin Solo: "A Spanish Dance," Miss Mildred Sanderson. Song: "Your Eyes Have Told Me So," Miss Oldham. Reading: "The Busy Body," Miss Pearl Pile. Song: "Down the Vale," Miss Agnes Heath. Part Two. Violin Solo: (a) "Canzonetta," (b) "The Butterfly," Miss Mildred Sanderson. Song: "There's a Long, Long Trail," Sergt. H. Oldham. Reading: "Watching," Miss Pearl Pile. Song: "Up from Somerset," Mr. Walter Carpenter. Song: "Calling Me Home to You,"

Miss Agnes Heath. Duett: Miss Oldham and Sergt. H. Oldham. God Save the King.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur It Darkens so Naturally Nobody Can Tell.

Grandmother kept her beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyett's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about fifty cents. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known down town druggist says everybody uses Wyett's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell that it has been applied—it's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

A Removal with a Reason

This is to tell you that we have removed our offices from 1031 Colborne Street to the Royal Loan Building, 38 and 40 Market Street.

This move betokens progress. It is made necessary because Brantford has been selected as the centre from which the business of a large surrounding territory shall hereafter be conducted, and the consequent need of more space to accommodate our agents and office staff. In these larger and more commodious offices we are better equipped than ever before to render service to our policyholders in this district.

We invite you to call and see us. You will be welcome.

To The Editor

A GOOD IDEA. Brantford, Dec. 30, 1916. Sir.—The Board of Park Management have decided to ask the boys and girls of the city to join with them in raising flowers for our hospital and other institutions in the city.

The plan outlined by the board is briefly as follows: They (the Board) will prepare beds in the Parks, or other suitable grounds, furnish the plants; do the planting, pruning and possibly the watering.

The objectives of the Board are quite evident. Beautifying our grounds. Creating a love for and appreciation of flowers in the rising generation. Giving them an opportunity of REALLY doing something for our institutions that will tend to increase their personal interest in them during the coming years.

I should be pleased to supply information to the children or any group who may be interested. Thanking you Mr. Editor. Sincerely, Geo. S. Matthews.

TRIAL OF HUN DYNAMITERS

Is Continued in San Francisco This Week—Nearing an End

By Courier Leased Wire. San Francisco, Jan. 2.—The fifth week of the trial of Franz Dupp, German consul-general here and six associates on charges of conspiring to violate neutrality by alleged dynamiting of Canadian tunnels and munition ships destined for Great Britain and her allies, was begun in federal district court to-day. Both sides agreed to make every effort to complete the presentation of evidence in order that the case may reach the jury by Friday night. The cross-examination of C. C. Crowley, a detective employed by the German consulate for the announced purpose of investigating alleged neutrality violations is to be resumed by District Attorney Preston Crowley, according to government prosecutors, planned the various dynamite plots at the behest of the San Francisco German consular officials. Crowley was under cross-examination all day Friday, when adjournment was taken over the holidays.

Preston has attempted to show that Crowley and Louis J. Smith, one of the defendants, who has since become a government witness, worked together in various cities of the United States and Canada for the purpose of hampering war shipments.
