

The Union Advocate

VOL. 44.—NO. 40

NEWCASTLE, N. B., AUGUST 23, 1911

PRICE THREE CENTS

LIBERALS HOLD 510 MEETING IN OPERA HOUSE

Messrs. Loggie and Emmerson Speak to Crowded House in Newcastle on the 18th Inst.

Mr. W. S. Loggie and Hon. Henry B. Emmerson spoke in Newcastle Opera House on the 18th inst., the hall being well filled. A large number of ladies were present.

St. Mary's Band escorted the speakers from Hotel Miranichi to the Hall, giving their valuable services graciously.

Hon. John P. Burehill, M. P., P. president, and with him on the platform were Ex-Mayor Hennessy, Aldermen Stables, and others.

The subject discussed was principally reciprocity, which both sides (outside of Quebec, where several other issues are being discussed) appear to consider the main question before the electorate.

W. S. LOGGIE

W. S. Loggie, who received with great applause, showed that under the Macdonald Administration representatives were sent year after year to Washington to ask for such reciprocity as we are about to get now. Sir John Thompson in 1891 ran his election promising to do what he could to get reciprocity, which he, Thompson, thought could be got without any sacrifice of Canada's interests. (applause.) The Conservatives had kept up their efforts to get reciprocity till they went out of power in 1896.

In 1893 he (Loggie) went to Ottawa as delegate to the Liberal Convention. Two planks in the Liberal platform adopted that year were Tariff for Revenue and Reciprocal Trade with the States. Winning in 1896, the Liberals gave Britain a preference, first of 25 per cent, later of 33 1/2 per cent. The Conservatives opposed this preference to the Motherland, predicting ruin to our factories. But the preference had bound us closer to Britain and had hurt no Canadian industry. (applause.) Liberals had then proposed reciprocity with the States, but were rebuffed. Then Sir Wilfrid Laurier declared that the next overtures must come from the States. Therefore, reciprocity was not a live question here in the elections of 1904 and 1908.

Eighteen months ago the States had threatened a tariff war against us, because of our trade treaty with France and other countries. But President Taft had, instead, invited Hon. Mr. Fielding to Albany where they arranged that the American tariff should not be imposed upon Canadian imports.

This led to further offers from the States which resulted in a mutual arrangement for free trade in natural products. Even the Conservative press had favored the pact until Sir Edmund Walker, banker, who borrows farmers' money at three per cent, and sends it to the States for investment, tried to make our farmers believe it was dishonest to send their goods to the States.

Frank Mason—Will our farmers get better prices ever there? Mr. Loggie—They did of last spring, for potatoes, but nineteen years out of twenty, the Canadian farmer could have sold better in the States than at home.

It is said continued Mr. Loggie, that if we have reciprocity the Americans will gobble up Canada. Is a contention was absurd.

Under the reciprocity pact there is no interference with the provincial governments' regulations regarding lumber. Pulp wood has always been admitted free to the States, but manufactured pulp was dutiable at about thirty-three per cent. Now paper will be admitted free to States if made from private

FORTY-FIRST SESSION I. O. G. T. GRAND LODGE

Joins Kent-Northumberland Sons of Temperance in Demanding Changes in Scott Act.

The 41st annual session of the I. O. G. T. Grand Lodge of N. B. was held at Plaster Rock, Aug. 16, 1911.

G. Sec. Hetherington reported 2715 adult members in 88 lodges and Mrs. Jackson's showed 542 Juveniles in 9 temples. Total membership 3,257.

POLITICAL ACTION

The Committee on Political Action—Michael Kelly, E. N. Stockford, C. M. Colwell, H. H. Stuart and H. J. Ricker—recommended the following:

1—That the order support candidates for local legislature, pledged to prohibition and, failing such candidates, nominate, if deemed advisable, independent prohibition candidates.

2—Whereas, This Grand Lodge of the I. O. G. T. has at all times in the past asserted its conviction that the only solution for the problem of intemperance is to make the liquor business an illegal one, and

Whereas its efforts have been mainly along line of procuring a prohibitory law for New Brunswick believing that such law is fully warranted both morally and by weight of public sentiment and Whereas the New Brunswick Temperance Federation waited on the Government of this province in 1908, asking that such law be enacted as so warranted, but have since been evidently mollified by the sop then thrown out to the delegation as the best that could be procured, and have been apparently conducting whatever aggressive work they have been doing along the line of aiding the Attorney General's office in enforcing that law so amended, and

Whereas we form an integral part of that body, and

Whereas, we believe that the Government of this province should be continuously reminded of the results of the licensed liquor traffic and of the great wrong being done to our citizenship, socially, economically and morally, and of the strides being taken by other governments to overcome these evils,

Therefore resolved, that this Grand Lodge reiterate its belief that our Provincial Government is fully warranted in enacting a prohibitory law and is not living up to its full privileges as a governing body, when it does not strive in this regard to make it easier for men to do right and harder for men to do wrong, and further

Resolved that this Grand Lodge strive to impress on the N. B. T. E. its duty as representing the various temperance and moral agencies, in ever and constantly keeping before our legislators their duty and responsibility in this regard, and further

Resolved that in the event of this body failing to do so, this Grand Lodge undertake to so organize as to meet the Government and lay our claims before them. Section 1 was proposed by Michael Kelly and section 2 by E. N. Stockford. The report was adopted.

SCOTT ACT

On motion of H. H. Stuart, seconded by Arthur Morrell, it was resolved, That the Grand Lodge join with the Kent-Northumberland District Division, Sons of Temperance, in demanding from

17TH. MARITIME BOARD OF TRADE MEETING

Demands Better Trade Relations, Better Roads, Better Inspection of Meats, &c.

The 17th annual meeting of the Maritime Board of Trade was held in Moncton on the 16th and 17th instant. Among the delegates attending were: P. Hennessy, E. A. McCurdy, Ald. Stables, C. C. Hayward, C. C. Hayward, S. W. Miller, James Falconer and Rev. W. J. Bate of Newcastle, and D. P. MacLachlan, Geo. Watt, W. B. Snowball, Geoffrey Stead, W. Dick and others, of Chatham.

St. John Board was reported still unwilling to rejoin the Maritime Board.

MARITIME UNION

The union of the Maritime provinces was endorsed, 24 to 8.

TRADE WITH WEST INDIES

Better trade relations with Cuba and other West India Islands was demanded, by means of a new steamship service.

GOVERNMENT INSPECTION

It was unanimously resolved that this Maritime board of trade request the Dominion government to appoint a sufficient staff of inspectors to inspect (a) grain, (b) hay, (c) meat products used for home consumption and traded in between the three Maritime Provinces and Newfoundland and also all cows the milk of which is used for making cheese, butter, condensed milk, etc., and that the local governments pass such legislation as will protect the local consumers when and where the Dominion Government has not the necessary jurisdiction.

Mr. W. B. Snowball said this was a matter that should be considered very fully. He cited cases of tubercular affected cattle being placed on the market in Newcastle and Chatham. Within the last ten days one animal of a carload of cattle was found by accident to be affected, and was shipped back to the shipper.

Mr. Hennessy spoke of the value of inspection of hay, and said it would be a great thing if the Board could do anything along this line.

Ald. Stables referred to the case of diseased meat at Newcastle spoken of by Mr. Snowball, and said it bore the stamp of the government inspector and was imported from the West.

Mr. S. W. Miller of Newcastle corroborated what Mr. Stables had said. He said all the meat they imported from Ontario bore the government inspector's stamp. As a dealer he could say they had received meat bearing the inspector's stamp that was not the quality of meat they had paid for. The meat referred to by other speakers was in such a bad condition that it was condemned by Dr. Milton of Chatham, and ordered to be buried, although it bore the government's stamp. If the government stamp was not to be of any more benefit to the dealer and consumer than in the past, there was very little use in having inspectors at all. The food inspection law was not being carried out. When the meat in question arrived at Newcastle, Col. Maltby, police magistrate had ordered the dealers not to use it, and later it was condemned by the medical inspection. Mr. Miller said he knew there were dozens of inspectors in Ontario who were not veterinary surgeons. The trouble was that about election time some fellow through a pull was appointed inspector when he knew nothing about his duties. He said that practical men, regardless of politics, be appointed

to these positions.

HIGHWAY IMPROVEMENT

Hon. C. W. Robinson moved, seconded by S. W. Miller, that the governments of N. B. and N. S. be memorialized to improve the principal highways for tourist and general travel, and the P. E. I. government to repeal the prohibition against the running of autos.

Mr. Snowball recommended the split log drag for roads.

E. A. McCurdy wanted a highway across the continent constructed by federal government. The road from Chatham westward to Maine should be considered one of the principal highways.

W. B. Snowball and F. W. Sumner, (Moncton) favored borrowing money to build the roads. At request of P. E. I. members the clause referring to P. E. I. was eliminated and resolution passed.

SECOND DAY

Standing committees were appointed to press resolutions passed upon local and Dominion legislatures.

FOREST PROTECTION

It was resolved, That a Forest Protection Board be appointed by each province to whom shall be reported by the owner of the property burned over each case of forest fire, and such Board shall employ a competent officer or officers, with power to administer oath, who shall make a thorough investigation in each forest fire and report fully on same to the Board, with such recommendation as shall appear to them advisable in each case.

TO MEET IN TRURO

Next meeting will be held at Truro. Per capita tax of local boards to Maritime Board was fixed at 50 cents.

EXPRESS

It was resolved, That "Whereas it has been found that the classification recently made by express companies has not produced the results of cheaper rates since it, but acts to the disadvantage of the general public. Therefore resolved, that this matter be again urged on the attention of the Railway Commission with a view to having this grievance remedied."

IMMIGRATION

The Maritime governments were called upon to appropriate liberal sums to educate the people of the mother country regarding the variety and natural riches of the Maritime Provinces, and to impress them with the advantage of citizenship in such a community as ours, and to urge upon the federal government an immigration policy advertising the Maritime provinces as effectively as the West.

OFFICERS

Following officers were elected: Pres, Dr Dunbar, Truro, 1st V. P., P. Paton, Charlottetown; 2nd V. P., E. A. McCurdy, Newcastle; Sec. treas; Thos Williams, Moncton; Cor Sec; G. A. Hall Truro

Convention adjourned at noon on the 17th. In the afternoon the visitors were taken in autos to the oil and Gas Wells of Albert Co and were banquetted in the evening by Moncton Board.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all dealers.

TO BE MARRIED TONIGHT

The wedding of Miss Mabel Edna O'Donnell, daughter of Mr. and Mrs. Edward A. O'Donnell, to Mr. Newton Parker Appleby of Moncton will take place this evening at 9 o'clock at the residence of the bride's parents. The bride will be supported by her sister, Miss Alice, and the groom by Mr. Walter Lyons. Rev. Dr. Cousins will perform the marriage ceremony.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the throat and rheumatic pains. For sale by all dealers.

JAMES REID AGAIN
THE LIBERAL CANDIDATE

Large and Enthusiastic Convention at Dalhousie on Thursday

CONFIDENT OF VICTORY

The Liberal Convention at Dalhousie Thursday was one of the largest and most enthusiastic held in recent years. James Reid of Charlottetown and another great enthusiast James Reid of Charlottetown were again tendered the nomination, and without a doubt will be victorious in the present campaign.

W. A. Truman was appointed chairman and in a few words explained the object of the meeting. Mr. Jas. Reid, the member for Restigouche, was called upon and spoke briefly.

...elected, will support the policy of the Liberal party in the next parliament of Canada, desiring to express approval of the said Reciprocity Agreement, because it will stimulate trade, and be a mutual benefit to the people of the both countries which are parties to the same.

...representative, Mr. Reid is in favor of the said Reciprocity Agreement, and would have voted for it if the question had come to a vote in parliament, this convention desires to assure him that in so doing he would be voting in accordance with the wishes of his party.

...And whereas he has faithfully attended to his duties as a member of parliament ever since his election in the year 1900 when he placed our county in the Liberal column, where he has kept it ever since, through the support of the Liberal party which stood by him in each election contest.

...And whereas he still retains the confidence of his Leader the Right Honourable Sir Wilfrid Laurier, who has appointed him to this convention, and desires to see sustained at the polls on the day of the approaching general election.

...Be it therefore Resolved that this convention, knowing that Mr. Reid is inspired with the true spirit of Canadianism, the cardinal principle of which is Equal Rights for all citizens of Canada, which deprives no person of all the privileges of citizenship on account of race or creed, this convention hopes that Mr. Reid will again consent to be the Liberal candidate for election on the 21st September next, and should he consent—as we trust he will—we the Liberals assembled at this convention promise him our cordial support, and will by every legal means endeavor to secure his election.

...N. D. Duncan, seconded by A. C. Belle-Isle moved that Mr. Murray of Campbellton be the Liberal Candidate.

The ballot was taken, Messrs. F. M. Anderson, W. D. Uuncan, A. T. LeBlanc and A. C. Belle-Isle being scrutineers, and resulted as follows:—

Reid 143
Murray 35

A. T. LeBlanc moved that the nomination be made unanimous, which was carried without a dissenting voice amid great cheering.

There were loud calls for Mr. Reid and he responded.

Mr. Murray, although allowing the vote to make the nomination unanimous, took the voice of the convention in very bad grace and announced that his nomination would be filed on the 14th of September.

A number of Resolutions endorsing the policy of the Liberal government were passed.

The meeting broke up with prolonged cheers for Reid.

BALANCE THE WRONG WAY

United States Exports of Manufactures.

An examination of the trade statistics of the United States throws an interesting side light upon the country's present exports for Reciprocity with us. For the nine months ending September 1910, the value of our domestic merchandise exports to the United States was \$1,133,221,512, of which \$210,390,900 were manufactures for further use in manufacturing, and \$41,340,000 were manufactures ready for consumption. The value of these two, \$251,730,900, amounts for 51 per cent. of all of their exports put together. But this is not including the exports of manufactures which are known as "foodstuffs," "raw materials," and "other goods," which are valued at \$1,081,830,612. If we regard these also as being indirectly forming a part of the exports of manufactured goods, it means that of every thing the United States exported for the nine months ending September last, manufactured goods amounted to over 50 per cent.

GLADSTONE'S FAUVRE
GRANDCHILD

"It is Vain for You to Rise Early."

The announcement of the engagement of Miss Dorothy Daw to Lieutenant Parish, one of Lord Gladstone's A.D.C.'s, recalls the fact that Miss Daw was the favorite grandchild and companion of the late Sir Wm. E. Gladstone. She has been the subject of many pretty stories, one being to the effect that she once overheard the G.O.M. on a Biblical subject. The famous statesman was trying to induce her to get up earlier. "Why don't you get up, my child?" he asked. "Why, grandpa?" rejoined Miss Dorothy, "didn't you tell me to do what the Bible says?" "Yes, certainly," said Mr. Gladstone, "the little girl then proudly opened her Bible at Psalm cxxvii, and read the second verse: "It is vain for you to rise up early."

RICARDO'S REPLY.

Professor Nichols, a famous physicist, during the recitation of a freshman class in natural philosophy, observed a tall, lanky youth in the rear row, his head in a recumbent position, his body in a languid pose, his eyes half closed, and his legs extended far out. He was either asleep or about to lose consciousness.

"Mr. Ricardo," said the great scientist, "you may recite."

The freshman opened his eyes, he did not change his somnolent pose.

"Mr. Ricardo, what is work?"

"Everything is work," was the grizzling reply.

"What! Everything is work?"

"Yes, sir."

"Then I take it you would like the class to believe that this desk is work?"

"Yes, sir," replied the youth, wearily; "wood-work."

French Language Used in England.

Though we are in the twentieth century the Norman French of Edward the Confessor is still, in a way, the legal voice of Parliament. Whenever a Bill has passed the British Commons, the Clerk, before he forwards it to the House of Lords, writes upon it according to ancient usage: "Soit baillie aux Seigneurs" (Let it be sent to the Lords). If it is sent from the Peers to the Commons, it bears the like endorsement: "Soit baillie aux Communes" (Let it be sent to the Commons).

COMPLICATED POLITICS IN QUEBEC PROVINCE

Crossed Planks on Many Platforms—Montreal Plans Warm Welcome for Togo—Fire Insurance Rates to be Lowered—New Record for Ocean Travel.

(From Our Own Correspondent)

Montreal, Aug. 15.—The day largely chargeable to the efficiency of those who were in charge of it. There was, naturally, much commotion, but, on the whole, the city accepted the situation at the Underwriters' estimate and the City Council began to discuss ways and means for remedying it.

Until the advent of the Board of Control, but little practical improvement was made in conditions, although the title of general distention continued to occasionally blazon the front of the City Hall. In the last thirteen months, however, two and a half million dollars has been spent on new water conduits, more fire apparatus and generally increasing the efficiency of the fire-fighting forces.

But, so far, the insurance rate has remained the same. The city is preparing a long report on the matter and the Fire Underwriters will be called upon to lower their rates.

NEW TRAVEL RECORD

A new record for ocean travel, or for that matter for travel of any kind, so far as human beings are concerned, has just been made here by the pursuer of one of the transatlantic liners plying between this port and Europe, who has just completed his thousandth trip across the Atlantic. These thousand trips represent about 5,500,000 miles of travel far surpassing any other achievement of the sort of which any record can be found.

The thousand trips are equal to 140 trips around the earth or fifteen to the moon. Of course not all these trips were made on the same vessel, nor was their accomplishment a quick one, since the pursuer in question has been travelling the Atlantic since 1864 or for nearly half a century. His first trip was of a nature to discourage any but the most enthusiastic lover of the sea, since it was made on a steamship which took fire on its way to this country and was only saved after all hope had been abandoned. Altogether it is likely that it will be long before this 3,500,000 mile record will be beaten even with the greatly increased speed of the present day liners.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all dealers.

CAMPBELLTON NOTES

On the 16th August, at the residence of Mr. William McKinnon, Shannonville, N. B., his daughter Mary W., and Duncan McGarvie were united in marriage by the Rev. J. H. Kirk.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all dealers.

E. Rene Richard has been appointed Clerk of the County Court in the County of Restigouche, Clerk of the Courts of the Supreme Court and Clerk of the Peace and Keeper of the Rolls in the place of W. Albert Mott.

An ordinary case of diarrhoea can as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all dealers.

Mr. Jack Garberie was unfortunate in losing his incubator house by fire on Thursday morning. Quite a number of chickens were in the enclosure, and after the blaze was over only 15 answered the roll call. Wonder if the boarding house menus had Robert chickens that evening.

AFTER 7 YEARS SUFFERING

Was Cured by Lydia E. Pinkham's Vegetable Compound. Waukegan, Ill.—"I had suffered for seven years, was almost blind, and so nervous I could not do anything. The doctor treated me for different things, but did me no good. I got so bad that I could not sleep any more. I read in this paper of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well. —Mrs. SALLIE STEVENS, R. F. D. No. 3, Box 31, Waukegan, Ill.

Another Grateful Woman. London, Ont.—I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it.—Mrs. Wm. A. BUZZY, 955 Dame St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

Would You Provide for the Care of Canada's Needy Consumptives?

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is supposed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance? GET A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS INABILITY TO PAY.

Since the hospital was opened in 1908, one thousand five hundred and twenty-four patients have been treated in this institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a cent for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT. Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURS IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Truly, Canada's greatest charity. Contributions may be sent to W. J. Goss, Secretary, or J. S. McNeil, Treasurer, Muskoka Free Hospital, Muskoka, Ont.

NEWCASTLE, N. B., AUGUST 23, 1911

BRITAIN'S GREAT STRIKE SETTLED

Government Interferes in Behalf of Strikers and The Union is Recognized

London, Aug. 20—The great railway strike which involved nearly 2,000,000 men and nearly paralyzed the trade of the Kingdom, necessitating the mobilization of the army, was settled at 11 p.m. today by direct action of the government.

London, Aug. 21—King George telegraphed his congratulations to Lloyd George, chancellor of the exchequer, as follows: "I am very glad to hear that it was largely due to your energy and skill that the settlement was brought about."

Quality in tea may mean to you flavor or strength or fragrant richness. Red Rose Tea is blended with such nicety that it is the combination of all three points of merit. Will you try a package.

A TERRIBLE RECORD OF CHILDREN'S DEATHS

As every mother knows, the death rate of little ones in Canada during the hot summer months far exceeds that of any other season of the year. The reason for this is that the excessive heat brings on those dreaded troubles, cholera, infantum, diarrhoea, dysentery and other stomach and bowel complaints.

Mrs. Martin Murphy and little son, who have been visiting her mother, Mrs. James Gillis, Redbank, have returned home. Claude L. Moore of Moncton is spending this week in town, the guest of his grandparents, Mr. and Mrs. I. R. Leighton. Mrs. T. W. Crocker has returned from a visit to her daughter, Mrs. H. T. Ball, Stanstead, P. Q., and her son, Earle Crocker of Toronto. Mrs. John Robinson, Jr., entertained at the tea hour, Saturday, in honor of her guests, Miss Bertha Elliott of Minot, (S. D.) her sister and Miss Holt of Ottawa. Miss Jane Mitchell of Montreal, sister of the late Hon. Peter Mitchell, is the guest of Mrs. M. H. MacMillan. All her old friends are delighted to see Miss Mitchell again. Mr. and Mrs. Daniel McQuarrie and daughter, Miss Rennie, returned from Winnipeg Convention of Locomotive Engineers on Saturday. Before returning they visited Hector McQuarrie at Calgary, who is convalescing from typhoid fever.

Not Sisters. Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her facet and fairest. Why isn't she? The general health of woman is so intimately associated with the local health of the essentially feminine organ that there can be no red cheeks and round form where there is female weakness. Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It cleans the complexion, brightens the eyes and reddens the cheeks. No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

CROWD OF HARVESTERS GAME TOO EARLY

Notice Received From Regina That Men Wilane Required in Saskatchewan for at Least Two Weeks - M Men Ticketed Through to That Province.

(Winnipeg Evening Telegram)

Unpleasant epithets were hurled at the Canadian Pacific Railway company this morning among the men who have come from the east to work in the harvest fields. This was caused by the wholesale distribution of pamphlets signed by the secretary of the bureau of labor department of agriculture at Regina to the effect that men would not be needed there for two weeks. The circular is headed "Harvest Laborers," and says, "Harvest will not be general in Saskatchewan for Two Weeks at least, and there is no great demand for men at present in that province. Men are urged to stay in Manitoba for the present."

This pamphlet has had the effect of depressing the spirits of almost the whole of the first consignment of harvest excursionists. Most of them have their tickets already bought for Saskatchewan points and had made all their arrangements to that effect.

MANY ARE BROKE
 Many of them are down to their last dollar, and in fact, many could not produce more than a fifty cent piece, and had no place in sight to go to eat, sleep or work.

Some were even ordered out of the C. P. R. waiting room, but they had no where else to go. Now the trouble is, these men were given to understand in the east before they left that work of all kinds awaited their arrival. They consider it a holdup game to keep them in Manitoba when they wish to go west, and to say that they are an angry, disappointed, discouraged crowd is putting it rather mildly.

Many of them, however, who have already got their tickets for Saskatchewan points will go there anyway, and, as they terra it, take chances. We do not think that they will be taking any chances, however, for work, for the west needs all the men she can possibly get hold of to help take off her beautiful harvest.

MANY WILL STAY IN WEST
 Four Prince Edward Islanders, who have been brought up on farms there, are bound for Wapella, Sask., where one of them has been working before. These men all intend to take up homesteads or buy land in the near future and settle as western farmers. They are from the Tyne valley, Prince county, and are of Scotch descent, and are all macks, their names being, William Mc-Niven, James McDougald, William MacDonald, and Sandy MacDonald. They leave for Wapella tonight.

Two more who are slightly sore on account of the pamphlets above mentioned being forced into their hands, and who have their tickets already bought for Moose Jaw, are J. P. and Alec Doyle from Restigouche county, New Brunswick. These two men, however, will take chances and go to Moose Jaw, and are not afraid of the outcome. They intend to settle and remain in the west and to farm if conditions turn out favorable for them.

DON'T KNOW WHAT TO DO
 Seven more men from Prince Edward Island, who had expected work would be ready for them when they arrived here, are al-

most up against poverty; have made no arrangements up to the present as to what they are going to do and don't know what they are going to do. The C. P. R. advertised in the east for 50,000 harvesters and advertised their first special harvesters train would leave St. Johns, New Brunswick, on Aug. 2.

Regina has issued the following bulletin: "Harvesting in Saskatchewan will be general by August 20th. This announcement is made in the seventh fortnightly report of the Saskatchewan department of Agriculture issued today.

The following are the dates for or about which harvesting will be general in the districts tributary to the railway lines mentioned.
C. P. R. Lines

EASY FOR MARGIL

His Election Assured--New Post Office ---Other News from Black Cape

Black Cape Aug 14--The weather has turned much cooler and the farmers are advancing well with their haying and all are harvesting a good crop.

We must say there is very little talk around here about the coming election for the most of the people are resting assured that Hon. Charles Macgil will be re-elected by a large majority.

Mr. and Mrs. John Ar'ale have returned to their home in Montreal.

Mr. and Mrs. Richard Parker and children left on Tuesday for their home in Montreal after spending a pleasant vacation here.

Miss Mary Hardy of Montreal is spending a few weeks at her old home here.

Mrs. Bateman of Montreal is visiting relatives and friends here.

Mrs. James Campbell and Mrs. George Millett paid Campbellton a visit recently.

Mr. Edgar Campbell has returned home from Dalhousie Jet.

Mr. Wilbur Bateman who is in the employ of the Grand Trunk Railway Co. in Montreal is here for a few days.

Misses Maude and Belle Johnston have returned from a visit to New Carlisle.

Mrs. H. Henderson and little daughter left last week for Inverness, C. B., where they are the guests of Mr. and Mrs. Blair Henderson.

A very enjoyable time was spent Friday evening at the home of Mr. and Mrs. Angus Campbell.

A new Post Office has been opened at Black Cape which is under the management of Mr. Angus N. Campbell, one of our prominent citizens.

CONSERVATIVE CONVENTION

Mr. W. S. Montgomery of Dalhousie, Nominating Conservative Candidate.

Cambridge, Ont. (Globe)

A fairly large gathering of Conservatives met this morning at the Dalhousie Hotel for the purpose of nominating a candidate for the Conservative Party of the Dominion at the coming election.

Mr. W. S. Montgomery, of Dalhousie, was nominated as the Conservative candidate for the Dominion at the coming election.

Mr. W. S. Montgomery, of Dalhousie, was nominated as the Conservative candidate for the Dominion at the coming election.

Mr. W. S. Montgomery, of Dalhousie, was nominated as the Conservative candidate for the Dominion at the coming election.

ZAM-BUK

SAVED THIS BABY

Mrs. M. Burnett, Can. Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and weak, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health."

Zam-Buk is sold at all grocers and medicine vendors, etc., a box, or post free from Zam-Buk Co., Toronto, for prices listed here. A complete cure for all skin diseases, cuts, burns, etc., and for piles.

Zam-Buk

TENDER

Tenders addressed to the undersigned, at Ottawa, and marked on the envelope "Tender for Ten Foot Lanterns," will be received up to twelve o'clock noon of the FIFTH DAY OF SEPTEMBER 1911, for supplying Four (4) Order Ten Foot lanterns for Light House purposes, to be made according to plans and specifications as prepared by this Department.

Plans and specifications of the lanterns required can be obtained from the Purchasing Agent, Department of Marine and Fisheries, Ottawa, and from the Agencies at St. John and Halifax.

The tender must be for the lanterns delivered free of all charges on board cars at point of shipment, and must indicate when the tenderer will undertake to complete the work. There are no special tender forms for this work.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank for the sum of Five Hundred Dollars (\$500.00) made payable to the Deputy Minister of Marine and Fisheries which will be forfeited if the tenderer is accepted, declines to enter into a contract, or fails to deliver the lanterns in accordance with the drawings and specifications. Cheques will be returned to unaccepted tenderers.

The unsuccessful tenderer will not be allowed to accept the lowest or any tender.

Newspapers inserting this advertisement without authority will not be paid for same.

A. JOHNSTON,
 Deputy Minister,
 Department of Marine and Fisheries,
 Ottawa, Canada, 20th July, 1911.

WHAT! They Need Painting Again?

Let's Buy *Amatite* ROOFING. It Needs No Painting

Amatite ROOFING
 It Needs No Painting

A MATITE has a real mineral surface; it needs no paint to protect it. In rain and sun and snow and hail, Amatite takes care of itself. It needs no coddling; there is no maintenance cost. You lay it and leave it.

The mineral surface is durable, permanent, absolutely weatherproof, unaffected by climate, insoluble in water, not injured by smoke.

Amatite is easy to lay. No skilled labor is required. You simply unroll it on the roof, and nail it down with nails which we supply you. Cement the laps with the adhesive cement which we also supply free packed in the center of the roll.

Amatite costs no more than the kind of roofing that require constant painting. You get twice as much weight of roofing for your money as you do with other roofing. Sample free on request. Address nearest office.

Everjet Elastic Paint
 Save money by using this black paint wherever the color is no objection. Elastic, non-cracking, durable. Use it for roofings and all exposed iron and wood.

Creonoid Lice Destroyer and Cure Spray
 Spray the hen house regularly with Creonoid to kill disease germs, repel insects, suppress odors and prevent the spread of ammonia. Sprayed on caeca it keeps the flies away, and the combs free from pestiferous ants.

What the Farmer Can Do With Concrete

Zam-Buk
SURE CURE FOR SKIN INJURIES & DISEASES.

A purely herba! balm; best thing for the tender skins of children, yet powerful enough to heal an adult's chronic sore; highly antiseptic; ceases pain and smarting soon as applied. It is purely herba! - no alcohol, no resin, no oil, and perfectly combined!

A PRACTICAL EXAMPLE.
Example of the Effect of Competition with Australia.

On March 15th last, 170 carcases of frozen lamb from Australia were landed at St. John, N.B., and 100 carcases were sent to the Montreal market. The remainder were shipped to Montreal. This lamb was purchased at nine cents per pound, delivered in bond at Toronto.

Under existing conditions, the duty was three cents per pound. This made the lamb cost twelve cents per pound laid down in Toronto.

Fresh dressed lamb was selling in Toronto at that time at 12 1/2c to 13c per pound.

Had there been no difference between the price of the Australian and Canadian lamb.

The duty protected the Canadian farmer against the Australian price.

But under the new conditions, the duty was four cents per pound. This made the lamb cost sixteen cents per pound laid down in Toronto.

Now, if you wish to see the effect upon the live stock market of the duty on this Australian lamb in Montreal, turn up the Montreal papers of March 20th. In one of which, for example, the headline was "Sheep Sell Lower in Local Market."

If, with the three-cent duty on frozen meat, the price of the lamb was so low, it is not surprising that the price of the Canadian lamb should be lower.

And not only does Australia export frozen meat, but it exports butter as well. It exports annually between fifty and seventy-five million pounds of butter.

Australian butter can be had now in bond at Montreal and Toronto. A duty of four cents per pound keeps it out of competition with the Eastern Townships' butter now selling at 26c per pound.

THE REVIVAL OF THE CAMEO
Antique Shops of Europe Do Well Good Business.

An early Victorian fashion revival is the cameo, which is being worn on hats or for clasping the belt at the waist or even at the wrist. The antique shops of Paris and London are being ransacked for cameos. The pink and creamy tints of these ornaments are considered wonderfully becoming and as the finishing touch to white evening gowns they are looked upon as indispensable at the present moment.

Jade, too, which has been out of favor for years, has come back in fashion and is to be seen ranging in tint from darkest green to pure white. Jade of a delicate bright green is the most popular and is used in necklaces of rounded beads, usually in bunches, or for earrings and cabochons mounted in various ways along with pearls and diamonds.

A GREAT CAPTAIN OF INDUSTRY
Words of Louis Stevenson Form the Keynote of Great Career.

"To travel hopefully is better than to arrive, and the true success is labor." These words, once written by Robert Louis Stevenson, have since the death of Mr. H. Gordon Schridge, the head of the enormous store in Oxford street, London, who was recently the victim in a motor smash. They provide the keynote of the character of the man who, starting life as a shop-sweeper, made such good use of his opportunities that by the time he was thirty, he was a partner in the Marshall Field store in Chicago—a store which has earned joint fortunes for its owners amounting to over \$96,000,000. Mr. Schridge had retired from business when, growing tired of a life of idleness, he turned his eyes towards London and ultimately founded the large business in Oxford street.

ELDEST RULER OF EUROPE
Prince Regent of Bavaria Ninety years of age.

The oldest ruler in Europe is the Prince Regent of Bavaria, upon whom, on the occasion of his ninetieth birthday, recently, King George conferred the Order of the Garter. He has had the unique experience of acting as regent of the country during the minority of two kings. Twenty-five years ago the Prince Regent's nephew, King Louis II. of Bavaria, was declared insane, and the Prince Regent, who had just turned thirty, succeeded by King Otto, who is now sixty-three years of age, and who has been insane since 1875. The Prince is extremely popular in Bavaria on account of his sporting propensities.

Whole Wheat Bread.

London doctors interested in the nutritive value of foodstuffs have issued a document in which they recommend the use of whole meal instead of fine white flour. It is pointed out that there are two distinct parts of mineral matter that nourish the body.

DEVELOPMENT

It is a well-known fact that the development of a country is largely dependent upon the quality of its agricultural products. The Canadian farmer has long been known for his high quality wheat and other grains. This is due to the natural conditions of the Canadian climate and soil. The Canadian farmer has also been known for his high quality livestock. This is due to the natural conditions of the Canadian climate and soil. The Canadian farmer has also been known for his high quality fruit and vegetables. This is due to the natural conditions of the Canadian climate and soil.

Dr. de Van's Famous Pills

A reliable French medicine for the cure of all the ailments of the stomach and bowels. Dr. de Van's pills are sold at all cheap druggists.

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties: Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, all or part, and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3 per acre.

Duties: Must reside upon the homestead or pre-emption six months in each of six years, from date of homestead entry (including the time required to earn homestead patent), and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter a pre-empted homestead in certain districts. Price \$3 per acre. Duties: Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

A CAMPAIGN THAT TESTS MEN

The present campaign for the election of a new Parliament will test both the electors and the politicians of Canada...

On the one side men will be urged who not in name only but in heart and in deed believe in justice for the common people...

At this moment Canadians have not that freedom of opportunity to sell or to buy foodstuffs the products of the harvest field or of the orchard or of the garden...

The distinction of this campaign is that the producer who has foodstuffs to sell declares and has declared for years that he neither wants nor needs any tariff protection or special privilege in the markets where the Canadian consumer buys...

But there are men who deny that right to the producer to sell freely and to the consumer to buy freely. Some of them are middlemen who desire the chance to take toll from both. Some are interested in organized monopolies of various sorts.

We are told that among those opponents of this proposal to make trade in foodstuffs and natural products free from high tariffs and from the monopoly burdens created under high tariffs, are certain men who are Liberals. We know those men. We have read their speeches. We know their arguments. We recognize the standard they have taken.

By order, R. C. DESROCHEERS, Secretary, Department of Public Works, Ottawa, August 2, 1911.

Liberalism alike in Britain and in Canada. In the light of this campaign they discover their true political whereabouts and are discovered to their friends.

Similarly many men, thousands of them as we believe, who never named or called themselves Liberals will in this campaign and by the very necessities of this issue find themselves allied with the Liberal cause.

The position of Director of Mount Allison Conservatory of Music, left vacant by the resignation of Prof. Harry Horsfall, has been filled by the appointment of Prof. J. Noel Brunton...

Dr. Paul Lutzenko, of the Stein Conservatory, says: "During the time he has been here Prof. Brunton has proved himself to be a most diligent and earnest student. His work was always exceptionally well prepared, consequently he has now succeeded in bringing his technique to a high standard of perfection...

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Dredging Oromocto Shoals, N. B.," will be received until 4.00 P. M., on Monday, August 21, 1911, for dredging required at Oromocto Shoals, River St. John N. B.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work. Only dredges can be employed which are registered in Canada at the time of the filing of tenders.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the contract.
