LOCAL TALENT PLAY TO FULL HOUSE

Last Friday evening in St. James' Hall "The Minister's Wife's New Musical," a musical comedy was presented by the members of the Young People's Club of the Methodist Church. Long before the opening hour patrons began filling the spacious hall, and every available seat was occupied and many had to remain standing during the whole performance. Many points attended, and despite the inclement weather which prevailed, it did not prevent people from coming many miles to witness one of the best amateur performances ever put on by local people, and the audience which greeted the amateurs were in no wise disappointed in the comedy which was so well presented. The musical comedy was under the direction of Mr. A. H. Cole, who is well known in theatrical work, and Mr. Cole deserves great credit for the remarkable precision and performance of all the members. Mrs. J. H. Barnett, most acceptably presided at the Piano as Accompanist, and acquitted herself in that role splendidly.

At 8:15 the screen was pushed aside and the Rev. J. B. Champion, Pastor of the Methodist Church, in a few remarks thanked the Director Mr. A. H. Cole, and the Accompanist, Mrs. J. H. Barnett for their untiring efforts in the preparation of the comedy. The Board of Trustees of St. James' Church for the use of the Hall, the Ladies' Aid of St. James' Church for the use of the furniture, the Orange Lodge for the use of the Platform Wings, the Baptist Church for the use of chairs and all and sundry, who in any degree had helped in the patronage of the large audience, which had gathered to give them their kind attention. A different cast were all exceptionally well presented and it is difficult to particularize. The leading parts, however are worthy of special mention. Mr. J. L. McKean as Rev. Grundy and Miss Laura Willis as Mrs. Grundy each displayed a remarkable talent in the different roles in which they appeared. Mrs. R. W. Crocker as Agatha Squalls, (the woman who knew it all), is by no means unfamiliar to a Newcastle audience and she again excelled herself in the presentation of her part to the perfect satisfaction of the large audience, upholding her reputation as an Amateur Star.

Mr. A. Beaumont Williston, as "Always Knox" (Knox by name and Knox by nature) kept the audience in a continual roar of laughter. Beaumont appeared as if he was as happy on the stage as anywhere else, and is a born actor. In his role as "A Saved Farmer," he excelled himself and would lead an audience to believe that he was a professional instead of an amateur. Many commendable comments on his performance were remarked. The solos were remarkably well rendered especially the one given by Miss Florence Price (the lady from the city) and the singing of the different choruses was delightfully received and heartily encored. The voices blended exceedingly well and demonstrates the vocal talent which is contained in this Young People's Club. Those who composed the choruses besides the members of the Character Cast were, Misses Edith McLean, Maude Atkinson, Ines Copp, Bessie and Josie Jeffrey, Evelyn Price, Delphine Clarke, Lydia Copp, Muriel and Louise Atkinson, Eva Allison, Mrs. Robert Allison, and Messrs. Stewart, Petrie, Moody, McDonald, Eberly and Barnard. The handsome sum of over \$250.00 was realized. The Cast of Characters were as follows:

HORRIBLE ACCIDENT ON C.N.R. SUNDAY

The second horrible example within a week of the danger of walking on railway tracks occurred Sunday afternoon, about 2.15 o'clock, on almost the same spot where Daniel Berry lost his life in a similar manner on Monday last, when two men, Robert Gamble and William Geddes, of Sunny Brae, were terribly mangled and instantly killed by the incoming Ocean Limited.

The accident occurred on the double track in the vicinity of the curve about 150 yards west of Humphrey's Crossing. Apparently out for an afternoon walk, it seems they chose the railroad line for their stroll. Accompanying them was Mr. Gamble's son, Lee, about 8 years of age. An east-bound freight train, extra 2364, on the southernmost track drew their attention and they both apparently stepped over onto the west-bound track, one man pointing out to the other some peculiarity on the freight train. The boy became aware of the proximity of the Limited and jumped clear, but both men were caught and horribly mangled. The boy stated afterwards that he thought his father got clear on the other side.

The Ocean Limited in charge of Conductor Chas. B. Clarke, Driver William Gunning and Fireman H. B. Crossman had passed Humphrey's Station and was approaching Sunny Brae. She was running on time and at the scene of the accident was travelling at about 35 miles an hour. The train crew of the express were unaware they had struck anyone until the driver and fireman discovered blood and a man's cap on the pilot of the engine.

According to information received from Sunny Brae, both left the home of Mr. Gamble, where Mr. Geddes boarded, about two o'clock to go for a walk. They proceeded up Donald Avenue, up Main Street and across the track and when struck were standing on the point of the curve between Sunny Brae and Humphrey's Station.

WALL STREET MYSTERY SOLVED

New York, Nov. 11—Identity of the blacksmith who shod the horse which hauled the wagon load of explosives into Wall Street shortly before the disaster September 16 in which 39 persons were killed and scores injured has been established. Acting Inspector Coughlan, head of the police department made this announcement tonight. At the same time he said his men also have established the identity of the man who took the animal to be shod and they now are seeking him. He apparently has vanished, it was said. Further than this the police announcement did not go.

Rev. W.D. Wilson Resigns On December 1st

PRESENTATION TO MR. JOHN ROBINSON

Last Tuesday evening, a pleasant evening was held in Masonic Lodge A. F. & A. M., the occasion being a presentation of a beautiful Mission Clock to Past Master John Robinson, in recognition of his devotion to his Mother Lodge as well as to Masonry throughout the Province. Mr. Robinson is now one of the oldest Masons in New Brunswick, and since he became a Mason has taken a deep interest in everything identified with Masonry. The presentation was made by Worshipful Master C. P. Stothard and the address by Past Master G. Percy Burchill. Mr. Robinson was wholly taken by surprise, but replied in a most feeling and appreciative manner.

OBJECTIONS TO STAMP METHOD OF COLLECTING

Complaints continue to reach the department of customs and inland revenue against the stamp method of collecting the luxury tax and also against the licensing system incorporated in the new regulations. Some of these complaints, it is intimated are being received from firms who a short time ago, expressed themselves as being in favor of stamps or some similar means of collecting the tax. Most of the "kicks" are stated to be based on the inconvenience of the present system, but while there is a possibility of some change being made in the regulations governing the taxation, it is not thought here that there will be any abandonment of the stamp method, which is said to be working out very well generally. It is expected that with the stamps the collection of the taxes in question will be made more simple and also that the government will secure more revenue than under the former regulations.

COMING WINTER TO BE HARD ONE

Montreal, Nov. 11—It is generally agreed, says a writer in the Montreal Gazette that the coming winter is to be one of the hardest in a more than ordinary degree. Both skilled and unskilled labor is badly affected, the former by the slump in industrial activity and the latter by the circumstances which attend a natural consequence. Many plants are running at about a quarter of their normal pay-rolls, while the majority are reduced by at least half. The metal trades are in a specially serious position and much additional unemployment has been caused by the laying off of at least 2,500 men by the C. P. R. here. J. T. Foster, President of the Montreal Trades and Labor Council, interviewed today, said prospects were gloomy and that he expected a hard winter. Stephen Lemay, of Cyr and Lemay, employment bureau, took the view that 20,000 men were idle in Montreal at present.

Chief Inspector under the N. B. P. A. on April 4th, 1917. Prior to that appointment he was field secretary of the N. B. Temperance alliance, and previous to that held a similar position with the P. E. I. Temperance Alliance. The Chief is a native of Scotland and removed to Cape Breton to engage in mining and decided on the ministry while in Sydney. After a course at Acadia University he engaged the ministry and became identified with the temperance reform.

Have Murder Ey The Throat

Mr. David Lloyd George in his address at the Lord Mayor's banquet at the Guildhall, discussed briefly and pointedly various problems with which the Government is dealing.

With regard to Germany he declared himself personally pleased with the proposals of that country for the liquidation of her obligations. Coincidentally the Chancellor of the Exchequer Austen Chamberlain, announced in the House of Commons that Germany had placed a large amount of bonds in the hands of the reparations commission.

The Premier spoke optimistically of Ireland, intimating that the situation there was well in hand.

Referring to questions between Germany and the Allies Mr. Lloyd George said that the real test of German sincerity was disarmament, and he added "the report I have to give on that subject is very satisfactory."

"The German army is rapidly being reduced to 100,000. There are still too many rifles at large in Germany, but they are a greater menace to Germany's internal peace than to Germany's neighbors.

Another important point, said the Premier, was reparations. "Germany is prepared to submit certain proposals for the liquidation of her obligations," he continued, "and personally I am pleased with them. They will be considered at the conference and it is satisfactory to note that Germany realizes that her first duty is to repair the devastation the German crimes wrought.

"I wish I could speak as hopefully of the Russian problem where we have to do with men professing the ridiculous, crazy creed of Bolshevism who unfortunately fail to realize how important it is they should respect their obligations."

He referred briefly to the industrial situation and the recent coal strike expressing the belief that there is better temper now all around.

Speaking of the Irish situation, the Premier said:

"Unless I am mistaken by the steps we have taken we have murdered by the throat. Do not pay too much attention to detailed accounts of disturbances and what they call the horrors of reprisals given out by partisans who slur over the horrors of murder. There will be no real peace, no reconciliation until this murder conspiracy is scattered.

"We are getting the right sort of men and are dispelling the terrorists. The Government will use further powers, if necessary to deal with the situation. If it is war, as the terrorists say, then they cannot complain if the Government employs some of the rules of war against them."

He referred to his offer to discuss any proposals with anyone able to speak in behalf of Ireland, saying:

"If I had given that invitation to Germany in the middle of the war I would have had a response. But giving it to Ireland, no man dare respond because they are intimidated. You must break the terror before you can get peace.

"What the Government is offering Ireland, its partnership in the greatest empire the world has ever known at the height of its power."

Victim—Yes, your honor. It's like this; I heard that there was a cook out of a job, I had to hurry to get her before someone else beat me to it.

PERMISSION GRANTED
The New Brunswick Telephone Company were granted permission by the Public Utilities Commission, Tuesday, to increase the capital stock by \$400,000 to reimburse the company for money borrowed for plant extension and additional supplies, bringing the total authorized capital of the company up to \$3,322,620.

Sugar Now 13 Cents

There has been war open and secret, in Montreal's sugar camp. It waged from refinery to wholesalers and to retailers. As a result the selling price of granulated sugar was jammed down to 13 cents net to wholesalers. A further result of the fight was that Hudson, Hebert and Co., one of the largest wholesalers, reduced its selling price to retailers to 13 cents. Among the retailers the price was variable in quantity, ranging from 14 cents to 15, 16, 17 and even in some cases 18 cents, but the general price 14 and 15 cents a lb.

United States sugar is now undersold in the Canadian market since it cannot be laid down here to the retailer under 15 cents a pound, after paying exchange, freight and duty.

Hudson, Hebert and Co., are now underselling the Dominion Sugar Company which cut their price to \$12.50 less five per cent. to wholesalers, whilst the above firm are selling at 13 cents flat to retailers.

AN AWFUL MARRIAGE
One of the small papers published an item lately, which was a weird mix-up of an account of a wedding and an auction notice. The most interesting part of the item follows:

"I Am Having a Terrible Time, I Simply Cannot Sleep"

"PERHAPS it is something you have been eating?"
"No, it is not. I am always careful about what I eat, particularly in the evenings."

"Are you often that way?"
"Yes, two or three nights a week, and I am getting worse all the time."

"Is it your nerves?"
"Yes, I suppose it is, for after any little excitement I am sure to have a sleepless night, and I do not know anything much worse than tossing in bed, unable to sleep."

"Do you have headaches?"
"Yes, often, more especially after a restless night."

"Why don't you try Dr. Chase's Nerve Food? That is what nearly everybody uses for nervous troubles these days."

"I don't know just why, unless because I have a dread of taking any drug that is strong enough to produce sleep."

"But, my dear, Dr. Chase's Nerve Food will not produce sleep in that way. It is only after using it for a time and after the restorative influence is felt by the nerves that you

will find yourself sleeping well and naturally.

"So many of my girl friends have told me about using Dr. Chase's Nerve Food for sleeplessness, headaches, nervousness and such troubles that I have the greatest confidence in it."

"How does it act?"

"It is a restorative, makes the blood rich, feeds the nerves and builds up your system in every way so that the benefits are lasting."

"How long will I have to use it?"

"Oh, I suppose two or three months. It takes time, you know, to get exhausted nerves fully restored. It will not be long, though, before you find yourself sleeping well, enjoying your meals and entirely free from headaches."

"Say, I believe I will try it, for I do suffer most terribly when I cannot sleep, and then I am so tired out next day."

Thought She'd Have to Give Up

Mrs. Kenny Had Suffered Eight Years Before Taking Tanlac—Is now Well and Happy.

"I'll never stop praising Tanlac since it's helped me so much, and I just feel like going out and telling everybody about it," said Mrs. O. R. Kenny, of 75 Dresden Bow, Halifax, N. S.

"For the past eight years I suffered dreadfully with stomach trouble and chronic indigestion. My appetite was poor, and for years I don't think I ate a good meal. The little I ate soured on my stomach and caused gas to press up into my chest and throat until I could hardly breathe. I had awful headaches that kept me confined to my bed for days at a time and left me in a terribly weakened condition. At nights I was so nervous and restless I could scarcely sleep. I had no energy to do my housework, and I thought I would have to give up altogether, as I was getting worse all the time.

"I got a bottle of Tanlac one day and it gave me so much relief I kept on taking it until I had finished my seventh bottle and all my troubles have disappeared. My appetite is just splendid and I no longer suffer from indigestion or gas on my stomach. My breathing is free and easy and I never have a sign of a headache. I sleep like a child and have regained all my strength and energy so that my housework is a real pleasure. I've also gained ten pounds in weight, and am feeling just fine in every way."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

Bought Lumber Purchased For British Govt.

All the lumber purchased by the British government in Canada during the war and which has not yet been shipped overseas was sold some months ago to an English syndicate which intends moving some of it to the old country in the near future. In fact some has already gone from the St. Lawrence and the North Shore. Some of the lumber in question is piled on wharves while more of it has been kept in lighters for more than a year at considerable expense. It is understood that the intention is to ship first the lot which is in lighters in St. John.

The lumber is located all over the province and one firm in the Province has more than 7,000,000 feet at various points for which they have been awaiting orders from the British government for more than a year.

Prohibition Act Enforcement

The Government on Wednesday heard a delegation composed of H. G. Clark and Right Rev. Dr. J. A. Richardson, representing the executive of the New Brunswick Temperance Alliance.

The delegation urged the appointment of a commission to handle the importation and sale to retail vendors of all liquors in the province, thus doing away with the wholesale vendors in accordance with the amendment to the Prohibition Act passed in 1919, and suggested a number of names from which they asked that the Government make the selection of the personnel of the commission.

They also told the Government that Rev. W. D. Wilson is anxious to return to his former position of field secretary of the Alliance and was prepared to give up the position of chief inspector.

They made recommendations to the Government of persons whose appointment as chief inspector would be satisfactory to the Alliance, declaring they desired the appointment of a man who had the spirit to thoroughly enforce the Prohibition Act.

After the hearing Mr. Clark said the government had informed the delegation they were desirous of appointing a commission under the terms of the 1919 amendment to the prohibition act, and that the elections intervening alone caused the matter to have been delayed until this date. "The government did not seem inclined to act upon a recommendation from the alliance in the matter of the appointment of a chief inspector, as they did on the occasion of the previous appointment," said Mr. Clark.

He also declared that the government's attitude regarding appointments to the commissions was similar.

Premier Foster said that the government had told the commission they would be pleased to receive recommendations from the temperance alliance or any other body in the matter of the appointments and that they would be considered.

Flirting on Boston Common to be Stopped

Flirting on Boston Common will become a dangerous practice after Feb. 1, when plans announced by Mayor Peters for the appointment of the city's first women policemen go into effect. The mayor said he had consulted with Police Commissioner Curtis regarding means of stopping the common of some of the "ramps" of both sexes, who have made it a hunting ground, and that as a result eight women would be selected from the civil service lists for appointment to police duty there. Their pay, like that of the men, will be \$1,400 to start.

New Brunswick Lumber Matters

At the close of the session of the advisory board in Fredericton last Tuesday, Col. Loggie, deputy minister, made an announcement of business transacted at the meeting. The Lumbermen's Association has been asked to fill the vacancy caused by the death of D. J. Buckley. The term of office of Archibald Fraser, as representative of the private timber limit holders expires Dec. 31. His successor will be appointed after that date. J. D. Vanderbeck, M. L. A., tendered his resignation as a member of the board of examiners of the fire rangers. No appointment will be made to the vacant office until the next board meeting, January 12.

A delegation of limit holders composed of J. W. Brankley, J. P. Burchill and W. B. Snowball appeared before the board and asked for permission to export burnt lumber to the United States from Crown lands as pulpwood. The act of 1911 forbids export of lumber in the round to the United States, the intention being to encourage the manufacture of lumber in this province. The delegation advanced various arguments in support of its request, notably that the lumber was in danger of destruction after being burnt unless cut as soon as possible.

The minister informed the delegation that a recommendation on the matter would go to the Lieutenant

Governor-in-Council from the board. The inroads made by the spruce bud worm in the forest of the province, particularly in Northumberland County, were discussed by the board. A recommendation on this matter will also go to the Lieutenant-Governor-in-Council from the board.

EX M. L. A. KILLED

Charles L. Cyr, formerly member of the legislature for Madawaska county, and a man widely known throughout the upper St. John river sections of New Brunswick and Maine, was killed on the National Transcontinental division of the Canadian Government Railway Saturday afternoon near Summit station, a small place sixty miles southeast of St. Leonard, and a companion named Michaud sustained a fracture of one of his arms.

Disorderly Meeting At Amherst

Amherst, N. S. Nov. 14—In a scene of much disorder the self-determination for Ireland League meeting here, addressed by Lindsay Crawford, of Toronto, broke up tonight. The Empress Theatre was crowded to the doors. He turned soldiers were there in great numbers and there was a tense feeling throughout. The chairman was chased when he became emphatic in his criticisms of the mother country, and Mr. Crawford was received with but scant applause.

The earlier part of his address was of an historical and non-controversial character, but when he ventured on a criticism on England as an autocracy in spite of the war, George Morrison, former president of the G. W. V. A., jumped to his feet and gave him a direct contradiction to the cheers of a considerable part of the audience.

From then on the meeting was a scene of great disorder with several of the audience asking questions of the speaker, and when the chairman finally brought the meeting to a close with the singing of "O Canada" some "one" in the audience started "God Save the King" and the whole audience was soon a volume sound with the national anthem. Mr. Crawford's friends, however, organized a demonstration for him and three cheers were heard when a considerable part of the audience had left the theatre. No attempt was made to move a vote of thanks.

FISHERY INSPECTOR WANTED

The position of district inspector of fisheries at Newcastle, a dominion government office, is vacant and applications will be received through the civil service. The district is comprised by the counties of Westmorland, Northumberland and Kent. The salary is \$1,650 a year, which will be increased upon recommendation for efficient service at the rate of \$120 a year until a maximum of \$2,280 has been reached. Preference will be given to residents of the district. The position is considered an attractive one, although the duties are numerous, and it is expected there will be numerous applicants. The age limit is twenty-five to forty-five, except as to men who saw service overseas. The vacancy occurred through the death of the late Hon. D. Morrison.

The Best Medicine For Little Ones

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon, Que. writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would lose my baby before trying the Tablets but they soon made him healthy and happy and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co. Brockville, Ont.

The Cigar Bill of the Peace Conference

Paris, Nov. 12—Who is going to pay for cigars which the delegates smoked at the Spa conference. This is a question which is worrying the chancelleries of the nations who sent representatives to talk to the Germans.

In addition to the delegates, numerous secretaries and clerks must have dipped their hands often into the cigar boxes. That is the conclusion one must come to when one reads that the total cigar bill is not less than \$9,000 francs (nominally \$16,000).

The League of Nations has refused to pay, and Belgium is adamant. France will, perhaps, say "Germany must pay"—but will she?

BREAK IN SOAP

A break in soap prices has at last taken place. Yesterday the announcement was made that laundry soaps had been reduced in price by fifty cents a box.

Another Royal Suggestion PIES and PASTRIES

From the NEW ROYAL COOK BOOK

CHEER UP! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry
This recipe is for one large pie with top and bottom crust
2 cups flour
1/2 teaspoon salt
1/2 teaspoon Royal Baking Powder
1/2 cup shortening
cold water
Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers (the less it is handled the better the paste will be). Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

Rich Pastry
2 cups pastry flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1/2 cup shortening
cold water
Sift flour, baking powder and salt; add one-half shortening

ROYAL BAKING POWDER

Absolutely Pure

MADE IN CANADA

and rub in lightly with fingers; add water slowly until of right consistency to roll out. Divide in halves; roll out one half thin; put on in small pieces half remaining shortening; fold upper and lower edges in to center; fold sides in to center; fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

Apple Pie
1 1/2 cups flour
1 1/2 teaspoons Royal Baking Powder
1/2 teaspoon salt
2 tablespoons shortening
4 apples, or 1 quart sliced apples
2 tablespoons sugar
1 teaspoon lemon juice

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices; sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 30 minutes.

NEWCASTLE HENS LEAD
In the first weekly report of the New Brunswick's first egg laying contest now being carried on at the Fredericton Experimental Station, where there are twenty one pens of ten birds each taking part, Mr. Howard Williston's pen of White Wyandottes from Newcastle is leading with a total of sixteen eggs. The best individual records were made by hens owned by Mr. Williston and Mrs. Danby of North Devon, each having produced five eggs for the week.

GET FINE TROPHIES
The big game season in New Brunswick will close at the end of the month and many hunters are now in the woods. Harry I. Heslandt, of Rogersford (Pa.) and William A. Sawyer and M. V. Dobson, of Spring City (Pa.) killed two moose and six deer in the Miramichi region last week. An Ottawa party and a party from Albany (N. Y.) are on their way to the Miramichi country. A. W. Byle, W. J. Carr, Allen Cummings and H. P. Burpee with A. Higgins, of Ontario, as guide, brought down two moose in Northumberland county recently. The larger head had a spread of 51 1/2 inches and nineteen points. Four men fired at the big moose simultaneously. Mr. Kyle shot the second moose.

BILL SHARON SOLD
Frank C. Murchie, Milltown, N. B. who is manager of the racing interests of Archie Alcorn, Blackville, received a telegram Saturday evening, stating that T. W. Murphy, Poughkeepsie, N. Y., had finally decided to buy \$25,000 in American funds for Bill Sharon, 211-14
Bill Sharon was bred by Samuel J. Boyle, Fredericton, who sold him last spring to Mr. Alcorn for \$2,500. He was five years old in September last and is a chestnut stallion. He was sired by Captain Ambrey, #27 1-4, a son of the famous Peter the Great, which was purchased by the Nova Scotia government some years ago. His dam was Norroway W., #18 1-4, by Lockaway. He goes to the Grand Circuit with an unbeaten record after nineteen races of the half-mile track.

PLEADED GUILTY
John McLean, aged twenty-four a native of Amherst, but belonging to Chatham, pleaded guilty to the charge of attempting to obtain goods valued at \$40, under false pretences, from Amdur & Co., corner of King Square and Charlotte street on Wednesday, November 10 in St. John Police Court. After consenting to have his case tried under the Speedy Trials Act, the accused was remanded while inquiries are made regarding his character.

KING COLE TEA
"YOU'LL LIKE THE FLAVOR"
Ten Years After
Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is ten times greater than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA, and speaks for annual service.

OBITUARY
MRS. ISAAC DeBOO
Sussex, Nov. 12—Word has been received of the death of Mrs. Isaac DeBoo, which occurred at Vancouver B. C. on Monday, the 8th inst. Mrs. DeBoo, with Miss DeBoo, left Sussex a short time ago to spend the winter in British Columbia, thinking that the change of climate might improve her health.
The body will be brought to Sussex for burial. The funeral service will be held in Chalmers' Presbyterian Church on Wednesday afternoon next.
The deceased is survived by four daughters, Mrs. Bell, of Boston; Mrs. Weldon, Vancouver; Mrs. Herb McArthur, Winnipeg; and Miss Ella, of Sussex; and three sons, Frank of Moncton, and Richard and Jacob.
Mrs. DeBoo was the wife of the late Richard DeBoo, trackmaster of the I. C. R. The deceased was one of the oldest and most respected citizens of Sussex, a consistent adherent of the Presbyterian church and a lady of estimable and sterling qualities.
The late Mrs. DeBoo was some years ago a resident of Newcastle, where her late husband was trackmaster on the C. N. E. line, and her many friends will regret her sudden death.

NO MORE LEMON EXTRACT
The following was remarked by one of St. John's leading grocers in the St. John Police Court last week:
"I'll sell no more lemon extract. I've a cross of it at the store but it's all going back to the wholesalers today, for I'm out of that business for good," said John W. Van der in the police court yesterday afternoon at the conclusion of the case in which he was accused by Inspector Henderson with selling lemon extract without making an entry of the sale at the time in a book provided for the purpose by the law.
"That is splendid," said Magistrate Ritchie. "I'll like to see the grocers back and I wish all the other dealers would follow."

BEAVERBROOK WAS PLEASED

Early announcements of the New Brunswick provincial elections in London newspapers reported that Hon. P. J. Veniot, Minister of Public Works had been defeated. The report, however, was corrected in the course of a few days, and soon afterwards Lord Beaverbrook wrote Hon. Mr. Veniot tendering his congratulations. In his letter, which was written under date of October 25th, he says:
"I am enormously pleased to learn that the rumor was incorrect, and I congratulate you heartily on your wonderful majority."

Weak, Nervous And Run Down

A Condition Afflicting Thousands of People—How to get New Health

There are thousands of people enduring the pain and discomfort of minor ills in the hope that the indisposition is only temporary and will be outgrown in time. Often such illnesses are not serious enough to require the attention of a doctor, but will respond to intelligent home treatment if a reliable remedy is used. Women, busy with a multitude of household cares, young women in offices or stores, or girls studying hard in school, easily fall a prey to that condition of bloodlessness known as anemia. The trouble need not be serious if prompt, effective measures are taken to check it in its early stages. Dr. Williams' Pink Pills will restore the elements needed to bring the blood back to strength, and once the blood regains its healthy quality the entire body will soon show the benefit. Among the many who have found benefit through the use of Dr. Williams' Pink Pills is Mrs. James J. Johnson, of Peterboro, Ont., who says: "I can personally strongly recommend Dr. Williams' Pink Pills because of what they have done for me. About two years ago I felt poorly, was terribly weak, nervous and run down. I was easily annoyed and worried, and my heart would flutter at the least exertion. I tried several remedies but did not find a cure until I took Dr. Williams' Pink Pills. I took seven boxes in all and am now enjoying perfect health, and have gained in weight. I calculate the cost small when I think of the benefit I received, and I recommend the pills to all weak people."
Rich, red blood is the whole secret of good health, and from the first to the last dose Dr. Williams' Pink Pills enrich and purify the blood. You can get these pills through any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Cheaper Gasoline in Great Britain

"Over production in the United States is the reason assigned by British oil companies for an unexpected reduction of six cents a gallon in the price of gasoline in Great Britain. A sudden increase of 14 cents a gallon in August, according to advices from the United States Chamber of Commerce in London to the department of commerce.
British consumers, however, the chamber reported, attribute the slump to the investigation of the central profiteering committee into the increase in price.

Slump in Fur Means Little Trapping This Winter

Winnipeg, Man., Nov. 15—The northern muskrats are looking to a comparatively undisturbed rest in their winter houses this year, for although most of us would feel hurt if we were suddenly informed that we were only worth a tenth of our value a year previously it should be a source of unadulterated joy to the muskrat when his hide was worth \$5.00 led a very precarious existence, but now that it is down to fifty cents will be more or less ignored.
Last fall trappers flocked into the north country in the hundred lured on by phenomenal price of fur. Many men absolutely ignorant of the habits of furred animals, and equally at sea in the matter of setting traps ventured out on the cold trails, and even the veriest amateur was unfortunate if he did not secure sufficient pelts to more than cover his expenses. This year, however, everything is changed. Fur has taken a terrific slump and as there seems no indication of a rise for some time to come, trappers are turning their attention to some more profitable voc-

Flour Prices Lower For Over Four Years
Minneapolis, Nov. 9—For the first time in almost four years flour sold under the \$10 barrel mark at the mills here today. Quotations on family patents broke 35 to 75 cents today, making today's range of prices \$9.65 and \$10.00 a barrel. Yesterday's sharp decline in wheat was given as the cause.
Flour Price-Down in Calgary
Calgary, Nov. 9—Flour was reduced 80 cents a barrel in Calgary Tuesday morning. Some of the bakers state that the reduction of 80 cents a barrel only represents about one-fifth of a cent in a loaf and for that reason they do not propose making any reduction so that there would have been a reduction of about \$2.50 a barrel to lower bread prices.

Toronto Firm Makes Tea Cut
A prominent Canadian tea firm with headquarters in Toronto, has announced a cut from seventy cents to fifty-five cents a pound, retail for one of the popular varieties of tea.
It is said that other tea concerns will probably follow suit. It is explained that there is a glut on the British and Canadian tea markets, owing to the fact that the British merchants have been unable to get their long hoarded stocks in on the Russian market. It is understood that the Canadian tea firms will have to accept considerable loss as the result of the cut.

Windmill Barbados Super-Fancy Molasses

It is the fruit juice of ripe, Golden Ribbon sugar cane—not crushed by steel, nor cooked by steam—but, as in days of old, it goes through wooden rolls with windmill's aid, and is cooked over the open fire in open kettles.

It takes 100 lbs. of this Golden Ribbon Cane to make one gallon of "Windmill" Barbados. Nature alone gives it its sweetness, flavour and colour.

Nothing added—nothing extracted. Full of the food elements that give heat, energy, and endurance, and well balanced with minerals, fruit salts, that give health to the blood and strength to the body frame.

Yet costs no more than common molasses, or compounds in which there is practically no food value.

No fancy cans to raise the cost—Sold in bulk only.

Be sure you get the good, old-process, "Windmill" Barbados—it savours of fruits and flowers of Barbados.

We guarantee Windmill to be absolutely pure and highest grade Barbados Molasses.

If not on sale at your grocer's, mail us his name.

May Pass the Critical Period Safely and Comfortably by Taking **Lydia E. Pinkham's Vegetable Compound.**

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARTHA W. LINDSAY, 810 Robinson St., Regina, Sask.

Canteen Profits May Be Referred To Arbitrator

Ottawa, Nov. 8.—Questions, which have arisen between the Imperial and Canadian authorities over distribution of canteen profits, will probably be referred to an arbitrator. A number of points of difference have arisen, technical points concerning the nature of the original arrangement regarding disposition of the canteen profits, the valuation of stock in hand when the war was concluded and so forth. Agreement thereon will be necessary, however, before the exact amount of the profits made can be determined and a basis of division reached.

What the amount of profits will be cannot, therefore, as yet be stated with any degree of accuracy, but it is estimated that the Canadian share will be between one and two millions. The question of disposal will subsequently be taken into consideration by the dominion government.

A Series of Talks On Music

By Prof. C. C. Laugher, Mus. Bac. Sarnia, Ont.

NO. IV.—Instrumental Accompaniment

Instrumental accompaniment means to accompany with the instrument, or as someone puts it, to add an accompaniment to an ornament.

We readily think of the piano as the general accompaniment for the singer of soloist.

The first mention of the pianoforte as an accompanying instrument was made in 1767 on the play bill of "The Beggar's Opera." Between the first and second act Miss Brickler was announced to sing a popular song from Judith, accompanied upon the new instrument by Mr. Dibi in London, June 2, 1767. John Christian Bach, was heard in a pianoforte solo, the first of its kind.

The purpose of the accompaniment is to support the principal part, it must be independent but should always be subservient to the chief part. An instrument such as the piano, harp, or organ may be used in accompaniment, even a chorus of voices may successfully carry an accompaniment part.

To acquire this art, the accompanist must have great care and judgment. He must not overwhelm the voice, but must assimilate with the quality of the voice, taking special care of the contrast. Too often we hear such an accompaniment that is so strong that the soloist is simply an occasional part, and the effect is very ridiculous.

We read that at the time of the old miracle plays the accompaniments were performed by a double lute, a harp, chord, a double guitar or two behind the scenes, simply to add musical effect, and even Wagner went back to the old way of hiding the orchestra.

Back in the days of 1800, Cavalli arranged instrumental effect of sighs and sounds of nature, such as the murmuring of the rivers, and the sighing of the winds.

Caccini, a great vocalist of Italy, in the sixteenth century, broke away from the old style composition of many voices and wrote for one voice only. These compositions he sung to his own accompaniment, playing on the Therobo, a pear-shaped instrument four feet long, with a number of strings of different lengths. Caccini met with great success.

The early musicians aimed only to devise means to combine music with poetry, so that the two arts should enhance one another, but when it is understood that the accompaniment to the recitative and solos were provided only with a figured bass from which to read and play, it was the accompanist at the harp, chord that must apply the details. This weak and ineffective means would make the music unendurable to a modern audience.

From about this time on, particularly in the matter of accompaniment, the resources of expression in music was becoming much enlarged and elastic, for the harmony was more richly developed and the tonality better understood. The modulation now came in as an additional means of effect.

Dr. Parry adds—"Where the words are thoroughly musical and the composer sensitive and skilful the music fits the words at every instant and makes the words glow with meaning."

Both Schubert and Schumann were very expressive in this form. Schumann's genius showed itself in his power to suggest unexpressed depth of feeling in a few lines. This piano accompaniment and postures to many of his songs intensifies this emotional atmosphere.

Political Rumors

There is a great deal of discussion as to whom the selections will be when the two government portfolios are filled. One report, which has gained considerable circulation, is that Hon. Dr. J. E. Heberington, Speaker in the last Legislature is to be promoted to a cabinet position and may become provincial secretary treasurer, while it is said that D. W. Miersereau, M. L. A. for Sunbury county, will be the new Minister of Agriculture, if the appointment goes to one who is a farmer.

Alberta's Coal Production Much Greater

Alberta's coal production for 1920 will be thirty per cent in excess of last year's, it is now estimated by the Government mines branch. A total output of well over 6,500,000 tons is expected by the end of the year, as compared with 5,023,412 tons in 1919. There has already been mined for the nine months of this year to the end of September a total of 4,750,564 tons, the output for September alone being 618,093 tons.

\$100 REWARD, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
