GRINDING ON CORN.

Mr. Pope Wants It Popped on the Free List.

THANKS FARMERS BACK HIM But Mr. Sproule Drops a Sensible Remark.

Mr. Pope is after those unscrupulous Americans who have been exporting cheese through Canada so as to get it classed as Canadian, and give notice of a resolution that the action of the United States Government in providing that Canadian cheese imported into the United States shall be subject to quarantine for 60 days. From the statement published in the newspapers it appears that the reason given for this action is the scheduling of Canadian cattle in Great Britain.

THE HALIFAX CONFERENCE.

A MOST INTERESTING REPORT BROUGHT DOWN.

To Delimit a Correct Boundary—Mr. Bond's Statement Regarding Newfoundland's Overtures to the United States—A British Consul for St. Pierre—Confederation Breached, St. Asie.

OTTAWA, Feb. 8.—Immediately on the heels of the meeting again after recess today Sir John Thompson laid on the table the minutes of the Halifax Conference last December between delegates from Canada and Newfoundland.

The minutes are made in the form of a very carefully prepared and apparently well done report by Mr. Douglas Stewart, secretary of the Commission.

They make 40 printed pages, and it is to be regretted that the state of the finances did not justify the Government in having more than one copy brought down to the 30 odd pressmen in the gallery here found it impossible to digest the report as thoroughly as they would otherwise have done could each pressman have got a copy.

The delegates, it appears, discussed several questions besides those mentioned in the references. The Canadian delegates at the first meeting brought up the complaint that Canadian goods had been charged duty by Newfoundland customs officers in Labrador, although destined for Canadian territory.

The Newfoundland delegates declared they had never heard of such practices and pronounced them illegal, and the upshot of the matter was that it was agreed to appoint officers of both Governments to delimit a correct boundary.

The Bond-Blaine Treaty. Sir John Thompson at the suggestion of Sir William Whitely explained why Canada had objected to the ratification of the Bond-Blaine treaty, and Sir William asked if Canada failed to secure a treaty herself with the United States would she still object to the Bond-Blaine treaty.

The following will be the society's programme for the evening: "The Bedlammer," J. Hope, Toronto Industrial Exhibition; "W. D. Sorby, Western Fair, London; James H. Cochrane, Montreal Exhibition.

Important Meetings of Creditors Held Yesterday—Winding Up Estates. A meeting of the creditors of T. K. Rogers, of the Hamilton clothing store, was held at the Palmer House, Toronto, yesterday, when the statement brought down showed liabilities of \$8800 and assets of \$9000. It was decided that Mr. Rogers should not be allowed to take possession of the store until the liabilities were paid in full.

Mr. Bond detoured his action in trying to make a treaty with the United States without consulting Canada on the ground that Canada had never asked Newfoundland to join in her treaty negotiations with the United States. He declared, however, that he had distinctly asked Mr. Blaine that there was to be no discrimination against Canada.

He thought that the fact that the treaty was to be ratified by Great Britain was sufficient to make it binding on Canada, and he declared that he would not discriminate against Canada. He would agree to give up the tariff program, but he would not discriminate against Canada, and he would not discriminate against Canada.

After some discussion of the charge that Canadian fishermen had supplied bait to French fishermen upon the Grand Banks, the delegates agreed that both Governments would appoint a British consul at St. Pierre.

At another sitting Sir William Whitely renewed his request for joint action on the basis supply question, pointing out how beneficial to both countries it would be to prohibit the sale of bait to the French fishermen. He held that it would reduce the French catch and consequently increase the sale of Newfoundland and Canadian fish.

Mr. Thompson declared that he would not discriminate against Canada, and he would not discriminate against Canada. He would agree to give up the tariff program, but he would not discriminate against Canada, and he would not discriminate against Canada.

CHINESE CRUELTY.

An Old Man Found, His Clothing Saturated With Coal Oil, and Then Burned to Death.

NEW ORLEANS, Feb. 8.—A special from El Paso, Texas, gives an account of the burning of an old Chinaman, Yam Jim, who had been apparently severely bound, his clothing saturated with coal oil, and the place set on fire, supposedly by his countrymen. Jim was dependent upon them for several years.

HACKNEY HORSE BREEDERS

Held Their Annual Meeting and Elect Officers—President John Hope, Bow Park, Brantford.

Fifteen horsemen responded to the call of President John Hope, Bow Park, Brantford, at the first annual meeting of the Canadian Hackney Horse Society at the Grand Hotel last night. They were Robert Davison, G. W. Green, Dr. Andrew Smith, V. S., W. D. Grand, Robert Bond, John Holderness, Toronto; John Graham, Robert Graham, Clarendon; George Hastings, Deer Park; Robert Miller, Brantford; W. D. Grand, Brantford; George Hastings, Thamesville; George Pepper, Markham.

Secretary-Treasurer Wade's report showed an increase in membership during the year of 25. Twenty-four animals had been recorded, 13 stallions and 11 mares—all with one exception, either imported or from imported stock.

The financial statement showed a cash balance of \$50 in the treasury. The report was adopted without discussion. The balloting for officers for the ensuing year resulted: President—John Hope, Bow Park, Brantford.

Vice-Presidents—Ontario, Robert Davison, Toronto; Quebec, James A. Cochrane, Hillsdale; Nova Scotia, James B. McKay, Stellarton; New Brunswick, Hon. D. McCalland, St. John; Prince Edward Island, C. MORGAN PLAYS HIS ORGAN.

HE WANTS UNCLE SAM'S RULE TO BE EXTENDED.

WASHINGTON, Feb. 8.—Mr. Morgan (Ala.) introduced a bill in the Senate to provide for the provisional government of foreign countries and places acquired by treaty or otherwise, which was read in full and referred to the Committee on Foreign Relations.

Mr. Morgan is the leading Democratic member of the Senate Committee on Foreign Relations. Yesterday he held a conference with Secretary of State Foster, and the bill introduced by Mr. Morgan this morning is the probable outcome of that conference.

Mr. Morgan is an enthusiastic annexationist, and he provides not only for Hawaii, but any other territory that may be in the future. The full text of the bill is as follows:

"That whenever the United States shall acquire dominion over any foreign country or place by treaty or annexation or otherwise, the President of the United States, with the advice and consent of the Senate, may appoint a governor for the same and may also provide for the government of such country or place until Congress shall otherwise provide by law."

THE BIG FOUR BURNED.

One Man Killed and About Twenty More or Less Injured.

ST. LOUIS, Mo., Feb. 8.—The Big Four passenger train which left here at 7:45 last night was wrecked and totally destroyed a mile east of Panama, Ill., at a late hour of the evening. The train, including two sleepers, the engine only being saved. The baggage man killed, six passengers were seriously injured and a dozen more were slightly hurt.

The bed clothing in the sleeper was utilized for the comfort and warmth of wounded women and children. Baggage man Resener was pinned between the mass of trunks and barrels to the side of the train and passengers, who were unable to rescue him.

Mrs. Leavitt was traveling with the corpse of her husband, which was in the baggage car. The corpse was cremated. Mrs. Leavitt's right arm was severely injured. The weather was bitterly cold, and the wounded suffered greatly from exposure in addition to their injuries.

SMASHED EACH OTHER.

Two Politicians in Illinois Have a Heavy Fight.

SPRINGFIELD, Ill., Feb. 8.—Congressman-elect Cannon and State Senator Bacon had a personal encounter today, which resulted in the United States Government, which sustain the efforts of the Colombian Government to take possession of the local canal assets at the end of this month.

A Toronto Jeweler's Sudden Death.—The Body Not Home. Charles D. Chapman, formerly a jeweler in King-street, Toronto, removed to Vancouver, British Columbia, in November and commenced business. He had been ill since Friday, but on Sunday night seemed considerably better. He came to see him, and about 1 o'clock, just after taking some medicine he remarked that he felt better, but he was not long in coming back. He was found dead in his bed, and his body was not home.

HAS TWO BROTHERS IN TORONTO. A Former Ontario Killed in a Boiler Explosion. Toronto, Feb. 8.—John H. Harris, assistant engineer of the Tumbo Island, B.C. coal mine, was instantly killed by the explosion of the boiler used in hoisting the shaft. Harris' body was found in the shaft, and his head being blown completely off.

Harris was a native of the Rice Lake district, Ont., and was between 35 and 38 years of age. He went there with his family and brother, Edward Harris, four years ago. He only went to work for a few days, and had previously been out of work for months. Harris has two brothers now living in Toronto.

WHILE READING A NEWSPAPER. An English-Avian Resident Found Dead in a Chair. Toronto, Feb. 8.—A man, whose name was not given, was found dead in his chair at his residence, No. 76 Eglinton-avenue. She arose from her seat, and fell into the water. The cause of the accident was not known.

Five minutes afterwards she was found dead, having passed away without a struggle. Deceased was in her 60th year.

WASHINGTON, Feb. 8.—Immense crowds were drawn to the Capitol to-day by the formal ceremonies incident to the official opening of the electoral vote. After the last certificate had been read and the results footed up, the Vice-President made the customary announcement that, under the law, this was a sufficient declaration that Grover Cleveland of the State of New York was elected President of the United States, and that Adlai E. Stevenson of Illinois was elected Vice-President of the United States, each for the term beginning March 4, 1893.

The totals announced by the Vice-President were: Cleveland and Stevenson, 277; Harrison and Reid, 145; Weaver and Field, 22.

France-Canadian Trade. LONDON, Feb. 8.—The Franco-Canadian treaty, by which the imports from Canada will be placed on the minimum schedule of the French tariff, was signed in the French Foreign Office, in Paris, on Monday last.

The Marquis of Dufferin and Ava and Sir Charles Tupper, Canadian High Commissioner to London, appended their signatures as the British and Canadian plenipotentiaries, respectively, while on the part of the French Government M. Develle, the Minister of Foreign Affairs, and M. Sirey, the Minister of Finance and Commerce, signed the document. The treaty will be submitted to the French Chamber of Deputies and the Canadian Parliament forthwith.

QUEENSLAND'S DELUGE.

The Water is Slowly Falling—Enormous Losses and Destruction—Many People Deported.

BRISBANE, Feb. 8.—The water is falling slowly. The loss in Owen-street, on which stand the Government office, postoffice, principal banks, newspaper offices and the opera house, has been enormous. The buildings were two-thirds submerged. The provincial towns have suffered severely, and many have been drowned.

FOR THE LADIES.

The Must Active Bazaar in Paris During the Cold Weather. Of all the articles of apparel required by ladies none is more necessary during the winter than gaiters or a muff for the protection of the fair wearer's hands. Muffs are of course the favorites, and this season there has been an unusual demand for these desirable articles, occasioned by the unusual severity of the weather.

Anticipating this demand W. S. D. Dusen King and Yongestreet at the beginning of the season laid in an extra stock of muffs and in consequence, although many of their other lines of fur goods have been exhausted during their unprecedented clearing sale, there is still a magnificent assortment of muffs. As with every other article in their stock of furs they will sell all muffs at or below cost. This brings these beautiful muffs within the reach of every lady, as the reduced prices run from \$1.50 to \$15. Among the fashionable furs in which muffs are to be had may be mentioned Alaska sable, from \$8 to \$15; astrachan, \$3.50 to \$5; black fox, \$5 to \$7; black lynx, \$3 to \$5; natural lynx, \$4 to \$10; Persian lamb, \$5 to \$12; grey Persian lamb, \$3.50 to \$5.50; Beaver, \$6 to \$12; racoon, \$5 to \$7; other, \$10 to \$15; black bear, \$10 to \$15; grey fox, \$3.50 to \$5; red fox, \$6 to \$10; mink, \$8 to \$15; Canadian sable, \$12 to \$25; Russian beaver, \$10 to \$25; Nutria beaver, \$3 to \$4; monkey, \$4.50 to \$6; seal, \$12.50 to \$18. In addition to the ordinary muffs there is a line of beautiful muffs running in price from \$2.50 to \$15 in the following fur: Nutria beaver, Russian lamb, grey lamb and seal. Gaiters are also to be had in most of the above-mentioned furs.

The line of seal jackets has not yet been cleared out. There are still some in size for bust of 33, 34 and 35 inches marked down to \$100 from \$175 and \$200. These are genuine bargains.

THE PANAMA CANAL.

Humor That Uncle Sam Will Complete the Big Ditch.

PANAMA, Feb. 8.—La Cronista prints the following in relation to the canal project: "It is understood in semi-official circles here a proposition has been made by the United States under which the Panama Canal is to be completed. The United States proposes that the work of completing the canal should be continued as a Colombian national enterprise, but the capital to be used will be furnished by citizens of the United States, and the canal to be under American protection.

This proposition is said to be accompanied by the condition that the Bogota Government shall grant no further concessions to the French Canal Company, and if this condition is complied with the published story of the United States Government, which sustain the efforts of the Colombian Government to take possession of the local canal assets at the end of this month.

BOARD OF TRADE COUNCIL.

MANY IMPORTANT SUBJECTS UNDER DISCUSSION.

The United States Silver Note—Direct Telegraphic Communication Within the Empire—Uniform Postal Rates—A Recommendation for the Readjustment of Duties on Iron.

The new Council of the Board of Trade held its inaugural meeting in the board room yesterday. In response to the resolution passed at the last general meeting of the board soliciting the opinions of other boards on the matter of a fast Atlantic steamship service letters were read from Hamilton, London, Quebec and Goderich strongly endorsing the resolution.

United States silver. The question of the circulation of American silver coin and notes in Canada came up, and the general feeling at the meeting was that the question was being flooded with the undesirable currency, and that any depreciation in its value would create a crisis.

A committee consisting of President Wilkie, First Vice-President Blain and W. D. Matthews was appointed to prepare a resolution for submission at the next general meeting of the board.

The board was to discuss the question of direct telegraphic communication within the empire. As the subject is an important one it was decided to hold it over to the next meeting of the council.

Postal Rates. In reference to the reduction of inland and United States postal rates the council passed the following resolution: "That this council is of the opinion that the inland and United States postal rates should be reduced to a uniform rate of 2 cents per ounce

The chief city, Honolulu, is very English in character. The island was under a despotic monarchy government up to 1890, when a system was established on the lines of the Old Country, king, lords and commons.

On Jan. 17 a committee of Americans proclaimed the monarchy abolished, and appointed a provisional government, "to control and manage public affairs until terms of union with the United States have been negotiated and agreed upon."

The press of the United States is somewhat at a loss what to say about this proposal to seize territory to which it has no historical, political, or moral claim.

The steps of the City Hall will, we trust, rouse the authorities to enforcing the by-law relating to slippery sidewalks.

One of the most aggravating sights in this city is to watch our policemen tread gingerly over pavements that only an acrobat can traverse without imminent risk.

The non-removal of snow is a nuisance doubtless, but it is not a risk to limbs or to internal arrangements, such as ribs.

There are scores of yards of our sidewalks that are not cleared by the city.

It seems only too likely that much of what Mr. Goldwin Smith really has done is a chance of being lost sight of in the multitude of false accusations made against the man.

Dominion Telegraph COMPANY ANNUAL REPORT FOR 1922

The Twenty-fourth Annual General Meeting of the Shareholders of this Company was held at the Head Office, Toronto, on Wednesday, February 8, 1923.

The minutes of the last Annual General Meeting were read and confirmed, and the following Report of the Directors for the year 1922 was read:

Table with financial data: Capital stock paid up, Mortgage bonds, Dividends, Balance at end of Profit and Loss, etc.

Respectfully submitted, THOMAS SWINYARD, President.

Toronto, February 8, 1923.

The President then rose and said: It has been your pleasure, gentlemen, to be here for the first time, I am glad to report to you the Directors for the past year, 1922, and I now beg to move its adoption.

To-day, gentlemen, we miss a very familiar face at this meeting, the face of an old friend and an old shareholder and Director of the Company, I refer to the late Mr. F. W. Filton, who, after a protracted illness, passed away on the 23rd of July last, deeply lamented by his many friends, and not least by his colleagues in this Company.

CONSUMERS CORDAGE CO.

HEAD OFFICE, MONTREAL.

Incorporated by Letters Patent of the Dominion of Canada, under Chapter 100 of the Statutes of Canada, 1907.

CAPITAL, \$3,000,000.

(A thirty thousand (30,000) shares of one hundred dollars each.)

DIRECTORS: JOHN F. STAIRS, M.P., Montreal, President; A. W. MORRIS, M.P., Montreal, Vice-President.

EDWARD M. FULTON, Montreal, Treasurer; GEORGE STAIRS, Halifax; JAMES M. WATERBURY, New York; CHAUNCEY MARSHALL, New York; WILLARD P. WHITLOCK, Elizabeth, N.J.

SECRETARIES: CHARLES B. MORRIS, Montreal; THE CANADIAN BANK OF COMMERCE; THE UNION BANK OF HALIFAX.

SOLICITORS: MACMASTER & MCGIBBON, Montreal.

The Directors, who are now the owners of the entire Capital stock, have decided, at the request of numerous shareholders, to have the Company throughout Canada, to enlarge its capacity, to issue new shares, and to offer for sale, at par, ten thousand shares, of one hundred dollars each, fully paid and non-assessable.

Payments are to be made as follows: Five per cent. on application; fifteen per cent. on allotment; twenty per cent. on the date of allotment; and the balance on the date of allotment. Applications have the right to pay in full on all shares.

Applications for shares will be received until February 15th, 1923, at the offices of the Canadian Bank of Commerce, Bank of Montreal, and the offices of the Union Bank of Halifax, and at the Montreal office of the company, N. Y. Life Building, Montreal.

Forms of application for shares may be obtained at any of the offices mentioned, or they will be sent by mail on request.

Should no allotment of stock be made to any applicant for shares, the amount paid will be returned to the applicant, and in the event of the Directors finding it impossible to allot the full number of shares applied for, the surplus of the deposit will be credited to the amount payable on any shares which may be allotted.

The right is reserved of withdrawing the offer in whole or part at any time before allotment, and of allotting to any applicant any number of shares less than the number applied for.

As the dividends of the Company are payable quarterly, beginning with the first day of March next, allottees of stock will be entitled to receive a proportion of the quarterly dividend as declared, corresponding to the amount of their subscription.

It is proposed to apply to the Stock Exchanges of Montreal and Toronto for a list of quotations of the shares of the Company.

The Consumers Cordage Company was originally incorporated in the Dominion of Canada, under Chapter 100 of the Statutes of Canada, 1907, and has since that time been operating in Canada, and has since that time been operating in Canada, and has since that time been operating in Canada.

The Company has no mortgage indebtedness, and, according to the law under which it was incorporated, no more can be created without the consent of two-thirds of the shareholders, represented at a meeting called for the purpose.

The Company has placed in the hands of Messrs. Macmaster & McGibbon, Solicitors, a full statement of its affairs, certified by a Chartered Accountant.

The following letter from Messrs. Abbott, Campbell & Meredith, advocates, Montreal, upon the legality of its incorporation, and the validity of its stock:

MONTREAL, January 5, 1923. Consumers Cordage Co., Ltd., Montreal.

GENTLEMEN:—We have examined the books and documents connected with the organization of the Consumers Cordage Company, Limited, and are of opinion that it has been properly incorporated, and that its capital stock of \$3,000,000, as issued, is fully paid up and non-assessable, according to the provisions of the Companies Act.

We are, yours truly, (Signed) ABBOTT, CAMPBELL & MEREDITH, Chartered Accountants.

(A report from Messrs. Macmaster & McGibbon, Solicitors of the Company, that the titles to its Mills have been fully examined, and that no encumbrance exists, and a certificate for shares may examine these documents, copies of which may be seen at the Company's office, and at the various offices of the Banks mentioned above.)

The Consumers Cordage Company is probably the second largest manufacturer of Cordage and Ropes in the world, and claims the following very material advantages over its competitors:

(a) To buy its raw material in larger quantities, and at a lower price than its competitors.

(b) To use only the latest and most improved machinery, thus keeping its mills in the highest state of efficiency.

(c) To have the most extensive and most complete system of selling and distributing its manufactured goods in all the principal countries in the world, and to have the most complete system of agents in every civilized country in the world, and to have the most complete system of agents in every civilized country in the world.

(d) By maintaining the sharpest competition in the market, and by introducing into all the best methods found in any other country.

(e) By spreading its commercial expenses over a larger output.

(f) By placing in one hand the purchase of the raw materials and the manufacture of the cordage, thus securing the lowest possible cost of production.

(g) By manufacturing for themselves many of their supplies.

The Company has always found it in its interest to divide the economies effected in production and distribution with its consumers, and since it estimates the Consumers Cordage Co. has, upon the average, had a better article at a lower price than previously.

The Company does not claim to be a monopoly, or to earn monopoly profits, but it does claim to be a monopoly, or to earn monopoly profits, but it does claim to be a monopoly, or to earn monopoly profits.

Its present position justifies the Directors in believing that quarterly dividends of one and three-quarters per cent. can be paid and shared the profits for the present year as large as the outlook promises, the final quarter's dividend might be increased.

It has been strictly forbidden, and no further information may be had at the head office of the Company at Montreal.

THE BRIGHT SIDE.

Miss Elderly—I am feeling very blue this morning. Mother—Well, it's your own fault. Why did you not utilize your leisure opportunities when you had a chance? He began, "Is it cold enough for you?"

It does seem a little odd that "good" "trusty" grocer rarely succeeds. Skaters are out again in force, and many of them are sampling to the fact. Men more liberal in their views give their opinions away freely before they are asked.

One person with a chronic case of vanity sometimes gives the disease to an entire town. Jagon says that her boon companions can be relied upon because they are our fast friends.

When a person considers himself as "one in a thousand," he naturally regards the others as ciphers. Johnny—What is here, papa? Papa—A means of getting plenty of cheap advertising, my boy.

"I do play a little poker, but only with my friends." "They are handy to borrow from, that's a fact." Grace—Has Lord De Vold paid you any attention? Rosalie—No, papa says he never paid a thing in his life.

There are symptoms of a hope in Chicago that the footpads and the police will succeed in wiping each other out. He was right—"I call that setting me a bad example," said the schoolboy when his teacher told him to divide 7.19 by 6.47.

Little Dot—Sister gave me her brass ring. Little Dick—How do you know it's brass? Little Dot—Cause she gave it to me. Glasgow Landlord—When ye go outside, Jock, ye'll see two cats. Tek' the first yin, for the other yin's not there. Guid nigh.

Perhaps the strongest advocate of an extra session is the young man whose best girl's parents hold him down to one call per week. "I understood you built your four thousand dollar house within the limit!" "Yes, sir." "How did you do it?" "I increased the limit."

"No, Maud, you are mistaken. The man who gives out the return checks at the theatre is not known as the ticket-leave man." "Hello, Vanderloo, some of your people coming on this train?" "Yes, I'm expecting a sister of mine." "Sister, eh? By birth, or refusal?"

Lord Fitz-Mud—Sir Charlie is going to marry an American girl, Lord Haveranck. "No? Why, I had no idea his finances were so low as that!" "Don't wait for me," said the boots to the boy, because it is your business to go on ahead." "Returned it to your family to go on ahead." "It's too bad we're not a family of Esquimaux." "How would that benefit us any?" "Johnny furnishes blubber enough for the whole family."

"Wire pullin' is su'ing dang'ous," said Uncle Eben, "for de reason dat you nebahn kain't tell when it's a live wire dat you's givin' hold o'." People are so inconsistent. They will speak complimentary terms of the minister's slow delivery, while they swear at the messenger boy's. "The Weather Bureau is having a soft snap just now." "But it's that." "All the clerks have to do is to report a cold wave and they hit it every time."

Paris—Find the Home Rule Bill. Of the many tales which are going the rounds about the home rule bill, the most lively and amusing is one by a prominent Liberal politician: A well-known member of the Cabinet was thrown into a state of the utmost consternation by the sudden discovery that his copy of the draft home rule bill had mysteriously gone missing. He had been using it, had had his attention momentarily called away to something else, and was lost in astonishment and dismay to find that the portentous document was not afterwards to be seen.

Cost of French Decorations. Now that decorations in France have been placed within the reach of the general public, it is gratifying to a vast number of persons to learn that the cost of them has been considerably decreased. The Journal Officiel publishes a decree of the President of the Republic fixing the tariff for simple decorations, such as a sun, a star, or a cross, at 25 francs, and a "commandeur" to pay a further sum of 50 francs. After that there is a drop of 50 cents for the distinction of "grand officer," but to attain the next grade, which is also the highest pinnacle of all, it is necessary to disburse between \$50 and \$100.

Extraordinary Story of Surgical Skill. An interesting and curious case, illustrating the recuperative power of nature, has just been recorded by a London surgeon. A workman whilst attending a machine used for cutting blocks of tin had the tips of two of the fingers of his left hand clean cut off with the knife. Seven hours afterwards the man went to the hospital, and there the surgeon determined to attempt to replace the missing portions of the fingers, although the prospect of getting them to unite seemed to be most remote. The wounds were carefully cleaned, and the places were restored to their normal condition and fixed by sutures. In a fortnight firm union was found to have occurred, and when the patient was next seen, after a considerable lapse of time, the surgeon was able to note that both the motion and sensation were perfect in the ends of the fingers.

Sir Walter Scott's Creed. An article by Mr. Baird in the Scots Magazine puts an end to a long controversy as to Sir Walter Scott's connection with the Presbyterian church. The article shows that Scott was a member of the Kirk-Session of Edinburgh, and a ruling elder of the church of Scotland; that he represented the Duddingston session in the Presbytery of Edinburgh and the Synod of Lothian and Tweeddale; and that he was a representative member of the General Assembly as well as being a member of the Council of Selkirk. It may not be clear at what precise date he united himself to the Presbyterian church, but it seems beyond doubt that he was, so far as church membership goes, a Presbyterian for the greater part of his life, and an Episcopalian in his latter years.

Restrictions Laid Upon Jews. A decree has just been published by the Governor-General of Warsaw, ordering all Jews in Warsaw to cease wearing their peculiar dress and to alter the fashion of their hair. Whoever disobeys must pay five roubles on the spot. This decree will be bitterly felt by Jews, who are true to their traditions. In Moscow and St. Petersburg many Jews, hoping to escape persecution, put Russian names over their shops. This has been strictly forbidden, and no further letters are delivered to Jews who are addressed by Christian names. It seems difficult for a Jew to please in Russia. He is punished if he sticks to his ways, and he is punished if he abandons them.

Taken Literally.—Miss Bridget, I've found five or six large pieces of glass in the soup to-day. How did it happen? Bridget—Sure, ma'am, and didn't you tell me to cook some new dish for dinner?—Billington.—Well, I've done a good deed to-day. Jones—What's that? Billington—I've given a poor, deserving man an overcoat. (Turning while by the instrumental, the cable rates were also brought down to one shilling a word, thereby conferring upon the public the universal blessing of cheap telegraphy, not only in Canada, but with the Mother Country, and Europe generally. (Applause.) There is another matter which I have to mention, after which, with your

approval, we will proceed to the election of Directors for the coming year: It is that we have found it very inconvenient to shareholders to hold our Annual Meetings at this inconvenient season of the year, and decided upon the power we possess in our Charter and Bylaws the Directors have decided that in future the Annual Meetings of the Company shall be held in Toronto on the first Wednesday in July each year, and that our fiscal year be made to terminate on the 30th of June instead of the 31st of December, consequently our next gathering will be the first Wednesday in July, 1923. We will now, gentlemen, with your approval, proceed to elect the Directors for the present year.

A resolution was moved expressing the cordial thanks of the shareholders to the President and Directors of the Company for their services during the year, which was duly acknowledged by Mr. Swinyard.

Mr. Thomas E. Wood and Mr. George W. Lewis were then appointed scrutineers to conduct the election of Directors for the ensuing year, which resulted in the unanimous reelection of the following gentlemen: Thomas Swinyard, Esq., Hon. Frank Smith, H. S. Northrup, Esq., Hector Mackenzie, Esq., General Thomas P. Eckert, Ernest Winnan, Esq., Charles A. Tucker, Esq., A. G. Ramsay, Esq., and Henry Fellist, Esq.

At a subsequent meeting of the newly elected Board Mr. Swinyard was reappointed President, the Hon. Frank Smith Vice-President and Mr. Fred Roper Secretary and Treasurer of the Company.

The President then rose and said: It has been your pleasure, gentlemen, to be here for the first time, I am glad to report to you the Directors for the past year, 1922, and I now beg to move its adoption.

To-day, gentlemen, we miss a very familiar face at this meeting, the face of an old friend and an old shareholder and Director of the Company, I refer to the late Mr. F. W. Filton, who, after a protracted illness, passed away on the 23rd of July last, deeply lamented by his many friends, and not least by his colleagues in this Company.

A Deputation Will Endeavor to Induce the United States to Recognize the Clydesdale Stud Book.

The seventh annual meeting of the Clydesdale Horse Association of Canada was held yesterday afternoon at the Albion Hotel, President William Smith, Columbus, in the chair.

Secretary Wade reported that 213 horses and 282 mares had been recorded for the seventh volume of the stud book. Of these, 61 stallions and 59 mares had been imported from Britain, leaving 245 bred in Canada.

Mr. Buchanan of the Live Stock Department, however, took a broader view of the matter and considered the association's certificates sufficient guarantee to exhibit horses at the World's Fair.

The election of officers resulted as follows: President, Robert Davies, Toronto; provincial vice-president, Arthur Johnston, Greenwood, Ont.; Robert Neish, Howick, Que.; William O'Brien, Windsor, N.E.S.

Mr. D. McCrae, Guelph, was appointed a delegate to the Central Farmers' Institute, and the following gentlemen were elected representatives of the Association at the various Ontario Industrial Exhibitions.

In view of the action of the United States, as pointed out in the secretary's report, it was moved by Mr. John Davidson and seconded by Mr. A. Johnston, that a deputation representing the stud book of the Clydesdale Horse Association of Canada, and consisting of President Davies, D. McCrae, Robert Miller and John Bryden, wait upon the American authorities for the purpose of securing recognition for the Canadian Clydesdale Stud Book.

Messrs. J. J. Hall and L. T. Lawrence were elected delegates to attend the annual meeting of the Western Fair Association. J. H. Mackenzie and C. D. Daniel were appointed to the Industrial Exhibition Board.

MR. MCCONNELL ASSIGNS.

The Well-Known Wine Merchant in Temporary Financial Difficulties—Too Much Real Estate the Cause.

Mr. Michael McConnell, the Colborne-street wine merchant, assigned to E. R. C. Clarkson at 4.45 yesterday afternoon. His liabilities are \$20,000 through business as a speculation. Mr. McConnell's assets are estimated at \$150,000, but as they consist of real estate it is difficult to predict just how much they can be made to realize.

A writ was issued yesterday on behalf of F. X. Cousineau suing on behalf of himself and other creditors of Michael McConnell against McConnell and Eddie Sullivan to recover \$4208.48, the amount of certain promissory notes.

The master in chambers yesterday made an order allowing the defendants in the action of the Queen Victoria Niagara Falls Park Commissioners v. Howard to pay \$400 into court as security for their appeal to the Court of Appeal.

Mr. Justice Meredith heard an appeal from the order of the master in ordinary discharging liquidator Lye of the Central Bank. Hogsbom, the purchaser of the assets of the bank, claims that the discharge of the liquidator prejudices his position on certain appeals now pending before the courts.

The same learned judge on the petition of Coulter & Campbell, brass finishers, of Toronto, made an order winding up the Polson Iron Works Company (limited) and appointing E. E. G. Clarkson liquidator.

The Common Pleas Divisional Court yesterday heard argument of an appeal in the action of Margaret Wright against the Street Railway Company and reversed judgment. The action, which was one for damages and injuries, was tried by Mr. Justice Falconbridge and dismissed.

A DAY WITH THE FARMERS.

THE ONTARIO GOVERNMENT WILL HELP THE TEACHERS.

Hon. John Dryden Announces a New Project—Will Try to Retain the Young People on the Farms—No Surrender to the Annexationists—The True Canadian Line.

The Central Farmers' Institute is a useful and representative body, about 300 of its members have been in session for the past two days in Toronto.

At first sight this may seem a little thing, but it will grow. The consequence will be we shall want more agricultural teachers than the ones we have at present.

One thing about the whole of them struck The World's Young Man as he surveyed them yesterday—that was the absorbed, yet almost intense, interest they evinced in all that was said or done.
