NON-LEAGUE GAME

On Saturday evening, one of the best, if not the best game of baseball was presented to the sporting public of Bridgetown, of whom a very large and enthusiastic number was present.

The game was played between Middleton jrs. and Bridgetown jrs. in which our boys won, the score being 5-4. This game was very fast and exciting all through. Neither of the teams scored in the first two innings. In the third Middleton made two runs and Bridgetown one. Middleton did not score again until the eighth inning when they made two more runs. Bridgetown made a run in each of the third, fourth and fifth innings and another in the last half of the ninth, making the score even 4-4 at the end of the ninth inning. The teams then played three extra innings endeavoring to get the winning run, which Bridgetown eventually made in the last half of the twelfth inning. Much credit is due to all our juniors in the game. They showed great headwork and presented a grand exhibition. The weather was ideal for this branch of sport and the spectators thoroughly enjoyed the pleasant time spent in watching the game.

Fay played a brilliant game on first. Todd did clever work at second. McLaughlin seemed to have the throw from third to first to perfection. Robert's arm gets stronger instead of weakening as the game proceeds. If space permitted we could go on and make comment on each player as to how they made good in the game. An Old Home Summer

A scheme is being promoted in Nova Scotia for an Old Home Summer for Nova Scotia in 1922 and at the same time a World's Fair to be held at Halifax. The idea of an old home summer is one to be most heartily commended and with all sections working together for the next three years it should prove one of the grandest efforts ever undertaken. There are about one million Nova Scotians living abroad who with their descendants make a great host, interested in our province. If sufficient attractions can be given to bring most of these home in 1922 a World's Exposition could also be made a success.

The above is a picture of the flying machine which will make a landing and ascension in Bridgetown on Labor Day.

NO TROOPS TO BE USED FOR STRIKE BREAKING

Winston Churchill Says Forces of State Will Not Be Employed in Interest of Capital

LONDON, July 30—(Reuter)—Replying in the Commons to a labor speech in which reference was made to the use of troops for strike breaking. Right Hon. Winston Churchill, after pointing out that there was no strike breaking anywhere, said that he would think it odious that the forces of the State should be used to interfere in a dispute between capital and labor in order to advance the interest of the employers of any particular group of workmen. The whole idea of a free country was that they should have the right to fight it out within reasonable limits. Never must force be employed in questions where private interest was the motive power; but the position which the Government was taking up had been accepted, viz.: That where the States as a whole is challenged and where the life and welfare of the community as a whole are endangered, then obviously the State must use all the resources at its disposal to fight without flinching to the bitter end.

GERMANS TALKED FAR TOO MUCH IN 1917

Control of Belgium and Possession of Liege War Determination of High Command

COPENHAGEN, July 28—Control of Belgium and the determination of the German high command in 1917. Chancellor Michaelis drew up a tentative plan for peace negotiations, incorporating in this, the demand for Liege and adjacent territory and the economic union of Belgium with Germany. The chancellor, however, planned to hold Liege only provisionally, as a factor of security.

Field Marshal Von Hindenburg was opposed to the giving up of Liege. He would hear of no talk of indemnities, nor would he indicate Germany's intention to the enemy.

General Ludendorff, another of the high military authorities, was for keeping the entire Liege district in German hands. He advised strong military pressure and the driving back of the British and French armies. Only thus, he contended, could Belgium be economically and intimately connected with Germany.

The German attitude was disclosed by declarations read by Premier Bauer, before the Weimar assembly to day, when the peace overtures to Germany alleged to have been made by Great Britain and France thru the Vatican in August 1917, were again the subject of discussion.

Parliament May Meet Sept. 4

OTTAWA, July 30—Parliament will be called, in all probability, early in September, Thursday, September 4, is suggested as a tentative date, although nothing has yet been officially determined. As pointed out some days ago, an earlier calling of session than was at first contemplated, will be necessitated owing to the lapse of the war measures act (and the orders in council passed under it) on the proclamation of peace. It is further regarded as of great importance that there should be no delay in ratification of the peace treaty by the Dominion Parliament.

Revised Itinerary of Jellicoe's Visit

LONDON, July 30—(Reuter)—A revised itinerary of Admiral Jellicoe's visit to the Dominions indicates that he will arrive in Canada on November 12, landing at Esquimaux, B. C. He will leave Canada for the United States on December 27, if his work is completed there. He will re-embarc at San Francisco going from there through the Panama Canal to Trinidad, Pernambuco, Rio Janeiro and South Africa.

German Warships Can be Salvaged

LONDON, July 30—One battleship, three light cruisers and fifteen destroyers of the former German Grand Fleet, which was scuttled by their crews at Scapa Flow on June 22, are ready to be salvaged, it was announced today in the House of Commons, by Walter Hume Long, First Lord of the Admiralty. Mr. Long said work was proceeding on three other destroyers. He said there was no intention of holding a court of inquiry.

Five Thousand Bolshevik Captured

LONDON, July 31—General Denikin, the Russian Commander has gained an important victory over the Bolshevik and captured the town of Kamishin, on the Volga. Five thousand Bolshevik, mine guns and large quantities of material were also taken.

In making this announcement, the War Office says that possession of Kamishin, gives General Denikin a firmer hold of the river, threatening the Bolshevik communications with Astrakhan.

Kamishin was entered by the anti-Bolshevik troops on July 30, and the fleeing enemy was pursued twelve miles beyond the town.

A Long Auto Trip

(Kentville Advertiser)

On Tuesday afternoon an auto came into town which had made a trip of 4400 miles without puncture. Those in the car were Mr. William Cross, of Los Angeles, California, and his stalwart son Melvin. Mr. Cross is one of our Kings County men who has chosen the sunny clime of California for his home. It has been eight years since he visited Kings County. He is a son of the late Edward Cross and brother of Messrs. John and S. L. Cross and Mrs. Forsythe, of Kentville. His relatives here knew nothing of his coming until after he rode into town. Mr. Cross with his wife and son left home 6 weeks ago. They visited two weeks on the way. Mrs. Cross stopped with relatives at Michigan en route. They camped out the whole time on the journey, never spending a night at a hotel. This is a wonderful trip with no mishaps.

Thousands of Jews Killed

New York, July 31—Louis Marshall, chairman of the committee of Jewish delegates at the Peace Conference, made public here today a cable message from Leo Motzkin, secretary of the committee now in Paris in which it is alleged that 12,000 Jews had been killed in new and terrible numbers during June at Kaminetz, Podolsk, Kitalegorod, Mourinze and other cities and towns in Ukraine.

NO WAGE INCREASE FOR FISHERMEN

Gloucester Vessel Owners Refused to Grant Demands of the Men

GLoucester, Mass., July 31—The Vessel Owners' Association representing interests that control most of the fishing craft hailing from this port, today definitely refused the wage demands of the Fishermen's Union. The fishermen are carrying on a strike that has tied up the industry in Gloucester, Provincetown and Boston. Their demand that they be paid after each trip in accordance with a minimum scale of prices for fishing is described by vessel owners as putting a virtual ban on the operation of the vessels, but it granted the owners' contend, it would expose them to Federal and State prosecution.

British Forces to be Withdrawn From Russia

LONDON, July 31—The British Government is arranging to send a naval force to Russia to cover the evacuation of the Archangel district by the troops there, it was announced here today. A contingent of regular army troops also is being held in readiness to assist there if necessary.

General Sir Henry Rawlinson, will proceed immediately to North Russia to take charge of the withdrawal of the British forces on the Archangel and Murmansk front, according to a War Office announcement made this evening.

KAISER MAY NOT BE TRIED IN LONDON

According to Announcement in House of Lords by Earl Curzon

LONDON, July 24.—(By the A. P.)—It is possible that former Emperor William may not be tried in London, according to an announcement made in the House of Lords today by Earl Curzon of Kedleston, Government leader in the Upper House. The Lords passed the Peace Treaty and the Anglo French Treaty through all stages. In the course of the discussion, Viscount Bryce deprecated holding the trial of the former German Emperor in London.

Baron Buckmaster said there were grave reasons why the Government ought not to pursue any further the project of trying the German war lord. It was certainly unfitting, he declared, to ask an English judge to sit on such a tribunal to administer a law he does not know by procedure and has never been defined, in a court he does control.

NO FINAL DECISION

In his reply Earl Curzon said he thought the Kaiser in exile in no way comparable with Charles I, or Napoleon. He was unable to imagine that a man who had ignominiously fled his country could be turned into a martyr or a hero by a trial, while his continual presence near the German border might be a political danger. It might be, however, that the trial would not be held in London. No final decision has been reached, and the chance of the trial becoming a spectacular show and disturbing the opinion and the daily national life were competent and important considerations. Even if the trial were within the shores of Britain, it by no means followed that London would be the place selected.

EIGHTY THOUSAND GALLONS GASOLINE EXPLODED.

Several Persons Injured and Million Dollars Damage at Bayonne

BAYONNE, N. J., July 24.—Eighty thousand gallons of gasoline, contained in eight tank cars, exploded on the switching track of the Texas Oil Company here this morning, causing a fire which resulted in the serious injury of four persons, with many others suffering minor burns. The property loss of the Company was heavy. The cause of the first explosion has not been determined. The first car exploded about seven o'clock, and the flames enveloped the other cars before they could be removed from the danger zone. Explosion followed in rapid succession, rocking buildings two miles away. The flames spread to two store-houses containing about fifteen thousand gallons of oil in cans, as well as the filling room, where the tanks are filled, and for a time it appeared that the entire plant of the Oil Company was doomed. Officials of the Texas Oil Company said they could not fix the loss definitely, but that it probably would reach \$1,000,000.

Reception at Centrelea

The Lawn of Mr. and Mrs. M. T. Hopkins, of Centrelea, was the scene of a very pleasant gathering on the evening of Friday last when some one hundred of the neighbors and friends gathered to bid a glad welcome home to several of the boys who have offered their lives in the great war.

It is a remarkable fact that from two families in this vicinity ten young men voluntarily enlisted. From the home of P. W. Lantz, Everett, Harry, Lennie, Gordon and Orin, the latter one of the finest, cleanest and bravest of Canada's sons just at the close of the war, after having won enviable honors was fated to remain in France, the sacrifice of a most promising life. Willis, George, Ralph, Percy and Fred Hillier, the latter one of the finest, cleanest and bravest of Canada's sons just at the close of the war, after having won enviable honors was fated to remain in France, the sacrifice of a most promising life. Willis, George, Ralph, Percy and Fred Hillier, the latter one of the finest, cleanest and bravest of Canada's sons just at the close of the war, after having won enviable honors was fated to remain in France, the sacrifice of a most promising life.

The exercises were opened by a few words, of explanation and welcome by the chairman Mr. R. J. Messenger, followed by a rousing address of welcome by the Rev. M. S. Richardson who spoke of the splendid spirit of joy at welcoming them back. Rousing responses were made by Messrs Everett Lantz, Avarad Brooks, Gordon Lantz, and the two Falkland brothers who, since returning from overseas, have purchased a farm in Centrelea and therefore received a double welcome.

The following program was pleasingly rendered: Song—Miss Ethel Harding. Reading—Miss Billings. Duets—Mr. and Mrs. Bradford Hutchinson. Chorus— Selections from standard poets—R. J. Messenger. Reading—Miss Billings. Duets—Mr. and Mrs. Bradford Hutchinson. Reading—Mrs. Hopkins. God Save the King

After an expression of appreciation of the kindness of Mr. and Mrs. Hopkins in opening their home for the reception, a pleasant social hour was spent in which ice cream and cake figured prominently.

Stomach Trouble

Comes When the Blood is Weak and Watery

Thin blooded people generally have stomach trouble. But they seldom recognize the fact that thin blood is the cause of their indigestion, but it is. Thin blood is one of the most common causes of stomach trouble; it affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity the stomach muscles are weakened and there is a loss of nerve force. In this state of health nothing will more quickly restore the appetite, digestion and normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. The first sign of returning health is an improved appetite, and soon the effect of these blood making pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are strong and vigorous instead of irritable and listless. You are on the road to sound, good health and care in your diet is all you need. If you appetite is rickety, if you have any of the distressing pains and symptoms of indigestion you should begin to cure yourself at once by taking Dr. Williams' Pink Pills.

These pills are sold by all dealers in medicine or you can get them by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Canada's Coal Production

OTTAWA, July 23.—The Dominion Bureau of Statistics, in its monthly survey of the coal production of the Dominion, reports that the total output of coal during the month of May was 906,536 tons, as compared with 1,217,989 tons during the month of May, 1918. In Nova Scotia the productions fell from 509,577 to 408,322 tons while the production of bituminous coal in Alberta dropped from 255,462 to 187,304 tons.

\$34,000,000 Agricultural Bill is Passed

WASHINGTON, July 23.—The senate today passed the \$34,000,000 agricultural appropriation bill, which recently was voted by President Wilson because of the rider for repeal of the daylight saving law. No effort to restore the rider was made in the senate.

BISLEY MEET A FAILURE

BISLEY CAMP, July 24.—The Bisley meeting has been a financial failure, the loss of the rifle association being one thousand pounds. The New Zealanders had the greatest success in competitions, winning 450 pounds sterling besides the King's Cup and several other trophies.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles,

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle then put in the orchard white and shake well. This makes a quart of the very best lemon skin white ner and complexion beautifier known. Massage this fragrant, creamy lozior daily into the face, neck, arms and hands and just see how freckles, tan sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

WARNS GERMANS AGAINST REVOLT

WEIMAR, July 24.—In addressing the National Assembly today Gustav Adolph Bauer, the Premier, alluding to the recent strikes, warned the country against a revolution, which he said could only be a counter revolution ending in disaster. The Premier admitted that the great masses of the people had ground for discontent, and said it was the Government's task to remove any reason for this. The remedy, he added, for a law regulating worker's councils and economist councils, which the Government would draft.

THE EXPLANATION

Nature placed the growth-promoting "vitamins" in the oil of the cod fish—this explains why Scott's Emulsion is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needful for normal growth. Scott's Emulsion will help any child grow.

Young Hamby Tells of
Murder of H. M. Arnold
Man Held in New York for Series of Daring
Crimes Tells How Plan Was Made to Rob
Bank at Plum Coulee, Manitoba.

Another Jesse James has come to
 being in Young Hamby, now under
 arrest in New York for a series of
 bank robberies and murders. He has
 been definitely identified with several
 crimes and it is believed that he is
 responsible for many more. He has
 admitted complicity in killing of
 Henry H. Arnold, manager of the Bank
 of Montreal, at Plum Coulee, which
 is situated some fifty miles from
 Winnipeg. This robbery took place
 on September 3, 1913. Arnold was
 shot dead when he ran out to the
 automobile in which the robbers
 made their escape. John Kerfanko,
 one of the men, was arrested in 1914.
 After a trial lasting during March and
 April, he was convicted and hanged.
 While he was being held for trial he
 made a very daring and sensational
 escape. A policeman and a Winnipeg
 lawyer were convicted of having as-
 sisted him to escape. Nearly \$4,000
 was taken from the bank in that hold-
 up. H. M. Arnold was a son of Major
 O. R. and Mrs. Arnold, of Sussex and
 a brother of Mr. R. V. Arnold, manager
 of the Bank of Nova Scotia in Bridge-
 town, N. S.

This is how Hamby told his story
 to a New York paper:

"I figured out," Hamby told me,
 "that it was better to be safe than
 sorry, and I had talked to bank men
 and they agreed with me. My idea
 of a bank inviting a hold up is one
 which has a single counter, facing a
 wall, and no back door and no cages
 for cashiers, tellers, or bookkeepers.
 I studied the banking business a lot
 and got to know about how much
 ready money there was likely to be
 in the vault or safe of banks of
 certain capitalization and deposits.
 "A bank to be successfully made
 should be so arranged that the
 protector or man with the gun can
 command a view of every foot of
 open space. And I learned that be-
 fore going into a bank we should
 know just how many people would be
 in there and just what they would be
 doing. All professional bank men
 know this and disregard of the rule
 caused the death of Frank Sidal, a
 comparatively well known but
 careless professional, in St. Paul, in
 a job I shall relate in detail later."
 Hamby was in Fargo, N. D., in the
 summer of 1913 with plenty of money
 dividing his time between spending the
 money and cruising out among what
 he calls one street game one night in
 August he was introduced to one
 John Kerfanko, who had been pointed
 out to him as a gun fighter and
 general bad man. Kerfanko lost in
 the poker game and Hamby won and
 Kerfanko gave him three I. O. U.'s.

FOUND HIS MAN
 "I was glad this fellow was broke,"
 Hamby told me, "because I had been
 told he was full of nerve, and I
 needed a nifty man to help me, for I
 was determined to make a good bank.
 The county was full of money as crops
 were beginning to move. Small banks
 were loaded up with currency and
 gold and the county was overrun with
 harvest workers. There was the dis-
 advantage that the bankers were
 more careful, but with so many
 strangers about a get away was
 easier.
 "I found out that Kerfanko was by
 trade a hollermaker and machinist,
 and a very clever mechanic who had
 worked in several places in Manitoba.
 I satisfied myself that he was nifty,
 and as he was in debt I made the
 proposition that he join out with me
 and let me plan to make a bank.
 "Well, I made a big mistake after
 that, for to my surprise Kerfanko
 pulled out a map of the interior of a
 bank at Plum Coulee, a little town
 about fifty miles, I should judge, from
 Winnipeg. He had worked in that
 town and knew the bank, and he
 said that at that time of the year it
 was good for \$15,000 to \$20,000. I

Death of W. E. Roscoe, K. C.

W. E. Roscoe, Esq., one of the best known and most successful lawyers in the province, died quite suddenly at Westport last Thursday. Mr. Roscoe had not been well for some time and he went to Westport in the hope that the change of climate would benefit him, but the complication of diseases from which he was suffering proved too much for him. He was 59 years old. He leaves two daughters, Misses Ethel and Lulu at Kentville, and two sons, Col. B. W. Roscoe, D. S. O., at present in Kentville, and Major Murray Roscoe, now in Siberia. The remains were forwarded to Kentville for interment. The funeral which was largely attended took place from his late residence yesterday afternoon.

Chautauqua Committee

Mr. Cook, representing Chautauqua met a committee of our citizens last Thursday afternoon at which the following appointments were made: Mayor A. B. MacKenzie, Chairman. R. V. Arnold, Secy.—Treas. O. Others will be added to the above committees, and the ladies are especially requested to assist the hospitality. Junior and ticket selling committees.

Bridgetown will have on the programme most of the big stars that appear in the large cities.

Wedding Bells at Yarmouth

Miss Eleanor L. Ewan and E. Roland Herbert were joined in the bonds of matrimony at Holy Trinity church Yarmouth at 7:30 o'clock Wednesday morning. The pastor, Rev. Dr. Bambeck, conducted the ceremony, the choral part of the service being led by the full vested choir. The bride wore her travelling costume and was unattended. A large company of the friends of the principals both of whom are well known and popular, were present to witness the event. The bride is a daughter of Mrs. G. M. Ewan, and the groom is son of conductor A. L. Herbert of Annapolis Royal. The happy couple left on the D. A. R. express on a tour through the Annapolis Valley.

The Lawrencetown Library

The Public Library at Lawrencetown continues to be well patronized. Over one hundred books go out every week. During June, 20 new books were purchased for the Library. A box of valuable books has been donated by Brown University "The Life of Sir Wilfred Laurier" by Mr. Robert Blair.

Some new books worth reading are "Labrador," by Wilfred Grenfell and others, "British Highways and Byways," "Life of Lord George," "Sky Pilot of No Mans Land," Ralph Conner; Three new books of Animal stories, by Chas. G. D. Roberts, "The Real Front," Arthur Hunt Chute.

Local Happenings

Send the MONITOR the names of your visitors.

The Maritime Board of Trade will meet this year in Moncton, August 20th.

Annapolis Royal held a big celebration last Monday in the interest of returned men.

Mr. I. Hirsh was somewhat injured in an automobile accident at Coldbrook on Saturday.

The town of Annapolis will probably be visited by His Royal Highness, the Prince of Wales.

Is the date on your address label 1920? If not why not? We are awaiting your answer by return mail.

The Women's Institute will meet on Thursday afternoon, August 7th, at 3:30 o'clock, in the council room.

Beeler & Peters shipped their first car load of barrel stock from their new mill yesterday. It was for the Bellisle Fruit Co.

We wish to call particular attention to the entertainment advertised by the Inglewood Baptist Church, which appears in another column.

Everybody should plan to visit Bridgetown on Labor Day and attend the biggest celebration in the history of the town. Look out next week for big ads. in all the local papers.

This week end the Rev. Archdeacon Vroom—Archdeacon of Nova Scotia, will make an "Archidiaconal visitation" of the parish of Bridgetown. He will be the preacher at all services on Sunday.

Once more we wish to remind contributors to the MONITOR that we would like to have news while it's news. Don't wait until Monday or Tuesday to send us items which are more than a week old.

Revised returns of the P. E. I. election show another seat for the Conservatives. H. D. McLean, of Souris, son of Senator McLean. His majority is 17. This leaves 25 Liberals and 5 Conservatives.

The frequent rains of the past ten days have been unfavorable for haying, but have stimulated the growth of grass, grain and other crops. Crop prospects are good in the Valley. All that is needed now is favorable weather for harvesting.

Mr. W. A. Warren has installed a gasoline engine and a 200 lb pressure tank for inflating automobile tires. Friends and patrons can now get air for their tires free of charge. It will prove very convenient to obtain air and gasoline at one time.

St. John Globe, Nova Scotia's failure to deal with its smallbox outbreak has forced on New Brunswick the expense of putting health officers at Digby and Moncton to prevent this Province being shut out from American travel. The sister Province should pay the bill.

MARRIED IN TRURO

The marriage of Miss Alice Muriel Mills, only daughter of Mr. and Mrs. A. C. Mills, King Street, Truro, late returned Nursing Sister C. A. M. C., after three years of service in hospitals in France and England, and Mechanician Frederick Richard Harrison, Canadian Air Force, who returned recently after having served since 1914, took place in St. John's Anglican Church, Truro, on Monday morning, August 4th, at half past eight o'clock.

In the absence of the Rector of Truro (Rev. J. W. Godfrey) the officiating clergyman at the above marriage was the Rev. E. Underwood, rector of Bridgetown, formerly assistant curate of Truro, and an old friend of the family.

Public Meeting in Annapolis

A "chapter" meeting of the Rural Deacons of Annapolis, which comprises the parishes from Middleton to Weymouth inclusive, will be held at Granville Ferry on Monday and Tuesday next. In addition to the usual programme there will be a special public meeting in Annapolis Royal on Tuesday evening which will be attended by the Archbishop of the Diocese and other prominent men to inaugurate the Anglican Forward Movement campaign for the Deaconry and it is hoped that every parish will be largely represented at this meeting.

A Warning to Others

One of the local stores in Digby on Saturday was fined \$10 for having on sale and in possession gulls' breasts and wings. This was the first prosecution there under the migratory birds act. It was brought out in the evidence that this stock is carried principally for the benefit of the American ladies who buy them for hat trimmings and a peculiar feature of the trade is that they were imported from Perry, Me. Mr. Lloyd, of the migratory bird commission, came down from Ottawa on purpose to investigate this case.

Supervised Play Ground Committee

The ladies in charge of the Play Grounds for August are the following: Mrs. Lewis, Miss Lee, Mrs. Dixon, Mrs. Fred Young, Mrs. Beeler, Mrs. J. I. Foster, Mrs. Lessel, Mrs. Dr. Freeman, Mrs. C. L. Pigott, Mrs. Oliver Ruffee, Mrs. Underwood, Mrs. Jones, Mrs. Anthony, Mrs. Salter, Mrs. Bert Williams, Mrs. Will Reed, Miss Flora Cole and Miss Ida Williams.

A Patriotic Thief

The Hants Journal of Windsor says: On or about the first of July a new flag (Jack) with pole about 6 feet in length was stolen from a property on Elm St. Any person who can furnish information which will lead to the arrest of the thief will be well rewarded.

Branch plant recently established in Canada, with a capacity of 8,000 bottles daily.

Demand for preparation has broken all world's records for same length of time, and is constantly increasing.

Publicly indorsed through the daily press by men of prominence throughout the United States and Canada, including supreme court judges, mayors of leading cities, lawyers, doctors, bankers, state and government officials, prominent educators and well known ministers of the Gospel.

Now sold from coast to coast and from Gulf to Great Lakes, throughout the United States and Canada.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all national and state pure food health laws of United States and Canada.

Absolute merit responsible for unprecedented success.

WORLD'S RECORD BROKEN BY TANLAC

Over One Million Bottles Sold First Ten Weeks of This Year

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Staid business men to whom the actual figures of the production of Tanlac have been presented have scouted them until the proof was shown. The production of Tanlac now stands at the rate of almost four million bottles per year. The exact figures are 3,992,800. The sale of a million bottles in the first nine months, which far exceeded any record ever made by a proprietary medicine, now seems insignificant.

OVER 17,000 BOTTLES A DAY

Sales this year bid fair to smash all previous records, as the sale for the first ten weeks of this year amounted to over One Million bottles, an average of over one hundred thousand bottles per week, which is at the rate of more than seventeen thousand bottles per day. It seems almost incredible, but these are actual figures and such is the record established by this wonderful medicine. "One firm alone", said Mr. G. F. Willis, the international distributor of Tanlac, "has given orders for a total of 150,000 bottles within eighteen months' time. The firm I refer to is the Spurlock Neal Co., of Nashville, Tenn. Mr. C. S. Martin, president of this great firm, who is also the Southern Drug Jobbers' association, will verify this statement.

"Tanlac is the result of many years of arduous study Mr. Cooper and his principal chemist. In fact, the two of them have carefully watched its development from the beginning of the experimental stage to its present state of efficiency. So remarkable have been the results obtained from this medicine that I doubt seriously if either of these men realize the immensity of their success. Like many other great discoveries, it has required time to prove its far reaching effects."

RETAILS 700 BOTTLES OF TANLAC IN ONE DAY

Atlanta, Ga.

Mr. G. F. Willis,
Fourth Nat'l Bank Bldg.,
Atlanta, Ga.

Dear Sir: Replying to your inquiry we are pleased to advise that we are now selling Tanlac at the rate of considerably more than 2,000 bottles per week.

On one Saturday alone we sold through our eleven Atlanta stores approximately 700 bottles at retail direct to customers.

Have had the exclusive agency since September, 1915, and have sold over 75,000 bottles.

JACOBS PHARMACY CO.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will Now Be Sold in Bridgetown and throughout the Province. Remarkable Sales Record of Twelve Million Botles Phenomenal and Unprecedented.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, and which has been having a phenomenal sale wherever it has been introduced, will now be sold in Bridgetown, the exclusive agency having been awarded to S. N. Wear. The amazing success achieved by this medicine in only four years' time is not only phenomenal, but unprecedented.

The discovery of Tanlac, the beginning of its manufacture, the establishment of the large and modern laboratories at Dayton, Ohio, occupying more than 60,000 feet of floor space, reads more like fiction than facts from latter-day commercial history.

Twelve Million Bottles Sold in Four Years

Although placed on the market but little more than four years ago, over twelve million bottles have been sold, and its sales record has never been equalled in the history of the drug trade in America.

From coast to coast and from the Gulf to the Great Lakes, Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine of all time. No matter where you go throughout the United States, whether East, West, North or South, Tanlac is a household word and is now unquestionably the most widely talked of medicine in the world today.

Briefly, this is the record of the truly marvelous medicine which will now be placed within the reach of every one. In only a few weeks' time it will be placed on sale in practically every large city, town, village and hamlet throughout the entire section.

LEADING DRUG FIRMS OF AMERICA TELL OF SALES

Communications from Prominent Dealers all Over America Tell of Unprecedented Success of Tanlac

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

Memphis, Tenn.

Since we have handled Tanlac our sales have amounted to 359,564 bottles. April was our twelfth month and we sold five car loads during that month alone.

HESSIG-ELLIS DRUG CO.

Nashville, Tenn.

Our books show that we have bought and disposed of over fifteen carloads of Tanlac (180,000 bottles), in this immediate territory, setting a record as the largest sale by us in a given time of any proprietary medicine in the history of our business.

These sales were made with no effort on our part and without a single complaint from any of our patrons or sub agencies.

SPURLOCK NEAL CO.
C. S. MARTIN,
Vice President and Gen'l Mgr.

Knoxville, Tenn.

Experience with Tanlac most satisfactory. Have handled it two years and have sold over 110,100 bottles since taking the agency.

KUHLMAN CHAMBLISS CO.

We have handled Tanlac since Jan. 1, 1917, and have sold to date 196,408 bottles. Our dealing with Mr. Willis highly satisfactory.

GREINER KELLY DRUG CO.

Jacksonville, Fla.

Have been handling Tanlac sixteen months and have sold at retail in our two Jacksonville stores approximately 20,000 bottles. Account very satisfactory in every respect. Cannot speak too highly of proprietors.

BETTES PHARMACY, INC.

Houston, Tex.

We began handling Tanlac November, 1916, and have disposed of about 167,040 bottles. Has been a most satisfactory account and we are enthusiastic in our support.

SOUTHERN DRUG CO.

Fort Worth, Tex.

We have bought and distributed 177,492 bottles of Tanlac and find it the greatest seller we have ever handled or had anything to do with.

MAXWELL CLARK DRUG CO.

Toronto, Ont., Can., Dec. 1, 1918.

We have sold 146,328 bottles of Tanlac since accepting the agency.

This shows an average of eight thousand bottles per month.

LYMAN BROTHERS.

Atlanta, Ga.

We gladly give our experience with Tanlac. We took the agency in October, 1915, and have sold to date 162,444 bottles at wholesale. Account very satisfactory.

LAMAR RANKIN DRUG CO.

Birmingham, Ala.

Since we began handling Tanlac we have sold 170,472 bottles in our territory.

We have found it the largest seller we have in proprietary medicines.

DOSTER NORTHINGTON DRUG CO.

Seattle, Wash.

Since we accepted the wholesale distributing agency for Tanlac in this territory on March 14, 1918, we have sold 78,624 bottles of the preparation.

STEWART & HOLMES DRUG CO.

TANLAC TO BE SOLD OVER ENTIRE PROVINCE

In only a few weeks' time Tanlac will be placed on sale in practically every large city, town, village and hamlet in the province.

A number of agencies already have been established in a very limited time, but it is desired by the manufacturers that the distribution be made more complete and far reaching.

Druggists and dealers who are interested should write or telegraph G. F. Willis, Fourth National Bank Bldg., Atlanta, Ga.

U. S. To Build Gigantic Ship

WASHINGTON, D. C., July 24—Two gigantic ocean liners larger than any ships now afloat and designed to cross the Atlantic in four days, are to be built by the Shipping Board. They will be one thousand feet long and of thirty knots speed, and will be equipped for use as commerce destroyers in the event of war.

Announcement was made today by the Board that plans for the ships had been completed and that work on them would be started in the near future. It is proposed to provide a special terminal for them at Ford Pond Bay, Long Island.

The ships, which are built under the supervision of the Navy Department, will be fifty feet longer than the Lesvianthian, now the largest ship afloat and will have a gross tonnage of 35,000. Their draft will be 25 feet depth 74 feet, beam 102 feet, and accommodations will be provided for one thousand saloon passengers, eight hundred second cabin passengers, and twelve hundred steerage passengers, with the crew, which will number 1,000 officers and men, and the ships will be of the oil burning type, with a cruising radius of seven thousand miles, which will enable them to complete a round trip on the Atlantic without loading fuel overseas. They will be driven by four propellers, on which will be thrown the strength of 170,000 horse power.

Is Government To Take Over Flour Control?

Winnipeg, July 30—The Tribune, today, published the following: "Following its action Tuesday in taking over control of the 1919 wheat crop, the Dominion government is to take over control of flour, grain exchange firms learned today from their Ottawa agents. They expect official confirmation of the private messages at any moment.

"The government intends to establish a minimum price for flour and to buy and sell both commodities by a similar arrangement. Members of grain companies believe the government's action will reduce the cost of flour to consumers and lead the way towards a general reduction in the cost of living."

RECORD MAIL LOAD ON THE ADRIATIC

Sixty Eight Hundred Sacks of Which 4200 Are for Halifax

NEW YORK, July 30—According to cable advices received here today the steamship Adriatic of the White Star Line left Liverpool July 28 for New York via Halifax, with 6,853 sacks of mail, said to be a record number for one ship.

The Adriatic, which is the first trans Atlantic passenger ship to leave Liverpool since the settlement of the strike of 20,000 dock workers there will call at Halifax and leave 4,200 sacks of mail at that port before coming to New York.

Baby's Great Danger During Hot Weather

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the child's delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Keeping It For His Funeral

He was not a good card player. He admitted it. But there was no reason why his partner should be so disagreeable whenever he made mistakes. After a particularly glaring error the pestering partner turned on him.

"Why didn't you follow my lead?" he asked.

"If I followed anybody's, sir," exclaimed the novice, hotly, "it certainly wouldn't be yours"

"His partner snorted and subsided. But in the next hand he threw down his cards in desperation.

"Look here!" he cried. "Didn't you see me call for a spade or club? Have you no black suit?"

"Yes, I have," cried the novice with warmth. "But I'm keeping it for your funeral."

Tons of Eggs and Fish Destroyed

WINNIPEG, July 23—Winnipeg housewives are paying 55c. a dozen for eggs, but the City Health Inspectors dumped today into the incinerator four and a half tons of eggs, and over a ton of fish, seized in three cold storage warehouses, found unfit for food.

The Quickaction Chemical Fire Extinguisher

THE GREATEST "SAFETY FIRST" INVENTION
OF THE AGE

The Quickaction Chemical Fire Extinguisher is the result of years of study, and while being the product of a master inventor's mind, is so simple to operate that a child can use it. This new scientific method fights fire in a manner that water has never been able to do. Its method is altogether different and much more effective. The Quickaction is charged with a powerful chemical, does its work by chemical action entirely. By air pressure applied through a single stroke of the powerful force pump a strong, swift stream aimed directly at the fire goes straight to the base of the flames. Chemical action then gets in its deadly work of extinguishing the blaze by choking off the supply of oxygen from the surrounding air. Life cannot exist without oxygen, neither can fire burn.

The Powerful Chemical used is Safe, Harmless, Positive. Having secured the agency for this wonderful invention described above, I am prepared to take orders immediately. Goods delivered from two to three weeks after order is taken. The price of the Extinguisher is \$1.50. My plan is to accept 75 cents, or half of the total price, with order, and the balance on delivery of Extinguisher. In this way we both give some security. Those ordering by mail must enclose \$1.00 with order to help pay postage, etc., and remaining 50 cents on delivery.

Hoping the public will see the wisdom of having one of more of these wonderful Chemical Fire Extinguishers in their homes, shops, offices, etc., I will be expecting a fair share of your patronage. Sample shown on request.

Grass and Clover Ensilage

(Experimental Farms Note)

When the term "ensilage" is used in Canada, it nearly always refers to ensilage made from corn, for the reason that corn is practically the only forage plant which is used for ensilage in this country. There are, however, a considerable number of forage plants which may be converted into ensilage of high feeding value but, so far, only such plants which cannot very well be cured into hay and which, at the same time, produce bulky crops have been utilized for the purpose. For the same reason, grasses and clovers are not looked upon as belonging to the class of forage plants from which ensilage may be satisfactorily and economically made, and yet the first ensilage produced in modern times was made from grass.

Thus, history tells us that the people living in the countries bordering on the south eastern coast of the Baltic Sea in Europe made it a practise, long ago, to preserve their grass crops in a unique manner. Trenches were dug in the ground to a considerable depth and filled with freshly-mown grass. The grass was packed as hard as possible and, when the trenches were well filled, it was loaded down with large stones so as to be kept under heavy pressure. After a certain time a product was obtained which to all intents and purposes was identical with what is now called ensilage. This method of converting the grass into a wholesome and nourishing food was later, in a somewhat modified way, applied to Indian corn in France where, as a matter of fact, the making of corn ensilage was first successfully attempted. From France the method was brought to this continent where it was perfected and soon gained universal popularity wherever corn could be raised remuneratively for fodder.

It is the irony of things that, while corn became increasingly popular as an ensilage crop, the fact that common grass was the first crop used for ensilage purposes was forgotten, so much so that at present only comparatively few farmers are aware that grass may be advantageously made into ensilage. And not only grass but clover and alfalfa as well, may be converted into excellent ensilage. Some experiments with grass, clover, and alfalfa ensilage fed to dairy cows which recently have been conducted at the Dominion Experimental Farm, Agassiz, B. C., strongly indicate that ensilage made from the latter forage crops constitutes a most valuable feed, the use of which spells profit to the dairy farmer. The practice of putting the grass and clover crop into the silo in about the same manner as for clover may therefore well be encouraged, especially if weather and labour conditions at harvesting time are not favourable to the making of cheap hay of the best quality.

M. O. MALTE, Dominion Agrostologist.

He Wasn't Familiar With Scripture

A lady while going downstairs to dinner had the misfortune to step lightly on the dress of the lady in front of her. The man on whose arm the former was leaning rudely said aloud, so that the couple in front might hear:

"Always getting in the way like Balaam's ass!"

Upon which the lady whose gown had been trodden on, turning round, replied, with a sweet smile:

"Pardon me, it was the angel who stood in the way and the ass which spoke."

LIFT OFF CORNS!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic.

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. BROWN—BISHOP

A pretty home wedding took place at the residence of Mr. and Mrs. T. Brown, Lawrenceville, on the 2nd of Sept 10th when Rev. P. H. Bishop, officiated in marriage to the daughter, Pearl Marjorie, to Mr. A. Brown of the same place. The bride looked charming in a gown of white silk and crepe with white veil, carrying a bouquet of roses. The little bridesmaids were Margaret Hill and Mrs. Bishop. Friends of the bride had tastefully decorated the rooms with a profusion of flowers. The drawing room, the parlor in yellow and pink and in pink and green. The ceremony was performed beneath a white arch and bell of white and evergreen. A very pretty wedding collation was served about fifty guests. Valuable wedding gifts were given by the young couple who are popular in the community.

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others.

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all. There is only one Aspirin marked with the "Bayer Cross"—other tablets are only acid imitations. Look for the "Bayer Cross"—it is real Aspirin, for which there is no substitute.

Aspirin is not German but is in Canada by Canadians, and is by a Canadian Company, all being purchased from the Government. Genuine "Bayer Tablets" of Aspirin have been proved safe by millions. Pain, Headache, Neuritis, Rheumatism, Lumbago, Neuritis, Hand's tin boxes of 12 tablets—larger "Bayer" packages, can be at any drug store.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monoaceticacidester of Salicylic Acid.
