SPRING.

The bursting buds look up, To greet the sunlight, while it lingers yet On the warm hill-side—and the violet Opens its azure cup

Meekly, and countless wild flowers wake to fling Their earliest incense on the gales of spring. Continual songs arise

From universal Naturebirds and streams Mingle their voices, and the glad carth seems A second paradise!

Thrice blessed spring!—thou bearest gifts divine! Sanshine, and song, and fragrance—all are thine. Nor unto earth alone-

Thou hast a blessing for the human heart, Balm for its wound and healing for its smart, Telling of Winter flown,

And bringing hope upon thy rain-bow wing, Type of Eternal Life—thrice blessed spring!

[Among the many contributions to the Sale of Ladies Work, in aid of the Building Fund of Knox's Church, were a variety of little articles from fourteen young Ladies, of the Episcopal Church, Perth, C. REPORT OF THE SYNODS HOME MIS• SION COMMITTEE. •

In order to make room for the following interesting Report we have taken the liberty of abridging it, especially the notices of the different Presbyteries.

In bringing before the Church a view of the Home Missionary operations for another year, the Committee have to advert to two solemnizing events, the removal by death, within the last month, of two of the missionary labourers, who, during a portion of the past year, Pere occupied in cultivating the field. The Rev. Joseph Harris, fiftmerly a missionary in India, who was admitted to full ministerial communion with this Church at the last meeting of Synod, and was inducted by the Presbytery of Hamilton to the pastoral charge of the congregation in Niagara, while attending a meeting of Presbytery, was overtaken by disease, and after little more than a week's thress was called from all his earthly labours and affictions, to enter into the joys of his Lord. His faith in the Redcemer was stedfast in the hour of death. and his soul was filled with the full assurance of hope to the end. With the confidence of fault he commended his wife and children, and sorrowing flock to the care of that covenant God whom he had so long and faithfully served in the gospel; and we have no doubt but they will have the sympathy of the people of God throughout the church. His flock, which has thus been called to mourn over the early removal of an affectionate and faithful pastor whom they most cordially loved, is again dependent for a dispensation of ordinances on the services of the musionaries sent out by the Church.

The other event referred to, is the death of Mr. George Muir, Student in Divinity, who, at the close of the last College Session, was for the first time sent out to labour as a Catechist, and who has been suddenly out down in the midst of health and in the vigour of his days. These solemnizing dispensations loudly admonish us to labour while it is called to day. May they be blessed of God to awaken in all, greater diligence in deing Ha work, and an carnest spirituality that we also be ready to give an account of our stewardship.

Shortly after the Committee had given in their report to the last meeting of Synod, five missionaries from the Presbyterian Church in Ireland arrived in this Province, and presented their eredeathals to Presbytenes of this Church. One of this number, we tegret to learn, was under the necessity, from the state of his health, of returning to his native country. The other four have, we believe, been inducted into pactoral charges. your Commance neited to record then thanks for

According to the instructions of the Synod, the Committee during last summer opened a correspondence with the Mission Board of the Presbyterian Church in Ireland, by addressing a letter to the Rev. Win McClure, of Londonderry, cordally welcoming in the name of this Church, the more full and systematic co-operation, which we have now reason to expect from the sister Church in Ireland, pointing out the nature of the work in which our missionances were called to engage, the special qualifications they ought to look for in the inmisters when designated to this country. A letter in reply fine just been received, in timating that the communication from your Conrmittee had been published in the Missionard Herald, for the information of the Church, and that the suggestions it contained, would be ar-tended to as fer as practicable. The Directors of the Mission Board have, at the same time nitmated, that they have nominated three missionare to proceed to British North America, namely, the Rev. Daniel Greer, formerly of the Manners' Church, Belfast, the Rev Francis Andrews a le centrate of the Preshytery of Ahoghil, and the Rev John Gillespie, of the Presbyiery of Ban bridge. The first two mentioned gentlemen do not leave Ireland till August, Mr. Gillerpie was to sail on the 26th of April, last.

It will be remembered, that last year the Home Mission Committee reported, that in accordance with the instructions of Synod, they had been looking out for a fit person to act as Superintendent of Home Missions, who could devote all his time and attention to this department of labour. and that they had appointed the Rev. Gilbert Johnston, minister of New Cumnock, Scotland, to that office. The Synod, in their deliverance on this report, "approve specially of the efforts of the Committee in regard to the appointment of an agent or Superintendent of Home Missions, and authorise and enjoin them to concentrate their elforts, until they procure one or more inmisters of experience in that capacity, as they may find them-selves justified by the state of the Synodical Home Mission Fund." This deliverance was unam-mously adopted by the Synod. After the meeting of Synod the Committee could not take any steps in the way of following out the injunction laid upon them, until they received an answer to the application, which had been previously made to the Colonial Committee of the Free Church ---At the incetting of the Committee, held at Poronto in October, a letter was read from Mr. Bonar, intimating that the Colonial Committee agreed with us, as to the importance of the office and work to which Mr. Johnston had been called, and that they had agreed to give £100 sterling towards the payment of his salary; whereupon

the liberal contribution which the Colonial Committee had agreed to make, and instructed the Convener to prese the Committee to follow up the measure. When your Committee met in Jun'y a letter was read, which had been received from Mr. Bonnr, intimuting that Mr. Johnston had, in the mean time, declined the offer made to him, and suggesting the name of another party with whom the Committee, they thought proper, might open a correspondence. But "the Committee after lengthened deliberation came to the redution to delay for the present taking any step in the matter." Unly a lew days after this meeting another letter was received from Mr. Bonar, stating that some of the difficulties which had formerly induced Mr. Johnston, to decline our projosal were now out of the way, and recommending us, if the situation had not been filled, to renew our correspondence with Mr. Johnston. Convener acting on the instructions given him by the Committee in October, lost no time in com-municating both with Mr. Johnston and the Colonial Comunities, urging the appointment to be carried out with as little delay as possible, and the result is that Mr. Johnston has accepted the appointment, and expects to be released by the Presbytery of Ayr, from the pastoral charge of the congregation of New Cunnock, on the 11th of the present month, and will, as soon as possible, thereafter proceed to Canada, to enter upon the duties to which he has been called.

The Committee was very desirous of being able to present in this report, a full statistical view of the Home Mission Field throughout the Church, and made application to the different Presbyteries to furnish materials for such report. Only riv of the Presbyteries have made any return to It is surely necessary, if the this request. providing of the means of grace to her destitute people, and the extension of the Church throughout the land, is to be an object of concern to the Church at large, that there be brought before her, from time to time, an accurate representation of the amount of existing destitution-of the progress made in supplying it, and of the means which are being employed in the various localities for the accomplishment of this great and glorious work. Such representations might be expected to awaken, throughout the Church, greater sympathics—to lead to more carnest supplications to the Lord of the harvest, to send forth laborers into his harvest, and to greater and more com-bined efforts to overtake the spiritual destitution of the country. This Church will assuredly have mistaken her calling, and cannot expect the contimed blessing of heaven, should she ever forget, or cease to act upon the belief, that size is a missionary Church, and that she must never relax her efforts till she has extended the knowledge of salwation, and a stated dispensation of Gospel ordi-nances into every corner of the land, into which God gives her access. It is one of the results that the Committee contemplates from the labors of the Superintendent of Home Missions, that he will, from personal observation, present, from time to time, to the Church correct accounts of the spiritual destitution of the country, and give such suggestion as may lead to the adoption of the best method of supplying it. The Presbyteries that have sent reports of the missionary operations for the pust year, are London, Hamilton, Toronto, Kingston, Cohourg and Brockville.

In the Presbytery of London there are nine missionary stations. One of them has been supplied by the settlement of the Rev. John Fraser. Another will soon have a pastor, the Rev. Thos. Macpherson. These seven stations, embracing a population of 3500 adherents of our Church, al require missionaries having the Gaelic language. Three of these stations are ready for settlement.

The Presbytery of Hamilton was able, with seven missionaries and catechists, to give partial supply to twenty-three stations during the last summer. Good accounts are given of the labours of the students, and there is a growing thirst for ordinances. The Niagara District presents a

field of calling for a peculiar and efficient instrumentality. The Presbytery made more effectual arrangements for the comfort and support of their missionaries.

The Presbytery of Toronto has given supply, within the year, to thirty-nine stations, ranging from three to one hundred and fifty miles from the city. The members, in ordinary attendance, are about 2760. There were twelve missionary catechasts and two lay missionaries employed in summer. The stations contributed about £300 for the Home Mission Fund of the Presbytery. The larger number of these stations had only one diet of worship each Sabbath. There are pleasing features of encouragement, and in more than one district, refreshing manifestations of the descent of the dew-of Hermon on the hills and in the valleys. Gaehe missionaries are much needed.

The Presbytery of Cobourg includes three stations ripe for settlement, and several mission stations, (probably Cybt.) The Presbytery has been unable to meet the demand for supply. All the settled in insters have devoted some time to the missionary field. The congregations of Cobourg, and Grafton, had ministers settled during the year.

In the Presbytery of Kingston, there are about 355 adhering families connected with seventeen stations, and other places might be taken up, if the men and means were available. The sum contributed during the year was about £150, partly raised among the stations, and partly from the regular congregations at their annual missionary meetings. Throughout the Presbytery, a greater thirst for the word, greater carnestness and corresponding improvement in life and conversation, give pleasing tokens of the Divine fayour.

Presbytery of Brockville.—This Presbytery has reported, if at two missionary labourers have been employed within the bounds during a part of the pass fear, and that the members of Presbytery have, according to their ability, attended to missionary work. The sum raised within the bounds for missionary purposes, amounts to £33. The report further states, that there are several localities on the outskints of the bounds, to which, from want of means, they are unable to attend, which, if cultivated, might become excellent stations.

The Committee is aware, that in some of the other Presbyteries, there is a much greater destitution than in any of those above referred to; but in the absence of reports, it is impossible for the Committee to furnish to the Synod, the statistics of these localities. This information will, we trust, hereafter be furnished through the labors of your Superintendent of Home Missions. Something of the extensive destitution existing within the bounds of these Presbyteries, will be seen from their applications for missionary laborers.

In the six Presbyteries from which reports have been received, there are 102 missionary stations. 'I'he number of missionaries that labored for a longer or shorter period in these, was thirty-three; and there has been raised and expended, for conducting the missionary operations within these bounds, the sum of £872 5c. 3d. It would have been interesting to the Synod to have known how many mission stations in Canada have, to some extent, been supplied by our missionaries, and are looking to us for a further dispensation of ordinances. The Presbyteries of London, Hamilton. Toronto, Cobourg, and Kingston, have reported nine y-six stations within their hounds; and at the last distribution of missionaries, they made application for twenty-nine. Perth and Montreal, from which no returns have been given in, applied for fifteen missionary labourers: and from these data we infer, that there cannot be fewer than 150 missionary stations within the bounds of our Church.

The destitution in the Home Mission field, duting the water months, was truly distressing. In
consequence of the aimest universal suspension of
the law that required from every preacher, when

to your Home Mission, nearly all the preachers licensed during last summer, as well as the missionaries who had been received from other churches, were inducted into pastoral charges about the beginning of winter, at the very time when the students, who had been acting as catechists during the summer, were recalled to prosecute the studies at the college. The consequence was, that the Home Mission field was almost entirely forsaken. The Presbytery of Hamilton, which employs seven catechists during summer, was left without a single missionary; and some of the other Presbyteries were in no better condition. It is truly painful to think of this state of matters. Can the Church be doing her duty to Christ and to her people, when she leaves so large a portion of her adherents throughout the land, for so many months in the year, without a dispensation of ordinances? Is nothing to be done to remedy this evil? We feel persuaded that the Synod, when it takes this subject into serious consideration, will adopt some measure to prevent a like occurrence for the future. We would suggest, that pastors should be required to devote a larger portion of their time to missionary work, if this can be done without weakening the pastoral tie, and diminishing the resources of the Church. At all events, all the preachers licensed, or missionaries admitted from other churches after the meeting of Synod, should be placed at the disposal of the Home Mission Committee, till the close of the next College Session, and the Presbyteries prohibited from inducting any of them into pastoral charges till that period. This would secure a number of Home Mission laborers during the winter months. In the meantime, the missionaries might be permitted to accept calls, and the Presbyteries might be making arrangements for their induction, as soon as they were relieved from the duties in the Home Mission field. arrangement would avoid some of the evils arhich were felt to be intolerable in the old law, and led, last year, to its entire suspension.

At the meeting . the Committee held in Toronto, on the 16th of April last, applications were made for missionaries for the summer half year from all the Presbyteries of the Church, except Brockville. Applications were made in all for 44 missionaries, at the same time last year, 38 were applied for, being an application for six more laborers this year than for the last, and, that not withstanding, the number of vacant congregations that during the year have been supplied with pastors. This is an evidence how much the Lord in extending our Church, and opening up to us opportunities of usefulness throughout the land. To meet these applications for forty-four missionary labourers, your Committee had at their disposal eight ministers and preachers who had been laboring in various parts of the Church during the winter months, and twenty-seven students to be employed as catechists, amounting in all to thirty-five missionary labourers. Last year the number sent out was thirty-two, being six less than the number applied for, whereas the number sent out this year is nine less than the applications. Some of the friends of the Church last year, were beginning to think that we would soon have a surplus of missionary labourers, and that we might safely relax our efforts in the way of seeking to increase their number. But what is the result? with all the missionaries that have been sent to us from other Churches, and those that have been sent out from our own College during the past year, the demand is increasing more rapidly than the sup-Thus calling us to continued efforts and mayer, that the Lord of the harvest would send forth more labourers into Hisharvest. The Committee would remark, in conclusion, that the greatest deficiency is in missionaries leaving the Gache lenguages, and would suggest that a spe-cial effort should be made by ministers of Gaelic congregations to induce young men of suitable gits and graces to give themselves to the work of MINUTE OF SYNOD ON BAPTISM.

Applicated to be read by all Ministers and Minimum and Minimum on an early School.

The Synod having had their attention directed to the subject of Baptism, and the relation in which this initiatory Sacrament of the Church of Christ, stands to the other Sacrament of the New Testament; also to the question of public or prevate administration of the initiatory ordinance, Declare and Resolve—

That, as is already in our excellent subordinate standards set forth, a Sacrament is an Holy Ordinance instituted by Christ, to signify, seal, and exhibit unto those that are within the covenant of grace, the benefits of his mediation; to distinguish them from those who are without; and to obligable partakers of such ordinances to obedience

That Baptism is not to be administered to any that are out of the visible Chunch, and so strangers from the covenant of promise, till they proless their faith in Christ, and obedience to Him, but infants descending from parents, either both or but one of them professing faith in Ghrist, and obedience to him, are in that respect within the igovenint, and to be baptized.

That, adhering to these principles, the Synod carnesdy urge on all ministers and sessions, to be careful, in administering limitism, that they who receive this privilege at their hands, be such only of whom there is good reason to believe that they are consistently professing the name of Christ, and obedience to him: and inasmuch as one uppointed method of solemnly confessing the Saviour, and acknowledging ourselves to be in communion with his followers, is by commemorating his love and death in the holy ordinance of the Supper; they shall satisfy themselves that parents receiving baption for their children be not neglecting this command of Christ, but that at the least they be equally in the intention, as God may afford opportunity, to emply with both ordinances, and giving token of this by willingly waiting on such instructions as it may be judged necessary to impart to them on the hature and design of the Sacraments. Parties solibiting the privilege should be informed that as every one taking on hunself the haptismal vow, or seeking Baptism for another, does thereby say, I am the Lord's, and does profess to value the blood and mirit of Christ, signified in the waters of Baptiem, they bight to know that in receiving this eal and token of spiritual cleansing, they do as truly declare their acceptance of Christand fellowship with him, as in the ordinance of the Supper ;so a declining or evading of this latter ordinance by any, being adults, who have received the privilege of the initiatory Sacrament for themselves and their children, is, except good cause be shown for the neglect, in circumstances not under their control, presumptive evidence either of an imperfect apprehension of the design of the Sacratneuts, or of an inexcusable unwillingness to follow the Lord fully: Therefore Ministers and Kirk Sersions are warranted to decline, except on good and special cause shown, the administration of Haptism to the children of such as are living in the neglect of the Lord's Supper, or do not avail themselves of astructions offered towards a right preparing of them for its observance.

That while due teaderness is recommended to

That while due teaderness is recommended to he used in dealing with individuals who, withhold thenteelves from the Table of the Lord; rather from minisprehension and solumn awe, than from blanceble indifference towards an appointed means of Grace, diligence should be used to counteract superstitious micconceptions of the nature of the ordinance; and, especially if these be accompanied with an undervaluing estimate of the solemaity of Baptism, that the parties concerned be remained of the equality of the two Sacraments—as regards their sacred authority, their common reference to the same covenant, and the like necessity both for faith and resolutions of hely living, to the right observance of both.

The Synod do anxiously caution against a too easy or indiscriminate admission to the Baptismal ordinance And both as tending the better to ensure purity of communion, and as required by a regard-to the design of Baptism as a sent of fellowship in the Church, as well as of engrafting auto Christ, the Synod recommend as much as possible that the ordinance be dispensed publicly :-- not precluding cases in which it-may be judged necessary to baptize in dwelling houses, or cases in which attendance at the ordinary place of public worship may be greatly inconvenient. But the Synod earnestly advise, that an rarely as possible, the privilege be given without public notification from the pulpit, and never without the word of exhorta-tion or exposition - That if it any time-uppdcation be made for the administration suf-leady and hastily of the ordinance of Baptism, the circumstances be well considered; and care ex-ercised untilly and fattibility to distinguish what is essential from what may be desirable - between the relation of Baptism to salvation and to church followship; explaining where it may be necessary so to explain, that as the privilege of Beptism is not to be wethout good reason neglected, so neither is its administration indispensable where God in his providence has not afforded opportunity for observing it in due order, or in a manner edifying to the individual or to the Church in general. And if in peculiar circumstances of locality or otherwise, it shall be judged for edification to administer this Seal of the Covenant without a session having had regular opportunity to confer with the parties applying, or formally to receive them mro the fellowship of any particular congregation, that the minister so receiving to Baptism shall, at the earliest opportunity, report the case to his Session, and that the individuals or families thus recognised shall be duly enrolled, and considered as within the range of the inspection of the pastor and eitlers, and as being bona fide members of the congregation, in connection with which the privilege has been received, (generally—it may be presumed-that which is nearest in locality;although precluded by distance, or other is afid cause, from a ving regular attendance on the weekly ministrations of the Sanctuary: This participation in the privileges of the Church being always understood to imply also the obligation to conform to the ordinary rules of the Church, and

responsibility to its tribugals.

The Public Accounts occupy so much of our space, that we have been obliged to lay over much interesting matter.

The discrepancy between the Treasurer's Accounts and the Schedule, is occasioned by the former being made up when the Synod met, while the latter was kept open tili its close. We hope to be able to present the Accounts in future in a more complete state, as, by direction of Synod, all Accounts are to be closed on the 31st of March.

The collections made by Mr. Black, for the French Canadian Mission, are not included. That list is therefore incomplete.

MEETING OF SYNOD.

The Synod of the Presbyterian Church of Canada met in Knox's Church, Toronto, on the 5th

Dr. Willis, Moderator, preached from Matt. 28: 18, 19, 20. After Sermon, the Synod was constituted by prayer, and the Rev. William Reid, A. M., of Picton, unanmously elected Moderator for the cusung year. The whole number of Members-in attendance was 43 Minis-

ters and 28 Elders, in all 71. We regret that mi many of our Congregations and organised Mission Stations neglected to send Elders. It is encouraging-to-observe that the attendance upon all our Church Courts is improving, mainfesting as it does the encreasing interest which the members of the Church take in her welfare. Perlings the comparatively small attendance of Elders may be ascribed to the feeling, too prevalent, that Elders are allowed to interfere, to a very limited extent, in the discussions, and that they are permitted to speak, only by sufferance. We believe that our Presbyterianism will not be fully established until the ruling Edders take a much more decided interest in the business of the Church Courts. In concequence of the distance of some Congregations from the place where Synod meets, the roling Elders cannot easily attend. It has been provided that Secsions may elect as their representative to Synod any Elder in good standing many other Session of the Church. 'See Minutes 1844, p. 25.) Were remote Congregations to avail themselves of this provision, it would tend greatly to encrease the attendance at Synod, and would give additional weight to the acts of the Court.

We are compelled from want of space to give a very brief notice of the proceedings of Synod.

On Wednesday evening several Committees were appointed.

THURSDAY, June 6th.

The Synod took up an overture from the Presbytery of Kingston on the subject of a Book of Discipline. A Committee was appointed to report on Tuesday.

A conference was held on the support of the Ministry. After decension it was moved by Dr. Willis: seconded by Mr. Roger:---

That, impressed with the urgent hecefolty of A Fund for the assisting of weaker congregations, a Committee be appointed to implie into the cames of the failure of the schelue likely attempted to be worked, and which was so far in operation for the sustentation of the Ministry among us; and to consider if a scheme, in its nature supplementary, might not with advantage be substituted Also, whether a part of the late sustentation plan might not be retained in connection with a supplementary one.

An amendment was moved by Mr. Bayne,

That the matter be left in the hands of Presbyteries, according to the deliverance of last Synod.

The vote stood for motion 31. Amendment 18 A Committee was appointed; viz.: Dr. Burne; Dr. Willis, Mr. Gale, Mr. Wightman, Mr. Roger. Mr. Gordon, Mr Rintoul, Mr Wardrope, Mr. Gregg, Ministers; Mr. Hall, Mr. Morgan, Mr. Elder, Mr. Barelay, Mr. Nicol, Ekless.

It was agreed that next ordinary meeting of Synod he held in Kingston on the first Wednesday of June, 1851, to be opened with Serimon by the Moderator, at 11 o'clock, A. M.

FRIDAY, June 7th.

Mesers. Stark and Gregg, Ministers, and Mesers. Davidson, Ferrier and Blain were appointed a Committee on the accounts of the Church, to whom the Treasurers to the various funds were required to hand in their books and accounts.

The Synod appointed Dr. Willis, Mr. Stark Mr. Bayne, Mr. McKenzie, Ministers; Mesors, McLellau Burgess and Clark, Elders; a Committee to draft a Minute on the subject of Baptism. A memorial, in behalf of the widow and family of the late Rev>Joseph Harris of Ningara, was taken into consideration. After hearing Mr. Blain in support of the memorial, and a very affecting marrative of Mr. Harris's death by Mr. Robb, it was

Resolved—That Dr. Willis and Dr. Burns be appointed to draft-a-Resolution, expressive of the solemn feelings of the Synod, on the death of Mr. Harris and of their sympathy with the hereaved family—calling on the ministers and members of the Church, to co-operate with the Committee in Niagara, for raising a fund for the rehef of said family, expressive, at the same time, of the gratification with which the Synod has fearned of the liberality of the Congregation at Niagara.

The Synod had a long discussion on an overture on the status of Ministers from other Churches when deputed to this Church; when it was moved by Dr. Burns, seconded by Dr. Willis,

That the Synod approve the Overture; and, in necordance with the recommendation of the sime, declare that any Minister, or Professor of Theology, of the Free Church of Scotland, or of the Pre-byterian Church in Ireland, who shall have been regularly deputed by either of said Churches, in compliance with the oft-repeated appeals of this Church, to visit this country, and to supply vacant Churches, or engage in Collegiate or Missionary service within the bounds of this Church, for a limited period, shall be recognized, for the time being, as n member of the Presbytery within whose bounds he may be labouring; and also of the Synod, when in attendance on the sessions of the same, and be entitled to all the rights and privileges of membership.

Moved in amendment by Mr. Gregg, seconded by Mr. McMurray,

That Mr. W. C. Fairhairn, already admitted to a seat with this Synod, be admitted for the time, to all the privileges of membership in the same.

The motion was carried by a vote 42 to 10.

Overtures on the subject of the Clergy Reserves and Rectories were read. After a long discussion, and a motion and two amendments had been offered, the following Committee was appointed to draft a motion to be submitted on Monday, viz.: Dr. Burns, Dr. Willis, Mr. Gordon, Mr. Roger, Mr. Smith, Ministers, and Messrs. Davidson and Smith, Elders.

SATURDAY, June 8th.

Dr. Willis submitted the following draft of a mimute respecting the late Rev. Joseph Harris, of Ningara:—

The Synod received with much concern and resotion, the tidings of the decease of their esteemed brother in the Lord, the Rev. Mr. Harris, so recently admitted among them as a fellow labourer in the Gospel.

It was with deep interest that they listened to the relation of some particulars in the history of their lamented friend, brought under their attention by individual members of Synod, who had best known his manner of life, the multiplicity of his labours in various parts of the world in the Christian cause, and the self-denying sacrifices by which, both he and his partner in life, had by grace been enabled to manifest their love to Christ, and their concern for the salvation of immortal souls.

The Synod express their respectful sympathy with the mourning family, in particular with their bereaved sister in the Lord, widowed by this painful stroke, and deprived of the presence and protection, in a land-comparatively of strangers, of one so justly endeared to her.

They sympathise at the same time in the joyful assurance which the remembrance of his latest and

dying testimony must inspire, as connected with the devotedness of his life to the service of the Saviour, that our beloved brother and fellow labourer has entered into the joys of his Lord and received the crown of glory promised to the faithful.

The Synod sympathise also with the afflicted and bereaved flock, and assure them of their interest in their spiritual welfare: And, delighted to recognise the liberality with which they have already provided against the worldly inconveniencies that might have followed from the death of their beloved Pastor to his suddenly bereaved family,the Synod pledge themselves to forward the laudable design of increasing the provision so far already made with this view, by all the means in their power. It is a pleasing and interesting proof of the more than ordinary fidelity and affectionate care of their spiritual interests manifested by their late Pastor, that, in the course of so brief a ministry he had secored such a place in their hearts; and the Synod fondly hope that the remembrance of his ways in Christ, and of the good word of God spoken by him, may subserve a valuable practical effect in all the families of the congregation-inducing them to follow his faith, and to seek in saving union and communion with the Master whom he served, what will be their only effectual support and soluce in life and death, as it also constitutes the fruit which every faithful servant of the Lord most of all would desire, as the recompence of his labours and sacrifices.

When it was agreed,

That contributions should be made throughout all the congregations of the Synod, in aid of the family of the late Mr. Harris, and that Dr. Burns, Mr. Robb, ministers; Mr. McLellan, Mr. Elder, Mr. Osborne, and Mr. Blain, elders, be a Committee for attending to this matter, with instructions to co-operate with the Committee already formed in the town of Ningara, for the aid of the family of the late Mr. Harris—Dr. Burns to be Convener, and Mr. Blain, Treasurer.

The case of Mr. Porterfield, formerly a Baptist minister, and asking for admission into the Church was referred to a Committee consisting of Dr. Burns, Dr Willis, Mr. Robb, Mr. Bayne and Mr. Fairbairn, Ministers, and Messra Osborne and McLellau, Elders.

Monday, June 10th.

The Synod took up a reference from the Presbytery of London respecting the organization of a Gaelic congregation in Blandford. It was agreed that the request of the Presbytery to organize the congregation be acceded to.

Mr. Burns, agent for the Church, gave in a report on the Ecclesiastical and Missionary Record, which was read and sustained, and the thanks of Synod recorded to the Committee, and especially to Mr. Burns who has acted as editor during the last year.

The statistical table drawn up by Mr. Burns, was referred to a Committee composed of all the Presbytery Clerks, Mr. Wightman, Convener.

The Synod took up the consideration of a reference from the Presbytery of London, respecting Mr. Robert Peden, minister at Amherstburgh, who has been found guilty, by his Presbytery, of holding opinions on fundamental truths, at variance with the standards of this Church.

Extracts from the Presbytery of London, exhibiting the case as proceeded in by them, were read.

Mr. Peden appeared for himself, and stated his views at great length, on the various doctrines charged on him in the libel, as unsound and heretical.

Some of these doctrines he admitted, that he held.

Several members, including members of the Presbytery of London, addressed the house, when the following deliverance was adopted:—

The Synod find from Mr. Peden's own admission, that he holds some of the unsound and heretical doctrines charged upon him in the libel; and that, while he formally denies holding the others for which he has been tried by the Presbytery of London, his own address to the Synod furnishes but too good evidence for the conclusion, that he holds the others also. The Synod, yet, desiring to proceed in this case with affection and forbearance, appoint a Committee to meet with Mr. Peden, and endeavour to convince him of the unscripturalness and dangerous nature of the doctrines which he holds,—the Committee to report on Wednesday; and Mr. Peden not to be precluded from again addressing the Synod, if he shall desire so to do.

The Committee to be, Dr. Willis, Dr. Burns, Mr. Robb, Mr. Gordon, Mr. Bayne, ministers; Mr. McLellan, Mr. Davidson, Mr. Ferrier, elders.

TUESDAY, June 11th.

The Synod held a Conference respecting union among Presbyterians; and the clauses in the Standards relating to the Civil Magistrate.

Dr. Burns, in name of the Committee for drafting a motion respecting the Clergy Reserves and Rectories, produced the following draft which was adopted:

The Synod, taking into consideration the manifold-evils, both religious and social, which have resulted from the Clergy Reserve system in the Province—the glaring injustice, as well as impolicy, of an attempt to set up an exclusive Ecclesiastical Establishment, by means of Patented and Endowed Rectories—as also the iniquitous manner in which these Rectories were constituted, without the knowledge and against the mind of the Province at large—resolve to memorialise the Government and the Legislature of Canada, to the effect, that they will be pleased to adopt immediate measures for the appropriation of the Lands, at present held as Clergy Reserves and Rectory Endowments, to the purposes of Edskation.

The Synod would also desire, that in making such new appropriation, Academies, as well as Common Schools, may be included, and that in both, the Word of God shall be distinctly recognised as the basis, and as the guardian of education.

The Synod further recommend that similar memorials, or petitions, shall be presented by all the congregations under their charge; and they appoint a Committee to draft said Memorial, to present it to the Executive and Legislature, and to co-operate with other bodies in watching the progress of any public measures that may be devised for the successful prosecution of the great object of such memorial, and to report to next meeting of Synod. Committee—Dr. Burns, convener; Mr. Gale, Mr. Esson, Mr. Boyd of Markham, Mr. Wightman, ministers; Messrs. Osborne, McLellan and Heromelders.

The Committee on the case of Mr. Porterfield reported.

That Mr. Porterfield may be employed by the Home Mission Committee, within the bounds of the Presbytery where he may be residing, as a Missionary, or occasional labourer in the Ministry, and that he be recommended to attend one session at Knox's College.

The Synod took up the reference from the Presbytery of Perth, in the case of Mr. W. G. Johnstone, minister at Ramsay, and suspended by said Presbytery for contamacy, when libelled for lasciviousness.

The Synod, after hearing some of the mem-

bers of the Presbytery of Perth, and considering the case, found that Mr. Johnstone must be held to stand confessed of the sin libelled, and that the Presbytery might have proceeded to deprive him of the office of the ministry. But, inasmuch as the Presbytery, for reasons which seem to be satisfactory, have thought it desirable, that the final sentence in the case should be given by the Synod. Resolved that the Synod shall now depose the said-Mr. W. G. Johnstone from the of fice of the Holy Ministry. Before proceeding to the solemn act of deposition, the Synod engaged in prayer. The Moderator then, in the name of the Lord Jesus Christ, the sole Head and King of the Church, and in virtue of the power and authority committed by him to it, declared Mr. W. G. Johnstone to be deposed from the office of the Holy Ministry, and prohibited and discharged from exercising the same, or any part thereof, in all time coming.

It was agreed, that the Presbytery of Perth should take such steps, as to them might seem expedient, for giving publicity to this sentence. with the view of preventing the said Mr. W. G. Johnstone from assuming any longer the standing of a minister of the gospel.

The Synod took up the reference from the Presbytery of Hamilton, respecting the congregation at Caledonia, when it was agreed

That the Moderator, Dr. Burns, Mr. Harris, Mr. Ball, Mr. McMurray, Mr. McLeod, Mr. Mc-Kenzie, ministers; Mr. Osborne, Mr. McLellan, Mr. Blain, elders, he appointed as a Commission of Synod, to visit the Congregation of Caledonia, and they are authorised to meet with the minister, session, and congregation there; to inquire into the evils alleged to be existing there to the hindrance of unity, mutual confidence, and edification : authorise them to act with the usual powers of a Synodical Court of review; and if they fail in their endeavours to establish harmony in consistency with the finding of the recent commission, as authenticated by this Synod, power is hereby granted to proceed to final judgment according to the laws of the Church, notwithstanding any appeals that may be attempted to be taken from their finding. If they see cause for libel, they shall commit the procedure into the hands of the Preshytery of Hamilton, who are empowered, assisted by the Committee, or any three of their numher, to proceed to a judgment in the case, staying, nevertheless, a final sentence in the case of appeals.

Dr. Willis, on b-half of the Committee on Bantism, submitted a draft, containing statements of principles and directions in regard to the administration of that ordinance: when, after consideration of the same, the following deliverance was adonted:-

The Synod sustain the draft on Baptismappoint it to be printed in the Record, with a view to its wide circulation, and enjoin ministers and missionaries to read it to their congregations on some early Sabbath, after divine service-and enjoin further, that Ministers and Sessions attend to its recommendations, as far as may be practi-(See page 131.)

The Report of the Committee on the Book of Discipline was received and sustained, and after

deliberation; the Synod agreed

That the Committee be re-appointed, that they should meet at an early day and agree on a plan of a Book, and distribute the different sections or parts of it amongst themselves, or allot them to other members of the Synod, that they may be filled up, and the whole combined into one book,

WEDNESDAY, June 12th.

The Synod had lengthened conference on the subjects of Union, and the Standards, when it was moved-by-Mr. Gordon, seconded by Dr. Burns,

That the Synod considering that great diversity of views exists among the office-bearers and members of this Church, respecting the true meaning of certain passages in the Confession of Faith, bearing on the Powers of the Civil Magistrate; and more particularly of chapters xx. and xxin, sec. 3; considering that such diversity has of late been creating difficulties in the way of Office-bearers, Candidates for License, and Probationers for Or-dination, signing our Formula in as far as it relates to this particular subject; considering that the continuance of this state of things has a tendency to endanger the internal union of our Church. to deprive it of the benefit of the labours of many pious and gifted persons, who are deeply attached to all the essential principles of our Church and its Standards, and also to prevent and impede the progress of the Church in this country; the Synod do therefore hereby appoint a Committee to take these chapters of the Confession of Faith under their careful consideration, with a view to determine what can safely be done to remove these difficulties, and to report their views, and the result of their deliberations to the next Synod.

It was moved in amendment by Dr. Willis, seconded by Mr. Bayne,

That the Synod having considered the Overture, declare their continued sense of the excellence of their subordinate standards, and of the importance of those parts thereof, which affirm the duty of the civil magistrate to recognise the Christian light where it shines, and to support and encourage the Christian truth in contradistinction to demoralizing error; and consider, that many of the exceptions taken to those portions of our standards originate in needless misapprehensions of the sense in which the said doctrinal articles have, all along been held by the Reformed Presbyterian Church, and which has already by this Church itself been explained in the testimonies it has issued and its recorded resolutions: That the Synod therefore cannot contemplate with much hope, the issue of their labours, in any further attempt that this Synod might make to satisfy the alleged scruples of candidates for admission to office, or the calls made for explanation by those who after vows, have made inquiry: But masmuch as some of the parties pressing for this, declare generally that their object is not to change or after the received standards, but in the huna fide sense of the term to have enunciated in other words the doctrine referred to: The Synod appoint a committee to consider whether any exegetical or declaratory note may be appended to the question in the formula respecting the Confession of Fatth proposed to candidates for office; but hereby strictly limit the powers of the committee to said design.

Further, in reference to any case that may already have come before Presbyteries, of candidates for spiritual office seeking relief to their alleged conscientious scruples, in the way of being allowed to give a qualified assent to the said portion of our confession: The Synod, feel that it will be as inconvenient for Presbyteries themselves, as perilous to the public testimony maintained by this Church, to allow an absolute power of dis-cretion to local judicatories: The Synod do, however, in the spirit of candid consideration, allow the Presbytery before which such case may occur, having first assured themselves of the attachment of the candidate to the doctrines of this Church in general, and to its testimony for the head-hip of Christ over nations as well as the Church, to transmit to the committee to be appointed as aforesaid, a particular statement of the circumstances; and if said committee, or a majority thereof, shall be satisfied to the same effect concerning said candidate, or applicant for license or ordination, the for being submitted to the next meeting of Synod. assent of such individuals, may be accepted with

an-accompanying explanation reso that the difficulties alleged, being of the kind herein exclusively referred to, shall not hinder their beense or appointment to offices within this Church.

After discussion, a vote was taken, when there voted for the motion, 11 ;-for the amendment, 29 ; declined voting, 3,

The amendment was accordingly declared to be carried, and the following Committee was appointed for carrying it out, viz :-

The Moderator, Dr. Willis, Mr. Gale, Mr. Bayne, Mr. Robb, Mr. Harris, Mr. McMurray, Mr. Roger, McLeod, Mr. Stark, ministers; Mr. Davidson, Mr. Ferrier, Mr. McLellan, Mr. Elder, Mr. Osborne, Mr. Clark elders; Dr. Willis to be Convener

The Synod took up the petition of Mr. John Scott, Student in Divinity, setting forth that the Presbytery of Hamilton had declined admitting him to license, on account of difficulties he had in signing the Confession of Faith, without some qualification or explanation of some of the passages relating to the Civil Magistrate. The petition was referred to the Committee on the Standards, who were empowered to confer with the Presbytery of Hamilton and Mr. Scott, and to give a deliverance in the matter.

Mr. Wightman reported on Statistics. The report was sustained, and its suggestions adopted. (See Report) Mr. Burns was directed to publish the schedule in the forthcoming Record.

Mr. Smellie reported on behalf of the Committee on a Widows' Fund scheme. The Committee are of opinion, that without a General Sustentation Fund it cannot be carried out. The Synod sustained the Report, thanked the Committee, and appointed a Committee of which Mr. Osborne, Hamilton, is Convener, to communicate with Congrepations through their respective office-bearers, and endeavour to interest them in measures for providing for the families of ministers, through Life Assurance Societies

Dr. Willis, Dr. Barns, Mr. Gale and Mr. Wightman were appointed a Com a tree for drafting an address to Her Majesty's Government, deprecating the proposed change in the law of marriage in Great Britain.

The Synod then took up the case of the Rev Mr Peden

Mr. Peden read a statement of his views in regard to the doctrines upon which he had been he belled, and found gunry, of heresy by the Preshytery of London.

Various members expressed their views on the subject, when on motion made and seconded, it was agreed, that the Committee formerly appoint. ed to consider this case, should draft a deliverance for the adoption of the Synod.

Whilst the Communer were drawing up their deliverance, on the call of the Moderator, the Rev Mr. Lindsay supplicated the Divine direction.

Mr. Beyne, in name of the Committee on Mr. Peden's case, produced a draft, and the same having been read, the Synod decerned and ordained in terms thereof. (Delinerance in our next.)

The deliverance was read to Mr. Peden, and the Clerk was instructed to furnish him with a copy of the same. The Presbytery of London were also allowed to have an extract of the miunter in this case, and they were instructed to declare the church at Amherstburgh, vacant, and to use their best efforts for supplying the congregation with a dispensation of divine ordinances.

Mr Robb rend the report of the Synod's Home Mission Committee, of which he is Convener, and the Synod adopted the following deliverance in regard to it.

That the report of the Home Mission Committee be sustained

That the thanks of the Synod be given to the Convener and other members of the Committee for their diligence and zeal in the important work committed to their care.

That the recommendations contained in said report, be adopted, and in particular, that all preachers licensed, or missionaties admitted from Sther churches, after the meeting of Synod, shall be placed at the disposal of the Home Mission Committee, and Presbyteries are recommended to delay inducting them into pastoral charges, except in cases of argency, until the close of the next eewion of Knox's College.

That the Committee be instructed to make arrangements with the Superintendent of Missions, for the proper disposal of his services so soon as he ntrives in the province; and further, that they be enjoined to use all diligence in raising contributions for the Mission Fund, and that the same Committee be re appointed for the ensuing year.

The Moderator accordingly thanked Mr. Robb; and the following Committee was appointed:-

It was also ag eed.

That the Record Commutee be authorised and instructed to print, in whole or in part, and in such form as they may deem best, the Report of the Figure Commistee, and the Reports of the other Standing Computions of Smood, with a view to the circulating of the same among the members of the Church.

The Rev. Mr. King read his report of the Missign to the Colored population. The following deliverance was adopted,

The Synod record their thank to Mr King, joy his zeal and devotedness in his work, and, their resolution under the Divine ble sing, to sustain and pacourage the Messien to the Colored Population : instruct the Committee to be appointed, to correspond with the Colonial Committee of the Free Charch of Scotkad, respecting the continuance of , Mr. King's salary, and to represent to said Cemunities the rayorable prospects of the Mission; and the Synod farther authorise the Presbytery of London, to take Mr. King on trials for ordination, that he may be in the full status of a minister of the Gospel.

ST. GABRIEL STREET CHURCH, MONTREAL.

The Rev. Within Rintoul, A.M., late Professor of Hebrew and Biblical Criticism in Knox's College, Toronto, has accepted a unanimous call from the congregation of St. Gabriel street Church, Montreal, to become their Pastor.

We believe this is the oldest Protestant Church in Canada.

The Rev. Mr. Rintoul is one of our most tried Ministers, who has for 20 years borne the burden and heat of the day. Mr. R. was among the most active and zealous Ministers in organizing the Church at the disruption. The path of duty was plain to him on that trying occasion, and he pursued it consistently, although deserted by every Viinister of his Presbytery.

We know that with his experience and business limbits Mr. R. will be an invaluable acquisition to the Montreal Preshytery.

May he be long spared to the flock over which he is about to be constituted the overseer, and to the Church which he has served with such fidelity The best wishes of all who have the pleasure of knowing Mr. R. accompany him and his family to his new sphere of duty, and many prayers are no doubt offered in their behalf.

In the first week of June, the Preabytery et Kungston ordained the Rev. Andrew Hudson-aminister of the Presbyterian congregation of T, endinaga. We are unable to give any further particulars. Presbytery Clerks should forward notices of such events as they occur.
The Rev. Peter Gray, of Esquesing, has accept

ed a call to the vacant congregation of Beckwill. in the Presbytery of Pertin.

The Rev. Wm. Fraser, son of John Fraser. Esq., London, C. W., has been ordained pastor of the congregation in Gourock, vacant by the tranlation of the Rev. D. M'Leod to Cobourg, C. W.

MATERNAL AFFECTION.

Men talk of the silver cord of friendshipthe silver ties which bind young lovers together -of the pure affection of husband and wife, as If it were durable as adamant, and as pure as the love of angels. But a hasty word, a thoughtless action, or a mi-construct expression may break the first; slight neglect, some inconsistency, or a willing favor denied, may sunder the second; and even the last may be destroyed, for the green eyed manster may find some entrance, and blight the fairest flower of this sweetest carthly paradise.

But there is a love which neglect cannot weaken, which injury cannot destroy, and which upon ourselves, and breeding uncasiness and strife even jealousy cannot extinguish. It is the pure, amongst others; and I know of none better, and indeed no other that can well be fixed, than what the holy, the enduring love of a mother. It is as gentle as the breeze of evening, firm as the oak, and ceases only when life's last gleam goes out in death. During all the vicissitudes of this change ing world, in sickness or in sorrow, in life or in death, in childhood's haleyon days, in "youth's untraibled hour," or in manhood's vigorous priore, the mother clings with the same unweated affection to her child. It is the same amid the snows and frost of Siberia, the temperate and the joyous regions of our own land, and among the arid sands of Africa.

These auxious cares and tender attentions, and repeated words of a mother's love are not without their happy influences upon the lives and charnever of their sons. The stern rebake of a justly offended father may check for a season the rising and struggling passions of youth, but the lessons learned from a mother's lips are engraven on the heart, and retain their power through life; in virtue's path, and even in the career of vice, they are continually recurring to our mind, and bring with them as farther incitements to good, all the hallowed sense of childhood and innocence.— Hard is the heart that will not melt at the recollection of a mother's prayer; and more obdurate still, the heart of him who by a course of vice can withingly wring her soul with angueti, on I bring down her giev hims with seriow to the may - Presigterion Herald.

MINISTERIAL EDUCATION.

send forth labouters into His harvest."

A Church that neglects to provide for the education of us candidates must expect to have many mountained numbers. The utinest vigilance and decision are necessary in order to maint on a high standard of ministerial qualification. If the question were left entirely to the candidates themselves, there is no doubt that many would enter the munistry with very deficient resources. For, notwithstanding the prevalent opinion that the theological course should embrace at least three years of study, and notwithstanding some stringent rules on the subject, as indicated in the arrangements of the theological seminaries, and as positively required by the Assembly through the Board of Education, a disposition to shorten the course is constantly exhibited among the students who have the sacred office in view.

No greater cvil can befall the Church, next to an unevangelical ministry, than an uneducated ministry. President Edwards has some admirable; remarks on this point, which we extract from his

" Thoughts on a Revival." "The gospel-ministry used to be limited to persons of a liberal education; but some of late have been for having others, whom they have supposed to be persons of eminent experience. publicly licensed to preach, yea, and ordained to the work of the ministry; and some ministers have seemed to favour such a thing. But how little do they seem to look forward, and consider the unavoidable consequences of opening such a door! If once it should become a custom, or a thing generally approved and allowed of, to admit uneducated persons to the work of the ministry. because of their remarkable experience and good understanding, how many lay persons would soon appear ascandidates for the work of the ministry? I doubt not but that I have been acquainted with scores that would have desired it. And how shall we know where to stop? If one is admitted because his experiences are remarkable, another will think his experiences also remarkable; and we perhaps shall not be able to deny but that they are nearly as great. If one is admitted because, besides experiences, he has good natural abilities. another, by himself and many of his neighbours, may be thought equal to him. It will be found of absolute necessity that there should be some certain, risible limits fixed, to avoid bringing odium indeed no other that can well be fixed, than what the prophet Zechariah fixes, viz.. That those only should be appointed to be pastors or shepherds in God's church, that "have been taught to keep eartle from their youth," or that have had an edueation for that purpose. Those ministers who would break over these limits, and make a practice of it, would break down that fence which they themselves, after they have been wentled with the ill consequences, would be glad to have somebody else build up for them. Not but that there may probably be some persons in the land. who have had no education at college, that are in themselves better qualified for the work of the ministry, than some others who have their degrees. and are now ordained. But yet I believe the breaking over of these bounds which have hitherto been set, in ordaining such persons, would in its consequences be a greater calamity than the missing such persons in the work of the ministry -Opening a door for the admission of unlearned men to the work of the ministry, though they should be persons of extraordinary experience, would on some accounts be especially prejudicial at such a day as this; I comes such persons, for want of extensive knowledge, me obentimes forward to lead others into those things which a people are in danger of at such a time, above all others, viz. mapal Co vain imaginations, super

stmen, indiscrect zeal, and such like extreme,

THE CANADA LIFE ASSURANCE COM-PANY, HAMILTON,

CONTINUES to grant Assurances upon Lives, and to act generally in any of the great variety of modes practised by Life Offices. It is the only Canadian Company as yet in operation, and whose Funds are invested solely in this Province at high rates of compound Interest, and on the very best Securities, instead of being drained therefrom and invested at the barely remunerative rates obtainable in Great Britain; this, together with the past and daily increasing success of the Institution (literally unequalled by any British Corepany) fully justifies the Directors in repeating their former assertion, that the advantages it offers cannot be approached by new Company doing business in this Province.

Rates and full particulars may be obtained of E. BRADBURNE,

Agent, Albany Chambers. Toronto, May 20, 1850.
