PLEADS WITH GIRLS TO LET SWEETHEARTS GO

Stirring appeals on behalf of recruiting were made at the conclusion of the evening service at Simpson avenue Methodist Church last night by Lieut. A Craig of the 12th York Rangers, Lieut. John Bennett, who fought at Langemarck, and Sergt.-Major Porter, one of the few survivors of the P.P.C.L.I. "Quite a number of people cannot understand why they should fight for England, at least that is the way they put it," said Lieut. Bennett. "They should be made to understand that this is not El gland's war any more than it is Rus-It, said Lieut. Bennett. "They should be made to understand that this is not Eigland's war any more than it is Russia's or Serbia's or Italy's. It is a war in which everyone should fight to uphold liberty and democracy." He was of the opinion that every man should be public-spirited enough to enlist without having to be button-holed on the street and at recruiting meetings. "It seems to me that it requires a great deal more pluck to walk around the streets of Toronto dressed in civilian cicthes than it requires to storm a German trench." he declared.

"English girls at the present time think it an honor to talk to crippled soldiers," declared Sergt.-Major Forter in urging the young girls present not to detain their sweethearts from enlisting. "I know that Canadian girls will esteem it an honor to marry a crippled soldier."

Another echo of the empire's call for men, and more men, was heard last evening at High Park Avenue Methodist Church, when a special recruiting meeting was addressed by Capt. and three returned soldiers—two of whom have been on the firing line-outlined the young man's duty very clearly at the afternoon meeting Massey Hall.

Controller Spence explained the object of the meeting, and ended with an appeal for the men, young and strong, to flock to the colors. "Every age has its own men, its own deeds. There are only a few times when we must face a crisis such as we have to-day," he said. He spoke of the sacri-fice Christ made 1915 years ago for the nce Christ made 1915 years ago for the sake of humanity and freedom and likened the sacrifice of men today to it. "It is a case of man's duty to his fellowman," he said. He eulogized the work of the British navy, and almost every mention of Britain's fleet was greeted with applause.
Only One of Four.

Sergeant Perry was a reservist and one of four brothers who answered the first call. Of the four he is the only one left. When he came back, wounded, his boy, barely over 18, asked to be allowed to go and permission was granted. The sergeant used the example of his own family as an argument in favor of every man enlisting who possibly can. "Let me ask you," he said, "if you have a boy? Let him go?—you will never be sorry."

Sergeant Broad spoke highly of the nurses and urged every man who could to join the colors and avenge the death of Edith Cavell. He mentioned the gift of the Cowan Chocolate Company to the soldiers last Christmas as being particularly acceptable.

Enemy Greatly Hampered by Snipers and Artillery.

OTTAWA, Nov. 21.-The minister of militia, Major-Gen. Sir Sam Hughes, tonight received the following communique from Sir Max Altken, the Canadian record officer, now serving

with the Canadian army corps in

France:

"Canadian General Headquarters in France, Nov. 20.—During the week of Nov. 12-18 the general stuation on the Canadian front remained unchanged Weather conditions showed an improvement over the preceding week. The temperature was generally lower with occasional frosts at night. Heavy rainstorms were less frequent.

"Good progress has been made by our working parties in the improvenment and drainage of our trenches, and, profiting by recent experiences, measures are being taken to guard against any further flooding of sections of our lines owing to abnormal rains.

rains.

"The enemy does not yet appear to have completed repairs to his trenches and sounds of pumping and balling continue to be heard. His working parties on several occasions have been dispersed by the fire of our artillery and machine gun batteries.

Snipers Do Good Work.

"Owing to the poor state of his communicating trenches the enemy has been forced to show himself in the open more frequently than usual. Full open more frequently than usual. Full advantage has been taken of this condition by our snipers, with good re-sults. Retaliation by the enemy snip-ers has been generally ineffective. There has been considerable artillery activity on the part of the enemy, but on each occasion our ar-

tillery has reduced the hostile bat-

teries to silence.

"A bright moon and the marshy condition of the land between the opposing trenches have added to the difficulties of night patrol work.

Brilliant Operation.

"In order to gain information a minor operation was undertaken by our second brigade on the night of Nov. 16-17 against two points on the enemy's front line. Small parties of our 5th Western Canada and 7th British Columbia, Battalion were selected for the enterprise and for several days previously underwent special training and preparation. On the afternoon of Nov. 16, our artillery cut the German previously underwent special training and preparation. On the afternoon of Nov. 16, our artillery cut the German wire opposite the points of attack. The wire was cut in other places also in order to mislead the enemy. Trees interfered somewhat with the wire cutting operations in front of our Seventh Battalion and scouts were sent forward after dark to complete the work. These scouts under command of Lieut. W. Holmes. 7th Battalion, remained out for several hours and succeeded in cutting three lanes thru the German wire without attracting attention.

"At 2.30 on the morning of Nov. 17, the two parties moved forward, the 5th Battalion party under command of Lieutenants J. E. Purslow and K. T. Campbell was checked in front of the enemy's parapet by a ditch 12 feet wide. Both officers entered the ditch which was shoulder high with water, and found the bottom en-

but without success.
"The German trenches were then bombed from positions close to the ditch causing casualties among the enemy. The party returned safely to

Penetrated Foe's Trenches, "The 7th Battalion party, consisting of brigade bombers under Capt. C. T. Costigan and filemen under Lieuts. Wrightson and Macliray, reached the enemy's parapet unobserved under cover of a heavy rainstorm and en-tered his trenches. A telephone was carried with the party and touch was maintained thruout with Lieut.-Col. Odlum in our front trenches. The party bombarded its way down German trenches and communicating trenches. Many Germans were bayoneted or killed by bombs in their dug-

outs. Twelve prisoners were taken.
"This objective having been achieved, our party was then recalled by prearranged signals and returned to its trenches with its prisoners. Our casualties were one accidentally killed

and one wounded.

Artillery Shelled Trenches.

"During the above operation our artillery prevented the enemy in adjoining trenches from rendering assistance at the point of attack. On the return of our party our artillery shelled heavily the German front line

SO SAYS REV. DR. CHOWN

Canadians Are Discovering the Value of Ethics of Jesus.

Growth of character as a result of responsibility, with particular reference to the changes thru which Canada is passing as a result of sacrificing her best in the cause of liberty, was dealt with by Rev. S. D. Chown, D.D., in yesterday's sermon at Convo cation Hall, which was attended by the officers taking the course at the Provisional School of Infantry. There was a marvelous enlargement of Can-adian character, the preacher declar-

ed, as a result of having to bear a heavier responsibility. "The women of Canada have been set "The women of Canada have seen set in a large place," declared Dr. Chown.
"They are practising self-denial in a way that is truly marvelous. All social barriers have been broken down in their work and a new conception of aristocracy is being evolved which is alke unto that of Christ. There is a strong trend of thought towards making business a public service had taken possession of our country. Character, not cash, is being made the chief goal of business life. The Hippodrome Charles Leonard Fletcher will headline the bill at the Hippodrome this week with his series of artistic studies from life. Two splendid pictures are provided for the film devotees this week in a particularly exciting episode of the popular "Neal of the Navy" and the thrilling photo play "The City Tigress." Clarence Wilbur, the inimitable tramp comedian, has some droll stories and songs, while Welch, Mealy and Rose present the amusing sketch, "You Ain't Been Doing It." Turner and Grace are juggling pantominists, while Clifford and Fields present the laughable farce "Mind Your Own Business." "The Girl and the Governor," a clever dramatic sketch, the Fantan Trio, singing comediennes, and the best and newest feature film attractions, complète the bill.

A strong bill at the Strand Theatre for today, tomorrow and Wednesday will be headed by "The Family Cupboard," a photo-play of strong dramatic power, with Holbrook Blinn, who achieved so much popularity in "The Boss" at the Strand recently, in the leading role. The play deals with certain phases of modern wealthy life—the craze for pleasure, for society, for dissipation, and the neglect of home. The play faces these facts of modern life without flinching, and the strong story which it tells conveys a moral warning, the significance of which cannot be mistaken. The bill will also include the eleventh instalment of "The Goddess," and the Pathe News.

Wonderful Lessons in the Bible's English For Writers and Speakers

Shakespeare was master of nearly twenty thousand words. Milton of about thirteen thousand. But the whole King James Version of the Rible contains and the state of the Rible contains and the state of t Bible contains not over six thou-sand words; not a half of Mil-ton's, not a third of Shakespeare's

sand words; not a half of Milton's, not a third of Shakespeare's vocabulary.

Short words are always strong words; they explode like bullets. Do you know that the average word in the English Bible, including even the proper names, is composed of less than five letters? Leave out the proper names and the average word wouldn't have even four letters. In the beloved 23rd Psalm there are 119 words; 95 are words of one syllable! In the Sermon on the Mount more than 80 per cent. are words of one syllable. In the Ten Commandments, on which are based all the lews of all the world, there are 319 words; 259 are words of one syllable; and only 60 of two and more syllables in Lincoln's Address at Gettysburg, perhaps the greatest in the world, there are 266 words. Of these, 194 words are of one syllables, 31 and only 19 of three or more syllables. There is food for thought in these figures. What an improvement in our writers and speakers, if, like Lincoln, they would only give study to the English of the Bible! Lincoln, they would only give study to the English of the Bible!

MONDAY MORNING, NOV. 22.

The Big Labor Issue.

Much attention is being directed in Great Britain to the question of sweating the workers on war contracts. whether in the manufacture of munitions or of clothing and other supplies. There is a serious side to the whole affair from the national and social viewpoints. Behind the complaint lies the foundation principle upon which all the relations of labor and capital must ulti-

mately rest. It is unfortunate that the issue should be precipitated at a time when the very existence of the empire is at stake, but it has to be faced, and it can be settled just as readily now as at any other time. It is also unfortunate that the people most concerned in a direct sense, the workers themselves, are not united as to the best means of dealing with the difficulty.

They are certainly united in their desire for betterment, but they are far from united as to how best to attain their ends.

We believe that the issue is a much larger and more important one than any other social issue raised by the war, and if it be not settled right it will prove to be a greater weakness The award has materially injured than anything that the kaiser and his forces can inflict. There is a local side to the question which has been ventilated to some extent in the past week, and has also cropped up in what we cannot but regard as an unjustifiable way in the hydro-electric workers' strike. What the hydro-electric men have to complain of in comparison with the grievances that indubitable way exist in other ranks of labor, we and source of injury to the empire ably the cause of the real sufferers to have men who have no grievance whatever, on their own confession. strike for higher wages while their brothers and sisters are really in trouble and need.

In England it is stated that girls have been working 72 hours a week for five cents an hour, and they worked seven days a week at that! Another case has been reported where women had replaced men working at ten pence an hour and were paid two pence. A pound a week has been set as a minimum in certain factories where a premium bonus system has been in force, but this, at 72 hours a week, means less than

seven cents an hour. These wages paid to women who are now being brought into labor in a way that they have never been before. means lower wages for men eventually. It seems strange that the labor men as a whole do not see the result of this after the war. Now is the time to insist on things being righted that is, the wrong things being set What Mr. Rogers May Recommake demands which are not warranted then labor as a whole, and especially those who are now being imposed upon, will suffer later on.

The labor men are not at all unanimous on the question of women taking men's places in all lines of work where they can be employed. Nor are they unanimous that the women should be paid equal rates with the men for the same class and amount of work done. When women first came into business in America, say forty years ago, the employers only acceded to the demand of women for work on the concession of accepting lower wages. The men made no protest. They were not organized in the lines in which women sought employment-clerks, bookkeepers, stenographers and office workers generally. Men at that time got good living wages or salaries.

It took no prophetic talent to see what the result would be. Men's salaries had to come down to the competing level of the women's rates. The same thing is bound to occur in the ranks of labor if women are coming into the labor field without guarantee of fair and equal treatment Women's wages should be level with the men's or men will suffer as they have done in the past from the competition of

cheap labor. The only effective way to meet the situation is to give the women a voice in the matter themselves. The mer what is the only effective voice. They know what it was that first en abled them to attain to independence in their own affairs. If they cannot see that women must be placed on the same pound electoral basis as men in

order to secure the same equal labor basis then they must learn by experience. Women must have the vote in order to regenerate their own class and in order to save men from the uinous competition which a disfranthised class will ensure.

This is no radical or revolutionary lemand. There are some capitalists who may object to the elevation of their fellow-men and women to a state of comparative independence, but when we have the British Government taking action to tax the profits of the manufacturers engaged in war contracts in Great Britain, and when we have statements published in this country and allowed to pass without ontradiction that manufacturers are making fifty per cent. and more profits on their contracts, it is no time for the manufacturers to raise an objection to their employes asking, not for profits, but for enough to live on.

In regard to the larger question which has not been very generally understood, the time is going past, if the war is to last much longer, when anyone, manufacturer, capitalist, worker or shirker, may dare to think of anything more than a sustaining wage. The credit of the empire depends on the economy of all who live in it and of the saving from waste of everything that can be spared. This is not a note of despair or pessimism, but of reasonable business and common sense. Everybody should try and think about it.

What the Hydro Strike May Involve

In their comparison of figures in the wages raid by the Toronto Electric Light Company and by the Hydro Electric Commission the men appear to have taken the maximum in the one case and the minimum in the other. It may be true that a few of the older and more trusted employes of the T. E. L. Co. have been given a higher rate of wages than the minimum of the Hydro-Electric Commission, but this does not prove the men's case by any means. Their own admission stands that they were afraid that their wages were going to be reduced, and that they asked for a ten per cent- raise, not with any expectation of getting it, but as a bluff barrier against decrease. There was no intention of lowering, wages and the bluff was quite unnecessary but it carried away simple-minded people like Judge Coatsworth and Mayor Church, who are eager to award anything that may be asked

in an arbitration. The award has materially injured

valent in wages. Men getting forty cents an hour would then be shown to receive forty-four cents an hour, and comparisons with the T. E. I. Co.'s wage schedule could be more fairly and equitably made.

The commission evidently wishes to meet the men on every point that can be shown to be a proper basis of complaint, but it would be absurd to expect the commission to acquiesce in an award which violates every principle of fair play, and does more injustice to every other branch of labor than could possibly be compensated by the dubious advantages which the award would confer.

If any labor men do not think these advantages are dubious they should ston to consider what the effect of a vital blow to the principle of public ownersip means, and what it would lead to should insistence upon this award lead to the failure of public ownership as represented by the Hydro-Electric Commission of Toronto.

mend

A long fall with few storms upon the great lakes bids fair to extend beyond its usual limit the season of inland navigation. But it is estimated that at least 70,000,000 bushels of wheat will have to find its way by an all-rail route from western Canada to the Atlantic seaboard.

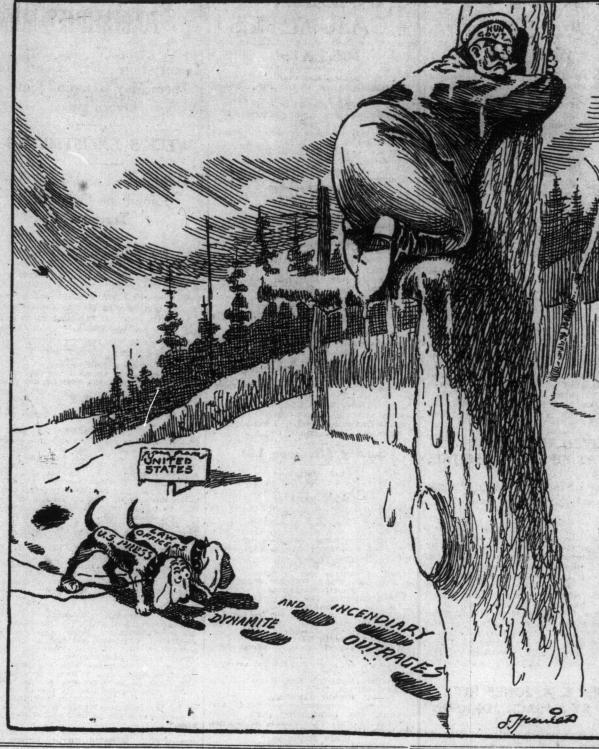

The present all-rail rate from Winnipeg to Montreal is 18 cents, an almost prohibitive toll when added to the rate from Montreal to Halifax or St. John, N.B. Indeed, the haul to the Nova Scotian seaboard is of such great length that only a reduced rate per tor.-mile can guarantee any large proportion of Canadian grain going east from Winnipeg and Port Arthur this winter via Canadian railways thru Canadian ports to England.

Pressure is therefore being brought upon the government, not only by the grain growers of the west, but also by husiness men of Quebec City and St. John, N.B., to make a ten cent rate for wheat from Winnipeg to Quebec via the National Transcontinental

Yet is the demand of the farmer of the west for a ten-cent rate unrea sonable? If he cannot get into the American market he should be helped to England, the only other market left. He argues that the government possessing all the facilities necessar; for that purpose, should carry his wheat for ten cents a bushel from Winnipeg to the sea. He has been expressing himself with unmistakabl rigor. Hon. Robert Rogers, who has been swinging round the circle for some weeks in the west, must have encountered him at many places. It is a fair

snent either free wheat or a ten-cent rate to the farmers of the west.

Discrediting Arbitrations

surmise that Hon. Mr. Rogers will re-

commend the Ottawa Government to

Financial Times, Nov. 20: We ob served last week that the award of a sentimental arbitrator in the Toronto Hydro dispute, giving the men prac-tically all they asked, was in prepos-terous conflict with all the facts regarding the rate of wages paid for similar labor in Toronto and the cost of living new as compared with re-cent years. This is interestingly confirmed, and the sentimental arbitrator s placed in a most unfortunate light, the statement made this week by deputation of the strikers to The Toronto World, which newspaper they waited upon in order to convince it of the merits of their case. They in-formed The World that they had no complaint on the ground of wages, and would be perfectly satisfied with the much smaller increase offered by the Hydro Commission! In an interview in another Toronto paper, The News, a leader of the men frankly admitted that they had only asked for a ten per cent, increase because they feared that if they did not ask for much more than they expected to get their wages would actually be lowered! Their surprise when Judge Coats-worth presented them with the whole ten per cent., which they asked for, only deferring it till May next as a favor to help the Hydro thru a trou blous year of war, must have been overwhelming.

Anything more thoroly discrediting to the whole concilation board system as recently practiced can hardly be imagined, and it is perfectly obvious that after these admissions the Hydro Commission can no longer be asked to treat the Coatsworth award as a serious document. The damage which this tactical error-and its un blushing admission-have done to the cause of labor is simply incalculable for henceforth every employer will be entitled to quote the Toronto Hydro case as an evidence that the demands of employes as presented in arbitration proceedings are not advanced in sood faith, and are not entitled to AT HOLY TRINITY CHURCH

Note to Greece.

Because of the attitude taken by the Helienic Government in regard to certain questions touching closely the security and liberty of action to which the allied troops have the right under the conditions of their disembarkment on Greek territory, the allied powers have deemed it necessary to take certain measures which will have the effect of suspending the sconomic and commercial facilities which Greece has received from them heretofore.

It is not the intention of the allied powers to constrain Greece to abandon her neutrality, to maintain which, in their eyes, is the best guaranty of her interests. The allied governments have been somewhat disturbed by certain alliesions to eventual measures

somewhat disturbed by certain allusions to eventual measures which, if taken by the Hellenic Government, would appear to them to be contradictory to assurances they have received.

As soon as their doubts on that subject—due no doubt, to a misunderstanding—have been dispelled, the powers will be happy to remove the obstacles now opposed to the arrival of merchandise in Greece and to accord any dise in Greece and to accord any facilities which result from normal

Greek Cabinet Meets The Greek cabinet met to consider he situation and a few hours should "to be or not to be," by the Hon. Justice Riddell, and the scathing scornfulness of Dr. Norman Bethune, A.M.C., just back has affirmed its friendliness to the allies, but has not yet taken the steps required to prevent Greece from being counted among the friends of the cen-

tral powers. The entente allies will not permit any delay; the position of the Serbian armies makes any prolongation of the resent uncertainty impossible.

Leaders of the Greek party of
Eleutherios Venizelos, who twice resigned the premiership on account of King Constantine's opposition to his policy of entering the war on the side of Serbia and her allies, held a meeting in Athens today to decide upon their attitude in regard to the forth-

coming general elections.

Reuter's correspondent at Athense wires that the leaders decided to urge the party not to participate in the election, inasmuch as the men serving with the colors will not have opportunity to do so. Moreover it is considered doubtful whether, in the event of another victory at the polls

What Germany Hears.

According to an Athens despatch to The Frankfurter Zeitung, the Greek minister of state has informed the chiefs of the foreign legations that Greece, in order to maintain her neutrality, has decided to disarm and mprison in concentration camps all erbian troops who may retreat into Greek territory.

Greece must prevent the war from spreading to her soil, the minister is quoted as declaring.

Tigers Beat Torontos In Canadian Final 13-7

Capitals Defeat Sarnia 17-10 U.T.S. Win From Woodstock 30-0 Rugby

HAMILTON TIGERS EARN RUGBP TITLE

Torontos Got Jump in Fisrt Period, But Could Not Maintain the Lead.

championship of the Canadian Rugby Football Union at the Varsity Stadium on Saturday, before a crowd of 3000, defeating Toronto Rugby and Athletic Club by

13 to 7. The day was ideal for football, except the field was greasy, and frequently the players tost their footbold in starting a run. The schoolboys in the morning had wiped up the water, and the ground was in fair condition for an aftermoon late in November.

The attendance was somewhat disappointing, many of the fans likely wanting to see the Tigers perform against the Argonauts a week later, on the occasion of the benefit game to Glad Murphy.

Torontos got the jump at the start, kicking north with the slight advantage of a cross wind, and had a lead of 4 to 0 before the Tigers found their bearings. Bickle and DeGruchy were in great form, while Manson and the two McKelveys muffed wofully early in the first period. Chicken McKelvey limped badly and lasted only ten minutes, until Lutz replaced him. The latter played both defence and attack up on the line, and his work turned the tide in favor of the Tigers.

Played Two Men Back.

Thereafter Manson and John McKelvey attended to the mammoth punts from Bickle and DeGruchy, the buik of the work going to John, who was the target for the rest of the afternoon.

Tho Torontos looked better in the first quarter, a chart of the game shows that play for the most part of that period was in Toronto territory. Two scrimmages were in Tigers Scrimmaged in Toronto 26, and once Manson punted behind the goal line when Bickle ran out. DeGruchy kicked on the first down to centre-field, relieving a serious situation.

kicked on the first down to centre-field, relieving a serious situation.

It was an even battle in the second quarter, with play generally in Toronto territory. Only two scrimmages were in Hamilton's 25, with Tigers in possession, and not once did the ball get behind their goal line. Three times Toronto put the ball in play in their own 25, and once Manson kicked over for a rouge, the only soore of the period. At half-time Toronto led, 4 to 1, play for the most part being around the 50-yard line at midfield.

The third was Torontos' period apart

field.

The third was Torontos' period apart from the scoring. No less than 19 scrimmages started on Tigers' side of centre-field with Toronto in possession six times, but the locals only added a rouge and touch-in-goal. J. McKeivey's long run was the break that won for Tigers. Manson made a short advance, and then big Erskine zig-zagged across near the touch line. Manson converted and the Big Four champions led. The period ended 7 to 6.

Tigers Tore Up the Line.

Tigers tore up the Toronto line, starting the fourth quarter, and Lutz went over for a try. Manson missed the kick, but Hamilton was ahead 12 to 6.

Toronto then forced the play but could not get across. Burkart picked up a

Jover for a try. Manson missed the kick, it than the missed the kick, and the most get across. Burkart picked up a loose ball and was nailed just on the line. It took the referee a long time to untangle the scrim. He finally found Toronto in possession a few inches mplay. They tried three bucks and lost every time. Then an exchange of kicks followed and Blckle tried a field goal but missed and a rouge was registered. Next Tigers forced matters, and aided by the referee's decision Manson kicked over for a rouge, and the game ended with Hamilton in possession at middfield.

The Tigers scored most in the fourth play was largely in their territory, Toronto being three times in possession within scoring distance, but only one point restited.

There was little betting on the result. Hamilton took some at 1 to 2, while Toronto supporters asked 3 to 1.

Referee Dixon's decisions were hooted in the last quarter, and a section of the bleachers tried to rish him when the whistle blew, but he escaped as a whole. A careful analysis of the play will show that the better team won. Manson showed his class when the final came, while Torontos fell down lamentably after Burkart carried the ball right up to Tigers' line.

Tigers' line play and end runs won the ball outside of punting, while eight times ring sprints.

The Toronto wings followed up better on punit, but they could not one put they could not be up to the popular of the popular of the popular times they could not be the countries.

The Toronto wings followed up better on punts, but they could not make their yards like the Tigers.

The game was splendid from the solutions, standpoint, tho there was more grumbling than is usual in a championship final.

OSLER CITY CHAMPIONS.

The Osler, 115-lb. City Playground Rugby champions, won the city chamonship at Jesse Ketchum Park on Satarday afternoon by defeating the Capital City League champions, 10 to 3. This is the first year for this competition, which is to be played alternately n the City Rugby League and the City Playground grounds. The exhibition was good and the game fast all thru with the City Playground boys on the offensive. The whole Osler team played good ball. In the last quarter against the wind the latter team made their yards eight times. For the winners Britton at centre half For the winners Britton at centre half kicked well all afternoon. He dropped one goal from the field, and at another time kicked over one-half the length of the field for a point. Willie for the same team played a very heady quarterback. Armour for the losers was very fast. Osler team: Flying wing, Lane; half-backs, Benson, Britton, Batstone; quarter, Willie; scrimmage, Bruce, Awd, Conroy; inside, Smith, Hickey; middle, McVdcor, Stromar; outside, Harland, Phillips. Referee and umpire, half-and-half, E. R. Buscombe and McDowell.

Defeating Jack Newton's Sarnia Team at London After Playing Extra Time.

LONDON, Nov. 20 .- The Capitals of Foronto defeated Jack Newton's Sarnia eam here today, 17 to 10, after extra time, for the intermediate championship of the Ontario Rugby Football Union. Sarnia was ahead until the middle of the

Sarnia was ahead until the middle of the fourth quarter, leading at three-quarter time, 9 to 2.

Caps used many subs and forced the play the fourth period. Two rouges, Mc-Lean's touchdown, just before full time and Landsberg's converted goal tied the score, and extra time was ordered. There was no score the first quarter. In the second Smithson fumbled McCart's punt and Jeffrey fell on it for a try. McCart failed to convert it. Smithson was replaced by Landsberg, who kicked to dead line for a single point. Loomis fell on Freeman's kickoff, giving the Caps another point. At half time the score was: Sarnia 5, Capitals 2.

In the third quarter two rouges and Newton's safety touch when he pushed Freeman over, made the score: Sarnia 9, Caps 2.

Starting extra time both teams exchanged punts. Parrott, playing a stiff game, stopped the heavy plunges by McLean. Gleason was downed on the 30-yard line. Caps got the ball at midfield, but lost on interference. Freeman ran 16 yards. Darkness made it rather difficult to see the plays.

McDougall replaced Pritchard. McCart

was rouged on Landsberg's punt, breaking the tie. Changing ends Capse began by passing the ball well. Landsberg's punt went out at midfield. Newton caught and ran 20 yards, but Referee Smith called him back and gave the ball to the Caps. McCart made a fumble and Freeman fell on it for a touchdown. Landsberg converted. The final score was: Capitals 17, Sarnia 10.

Hollow Victory Over Woodstock College in O. R. F. U. Junior Final.

University Schools went thru the season unbeaten, winding up on Saturday morning with a hollow victory, their seventh straight, over Woodstock College in the final game for the junior championship of the Ontario Rugby Football Union, score 30 to 0. The game was payed on the water-soaked Varsity Stadium before a crowd of about 500, the greater portion being the boys and staff of U.T.S.

greater portion being the boys and staff of U.T.S.

Woodstock showed up with plenty of weight, likely having a few pounds per man on the School, but the latter settled down and marshaling their versatile Rugby repertoire the visitors were never in the hunt. Their best asset was a two-decker mass buck that gained them many yards. They hoisted the centre scrimmager, ball and ail and marched down the field.

E. Douglas, the big right back of the School, started with a bad ankle, a relic of the Stratford game, and an early bump gave Carroll also a limp. These two ill all the defence work without a slip. Capt. Fox was immense thruout, especially in his tackling. Carroll gathered any ball that) anybody turned loose and was the popular hero of the boys. Garrett dropped two field goals and did the punting with characteristic zeal and abandon.

U.T.S. tallied a touchdown in each

nunting with characteristic zeal and abandon.

U.T.S. tallied a touchdown in each quarter. Fox in the first went over, McLeod in the second, Bradford in the third, and Jimmy Douglas in the fourth. Garrett placed two goals out of three tried. Schools did not have a weak spot, every man in the scrimmage and on the line playing like a champion.

Prof. Crawford was an interested spectator and afterwards instructed J. O. Carlisle, hon. coach, that Saturday's game would wind up the U.T.S. Rugby for the season.

Chickens and Ducks Both Sold From Sixteen to Twenty Cents Per Pound.

The St. Lawrence Market was rather slow and draggy on Saturday, and the basket section was overcrowded and drty, as usual, but there were not quite so many in the wagon arena.

A much-needed reform was inaugurated, namely, the inspection of eggs, and the honest vendors, who come in every week, and only have the bona-fide "new-tadd" article, were heartly glad, as they week, and only have the bona-fide "new-laid" article, were heartify glad, as they have been up against a very unufair proposition hereto.ore, as there were muny imposters who bought cold-storage eggs and sold them as new-laid, and even some farmers, who only came in occasionally, would bring in all which had been gathered in the interim and sell them as new-laid, and these reprehensible practices id, and these reprehensible practices ertainly affected trade, as the old adage une, "Once bitten, twice shy," and many exple who had bought eggs at a high rice only to find they had been "stung" ever bought any more.

WAR LOAN

DOMINION OF CANADA

ISSUE OF \$50,000,000 5% BONDS MATURING 1st DEC., 1925

REPAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY-1st JUNE, 1st DECEMBER.

ISSUE PRICE 971

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st JUNE, 1916. THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

In the event of future issues (other than issues made abroad) being made by the Government, for the purpose of carrying on the war, bonds of this issue will be accepted at the issue price, 97½, plus accrued interest, as the equivalent of cash for the purpose of subscriptions to such issues.

THE MINISTER OF FINANCE offers herewith on behalf of the Government the above named Bonds for subscription at $97\frac{1}{2}$ payable as follows,—

per cent on application, " 3rd January, 1916, 1st February, 1916,

1st March, 1916, 1st April, 1916, 1st May, 1916.

The instalments may be paid in full on and after the 3rd day of January, 1916, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Applications, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. The bank will issue a provisional receipt.

This loan is authorized under Act of the Parliament of Canada and both principal and interest will be a charge upon the Consolidated Revenue Fund. Forms of application may be obtained from any

branch of any chartered bank in Canada, and at the office of any Assistant Receiver General in Canada. Subscriptions must be for even hundreds of dollars. In case of partial allotments the surplus deposit

will be applied towards payment of the amount due on the January instalment. Scrip certificates payable to bearer will be iss

after allotment, in exchange for the provisional receipts. When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds without coupons.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch of any chartered bank

Holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, payable to bearer or registered, without payment of any fee, and holders of bonds with coupons will have the right to convert, without fee, into fully registered bonds without coupons at any time on application in writing to the Minister of Finance.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

The loan will be repaid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, M Toronto, Winnipeg, Regina, Calgary or Victoria.

The books of the loan will be kept at the Department of Finance, Ottawa.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications which bear their stamp.

Subscription Lists will close on or before 30th November, 1915.

Finance Department, Ottawa, 22nd November, 1915.

MONTREAL BANK SHOWS BIG PROFIT

Annual Statement Exhibits Earnings Almost Fourteen P.C. Over Expenditures.

SPECIAL FEATURES

Total Assets of Institution Present a New Record Level Over Last Year.

tober 30, 1915, issued today, will be closely analyzed by every one anxious to see how Canada is coming through the very unusual conditions which have existed in the country since the outbreak of the European conflict.

For some time past there have been indications that in many ways both the general financial situation and the outlook in Canada were improving, so that financial interests naturally aire looking for strong statements by the leading banks of the country. Few, however, will be prepared for the remarkably strong position achieved by the Bank of Montreal. In times like these, a position of unusual banking strength is perhaps the best safeguard the Dominion could have, and from a patriotic standpoint it should be equally as satisfactory to the shareholders as it is to the Canadian public generally.

generally.

The Features.

All' the special features of the statement tend towards strengthening the bank's position. The total assets represented a new record level of 3802,980,554. compared with \$259,481.-663 at the end of the previous year, an increase of over \$40,000,000. Of these assets, cash on hand and liquid assets, as no hand short loans and balance due by other banks, etc. made a new high record at \$170,007.-568.09. equivalent to 64.27 per cent. of the liabilities of the bank to the public. This compares with \$122.658,003.02 at the end of the previous year.

The manner in which the bank's business continues to grow is indicated by a very substantial increase in deposit accounts, deposits not bearing interest at the end of the variation of the variation of the liabilities of the bank to the public.

cated by a very substantial increase in deposit accounts, deposits not bearing interest at the end of the year having amounted to \$75,745,729.78.

compared with \$42,689.031.57 last year; deposits bearing interest \$160.277.
683.72. compared with \$154,533.643.41.
making a total increase for the year of \$38.800,138.52. As is usual with the Bank of Montreal. some of these deposits are doubtless of a special character, but the general increase must be regarded as highly satisfactory besides being, in times such as these, especially a mark of public confidence.

While the deposits were increasing posits are doubtless of a special character, but the general increase must be regarded as highly satisfactory besides being, in times such as these, especially a mark of public confidence.

While the deposits were increasing at such a rapid rate the commercial requirements of the country were evidently reduced because of the smaller volume of commercial business that was being transacted. Such a condition was indicated by a small falling of in the current loans which, at the end of the year, amounted to \$99.078, 506.38 compared with \$108.345,332.96 at the end of the previous year. It is a satisfaction to note that the bank is in a position to take on any legitimate commercial accounts if and when the demand for such accommodation revives.

the demand for such accommodation revives.

Profits Equal to 13.18 Per Cent.

The profit and loss account for the year ending October 30 showed profits of \$2.108,631. equivalent to approximately 13.18 per cent on the paid-up capital compared with \$2,496,451 in the previous year. These profits were sufficient to enable the Bank to make its usual disbursements to its shareholders and after providing \$127,000 to pay the special war tax imposed on its note circulation, it added some \$61,000 to profit and loss. This brought the total amount of the profit and loss account at the end of the year up to \$1.293,952, as compared with \$1,232,-669 at the end of the previous year.

BIG STOCK OF WHEAT AVAILABLE FOR EXPORT

Previous High Mark is Passed by Eighty-Five Million Bushels.

By a Staff Reporter.
OTTAWA, Nov. 21.—The estimate of the cereal crops in Canada, issued by the trade and commerce department today, is 336,258,000 bushels. After satisfying home requirements the quantity available for export is estimated as 232,122,200 bushels. nated at 228,132,200 bushels. This estimate is arrived at by allowing 33,625,800 as an average 10 perlowing 33,625,800 as an average 10 percent, loss in cleaning and allowance for grain not of merchantable quality, while 24,500,000 bushels will be retained for seeding. This will allow for the seeding of 1,000,000 acres next year more than this year.

more than this year.

The largest quantity of wheat and wheat flour previously exported in any one fiscal year was 142,574,000 bushels in 1913-14. The quantity now estimated as available for export 3is 85,558,000 bushels in excess of this amount.

NEW YORK BANK STATEMENT.

LONDON STOCK MARKET.

LONDON Nov. 20.—Meney was in better demand and discount rates were steady today. American exchange was weaker, and the appearance of several buyers caused cable transfers to drop to 4.63%.

The stock market finished the week dull and uninteresting, and even rubber shares failed to respond to a further rise in the raw material. A few foreign bonds and home rails were marked, while treasury bills changed hands in the money market fairly freely.

American securities lacked support and dropped below parity. The closing was dull.

SILVER PRICES.

In London Saturday bar silver closed ½d lower at 24%d per ounce. The New York price was 511%.
