Play Here Saturday. The interprovincial football game will be played at Varsity Athletic field.

PS The only remedy which will cure Gonorrhoea, Syphilis, Stricture, etc.

Game is Off Again and On Again Bowlers Bowled on Wet Grass

Out of 156 Rinks Entered 96 Played, East Winning By 133 Shots - Players and Scores.

At noon on Saturday it looked so hopeless to attempt to play the big bowling match, East v. West, that the chairman, after consultation with some of the members of the committee, decided to postpone the game for a week.

A great number did not hear of the postponement, and at 2:30 so many players had turned up at the various lawns that it was decided to call the game on again.

The rinks taking part represented the following clubs: Queen City, 14 rinks; St. Matthews, 8 rinks; Kew Beach, 5 rinks; Balmy Beach, 4 rinks; Brampton, 3 rinks; St. Simons, 1 rink; Grimsby Park, 1 rink; Victoria, 7 rinks; Canada's, 2 rinks; Thistle, 5 rinks; Alexander, 6 rinks; Lorne Park, 2 rinks; Carleton Place, 2 rinks; Brantford, 1 rink. The score was as follows:

Table with columns for Club, Rinks, and Score. Includes entries for Queen City, St. Matthews, Kew Beach, etc.

COURTNEY LOVE. Circulation Manager of THE TORONTO WORLD, do solemnly declare that the following statement shows the net circulation of THE WORLD for each day in the month of September, 1907:

Net Average for 28 Days 41,608

Net Average Five Sundays 39,559

The foregoing figures include all papers actually sold and do not include damaged papers, samples or returned copies.

Declared before me at the City of Toronto, in the County (Sgd) COURTNEY LOVE, of York this 1st day of October, A. D. 1907.

NEWFOUNDLAND AND THE BRITISH GOVERNMENT.

From the British newspapers that have now come to hand, it appears that in summarily suspending the operation of the Newfoundland statutes regulating the conduct of the fisheries, the British government relies upon an ancient law passed in 1819.

It is impossible that Governor John Johnson of Minnesota may be the successor of President Roosevelt. His father was a Swedish immigrant, who for years enjoyed the distinction of being the village drunkard.

It is not impossible that Governor John Johnson of Minnesota may be the successor of President Roosevelt. His father was a Swedish immigrant, who for years enjoyed the distinction of being the village drunkard.

Our political system tends to concentrate power in the hands of the party leader, and from their number the party leader must be chosen.

On another page will be found a long

A VIRGIN FIELD.

Mr. Lemieux's postal changes may have cut down the supply of magazines from the United States; at any rate they cost from \$1.25 to \$2.00 per cent. more than formerly.

Such questions exist. Corruption in government, corporate aggressions, reduced railway rates, the origin and history of various accumulations of capital, the insurance question, the pure food question; there are many subjects of keen interest which might be investigated by a magazine in the interest of the public good.

"ALL CHILDREN TELL LIES, SIR." Bertha Wilson, the little girl whose testimony convicted her aunt of receiving stolen goods in the Toronto police court, seems to be more intelligent or more observant than many older people.

As a matter of fact, children are imaginative, fond of invention, addicted to personifying inanimate objects, and of giving dramatic form and fanciful embellishment to what, from maturer lips, might be a "bald and unconvincing narrative."

When the bill was before the house in 1896, it was not without interest that the Sumner-P.E.I. Journal (Con.) should have already foretold cabinet honors for Mr. LeFur.

Mr. R. L. Borden: I do not observe any mention of grain or flour. Sir Wilfrid explained that all nations were on the same footing in this respect.

At Osgoode Hall. Master's Chambers. Cartwright, master at 11 a.m. Single Court.

WINDSOR SALT—because it's pure, fine, clean, dry, piquant—is used by most people all the time.

Political Intelligence

The Amherst Daily News (Lab.) admits that R. L. Borden "got a lot of legitimate amusement in his Victoria speech out of the circumstance that Sir Wilfrid Laurier did not choose his British Columbia minister from the Liberal members of the house from that province."

It is to be feared if the country were to be divided into two parts, the one to be called the "West" and the other the "East," the "West" would be the "East" of the "East."

St. Andrew's Beacon: Hon. Wm. Pugsley has threatened the Toronto World with a libel suit because it suggested that he was behind the Blair-Russell deal of 1904.

The Halifax Chronicle (Liberal) affects to perceive that Mr. Borden is supported by the Conservative newspapers. It says: "The Ottawa Journal, which has blossomed out as a thorough-going newspaper of the opposition."

The Brookville Ontario (Lib.) Mr. Graham's newspaper terms R. L. Borden an "opportunist." Respecting the Japanese treaty it says: "The Conservative party and Mr. Borden."

At Osgoode Hall. Master's Chambers. Cartwright, master at 11 a.m. Single Court.

At Osgoode Hall. Master's Chambers. Cartwright, master at 11 a.m. Single Court.

At Osgoode Hall. Master's Chambers. Cartwright, master at 11 a.m. Single Court.

This vicinity regarding the matter. There is no doubt that a rural telephone system through the most selected portions of the district would be a great convenience and would, we believe, greatly assist rapid development and progress.

The Calgary News (Conservative) moved to enquire: Why cannot the newspapers of Eastern British Columbia be run and Saskatchewan get together and establish a paper mill at a central point, where easy transportation for logs might be had, and where plenty of water and cheap power is available.

London Advertiser (Liberal): We are now told that there is a great chasm between Alexander and Fitzpatrick. According to the Tory press, Fitzpatrick was a great step-down from Mowat.

St. John, N.B. Evening Times (Liberal): J. Walter Curry, K.C., the Liberal candidate for the legislature in New Brunswick, came out strong in a speech on Saturday night for Mr. Borden's policy of government ownership of telegraphs and telephones.

The Charlottetown Guardian (Independent-Liberal) says: "The sympathy of every colony in the empire is with Newfoundland, and this may count for something in bringing about a settlement of the trouble."

The Nova Scotia Liberals are going to tender a big reception to Hon. Mr. Fielding upon his return from Europe. It is to be a party affair and hopes to rival the Laurier reception in Quebec.

EATON'S DAILY STORE NEWS

Fall Hat Weather and The Right Fall Hat

Just when men need new Fall headwear, these facts concerning our greatest value \$1.50 hat and the reasons for its success should prove doubly interesting.

In the first place this new Derby is made after our own idea from the latest American blocks by Battersby & Co. and Marloes of Stockport, England, two of the largest hat makers in the world.

The hat is made of genuine, pure fur felt. This fine fur is deftly blown on a large brass cone, where it sticks in smooth, thin layers. The reduction in size is accomplished during the felting process and is really a part of it.

The process of felting follows next, when this layer of fine fur is water-soaked and comes out as the material fur felt, each separate piece of fur being so closely interlocked with the other as to make it almost a woven fabric.

Then comes the "stiffening." This is the strong point of our \$1.50 hat. It is just stiffened enough to be solid, not enough to be genuinely stiff. In other words, it is flexible. The rims may be pressed together, or the crown hammered in, and the hat will not crack.

The dyeing, shaping and finishing make the finished hat. None but the best dyes are used, and the final color is a genuine jet black that's guaranteed not to fade.

It is shaped in FOUR DIFFERENT STYLES. Nos. X73 and X75 are for the young chaps, with D'Orsay and Angelsea brims and tapering crowns; X75 having the latest three-quarter side bow on the silk band.

The trimmings and finishings are perfect. Silk-sewn and whole-leather cushion sweatbands. These bands sit out from the hat and will fit the "bumps" on any head, besides doing away with that red mark across the forehead.

We've sold Derbys for years, and take genuine pride in saying that this is the greatest \$1.50 value we've ever seen.

Come and Get fitted. We've got your size. Main Floor—Queen Street.

WAREROOMS OPEN EVERY EVENING DURING SALE

Bell A Six Days' Sale OF 100 Pianos

As already announced, this week is devoted to A SIX DAYS' SALE of nearly ONE HUNDRED Upright and Grand Pianos that have been taken in part payment of Bell Antonolas.

It is possible to buy a thoroughly good instrument from this collection at a merely nominal price. You will be able to select from the miscellaneous stock that is alone much larger than that of most any other piano store in Canada.

Upright Pianos range as low in price as \$50. You can buy a superbly beautiful Bell Piano at as much as \$100 less than the regular price, the only difference in most cases being that the instrument has had slight use such as you would never suspect.

We arrange exceptionally easy terms of payment. We accept as little as \$10 at the time piano is taken and your promise to pay from \$6 to \$10 monthly, according to its value.

Our Warerooms Open Every Evening During This Week.

BELL PIANO WAREROOMS 146 Yonge Street.

2 DEAD, SEVERAL INJURED

Continued From Page 1. hospital, and for half an hour later, but in vain. Ambulances, a patrol wagon and Bay-street hose wagon were used in conveying the injured to St. Michael's Hospital, Chief Thompson, who came down in his buggy, directing the relief work.

A Fire Trap. The fire was out in 20 minutes. It is remarkable that the occupants of the building did not fare even worse than they did. The whole lay-out seemed favorable to disaster. The store and workshop occupied the ground floor, turned up into the floor above. The hall on the second floor is narrow and dark. Even yesterday afternoon the corridor was as black as night, and so was the one above as a bedroom by Schwartz and Greenfield, is of large size, with a bay window almost the full width of the building. Of the hall, and with little space than for a narrow bed, is the room in which two children were killed.

At the hospital the staff did excellent work. During the day hundreds of Jews called to make enquiries. Mrs. Ornstein was fearfully burned and had to be kept under the influence of opiates until she died. During the day Ornstein was kept in ignorance of her real condition. He himself has a badly bruised face.

COSTS \$150,000 TO RELEASE CAID

Raisuli Also Claims Protection of the British Flag. TANGIER, Oct. 6.—The release of Caid Sir Harry MacLean, who for some time has been held captive by the bandit, Raisuli, at last seems to be within measurable distance.

The Associated Press was informed today on the best possible authority of acceptance by the British government of Raisuli's reduced terms for MacLean's release, the principal items being \$150,000 ransom and British protection for Raisuli and his family.

Great Britain's advance of the ransom will be guaranteed by Sultan Abd-el-Aziz. Sir Harry MacLean's brother is now at Rabat, bringing the negotiations with the sultan to a close.

ST. JOHN'S, N. B., Oct. 5.—(Special.)—Liberal Organizer Copp declares that the nationalization of the winter ports on the Atlantic seaboard has been postponed for five years.

"BRICK'S TASTELESS" REGISTERED

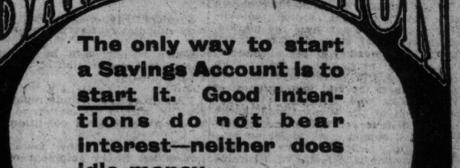

It is an extract of fresh cod livers, containing all the virtues of pure Cod Liver Oil without the nauseous grease, combined with Phosphorus in the form of the Compound Syrup of Hypophosphites, nutritious Extract of Malt and the Fluid Extract of Wild Cherry Bark.

What it is. It will promptly relieve, and if its use is continued, permanently cure chronic bronchitis, all pulmonary affections, croup, hoarseness, nervous disorders due to an exhausted condition of the system, prostration following fevers, debility at change of life, or constitutional weakness at any age, and all blood disorders.

What it does. We positively guarantee "Brick's Tasteless" to do exactly what we claim it will do as printed on the label of the bottle, or any advertising matter, and every druggist who sells "Brick's Tasteless" is authorized to refund to his customer the full purchase price if one bottle does not show a decided improvement, which improvement will result in a complete cure if additional bottles are taken.

What we do. We therefore request you to try a bottle of "Brick's Tasteless" on our recommendation, and if no improvement is shown after taking it, return the empty bottle to the druggist from whom you purchased it and he will refund your money. Can we be fairer?

### SAVING MONEY

The wisdom of saving money must be apparent to any person who gives the subject any thought.

A little money saved enables you to take advantage of opportunities for making more money; to buy a lot, to make the first payment on a home, to start in business for yourself. The opportunities come to the man with Capital. Saving the small sums is the creation of Capital.

There is but one certain, safe way to accumulate money, and that is to save it. Thus, and thus alone, can the foundation of a fortune be laid. Those who earn and spend are many. Those who earn and save are the few. It is not the man who has a large income who is successful, but the man who has a large surplus. It is not the man who has a large income who is successful, but the man who has a large surplus.

## THE MARKET A CONTEST BETWEEN TWO INTERESTS

### Financiers and Shrewd Speculators Are Engaged on Wall Street—Local Situation Despondent.

World Office, Saturday Evening, Oct. 5.

The revelations which have been made under investigation of the New York traction have further convinced the followers of Wall-st. that financing of a superior type has permeated the whole list of securities in that market. It is scarcely credible that only that portion of the inside history of Wall-street already revealed to the public know this, both by investors can be maintained or that of others secured. The big interests who have profited in the past by the gullibility of the public know this, both by investors can be maintained or that of others secured. The big interests who have profited in the past by the gullibility of the public know this, both by investors can be maintained or that of others secured.

Prices during the week have shown little ability to fight against the conditions known to surround the market, but have rather succumbed to them in a somewhat dogged manner. Perhaps the most salient features on the face of the market recently are the weakness of St. Paul, the street trust stocks and Southern Railway. The action of the two railroad stocks implies distrust of the present dividends, and rumor went so far on Friday as to credit Southern Railway with going into the hands of a receiver. John D. Rockefeller denied that there was any idea of changing the St. Paul dividend, but his remarks applied only to the present year. The decline in the steel is due in a great measure to the belief that the trade report now on will have considerable effect upon the earnings of this concern.

This week's out Anaconda dividend shows how far the directors of the Wall-street propositions are to be trusted in the matter of estimating the value of securities. The Anaconda dividends paid. These transformations in dividends lend themselves to only two constructions, either the directors are entirely lacking in business acumen, or that the declarations to shareholders are governed very largely by the necessities of the stock market. The success of the standard contingent would repudiate the first intimation and there is therefore no recourse but to accept the theory that the dividends have been estimated in affiliation with the operations on the exchange.

During this period of changing value bases there is nothing left as a guide to prices, but a guess as to the intentions of the market leaders. These individuals are as servient to the market as the ordinary speculator, with the one exception that they know by actual contact on the exchange with the business of the market the variety of sentiment which is extant at any time. They may attempt to controvert the outside opinion, as was the case in St. Paul and C. R. This week, by attempting to run in the shorts, but they must finally meet the prevailing impression regarding prices by allowing quotations to slide until a buying instead of a selling movement has developed.

Money stringency, trade dislocations, with its attendant lessened earnings for all classes of enterprises, are two matters now in entire control of the future of prices. Pressing liquidation appears to have spent its force, and it has required little effort to maintain a comparative steadiness in the market. A market to sell on is badly needed and it appears certain that any outside buying orders are filled with alacrity. If the large holders attempt to force sales in any one or more stocks, the buying power is so weak that sharp declines are inevitable. The smallness of the present public interest in the market which has been the Wall-street syndicates under existing conditions is a difficult problem and one that should be left to those who have cash to waste in the pastime of seeing it disappear.

A good many holders of Canadian stocks, particularly the companies of the non-dividend-paying variety, are growing tired of carrying them on the present idea of the future outlook. To this and a further shaking of confidence is due the recent liquidation of the Toronto market. It is not a fact forced liquidation, many of the securities disposed of being those not held on margin. The rapid decline in the Canadian general Electric has done more than anything else to disturb the situation, the drop in this stock to par causing a nervousness in the market which has not yet been glossed over. Towards the close of the week there was a sudden incentive among many holders to get out of Rio common, and when these shares were placed on the market the stock was found to be exceptionally weak. The success which followed the listing of the Sao Paulo stock upwards of five years ago acted as a strong influence to many speculators and investors to take the same feelings in these foreign issues without regard or consideration as to the proportions themselves. Under the stress of natural conditions and the down fall of the leader in the foreign traction and power companies, sentiment has undergone a remarkable change and there is now no new desire to invest in these outside securities.

The local market has narrowed down practically to this: There is no new buying or so little that it might be ignored as a market factor. There is a good deal of selling and such selling as is not liked because it is coming from people well able to hold their stocks and who are usually regarded as real investors. The only buyers in the market are those who have sold stock for future delivery at the higher price and are now buying back the shares and thereby taking their profits, or those who have to support the market on occasions when it is necessary to prevent a formalization to protect their own large holdings. The actual money situation is better, if anything, than it has been in the past few months. Some institutions have definitely decided upon building up larger reserves, and are not, therefore, cutting down loans, but rather to reserves. It is now admitted that commercial conditions in the Dominion are less rosate than they were, because of the partial failure in the crops, particularly in the western part of Canada.

On Wall Street, the market is in a state of despondency. The volume of business being offered for future execution. There have been few cancellations of contracts recently, but speculations for the iron and steel trade, and a large reduction in the volume of business being offered for future execution. There have been few cancellations of contracts recently, but speculations for the iron and steel trade, and a large reduction in the volume of business being offered for future execution.

Charles Head to R. R. Bondard. NEW YORK, Oct. 5.—The market today opened extremely dull, but after a few minutes trading, prices began to rise. A forecast of the market for the near future must include the possible effect of what is beginning to be depression in the iron and steel trade, and a large reduction in the volume of business being offered for future execution. There have been few cancellations of contracts recently, but speculations for the iron and steel trade, and a large reduction in the volume of business being offered for future execution.

Ennis & Stoppard wired to J. L. Mitchell at the close of the market. The market during the past week has recorded a net gain, both in industrial and railroad, some of the more active issues which have declined sharply during the week. The market during the past week has recorded a net gain, both in industrial and railroad, some of the more active issues which have declined sharply during the week.

Dun's review says no changes occurred in the condition of the iron and steel industry. Bradstreet's trade reports are irregular, with a disposition to get back to an average good condition. London reports money more plentiful, but makes heavy shipment of gold to Egypt to-day.

Chicago reports pig iron and steel products selling at lower prices. Joseph says: The character of the market does not admit of profit either way. At such times as these the nimble speculator is preferable to the slow shilling. The lower prices from London to-day are only significant in the fact that the same indisposition to trade that exists here temporarily prevails there. The bank statement, while full of interest, is only significant in the fact that the same indisposition to trade that exists here temporarily prevails there.

NEW YORK, Oct. 5.—Business seems likely in the stock market to-day, in view of the fact that many traders and others inferring from yesterday's quiet that the market is about to-day will amount to much have absented themselves till Monday. We are still more inclined to seriously consider the wisdom of buying the standards on weakness induced by unfavorable money news. A bad bank statement would, of course, operate to depress developments momentarily. We think northern Pacific can be raised sharply any time, and as there is a meeting next week of the directors of the Pennsylvania, Reading and Pacific on little clips, take profits on rallies.

NEW YORK, Oct. 5.—The statement of clearing house banks for the week ending Saturday, June 29, shows a decrease of \$2,998,500, as compared with the corresponding week of last year. Deposits, decreased, 1,840,400. Legal tenders, decreased, 1,028,900. Reserves, decreased, 8,222,000. Ex-U.S. deposits, decreased, 2,718,100.

## PICKED POCKET IN BANK

### CLEARS LET THE MAN GO

Young Man Who Had Just Cashed Cheque Relieved of \$200—Accused Allowed to Escape.  
Officials of the Bank of Hamilton let a clever pickpocket slip thru their hands Saturday noon after he had received William Brandham, 120 Beach-avenue, of \$200 on the bank premises at 34 Yonge-street. Brandham is a clerk of the Canadian Casualty and Boiler Insurance Co., 22 East Adelaide-street. He had cashed a cheque just as the bank was closing, about ten minutes past noon, receiving a parcel of bills and silver. He started for the door, but remembered that he had not got the exchange, a matter of \$1.00. Returning for this, he stood before the wicket of the second teller.

Just then, he felt a pressure about the left lower pocket of his coat where he had put the money and, turning, he observed a man at his elbow. "I did not want to feel in my pocket then for fear of offending him, but I felt uneasy," Brandham said later.

The man seemed to be reading a newspaper and had his left hand concealed under it. Someone told Brandham later that he had passed something to another man, who had left the bank hurriedly.

The man with the paper walked to the door of the bank just ahead of Brandham, who felt in his pocket and missed the money just as he reached the door. He grabbed the man and, telling him he wanted to see him for a moment, took him back to the teller. He accused him of taking the money and the man told him he must be crazy. Brandham persisted and asked the teller to search the man, but was told to get a policeman. "Will you hold him till I come back?" he asked.

"Oh, I'll be here all right," the man declared. Brandham went out for the police, he went to the corner of Front and Yonge-streets, but did not see an officer. Returning north, he looked into the bank and saw that the man was still there. He got an officer at King and Yonge-streets and returned with him to the bank.

The man had been allowed to go. The teller did not seem to know why. Brandham notified the detective department and went with Detective Clayton to the Union Station, in case the man should be leaving the city. They did not see him. He says there is no doubt that this man stole the money, which was in a roll, secured by an elastic band. It contained 11 Queen Bank ten's, 11 Bank of Hamilton five's, 45 singles and 45 in silver. Brandham describes the man as being short, slight, with a thin face and unshaven. He was about 40 years of age, the most noticeable feature being an utter lack of color in the face. He spoke with a slight foreign accent.

## SIXTY-THREE GIRLS KILLED

### Explosion Wrecks Factory in Which They Were Sorting Shells.

TOKIO, Oct. 5.—A terrible explosion occurred this morning at the Takakubo factory, Osaka. A number of girls were at work sorting shells and cartridges which had been condemned. Sixty-three of the girls were killed, and over sixty others injured. The factory is on fire and a number of boats containing explosives are burning. Details have not been received.

## CARS WON'T STOP

Manager Fleming of the Toronto Street Railway announces that within a few days the company will introduce the stops that were objected to so strenuously some time ago, and that stops soon will be no more numerous than they were in the days of the white poles. These white poles will be replaced in a few days, and the intention of the company is to stop the cars where it is deemed advisable.

## FINANCIAL STATEMENT OF "SOO CORPORATION"

C. D. Warren Home From New York Corrects Wrong Impression—Mr. Pringle as a Possible Director.

Charles D. Warren, president of the Consolidated Lake Superior Corporation, has returned from New York City. He went down to attend the annual meeting of the Lake Superior Corporation on Oct. 2, but owing to the meeting lacking a quorum it was adjourned until Wednesday, Nov. 6, next, at the same place.

Mr. Warren says that the statement published of the corporation, showing a loss for the year of \$400,000, is incorrect. Subjoined is the correct statement of the company's receipts, given to the World by Mr. Warren:

Gross income of the Lake Superior Corporation for year from interest and dividends of subsidiary companies	\$527,682
Interest paid and accrued on bank balances, advances and sundry rentals	150,029
Total gross income	\$678,011
Less general expenses, stationary charges, fees and balance of organization charges and accounts written off	148,381
Deduct:	\$529,630
Interest first mortgage bonds	500,000
Balance of surplus	\$2,980
Balance brought forward June 30, 1906	691,838
Balance for period June 30, 1907	29,800
Total	\$721,638
Less 5 per cent. on income bonds October, 1906	150,000
Balance undivided surplus June 30, 1907	\$571,638
Asked if R. A. Pringle was to go on the directorate of the Lake Superior Corporation, Mr. Warren replied: "It is impossible to tell, as my vote will have to be taken to decide the question at the annual meeting."

GRAIN PRICES STRONG FOREIGN DEMAND

Chicago Wheat Futures Rally Further on Foreign Advances—Other Grains Steady.

World Office, Saturday Evening, Oct. 5. Liverpool wheat futures closed today 3-8d up, last year 215.

At Chicago, Dec. wheat, closed 1-8c higher, Dec. corn 1-4c higher, Dec. oats 1-4c higher.

Winnipeg car lots of wheat to-day: 80d, 208 new, last year 215.

Chicago cars to-day: Wheat 56c, contract 3, corn, contract 117, oats 215, contract 3.

Northwest cars of wheat to-day 57c, 208 new, last year 215.

LIVERPOOL—Wheat—Firmness was the feature of the wheat market at the opening and values were 3-8d higher.

Support was attributed to the market, but the market turned easier, with pressure to sell owing to the fact of heavy Russian clearances.

At the close, however, firmness again developed.

Wheat—Was steady in tone with early values unchanged. Later the market advanced on better demand for May flats cargoes and in sympathy with wheat, prices showed a gain of 1-8d.

Australian shipments for the week amount to 112,000 bushels, against 99,000 bushels last week and 154,000 a year ago.

Broomhall estimates of world's shipments for Monday, next week, about 130,000, against actual shipments last week of 104,000.

India—The shipments amount to 1,400,000, against 888,000 last week, 1,400,000 last year.

ST. LAWRENCE MARKET.

Receipts of farm produce were not as large as they would have been owing to the weather.

Hay, 2 loads of straw, and a large number of mixed loads of apples and vegetables, poultry, butter and eggs in the north market building, with the usual supply on the basket market.

Trade was quiet, but a large number of citizens buying their usual week's supplies.

Hay Ten loads sold at \$15 to \$21 per ton.

Straw—One load of sheaf sold at \$15 per ton, and one load of loose at \$10 per ton.

Dressed Hogs—Prices steady at \$8.25 to \$8.50 per cwt., the bulk selling at \$8.25 per cwt.

Potatoes—Receipts light, with prices firm at \$2 to \$1 per bushel.

Apples—Prices steady at \$1.50 to \$2.50 per bushel.

Poultry—Receipts of dressed poultry were large, with prices lower than at any time this season for chickens, ducks and geese.

Turkeys are scarce, selling at 16c to 20c per lb., geese, 10c to 12c per lb., ducks, 10c to 12c per lb., with few, according to quality.

One young lady had a few extra chickens, which she got 15c per lb.

Butter—Receipts, not quite as large as last week, but the market is quiet.

Prices ranging from 21c to 26c, the bulk of the best going at the latter figure.

Some of the best of the city employees and special customers, got 23c per lb. for all the butter.

Receipts moderate; new laid selling at 30c per dozen. Eggs, two or three weeks old, sold at 20c to 25c per dozen.

Market Notes.

Miss Clibbing of Etobicoke sold 3 chickens, 10c to 12c per lb., with few, according to quality.

Mr. Craig of Snelgrove sold all his butter at 30c per lb., and eggs at 30c per dozen.

As usual, Messrs. R. Barron & Son, A. J. Patterson of Swan Brook, were the heaviest buyers of choice poultry.

Mr. Dunn Improving.

R. J. Dunn, the city weighmaster, who has been confined to his bed for some time, is improving rapidly, considering his very low condition at one time.

His many friends will demand that he be given a sanitary and comfortable home, and that he be given an assistant unless more of the weighing is done at the Church street scale.

Grain.

Wheat, spring, bush, \$0.95 to \$1.00; fall, bush, \$0.90 to \$1.00.

Wheat, goose, bush, \$0.92 to \$1.00.

Wheat, red, bush, \$1.00 to \$1.10.

Barley, bush, \$0.70 to \$0.80.

Oats, new, bush, \$0.55 to \$0.65.

Alaska, No. 1, bush, \$0.50 to \$0.75.

Alaska, No. 2, bush, \$0.40 to \$0.60.

Hay, new, per ton, \$18.00 to \$21.00.

Cattle hay, ton, \$12.00 to \$15.00.

Wheat—No. 1, 107 1/2c bid, Dec. \$1.07 1/2 bid, May \$1.12 1/2 bid, Dec. 51 1/2c bid, May 52 1/2c bid.

Chicago Grain. Marshall, Spader & Co. (J. G. Beaty), 1000 Lakeside Bldg., reported the following quotations on Chicago grain to-day:

Wheat—No. 1, 107 1/2c bid, Dec. \$1.07 1/2 bid, May \$1.12 1/2 bid, Dec. 51 1/2c bid, May 52 1/2c bid.

Chicago Cattle Market. Charles W. Gillett to Peter J. Morgan: Wheat—A further advance of 3-8d at Liverpool and 1-8c at Berlin caused quite general buying of wheat to-day.

Chicago Live Stock. CHICAGO, Oct. 5.—Cattle—Receipts, about 400; market steady; beefs, \$4.10 to \$4.30.

British Cattle Markets. LONDON, Oct. 5.—London cattle are firmer, at 10c to 12-1/2c per lb. dressed weight; refrigerator beef is quoted at 9-3/4c to 10c per lb.

Junction Live Stock. There are 30 car loads of live stock at the Union Stock Yards for sale at Monday's market.

STOP LEGACY FAKE. Request of Canadian Postoffice Department.

OTTAWA, Oct. 5.—The Canadian postoffice department has written to Washington requesting the postal authorities of the United States to take such steps as are necessary to put an end to the legacy fake which is being worked from an alleged lawyer's office in New York.

The department was furnished with evidence that the mails are being improperly used for this fraud. Steps will be at once taken to prevent, if possible, the mails being further used for such an end, and the American authorities will make an endeavor to locate and punish the author of the game.

KINGSTON, Oct. 5.—Many people here have received the "legacy fake" letters.

Excellent Moose Hunting. In Temagami, situated in Northern Ontario, the moose, "the monarch of the forest," is to be found in great numbers.

Assessment Commissioner Forgan wants to have the government liability broken on Ward's Island removed to a new location on the north shore, just east of the eastern channel, for greater facility in reaching the lake.

NEW OFFICE BUILDING. A permit for a four-story office building at East Adelaide-street has been taken out by the Birckbeck Investment and Savings Co. It will be of stone, brick and steel and cost \$120,000.

MORE RAIN IN SEPTEMBER HIGHER TEMPERATURES

Increase of 60 Per Cent. in Precipitation—Highest Temperature 83.

The report of the meteorological service for September shows that the temperature in Ontario was from one to three degrees above the average.

The highest temperature in Ontario was 83 and the lowest 40. At White River the extremes were 73 and 18.

The latter part was usual keeping up its record for low temperature.

In Montreal the highest in September was 82 and the lowest 39.

Prices in Liverpool, Oct. 5, were 29 per cent. more than the average and at Southampton it was the average, but all other localities recorded an increase of 60 and 80 per cent. in precipitation.

About the 23rd there was a marked fall in temperature and the weather continued to be cool.

Prices in Liverpool, Oct. 5, were 29 per cent. more than the average and at Southampton it was the average, but all other localities recorded an increase of 60 and 80 per cent. in precipitation.

York County and Suburbs

SPLENDID SUCCESS ATTENDS WESTON FAIR

Big Crowd, Good Exhibits and Fine Banquet—General News From the County.

WESTON, Oct. 5.—(Special)—The directors of the Weston, York and Etobicoke Agricultural Society have cause for pardonable pride. This, the occasion of the annual fall fair, has been a great day in the history of the town. The weather was not ideal for the holding of an outdoor fair, and the directors in the early hours feared a repetition of last year, when an adjournment for a week was made, but happily these fears were not realized, and the attendance later was large enough to ensure a surplus. Probably 2500 visitors were on the ground, and from first to last there was not an idle moment. In the large tent devoted to the ladies' work and dairy products, there was an excellent display, the show of butter being exceptionally good. Almost all departments were well represented, but the greatest interest naturally centred in the show of horses, light and heavy. The trotting-race furnished good sport, and every race was well contested.

Some of the Winners.

- In class 1, roadsters, the winners were: Filly or gelding, two years—G. Shaver, 1; K. Cheyne, 2. Brood mare or foal—W. Steen, 1; J. L. Reed, 2. Spring colt—T. Aikins, 1. Team, mare or gelding in harness—J. Grig, 1; W. Stein, 2. Single mare or gelding in harness—J. Gardhouse, 1; F. Rowntree, 2. Carriage horses, filly or gelding, two years—W. H. O'Dell, 1; J. L. Reed, 2. Single carriage horse—J. McCracken, 1; James Tiet, 2. Gentlemen's turnout—Dr. Charlton, 1; J. P. Kennedy, 2; D. Rowntree, 3; Mark Gardhouse, 4. The judges in light horses were T. A. Crow, Toronto, and A. Dalson, Allou, while Robert Graham, Chummont, was judge of the heavy horses. Speeding Was Good. In the several speeding events there were some close finishes, and the trick notwithstanding the heavy rain, was good. The several events were: Class A (first race)—Uncle Sam (Locke) 1 1/2; Baron Powers (Rogers) 2 3/4; Reda Wilks (Snow) 2 3/4; Bourbon Boy (Hazelwood) 4 4/8. Time—1:33, 1:33, 1:31. Class B (second race)—Hattie R. (D. Lochrie) 1 1/2; Roger (Hanna) 2 2/4. Time—1:27, 1:19, 1:18. Class C (third race)—Harry Lee (Farr) 1 1/2; Sir Robert (McBride) 2 2 1/4. Time—1:25, 1:22, 1:21, 1:22. Farmers' trot or pace—May Bell (McEwen) 1 1/2; Wiry Bill (Johnson) 2 2 1/2; Gemey (Rowntree) 3 4 3/4; Floss (Morgan) 4 3 3/4. Time—1:32, 1:32, 1:34. The officials of the course were: Sam McEldie, John Cole, J. Harris and P. E. Callen. The first prize for lady drivers was won by Miss Speers of Elmbank. Five New Grounds. Within the last year the directors have at great cost secured an ideal location, comprising some eight or ten acres on the banks of the Humber River near the centre of the town, and on which they have already laid out a fine

ALARM CLOCKS \$1.50—Mfg. Co. 168 Yonge St. Wanless & Co., Get Up St.

driving track and will, during the coming summer, greatly improve. Much of the success of the fair was due to the untiring efforts of President George Yeral, who has always been unsparring in his efforts to promote the interests of Weston Fair. Banquet was Great Success. Following the fair, a banquet was held in the town hall, at which more than 500 were present. President Verzal was in the chair, and among those who were present and responded to the usual loyal and patriotic toast were Dr. Forbes Godfrey, M.L.A.; Archie Campbell, M.P.; Capt. Tom Wallace, Secretary of the Board of Education; Principal Alexander of Weston Public School; Rev. Hugh Price Jones, Township and Mayor Fisher of North York; Mayor Baird, ex-Mayor Smith, and A. B. Rice, Toronto Junction.

A feature of the evening was the reception accorded the veteran sealer, Edward Hanlan, who was called to the platform and received with round after the speeches were permeated with a strong note of loyalty and evoked hearty cheers. The presence of Harry M. Bennett and the Cadet Band of Toronto added largely to the success of the evening. The fact that the catering was largely supplied by the ladies of Weston is a guaranty of its excellence. The officers of the fair are: President, J. W. Yerral, Weston; first vice-president, I. Johnson, Richview; second vice-president, John E. Clarke, Toronto Junction; secretary-treasurer, Henry Price Gardhouse, District; directors, Alex. Baird, Richview; John D. Watson, Weston; J. Dandridge, Humber Bay; Thos. Stubbart, Highfield; H. Russell, Longstaff, Weston; W. J. Dalton, Toronto Junction; Colin Cameron, Etobicoke; G. Gagnon, Weston; R. L. Crawford, Emery; R. T. Wood, Etobicoke.

TORONTO JUNCTION.

Junction Citizen Writes re New Pavement—Council Monday Night.

TORONTO JUNCTION, Oct. 6.—Ernest, only child of Mr. and Mrs. Chas. Eapley of Snydes-road, died last night at the Stock Children's Hospital, Toronto. Funeral will take place at 2 p.m. Monday at the home of F. W. Bowering, 263 St. Claire-avenue, Prospect Cemetery. Rev. Dr. Filderson returned yesterday from Halifax, N.S., and on Monday afternoon will be in charge of the funeral services to-day at Victoria Presbyterian Church. The management committee of the school board held its regular meeting on Saturday evening. The work on the new portable buildings for West-ern-avenue school is progressing rapidly and will be completed in a few days. There are 49 cars of stock in the Union Stock Yards for to-morrow's market. The choir and brotherhood of Annette-street Methodist Church held an afternoon's sports at the town park on Saturday. There were running and jumping races, and a baseball game, in which the brotherhood beat the choir by a score of 5 to 3. A good crowd was in attendance. A good council takes place to-morrow evening. A concert will be given by the pupils of Annette-street public school in James' Hall on Friday evening, Nov. 29. The eighth division court of the County of York was held, under Judge Morgan, in the council chamber, Toronto Junction, on Saturday. The list of dispossessed were: Six new suits, four adjourned suits, three judgment summonses, two new trials. In the case of George Richardson and Hendry Williams, contractors, for the property of Joseph Pim, the contract was suspended for the payment of the work done and were awarded \$59.40. The Royal Templars of Temperance held a very successful meeting on Friday evening in St. James' Hall, when 33 applications were received. Thirty presented themselves for initiation and were publicly received into the local council by Dominion Councilor Hales, Grand Councilor Armstrong, District Councilor Austin, Dominion Vice-Councilor Rev. H. S. Matthews, Grand Master Hughes, District Secre-

tary Hurst. The banner won by Toronto Junction council in the oratorical contest, presented by B. E. Harvey, and received by Mrs. Armstrong and Mrs. Conron on behalf of the council. Bro. Fred Kerr was presented with a silver medal for work done. Following are those who took part in the program: Aldermen Brough and Hales, Miss Alice Beemer, Mr. and Mrs. Whitlaw, Arthur Chatter, W. J. Armstrong, Jr., and an orchestra under the leadership of Harry Partington. Mr. Minns deserves great credit for the large additions to the council. The attendance was about 500.

Mr. Beatty Raised Objection. With regard to the program and the work of paving Dundas-street, Matt H. Beatty writes The World: "I trust a letter about the new pavement on Dundas-street, Toronto Junction, may be of sufficient importance to receive space in your valuable paper. There are a great many things which need attention in the laying of the pavement, which may be rectified now, but if left until later will be irreparable injury to the town, and the money of the ratepayers will have been wasted. Near the Peacock Hotel on the south side of Dundas-street a large block of the cement in the sidewalk (probably 30 ft. or 40 ft.) has broken off and dropped below the rest of the walk. This is, I believe, on account of a poor foundation having been laid. Near Union-street, where there is a curve in Dundas-street, the road is 4 ft. wider than the rest of the street. This was done intentionally, so that teams could pass on the curve more easily. When the sidewalk was laid this additional space was not used, in consequence a load drawn by a team could not pass a street car at the curve without a collision. What is our engineer doing here? What do we pay him \$200 a month for? There is a washout under the new sidewalk near Rowntree's store at the corner of Bay-street. This cannot be filled in after the sidewalk has been laid. What is the remedy? Opposite May-street on the north side of Dundas-street there is a catch basin in the gutter. In fact it is dangerous. The grates and castings from the catch basins are lying around loose. Nails, planks and castings lie around indiscriminately and have been there 8 or 10 days. This is not only unsightly, but extremely dangerous to the lives of horses and pedestrians and should be remedied at once. I would also like to ask what will become of the cement sidewalk this winter if the road is not completed? If the frost gets under the sidewalk I am informed a great part of it will probably be destroyed. Archie Crawford, a young man who boarded at 57 East Annette-street, was taken ill with appendicitis and removed to Grace Hospital on Friday evening last. He has not yet been operated on, and is resting easier to-night.

Mayor Baird, ex-Mayor Jesse Smith, A. B. Rice and other prominent citizens of Toronto Junction attended the Weston Fair on Saturday last. The Council's Coat of Satisfaction. Eggs, stove and nut \$5.50 per ton; pea coal \$5.50. Junction head office and yard, corner of Weston-road and Dundas-street.

NORTH TORONTO.

Harvest Services Well Attended—Wardens Issue Statement.

NORTH TORONTO, Oct. 6.—Next Sunday harvest thanksgiving services will be held in St. Clement's Church, with the following services: Holy Communion at 8 a.m., sermon with Holy Communion at 11 a.m., children's service at 2 p.m., and choral evensong at 7 p.m. The church wardens, Messrs. B. Howson and H. Waddington, have issued their harvest financial statement, ending Sept. 30.

RECEIPTS, ORDINARY ACCOUNT—CASH ON HAND MARCH 31.

Table with financial data: Early services collections \$28.35, License offerings \$35.33, Envelope offertory \$59.60, Total \$102.11. Expenditure: Clergy stipends \$799.93, Dues to synod \$28.85, Carriage \$13.90, Sundries \$132.15, Total \$984.73. Leaving a deficit to the wardens of \$844.77.

BUILDING FUND ACCOUNT—COLLECTION WHITSUNDAY.

Table with financial data: Collections \$124.42, Bank interest 7.35, Total \$131.77. Contra: Paid to Bank of Montreal \$228.45, Paid interest on lots 20.00, Paid on church extension \$124.82, Total \$373.27. Balance on hand, \$1931.20.

The wardens depose in their circular, that the average Sunday offering is not quite equal to that for the same period last year, and ask the congregation to make a generous special collection, which will be taken up next Sunday, so that they will be in a position to clear up all outstanding accounts and to have a balance on hand for the more expensive running of the church.

COMMISSION TO HALIFAX.

Official Referee Kappel found fresh development in connection with the liquidation of the York Loan. It seems that a commission may have to go to Halifax to take evidence, and the suggestion is decidedly unpopular. According to C. A. Masten, who represents the Nova Scotia shareholders, it was ultra vires for the company to sell shares in that province, as they held no license to do so.

SILENCE GOLDEN.

TOPEKA, Kas., Oct. 6.—The supreme court to-day ordered the International Harvesting Company and the Standard Oil Company to answer questions filed by the attorney-general in the suits pending. The companies had refused to answer.

Advertisement for 'KIDNEY PILLS' with a circular logo and text: 'A church member who is against Local Option should seriously consider whether he is a possessor of Christianity or merely a professor. One's attitude to Local Option is a good test of genuineness. The Liquor Bar is either Christian or anti-Christian. No one but a lunatic would say that the bar is a good thing. It is admitted on all sides to be bad. If it is bad, it is not good, but anti-Christian. If you are a true Christian you must oppose and endeavor to overthrow the bar, for it is evil. You must favor Local Option.'

during the winter months. The annual harvest home services held in the Davisville Methodist Church to-day, and were well attended. The church was appropriately decorated for the occasion. The Rev. R. I. Felling of College-street Methodist Church, preached at 11 a.m., and at 3 p.m.

Rev. L. W. Hill, B.A., of Broadway Tabernacle, addressed the Sunday school and in the evening the Rev. G. W. Dewey of the Davenport Methodist Church conducted the service. The choir rendered social music for the services.

The B Squadron, 11th Messissauga Horse, who, thru J. F. H. Usher, applied to the town council for a room for an armory, received the use of the Orange Hall, recently acquired by the town. Mr. Usher will have command of the squadron and is ready to receive orders of recruits.

Annual harvest home services will be held in the Eginton Methodist Church next Sunday, Oct. 13. The Rev. Dr. Langford of Toronto will conduct the morning and Rev. J. W. Stewart of Toronto, the evening services.

PICKERING.

Said to Be No Scarcity of Feed in Pickering.

PICKERING, Oct. 6.—Miss Brookfield is recovering from a severe attack of the mumps. Dr. Bell and bride arrived at their home here from Montreal. The Pickering News has changed proprietors, Messrs. Murkar and Thexton have managed this property since for several years. Owing to Mr. Thexton ceasing a position on the Saturday Night, the paper is now in the hands of Farmers here show no signs of a scarcity of feed. Auction sales are not numerous yet, but it is thought that they will take advantage of cheap cattle to lay in a supply.

STOUFFVILLE.

Popular Railway Official Gets Local Reappointment.

STOUFFVILLE, Oct. 6.—The return of Mr. and Mrs. Ryan and family to town again is a source of pleasure to the citizens in general. As G.T.R. agent Mr. Ryan was always courteous and his permanent appointment to his old place is a boon to the business community. Fred Sanger is taking a course at the Royal Dental College. Wm. Wurts is taking his final year. Little Beatrice Rae fell off the handle of a bicycle on which she was being carried by her brother, and fractured her leg below the knee. Archie H. Usher has been further rewarded by the authorities of Toronto University by having conferred on him the degree of Bachelor of Science in the field of the Presbyterian Church to-morrow (Monday) evening. Great Rev. J. H. Miller, who has been an interesting address in Melville Church on the sixth occasion of Markham this afternoon.

AURORA.

Judge Morgan to Hold Court—Council Meet To-night.

AURORA, Oct. 6.—Fred Browning has secured the contract for a four foot top to the town reservoir. The flower which measures 4 inches in diameter. Has only one or larger one. The Council will meet to-night at 8 o'clock. The Women's Missionary Society will hold a nine-cent sale in the basement of the Methodist Church on Wednesday next at 8 o'clock. The regular meeting of the town council will be held to-morrow night. Thomas Castor has disposed of his stock of general merchandise to Underhill Bros. of this town. St. John's Church, Jefferson, will hold their harvest festival services on Wednesday evening, Oct. 9. Rev. W. Millman of St. Andrew's Church will be the speaker of the evening.

EAST TORONTO.

Anniversary Services Are Splendid Success.

EAST TORONTO, Oct. 6.—Emmanuel Presbyterian Church celebrated its 14th anniversary to-day, and in all save climatic conditions the event was an unqualified success. At each of the services the sacred edifice was filled to the doors, and the greatest reverence and enthusiasm was manifested throughout. In the morning the pulpit was occupied by Rev. D. Bruce Macdonald, of Princeton College, and at 3 p.m. Rev. J. D. Fitzpatrick, of Wesley Church, Toronto, and in the evening Rev. Prof. Kilpatrick, Knox College. Splendid music was furnished by the choir of Emmanuel Church, assisted by E. T. McCarvey, and W. H. Hillcock. To-morrow night (Monday) a special program will be rendered from 8 to 10, while earlier in the evening, from 6 to 8, supper will be served. A number of well-known artists will assist at the concert, among others Arthur Baxter, Harry Morlen, and the choir of East Toronto Presbyterian Church, under the leadership of Mrs. Lillie. Emmanuel Church, under the ministrations of Rev. D. Bruce Macdonald, is making the most substantial and well merited progress.

Immigrants From Britain.

Councillor John Lea, chairman of the distress committee of Liverpool, is in town investigating labor conditions in Canada. He and W. E. George of the Canadian National Exhibition visited the mayor on Saturday. Mr. Lea is a former lord mayor of Liverpool. Mr. Lea is here to find out something about the opportunities for advancement offered to a good class of immigrants and hopes to have the Salvation Army to help him.

PENNSYLVANIA TO BE AN ELECTRIC RAILWAY. Officials Formally Announce the Plans for Electrification of Whole System. PITTSBURG, Oct. 6.—The Pennsylvania Railroad Company is permitted to the electrification of its entire system. It will begin with the electrification of the New York terminals, the Philadelphia terminals and its roads that extend twenty-five miles westward from Philadelphia. Its entire system will be equipped for electric traction as rapidly as the improvement can be completed. This announcement was made Saturday by Pittsburg officials of the company, who explained in a general way the plans. A system of electric motive power has been adopted for the New York terminals which is believed to be the most perfect yet discovered, and this will form the basis for extensions to the whole system. Plans call for the complete electrification of the Pittsburgh terminals, on which \$23,000,000 has been spent within five years. After electrifying the Pittsburgh terminals gradual extensions will be made eastward from Pittsburgh and westward from Philadelphia terminals until the improvements meet. At first only passenger trains will be operated by electricity. This will be followed quickly by the freight service. The study of the problem so far has brought about a design for an electric locomotive which officials believe will be the basis for future construction. The model about a design for an electric locomotive which officials believe will be the basis for future construction. The shops at Altoona, and will be used in the east. This locomotive can be used either with the third rail or overhead trolley, and is of the "single phase" type. Its speed possibilities are governed only by considerations of safety. Immigrants From Britain. Councillor John Lea, chairman of the distress committee of Liverpool, is in town investigating labor conditions in Canada. He and W. E. George of the Canadian National Exhibition visited the mayor on Saturday. Mr. Lea is a former lord mayor of Liverpool. Mr. Lea is here to find out something about the opportunities for advancement offered to a good class of immigrants and hopes to have the Salvation Army to help him.
