HAMILTON NOT BOUND BY CATARACT CONTRACT

In Opinion of I. F. Hellmuth, Who Thinks, However, City Might Eventually Pay Damages.

HAMILTON, Feb. 5.—(Special.)—That the contract made by the City of Hamilton with the Cataract Power Co. is not binding upon the city is the opinion given by I. F. Hellmuth, K.C., who was asked by the city to give his views of the legal aspect of the situation.

According to the construction placed by our courts upon section 389 of the Consolidated Municipal Act, no municipal corporation can create obligations of this nature not payable within the municipal year, unless by a bylaw assented to by the ratepayers.

Whether bylaw 275, approving of the power contract with the Cataract Company, falls within the provision of section 389 depends upon the construction to be placed upon section 21 of the contract.

If this section 31 means, as Mr. Justice Anglin says, that there is no binding obligation upon the city after 1908 to take or pay for power from the Cataract Power Company, except as authorized by future councils from time to time, then the assent of the ratepayers was not required by bylaw 775; but with this construction placed upon section 31, no obligations other than those contracted for in the year 1908 are imposed upon the city. If, on the other hand, the judge's construction of section 31 is incorrect, and the contract binds the city for a five year period, then section 389 of the Consolidated Municipal Act would, upon the authorities, apply, and the bylaw, not having been submitted to the ratepayers, is not binding.

"In my view, therefore, irrespective of the interpretation placed upon section 31, any obligations not to be imposed upon the city beyond the year 1908 are not enforceable."

After answering a number of specific queries, he concludes: "While the above are my answers to the several questions submitted, it is only fair to say there is room for a different view in regard to the matter, and doubtless the Cataract Company, if it considers the contract a valuable one, will seek to enforce it by litigation, which may be carried to a tribunal not

bound by the decisions of the court of appeal for Ontario. "In view of the chances of such litigation, I am by no means prepared to say that the city can repudiate or ignore the power contract with the Cataract Company without running the risk of eventually having to pay damages."

Will Go to the People. The hydro-electric aldermen scored a notable victory this evening at an informal meeting of the council when ten of the eighteen members present voted in favor of submitting the question to the people. The ten are: Mayor McLaren, and Aldermen Jutten, Applethorpe, Hopkins, Forth, Anderson, Wright and Cooper, Morris and Ellis. The resolution was presented by Aldermen Morris and Ellis. The nays were not taken, but the eight who did not assent are Aldermen Robson, Mills, Sweeney, Lees, Peregrine, Guy, Creaser and Clark. Of these all are pronounced Cataract men with the exception of Aldermen Robson, whose action was very disappointing to his colleagues from Ward 7. He pledged himself before his election to support competition for power, as he is a church member, the people of Ward 7, who are so strongly hydro-electric that every one of the candidates who ran in the ward considered it necessary to pledge himself to support the government project, expect that he will keep his pledge Monday. The lengths to which some of the aldermen will go to support the Cataract was shown by the actions of Aldermen Peregrine and Lees. Ald. Lees said that in view of the question submitted to the people and they repudiated the Cataract contract, he would consider it an overwhelming disgrace. Ald. Peregrine said he would not care to sit in the council if that happened.

The meeting was purely informal, and was called to consider the opinion of Mr. Hellmuth. The members who did not attend the meeting were Aldermen Farmer, Ryan, Gardner and Allan. The Cataract aldermen argued that the city, if not legally bound by the contract with the Cataract, was morally bound. Mayor McLaren pointed out that the company had not lived up to any contract it had with the city, except when compelled to do so by law. Aldermen Wright and Ellis replied that last year's council had broken faith with the electors in signing up with the Cataract after the electors had assented to the hydro-electric project. Ald. Hopkins, Cooper and Jutten fought effectively in favor of allowing the people to have their say.

Alonzo Callon, a married man, has been arrested on the charge of assaulting a thirteen-year-old girl. Wm. Bowdeman offers a reward of \$100 for persons he claims were concerned in a recent plot against his son, Percy, who was acquitted in court on a charge of holding up and robbing a telegraph operator.

Charles Crisp, arrested on the suspicion of having tried to sell some stolen brass, was remanded a week by the police magistrate this morning. He was captured by Constables Smith and McLean after long chase.

When Slender is Committed. The lawyers are very much up in the air over the recent decision of Justice Teetzle in the Guest-Piety slander suit, when his lordship ruled that slander consisted in imputing a crime or lewdness to a person. One lawyer who has a client who complains that a neighbor spread stories reflecting on her character, says in view of the decision that there is no redress for the woman, and the local lawyers are talking of asking for an amendment to the law, so that such cases will be covered.

# Marathon Shrubbs Collapses

# Hockey In the Slush

# Royals' Athletics Meet

### Note and Comment

When this race was postponed to last night the story went out that both Shrubbs and Longboat were in bad physical condition—the Indian almost a hopeless wreck. It was not till last Monday that The World printed a special from Washington giving the result of the Canadian's race with a relay of soldiers and pointing out boldly that the Indian was himself again. Soon all reliable newspapers fell into line with the opinion that Tom was in fine fettle to race Shrubbs.

Well perhaps Longboat was not at his best, but he was good enough for the task. True, the time was slow about a six-minute gait. Shrubbs had a lead at one time of almost a mile, but, nothing daunted, the Toronto handler and Trainer De Forest kept their man at an even clip till the other fellow's inevitable breakdown came. Shrubbs walked while Longboat ran and the end was in sight.

Shrubbs undoubtedly ran a plucky race. He trained so satisfactorily that not only himself but his friends were led to believe that he could beat Longboat at the Marathon distance, and thus become the champion of the world. The Englishman was favorite and the victory of the Indian is thus all the more emphatic.

The time was ridiculously slow even for a Marathon, and to those who will not persist that Shrubbs will surely beat Longboat at ten or fifteen miles it is only necessary to point to the fact that the weather was mild and the time for those distances, and next race he'll surely have the advice to go at the faster clip.

It was a case of wind and naturally the Big Injun got up more steam than the Little 'Un.

Now the old Scarborough Club comes to the fore by winning the Cunningham Memorial. The weather was mild and A. Crawford gets in the class with Henry Thompson and Will Rennie, whom his friends hope to see land the next week regardless of the condition of the ice.

Just when the Coney Island Jockey Club needed the money W. K. Vanderbilt, president for nearly ten years, resigns. 'Twas ever thus. The men with the most money are the quickest to cry quits when the pinch comes. They don't like everything going out and hothin' comin' in.

### Bowling Results

In the Oddfellows' League last night, Rosedale A won two from Laurel, while Rosedale B annexed two from Floral. Laurel had only four men present. Rosedale A letting them use Hartman in the first two games and Williams in the last. Hartman 681 and Adams 688 were high.

The scores:

Rosedale A	1	2	3	Tl.
Totals	396	327	846	2309
Laurel	1	2	3	Tl.
Totals	896	733	861	2490

## Tom Longboat Again Winner Alfred Shrubbs Does Not Finish

### Englishman, Once Nearly Mile Ahead, Drops Out at Twenty-Five Miles and Five Laps.

NEW YORK, Feb. 5.—(Special.)—Another Marathon has been run and won. The victor, Tom Longboat, well deserves the race, as he met and defeated the world's greatest ten and fifteen mile runner, Alfred Shrubbs, the English champion. The task was too much for the little fellow, and he gave the ghost at the twenty-fifth mile, fifth lap.

Shrubbs jumped to the front and kept the lead until he quit. He gained lap after lap, and at one time was nearly a mile ahead of the Indian, who, at the twenty-third mile, began showing signs of distress. At twenty-three and a half miles Shrubbs stopped, knelt and adjusted his shoes. Longboat gained a lap he had lost, but the Englishman arose and sprang after him with the speed of a deer. At this juncture Flanagan appeared at the track side with the Indian's bride. Tom smiled broadly, nodded his head and took fresh life. The little Indian squaw waved encouragement at each lap and the new life injected into the race caused Shrubbs to lose heart. Shrubbs began to walk in the twenty-fourth mile and Longboat began to make lap after lap. Shrubbs was done for. He was wobbling and tears streamed down his cheeks. He knew defeat was his. He staggered on, refusing to quit. His gait was nothing but a walk. Honors were even as the end of the race drew near. Had Shrubbs had any-thing left it would have been anybody's race. As it was it was nothing but Longboat.

### CANADIANS ALL HAD SEATS

Standing Room Sign Was Early Displayed at Madison Square Garden.

NEW YORK, Feb. 5.—(Special.)—Our own commissioner—the Marathon craze is yet in its infancy in New York. Enthusiasm has not waned in the least, and had a building twice the size of the Madison Square Garden been available, its capacity would have been taxed to the utmost to accommodate the Marathon bugs that, hours before the doors opened, crowded the thoroughfares surrounding the building and struggled with each other to secure a position that would give them the best view of the race.

Time 27 to 31. A small party of admirers in the struggle the millionaire rubbed elbows with the street laboring Italian, who, with dirt begrimed clothes, was as eager to see the race as the most fortunate neighbor. All nationalities, among the masses, but all were good natured and willingly complied with the police officials who managed the thousands with marvelous skill. Conspicuous by their absence were the Canadian contingent. They were not waiting for tickets, thanks to the forethought of J. J. McCaffery and Tom Flanagan. These gentlemen had arranged for the Canadian sports, and they were provided with tickets of admission before leaving their hotels.

The process of securing tickets were slow and as the long line passed before the ticket booths and were supplied, they either entered the building or joined the crowd. Only a small party within a remarkably short time, for the "standing room" sign was displayed, and in a still shorter time was taken down and the booths closed to the disappointment of at least 3000 men standing in line. Then began a scramble for ticket speculators, and in some instances it is known that as high as fifty dollars was paid for a single ticket.

Tonight, as good as 8 to 5 can be had against Longboat. The Canadian visitors last night backed Longboat at odds of 7 to 5, 6 to 5 and in some instances as high as 10 to 1.

I have seen both Longboat and Shrubbs run, and while I certainly give Shrubbs credit for his speed, I have no hesitancy in saying that Longboat is capable of running Shrubbs off his feet at any distance from ten to one hundred miles.

Inside the large building an hour before the circus began there was not a vacant seat. The standing room was occupied to the brim. Many ladies were present and were as enthusiastic as the men. They, too, wagered on the result, and gloves and candy were the smallest part of their wagers, too. Some were bold enough to flourish bills of large denominations and banter their immediate neighbors to make a bet. On the whole, however, few large wagers were made in the building, most of the large money being placed in the hotel lobbies.

Tonight's contest is a duel between a native American, likewise a native Canadian, and a native Englishman. The United States doesn't get much glory out of the finish either one way or the other, but it has all the excitement of looking at the race, which is better than being counted out altogether.

Prior to the actual start of the affair both men are in good condition. Shrubbs has recovered from the injury to his breast toe, and he was seriously injured. So much so that when an incision was made into the seat of inflammation, poisonous matter was removed. No bluff, therefore, on the Englishman's part. Longboat is running better than he ever did, if the reports of his trainer are true. There are some of the Canadian backers of the Indian who insist that Longboat

never has been seen at his best in New York or in any other city. If that is the case, perhaps he will dog Shrubbs with such relentless determination that the little fellow will be run into the ground before twenty miles have been reached. Bear in mind that it is all new work to Shrubbs, and that the experiment of going beyond fifteen miles is as much of a novelty to him as it will be to any of the spectators. In his trial, when he injured his foot, it is said that he ran more than twenty miles, after that he was not far from the time which is needed to make Longboat hustle. If it comes to the final lap to win, shut your eyes and take your choice.

**Forwich Beats Harriott.**  
FORDWICH, Feb. 5.—A very exciting exhibition game of hockey was played at Fordwich between Harriott Junior O.H.A. team and Fordwich, resulting in a score of 7 to 3 in favor of Fordwich. This is the line-up of the two teams:

Harriott (3): Goal, Hattie; point, Ferguson; cover-point, Horhe; centre, Ferguson; right, Highland; left, Colborne.

Fordwich (7): Goal, Gilkinson; point, Hulsham; cover-point, Downey; centre, Downey; right, Schaefer; left, Strone. Wilson of Harriott refereed the game to the satisfaction of both teams. Attendance 600.

### IN THE CANADA GAZETTE

C. P. R. Applies for Extension in West—Contract to Irrigate.

OTTAWA, Feb. 5.—(Special.)—The Canadian Pacific Railway is applying for power to construct a line eighty-five miles long, from a point on the Crow's Nest Pass line to Aldersay, on the Macleod branch. The company is also asking for an extension of time to construct several other branches authorized.

The London & Northwestern Railway Co. will seek incorporation, with power to build a line of railway from London to Sarnia, and from London to a point on Lake Huron, at Huron County. Orders-in-council of Nov. 28, relating to foot and mouth diseases, have been rescinded. It is also ordered that ships leaving Atlantic ports carrying live stock must not stop at Canadian ports. The government has entered into an arrangement with F. Aylwyn, civil engineer of Ottawa, to irrigate 69,275 acres of land east of Calgary at an expenditure of half a million dollars. G. G. McNab of Guelph has been appointed school inspector of North Renfrew.

**Award for Arbitrators.**  
QUELPH, Feb. 5.—(Special.)—The award made by the arbitrators in the expropriation of property for water extension purposes, was announced today by the Guelph water commissioners. Judges Snider, McMillan and Hardy, who were the commissioners, decided that the amount of property required by the city for its new water system was worth \$100 or \$300. If Mr. Rudd took the buildings. The city pays the cost of the arbitration, about \$600. This is about the city's valuation of the property expropriated.

**Flaker Boy Heir to \$600,000.**  
SAN SEBASTIAN, Spain, Feb. 5.—A poor fisher boy of San Sebastian named Leobal, returning from a cruise, was met on the wharf by two strangers, who asked him if he knew who his parents were. The boy replied no. The strangers then informed him that they were the executor of the will of his mother, an American woman, who died, leaving him \$600,000.

**Complete Works Totol.**  
MOSCOW, Feb. 5.—(Special.)—The publishing house is planning to bring out the long awaited complete edition of the works of Count Leo Tolstoy. Royalties to the amount of \$20,000 will be paid in annual instalments of \$25,000. It is declared that with the approval of Emperor Stolypin, censored works of the count will be included in this edition, which will number about twenty-five volumes.

**Babe Found Dead.**  
William Watson, the five-months infant of Mr. and Mrs. William Watson, was found dead by its grandmother at her home, 95 Parliament-street, at 10 o'clock yesterday morning. Coroner G. W. Graham, Avenue-road, found that the death was due to bronchial pneumonia.

TOM LONGBOAT AND ALFRED SHRUBBS. Famous Runners, as They Lined Up to Face the Starter Shortly After 9 o'Clock Last Night in Madison Square Garden.

### Marathon Night Like Election Time On Toronto Streets

If New York was Marathon mad Toronto was more so. The down town streets last night resembled election time without exaggeration. The newspaper bulletin boards caused sidewalk blockades till midnight, when Shrubbs collapsed.

The drizzling rain sent a steady stream of athletic fans to Massey Hall, where the race was called off before a crowd that reached immense proportions at 11 p.m. The Highlanders' band gave a fine musical program and altogether the crowd enjoyed the show. Riverdale rink was jammed to the doors at the athletic meet, where the race was also held. The many Englishmen in both places caused little ructions at intervals. The old countrymen had their tormentors pretty well subdued at 20 miles, but the Canadian supporters soon got back with a vengeance. When the race was called off, the crowd thronged the street, and the odds ranged up to 3 to 1. Several local officials cleaned up handsomely at 2 to 1.

All the street bulletins there were many arguments, incipient scraps and continuous wagging. One Irishman on Yonge-street with limited information at the 19th mile took \$20 to \$14 and wanted more. The crowd stayed to the finish at Massey Hall and when the crucial period came there was a extreme contentation, the crowd falling to connect the story of the running as read by Roy Irving with Shrubbs' sudden collapse. Then the throng showed its color. There was a great majority of the 2000 present supporters of Longboat and they cheered so that the other side will never forget it.

Joe Kuley was in a box and absolutely refused to respond to the call for a speech.

### MORRISON CHESS CHAMPION

Toronto Tournament is Completed—Club Competitions.

The tourney for the championship of Toronto is now finished. J. S. Morrison, who is 18 years old and learned the moves less than a year ago, has proven himself the champion. J. W. Boyton came second and Messrs. W. L. Branton and E. J. Farmer tied for third place.

At the Toronto Chess Club last evening E. J. Farmer met all comers in simultaneous games at 14 boards, winning 6 games, losing 4 and drawing 4. He won from S. Dibb, Miss Doble, R. Jenks, Miss H. J. Lanakall, Mrs. J. C. Warburton, C. Farmer, lost to H. Carter, P. J. Greayer, J. Howard, H. E. Steens, and drew with John McGregor, D. E. Beynon, H. G. Jewell, Miss E. Sims.

Next Friday evening Mr. Percy Beynon, the junior champion of the city, will meet all-comers in simultaneous play at the Toronto club rooms, 96 West King-street. Games: SHRDLU.

### MANSLAUGHTER IS CHARGED AGAINST TWO TRAINMEN

QUELPH, Feb. 5.—(Special.)—Conrad Kennedy, engineer, and Matthew Fleming, conductor of the freight train, which took the wrong track from Harriott and killed two men in a collision, which resulted, appeared in court today charged with manslaughter. They were sent to trial at the next assizes, but being refused until permission from the attorney-general's department was secured.

**The Church of the 20th Century.**  
One of the speakers—the lady from New York—in expressing her pleasure in the People's Sunday Service, called it "The Church of the 20th Century." She said that there was nothing just like it in the United States. It was the request of a number of people, who were not able to be present when "Ben Hur" was given before, Mr. Wilkinson will repeat Gen. Lew Wallace's famous story to-morrow night. Miss Georgia Rodgers and Mr. Fred Watson will be the soloists.

**Chess Expert Marshall Leads.**  
NEW YORK, Feb. 5.—The first game in the chess tournament in progress at the Rice Chess Club between Frank J. Marshall and Charles Jaffe, resulted in a victory for Jaffe after 45 moves.

**Bank League Game Monday.**  
The final game of the second series of the Bank League, between the Standard Commerce, scheduled for Saturday afternoon, has been postponed till Monday night on account of the soft weather.

AUDITORS' CERTIFICATES.

We hereby certify that we have examined the books, accounts and securities of the Canada Landed and National Investment Company, Limited, for the year 1908, except such as are covered by the certificate of the Auditor at Winnipeg, and have found them correct.

All our requirements as Auditors have been complied with, and the statements of Assets and Liabilities, and Profit and Loss, as above, exhibit a correct view of the Company's affairs at 31st December, 1908.

T. WATSON SIME, C.A. (Scotland and Ontario); G. U. STIFF, C.A. Auditors at Head Office.

I hereby certify that I have examined the books, accounts and securities of the Canada Landed and National Investment Company, Limited, at their Winnipeg Office for the year 1908 and found same correct. All my requirements as Auditor have been complied with.

J. B. PEPLER, Auditor at Winnipeg. Winnipeg, January 2nd, 1909.

roll will be reduced to reasonable limits. In the meantime surviving relatives must be content to collect the insurance which ordinary prudence should lead the railway traveler to obtain.

TRUSTEE DAVIS AND HARBORD-STREET COLLEGIATE.

That was an ill-advised attack made by Trustee Davis at the board of education on Thursday, upon the good name and reputation of Harbord-street Collegiate Institute, and one, too, that, in his calmer moments, he ought to regret. It was unjust and unfounded.

THE CANADA LANDED AND NATIONAL INVESTMENT CO.

From the report and financial statements presented to the annual general meeting of the shareholders, published in another column, it will be seen that the Canada Landed and National Investment Company had a favorable year notwithstanding the depression that prevailed.

As demonstrating the excellent financial position of the company it may be noted that the reserve fund now stands at \$635,000, equal to 61 per cent. of the paid-up capital of \$1,000,000.

IMPROVE PUBLIC HEALTH TIP TO INSURANCE MEN

Yale Professor Says It is Possible to Add Fifteen Years to Average of Life.

NEW YORK, Feb. 5.—Dr. Irving Fisher, professor of political economy at Yale, and president of the committee of one hundred on national health, to-day proposed to the Association of Life Insurance Presidents the expenditure of money by life insurance companies in a campaign of education to improve hygienic conditions throughout the United States.

He gave as his justification for this suggestion the fact that the practical application of all the reforms now known to modern hygiene would increase the span of human life in America more than fifteen years—or over one-third. This decrease, he said, would more than offset the cost of insurance that the returns to policy-holders would be many times more than the original expenditure.

Then, too, there would be a vast economic gain to the country in general by reason of the prolongation of the lives of trained, efficient men.

"Tuberculosis is known to be preventable," said Dr. Fisher. "In my table it is entered as 75 per cent. preventable; pneumonia as 45 per cent. preventable; typhoid as 85 per cent. preventable; diphtheria as 70 per cent. preventable. These four diseases alone among the highest allowed. Many diseases, such as cancer, are recorded in the table as zero per cent. preventable, but the best expert opinion would allow some degree of preventability. If prevention begins early enough in life, the death, has been computed the possible extension of the average human life by saving lives now lost by preventable diseases. This calculation is made on the assumption that those thus saved from death enjoy at their own leisure of life only the expectation of life now belonging to their respective ages. This assumption is very conservative, for it means that those thus saved shall receive no further benefits from improved mortality, but shall die off at the old rate of mortality. It is estimated that at least eight years could be added to human life by securing reasonably pure air, water and milk.

"On the basis of these ratios of preventability, or rather postprobability of death, has been computed the possible saving in lives that would be effected by assuming that those thus saved from death enjoy at their own leisure of life only the expectation of life now belonging to their respective ages. This assumption is very conservative, for it means that those thus saved shall receive no further benefits from improved mortality, but shall die off at the old rate of mortality. It is estimated that at least eight years could be added to human life by securing reasonably pure air, water and milk.

"There seems to be no reason why a large part of this enormous possible saving cannot be actually achieved. The ninth decade plays a negligible role. Even if we content ourselves with the 18 per cent. improbability which applies to the eighth decade of life, and assume that this ratio and no higher applies throughout life, the improbability of the death rate at any age at risk is enormous."

HE FOUND THEM THE BEST OF ALL

What Rufus Harris Says of Dodd's Kidney Pills.

After trying five doctors for this kidney trouble, I found relief from Dodd's Great Canadian Kidney Remedy.

HURDVILLE, Ont., Feb. 5.—(Special.)—"After trying five doctors for kidney trouble, from which I suffered for three years, I find that Dodd's Kidney Pills relieve me best of all. If I keep on feeling as I have since I began taking Dodd's Kidney Pills I shall be well pleased, and I am hoping they will cure me."

So says Rufus Harris, well known in this village. "I had stiffness in the joints," he continues, "cramps in the muscles, headache, and was heavy and sleepy after meals. I was depressed and low spirited, perspired freely, was often dizzy and always thirsty, but since taking Dodd's Kidney Pills I am feeling very good."

If you have any of the symptoms Mr. Harris tells of, it is time for you to beware. They are the symptoms of kidney disease, and may be the forerunners of rheumatism, dropsy, lumbago, heart disease, or even the dread Bright's disease itself. Take warning and guard against suffering, or even death, by putting the kidneys in good working order with Dodd's Kidney Pills.

WILL OBJECT TO GRANT Western Members Not Enthusiased To Grant To Veterans.

OTTAWA, Feb. 5.—(Special.)—In spite of the premier's kind words, there will be opposition to any grant to the Fenian Raid veterans, from western members, who say that the lands held for speculation under the west.

One prominent M.P. from west of Manitoba said with vigor: "If the government attempts anything of the sort there will be trouble. I am not surprised to see Oliver and all the Liberals from the prairie provinces resign if this thing is carried out. It is monstrous, and cannot go thru. We will not stand for our lands being given away in this fashion."

It may be said that the premier's announcement was speedily followed by a slump of \$300 in the value of the scrip of South African veterans; in one case a deal was nearly completed, but when the broker heard of the proposed new issue he cut his price that sum and the deal was off.

Sir Wilfrid addressed the deputation as "My comrades."

Sir Frederick Borden, himself a veteran of '70, asserted that it was unfair to say that there had been no recognition of the veterans, because every chaplain, Rev. H. C. Tomlin, T. F. Scott, J. Nicholson, and R. F. Stupak; stewards, J. M. Gander, Geo. Armstrong, W. H. Tippet, George Musson, G. F. Harman and R. Stupak; auditors, H. Ford and W. B. Tindall; marshal, Capt. P. H. Drayton; standard bearers, W. J. Harvey and W. E. Boddington; chaplains, Revs. D. T. Owen and J. C. Hincks.

ST. GEORGE'S SOCIETY Rufus Hudson Elected President at Last Night's Meeting.

At the annual meeting of St. George's Society last night, Rufus Hudson was elected president and was presented with the officer's jewel, while the society recorded their thanks to the retiring president, J. M. Gander, for his services during the past year, and will later receive from the society the past president's jewel.

The reports were quite satisfactory, showing a balance of \$40. The following officers were elected: President, Rufus S. Hudson; vice-presidents, J. C. Bayliss, H. B. Mason, D. M. Harman; treasurer, Samuel Lee; secretary, J. W. Gamble Boyd; committee, T. W. Barber, H. R. Frank Land, M. Rawlinson, H. C. Tomlin, T. F. Scott, J. Nicholson, and R. F. Stupak; stewards, J. M. Gander, Geo. Armstrong, W. H. Tippet, George Musson, G. F. Harman and R. Stupak; auditors, H. Ford and W. B. Tindall; marshal, Capt. P. H. Drayton; standard bearers, W. J. Harvey and W. E. Boddington; chaplains, Revs. D. T. Owen and J. C. Hincks.

King Solomon's Chapter. The annual at home of King Solomon's Royal Arch Chapter, A. F. & M. was held last night at the Tammany, when about 150 members were present. Among those present were: Right Excellent Companion Dr. Foster, superintendent of Toronto District, and First Principal A. H. Longhead. The music was furnished by Bodley's orchestra and solos were rendered by William Turner and William E. Moore.

For Theft of Ton of Coal. Frank Wilson, 149 Elizabeth-street, a driver for Robert McLeod, coal dealer, delivered a ton of coal, collected the money, but failed to turn it in and spent it. He was arrested last night by Detective McKinnon on a warrant charging him with theft.

FACTS YOU SHOULD KNOW

Owing to the very great success that has attended our efforts to meet the requirements of the public by serving our third floor popular "Business Luncheon," it has become necessary owing to the ever-increasing business to make arrangements to our overflow.

We therefore take pleasure in announcing that commencing Monday, Feb. 8th, we will serve a special luncheon in our Famous Table D'Hotel Room every business day from 1.30 to 2.30 p.m. Good elevator service, come along and bring your lady friends, the service will be consistent with "St. CHARLES" quality. Our orchestra under the leadership of Francis Grant will render a selected musical program. Reservations made by phoning the "St. Charles of Course."

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, Feb. 5.—(8 p.m.)—A disturbance of very decided energy is centred to-night in Michigan and will pass across Southern Ontario to Quebec and the Maritime Provinces. The weather is comparatively mild from the great lakes to the Atlantic but is becoming much colder in the western provinces.

Minimum and maximum temperatures: Dawson, 35 below—30 below; Victoria, 35—45; Vancouver, 35—40; Kamloops, 40—45; Toronto, 35—40; Montreal, 35—40; St. John's, 35—40; Halifax, 35—40.

Lower Lakes and Georgian Bay. Rain at night, followed by northwest gales, snowdrifts; becoming colder. St. Lawrence Valley and Upper St. Lawrence. Sleet or rain, followed by northwest gales and colder again by night.

Lower St. Lawrence and Gulf—High winds, with snow or sleet. Maritime—Southerly winds, increasing to rain, followed by sleet or rain.

Superior—Northerly winds and becoming much colder. Western Provinces—Northerly winds, light snowdrifts and becoming colder.

Cold Wave in U. S. WASHINGTON, Feb. 5.—"Cold wave coming," flashed the weather bureau to-day in an official warning. The present period of weather, according to the bureau, will be followed by a cold wave which will appear in the northwest Sunday or Monday, advance over the central valleys and lake region Monday and Tuesday, and reach the Middle Atlantic and New England States about the middle of next week.

BROTHER SHOOT BROTHER. NEW YORK, Feb. 5.—A number of women employees of the Bent Glass Novelty Co., Walker-street, were thrown into a panic to-day when Vincent Gambaro, a foreman, was probably fatally shot by his brother, Giuseppe, a designer, after he had refused a peremptory demand for \$400. A third brother, Frank, succeeded in overpowering the would-be murderer.

Parkdale Presbyterian Social. A social service was held last evening in connection with the thirtieth anniversary of Parkdale Presbyterian Church, which, as its first pastor, Rev. Dr. Abraham, recalled, was inaugurated on Feb. 7, 1879, with a congregation of 13.

Prof. A. L. Gergie, pastor, was in the chair, and the moderator of Toronto Presbytery, Rev. James Murray, was introduced and made a characteristic address. Rev. Dr. Mackay referred to some edifice, when the collection taken was \$2750—by a curious coincidence, the very amount given by the church last year for relief work. Not its financial position, but the private life of its members, Dr. Mackay said, was the best indication of the success of Parkdale Presbyterian Church.

A musical program was contributed by Miss Ruby Shapley, solo; Ernest Hazeldine, song; Ernest Johnson, violin solo; Miss Shannon, Messrs. Hazeldine and Demmay, and the choir. Commemorative services will be held on Sunday, when the preachers will be Rev. John MacNeil, Rev. Dr. Rankin and Rev. Prof. Kipatrick.

WITHDRAWS RESIGNATION

Provost Mackinnon Will Continue to Direct Affairs at Trinity. T. C. Street Mackinnon, Provost of Trinity College, has addressed a letter to the members of the corporation of Trinity College withdrawing his resignation of a month ago on account of "so strong a protest from many of the opinion I am bound to respect."

The unanimous voice of the corporation of Trinity College, the personal views urged by many other friends and supporters of the college; the representations made to me by bishops and other leaders in church, government and university circles; the confidence in my administration, which has a desire for its continuance, which has been expressed with one consent by the staff and students of the college—these and other considerations, pointing all in the direction of a prolongation of existing relations, constitute an appeal too strong for me to resist," says the provost.

"Accordingly I have decided to withdraw my resignation, and to cast myself again upon the kindness and cooperation of those good friends, within the college and without, to whose support and friendship I must attribute the success of my administration. It is hoped I entertain for the future."

The letter concludes with particular reference to the confidence and friendship of the students and staff of the college. It is unfortunate, he comments, that to the leaders of the college, which is a tribute which belongs largely to others. Certainly it has been so in this case.

I strongly advise mothers to use them when their little ones are ailing." Sold by medicine dealers or by mail for 25 cents a box from The Dr. Williams' Medicine Company, Brockville, Ont.

SHRUBB FAILS

In 27.54. Shrubbs was two and one-half laps ahead at this time. It was noted here that while Shrubbs had gained two laps in the first three miles he had only added an additional half lap in the next two miles.

Sports Caught Crowd. Shrubbs' plan, it appeared, was to run a fast mile or two, during which he made decided gains, and then he would steady down to a trot, apparently to reserve his wind and strength. His sprint always created an uproar in the crowd, the spectators cheering him frantically.

The Englishman gained another two and one-half laps in the second five miles, and was five laps, or half a mile, ahead when the ten miles were finished. The time for the ten miles was 57.32-5. Longboat's time in his race with Dorando was 58.57-1.5, nearly a minute and a half behind Shrubbs' time to-night.

Six Laps Ahead at the 12 Mile. Maintaining his track with Shrubbs increased his lead to six laps at the twelfth mile, but the Indian was not worried out of his long swinging stride until about the fifteenth mile, when he shook himself and picked up about fifty yards. Shrubbs, however, continued to open up the distance between himself and the Indian, and at the fifteenth mile mark found the Englishman six and a half laps ahead. Shrubbs' time for the fifteen miles was 1 hour 43 minutes 23 4/5 seconds.

The time for the twenty mile mark was 2 hours 1 minute and 25 4/5 seconds.

Shrubbs Stopped to Change Shoes. The Englishman's cheering admirers were given a heart thrill when Shrubbs in the twenty-first mile suddenly stopped to change his shoes. During his brief absence from the track Longboat gained one of his lost laps, but Shrubbs coming on the course again started at a lively clip, with the evident intention of regaining the lost lap.

Tom Flanagan, the Indian's old manager, brought Longboat's wife out on the track to encourage her husband. Pandemonium broke loose in the Grandstand during the 22nd mile when Shrubbs came down to a walk for a few yards. It was apparent that he was in some distress, but he was soon off again with a swinging stride, the further, collapsed on the track, leaving the triumphant Longboat to finish the race alone a winner.

Previous to the Marathon the five-mile match race between Robert Hallen of New York and Mike Spring of Brooklyn, in which Spring was allowed a handicap of ten seconds was won by Hallen by 3 1/4 laps. Time 27.20-1 1/2.

\$3000 Suit Dismissed. Justice Latchford yesterday dismissed the suit of William Rordian, a laborer, against the O'Keefe Brewing Company for \$3000 damages, because he was run over by a delivery wagon. He said the wagon turned the corner so quickly he could not dodge. His head was badly battered. The defence was that Rordian had received \$75 and had signed off. This he actually endeavored to repudiate.

NEXT WEEK AT THE THEATRES

"The Girl Behind the Counter," in which Lew Fields and his exceptionally large and brilliant company will begin an engagement at the Princess on Monday night for the first half of the week, with Wednesday matinee. It is the same sumptuous production that for an entire year filled the Herald Square Theatre, New York, with enthusiastic audiences.

Mr. Fields in this play has added greatly to his reputation as a comedian of rare power and versatility. He has long been a favorite in New York, by reason of his work while a member of the firm of Weber and Fields, but never has he had a more congenial role than that of Henry Schiff, "the multiplied millionaire."

Surrounding Mr. Fields is a splendid cast, including Miss Corrie Edies, a famous English comedienne who is wonderfully clever as Mrs. Henry Schiff, the socially ambitious wife of the newly-made millionaire; child Lottie Faust, the Tinkle, the original "Wizard of Oz"; little Miss Pearl Lund, remembered as "Baby" Lund only a short time ago, who has the title role of "The Girl Behind the Counter"; Daisy Dumont, Tony Slegrist, Lottie Fremont, and the original English pony ballet, the best group of dancers who ever graced a stage.

The Royal Alexandra will have one of the noteworthy events of the theatrical season for the two weeks beginning Monday night, when the distinguished romantic actor, James K. Hackett, will play an engagement during which he will present a repertoire of plays that is sure to appeal to all classes of theatregoers who have a taste for the best kind of play.

There is nothing in the range of plays which Mr. Hackett will present to please everybody, for it will display the skill and versatility of this fine actor at their very best. Mr. Hackett enjoys a strong and well-deserved popularity here. He has always striven for the highest in modern drama. Sir Anthony Hope, Alfred Dool and Winston Churchill are names to conjure with and their predominance in the list of plays which will be seen here during his two weeks' visit is certain to attract the interest of the best theatregoing public.

He will open his engagement with Sir Anthony Hope's thrilling and fascinating romantic play, "The Prisoner of Zenda," with which his name has become inseparably associated. The revival of this play at his own New York theatre, The Fackett, proved one of the conspicuously interesting events of the Metropolitan season.

Mr. Hackett has a splendid supporting company, including three leading women, Miss Beatrice Buckley, an exceedingly pretty English actress, who plays the role of "Princess Flavia" in "The Prisoner of Zenda" and the leading role in "John Gayde's Honor"; Nina Morris, an experienced and brilliant actress, plays Maritana in "Don Caesar's Return"; Madeleine Louis, a very pretty young southern girl, is the Virginia Carvel in "The Crisis." Other well known actors in the company are Arthur, the Hoops, Fred W. Strong, Fred A. Sullivan, Guy Coombs, Mr. W. Dugan, Miss Allison Skipworth, Miss Dorothy Hammack, Miss Edith Luckett, etc.

"The prisoner of Zenda" will be the opening play. It will be repeated on Thursday night and at the Saturday matinee. "John Gayde's Honor" will be given on Tuesday night; "Don Caesar's Return" on Wednesday and Friday nights and "The Crisis" on Thursday matinee and Saturday night.

The program for the last week will be announced later. It will include the first presentation on any stage of Mr. Hackett's new play, "A Son of the South," by T. Dazey, author of "In Old Kentucky."

It is the same sumptuous production that for an entire year filled the Herald Square Theatre, New York, with enthusiastic audiences.

At the Grand.

Music, comedy and pretty girls are undoubtedly the most attractive features of the Grand next week, opening with a special matinee Monday. The play is in three acts, all finely staged. The first is a railroad station and dock at Castle, Huber, Neville, Charles Mitchell and a dozen others. The show girls are said to be of exceptional beauty.

At the Alexandria.

The Royal Alexandra will have one of the noteworthy events of the theatrical season for the two weeks beginning Monday night, when the distinguished romantic actor, James K. Allan are placing the claims of the movement.

BOVILL, LIMITED.

Flotation of Subsidiary Company. It is reported by cable from London, England, that Bovill, Ltd., the largest and most widely-known manufacturers of concentrated beef preparations in the world, has acquired control of large estates in the Argentine Republic. The report further states that a company has been formed under the name of "The Argentine Estates of Bovill, Ltd.," with a capital of \$3,400,000 (900,000 pounds sterling). The prospectus informs us that the company is organized in order to guarantee an unflinching source and to ensure an ample supply of highly-bred cattle for use in the manufacture of their well-known beef preparation "Bovill."

We learn on good authority that these estates are among the finest grazing grounds in the world, comprising 43,000 acres with 100,000 head of horned cattle, and two large factories fitted with all the latest appliances for the preparation of the raw material used in the manufacture of Bovill. It is further stated that the parent company (Bovill, Ltd.) has engaged to take, as a minimum quantity, 30,000 head of cattle annually. This supplementary to the large supplies already coming from the British colonies. It is expected that this number will be greatly increased as the resources of the new company are developed. This flotation promises to be one of the most successful promotions of the year.

Advertisement for At the Gayety. Messrs. Weber and Rush will bring their star attraction, the famous "Bons," to the Gayety next Monday matinee for a week's engagement, and in point of absolute gorgeousness, sensational novelties and original features "The Bons" will be found, as usual, ahead of the procession. The comedy element is in the hands of Guy and Lester, an eccentric comedian, John C. Hansen and George Niblo, while the leading female roles will be taken by pretty, winsome little Frances Clare, the Dresden doll soprano; Emily Miles, the statuesque beauty; Helen Spencer, Ollie Joy and Ethel Clayton. Two brand new musical comedies will be presented, entitled "Affinity Beach"

Advertisement for At the Majestic. "The Montana Limited" tells a beautiful story of the love of a man for a noble woman, and for an erring twin brother. The brothers are identical in every way, but one is a man of honor, the other a stage robber. This brings about complications which form the plot of the play.

# COBALT---Mining Stocks Are Affected by Sales Made for Insolvent---COBALT

## SENTIMENT IS BEARISH AT THE MINING MARKETS

### Forced Sales Have a Detrimental Influence on Prices at the Toronto Exchanges.

World Office, Friday Evening, Feb. 5. Transactions in Silver Queen stock have had a strong influence on trading in mining securities during the last three days.

Except for in and out transactions by brokers the market was without any special feature. The Standard stocks, such as Crown Reserve, Nipissing, La Rose, Chambers-Perland and Trethewey, which were weakened, held remarkably firm and it was only in those securities of doubtful value that any softening was experienced.

Part of the weakness in to-day's market was due to sales which were made under the rule owing to the failure of a member of the stock exchange. This had an influence out of proportion to the actual situation. The market closed dull with few real offerings, but the sentiment was depressed and no favorable change in prices can be expected until this is dissipated.

## ELK LAKE DISCOVERY

Machinery Considered the Best Brought into the Silverland of the North. ELK CITY, Feb. 1.—(From Our Man Here.)—Mr. Harris, the hospitable manager of the Elk Lake Discovery Mine, deserves great credit for the way in which he has proceeded with the work of getting in the machinery, which is now in place on the property, and the setting up of the same.

The first machinery went in over the trail, which had to be cut for about two miles and a quarter thru the bush, over a very rugged piece of country, with some heavy grades, on Dec. 22, and on Jan. 26 the plant was all erected and ready for operation.

The machinery at the Elk Lake Discovery Mine is some of the best that has been brought into the silverland of northern Ontario, and the work of erection has been done in a creditable manner. The plant consists of one five-drill Ram compressor, three rock drills, one compressor tank, two wood-burning 60 H.P. boilers, one two-ton steam hoist, a steam pump for supplying the boilers and compressor with water, and a fully equipped blacksmith shop.

The camp buildings are of a substantial character, and quite roomy. They include a power house, blacksmith shop, pump house, dining-camp and cook-house, bunk-house and several small buildings, which are used for storage purposes. The timbering are at present being prepared for the erection of a shaft house, and this will be put in position as soon as the shaft is deep enough to reach the vein. There are 24 men on the property and there is an air of activity about the mine.

The shaft is at present down about eight feet, and already some very fine samples have been taken out. The work of sinking is proceeding as rapidly as it is possible. The shaft is situated about one hundred and fifty yards in an easterly direction from the main vein, and it is the intention to sink to the 100 foot level and then drift into the vein. It was impossible for your correspondent to examine this vein owing to the deep snow.

The Elk Lake Discovery has six veins at this point, adjoining, and the location is in the best part of James Township.

Another letter I will give details of development.

## ROOM STILL LEFT

Brokers Expect Higher Prices on Easy Money Conditions. Edward Cronyn & Co. in a circular, say: "The leading feature of the situation continues to be the ease of money. The world over. Much of this money is idle and a very large proportion of it is being put into the market. As long as this continues, the demand for good securities is bound to be strong, the securities in turn setting prices with prices advancing. Of course, the wise element discounts the future, and even before money becomes tight they will be taking profits on investments bought lower down. They do not anticipate the expansion of the money market for a long time to come. Little fluctuations are bound to occur, but trade is not expanding at a rate sufficient to cause any material effect in the supply of funds. Another favorable element in the situation is the strengthening of the belief that the danger of war in Europe is really a thing of the past.

## SILVER QUEEN RUMORS

A Disturbing Influence in the Cobalt Markets. Heron & Co. in their weekly letter say: "During the week the Cobalt market has been lively enough, but the tendency of values in a majority of the lower priced issues outside of one or two specialties has been somewhat disappointing. The break in 'Silver Queen' on renewed rumors that the mine had run out of pay ore and that the next quarterly dividend would be passed was the disturbing influence. The interests closely associated with the company pronounce these rumors as false and malicious, and predict a 'short' squeeze in the shares that will carry the price well above its recent high mark, our advice indicate that the stock is a sale on all strong spots.

The stationary attitude of all the leading investment stocks is a decidedly favorable feature, which, taken in conjunction with the increasing volume of shipments and the steady improvement in conditions throughout the camp, it must be evident to the most casual observer that the present is not a time for pessimism. A sharp and substantial rally is due and may be expected during the coming week, when sales may again be

## HARGRAVE IS ACTIVE TRANSACTIONS HEAVY

Dealing in the Stock Amount to Twenty or Thirty Thousand Shares a Day.

Buying of Hargrave has been on a large scale all this week. Transactions have been running from 20,000 to 30,000 shares a day, although it is not yet listed, being far in excess of the business in any of the listed stocks. Buyers are wondering what the cause of the sudden activity can be. Of course the record of the Kerr Lake mine is a great incentive to buy and hold Hargrave. The stock earned last year nearly 30 per cent. on a capital of \$3,000,000, and it is acknowledged that it could easily have earned more. Hargrave Lake Company is now distributing an average of \$100 every working day to its stockholders, and is earning, it is estimated, fully \$2,000,000 more. Both the Kerr Lake Company and Hargrave Company are working on the same vein, the famous 'Jacobus' lode.

Many Toronto people bought Kerr Lake Company's stock in 1908, knowing that it was a rich property, and managed with honesty and ability. But because it remained "dead" being quoted normally at \$3.50 to \$4.00, week after week, one after another sold out and went into the so-called "junk" market. As a result of this, Hargrave, etc. The result was that when the asset value of Kerr Lake, which was steadily increasing all along, got so great that the stock began to reflect it in earnest, most of the Toronto people were out and were chagrined to see it advance rapidly from \$4.00 to \$8.00. The few patient holders who kept their stock made fortunes. Numerous people are now putting away Hargraves owing to its admittedly great investment possibilities, and in view of what took place in Kerr Lake are likely to keep it for a few months to await developments. If Hargrave develops as well as Kerr Lake, the Hargrave stock now about \$6 will probably sell to \$12.50 or \$15.00. Another motive in the buying may be found in the management. Many people who know Mr. Ernest V. Needles by reputation are watching the progress of the Hargrave, as they are satisfied that the management has continental reputation and acknowledged ability would not accept the management unless he saw good prospects ahead of mining a great mine. There is a general belief, however, that some important news is being held back in fact the remarkable burst of buying indicates that something of importance not generally known as yet has transpired. Mr. Ferguson, the president, was seen by World to-day making a claim of development of importance had taken place, but refused to talk. "Nothing for publication at present," was his laconic reply.

## BIG SIX SILVER MINING

Stock Now Being Sold by Toronto Firm. The Big Six Silver Mining Company recently sold four claims west of Mt. Elbert, Colorado. The claims are the Seville Prospecting and Exploration Company, the Stock of which is being sold by Messrs. Lorsch and Ganey, 38 Toronto Street, are directly south of and adjoining these properties.

## WORK ON THE AGUANICO

Mr. Martin of the firm of Thomas & Martin, Cobalt and Toronto, has returned from the Aguanico Mines and reports good progress on the property. He has fifteen men working on the mine, and has just installed a six drill compressor and a two-horse power boiler. The Aguanico Co. has a corps of prospectors in the Gowganda country and has already obtained several claims in the vicinity. Mr. Martin left last night for Chicago to attend the meeting of the company.

## BLIKLY LOOSE ACTION.

The divisional court gave a decision Friday last in the suit brought by A. M. Blikly against the Aguanico Mines and others, that is of considerable interest to prospectors and mining men generally. Mr. Blikly sought to declare the owner of several mining claims in the Maple River mining division, on the ground that the men, Turcotte, Devine and others, have since moved to the United States and are therefore unable to sue. The mining commissioner, after hearing the case, dismissed all of Blikly's actions, and the court, without unanimously upholding his decision and dismissing all of the appeals, but without cost except as regards Turcotte, who was given costs. Mr. J. Lorne McDonald acted for Mr. Geo. Ross, who is the owner of all the defendants' claims, who was represented by Messrs. C. D. Scott and J. P. MacGregor.

## AMERICAN TRADE REVIEW.

NEW YORK, Feb. 5.—Dun's weekly review of trade to-morrow will say: "Business of retail trade is somewhat more pronounced than usual in this state, and distribution in wholesale lines continues restricted. Future orders in most lines are still placed with great caution, but confidence in the future is stronger. The improvement in the mercantile situation being reflected in the preliminary statement of commercial defaults for January, which shows the expected large decrease in comparison with a year ago. Money continues abundant, and supply, and while collections are backward, especially in the south, complaints are scarcely more numerous than is customary at this period, and with the opening of the new season improvement will come.

Railway earnings for January were 7.7 per cent. smaller than 1928. Budget figures at New York show an increase of 48.8 per cent. compared with the corresponding week last year. Failures at other leading cities there is a gain of 19.2 per cent. Conditions in iron and steel continue disappointing. The leading International Steel maintains established quotations, yet price-cutting is general in several, even with this nominal business slow development. Some of the larger mills are operating at about 40 per cent. capacity, also largely on contracts. In primary market for drugs the feature of importance is the increasing evidence of shortness of stocks of tin. Commercial failures this week in the United States are 312, against 228 last week, 318 the preceding week, and 256 the corresponding week last year. Failures in Canada number 18, against 18 last week.

supplies of earnings equal to 10 per cent. on its capital stock, a state of things which is unequalled by any other railway in America today...

There was another disastrous feature of railway operation in Canada today, Mr. Maclean proceeded, and that was the wanton disregard of the lives of the people and the lives of their servants.

"The railways tell us," he said, "that they cannot afford to provide life saving devices, and yet here is a company proposing to give \$35,000,000 as a gift to its shareholders."

Mr. Maclean asked the minister of railways and canals whether or not the provision in the original charter of the C.P.R., under which we are not to interfere with their freight rates...
