VOL. XXXVI.—No. 13,105

ALLIES SWEEP DOWN ON TWO MORE TOWNS

No Let Up in Somme Advance, Which Carries Germans Off Their Feet, Compels Them To Fight in Open Ground, and Will Make Forces in Bapaume and Chaulnes Surrender as They Did at Thiepval and Combles.

GREECE JOINS THE ALLIES IN MILITARY CO-OPERATION

Agreement Made Between King Constantine and Council of Ministers—Greek Battleships Join the Anglo-French Fleet.

LONDON, Sept. 28.—The council of Greek ministers has decided in agreement with King Constantine upon military co-operation with the entente powers, says a Reuters despatch from Athens dated Wednesday.

CALM AT ATHENS.

ATHENS, Sept. 28, via London, Sept. 27.—Despite the profound popular belief that the country is racing the great crisis in its history, calm expectancy reigns in Athens.

BRITISH TAKE TEN THOUSAND PRISONERS IN FORTNIGHT

Make Excellent Progress on Battle Front—Beat Germans in Fierce Fighting Northeast of Thiepval, Capturing Stuff Redoubt.

LONDON, Sept. 27.—"Excellent progress was made today on the battlefield," says the British official communication of tonight.

BRITISH AGAIN ADVANCE FRENCH EXTEND GAINS

Allies Continue Forward Drive, Bringing Lines North of Fiers and East of Combles—Make Further Gains From Thiepval—Check Counter Attacks.

Special Cable to The Toronto World. LONDON, Sept. 28.—British and French troops made further progress against the Germans on the battlefield north of the Somme today, and as a result of the fighting they extended their lines eastward, and the British also extended their front northeastward from Thiepval.

TWO PEOPLE KILLED EXPRESS STRUCK AUTO

Driver of Motor Car Became Confused on Crossing Near Montreal.

MONTREAL, Sept. 27.—Two persons were killed and two injured this evening when the C.P.R. Toronto express struck an automobile at a crossing near Dorval, ten miles from here.

Half a Million Workers Will Be Affected by Strike

NEW YORK, Sept. 27.—Although labor leaders insisted tonight that the general strike of trades unionists in the greater city, in aid of the carmen who quit their places Sept. 6, eventually would involve at least a half million workers, there was not surface indication of a tie-up of the city's industries as threatened.

Waters of River Nile Are Highest in Twenty-Two Years

CAIRO, via London, Sept. 28.—The waters of the Nile are at the highest stage reached in 22 years, and the ministry of public works has issued a warning that every precaution should be taken in view of the danger that the Nile may burst its banks.

FRESH SUCCESSES ARE WON BY FRANCO-BRITISH TROOPS

Sweep That Won Thiepval and Combles is Being Continued in Methodical and Perfectly Co-ordinated Campaign Which Brings Allies Closer to Bapaume Every Hour.

BY ARTHUR S. DRAPER.

Special Cable to The Toronto World. LONDON, Sept. 27.—The allied Haig and Foch extended their position, held every inch of ground won in the tremendous attack of yesterday, but have swung forward to fresh successes.

After hurling back the expected counter-attacks of the Germans, both Haig and Foch extended their positions. The British troops pressed nearer Bapaume in the region of Etourcheville, directly south of the objective, and brought forward their guns in the path of all the gains of the preceding day.

Everywhere along the Picardy front the last German defences have come within range of the allied artillery and at many points open field operations obtain. Desperately the Germans are trying to construct new fortifications under fire but the forward sweep of the British and French troops is proving irresistible.

COMPLETE UPPER HAND GAINED BY THE ALLIES

German Army in the West is Being Pursued by British Cavalry Patrols.

LONDON, Sept. 27.—A despatch from Reuters' correspondent at British headquarters in northern France says: "The recent fighting illustrates how completely our army now has the upper hand. We are advancing with the deliberate calculation which is only possible to the side of irresistible strength."

MUST KEEP ARMY AT FRONT SUPPLIED

Would Be Tragedy if Canada Failed, Says Sir Hamar Greenwood.

Special to The Toronto World. MONTREAL, Sept. 28.—Sir Hamar Greenwood, M.P., a Canadian who has won distinction in British political life, was in Montreal today. He is on a short visit to Canada for the purpose of attending to personal business.

FRENCH ADVANCE TO BAPAUME BRITISH ONLY TWO MILES AWAY

ROUMANIANS ROUT TEUTONS VIOLENT FIGHTING GOES ON

Big Battle Proceeds in District of Hermannstadt in Transylvania—Austrians Beat Hasty Retirement in Jiu Valley After Repulse.

LONDON, Sept. 28, 12.30 a.m.—The Rumanians are strongly following up their victory in the Jiu Valley in Transylvania and they are forcing the Teutons to make a rapid retreat towards the north and northwest.

ADVANCE FIFTY MILLIONS TO BRITISH GOVERNMENT

Sir Thomas White Cables Chancellor of the Exchequer That the Dominion Will Help Financially—To Be Availed of in Payment For Munitions.

OTTAWA, Sept. 27.—Following his meeting with the Canadian bankers today the minister of finance cabled the chancellor of the exchequer that the Dominion Government would make an advance of \$50,000,000 here to the imperial government to be availed of in payment for munitions and supplies purchased in Canada.

THOUSANDS OF CAPTIVES FALL TO ROUMANIANS

Victory in Dobruja Proves to Be Great Russian Mortars Do Damage.

LONDON, Sept. 27.—A Bucharest despatch, dated Sept. 25, to the Reuters Telegram Co., says: "The French and British troops in Dobruja have won a great victory for the Rumanians and Russians in Dobruja. Thousands of prisoners were captured while the Russian mortars did tremendous damage."

Bulgarians Violently Assail Serbians on Mt. Kaimakalan

Special Cable to The Toronto World. LONDON, Sept. 27.—On the front north of Saloniki the Serbians have provoked the Bulgarians violently to attack them, and a fierce engagement is proceeding. The fighting ground is east of the Corna River.

France is Preparing For Another Winter Campaign

PARIS, Sept. 27.—It does not seem probable that another winter campaign is avoidable, says La Liberté. Joseph Thierry, under secretary of state for armaments, has made all necessary arrangements for supplying the troops, and garments, blankets and other essentials for winter warfare have been going to the front at the rate of eighty carloads a day since September 15.

FIRE AT MERRICKVILLE.

Special to The Toronto World. MERRICKVILLE, Sept. 27.—A fire broke out this afternoon in the pattern storage building of the Percival Flow and Stove Co. The building is a total loss and at present how the fire originated is unknown.

Peronne Will Be Cut Off And Left To Surrender as Combles Did—German Positions There Are Enfiladed.

By FRED. B. PITNEY. Special Cable to The Toronto World. PARIS, Sept. 27.—In the capture of Combles and Thiepval, with all their immense booty, the allies have realized the most important strategic gain since the beginning of the Somme offensive.

The British on the borders of Lestransloy and Beaulencourt now are only two and a half miles from Bapaume, while the capture of Combles has removed for them the most serious obstacle to the advance on the road to Bapaume.

Beginning at Bapaume one branch runs directly east to connect with the main north and south line at Marcoing, while another branch turns off at Veth, passes thru Bertincourt, Equancourt, Espel, Roisel and Verdun to Mont St. Quentin, thus connecting with the two main north and south lines, one at Roisel and the other at Mont St. Quentin.

Combles was the one big fortress holding up the allies' advance on this line north of the Somme, as Peronne was the obstacle on the south. But the allied advance on the north will cut off Peronne and leave it to surrender as Combles did, and subject that whole important railroad to the menace of the French advance.

Already by the French advance on the north the German positions from Peronne south are subject to an enfilading fire. Meanwhile, on the north, the Germans have fortified all the villages and are busy engaged in strengthening the fortifications, the most important line of defence now held by them between the French and the railroad is the River Tortell. At its junction with the Somme the French already have reached this stream, while their advance east of Bouchemmes has brought them within two kilometres of it.

Thus all its course the Tortell River runs thru marshy bottom lands, but the marshes are more extensive near its junction with the Somme and south of Moislans, at which point the French are now approaching it, it does not present so many difficulties.

In taking Combles the surrounding of the town was nearly completed before the assault began. The French advanced from Fregicourt and took a small wood north of that place, while the British pushed forward across the road from Combles to Morval. All hope of escape was thus cut off for the three battalions of Germans who had been unable to withdraw.

Pounded the Fortress. Meanwhile, to prevent the sacrifice of troops in hand-to-hand combats, the artillery kept up a terrific pounding of the fortress. When the allied troops entered almost 2000 bodies of dead Germans were counted in the streets, while only a few hundred remain alive to surrender—and most of these were lying wounded in cellars.

In the centre of the town, huge subterranean store houses had been hollowed out by the Germans in the chalky formation, and these were found filled with munitions and supplies of all kinds, which the Germans had been unable to get away.

Thus fell to the allies the town to commemorate the capture of which the Kaiser had a medal struck in August, 1914.

DINEEN'S ENGLISH HATS.

This is a pronounced season for hard felt hats. They are produced in more style varieties than in former seasons, and the quality has suffered nothing from any alleged shortness in the supply of raw material. At least the English made hats are quite up to their best average. We have a complete assortment of hats from all the reputable English makers. Dineen's 140 Yonge Street.

HAMILTON NEWS

HAMILTON MOUNTED FILLING UP RANKS

Besides Daily Quota, They Are Getting Men From Outside Depots.

STRIKE CONTINUES

Cemetery Workers Refuse Compromise of Twenty-Eight Cents an Hour.

HAMILTON, Thursday, Sept. 28.—The Canadian Mounted Rifles are gradually increasing their strength as a result of recruiting men from the outside depots.

Despite the fact that the employment of women in munition works has proven successful it is not likely that any of the local shell plants will take on any women at present.

The strike of the employees of the Hamilton Cemetery still continues and apparently there is no immediate hope of a settlement.

OIL STEAMER SARNOLITE SUCCESSFULLY LAUNCHED

Third Vessel of This Type Built by Ontario Shipbuilders.

Special to The Toronto World. COLLINGWOOD, Sept. 27.—Promptly at one o'clock today the oil tank steamer Sarnolite was successfully launched at the local shipyards.

The christening ceremony was performed by Mrs. E. O. Stillman of Sarnia. Among the distinguished party from outside points were Mr. C. O. Stillman, president of the Imperial Oil Co., Mrs. Stillman and Mrs. Ellsworth, of Sarnia; Mr. T. B. F. Simon, representative of Lloyd's Shipping Registry of Toronto; Mr. Hugh Calderwood of Barrie, and Mr. J. J. Lynch and Miss Lynch of Allandale.

After the ceremony a banquet was given at the Globe Hotel by the Collingwood Shipbuilding Co., to the launching party. On behalf of the builders Mrs. Stillman was presented with a beautiful gold watch, which is a souvenir of the occasion, by Mr. Sanford H. Lindsay, secretary treasurer.

DATES AND ROUTES ARRANGED FOR TREK

First Battalion Will Leave Camp Borden on October Sixteenth.

FIVE DAYS' MARCH Units Will Then Take Train From Toronto to Their Destination.

By a Staff Reporter. CAMP BORDEN, Sept. 27.—Dates and routes in connection with the trek of the battalions from Camp Borden and from Niagara camp to the towns where they will be quartered this winter were announced today by Col. H. C. Rickford, general staff officer. The numbers or names of the battalions are not yet announced.

The schedule for the trek shows, however, that five of the battalions will be quartered in Toronto and will leave on Oct. 20, 21, 22, 23, 24, 25 and 26. The first five to arrive in Toronto will proceed by train to western Ontario and the sixth by train to Ottawa.

Five units which will winter in Toronto and will leave here on Oct. 23, 24, 25, 26, 27, reaching Toronto on Oct. 20, 21, 22, 23, 24, 25 and 26. The first five to arrive in Toronto will proceed by train to western Ontario and the sixth by train to Ottawa.

YORK COUNTY AND SUBURBS

AGINCOURT SCARBORO FAIR IS THE BEST OF ALL

Showing of Horses and Cattle Never Surpassed in Ontario.

By a Staff Reporter. AGINCOURT, Sept. 27.—The Scarboro Fair is held in the Village of Agincourt yesterday, a notable event. Every side road and concession in the vicinity of the fair had for its objective point the thriving little village, and the visitors were well repaid by seeing an exhibit of horses and cattle unsurpassed anywhere. Well-known judges with a provincial reputation said the show had never been surpassed in Ontario.

In the main building there was a fine show of fruit and flowers, while the display of dairy products and home-made cookery was unsurpassed. Poultry fanciers saw a good show of birds and in fine arts the display was an average one.

Some well-known Holstein breeders, such as W. A. Paterson, R. M. Loveless, A. Muir, Martin Bros., A. Thompson and W. Loveless, were represented. In herds, A. Muir carried off the first honors. In Ayrshires, Laggie Bros. and W. C. Hamilton took the prize, and the Durhams made a fine showing.

The judges in the horse ring were William Daley of Toronto and W. F. Batty of Brooklyn, and they had great difficulty in making the awards, so keen was the competition. A few of the most notable winners are given. In brood mare and foal, Joseph Todd of Wexford was first. W. A. Paterson of Agincourt was second. In yearling colts, W. C. Hamilton was first. In Canadian draught, W. Carnahan of John Covertwhite, 2, R. Cox 3, Best mare and filly colt on grounds, W. C. Hamilton was first. In yearling colts, W. C. Hamilton was first. In Canadian draught, W. Carnahan of John Covertwhite, 2, R. Cox 3, Best mare and filly colt on grounds, W. C. Hamilton was first.

BRITISH ADVANCE NORTH OF FLERS

French Also Extend Gains East of Comblès, Entering Wood.

(Continued from Page One.) This advance towards Comblès followed progress made during the night, when the British also consolidated their newly-won positions.

French Spread Out. Farther to the southeast the French spread out their encircling lines and pushed onwards past Rancourt, east of Comblès, and they penetrated St. Pierre Vaast Wood. This movement is intended to turn the Mt. St. Quentin position covering Peronne from the north.

After the capture of Thiepval the British continued to push out their left flank westward towards the Ancre. This movement was strenuously resisted by the Germans, and fierce fighting ensued. It ended in the storming of the Stuff redoubt on the main ridge, 200 yards northeast of Thiepval. This success shows that the British have advanced more than a mile in this area since yesterday.

The allies began clearing the booty out of Comblès today. The British took more than 1800 rifles, four flamethrowers, and many thousand rounds of artillery ammunition and hand grenades. The French also made large captures of material.

Charged Attacking Foe. The French also bent off a fierce counter-attack against their new positions between Bouchavesnes and Bois L'Abbe farm. Instead of waiting for their artillery and machine guns to break the successive waves of the enemy, the French came out of the trenches and charged the advancing enemy, throwing him back in disorder. Heavy losses were inflicted on the Germans by the hurriedly retreating foe and they were taken by the French.

During the night the French also became active south of the Somme and captured a strongly fortified wood east of Vermandovillers. This position made a small projection into the French lines and these were straightened.

ADVENT CHRISTIAN CONFERENCE OPENS IN STOCKHOLM, N.Y. AND TORONTO WILL BE REPRESENTED.

CORNWALL, Sept. 27.—The twenty-second annual session of the Advent Christian Conference of Ontario and Northwestern New York will be held at Stockholm, N.Y., October 5 to 8. It is expected that representatives will be present from Toronto, Newington and Osnabruck, Ont., and also from Montreal, Que.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

BOTH the British and the French expanded their front on the Somme battlefield yesterday by flinging forward their lines eastward on narrow sections, preparatory for further engagements. The British made an advance on a 2000-yard front north of Flers, along the Longueval-Bapaume road, thereby driving another wedge into the Teutonic positions and bringing their outposts abreast of Encourt L'Abbe. The French also stepped out to the east of Comblès and enlarged their positions beyond Rancourt, to secure their footing for a movement to encircle Mount St. Quentin and its accompanying ridge. On these eminences the Germans had posted numerous heavy batteries and these are doubtless being withdrawn. The British also extended their gains northeast of Thiepval by capturing the Stuff Redoubt, making an advance of 2000 yards north-east of the village.

But the gains of the allies as measured in territory are an inadequate index of their progress. The object of their attacks is to wear down and destroy the enemy, and to increase the strain on his material resources, and to do this they are slowly moving forward towards those great avenues of communications on which the existence of the foe in France depends. The taking of 5000 prisoners in the past two days, making the captures of the British in the past fortnight 18,000 men, is a guide to the amount of damage done to the human resources of Germany. The effects of the irresistible weight behind the blows of the British and the French are seen each day in the more rapid collapse of the foe's resistance. This weakening of the Germans is cumulative. The further their strength is undermined the quicker they give way. Their growing advance in entrenchment is seen by the presence of allied cavalry in the field once more.

But the Germans may be expected to make further determined stands. It is probable that before Thiepval they have constructed strong lines of defence, although work on these earthworks and concrete curtains and domes has surely been much hampered by the persistent firing of the allies' long range artillery. It is, of course, uncertain to outsiders what the staff plan of the allies contemplates, but one thing seems certain, and this is that at any time something startling is likely to happen. The terrible hammering to which the Germans have been subjected is enough to break down the nerves and fortitude of any man. For them to resist the progress of the allies is like shoveling men into the furnace.

For the first time in this battle of trenches and concealed positions the French infantry made an offensive against the waves of the German counter-attack against their new positions on the sector between Bouchavesnes and Bois L'Abbe farm yesterday. When they saw the Germans coming up to the assault they charged into them and took 250 prisoners and eight machine guns, breaking the morale of the foe. The booty taken in Comblès by the British included 1800 rifles and large quantities of artillery, ammunition and hand grenades. The booty taken by the French in the same village was also large in amount.

The Russo-Romanian victory in the Dobruja the other day, was greater than it was at first believed. Thousands of prisoners were taken by the allies. Tremendous damage was done by the Russian mortars. The allies are continuing their advance towards the south. In Transylvania the Rumanians have consolidated their positions sufficient to enable them to open a train service between Bucharest and Kronstadt.

The issuing of reports that King Constantine was about to join the allies in the war did not save the new Greek cabinet and it has resigned. His majesty has now called an assemblage of Greek hyphenates, Teuton spies, including his queen, to tell them probably that the game is up. Latest indications are that the spread of the insurrection and the accession of Venizelos to the camp of the Cretan insurgents, have alarmed the king and he is now negotiating with the allies for the entry of Greece into the war.

The crew of the zeppelin alrship that was destroyed in Essex during the village churchyard yesterday. It appears that the German airmen in Flanders have behaved much better than any other branch of the German service, and on this account the British aerial arm decided to accord the honors of war to the zeppelin crews. Besides, as has been said, the feud is not with dead, but with living Germans.

The chief event on the Italian front, reported yesterday, was the occupation of a high position between Menari and Tovo, west of Monte Cimone in the Trentino.

In the campaign against the Turks, the Russians have won another success in Persia by forcing the Turks to retire westward in the direction of Hamadan. In Armenia the fighting consists mostly of skirmishing between advanced guards. In lower Mesopotamia the Turks speak of the silencing of a British bombardment indicating that artillery duels are prevalent. As to an advance up the Tigris to Bagdad, it seems that the British general staff, which now is in control of the campaign, has decided against such an operation until Constantinople is again attacked, for the British communications with Bagdad are good while the British communications with that city would be indifferent. The allies have not completed their preparations for a co-ordinated campaign against Turkey.

AGINCOURT

SCARBORO FAIR IS THE BEST OF ALL

Showing of Horses and Cattle Never Surpassed in Ontario.

By a Staff Reporter. AGINCOURT, Sept. 27.—The Scarboro Fair is held in the Village of Agincourt yesterday, a notable event. Every side road and concession in the vicinity of the fair had for its objective point the thriving little village, and the visitors were well repaid by seeing an exhibit of horses and cattle unsurpassed anywhere. Well-known judges with a provincial reputation said the show had never been surpassed in Ontario.

In the main building there was a fine show of fruit and flowers, while the display of dairy products and home-made cookery was unsurpassed. Poultry fanciers saw a good show of birds and in fine arts the display was an average one.

Some well-known Holstein breeders, such as W. A. Paterson, R. M. Loveless, A. Muir, Martin Bros., A. Thompson and W. Loveless, were represented. In herds, A. Muir carried off the first honors. In Ayrshires, Laggie Bros. and W. C. Hamilton took the prize, and the Durhams made a fine showing.

The judges in the horse ring were William Daley of Toronto and W. F. Batty of Brooklyn, and they had great difficulty in making the awards, so keen was the competition. A few of the most notable winners are given. In brood mare and foal, Joseph Todd of Wexford was first. W. A. Paterson of Agincourt was second. In yearling colts, W. C. Hamilton was first. In Canadian draught, W. Carnahan of John Covertwhite, 2, R. Cox 3, Best mare and filly colt on grounds, W. C. Hamilton was first. In yearling colts, W. C. Hamilton was first. In Canadian draught, W. Carnahan of John Covertwhite, 2, R. Cox 3, Best mare and filly colt on grounds, W. C. Hamilton was first.

## Artistic and Practical Furnishings to Brighten Up the Home

Handsome Furniture for an Attractive Living Room

The Illustration Below Displays Specially Selected Furniture That is Serviceable and Low-Priced

COMFORT is the first consideration, both in appearance and use, when furnishing that much-used place, the living-room.

Above is illustrated a cosy-looking living-room, the furniture of which is most moderately priced. Mentioning some of the articles:

The large Arm Chair in the foreground is all-over upholstered in green denim and has deep spring back and comfortable seat and large roll arm. Price ..... 22.50

Same style, covered in floral tapestry, is priced at... 29.50

The large, luxurious Chesterfield illustrated has a medium high spring back, roll arms, soft sinking spring seat. It is also covered with green denim. Price ..... 58.00

Same style, covered with tapestry, is priced at ..... 72.00

The Willow Arm Chair in front of fireplace is finished in brown. It has wing sides, high back, wide arms and deep seat to allow for cushions. Price ..... 7.25

Another fireside Chair, noted for its comfort, is made with high tufted back, heavy padded roll arms in wing effect, deep spring edge and seat, and covered all over with green denim. Price... 36.00

Same style, covered with tapestry, ..... 49.50

Another comfortable fireside Chair is all-over upholstered in beautiful design of shadow cloth. It has high back, large roll wing arms and deep spring seat, with loose cushion. Price..... 37.50

Rocker to match. Price..... 37.50

Jacobean Table similar to one illustrated above has 52-inch top, panelled drawer fronts, with knee-hole effect, spiral legs and curved stretcher supports. Very low in price at..... 60.00

—Furniture Bldg., James and Albert Sts.

### Portable Basket Grates and Other Fireplace Accessories

FOR these cool evenings, when it is not cold enough to light the furnace, yet chilly without heat of some kind, a portable Coal Basket provides a grate fire that is comfortable and cheerful. It can be used in any room of the house fitted with a fireplace. Made of heavy cast-iron in attractive designs, in dull black finish, and fitted with dump grate and castors. In several sizes, priced as follows:

- 20 x 12 size ..... 4.00
- 24 x 12 size ..... 4.50
- 27 x 15 size ..... 6.50
- 30 x 15 size ..... 7.00

Folding Screens prevent sparks from flipping on to carpets or furniture. Although they are made in a very fine mesh, they do not cover up the view of the fire. Priced as follows:

- All-black Screens, 28 inches high ..... 5.00
- All-brass Screens, 28 inches high ..... 8.50
- All-brass Screens, 30 inches high ..... 14.00
- All-black Spark Screens, 37 x 31 size ..... 8.50
- All-Black Spark Screens, 31 x 31 size ..... 2.50
- All-black Spark Screens, 25 x 31 size ..... 2.25
- Coppered Spark Screens, 36 x 30 ..... 1.75
- Coppered Spark Screens, 30 x 30 ..... 1.25
- Coppered Spark Screens, 24 x 30 ..... 1.00

### Fire Sets, Coal Hods and Fenders

- Black Fire Sets ..... 3.00, 5.00, 7.00, 9.50, 14.00
- Brass Fire Sets ..... 8.25, 9.00, 11.50, 14.50
- Black Coal Hods ..... 1.50, 2.50, 3.75
- Brass Coal Hods ..... 5.00 and 6.00
- Black Iron Fenders ..... 6.00, 7.50 and 8.25
- Brass Fenders ..... 9.00, 10.25, 15.00 and 20.00

—Second Floor, Furniture Building, Cor. James and Albert

### Ask Adelaide 5000 For "General Order Department"

when telephoning to the Store for merchandise from more than one department. This will enable you to give your whole order at once, saving you considerable time and trouble.

### Ash Sifters That Save You Time Labor and Expense

The Illustrations Are Three of the Most Desirable Types

TO some housekeepers ash sifting is regarded as being one of the most irksome of household tasks. But with such modern devices as these we feature these days it's not necessary to carry the ashes to the back lane and put on an apron and stand amidst clouds of dust and in cold weather filter the good from the bad.

The Rotary Ash Sifter illustrated on right is operated by a handle which, when turned, causes the net cylinder inside to revolve. Through this the dust and ashes fall into a large, round receptacle that can be removed and emptied. The unburnt coal still remains in the box and can be emptied into a scuttle. This Sifter is made of galvanized iron and will give years and years of service. Price, each ..... 5.90

The Banner Dustless Sifter illustrated on the left is operated by rocking it to and fro, thus sifting the contents without allowing any dust to circulate whatever on the outside. Price.....2.75

The Sifter illustrated in the centre is known as the Daisy. It's another dustless device. Light in weight and easily and quickly operated. Price, \$1.00 and 1.50 —Basement.

### The Grand Autumn Expositions of Furniture and Housefurnishings, Continued on Friday

With a Magnificent Display of New and Artistic Furniture, Draperies, Wall Papers and Floorcoverings.

Specially Interesting in This Connection Are the Lectures by Professor Frank Alvah Parsons of New York

These lectures take place twice daily in the Yonge and Albert St. section of the Fourth Floor, the subject for today and Friday being:

Thursday, 10 a.m.—Old English Periods and Their Present Application—Jacobean, Elizabethan, etc.

Thursday, 2.30 p.m.—Eighteenth Century English Styles and How to Use Them.

Friday, 10 a.m.—The New Art Movement and Its Reflex Actions Here.

Friday, 2.30 p.m.—Selection of Suitable Frames and the Hanging of Pictures.

Tickets of admission are obtainable at the Bureau, Fourth Floor, centre. Also at the Office, Second Floor, Furniture Building.

### Cold-weather Bed Clothing at Low Prices

September Sale Values in Blankets, Comforters, Sheeting and Bedspreads

THESE COOL NIGHTS and the colder ones to come call for the need of extra Bed Coverings—not heavy quilts or blankets, for they're injurious and uncomfortable—but light-weight coverings that are soft and restful.

Probably the best Canadian-made blankets are these white Union brand. They are light, evenly napped, soft and smooth and whipped singly. Have pink or blue borders, and are full bed size—68 x 88. Exceptionally low priced, being a quantity from the September Sale. Price per pair ..... 6.00

Scotch White Wool Blankets, famous for their great durability, have pink or blue borders, and are whipped singly. They are 7 lb. weight, and size 68 x 86 inches. Per pair ..... 7.35

American Silkoline Comforters, with light and medium dark colored satin covering, and filled with fluffy white cotton. Size 72 x 78 inches. Each 2.25

English Elderdown Comforters, covered with downproof printed cambric. They have plain panels. Size 72 x 78 in. Each ..... 6.25

White All-Wool Sheeting, very soft, warm and durable, 72 inches wide. Yard ..... 1.45

English White Satin Finished Bed-Spreads, in scroll patterns, hemmed at the ends. Size 74 x 92 inches. Each ..... 1.98

—Second Floor, James St.

### Electric Reading Lamps

NOW THAT the nights get dark early and reading indoors is necessary, an Electric Lamp would certainly be appreciated very much in any home.

One very attractive Reading Lamp is made of brush brass, with two adjustable joints and bell-shaped brass shade. Price..... 3.00

Another Desk or Table Lamp, made also of brush brass, is fitted with green glass tubular shade that can be tilted to any desired angle. Price ..... 8.00

For standing alongside a piano or table is a brush brass Floor Lamp that can be raised or lowered. Has adjustable shade, and is very attractively finished. Price ..... 6.75

—Basement.

### Beautiful Little Rugs to Throw Before the Fireplace

Saxony Wilton Rugs and Cashmere Indian Rugs at Low Prices, as Well as Floor Coverings for Dens and Living Rooms.

A NEAT and artistic Rug before the fireplace adds a cosy and homelike charm to the room.

Excellent examples of pleasing and harmonious Hearth Rugs are these Saxony Wilton Rugs that are notable for the long service they give without losing their good appearance. One small size is exceptionally attractive, being made in Oriental and neat trellis designs, in rich tan grounds, with plain centres of blue, brown or green. A larger size is much the same, but has narrow Oriental border artistically designed. Note the extremely low prices.

- Size 27 x 54. Price ..... 5.25
- Size 36 x 63. Price ..... 8.25

One of the most serviceable Rugs known are those fine Indian cashmires. They are hand-made, of the old vegetable-dyed yarns, in a very tight weave, and can be relied upon to hold their color and shape almost indefinitely. The following sizes we show are in beautiful rich-toned grounds of dark blue or brown, with harmonizing shades of Indian red, olive, tan, old blue, terre, etc. Exceptionally low priced:

- Size 7.1 x 8.7 ..... 100.00
- Size 8.1 x 12.3 ..... 170.00
- Size 9.0 x 11.0 ..... 200.00
- Size 8.4 x 10.11 ..... 155.00

### Ideal Floor Coverings for Den or Living Room Are These Brussels and Wilton Squares

In these much-used rooms of the home it is advisable to lay rugs that give the greatest possible service and at the same time possess a pleasing and artistic appearance.

Adapted perfectly for such rooms are these strong, hard-to-wear-out Brussels Rugs, in designs and colors that will keep bright and fresh under continual service. They are in rich Oriental effects in brown, green, rose, blue, terra, cream, etc., and various neat conventional styles with attractive borders. Some of the most used sizes are the following:

- 6.9 x 9. Price ..... 17.50
- 6.9 x 10.6. Price ..... 20.00
- 9 x 10.6. Price ..... 27.00
- 9 x 12. Price ..... 31.00

Heavy Wilton Squares in the many Oriental designs so much in vogue at present. They are in neat conventional styles, in a large variety of designs and colorings. A few of the sizes:

- Size 6.9 x 9 ..... 28.50
- Size 6.9 x 10.6 ..... 27.50
- Size 9 x 10.6 ..... 36.50
- Size 9 x 12 ..... 41.50

### Imported Axminster Carpets at the Exceptionally Low Price of \$1.95 a Yard

This is no ordinary price for Carpet of such quality; in fact we couldn't buy a similar quality again to sell at this price; so while the low price prevails, get your supply.

It is in such splendid oriental designs as Kazac, Seraband and mixed Persian styles, in a great variety of colorings including blue, tan, green, fawn, etc., and other corresponding colors; 27 inches wide. Very special value, yard ..... 1.95

Sturdy Brussels Carpet for completely covering a room, or with borders to match for making rugs. They are tan or green grounds, in small conventional designs; small dark blue ground, with small lozenge design, in shades of terra, green and tan, etc. Per yard ..... 1.40 —Fourth Floor.

We prepay shipping charges on all orders of \$10.00 or over to your nearest station in Ontario and Eastern Provinces on both Mail Orders and City Purchases.

### Handy and Useful Are These Household Tools

THE many odd jobs to be done around the average home in preparing for the ravages of winter are done much quicker and easier with the use of the proper tools. Examples of common general-purpose tools are the following. Note the low prices:

Handsaws, 47c; Cast Steel Hammers, each, 25c; Boxwood Rule, each, 25c; Screwdrivers, each, 25c; Pincers or Pliers, each, 25c; Gimlets, each, 5c; Planes, 25c and up.

The Axe illustrated has a strong 15 in. hardwood handle, with 3 1/2 in. steel blade. It is light and handy, and will not come apart. Price ..... .50

A longer-handled axe for cutting hardwood is 34 inches long and has blade made of tempered steel, with a keen edge. Price ..... .75

The Bucksaw illustrated has strong steel blade, sharpened and ready to use. Exceptionally low priced at ..... .75

### For Repairing Leaky Roofs

Now is the time to attend to the roof defects of houses, barns, poultry pens, garages, sheds, etc., before the rainy, stormy season sets in. Probably the best known composition to patch or completely cover a roof is this special 2-ply ready-roofing. It is made of a special felt compound with a sanded surface and thoroughly saturated with a fire-retarding substance. This price we now offer is extraordinarily low; in fact we doubt if it will remain as low much longer; so order now. Sufficient nails and cement with each roll. Price, per roll ..... 1.14 —Basement.

Today a Sale of 50 French Models by Famous French Couturiers Offered at One-Third Cost of Importation

Wonderful France, war-tossed though she is, has lost none of the debonair charm that, since time immemorial, placed her head and shoulders above all other style creators, the world over. It is to Paris that we look for the decisive word as to the new silhouette, and how it is to be obtained; it is to Paris that we send for original models to furnish inspiration for makers on this side of the world.

- Black Lace Evening Dress by Weeks, mounted on white tulle, the skirt edged with wide band of black velvet; black lace overdress, with white silk net tulle, beautifully embroidered in silver and gold; the bodice made of black lace and embroidered white net, with wonderful touches of French blue silk, embroidered in silver. \$75.00
- Evening Dress by Brandt, made of wisteria silk tulle, with gold ground, lined throughout with wisteria satin, trimmed with gold braid, finished with beautiful collar of tulle. Sale price, today \$125.00
- Burgundy Tulle Dress by Paquin, the full skirt having quaint strappings of silk, each centered by narrow band of Burgundy velvet, the bodice made of velvet, silk and Georgette crepe, beautifully matched, lovely embroidery in blue giving a chic finish. Sale price, today \$75.00

French Kid Gloves \$1.50 Value, at \$1.00 a Pair. Glove-time is here—and here to stay for months a-many. Better take advantage of any glove sales that we feature—the regular prices have advanced greatly, as you know. Today we offer two special lines: Women's Fine French Kid Gloves, black and white, only made from the finest pliable kid skins, perfect in cut and finish, oversewn seams, fine cord stitching, two dome fasteners; all sizes. The value \$1.50 a pair. On sale today, at \$1.00 a pair.

Facts of Interest About Our Furs Which Are of High Quality at Moderate Prices. Don't forget to visit our Fur Department next time you are in the store. We know you will be delighted with the arrangement of the Department, as well as with the beautiful furs that are stocked therein.

La Victoire Corsets New Models, \$2.50 to \$9.00. As Mrs. Ingersoll's visit draws to a close on Saturday of this week, we advise all women who desire help from this expert corsetier to consult with her without delay. Mrs. Ingersoll is demonstrating "La Victoire" Corsets, and as we have now a full range of the new models, there's a double-battered reason for your paying a visit to our Corset Section.

Some Suggestions From the Hosiery Department. You'll find such comfort-providing things as these in our Hosiery Section—and plenty of them: Women's Ribbed White Cotton Combinations, good medium weight, for fall or winter wear, with soft, light fleece lining; ankle length, long sleeves. Sizes 34 to 38. Per garment \$1.00.

Kimono Silks of Dainty Design, \$1.35 Yard. It was to the blossoming flowers, the budding trees, the pretty birds and butterflies that the artist looked when they were designing those charming kimono silks for this season. And with what charming result you may see for yourself when you come to our Silk Section. Could anything be more alluring than this palest pink silk with apple blossoms in deeper pink, among which pretty blue birds and slim dragon flies—also blue—flutter gaily? Very charming, too, is a delicate wisteria silk with sprays of pussy willow and purple panicles.

RUSSIAN WIN SUCCESS IN PERSIAN CAMPAIGN. Special Cable to The Toronto World. LONDON, Sept. 27.—The Russians have won another success in Persia by driving the Turks in the Hamadan region to the westward. In the Caucasus the chief events are skirmishing between advanced guards and patrols.

LIQUOR... AFRICAN SIL... World, Sept. 27. Act came in carrying liquor has been stomped off... turned to strict... to be executed.

man Found Dead in Locked Room With Gas Jets Open. One Ashley, 55 years of age, was found dead in her room at 620 Parliament street, by her landlady, Mrs. P. Skinner, early yesterday morning. When the police arrived in answer to Mrs. Skinner's summons the door of a room was locked, and when an attempt was made a strong odor of gas was detected. Miss Ashley was lying on the bed fully dressed and a gas jet was open. The police have this took her own life. She was a friend living at 91 Winchester street, but the authorities have not been able to locate her. A little water was removed to the room, where an inquest will be held.

DOW MAGNESIA HELPS DYSPEPTICS. Food, Dieting and Medicines No Longer Necessary. Many dyspeptics have now discontinued the use of expensive patent foods, eating what they please in reason, yet longer take harmful drugs, medicines and surgical operations to relieve their much trouble. Instead they just take a spoonful of pure bisulphate of magnesia. Little water after meals, with the result that they not only save money but of much better health and the stomach no longer gives them trouble. Those who have once tried bisulphate never dread the approach of that time because they know that this wonderful antacid and food corrector will instantly neutralize all that excessive stomach acidity and prevent all possibility of that food souring or fermenting in the stomach. Try this yourself. Be sure to get bisulphate of magnesia. Its laxative effect which is not desirable.

Heavy Skirmishing Marks War Operations on Eastern Front. Special Cable to The Toronto World. LONDON, Sept. 27.—The fighting on the Russian front mostly consists of a heavy skirmishing at many points, according to the Russian official communication of today. The most serious encounter took place in the region of the Tirul Swamp, south of Riga.

TO PROBE MYSTERY OF THREE DEATHS. Albert Neal and Housekeeper Believed to Have Been Asphyxiated. Chief Coroner Jukes Johnson has ordered an inquiry into the death of Albert Neal and his housekeeper, Mrs. Florence Dunn, both of whom were found dead in Mr. Neal's apartments, 122 University avenue, Tuesday afternoon. A postmortem has already been begun on a collie dog, which was also found dead in the house. Officers of the Humane Society are inclined to believe that the dog's death was due to ptomaine poisoning, although, too, asphyxiation is regarded as a tenable theory.

Heavy Skirmishing Marks War Operations on Eastern Front. Special Cable to The Toronto World. LONDON, Sept. 27.—The fighting on the Russian front mostly consists of a heavy skirmishing at many points, according to the Russian official communication of today. The most serious encounter took place in the region of the Tirul Swamp, south of Riga.

CITY HALL NOTES. According to the Toronto health statistics, just issued, there were 12 more deaths in August than in the same month last year, and 20 less than in August, 1914. There were 33 deaths from pneumonia last month. Violent deaths numbered 27, and there were four suicides. During the month 57 new cases of tuberculosis were reported. The death rate per thousand was 11.1 for the month as compared with 10.7 in August, 1915.

ARE BECOMING GENEROUS. LONDON, Sept. 27.—Reuter's Amsterdam correspondent sends the following despatch: "A Berlin telegram received here says that owing to the excellent harvest all young people from the ages of 15 to 17 years shall, on October 2, receive a special supplementary bread card entitling them to 500 grammes per head per week."

COMMISSIONER HOWARD COMING. Commissioner Howard, chief of the staff and second in command of the Salvation Army, will arrive in the City of Toronto on Saturday evening, Nov. 4. A great reception will be given to him by the hundreds of officers who will be assembled for the army's annual congress, as well as the soldiers of the Toronto corps and surrounding districts. The men in khaki are also expected to be present, who are Salvationists and adherents of the Salvation Army, and will be supported by a monster band.

THURSDAY MORNING, SEPT. 28.

Breaking the City's Word

We have been reluctant to say anything about the reduction of the salary of the corporation counsel, now on active service, because we were averse to his appointment from the beginning.

Under ordinary circumstances this would probably have turned out to be sufficiently satisfactory. As it has happened, however, very little special work has been required since he left Toronto, the result being that he has received his \$9000 a year practically intact.

The action of the city council, taken long after midnight and after the usual manipulation, may or may not be a fair arrangement. It is doubtful whether the services Major Geary rendered during the year at the petty council hearings he attended could have been obtained from special counsel for \$1600.

We are not defending Major Geary and are not concerned particularly with his interests, believing that his appointment was a mistake to begin with, and that he has been more than liberally paid for all he has done.

"Single Tax" in California

What is the nearest approach to a single-tax policy that has been formulated by any government is to be voted on in California on November 7. The project, however, is inaccurately described as a single tax measure, as those who will pay it if it is adopted will have all the federal taxes to pay as well.

The California plan is not single tax, but an adaptation of the taxation of land values to state purposes. There are further exceptions in addition to the federal tariff, whose burden of indirect taxation was perhaps the chief of Henry George's antipathies.

A BUSY LITTLE FIRE FIGHTER

It was to remedy the defects of present systems that Henry George devised his single tax, but no government has had the courage to adopt it. Such partial trials as have been made to consider may do good in familiarizing the people with the principles of just taxation, but they may do harm, as in Vancouver and other western points, when they prove unsuccessful.

One thing we do know, however, the reluctance to adopt Henry George's plan arises largely from the fear that it might prove just and fair and impartial. The tax-dodger, who flourishes among all classes, and who sometimes is wealthy and sometimes not so wealthy, has no desire to live under a law which would exact from everybody an equable proportion of his wealth for the public service.

Eating for Food or for Fun

Nutrition and economy in nutrition is the subject of Dr. Hastings' monthly discourse in the "Health Bulletin," issued by the local department of health. It is perhaps the most concise and pointed answer to the inquiries about the high cost of living to be had, in as much as it shows the needlessness of living at a high cost.

Dr. Hastings explodes several fallacies. It may be almost sacrilegious to refer to the fact that wheat at \$1.80 a bushel may be worked up into a breakfast diet costing \$27 a bushel. There is a sect of boiled wheat eaters in Toronto who may be identified by their healthful and affluent appearance, or so report averse.

Another delusion is the opinion that cream is more valuable than milk or butter. It costs two and a half times as much as butter, and is not so useful. Milk of standard quality is a perfect food in itself.

The Kaiser's Calvary. The Kaiser, in his latest deliverance, says the blame for the war is no more on him than on others. He even poses as one who sought to maintain peace!

Charged With Operating Elevator, Endangering Life

Charles J. Lomas of the Blachford Shite Co., 92-94 Sherbourne street, appeared in the police court yesterday on a charge of operating an elevator which endangered life. He was committed for trial.

SUPPLEMENTARY BRITISH MAIL

After the closing of the British mail at 6.00 p.m. today, the next mails for the United Kingdom and foreign countries (via England), will be closed as follows: Regular mail, Sept. 29, at 6 a.m.

TO SUPPLEMENT FUND.

Lady Hendrie has called a meeting at the parliament buildings for 8 o'clock this afternoon, to deal with the matter of supplementing the Duchesse of Connaught Prisoners' of War Fund.

Baugh's Defender Objects to Certain Testimony at Previous Trial. ADMITTED BY JUDGE

Accused is Said to Have Advised Witness Regarding Hamilton Event. Considerable argument took place at yesterday's session of the trial of E. L. Baugh before Judge Winchester in the criminal sessions regarding the legality of evidence given by Louis Britton at the trial last winter.

PREVENT SPREAD OF INFANTILE PARALYSIS

Kindergartens in Hamilton Will Likely Be Suspended by Authorities. DISEASE IS SPORADIC

Children Under Fourteen Not Allowed to Attend Picture Theatres. Picture shows in Hamilton will be closed to children under 14 and kindergartens will be suspended as a prevention against the spread of infantile paralysis in that city, where there are 12 reported cases, according to the expectation of Major McCullough, medical officer of health, who was consulted by the local authorities over the long distance telephone yesterday on this matter.

BRITISH OFFICERS FREED NOW ON WAY TO CANADA

Were Detained at Ellis Island Pending Investigation by Washington. WASHINGTON, Sept. 27.—Release of Major Arthur S. Humphreys and Lieut. Hugh Leveck, Jr., the British army officers detained at Ellis Island on their arrival from England, was ordered today by Commissioner General Caminetti, of the immigration bureau.

BRITISH ARTILLERY FIGHTS TURKS IN MESOPOTAMIA

Moslem Claim Silencing of Surprise Bombardment on Felahie Front. CONSTANTINOPLE, Sept. 26, via London, Sept. 27.—The Official statement issued by the Turkish headquarters today reads as follows: "Felahie front: We silenced on Sunday a surprise bombardment by the enemy."

SERG. GRIFFITH'S BODY IS RECOVERED FROM LAKE

Was One of the Victims of Mine Explosion in Lake Off Exhibition Grounds. Identity of the dismembered body recovered from the lake on Sept. 15 following the exhibition grounds when water of the lake fronted when Quartermaster Sergt. Griffiths and Sapper John Edwards of Canadian Field Engineers perished, has been positively established by the finding of Griffiths' body in the lake near Sunnyside bridge yesterday. At the time of the fatality the body recovered was believed to be that of Griffiths, but later was identified as that of Edwards. Accordingly it was handed over to Edwards' relatives and interred in Park Lawn Cemetery on Sept. 15.

HELP CANADA TO OBTAIN BUSINESS

Teaching Russian Language in Schools Would Give Advantage, It is Urged. LISTEN TO ARGUMENT

Board of Education Have Decided to Delay Action at Present. The management committee of the board of education listened to an extended argument by Louis Gurofsky yesterday as to why Russian should replace German in the curriculum of the schools, but took no action pending the revision of Dr. Hunter's motion along the same lines.

Mr. Gurofsky told the committee that Canada had the greatest opportunity of her lifetime to get the bulk of Russian trade after the war. He said we have advantages over the States in shipping facilities, and if we wake up to this fact quick enough can outstrip our cousins in the scramble for the business. But to get the business Canada must have young men who can speak the language.

"Look at all the rumpus over bilingualism," he said, "why, what chance have your boys of competing with them more than one language. Your men couldn't earn a living in Europe because they were speaking English."

No Question About Teachers. There would be no question about teachers, he told them. He introduced the Rev. Michael Keam. He introduced the Rev. Michael Keam, a graduate Russian engineer, who was competent for one to teach a class.

The committee decided to have the school next month for the Cavell memorial should be handed over to the Cavell monument collectors A. J. Donovan, M.L.A., and Mrs. Munro presented the cheque for the monument, and the Rev. Michael Keam, who had the Western Hospital Nurses Home should be satisfied with their house to house collection.

Trustee Fairbairn said that the bronze monument should be contributed by the school children. It was more than that on money. At two cents per head the children could pay for the bronze monument, which would be swallowed up in the \$100,000 proposition.

LIEUTENANT WON V. C. DIED HELPING HIS MEN

Checked Advance Single-Handed and Held Enemy Until Relieved—Killed Soon After. Canadian Associated Press Cable. LONDON, Sept. 27.—The Victoria Cross has been awarded Lieut. Fire in Bank Started in Downtown District. A fire alarm, sounded from the corner of King and Yonge streets at the noon hour yesterday, brought the prompt arrival of the downtown brigades, with all their equipment for a "fall fire." The blaze, however, was in the basement of the head office of the Home Bank of Canada, 8-10 West King street. The crematory used by the bank for destroying worn and soiled bills had been in operation for several hours during the forenoon, and the heat from the chimney started a fire on a wooden partition. It the blaze had occurred after banking hours it might have been serious, as it was the prompt arrival of the fire brigade prevented any but very slight damage.

IMPORTANT QUESTIONS FOR THE COMMISSION

Pollution of Waterways and Lake of the Woods Level to Be Discussed.

By a Staff Reporter. Sept. 27.—Two important questions will be before the international commission which meets here next Wednesday, the pollution of international waterways and the level of the Lake of the Woods, which is fairly evenly divided in area between Canada and the United States.

However, since the enquiry into both these questions is practically completed, the commissioners will not be in a position to dispose of them finally for some time to come, and special meetings will be called to deal with them later.

The reports upon two of the worst sinners in waterways pollution, Detroit and Buffalo, are new in the hands of the commissioners and Chas. A. Macgregor, the chairman of the Canadian section, stated today that the municipal authorities of these and other cities in the basin of the matter sympathetically.

Monocacy Makes New Track Record for 1 1-2 Miles

STAGED A RALLY TO KEEP UP RECORD

Giants' Sensational Finish - Brooklyn Increased Lead in the National.

At Brooklyn (National)—The Brooklyn played championship ball yesterday and increased their lead to 14 games in the pennant race by beating Chicago, 2 to 0.

At New York—A sensational ninth-inning rally, coming after two were out yesterday, enabled New York to maintain its great winning streak and to stretch its record into a new figure.

SHOCKER WEAKENED RED SOX WINNERS

At Philadelphia (American)—Washington hit the ball hard and defeated Philadelphia, 13 to 3. The visitors made 17 hits, which included seven doubles and a home run, off Myers' delivery.

At Boston—Boston defeated New York, 3 to 2. Shore weakened in the ninth and New York tied the score before Mays checked the rally.

Half a Game Gain For the Dodgers

Brooklyn gained half a game over Philadelphia in the National League chase yesterday by beating Chicago while the champions rested.

World Series Opens Week From Saturday

CHICAGO, Sept. 27.—The world's series will open on Saturday, Oct. 7, according to President B. B. Johnson of the American League, who, as a member of the National Commission, is today ready to begin preparations for the series.

BASEBALL RECORDS

Table with columns: Clubs, Won, Lost, Pct. National League and American League.

STALLINGS ADMIRES GAMENESS OF RED SOX

George T. Stallings, whose Boston Braves have admittedly lost out in the race for the National League pennant and the subsequent glory to be gained by no means of dollars—said he admires the gameness of the Red Sox.

WHAT'S IN HARD TRAINING, ANYWAY?

"In the pink of condition" is a phrase generally used by athletes, and it may mean one of several things.

PROCKLYN SERIES ON PARAGON BOARD

Brooklyn and Philadelphia start their fight for the National League pennant and the right to play in the world's series today.

Foul, Disqualification And Row at Kempton Pk

MONTREAL, Que., Sept. 27.—Marring a good day's racing, a disqualification came with the running of the seventh race, which was a handicap.

LOUISVILLE HORSES PAY GOOD PRICES

LOUISVILLE, Sept. 27.—The races here today resulted as follows: FIRST RACE—Five furlongs.

SOME HORSEMEN INDIGNANT

MONTREAL, Sept. 27.—Expressing indignation at the notice sent out from Toronto, following a meeting of the owners of some of the tracks in Ontario.

"The Overcoat Shop."

No matter the war—you still look to London for styles in gentlemen's dress

Fall and Winter Top Coats

Garments for the most conservative of quiet dressers—and for the man who likes a touch of the more novel and extreme in his outer wear.

British loom wools—London tailored. An individuality to them that you cannot procure anywhere else.

A quality to them that is accepted as standard—anywhere in the world—just because they're the best in the world. We have them to sell.

WISEMAN THE LONG SHOT ON WEDNESDAY

Three Favorites and Second and Third Choices Also Winners—A Freak Record

Easter Lily, Gala Water and Yorkville were the winning favorites on fourth day at Woodbine Park. Hampton, Dame, Hearts of Oak and Monocacy were second and third choices, and Wiseman the long shot of the afternoon.

Monocacy won the selling handicap at the track distance for Woodbine Park of 1 1/2 miles in 2:31 4/5, a track record for the track, the former record of 2:33 being made by Monocacy several years ago.

Wiseman won the sprint handicap. The Crump took him over the long outside journey, he had endeavored to nose out Water Lady, the favorite just beating Tugaling for the place.

TRY TO PRESERVE ORDER IN COUNCIL

Board of Control Urge Special Committee to Propose Rules.

COUNSEL APPOINTED

M. K. Cowan to Represent Citizens' Freight Committee at Railway Board.

Monday night's rumpus in council was reviewed at the board of control meeting yesterday, and the members decided to urge the special committee dealing with the revision of the council manual to meet early and propose regulations calculated to keep order.

"The manual provides that a member shall speak only once," complained Controller Cameron, "but it is not enforced. If the chairman would be firm there would be no occasion for a change in the manual."

Mayor Churon: "The presiding officer has no power to preserve order in the chamber. Offenders should be ejected from council."

Controller Foster laid the fault at the number of chairmen allowed to preside. A permanent chairman, he believed, would enforce order and prevent council time being wasted.

Controller Thompson reminded the board that there was always the old-fashioned method of taking the offender by the scruff of the neck and throwing him out.

Chairman Houston and Trustee Vokes, representing the board of education, asked for civic assistance in providing quarters for the soldiers. The board advised that they confer with Inspector Cowley and see what can be done about further accommodation.

Counsel Appointed.

After a short discussion M. K. Cowan, K.C., was appointed to represent the city and the citizens' freight and express campaign committee in their fight for an extended express service.

Mayor Church introduced a motion asking the Ontario Government to put a construction on the meaning of the word "dependents" in the city's insurance of soldiers.

The following motions, which he also introduced, were carried without discussion:

That the department heads be requested to prepare the estimates so that they shall be available for consideration early in January.

That in their preparation regard shall be had to the extraordinary conditions thru which we are passing, and that department heads be instructed to cut out everything that can be done without.

That no expenditures be made without the sanction of the city treasurer. That a committee be appointed to suggest legislation which the city should seek at the coming meeting of the legislature, and get the treasurer's views.

That the recommendation made by the commissioner of finance, concerning debentures issued under bylaw No. 6344 for waterworks, be considered by the board and sent on to council.

That consideration be given to the recommendation of the commissioner of finance.

Controller Cameron intimated that he was going to ask that all the recommendations with regard to the salary of the secretary of the fire department, together with the appointment turned down by council on Monday, be sent back again for consideration.

Mayor Church declared the Hydro Railway Electric Association were asking too much when they requested an additional grant at the rate of \$1 per thousand of population. Controller Cameron and other members declared that there should be no further increase on the permanent assessment.

HUNDRED AND SEVENTY HAVE MADE SACRIFICE

Full Toll of Lives Paid by Toronto to the Cause of the Allies.

LATEST LIST IS HEAVY

Ten Reported Killed, Two Died of Wounds—Lieut. W. Pearce Falls.

That Canadian troops are assuming an important part in the Somme offensive is indicated in an examination of the latest casualty lists. A total of 184 officers and men who went overseas with Toronto units have been officially reported killed, wounded or missing. Of this number the full toll of lives lost is 170, of whom 137 were killed in action, and 13 are believed to be missing. Eleven are reported ill, 8 are missing and 117 are wounded.

The latest casualty list contains the names of 22 officers and men with local units. Included in the names are ten of whom died of wounds, one seriously ill, and 57 reported wounded. The list of officers includes Major R. Alley, Capt. E. S. Jeffrey and Lieut. B. J. Miller. Walter W. Pearce and Leonard Frazier, all of whom are reported wounded with the exception of Lieut. Pearce, who is said to have been killed in action.

Major Alley has been wounded in the right shoulder. He is now recovering at the University of Toronto. Major Pearce, who has been at the front since February, 1915, was an undergraduate of the University of Toronto, and a law student at Osgoode Hall. He went overseas with a Toronto battalion of the first contingent, with the rank of lieutenant. He was promoted captain and later made a major.

Still on Duty. Capt. Edward Frazier, 707 Carlton street, is reported wounded, but still on duty. He is a graduate of medi-

cine in the University of Toronto, but did not receive his diploma until after he went overseas with the 10th Field Ambulance from Valenciennes Camp, in October, 1914.

Lieut. Walter P. Pearce, son of W. K. Pearce, manager of the Dominion Bank, King and Yonge streets, is reported killed in action. He went overseas with a battalion from Winnipeg.

Lieut. Frazier, 1149 Dundas street, is reported wounded in a telegram received by his sister, but details are not given. He has been in the trenches for 11 months. He was formerly employed at the Canada Foundry Co.

Capt. Benjamin J. Miller, 559 Bathurst street, is wounded, according to word received by his wife. He went overseas with the Engineers' unit in April, 1915, as a private. He was promoted to the rank of sergeant-major and later given his commission.

Led Expedition. Lieuts. Harry L. Devlin and Francis C. (Haley) Howard, who have been reported missing, are believed to have fallen in action.

They were leading an exploring expedition to discover enemy trenches and met heavy firing. The officer fell in a crater. Whether they were killed or wounded and removed to a German hospital is uncertain.

Pte. P. A. King of Georgetown, Ont., who enlisted with a Toronto unit at Niagara Camp last summer and who

THE TALK OF THE TOWN

The word is going around—O'Keefe's Imperial is mighty good—either Imperial Ale, Imperial Lager, or Imperial Stout. There is the same sparkle, the same delicious taste, the same toning qualities you have been used to in O'Keefe's brews.

O'Keefe's

IMPERIAL

Ale --- Lager --- Stout

You know the O'Keefe standard—you can be sure they're O.K.

Walk into any hotel and ask for O'Keefe's Imperial

"What's the Difference?"

Take the word of those who have tried Imperial brews. They will tell you Imperial tastes as good as any you have ever drunk. You can't tell the difference! There is real satisfaction in Imperial brews.

In Bottles On Draught AT ALL HOTELS

O'KEEFE BREWERY CO., LIMITED, TORONTO

went overseas in the fall, reaching the trenches at Christmas time, is reported to have died of wounds.

Sergeant G. E. Burt is reported seriously wounded. His two brothers, Fred J. Burt, former messenger of the Dominion Express Company, and Ross Burt are also in France.

Pte. William Briggs, 122 Claremont street, is reported wounded. He is 24 years old and married, and went overseas with the 74th Battalion.

Pte. Charles H. Bamrough, 753 Merton street, who was drafted from the 74th Battalion to the Canadian Mounted Rifles, and went overseas in the spring, is reported wounded. He is 31 years old.

Severely Wounded. Pte. David L. Robertson of a second division machine gun section is in the First Southern Hospital, Birmingham, with severely wounded arm and shoulder, according to a cable received by his sister, who lives at 1809 West King street.

Pte. Oliver Garbutt, who went overseas with a Toronto unit in April, has been killed according to word received by his relatives. He was the youngest son of J. S. Garbutt of Peel County.

Pte. Frank Storey, 13 years old, who was shot in the left arm September 19, went overseas with the 3rd Battalion, was employed at Gooderham and

Wort's distillery. He roomed at 23 Jones avenue.

Pte. Carl Welsh, son of John Welsh, 414 Perth avenue, who was drafted to the 52nd Battalion, and has been taking part in the Somme offensive, is suffering from gas poisoning. He is about 19 years of age and a Canadian by birth.

Corp. Robert Kirkaldy is reported wounded for the third time with shrapnel in the leg and shoulder. His relatives live at 515 Perth avenue. He is 23 years old, unmarried and a weather-stripper by trade.

Corp. George Quayle is in a military hospital suffering from gunshot wounds, according to word received by his relatives living at 809 Carlaw avenue. He went overseas with the 7th Battalion and was later transferred.

In Trenches Four Months. Pte. Thomas O. Darling who went overseas with the 74th Battalion and was drafted to a C.M.R. squadron, is reported wounded. He has been in the trenches four months.

Pte. Herbert T. Stollard, 61 Kenwood avenue, Wyckwood, is reported wounded. He went to France with the 74th Battalion and was transferred to a C.M.R. unit. Stollard is 29 years old and lived in Toronto nine years.

Pte. Robert Frith 18 year old son of W. R. Frith 125 Spruce street is wounded in the left thigh. He enlisted with the 82nd Highlanders which was broken up for drafts when it reached England.

Lance-Corp. Ernest F. Rogers, 259 Ontario street has been wounded, according to word received by his sister, Mrs. F. J. C. Wilson, 219 Ontario street. He was on the staff of the Alfred Rogers and Company, chartered accountants of Toronto.

Pte. William Nicholson, 27 Dymore road, 26 years old, who originally was attached to the 82d Battalion, which was broken up a year ago, is reported wounded. He is an Englishman by birth.

Pte. George Devonshire, 133 Silverbirch avenue, who enlisted with a local unit of the Mounted Rifles, and who has been at the front about a year,

has been wounded. He is 21 years old, unmarried and a Canadian by birth.

Transferred to C.M.R. Pte. Benjamin Bewsey, who enlisted in Toronto with the 74th Battalion, C.M.R., is wounded, according to official reports. He has been in the trenches four months. His relatives live in England.

Pte. Albert Kenyon is in a Rouen hospital, suffering from a gunshot wound in the back, received on Sept. 14. He enlisted with the 3rd Battalion but was transferred when he reached France. His wife and five-year-old son live at 454 Main street, East Toronto.

Pte. H. Hcare 143 Simpson avenue, was wounded in June, is officially reported wounded. He came to Toronto from England ten years ago and has been employed at the Robert Simpson Company for the last three years.

Corp. James Henderson, 20 years old son of Mr. and Mrs. W. Henderson, 181 Duke street, is in No. 2 Birmingham War Hospital, suffering with a gunshot wound in the head. He survived the Dardanelles fighting after receiving two dangerous bullet wounds.

Shell Shocked. Pte. Thomas E. Sadler, 43 Strathcona avenue, a lithographer, who went overseas in May, 1915, is in No. 4 General Hospital, London, suffering from shell shock. He is 23 years old.

Pte. Arthur S. Hamilton, 47 Stafford street, Parkdale, is in a hospital at Chichester with a wound in the right leg. He enlisted in July, 1915.

Pte. Joseph Breadin is reported wounded. He went overseas with the 8th Battalion after enlisting in July, 1915. He is 24 years of age and was formerly employed at Grocers' Limited.

Pte. Neil A. S. Munro is in a London hospital with gunshot wounds. He was with the 92nd Highlanders and a cousin of the Zulu and Bora wars. His family came to Toronto from Scotland four years ago, and he formerly worked at the Consumers' Gas Company.

Pte. Frank Crossland, 65 North Shaw street, Bracondale is in the Northampton Hospital with a gunshot wound in the abdomen. He enlisted in September, 1915, and went overseas the following April. His name appears on the Honour Roll at All Saints Anglican Church.

Pte. John Fox is in the Southampton Hospital, severely wounded in the thigh, hand and temple. He is 15 years old and the only son of his widowed mother, Mrs. Mary Fox, 39 Woodward avenue.

### SUDBURY PRODUCTION ENORMOUS THIS YEAR

Two Companies to Produce Fifty Millions in Nickel and Copper an Estimate.

#### HISTORY OF CAMP

Building of C. P. R. Caused Discovery of Metalliferous Rock.

The Sudbury mining district is the oldest and, in the world, the most productive in Ontario. With the war-time demand for, and high prices of, nickel and copper, the output for 1915 will approximate \$50,000,000. This is all by only two corporations, the Canadian Copper Co. and the Bond Nickel Co.

The nickel region has been studied by very many experts and its bibliography is somewhat extensive. Two able and exhaustive monographs, however, have lately been published by the department of mines, Ottawa. One of these is by the late Dr. B. S. Howie, M. A. D. Sc., who unfortunately, lost his life when the Empress of Ireland went down.

The other author is the well-known Dr. A. P. Coleman of the University of Toronto. Both these scientists have devoted a great deal of time to the study of the nickel range.

Sudbury is not as unique as Cobalt. It has counterparts, though on a smaller scale, in other parts of the world. Still it has features of its own and its ore bodies are so large they furnish three-fourths of the nickel now consumed in the world.

**Discovery of Ore.** The development, and, to some extent, the discovery of the nickel range are largely due to the construction of the Canadian Pacific Railway. At first it was not intended to lay the steel around the north shore of Lake Superior, but in 1883 the road was under construction from Pembroke to Sault Ste. Marie, Ont., via the present route of Sudbury. One day in that historic year, McNaughton, the stipendiary magistrate for the district, was lost on the adjacent shore of the lake on a hunting trip. A search party, headed by Dr. Howie, eventually found him seated on a small eminence, which then marked the site of what is now known as the Murray Mine, situated about four miles west of the town.

Dr. Howie had some knowledge of mineralogy as well as an enquiring mind, and he at once noticed the gossan, or decomposed ore characteristic of pyrrhotite, which, when ground, yielded a residue which, when treated with sulphuric acid, gave off a gas which, when passed through a solution of potassium dichromate, turned it a deep red color.

A decision was reached last night by the syndicate to underwrite a block of treasury stock to start active development of the properties without delay. The syndicate, which is headed by the syndicate of the rich vein, opened up in this section of the Porcupine camp indicates the main vein system from the famous Hollinger, Richardson, Cobalt and Porcupine, to the northeast-southwestly direction. Engineers conversant with geological conditions of Porcupine have held the opinion that the 120 acres in the most ideally located property yet undeveloped in this rapidly growing gold camp, R. L. Shillington and Charles Richardson, the original owners, were content to bide their time with the knowledge of holding such a valuable property immediately adjoining the richest quartz gold mine in the world.

Only sufficient surface development has been done to obtain a patent from the crown, but in this limited work several veins of greatest promise have been uncovered, as well as outcroppings, showing high mineralization. The syndicate, for the formation of stock offering in this company practically ensure a rapid absorption of the limited amount to be issued.

**KERR LAKE REPORT TO SHOW HIGH CASH ASSETS**  
Reliable Report Says Ore Reserves Are Undiminished.

**COBALT** Sept. 27.—From evidence that can be relied upon, it is learned that Kerr Lake Mining Company's report for the fiscal year, ending Aug. 31, will show cash and cash assets of a million dollars, and ore reserves undiminished from this date last year.

The past year's production will approximate 2,300,000 ounces of silver, and make a high record since 1910-11, when production was 2,388,420 ounces. At Aug. 31, last year, the estimation of ore reserves was 4,172,000 ounces. Since it shipped one of early shipments of the camp, a car of high grade in the fall of 1905, Kerr Lake has produced \$10,000,000 in silver, and paid out two-thirds that sum in dividends, or over double its capital.

**Pete Lake Find is Of Great Importance**  
A wire from Cobalt yesterday, to a local broker, stated that the new find on Peterson Lake was highly important and the best ever made on the property. Some ore taken from the new vein assays as high as 7000 ounces of silver to the ton. At the company's office here, the report of a strike is admitted, but definite information has not yet been obtained from the mine.

**THE PARIS BOURSE.**  
PARIS, Sept. 27.—Trading was quiet on the bourse today. Three per cent. rentes, 62 francs, 30 centimes for cash. Exchange on London, 47 francs, 30 centimes.

**PRICE OF SILVER**  
LONDON, Sept. 27.—Bar silver is unchanged at 32 1/2-1/4. NEW YORK, Sept. 27.—Commercial bar silver is unchanged at 69 1/2.

Showing headframe and plant of West Dome Consolidated Mine.

### ANOTHER GOOD VEIN UNCOVERED ON NEWRAY

Fourth Vein, Showing Free Gold, Picked Up in Month Near Hanson Vein.

**By Special Correspondent.**  
TIMMINS, Sept. 26.—Another vein displaying free gold has been uncovered on this property. The find was made toward the close of last week, and there has not been time enough as yet to perform work permitting a comprehensive estimate of its worth.

The vein looks very handsome, five feet of quartz has been exposed, 40 feet away from the spectacular find of a month ago, and therefore in a position where it can be quickly picked up by crosscutting from the underground levels. From an examination of the ground the conclusion is drawn that still more veins will be picked up in the area mentioned, either on the surface or below. Manager Charles is concentrating his work in a spot already proven to contain as fine ore bodies as could be wished, and just as rich in possibilities. Diamond drill hole No. 3, reaching toward the good stuff now, being down 200 feet and headed for the ore bodies that surface work has shown exist. Some quartz stringers, in a few places, have been encountered lately, indicating that the drill bit is close to a wide vein.

**MERGING OF INTERESTS ADJOINING HOLLINGER**  
Inspiration Gold Mines Co. Formed to Open Up Property Well Located.

After years of holding and turning down of large cash offers, the original stakers of the 120 acres directly adjoining the Hollinger Consolidated, on the south and Porcupine Crown on the southwest have joined forces with a group of the most successful mine operators in the Cobalt and Porcupine camps. The company will be known as Inspiration Gold Mines, Limited, of Porcupine, with an authorized capital of \$2,000,000, divided into 2,000,000 shares of a par value of \$1 each, of which 1,000,000 shares remain in the newly-formed company's treasury.

A decision was reached last night by the syndicate to underwrite a block of treasury stock to start active development of the properties without delay. The syndicate, which is headed by the syndicate of the rich vein, opened up in this section of the Porcupine camp indicates the main vein system from the famous Hollinger, Richardson, Cobalt and Porcupine, to the northeast-southwestly direction. Engineers conversant with geological conditions of Porcupine have held the opinion that the 120 acres in the most ideally located property yet undeveloped in this rapidly growing gold camp, R. L. Shillington and Charles Richardson, the original owners, were content to bide their time with the knowledge of holding such a valuable property immediately adjoining the richest quartz gold mine in the world.

Only sufficient surface development has been done to obtain a patent from the crown, but in this limited work several veins of greatest promise have been uncovered, as well as outcroppings, showing high mineralization. The syndicate, for the formation of stock offering in this company practically ensure a rapid absorption of the limited amount to be issued.

**Sensational Surface Showings at Newray**  
The following wire was received by The Toronto Star yesterday:  
"PORCUPINE, Sept. 26.—Work at Newray demonstrates the growing possibilities of the property. The shaft on Hanson vein is now down 25 feet and free gold shows abundantly. The Anchor vein is parallel to the Hanson and is a big, wide vein with spectacular showings and assay returns. Panning on this vein invariably brings coarse nuggets of free gold, and a big outcrop of quartz a short distance southwest of the Hanson vein suggests another Dome and a quarrying proposition.

Working from the main shaft will open up both these veins at the 200 and the 400-foot levels. The mine and mill equipment are being overhauled and work on the underground levels will soon start.

The surface discoveries have been sensational and the location of the new finds is ideal, as they lie close to the main shaft, and the old workings and their value can be so quickly proven.

Newray seems bound to justify our predictions made of the Ray.

**Strike at Kowkash**  
COBALT, Sept. 27.—Men just back from a vein 29 feet wide and who pans gold found on claims adjacent to the King Dods original claims at Kowkash. The Tashorn Company has gone on the two claims a quarter-mile east of King Dods looking for discovery vein. Gold has been found in the claims, and the Tashorn Company declare will be vigorously worked this winter.

A big compressor and other machinery is being set up on Wells' claims at Tashorn.

### SOME FIRM SPOTS IN IRREGULAR MARKET

Gains Made by Newer Issues—Market Leaders Have Reaction.

The mining market yesterday displayed an irregular tendency, with recession in various parts of the list. On the other hand, there were one or two firm spots, notably Davidson, which sold to 48 1/4 with this figure bid on the close. Lorrain advanced to 49 and Vacuum Gas, another of the new ones, was 37 1/2 bid.

The Cobaltis displayed a slightly reactionary trend, but after advancing to 38 1/2, eased off to 37. West Dome Consolidated was inactive at 38. Also silver was steady at 89 1/4.

The Porcupine list Dome Extension eased off fractionally from 36, but firmed up again to 35 3/4, and Dome Lake, the only moderately active, eased up to 30.

Other listed issues were not large, and any price changes were quite narrow. Brazilian was the only really weak issue, with sales below 57. There has been a steady stream of liquidation in these shares for some time, and no reason has been assigned for the selling. Steels were steadily bought without any attempt to force the price. Steamships took on a new activity, but this had little effect on the price. The market closed with a good undertone, but without much evidence of what would be accepted as real buoyancy.

### BUYING LORRAIN ON REPORT OF RICH FIND

Property Adjacent to Lorrain Runs Into Big Vein of High Grade.

**Special Correspondent.**  
COBALT, Sept. 27.—The biggest and richest vein has been made in South Lorrain. Belle Ellen has struck high grade that will assay 2000 ounces to the ton, and which is seven to eight inches wide. Silver was first encountered at 280 feet in winze, at 235 the rich strike was made. Values are consistent over wide intervals. Find was made by the main vein which runs into Lorrain Consolidated, and accounts for north country buying last week. The price rose to 48 1/4.

Belle Ellen is 40 or 50 feet from contact at 285 feet. The property is owned by a syndicate of Hanleybury and Cobalt men. Shipped 20 tons of high grade short time ago. Finds have been made in South Lorrain last few months by the Wetaufer and Pittsburg-Lorrain.

The above wire, received yesterday, accounts somewhat for the sharp rise in Lorrain. Inspiration is now down 40 cents to 50 cents. The buying started last Friday, but the source of the purchase could not be traced here as many of the orders came from New York. It is now believed that many of the Cobalt orders were sent to outcroppings, so that the purchases could be made before the news leaked out. The Belle Ellen adjoins the Lorrain Consolidated, and both are in the South Lorrain section of the Cobalt Camp. Some of the most prominent mining men in the north have endorsed the Lorrain Consolidated, and work is now proceeding in a methodical and scientific manner, under the direction of Julius Cohen, M.E. A valuable strike at depth at this mine is thought possible any time now.

### MAPLE LEAF FEATURES THE TORONTO MARKET

Milling Stocks Strong on Advance of Four Points—Brazilian Suffering From Liquidation.

The upward movement in the Toronto stock market is by no means regular, and the only really strong issue yesterday was Maple Leaf, which made a new record at 108. The opening price was 104, a point advance from the previous day, and the quotation made a steady all-day climb. Nothing new has come out in connection with the company, and it is thought that Maple Leaf is doing well with other milling concerns. Dealings in other listed issues were not large, and any price changes were quite narrow.

Brazilian was the only really weak issue, with sales below 57. There has been a steady stream of liquidation in these shares for some time, and no reason has been assigned for the selling. Steels were steadily bought without any attempt to force the price. Steamships took on a new activity, but this had little effect on the price. The market closed with a good undertone, but without much evidence of what would be accepted as real buoyancy.

### RAILWAY LINE NEEDED TO OPEN UP COUNTRY

Old Prospector Makes Trip Thru Gowganda, Shining Tree and Elk Lake.

The crying need of a railway line thru the Elk Lake, Gowganda and Shining Tree districts of Northern Ontario was voiced to The World yesterday by Newton Higbee, one of the oldest prospectors in the northland, who has just completed a two weeks' journey thru the above districts. Mr. Higbee, who is a typical American, has been in the north country for years, and owns claims in West Shining Tree. Wanting to see the country from West Shining Tree to Gowganda, a district thru which he had never been before, Mr. Higbee, accompanied by Mr. William Quirk, another old prospector, who has lived in West Shining Tree for the past five years, left Kasabaw and traveled by devious ways thru the aforementioned districts, making a journey of over a hundred miles by reason of the roundabout route.

The possibilities of the country thru which he traveled impressed Mr. Higbee that he was most enthusiastic as to its future, providing proper transportation facilities are forthcoming. As an example of the difficulties of getting in and out of the country the old prospector stated that in their trip they made 23 portages, one of which was two miles in length. The difficulties of traveling by water, he explained, were greatly augmented by the low water which made part of the waterways, which at high-water could be traversed, impassable.

As for carrying freight the water route was practically impossible. To bear out his statements Mr. Higbee related the experience of one Christopher of the Reeves Doble property in Gowganda, who is getting out high-grade silver to make a shipment. The cost of this operation can be readily seen by the veriest amateur.

In speaking of the country thru which he passed, Mr. Higbee stated that the people of Canada were utterly ignorant of the wonderful treasures that lay in the road waiting to be taken out. He stated that there was gold, in Tyrrell Township the rocks showed evidence of iron, and in Gowganda the Miller Lake-O'Brien property, which some remarkably rich samples of gold ore were taken out a short time ago and exhibited at the Canadian National Exhibition. Work is also being done at Kasabaw and the Caswell claims for Buffalo. In the Shining Tree district a shaft is being sunk on the Holding claims to a depth of 75 feet, and also being done at the Moore and Pedal claims, and at the Quirk, Gibson and Roberts claims.

In Gowganda the Miller Lake-O'Brien property has attracted considerable attention lately by its big find. It is stated that in developing the property a block of almost solid silver and cobalt, weighing about 8000 pounds, fell down from the hanging wall.

Skepticism as to the future of the country in the north is reserved only to the people who have not been thru. For those who have made the arduous journey and have seen, there is only the utmost faith, an example of which is found in an old Frenchman whom Mr. Higbee met on his travels. This old man owned claims in Gowganda, but was unable, owing to lack of money, to go ahead with development. Did he despair? Not much. Today he is living on his claims eking out an existence as best he can and he is saving the money that he needs so badly.

What the country needs most, next to capital, is a railway line from Elk Lake thru West Shining Tree and Gowganda to connect up with the Canadian Northern. The construction of the 75 miles of rail, declares Mr. Higbee, would mean new life for the north country, and would create a boom in mines without precedent in the history of the north.

### MINING MEN

Between West Shining Tree Gold Camp and Nipigon (460 miles) several mining belts cross our steel, especially the great extension of the Porcupine Gold Belt. It is the opinion of the professional geologists who have this summer been mapping out the formation of the line all the way through, so that later we can present maps to mining men showing the exact economic formation. This work, together with what we know from our land and timber cruisers who were selected from the best of the mining men, makes it possible for us to save mining men waste one of less prospecting by their men out on the ground.

My information is at your disposal, because mining development means rail haul to use the guarantee you will find pay ore, but I know that you will have ground well worthy of prospecting and developing.

CRIL T. YOUNG,  
Manager Eastern Lands, C.N.R., Toronto.

### DEMAND - METALS - SUPPLY

What establishes the present activity in the mining securities upon a sound, permanent foundation is the world-wide demand for these securities. What practically guarantees a sharp and sustained advance in these securities—particularly in those of which mine production is the most important element—is an effort to anywhere nearly supply the unprecedented demand.

**METAL PRICES ADVANCING**  
As prices advance in Bar Silver and Copper, the evidence is conclusive, the mine supply is totally inadequate to cope with the demand coming from all parts of the world. This is a result of which mine production is the most important element. These factors, so closely interwoven, SHOULD CONVINCE YOU NOW IS THE OPPORTUNITY TIME TO BUY.

### MARK HARRIS MINES and MINING

For some reason which to me is not clear, a certain class of investors never purchase stocks that the financial world dignify with the name of "penny securities."

No doubt these investors believe that the proper worth is always expressed by the market quotation, and that the securities selling for cents per share instead of dollars cannot possess any great value.

Such a contention is about as true as the old theory that the moon was made of green cheese, and I am frank to say I would prefer to invest my money in some good security, selling below one dollar a share, rather than in a stock like U. S. Steel, selling around \$120 a share.

In the first place, all investments should be based on one thing, namely, intrinsic worth, and the intrinsic worth can be just as valuable in a penny security as in the highest-priced stock in the world.

Mining securities, as a rule, have a low par value, usually \$1, \$5 or \$10; but this is done for convenience in trading, and not, as some people seem to believe, through lack of value.

Just as an example, I am going to take the three securities that have been recommended publicly by the "House of Harris" for the past few months, as all of these would properly be placed in the "penny" category.

First comes Boston & Montana, a copper stock that I firmly believe will soon rank with the best in the country.

When we first recommended this stock to friends and clients it was selling at 35 cents a share; today it is \$1.25, and is a wonderful bargain at the price.

Those who purchased at 35 to 50 cents have a net profit of anywhere from 150 to 350 per cent; therefore, if you had placed the same amount in U. S. Steel, which has been the market leader, the stock would have to sell at from \$200 to \$260 a share to give you an equal profit.

The second "penny" security recommended by the House of Harris was Lorrain Consolidated, a silver stock, which we sold to our clients at 22 cents per share.

Today Lorrain Consolidated is selling on the New York and Toronto Exchanges at 48 to 50 cents, representing a full 100 per cent. profit for early purchasers.

Third and last comes Newray, the sensation of Porcupine. We have recommended the purchase of Newray from the very start, and we are still recommending it in no uncertain terms.

Newray has advanced from 38 to 70 cents in the past 60 days, which represents a profit of almost 100 per cent.

Suppose you had purchased General Motors, which recently sold at the highest price ever known for a stock on the New York Stock Exchange.

When Newray was 38 cents General Motors was quoted around \$600 a share; so it would have to reach between \$1,100 and \$1,200 before you could say you had 100 per cent. profit.

For quick profits the "penny" securities stand in a class all by themselves, and as they represent just as great intrinsic value as the best hundred-dollar stocks, I prefer to invest my own money in them.

When you purchase a stock at 20 or 30 cents a share, you cannot lose a great deal, while your opportunity for profit is many times greater than your chances for loss.

The House of Harris make few recommendations, but when they do advise the purchase it is worth while acting quickly.

We never advise the purchase until we know all about the security, and every security bearing the Mark Harris & Company "hall-mark" is sound from the foundation to the roof, and is selling far below the true intrinsic value.

To me, Newray, Lorrain and Boston & Montana represent the best in gold, silver and copper, and I am sure no one can make a mistake by purchasing any or all of them.

I believe Newray will become a big producer in 1917, and when it does you will see this "penny" security graduate from the penny class into the dollar grade.

Boston & Montana have two great mining districts, either of which is big enough and rich enough to make Boston & Montana rank with the largest copper producers of the world.

The Company is already shipping ore and earning money, and I firmly believe a purchase of the stock around present prices will return enormous profits.

*Mark Harris*

### FEVERISH TRADING RULES IN

For Nineteenth Days Total Over Mark.

**GOOD ISSUE**  
Rails Reach Bes Several Ye New Yo

NEW YORK, Sept. 27.—Consecutive several week-end, today's second another period of feverish trading, which, well beyond the movement was in and convincing a few weeks, in the proportion of the turn of dividend-paying in less distinguishable from a stable character.

The so-called Harris family Union Pacific, with an extension to Richmond, Norfolk and other coalters, the York Central and Pennsylvania, a foundation for later more speculative value the sales, on gains of 1 with an actual new record at 115 1/2.

Coppers lost none of momentum of feverish trading making a net gain of 3 1/2, with further Anaconda, American Manganese, and others, to respond to any demand in metals, were mostly in the hands of the following meeting Seattle Marine committee expected to recommend of the receiver, Sigurd Wilke of marines, registered by Cuba Corporation, which is a final price in a 1000 shares of 100 cents, in the narrow radius, closing gain of 1/2 point. Total sales, on gains of 1 with an actual new record at 115 1/2.

There was a marked interest in shipping stocks upon the belief that the forthcoming meeting Seattle Marine committee expected to recommend of the receiver, Sigurd Wilke of marines, registered by Cuba Corporation, which is a final price in a 1000 shares of 100 cents, in the narrow radius, closing gain of 1/2 point. Total sales, on gains of 1 with an actual new record at 115 1/2.

**PAPER STOCKS**  
Heron & Co. had a loss of 1/2 point. MONTREAL, Sept. 27.—The feature of today's trading four points of iron and closing at 4 1/2. The Power was also opening at 53 and selling paper stocks are expected to be 100 cents. The issue is rather erratic movements, there is that much higher price, but in the volume in Fenman was account of a bonus being paid. While the volume of the market is not an improvement in the volume of a quick

FEVERISH TRADING RULES IN STOCKS

For Nineteenth Day Transactions Total Over Million Mark. GOOD ISSUES SELL

Rails Reach Best Prices in Several Years at New York. NEW YORK, Sept. 27.—For the 19th consecutive session, exclusive of two week-end, today's market experienced another period of excessive activity, which was the result of total dealings well beyond 1,000,000 shares.

Coppers lost none of their favor as mediums of feverish speculation, impregnation making a new maximum at \$8.8, with further accumulation of Anaconda, American Smelting and Refining, Motor, Sherman, and others to respond to any definite movement in metals, were mostly at higher quotations. General Motors making a gross gain of 15 points.

There was a marked revival of interest in shipping shares, predicted upon the belief that events of importance are impending in connection with the forthcoming meeting of the Mercantile Marine committee, which are expected to recommend the discharge of the receiver. Sugars trailed in the wake of marines, record prices being registered by Cuba Cane common and preferred and American Beet.

Final prices in a majority of instances were at fractional, or 1 point recessions from the day's best. U. S. Steel, which traversed an exceedingly narrow radius, closing at 115 1/4, a net gain of 1/2 point. Total sales amounted to 1,465,000 shares.

An appreciable increase of activity was shown by the firm bond market; total sales, par value, \$6,420,000.

MONREAL, Sept. 27.—Laurentide was the feature of today's market, advancing four points on a small turnover and closing at the top. Laurentide Power was also a strong feature, opening at 58 and selling up to 61. Paper stocks are expected to go over 200 on this move, and while the power issue is rather erratic in its market movements, there is little doubt that higher prices will be realized later.

CHICAGO, Sept. 27.—The price of flour was advanced to 81 cents, the highest level since the Civil War. Standard and Minnesota patents sold for \$1.10 a barrel, an increase of \$1 over a year ago. The cheaper grades of flour sold to the baker's trade also were advanced 10c and 15c a barrel. Grades which yesterday sold for \$5.50 brought \$5.60 and \$5.65 today.

LONDON, Sept. 27.—The stock market was quite cheerful today on the Somme victories, but little increase in business resulted. Consols and the war loan were maintained, rubber stocks were active and shipping and oil shares steady. American securities were firm, with U. S. Steel the most active issue.

WHEAT DEVELOPS SOME WEAKNESS

Prospects of Ending of Argentine Drought Depress Prices. EXPORT SALES LIGHT

Successes of Allies in France Serve to Handicap Bulls. CHICAGO, Sept. 27.—Prospects of a break-up of the drought in Argentina had a good deal to do today with weakness which developed in the wheat market here. The outcome was an unsettled close to 1 1/2c net lower, with December close at 1.15 1/2c, corn unchanged to 8-8c higher, oats of 1-8c to 3-8c, and provisions varying from 25c decline to a rise of 15c.

Wheat traders were in a bullish mood from the outset. The market at the opening was apparently yet feeling the depressing effect of the big world supply, the largest ever known at this time of the year. Victories of the entente allies in western Europe tended also to handicap the bulls, despite the fact that the outlook for an early opening of the Dardanelles seemed far from promising. Besides, liberal receipts at Kansas City and weakness in the cash market there counted further on the bear side. It was not, however, until news was received of unsettled weather in Argentina that the downward swings in prices attained the greatest impetus.

Notwithstanding that numerous rallies took place in the wheat market, commission houses selling became more and more aggressive, especially in the last hour, when one house alone disposed of more than 1,000,000 bushels in the pit. Export transactions as far as announced late in the day, were not of sufficient volume to be of much encouragement to the bulls.

Corn developed firmness owing to welcome rains. Moisture was regarded as harmful to the crop at this stage. Oats tended to sag in the absence of any urgent call from the seaboard. It was said Canadian reserves amounted to almost 50,000,000 bushels. Lower quotations on hogs pulled down the provision market. On the decline, too, packers became active buyers of the nearby deliveries and caused something of a rally.

HOLLINGER TO REDUCE ORE HAULAGE COSTS. To Instal Next Spring New System.—To Do Away With Sheds.

PORTCUNE, Sept. 27.—When Hollinger's central shaft is placed in operation early next March a flow sheet unique in one respect in this mining district will be introduced. The underground idea, something similar to that in use on the Gattineau-Alaska, is the main change.

Still Another Dividend. On Seneca Superior. The directors of Seneca Superior silver mines declared a dividend of 10 per cent, payable on Oct. 14 to shareholders on record at the close of business on Oct. 13. This, the 22nd distribution, brings the total paid and declared to shareholders to \$1,560,878, or more than three times the capital invested.

LONDON OILS. LONDON, Sept. 27.—Calcutta linnseed (September and October) 48 1/2; sperm oil, 46 1/2; petroleum, American refined, 21 1/2; asphalt, 2 1/2; turpentine, 21s 6d; 7 1/2; rosin, American strained, 21s 6d; type G, 22s.

MONEY RATES. Glasgow & Cronyn, Exchange and Bond Brokers, report exchange rates as follows: Buyers. Sellers. Counter. N.Y. fed., par. 1/4 to 3/4. Mont. fed., par. 3/4 to 1/2. Ster. dem., 475.50 to 478. Cable tr., 478.25 to 478.45. Rates in New York.—Sterling demand, 47 1/2. Bank of England rate, 6 per cent.

GERMANS BELIEVE THEY BOMBARDED PORTSMOUTH. In Official Statement They Tell of Attack Near Mouth of Thames. BERLIN, Sept. 27.—The British naval base of Portsmouth and military establishments near the mouth of the Thames and at North Shields, Lincoln's Inn, were attacked by the zeppelins which raided England on Monday night, the admiralty announced today. The official account follows: On the night of Sept. 26-27, several German airships bombarded extensively and with visible success, with explosive and incendiary bombs, the fortified places near the mouth of the Thames, and industrial and railroad establishments of military importance in Middle England, including North Shields, Lincoln and Derby. The airships returned unharmed, notwithstanding strong attacks of anti-aircraft guns.

BRITISH REPLY ON WAY. LONDON, Sept. 27.—The foreign office said today that the British reply to the American note regarding the censorship of mails is on its way to Washington.

August Bank Statement. OTTAWA, Sept. 27.—The Canadian bank statement for August shows the following changes as against the preceding month and the corresponding month a year ago:
