STRIKE IS A CLEAR-CUT FIGHT BETWEEN OLD RAILWAY UNIONS AND THE RADICAL ELEMENTS

30,000 Men Are Out and Freight Embargoes Are Declared in Many Cities—Insurgent Leaders Say Strike Will Be Carried on Until New Union is Completed—Labor Endeavoring to Fill Strikers' Places With Own Men.

Chicago, April 9.—A break in the unauthorized strike of switchmen and engineers at Chicago, where it started nine days ago with a subsequent spread to a number of railroad centres, was announced today by A. A. Whitney, vice-president of the Brotherhood of Railroad Trainmen, who conferred with a committee of strikers from the Chicago and Northwest-ur Railroad.

Another group of strikers today requested the "Mayor of Chicago" take steps to settle the strike by addressing a mass meeting of yard employes. Leaders of the insurgents said the strike was not only not broken but would be carried on until a new union was completed.

Disrupt Union. Heads of the railroad brotherhoods tonight denounced the strike as purely an attempt to disrupt the old union. More time in which to break the (Continued on Page 4, Column 4).

BONUS IS COMING FOR CIVIL SERVANTS

Ottawa, April 9.—(By Canadian Press.)—It is understood that the government will make a definite announcement with reference to the basis of this year's bonus to civil servants within the next few days.

FRANCHISE BILL WILL BE LIKELY TO BE PASSED IN PRESENT FORM

Some Returned Soldier Members Outspoken at Yesterday's Government Caucus Regarding Proposed Disfranchisement of Defaulters.

Ottawa, April 9.—That the franchise bill will, in all probability, go thru in parliament in its present form and without any further amendments in the way of disfranchisement, is the general consensus of government followers, following the caucus held today. That there was also some very outspoken passages from returned soldier members in regard to the proposed disfranchisement of defaulters is also an open secret around the corridors tonight.

Ontario members, it is understood, held out for the disfranchisement of aliens, and they were in the minority at the caucus, will likely press their views in the house debate.

STILL HOLDS REINS OF POWER. This is a new picture of President Ebert of Germany and Frau Ebert. His success in defeating the plot of the revolutionaries by calling a general strike is fresh in the public mind.

COMMONS DEVOTES TIME TO DISCUSSION OF FRANCHISE BILL

Some Contentious Clauses Are Held Over—Debate Secrecy of Ballot.

Ottawa, April 9.—Consideration in committee of the less contentious clauses of the franchise bill took up the major part of the time of the house. A number of clauses were passed, and several to which objections were raised by opposition members were allowed to stand.

BRITISH STATEMENT MADE TO STABILIZE FRENCH ALLIANCE

Ministers Felt Nothing Was to Be Gained by Ignoring Seriousness of Situation. ACTION NOT WAR

London, April 9.—It is announced in authoritative quarters that Thursday's communication giving the British official view of the French advance into Germany was made chiefly to prevent any possible damage to the Anglo-French alliance, "on which the hope of the world is centred," and in no wise with the purpose of exciting public opinion here or in any other country.

The ministers, it is deplored, feel that there is nothing to be gained in an alliance by glossing over or ignoring the seriousness of a situation engendered by one ally taking military action on its own initiative against the opinion of other allies.

Great Britain, it was said, is equally concerned as any other signatory to secure the execution of the peace treaty, but holds that any violent action taken without unimpeachable reasons would only weaken the authority of the allies.

The peace treaty, according to the British view, did not contemplate a situation such as now has arisen, which it was stated was one calling for police action against disorder, and not war.

Great Britain is just as ready as France to insist on the execution of the treaty if the Germans show hesitation in fulfilling their guarantee to evacuate the neutral zone at the appointed time, and is willing to agree to any necessary action in such an event.

The French government had been fully informed of this view before troops were sent. Faith in the entente and friendliness for the French people, it was said, has been in no wise diminished, and the announcement that France acted on her own initiative and against the advice of the allies was merely a statement of fact which was necessary in order to make clear that the allies as a whole cannot possibly accept the position that they can be committed by the independent action of any one ally, and to strengthen the alliance by insuring solidarity for the future.

MURDER AND THEFT ARE STILL RAMPANT THROUGH IRELAND

London, April 9.—Further outrages in different parts of Ireland were reported today. A vacated police barracks at Blackroy, outside the Limerick boundary, was burned down. Four men arrested under the defense of the realm act were taken to Cork.

MILITARY ALLIANCE PROJECTED BETWEEN FRANCE AND BELGIUM JOINT OCCUPATION OF RUHR

Belgian Contingent to Be Sent to Assist in Holding German Towns—Railways Placed at Disposal of France—Decision of Government Applauded in Press—Allied Officers Arrive to Look Into Ruhr Trouble.

Brussels, April 9.—It is stated that once the question of the Luxembourg railways is settled between Belgium and France, negotiations will commence for the conclusion of a Franco-Belgian military alliance. France and Belgium, it is asserted, are now negotiating concerning the composition and the date of the departure of a Belgian contingent for the occupation of the Ruhr region.

The Solt says Belgium has not forgotten the slowness of British and American intervention "in the hour of peril," and that it is not intended to renew Belgium's costly experience of 1914.

The Derniere Heure says the Belgian government has decided to place the Belgian roads and railways at the disposal of France for the eventual despatch of troops to Germany.

The Nation Belge asserts the belief that the Belgian contingent which is to collaborate with the French will be a line regiment.

Virtually the entire Belgian press warmly approves the decision of the government to act in union with France in sending military action in the Ruhr district.

The independence Belge says: "We maintain our purpose to enforce respect for the treaty and to maintain the peace guarantees, and thus we recall to our other allies how essential to the security of Europe and to peace is the execution of the Versailles agreement."

The National Belge says: "The necessity for a complete understanding between France and Belgium, which was government more than ever, is the result of the interests of the two nations are in opposition. The interests of the Duchy of Luxembourg cannot be expected from the category of those affected by these events. We may expect an accord based on the concerted intervention of the two countries in all affairs where the common interest requires precautionary measures."

"The Belgian government is in possession of the new note of France on this delicate subject. The propositions thereon, in this basis an agreement could be concluded. Belgium says it is able to announce that the Belgian government has every assurance that the cabinet in London, while persisting in the belief that the occupation of new territory is unnecessary, will not manifest any objection to the evidence of solidarity in the friendship Belgium has just given France."

FRANCE REPLIES TO BRITAIN

Paris, April 9.—Paul Cambon, the French ambassador in London, has been instructed to present to the British government the response of the French government to the note sent to France by Great Britain yesterday with regard to the French invasion of the Ruhr.

The conference of allied premiers and foreign ministers, which it was expected would convene here today to consider the Franco-German question and other subjects, is said now to have been put off until Saturday. This was the understanding of Vittorio Scialoja, the Italian foreign minister, as he expressed to the Associated Press.

It was unofficially reported in the press today that Premier Lloyd George had planned to leave tomorrow for Rome for the imminent inter-allied conference to be held there, may postpone his departure in view of the international situation.

The situation among the allies regarding the French occupation movement in the neutral zone appeared today to be one of confusion. So far as could be learned, the representatives in London and the allied powers had not been informed what steps might be taken to clear up the situation, or even whether a conference was to be held to discuss the French invasion of the Ruhr.

FRANCE REPLIES TO BRITAIN

Paris, April 9.—Paul Cambon, the French ambassador in London, has been instructed to present to the British government the response of the French government to the note sent to France by Great Britain yesterday with regard to the French invasion of the Ruhr.

RAILWAYS REFUSING FREIGHT FOR POINTS IN UNITED STATES

Switchmen's Strike in Buffalo Ties Up Traffic Heading Both Ways Across the Border—Hundreds of Car-loads of Coal for Canada Held Back.

Due to the American railroad strike, particularly the switchmen's strike at Buffalo, all shipments of freight are being refused by Toronto freight agents. Until yesterday afternoon much of the Ontario export freight was shipped to Niagara Falls, where it was left in sheds and freight yards, but these were soon filled to capacity so that agents were forced to refuse further shipments. Little freight is now crossing the border.

Shipments of Canadian commodities and of live stock en route have been sent thru to their destinations but the roads are now refusing business at shipping points. Canadian shippers of live stock are put to considerable inconvenience thru the refusal of the switchmen to run the large stock of or disposing of it in Canadian markets. Few shipments of live stock were offered yesterday as shippers were unwilling to run the risk of a hold-up at the border.

Practically every kind of Ontario export commodity is in the freight yard at Niagara Falls, including large quantities of lumber, paper, grain and merchandise, while hundreds of cars of coal for Canada are held up at the border.

Brotherhood officers said that a number of strikers returned to work today, and predicted that the movement of freight in the Chicago area would be near normal by next week.", "Another group of strikers today requested the 'Mayor of Chicago' take steps to settle the strike by addressing a mass meeting of yard employes. Leaders of the insurgents said the strike was not only not broken but would be carried on until a new union was completed.", "Reports from rail centres throughout the country indicated that nearly thirty thousand railroad men were on strike. Freight embargoes were declared in a number of cities by railroads affected by the walkout. Breaks in the strike were reported in a few places. Switchmen and brakemen on the Missouri Pacific Railroad at Seladonia, Mo., which walked out this morning, returned to work this afternoon. Railroad officials at New York City reported that strikers were returning to New Jersey yards, where about half the workers quit their posts.", "Heads of the railroad brotherhoods tonight denounced the strike as purely an attempt to disrupt the old union. More time in which to break the (Continued on Page 4, Column 4).", "BONUS IS COMING FOR CIVIL SERVANTS", "Ottawa, April 9.—(By Canadian Press.)—It is understood that the government will make a definite announcement with reference to the basis of this year's bonus to civil servants within the next few days. In the meantime, it is officially stated, in order that none of the members of the civil service shall suffer any inconvenience, it has been decided to pay the bonus this month as usual on the basis of last year's bonus.", "Another item of particular interest to civil servants is a resolution placed on the order paper in the name of Hon. N. W. Rowell. This is understood to have for its objective the amending of the civil service act to provide that classification and salaries to civil servants shall be effective as from April 1, 1919.", "FRANCHISE BILL WILL BE LIKELY TO BE PASSED IN PRESENT FORM", "Some Returned Soldier Members Outspoken at Yesterday's Government Caucus Regarding Proposed Disfranchisement of Defaulters.", "Ottawa, April 9.—That the franchise bill will, in all probability, go thru in parliament in its present form and without any further amendments in the way of disfranchisement, is the general consensus of government followers, following the caucus held today. That there was also some very outspoken passages from returned soldier members in regard to the proposed disfranchisement of defaulters is also an open secret around the corridors tonight.", "Led by one member who won high distinction in the field during the great war, it is stated that about a score of members today frankly confessed that since the bill was first drafted they have diametrically changed their opinions. When the question was discussed these men were out strong for refusing to go to the polls with a man who had failed his country in a time of direct need.", "But today it is just a question if we could get at the real slacker," is how this member is reported to have expressed himself today. There are just as bad defaulters who were at the front line trenches. Some of them got a mere scratch and got back home as quickly as they could," is another expression of feeling given as coming from the same speaker.", "Posit on Altered.", "Other members of the party who six months ago, would have been

When a Vacuum Cleaner Comes Into the Home Dirt and Dust Depart

A Vacuum Cleaner Gets Into the Nooks and Crannies behind radiators with the greatest ease, and cleans thoroughly. Cleans places where, without a vacuum cleaner, it would be practically an impossibility.

AND the one who formerly swept and cleaned is relieved of these heavy tasks, and she becomes merely an interested spectator and guiding hand.

WHAT A BOON A VACUUM CLEANER IS

Especially for use in the Big Spring Housecleaning which at this date is in some stage of operation in most every home.

AND SO YOU ARE RECOMMENDED TO TRY

The 'Eureka' or 'Ohio' Vacuum Cleaners

Which Are Described Below

The "Eureka" Cleans and Purifies With Large Volumes of Air Moving at Great Speed AND

- Is Easy to Handle
- Is Simple to Operate
- Saves Much Labor
- Saves Much Time
- Is Durable and Free From Mechanical Troubles
- Is Economical
- Is Welcomed By Anyone Who Looks After the Home

Is a well-constructed machine that with care should last for years. The price of the "Eureka" machine is \$56.50. The four attachments for cleaning curtains, upholstery, walls, etc., are extra, at \$9.50.

The "Ohio-Tuec"

Has a pistol-grip handle which contains an oiling can. The motor is started by lowering the handle, and stopped by raising it. This avoids the necessity of coming into contact with current by turning a switch with the fingers.

The Dust Bag is of double thickness, so as to be dust-proof; it is also easily emptied. The Nozzle is adjustable to the different surfaces of the various kinds of rugs. The Revolving Brush removes

clinging particles of hair or thread, and there are many other features to be found in the "OHIO-TUEC."

The price of machine is \$55.00.

Full set of attachments (7 Pieces) for above machine extra, \$12.00.

With a Vacuum Cleaner One May Renovate Draperies, Curtains and Hangings, without taking them down, a feature that saves such endless bother and work; moreover, it cleans without danger of injury to these hangings; truly the virtues of a vacuum cleaner are many.

A Vacuum Cleaner is Easily Manoeuvred with one hand, and one may operate it here and there under beds and pieces of furniture without exertion and without the exertion of moving furniture, which one would have to do if cleaning with a broom.

A Vacuum Cleaner Cleans Mattresses and Helps to Keep Them in Shape, consequently making them more comfortable to sleep on, and lengthening their life by keeping them free from dirt or dust, which, if allowed to remain, would sap the strength of the coverings, and be the direct cause of rents and tears.

A Vacuum Cleaner Works Wonders on Upholstered Furniture, searches out the dust and dirt in the crevices, and brightens up the upholstery, without causing the slightest flurry of dust in the air, or allowing it to drop on the floor or settle on the cushions.

What a Contrast There Is Between the Cleaning of Furniture done with a brush or whisk and that done with a vacuum cleaner. The Vacuum Cleaner keeps the dust in its bag; the whisk or brush simply moves the dust on to another place, at the same time filling the air with germs, and menacing the health of the worker.

BANK CASH BONUSES, SAYS GOVERNMENT

Official Announcement by Sir George Foster in House of Commons.

STANDARD TIME STAYS

Ottawa, April 9.—(By Canadian Press.)—Two important announcements by the government featured yesterday's session in the house of commons. The first of these was the statement by Acting Premier Sir George Foster, shortly after the opening at 3 o'clock, that the government had not changed its mind in regard to the granting of a cash bonus to returned soldiers, and that it did not consider it a wise measure of re-employment at a time when a large sum of money in the hands of each returned man.

The second announcement, also from the acting premier, in answer to a question by Mr. J. E. Armstrong (Lambton) was to the effect that the government had no daylight saving bill under consideration at the present time. Daylight saving, Mr. Armstrong said, was entirely a matter for the provinces and villages which wished to adopt it.

Government's Mind Fixed.
In announcing the policy with regard to the cash gratuity, Sir George stated that the opinion of the government had been fairly expressed at the last session of parliament after a long and careful examination into the whole subject of readjustment, reconstitution and relief by a committee of the house.

At that time it was intimated that the government was not in favor of a cash bonus or gratuity. Since then additional consideration had been given to the matter, and the government had decided that it could not change its mind with reference to the principle of a cash gratuity.

Financial Conditions a Bar.
The financial condition of the country, said Sir George, as well as other considerations, would not justify the government in acceding to a request for a gratuity. The indeterminate amount, running anywhere from four hundred million to a billion dollars, formed the most essential factor in the government's conclusion, and the government was not of the opinion, and never has been, that the best way to re-establish the soldier was by putting a sum of money in his hands, over which there would be no government supervision.

Sir George stated that the pensions committee established this session would take the question of re-establishment into consideration, and that the government would, as in the past, have the benefit of its advice and suggestions.

To Continue Re-establishment.
The methods of re-establishment now in force, such as land settlement and vocational training, had the support of the government and would be continued.

Refers to Soldier Requests.
Sir George first referred to the representations in favor of a cash bonus, made by delegates from the G.W.V.A. and later by the seven soldier organizations, whose delegates saw the cabinet on Monday. Both of the delegations, Sir George said, contemplated the payment of the cash bonus or gratuity to all returned soldiers. Although there were some with woven spots, others chenille dotted, in color and conventional designs, corset-velvety and shadowy effects. Flaxton Gilbey mesh veiling, and silk shetland veiling in large octagon mesh with fine woven borders.

No Change in Policy.
"The opinion of the government," Sir George proceeded, "was fairly expressed at the last session of parliament after a long and very careful examination into the whole subject of readjustment, reconstitution and relief by a committee of this house and, at the same time, it was intimated that the government was not in favor of such a cash payment of bonus or gratuity. Since then the government has given additional care and consideration to that matter and has come to the conclusion that it cannot change its mind with reference to the principle of a cash gratuity. There are various reasons for this, which we must take into account—the financial conditions of the country and all other which have accumulated and which press upon the government and the parliament of the country."

Never Favored Cash Bonus.
"In regard to the indeterminate amount running anywhere from \$400,000,000 to \$1,000,000,000, which would be required in such a payment of cash gratuities for readjustment, the government has never been of the opinion, and never has been of the opinion, that the best way to reconstitute and re-establish the returned soldier was by giving him a sum of money in his hands over which there would be no government supervision and without any reference to the peculiar and different conditions and circumstances of each returned soldier. In the respect, the government has never been of the opinion, as I have said, has not changed its mind. Consequently the reply to both these requests, so far as gratuity or bonus is concerned, must be in the negative."

Forms of Relief in Force.
Since the armistice and demobilization continued Sir George, the government has had full consideration to the re-establishment of the soldier. The result of this consideration had been certain conclusions which the government has decided to put into forms of relief. It proposed government aid in the form of a pension, which is being given to the benefit of the whole house. This committee had been appointed during the present session and it had been assigned the duty of taking up the methods which had been proposed for relieving the soldier and suggesting what amendments were necessary to them. In so far as the relief of wounded or incapacitated soldiers, or of their dependents, was concerned, the government would do its utmost to aid them.

What Government Proposes.
Sir George stated that the government intended to propose a religious settlement bill and the department of education was in the process of setting up vocational training, which the government had the greatest sympathy for. He did not know if it was necessary to say anything further on the matter. The question was such an important one that it was impossible to dispose of it in a single session.

For Today---Offerings of Compelling Interest

Furnishings of Charm in our Model Suite

There is a growing interest on the part of the general public on the subject of better homes and a keener appreciation of good home furnishings. This is manifested every day by the numbers that come to see the handsomely furnished suite of rooms on the fourth floor.

Here a discriminating sense of selection has brought together a delightful living-room in chintz with furniture of walnut and cane, a handsome dining-room in blue with Italian renaissance furniture, and a bedroom in mulberry colorings, and a "Queen Anne" motif suite, all producing a distinctive, harmonious unity.

Mulberry and white striped paper with pink and greenery, yellow roses cover the walls of the bedroom, while the tapers and chair covers are of mulberry repp, with applique of braid. Curtains of fine marquisette drape the windows. Most artistic are the lighting fixtures. The centre light in brass finish has the spindle effect, hung with silk rope and tassels. This with the side light have parchment shades with wedgewood cameo medallions.

There is a lasting charm about a "Queen Anne" bedroom suite in stain-finished walnut. It is always pleasing for the workmanship, material and design are of the type that endures. The bed has rounded head and very low foot board, the handsome dresser has a curved mirror suspended by heavy cords. The dressing table has a single mirror delicately carved, and the bench is of the straight chair, repp as is the straight chair. Quite unusual is the arrangement of shelves and drawers of the chest of drawers of the chest of drawers. It is specially designed for a man's use. This with the dainty night table completes the suite. A fluted lace bedspread completes an altogether lovely room.

AGAINST FOSTER ON GRAFUITY ISSUE

Hon. Robert Rogers in Toronto on Business, But Discusses Politics.

Hon. Robert Rogers is in Toronto on a business trip, but when seen last night at the King Edward Hotel he was not indisposed to talk politics. When asked what he thought would be the result of the Ontario members breaking away from the government on the proposal of the cabinet to give the vote to Austrians and Germans, by moving an adverse resolution in the house, Mr. Rogers said it was impossible to forecast any result as it all depended what view the Liberal party took of the situation.

Special to The Toronto World.

Ottawa, April 9.—Amusement was caused here this evening by The Toronto Telegram's story that President Hanna of the C. N. R. going in to see the minister of railways, was hailed by Sir Adam Beck, who was talking to several newspaper men in the corridor, and refused to acknowledge the Hydro knight's outstretched hand.

170 Jews Were Wounded In Jerusalem Disorders

London, April 9.—Official reports received from Jerusalem report the casualties in the recent troubles in Jerusalem to two persons killed and 176 wounded, of whom 170 were Jews. The situation is described as being well in hand.

According to the reports the trouble started April 4 with an anti-Jewish demonstration against a religious procession. There was rioting the following day, when the native police joined the Moslems, resulting in their being dispersed by troops and withdrawn.

On April 6 there were a few fires and some violence, but no serious disorders. Tourist traffic in Palestine has been stopped.

COMMONS DEBATES NEW FRANCHISE BILL

(Continued from Page 1.)
The portfolios which was a specified exception. The solicitor-general added that apparently it would be necessary for a prime minister to be sure that he held some other portfolio before he ventured into an election.

Corrupt Practice Penalty.
When the clause providing for disqualifications for eight years of any person found guilty of any corrupt practice in an election came before the committee, Hon. Mackenzie King questioned why the period should be eight years instead of seven as formerly. "Everything is going up with the cost of living," retorted Mr. Jacobs. Sir George Foster replied that if seven years was good, eight should be better. The solicitor-general said he knew of no reason for the change and amended the clause for a period of seven years. J. J. Denis, Joliette, said this clause was simply a clause for black mallees. It was no protection to candidates who could be made the victim of conspirators without being in any way guilty.

Wants Elections Same Day.
On the clause respecting nomination of candidates, Mr. Fielding suggested that where a number of vacancies occurred at the same time, the by-elections, as was the case in a general election, should be held on the same day.

The solicitor-general could not see any advantage making the change.

Would Raise Deposit.
J. J. Denis, Joliette, thought that the deposit required of candidates should be raised from \$200 to \$500. The latter sum, he said, meant no more per day than \$200 did when the old act was framed.

O. R. Gould, Assiniboia, said that the member for Joliette was putting a premium on money instead of brains in candidature. John Best (Dufferin) retorted that the farmers counted money he raised from \$200 to \$500. Another \$5000 for their campaign fund.

RAILWAY BILL SOON TO PASS

Grand Trunk Services to Be Co-ordinated With Those of Canadian National.

Ottawa, April 9.—(Special.)—The government is waiting to introduce a bill which it is advisable to pass before the board of management to co-ordinate the Grand Trunk services with those of the Canadian National Railways, without waiting for the arbitration on the final value of the venerable system. Doubts have been raised as to the validity of the shareholders' meeting, which, on Feb. 19, ratified in London the nationalization agreement that was provided for in the act of last session.

The bill will validate any failure in technicalities which legal juries have indicated, and is not likely to lead to any serious controversy, despite rumors that the opposition, inspired by Montreal interests, may make one last effort to block public ownership. It should become law next week, and co-ordination begin with the immediate appointment of the board of management.

As intimated yesterday, the Grand Trunk nominees will most likely be Mr. Robb and Mr. Scott, with Mr. Hays and Mr. Hunsberger as their colleagues from the C. N. R. The four will then select President Kelly of the Grand Trunk as chairman.

PARIS FASHIONS IN FALSE TEETH

Paris, Mar. 8.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers.

This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums.—Ad.

FORCED TO EXCHANGE GOLD FOR PAPER

Cherbourg, April 9.—When the passengers from the White Star Line steamer Adriatic landed today, an American flag was found by the customs officials to be in possession of \$175 in gold. The passenger was compelled to exchange the gold for paper money in order to avoid having it confiscated.

MARKING OF BALLOTS

W. F. Cockshutt (Brantford), on a subsequent clause, raised the point of ballot papers being marked with a black lead pencil. The clause refers specifically to the provision in polling booths of suitable black lead pencils which shall be kept properly sharpened through the hours of polling. In these days of fountain pens, Mr. Cockshutt contended it was not unusual for a voter to mark his ballot in ink. Yet there were cases when such ballots had been rejected. Was a voter, Mr. Cockshutt asked, to be disqualified because he used a fountain pen, or a blue pencil?

Mr. Guthrie agreed that there was nothing in the objection, and on the suggestion the clause stood over for further consideration.

Consider Assurance Co. Bill.
Before the house resumed, consideration in committee of the franchise bill tonight. H. M. Mowat's bill to incorporate the Canada Security Assurance Company was put through committee without debate, because he used a fountain pen, or a blue pencil.

Four clauses of the franchise bill were put through within half an hour. The only clause debated was the one which dealt with the secrecy of the ballot.

Diabetes Numbered Ballot.
T. W. Caldwell (Carlton, N.E.), suggested that the numbered ballot be inadvisable for the reason that it might often provide a means for the identification of the ballot. The solicitor-general explained that the numbered ballot

SELLING OF LIQUOR

Discussion of Clause 65 was centered around the section which provides that "no spirituous or fermented liquors (whether or not intoxicating) shall be sold or given at any hotel, tavern, shop or other place within the limits of any polling division, before, during or after the hours during which the poll is open on polling day."

Mr. King remarked that this section was different from the corresponding section in the old act. The additions in the new act looked as if they had been put in by the minister of health. He failed to see the object.

Mr. Morphy objected to the section. It was so drastic, he said, that a man could not accept from his own wife a small portion of stimulant, which might prevent him from going into a collapse after a strenuous election day, between five o'clock and twelve at night.

An opposition member: Not even to drink his sorrow?

Mr. Morphy continued that he thought it was unwise to make the law too drastic. The public was becoming restive of drastic measures. He thought that the provisions should be eliminated, at any rate, as far as the period after the closing of the polls was concerned.

Mr. Guthrie was quite satisfied to strike out the section and place in its stead a corresponding section in the old act.

This provides that no spirituous or fermented liquors shall be sold or given at any hotel, tavern, shop or other public place during the whole of the polling day.

Clause 77, which makes the auditor-general responsible for the taxing and payment of election expense accounts, came in for much criticism. Mr. Fielding objected that this was making the auditor-general an executive official, when his position in the past had been that of "watchdog of the treasury."

Clause 77 was finally allowed to stand, and the house rose at ten o'clock.

SPLENDID BOXING THE FIRST NIGHT

Olympic Rules Result in Early Conclusion of Several Ontario Bouts.

Owing to the non-arrival of the out-of-town contingents the Ontario amateur boxing championships first night's program had to be somewhat curtailed and only ten bouts were decided, but any person who went away dissatisfied with the evening's sport would be hard to please. Top draws were held in the first round when a man is knocked down and the result was that several of the bouts were short, but all but two were interesting all the way.

Fisher of Arringtons and McManney of Riversides were real first nighters and went three rounds, and Fisher got the decision.

Young, an unattached entry in the 117-lb. class, is a newcomer, who made good from the start. He took some hard punches for two rounds in his bout with Potter of Riversides, but in the last round was all over his man.

McGrath of Riversides and Norman Smith were another pair in the 110-lb. class and both Smith was always the best McGrath gave him a 'rough time.

In the 125-lb. class it only took Donovan, Riversides, about a minute to demonstrate to Hanna of Sarnia that he had no license to enter the ring.

Coyne of Classics gave Brooks of Riversides a bad lesson, and the referee stopped the bout in the second round.

Ted Price, an old champion, tried to comeback and will be showed some of his old-time cleverness if he is not rugged enough for Walter Newton.

The 135-lb. class contributed two knockouts. Reid of the H.M.C. put a clean one over on Lanekin of Classics after two terrific rounds, and Jenkinson, Riversides, handed one to McKeay of Classics, also in the second.

Newton ran into a hot one when he went up against Colquhoun of the Classics. Colquhoun had a left hook that Newton could not fathom. He also used a stiff right effectively and for two rounds it was any person's battle, but in the third Newton got to him and earned the decision.

Fisher of Arringtons, beat McManney, Decision. McConkey, Classics, beat Duffy, Riversides. First round.

Young, unattached, beat Potter, Riversides. Decision. Smith, Classics, beat McGrath, Riversides. Decision.

Donovan, Riversides, beat Hanna, Sarnia. First round. Coyne, Classics, beat Brooks, Riversides. Second round.

Newton, Riversides, beat Price, Classics. Decision. Reid, H.M.C., beat Lanekin, Classics. Second round. Jenkinson, Riversides, beat McKeay, Classics. Second round.

Newton, Riversides, beat Colquhoun, Classics. Decision.

The Royal Canadians of the Don Valley Baseball League have organized for the season, and a general meeting of the players will be held at the clubrooms, 121 Broadview avenue, on Sunday next, at 8:30 p.m., for the election of officers.

Britons Show Up Formidably In Trials for Olympic Games

If the performances in the Oxford-Cambridge dual track meet last week are a fair measure of the revival which England has experienced in track and field athletics since the close of the war, Americans may look for some stiff competition from Great Britain at the Olympic games in Antwerp this summer.

Of equal importance was the 100-yard dash, which Abraham, of Cambridge, won in 17 seconds flat. The Englishmen are the most conservative timers in the world, so if they gave Abraham 10 seconds it is pretty certain that he made his first time. He showed his vitality by later winning the running broad jump with the splendid leap of 22 feet 7 inches.

Both of these performances would have done credit to any American meet. As usual the Englishmen did rather poorly in the weights and the hammer high jump. They have never been very proficient in either the shot-put or the hammer throw. Forty feet 5 inches, the winning distance in the shot-put, would not score in the I.C.A.A.A. meet, while the winning distance in the hammer throw, 100 feet 11 inches, is not as good as might be expected from an American schoolboy.

KNOTTY SIGNS THEM UP

Brantford, April 9.—Knotty Lee returned home tonight from his tour of the southern training camps, reporting having signed up two pitchers, highly recommended, as first basemen and an outfielder. He also reported that Catcher Phil Carroll, who caught for the Red Sox last year, had been sold to Sioux City, Iowa, as he did not wish to come back to Brantford this season.

BRANTFORD CLUB

Brantford, April 9.—Prospects for the coming year are reported bright by the Dufferin Bowling and Lawn Tennis Club, which will carry on under the following officers: Hon. president, H. STECHEER THREW THE FINN

New York, April 9.—Joe Stecher, world's heavyweight catch-as-catch-can wrestling champion, threw Fred Plafkoff of Finland with a body scissors in 22 minutes, and 4 seconds tonight. Stecher weighed 280 pounds and his opponent 210. The challenger gave a lively exhibition, but was worn down quickly by the champion. Jim London, the Greek titleholder, forced Jack Samson of Chicago to quit with an arm scissors in 34 minutes and 37 seconds. Samson had an advantage of 35 pounds over London, who weighed 199 pounds.

TORONTO C. C. BEAT CLEVELAND

Cleveland, O., April 9.—The Toronto Canoe Club defeated the Cleveland hockey team, 6 to 1, here tonight.

EARLIER START FOR RUGBY

Montreal, April 9.—The annual meeting of the Canadian Intercollegiate Amateur Athletic Association will be held at Toronto on Saturday afternoon, April 11. At this meeting the various championships will be awarded for next season, and the changes made in the rugby rules for next season will be ratified. An effort will be made to have the rugby season open earlier this year than in the past. The first game so far into November, the first game played by McGill will be the first of the season. It is expected that the English rounds are expected to follow the English championships at Wimbledon in June.

STILL WRESTLING

Albany, N.Y., April 9.—Ed (Strangler) Lewis, using the head lock hold, defeated Sava Munnich tonight in two straight falls. Both falls came within 43 minutes.

Kingston, April 9.—Prospects are bright for a big season with the Gentlemen's Driving Club and great enthusiasm was manifested at the annual meeting. It was decided to hold a matinee every two weeks during the summer. With the large number of standard-bred horses in and about the vicinity of Kingston there is a strong feeling among breeders that the club should offer encouragement to those who exercise proper discrimination in breeding with a view to securing the best horses. There are a lot of colts that give promise of good track material, and opportunities will be given for the development of the best. It is also a part of the program to put on a driving class and horse show at one of the matinees to encourage the development of driving horses and roadsters. MELBAS WOULD ENTER A LACROSSE LEAGUE. The Melbas are desirous of placing a team in a lacrosse league. Would any intermediate or senior lacrosse league wishing to find a place for, or capable of handling this team, kindly communicate with Secretary G. A. Taylor, 183 Hiawatha road. REFUSE TO REOPEN THE CASE OF LOFTUS

New York Jockey Club Stewards Rule Suspension Must Stand.

New York, April 9.—The stewards of the Jockey Club last night refused to reopen the case of Jockey Johnny Loftus, under suspension. The stewards also declined to reopen the case of G. Byrnes in applying for a jockey's license, and of James M. Collins for a trainer's license. Other applications for licenses denied were: Jockeys William Kinard, C. Gilbert, J. Groth, T. Parnell, Tom and N. Berger; Trainers W. Hendricks, Cecil Knight, D. McDermitt, Frank Marley and Clyde Phillips. A license granted to Jockey Kirschbaum last month was revoked, and all associations under the jurisdiction of the club were asked to refuse further entries from J. C. Stuyvesant. A new selling rule was adopted, as follows: "Rule 172 A.—Every horse running in a selling race may be claimed by anyone except his owner, or any person acting in his interest, after the race, for the entered price, plus the value of the race to the winner and as much more in addition as the claimer wishes to bid. Any horse so claimed shall not be eligible to start in any selling race in the name or interest of original owner for thirty racing days after date of claim."

MR. BURNS PAID TOP PRICE FOR VERA B.

Good Prices Ruled at the Repository Annual Blue Ribbon Sale.

Few harness horses joined the local training colony via the Blue Ribbon Speed Sales route at the Repository, as the majority of the best race prospects that passed thru this annual vendue went to outside horsemen. However, the breeding industry received a boost when Mr. J. J. Burns, Toronto, paid the top price of the sale for Vera B. (2:07 1/2), by Hal B. (2:04 1/2), a former consistent race mare, heavy with foal by the sensational speed sire, Grattan Royal (2:06 1/2). Four hundred and twenty-five dollars was his bid, and this is the largest amount paid for a brood mare at a Canadian auction since 1913, when the late W. J. Cowan paid over \$600 for Emma Hoyt (2:19 1/2), at the same sale. Mr. Burns also bought Miss Bingie McKinna, in foal to Chicort (2:04 1/2). The speed sales of the day follow: Vera B. (2:07 1/2), b.m., by Hal B.; J. J. Burns, Toronto, \$425. Little Joe Patchen (2:18 1/4), b.g., by Joe Patchen II (2:03 1/4); Pat McCarthy, Toronto, \$340. Nancy McKay (2:19 1/4), by Gambetta Wilkes; J. J. Rutledge, Port Credit, \$300. Belle Brins (2:19 1/2), at the same sale. (2:16 1/2); G. Way, Trenton, \$200. Chestnut Oro, ch.g., by Oro Ree (2:17 1/2); J. M. Patterson, Paris, \$150. Medio La Point, b.m., by Medio McKinney; Chas. Sanderson, North Bay, \$150. Billy Brins II, b.g., by Willdurio Jr. (2:04 1/2); Chas. Sanderson, \$200. Oro Vera, b.m., by Oro Wilkes (2:11); Ben Allen, St. Mary's, \$105.

Little Joe Patchen, b.g., by Joe Patchen II (2:03 1/2); P. McCarthy, \$140. Bingie Astworthy, b.f. 1, by Burt Astworthy (2:08 1/2); reserve bid of A. Cunningham, \$125. Queen City, b.m., by Judge Parker (2:09 1/2); Peter Palmer, Toronto, \$145. Dolly Patch, by Bobby Patch (2:09 1/2); H. A. Hillster, Burgessville, \$145. Grand Opera (2:12 1/2), by Tom Woods; Joe. Degonia, Montreal, \$135. Oro Leyburn, blk.g., by Oro Wilkes (2:11); R. E. Stewart, Hagersville, \$300. Miss Lady, b.m., by Mombars (2:11 1/2); W. Van Norman, Webbwood, \$165. The average price received for the trotters and pacers was decidedly higher than obtained at this sale last year. This fact is conclusive proof of the advance in values of the light harness horse, and will probably be more evident in future sales of this country.

Dominion Express Amateur Athletic Association Annual

The second annual meeting of the Dominion Express Amateur Athletic Association was held in the general offices Tuesday evening. W. S. Stout was elected honorary president, Mr. T. E. McDonnell and W. H. Flant, honorary vice-presidents, and the following gentlemen were elected honorary patrons: W. C. Burr, J. J. Murray, J. Blackhall, H. P. Sharpe, P. A. Keener, W. Stinson, H. L. Meyer and George Parker. H. H. Waecler was unanimously re-elected president for the ensuing year. The association has been affiliated with the A.A.U. of Canada and the T. & D.F.A. A team has been entered in the transportation league and a house league for the soccer players has been formed. The enthusiasm evinced at the meeting augurs well for the success of the association, and will carry the club to the fore in different branches of sport during the coming season.

CRICKET IN OTTAWA HAS BRIGHT OUTLOOK

Ottawa, April 9.—The fifty-fourth annual meeting of the Ottawa Cricket Club was held last night. Mr. A. W. Powell was unanimously elected president. It was decided to form the Ottawa Cricket League, in which three teams have already entered, two from the Ottawa Cricket Club and one from the Mounted Police, the members of which always take great interest in the game. It is expected that the militia cricket club will also enter a team. It was also announced that the Ottawa Cricket Club would send its team to Montreal in August for a week's games. They will meet McGill, Westmount and other eleven in the Montreal League. Prospects are bright for a revival of the annual inter-provincial matches. McGill, Westmount and other Montreal teams will come to the capital for matches, and there is also a probability of several American teams paying visits to the capital during the coming summer.

NEW FLUNGE MARK.

Brookline, Mass., April 9.—A New England record for the punge for distance was made by J. S. P. Anderson, captain of the Andover Academy swimming team, last night at the New England A.A.U. swimming championships. Anderson's distance was 77 feet 6 inches, which is one foot better than the former record, made in 1914 by Irving Jacquet of the Brookline Swimming Club. Anderson's achievement puts him in line for the Olympic swimming team.

EXPECT BIG TRADE WITH WEST INDIES Predicted as Outcome of Conference Between Two Dominions.

Ottawa, April 9.—(By the Canadian Press)—The conference arranged to take place in Ottawa next month between Canada and the West Indies is expected to result in a large accession of trade between the Dominion and the islands. For some time past it is stated, negotiations have been under way with a further preferential tariff agreement in view, and, as indicated in news despatches from Kingston, Jamaica, the delegates will meet here next month, but the definite date of the conference has not yet been determined, and it is probable that Canadian representatives have been selected. It is probable, however, that Canada will be officially represented at the conference by Sir George Foster, acting premier and minister of trade and commerce; Sir Henry Drayton, minister of finance; Hon. Martin Burrell, minister of customs and excise; C. C. Ballantyne, minister of marine. All the West India islands will be represented.

Merchant Marine Helps. Since a trade agreement was reached in 1912, Canadian trade with the West Indies has increased, but it is felt there is still room for development. Creation of a Canadian government merchant marine has added a new factor. With the assistance of the government tramp steamers, it is claimed, development of direct service between Canada and the West Indies, linking with the Canadian Government Railways, will be possible to a much greater extent than has hitherto been practicable.

IN QUEST OF SHARE IN HERBERT ESTATE

Mrs. Foley of London, Ont., Seeks Valuable Quebec Property.

Quebec, April 9.—That a London, Ont., woman claims part of the estate of Louis Herbert became known here today. This Ontario woman is Mrs. W. P. Foley, living at 143 Wellington street, London, Ont. She claims direct relationship to Louis Herbert, the first settler of Canada who came across from France with Samuel de Champlain, founder of Quebec City, more than three centuries ago.

The estate claimed by the descendants of Louis Herbert covers the most valuable property in upper town, Quebec City, including the site of the Chateau Frontenac Hotel, the Quebec Seminary, Laval University, the post office, the court house, the city hall, part of the Plains of Abraham, with the site of the federal meteorological observatory, the jail and other property.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound, now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

NURSES PREPARE ONTARIO PROGRAM

Annual Convention Urge Need of University Instituting a Special Course.

Ottawa, April 9.—(Some Aspects of War Nursing) was the subject of an address delivered by Miss M. C. MacDonald, B. Sc., Nova Scotia, to the afternoon session of the 17th annual convention of the Graduate Nurses' Association of Ontario yesterday, now being held here.

Miss M. I. Foy of Toronto read the report of a committee appointed to assist the Ontario division of the Canadian Red Cross in preparing a health program for this province. The report comprised a survey of what were considered to be the needs of the province, the more outstanding of which are, extension of medical service of schools and establishment of permanent medical and dental nursing services in all schools; increased hospital and sanitarium services; extension of propaganda work in child welfare and extension of nursing services.

The first requirement urged is nurses trained in public health nursing, and the University of Toronto has announced to his friends that he would take his life by drowning, the body of George Vipond Cousins, well-known Montreal lawyer, was found on the banks of a creek here. Documents in his pockets showed that he had been in financial difficulties and that he was carrying a \$60,000 insurance policy.

MONTRAL LAWYER SUICIDES IN WEST

George V. Cousins Takes Life in Elk Creek, B.C.—Prominent in Legal Circles.

Elk Creek, B.C., April 9.—(Canadian Press Despatch)—Two weeks after he announced to his friends that he would take his life by drowning, the body of George Vipond Cousins, well-known Montreal lawyer, was found on the banks of a creek here. Documents in his pockets showed that he had been in financial difficulties and that he was carrying a \$60,000 insurance policy.

Cousins gained great prominence in 1918, when he acted for Mrs. Hebert in the famous Quebec marriage annulment suit.

WESTERN COLLEGE CONCLUDES INQUIRY

Probe into Dismissal of Four Professors of Saskatchewan University Awaits Judges' Report.

Saskatoon, Sask., April 9.—After 28 sessions, covering 11 days, the probe into the dismissal of four professors of Saskatchewan University conducted by three judges of the King's bench court, acting as "visitors," came to a close last night. During the inquiry, 107 documents were filed and 20 witnesses testified. Yesterday was spent in legal arguments by counsel representing four dismissed professors and the board of governors. Written arguments will also be submitted.

"LIBERALS OF WINNIPEG" SCORE NORRIS MINISTRY

Winnipeg, April 9.—At a meeting advertised as a gathering of the "Liberals of Winnipeg" last night, a resolution was passed condemning the Norris government because it had "sacrificed and violated the true and great traditional principle of Liberalism and because it has been recklessly inefficient and extravagant in its administration." A clause added to the resolution as an amendment declared that the Winnipeg Liberal Association should nominate candidates to oppose the Norris government.

FATAL COLLISION DUE TO MISUNDERSTOOD ORDER

Augusta, Me., April 9.—Misunderstanding of an order was the primary cause of the collision on the Canadian Pacific Railway at Onawa on Dec. 26, by which 24 persons were killed and 39 received injuries, according to a decision by the public utilities commission today. The commission finds that the order was received at Morrill by the conductor, engineer and a brakeman of the freight train, which collided with an immigrant train.

PAINTERS INCREASE RATE

Guelph, Ont., April 9.—(Special)—A meeting of the Master Painters' Association of Guelph was held at the Y. M. C. A. today when the wage question was fully discussed, and some of the painters are still out on strike. It was decided that the rate to be charged for work done in future will be 70 cents an hour.

CANADA'S INDIANS BRITISH SUBJECTS

D. C. Scott, at Ottawa Hearing, Says Contrary Claim is Mythical.

Ottawa, April 9.—(By Canadian Press)—Continuing their opposition to the proposed amendment to the Indian Act, delegates from British Columbia and the Six Nations tribes located in eastern Canada, charged before the special committee today that the amendment meant more than compulsory enfranchisement. It would force an Indian from his tribe and his reserve, according to the J. B. Omer, representing British Columbia tribes.

Following some discussion on treaties, J. R. Wilson (Saskatoon) felt that "we are not sitting here to mark." "We are not sitting here to mark," Andrew Paul of the Squamish tribe feared the legislation would ultimately lead to the extinction of the Indians in Canada. He wanted Indians kept distinctly under the care of the government and not left to their own resources.

ALDERMEN PUT OUT ST. CATHARINES FIRE

First Night of Firemen's Strike Marked by Destruction of Grand Stand.

St. Catharines, April 9.—The first night of the firemen's strike was marked by several false alarms and the burning of the grand stand at the lacrosse grounds. The stand was completely destroyed at 5 o'clock this morning. A total absence of wind enabled the volunteer firemen, chiefly members of the city fire staff, to prevent the flames from spreading to the bleachers and frame dwellings in the neighborhood.

Chairman Ross of the fire and light committee announced this morning that ten permanent men were at work at the first stations today, in addition to the chief, assistant chief, and volunteers. He declared that applications were coming in satisfactorily. Until the halls are fully manned, the men will be on steady duty of 24 hours daily.

Will Ask Attorney-General To Combine Clerks' Offices

Kitchener, April 9.—The Waterloo County council passed a resolution at their session here today favoring the combination of the offices of clerk of the county and clerk of the surrogate court. The attorney general will be asked to investigate the possibility of combining the two offices. The council also went on record as favoring the Sprague road as the proposed provincial county highway between Brantford and Galt.

ALIEN ADMITS MURDER

Saskatoon, Sask., April 9.—John Yusiak, aged 20, was committed in police court yesterday at Waskaw to stand trial at the criminal assizes at Humboldt for the murder of Mrs. Martin Lushinsky at Hoodoo village last Friday. He admitted his crime, and said he threw the body in an old well to cover up his deed.

MORE TAXES IN P. E. I.

Charlottetown, P.E.I., April 9.—Debate on the address is still under way in the provincial legislature. Premier Bell in a speech outlined the government's policy, which in brief is to impose additional taxation to supplement an inadequate revenue, to increase school teachers' salaries, and to take advantage of the federal grant for highways.

THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little child, she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S., who writes: "I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house. The Tablets are a mild but thorough laxative which regulates the bowels and sweetens the stomach, drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers or may be had at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont."

"FLYING SQUADRON" SHIELDS CONSUMER

New York Has Effective System to Deal With Grasping Profiteers.

New York, April 9.—(Special)—Shaking in anger and his voice trembling with "righteous indignation," a man who had been a diner in a restaurant in the vicinity of Fifth avenue and Twenty-third street, burst into the office of the "Flying Squadron," Room 558 Federal Building, under his arm he carried a small package. He threw his burden on a long table that occupies one side of the room, exposing to view five small French fried potatoes and a small steak, such as might be bought in many restaurants for 40 to 60 cents.

"See here, Mr. Investigator," turning to H. L. Van Sticker, in charge of the office in the absence of A. W. Riley, "this is what I paid \$1.15 for," naming the restaurant.

The man added that when he protested the proprietor only laughed. The investigator promised that the complaint would be investigated immediately.

Complaints continued to come in from consumers, but the investigators say they would welcome a great many more than they are receiving. So far no complaints have been lodged against the large stores, although in other cities the agents say such protests were frequent.

The squadron does not depend entirely upon the complaints from the consumers and has begun to visit a number of stores, including department stores, where they not only observe shoppers making purchases, in order to get a line on the prices charged, but also make some purchases, especially where they have reason to believe a case of profiteering may lie. This policy will be followed from now on, it was said, but they hope there will be no abatement of complaints from the public, if there is any reason for them.

U. S. SENATE ADOPTS VOLUNTARY TRAINING

Washington, April 9.—Voluntary, instead of compulsory, universal military training, as proposed by the army reorganization bill, was adopted today by the senate.

As adopted, the plan, which the war department is directed to put in force during the calendar year 1922, provides that all men between the ages of 18 and 38 would be eligible for four months training in any one year they might select.

MANY EX-SOLDIERS RECEIVE TRAINING

Canada Shows Considerable Lead Over United States in This Respect.

Ottawa, April 9.—(Canadian Press)—In comparison with the United States Canada continues to lead in the industrial retraining of disabled ex-service men.

According to official figures published at Washington by the federal board for vocational education, a total of 32,204 men had entered training out of 41,813, who had been approved for training.

In Canada at the same period 48,365 men had been approved for courses under the vocational branch of the department of soldiers' civil re-establishment, and 42,124 had actually commenced retraining.

In the United States 3,409 men are recorded as having completed or discontinued training. During the same period in Canada 12,030 men had graduated as trained.

The peak of the lead in retraining in Canada was reached during the last week of February, when 28,022 disabled ex-service men were receiving courses under the department of soldiers' civil re-establishment. Since that period the number of men in training has shown slight decreases each week, until the current week, when 28,488 men are shown as undergoing retraining.

By the last report of the vocational branch of the department of soldiers' civil re-establishment it is shown that in all 49,301 men have been approved for courses and that 44,689 actually started on such retraining courses. It is estimated that 55,000 disabled ex-service men will have benefited by these courses by the time the work terminates.

ALL CANADA'S HEROES DIDN'T GET TO FRANCE

Major Mowat Wants Information About Home Army During War.

Ottawa, April 9.—(By Canadian Press)—Is a man who tried on several occasions to do his bit in the front line trenches during the war, but who was held back by the authorities for special work in Canada, entitled to the same consideration as the man who was able to go overseas at first application, is apparently the question in the mind of H. M. Mowat, member for Parkdale. He will ask in the house on Monday for a list of the names of men held in Canada as indispensable to the work at home, also "are those who reluctantly, but like good soldiers, cheerfully obeyed orders to carry on in Canada, entitled to equal treatment to those whose luck was greater?"

RESIDENT OF NAPANEE DISAPPEARS FROM HOME

Kingston, Ont., April 9.—(Special)—William Allen, aged 38, has disappeared from his home in Napanee and the police are endeavoring to locate him. He has been missing for a week. He is a returned soldier and has been confined to a hospital undergoing treatment. His father died and he was called to his home. After viewing the body of his father he mysteriously disappeared and up till the present no clue has been found of his whereabouts. The missing man is about five feet seven inches in height and is wearing khaki boots and shirt, but a civilian suit.

MERELY MET TO SOLVE ECONOMIC QUESTIONS

Vienna, April 9.—A semi-official note published today warns the public against excessive expectations based on the interviews between Karl Renner, the Austrian Chancellor, and Signor Nitoli, the Italian premier, in Rome. "The sole object of the conversation," says the note, "was a solution of economic questions and a hastening of the execution of the treaty of St. Germain."

APPOINTED CURATE

Kingston, Ont., April 9.—Major the Rev. W. E. Kidd, chaplain of the Cobourg military hospital, who served overseas with the 31st Battalion, will take over the position of curate of St. George's Cathedral Sunday, succeeding Rev. Cecil Whalley, who takes over the rectory of St. Peter's Church at Brockville.

CHARGE PROFITEERING BY WINDSOR GROCER

Windsor, Ont., April 9.—(Special)—The adjourned investigation into the charges of profiteering preferred against H. V. Martin, of the Consumers' Association of Windsor, was opened in the city hall here today, with Commissioner Murdoch presiding. The charges state that Martin gave quantities of sugar away with certain sized orders of groceries, but that he charged exorbitant prices for the provisions. Martin claims that his prices were those prevailing at the time. The only witness called this morning was George Nairn, a prominent grocer of Windsor, who gave a list of the prices of certain commodities at the time the charges were laid.

Dr. Adolphe Koester Appointed German Foreign Minister

Berlin, April 9.—The appointment of Dr. Adolphe Koester as minister of foreign affairs was announced today. Dr. Koester was the special representative of Germany in Schleswig in connection with the recent plebiscite. The portfolio of foreign minister was held by Dr. Mueller before his recent assumption of the premiership, and he has been continuing temporarily since to act for Germany in foreign affairs.

CLEMENCEAU WILL NOT PAY VISIT TO ISMAILIA

Cairo, April 9.—Georges Clemenceau, former French premier, has abandoned his intention of visiting Ismailia, on the Suez canal, on the advice of his physicians. When M. Clemenceau leaves Cairo it will be to go to Alexandria to embark for France.

TO NEGOTIATE TRUCE. London, April 9.—Moscow wireless reports say the Finnish government is prepared to send delegates to Terijoki (on the Finnish-Russian frontier) on April 10, to negotiate a truce. The soviet government announces its decision to accept Finland's proposal.

WINTER HORSES IN KLONDYKE. Dawson, Y.T., April 9.—Jacques Brothers, residing in the Klondyke, two hundred miles northwest of Whitehorse, wintered 80 coats and 120 horses out of doors. There are large pea vine ranges in the district providing extensive grazing areas for horses.

INJURED BY BROKEN SAW. Lindsay, April 9.—Struck on the head by a broken saw, which inflicted a rent so deep as to expose the brain, Mr. Lawrence G. Steele, of Scotch Line, arrived in town last night and was rushed to the Ross Hospital. His condition is said to be serious but not fatal. Mr. Steele was engaged in cutting the summer's wood at his home when the saw broke and struck him over the right eye.

Grand Opera at Royal. That Montreal in full accord with both New York and Chicago is evidenced by the demonstrations that have been accorded the artists of the New York Metropolitan and Chicago Opera companies during the past week when at each performance the different artists were repeatedly honored. Speaking of John O'Sullivan, the Irish tenor, The Montreal Star says: "The picture is always the thing with Mr. O'Sullivan, and he knows how to hold the eye and how to keep it refreshed. His singing is gracious and at all times fervent. When he sang 'Auge Adorable,' the words seemed to come from the heart as well as the head."

These are but a few of the many notables who will next week repeat in Toronto the triumphs that have been theirs on both sides of the water, especially in New York and Chicago, where for three years or more they have been in constant demand.

The following operas have been selected for presentation in Toronto and will be sung just as they were during the regular season in the two metropolises of the United States, with the same identical casts and productions: Monday evening, "La Tosca," Tuesday evening, "Carmen," Wednesday matinee "Faust," Wednesday evening "Thais," Thursday evening "La Tosca," Friday evening "Thais," Saturday matinee "Carmen," Saturday evening two operas will be given, "Cavaleria Rusticanna" and "Pagliacci."

The evening performances will begin sharp at eight while the matinee will be at two sharp and no one will be seated during the action of the operas. Patrons are therefore warned to be seated before the curtains rise.

"Martinique" at Royal Alexandra. Walter Hat, the eminent English producer, whose productions "The Little Brother" and "The Master of Ballantyne" are so favorably remembered by local playgoers, brings to the Royal Alexandra Theatre for the week of April 19th, still another notable presentation. This time he has chosen for the scene of his play, the romantic isles of the French West Indies, and "Martinique," the name of the romance, carries with it all the fire, aror, passions and pathos of those quaint peoples.

"The Bird of Paradise." A story within a story dealing with the lives of two men and two women, one a man of high ideals, the other a creature of circumstance, who from a drunken, besotted beach-comber, is finally lifted out of the rut into which he has fallen thru the efforts of a young American girl, form the story written by Richard Walton Tully, "The Bird of Paradise." Oliver Morosco will offer this charming Hawaiian play at the Royal Alexandra Theatre for one week commencing Monday, April 26th, with usual matinees.

Artistic dancing is not the only accomplishment of Miss Nadine Grey, one of the many dancers in the "All Jazz Revue," which comes to the Star Theatre next week for the usual engagement commencing with a matinee on Monday. Tho' that was seem enough of a gift for any woman, Miss Grey adds to it, a marked ability for designing costumes, and all the gowns worn by her are from her own design. Her ideas are carried out by the costumer, several of her designs have been copied by noted costumers and are used in the presentation of big Broadway productions.

Messrs. Irons and Clamage have arranged to have her design all the costumes to be worn in their three shows for next season.

"Everywoman" at the Regent. Every person in Toronto is looking forward to next week at the Regent Theatre when "Everywoman," the great Paramount-Artcraft production, will be presented. The picture, with its theme, its gorgeous settings, is undoubtedly one of the finest achievements in the realm of motion picture entertainment. The fact that it will be preceded by a prologue, in which ten living characters will appear, makes it all the more interesting. Most elaborate indeed are the costumes to be worn by the young ladies. These were especially created and designed for the occasion by the Murray-Kay Co. and are the last word in creations of this character. Then too, a very fascinating musical accompaniment has been arranged by John Arthur, to be played by the famous Regent orchestra.

One has only to mention the names of Violet Hemming, Theodore Roberts, Wanda Hawley, Clara Horton, Bebe Daniels and others in the cast to immediately arouse unusual interest. In addition to the all star cast, any of the most beautiful girls in America take part in the production. The performances will begin at 12.15, 2.40, 4.50, 6.55 and 9.15.

At Gayety Next. A glance at the cast of James E. Cooper's big burlesque attraction which he calls "The Best Show in Town," which opens an engagement at the Gayety Theatre, beginning with the usual matinee, they are lead to at once believe that instead of going to see a burlesque show, he or she is going to visit a real musical comedy revue. A glance at the personnel of the cast reveals Frank Hunter, Lew Lederer, Lynn Cantor, Flossie and Mabel McCloud, Virginia Ware, Margie Winters, Ralph Rockway, Charles Wesson, and Louise Fennel, under the personal supervision of Mr. Cooper.

ENTERTAINED VETERANS. The Veterans of '68 Chapter, I.O. D.E., entertained the members of the Veterans of '68 Association on Thursday evening at Ingenood Park on Spadina avenue. Miss Hornbrook, the regent, and Mrs. Hector, wife of the president of the association, received the guests in the handsome hall. In the double parlors, tables were arranged for a military euchre, and those of the guests who did not play cards enjoyed a chat around the grate fire. A delightful supper was served, after which the prizes were distributed. The evening was very much enjoyed by all present.

INJURED BY BROKEN SAW. Lindsay, April 9.—Struck on the head by a broken saw, which inflicted a rent so deep as to expose the brain, Mr. Lawrence G. Steele, of Scotch Line, arrived in town last night and was rushed to the Ross Hospital. His condition is said to be serious but not fatal. Mr. Steele was engaged in cutting the summer's wood at his home when the saw broke and struck him over the right eye.

ARRESTED FOR FRAUD. Arthur E. Fenn was arrested yesterday in a downtown hotel by Detectives Levitt and Mulholland, charged with obtaining a motor car by fraud. Fenn is alleged to have purchased a car from the Bailey-Drummond-Motor Company, 497 Yonge St., by presenting a worthless cheque. He then drove the car to Trenton, where he met with an accident and damaged the car.

ELECTRIC CLUB LUNCHEON. W. E. Sprague, secretary of the Canadian Westinghouse Company, was the speaker at the Electric Club weekly luncheon held yesterday in the Mosson Hotel. Mr. Sprague gave an interesting and instructive address on the invention and development of air brakes, dealing particularly with modern air brake equipment and its efficiency. He drew a striking contrast between the old forms of hand brakes and the present use of compressed air.
