Council Authorizes Purchase
and Maintenance of Lan-
caster Ferry — Buildings
Committee to Obtain Plans
for New Municipal Build-
ing — The Lancaster Rec-
reation Field.

The report of a special committee
of the municipal council, consisting
of Councillors Jones, Bentley and O'Brien,
appointed at yesterday's session to dis-
cuss a Lancaster highway board dispute,
referred to elsewhere, was given at this
morning's session of the council. Warden
Bullock presided. Councillor Bow-
land of St. Martins was excused from
attendance for the balance of the ses-
sion.

Councillor J. H. Frink took his seat
at the board.

The Court House.

Commissioner Thornton said, with re-
gard to the report of the buildings com-
mittee concerning the old court house,
that architects would not submit com-
petitive plans unless they were guaran-
teed payment. He presented a resolu-
tion authorizing the building committee
to proceed with the preparation of plans
and estimates and to hold if necessary a
special meeting to deal with the matter.

He said the Engineers' Institute had of-
fered to assist by making sketches, plans
and the Commercial Club had also offer-
ed help.

Commissioner Schofield said that the
resolution asked for authority to get
sufficient plans to outline some compre-
hensive scheme for the erection of a
building that would meet the city's needs
and which might be asked definite
specifications to carry out the plans
which they have in view.

Present of the present site would depend on
the costs and necessity of the proposed
building. The end in view at present
did not propose a movement to disturb
the residential section under considera-
tion.

Councillor O'Brien favored the com-
petitive system in the arrangement of
plans for this work, or that a sum of
\$500 or \$1,000 be set aside for the work.

Commissioner Thornton explained that
the idea was first to determine what
accommodation was necessary. The
resolution carried unanimously, and an

GENERAL CURRIE
HAS ACCEPTED
MCGILL POST

Montreal, May 12—Lieutenant-General
Sir Arthur Currie, who commanded the
Canadian forces in Flanders, has accept-
ed the post of principal of McGill Uni-
versity.

This announcement was made by the
university authorities this morning. Sir
Arthur is at present inspector-general
of the Canadian militia.

Montreal, May 12—Sir Auckland
Geddes, in a letter to the board of gov-
ernors of McGill University, expresses
extreme satisfaction at General Sir
Arthur Currie's appointment to the
principalship, saying that in his esti-
mation, Sir Arthur is a man of great
organizing capacity and of strong per-
sonality.

"The position which he must ever hold
in the minds of all who went from Can-
ada to serve in the great war under
him in my opinion is the best man who
has been found for that im-
portant post."

GREAT NIGHT FOR
SCOTS AT SYDNEY

Sydney, N. S., May 12—From the
farthest corners of Cape Breton, Gaelic
enthusiasts are flocking to Sydney for
the annual highland competition tonight.
The event will comprise contests in pip-
ing, highland dancing and Gaelic sing-
ing and elocution. The competition is
one of the outcomes of the remarkable
revival of Gaelic which has been notice-
able throughout the Scottish world for
some time.

The most noted Scottish pipers, dan-
cers and singers of the province are en-
tered in this year's competition.

IN WALL STREET.
New York, May 12—(10.30 a. m.)—
The uncertain money situation, as indi-
cated by yesterday's ten per cent. rate
for call loans, accounted for the further
irregularity of prices at the listless open-
ing of today's stock market. Independent
stocks, sugars and low grade oils were
moderately higher, but motors, equip-
ments and shipping again tended down-
ward.

Pressure was directly against
Studebaker, American Car and Atlantic
Gulf, in which early losses extended to
nominal changes.

Mighty Blow Is Struck
At The Russian Reds

Smashing Attack on Front
North of Kiev

Enemy Driven Back Along
Bersina River by Poles and
Ukrainians — Important
Crossing of Dnieper Cap-
tured and Soviet Army Suf-
fers Heavy Losses — Odes-
sa Captured.

(Associated Press.)

Warsaw, May 12—Polish and Ukrainian
forces have struck a mighty blow at
the Russian Bolshevik front north of
Kiev, and have driven the enemy back
along the Bersina River, Belchisa, an
important Dnieper river crossing, has
been captured and serious losses have
been inflicted on the Soviet army. Fight-
ing is now going on over a front of ap-
proximately 420 miles.

Necessity of straightening the Polish
line after the capture of the Dnieper
has led to the new offensive, which ex-
tends from almost directly west of
Vitebsk to below Kiev on the Dnieper.
Polish forces have crossed the Bersina
river at several points and have taken
and captured serious losses have been
inflicted on the Soviet army. Fight-
ing is now going on over a front of ap-
proximately 420 miles.

From Kiev northward to the mouth of
the Pripet river, a distance of about fifty
miles, the Bolsheviks are slowly falling back
and are building bridges to facilitate
their escape before the main body of the
Polish army reaches the stream.

Latest advices indicate the Bolsheviks
have been driven back out of the Kiev
bridgehead. Before this retirement was
forced, heavy artillery, fire was main-
tained on Kiev, often taking the form of a
barge, intended, apparently, to prevent
the Poles and Ukrainians from bringing
up reinforcements and supplies.

Terror prevailed among the people in
the city during the bombardment, the
sound of shells passing overhead toward
the roads leading into Kiev from the
north, causing consternation when shells
were not bursting in the city streets.

Odessa Taken.
Capture of Odessa, the most important
Russian port on the Black Sea, is re-
ported. Official advices of the taking
of the city have not as yet been re-
ceived, the communications dealing with
events of some days ago, apparently, as
they tell of the capture of Tilsit and
Birtalan, on the Bug river, some distance
north of Odessa.

Paris, May 12—Confirmation of the
reports that Odessa, Russia's most im-
portant outlet on the Black Sea, had been
occupied by the troops of General Beru-
khin, Ukrainian commander, has been re-
ceived by the Ukrainian press bureau
here, so that bureau declared today.

Constantinople, May 12—(By the As-
sociated Press.)—A local Soviet govern-
ment in Azerbaijan recently demanded
that Armenia surrender Karabagh and
permit them the liberty to freely cross
Armenia to Azerbaijan, where they
intend to co-operate with Mustafa
Kemal, leader of the Turkish nationalist
movement.

PLAYGROUND HOME
Hundred Evicted Families in
Newark, N. J., Being Cared
for.

Newark, N. J., May 12—A city play-
ground was being converted today into
a tent colony to shelter more than 100
families who are being evicted by the
city. Forty-one families, each with
from two to six children, last night had
applied for space.

The city also is providing water mains
and stringing electric light wires was
being rushed by workmen assisted by
soldiers from the local recruiting sta-
tions. Army field kitchens will be placed
at the four corners of the camp and the
colony will cook on the community basis.

THE HUNS AND
THE TREATY OF
VERSAILLES

Paris, May 12—The council of am-
bassadors today devoted most of its ses-
sion to discussion of Germany's reported
failure to comply with the terms of the
treaty of Versailles regarding commer-
cial matters, the council considering
charges of discrimination and obstructive
maneuvers against certain countries.

The question was left over for further
consideration.

It was decided that the Danube com-
mission should meet in June, probably
at Vienna.

GERMAN ESTIMATE OF
DAMAGE DONE IN WAR
IN FRANCE AND BELGIUM

Berlin, May 12—Germany has made an
independent appraisal of damage done in
devastated districts of France and Bel-
gium, and has incorporated her findings
in a detailed memorial which will be
presented to Allied representatives im-
mediately, according to a statement is-
sued today.

C. N. R. Earnings.
Toronto, May 12—Gross earnings of
the C. N. R. for the week ended May 7
were \$1,896,201, an increase of \$231,028
over those of the corresponding week of
last year. The gross for the year to
date is given as \$31,375,736, an increase
of \$2,566,500 over last year.

As Hiram Sees It

Hiram, said the
fancy we missed, some-
thing by not having
lived in the age of the
dinosaur. I see they
have the skeleton of one
in Toronto. The animal
was twenty-seven feet
long and about eighteen
feet in height. Moose-
hunting is child's play
compared with the
round-up of a dinosaur
on a frosty morning. I
wonder why there were
dinosaurs?

"We ought to be thank-
ful," said Hiram, "that
there ain't any of 'em
left. Jist think what it
'ud take at the present
high cost o' livin' to keep a pet dinosaur
or two around the place. For the win-
min' 'ud hev to hev 'em. I callate it 'ud
take about a load o' hay to give one o'
them critters his breakfast. We orto be
thankful we don't hev to wate up and
find one o' 'em pold'n his nose in the
upstairs winder whinner' for another hay-
stack. It's had enough to hev the cows
bellerin' 'er feed at eighty or ninety dol-
lars a ton."

"But why were dinosaurs at any
time?" persisted the reporter. "What
particular purpose did they serve?"
said Hiram. "Why musketeers? Why
professors? While Sils Jones? If you
start in to ask questions you'll get tied
up in a little while that a Philadelph-
y lawyer couldn't straighten you out. We
jist got to take a hull lot o' things 'er
granted and thank the Lord it ain't

Acts of Inhumanity in War
Charged Against More
Germans, Including Some
of High Command.

Berlin, May 12—Men accused of acts
of inhumanity are named in the new
list of Germans accused of violations of
the laws of war which has been pre-
sented to the government by Allied nations.

Among them are four U-boats com-
manders said to have torpedoed six
ships, General Stenger, who is alleged
to have ordered that wounded prisoners
be shot, and officers who carried out that
command. Field Marshal von Buelow,
commander of the second German army,
General von Below, General von Lange,
commander of the Kaiser's army, and
General Kruska, commander at the Kaiser
prison camp, are charged with spreading
germs in May 1918.

Former governor of Metz, General
Scholtz, camp commander at Hohen-
salsza, General Huff and Dr. Michaelson
are charged with the killing, ill-treating
and robbing prisoners. Demand is made
that they be brought before the supreme
court at Leipzig.

CHEERY REPORT
RE FRENCH WHEAT

Increased Use of Motor
Equipment on Farms —
Nearly Meet Home Re-
quirements.

Paris, May 12—So good is the French
crop outlook for this year that agricul-
tural experts believe the wheat harvest
will come close to meeting the nation's
full requirements for the following year.
This improvement is compared with last
year's due in some extent to the in-
creased use of motor driven farm
equipment.

The department of agriculture estimates
that the acreage which has been sown
with wheat should produce 26,000,000
bushels, leaving only about 3,000,000
bushels to be imported. Last year's
home crop was so small that 18,000,000
bushels had to be imported.

POSTPONEMENT
OF SPA MEETING

Off Till Late in June, is Ger-
man Report — News From
Turkey and Russia.

Berlin, May 12—Decision to postpone
the conference between Allied and Ger-
man representatives at Spa, Belgium, un-
til late in June has been reached, ac-
cording to the newspaper Allgemeine
Zeitung. The meeting was to have been
held on May 25.

Constantinople, May 12—(By the As-
sociated Press.)—A local Soviet govern-
ment has been established in Erivan,
capital of Armenia, displacing that of
President Khattikian, according to a de-
patch received by the Armenian patri-
archate here.

London, May 12—Russian Bolshevik
authorities have agreed to spare the lives
of soldiers captured from General Den-
ekine's army in Southern Russia, and
those of other anti-Soviet troops who
have been taken prisoners. A note to
this effect was today received by
British officials in answer to appeals
sent to Moscow by this country during
the last fortnight.

Suggestion is made in the Bolshevik
note that the British government should
release the prisoners, preferably those now
in Copenhagen, regarding final disposal
of men captured in the fighting against
Denekine in connection with trade
relations between the two countries.

NEW STEAMSHIP
SERVICE LINES OUT
OF MONTREAL

Montreal, May 12—The new service
between Montreal and West Africa will
be inaugurated by the steamer Melville
of the Elder Dempster Company, which
is expected to arrive here about May 25.
With the arrival of the Fanette of the
same company here yesterday, the ser-
vice between Montreal and South Africa
has commenced for the season. She is
due to sail about May 20.

The Gunborg of the Furness Withy
Company was reported today and is ex-
pected to arrive at the week-end. Nego-
tiate with Banuevik representatives, prob-
ably those now in Copenhagen, regard-
ing final disposal of men captured
in the fighting against General Denekine
in connection with trade relations be-
tween the two countries.

BAD MONEY LEADS
TO ARREST ON
MURDER CHARGE

New York, May 12—Counterfeit fifty
cent pieces, alleged to have been found
in the possession of Vito Grillo, a la-
borer, last night, resulted in his arrest on
a charge of homicide in connection with
the double murder of the Voltaggio
brothers. Similar counterfeit coins are
said to have been found in the rooms in
which the men were slain. Grillo re-
fused to make any statement.

Wilson Was Displeased
With Work of British
Navy in The War

Confidential Message to Ad-
miral Sims Is
Given Out

Thought Not Chance Enough
Was Being Taken in Com-
bating German Subma-
rines—Interesting Evidence
of Secretary of Navy Dan-
iels.

Washington, May 12—A confidential
cablegram from President Wilson to
Rear-Admiral Sims in London, sent dur-
ing the war, was read to the United
States senate naval investigating com-
mittee today by Secretary Daniels. It
disclosed the fact that the American
president was not at all satisfied with
the way the British admiralty was
directing the work of the British navy,
and also indicated that Mr. Wilson
could not understand why the naval experts
of Great Britain were reluctant to allow
the American naval experts in Washing-
ton to tell them just how things should
be done. Mr. Wilson intimated that he
considered the British naval men too
proud and expressed surprise that "the
British admiralty had failed to use Great
Britain's great naval superiority effec-
tively against the submarines."

He called on Admiral Sims for com-
ments and suggestions "based on inde-
pendent thought," and without regard to
"judgments of any one on that side of
the water."

The admiralty was "helpless to the
point of panic" in the face of the sub-
marine situation, was Mr. Wilson's op-
inion as expressed in the message. "Every
plan we suggest they reject for some
reason of prudence," the American presi-
dent added. "In my view this is not a
time for prudence but for boldness even
at the cost of great losses."

In conclusion, President Wilson asked
Admiral Sims to advise him as he would
give advice "if you were running a navy
of your own."

Sims' Alleged Reply.
Admiral Sims' reply, said Secretary
Daniels, in connection with his answer
to Sims' charges against the United
States navy department's conduct of the
war, was a "long telegram of general-
ities of what the British admiralty was
doing."

Mr. Daniels also read a letter from Ad-
miral Sims to former Ambassador Page
at London, written Aug. 7, 1917, which
in part said:

"In this connection I have a suggestion
to make. I have received word, prac-
tically directly from the president, that
he was much displeased with my reply
to his cablegram, that it did not change
his opinion at all; that he regarded me
as owned by the admiralty and so pro-
British in the services I was rendering
that I was not to be trusted by some
other officer."

Mr. Daniels also said that "Admiral
Sims' reply to the president told all
of plans for a combined sea and land
attack to turn the German right flank
and cut off Zebrugg as a provisioning
base."

"That was the kind of 'bold and au-
dacious thing' the president and the navy
department had been urging from our
entry into the war," declared the secre-
tary. "But even then, Admiral Sims
said it had not been definitely decided
by the war council, though the daring
and successful attack on Zebrugg
came much later. It might have been
a very different story if it had been under-
taken earlier when the navy department
was urging some such bold plan, all of
which Admiral Sims thought 'imprac-
ticable' when urged by the navy depart-
ment."

"He said," the secretary continued,
"that we should adopt an organization
similar in all respects to the British
squadron and virtually transfer all naval
authority to his headquarters in London.
He was careful not to say, though he re-
garded the Queenstown base and sur-
roundings as 'the critical area' that as
rapidly as American destroyers arrived
they were to be sent to that area, though
another area, although he now makes the
preposterous statement that the failure
to have more destroyers in that critical
area cost us thirty-four per cent of our
total tonnage of fifty million dollars of
money."

Admiral Sims was "under the spell of
influences that made him believe that
the British government could be de-
pendent upon more to take care of Am-
erica than that America should depend
upon her own strong right arm," said
Mr. Daniels.

"This attitude of acceptance of every-
thing British," he added, "undoubtedly
accounts for his opposition to the crea-
tion of an independent American navy
centered into the policy. When
abroad should be used as an annex to
the British army, quoting General Bliss
entirely into the policy. When
as recommending the policy. When
had quoted him as advocating such a
policy, he wrote at once to the secretary
of war declaring the truth to be exactly
the reverse."

POISONED TO FREE
WAY FOR THEM TO
BE MARRIED

Salina, Kansas, May 12—Confession
was obtained today from Lee Bunch,
aged twenty-one, and Miss Stella Hyman,
aged twenty-five, that they had poisoned
the parents of Bunch last summer, so
it was announced by County Attorney
M. J. Healey. According to both al-
leged confessions, Miss Hyman gave fly
poison to Mrs. Bunch, who was her sis-
ter, and later to Mr. Bunch, because they
opposed her marriage to Lee Bunch.
Poisoned pie was given Miss Nancy
Bunch, according to Miss Hyman's re-
ported confession, but the girl recovered.
Miss Hyman and Bunch were arrested
on Monday as the result of a long in-
vestigation which followed the death of
Mr. and Mrs. Bunch last summer. Mr.
Healey said that a charge of murder
would be placed against them.

MEANS MUCH
PUBLICITY FOR
NEW BRUNSWICK

Morris Ackerman to Write
Up May Salmon Fishing in
Cain's River—Moving Pic-
tures to Be Taken.

Morris Ackerman is receiving a wel-
come in St. John today. Incidentally he
is here as the guest of J. Fraser Gregory,
with whom he did some fishing last year;
but his real business in the province is
to assist in putting over the biggest bit
of publicity for the fish and game re-
sources of New Brunswick that has yet
been attempted. Others interested are
the Department of Natural Resources of
Canada, Guide Harry Allen, the rail-
ways and a moving picture outfit that
will operate on Cain's River to illustrate
May salmon fishing in New Brunswick.

The picture machine is already at work
getting log-driving pictures, and on
Saturday Mr. Ackerman and J. Fraser
Gregory, who will be the main attraction
from Fredericton to Cain's River with
Harry Allen to stage the big
features. They will be joined by George
of Pennsylvania, a sportsman who
is already there, and a week later Mr.
and Mrs. J. Fraser Gregory, Mr. Smith
of the Post agency here and Mrs. Sholly
will join the party. There will also be
a party of six from Cleveland, Ohio, of
whom Malcolm McBride, a former Yale
football captain, will be one. All these
people and doubtless some others will
appear in the moving pictures.

Morris Ackerman will be remembered
as a speaker at the formation of the
New Brunswick Game and Resources
League last year. In Toronto last week
Mr. Melanson of the C. N. urged him
very strongly to be one of the American
press party to tour the province next
month, but he doubts if he can spare the
time. He is here now at the interests
of the Newspaper Enterprise Associa-
tion of Cleveland, Ohio, Chas. H.
Newell, editor, which supplies features
to five hundred newspapers, reaching six
million people, and to all of them will
go his illustrated story of this visit to
Cain's River. Mr. Ackerman is also the
publisher of Ackerman's Sportsman's
Guide, which has an international cir-
culation. He is a contributor to other
journals, and also gives illustrated talks
on his sporting life. He will visit the
Canadian Rockies this year. He told
the Times-Star this morning that this
Cain's River series of pictures will be the
biggest advertisement the province has
ever got for its fishing resources. He
fished the river in August last. He also
cast a fly on Loch Lomond, with Gil J.
Fraser Gregory, and when the latter
heard he was in Fredericton he invited
him down, and this week they had an-
other successful visit to Loch Lomond.

Guided by Harry Allen, Mr. Ackerman
says that in the United States he
is one of the best known Canadians, be-
cause he has visited so many sportsmen's
clubs and given illustrated talks on New
Brunswick to so many thousands of peo-
ple; and everywhere he has made a host
of friends.

The party on Cain's River will prob-
ably be there until about May 25.

SIXTY YEARS IN
MASONIC ORDER

Montreal Lodge to Be Named
in Honor of Isaac H.
Stearns.

Montreal, May 12—As probably the
oldest Mason in Canada, ex-Alderman
Isaac Henry Stearns of this city, will, on
Friday evening of this week, be given
the unusual honor of having a lodge in-
stituted in Montreal bearing his name,
as the Isaac Henry Stearns Lodge, A.
F. & A. M.

This has been arranged to celebrate
the sixtieth anniversary of Mr. Stearns'
career as a Mason. He was eighty-three
years of age on May 3.

Desperate Battle All Day Yes-
terday and Continued
Today

Rebel Plan to Prevent Escape
of President Should He
Break Through Lines —
Washington Told That
Warships Had Better Leave

Vera Cruz, May 12—President Venustiano
and the Carranza's army of 4,000
men, virtually surrounded by rebel forces
commanded by General Hill and General
Treviso, is fighting a desperate battle
between San Marcos, Puebla, and the
village of Huamantla, ten miles north-
west, in the state of Tlaxcala, according
to news received here. The struggle
went on all day yesterday, and, accord-
ing to latest reports, the Carranza forces
have not yet been dislodged.

Rebel reinforcements, under command
of General Porras, have been ordered up
from Cordoba, and have taken up posi-
tions at San Andre and Chalticomora,
the southeast of the scene of the battle, prob-
ably for the purpose of preventing the
escape of Carranza should he succeed
in breaking through the lines toward
around him.

Reports state the Carranza forces are
entrenched along the Mexican national
railroad.

General Aguilar, son-in-law of Presi-
dent Carranza, and governor of the State
of Vera Cruz, has abandoned all chance
of escape from the country by making
an effort to join his superior and share
in his fate, says a despatch to El Die-
mitin.

Paul H. Foster, American consul here,
has reported to the state department at
Washington, that conditions are remain-
ing so serious that the lives and prop-
erty of foreigners have not been molested
and that there is no reason for retain-
ing United States warships in Mexican
waters, where they may cause friction.

Brownsville, Texas, May 12—An
agreement was reached whereby the
revolutionists will gain control of Ma-
tamoras, the last large town in this
section of Mexico under control of Presi-
dent Carranza, it was reported from re-
liable sources in Matamoros late last
night.

It is said there is a general desire of
army officers in Matamoros to avoid a
conflict between the federal troops and
the revolutionists and in some quarters
agreement by Saturday has been pre-
dicted.

Vera Cruz, May 12—Forces com-
manded by President Carranza fought an
all day battle yesterday against rebel troops
under Gen. Hill and Trevino between
San Marcos, in the state of Puebla, and
Huamantla, in the state of Tlaxcala, ac-
cording to advices received here.

A New York despatch to J. M. Rob-
inson & Sons says that a New Mexican
provisional government formed with
General de La Huerta, governor of
Sonora, at its head.

Tailor, Infuriated by Taunts,
Runs Amuck in Crowded
Park—Uses Shears and

(New York Times.)
Out of work, and morose, Philip Cooper, a tailor, sat yesterday on a bench in Seward Park unmindful of the crowds of happy children about him. His mutterings caught the ears of a group of boys and they began to mock him. For a time the man paid no heed to them, but the cries redoubled. Suddenly Cooper, enraged, leaped to his feet, threw his hat on the ground and began to shout incoherently. Women hastily gathered up their children and ran screaming.
Cooper, still yelling, drew from his pocket a pair of cutters shears and a large pocketknife and dashed through the park. A few minutes later one man was dead, three others severely wounded, had been taken to Gouverneur Hospital and Cooper, raving, was in a strait-jacket at Bellevue Hospital.
The man he killed by stabbing him through the heart was Morris Nimkofsky, connected with the Forward Association, 175 Broadway, and one of the founders of Forward, the Jewish daily paper. The three injured by stabbing are Louis Katz, 244 Rodney street, Brooklyn; Morris Lubinsky of 244 East Third street, and Samuel Lipman, 18

Tea. Have You Tried It? 1867

Jefferson street When Cooper, finally was caught, after running to Essex and Division streets, Policeman John J. Hopkins had to draw his revolver to prevent a crowd from beating the man to death.
After stabbing Mr. Nimkofsky, who died before he reached Beth Israel Hospital, the man ran through the park upsetting baby carriages and slashing right and left at women and children who ran around benches and trees. J. Sand of 40 1/2 Essex street tried three times to throw an overcoat over the man's head and overpower him, but finally stumbled and fell. Cooper was about to stab him when A. Sirocheik of 105 Essex street rushed at the frenzied man and saved Sand.
By this time hundreds of persons had rushed to the scene. The large crowd apparently frightened Cooper, for he ran from the park to East Broadway. Here he jumped on the running board of a passing auto and stabbed Katz, the owner and driver of the car, in the arm.

Two other persons in the automobile fought Cooper off.
Continuing his way up the crowded street Cooper stabbed Lipman and Lubinsky with his shears. Then a plumber hit the tailor on the head with a file and he fell. Regaining his feet he fled, a crowd in pursuit. Then a man ran from a store and hit the fugitive on the head with a piece of lead pipe, knocking him down. The crowd started to beat and kick him. Policeman Hopkins put in a call for the reserves, then forced his way through the crowd, and drawing his revolver rescued Cooper. While waiting for the ambulance to take him to Bellevue, Cooper pulled from his pocket a small looking glass and straightened his tie and smoothed his hair. He was severely scratched and bruised.
Cooper, the police learned, is 36 years old and has been living at 2055 Prospect avenue, the Bronx. It was said he could not obtain work because of his "sulkiness" and loud talk.

**CALLS IT DANCE OF
INDUSTRIAL DEATH**

Officer of the Credit Men's
Association Deplores Ex-
travagance.

New York, May 12—"The dance of industrial death" is the manner in which the American people's extravagance is described by J. H. Tregos, secretary-treasurer of the National Association of Credit Men, in a letter issued to the organization's members. He says in part:

**A COMPLETE
SHOWING OF MEN'S
SUITS AND COATS**

Union Clothing Company, 200
Union Street, Well Stocked
at This Time.

The Union Clothing Co., 200 Union street, is showing an exceptionally complete line of cracker-jack spring clothing and top-coats for men at this time, also a wide line of rain coats which should be right in line for approval at this season when rain and fog are scheduled for any time.
And the boy has also been looked after too as a stock of suits and refusers is here for the demand of the particular. Naturally their stock of furnishings for men is also full as are the suit cases and trunk lines.
Prices are low for quality goods and your attention is invited. Remember the place—200 Union street.

**FALL FROM CHAIR
EFFECTS CURE**

Sister, Unable to Walk for
Year, Suddenly Regains
Strength.

Fort William, Ont., May 12—A remarkable incident happened at St. Joseph's Convent here recently. One of the Sisters who for the last twelve months has been unable to walk, suffering from a tubercular knee, and who was told by several doctors that it would be absolutely impossible for her to walk again, fell from a chair in trying to get to a wheel chair that was close by, and in falling she regained her strength. The strange thing was she started to walk; in fact ran around the convent, and she is now walking, it is said, as if she had never been sick.

Answered.
Patient—Do cucumbers really affect all people?
Doctor—No; only those who eat them.

"The dance of industrial death in which American people are now participating should cease before they have to pay the piper."
The extravagance of our people since armistice day is one of those psychological phenomena to which man is subject. During the war period we sacrificed gladly, but with the cessation of hostilities the restrained feelings broke loose and we went on a rampage of extravagance such as never before has been exhibited in this land.
"This nation is sound fundamentally, and the soundness will continue if people will give up their folly, will become diligent, will work as human beings should work during a time of stress and strain, and thus help to bring about a gradual deflation in currency so that prices may steadily recede."

FIRST AND PARAMOUNT,
ABSOLUTE SECURITY TO POLICYHOLDERS

"LIFE INSURANCE is too much of a gamble," you say.

All business success depends largely upon shrewd guessing as to what the future has in store.

But with an Imperial Policy it's different. You know exactly how much you will have to invest in it each year. You know what it will yield to your estate if you die—or to yourself if you live to old age.

There's no gamble about an Imperial Policy. It's as safe as the Bank of England.

We would like to send you a copy of our interesting booklet "Penniless Old Men." It's worth reading. Write for it to-day.

CHICAGO PLANS TO HAVE LARGEST HOTEL IN WORLD.

Chicago, May 12—Plans for the largest hotel in the world were made public today. The hotel will be in five units, with the present Edgewater Beach Hotel as one unit, and will front three city blocks on Lake Michigan and Sheridan Road. The architects have planned 4,000 rooms. The cost is estimated at \$15,000,000. A theatre seating 2,500, 400 kitchenettes for those who desire to cook their own meals and one sixteen-story unit for bachelors are features. A minimum charge of \$15 a day in one of the units is contemplated.

AGREE NOT TO USE SUGAR UNTIL ITS PRICE DECLINES.

East Palestine, O., May 12—Five hundred employees of a tire and rubber company here have signed an agreement not to use sugar in their coffee or tea until the prevailing high price of the sweetening commodity declines. The agreement is said to be the first of a number in an attack against the high cost of living.

INDIANS SMOKE PEACE PIPE WITH HUDSON'S BAY HEAD

Picturesque Ceremony at Lower Fort Garry During 250th Anniversary of Old Fur Company.

Winnipeg, May 12—The ceremonies at Lower Fort Garry which renewed in the smoke of the peace pipe the ancient pledges of friendship between the Indian tribes of Canada and the Hudson's Bay Company were perhaps the most quainterly interesting feature of the celebration of the old fur company's 250th anniversary. Indians of a dozen tribes gorgeously in paint, feathers and beaded buckskins squatted upon the grass within the stone walls of the old fort about the table of the old fort about the table of the old fort. The governor's speech was interpreted into four Indian languages by Willie Charles McKay of Prince Albert. At the conclusion of the ceremonies Governor Kindersley pinned upon the breasts of the Indians medals especially struck in commemoration of the event and the Indians presented to him an elaborately beaded belt of wampum as a symbol of their renewed friendship and allegiance.

THE OTTAWA SITUATION.

Of the situation at Ottawa the correspondent of the Standard says:—"Speculation as to ministerial problems must start from the assumption which may hold to be a definite fact—that Sir Robert Borden's public career is definitely over. For, despite encouraging and optimistic reports as to the premier's health, it is freely stated, in the most intimate ministerial circles, that his condition is not such as to warrant his return to the exacting and arduous duties of office. Therefore, it would appear that the problem before the government and its parliamentary following now is to choose a new leader."

If this forecast is correct, there will soon be momentous changes at Ottawa. The Unionists are not able to agree as between Sir Thomas White and Hon. Arthur Meighen as leader. Each has a strong following, but also very vigorous opponents. Sir George Foster would hardly be acceptable, and there is no "dark horse." Then there is the budget and the tariff policy. Liberal Unionists will not stand for high protection. It is clear, however, that things cannot go on as they are. Sir Robert Borden must resign the active leadership of the party, and the government if it believes there is a future for Unionism must adopt a definite policy, and it ought to go to the people.

A press despatch from Ottawa gives the following information:—"Nothing of outstanding importance was discussed at the caucus of Progressives held today. A statement given out at the conclusion was to the effect that various matters likely to come before the House before prorogation were taken up but no decisions arrived at." What are the Progressives?

THE IMPROVEMENT LEAGUES.

The meeting held in the north end of the city last evening in the interest of playgrounds was marked by the presence of large taxpayers and influential citizens who have decided that their section of the city must have a play space for its young people. At a meeting in the south end the president of the Trades and Labor Council said that the organizations he represents will this year take an active interest in the promotion of playgrounds and athletic sports for the young people. The treasurer of the South End Improvement League testified that business men in that section of the city had responded heartily to an appeal for funds. In the west end this evening the people are to meet to complete their organization. The east end people have been hard at work for some time. The announcement that the Olympic marathon trials are to be held here on June 26, with an afternoon of field sports has aroused great interest. At the U. N. B. sports in Fredericton yesterday some new and striking talent was discovered. The outlook for both baseball and athletics is very bright. There is one danger to be avoided, and that is semi-professionalism in baseball. The St. John leagues are affiliated with the A. A. U., but already one hears rumors of inducements for players. That is not amateur sport, and must not be permitted. The game should be played for the players' sake, and not for the satisfaction of the betting fraternity and those who would win at any price. The city council will not subsidize semi-professional baseball. Its grants are for playgrounds and the development of amateur sport. Everything looks promising at present. Care must be taken to keep the record clean.

One hardly expects to hear of a protest against education in an educational centre, but there appear to be some citizens of Sackville who are opposed to provision for vocational training in that college town. The matter was discussed at a recent meeting of rate-payers, and a committee reported that a building suitable for vocational training would cost from \$20,000 to \$25,000. After a good deal of discussion another committee was appointed to take up the question of joint action with the county council and report back to a meeting of the ratepayers. No doubt on fuller discussion the desirability of making provision for a vocational training school will be made clear to the people.

During the war airplanes were continuously crossing the English channel on business related to the war. Now, in happier times they are used for more agreeable purposes. On Saturday last King Albert and Queen Elizabeth crossed in an airplane from Brussels to England to attend the wedding of Lady Cynthia Curzon, daughter of Earl Curzon, the foreign secretary, and Lieut. Oswald Ernald Mosley, Coalition-Unionist member of the House of Commons. The time is at hand when travel by the air route will be a commonplace experience for those who are not afraid to go aloft.

Butter sold at retail in New York last Saturday at seventy-five cents per pound, retail, a drop of ten cents or more in a week. This is still a considerable advance on St. John prices.

Up goes flour. And it has a habit of carrying other things up with it.

Somewhat similar to the Rotary Clubs are the Kiwanis Clubs of some western province cities. At a district conference of these clubs from various Ontario towns last week the gospel of Kiwanis was declared to be service. Among the things it stands for is closer fellowship between the English-speaking peoples. The district governor, Rev. C. E. Jenkins of Brantford, called attention to the fact that there is a subtle and insidious propaganda in the United States to create misunderstanding between Great Britain and America; and he warned that anyone who hurts or defames Great Britain hurts and defames Canada. He urged the members of the Kiwanis Clubs in Canada to do all in their power to cement the friendship between Canadians and Americans. The world was more and more in need of neighborliness, and the Kiwanians could do much to spread the gospel of comradeship. This is sound doctrine that may well be preached throughout Canada.

During the present year, says a Trenton, N. J., despatch, a total tax of \$3,925,744.42 will be received from 254 corporations and three individuals using the public streets and highways of New Jersey. The increase of this year's tax over that of last year is \$984,078.26. This is the first assessment that has been levied at the maximum rate of 5 per cent of the gross receipts as a result of the passage of the 1917 law. Previous to that year the assessment was made at the rate of 2 per cent of the gross receipts, but in that year the legislature enacted a law by which the rate was raised 1 per cent annually until a maximum of 5 per cent was reached. The utilities companies whose gross receipts are below \$50,000 are still taxed at the rate of 2 per cent.

At a meeting of Liberal Conservatives from all the provinces in Toronto on Monday, the following resolution was adopted for the information of Sir Robert Borden:—"That, in the opinion of this conference of Dominion-wide Liberal-Conservatives, the time has arrived to perfect organization in all the provinces of Canada, and through such organization prepare those who believe in the traditional policy of Macdonald and Cartier to register their opinion at the impending general election of that great policy." New Brunswick was represented by Mr. George B. Jones, who could tell the other delegates how the traditional tory policy operated in this province under three premiers who received his enthusiastic support, and whose record is spread on the reports of royal commissions.

At an enquiry in New York last week an over-capitalization of \$32,000,000 by the New York Consolidated Railway Company was testified to by John Bauer in an investigation into the affairs of the New York Municipal Railway Corporation and the New York Consolidated Railway Company, the B. R. T. operating company. In view of these figures Mr. Bauer, who is the financial expert in the Corporation Counsel's office, declared that in his opinion the company's difficulties are not due to the inadequacy of the five-cent fare, but to the over-capitalization and excessive fixed charges upon the property. All this has a very familiar ring. We have heard something like it in St. John.

Canada's trade with the United States is enormous. It was stated in parliament on Monday that the value of imports into Canada for the year 1919 was as follows:—From United States, \$740,114,894; from England, \$87,830,293; from France, \$6,784,860; from Italy, \$706,338; from Belgium, \$359,108. It was further stated that Canada imported from the United States during the first three months of 1920 goods to the value of \$229,790,119; from England, \$36,928,619; from France, \$4,867,689; from Italy, \$418,396; and from Belgium, \$562,838.

The St. John Society for the Prevention of Tuberculosis is doing a most valuable work, and the announcement that a province-wide campaign will be conducted by the provincial department of health next fall is good news. The death rate from tuberculosis has been reduced considerably in St. John since the local society was formed and the free dispensary established. The campaign of education and the work of the nurses yields results of the highest value and should receive universal support.

The membership of the Canadian Club of St. John grows steadily. With three notable addresses to come this month the members are given an excellent opportunity to hear clever speakers discuss topics of universal interest.

Slavery days are now but a memory. We are reminded of the changes of half a century by the announcement that a negro will be one of the candidates for the governorship of the State of Arkansas.

The St. John Standard belittles Courtney Bay. Is it not enough that ill-informed outsiders convey a false impression regarding the harbor of St. John?

The New Brunswick Alliance, like that of Ontario, is preparing for a vigorous campaign to ensure an unquestionable triumph for prohibition in July.

(Copyright by George Matthew Adams.)

IN THE OLD TIME.

When I was young a shilling was pretty hard to get, for hours a man went drilling, in pools of honest sweat, before he'd fairly earned it, and when he drew his tin, 'twas seldom that he burned it, or idly blew it in. At Christmas time he'd holler and make some kopecks fly; and he would spend a dollar the Fourth day of July. And when the three-ring circus came lumbering to town, with grafts and fakes to work us, he'd happily buy a crown. Then, having had his riot, he to his work returned, and, strictly on the quiet, he picked all he earned. And when life's winter found him, it didn't bother him; he'd made some kopecks fly; and he would spend a dollar the Fourth day of July. And when the three-ring circus came lumbering to town, with grafts and fakes to work us, he'd happily buy a crown. Then, having had his riot, he to his work returned, and, strictly on the quiet, he picked all he earned. And when life's winter found him, it didn't bother him; he'd made some kopecks fly; and he would spend a dollar the Fourth day of July. And when the three-ring circus came lumbering to town, with grafts and fakes to work us, he'd happily buy a crown. MEN'S BOOTS ONLY \$44.85.
Funny Footwear Displayed in Toronto Shop—Made for Climbing.

Spiked so that the wearer might easily kick a grizzly bear to death, a remarkable looking pair of boots exhibited in the window of a small Toronto shoe dealer, and price marked \$44.85, have attracted much attention.

Almost every male passing that window has gazed at this high-priced, peculiar-looking footwear. They are certainly the queerest boots ever displayed for sale in a Toronto shop. "I bought them from an Englishman," quoth the shopkeeper, "and they aren't golf boots, either. He had them made for mountain climbing in the Rockies, but got tired when he reached Toronto." The boots are of heavy brown suede

outside, with a thick lining of fine, dressed calfskin. The soles are stout, waterproof leather, and studded along the edges with the funniest steel cleats, made for gripping slippery rock. Inside in gold letters, is the name of an Eton bootmaker. They are a fine example of expensive English custom-made footwear—works of art, in fact.

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Brewster, Stutz, Pierce-Arrow.

SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Fiat, Mercer.

TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.

ANNULAR BALL-BEARING TRANSMISSION. Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Fiat, Locomobile, Packard, Marmon.

Whatever you do, eat Krumbles
W. K. Kellogg

A cashier has to be quick-witted and wide awake. And she can't be unless her body is rightly nourished. You may be a cashier or have any other indoor job, but "Whatever you do, eat Krumbles."

Here's why:
Krumbles is made of all the wheat grain—bran, kernel and all. It gives you every bit of the good nourishment nature puts in wheat.

We cook it, shred it and toast it, so that it is ready to eat just as it comes to you in our "Waxtite" package, which retains the delicate aroma and rich, tempting flavor Krumbles has when it comes crisp and hot from our ovens.

Ask your grocer for Kellogg's Shredded Krumbles—the only Krumbles made.

Krumbles is made in the same Kitchens at Toronto as Kellogg's Toasted Corn Flakes and Kellogg's Krumbled Bran.—Always wrapped "Waxtite."

Ask your grocer for Kellogg's Shredded Krumbles—the only Krumbles made.

LOCAL NEWS

BEER LICENSES.

Two beer licenses were issued this morning, one for the city and one for the county. This makes a total of sixty-nine for the city and twenty-one for the county.

BETTER TODAY.

Mrs. Ann Stone, 618 Main street, who was struck by an automobile yesterday afternoon while crossing the street, was reported from the General Hospital this afternoon to be resting comfortably.

NOT YET RECOVERED.

There has been no trace found of a horse and carriage which was hired from John Glynn on Saturday, but information and a description of the property has been wired to all parts of the province.

PUBLIC WORKS.

The public works department have crews of men employed repairing Sandy Point road and also at the lower end of Sydney street. They are using gravel for filling in purposes.

AN ARBOR DAY EVENT.

Arrangements are being made in Hampton to plant an ornamental tree on the school grounds to the memory of each of those who attended the Hampton Consolidated school and who enlisted and were killed during the war. This ceremony is to form part of the Arbor Day programme and special interest is being taken in the work this year.

THE MAGGIE MILLER.

With reference to the withdrawal of the ferry steamer Maggie Miller off the Millidgeville-Somerville-Bayswater route, E. S. Carter says he is authorized to say to Captain White that if he is behind \$200 at the end of the season by reason of the government not granting him what he wants that this amount will be added to the subsidy granted, but that his accounts will be subject to audit monthly.

GREETINGS.

Business was temporarily suspended in one of the local banks yesterday. Ledgers were pushed aside, unfound balances described, and money counting abandoned, all in favor of a greater attraction—the initial appearance of a straw hat. It behooves us to add that said straw hat adorned the head of a mere man. Of course everybody knows that the opposite sex have been wearing them since long before St. Patrick's day.

POLICE COURT.

In the police court this morning, William Matheson was charged with stealing a horse, the property of John Kelly. He pleaded not guilty and the case was postponed until this afternoon for witnesses. Police Constable Giametti made the arrest and it is alleged that the accused took the horse from Mr. Kelly's barn in Somerset street. Four men, charged with drunkenness, pleaded guilty and were remanded.

AN OVERALLS MAN.

There are probably several stiff necks in the city today and the reason is not far to seek. Yesterday afternoon a man walked down the sunny side of King street clad in a nice new suit of blue overalls, with a white hairline stripe, braving the curious eyes and ill-concealed frowns of his less adventurous fellow men. The overalls were bunched on the top by a neat brown hat and on the bottom by a pair of shiny black boots. He kept his hands deep down in his very capacious pockets.

HIRAWA MISSION CIRCLE.

The Hiram Mission Circle of Centenary Methodist church held its annual meeting in the church parlors last evening at 8 o'clock. The election of officers for the ensuing year resulted as follows: Hon. president, Miss Julia Hennigar; president, Miss Mildred Wilson; first vice-president, Miss Pauline Jenkins; second vice-president, Mrs. Cole; recording secretary, Miss Amber Teed; corresponding secretary, Miss Agnes Robertson; treasurer, Mrs. Beatrice Holder; superintendent of Christian stewardship, Miss Laura Baxter; in charge of mite boxes, Misses Gladys McLaughlin and Gertrude Hennigar. Three new members were received. Routine business was transacted and from all reports the circle had a very successful year.

The funeral of David Churchill was held this afternoon from 41 Elliott row. Venerable Archdeacon Crowfoot conducted services and burial was in Fernhill.
The funeral of Thomas Butler was held this afternoon from his late residence, Manawagush road, to St. Rose's church, where service was conducted by Rev. Charles Collins. Interment was in the Holy Cross cemetery.

The funeral of Mrs. Isabella Crabb, wife of William Crabb, was held from her late residence, 188 Paradise row. Service was conducted by Rev. G. A. Kubring, assisted by Rev. A. Lawrence Tedford. Interment was in the Church of England burying ground.

THE LANCASTER HIGHWAY MATTER IS ADJUSTED

(Continued from page 1.)
Initial expenditure of amounts not to exceed \$600 was authorized for the work. Councillor O'Brien read the act passed at the recent session of the legislature regarding the Indiantown-Lancaster ferry and moved that the county secretary be authorized to negotiate a loan of not more than \$2,000 for the purchase of a new boat for the service and that the amount of \$2,500 be transferred by the treasurer to the ferry commission for the purchase of a boat, providing that the city grant a like amount and that the sum negotiated be assessed on the parish of Lancaster in ten equal annual assessments.

Councillor Campbell said that several meetings of the ferry commission had been held and he had not been notified. The council went on to discuss the matter. Councillor Thornton said he was surprised that it was the intention to re-purchase the E. Ross, which had been disposed of by the ferry commission some time ago. He said that the boat was not considered safe and he had heard several complaints about the service and that there was mismanagement. Councillor Golding said that the commission never owned the E. Ross.

Councillor O'Brien said that conditions were certainly not satisfactory, but he was confident there was no mismanagement. Commissioner Thornton said that the boat had been operated by men not capable of handling it, and at times it was not fit for passengers. He had been informed by one reliable that the boat was not capable of being repaired. Commissioner Frink said that before the boat was purchased a certificate should be obtained from the inspector of hulls and machinery.

Councillor O'Brien said that the opinion of these men had been obtained. He said it was proposed to get a good commission, comprising the warden, the Lancaster councillors, Geo. Waring and Mr. Rivers of the North End to operate the ferry. The warden said that he had been informed that the E. Ross was the only boat that could be obtained for the service and that it could be put in shape for service for \$5,000 or \$6,000, including the purchase for \$1,600 to \$2,000.

Commissioner O'Brien moved a further resolution that the treasurer be authorized to advance \$1,000 to the commission for maintenance provided that the city and province each advanced a like amount, and that the amount be assessed in the Parish of Lancaster during 1921. The committee went into council and the motions were put. The motion regarding the purchase price carried, Commissioner Frink dissenting, and that regarding maintenance was put.

Commissioner Thornton asked for information regarding the payment of running expenses and Commissioner O'Brien said that those operating the boat were given the privilege of collecting the fares and also received a subsidy. Commissioner Frink moved that the captain be instructed to make monthly reports of receipts to the county secretary and common clerk of the city. This clause was added to the original motion.

Coun. Schofield raised the question as to what would happen if the city and government did not produce the amounts required. Commissioner Frink thought the matter could be arranged. The motion carried.

Playgrounds.

Commissioner O'Brien read a bill passed at the last session authorizing the issue of bonds to pay for the erection and institution of recreation grounds in the Parish of Lancaster. He read a recommendation of the Lancaster councillors that they be given authority to assess for interest and sinking fund to cover the issue of \$10,000 bonds in \$500 denominations, twenty year termination, bearing interest at 6 per cent, and he moved that the bonds be issued by the municipality at Lancaster to be assessed to cover interest and sinking fund charges.

Councillor Campbell seconded. The warden said that the value of the land which the parish had asked the city to deed to it for this purpose would be approximately \$12,000, but the city council had up to the present not passed the grant.

Coun. Schofield expressed himself as not in favor of deeding the land, but that it should be leased for a term of years. On motion the resolution carried.

Highway Board.

Coun. Jones presented the report of a special committee appointed to look into the question of dispute regarding the Lancaster Highway board, as follows: St. John, N. B., May 12, 1920. To the Warden and Members of the Municipal Council, Gentlemen—Your Committee appointed to, if possible, solve the question in dispute arising out of administration of affairs connected with the Highway Board of Lancaster report that they have heard explanations from both parties interested in the controversy and while believing that there has been misunderstanding and lack of harmony at times among the members in the handling of the funds of the said Board, yet the evidence does not disclose at any time any wrongful misuse or misappropriation of the money so handled by the Highway Board.

By way of explanation of the present financial position of the Highway Board it may be stated that the amount assessed for this year is about equal to the Board's present unbonDED indebtedness; it will thus be seen that unless special provision is made to strengthen their financial position your Committee cannot see how it will be possible for the Board to efficiently maintain the services under their control. We believe that Mr. Campbell's motion even if passed by the Board, would affect no relief at present as the assessment of the Government would be necessary in this case. We would therefore recommend that a further overdraft be made to carry on this year's work and that the assessment for 1921 be such as to provide for it or a portion of it. Respectfully submitted, JOHN T. O'BRIEN, W. B. BENTLEY.

It was moved by Commissioner Campbell that the report be accepted. Commissioner O'Brien moved in amendment that the matter of the overdraft be deferred until January, and that the additional overdraft would not exceed \$2,000. The amendment carried.

Those Hercules Springs Are Great

Never knew a thing from the time I blew out the electric light till big Benjamin fired the get-up gun at 6:30—and I now feel fit enough to sell a suspension bridge to the natives of Zambesia.

Heard that the Hercules Spring was the modern way but it wasn't till I had Everett equip my new bed with one that I proved the rumor to be founded on truth.

Absolutely no sag to the spring—a window demonstration a few weeks ago showed kegs of nails piled on one spring for hours, and the thing sprang right back level when the load was removed!

Possibly we can equip your bed with a Hercules Spring?

COOL THINGS COMING TO THEATRES OF ST. JOHN

ARE YOU GOING TO THIS GREAT COMEDY DRAMA?

Those who have not as yet secured tickets for the great comedy drama, "Pays to Adversity," which is to be presented in St. Vincent's auditorium next Monday and Tuesday evenings under the auspices of St. Peter's Dramatic Club, should do so immediately. The play starts tomorrow at Colgan's drug store, Waterloo street. This famous comedy drama is being presented under the direction of Mrs. C. D. Wilson. It should be one of the most successful of the season. Those who enjoy good wholesome comedy should make a point of seeing this production.

PUTS LIMIT ON SUGAR PROFITS

Boston, May 12.—Attorney-General Palmer today set the margin of profits to be allowed on sales of sugar at one cent a pound for wholesalers and two cents a pound for retailers. He ordered prosecution of persons taking larger profits. This will not have the effect of standardizing prices either at wholesale or retail, according to U. S. Attorney Boynton. Dealers obtained their stocks at various prices and sale prices will vary, but in no case can profits exceed the margin allowed.

SUBURBANITES ARE NOT SATISFIED OVER THE RATES

The matter of the recent increase in commutation tickets along the C. N. R. has caused considerable discussion among suburbanites as no one seems to be able to solve upon what percentage basis the increase has been worked out. Apparently according to the new tariff they say the question of mileage has not been taken into consideration and that the distance has had nothing to do with the rate per ticket. The matter has been taken up in some of the suburban districts and an explanation is desired. The following is a comparison of the old rates with the new and increase according to official figures received from the Union station at St. John:

St. John to	New Rate	Former Rate	Increase
St. John to Hampton	\$9.35	\$8.50	\$2.45
St. John to Nauswauk	7.20	6.35	.85
St. John to Hampton River	6.50	5.75	1.05
St. John to Modd Farm	5.95	5.20	.75

DOUBLE RIVALRY AT IMPERIAL GREAT SUCCESS

Boston English Opera Singers Again Score Marked Triumph—Cavellera and Pagliacci.

Their opening success on Monday night was augmented by the Boston English Opera Company last evening by the production of a dual bill, "Cavellera Rusticana" and "Pagliacci." In direct contrast to Monday night's production of "Robin Hood" last night's performance demonstrated the artists' ability in the better dramatic representations. The singing was of particularly high order, the solos especially were well rendered and the plot was enacted without a detail the story being neglected. Once again the chorus work was excellent and the orchestration all that could be desired. The intermezzo won sturdy applause.

THE WATERLOO STREET CHURCH

Reports Read at the Annual Meeting - Election of Advisory Board and Officers.

The annual meeting of the Waterloo street church was opened last evening with James Patterson, the senior deacon, occupying the chair. After the opening exercises the chairman gave a brief address reviewing the work of the year. This was followed by reports from the committees.

On account of the absence of Mr. Day, the secretary, the report of the advisory board was read by Mr. Kierstead. It gave a brief summary of the work for the year and of the results of this work. The meeting accepted the report.

H. Hoyt's report for the house committee was discussed and received. Thomas Robinson reported for the musical committee. He praised the work of Misses Kierstead, Colwell and Mahoney as organists during the year. He also commended Mr. Hoyt's good work as choir leader. This report was accepted.

The secretary of the Young People's Society read her report. It showed that the society had had a very prosperous year. The present officers are: President, L. Day; vice-president, R. Mahoney; treasurer, Miss A. Kierstead; secretary, Miss F. Kierstead. The report was accepted.

The report of the mission band was next accepted. The work in this department showed a very steady progress in the right direction. The returns for the year showed that the expenses in this department had just about been met by the collections. The report showed that a little more energetic work in this department by some more of the church members would soon place this part of the church work on an even better basis. The report was accepted.

Miss Conter read a report from the Women's Missionary Aid Society showing a steady advance in all lines of work. Several members had been added during this time. Her report was accepted. The treasurer of the church, Mr. M. Patterson, read his report. It showed a total of \$2,115.81 raised for church work. The expenses during this time were \$2,250.08, leaving a deficit of \$134.27 for the year. It also showed, in spite of the lack of a regular pastor for nearly six months of the year and of largely increased expenses for the seventy-eighth year of the church was one of the most prosperous in its history. This report was accepted by the meeting.

The election of the advisory board was next brought up. All the members of the preceding year's board were re-elected as follows: James Patterson, M. W. Galley, R. T. Mahoney, Thomas Robinson, H. Hoyt, W. B. Kierstead, George Willagar, G. W. Brown, J. Mott, F. McCulligan, L. Day, George Earle, Allan Robinson and C. R. Hamilton.

In connection with the Sunday school Mr. Mott, the present superintendent, was re-elected for the ensuing year. H. Hoyt was elected assistant superintendent. Mr. Patterson was re-elected treasurer of the church for the ensuing year. A discussion was next brought on in regard to the calling of a pastor. The meeting decided unanimously to give Mr. Gray, who preached on last Sunday, a call. This young man will graduate this year from Acadia College. After the meeting, refreshments were served by the ladies of the church.

NONE BRIGHTER THAN NEW BILL
Opera House Vaudeville Programme - Teems With Good Features.

The Opera House last evening presented a bill which is conceded by a host of patrons to be the brightest ever presented there. It is teeming with mirth as aerobic feats of unusual merit, a real clever comedy cycling offering, a stirring dramatic one-act playlet and Princess Nai Tai Tai as a feature. In beautiful Chinese costumes she appeared behind the footlights and regaled the audience with several solos. She has a charming personality and a sweet modulated voice, which was well suited for her selections, and she made an instant hit with all. She was forced to respond to several ovations.

Creflan, Weeks and Company scored a hit in a one-act playlet, "On the Rio Grande." It is a tale of the outland days and was cleverly interpreted. The dramatic passages were capably handled and the situations brought out in a manner which showed their ability. Daniels and Walters appeared in a novel comedy skit, which was well received. After an amusing scene in which the lady member of the troupe, the former plays a violin solo, which evoked considerable applause. Her partner then essayed the part of an old actor and his portrayal was real good.

JOY PARADE OF JEWS OF NEW YORK YESTERDAY
New York, May 12 - In contrast to demonstrations of mourning and protest held in New York in the past, thousands of Jews yesterday took part in the Teulab, or redemption parade in joyfulness that Palestine is to be the Jewish homeland under a British mandatory. It was the climax of an extraordinary Zionist convention that opened here last Sunday.

ARE YOU THIN, RUN-DOWN AND WITHOUT AMBITION?

No Strength to Work?

Vinol, the Great Blood, Strength and Vitality Maker is What You Need

Physicians Recommend It and Druggists Guarantee It.

At this season of the year, more than at any other, men, women and children drift into debilitated, run-down, overworked, nervous conditions and have no strength, energy, vitality or ambition.

A prompt and guaranteed remedy for this condition is VINOL, our non-secret, cod liver and iron tonic without oil.

In a natural manner it creates a healthy appetite, aids digestion, makes rich, red blood, quickens the circulation and strengthens every organ, nerve and muscle of the body, and vitality and energy will quickly replace weakness and lassitude.

For all thin, run-down, nervous, anemic conditions, weak women, overworked men, feeble old people, delicate children, and to build up strength and health after sickness, there is no remedy equal to VINOL.

Your druggist will return your money if it fails to benefit you.

HEAVY BUDGET FOR THE SCHOOLS

Total of \$900,000 Is Passed by Montreal Catholic Commission.

Montreal, May 12 - A total of \$900,000 for the construction of schools was approved yesterday at a meeting of the Montreal Catholic School Commission, at which the finance committee's report was adopted. This provides for six schools, \$800 for principals and \$650 for others. Little encouragement was held out to a delegation of the Centre District Board, which came to plead the cause of the clerical teaching staffs. At present Sisters receive \$320 and the budget next year provides \$450. Proposals are to get \$800 when principals and \$600 when not. It was asked that Sisters be given \$500 and \$700 for principals, and \$800 for others. The increases were rejected on the ground that construction would have to be suspended if they were allowed.

COSTS HIM \$12,500

Clang of Street Car Gong Dear Sound for New Yorker - Faints When He Learns Loss.

New York, May 12 - The sudden clang of a motorman's gong cost David Gerstein, an auctioneer, \$12,500 in cash yesterday. Gerstein, who knew just with a draw the money to invest in stock for going, still was thinking of the "going, going" and gone; then the money was gone. A petulant motorman's clang of his bell startled Gerstein into doing a hasty one-step to safety and in his excitement the package containing the money was jerked from his pocket along with his hand. When Gerstein discovered his loss on reaching the sidewalk he fell in a faint. He was revived and found that he had made known the cause of his collapse.

Detectives are now searching for the person who picked up the package.

RAILWAY MAIL CLERKS TALK OF POSSIBLE STRIKE

Ontario Men Object to Reduction of Maximum as in Civil Service Recommendation.

Toronto, May 12 - Railway mail clerks from North Bay, Ottawa, Hamilton and Toronto met here last night and discussed the possibility of the dominion government accepting recommendations of the civil service commission to reduce the maximum salary from \$14,650 to \$12,500.

Considerable dissatisfaction with the civil service commission was expressed, as the mail clerks would lose about \$10 a month each if the new schedule were carried out. It was intimated that if the suggested reduction took place there would be a strike.

PEOPLE OF THE AALAND ISLES ASK TO HAVE STATUS DETERMINED.

Stockholm, May 12 - Hundreds of inhabitants of the Aaland Islands, representing the entire Archipelago, have sent an appeal to the Entente nations asking for a plebiscite to determine the future status of the group. They declare the islands should be attached to Sweden because of the ties of blood, language and culture which exist.

COMPROMISE AND LEAVE ON THE SHEETS.

SEEK GERMAN IN MURDER CASE

Sailor Suspected in Connection With Slaying of Wealthy F. Rueckert.

Hoboken, N. J., May 12 - A German sailor registered during the war as an enemy alien at the German Seamen's Home in Hoboken, last night was being sought by the Hoboken police in connection with the murder of Frederick Rueckert, a wealthy white metal manufacturer. The police say they had traced the revolver used by the assailant to a local pawn shop, the proprietor of which said it had been purchased there on Saturday afternoon by one answering the description of the man for whom the police are searching.

The man, whose identity was not disclosed, has a police record in Pennsylvania for the sale, and his finger print records bear a striking resemblance to those found on the gun.

PLAN CAMPAIGN AGAINST DISEASE

At a meeting of the St. John Society for the Prevention of Tuberculosis held yesterday in the free dispensary, Sydney street, plans were made for a vigorous campaign to be conducted throughout the province in the fall. It was brought out that the St. John Hospital had all the patients they could accommodate with a lengthy list of patients awaiting admittance.

It was announced that Miss Agnes Sutherland, A. R. C. had returned to the city and will take up her work with the anti-tuberculosis dispensary, co-operating with Miss Brophy. Miss Sutherland was an army nurse for four years and was mentioned in Sir Douglas Haig's despatches for conspicuous services.

Dr. Barry of the county hospital told of taking a number of weeks over the building with a view to reconstructing them with its work. He also outlined a proposed plan of the anti-tuberculosis campaign in the fall.

RESULTS WERE BIG SURPRISE

Sydney Woman Says She Feels Almost Like New Person Since Taking Tanlac.

"Before I began taking Tanlac I had almost given up hope of ever regaining my health, as nothing I tried did me any good; but I can't remember when I ever felt better than I do now," said Mrs. George Phaley, Prince street, Sydney, Nova Scotia.

"Three years or more ago I began getting in a badly run-down condition. I lost a great deal in weight, and was so weak I was barely able to do my household work, part of the time just having to let it go undone, as I couldn't get around at all. My appetite was so poor I had to almost force myself every mouthful I ate. I was almost subject to violent headaches, which nearly drove me distracted. My nerves were in such bad shape the least little noise upset me. It was simply impossible for me to get a good night's sleep, and quite often I was so restless I could not sleep at all. I had little life or energy left, and just felt tired and worn out all the time."

"I tried everything that came along for my troubles, and when I heard of Tanlac I decided to try that like the rest, but I had little faith in its helping me. Well, sir, I had taken only a few doses when I commenced feeling better, and I am telling the truth when I say I was actually surprised at the results. I have only taken six bottles now, but I have gained several pounds in weight, and am much stronger. My household work is almost like play to me. My nerves are in fine condition, I sleep well, and never have a sign of headache. That tired, worn-out feeling is all gone, and, in fact, I feel almost like a new person. As I don't believe I would have ever seen a well day again if it hadn't been for Tanlac, I will never be able to say enough for it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Pearson, Highland, and by the leading druggists in every town.—(Adv.)

CLEVER DANCING EXHIBITION GIVEN

An exhibition was given yesterday afternoon by some pupils of Professor Ruvenoff, who has been conducting dancing classes at the Golden Peacock, La Tour Apartments. The three taking part were the little Misses Mildred Basen and Helen Foyas, and Master Edgar Willard. C. E. Egan, pianist, accompanied. The Highland Fling and Sallio's Hornpipe were excellently danced by their youthful devotees. Following this were some more of the same kind, and the exhibition was given, and the rudimentary exercises gone through.

St. John is forging ahead in music and art. There are in the city a Society of Music, an Art Club, and there are numerous dramatic clubs. There are also a number of clubs where dancing is developed, but there is no club where the art of aesthetic dancing or figure dancing is encouraged. In staging local theatricals the art of dancing is not difficult to obtain talent for singing or reading, but those who are capable of performing an interpretive dance intelligently are lamentably lacking, and there is on the part of this institute a desire that this should be overcome.

Y. M. C. A. DIRECTORS' ANNUAL MEETING

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. "Mother! You must say 'California.'"

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mild soap, such as this, which is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. It looks and feels like new, and takes out every particle of dust, dirt and dandruff.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyle's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at a very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy, and you look years younger.

RESULTS WERE BIG SURPRISE

Sydney Woman Says She Feels Almost Like New Person Since Taking Tanlac.

"Before I began taking Tanlac I had almost given up hope of ever regaining my health, as nothing I tried did me any good; but I can't remember when I ever felt better than I do now," said Mrs. George Phaley, Prince street, Sydney, Nova Scotia.

"Three years or more ago I began getting in a badly run-down condition. I lost a great deal in weight, and was so weak I was barely able to do my household work, part of the time just having to let it go undone, as I couldn't get around at all. My appetite was so poor I had to almost force myself every mouthful I ate. I was almost subject to violent headaches, which nearly drove me distracted. My nerves were in such bad shape the least little noise upset me. It was simply impossible for me to get a good night's sleep, and quite often I was so restless I could not sleep at all. I had little life or energy left, and just felt tired and worn out all the time."

"I tried everything that came along for my troubles, and when I heard of Tanlac I decided to try that like the rest, but I had little faith in its helping me. Well, sir, I had taken only a few doses when I commenced feeling better, and I am telling the truth when I say I was actually surprised at the results. I have only taken six bottles now, but I have gained several pounds in weight, and am much stronger. My household work is almost like play to me. My nerves are in fine condition, I sleep well, and never have a sign of headache. That tired, worn-out feeling is all gone, and, in fact, I feel almost like a new person. As I don't believe I would have ever seen a well day again if it hadn't been for Tanlac, I will never be able to say enough for it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Pearson, Highland, and by the leading druggists in every town.—(Adv.)

CLEVER DANCING EXHIBITION GIVEN

An exhibition was given yesterday afternoon by some pupils of Professor Ruvenoff, who has been conducting dancing classes at the Golden Peacock, La Tour Apartments. The three taking part were the little Misses Mildred Basen and Helen Foyas, and Master Edgar Willard. C. E. Egan, pianist, accompanied. The Highland Fling and Sallio's Hornpipe were excellently danced by their youthful devotees. Following this were some more of the same kind, and the exhibition was given, and the rudimentary exercises gone through.

St. John is forging ahead in music and art. There are in the city a Society of Music, an Art Club, and there are numerous dramatic clubs. There are also a number of clubs where dancing is developed, but there is no club where the art of aesthetic dancing or figure dancing is encouraged. In staging local theatricals the art of dancing is not difficult to obtain talent for singing or reading, but those who are capable of performing an interpretive dance intelligently are lamentably lacking, and there is on the part of this institute a desire that this should be overcome.

**TRAPPING SPIES
BY MEANS OF
TRIVIAL DETAILS**

Some of the Means Used to Track Enemy Aliens During the War—Libraries, Banks and Schools All Played Parts.

(Toronto Mail and Empire.)
In the good old days and in a pioneer state of civilization a murderer or thief after committing his crime would disappear in the woods and easily lose himself. He was self-sustaining. His weapons and skill would provide him with food on his long tramps, and if he could keep out of sight for a few days his chance of going scot free was excellent. But as civilization has developed it is by no means possible for a man to live quite to himself, and while modern improvements and devices have to some extent assisted criminals, they have even more greatly assisted those whose business it is to frustrate or pursue them. This generation will not soon forget that one of the most thrilling uses to which the newly-invented Marconi system was put was to cause the arrest of Dr. Crippen, who had fled from England. Fred C. Kelly, who has been writing for the New York Tribune a series of articles upon the machinations of German spies in the United States cites some interesting cases showing how the trivial incidents of daily life in the Twentieth Century betrayed criminals and plotting enemies.

Caught by Libraries.
The public libraries of large cities proved an admirable net early in the war. If it was observed that a reader asked for books dealing with the subject of radio telegraphy or explosives, a note was made of the fact, and if this curiosity remained unslacked and was allied to a foreign accent, the matter was communicated to the police. Then an officer would wait upon the student and he would be asked to explain his interest in such matters. Failing to do so he would be interned. Several German-Americans were put in internment camps because of their intense desire to read everything ever written to prove the righteousness of the German cause. Several others, who had taken to cover when the officers were on their tracks and could not resist the temptation of whiling away the long hours in the public libraries where they could read their favorite authors, were caught by sergeants, who were aware of their reading habits. Others were caught by tracing their children from one school to another. In the days of Jesse James, neither public libraries nor public schools betrayed the man for whom the authorities were looking.

Chauffeurs and Waiters.
While the automobile has been made use of by criminals on thousands of occasions, and has enabled them to commit the boldest of murders and robberies and escape more than once, it has resulted in their downfall. One night soon after the United States had entered the war, a good American citizen was walking the floor struggling with asthma. He noticed an automobile from which two men alighted and moved off mysteriously. Three hours later the car was still there, and as the spot was near a munitions plant, he thought well to advise the police. He was able to give them his impression of the color of the car, which corresponded with that used by a large taxicab company. The police investigated, found a car which had remained for three hours waiting for passengers, and from the chauffeur learned the hotel where he had picked up his fares. By a waiter they were later identified, and eventually placed under arrest. No chauffeur or waiter ever bothered Dick Turpin. Perhaps he was too good a tipper.

The Money Power.
The modern system of cheques and drafts has also led to the downfall of enemies of the state. Money is a vital item, and the German agent could not move far without it. But ordinarily he would not carry a great sum on his person. Perhaps he had to vanish so quickly that he did not have time adequately to equip himself. In his case he would have to land in a strange city and get a friend to cash cheques for him. The banks throughout the war co-operated heartily with the police, and any disturbance of a suspected man's bank account would at once put the police on his trail. Other German agents were detected from the fact that they were able to spend more money than their salaries warranted; and others because they were making bank deposits and investments out of proportion to their known earnings. Another flypaper for the Kaiser's agents proved to be the hotel registers of the country. There is not only a particular German way of forming letters, as Sherlock Holmes pointed out in "A Study in Scarlet," but there are constant idiosyncrasies of penmanship by the use of concealed names. Robin Hood, say we, was never troubled by hotel registers.

Tipping and the Weather.
There is a case where a German spy was caught because of his failure to tip the baggage man who had to grapple with a particularly heavy trunk. There is another case, cited in the interest of fr-

Another was able to dispose of a trunkful of incriminating documents in a storage warehouse, where it was safely hidden, but he did not like to throw away the receipt in view of the imminent arrival of the German fleet in New York harbor. This settled him. Several were interned because of their failure to remember what sort of weather it was on a certain night. When questioned about their movements they answered well, but made the mistake of reporting long motor rides over roads that were made impassable because of storms. One obnoxious German agent was picked up after he had been in hiding for some time because he could not resist the lure of a certain movie star. Captain Kidd came to no bad end because of the movies. We'll say he didn't.

**OCEAN PASSENGERS
ROBBED OF JEWELRY**

New York, May 12.—The loss of jewelry, estimated to be worth \$40,000, while the Red Star steamer Finland was coming here from Antwerp was reported when the ship docked, one of the chief sufferers, it was said, being Robert Peel, a grandson of Sir Robert Peel, once prime minister of England. On Friday night a \$8,000 diamond brooch belonging to Mrs. Peel disappeared, as did various other valuables belonging to other passengers. The mystery was not unraveled, despite a careful search.

STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength. Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. OEA O. BOWERS, 621 S. ANNUAL REPORTS OF SOUTH END LEAGUE

Should Add Boating as Well as Field Athletics—Starting With Clean Street.

The following is the report of C. M. Lingley, chairman of the South End Improvement League, read at last night's annual meeting: The Officers and Members of the South End Improvement League. The year which has just passed has witnessed many encouraging features as well as many disappointments. Early last season we started to level up our grounds. This was a bigger task than we anticipated and it was found necessary to appeal to the city council for aid. Ex-Commissioner of Public Works Fisher put a sum of \$400 in his estimates for this work and a large part of the bank was removed and the out-levelled level. The removal of this bank provided room for a basketball court, and three teams of young ladies enjoyed this sport during the latter part of the season. We entered into a contract with Messrs. Stevens for excavating a portion of the field to the northward of our diamond which widened our grounds about twenty feet. It was hoped that this would prevent balls from being driven into Courtney Bay. These hopes, however, were not fulfilled. Either our players had become heavier batters or the drive was in a more direct line than previously, for the loss of balls from this cause continued; we later raised our fence from a height of twelve feet to fifteen feet, but this was not a success, the winter gales taking the entire structure down, so that it will be necessary to replace it this season. Two baseball leagues—a junior and senior, were formed, and some good sport witnessed and enjoyed by a large crowd of spectators. Early in the winter a tag day was held in the South End for the benefit of the league and the thanks of the members of the league are due to the young ladies who braved the inclement weather and added materially to our funds. About Christmas our open air rink was opened, very much larger than the

previous winter. A large sum of money in equipping checking rooms, etc., was expended. The season was a very successful one from the enjoyment standpoint, very large crowds of both young and old taking advantage of this healthful sport. In the two years of our existence as a league very much has been accomplished but we yet fall very far short of what our improvement league should be; we have as yet done nothing in the way of outdoor summer sport except baseball and basketball. The coming season should see something accomplished in the way of running and jumping events. We have also the finest water course in this vicinity right alongside of our grounds, and we should do something toward boating and swimming. All that is

NOTICE IS HEREBY GIVEN THAT the Annual General Meeting of the Shareholders of the Cornwall & York Cotton Mills Company, Limited, for the reception of the Annual Report, the election of Directors and the transaction of general business will be held at the Head Office of the Company, Wall Street, St. John, N. necessary to accomplish these things is a larger band of workers. It is impossible for a few busy men to do all that should be done. In conclusion, I wish to thank the officers and members for the many kindnesses extended to me during my term of office. My many shortcomings have been generously overlooked. The press has also been very kind, and has assisted the work in all ways possible. The city council has also realized the value of the work and has materially assisted. The treasurer, Alex. Wilson, reported that he and W. K. Haley had raised \$10 toward paying off the debt on skating rink and dressing room account, and hoped to raise the balance in a few days, thus starting the year with a clean sheet. They had met with a very generous response from business men.

Four Teams in City League.
At a meeting of the executive of the City Baseball League, held last evening in the Y. M. C. I., it was decided to open the season on May 24. Y. M. C. A. and Carleton dropped out, leaving four teams to fight for the championship, namely, St. Peter's, East End, G.W.V.A. and the Atlantic Sugar Refinery. The War Veterans will play St. Peter's on the latter's grounds, and the Atlantic Sugar Refinery team will play East End on the latter's grounds. In addition to prizes offered by the Commercial Club, a large cup has been offered by George Creary, manager of the Semi-Ready, for the team winning the championship; one by L. J. Seidensticker and another by H. J. Sheehan.

By "BUD" FISHER

JEFF, I ADMIT THIS IS A FINE PIECE OF CLOTH BUT YOU WON'T BE ABLE TO TAKE ANY ORDERS FOR SUITS IF YOU'RE GOING TO CHARGE TWENTY DOLLARS A SUIT.

BUT TWENTY BUCKS A SUIT IS DIRT CHEAP, MUTT; THAT'S A REGULAR EIGHTY BUCK SUIT!

THAT'S JUST IT! THE MORE VALUE YOU GIVE FOR A LOW PRICE THE MORE SKEPTICAL THE PUBLIC IS!! WHY, IF YOU WENT OUT ON THE STREET AND OFFERED TO SELL A PERFECTLY GOOD FIVE DOLLAR BILL TO A GUY FOR TEN CENTS HE'D LAUGH IN YOUR FACE AND WALK AWAY! HE'D THINK IT WAS STAGE MONEY!! GET THE POINT?

SURE!

NOW I'LL HAVE SOME FUN SINCE MUTT WISED ME UP ON HOW FOOLISH THE PUBLIC IS! MISTER!!

WILL YOU SLIP ME TEN CENTS FOR THIS PERFECTLY GOOD FIVE SPOT? TEE HEE!

SURE!

McLEAN INCIDENT IS SETTLED

Ottawa, May 11—The resignations of Col. C. W. Peck, V.C., and Col. R. C. Cooper from the pensions committee have been withdrawn. A statement from Brig-General H. H. McLean apologizing for any offence which his words may have unintentionally caused to returned soldiers, their wives or widows, has been placed on the records of the committee and the whole "McLean incident," which for a time threatened to disrupt the committee has been settled.
Brig-General McLean's statement

which he read at a brief meeting of the committee this afternoon follows:
"There has been a distinct misunderstanding as to words used by me in the select committee on pensions. This circumstance, I regret exceedingly, as nothing was further from my mind than to reflect in any way either on soldiers or their dependents, and while still affirming my statement as to what I did say on that occasion, I desire to apologize for any offence which my words may have unintentionally caused to the returned soldiers, their wives or widows."

DENIES ECREMENT.

Milwaukee, Wis., May 11—Carlos Ferrer, Milwaukee securities broker mentioned today in connection with the arrest at Chicago of Arthur Ecrement for complicity in a \$2,000,000 New York bond theft, denied knowledge of Ecrement or of "Nicky" Arnstein, New York suspect in the case, except through newspapers.
The British mails here will close at 8 p. m. on Thursday, May 13, for the C. P. O. S. liner Empress of France, via Quebec.

Experience Saves Money in this Maxwell

THE 300,000 Maxwells built to date saves you many a worth while dollar in the new Post-War Maxwell. Those 300,000 saved in many ways.

1. They taught "short cuts" in manufacturing.
2. They eliminated all experimental work—you don't have to pay for a single engineering mistake.
3. They developed quantity production which has reduced "overhead."
4. They enabled quantity purchases; and better materials are bought at lower costs.
5. They taught now to build an almost trouble-proof car; you seldom take a Post-War Maxwell to a repair shop.

6. They taught how to get the most mileage out of a gallon of gasoline, a pint of oil and a set of tires.

7. They taught how to build a car that the less skilled driver would find simple to operate and take care of.

8. They taught that it was better to build more and take less profit per car rather than build less and take more profit per car.

9. They taught how to put more and more value in the car without increasing the cost.

This Post-War Maxwell is next year's car. It contains features developed during the war, many of which will find their way into other cars in the summer of 1920.

PRICES IN ENGLAND DOWN.
London, May 12—The London Economist's index number of average commodity prices at the end of April is 8,322, against 8,362 a month ago. This

is the first reaction in more than a year. The fall has occurred chiefly in textiles, minerals, rubber and miscellaneous commodities. It is still feared, however, that the rise will be resumed.
The Economist's "index number" of

English commodity prices is made up at the opening of each month from the average price of several hundred articles. This is the first reduction reported in any month since April, 1919. On the first of that month the index number

was 5,706, as compared with 6,212 immediately after the armistice in November, 1918, and with a war-time maximum of 6,238, on October 1, 1918. At the opening of August, 1914, the index number was 2,955.
