Construction Co. Payments To McLeod For "Legal Services"

Total of Some \$4,000 Reached At Time of Noon Adjournment

J. B. M. Baxter's Name Comes Into The Evidence Today—Scott's Partner Corroborates Testimony as to Conversations With McLeod Over Matter of Contract

While Hon. H. F. McLeod was a member of the legislature and of the government upon which the railway was dependent for favors he received generous treatment at the hands of the builders of the Valley Railway, according to evidence given at the inquiry into the Duval charges this morning.

Vouchers of the construction company were produced to show the payment to Hon. Mr. McLeod for legal services. When a check was taken for the total had reached the respectable sum of \$4,064.32, and there is more to come.

J. B. M. Baxter received \$231 for his legal services and later a retainer of \$500, which he afterwards returned. The check for \$500 was cashed by him on February 11, 1914, the same amount was deposited by Mr. Baxter to the credit of the company on March 25 and the voucher returned to him at his request on April 26.

This led to an inquiry regarding the time of the investigation of the books by the committee of the legislature and Accountant Hobbs told the court that the only evidence of such investigation that he had was two visits to the office by L. P. D. Tilley, M. L. A.

A glimpse into the book-keeping methods of the road was given by Ralph D. Hobbs, accountant for the company. Among other statements Mr. Hobbs said that the construction company paid A. R. Gould, as president of the railway company, a salary of \$5,000 a year and expenses.

A bill of about \$400 for traveling expenses of F. J. Lisman and his party was put through the books of the construction company and shown as part of the cost of the road. Other items appear in the same manner without payment of cash by the construction company.

Ernest L. Kelly, partner of John S. Scott in a Valley railway contract, was an interesting witness. He confirmed and practically repeated Mr. Scott's evidence regarding their conversation with Hon. H. F. McLeod and the payment of \$1,500.

"We paid the money for his influence in securing the contract, and for his protection afterwards," was the explanation given by this witness regarding the transaction. "I and my friends put up the capital and Mr. Scott furnished the political influence," was his explanation of the formation of the partnership.

Ernest L. Kelly was the first witness in railway construction work this morning. Examined by Mr. Carvell, he said he was a partner with John S. Scott on a contract under the Hibbard Company on the Valley Railway.

GOVERNOR IS IN FREDERICTON His Honor Confering With Acting Premier Clarke

Fredericton, N. B., July 22—Lieutenant-Governor Wood arrived here this morning to confer with Acting Premier Clarke. The latter has been busily engaged here for ten days, not even going to the weekends, a new departure for a member of the government.

KING'S SPEECH HAS STIRRED LONDON Papers of Both Sides Take Decided Stand in Matter

London, July 22—A remarkable speech of King George V yesterday's conference in Buckingham Palace has provoked bitter press polemics and seems destined to revive the old controversy about royal interference in political affairs.

ANOTHER SESSION ON HOME RULE MATTER Redmond and Carson Present Their Claims—Irish Leaders Cheered by Guards

London, July 22—Public interest in the crisis over the Irish Home Rule question, overshadowed everything else in the British Isles today. When the representatives of the Liberals, Conservatives, Irish Nationalists and Ulster Unionists arrived at Buckingham Palace this morning to continue their conference they found an enormous crowd assembled.

KIKUYU MATTER TO BE REVIVED

London, July 22—The Kikuyu controversy which agitated the Church of England some months ago will be revived next week when the central committee of the Church of England meets.

SENSATIONAL CASE IN MONCTON COURT

Moncton, N. B., July 22—A sensational case was tried in the police court today when George Dymond, of Wisener, was charged with pointing a loaded rifle and threatening to shoot George Henzell, of the same place.

A HARD TASK

Chicago, Ill., July 22—While the federal board of mediation endeavoring to bring about a settlement of the wage dispute between the western railroads and their employees is pledged to silence, it became known today that the task is the most difficult task of mediation that has ever confronted this committee.

DIED IN TEXAS.

Fred A. Taylor, formerly of Moncton, N. B., died recently in Sealy, Texas, of heart disease. For twenty-five years he was connected with the Colorado and Santa Fe railroad as conductor and superintendent. He was sixty-two years of age and leaves his wife, one son and one daughter. Mrs. R. A. Bray of West St. John is a sister.

STORSTAD TO GO BACK TO COAL CARRYING

Montreal, July 22—Finn Moran, Norwegian Consul-General for Canada, said yesterday that the balance of the \$176,000 bid for the collier Storstad at the sale by the Admiralty Court about two weeks ago would be paid today.

A GRAND FALLS CASE

Application was made before Mr. Justice White in the Supreme Court Chancery Division this morning in behalf of the plaintiffs in the suit of Bridget M. Curtis et al. vs. William A. Curtis, to restrain the defendant from interfering with the plaintiffs' use and possession of certain lots at Grand Falls, to which both parties claim title.

IN MEXICO

Laredo, Tex., July 22—General Carranza, enroute to Tampico late yesterday, reached Linares, a town about twenty-five miles south of Monterrey, Washington, D. C., July 22—Secretary of State Bryan's appeal to Carranza and Villa to eliminate personal differences, was interpreted in Washington today as the American government's preliminary step to prevent current revolts after the entry of Carranza into Mexico City.

The Company Maintains a Partial Service

The street car service in the main part of the city is badly disorganized, no street cars are running on the Fairville and Carleton and Kenton Corner branches, and 186 street railway employees are walking the streets in uniform as a result of the decision of the street car employes' union last night to strike in sympathy with the members of the union who have been dismissed since the organization of the union in the city a few months ago.

The baseball diamond at the Marathon grounds bore a more attractive appearance than usual this morning when two teams of girls—one from the Alexandra School and the other from Bentley street, engaged in a game. The base running was splendid. Thirty-six runs were made by the Alexandra girls, and ten by the Bentley girls.

PARACHUTE FAILS TO WORK; WOMAN FALLS 1,000 FEET TO DEATH

Brussels, July 22—Mrs. Cayrat de Castell was dashed to death last night from a height of 1,000 feet. A new parachute which she was testing from the biplane of Aviator Champel, failed to work and thousands of spectators, among them her husband, saw her drop.

Synopsis—The western disturbance has almost dispersed and the weather is now fair throughout the dominion.

Fair and Warm Maritime—West to northwest winds; fair; Thursday, westerly winds, fair and warm.

Accountant Hobbs Ralph D. Hobbs, accountant for the Quebec and St. John Construction Company, was next called. He said he had been with the company since the work started. He did not know of any books of the railway company as the books from the start had been kept in the name of the construction company.

There appears to be only one thing for Premier Fleming of New Brunswick to do and to do it quickly—get out of office. The story he told in the witness box, taken in conjunction with the astounding revelations of "graft" made before the royal commission, ends his usefulness as a public man.

The facts brought out are such that Mr. Fleming's usefulness as a member of the administration is greatly impaired, if not altogether destroyed. He should resign.

Premier Fleming has again announced his intention to "come back" as soon as the enquiries are over. Should he do so, no matter what the result of the enquiries is, his return to active participation in the control of affairs would unquestionably result in his government being swept out of power at the next election.

The revelations in connection with the crown lands and the Southampton Railway scandal, to say nothing of the Valley Railroad, are so astounding that it must be apparent to Hon. Mr. Fleming himself, as well as to his party, that his usefulness as a political leader is gone. If he has not already tendered his resignation, the lieutenant-governor should insist that he do so at once.

Mr. Carvell may not be able to prove extortion on the part of Mr. Fleming, but we fear the premier's usefulness has been very greatly impaired. In fact we cannot see how he can continue to act as leader of the government of this province.

Mr. Burnett is the son of Mrs. Frances Hodgson Burnett, and as a child was said to have been the original of the character Little Lord Fauntleroy in the famous book of that name, written by his mother. He is now an early middle aged man and lives with his mother at their place at Plandome, L. I. He is interested in politics thereabouts.

"National Free. Reagan of the A. O. U. should lead the movement of the proposition to be submitted to the delegates in convention at Norfolk. Necessary results are impossible through Barry or myself."

Paris, July 22—Some evidence submitted at yesterday's hearing in the famous Paris murder case, relating to diplomatic documents, was mainly on basis of a charge in one newspaper that Gaston Calmette, the murdered editor, had been in the pay of the German government. Today the government declared the documents to be only pretended copies of documents which did not exist.

A fierce altercation between opposing counsel followed, and M. Calliaux victoriously challenged M. Chens, the lawyer representing the Calmette heirs. When quiet had been restored, evidence was submitted to prove the purchase of a pistol by Madam Calliaux, and she said she loaded it as soon as she got in her motor car.

Edmonton, Alb., July 22—The report of Mr. Justice Scott, as the result of the police investigation, is a strong arraignment of the police administration. It describes general conditions as "of the most serious possible character." The judge says he cannot avoid the conclusion that Commissioner Booth was in complete accord with the policy pursued by the police force of allowing houses of prostitution to run.

IT'S A SMILE THAT WINS

Try One And See—Start With a Grin

(Courtesy of Pictorial Review, August 1914)

And then the miracle! A motherly-looking woman with a bunch of gay roses in her hat snapped her fingers at the baby and smiled. The baby stopped crying. The motherly person tried it again. This time both her eyes and lips smiled and she nodded her head until the flowers on her hat danced. The expression of the baby's face changed from surprise and curiosity to open delight. It waved its hands. It talked in eloquent "gook" and "gurgle" to the vanishing from the mother's face and maternal pride appeared in its stead. Those who had no papers yielded frankly to the baby's conversational charm and their neighbors began to peer interestedly around the corner of their pages. By the time the baby was going through futile contortions to reach the nodding roses, the entire mental atmosphere of the car had been sweetened.

And this miracle had been wrought by a smile!

ABOUT YOUR OWN VIGOR Sent Free to Men

MR. READER:

Here is something I have to offer you absolutely for nothing—a Bible private book of special information about the legitimate use and unusual abuses of manly vigor; about the preservation of manly strength and its possible self-restoration; an illustrated pocket compendium of 4,000 words, 73 pages and 30 half-tone photograph reproductions—which I can very pleased to send, by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married, who writes for it.

Over a million of these books have been thus sent to applicants all over the world since my first free offer appeared. Publishers are charging as much as \$2 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of manly vigor, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be—if you want to know the facts about this particular subject, given to you in a single issue, then fill in the coupon below, send to me and receive my book, sealed, by return mail. In one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN Vitalizer, something you wear at night as an aid to the restoration of lost or wasting strength; but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay, either now or in the future. Therefore, please send your names and address today.

SANDEN, Author.

MANHOOD! The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your years, whether you are 30 or 60, you may be either entirely in the race or entirely out of it. It is invariably the fellow who proves up strongest in this human strength that forgets to the front, while weaklings stand aside; it is he also who is in most demand and most sought after by women and men of his community, simply because he radiates that marvelous magnetic in-

Manhood Wins in all Walks of Life

Manhood wins in all walks of life and rugged manly health can radiate. I believe any man can hope to completely restore or restore this same vigor or manly strength, no matter what his past follies may have been, provided he is willing to REALLY MAKE THE EFFORT; and provided, of course, he is not weighed down by extreme old age or is not incurably diseased. To my mind, the road of manly vigor is not weighed down or perfectly plain, but it is a road that any man MUST travel if he attains the highest ideals in respect to his own manhood. See information in my free book.

As to the SANDEN Vitalizer, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitalizer generates and sends forth a certain soft, penetrating force which I call Vitality. It drives this Vitality into your nerves, blood, muscles and organs as you sleep. It is quieting to the nervous system—or, at least, so users say. Men write that it takes pain out of the back often at once and restores vitality in 30 days. Remember, the general information of the free book is independent of this Vitalizer, and you are not expected to get one of these little appliances unless you want to. You can write me later as to that if you so desire. With special attachments, my Vitalizer is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc. If you live in or near this city I should be most pleased to have you call in person at my office, where you may see and test the Vitalizer free of charge. THE EVENING TIMES AND STAR, ST. JOHN N. B. WEDNESDAY, JULY 22, 1914.

The Evening Times and Star

ST. JOHN, N. B., JULY 22, 1914.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A CLEAN SWEEP NEEDED

The complacency with which members of the Flemming government appear to have regarded contributions for political purposes from people having business with the government must surely have come with the force of a very severe shock to those, if there were any, who believed the pledges made when the Hazen government went into power in 1908 and repeated when the Flemming government was returned with such an enormous majority in 1912. It is quite useless for members or supporters of the government to lay the whole blame upon Premier Flemming. The very atmosphere in which he moved must have been impregnated with graft, or the time-limits scandal would not have developed. The members of the government must have been utterly insouciant in their professed attitude toward political corruption and corruption funds. Even if they did not know what was going on they cannot be excused, nor can they evade responsibility for the acts of the legislature and of individual members of the government. What would be said of the business manager of any concern who either confessed or pleaded ignorance of such an administration of affairs as the Flemming government has exhibited in connection with the affairs of the province of New Brunswick? Obviously there would be an immediate demand for new management. The people of New Brunswick want new management for their affairs, and not a single member of the house who voted for that \$2,000,000 bond guarantee in the face of the Dupas charges should be in the next legislature.

The fact that there are over seventy men in the St. John jail ought to give an impetus to the agitation in favor of an industrial fund.

The municipal council has approved of the change from wood to brick in the construction of the new hospital, and it is understood that the hospital commission will now proceed with this long delayed work.

The city of Worcester, Mass., is to have a housing survey, secure housing legislation and build better types of wage-earners dwellings. The movement is under the leadership of the chamber of commerce and other citizens' organizations.

If the Royal Commission had power to inquire generally into the methods by which the Flemming government has been conducting the affairs of this province, it would no doubt be able to furnish the readers of the newspapers with interesting, not to say startling matter, all summer.

A portion of Orange street is to be paved, the shunters to pay half the cost. It is satisfactory to know that the council has not entirely abandoned the paving law which produced good results last year, and which should be made of more general application than the council appears to be disposed to give to it.

Sir Wilfrid Laurier's tour of the west will precede that of Sir Robert Borden. Sir Robert will have no light task when he attempts to convince the people of the western provinces that his government has given Canada as satisfactory an administration as that of his predecessor. There were not so many western delegations to Ottawa during Sir Wilfrid's regime.

Mr. F. B. Carvell will accompany Sir Wilfrid Laurier on his western tour. The able member for Carleton county will render good service to his chief party. His pronounced views on the need of a downward revision of the tariff will commend him to the people of the west, and his admirable fighting qualities will be not less appreciated. He will go with the prestige of having uncovered such a record of Tory wrongdoing in his own province as has not been surpassed in the history of any province since confederation.

The Hindus on board the Komagata Maru have decided to return quietly to India. By their action they have averted trouble which would have been far-reaching in its effects upon the Empire. Even as the case stands bitter resentment will be felt in India because British subjects who are natives of that country have been refused admission to another British country. It is not without some justification a protest is made that while people of races perhaps quite as undesirable are permitted to settle in Canada these British subjects from India are rejected.

The tone of the Liberal newspapers in England indicates that the people they represent would resent anything that could be construed as undue pressure by the King to bring about a modification of the policy determined upon by the House of Commons. It is possible, however, that some good may come out of the conference of leaders of all parties which the King has called. It is unfortunate that the opponents of the government are boasting that Premier Asquith's consent to such a conference is a virtual surrender on his part. The premier is performing a very difficult task with a full sense of his responsibility, and with an earnest desire to avert disorder in Ulster. He is not, however, a man likely to surrender, even when peaceful methods have failed.

Repeated references by The Standard to the "checked political career" of The Times recalls the fact that the editor of The Standard was a member of The Times' staff throughout that checked period, and made no mean. But that has nothing to do with the scandals that have been brought to light by Royal Commissions in St. John and Fredericton during the last few weeks.

The St. John Standard is the leading organ of the Conservative party in New Brunswick. It should represent the better element of the party, and set an example which could be followed by the lesser organs without bringing them into disrepute. Readers of The Standard, however, long since discovered that it did not represent the better element of its party, and did not set an example which could be followed with credit to themselves by other Conservative newspapers in the province. The Moncton Times has found it necessary to break away and call for the resignation of Premier Flemming. Thoughtful Conservatives all over the province are realizing more and more from day to day that the conduct of the Standard is doing the cause of their party serious injury. It is perfectly clear that the \$1000 had not been found, and another appeal was made in behalf of the society. It was again decided that the grant would be made if the money was found. The members of the council met and that a proceeding of this kind could be continued indefinitely. The Children's Aid Society is surely an institution worthy of serious treatment, because of the nature of the work it proposes to do. It is perfectly clear that if the council yesterday had declared that the grant must be found the thing would be done. Since both the warden and the county secretary are strongly in sympathy with the aims of the society, it may be hoped that they will discover a fund from which the money may be taken to enable the organization to begin its work.

At its last session the municipal council voted that \$1500 be placed at the disposal of the Children's Aid Society. If the warden and county secretary could discover a fund from which that amount could be taken. If in the meantime the fund were not discovered the matter was to be dealt with at the next meeting of the council. The council met again yesterday, and it was pointed out that the \$1500 had not been found, and another appeal was made in behalf of the society. It was again decided that the grant would be made if the money was found. The members of the council met and that a proceeding of this kind could be continued indefinitely. The Children's Aid Society is surely an institution worthy of serious treatment, because of the nature of the work it proposes to do. LIGHTER VEIN.

Here's one that is like all the others, and yet just a little different.

"Are you the same man who ate my mince pie last week?" inquired the woman.

"No, mum," murmuredly responded the tramp; "th' doctor says I'll never be th' same man again!"—Lippincott's.

A Mobile manufacturer tells of a colored man who came to him one day with a request to be excused from work the next day, explaining that his wife had died and that he must attend the funeral.

"This request, seeming reasonable, was granted, but after a lapse of some weeks the colored man again asked a day off.

"All right, Frank," said the boss. "What is it for this time?"

"This time I get married."

"So soon? Why, it's only been a few weeks since you buried your wife."

"Sure!" said Frank, but I don't hold spite long."—Harper's Magazine.

Many years ago, in consequence of a commercial panic, there was a severe run on the bank in South Wales and the small farmers jostled each other in crowds to draw out their money. Things were rapidly going from bad to worse when the bank manager, in a fit of desperation, suddenly thought him of an expedient. By his directions a clerk, having heated some sovereigns in a frying pan, paid them over the counter to an anxious applicant.

"Why, they're quite hot!" said the latter, as he took them up.

"Of course," was the reply, "what else could you expect? They are only just out of the mold. We are coining them by hundreds as fast as we can."

"Coining them?" thought the simple agriculturist; "then there is no fear of the money running short." With this their confidence revived, the panic abated and the bank was enabled to weather the storm.

A group of teachers bound for South America under the auspices of the International Conciliation Association were exchanging season tickets.

One of them said: "The trip to Bermuda is a very seakish one. A Kansas City man told me he suffered dreadfully, both going and coming."

"I could keep nothing on my stomach," he said.

"Nothing whatever?" I asked in awe.

"Nothing," he answered, "except a mustard plaster and my hands."

Where Shall I Invest My Money?

This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends. The Silver Black Fox Industry in P. E. Island has made thousands of investors wealthy. In 1913 alone, 30 companies paid to their shareholders an average cash dividend of 105 p. c. Is there any other industry that would do this? 1914 dividends will be even greater than before. Now is the time to invest. Send in your application today to the

St. Lawrence Silver Black Fox Co., Ltd.

Head Office—Charlottetown, P. E. Island

Foxes Capitalized at \$17,000 PER PAIR

This capitalization included all expenses for the first year up to September 1, 1914. In other words, the breeding stock will be ranches, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders. Instead of paying the 10 per cent to \$1.5 per cent increase charge paid to most ranches this money will go directly into the pocket of the investor.

The History of The Industry

If you inquire you will find that the majority of rich men in P. E. Island have made their money in the Fox industry, which, while yet in its infancy, shows the probability of making a great many more rich men. This being the case, you should not let this opportunity of increasing the earning power of your money pass without giving it your careful consideration.

Your Investment is Protected

Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment. The best breeding stock has been secured and one of the strongest, safest and most convenient ranches yet established is being erected and equipped.

Directors are Reliable Men

This is a most important feature when you consider that these are the men that you must look to for a square deal. Read the list over carefully and you will certainly conclude that an investment here is as safe with better prospects than money in the bank. This Company has only a limited amount of stock for sale. Secure yours today. This is a gift-idea proposition.

Stewards on the liner Olympic were greatly amused and often fooled by the pranks of Lewis and John Buckner, the 12-year-old twins of Mrs. Walker Buckner of Paris. The boys, who are unusually alike in build and general appearance, would appear separately for all meals except dinner and at luncheon and breakfast the stewards were at a loss to know which boy they had served last. Thus they were each able to get five meals a day.

HOSPITAL TO BE BUILT OF BRICK

County Council Approves Old New Plans

TO COST ONLY \$4,000 MORE

Third Turnkey Authorized and Salaries of The Present Official Raised—Appointment of Guards For Additional Chain Gang Also Authorized—Street Railway Extensions

Plans for the new St. John County Hospital for tubercular patients were presented at a meeting of the municipal council yesterday afternoon and the change of material in construction from wood to brick was approved.

After very careful consideration your board concluded that it would be better if buildings were of brick and then called for tenders for a brick hospital on the same site and received the following tenders:

- James H. Pullen, painting, \$1,450; Union Iron Foundry, iron work, \$2,600; John Johnston, painting, \$2,181; George R. Craigie, painting, \$1,740; B. Moore & Son, complete building, \$69,909; B. Moore & Son, mason work, \$87,100; James Sprout, mason work, \$23,000; R. J. Green, carpenter work and painting, \$21,178; A. R. C. Clark, complete building, \$23,000; A. R. C. Clark, mason work, \$29,454; Ernest W. Green, carpenter work, \$18,609; Stanley Williams, carpenter work, \$22,500; Stanley Williams, carpenter work and painting, \$24,000; Geo. Lawson, carpenter work not including painting, \$30,800; George McArthur, complete building, \$37,900; R. A. Corbett, complete building, \$39,800; F. S. Walker, heating and plumbing, \$11,030; Vaughan Electric Co., \$1,594; Otis Pension, elevator, \$5,225.

The motion that the plans be approved, was carried.

The chairman of the hand labor committee was authorized to hire and dismiss guards and the appointment of four additional guards for additional chain gangs was authorized.

Homer F. Brown was appointed valuer for St. Martin's, vice A. F. Bentley, resigned.

A. M. Belding appeared on behalf of the Children's Protective Association, to ask for money to apply to a grant of \$1,500 made by the council at the last session. The amount was promised as soon as sufficient funds are available.

A petition from the residents of Silver Falls for an extension of the street cars to Silver Falls was read. As the petition was addressed to the St. John Railway Co., the matter was referred to Councilor Shillington.

Com. Smith moved that the amount of \$200 appropriated for the extension of the Union of N. B. Municipalities be placed to the credit of the wardens for expenditure.

A letter was received from the N. B. Telephone Company asking the council to reconsider the matter of the street car extension to the marsh road. It was pointed out by the telephone company that their wires were strung on the right hand side of the road going out of the street car tracks were being placed on the same side, and they might interfere with their lines.

Com. Wigmore.—The street car line was laid on the right hand side on account of the location of the water main, which is about four feet from the edge of the road on the left hand side.

Com. Russell moved that the communication be filed.

The contract between the St. John Railway Company and the municipality in reference to the extension of the street car line out to the marsh road, to be operated as far as the Ashburn road by August 31, 1914, and to Colbrook by August 31, 1915, was read, and the county secretary asked for authority to place the municipal seal on the contract.

Com. Russell moved that the warden and secretary be directed to complete the contract. Carried.

On motion, a telephone was ordered placed in the home of John H. Saunders, county policeman, in the parish of Simonds.

The matter of a lock-up in the parish of Simonds was deferred for six months.

The condition of the county jail was discussed. Warden McElean said there were seventy-six inmates in the jail at the present time and about fifteen of them were awaiting trial for serious offences. There were two turnkeys, and

GLORIOUS HAIR

Always Attracts—Use Parisian Sage—Thin or Faded Hair Becomes Abundant and Radiant With Life.

Girls and women of all ages want to be charming, beautiful and attractive. It's their birthright — but unsightly, thin and lifeless hair destroys half the beauty of a pretty face.

If your hair is not attractive, is falling out, streaky, full of dandruff, too dry, or if the scalp itches and burns, don't delay—use Parisian Sage. Rub it well into the scalp. It will go right to the hair roots, nourish them, and stimulate the hair to grow strong and luxuriant.

Parisian Sage removes dandruff with one application and cleanses the hair of dirt, dust and excessive oil. Parisian Sage gives the hair just what it needs to make it soft, fluffy, thick and gloriously radiant. It is sold in fifty cent bottles only at all drug and toilet counters. Look for the trademark—"The Girl with the Auburn Hair." Accept no substitute.

It was the Warden's opinion that it was placing one of these in a dangerous position should the other be absent. He suggested the appointment of an additional turnkey.

Com. Wigmore moved that the additional turnkey be appointed by the sheriff at the same salary as the present turnkeys.

Com. O'Brien suggested that the salaries of the present turnkeys be increased. Com. Potts moved that the salary be increased from \$65 to \$75 per month. Carried.

Com. Frink referred to the matter of a fence at the back of the court building, and Com. Russell moved that the matter be left to the chairman of the building committee with power to act thereon.

RECENT DEATHS

The many friends of Mr. and Mrs. W. R. A. Lawton will regret to hear of the death of their young son, Bruce N., which occurred yesterday on his ninth month birthday. The little chap had been sick for about three weeks. Besides his father and mother he is survived by two brothers, William Russell and Kenneth Penner, at home.

One who was well known in the West End as gate-keeper at the Patrie crossing of the C. P. R., John A. Coyle, died yesterday after a short illness. He was a life-long resident of the West End, and had been crossing keeper for many years. He leaves his wife, three sons, Frank, of Montreal; John and Fred, at home; and three daughters, Marguerite, Loretta and Jennie, all at home; a sister, Mrs. Currie, of Boston, and Mrs. Macaulay, of Stillwater (Minn.).

Another resident of the West Side who died yesterday was Peter C. Petersen, who had lived there many years. He is survived by his two daughters, Mrs. Fred. Fox, at whose home in Albert street, he passed away, and Mrs. Ezra Kent, who is in Rhode Island.

Captain C. D. Fickles, aged 87 years, died in his home in Annapolis Royal yesterday morning. Captain Fickles formerly commanded vessels to foreign ports, but retired about forty years ago. He was a member of the Masonic fraternity. He leaves a wife, two sons and three daughters.

J. N. Sutherland, formerly C. P. R. divisional freight agent here, died at his home in Oakville, Ont., on Sunday, leaving his wife, three sons, Douglas, and Jack in the west, and Percy, a C. P. R. representative in the east, and three daughters—Maud, wife of R. M. Frits, of Edmonton; Beatrice, wife of C. B. McLeod, of Kingston, Jamaica; and Marjorie, wife of Mr. Cobb, of Toronto.

The death of John Lacey occurred at his home in Amqui yesterday, aged seventy years.

An unknown boy, believed to be a foreigner, at Acamac station yesterday flourished a loaded revolver and fired almost in the faces of Mrs. Robert Earle and her daughter Mary. The bullet whizzed past Mrs. Earle and came so close that her cheek was burned with the powder. The boy, after asking the ladies if they were frightened, said he would shoot again. Harold Earle drove up to his mother just then and, fearful lest her son might be shot, said nothing about the affair. The boy sat on the beach after the party drove away. A boy answering the description of the desperado, applied at the residence of George W. McDonald later in the evening but was refused. The boy is still at large.

Washington, July 21.—The long continued effort to untangle the New Haven railroad without litigation came to an end tonight, when President Wilson in a letter to Attorney-General McHugh, directed the institution of a Sherman law suit to dissolve the system and ordered that the "criminal aspects of the case" be laid before a federal grand jury.

Three Rivers, Que., July 21.—All the pulpwood of the Union Bag & Paper

Company, situated at Magdalen Cape, about four miles east of Three Rivers, has been burning since yesterday afternoon, and there is no indication that any of it can be saved. The estimated loss up to the present totals over \$200,000.

Scott Swears \$1,500 Paid McLeod Was Not Retainer

Says Payment To Provincial Secretary Was To Secure Contract - Frantic Efforts To Discredit Story - J. S. Scott, C. Fred. Chestnut and F. B. Edgcombe Witnesses Yesterday Afternoon at Railway Inquiry

John S. Scott, who swears that he had to pay \$1,500 to Hon. H. F. McLeod, then a member of the New Brunswick government, before he could get his contract was on the stand again yesterday afternoon. A determined effort was made by the counsel for the defendants to break down his story and to discredit his evidence. In reply to a question by T. J. Carter Mr. Scott swore positively that he did not pay the amount for legal services nor as a retainer. C. Fred. Chestnut and F. B. Edgcombe, directors of the St. John and Quebec Railway Company, were the other witnesses at the afternoon session. C. Fred. Chestnut was on the stand when the commission resumed for the afternoon session. Mr. Carvell, he said that he personally was quite willing that all the books of the St. John & Quebec Railway Company should be brought into court and be promised to do what he could to have them brought in. Witness said that he did not know that while he was a director, he had been named by counsel for the company as the third member of the board of arbitrators on right-of-way cases. He described at length the steps which led to the construction of the Valley Railway and made the statement that he believed a construction company was necessary as he had been told that a company which receives a charter to build a railway cannot do the work, but has to give the contract to another company. Mr. Carvell suggested that the necessity might be to provide means for concealing profits and operations when the witness said that it might have been A. R. Gould who had given him this information. F. B. Edgcombe told of becoming a director of the company at the request of A. R. Gould, who gave him enough stock to qualify. The witness did not know who was the treasurer of the company, who handled the funds or much else about the company. He promised to do what he could to secure the books from New York for the inquiry. John Scott was then recalled and was examined by Mr. Carvell. Q—Did you make or lose money by this contract? A—Lose. Q—Are you able to pay your debts in full? The question was objected to by Mr. Teed, who thought it was not necessary to go into the personal affairs of the witness. A long argument ensued in which Mr. Carvell contended that any question of money owing to the contractors or debts to the men who were on the job came within the act passed in the last session of the legislature providing for the assumption of those debts by the government of the province. Com. Fisher—Are there any amounts held back from your account on the progress estimates? Under some of the progress estimates there was 10 per cent. held over and I want to know if the railway company are indebted to him for the amount. Witness then stated in a lengthy answer that he had not made the charge which had been referred to by Mr. Carvell in the morning and he added that he could make an affidavit that he had made no charge against Hon. H. F. McLeod. As to Mr. Dugal, he would not know him if he saw him in court. In the matter of the contract he said that he expected Hon. H. F. McLeod to stand behind them, and he had been given to understand at the time the contract was made that it would be so in case of difficulties with the engineers. Mr. McLeod had told him, "I am the provincial secretary and the only man who can sign the bonds." But every estimate that was put in was "killed down." He then gave an instance of November, 1912, when the figures were made out to show that only two and four-fifths of a yard a day had been done. He took that matter before the premier and others of the party and pointed out that he had not been properly treated. He protested that he had never made the alleged statement about Mr. McLeod. On Aug. 16, 1913, Mr. McLeod endorsed a note for \$500 until the 29th, the same month, and then refused to do so further. Witness then got the money from his brother. "But we were only paid \$50,000 out of \$112,000. The ten per cent. has been held back and the force account also, although it was passed by the engineers and approved by Ross Thompson. Then it was that we could not pay our bills because we could not get the money. I want it to be clear that I made no charge about Hon. H. F. McLeod at all. Yet he said that I was a cut and all that, and I think it is not right. Com. Fisher—How much do you figure that the railway people owe you apart from the ten per cent. withheld? A—I think that will be satisfactorily arranged by the engineer. Mr. Carvell—How much do you say it is? A—About \$7,000 or \$8,000. Com. Fisher—If you got this money, the \$8,000, it would have paid your bills? A—Yes. Mr. Teed remarked that the witness made it very plain that if the amounts due to him were paid everything would be all right. There could then be no question of the division of funds. Mr. Carvell (to witness)—I want to come back to Aug. 16 when you saw him what did you ask him? A—McLeod's endorsement. A—I asked Hon. H. F. McLeod to endorse the \$800 bill. I could not get the Hibbard paper through the banks. I tried several. On a previous occasion I had to go to Mr. McLeod and he endorsed for \$2,000 and saved the situation for us, and I took the bill to the Bank of Montreal and I paid the discount myself. In August I wished for an endorsement for \$500 and he absolutely refused to do it. He said he could not do it. It laid there a fortnight as I dare not go back to the work as the men might strike. On the 16th I said to him: "I have done my part; now do yours." Then I borrowed the money from my brother Will. W. J. Scott, and went back and finished it up. Answering T. J. Carter the witness said that he was forty-four years of age and had been connected with several businesses in his time. Coming to railway matters he said that he went to Hon. H. F. McLeod rather than to subcontractors to secure his contract. He was frequently in conversation with Hon. H. F. McLeod, but he did not know what the other contractors did. He then gave details of the repayments and the payments of interests on the bill for \$500 ranged in sums of from \$5 up to \$170. These amounts were mostly paid to

Mr. McLeod and witness said that the small differences in the amounts he regarded as for legal work done. Hon. H. F. McLeod had endorsed two bills for him and one or two for C. Scott and Kelly—the last after the repayment of the one mentioned. He added that he had reason to believe that they would not have got the work if he had not got it through Hon. H. F. McLeod. The cross examination produced one interesting interlude. Q—Mr. Carter: Were you not compelled to leave the Scott Lumber Company because the Bank of Nova Scotia accused you of misrepresentation? A—False as hell. Your statement is as false as hell. Q—Now, that won't help you. A—I don't want it to. Q—Why did you leave the company? A—In the financial crisis of 1907 we were not able to raise the money from the Bank of Nova Scotia. Q—Why did you leave? A—For the protection of my brothers. If you wish me to explain I will explain it from A to Z. I didn't step into this chair to state what I didn't know. Q—But didn't the bank accuse you of misrepresentation? A—I simply state it is as false as hell. Q—Did the bank insist on your going out? A—No. Q—Did the bank take over your timber-lands and sell to Fraser? Was it the bank or your brother? A—It was on August 16, 1907, that I went out of the Scott Lumber Company and they transferred certain property for me and I paid the money to the Bank of Nova Scotia. The chairman: I think we have gone far enough in this direction. Witness: And I think so, too. Later Mr. Carter asked: Are you not suing the Hibbard people? A—I suppose so. Q—Who are the other parties to the contract? A—The St. John & Quebec Railway Company. We are relying on their engineers. Q—Is not your contract solely with the Hibbard Company? A—No, with the St. John & Quebec Railway Company. Q—Is not your contract with the Hibbard Company? A—If they had an engineer. Q—Did you not do your work under the contract with the Hibbard Company? A—We did the work but we relied on the St. John & Quebec Railway people. Q—Did you have a contract with the St. John and Quebec Railway Company? A—It was verbal one. I can have the letter here acknowledging, in the morning if you want it. Q—Will you swear you had? A—I will swear. Q—Separate from the other, with the St. John & Quebec Railway Company? A—With Mr. Ross Thompson. Q—When was it made? A—In the spring of 1912. Q—The same time that you were under contract with the Hibbard Company? A—Yes. Q—Then you had a contract with both for the same work? A—No, I did not say that. Q—What was your contract with the St. John & Quebec Company for? A—Delivery of concrete piping. Q—You were friendly enough with Hon. H. F. McLeod to go on with the work? A—Why was I not? On McLeod's side. Q—You went on until the time of the by-election? A—No, sir. I am on friendly terms with him now only it is he who called me a cut and what an arrangement was made for him to see A. R. Gould at the Victoria hotel, St. John. "In the morning when I was in the city," went on the witness, "A. R. Gould paid his hotel bill and went away without seeing me. I went to see Mr. Fleming in his bedroom. He was dressing and I said to him: 'It looks like adding insult to injury.' He sat down and wrote a telegram to A. R. Gould at Fredericton. I went on later and sent my card to Mr. Gould. He sent word that he would see me in a few minutes, but it was 11 o'clock at night before he came down. I met him partly across the hall and said: 'I was disappointed not to have seen you in St. John this morning about that matter of the railway when Mr. Fleming and you could have talked it over.' He said, 'What has Fleming got to do with it?' And I replied, 'Well, he is premier of the province' and I said 'Mr. Gould we were not satisfied with the estimates for the past months signed by the resident and other engineers, and feel that it has been monkey with,' and he said 'That, but' Then he said, 'It has not been with my consent.' And I said, 'That is just what I am getting to.' After that I told three members of the legislature about it and it is like the story of the three black crowns, it grew and grew. That is how the charge began. Mr. Carvell—On Aug. 22, Hon. H. F. McLeod did you service, you say? Witness (reading from a diary)—"Aug. 22, H. F. McLeod, three months and help. Q—He did you service and you paid him? A—Yes, that is the entry. Q—He endorsed another note for Scott and Kelly. Did you pay him then for assistance? A—No, sir. Q—The note you have given us the history of for \$500—some of the \$5 you paid back and for interest would be for service? A—Yes. At the conclusion of this witness' evidence the Royal Commission adjourned until 10 o'clock this morning.

of Nova Scotia, and their records could show it. The chairman: I think we have gone far enough in this direction. Witness: And I think so, too. Later Mr. Carter asked: Are you not suing the Hibbard people? A—I suppose so. Q—Who are the other parties to the contract? A—The St. John & Quebec Railway Company. We are relying on their engineers. Q—Is not your contract solely with the Hibbard Company? A—No, with the St. John & Quebec Railway Company. Q—Is not your contract with the Hibbard Company? A—If they had an engineer. Q—Did you not do your work under the contract with the Hibbard Company? A—We did the work but we relied on the St. John & Quebec Railway people. Q—Did you have a contract with the St. John and Quebec Railway Company? A—It was verbal one. I can have the letter here acknowledging, in the morning if you want it. Q—Will you swear you had? A—I will swear. Q—Separate from the other, with the St. John & Quebec Railway Company? A—With Mr. Ross Thompson. Q—When was it made? A—In the spring of 1912. Q—The same time that you were under contract with the Hibbard Company? A—Yes. Q—Then you had a contract with both for the same work? A—No, I did not say that. Q—What was your contract with the St. John & Quebec Company for? A—Delivery of concrete piping. Q—You were friendly enough with Hon. H. F. McLeod to go on with the work? A—Why was I not? On McLeod's side. Q—You went on until the time of the by-election? A—No, sir. I am on friendly terms with him now only it is he who called me a cut and what an arrangement was made for him to see A. R. Gould at the Victoria hotel, St. John. "In the morning when I was in the city," went on the witness, "A. R. Gould paid his hotel bill and went away without seeing me. I went to see Mr. Fleming in his bedroom. He was dressing and I said to him: 'It looks like adding insult to injury.' He sat down and wrote a telegram to A. R. Gould at Fredericton. I went on later and sent my card to Mr. Gould. He sent word that he would see me in a few minutes, but it was 11 o'clock at night before he came down. I met him partly across the hall and said: 'I was disappointed not to have seen you in St. John this morning about that matter of the railway when Mr. Fleming and you could have talked it over.' He said, 'What has Fleming got to do with it?' And I replied, 'Well, he is premier of the province' and I said 'Mr. Gould we were not satisfied with the estimates for the past months signed by the resident and other engineers, and feel that it has been monkey with,' and he said 'That, but' Then he said, 'It has not been with my consent.' And I said, 'That is just what I am getting to.' After that I told three members of the legislature about it and it is like the story of the three black crowns, it grew and grew. That is how the charge began. Mr. Carvell—On Aug. 22, Hon. H. F. McLeod did you service, you say? Witness (reading from a diary)—"Aug. 22, H. F. McLeod, three months and help. Q—He did you service and you paid him? A—Yes, that is the entry. Q—He endorsed another note for Scott and Kelly. Did you pay him then for assistance? A—No, sir. Q—The note you have given us the history of for \$500—some of the \$5 you paid back and for interest would be for service? A—Yes. At the conclusion of this witness' evidence the Royal Commission adjourned until 10 o'clock this morning.

NEW BRUNSWICK CROPS. Conditions Have Improved in Last Two Weeks, Says Secretary For Agriculture. Improved industrial and business conditions in New Brunswick are being accompanied by a marked improvement in crop conditions throughout the province. This is made very plain by the following report of the crops which the secretary of the board of trade has received from J. A. Daggett, secretary for agriculture. "The crop conditions in the province there has been a marked improvement during the last fortnight. Up to that time the unusually cold weather and cold rains made vegetation very slow, with the result that the outlook was that the crop would be very short. The unusually heavy frost in the early part of June did considerable damage, but not nearly so much as was anticipated. For the last fortnight we have had warm showers over a large area of the province, followed by warm weather, with the result that there has been splendid growth. In the southern part of the province the hay crops is very short, but in the northern counties it is up to the aver-

age. All grains are looking well and the roots exceptionally well. "It is too early to judge the potato crop. The acreage is as large as last year. I have personally, during the last ten days visited the large section of our potato growing district in Carleton County, and as a whole they are looking well, but the danger period has not yet been reached. Generally early in August is a critical time with potatoes, as it is then that they are likely to be stricken with late blight. We are using every effort to persuade the farmers to use the Bordeaux Mixture, which has been proven to be a wonderful preventive of this disease. "There is an excellent set of fruit. The officials of the horticultural department are very busy urging upon the fruit growers the necessity of proper spraying, that the fruit may be in good condition. In some localities the frost in June did very much damage, but on the whole the crop will be, I think, above the average. "At present the outlook is for a good harvest in all crops."

BOTH LEADERS WILL TOUR THE COUNTRY. Premier Borden Will Follow Sir Wilfrid Laurier, But Will Not Visit Maritime Provinces. Ottawa, July 21—Grain harvesting and political seeding will synchronize in the west during September. Both political leaders, Sir Wilfrid Laurier and Sir Robert Borden, will tour the country from Winnipeg to the Pacific coast. Sir Wilfrid will spend six weeks covering each of the four western provinces in company with Hon. Geo. F. Graham and other of the Liberal leaders. Sir Wilfrid will also hold meetings in Ontario, Quebec and in each of the maritime provinces before the summer is over. The details of his itinerary will be announced shortly. Ottawa, July 21—The semi-official announcement that Sir Robert Borden and some of his ministers will spend the greater part of September and October touring western Canada, makes it practically certain that parliament will not meet until January.

Cleveland, Ohio, July 21—Records fell right and left at the second day of the Grand Circuit harness races at North Randall this afternoon. In the first heat of the 2:05 pace, Dr. Burns, Jr., forced William, champion three-year-old pacer of 1913, to a mark of 2:02, which is a record for a four-year-old pacer. William did the second heat in 2:02.4. The two heats are the fastest ever paced by a four-year-old or by a stallion. In the third and final heat of the Ohio stakes, the day's classic, Star Winter established a new mark of 2:05 for the event, and also trotted the fastest mile of the year on any track. Lee Asworthy captured the Fasig three year old trot, 2:13 class, in two straight heats. The final heat was done in 2:08, and the first in 2:08.4, the fastest heat and two heats the event was ever run in. Aside from the setting of new marks, the chief excitement of the day came with the first race, for 2:15 trotters. The other events were all captured in straight heats. In the first race, after Sterling Hall had won the first heat, Duchess finishing fourth, Duches took the next three with little trouble. 1—Ritchie must give Welsh the same Welsh conceded to Ritchie in the terms Welsh conceded to Ritchie in the

AT BIAISY. The first series for the Kolopore Cup was shot yesterday. The Mother Country and Australia have each scored 288 on the three hundred yards range; Canada made 265; India, 250; and Guernsey, 241. The Canadians were: Stodart, 24; Martin, 22; McInnes, 22; Russell, 33; Bullock, 28; Emalie, 21; Hawkins, 22; and Armstrong, 23. AQUATIC. Miehler, Won It. George Miehler of Chateaufort, Mass., is the proud wearer of the amateur long distance championship crown, if the Marathon swim from the Battery to Sandy Hook on Sunday carried with it the title, and the New York Tribune advertised it as a historic event. There will always be more or less discussion between the friends of Miehler and Sam Richard of South Boston, however, as to who is the logical champion, and the friends of the South Boston man will argue that because Miehler won the Battery-Sandy Hook swim his victory does not entitle him to the title. Swimmers point to Richard's record of five hours fifteen minutes from Chateaufort to Boston Light to his unequalled performance of swimming from Chateaufort to Boston Light and return, and to the duplication of his feat of last September when he negotiated the Battery-Sandy Hook swim for the second time, and in practically the identical time of last year. But although feeling and rivalry exists between the followers of the two swimmers, only the friendliest feeling was manifested between the men themselves.

Outfines Bonaparte. The French people have become wild over George Carpentier since he defeated Gunboat Smith. A French correspondent cables the following about the return of Carpentier to Paris: "When Napoleon Bonaparte came back to Paris from Austerlitz the frenzied populace whooped it up considerably, but the noise made for Napoleon was nothing compared to that which greeted Georges Carpentier when he returned after his battle with Gunboat Smith at the Olympic in London. Paris people went wild mad over their first world's champion pugilist on whom they literally rained kisses. Extra police were called out to save the fighter from the oscillatory reception accorded him." Levinsky Beats Flynn. New York, July 21—Batting Levinsky, of New York, outought Porky Flynn, of Paris, in a ten round bout here tonight.

FASCINATING LUBIN PRODUCTION. EMPRESS TWO-PART FEATURE. 'A STRANGE MELODY'. It is said that "Music hath charms to soothe the savage breast." Here is a man, a gambler, and one of the wickedest of his kind, he had killed and would kill on a slight provocation. There was no sentiment or softness in his heart, he was simply a brute, but he had a passion for music. One evening a gift, coming to him to plead that he would save her brother from the gambling fever, played a sacred air. The brute was charmed and offered a big price if she could teach him to play it. The price she wanted was the reformation of her brother. The gambler gave her a chance and she succeeded so well that at last she deceived him to the organ loft of the church, there in the quiet Sanctuary of holiness he fell in love and begged her to tell him how he could make him self worthy of the love of so sweet a girl, she told him to change his life from wickedness to worthiness and he did. The sacred melody had saved a soul, made the brute a man and won a Christian wife. The leading roles were played by Carol Holloway and Joseph Smiley.

PLAYERS WE KNOW. Pat Duggan, formerly with the Fredrickson Pets and now operating with the Haverhill club in the New England League, has just one point to make to reach the 300 batting mark. His average including Saturday's games, was .239. Reed, last year with Bangor, now with Piteburg, in the New England, is swatting at the rate of .313. Pitcher Stone of Worcester, who has been seen on the local diamond, has a perfect pitching record this season—he won the only game in which he heaved. Frank Harrington, now with Fall River, in the Colonial League, is leading that aggregation in stick-work. His mark of .346 is eight points better than the next competitor. Other former N. B. and Maine Leaguers are well up in the standing, including Jacobson, of Brockton, with .327, and Murphy, of Woonsocket, 238. Harrington's pitching average is .328. MARTIN DELANEY MAY GET BIG HONOR. Known the world over as a great trainer of athletes, Martin Delaney may be asked to train the American team for the next Olympic games. Delaney who is now with the Chicago Athletic club, has had great success with that organization, his teams winning most every track meet in which they were entered.

An Extraordinary Attitude in Regard To W. H. Barry and the Inquiry—Says Government Has No Responsibility

(Fredericton Cleaner) So far as the evidence and cross-examination go, Monday did not add anything of interest to the proceedings of the royal commission; and the only feature for comment in all that was said or done is Commissioner Fisher's intimation that in his opinion the government should make some effort to secure the attendance of Barry before the commission, and that the attorney general, at least, write a letter to Barry asking him to return to give evidence.
