THE WEATHER

Light to moderate winds; fair, not much change in temperature. Wednesday, light to moderate winds; fine, a little higher temperature.

ACCIDENT ON KING STREET

Quite a little excitement was created at the corner of Germain and King streets at the time a horse-drawn carriage was knocked down and almost run over by a horse which was being driven in a dump cart. The little one was crossing the street and did not notice the approach of the horse until she was knocked down by the horse. Fortunately the driver stopped the horse and in time to prevent a serious accident.

A RUDE SHOCK FOR MEMBERS OF OLYMPIC TEAM

Prize Winners Among Thirty Three Dropped by New York Athletic Club

DUES UNPAID

Amateur Standing of Champion Sculler Questioned—Heavy-weight Bout—Girl Wins Endurance Contest From Field of 21 Men

New York, Aug. 6.—The board of governors of the New York Athletic Club has created a feeling of consternation among some of its star members, by posting a notice announcing that thirty-three members, including several Olympic winners, have been dropped from the rolls for non-payment of dues. The dismissed athletes include Ben Adams, the broad jumper, who took a second and third place at Stockholm; C. C. Childs, who was third in the hammer throw; Fred Kiser, the walker; G. E. Drake, pole vaulter, and Simon P. Gillie, hammer thrower. The half yearly dues of the club are payable on March 1, but the athletes are allowed to wait until July 1 to settle. Then it is up to the committee to remove them. The fact that the names of Constantine Titus, former American amateur champion sculler, was not included in the list for the national regatta at Ferrara, Italy, is also mentioned. The committee explained in a statement by the secretary of the national association that the executive committee rejected Titus' application. It is understood that his amateur standing is questioned by the national association officials. Jim Stewart of Brooklyn outpointed Luther McCarty, the Springfield, Mo., heavyweight, in a ten round bout at the New Square Garden, last night. It was a clean fast fight throughout. Stewart had the greater ring experience and was able to outbox his opponent, but McCarty made a host of friends among the spectators. It was the consensus of opinion that with one or two more bouts like this the amateur will show to better advantage. Stewart weighed 203 pounds and his opponent 209.

MOTELS WILL HELP TO ADD TO HIGHER COST OF LIVING

A movement is now being promoted among the hotel managers of the maritime provinces to have increased rates become effective in their establishments, and should negotiations now being carried on be adopted, it is probable that the new schedule would become operative in the fall. It is understood that the movement originated in Halifax, and if successful it will mean an advance in hotel rates in each of the three maritime provinces. Negotiations have been carried on in Halifax, but replies have not yet been made by many of the proprietors. At present in the island province rates are said to be higher than in this province, but if the present scheme is adopted it will mean a further increase. Hotels which have formerly asked from \$2.00 to \$2.50 would henceforth demand from \$2.50 to \$3.00, and in establishments where the average rate is \$3 per day a corresponding advance of 50 cents would be made. It is argued that the cost of food and labor has advanced that it is really compulsory to make the increase.

PRICE OF RICE REACHES HIGHEST FIGURE ON RECORD

Seattle, Wash., Aug. 6.—The price of rice in Japan, according to mail advices, has advanced to a figure never before known. Failure of the crops in Siam and Burma being given as the reason and large shipments of wheat and flour from the North Pacific coast to Japan, are looked for. An advance of fifty cents a ton in wheat and four cents in oats will go into effect in September.

LEATHER GOES UP, AND PRICE OF SHOES WILL ALSO JUMP

Montreal, Aug. 6.—An increase in the price of boots and shoes, is now assured, as a result of a decision reached by the makers of leather goods in London yesterday unanimously adopted a resolution that an increase of at least 10 per cent in the price of leather would have to be brought about, this being rendered necessary on account of the constantly increasing price of tanning material. It was not until late on what date the increase would be effective.

APPEAL TO SUPREME COURT IN CASE OF JACK VS. CARNAY

Application for Guardian for J. E. McDonald—Proceedings in the Courts This Morning

The case of Clifford Jack vs. Robert A. Carnay, was settled on appeal to the supreme court of Canada before Mr. Justice McLeod in chambers this morning. This is a Woodstock case. The plaintiff had a judgment against the defendant, who made a sale of the property ordered. M. G. Teed, K. C., and H. H. Pickett appeared for the plaintiff and W. P. Jones of Woodstock for the defendant. In the case of Whiting vs. Northrup, a suit to foreclose a mortgage, motion was made this morning before Mr. Justice McLeod to confirm the master's report of the amount due. The report was confirmed and the plaintiff was awarded costs. In the case of Porter vs. C. T. White & Son, Limited, a suit to redeem certain lands in Albert county, application was made, also before Mr. Justice McLeod, to serve a third party notice on George D. Prescott, on the grounds that he had been a party to the same lands to the defendant. The order was granted. J. H. McDonald of Sussex appeared for the plaintiff and M. G. Teed, K. C., for the defendant.

In the matter of John E. McDonald, limited, not so found, application was made by J. A. Barry to Mr. Justice McLeod, for the appointment of a guardian of the estate which is valued at about \$30,000. The plaintiff is a minor and the defendant is a physician. The plaintiff is a minor and the defendant is a physician. The plaintiff is a minor and the defendant is a physician.

On application of J. A. Barry before Mr. Justice McLeod, an order was made extending the time for the hearing of the application to grant the conviction of Police Magistrate Kay of Montreal. The case of Louis Comeau and Humphrey Sheehan was each fined separately for the same offence. It is contended that the two being in partnership, articles being signed, K. C. and W. J. Mahoney also appeared before Mr. Justice McLeod, and the case will be heard on Thursday.

Operations in Tripoli

Rome, Aug. 6.—An official despatch from Tripoli says that combined military and naval operations began this morning for the purpose of driving the Turkish forces from the coast. The operations continue.

Government Captures Fort

San Juan del Sur, Nicaragua, Aug. 6.—Advice from Masaya, which has been in the hands of the adherents of General Mena, say that Fort San Carlos has now been occupied by the government forces.

DIVIDING THE SPOILS

An interesting feature of the trial of Geo. Godkowsky, an Austrian who was yesterday allowed to go by Judge Forbes on a charge of stealing \$50 from a boarder in Louis Fisher's, the division by the court of \$23, found in the prisoner's possession, and supposed to have been part of the stolen money. His Honor ordered that \$5.00 be given to the defendant himself, and the remainder to be divided between the interpreter and \$1.50 each to the constables who brought the prisoner into court, and stated that that was the best division that he could make of the "rents and profits of the estate."

TRAINS LATE

Travel was heavy this morning on the incoming trains, and both the Boston and Montreal expresses were behind scheduled time. The former was about fifty minutes late, while the Atlantic express was one hour and fifteen minutes behind. Travel was heavy yesterday and the Boston was late on account of the delay in the South wharf, is also improving.

ATTORNEY FOR NEW YORK POLICE OFFICER ACCUSED OF MURDER AND ONE MAN SOUGHT FOR KILLING

John Whart, attorney for the defendant, is seen in a photograph.

New York, Aug. 6.—John W. Hart, attorney for Lieutenant Charles Becker, indicted for the murder of Herman Rosenthal, was used as a witness against his client when he was asked to tell the grand jury about a visit to Jack Rose, held as an accomplice in the murder, but whom Rose surrendered to the police, but whom he was wanted. He refused to answer questions concerning the matter, but Judge Mulquharn ordered him to reply. Sam Schepco, sought by the police in connection with the murder, is now in hiding unless caught unwillingly, as there is an indictment against him charging him with smuggling opium.

AWAITING RESULTS OF EXPERTS WITH NEW X-RAY DETECTORS

Professor Barnes Due at Sydney in Few Days After Cruise in Straits of Belle Isle Looking For Icebergs

Ottawa, Aug. 6.—In a few days the scientific world will know the result of the experiments which Prof. Barnes has been making in the Straits of Belle Isle with his invention for the detection of icebergs by ocean going steamers. Ever since the announcement of the claim of Prof. Barnes the world has awaited the results of his experiments. For the past month Prof. Barnes has been cruising in the Straits of Belle Isle on board the government steamer Montcalm, which has been placed at his disposal, and a message today received by the Deputy Minister of Marine and Fisheries conveys the information that several very successful tests have been made. The more detailed estimate of the cost of the expedition will be submitted in a few days and Prof. Barnes will submit the results of his experiments.

ARTILLERY FROM MONTREAL WILL TRAIN AT HALIFAX

For First Time in Twenty Years—Detachment Will Include 57 Men—Leave on Saturday

Montreal, Aug. 6.—For the first time in twenty years a portion of the Montreal heavy brigade will proceed to Halifax, there to undergo training under the direction of the officers of the Royal Canadian Artillery. The section of the heavy brigade which will go east to the Halifax garrison is the Montreal Siege Company, which, up to the recent change brought about in the heavy brigade, was known as company number 1. Practically the whole strength of the company, consisting of 57 men, will take part in the training which will be spread over a period of two weeks. The specialists attached to the company, however, will remain under instructions for three weeks and will be given every opportunity to brush up on the actual work of the instruments in practical field work. The departure for Halifax will take place next Saturday and final instructions were issued to the men who had assembled in the brigade quarters at the drill hall. A great portion of the work to be done by the brigade at Halifax will be done at the garrison in the export city.

BRINGS BRONZE LIONS FOR HALIFAX MEMORIAL TOWER

Montreal, Aug. 6.—James R. Boose, Secretary of the Royal Colonial Institute arrived in this city last night. He is about to make a tour of the Dominion for the purpose of extending the membership of the institute in Canada. He will go to Ottawa Thursday and then to Halifax. At Halifax on behalf of the institute he will present two bronze lions, replicas of those at the base of the famous Nelson monument in London to be set near the Cabot memorial tower.

CARELESS DRIVING

There has long been a complaint against automobile drivers in Watford street either over-speeding their machines or driving recklessly, and the wiser heads have predicted that there will be, sooner or later, another serious accident in consequence of it. Late yesterday afternoon a small boy was struck by a motor car and, although he was not dangerously injured, it seemed to have been no fault of the automobilist. His cries excited much sympathy from a large crowd who gathered, but he was unhurt beyond a shaking and a fright. The condition of Mrs. E. K. Hall, the former secretary of the Associated Board of Charities, who is critically ill at her home, was unchanged today.

LONDON HEARS OF CHANGES IN THE CABINET

Lord Morley May Be Succeeded by Lord Crewe-Birrell to India

VISIT TO CANADA

Sugar Convention—Queen Alexandra Successful Exhibitor—Polo—Engagement of Lionel De Rothschild Announced

London, Aug. 6.—Rumors of ministerial changes are current, based, according to the Pall Mall Gazette's parliamentary correspondent, on the impending retirement of Lord Morley from the lord presidency of the council and the return of Lord Gladstone from South Africa. Lord Morley has been able to give very little time to the house of lords lately and has been in attendance only when his presence has been required in some particular debate. It is only a matter of opportunity and of the convenience of the prime minister, it is understood when Lord Morley will finally retire from office. If the time has now arrived, it must be on account of the imminence of other changes. It has been evident that Lord Crewe has been feeling the strains of his continuous official service as secretary of state for India, and it would not cause surprise if he were to succeed Lord Morley.

Augustine Birrell is another minister who is overworked, and his transition from the Irish chief secretaryship to the India office, would be a relief to him and a promotion that would be appreciated by ministerialists generally. The name of the master of Ellbank is being coupled with the governor generalship of South Africa. The Chronicle states that the question of an official visit by British cabinet ministers to Canada stands over until Mr. Borden's return, therefore it cannot take place until September at the earliest.

The proposed withdrawal of Great Britain from the Brussels sugar convention is being resolutely resisted by British refiners. An influential deputation representing the refiners, headed by Messrs. Greenock, has been appointed to wait upon the government. The Duke of Westminster was a successful exhibitor at the Cambridge dog show yesterday, winning all the prizes in the hazy category. He also led the Bzois section, in which Lady Launce exhibits were runners up.

BOARD OF TRADE DISCUSSES RECLAMATION

Committee Reports on Alternative Plans—Public or Private Enterprise—Norton Griffiths Said to be Willing

The report of the Board of Trade committee on the reclamation scheme was made to a meeting of the council of the board this morning. The report is quite extensive and makes three suggestions for taking up the proposition. The first is that the city and dominion government could take it up together and the government as a result would have an estimate of the cost of the scheme, adding greatly to the port facilities in this regard. The second proposition is that the city handle the scheme themselves and the third is to turn it over to private interests.

FORTUNE FOR GIRL CAST OUT AT THREE

Mrs. Strong, of Babylon, L. I., Leaves \$100,000 to Daughters, Repents Abandonment

New York, Aug. 6.—It became known that Mrs. Egbert V. Strong, of Babylon, L. I., repented before her death last April that she had cast out her only daughter at the age of three years when it was announced yesterday that she had left her entire estate valued at \$100,000 to her daughter, who is Miss Marion Goodale Strong. Miss Strong is living in Trumbullburg, Tompkins county, New York. She is now twenty-four years old. According to stories current in Babylon, Mrs. Strong loved her little daughter until the little girl was three years old. Then she suddenly ordered that the child be taken from the house, and she never willingly saw her again. She died see her once, three years later, when Mr. Strong, in an attempt to bring about a reconciliation, induced his wife to visit relative, not knowing that her daughter was at the same house. Mrs. Strong learned of the pretty child until she learned of the relationship. Then she cast the little girl from her, and ordered that her daughter's name should never be mentioned in her presence. Until a few years ago it was supposed in Babylon that the Strongs were childless. Although Mr. Strong has always been on the friendliest terms with his daughter, he lived happily with his wife at Babylon. The two usually spent their winters in Florida. When it became known that the couple had a child great surprise was expressed by their friends. These friends were still more astonished when they learned of Mrs. Strong's will.

GRANDFATHER OF REPUBLICANS IN ILLINOIS DEAD

Kansas City, Mo., Aug. 6.—Ira Haworth, known as the grandfather of the republican party in Illinois, and a personal friend of President Abraham Lincoln, died at a local hospital last night, a charity patient. He was eighty-five years old yesterday, and friends had arranged to celebrate the event with a dinner.

NEGROES APPEAL

Look to Roosevelt For Admission to Convention

VOTE WAS CLOSE

Ruled Out by 17 to 16—Negro Question Vies in Interest With Leader's Expected Confession of Faith

(Canadian Press) Chicago, Aug. 6.—The second day of the progressive national convention opened with a well-defined fight over the negro question voting for first interest, with Col. Theodore Roosevelt's delivery of his "confession of faith" to his followers in the progressive cause. Some of the delegates declared that the elimination of the southern negro from participation in the formation of the new party, had become the paramount issue of the convention. Eastern negroes joined with their brothers from the south in defiance of certain things that occurred at an all night session of the credential committee, when the last of the southern negro delegates were barred from the floor of the convention in a close vote by the committee. The vote stood 17 to 16 against the negroes. Those from Mississippi and Julius Litchell of Rhode Island and other eastern negroes joined in trying that the deciding ballot had been cast by a questionable proxy of the committee. Early sparring indignation, the negroes announced that they would carry the matter to Col. Roosevelt for a personal ruling on the point. The vote on the committee at three o'clock last night and continued until nearly daybreak. The situation threatened a bitter fight on the floor of the convention should the negroes adhere to their intention of carrying their protest to this point. The negroes have found a number of warm defenders and while the negro majority of delegates desire to do exactly as is wanted by Colonel Roosevelt, there is a marked division of opinion in the negro ranks. Colonel Roosevelt was plain and emphatic in the statement that he wants the hands of the whites. Early efforts to get him to comment upon the credential committee vote in the Mississippi case were vain. It is expected that the report of the credential committee will be taken up today prior to the establishment of permanent organization and after Colonel Roosevelt has delivered his address to the delegates.

THE SLATE

For president, Theodore Roosevelt. For vice-president, Governor Hiram W. Johnson of California. For permanent chairman, Judge Ben Lindsey of Denver.

This slate was virtually agreed to by National progressive leaders and met with the approval of Col. Roosevelt. The colored endorsed strongly the suggestion that Judge Lindsey be recommended for permanent chairman.

RIVER EXCURSIONS

For the "Old Home Week" celebrations at Fredericton the river steamers are to sail as far as possible. The steamer May Queen is to conduct an excursion from Hampton and points along the river above that place to the capital and the D. J. Purly is to do the same from centres along the Washademoak. Both are expected to have large crowds. The upriver boats to Fredericton yesterday and today carried large passenger lists.

MUCH IMPROVED

It will be pleasing news to the friends of Mrs. David McLeod, to learn that she spent a very comfortable night, and also that she is not so seriously ill as was at first reported. She was brought down river yesterday.

**DOES NOT RETURN TO DRINK**

The Rev. Mr. Scott is adverse to giving testimonials. He says so. Many people are loath to believe a testimonial. But this proud, good man saw what was done in his own town and the surrounding country for drinkers, and he rose to the full measure of the occasion and wrote a letter to the public, out of the kindness of his heart, for that great army of men who are veritable slaves to drink. Read what he says. He is serious about this matter:

"St. Andrew's Manse, Perth, Ont., Dec. 3rd, 1910.

"Probably these lines that I am now writing may influence many.

"I have reluctance about writing testimonials, for they are often too easily obtained; frequently they are unreliable and people generally have more or less suspicion about them. For a time I, myself, refused to give credence to reports that were made to me concerning cures that were effected in the case of men who had been treated by the Neal Treatment.

"But now, to say nothing of a number of outside instances, I have around me in my own town, four men who for years have done dishonor to themselves, their families, to their community and to their Maker, through strong drink, who are now temperate men, and are living a new kind of life together. These men were treated at the Neal Institute. I am not writing about the cure or the prices or other details. But I find the attention of these men turned Godward and each one of the four bears witness that the desire for liquor is with him no longer. Concerning Lameless to intimate last spring to the municipality of the town his fixed determination to enforce the anti-gambling laws and the city fathers, fearing both the migration of the entire court to another resort, and the heavy hand of the government, canceled Marquet's lease, and caused him to move elsewhere.

"Although public gambling establishments are tolerated in Roumania, yet the fulfillment by King Charles of his threat to leave Sinia if Marquet stays there, is likely to prove effectual, since the place cannot exist without the court and its attendant gamblers; so that the greatest farmer of gambling tables since the days of old Blane, is likely to have as short a stay at Sinia as at San Sebastian.

"Still another instance of the modern powerlessness of kings, is also the scandal in connection with the phenomenal increase of titles of nobility in Spain, an increase against which the king is vainly protesting. When the English House of Lords refused to pass a measure enacted by the Commons restricting the legislative power, the Spanish government obtained an extremely reticent assurance from King George that if the Lords continued

**The Souvenir Hunter**  
By RUTH CAMERON

**WHAT** is a thief? That sounds like a simple question, doesn't it? And yet I know a great many people who apparently do not know how to define that term.

Just recently a young girl who belongs to an excellent family, and who has always seemed to me like a girl of principle, showed me with pride a collection of souvenir spoons bearing the monograms of various hotels. Jack's collection of them for me," she said. "You know he attends so many of those athletic banquets, and he almost always manages to bring me a spoon as a souvenir."

Jack is her fiance. We are often told that one of the first duties of women is to inspire their men folk to live up to higher moral standards.

Again, the travelers who visit places of historic interest are notoriously among those who do not know how to define the term "thief." How the homes of famous people, which have been opened to the public here and there, from these kleptomaniacs, only the caretakers really know. Nothing is too small, nothing too large and nothing too sacred for the souvenir hunter to bear away. I believe it was Beethoven's piano which was entirely robbed of its ivory by this variety of thief.

Now perhaps you think it is only the intellectually lower class of people who commit such outrages. Don't you believe it. Surely we might expect to find the real upper class of society in the colleges and universities. And yet I remember hearing a college girl tell that the hotels always charge an unusually large sum for a college dinner because they had to reckon on the silver they would lose on a recent sea trip I had an insight into one of the saddest features of this souvenir hunting. Tell me, Mrs. Souvenir Hunter, when you make way with a spoon or a button plate or some other bit of bric-a-brac from home, do you think you are stealing? You don't like that word? It's the right one, but I'll pamper you a bit. You say, or the company. Sometimes, perhaps, but how it is arranged in many cases. At the end of the trip the silver and other articles are packed and divided among the officers and crew, and that, an officer assured me, comes to \$10 or \$15 a trip.

Think of it, \$10 or \$15 stolen every few days from those poor folks, by people who must be at least decently well off.

The thief who steals from a wealthy woman is a greater criminal in the eyes of the law than this kind of thief, but to my mind he isn't half so despicable.

The Powerlessness of Monarchs—King of Roumania Driven From His Palace by Gamblers—King Alfonso Forced to Create Countless New Nobles

(Copyright, 1912, by the Brentwood Co.)

Monarchs are not always masters in their own domains, and this has been strikingly shown more by the action of King Charles of Roumania, who is seventy-three years of age, and in very frail health. He has just quitted his magnificent mountain palace of Sinia, in the Carpathians, owing to his inability to prevent the establishment of public gaming tables in the Casino of the adjacent town.

For close upon forty years this palace has been the favorite home of the king and queen. They had selected the site far away from any human habitation, and had the palace built according to their own designs at great cost, and they grew to love this forest home with a very great love, spending the greater portion of the year there. First, however, the dignitaries of the court, then the great officers and ministers of state, and finally the wealthiest and best families of Bucharest, gradually built residences in the vicinity, until quite a little mountain resort was formed. During seven or eight months in the year it is extremely gay there—the Crown Prince, the Crown Princess, and their children actually cook part now and then in the festivities.

Of course a club-house or casino became indispensable, where the men could play cards, read their papers, and exchange the gossip of the day, and the women chatter over the tea-cups and listen to the music of an excellent band. Indeed, the place so steadily increased in popularity that it finally attracted the notice of the King Leopold of Belgium's former friend and business associate, Marquet, who ran the public gambling tables at Deton, and who now has a chain of similar establishments extending from Portugal to Cairo.

King Charles and his Consort, who are literate as "Carmen Sylva," are the foremost to prevent him from obtaining a foothold in Sinia, and went so far as to invoke the assistance of the government. But in vain, for Marquet ended, in spite of all obstacles, by securing the lease of the Casino from the board of governors representing the owners.

King Charles, knowing that this would have the effect of attracting to Sinia all the riff-raff and scum of the Balkan states which is not saying a little and even of similar spirits from remote countries, has suddenly departed the palace, and left Sinia with his family and his entire court, announcing that he will not return there until the gambling establishment is abolished.

King Alfonso, it may be remembered, has had a somewhat similar experience at San Sebastian, his seaside home, where the corrupt municipality leased the Casino to this same Marquet, in defiance of the anti-gambling laws, and even of the protest of the royal family. The government then in office at Madrid, influenced by party political considerations, declined to intervene, and the sovereign was so incensed that he accepted the offer of the City of Santander, which with the object of attracting the court there during the summer, built a very handsome and spacious palace as a gift to the king.

There was not, however, only the king to consider, but also the Queen Mother, who built her summer residence of Miramar at San Sebastian over twenty years ago, and originated all the prosperity of the place. She found last summer so intolerable by reason of the class of people attracted there by the gambling tables, that she, like her son, threatened never to come again and employing her influence in other ways managed to cause Premier Lameless to intimate last spring to the municipality of the town his fixed determination to enforce the anti-gambling laws and the city fathers, fearing both the migration of the entire court to another resort, and the heavy hand of the government, canceled Marquet's lease, and caused him to move elsewhere.

Although public gambling establishments are tolerated in Roumania, yet the fulfillment by King Charles of his threat to leave Sinia if Marquet stays there, is likely to prove effectual, since the place cannot exist without the court and its attendant gamblers; so that the greatest farmer of gambling tables since the days of old Blane, is likely to have as short a stay at Sinia as at San Sebastian.

Still another instance of the modern powerlessness of kings, is also the scandal in connection with the phenomenal increase of titles of nobility in Spain, an increase against which the king is vainly protesting. When the English House of Lords refused to pass a measure enacted by the Commons restricting the legislative power, the Spanish government obtained an extremely reticent assurance from King George that if the Lords continued

**Daily Hints For the Cook**

**OLD FASHIONED CURRANT BUNS**  
One and one-half cups warm sweet milk, one cup sugar, one cup yeast or one yeast cake (if yeast cake is used dissolve in cup of lukewarm water), one-half cup butter, one cup currants. Make a stiff batter. Let rise over night. In the morning stir in as much flour as you can with a spoon. Let it rise again, then knead in enough flour to make out in small cakes, let rise again and bake in a quick oven. Two eggs may be used in the morning if liked.

**FRIED WAFERS**  
Beat one egg very light, add a saltspoon of salt, and enough flour to roll. Dredge the board slightly with flour, then take pieces of the dough as large as an olive and roll as thin as paper. Fry in deep, hot fat, watching carefully, as the wafers cook in less than a minute. Sprinkle with powdered sugar and serve crisp and hot.

**IN LONDON.**  
"Well, Cholmondeley," said the suffragette's father, "I know what you have come for. Marion has told me. But do you think you can support her in the style to which she is accustomed?"  
"Well, I've been trying to figure that out, Mr. Plantagenet," said Cholmondeley, "and, reckoning on six months in jail every year, fancy I can."

**RESTORE GRAY HAIR TO NATURAL COLOR**

By Common Garden Sage, a Simple Remedy For Dandruff, Falling, Faded, Gray Hair

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair as at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

The objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its richness, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your drug store today, and prove this to your own satisfaction. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent: Watson—100 King Street.

**IT IS EASIER TO SAVE THE HAIR YOU HAVE Than to Grow New**

The tendency to put off until tomorrow what we should do today accounts for most of the bald heads we see in the front row.

Newbro's Herpicide stops falling hair and prevents baldness. The dandruff germ is destroyed by its use and a condition of health maintained in the hair and scalp. Nearly everyone has hair troubles of some description which Herpicide will always correct. Don't wait until it is too late.

It is conceded to be the standard hair remedy and is recommended and applied by all the best hair dressers and barbers. Send 10c. in postage for sample and book about the hair to The Herpicide Company, Dept. R, Detroit, Mich.

Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. E. Clinton Brown, special agent.

**WHAT THEY GAVE THE PORTER**  
On his recent trip to California Bert Walker says the Pullman porter acted as though he wanted something from the passengers.

"What do you want?" Bert asked him.  
"Oh, anything you see fit to give, boss," replied the porter.  
"All right," said Bert. "Boys, let's give the porter three cheers." And they did.

SOLUTION OF THE SERVANT PROBLEM

For at Least Some of London's Many Housekeepers

THE "HOUSE-BOYS"

Youngsters Who Can do House-work Better Than Ordinary Domestic and Come at Five Minutes Notice

London, Aug. 6.—Women who keep house in London have discovered that they are no longer compelled to put up with the vagaries of that erratic and frequently inefficient person, the London housemaid. "Cook" may have to be humored and occasionally bawled, but if "Mary Ann" sets obnoxious her place can be filled at a moment's notice with a boy—yes, actually, a boy—who can do all the ordinary duties of the "slaves" as well as if not better than she can do them herself—and a lot more besides. Moreover the boy's services don't cost you more than do Mary Ann's, and they don't demand "beer money" in addition, like most domestics, have all their work done in their own homes. These "house-boys" as they are called, are sure-enough "treasures," and no mistake. They can make beds artistically with never a lump nor a hollow, "black-head" stove and "whiten" door-steps, and polish floors so that you see your face in them when you fall down on them. These, however, are only a few of the house-boy's accomplishments. A lot of them are "specialists"—some in dish-washing and others in boot-polishing, (a recognized part of a servant's duties over here), brass-polishing, eastern cleaning, wood-chopping, dog washing, gardening and various other kinds of house work. Moreover, if you are giving a party, and want the boys to open and close carriage, help at table, the establishment in Marlborough Road that supplies these youngsters can furnish you with a demure and dapper little "funkey," and for eight cents an hour extra you can have him in a stylish way.

WILL NOT CLOSE THEIR MONTGON MILL

Montreal, Aug. 6.—Officials of the Dominion Textile Co. denied today the report that their mill at Montgon, N. B., was to be closed down. The security of labor, the officials said, is no more than usually at risk at this season of the year, and while several mills may run below their capacity for a time, it is not likely that any will entirely cease.

GOSSIP AND NEWS OF THE LONDON STAGE

Lady Gregory's Irish Players Planning to Visit Canada THEIR REPERTOIRE

New Play by Mysterious Anthony Wharton—Sad News of Lily Elsie—Will Never Again Be Seen on the Stage

London, Aug. 6.—Lady Gregory's Irish players have just arranged for a tour in Canada and the United States. Aside from the storm-tossed "Playboy of the Western World" and some of the other favorites, they will take with them a number of new plays and have been tried out in Dublin and London, and found to be up to the standard—which is high praise. One of them "Parities," by Lennox Robinson, is as fine a play as anything Lady Gregory's people have done, except "Swept Work." It tells the story of a fire eating Irish revolutionary who comes out of prison after twenty years for political crime, and starts in on the old propaganda, with all the old zeal, only to find that his old friends look upon him as a crank. The play is in humor, pathos and significance. William Boyle, whose "Original Wonders" and "The Building Fund" were among the most popular in the Dublin repertory, has also written a delicious new comedy "Family Failing." W. B. Yeats's "Cathleen Kelly" will be given also, and probably one or two new plays by Lady Gregory. The tour will probably begin in Boston immediately after Christmas, and will include Montreal and Toronto.

CONDENSED DESPATCHES

Mexico City, Aug. 6.—Revolving Juarez Indians in northern Oaxaca have surrounded a federal detachment near Ixtlan. Unless the troops can cut their way out of the trap, they probably will fall victims of torture.

FARM LABORERS. "The Call for Help" from the farmers of Western Canada is resounding throughout the Maritime Provinces. Thousands upon thousands of helpers will be necessary to assist in harvesting the great crops in Manitoba, Saskatchewan and Alberta. The demand for laborers is greater this year than ever before. The west cannot provide and the east is again requested to render assistance that is absolutely necessary. The Canadian Pacific Railway is called upon to name excursion rates, and operate special trains for the transportation of farm laborers going from the Maritime Provinces. The excursions will leave the Maritime Provinces Aug. 12th and 28th. See advertisement.

WHEN THE WORLD DOES END. Lillian Russell will still be giving out saucy hints. There will be some English suffragettes in jail. Harry Thaw will be trying to get out of the asylum. Some hundreds of vaudeville persons will still be singing "Silver Threads Among the Gold." Somebody will be trying to invent a non-pollutable automobile tire.

MORE MACHINERY. Gradually the rolling stock being employed by the Courtenay Construction Co. in the extensive developments at Courtenay Bay is being increased for the furtherance of the work. Another large locomotive was brought to the city yesterday from Harvey Junction over the I. C. R. and is being taken by covers to the scene of labor today. With it is a very powerful hoisting engine of huge capabilities. This makes three large locomotives now on the job.

SMALLPOX CASE. A house in the Pokok Road, a little way past Bellevue avenue, is in quarantine today in consequence of a case of small pox having developed there. The patient, who is a man a little past middle age, was taken to the isolation hospital today. His name is Philbrick, and although the health authorities are taking all possible precaution to guard against danger and spread of the disease, it is said that his attack is a mild one.

The Great Sale Still Gaining in Force and Favor as Bargains Are Becoming Better Known

This is truly the banner bargain event of all our previous special efforts. But there is every reason evident for the great success of this mighty movement.

Never in our history were we compelled to dispose of such an enormous stock of fine seasonable goods at the end of the season, hence to protect our own interests for the future and take no chance of carrying over any goods, we inaugurated this great clearance sale.

Before we attempted to offer this stock to the public we realized what we were up against. The volume of goods was so enormous that our only chance was a tremendous sacrifice.

For good, sound business reasons, losses are sometimes advisable.

When this sale was announced we stated that neither cost nor profit would be considered--we proved our statement by the crowds that were here continually since the sale began.

And remember this sale is booked for 10 days only, therefore Saturday of this week will be the last day.

There are still hundreds of splendid bargains all through the store, but the earlier you take advantage the stronger the variety, as stocks are rapidly moving out. COME TODAY. Store open tonight till 9 o'clock.

"CONNIE MACK" SAYS

HENRY IS WORLD'S BEST BACKSTOP

Connie Mack, usually noncommittal and admittedly one of the best judges of a ballplayer in the world, has gone on record with a boost for a Washington player that will be appreciated by the fans of the Capital City. According to the man who has won two World's series in as many seasons, John Henry, the Ashcroft boy, who is out of the game through injury at the present moment, is the best catcher in the game today.

His opinion was expressed to the writer as an incident of a conversation regarding the Nationals and Washington had just been for four straight games. Connie Mack, intensely interested in the Cleveland team, managed Henry Davis, his old lieutenant, managing the talk drifted around to a discussion of Cleveland's failure to show, and it was agreed that the wisdom of the club is its lack of catching.

"O'Neil is the only man who looks good," said Connie, "and he is not there yet. But he will be a great catcher in a season or two. He will come in a hurry, just as Henry of the Nationals did. Henry was very ordinary for a time, but he had the makings, and he became a star almost overnight. Now he is the best catcher in the American League."

"How about Stages of Detroit?" Connie was asked. "Stages is a great catcher," replied Connie, "but Henry is better. Henry has it on any other catcher, not only in his league, but in the country. Stages can throw and can handle pitchers, but Henry, in addition Henry, can have a short passed ball or can block a wild pitch, can go and get it and still have the runner out. No man in the country can make this play the way John does. He is quick on his feet, and he has the arm. In addition he is a game preserver."

"My team looks better right now than at any time this season," said Mack. "The pitchers are going in improved form, and the men seem to have more speed. Collins has not been himself this year, but in the last ten days has begun to play like the Collins of the past two seasons. We are playing better ball, and will win a lot of games."

The players of Mack's team have no great hope of ever catching the Red Sox. They show this in their actions and in their conversation. Connie, however, will not quit until it is mathematically impossible for him to win. He had a meeting of his players at his room at the hotel here recently at noon, in which he went over the mistakes of Saturday and lectured the men just as if his club was neck and neck with the leaders. Then they went out to the yard and won a game, after having their pitcher knocked off the slab.

**PLANS OF THE REDEMPTORISTS ARE ANNOUNCED**

Rev. Father Duke to Stay at St. Peter's—Rev. Wm. Brick of Toronto Appointed Superior of Canadian Order

Boston, Aug. 5.—The Redemptorist Order of priests and brothers in the province of Toronto, which includes all places in the Dominion of Canada and Newfoundland, will receive orders tomorrow where the English-speaking priests and brothers of the well known order will be, under the directions of an English-speaking superior.

It is thought this step is being taken in order that better results might be accomplished and the work of the order advanced.

In order to bring this about a number of changes were made and about the most important of these is the establishment of a vice-province, which leaves the province as originally the English-speaking priests will come under the vice-province superior. This change will have effect especially throughout New Brunswick, Newfoundland and Nova Scotia.

Very Rev. William Brick, C. S. S. R., who for several years has been rector of the Redemptorist Fathers Church at Toronto (Ont.), has been made superior or vice-provincial, which gives him charge of this new departure and his consultant, as assistant, will be Rev. Fr. William Hogan, C. S. S. R.

Very Rev. William Brick, C. S. S. R., the new vice-provincial, is a Buffalo man.

Among the changes that go into effect with this change is the appointment of Rev. Fr. Stephen Connolly, C. S. S. R., for a five or six years attached to the Mission Church, Boston, as rector of the Redemptorist Church at Toronto, to succeed the vice-provincial.

Rev. Augustine Duke, C. S. S. R., formerly of Boston, but for the past three years rector of St. Peter's church, St. John (N. B.), has been reappointed rector for another term of three years.

**SALE OF UNMARKED LOGS**

The St. John River Log Driving Company met yesterday morning in the board of trade rooms and sold the unmarked logs which have come in the company's boats. The lumber amounted to 745 M. spruce, 73 M. pine, 74 M. cedar, 42 M. hemlock. The price of the spruce was lower than last year.

The buyers yesterday were as follows: York & Sanbury Milling Co., St. Mary's, spruce, \$13.40; Murray & Gregory, Ltd., pine, \$10.50; cedar, \$11; Hayward Bros., hemlock, \$9.25.

The prices realized last year were as follows: Pine, \$14.50; spruce, \$10.25; cedar, \$9.40; and hemlock, \$7.50.

The last section of the corporation drive, comprising about 2,000,000 feet, is expected to be in the boats early this week. This is the last of the lumber cut on the St. John river, the total for the season which has been driven into the boats of St. John Log Driving Company amounting to about 100,000,000 feet.

**THE NEW CROWN LANDS ACT**

Chatham Gazette, Aug. 1.—The new act of the New Brunswick legislature respecting the disposition of products of the crown lands came into force. Under this act the lumber taken off crown lands in New Brunswick cannot be exported before it has been through some process of manufacture in this province. The chief article of export that is affected by the new law is pulpwood as under the meaning of the act the work done in stripping the wood of its bark and sawing it into lengths is not reckoned as a process of manufacture.

**BULL MOOSE CONVENTION HAPPY AND HARMONIOUS**

Organization Proceeding Smoothly—Negroes Barred—Many Women Delegates—Cheers for Roosevelt and Hisses for Taft

Wm. A. Prendergast, Albert J. Beveridge

Temporary Chairman at Progressive Convention and Man Who Will Make Speech Nominating Col. Roosevelt

Chicago, Aug. 5.—The first session of the first convention of the new national Progressive party of which Colonel Theodore Roosevelt is sponsor, was held in the Coliseum today, and while the sitting was attended by all the usual ceremony of a national political gathering, the actual proceedings were suggestive of a love feast.

Not a dissenting voice was raised during the session. The question of negro representation from the south had caused friction earlier in the day in the national committee, but there was no echo of this fight on the floor of the convention. The delegates were at times explosive in their enthusiasm. Many of the state delegations came into the hall singing and shouting in their delight at the birth of the new party and three hours later left the building in the same happy frame of mind.

Although green hands were supposed to be at the helm, the machinery of the convention worked smoothly and efficiently. There was no roll call of delegates, but the delegate section of the floor arranged in the same manner as at the Republican national convention a few weeks ago, and accommodating nearly 1,000 people was entirely filled. The alternate section also had its full quota.

There was a great cheer as Senator Jos. M. Dixon, national chairman of the party, stepped forward. This was repeated later when the call for the convention was read and there was even greater enthusiasm when former Senator Albert J. Beveridge, of Indiana, was presented as the choice of the national committee for temporary chairman.

The formality of electing Senator Beveridge was not necessary and amid renewed acclaim he was escorted to a place on the stage, decorated with a gold badge and handed the convention gavel.

Senator Beveridge then delivered his keynote speech. He spoke for more than an hour and a half, expressing some of the advanced ideas of the government adopted by the new party and paving the way for the even more progressive proposals to be made to the convention by Colonel Roosevelt tomorrow.

The temporary chairman was heard with the closest attention, throughout. Once he mentioned President Taft in connection with his approval of the Payne-tariff law and instantly there came a storm of jeers and groans from the crowd. Every few minutes Senator Beveridge was interrupted by applause and cheering.

A decided feature of the convention was the large number of women delegates. The adoption of a platform and the

**\$50,000 RAISED BY POLICE SYSTEM TO DEFEND BECKER**

Three Lawyers Appear for Accused Lieutenant—Crooks Through Court-Room—Police "Afraid to Leave Beats" to Arrest Suspects

New York, Aug. 5.—A police fund of \$50,000 is being raised for the defence of Chas. Becker, the police lieutenant, charged with instigating the murder of Herman Rosenthal, according to the information in the hands of District Attorney Whitman tonight.

The information came to the prosecutor today in connection with the arraignment of Becker. During five hours of legal procedure, which included the withdrawal by Becker of his plea of "not guilty," he made one motion to dismiss the indictment on the ground that it was irregular and another to reverse the grand jury minutes and take evidence to show whether he was ground for the indictment was sufficient. Judge Mulqueen refused to grant either motion.

In his application to inspect the jury minutes, held that the evidence produced was not legal in that it was testimony of accomplices in the alleged crime, namely "Jack Ross," "Bridgie" Webber and Harry Valon.

It was said that Webber was to appear for arraignment at the criminal courts building in the hope of getting a glimpse of the man who is the central figure in New York's greatest police scandal. Among those men who were recognized many gamblers and characters of the underworld, and plain clothes men and policemen circled through the building and guarded the entrance of the court room ready to forestall possible violence.

The crowd eventually became so unruly that the court room was cleared of all persons having business were admitted to the court. Becker, looking somewhat pale from his weeks of prison life, walked from the tomb across the Bridge of Signs to the court room with a firm step and maintained a self-possessed but grave demeanor during the proceedings.

While the police are searching the Catskills for "Gyp the Blood" and "Lettie Louie," two of the alleged real murderers of Rosenthal, private detectives employed by the district attorney are looking for them in Boston. Mr. Whitman on his visit there on Saturday was told by his men that "Lettie Louie" had been seen there recently and that they hoped to capture him soon.

The district attorney had a voluntary witness before him today who accused two police officers of failing to arrest the two missing men when he pointed them out to the officers of West 42nd street, two days ago. The man said he knew them both but that the policemen refused to leave their fixed posts to arrest the men.

Both policemen, McMahon and Philbin, admitted that the witness had pointed two men out to them as "Gyp the Blood" and "Lettie Louie," but declared that they did not dare to leave their fixed posts for fear of being fined.

The manager of a large hotel in Chicago is said to have solved the fly problem by installing near the main entrance a fountain in which are kept several ducks. All flies that enter the hotel make the fountain their common meeting ground and there they are quickly gobbled up by the ducks. Last year the hotel had much trouble with flies; this year it has none at all.

The "Do's" and "Don'ts" given in a circular issued by the Boston Chamber of Commerce on the prevention of disease that flies are liable to spread are particularly interesting right now at the height of fly-time. Here are the:

**A FEW "DON'TS"**

- Don't allow flies in your house.
- Don't permit them near your food, especially milk.
- Don't buy foodstuffs where flies are tolerated.
- Don't have feeding places where flies can load themselves with excrement from typhoid or dysenteric patients.
- Don't allow your fruits and confections to be exposed to the swarms of flies.
- Don't let flies crawl over the baby's mouth and swarm upon the nipple of its nursing bottle.

**AND SOME "DOS"**

- Clean up your premises inside and out, and, as much as you can, see that others do the same.
- Screen all windows and doors and insist that your grocer, butcher, baker and every one from whom you buy foodstuffs does the same. There is more health in a well-screened house than in many a doctor's visit.
- After you have cleaned up your own premises, inspect the neighborhood for fly-breeding places. Call the attention of the owner to them, and, if he does not remove them, complain to the Board of Health.
- Flies breed in horse manure, decaying vegetables, dead animals, and all kinds of filth.
- Remember that wherever absolute cleanliness prevails there will be no flies. Look after the garbage cans. See that they are cleaned, sprinkled with lime or kerosene oil, and closely covered.
- Remove all manure from stables every three or four days, and when removed

**RULES OF ETIQUETTE RELATIVE TO FLIES**

Boston Chamber of Commerce Gives Course of Instruction of Value During Fly-Time—Some "Do's" and "Don'ts"

keep in a tight pit or vault, so that flies cannot breed in it.

Lye, chloride of lime or blue vitriol water, crude carbolic acid, or any kind of disinfectant may be used.

Keep flies away from the kitchen. Keep flies out of the dining-room and away from the sick, especially from those ill with contagious diseases.

Screen all food. Apply this rule, not only to food prepared at home, but to foodstuffs offered for sale, and especially fruits, salads, and all other things which do not require to be cooked.

To clear rooms of flies carbolic acid may be used as follows: Heat a shovelful or any similar article, and drop thereon 20 drops of carbolic acid. The vapor kills the flies.

A cheap and perfectly reliable fly poison, one which is not dangerous to human life, is bichromate of potash in solution. Dissolve one dram, which can be bought at any drug store, in two ounces of water, and add a little sugar. Put some of this solution in shallow dishes and distribute them about the house.

Sticky fly-paper, traps and liquid poisons are among the things to use in killing flies, but the latest, cheapest and best is a solution of formalin or formaldehyde in water. A spoonful of this liquid put into a quart of a pint of water and exposed in the room will be enough to kill all the flies.

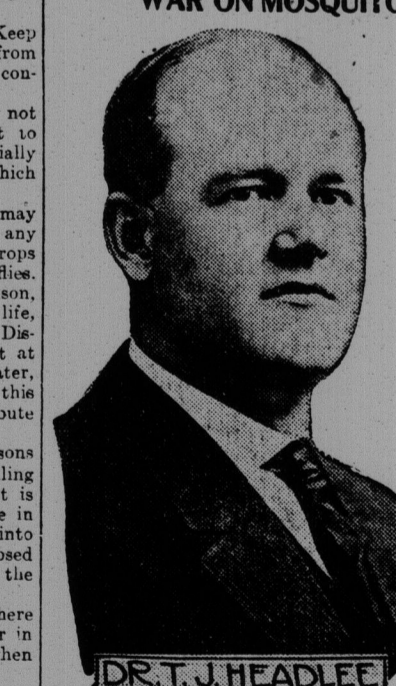

Quickly to clear the room where there are many flies, burn pyrethrum powder in the room. This stupefies the flies, when they may be swept up and burned.

It was issued during the reign of the Emperor, Tai Tze, during the reign of the Emperor, Tai Tze, the value was one "kwan" or "a string of cash."

The Masovian antarctic expedition finds that a wireless telegraph apparatus will not work on the island of Macquerie, a small island about 200 miles south of Tasmania. The cause, it is believed, can be found in the south magnetic pole, which is very close at hand. The pole overpowers the instrument in some way.

DR. T. J. HEADLEE

Manhattan, Kan., Aug. 5.—Dr. T. J. Headlee, state entomologist and head of the entomological department at the Kansas Agricultural college, is considering an offer to become state entomologist for New Jersey. Should he accept the post he will have a fund of \$25,000 to use in fighting mosquitoes. Dr. Headlee is a native of Indiana and is about forty years old. He has been connected with the Kansas Agricultural college since 1907.

The German Emperor refuses to listen to the revolutionary strains of the "Marseillaise." Since he came to the throne he has never allowed the French National hymn to be played at his court, at any of the state theatres or by any German naval or military band. When he entertains the French ambassador at dinner or receives him in state and wishes to pay him musical honors, he orders the musicians to play the old "Marseillaise," which is in every sense of the word a Bourbon hymn.

Baseball Notes

McGraw doesn't believe in scouts to travel about the country picking up young players. He relies chiefly on agents, identified with clubs in many of the minor leagues. The Giants manager is a man of great understanding with these agents. If they discover players worthy of a trial they send them along after first expressing their skill through the mails. If a player thus recommended makes good, the agent is paid for his services, the amount being left entirely to the New York manager. It is understood that McGraw recently sent out a call for new pitchers and that the agents will forward a bunch of names for trial next spring. McGraw is said to be rapidly weakening on the veterans Witte and Ames and realizes in deceptive motions that would catch the base runners and still pass the muster of the umpire. Prior to the start of the present campaign President Johnson sent a strong bulletin to his umpires relative to these balk motions that a number of the pitchers have perfected. He gave his umpires to understand that the balk rule was to be enforced to the letter and that if it wasn't the umpires who were lax would hear from him. As a result balks have appeared in the summary of this year, two having been called in several games.

King of Pinch Hitters

Doyle is now leading the National League in driving in runs. Figures compiled to Saturday show that "Laughing Larry," who was born in Casseyville, Ill., July 31, 1886, had a good margin over his timely hitting competitors. Doyle has driven in seventy-two of the runs scored by the Giants, putting the finishing touches to sixty-four runs by making safeties, to five runs by lifting sacrifice flies and to three runs through the medium of infield out.

His nearest competitor for the honor of leading the National League in timely hitting is Zimmerman, who has batted the home-city "markers," "Red" Murray is a good third, with fifty-seven, and follow, in the order named, Wagner, of the Pirates, and Cravath, of the Phillies, each with fifty-three. JOHNSTON'S ATTITUDE HAS NOT HURT THE BOXING GAME

Jack Johnson's refusal to box Joe Jeannette ten rounds in Madison Square Garden on Labor Day for less than a \$20,000 guarantee has convinced ring critics that the world's heavyweight champion is both unreasonable and afraid. While there is little doubt that Johnson's appearance here would excite unusual interest and draw a big gate, it is a question whether a bout with Jeannette would prove attractive enough to cover such enormous expense, says the New York Sun. Even if Johnson had accepted Manager Jimmie's offer of \$20,000 some persons are inclined to the belief that the Garden A. C. would come out at the little end of the horn. With Johnson receiving a \$20,000 guarantee, Jeannette could have insisted upon at least \$5,000 for his end, while other items would have made the big club liable for about \$30,000.

TRIUMPHAL MARCH FOR THE OLYMPIC HEROES

The plan and scope committee of the Metropolitan Association of the A. A. U. held a meeting recently at the New York Athletic Clubhouse to further the preparations for giving the return heroes a glorious reception when the whole team is gathered together in its home land. There was a representative attendance in the boxing room of the big clubhouse, when Chairman Frederick W. Ruben called the meeting to order, and suggestions came thick and fast from the members of the different leagues who have joined with the purely athletic club men to recognize properly the achievements of the men who wore the stars and stripes in Sweden. After some discussion the date for the big parade was set at Saturday, August 24, at 10 o'clock in the morning. The line of march was agreed on tentatively as starting from Forty-sixth street and Fifth avenue, proceeding down fifth avenue to Forty-second street, along Forty-second street to Broadway and down Broadway to City Hall. It is proposed to have the line of march lined by school-boys, each supplied with an American flag. An effort will be made to have the celebration a national one and with this object in view the chairman was instructed to invite President Taft and Governor Dix to attend and take part in the parade. Also a letter will be sent to the President asking him to detail the soldiers at Governor's and the West Point cadets for duty in the parade. The mayor will be asked to notify the citizens along the route of march to decorate their homes and stores for the occasion. Chairman Ruben will appoint a citizen's committee to view the parade, to decorate their homes and stores for the occasion. "NICHOLAS NICKLEBY" BIG HIT

Dickens' Fine Story Delighted Thousands TO BE SHOWN TODAY FOR THE LAST TIME Mr. Stephen Bush in the Motion Picture World: "The Squares in the picture and do we see the Squares' pugilist? Yes, to both questions. The boys get their 'brimstone and treacle' treatment in full view of the audience. The opponent men of Squares, consumed by the popping eyes of the scholars' is there, likewise the tankard of ale, likewise the cup of water for the boys. Fanny Squares? Yes, she is there, even to the 'remarkable' expression of her right eye. Her flirting with young Nickleby would get a laugh from a set of graven images in a Chinese temple. Mrs. Squares and Wackford are there, too. What can I say to do justice to the characterization of young Nickleby, of Crumple's 'en famille' and of the dear Chubbly Cheerybles? The sister of Nickleby is taken by an exceedingly clever artist. Grice is simply startling in point of appearance, acts superbly, and leaves a profound impression. Newman Noggis is just what Dickens meant him to be, while Ralph Nickleby lives up to the description of the book in every inch of his personality and every bit of his acting. I must not forget 'Smike,' he, too, helps to sustain the general standard of excellence."

MORE VACCINATIONS. The work of vaccinating the children intending to enter school in the fall is being proceeded with by the board of health. Yesterday a large number of youngsters were brought to Dr. Melvin by their mother or guardians and today many more were taken to the board of health rooms, for the same purpose.

JUNIOR BASEBALL. The Young Athletics were defeated by the Pond street Stars by a score of 5 to 4 on the Hazen avenue ball grounds this morning. The Dritz brothers were the battery for the losers and Lavigne, Holman and Merritt for the winners. Umpire Budovich gave satisfaction to both teams. The game went four innings.

EARLY CLOSING MOVEMENT. The members of the Early Closing Association have been active in the fall being secured the necessary number of names required by the common council in order for them to have a plebiscite taken on the early closing movement. They have secured about 150 names and they will hand them in to the common clerk before Thursday of this week.

TREES DESTROYED. It has been brought to the attention of the Times today that vandals are destroying the trees set out in Ellerslie park, less than three having been destroyed within the last few days. It has also been noticed that proper care has not been exercised in the manner of caring for the trees. The coverings for the trunks are not changed from year to year, should be, and the result is that the rope or cord is cutting into the trees and destroying life.

CRUELTY TO YOUNG GIRL. S. M. Wetmore, secretary of the S. P. C. A. returned from Woodstock yesterday where he had been in connection with a case of reported cruelty to a young girl. Mr. Wetmore looked into the matter fully, and the Woodstock society is now dealing with the matter. He said this morning that there had been several applicants for the little baby who was found on Ben Lomond road several days ago, but that nothing had been done in the matter as yet. The child is still in the Municipal Home.

MAYOR LEAVES IT TO THE CITIZENS

His Worship Mayor Frink, this morning expressed the hope that the meeting he called for this afternoon in his office will wake people up to active preparations for the reception of the vice regal party in St. John. Just what lines the meeting would take, the mayor was unable to say as he will leave everything with the citizens themselves. His purpose was that this city should do itself justice in the manner of receiving their Royal Highnesses so that they will not be outdone by other places. His worship pointed to a splendidly gotten up programme for the Home Reception and noted that throughout the school children played an important part in their Royal Highnesses had expressed the hope that it should be so. It is hoped that at this afternoon's meeting this matter will be taken in hand.

SACKVILLE NEWS

Sackville, N. B., Aug. 6.—Dwight Pickard, of Vancouver, B. C., is spending a few days in town as the guest of his brother, Messrs. Charles and Humphrey F. Pickard.

The gooseberry crop is reported exceptionally good. Many tons are being shipped to various parts of the maritime province.

The weather still continues very bad for hay and the farmers are feeling very much discouraged. The wet weather has proved very bad for road crops, especially those on low lands.

TEN HUNDRED HAPPY CHILDREN ENJOYING OUTING

Bishop's Picnic at Torryburn, The Biggest Day in the Year For Many of the Youngsters

Ten hundred happy smiling children from the Cathedral Sunday school boarded the train this morning for Torryburn, and were soon scampering about the broad expanse of picnic ground owned by the Bishop of St. John, enjoying themselves to their heart's content. Of this large number about seven hundred paraded from King Square to the Union Depot, their young faces radiant with anticipated pleasure, free from care and bent on making the best of the outing. The procession was one of the most lengthy of its kind seen in St. John and was headed by the City Cornet Band which rendered a choice programme of spirited marching airs as the parade wended its way along Charlotte to King to Market Square and through Dock and Mill streets to the Depot. Large numbers of people lined the route of march. The children were accompanied by Rev. Fathers D. S. O'Keefe, and E. J. Conway. His Lordship Bishop Casey drove past in the rear, in his carriage, for what will probably be the last time that he will accompany the little children of his parish, who have been so near and dear to him.

On arrival at the grounds those going on the train at 10:30 found everything in readiness for their enjoying the day. A large committee had gone out to Torryburn early in the morning and had worked hard to have the amusements and other picnic essentials in readiness when the large crowd arrived. The merry-go-round, swings, see-saws, and other entertainment features were soon centre of attraction, and the refreshment and candy stands were well patronized. The noon train carried another large crowd, while on the train at 2:30 every seat was filled. The weather during the early part of the day was all that could be desired, and should it continue so for the remainder of the afternoon the picnic will be one of the most successful in years.

MARATHONS AND WOODSTOCK COLTS THIS AFTERNOON

The Woodstock Colts and the Marathons will line up on the North End grounds this afternoon. The game will start at 3:15 o'clock. Empire Evans will handle the contest, which is expected to be a good one. Steve White will be on the mound for the home team and it is likely that McLaughlin will do the twirling for the Colts. The Greeks are due for a win, and as the Colts were decisively beaten at Fredericton yesterday, the home hoodoo that has been following them should start on their winning streak. The teams line up as follows:

ATHLETIC MEET HERE IN CONNECTION WITH THE EXHIBITION

There is a project on foot to have a big athletic meet here in connection with the exhibition and the matter is to be dealt with at a meeting of the executive committee of the exhibition which is to take place this afternoon. The suggestion that there be a series of track events to be held over two days, it was suggested that the preliminaries could be held between 6:30 and 7:30 and the main event in the evening. Other meetings to come before the afternoon business is the question of bands. In this connection the Executive Trustees of New York will be found among the musical attractions.

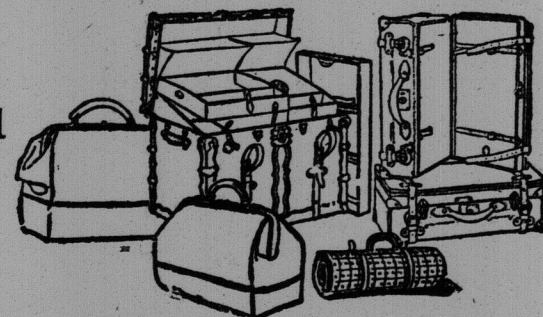

The programme for the horse show department is gradually assuming definite shape and entries, on the whole, are most gratifying, particularly in the pure bred and what might be called the fancy classes. The executive hope however, to see a warmer cooperation from local people whose horses would be eligible, both for the commercial and light classes, as it is felt that there are many animals of high standard in the city. There would be little or no time lost as the animals are only required to be on the grounds for a short time. Again, the prizes are well worth competing for.

DAVIDSON FARM SOLD TO ENGLISH CAPITALISTS

One of the largest, if not the largest deal in East St. John real estate has been put through by Messrs. Allison & Thomas in the sale of the Davidson farm of 110 acres. This farm is what is known as the Davidson homestead and is situated at "the forks." It is a large rectangular piece of ground starting near the junction of the Lower Loch Lomond Road and the Black River and extending in an easterly direction with a very large frontage on the Lower Loch Lomond road. The property is practically all cleared and is mostly used as hay land, the ground having no steep hills or valleys and is particularly suitable for subdivision purposes. The residence and fine barns of Mr. Davidson are included in the purchase, along with other buildings and out-buildings. The purchasers are English capitalists. The farm was the property of Thomas M. Davidson one of the largest and best known farmers of the East St. John district. It is rumored that the price was in the neighborhood of \$100,000.
