## The Reason Why Our Clothing Costs Less

There must be a good reason for everything, and there are several good reasons why we are able to sell clothing on less profit than others can, the chief of which is WE SELL ONLY FOR CASH, saving the bookkeeping and collecting expense as well as the bad debts, and then a very important matter in we have the cash to buy with, and are able to turn it over twelve times a year, making a profit in each turn over. Compare our prices and you will buy here too!

MEN'S SUITS at ..... \$3.95, \$5, \$6, \$7, \$8.75, \$10 to \$18.  
MEN'S D. SUITS at ..... \$5, \$7, \$8, \$10, \$11, \$12 to \$20.

Furnishings, 199 to 207 Union St.

## ANOTHER DARING ROBBERY ON THE WEST SIDE.

Burglars Break Into Grocery Store on Corner of Prince and  
Ludlow Streets—Large Amount of Groceries Taken—  
Carlton Storekeepers are Becoming Alarmed as  
Several Thieves are at Work.

The west side grocery burglars are again at work, and last night made another successful break. Early this morning white Policeman Wm. Lee was patrolling the west side streets he discovered that the grocery store kept on the corner of Ludlow and Prince streets had been entered and robbed. The entrance was made through a window on the Prince street side of the building. A pane of glass had been cleverly and almost noiselessly removed by the cutting away of the putty which held it to the sash. It being a fairly large pane its removal gave ample space for an ordinary sized thief to crawl through. The store keeper was notified and on investigation it was found that the cash drawer had been opened and emptied of all the small change, which had been left in it last evening, a large number of bananas, some figs of tinned cakes, some steak and other provisions and delicacies stolen. The thief was a cool one, as he took time to eat some bananas before leaving and leave the peeling on the floor, but on leaving the store his bundle of stolen articles must have been cumbersome as some of the fruit and tobacco was found on Prince street and also on Water street. For the past few years the grocery stores in the Prince and Water street locality have suffered considerably from the daring breaks of robbers, who apparently know their ground well. A few years ago Mr. Saunders' store on Prince street and Market place was entered and about \$1,000 in cash stolen. The entrance on this occasion was made through the front door, which was unfurnished by a piece of the pane having been removed by means of holes bored with an auger. Then Mr. Belyea's grocery was entered on Prince street and a quantity of stuff stolen. This place was entered the second time and the thief, the audacity to leave a card for Mr. Belyea with the words "Ded easy" on it. The Carlton storekeepers have good cause for alarm and leave but little cash in their stores over night. The police have been most energetic in an attempt to capture the thieves, but the task is a hard one.

## ANNUAL SALE OF NO MARKED LOGS

Book Place at Office of A. T. Randolph in  
Fredericton This Morning.

FREDERICTON, N. B., Aug. 2.—At the office of A. T. Randolph & Sons this morning the annual sale of "No Mark" logs rafted by the Fredericton Boom Company was held. The sale was well attended by a number of prominent lumber men. Henry Hilyard became the purchaser of the spruce at \$13.85 per thousand. Henry Gregory of the pine and hemlock, the pine bringing \$7, and the hemlock \$4.75. Up to the present about 70,000,000 feet have been rafted by the company, about two-thirds of the amount that is to be rafted. The number of mark and mixed mark logs sold this morning totalled as follows: Spruce, 15,807 pieces, containing 240,968 feet of merchantable, 455,195 of batons and 107,139 of condemned; pine, 580 pieces, containing 15,540 feet; hemlock, 373 pieces, containing 25,335 feet; cedar, 458 pieces, containing 167,760 feet. A charge of five cents per thousand is added for the privilege and purchasers will receive at the same price the balance of unmarked lumber to be rafted this season. Last year's prices were: Spruce, \$14.30; cedar, \$6.90; pine, \$12.15; hemlock, \$4.80.

## WILD RUMORS CAUSE ALARM

Reported That Mutiny Has Broken Out at  
Cronstadt—Another Official Mur-  
dered at St. Petersburg.

ST. PETERSBURG, Aug. 2.—The wildest rumors are in circulation one of which, to the effect that a mutiny has broken out at Cronstadt, has caused the utmost alarm, which has been increased by the fact that telephone communication with Cronstadt is again interrupted. It is asserted that four mutinous warships have arrived at Cronstadt and that the guns of the fortress have been trained on them, but fire has not yet been opened. ST. PETERSBURG, August 2.—A reactionary newspaper of Moscow published the news of the murder of St. Herenstein Tuesday morning, more than 15 hours before the perpetration of the crime. TIFLIS, Caucasus, Aug. 2.—Upon the arrival of a detachment of cosaks the companies of the Samur regiment at Deshagar, commanding the famous Iron Gate of Derbent, which had mutinied, surrendered and handed over their ring leaders to the cosack commander. Telegraphic communication with Deshagar has been restored.

## NOVA SCOTIA MEN KILLED.

DUNCHURCH, Ont., Aug. 2.—About three miles north of here on the James Bay Railway construction work, foreman Peter Morrish, his son William and an Italian (name unknown) were blown to atoms last night by accident discharge of dynamite. The accident occurred near where four men were killed about a month ago. The Morrishes, father and son, belong to Nova Scotia.

## COAL DISCOVERED.

BATTLEFORD, Sask., Aug. 2.—Coal has been discovered within a few miles of this town, between the Saskatchewan and Battleford rivers.

## DEATH OF AGED FREDERICTON LADY

Forty Three Tourists Going to Capital by  
Boat—Other News of Interest.

FREDERICTON, N. B., Aug. 2.—The death is announced of Mary the wife of Don O'Brien of this city, the 74th year of her age, after only a few hours illness from heart trouble. She was born in 1862, and was the daughter of John and Emma, of Hill, of Dublin, Ireland. A brother, Edward McEwen, of Baker house, and a sister, Mrs. Hill, of Dublin, Ireland. The marriage was solemnized yesterday of A. L. Trevel, of Maryville, and Miss Rider of this city. Forty-three tourists will arrive on the afternoon's boat and put up at the Queen Hotel. His Lordship Bishop Kingston has so far declined to enjoy a drive out yesterday afternoon. Frazer Gregory of St. John with a party arrived here to day in his yacht. The party includes, Fred. Miles, Mrs. Murray, and Mrs. Winter, of St. John. Word was received from Chatham this morning that the cricket team would arrive here Saturday morning and play here in the afternoon and Monday morning. The arrangements of Durham Bridge have arranged for a church parade on Sunday afternoon next and have invited the Rev. Dr. Duffy, rector of St. Mary's, to conduct the service and preach. Mr. John T. Brannen and Miss Mary E. Williams of St. Mary's were united in marriage by the Rev. Dr. Duffy on Tuesday last. The groom is a nephew of Mr. Sterling Brannen of the provincial secretary's office.

## RIVER BOATS BRINGING DOWN MUCH PRODUCE.

The green start is now rapidly coming in on the river boats. New potatoes are quite plentiful and are selling at 85 cents per bushel. Green peas are quite scarce this year and are fetching all the way from 75 cents to a dollar per bushel. Beans are selling at 75 cents a bushel. A number of cabbages are also being received and are worth about 45 cents per dozen. Blueberries are reported as quite scarce and are still fetching a good price, as they are selling for about 90 cents per peck, when, as a rule, at this time of the year, any amount could be bought for 50 cents per peck. Raspberries are selling at the boats for 11 cents per box.

## COMMISSIONER COOMBS IN TOWN

Commissioner Coombs of the Salvation Army arrived in the city from Toronto this morning. In conversation the commissioner stated that he was here on a holiday trip and that he did not expect to transact any business while here. He said he expects to remain in this city for several days and will during that time enjoy a sail on the St. John river. He also stated that he expects to return to this city in the fall when the general council meets. He said his people this year brought out 13,000 immigrants from the old country, but next year they hope to bring out over 20,000 immigrants. They will have altogether eight special steamers, the first coming early in February.

## COMMITTED SUICIDE IN HIS BARN AT BELLE ISLE CREEK.

### LITHOGRAPHERS OUT ON STRIKE

Six Thousand New York Men  
Quit Work.

Big General Strike Predicted in Canada  
and the United States—Men De-  
mand 48 Hour Week.

NEW YORK, Aug. 2.—It is estimated that six thousand employees of lithographers in this city are placed out of employment today through the strike, ordered last night, of the Lithographers' International Protective Union, Benet Association of the United States and Canada. The striking organization is composed of printers, transfers and provers, without whom none of the shops can be operated. Throughout the United States and Canada like conditions prevail, and it is estimated that thirty thousand employees of lithographic shops will be out on strike. The men demand a forty-eight hour week instead of the present fifty-three hour week. In the statement issued last night on behalf of the employers and members of the National Association of Employing Lithographers, its president, Frank A. Kierstead, says: "In 1934, we had a conference pending a strike. An agreement was reached which provided for the settlement of the disputes at that time and future disagreements by a conference or by arbitration. In 1935, the agreement expired, and a second was signed. "By the time the latter agreement expired, in the spring of 1936, three associations of employers had amalgamated into our present association and we offered to make the same agreement, calling for conferences and arbitration. "On July 28, the Lithographers' Protective and Benet Association, which has a membership of more than three thousand printers, transfers and provers, who are the most necessary part of the organization of a shop, for without them no work can be done, made a demand for a 48 hour week instead of the present 53 hour week. "The hesitancy of the employers to grant the demand arose, one of the fact that the shops were overwhelmed with work and that the restrictions placed on the shops by the union in the small number of apprentices allowed us did not afford us enough men to work our shops in the time allowed to us. "We could not get men to enlarge our forces and we could not get the shops to do with present forces of the 48 hour week."

## PIKE LAID OUT ON EXHIBITION GROUNDS

Will Have Circular Track Thirty-five Feet  
Wide—Prospects for Splendid  
Show.

Yesterday afternoon, C. J. Milligan, A. O. Skinner, F. G. Spencer and S. Drury visited the exhibition grounds and laid out the "Pike." They found that the buildings for the pike will be much larger than they had expected. The "Pike" is to start in front on the rear entrance to the main exhibition hall. It will run out into the grounds having a circular track thirty-five feet wide with entrance to the different side shows off this track. These entrances will be fitted up in artistic style with arches hung with electric lights. The Ladies' Council have received plans from Geo. E. Fairweather for decorating their booth and they expect to have one of the most attractive spots in the whole building. The prospects for a good agricultural show are excellent as a large number of entries are already coming in. This is very early as the date for entries does not close until August 20th. A large number of entries have also been received for the dog show, and this is expected to be the best show of its kind that has ever been seen in the Maritime Provinces.

## SENATOR PROCTOR, ACCOMPANIED BY HERBERT BAIRD OF ANDOVER, LEFT THIS MORNING FOR NEWFOUNDLAND, WHERE HE WILL LEAVE A COUPLE OF WEEKS FISHING AND HUNTING.

Senator Proctor, accompanied by Herbert Baird of Andover, left this morning for Newfoundland, where they will leave a couple of weeks fishing and hunting. Miss Florrie Whitehead of Fredericton arrived in the city this morning. R. W. McLellan of Fredericton is in the city. John Lenahan arrived in the city at noon today from San Francisco, after an absence of fifteen years, and gave his mother and friends a pleasant surprise.

### STOLE MONEY FROM HIS COMPANION.

George Stanton Before Police  
Magistrate This Morning

Accused of Taking \$35 From Frank Dickey  
While Latter Slept—Case May  
be Settled Today.

George Stanton was before the police magistrate this morning charged with stealing \$35 from Frank Dickey, of Kentville, N. S. Stanton pleaded not guilty. Dickey said he came here on Tuesday enroute to the North West and registered at the Victoria Hotel. He later met Stanton who, although being an entire stranger, seemed to be a nice fellow, in fact he was such a nice fellow that the friendship was close and when bed time came Stanton received the kind invitation to spend the night with the Nova Scotian and they occupied the same bed. Mr. Dickey claims that on retiring he had \$35 in his pockets. He arose at 4 o'clock, he adds, to find that Stanton had risen yet earlier and gone, and worse still, all his good money was gone, with the exception of about \$30. He made known his loss in the office, and the night porter remembered seeing Stanton leaving the hotel at 1.30. Dickey at once reported to the central police station and told his story. The police were given a description of young Stanton, but he managed to elude their vigilance, till Policeman Crawford saw him this morning about two o'clock in a Brussels street alley and arrested him. The case will come up in the police court this afternoon and there is a movement towards a settlement as Dickey does not wish to remain in the city any longer and should the case go to trial he would be held as a witness.

## JUDGMENTS GIVEN IN CIVIC CASES TO-DAY

Defendant Won Case in Daley vs.  
Kierstead Affair—Another  
Case Up.

In the civil court this morning among the many judgments given by Judge Ritchie were of some interest. In the case of Daley v. Kierstead, judgment was given in favor of the defendant. Daley had purchased in the spring about 12 stands in the city market. Kierstead had used part of one for produce and boxes without Daley's consent and was rendered a bill of \$12 for four weeks' use. It may be that this case will be appealed by Mr. Daley. A. A. Wilson, K. C., for plaintiff; D. Mullin, K. C., for defendant.

The other case was that where Jas. Brennan, the Union street hotel proprietor sued Captain Gale for three dollars. It appeared that a sea-faring man had been one of Mr. Brennan's guests and owed \$3 board. The hotel man seized the sailor's mate's certificate and held it for his board money. The sailor paid \$5 on the board bill, but Mr. Brennan would not give up the certificate without the \$3 due. Captain Gale came to the rescue; he wanted a mate, and promised the certificate that \$3 would be taken from the mate's wages and given to Brennan. This was agreed on among the three and the vessel sailed for New York. On arrival at the latter port the mate refused to allow the captain to take the \$3 out of the wages. The captain was sued here and defended the case. Judgment was given in favor of Mr. Brennan, and the captain has to pay.

## THE CRISTAL STREAM RAN A SUCCESSFUL EXCURSION TO BROWN'S PLATS LAST EVENING. ABOUT THREE HUNDRED ENJOYED THE SAIL. DANCING WAS INDULGED IN TO THE MUSIC OF THE CITY CORNET BAND.

The Crystal Stream ran a successful excursion to Brown's Plats last evening. About three hundred enjoyed the sail. Dancing was indulged in to the music of the City Cornet Band. The excursion returned to the city about twelve o'clock. The funeral of Hugh Milley the small boy who was drowned in Leonard's Creek on Monday night, will be held at 2 o'clock this afternoon. Service will be conducted at the residence of his father, Hugh Milley, 19 St. Ann street, by Revs. Marshall and Campbell. The interment will take place at Cedar Hill.

The steamer Springfield which has been running on Bellefleur, and yesterday went off her trip to go through the falls to undergo some repairs, will come up through the falls today. It is understood that she will however not continue on the Bellefleur any longer but will go into quarters at Marble Cove.

The Pickford and Black chartered steamer Mennon arrived at the Island shortly after noon from the West Indies, with mails, passengers and freight.

### John Henderson Has Many Relatives in This City.

Mother Found Him Suspended  
by Rope When She Went  
Out to Call Him to Dinner  
—Deceased Had Been Ill  
for Some Time.

A report reached the city this morning to the effect that John Henderson, of Bellefleur Creek, Kings Co., committed suicide on Saturday last by hanging himself in his house. Upon enquiry among relatives of the deceased in this city this morning the report was verified. Mr. Henderson was a man of about 40 years and not married. He was living with his mother and working her farm. He went out to work as usual on Saturday morning, and about 11 o'clock his mother, who is a very elderly lady, went out to the barn to call him to dinner. After shouting a number of times for her son she looked up and beheld him hanging over her head, suspended by a rope from a rafter in the barn. After the horrified woman recovered from her shock she soon spread the news among her neighbors. When the body was taken down it was found that life was extinct.

Mr. Henderson has been in poor health for some years and has suffered much from Bright's disease. Recently he has had spells of days out of his right mind, and during these times he would see strange sights in the heavens and acted in a manner that caused his friends not a little alarm. Mr. Henderson has three pieces working in this city. The youngest son, who had lived with his uncle and her grandmother at Bellefleur Creek until recently, was notified on Monday of her uncle's death and left at once by boat to go to them.

## HAD PRESENTIMENT HE WAS TO BE KILLED.

TORONTO, Aug. 2.—A curious case of presentiment has occurred. A sister of H. W. Cruickshank had a presentiment that he was going to be killed. So had Mrs. Cruickshank, the young wife of the man whose whereabouts are now a mystery. The sister was in Cobalt, and the wife was at home. Cruickshank was a retail butcher on Royce avenue, and disappeared from his home early on Wednesday morning, July 25, and though a diligent search has been instituted no trace, up to the present time of the missing man has been found. He is known to have had business worries and was wrought into a state of nervous perplexity. He is 31 years of age.

## YOUNG LADY BADLY FRIGHTENED.

Last evening a lady residing near the corner of Sydney and Mecklenburg streets was justly alarmed when she saw a young man open a window in Robert Thompson's house and enter the residence. She immediately telephoned to the central police station that a burglar had entered the Thompson house through a window, and in a few minutes Policeman Crawford was on the scene. The young man was caught and admitted that he went through the window, but as he had a right to go in and had no key there was only one way and that was the window. He satisfied the policeman that he was other than a burglar and thus escaped arrest.

## PETITION OF COUNT DE CASTELLANE GRANTED

PARIS, Aug. 2.—The judge of the court which is to hear the case of the Countess De Castellane against her husband for divorce, has granted a petition of the Count for the custody of his children during a certain portion of the court's vacation. For the remainder of this vacation the custody of the children is granted to the Countess.

A meeting of the sub-committee on water and sewerage met this morning to consider a petition of Mr. Gilbert to expend his sewerage pipe about one hundred feet. The petition was granted.

## BIRTHS.

GILLESPIE—At 39 Cassels street, on July 29th, to Mr. and Mrs. William Gillespie, a son.

## SPORTING MATTERS

### THE TURF

#### MOOSEPATH RACES.

The St. John horsemen have arranged to hold races on Moosepath track, and have selected Wednesday, Sept. 26th, and Thursday, Sept. 27th, as the days for the meet. Purse of \$300 have been arranged for each of the five classes, and it is expected that some very good trotting will be shown here for those two days of the exhibition. The matter is in charge of John Ross, secretary of the St. John Driving Association, and he has associated with him a number of the prominent members of that association. It is expected that there will be a big field of interest for the different classes, as these dates will suit the horsemen in the maritime provinces who are following the circuit of exhibition horse races at St. John, Sussex, Chatham, Halifax and Charlottetown.

The classes arranged are as follows:

Wednesday, September 26th.  
2.30 class. . . . .Purse \$300  
2.22 class. . . . .Purse \$300  
2.15 class. . . . .Purse \$300

Thursday, September 27th.  
2.19 class. . . . .Purse \$300  
Free-for-all. . . . .Purse \$300

The terms and conditions will be published in the course of a few days, and entries will close on August 20th with John Ross, secretary.

Friday's Boston Herald announced: "Tonita P. (2:13 1/2), and Billy Kerr (2:07 1/4), a horse that was in the market last winter for considerably less than \$100, are matched to race in South bridge tomorrow afternoon." Tonita P. died about two years ago, she was then owned by A. B. Ritter, Amherst, N. S.

#### WHAT MIGHT HAVE BEEN.

The phenomenal success of Jockey Miller at Brighton, Saturday, was the talk of the race track. He wound up the day with a percentage of 100—an unusual record. If a \$5 bet had been parlayed on Miller's five winning mounts the result would have been as follows:

Gold Lady, \$20 to \$5.  
Content, \$100 to \$25.  
The Crown, \$2,500 to \$1,250.  
That would have made a total of \$4,230 on the day. But nobody thought of this paper the story of his abstract from New Brunswick by our quondam S. A. Fowler.

A subscription list has been started in the West End to aid the Craft-Clark horse that was at Westford on the shell to race. This was one of the four chews that raced at Westford on the shell to race. This was one of the four chews that raced at Westford on the shell to race.

#### THE RANGE

Gladden the Cup Winner.

The St. John City Rifle Club held their 25th annual range match on the local range yesterday afternoon, a large number of the members being present. The match was a keenly contested one, resulting in the best average scores of the season being made. The following were the prize winners:

200 500 600

#### THE MAT

NATIVE V. AUSTRIAN.

NORTH SYDNEY, July 23.—From remarks dropped by Delivick, champion wrestler of Canada and Austria, it looks as if the bout between him and Parker at Alexander Park, Victoria Bay, on Wednesday night, will be an eye-opener for lovers of contests on the mat. Evidently Delivick is far from being pleased with the decision given by Parker when he awarded the bout between the Cape Bretoner and the Austrian. Parker's great showing in his meeting with Delivick in Empire hall has demonstrated that he is a "foeman worthy of his steel". In their previous match, Parker, with scarcely any training, kept the Austrian decidedly busy in throwing him three times in the hour. It took him 58 minutes. Now, the Austrian agrees to throw Parker three times in forty minutes, and with the latter's previous experience and careful training, it looks as if the Austrian bit off more than he can masticate. In addition to the main bout there are two first class preliminaries between first class exponents of the art. It is expected arrangements will be made with the C. B. E. Co. to hold the last bout leaving Sydney, in order that passengers can connect with same. A large crowd from Sydney Mines will accompany the local sports to see the bout.

#### AQUATIC

Toronto, Aug. 1.—Eddie Durnan received a cable yesterday from Toronto in which the latter agrees to row Durnan for the world's championship at Sydney in April. Durnan will communicate with his representative in Sydney, Charles Cummertford, and instruct him to arrange for a match, which will be for \$2,500 a side.

Saturday's race on the Paramatta course marks the passing of Stanbury as a sculler. He is a big, raw-boned fellow with very little style but great speed for a short distance. His strength to last the distance. He first came into prominence when he won

## NO BETTER TIME

To buy a PIANO than during the hot weather, when business is slack and prices all reduced.

Call and inspect our stock of choice Gerhard Heintzman, and Nordheimer Pianos together with many other fine makes at lower prices.

the world's championship in 1881 by defeating J. MacLean, who had been handed the title by P. Kemp. Stanbury beat Tom Sullivan and Wag Harding and then left before the Canadans, Jake Gaudaur, just ten years ago.

Five years ago George Towns, a medium-sized, well-built Australian of 30 years of age, came over to Canada with his tutor, Tom Sullivan, after several years spent in England, and on the lake at Rat Portage defeated Gaudaur, the time for the three miles being 20.32. Towns displayed a very nice style, gameness and endurance, and his victory was comparatively easy.

Towns held the championship until last year, when he met Stanbury on the Paramatta course, and was beaten in 20 minutes and 55 seconds. Saturday's race was the second meeting between the pair, and Towns won in 19 minutes 53 1/2 seconds, by 20 lengths. The course is down stream, and a wind from the west would easily account for the unusually fast time. The championship record since Edward Hanlan's time is as follows:

1883—Hanlan beat Wallace Ross.  
1884—Hanlan beat Laycock.  
1885—W. Beach beat Hanlan.  
1886—W. Beach beat Hanlan.  
1887—W. Beach beat Neil Matterson.  
1888—W. Beach beat Jake Gaudaur.  
1889—W. Beach beat Wallace Ross.  
1890—W. Beach beat Neil Matterson.  
1891—J. Stanbury beat J. Maclean.  
1892—J. Stanbury beat C. S. Hardie.  
1893—J. Gaudaur beat J. Stanbury.  
1901—At Rat Portage—G. Towns beat J. Stanbury.  
1902—J. Stanbury beat Geo. Towns.  
1903—Geo. Towns beat J. Stanbury.

A subscription list has been started in the West End to aid the Craft-Clark horse that was at Westford on the shell to race. This was one of the four chews that raced at Westford on the shell to race. This was one of the four chews that raced at Westford on the shell to race.

## THE REAL LORD HELD BY POLICE

Was Arrested at Portland for Personating Himself

Man Wanted by Authorities Is Accused of Bigamy and Many Other Crimes

PORTLAND, Me., Aug. 1.—Lord Sholto Douglas, son of the late Marquis of Queensbury, is, according to the belief of the local police, the man held in custody here today by order of the Ashville, N. C. police, on suspicion of being the American known as "Lord Douglas" among other aliases who is sought by the officers of many states and for whom rewards aggregating several thousand dollars have been offered.

He was arrested at Sebago lake where he has been living since May when he came here from England as he claims with Lady Douglas and their son, both of whom were with him when an officer called at the cottage they occupied. The Ashville officers have been advised the prisoner has convinced the local authorities that he is the real Lord Douglas, and asked to telegraph instructions regarding him.

Douglas is vouched for by his bankers here who state that he brought letters of credit and his drafts on a London bank have been honored. On careful inspection it also was found he does not answer the description of the bigamist beyond a slight resemblance. His age is 33 while that of the "wanted man" is about 45.

He asserts he was with his family in England from November, 1904, until last May, whereas the crimes of the lake lord were committed mostly last year. A cablegram asking for confirmation of this was directed to Scotland Yard tonight, but no answer was expected before tomorrow.

The purpose of the visit to this state was to benefit Lady Douglas's health, as they had heard much of the advantages of Maine's summer resorts. They chose a cottage near Sebago lake, where they might have been known there as Mr. and Mrs. S. J. Douglas.

## MORE SENSATIONS IN HARTJE CASE

PITTSBURG, Aug. 1.—Just before the adjournment of the Hartje divorce trial today Fred Long, a newspaper man, was called to the stand by John Freeman of counsel for Mrs. Hartje. Long testified that Attorney Marron of Hartje's counsel told him in February of a number of letters in the possession of the Hartje lawyers. This was several months before Fisher, Hartje's brother-in-law, said he had told counsel of their existence. This was also some months before Madine's trunk was broken open and from which the letters were alleged to have been taken, which was in June. Attorney Marron became angry at Long's testimony and threatened the newspaper man with violence after court adjourned. Marron is expected to go on the stand tomorrow.

PITTSBURG, Aug. 1.—One of the most sensational incidents in the Hartje divorce case in the five weeks it has been running came today, when Alma Ross, the mysterious "blonde" who kept a rooming house, swore that Augustus Hartje and Josephine Wright frequently met at the Ross woman's house; that the Wright woman brought him there and introduced him and said that the house at which she had been living was too public and too close to the Hartje warehouse. The Ross woman said Hartje paid Josephine Wright's room rent thereafter. When the witness pointed out Hartje in the court room Hartje smiled.

Hartje several days ago swore that he did not know Josephine Wright, and the Wright woman swore that she did not know Hartje.

Detectives H. G. Staubb and John Anderson, who testified that they took the famous "love letters" from Tom Madine's trunk, were arrested at the court house on information sworn out by Madine before Alderman S. M. Kip charging them with entering a building with intent to commit a felony. They were later released.

Madine's trunk, furnished by Attorney Edward Hartje, a brother of Augustus Hartje, was a trunk of Augustus Hartje.

## COMMISSIONER COOMBS COMING

Is Expected in the City Today on a Recreation Trip

Commissioner Coombs, accompanied by his wife and family, is expected to arrive in the city on the noon train today. His visit will not have any special official significance. For some time past the commissioner has not been enjoying very good health and he is now on furlough. While here, however, he may address some meetings, but it is not yet decided what will be the programme during his stay. The party will take a trip up the St. John river as far as Fredericton before returning home. Some time in the early part of the fall the commissioner will pay an official visit to St. John.

**WEDDING TO-DAY**

Ceremony Takes Place at 3.30 This Afternoon—Couple Will Live in Dorchester, Mass.

A very pretty wedding takes place at 3 o'clock this afternoon at the residence of Geo. F. Barnes, Goderich St., when his daughter, Miss Margaret F. Barnes is united in marriage to Arthur LeBaron Weeks, of Dorchester. The marriage ceremony is to be performed by the Rev. J. F. Floyd, of the Coburg Christian church. The ceremony will be followed by a dainty luncheon after which the newly married couple will leave on the Boston train for a wedding trip to New York, Baltimore, Philadelphia and a number of the southern cities. The bride will be charmingly attired in a blue broad cloth suit with Tuscany hat. She will carry a large shawl bouquet of white carnations. Two flower girls, Misses of Dorchester and Miss Dorothy Barnes will assist the bride, and will carry bouquets of roses. The ceremony will be performed in the drawing room which has been prettily and tastefully decorated for the occasion with palms, cut flowers and potted plants. The happy couple are both well and popularly known in this city and are recipients of a large number of elegant presents.

ABOUT STOESEEL.

(Bobcatgeon Independent.)  
To shoot old man Stoessel at this late date for surrendering Port Arthur, is no fair shake. There might have been some excuse for shooting him at the time when the excitement was on. But after all this time it would look too much like murder. With rare exceptions the world is satisfied that he did perfectly right in surrendering. In fact the bulk of humanity would have preferred to have had him shot for prolonging the horrors of the siege so long as he did. If any shooting is to be done now it is the men who advised the war should be shot and the men who stole the money that was supposed to be used in preparing an army and constructing fortifications. Those are the men who should have daylight pumped through their frames, not the man who did the best he could with what was given him. The old man is not likely to be shot. There will be no much shooting going on shortly in Russia, that Stoessel will be forgotten, if not very much, by a new regime.

**ST. JOHN STAR.**

ST. JOHN, N. B., AUG. 2, 1906.

THE DEMAND FOR UNSKILLED LABOR.

The demand for unskilled labor in Western Canada is assuming alarming proportions. Just what the outcome will be is not quite clear. A strong protest is being registered against all immigrants who fail to meet certain requirements. The heavy duty charged upon Chinamen makes it out of the question for western farmers to look for help from that source, although British Columbia farmers pay big wages to Chinese help. The indications are that the supply of laborers for the western harvest this year will be quite inadequate and it is just possible that a great deal of inconvenience will be caused as a result. But this same fear has been needlessly expressed in years past, and it may be that when harvesting begins in earnest, more men will be on hand than are expected. The railroads are making extraordinary provisions for the excursions and the indications now are that the exodus from Eastern Canada, especially the Maritime Provinces will be much larger than ever before.

There is much speculation as to the future of the Indian coolie in Canada. It would seem that he is destined to play an important part in the labor situation of the west. Hindu agents have already visited the Dominion, and their reports were so encouraging that a few trial shipments of coolies were immediately brought over. Whether they will be a valuable asset to Canada's population remains to be seen. The Montreal Star commenting on the Hindu laborer in Canada says:—  
"There are only a few hundred in Canada so far, but there are millions where they come from. They are said to be civil, peaceable, strong and industrious. As they are British subjects, anti-alien laws do not apply to them, and they certainly ought to serve the purposes of temporary labor very well. Still, it would look strange at first to see a copper-colored man, wearing a bandana handkerchief, digging severe in Montreal or running a mowing machine in Manitoba."

Very little attention has so far been paid to this class of immigrants. If they make good citizens and good workers, it is altogether likely they will in a few years' time have much to do with the solution of the unskilled labor problem in Western Canada. If they are found wanting their welcome to Canada will not be cordial. In spite of the increased demands of the west, the government should take every precaution to exclude from this strictest requirements. They must consider what the standard of Canada's citizenship is to be fifty years from now.

MR. BRYAN'S VIEWS.

In a few days William Jennings Bryan will be welcomed back to the United States. His tour of Europe has been extensive. Mr. Bryan has travelled a great deal in recent years, and now that his most important trip abroad is nearly finished he finds the Republican journals across the border speculating as to the ways in which the Democratic leader has changed.

"Bryan has been broadened," some say; "Bryan has grown conservative," say others; "he is the same old Bryan," insist another group. What is really happening to the next president of the United States—at the moment of his election? This question is not entirely uninteresting. That he has changed is undoubtedly true. No intelligent man could travel so extensively as Mr. Bryan has, and be privileged to meet all of the important personages of his time in all countries, without being educated in one of the best of all possible ways. Everywhere he has gone Mr. Bryan has not merely contemplated scenery and cities, but he has had intercourse with the foremost men. He has been making eminent acquaintances all around the earth, and he made them much faster after it became the talk of Europe that he was again likely to be a candidate for the presidency of the United States. The current talk about Bryan being "broadened," amusing as it is in some respects, has a basis in truth, and necessarily so, unless he was a born fool, which he was not, for he is one of the cleverest public men in the world today.

But it does not follow that because Mr. Bryan has been "broadened," as a recent cable from the London correspondent of the Toronto Globe, stated, he has grown more conservative, or more radical, or abandoned his earlier political principles. His wider outlook upon the world has probably led him to fortify his old position anew, as an engineer may rebuild the defenses of a fortress, abandoning ground in one place no longer tenable or made useless by changed conditions, and strengthening elsewhere points, which have gained in strategic value. Since 1890, and especially since 1904, this is apparently what has been going on in the case of Mr. Bryan. Until he abandoned his old doctrine of pure individualism as to natural monopolies, Mr. Bryan lagged behind his age, but that has now changed. What has happened to Bryan

is that he has come to draw the line very skillfully and very wisely, on the whole, between pure individualism and the modern socialism.

Hon. Mr. Hymans telegram to Aid. McGoldrick is somewhat disappointing. Several days ago it was believed that the contract for the extra dredging in Carleton had been let, but the official information from the public works department is not so encouraging. This does not necessarily mean, however, that the work must be seriously delayed, or that the city will have to revert to its original plan of constructing a 400 foot berth. While it is true that the problem has become more complicated, there is little doubt that the city can make some arrangement with the government which will permit them to go ahead with the work immediately, the government to provide the funds asked for later on.

John Wanamaker is not easily frightened when there is a chance to make an extra sale. Earthquakes and fires do not daunt him. In a short time he will have completed in San Francisco one of the largest stores in America.

THE OPTIMIST.

There once was a man who smiled  
Because the day was bright,  
Because he slept at night,  
Because God gave him sight  
To gaze upon his child;  
Because his little one  
Could leap and laugh and run,  
Because the distant sun  
Smiled on the earth, he smiled  
Upon the overhanging sky.  
He smiled because the sky  
Was high above his head,  
Because the rose was red,  
Because the past was dead;  
He never wondered why  
The Lord had blundered so  
That all things have to go  
The wrong way here below  
The overhanging sky.  
He smiled because the sky  
Was high above his head,  
Because the rose was red,  
Because the past was dead;  
He never wondered why  
The Lord had blundered so  
That all things have to go  
The wrong way here below  
The overhanging sky.

NOT ENOUGH TO HURT.

At a political meeting in Berkeley some time back, one of the speakers was dwelling at length on the desirable qualities of a certain candidate, who as it happened, was a lawyer. Among his auditors was an old farmer who kept grumbling at the juristic profession in general. After the eulogy had gone on for a while the old man interrupted very audibly: "I will never vote for no lawyer." "What are your objections?" asked the orator, turning to the dissentient. The farmer at once began to show how the community would be better served by the election of one of the other calling, whereupon the other replied impatiently: "My friend, it is true he is somewhat of a lawyer, but not enough. I assure you, to hurt him." — Philadelphia Ledger.

HIS MOTTO.

Senator Quay was fond of telling a story of an experience of his in a country hotel near Pittsburgh. Hanging on the wall in the parlor was an inscription, "Id on parle Francais." The Senator noted the sign, and, turning to the landlord, said: "Do you speak French?" "No," the man replied, "United States will do for me."

IN THE DAYS OF HIS YOUTH.

"Have you felt slippers, sir?" she said. The shopman blushed and scratched his head. Then, smiling back, he found his tongue: "I felt 'em often when I was young." — Tit-Bits.

WORM IN THE BUD.

Mrs. Knicker—Why are you going home?  
Mrs. Bocker—Henry writes me that the peach crop is excellent.

GOT IT YET?

Fair Girl—"My father made his fortune when he was a young man. Would you like to know how he did it?"  
Gallant Youth. — "Not particularly; but I would like to know if he has still got it!"

FREQUENTLY STRUCK.

Pat—Oy say, Molke, was yez ever struck by lightning?  
Mike—Manny's dr' tolm, me by.  
Pat—Yes don't make it!  
Mike—Shure, an Oi do. Haven't Oi ben married these tin years!—Chicago News.

OF COURSE.

"That flimsily constructed public building is a scandal!" exclaimed the patriot.  
"Never mind," answered Mr. De-  
mest, soothingly, "it'll soon blow over."—Washington Star.

STRONGER, ANYWAY.

Teacher—Johnny, for what is Swift Scholar—Why—m-m—Swiss cheese.  
"Oh, something grander, more impressive, more tremendous."  
"Limbarger?" — Cleveland Leader.

**N. B. TEACHERS**

**LEAVING FOR THE WEST.**

Recent Exodus Means Serious Loss to Profession in This Province—Poor Salaries the Reason

Still the New Brunswick teachers continue to flock to the west. In spite of all the inducements held out to them by the educational authorities at home, and the brilliant prospects of an increased government grant—within the next half-century, the ambitious young men and women of that profession cannot be persuaded to teach school in New Brunswick for the scanty salaries offered when doubly remunerative positions are awaiting them in the west.

Last evening Fred McNally, B. A., formerly of Albert county, who has been spending a few days in the city, left for Vancouver, B. C., where during the past two years he has filled a position on the teaching staff of the High School. Mr. Finnimore, the insurance broker, has taught for a time in the schools of this province.

HOW LONG MAY A MAN LIVE.

(New York Press.)  
Should a man, living a normal life, live 100 years? The question is being raised again, I see. Well, Flourens says that a man is twenty years growing, and that the normal animal lives five times the period of his growth. That would give man just a century of life. But Buffon says every animal lives about six or seven times as long as it grows. That would give man a normal age of 120 to 140 years. The insurance tables, however, do not bestow such longevity. After all, what man lives a normal life? Old people are said to be 100, and tried himself by going on a "tar" up in London. The great Harvey made the position of man, if he could be called a man, and has left it on record that his viscera were all sound, the cartilages of the ribs had not ossified and there was no obvious reason why he might not have lived for 50 years more if he had not kicked up his heels and tried to paint the town. Cut off in his prime at 150! What warning this is to elderly gentlemen who try to "do up" the metropolis!

But, after all, human longevity is something mysteriously beyond all the theories of man. It confutes all his figures. It would seem that since the days of Abraham, and there have been some wonderfully long lived folk in modern times, but the Scriptural three-score-and-ten seem to be a good general rule with the ordinary years if they come "by reason of much strength."

There is an old Highland proverb that runs—  
Thrice the life of a dog is the life of a horse;  
Thrice the life of a horse is the life of a man;  
Thrice the life of a man is the life of a star.

Thrice the life of a star is the life of a man.

One word more about longevity. I believe it can be produced, or at least perpetuated, by breeding, just as other qualities can. Go into a country graveyard and study the tombstones. You will find certain families gifted with remarkable longevity. And where these long lived families have intermarried you will find that the longevity has been perpetuated.

Newspaper advertising is not an exception in any sense of the word. It is a common sense business transaction—Wilmington, Del., Every Evening.

**TO-NIGHT'S ATTRACTIONS**

**AT ST. ANDREW'S RINK.**

Three attractions for one admission is a pretty big offering, but when it is taken into consideration that one of the attractions is the best in its line in the world, the public can easily see that the management of St. Andrews Roller Rink is giving them more than their money's worth. Earle Reynolds, the world's champion fancy roller skater is the main attraction, and at Madison Square Garden Roller Rink, where Mr. Reynolds has performed, the admission fee is double what it will be at St. Andrews Roller Rink. Mr. Reynolds will do trick and fancy skating, waltzing, and dancing, and at the conclusion of his performance it is safe to say that everyone in the rink will applaud his performance. One of his sensational feats and one which he is to do in the N. Y. Hippodrome during his coming engagement there in September will be an electric whirl. To describe this would spoil the surprise which awaits the public, but it is certain to cause a sensation. At the conclusion of Mr. Reynolds' performance a mile race will take place between Dean of St. John and McKinnon of Moncton. Both these men met in Moncton on Monday night, Dean coming in ahead in the fast time of 3:21 but as they had fouled each other the referee declared it no race. The City Cornet Band will supply music, and up to 8.30 the public may skate.

What you want and what you  
will get are two things which  
grow to resemble each other  
only after you have used a  
"STAR WANTED."

## COMMERCIAL.

CHEESE EXPORTS NOW ALMOST  
MILLION.

(Montreal Star.)

CHEESE—Exports of cheese from  
the port of Montreal last week  
amounted to 106,671 boxes, as against  
112,756 packages for the same week of  
last year. Total exports since first of  
May amounted to 866,221 boxes,  
against 856,831 boxes for the corre-  
sponding period of last year.  
Cables from the other side this morn-  
ing stated the market was none too  
firm, though no decline was reported.  
It is suspected that some of the in-  
terests are trying to break prices.  
However, they seem to be meeting  
with very little success, as there is  
great firmness on spot, and it is doubt-  
ful if choicest colored Ontario cheese  
could be had at less than 12c. Whites  
are quoted at 11 1/2c. Township cheese  
is quoted at 11 1/2c, and Quebec at 11 1/2c.  
Demand is dull at present,  
but that has been the case early in the  
week for some time. The present firmness  
of the market is in any way accounted  
for by the presence of shorts.

BUTTER—Exports of butter from  
the port of Montreal last week  
amounted to 20,701 packages, against  
20,706 for the corresponding week of  
last year. Total exports since May first  
were 157,794 packages, against 223,883  
packages for the corresponding week  
of last year.

The butter market continues to lag  
along at a steady pace, there being no  
indications, however, of any easiness  
in the near future. Demand is not very  
active, but the tone is none the less  
firm for that. It is hoped that recent  
rains will have the effect of increasing  
the flow of milk, the pastures having  
been much affected by the previous  
long continued drought. Although  
some are asking 2 1/2c for the choicest  
goods, it is thought possible to make  
purchases of choice creameries at 2 1/2c,  
and good to fine may be had at 2 1/2 to  
2 3/4c.

POTATOES—The market holds  
about steady, though a decline of a  
considerable amount is expected to  
occur before long. Dealers were pay-  
ing \$2.40 per bushel on the market,  
and selling to the trade at \$2.75, while  
for bags they paid \$1.35, and sold them  
at \$1.40 each. The stock is very sound  
this season, there having been no  
rains to occasion rot. The size is un-  
usually small, and the quality is not  
as good as last year. It is hoped the recent rain will have a good  
effect.

EGGS—The market showed no  
change this morning. Choice straight  
gathered eggs sold at 17c, and No. 1  
candied at the same figure. Canned  
selects sold at 20 1/2c, and No. 2 stock  
was not wanted. The stock now arriv-  
ing is very poor, containing many  
unfilled and spotted eggs.

CATTLE LOWER IN ENGLAND.  
The English cattle markets show  
a slight weakness, prices being a 1/2c  
down on Americans, and 1/2c down on  
Canadians. London quotes best Amer-  
icans at 12 1/2c, and Canadians at 1 1/2c.  
Liverpool quotes Canadians at  
1 1/2c to 1 3/4c for tops, and 1 1/4c to 1 3/4c  
for ranchers.

The easiness in the English market  
is attributed to increased supplies, at  
a time of the year when demand is  
never specially keen. However, the  
tone of the market is generally hope-  
ful, and, as a result, there is rather  
more activity in ocean freights, book-  
ings having been made at a slight  
advance in rates. All the available space  
for Glasgow during August has been  
booked at 40s per space; some Man-  
chester space has been booked at 37 1/2 to  
40s, and some London at 35s to 40s. De-  
mand for Liverpool is a little slow, ex-  
cept for ranch cattle, and 40s is being  
asked. Considerable cattle space from  
American ports is offering at 30s to 35s  
without finding many takers.

In the local markets there is nothing  
specially new, the tone of the cattle  
market, however, being rather firm. The  
weather was hot, and in other  
ways unfavorable to a brisk trade, but  
butchers had a very light supply on  
hand, and the demand was fairly  
brisk, resulting in an increase of about  
1/2c in prices. Choice cattle sold at \$1.10  
to \$1.15, good at \$1.05 to \$1.10, and  
40s, and some London at 35s to 40s. De-  
mand for Liverpool is a little slow, ex-  
cept for ranch cattle, and 40s is being  
asked. Considerable cattle space from  
American ports is offering at 30s to 35s  
without finding many takers.

EXPORTS OF CATTLE FROM MONTREAL  
for the week ending July 28th were 7,152  
head.

EXPANSION IN GERMANY.

Capital applications in Germany for  
the first half of the year were again  
very heavy, though not quite so heavy  
as for the first six months of 1905,  
which scored a record total. The  
aggregate for this year was only  
slightly less, which may be regarded  
as quite remarkable, in view of the  
fact that the average rate of private  
discount was 3 1/2 per cent., as against  
only 2 1/2 per cent. last year. The new  
emissions of stocks and bonds as com-  
piled by the Frankfurter Zeitung, for  
six months of 1906 amounted to \$25,  
\$20,000 nominal value and \$101,191,000

CANADIAN PACIFIC RAILWAY FURISHES RECORD YEAR.

(Montreal Star.)

This statement of earnings and expenses of the Canadian Pacific Rail-  
way for the month of June, and also for the company's fiscal year ending  
June 30, just issued, shows that all previous records in the company's his-  
tory were eclipsed during the past year.  
The gross earnings for the fiscal year ended June 30 amounted to \$51,669,-  
758, against gross earnings for the previous fiscal year of \$50,481,882, a gain of  
\$1,187,876. The working expenses amounted to \$38,696,445, against \$38,006,795,  
an increase of \$689,650, and the net profits for the year amounted to \$12,973,-  
312, against net profits for the previous fiscal year of \$12,475,087, or a gain in  
net profits for the past fiscal year of \$498,224.

The following shows the earnings and expenses for the month of June,  
and for the fiscal year ended June 30:

	1905.	1906.	Increase.
Gross earnings, June .....	\$5,477,348.63	\$4,480,026.37	\$1,047,322.26
Working expenses, June .....	3,539,238.87	2,927,093.44	612,205.43
Net profits, June .....	\$1,938,049.76	\$1,502,932.93	\$435,116.83
Gross earnings, July 1 to June 30.....	\$1,669,708.16	\$5,481,882.25	\$1,187,876.91
Working expenses, June 30.....	\$5,696,445.53	\$5,006,795.19	\$689,650.34
Net profits, June 30.....	\$22,973,312.63	\$12,475,087.46	\$7,498,224.17

WHAT RECENT STORMS DID TO

OTTAWA, Ont., July 31.—The de-  
partment of agriculture has received  
telegrams from Dr. Saunders, who is  
now in the Canadian West, dated In-  
dianhead, Sask., July 27, and Swift  
Current, Sask., July 30. In the mes-  
sage from the first named place, Dr.  
Saunders says the hailstorm in that  
district on Tuesday last covered about  
four miles wide by twelve miles long.  
He estimated that 800 acres of crops  
were practically destroyed. The other

**GOING DATE**  
August 7th, 1906.

ONE-WAY SECOND CLASS TICKETS TO WINNIPEG only will be  
sold, with a CERTIFICATE, extending the trip, before September 15th,  
without additional cost, to other points in Manitoba and Assiniboia.  
Purchasers who engage at Winnipeg as FARM LABORERS (and work  
not less than 30 days at harvesting, producing Certificate to that effect),  
will be returned to Original Starting Point on or before November 20th,  
1906, at Return rates shown above.  
TICKETS WILL BE ISSUED TO WOMEN as well as Men, but will not  
be issued at Half-Rate to Children.  
For further particulars apply to nearest Ticket Agent, or write  
W. B. HOWARD, Act. D. P. A., C. P. R., St. John, N. B.

miles out of Moose Jaw, are well ad-  
vanced. The grain has a very healthy  
appearance; no rust is seen in any  
case within this area.

QUAPPELL, Sask., July 31.—Alar-  
mist reports have been circulated re-  
garding damage by hail in this section,  
but inquiry shows the reports to have  
been greatly exaggerated. Individual  
farmers have suffered severely, but in  
no one district has the loss been suf-  
ficiently general to be a factor in the  
crop situation. Short straw and sturdy  
growth have largely assisted the wheat  
plants in picking up after the wind  
storms or light hail visitations. The  
Hessian fly is the belated ail which  
local wheat bulls have called to their  
assistance in killing the western wheat  
crop, but like the rust stories it does  
not stand investigation. Notwithstand-  
ing all the bull market rumors, the  
general trend of opinion continues to be in  
favor of an abundant crop ripening  
from ten days to two weeks earlier than  
a year ago.

PRINCE ALBERT, Alta., July 31.—  
In eight years the wheat crop of this  
province has averaged 19.88 bushels  
and the oat crop 34.56 bushels to the  
acre. This year it is estimated that  
the yield of 1905 will be exceeded by 30  
per cent.

According to the provincial govern-  
ment figures, the Prince Albert district,  
which includes Carlton and Shell River,  
had under crop last year 12,715 acres.  
John H. Wilson, secretary of the  
Board of Trade says: "I am satisfied  
we had last year in crop 15,000 acres,  
and this year 20,000. While the govern-  
ment in 1905 gave us 55,073 bushels of  
wheat, I am satisfied it should have  
been 100,000 bushels and where they  
gave us 148,300 bushels of oats, it should  
have been nearer 200,000. The yield of  
14.39 per acre of our wheat, conceded by  
the government report, is ridiculous.  
The average was higher than 20. This  
year the prospects are splendid, and the  
yield will be larger."

WINNIPEG, July 31.—The farmers  
of Ell. Man., and the surrounding coun-  
try are rejoicing over the unusually  
fine prospects this year. There is  
every prospect for an unusually fine  
crop in that district. Thirty-five bush-  
els to the acre is the lowest estimate  
set, while many of the most optimistic  
land owners are not content with that  
figure. Wheat will be cut there within  
the next ten days. The inhabitants of  
the region are mostly French-Canadi-  
ans.
