COMPLICATED WIRING IN THE BIJOU PICTURE HOUSE

Street Railway Employees Tell of Finding How the Current Was Switched—Attempt Made to Straighten Matters Between Visits

The case preferred against Charles H. Kerr, the manager of the Bijou Theatre, for fraudulently consuming electricity, the property of the St. John Street Railway Company, was commenced before Magistrate Ritchie in the police court this morning, and takes the form of a preliminary hearing.

The theatre was in this manner getting current without it passing through the meter. Witness traced these wires to a light. He turned on the lights and found that they were getting current that was not going through the meter. He also found a big cord running to a picture machine.

DETAILS OF DROWNING OF CAPT. McLEOD

Small Boat Was Swamped at Sorel—Death in the West of Mr. T. A. McLean.

CHARLOTTETOWN, P. E. I., April 25.—The remains of the late Captain Alex. McLeod, of the Cruiser "Constance," who was drowned on Thursday at Sorel, Que., arrived on the island in charge of Second Officer Burton.

GEORGE GIBSON WANTED TO SHOOT MR. ECKERBREHT

But Another Man Took Away His Loaded Gun, and He Was Arrested

George Gibson pleaded not guilty in the police court this morning to the charge of pointing a loaded gun at Lewis Eckerbreht, the superintendent of the Provincial Fertilizer Co., at Little River.

Mr. Eckerbreht gave evidence that the defendant went to work Friday morning at seven o'clock and knocked Lewis Eckerbreht, the superintendent of the Provincial Fertilizer Co., at Little River.

As soon as he came down on the elevator. About this time Robert Gordon, who wore whiskers similar to those of Mr. Eckerbreht, came round the corner and Gibson pointed the gun at him, but seeing who it was, lowered it again.

IMPORTANT MATTERS FOR SAFETY BOARD TONIGHT

Boards Hold Their Last Meetings This Week—Aldermanic Caucus on Friday to Select New Chairman.

The civic boards held their last monthly meetings this week to wind up their affairs for the final meeting of the old Council next Monday.

THE BOARD OF SAFETY HAS A NUMBER OF IMPORTANT MATTERS TO CONSIDER THIS EVENING.

Among them are the plans for remodeling the upper part of the City Hall to provide accommodation for the city engineer and his staff; plans for the new engine house in Carleton; the destruction of the old buildings which constitute Blood Alley; the expropriation of the Sheffield street lots required for the extension to the barracks parade grounds, and the renewal of a number of leases.

The last of the farewell winter port Sunday services was held at the Seaman's Institute. The song service was particularly fine. Many good voices were among the company. Rev. A. A. Graham delivered a very interesting address. Rev. Dr. O'Reilly spoke on temperance Monday evening. Citizens and seamen are invited. Grand concert Wednesday evening.

Before the police officers left the guard room to go on their beats Saturday evening Chief of Police Carleton was addressing the men gave strict orders that they must not allow any person to loiter on the street corners and to report every person whom they saw loitering on the sidewalks.  
There were, however, hundreds of spots on the sidewalks during the night when men had spat, but strange to say the police did not see even one person commit the grave offense.

Plans for the coming season at Seaside Park while not definitely decided upon, are now under consideration. It is learned that the Street Railway Company have communicated a proposition to the White catering concern in the matter and in the event of the deal going through, it is stated that many improvements will be inaugurated.

The Salvage Corps of the Salvation Army will be glad to receive any articles in the way of clothing, bedding or furniture that are no longer required by their present owners. The Army is doing a merciful work in supplying at a small cost clothing, etc., to those actually in need. The articles are only obtained through the generosity of the institution's well wishers. Anything will be gladly accepted and removed upon receipt of a telephone call.

Dr. W. F. King, the Dominion astronomer, who is well known locally, is at present in Washington conferring with O. H. Titman of the United States coast and geodetic survey. During the coming summer work, marking and surveying of the boundary line between the United States and Canada is to be undertaken and Mr. Titman, with Dr. King, have been designated by their respective governments to undertake the work. Sections of the line are to be immediately considered, and the division of the line into sections is being engaged the attention of the commissions.

Rev. Dr. Heintz, president of the Methodist church of Nova Scotia, who was in the city yesterday, occupied the pulpit of the Methodist church in the afternoon. He took his text from Peter 1: "The bishop of your soul." He said there are many things which we are inclined to take for granted. The fact that we have a soul is one of these things, and we act in accordance with that belief. He pointed out that Christ was the bishop of our souls because of His divine qualifications for that office. These are: First, His supreme knowledge, second, His infinite love, and third, His unbounded power. He knows our needs. His love leads us to Him, and His power enables him to do so.

Three young fellows who are not very well versed in the art of rowing, obtained a boat from one of the West Side wharves yesterday and managed to get out on the harbor. There was a strong wind blowing and losing one of their oars, the boys were left helpless. The strong tide and wind soon carried the boat down the harbor and past the Beacon light. The frantic gestures of the boys were seen by some pilots at Road's Point and were also seen by boatmen on Partridge Island. A gasoline launch was being made ready at Road's Point to go to the assistance of the youth when a launch was seen to go out from Partridge Island and rescued the three frightened occupants of the drifting boat. The craft was taken in tow to a place of safety. When rescued the boat was fast drifting out to sea.

James Scrimgeour, who has just completed his theological course at the Presbyterian college, Halifax, and who is under appointment by the Foreign Mission Board for work in Trinidad, addressed several city congregations yesterday. In the morning he spoke in St. John's church, in the afternoon in St. David's Sunday School, and in the evening in the Carlton Presbyterian church. His addresses were very interesting and instructive and dealt with conditions in Trinidad.

The winter port season will close on Saturday, when the Lake Erie will sail for Liverpool. It was learned by the Sun last evening that the C. P. R. royal mail steamers Empress of Ireland and Britain, which have been on the Atlantic route, will be transferred to the Pacific route. Two big new liners, known as the Empresses of Canada and Scotland, will be introduced on the Atlantic route to replace the Ireland and Britain.

### PROFESSOR LOWELL FORECASTS THE CRACK OF DOOM

Professor Lowell, "of Mars," has been frightening world with prognostications of a collision between the sun and "some distant star," a collision which is to cause "a general upheaval of conditions on the earth," resulting in the extinction of the human race.  
It is not the first time that the end of the world has been contemplated by men of science, who are boundless in their speculations. Lowell, however, is particularly bold in his forecast, which is to cause "a general upheaval of conditions on the earth," resulting in the extinction of the human race.  
It is not the first time that the end of the world has been contemplated by men of science, who are boundless in their speculations. Lowell, however, is particularly bold in his forecast, which is to cause "a general upheaval of conditions on the earth," resulting in the extinction of the human race.

### COLLISION WITH STARS?

Consider the last prospect first. Reference has already been made to the sudden blaze of the New Star in Perseus, which is now under consideration. It is learned that the Street Railway Company have communicated a proposition to the White catering concern in the matter and in the event of the deal going through, it is stated that many improvements will be inaugurated.

### POISONOUS COMET.

Apprehension is sometimes expressed lest the earth should come in contact with one of the wandering bodies of our solar system, such as a comet. We shall have a narrow escape, as the probabilities of such an event within the next fifteen months, Halley's Comet, is the only one that is likely to pass near the earth. It is estimated that it will pass within 100,000 miles of the earth, which is a distance that is not considered dangerous.

### "DARK STAR" PERIL.

The remaining possibility (Professor Lowell's) is that the sun, hastening in its orbit, will pass so close to the earth that the constancy of its light and its unusual movement as compared with stars near it would reveal its true character. The suspicion that it was nearer the earth than any star would become a fact. Then a hope arising that it was a comet. But as soon as a spectrum photograph could be taken of it that hope would perish. It would be found that its light was not the glare of a comet, but the reflected light of the sun. If this latter visitor had the same density as the earth, and was as heavy as the sun, Mr. Lowell finds that it would be first found as an unusual telescopic object when it was 15,000,000,000 miles from the sun.

### ARRANGEMENTS COMPLETED FOR BIGGEST MARATHON YET

NEW YORK, April 24.—Arrangements were practically completed today for the biggest professional Marathon yet held in this country—the great international Marathon for a purse of ten thousand dollars in which a score of the leading professional long distance runners from all over the world have been invited to compete over the course at the polo grounds on the afternoon of May 8. The event is open to the world and will finally determine the world's champion at the classic distance of 25 miles 385 yards. The purse will be divided as follows: \$5,000 to the winner, \$2,000 to the second man, \$1,000 to the third, \$500 to the fourth, \$200 to the fifth, \$100 to the sixth and \$50 to the seventh man. Some of the leading runners invited to compete are St. Yves, Longboat, Dorando, Shrub, Hayes, Maloney, Svanberg, White, Simpson and Caral.

### ST. YVES EASY MARK FOR SHRUBB AT FIFTEEN MILES

NEW YORK, April 24.—Alfred Shrub of Hingham, England, once more proved himself the greatest middle distance runner in the business by defeating the St. Yves of France at the American League Grounds tonight. At no time was the result of the race in doubt. The trustworthy means of estimating the distance of the epoch, but many millions of years hence the sun will grow a duller and duller red, and even lengthening, till we turn away from the same face of the sun, and the earth, our cold and cold, the oceans will freeze—if there are oceans—the atmosphere itself will freeze, and of no form of life will survive.

### MARSH DEFEATS MEADOWS

GUELPH, April 24.—In a mile contest, Alfred Marsh of Guelph, Ontario, defeated Fred Meadows of Winnipeg and Fred Meadows of Guelph, a local runner for a side bet of \$1,000, the former won by 40 yards in 17:02. The track was a quarter mile course in Agricultural park. The five mile time was 1:00:00. Marsh, leader of the ten mile mark was 57:25, with Marsh 30 yards in the lead.

### Dust is a danger your home shouldn't endure

The floor that is coated with the glass-like, germ-proof, seamless finish Floorglaze gives you a dust-free practically no dust. That ought to mean much in your home.

### Floorglaze

Nearly every malignant disease finds dust its best messenger. And this floor-finish, in any of its ten eye-pleasing shades, deprives dust of its chief stronghold—the floor.  
Floorglaze costs little—a gallon covers 500 square feet. Anyone can apply it right. It does "CANT" wear off—it just dries hard in a single night.  
Floorglaze is so durable, and stands hard wear so well, that it serves perfectly for floors exposed to the weather—balconies, summer houses, verandas, etc.  
Most dealers sell Floorglaze. If yours doesn't happen to, tell us his name and receive a Free Book you'll like to read.

### TAXATION AGAIN.

It would be interesting to discover whether among the ratepayers of this city, there was one who cheerfully accepted his assessment as his fair share of the necessary expenditure of the municipality. It is not at all probable that the satisfied citizen will be found in advertising his satisfaction. From an experience as old as civilization men have learned that it is not well to boast imprudently of all that is not well possessed. We may safely conclude that the man who chuckles over his tax bill will be careful to indulge his delight in solitude. Every man knows that his neighbor also has a tax bill.

Mrs. Wood, who has cast his ballot against the saloon, will never revolutionize the world.

In the early days of the temperance movement the workers made much of the effort to throw about the individual man the influence of a new and wholesome environment. Temperance organizations of a social character prospered in a remarkable way. In so far as the campaign for legislation has turned the attention of temperance workers away from this individual and social effort, it has not been altogether good. Now that the campaign is of yesterday it would be well if temperance workers could bend their energies to recover this forgotten efficiency in helping individual men.

APRIL.

Today, with April wandering in a wood,  
Mid last year's withered leaves and  
trees all bare,  
Blithely she sought, dear child, to  
comfort me;  
Showed me how fair the blue, how  
sweet the air,  
The long thin shadows of each leafless  
tree.

And faint her gentle heart would have  
outpoured—  
Such wealth as August or September  
yields,  
The flowers and fruits of high mid-  
summer's day,  
Or glory of the yellow harvest-  
fields;  
When, after toil, in bountiful array,  
The goodly stacks are stored,  
But blossoms scant were all she could  
bestow.

These and the springing trilliums,  
white and green,  
That carpet the schoolboy plucks,  
when first  
The southwind calls him to the woods  
and divine!  
She gave with slim, cool fingers;  
then there burst  
Upon our ears the white-throat's car-  
olling,  
Calling unto his queen.

As thus I wandered, touched by sight  
and sound,  
The meagre blooms, the chill, dis-  
turb'd me not;  
The few lone pipings seemed not deso-  
late.

Something invisible, but strong, methought,  
Shall soon be richer, fuller life create,  
Pen now doth stir the ground,  
And this frail child beside me soon  
Shall change into a glory like the  
down.

And radiant with abounding joy put  
on  
The beauty and luxuriance of June!  
—Robert Stanley Weir, in "The Canadian Magazine" for April.

Eva—"And you refused him? Why?"  
Edna—"He was too economical."  
Eva—"But I thought you said the  
young man you accepted would have  
to be economical!"  
Edna—"But he was too much so. He  
actually proposed on a post-card."

Tommy—"Papa, a man is a bachelor  
until he gets married, isn't he?"  
Papa—"Yes, my son."  
Tommy—"And what does he call  
himself afterward?"  
Papa—"I'd hate to tell you, my son."

### TATTOOED THUMB BETRAYS SLAYER

Quick Witted Baltimore Detective Captures Robert F. Wood, Who Killed Niece in New York.

BALTIMORE, Md., April 26.—A tattooed thumb enabled a keen witted policeman today to trap Robert Francis Wood, who is wanted in New York on the charge of murder. In capturing Wood a chase was brought to an end that began in New York City, where Mrs. Wood shot and killed his niece, Mrs. Alena Linda Roche, in her apartment at No. 40 West Fifty-third street.

Wood recently had his photograph made on post cards and enclosed one of them in a threatening letter to his family in New York. This gave the police a clue. The local sleuths were informed that Wood had the letter "R" tattooed on one thumb.

Shortly before noon today Detective Sergeant Knight stood at the corner of Pratt street and Market space. A man approached him. Knight thought there was something familiar in the man's face and drew out a duplicate of the post card photograph and looked at it closely. It resembled the man who had turned into Pratt street. Still the detective was not sure and he followed the man to a lunch room and saw him sit down at a table.

On the Police Daily Bulletin of today is printed Wood's description, and one part of it states that he has the letter "R" tattooed on one thumb. Sergeant Knight entered the lunch room, and going quickly up to Wood, seized one of his thumbs. It was the one with the letter "R" tattooed on it.

When asked why he killed his niece Wood said:  
"Well, my niece would not take my advice, so I killed her."

### GRADUATING REGALS AT MOUNT ALLISON

Provincial Students Capably Present Attractive Programmes—Societies Elect Officers.

SACKVILLE, April 24.—In spite of the downpour of rain Friday evening's graduating regals at the Mount Allison Conservatory of Music was attended by an audience which filled even the extra seats provided and which listened with intense pleasure to each number of the programme rendered by Miss Edna M. Baker, of Toronto, vocalist, and Miss Hilda Hawker, daughter of Mr. W. W. Hawker, St. John, pianist. Both young ladies acquitted themselves most creditably.

Next Friday evening a regals will be given by two more of the graduates, Miss Margaret Cameron, of Sackville, and Miss Jessie Allen, of Bellefleur. They will be assisted by Miss Hazel Hughes, of Charlottetown, reader, and Mr. Robert L. Stalling, of St. John, vocalist.

On Friday, May 7th, Miss Gladys L. Dixon, of Sackville, and Miss Alice M. Boyer, of Hartland, will give their graduating piano recital. They will be assisted by Miss Florence Robb, of Amherst, violinist, and Miss Nellie Kilham of Yarmouth, vocalist.

In the past few days the students of Mount Allison University have elected a number of their officers for the next college year. In the Y. M. C. A. the following officers were elected: Honorary President, Dr. Allison; President, J. S. Asbury, '10, of Pictou; Vice-President, R. B. Thomas, '11, of Halifax; Secretary, P. T. Meek, '11, of Truro; Corresponding Secretary, W. E. Thompson, '10, of St. John; Treasurer, W. Irving, '12, of Moncton.

SHACKLETON WILL SEEK FOR ISLANDS

Antarctic Explorer Plans to Locate Lands at Present Doubtful Existence.

SYDNEY, N. S. W., April 25.—Lieutenant Ernest H. Shackleton hopes to complete the work he has so far accomplished by his expedition into the Antarctic regions by making an exhaustive search in the antarctic region. The Nimrod departs from Sydney in ten days' time in charge of Captain Davis and Lieutenant Shackleton, and is going to England via Suez.

No one has ever landed on the Emerald, Nimrod, of Dougherty Islands, to compare the work he has so far accomplished by the variation of the positions given by discoverers, are sometimes looked for in vain.

A United States exploring expedition searched the supposed site of Emerald Island in 1841, without seeing any indication of land.

The expedition will take soundings and collect zoological biological and other specimens.

### FORCED TO BECOME BANDIT AND ASSASSIN

Sicilian Convicted of Crime of Which He Was Innocent, Has Revenge on Law.

ROME, April 24.—Salomone, a Sicilian, who has just been acquitted on charges of murder and brigandage, has had a most remarkable career. In 1893, he was condemned, on doubtful evidence, to penal servitude for brigandage. His conduct in prison was so exemplary that he was released after ten years. On regaining his freedom Salomone's first care was to prove his innocence by obtaining a re-investigation of his case.

He failed, however, and then, as he declared, during the trial, resolved, as he was not permitted to vindicate his honor, to reap the benefit of his reputation, and a brigand in deed as well as in name.

He began by murdering the mayor of his native village of Caltanissetta, who had not only opposed his demand for a fresh trial, but had married Salomone's fiancée during his imprisonment.

He managed to evade the police, and for a year plundered and robbed on the highways, until he was seized in 1904 and sent to the state prison at Perugia to await judgment.

His trial only began a few months ago, and has terminated in his favor. The jury took into consideration the fact that he committed the murder under great provocation, and that he had already spent the best part of his years in prison for a crime of which he is believed to be innocent.

The prisoner, who has been engaged in composing an epic poem of his life story, created much interest during the hearing of the case by his apt and ready quotations from Dante and Aristotle.

### HOW EDMUND BREESE MADE HIS FIRST APPEARANCE

Prevented a Crisis by Filling in the Star's Part While That Actor Was Unconscious.

Edmund Brees, in a recent theatrical paper, gives the following account of his first appearance on the stage. While working on a ranch in North Dakota, I was sent to Omaha in charge of a bunch of cattle. While there I fell in with a lot of young fellows about town, and as a sort of joke we accepted an engagement as extra men for a repertoire company that was being seen in one of the local theatres. The bill for this night was Michael Strogoff. Prior to making our appearance we were thoroughly rehearsed and showed how our entrance was made with the leading man of the company. The cue for the entrance was an explosion off the stage. At night the explosion did not occur quite so quickly as the leading man wanted it to, and, to hurry matters along a little, he took a revolver and fired it into a nail keg filled with sawdust and a thin layer of powder. This keg was supposed to be ignited by a fuse. Of course, the close range of the revolver caused a terrific explosion, and the barrel burst and threw the leading man violently against the wall, where he fell unconscious. The stage was waiting. It was the big climax of the third act. Martha Strogoff, the stage mother of the hero, was standing in the centre waiting to be rescued from a live bomb. Having witnessed the rehearsal in the morning, I remembered the one line that Michael had to say at this particular moment, and, taking in the situation in an instant, I rushed on in his place, threw the bomb out of the window and took the mother in my arms and stood in the centre of the moment the audience did not notice the change in actors, as I wore a full beard, in the Russian style, that had been happily provided me by the prompter. This beard was very much after the style that Michael wore. Or course I received from the audience the usual number of curtain calls. The manager, who was standing in the front of the house, noticed the difference and came rushing back on the stage in a very excited manner to find out what caused the trouble. When everything was thoroughly explained to him he was most grateful and profuse in his thanks, and complimented me for what I had done. As a reward I was offered an engagement with the company at \$10 a week and board. The next day I had a letter from Michael to say that he was to appear as a real actor and I accepted the position, and that is how I became an actor.

### CATCHER POWERS DEAD FROM OVER EXERTION

PHILADELPHIA, April 26.—Dr. Maurice Powers, star catcher for the Philadelphia American Baseball Club, died in this city today of gangrene poisoning. Powers became ill during the seventh inning of the opening game of the season with Boston on Easter Monday but he continued in the game until the end when he fell unconscious. The physicians discovered that he was suffering from strangulation of the intestines and three operations in turn were performed upon him.

### DROPPED DEAD IN CHURCH WHILE BAPTISING A CHILD

BIG RAPIDS, Mich., April 25.—Rev. E. G. Franck, pastor of the German Lutheran church here, dropped dead while administering the rite of baptism to a child, at the close of the regular service yesterday. The preacher had apparently been in perfect health. As he stood at the altar and within the slightest warning he fell to the floor and was dead when picked up. Rev. Mr. Franck was 52 years of age and is survived by a widow and nine children.

### KILLED TWO MEN IN FLIGHT THROUGH SPACE

LOS ANGELES, Calif., April 25.—Thousands of persons at the Coliseum stand without suffering serious injury. Two spectators, however, who were standing at the race, were probably fatally injured. SULTAN MAY HOLD HIS JOB BUT IT WILL COST HIM QUITE A BIT OF MONEY

(Continued from page 1)

CONSTANTINOPLE, April 26.—Constantinople experienced last night the effects of the state of siege declared yesterday. The capital resembled a city of the dead. No one was allowed on the streets after 8 in the evening and the carrying of arms by civilians was prohibited.

The Committee of Union and Progress has issued a statement denying the allegations attributing the recent occurrences to controversies between the political parties and saying that the march of the constitutionalists on the capital was undertaken under the influence of the committee. The statement sets forth that the tragic events of the past fortnight were provoked by "wretches and vile personages who were injured by the proclamation of the constitution."

Soldiers were corrupted with money and incited to commit acts of savagery. The holy mission of the army above personalities. The committee wishes to work for the general interest and serve the fatherland.

The arrests of the reactionaries and religious students continue and it is estimated that up to last night 4,000 such persons had been apprehended. The last burials of the men who fell in the fighting of Saturday took place last night. The dead number about 900 and the men in hospitals do not reach the total of 500. Five thousand troops were taken prisoners.

One body of prisoners marched past Schebek Pasha's headquarters this morning on their way to camp in the country. They were in no sense demoralized, but were smoking cigarettes and chatting with animation. A few prisoners have been shot in attempting to escape. An artillery man who was waiting examination at Schebek Pasha's headquarters was killed today by a soldier in one of the Constitutional regiments. The soldier was dragged away by his comrades but he called out in explanation of his act, "Thatascal killed our officers." The men suspected of instigating the march of April 12 have been separated from the main bodies of prisoners and will be tried by court-martial.

It is rumored today that prisoners are being shot in the country beyond the Sweet Waters, but definite assurances were obtained at Schebek Pasha's headquarters that no executions had occurred, although a considerable number were probable.

Two hundred of the Sultan's Albanian soldiers stationed at the Imperial palace at Yildiz, persistently refused today to surrender their quarters, which are adjacent to the main gates of the palace enclosures. Although these men have not fired on anyone their steadfast refusal to submit to Schebek Pasha, who is arranging to attack them and force their surrender unless they will do as he desires.

The correspondent reported to the agents of His Majesty's children are disaffected, remarked the officer commanding the approach to the gates of the palace in reply to a question. "We have placed a battalion of Macedonian volunteers which are in close range and we are awaiting only the arrival of artillery before making a final demand for surrender. If this is refused we must attack."

The Macedonians referred to were behind a series of long terraced walls between 200 and 600 yards from the Albanians' barracks, their cartridge belts were full. As the officer was speaking a number of independent positions, mostly men of independent position, were arriving on the scene in cabs and carriages to have a share in the final engagement.

The Soutari artillery barracks, which yesterday threatened to bombard Constantinople, were fully evacuated today. The men who were in the barracks are prisoners and camped last night in an adjacent graveyard. CONSTANTINOPLE, April 26.—Tewfik Pasha, the grand vizier, this morning transmitted to the Sultan the resignation of the entire cabinet and communicated this fact to parliament.

NEW YORK, April 26.—The games scheduled for today in the amateur 32 ball billiard tournament here has been postponed until tomorrow because of the inability of Joe Mayer, of Philadelphia, to be present. Jackson will meet Mayer tomorrow afternoon and Conklin will play Wright in the evening.

PARDONS FOR ALL IN GOEBEL MURDER

No Conspiracy, and Henry Youtsey Alone Guilty of Historic Tragedy, Says Governor Wilson.

FRANKFORT, Ky., April 26.—Only one man, Henry Youtsey, will ever be punished for the murder of one of Kentucky's Governors, at the threshold of the old State House, for Governor Wilson this afternoon cleared the docket of the Goebel death conspiracy cases by pardons to all those under indictment for complicity in the crime. At one stroke of his pen he wiped off the slate all the indictments in the celebrated case pending in the Frankfort Circuit Court.

Pardons, full and free, were granted to William S. Taylor, for a time de facto Governor of Kentucky just after the death of Goebel; to Charles Finley, de facto Secretary of State under Taylor; John L. Powers, a brother of Caleb Powers, who held office as Governor of the Commonwealth in 1875; and to the Republican administration when Taylor was holding the Governorship, which the courts had later bestowed on William Goebel; to J. Whitaker, the first man arrested for the murder of Goebel, taken heavily armed at the State House; to the shooting; John W. Davis, policeman in the Capitol Square, and Zack Steele, of whom but little is known. All these men have been accused and indicted as accessories before or after the fact to the murder of Governor Goebel.

Henry Youtsey occupies a cell in the Frankfort Penitentiary and still bitterly insists that he was only one of a number who participated in the Goebel killing.

For nearly ten years fugitives from justice, some hiding in Indiana, under the protection of the officials of that State, and some in unknown places, have been hunted by the authorities in this historic tragedy may now come back to Kentucky without danger of arrest.

In granting the pardons, Governor Wilson reiterated the belief he expressed some months ago when he issued pardons to the men who had been indicted, that but one man had a part in the murder, and that he did not believe that any of the men who were pardoned were guilty of the crime.

Mr. Youtsey, witness said he did not know how many metres were in the building or who were customers there. D. H. Jack, Dr. Day and the Christadelphian Society occupied rooms in the building. Witness knew of no one who was in the building on the night of the murder. He also knew Frank P. Vaughan, an electrician. He did not know if Mr. Vaughan had run the wires from the basement to the ceiling. The wires tapped did not supply apartments in the building, other than the theatre were run through the meter. There were three lights at least and a testing machine run from the false ceiling.

Wm. L. McLeelan, a lineman for the Railway Company, testified that about a month ago he visited the theatre. He found one light tapped on the wire back of the meter. The wires were connected all right. The lights in the basement would not register on the meter. Some days after wards he mentioned the matter to Mr. Kerr who said it would not occur again, and if he had known it, it would not have occurred.

H. A. Brown, chief electrician with the St. John Railway Company, told of his visit with Mr. Shannon to the theatre on Thursday afternoon. They looked over the wires, meter, etc., and everything looked all right. They took the main fuses out from the wires supplying the entire theatre. They went to a testing room and found that there was a current on the machine. To run one of these machines would take about 3,500 volts, and they ship either 50 volts of time a week or 20 three times a week. It takes about ten minutes to run through one of the films. Witness located the wires and Shannon located them on top and found they were connected with the main wires above.

Witness had a conversation with Mr. Kerr and he told him that the wires were tapped on back of the meter. Kerr said that if they were he did not know anything about it and it must have been the operator who had done it as he had him up there doing some kind of work. He added that the operator had gone. Witness said there was no business for the operator up there and if Mr. Kerr sent the operator up there it must have been for the purpose of tapping the wire.

Mr. Kerr witness said that if the wires had been tapped on the right side of the meter the company would not have objected, but any person adding lights is supposed to notify the Railway Company.

The case was adjourned and the prisoner was remanded until Friday morning at ten o'clock. Mr. Gerow requested that the case be resumed this afternoon as he wished to be able to get his client out on bail. Mr. Taylor replied that he would willingly go on this afternoon if Mr. Gerow would procure Frank Chapin, the Bijou operator, who is said to have left the city in rather a mysterious manner Saturday night. Mr. Taylor said he read about it in a morning paper and he found the papers generally correct.

Mr. Gerow said he wished it understood that he knew nothing about the papers were not always correct.

The St. Mary's Girls' Guild will give one of their popular dime literary and musical entertainments at St. Mary's school room, Waterloo street, tomorrow evening. A splendid programme has been arranged.

ANOTHER TRIUMPH FOR SANTOS DUMONT

Aeronaut Files Mile and a Half on His New Monoplane Machine.

PARIS, April 24.—M. Santos Dumont has achieved a new record in aeronautics by flying for a distance of one mile and a half in his recent monoplane machine. This is the first long flight ever made with a machine of this description, and owing to the lightness and portability of the monoplane, aeronauts regard M. Santos Dumont's feat as marking an important departure in the science of aviation.

M. Santos Dumont's flight yesterday was terminated at the edge of a large lake near St. Cyr. He could have continued, but the success of the monoplane was assured, and he was afraid to tax the motor unduly until he had made further flights. Unfortunately, the tire of one of the wheels used in getting under way before ascending the aviator, is only about 20 pounds. It is fitted with a 2-horsepower motor, and the initial speed to leave the ground is thirty-six miles an hour.

M. Santos Dumont built the monoplane last autumn, but after some experimental flights he made several alterations, including a change in the position of the motor. Six weeks ago he made several tests, and succeeded in carrying several flights of 200 yards at a height of from twelve to twenty feet from the ground.

The monoplane is built of canvas and bamboo, and runs along the ground on three wheels until it attains sufficient speed to rise.

M. Santos Dumont is convinced that it will become one of the most successful types of flying machines for use by one aviator, and he has predicted that it will ultimately attain a speed of 120 miles an hour.

NEGRO PAYS THE USUAL PENALTY FOR HIS CRIME

BIRMINGHAM, Ala., April 26.—A small crowd of men seized a negro who was being taken to jail in Bessemer late last night and hanged him to a tree in the woods. After the lynching the crowd quietly dispersed, leaving the body to rot in the street.

The negro, John Thomas, had been arrested on a charge of criminal assault on Mrs. Patterson, who had been severely injured. The negro was identified him. Thomas finally confessed to the crime but asked the men to spare his life. The response was a rope and he was soon swinging to a tree.

ASYLUM ACCOUNTS WERE GONE OVER TODAY

FRANKFORT, N. B., April 26.—The public accounts committee met this morning and examined the expenses incurred in connection with the Provincial Hospital during the past fiscal year. The cost of repairs and additions amounted to the sum of \$14,284.88, while the supplies and salaries totalled \$104,094.48.

The committee also examined the accounts of the Provincial Hospital for the past fiscal year. The cost of repairs and additions amounted to the sum of \$14,284.88, while the supplies and salaries totalled \$104,094.48.

ST. GEORGE'S DAY SERVICES.

The members of the St. George's Society marched in a body to the St. Paul's (Valley) church last evening and heard an eloquent sermon preached by Rev. E. Bertram Hooper, rector of the church. The sermon was on the great principles associated with the name of England's patron saint, and to which the members of the society were pledged.

Mr. Hooper took for his text, 1st Peter, chapter 2, verse 12: "Having your conversation honest that by good deeds which men shall behold, they may glorify God."

After the sermon the service closed with the singing of God Save the King and Onward Christian Soldiers.

FUNERALS.

The funeral of the late Arthur Currier took place at 8:30 this morning from the residence of his uncle, Michael McLeod, Main St., to Holy Trinity Church, where Requiem High Mass was sung by Rev. Father Walsh, and thence to the new Catholic cemetery for interment.

The funeral of the late David Mitchell took place this afternoon from his late residence, St. Andrews St., to Fernhill cemetery. Rev. W. W. McMaster conducted the service.

The funeral of Pascal Arsenaux took place on Saturday afternoon at 8:30 from 13 Brunswick St. to the Cathedral, where the service was conducted by Rev. Father O'Brien, and thence to the new Catholic cemetery.

FINE WEATHER

The Colonel Starts for the Ranch of Sir Alfred Pease

NAIROBI, British East Africa, April 25.—After a brief hunting expedition last evening at Papiti Plains, ex-President Roosevelt and his party broke camp and started for the ranch of Sir Alfred Pease on the Athi River. Colonel Roosevelt spent part of yesterday afternoon sorting his kit while Krumit and several of the men went to try their luck with the rifles. An old settler, who seemed to take a liking to Roosevelt, offered to show him the game in the district. He was favored by fine weather and he enjoyed the experience immensely. He bagged two wild beasts and a Thompson gazelle. In one respect Mr. Roosevelt was somewhat disappointed, as he had been anxious to secure a Grant's gazelle, whose massive horns are much sought after for trophies. The hunt lasted several hours and all the members of the party were well tired out when they returned to the camp.

Smallpox is prevalent at Nairobi and two cases have developed among the porters at Capiti. These have been quarantined and the strictest precautions are being observed to prevent a spread of the disease among those attached to the Roosevelt party. The danger of this is now considered slight. The police still maintain their measures for the protection of the Americans from annoyance. They will not permit any, except those designated by Colonel Roosevelt to go with the expedition.

NEGRO PAYS THE USUAL PENALTY FOR HIS CRIME

BIRMINGHAM, Ala., April 26.—A small crowd of men seized a negro who was being taken to jail in Bessemer late last night and hanged him to a tree in the woods. After the lynching the crowd quietly dispersed, leaving the body to rot in the street.

The negro, John Thomas, had been arrested on a charge of criminal assault on Mrs. Patterson, who had been severely injured. The negro was identified him. Thomas finally confessed to the crime but asked the men to spare his life. The response was a rope and he was soon swinging to a tree.

CUSTOMS REVENUE SHOWS AN IMMENSE INCREASE

MONTREAL, Q., April 26.—The customs collections for April are already over \$300,000 more than for all April last year. Robert White, Collector of Customs, says that he is convinced that each month now shows a like or greater increase now.

Lee Chu is safe. The Pharmaceutical Association has had enough and will drop the case as the expense of bringing him back from Halifax after a legal fight would be too great. They notified the detectives today to drop the case.

POOR OUTLOOK FOR BOXING PROMOTERS IN NEW YORK

NEW YORK, April 26.—Believing that the frequency with which boxing bouts are being held in this city, will arouse further opposition to the fighting game and cause the police to continue the raids of boxing clubs, the management of the Fairmount Club has postponed for a week the ten round bout between Freddie Walsh, of England, and Johnny Fryne, of California. The action of the Fairmount Club in closing its doors is believed by boxing promoters to indicate that the activities of the police have made boxing unprofitable.

SLOW WORK GETTING JURY IN THE HAINS CASE

FLUSHING, N. Y., April 25.—The work of compiling the jury at the trial of Captain Peter C. Hains, Jr., for the killing of Wm. E. Anns at the Bayside Yacht Club last August, was resumed before Justice Garrison in the Supreme Court today. Seven jurors had been selected out of 348 names examined during the five days of court last week. It is expected that several days will be required to fill the jury box.

Changes in weather are annoying, but changes in the style of jewelry are attractive. Walter H. Irving, the jeweler, 35 King St., watches for all new ideas and is always ready to meet the wishes of customers.

BOSTON, April 26.—The police are trying to locate a girl answering the description of Adele Bos, the 13-year-old daughter of Arthur E. Bos, the wealthy silk manufacturer, who disappeared from New York on Friday last. The girl, when the police are looking for obtained work in a Charleston restaurant yesterday, but failed to appear today.

R. H. Parsons, secretary of the United Baptist Young Peoples Provincial League, and E. G. Campbell will go to Fredericton tomorrow, where they will address the united meeting in the interests of the league. While there they will also arrange for the organization of a branch of the boys' section of the Junior Temple of Honor and Temperance.

## The Real Facts

There is not a man or a young man today in St. John who buys clothing who doesn't want the right kind at right prices. There is scarcely one but has his ideas of what he wants for Spring in a suit or Overcoat and knows what he can afford to pay for it. This being the case does he know where to get his wants supplied in an honest straight-forward manner? We say right here—Why?—Because our business of to-day and the future depends on using our trade the best we know how; seeing to it that they get full value for their money and clothing of the right character and style. This is the reason we have **20th Century Brand Fine Tailored, Ready-to-wear Garments. Suits from \$15 to \$25**. Other reliable makes \$10 to \$20.

### LOCAL NEWS

At the north end, corner Main and Bridge streets, is the leading quality store of St. John. You would not think so judging from the prices. Pidgeon's prices are always the lowest.

Mrs. R. W. Robinson will be at home to her friends Wednesday afternoon and evening, April 28th, at 107 Victoria Street.

Mrs. Jas. Tutin, who has been singing at the United in Fredericton, arrived home on the Montreal express today.

St. John Council 131, Royal Arcanum, will hold a smoker in their rooms, Odd-fellow's Hall, Union street, tomorrow night.

The annual meeting of the St. John branch of the United in Fredericton, International Order of the King's Daughters and Sons, will be held at the guild rooms on Tuesday, April 27th, at 7 p. m. Reports of officers and circles will be read. Officers will be elected.

Supr. Bridges is quoted as saying that if truants could not be sent to the home at Crouville a parental school would finally have to be erected. Dr. Bridges and R. B. Emerson, of the board of school trustees, went to Crouville on Friday last to inspect the school in connection with the institution, and they will lay the matter before Judge Ritchie.

The closing meeting of the Men's Bible Class of St. John's Stone church will be held this evening. This class has had a most successful season. It has an enrollment of 28 and an average attendance of between ninety and one hundred members. Under the leadership of Rev. G. A. Kurling the class has during the past winter, studied the life of Christ according to St. Matthew. Meetings have been held each Monday evening, and the course of study has been found most profitable. W. E. Anderson is secretary of the class.

### ALDERMAN OFF TO THE CAPITAL TOMORROW

To Support Civic Legislation—Consultation This Morning—New Steamship Co. Wants a Wharf.

Some of the aldermen took advantage of the presence of Robt. Maxwell, M. P., in the city to hold a consultation with him at City Hall this morning regarding the various city bills which are now being introduced at Fredericton. The Recorder was also present. Nothing of importance was done.

Members of the Bills and By Laws Committee will leave for Fredericton tomorrow morning in the interests of the civic legislation. Among those who will go are Aldermen Pickett, Baxter and McLeod. Mr. Sproul may also go to look after the dog tax law. An application for a wharf has been received from the new steamship company which will operate between St. John and Halifax and intermediate points. They want the wharf formerly used by the Nisaket, and as this is entirely suitable, it is likely that their request will be granted. The matter of rental will be the chief matter for arrangement.

### POLICE COURT.

In the police court this morning Joseph Murphy was fined \$4 for being drunk and \$5 for profanity. Jack Sheehan said he did not know why the police recorded his name as John Sullivan, but he pleaded guilty to drunkenness and was sent to jail for two months in default of paying an eight dollar fine.

Robert Turner and Wm. McAleer pleaded guilty to fighting in the old Brunswick Hotel, King Square, and that they got into an argument as to whether they would go to the Opera House or the Nisaket. Turner said he would not go to any show. They eluded and as a result they were arrested. The two were remanded to jail.

### PERSONAL

### SACKVILLE GIRL IS HONORED IN INDIA

Dr. Louisa Hart Receives Official Medal.

Words of Praise for Her Valuable Mission Work—Presentation an Imposing Ceremony.

Word has been received here that at a brilliant gathering in the great Banqueting Hall in Madras, India, on March 15th, Dr. Louisa Hart, of the American Mission Gotha Hospital a Vellore, daughter of Rev. T. D. Hart and Mrs. Hart, of Sackville, and well known in St. John and throughout the province, was presented with the Kaiser-Hind Medal of the Second Class for public service in India, by His Excellency, Sir Arthur Lawley, governor of the Presidency of Madras. Miss Hart was highly complimented by His Excellency after the presentation. On the same evening, His Excellency invested the Prince of Arcot, a native ruler, with the order of Knight Commander of the Indian Empire; another native ruler and Hon. Dr. Gibbs with the order of Commander of the Indian Empire; and a third Indian ruler with the badge of the Third Class of the Most Exalted Order of the Star of India. The ceremony was attended by much grandeur, taking place at the Madras Times edifice, in a hall where "the chandeliers reflected in a thousand colors the lights which they carried, whilst the walls were dazzling in their brightness." His Excellency was attended by his secretary, Mr. A. Y. G. Campbell, the private secretary, and one of the governor's aides. His Excellency in his speech "paid a glowing tribute to the good work done by Miss Hart and, through her, also to the American Mission at Vellore."

Part of His Excellency's speech was as follows: "In the first place I desire to convey my cordial felicitations to Miss Louisa Hart, who has come to India from the Far West to undertake the noble task of uplifting the sick, the suffering and the sinful of this land. On behalf of the Government, in the name of all in this country, whether Anglo-Saxons or Indians, I ask her acceptance of our cordial greetings and the warmest wishes of the Vellore and witnessed the admirable work in which she is engaged. Miss Hart is there carrying on a labor of love and ceaseless personal effort is bringing help and comfort and hope to the suffering and the poor. It has often been my pleasure to speak of the splendid work done in this country by Christian Missions, and I know of no more conspicuous example than that of the Mission in Vellore. It has earned the gratitude and the admiration of all of us who have eyes to see and hearts to feel, and I know that I am only expressing the opinion of all present when I say that we congratulate Miss Hart most sincerely on this recognition of her noble work and hope that she may long live to wear the Kaiser-Hind medal with which she has just been presented."

Dr. Hart is now on route home on furlough.

### ODDFELLOWS TO HAVE A CELEBRATION TONIGHT

Ninetieth Anniversary Will be Observed by an At-Home in the Union Street Hall.

Oddfellows throughout America today observe the completion of ninety years existence of their order. In St. John the celebration will take the form of an At-Home, arranged by Stoen Lodge, and in which all the other city lodges have been asked to participate.

The Order of Oddfellowship, which is now by far the strongest fraternity in America, has had a remarkably successful year. In the Maritime Provinces it is reported that the past twelve months have been well up to the mark in every respect. The membership has largely increased, and in many places there has been a strong renewal of activity. The new ritual adopted at the Sovereign Grand Lodge a year ago has been mastered by practically all the subordinate lodges, and is acknowledged to be far superior to the old ritual. Many new philanthropic schemes have been carried out and the work of the order in charitable and other fraternal lines has been strengthened.

The order has no fixed form of programme for the celebration of its natal day, but the manner of observance is left entirely to each lodge, the only condition imposed being that the members shall arrange programmes creditable to the order. At this evening's gathering the oration will be delivered by Dr. A. D. Smith, Grand Warden for the Maritime Provinces, and addresses will be given by Hon. C. N. Skinner, W. F. Hatheway, M. P. P., and others. A musical programme will also be provided and refreshments will be served.

### AN UNBREAKABLE SET OF TEETH

There is a class of patients who do not object to paying a fair price for artificial teeth, if they can really secure comfort, usefulness and naturalness.

I have a set of teeth, such as is unobtainable in any other office in this city, to my knowledge. It is out of the ordinary line and unlike the teeth in general use. Its beauty is at once apparent, and it is practically unbreakable.

It will pay those who are desirous of obtaining the best to be had in the dental line to call and inspect this for themselves. I will gladly demonstrate its superiority over other plates, even if you have no immediate intention of investing.
