RAIN AND SLEET

TWO CENTS

SIR GEORGE FOSTER STIRS ELECTORS OF YORK-SUNBURY CONSTITUENCY TO HIGHEST PITCH OF ENTHUSIASM

Fearlessly Plunges Into Issues of Campaign, Riddling to Shreds the Trumped-up Charges of the Wobbly Mr. King, Who Doesn't Know Where He Is At.

Says Liberals to Win Must Obtain 130 Seats and This is Impossible for Them—Defends Merchant Marine, Depicting the Hypocrisy of Liberals in Their Criticism of It—The Railway Problem Was a Mess Handled Down by Laurier Gov't, and Meighen is Cleaning It Up—Mr. Hanson in Brief Address.

Special to The Standard.

Fredericton, Nov. 17.—Sir George Eulas Foster, now member of the Canadian House of Senate, but remembered best in his old county of York and Sunbury in finance in the government of Sir John MacDonal, was given a reception such as is given only to men who have achieved fame on their return to the home town of earlier life, when he addressed a huge audience in the Gaiety Theatre tonight. The meeting was the largest which yet has been held in the interest of R. B. Hanson, K. C., the candidate of the National Liberal and Conservative party in York-Sunbury. The candidate spoke briefly at the first of the meeting, as the intention was to give Sir George the fullest opportunity of placing before the people of Fredericton the issues of the campaign, the last general election campaign, he said himself in his concluding paragraphs, in which he was likely to take part in this city.

The audience, which turned out for the meeting, overtaxed the capacity of the theatre. The enthusiasm was

SIR GEORGE FOSTER

Canada's "Old Parliamentary Hand," Now Campaigning in New Brunswick.

marked and there is no doubt that Fredericton and the entire constituency will do as well for Mr. Hanson December 6th as it did in the by-election of May last for, as Sir George well asked, "What has happened in the last six months to make a difference?" Lady Foster, who has accompanied Sir George on his tour, was seated in the audience with Mrs. R. B. Hanson, wife of the candidate, and Mrs. Iva F. McLeod, President of the Women's Organization. A most pleasing feature of the meeting was the presentation to Lady Foster of a beautiful bouquet from the "Women's Organization." Rising in her place she gracefully expressed her thanks.

J. D. Palmer, Pres. of the National Liberal and Conservative party, York-Sunbury, chairman, made a brief introductory address in which he expressed the opinion that Mr. Hanson on the night of December 5th, would have a majority greater than he had in the by-election of May last.

Hearty Reception For Hanson
Mr. Hanson, the candidate, was given a hearty reception. He could assure his hearers that it was no pleasure trip to canvas the constituency in the recent weather. It meant walking through snow and over ploughed and half-cleared ground to see the electors personally. He knew the magnificent gathering was not on his account, but because of the prominence of the grand old mentor of Canadian politics, whom all were pleased to honor as a former townsman. (applause).

Mr. Hanson reviewed the record of the Government in doing its part in the war and after it was over. The Soldier Settlement scheme was the admiration of all belligerent nations. Highway scheme and the housing scheme were outstanding accomplishments. The Government had done more for the people than any other in history, and never had Canada a cleaner Government. The alleged extravagance, with which the Government was charged, was largely due to the huge war expenditure.

The speaker asked for a repetition of the confidence placed in the Government and himself in May last. He could say in all fairness that the confidence was not a renewal of the confidence.

Sir George introduced
Mr. Palmer introduced Sir George Foster whom he termed unsurpassed in Canada in qualification to discuss public affairs.
Sir George was given a magnificent

reception by the audience when he reflected when he first was in Fredericton. In the afternoon he had heard the Cathedral chimes. It reminded him of the first time in the autumn of 1885 when he walked on the terrace of the old University and first heard those chimes. He could not help thinking that he should be speaking in the City Hall where he had spoken so often. However, he could weigh comfort against old associations and let it go at that.

The candidate had appealed for a renewal of confidence. Why should he not have it? What had happened in the last six months to change the verdict? He wished to warn against a political device as old as the shell game—the paper victory. He had read an editorial in the Telegraph that morning the entire drift of which was that the next Government would be Liberal. If he had been liable to depression he would have left Fredericton at once, laughing.

Reviews Outlook

To win, the Liberal party must obtain 130 or 140 seats. Out of British Columbia, Hon. Mr. King would get two members or none. Mr. Deane, of the Winnipeg Free Press, the Liberal bible, forecasted not more than four members from the three Prairie Provinces. Out of the Maritime Provinces they would go neck and neck. Ontario would be divided by the Meighen and United Farmer parties. The only place Hon. Mr. King could look for support would be in the province of Quebec.

R. B. HANSON, K. C.

Government Standard Bearer in Constituency of York-Sunbury.
If the entire block of sixty-five seats were taken as a nest egg and the other eggs were placed about it, how could Hon. Mr. King ever get the 130 or 140 seats required to carry on a government?

What would those Liberals whose sons tell in France think of a leader who had to look for his support to a province in which every one of his candidates is appealing to the electors because the Meighen and Borden governments saddled the war debt on the country and tore their children from their breasts?

Hon. Mr. King owed his very choice as leader of his party to Quebec which selected him over Hon. W. S. Fielding because the latter had supported the war and conscription.

Takes Up Issues.
The Liberals said that Hon. Mr. Meighen was attempting to make the people think that the tariff was the main issue to cover up mal-administration. (Continued on page 3.)

Killing Stray Cats For Food

Nineteen Foreigners Found in Desperate Circumstances by Charitable Organization of Sydney.

Sydney, N. S., Nov. 17.—Charitable organizations tonight are concerning themselves for the relief of nineteen foreigners who were discovered today in upstated shacks in the Coko Oven district, without beds, food, clothes, or fuel, slowly freezing and starving to death. These people migrated to Canada after the war, got caught in the slump and not speaking English or Gaelic, their position became extreme before it came to the attention of the proper authorities. During the past few weeks some of them have been killing and eating stray cats.

Gloucester County Conservatives Are Most Enthusiastic

Large Crowds Attending Rallies in Support of Government Candidate.

Special to The Standard.
Sydney, N. S., Nov. 17.—The election campaign is going with a swing to the Conservative party in Gloucester county, to the present time, and Mr. DeGrace, the Conservative candidate, is being enthusiastically endorsed by both Liberals and Conservatives in the lower end parishes of the county. Tuesday evening Mr. DeGrace addressed a large meeting of the electors on the seashore at Shippegan Island, and on Wednesday night was accorded a rousing reception at Lunenburg.

The parish of Botford, in the upper end of the county, where Mr. DeGrace taught school for many years, is rallying nobly to his support, and will give him a decided majority on election day. Messrs. Ryan and Hickey have addressed largely attended meetings in the districts adjoining Bathurst, and have received assurances of strong support for the government candidate. So far the Liberals have held only one meeting, in Green Point, where it is claimed the attendance was very slim. Mr. Turgeon left Bathurst yesterday morning for the lower end of the county.

Bucyant Neighbor.
Liberal headquarters in the sign board over one of the liquor vendor stores on Main street, and the sign is attracting much attention as well as affording some little amusement. As some was put it, the idea was to arouse a more buoyant spirit in the Liberal party, which has become so latent during the past six months. It goes without saying that the election promises an interesting and close finish in the final stage of the campaign. A special train service is being arranged on the Caraque & Gulf Shore road to bring people from the lower end of the county to nomination day proceedings on Tuesday next. The special will return to Tracadie the same evening.

Canadian Car Co. Close Their Shops

The Shutdown, Affecting 2,000 Men, Said to be Only Temporary.

Montreal, Nov. 17.—The shops of the Canadian Car & Foundry Company, Limited, at Saint-Pierre-Aux-Liens and at Turco, near here, have practically closed down today, a few caretakers only being still engaged. The shut down is said to be temporary, and it is expected the plant will reopen around the end of December. The plant employs about 2,000 men when fully operated.

Harding Signs Bill Continuing Emergency Tariff

Washington, Nov. 17.—Signature by President Harding of the bill to extend the emergency tariff act until permanent tariff legislation is enacted was announced today at the White House.

PRINCE MAKES AN IMPRESSION ON BOMBAIANS

Greeted With Tumultuous Enthusiasm Unprecedented in the History of Bombay.

SOME FEARS FOR SAFETY OF H. R. H.

Disturbances Occurred in Native Quarter Coincident With Procession Escorting Prince Through City.

London, Nov. 17.—Reuter's correspondent with the Prince of Wales in a long detailed despatch, describes the reception of the Prince by the populace of Bombay today when he landed, and during the four mile circuitous procession through the city. The splendid military cortege at various points along the route touched the fringe of the native bazaar, where there was tumultuous enthusiasm unprecedented in the history of Bombay. The route of the procession was lined with British and Indian troops. A public holiday had been declared, and all the inhabitants closed their shops and looked into the streets to greet the Prince, whose manner of bearing made a great impression. The correspondent adds that, although the political atmosphere in Bombay is rather tense, the tour of the Prince is considered to have opened with splendid promise.

Extremists Busy.
A despatch to the London Times from Calcutta, dated Tuesday, says the extremists were taking advantage of the visit of the Prince of Wales to gain further notoriety, and that they might declare a general demonstration when the Prince landed. It added that the lower element, inspired by unscrupulous agitators and professing to be Mahatma Gandhi and the Caliphate of workers, were likely to interfere with the plans of the better part of the population by organized demonstrations of terrorism which already were rife in the Indian quarters.

Conditions Disquieting
The conditions in Calcutta were described as disquieting. The tramway strikes and the Caliphate agitation had led to serious rioting. Gangs of "hooligans" infested the streets, particularly in the Indian quarter, shouting for Gandhi and interfering with the traffic. Unsuccessful attempts had been made to induce the police to go on strike.

Disturbances Occur
Coincident with a procession escorting the Prince of Wales through the city of Bombay today, serious disturbances occurred in the native quarter, attributed by the authorities to agitation by followers of Mahatma Gandhi, the Hindu "non-co-operation" leader, resulting in a number of casualties.

The procession itself, however, was not marred by any untoward incident. London, Nov. 17.—Details of today's disturbances in the native quarter of Bombay while the Prince of Wales was going through the European section of the city were not available here at a late hour today. But it is known that the secret service in India had taken the most elaborate precautions to guard the Prince from danger, in view of the recent anti-government agitation there.

The police machine in India is said to be so perfect that it would be almost impossible for the non-co-operationists to have planned a demonstration for today without the authorities being aware of it and throwing strong cordons about the native quarter to restrain the agitators and prevent them from getting near the Prince.

Gunner Thompson Dies of Wounds

Halifax, N. S., Nov. 17.—Gunner Gordon Thompson, of the Royal Canadian Garrison Artillery, who was shot by Gunner Edward Raven, later a suicide at McNab's Island, last Friday evening, died this evening. He was 25 years old, and a native of Prince Edward Island.

Schr. Maple Leaf Safe At Pictou

Charlottetown, P. E. I., Nov. 17.—The schooner Maple Leaf, Captain Hertzog, which was reported missing after the gale of last Saturday which wrecked three other vessels in the Straits of Northumberland, is safe in Pictou harbor, N. B. The Maple Leaf was bound from Port Hastings to this port with coal.

Lloyd George Rushes Back To London

Bournemouth, England, Nov. 17.—Mr. Lloyd George, who came to this resort for a brief rest, decided to return to London immediately after receiving by telephone today the reply of the Ulster representatives to the government's latest communication on the Irish negotiations.

ULSTER REPLY NOT REGARDED SATISFACTORY

Deadlock Has Been Reached and Cabinet Called to Consider Situation.

London, Nov. 17.—Ulster's reply to the Prime Minister, which was delivered today, is described as uncompromising. In political circles tonight the view taken was that a deadlock has been reached, for all the Sinn Fein negotiations with the government proceeded on the basis that the unity of Ireland was fundamental. "Though Ulster declines even to discuss a basis in conference with the government, the Ulster representatives have indicated a willingness to have informal talks, and it is expected that the Prime Minister will take advantage of his offer, in order to postpone the crisis further. The visit of Sir James Craig, the Ulster premier, to Thiepval, France, to attend dedication ceremonies in connection with a memorial erected to the members of the Ulster division, and his subsequent return to Belfast involve some delay.

Summons Cabinet.
Mr. Lloyd George has summoned a meeting of the cabinet committee for 5 o'clock tomorrow afternoon, but this meeting is said not to be connected with the Irish crisis. It is stated by the Sinn Fein publicity department that the government has not yet asked the Sinn Fein delegates to debate Ulster's terms, adding: "The government knows it would be of no use."

There seems to be a general belief that the only way out is an appeal to the country, but there is some difference of opinion as to whether the Prime Minister will have a general election, or will resign, leaving an alternative ministry to be formed, with the possibility of later dissolution of parliament.

MERCHANT MARINE TO AID BREWERS OF MONTREAL

Service to West Indies and Mexico to Handle Export of Beer.

Montreal, Nov. 17.—In connection with an embargo on export of alcoholic liquor in bond through the United States, which went into force last Tuesday, Hon. C. C. Balthazay, Minister of Marine, stated here today that the Government Merchant Marine was arranging to place two boats on the service to the West Indies and Mexico which could handle this traffic and on a scale to compete with lines from New York. Mr. Balthazay said that these ships would use Montreal in the summer and Halifax and St. John in the winter.

Information as to the cause of the embargo came through here today to the effect that much of the exportation in bond traffic was directed to bogus addresses in Mexico and elsewhere, and that the cans containing wet goods were subsequently broken open in the United States, the liquor being spirited away in motor cars. No complaints were ever received as to loss incurred this way.

A hurry-up telephone call was received here today, from the United States customs office at Rouse's Point that large shipments of beer, consigned by Montreal breweries, were being raided by thirty United States citizens and that if the cars were not recalled at once there would be little left.

Lie Again Given James Murdoch

Arnprior, Ont., Nov. 17.—"I have to give his contention explicit denial and say that on no occasion whatever did any member of the Government of Brandon in which some years ago the organization of the United Farmers of Manitoba came into being and where Hon. T. A. Cresser, Progressive leader, opened his campaign, tonight welcomed the Prime Minister and gave careful attention to his discussion of political issues. Two crowded meetings were addressed by Mr. row.

FAR EASTERN NEGOTIATIONS AWAIT REPLY OF JAPAN TO CHINA'S CLAIM OF RIGHTS

Progress for Limitation of Naval Armaments Is Slowing Up Because of Objections Raised Both by Japan and Great Britain—United States, France and Italy Said to be in Accord With Chinese Question.

Washington, Nov. 17.—The Far Eastern negotiations await the reply of Japan to China's declaration of rights and the move for limitation of rival armaments is slowing up because of objections raised both by Japan and Great Britain.

Discussion of the Far Eastern problems, which for the moment are in the foreground of the Arms Conference, were advanced by the Big Nine today to the point of an agreement that a general exchange of views of China's programme should precede any consideration of specific points. Such a general presentation of views Japan was unprepared to make, and the Big Nine adjourned until Saturday.

Unionists Asked To Be Patient

Chamberlain Begs Them to Show Fair Play Over Irish Conference.

Liverpool, Nov. 17.—Addressing a meeting of the Unionists tonight, Austen Chamberlain, admitting that suspicious and anxieties over the Irish question could not wholly be allayed until the time came for telling the whole story, appealed to the Unionists for patience. "Two momentous conferences, one each side of the Atlantic, are in progress," he said. "The one to bring peace to the world, the other to bring peace to the British Isles. Give us your good will in both cases. I beg that you will show fair-play."

The "Big Nine's" session on Far Eastern questions today was largely given over to a discussion of the methods of procedure. The decision to permit each of the powers to present a general statement on the subject before attempting to settle specific problems is understood to have had the endorsement of all the heads of delegations, although Japan made it plain she accepted the Chinese plan only "as a basis for discussion." It was decided, also, that when specific points are reached, the Chinese "points" are to be interlocked with the terms of the United States agenda. It determined details of procedure. (Continued on page 3.)

BOTH PARTIES TO CONCENTRATE FORCES IN ONT.

Big Guns to Spend Last Week of Campaign in That Province.

Toronto, Nov. 17.—Reports from both the Conservative and Liberal headquarters today indicate that the two political parties will, to a great extent, concentrate their big guns in Ontario for the wind-up of the election campaign.

Premier Meighen will return to Ontario next Wednesday and remain until the Saturday before election day. Sir George Foster and R. C. Henders, the latter the well-known western farmer, will also be in Ontario for the week or ten days immediately preceding election day.

Sir George Foster will come to Ontario from the Maritime Provinces where he followed up the Premier's tour. Sir George's Ontario dates are: November 26 at Seaforth; November 28 at Mount Forest; November 29 at Southampton; Nov. 30 at Paris; December 1 at Essex or Leamington; December 2, Eastboro; December 3 at Morrisburg.

The Liberals are also calling up their big guns for the last days of the campaign. J. B. Bartram, president of the Central Liberal Association, announced last night that he expected to bring to Massey Hall again Hon. W. L. Mackenzie King, the Liberal leader; Premier Murray of Nova Scotia; Hon. W. S. Fielding and Hon. A. K. Maclean. There will likely be two big meetings but final arrangements have not yet been made.

Quebec Warned To Beware of Bloc

Told There Would be Bloc of Eight English Provinces, Against Them.

St. Jacques L'Asie, Que., Nov. 17.—Speaking here today in support of the candidature of Alfred Forest, independent Conservative candidate for the county of L'Assomption-Montcalm, Hon. Rodolphe Mealy, secretary of state, said that St. Hon. Arthur Meighen was in power and would remain in power. He warned that if the Province of Quebec formed a bloc there would be a bloc of the eight English-speaking provinces against Quebec.

BIRTHPLACE OF UNITED FARMERS OF MANITOBA HEARS PREMIER MEIGHEN

Brandon, Man., Nov. 17.—The city of Brandon in which some years ago the organization of the United Farmers of Manitoba came into being and where Hon. T. A. Cresser, Progressive leader, opened his campaign, tonight welcomed the Prime Minister and gave careful attention to his discussion of political issues. Two crowded meetings were addressed by Mr. row.

New Highway Bridge At Annapolis Royal Officially Opened

The Bridge, Connecting Annapolis and Granville, is 2,273 Feet Long.

Annapolis Royal, N. S., Nov. 17.—The new highway bridge connecting Annapolis and Granville, was officially opened this afternoon by Hon. H. H. Wickwire, provincial minister of highways, and A. F. Macmillan, chairman of the highway board. The bridge, which cost \$317,000, is 2,273 feet in length, the longest in the province. Mr. Macmillan recalled that the first road constructed in Nova Scotia had been built from the bridge head to Port Royal in 1604, and was glad to see the completion of a project mooted 317 years ago. He claimed that Nova Scotia now had better roads than any province in Canada, the latter distinction being due to the numerous streams which roll through the landscape, and supply the inhabitants with the only liquid now available without a doctor's prescription.

Eight Lost When Steamer Sinks

Cincinnati, Ohio, Nov. 17.—Eight persons are reported to have lost their lives when the Ohio river steamer, Chile struck a submerged pier and sank at New Richmond, Ohio, tonight. Captain West Greene is said to be among those drowned. New Richmond is about fifteen miles from Cincinnati.

FAR EASTERN NEGOTIATIONS
AWAIT REPLY OF JAPAN TO
CHINA'S CLAIM OF RIGHTS

(Continued from page 1)
Japan's statement delayed
A contributing factor to the day's delay was said to be the illness of Baron Shidehara, the Japanese Ambassador, who is in charge of Far Eastern problems for his government. It was understood, however, that the time required to communicate with Tokio and the determination of the Japanese to give careful examination to the Chinese proposals, have combined to make an immediate statement of Japan's views impossible. It is expected that when this presentation is ready it will be given to the public as an explanation of Japan's willingness to proceed with the discussion in the open.

U. S. Silent
The United States Government which has been understood to be in general accord with the Chinese position, continued its silence on the subject but evidence of general approval came from the headquarters of the French delegation with indications that Italy would follow suit. The French declared their willingness to give up their extra-territorial privileges and their lease of Kwangchow, provided the government's title to French Indo-China was unquestioned. For China's ambitions they expressed sympathy but they also indicated that Japan's need of expansion in some quarters could not be minimized. Formal announcement by Admiral Kato, that Japan would ask for a greater proportion of strength than had been proposed for her in the Hughes plan, became tonight the center of attention in the naval armament

SIR GEORGE FOSTER STIRS
ELECTORS OF YORK-SUNBURY TO
HIGHEST PITCH OF ENTHUSIASM

(Continued from page 1)
tradition. Sir George said he believed the tariff was the main issue, but setting it aside, what were the other questions? The debt was talked of, the interference being to be drawn that the extravagance of the Meighen government was responsible. If the governments were changed, the debt would be altered not one cent. That was a settled matter. It was settled in the four years during which the people ordered the government to carry on in the war.
Taxes were another point. The taxes adopted were business profits tax, income tax and sales tax. These also were settled matters. All parties agreed upon them. There would be no change in those taxes if there were a change in government. What were the facts? To overcome the submarine menace and the shortage of shipping during the war, the building of ships was undertaken. Great Britain, the United States and other nations built ships at any cost. Messrs. Fielding and Lemieux warmly congratulated the government on its shipbuilding policy, and it was not until 1919, when the last vote of \$8,000,000 was asked for, that the Liberals, for party purposes, opposed it. At the present time the Mercantile Marine was performing a great service in connection with the national railways.

Laurie's Blunder.
Dealing with the railway problem, Sir George said that the Liberal party should put a light on its feet before speaking of it. That party had made an awful mess and it had left the mess for its opponents to clean up. That party then criticized the government, which cleaned up the mess, and asked to be returned to office. The Liberals overbuilt from 1902 to 1911. A third transcontinental line was built through partially developed or undeveloped country. Sir Wilfrid Laurier then said: "It was a time for action and not deliberation." He was right. It is now the time for deliberation with the most serious problem of its history, a problem of \$400,000,000.

Discusses Tariff.
Sir George then took up the question of the tariff. No person ever had seen a published statement of Hon. Mr. King's trade policy. Hon. Mr. King should either stand upon his platform or state what his policy is. The tariff question had been raised not by Mr. Meighen, but by Mr. King and Mr. Crerar. Discussing the Liberal tariff policy, Sir George pointed out that the agricultural implement industry and the flour millers would be placed at the mercy of the United States by its adoption. There was not a country not excepting Great Britain, which had not recently taken steps to protect its industry. The Worsley bill had been the step taken by the United States. The speaker, touching upon the Liberal pledge to extend a preference of fifty per cent. to British manufacturers, asked if Canada was prepared to stand much competition from so highly organized an industrial country as Great Britain.

What Grievance Has Farmer?
A word to the farmer: What grievance did he have against the Meighen government? Under the Liberal government agricultural implements paid 92 per cent. Now dutiable farming implements pay 14 per cent, and many are free. Surely the farmer took a sufficiently important place in

negotiations. Making the first explanation of the reservations with which Japan accepted the plan, Baron Kato desired the right to possess at least one ship of the most formidable defensive type included in the armaments of Great Britain and the United States. He explained that he did not refer to submarines, but would not indicate what class of vessel was in his mind.

Submarine Question.
The view behind the British objections is that the quota of 90,000 tons of submarines suggested by the Hughes plan for Great Britain and the United States, is far too large. The British in fact, would like to see the submarine abandoned entirely, but there are considerations of national defense which impel the United States delegates to hold determinedly to the figure they first proposed. Late today the question was discussed by the United States delegation with Theodore Roosevelt, the United States representative on the conference committee of naval experts but there was no indication of a recession in either the United States or Great Britain.
The improbability of a decision in the near future was indicated by the announcement today that three or four days more would be required to complete the British case for presentation to the naval committee. In the interim the question is receiving lively interest of all delegations and when the committee meets to take up the details of the five powers it may find before it a mass of data and argument that it will take weeks to assimilate.

Ontario Has
Solution For
Unemployment

(By United Press.)
Washington, Nov. 17.—Disabled war veterans who have been taking correspondence school courses in bee and poultry raising and others who want to go into "side-vie," automobile driving, singing, lip reading, embalming and veterinary, must find more charitable instructors or give up their careers.
Col. Charles R. Forbes, head of the United States Veterans' Bureau, disapproved several dozen contracts between the government and schools, establishments and individuals because of excessive charges and other causes. Forbes made a personal investigation of vocational training practices and was startled by finding so much "assaulting and graft."

Sage And Sulphur
Darkens Gray Hair

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.
Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowdays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

TEA AND SALE WAS
WELL PATRONIZED

Held in Church of England Institute by Ladies' Association.
A tea and sale was held yesterday afternoon in the Church of England Institute by the Ladies' Association of the Institute. A very large number patronized the affair, which was very successful in every way. The tea room was decorated with geraniums and out roses on the tables.
Mrs. Alfred Morrissey, the president, presided. Mrs. James Frink was the convener for the tea. Mrs. F. J. G. Knowlton was the convener for the food table. Miss Clara Schofield was the convener for the needlework table. Mrs. Silas Alward and Mrs. E. A. Schofield poured.
The decorations, which were very prettily arranged, consisted of ferns and bar-berries, with red roses on each individual table.
The ladies who assisted with the tea were Miss Pearce, Miss Branncombe, Miss McAvity, Miss Armstrong, Miss Coster, Miss Shaw and Miss Gilbert.
The proceeds are for the Institute fund.

STRUCK BY AUTOMOBILE.
A school boy while playing near King Edward school on Wentworth street yesterday was struck by an automobile and was considerably bruised about the face and body, but not badly injured.

NORTHCLIFFE
HEARS THERE IS
SECRET TREATY

Tells of Persistent Rumors of Negotiations by Britain and Japan.

Felkin, Nov. 17.—Lord Northcliffe spent several hours today at the Rockefeller Institute where he greeted newspaper correspondents from America and Europe and he took occasion to criticize the proposed Anglo-Japanese alliance and at the same time said he had heard that the British Foreign Office has been conducting secret negotiations with Japan on the alliance.
There have been persistent rumors in Tokio as well as in Peking that the British Foreign Office has been negotiating a secret agreement with Japan, said Northcliffe. This may be true. Past experience with Anglo-Japanese agreements is sufficient to give rise to the belief that anything is possible with secret diplomacy. The fact that the two nations may have agreed upon an amended alliance should occasion no great surprise. "But," he continued, "it is a serious mistake on the part of Great Britain if the treaty shall be signed first and then announced to the world. It will be an equally serious mistake on the part of Tokio. There is no question regarding the attitude of China regarding the treaty and both the signatory parties will have some trouble explaining their action at Washington."
Lord Northcliffe declared the proposed alliance was favored only by the militaristic classes of Great Britain and Japan. The Anglo-Japanese agreement may easily be construed as inimical to the interests of the United States. He said "Any agreement that has secret diplomacy, is a mistake on the part of the United States in disputes with Great Britain should be carefully avoided. In fact, almost any conceivable alliance between Japan and Great Britain is not favored by progressive Americans in the Far East, as well as by the Chinese, and is opposed by Australia, New Zealand and other parts of the Empire. Only the Japanese militarists favor the pact and that for obvious reasons."

Schools Grafting
On "Uncle Sam"

(By United Press.)
Washington, Nov. 17.—Disabled war veterans who have been taking correspondence school courses in bee and poultry raising and others who want to go into "side-vie," automobile driving, singing, lip reading, embalming and veterinary, must find more charitable instructors or give up their careers.

Life Sentence For
Attempting To
Murder Officers

Saskatoon, Sask., Nov. 17.—Prison for the rest of his natural life was the sentence on Frank Carter here today when he was found guilty of attempting to murder police officers who tried to arrest him. Carter, according to medical evidence, is sane, but has the intelligence of a twelve-year-old boy and no moral responsibility. He has yet to face a charge of murdering a section hand.

Good News For
BRONCHITIS
Sufferers

FAMOUS DOCTOR ENDORSES PEPS
"Peps are exceptionally suited for the treatment of bronchitis; their peculiar composition, their direct influence on the membranes of the bronchi, and their freedom from risky narcotics, being among their many valuable properties."
DR. GORDON STABLES.
These chilly wet November days, when the old bronchial cough shows signs of return, and the chest feels raw and tender, it is important to have handy a box of Peps. They treat chest trouble in the only direct scientific way.
You breathe the Peps medicine, and it penetrates where ordinary medicines cannot. As Peps tablets dissolve in the mouth, the sulfure inhalant with every breath rich balsamic pine essence with other volatile medicine. This air-like Peps medicine warms, comforts and leads into the chest; it soothes the sore inflamed air-tubes; frees the cough; loosens phlegm; plays the cough, and relieves the painful tight feeling around the lungs.
Peps are the safest and most valuable remedy ever discovered for throat and chest. With them you can defy coughs and colds, chills and other throat and chest troubles. 50c. box, all druggists.

Landru Springs
The Dramatic
In Court Room

Says He Will Produce One
of the Women He Is
Accused of Murdering.

Versailles, Nov. 17.—A dramatic announcement, made in open court today by Henri Landru that he would produce before the court one of the missing women the prosecution charges him with having murdered, proved the climax of the trial of the so-called "Bluebeard of Gansbauc."
The opinion was general in the court room that, if Landru can make good his declaration he most surely will be acquitted, but that if he fails to do so he will be guillotined.
Counsel for the defence absolutely refuse to give any inkling of the whereabouts of the missing woman reported to today by Landru but it is reported in well-informed circles that evidence to be produced tomorrow will be to the effect that the woman, Madame Cuchet, together with her son, is now living in Rio Janeiro. It is said that she has made an affidavit before the French consul in the Brazilian capital of her identity, and expressed a willingness to return to France, providing that young Cuchet shall be posted only as a deserter from the army and granted immunity.

BRAS ARRESTED
James Brady was taken in charge by the police late last night for not giving a satisfactory account of himself.

C. P. ROADMASTER
FREED ON CHARGE
OF MANSLAUGHTER

Was Acquitted Without Any
Evidence Being Heard—
Judge Had Opinion.

Montreal, Nov. 17.—Ollis Kirkland, roadmaster on the Canadian Pacific railway for the Montreal district, charged with manslaughter in connection with the death of George E. Woodburn, master plumber, whose car was struck by a train at the Cremaste-St. Humbert street crossing on Nov. 2, was today acquitted of the charge without any evidence being heard.
Judge Leet, before whom the case was brought, remarked that it was a most unusual procedure to dismiss a charge of manslaughter without hearing evidence, but that he was perfectly satisfied that, if any man or department of the C. P. R. were responsible for the death of Woodburn, it certainly was not Kirkland.
The only connection Kirkland had with the affair was that his clerk received a report on Oct. 25 that the crossing gates were broken. The report was immediately passed to another department and Kirkland had not seen it.

Many Applicants
Asking For Divorce
Ottawa, Nov. 17.—(Canadian Press)—Since last session of Parliament 65 notices of application for divorces at the first session of the fourteenth Parliament have been filed here. Last session the divorce committee of the Senate granted 110 divorces.
PRESBYTERIANS ACTIVE.
Sydney, N. S., Nov. 17.—Sydney Presbyterians today passed a resolution asking all candidates in the election to state where they stand on the race track gambling question.

Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher
In Use For Over 30 Years
THE CENTAUR COMPANY, NEW YORK CITY

Wake Up, New Brunswick Farmer!

The Mackenzie King Party say the issue in this election is not Free Trade vs. Protection; Mr. Crerar says he will not at once wipe out Canada's Industries but he does believe that "Protection" is wrong in Principle. It is agreed, however, that both Liberal and Farmer Platforms call for the free admission of Farm Products into Canada. There is no misrepresentation about that.

The Canadian farmer benefits from the Policy of Protection just as much, if not more than the manufacturer. We are already importing millions of dollars of American Farm Products and this with a moderate Protective tariff, lower in most instances than the American tariff against us.

Keeping in mind that the present American tariff came into force in March of this year and that Canadian exports of last year are many times what they will be this year, the Canadian farmer will scarcely be willing to accept the policy of Messrs. King and Crerar in the light of the following figures:

Article	Canadian Tariff on Goods from U. S.	U. S. Tariff on Goods from Canada	Value of U. S. Goods bought by Canada, year ending Mar. 1921	Value of Canadian goods bought by U. S., year ending Mar. '21
Potatoes	20 cents a bush.	25 cents a bush.	\$1,695,747	\$8,328,862
Apples	90 cents a bush.	30 cents a bush.	1,528,606	171,226
Oats	10 cents a bush.	10 cents a bush.	660,433	4,694,519
Meat, fresh	3 cents a lb.	2 cents a lb.	4,715,262	7,746,443
Eggs	3 cents a dozen	6 cents a dozen	2,292,912	118,513
Butter	4 cents a lb.	6 cents a lb.	886,555	3,156,951
Cheese	3 cents a lb.	23 cents ad valorem	206,885	184,883

It will thus be seen that we bought last year from the U. S. almost twenty times as many eggs and eight times as many apples as we sold them and actually imported from them more cheese than we sold them. The balance of trade so greatly in our favor in other lines is shifting against us very rapidly since the new U. S. tariff went into effect.

What will happen if the Tariff Bars are Let Down, Mr. Farmer?
Wake up, Protect your home, your living and your market.

ST. JOHN, N. B., FRIDAY, NOVEMBER 18, 1921.

MR. MEIGHEN'S CREED.

"More than any other country, Canada needs a protective system. She is a young country mostly undeveloped. She lies alongside a great big country tremendously developed. The United States has every advantage that Canada has and tremendous advantages besides. It surely follows, to the mind of every reasonable man, that to abandon the protective system in Canada would be simply to invite the absorption of Canadian industry in the far vaster industries of the United States. The principles of the protection of Canadian industry have been proclaimed by practically every statesman who has shouldered the responsibility of government in Canada. They are sound and they are right and the vast mass of the people of Canada know that they are sound and right."

—From Premier Meighen's Portage Speech.

CREARER'S IMPRACTICABLE ATTITUDE.

We have asserted and shall continue to assert that Mr. Crear does not know enough about the tariff to talk intelligently or to reach intelligent conclusions. His attitude is based upon purely academic reasons. He has never made a first hand study of manufacturing conditions, and his knowledge is consequently, mostly hearsay. He has never approached the subject with anything like an open mind. As leader of a class group, "he considers the tariff question purely from the point of view of the farmer being able to buy his commodities at the cheapest possible price. He holds out no hope or encouragement for the working men of the country. Dogmatically he has concluded that manufacturing business in Canada has been carried on on an unsound basis, irrespective of the effect it may have on the working men of the country.

A TWO-FACED POLICY.

Those who imagine that the Liberals are not putting up a two-faced election campaign are advised by the London Free Press to read the Western Canadian papers. While Hon. Mackenzie King and his candidates are declaring the tariff is not an issue, on the private Liberal candidates are talking of nothing else. There is no "passfooting" on the issue. The Liberals of the West stand "four square" for the Liberal platform as drafted by the convention of 1919. They have evidently not heard that this platform is but a chart and are not aware of the declaration that the Liberal party still stands by the Laurier tariff, which is the tariff of today. As Hon. Mackenzie King is headed for the West he will undoubtedly enlighten them as to their errors.

In the meantime protection is being assumed from every platform as an "abomination." Hon. Duncan Marshall, who is Mr. King's chief lieutenant in Alberta, opened his campaign in Calgary last Saturday. Mr. Marshall talked of little else but the tariff. He declared for a 50 per cent. reduction in the tariff against all British goods, the immediate negotiation of a reciprocity treaty with the United States, the placing of all implements of production used on the farm, the workshop, mines and fisheries on the free list, and a general all-round reduction of the tariff.

Who is deceiving the public as to the Liberal platform, Mr. Marshall in Calgary or Mr. Somerville and other Liberal candidates in Ontario? As Mr. Marshall has the printed platform of the party, which is pledged to carry out, he has the best of the argument.

How can such a party be expected to deal in an honest and fair way with the tariff? Who can predict what will be the Liberal policy if Mr. King becomes leader? He certainly gives the country no leadership. It is a plain, old-fashioned sunbeam game.

POOR TACTICS.

The Telegraph yesterday morning, in continuation of a policy which seems to be common among all our city contemporaries, again devoted some of its space to criticism and abuse of Dr. Baxter. It is no part of our business to take up the cudgels in that gentleman's behalf, he is quite able to take his own part, and deal effectively with his traducers. But the point we want to take is this: Is it worth while from the standpoint of expediency to attempt to belittle a public man from whom so much is expected not only by St. John, but the whole province? Unquestionably Dr. Baxter will be one of the representatives of St. John-Albert in the next Parliament, whether he is in office or not, and as such his constituents will expect him to do as much as possible in their interests. A large section of the community does not agree with him politically, but just the same they will expect him to do all that he can for them. It is his influence at Ottawa likely to be at all increased by attempts to belittle him on the part of some of his constituents? — That he has unfortunately been the

There is no passfooting on the tariff question about Sir Lomer Goulet. He says "We want to give to Canada the tariff Sir Wilfrid Laurier himself gave." The tariff in force in Canada today is the tariff Sir Wilfrid made and left to the country, reduced in some items by the present Government, and which the latter stands for and advocates. It would appear, therefore, clear that there is nothing dividing Sir Lomer and the Government on the most important question before the country.

LE DEVOIR ON MACKENZIE KING

The leader of the opposition ordinarily offers his hearers a curious mixture of arguments. He reproaches the Meighen government for having increased the national debt to an enormous amount, and compares the budget of today with the budgets of yesterday, but does not say that the Liberals are as responsible as the Conservatives for two and a half billions of that debt; he protests against the Merchant Marine, but without citing the words of his present lieutenant, whose eulogy of the latter's landing at Lewis, and after one hour's harangue his hearers failed to see where there was a scandal; he would like to replace the present administration which he says is controlled by the big interests from which same King is at present getting his funds; finally, he calls Meighen "the young autocrat."

IN THE EDITOR'S MAIL

St. John, N. B., Nov. 16th, 1921.

Editor, The Standard, St. John, N. B.

Dear Sir—I note by the columns of your valuable paper of yesterday, November 16th, that the Methodist Ministerial Association of this city passed a resolution calling on the City Council to provide work for the unemployed, and presented same to His Worship Mayor Schofield. The Mayor states that they, the Council, were doing all that could be done at present.

THE LAUGH LINE

Doubtful Honor.
Baby—Just think, Algy is in the football team!
Betty—That's fine! What is half-back or full back?
"The captain of the team says he's the greatest drawback the team has ever had."

Judging by His Habits.
Visitor—Does Mr. Crawford, a student, live here?
Landlady—Well, Mr. Crawford lives here, but I thought he was a night-watcherman.

Billy in Hard Luck.
Mother—Well, Billy, Mrs. Jones has called up and is ill, so we won't be able to go there for supper as she invited us to. We'll have something here at home.
Billy—Well, if that ain't hard luck. Here I been and washed my face and hands for nothing.

THE RAILWAY BRIDGE.

A perusal of the interesting little story in yesterday's Telegraph with reference to the proceedings about to be taken regarding the new railway bridge, prompts some consideration of the question whether the C. P. R. or the city gains most by having trains run in and out of the Union depot. If the C. P. R. had its terminus on the other side of the harbor, would it lessen by one iota the need which the citizens have for using its transportation facilities? Does any one suppose that the value of the traffic the C. P. R. would lose by coming to run its trains into the depot would any where approach the amount of the annual interest on the cost of the new bridge? From a revenue standpoint the railway would be just as well off if it had its terminus across the river. The only loss under these conditions would be that of the people who have to use it, who would be put to additional expense to reach the trains. Bearing these facts in mind, what benefit is going to be gained by throwing hindrance in the C. P. R.'s way, just to satisfy the personal animus of a handful of individuals, not one of whom is of any outstanding prominence in the community?

Benny's Note Book

BY LEE PAPE

Pop was reading the paper with his feet up and ma was darnin' holes out of socks and I was looking over my stamp collection wondering what would happen if a Chinese sent a letter to Spain with a Germain stamp on it, and pop sed, He's a grate man, all rite, there's no doubt of that, he's a grate man.

Who, Mr. Harding? sed ma, you'd think he is, too.

Hearin' nothing. In speakin' of the grate and only Charlie Chaplin, sed pop, didn't you see how all Europe went crazy over him when he was over there a little while ago?

Well wat of it, I don't think so much of Europe, sed ma and pop sed. Be carefil wat you say, if Europe ever hears of that there libel to be another war, but leavin' politicks aside Charlie Chaplin is a grate artist.

Wats grate about him, the size of his feet? Hee hee, sed ma laffin, and I sed, G, pop, do you remember the picture were he's supposed to be shaving his face and some lady comes up and puts him on the back and he utinks its some ma and smears her face all over with thave lather?

O dear, how artistick, sed ma and pop sed, Yes, that was rich, wassent it, but I liked the picture better were he gets dough all over his hands and then rubs it of on everybody as only Charlie Chaplin can rub dough of on people.

Mersey it takes a perfect artist to do that O you sed ma, and I sed, Well gose, pop, how about that picture were he's supposed to be a pleocoman and soaks everybody on top of the head with his club weather there's doing anything or not, ladies and everybody.

My wat a artistick work of art, hee hee, sed ma, and pop sed, Benny, it begins to look as tho your mother had no true feelin' for art, but we have, haven't we? and I sed, Yes sir, there's a Charlie Chaplin picture around at the Little Grand tonic, lets go around and enjoy it, pop.

In wat you sed, pop, and ma sed, is that so, well so am I, we'll all go.

Wich we did.

ARRESTED AT BROWNVILLE

A report was received yesterday by the C. P. R. Investigation Department, that Ray Bean, who was arrested by the C. P. R. police at Brownville, Maine, on suspicion of passing forged checks, was committed to jail by Magistrate Lampher of Milo, Me. Ray was fined at \$1,000, and the accused sent up for trial.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczeema or salt rheum, as it is often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like BURDOCK BLOOD BITTERS.

Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.

Mr. J. Sago, 215 Princess Ave., Vancouver, B. C. writes:—"Having suffered with eczeema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczeema."

B. B. B. put up only by The T. Millburn Co., Limited, Toronto, Ont.

St. John River Sealed With Ice At Fredericton

Fredericton, N. B., Nov. 17—The St. John river is sealed with solid ice from Fredericton to Gagetown, twenty-six miles from below here, and river men believe the 1921 season of navigation stands closed as from Nov. 15. Available records show only three occasions when navigation on the St. John closed earlier, the dates being: Nov. 11, 1904; Nov. 6, 1883; and Nov. 5, 1833. According to tradition, the river was frozen over by a severe winter. The 1921 season of navigation of the river extended over 232 days, having opened on March 28, the second time in history before April 1.

Among Leaders In Cabinet of Premier Meighen

One of the Most Forceful and Active of the Group is Hon. Edmund Bristol.

One of the most active and forceful of the Conservative political leaders in the Dominion is Hon. Edmund Bristol, Minister without portfolio, in the Meighen Government.

President of the Conservative Association of Toronto in 1896, in 1905 Mr. Bristol was elected by acclamation to the House of Commons, and has represented Centre Toronto continuously since, having been re-elected in the contests of 1908, 1911 and 1917. Last season he was unanimously elected by his fellow-members Chairman for Central Ontario and is responsible for the Conservative campaign in that district and a member of the National Campaign Committee. In September he joined the Cabinet, as a Minister without portfolio.

Hon. Mr. Bristol has had a brilliant career. His early education was at Napanee High School and Upper Canada College. After graduating from Toronto University, with first class honors in classics, he won two scholarships in law and was called to the bar in 1888. He was created a King's Counsel by the Dominion Government in 1896 and by the Ontario Government in 1908, and is a recognized authority on corporation and international law.

Mr. Bristol's university friends elected him in 1896 president of the University College Literary and Scientific Society. In the business world today he is a director of the Dominion Steel Corporation, Ltd., and of Canada Steamship Lines, Ltd. As a representative of the Toronto Board of Trade he was in London in 1912 to attend the meeting of the Chambers of Commerce of the Empire, and in 1917 he was the special representative in England of the Canadian Minister of Marine on all matters affecting Canadian shipping.

Mr. Bristol is of United Empire Loyalist stock having been born at Napanee, Ontario, the son of A. S. Bristol, M. D. Mrs. Bristol is the daughter of the late Mr. Justice Armour, of the Supreme Court of Canada. Their home is at 179 Beverley street, Toronto. Mr. Bristol is a member of the Church of England and a number of well known clubs, including the Constitutional Club, London, England, York Club, Toronto; Mount Royal, Montreal, and Rideau, Ottawa. His recreations are riding and golf.

Weddings

Withers—Withers.
A quiet wedding was performed yesterday afternoon at the home of Mrs. G. E. Withers, 103 Hazen street, by the Rev. Herbert E. Thomas, when Miss Susie L. Withers, daughter of Mr. and Mrs. George E. Withers, and Frederick W. Withers, son of Mr. and Mrs. Charles Withers of Fairfield, were united in marriage. The bride was unattended. Miss Frances Withers, sister of the bride, played the wedding march. The happy couple will spend their honeymoon on a short tour of the province, and later will make their home in the city. The groom is employed with the New Brunswick Construction Company at Musquash. The bride received many beautiful and useful gifts from her friends.

Obituary

A. L. Haining
Word has been received of the death in Saskatoon of A. L. Haining, eldest son of William Haining of Fredericton. He is survived by his wife, one son and two daughters, all in the west; his father, two sisters and three brothers reside in Fredericton. Mr. Haining lived in St. John for some years and was with Emerson and Fisher, Limited.

Funerals

The funeral of Andrew Henneberry was held yesterday morning from his late residence, 29 Carleton street, to the Cathedral for high mass of requiem by Rev. St. Oram. Interment was in the Old Catholic cemetery.

Organization

The convention proceeded to organization. J. Sterling King, of Hartland, was elected Secretary pro tem.
On motion of F. M. Anderson, of Campbellton, seconded by M. A. Kelly, it was decided to have President, Vice President and Secretary and a pro tem executive of 15 members consisting of one from each county to frame a constitution and report.
County representatives were elected as follows:
Kings—F. F. Blanchett, Rothesay.
Queens—J. L. Aldrich, Hartland.
Sunbury—Osman Sewell.
York—Dr. Robertson.
Carleton—J. Sterling King.
Mr. King proceeded to outline the circumstances which preceded the organization of the Carleton County Teachers' Association. The effort of the N. B. Teachers' Association to put into effect a second increased salary schedule was the prime factor. There was a strong antagonism in the country districts to increased salaries, and he wishes to state that the salary question was one which concerned chiefly

SCHOOL TRUSTEES OF NEW BRUNSWICK IN CONVENTION

Gather at Fredericton Over Hundred Strong—Three Strong Addresses on Opening Day—Health Matters of School Rooms Taken up by Minister of Health.

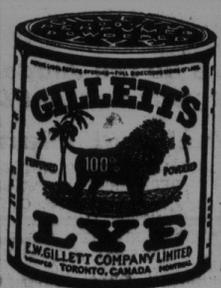

Fredericton, N. B., Nov. 17.—The N. B. School Trustees Convention this afternoon heard three addresses upon various topics connected with education at the present time, and afterward took the first step toward permanent organization by appointing a committee of fifteen, one from each county, which will report later upon the selection of officers and a permanent executive of six. A constitution and by laws will be framed later. Those who spoke this afternoon were Hon. W. F. Roberts, Minister of Health, upon "The Scholar and his Schoolhouse"; Dr. B. C. Foster of Fredericton, president of the N. B. Teachers' Association, on "The Functions of the Teachers' Association in Educational Progress"; and J. Sterling King, of Hartland, Secretary of the Carleton County Teachers' Association, on "The Trustee's Association, or a New and Better Vision of Educational Progress." It was noticeable in the papers of Dr. Foster and Mr. King that divergent views upon the question of teachers' salaries and increases in them.

Registration of members took place and in the afternoon one hundred and five delegates signed the book.

Minister of Health.
Hon. W. F. Roberts, acting as his subject "The Scholar and His Schoolhouse" delivered a very interesting address. He stated that education and health were the chief corner stones of the nation and in the schoolhouse an inseparable. The schoolhouse, apart from the church, should be the best institution in the community. It regulated the school manure, there were lived up to there would be no necessity of delivery of addresses such as that which he was giving. The fact that health education was not being carried out was filling the almshouse, the goals and the asylums. Hon. Dr. Roberts dealt with some of the conditions which showed that health education was not being carried out. Dealing with the requirements of the modern school room, the speaker outlined the appliances which might be expected. He had been surprised to find in the school manual that scales and measuring rods should be in every school house. He did not know where to find them. They should exist, nevertheless. They were connected with the important matter of under nutrition of children. Hon. Dr. Roberts also referred to the condition of outhouses which frequently exists in connection with schools. His department had asked for a report on all railway outhouses in the province. The report had been surprising and improved conditions would follow. The same should be done with the schools in that connection he urged that there be more frequent visits of trustees to the rural and other schools.

Concluding his address Hon. Dr. Roberts pointed out the responsibility of the school trustee for the coming generation.

Teachers' Salaries
J. Sterling King, of Hartland, Secretary of the Carleton County Teachers' Association, was the next speaker. He congratulated Dr. W. F. Roberts, Chief Supt. of Education upon the success attending the convention and the excellence of the programme. Mr. King proceeded to outline the circumstances which preceded the organization of the Carleton County Teachers' Association. The effort of the N. B. Teachers' Association to put into effect a second increased salary schedule was the prime factor. There was a strong antagonism in the country districts to increased salaries, and he wishes to state that the salary question was one which concerned chiefly

In The Agreement**

City League Basketball Situation is Cleared Up— Announcement Made.

The negotiations between the Y. M. C. A. Senior Basketball teams regarding their personnel for the City League have been brought to a successful conclusion. The following announcement by the committee dealing with the matter (G. E. Barbour, G. L. Warwick and W. Bowls) clears up the situation.

The committee finds that the Alerts are justified in asking that their team be strengthened— their sole aim being equitable balancing of the Y. M. C. A. teams.

The committee are convinced that there was no desire on the part of either the Alerts or Seniors to weaken the bloodthirsty Trojans. The Trojans are now satisfied that there was no such intention, and they are willing to allow Flemming to play for the Alerts and agree that this is the fair thing to do. The Seniors consent to allow their man also to play for the Alerts.

Now that the matter has been finally adjusted and keen competition assured, this season promises to be an even more successful one than the last. The league opens at the Y. M. C. A. on Wednesday, the 23rd of November, when the Y. M. C. I. Intermediates meet the St. David's team.

In the Senior League the Y. M. C. A. Seniors will meet the Y. M. C. I. Seniors.

**Form Maritime
Rugby Union**

Truro, N. S., Nov. 17.—A Maritime rugby union to be affiliated with the Rugby Union of Great Britain was formed by representatives of the Rugby Clubs here this morning. An amendment that the Maritime rugby union be affiliated with the Canadian Rugby League, was moved by Messrs. Haslam of Dalhousie University, and supported by the St. John delegates, but was defeated.

The officers elected were: President—C. R. Chipman, Wanderers, Halifax; Chas. McVicar, Wanderers, C. B. vice-president; W. W. Murray, Halifax, secretary; Treasurer: M. Haslam, Dalhousie; J. MacDonald, New Glasgow; Wm. McBeth, Moncton; and Dr. Ira Yeo, Charlottetown, executive.

HAS BROKEN DOWN;

POSTPONES FIGHT

Dieppe, France, Nov. 14.—Georges Carpentier has asked an indefinite postponement of his fight with Georges Cook, scheduled to be held in London on December 1. The bout had previously been delayed a week at Carpentier's request. The French fighter is reported to have broken down under the strenuous training routine, and physicians claim he is physically unfit to fight.

**DALHOUSIE WON CHAMPIONSHIP
FROM U. N. B. BY SCORE 20 TO 0**

Dalhousie Swamped Opponents in the Scrim and Back Field Covered in Fine Style—Issue Was Never in Doubt—New Brunswickers Play a Distinct Disappointment.

Truro, N. S., Nov. 17.—Swamping their opponents in the scrim and their backfield covering in fine style, the Tigers of Dalhousie University were victorious today over the rugby veterans of University of New Brunswick by a score of 20 to 0.

Never in Doubt

Never throughout the game was the issue in doubt. The Gold and Black assumed the initiative from the start and outplayed their rivals in every department. Only once did the New Brunswickers have a chance to score and then Hagerman in his anxiety, kicked the ball over the goal line, which gave Dalhousie a twenty-yard drop out. Every department of the Tiger machine seemed to function at its best with the forwards and quarters showing up to perfection. Along with Beston and Moore never played better, the punting of the former and the dribbling of the latter proving valuable features of the game. Every man in the scrim excelled. The aggressive work of R. MacLean, Smith and Sutherland spoiled the few freak plays which the Dalhousie players attempted to put across. The Dal back division showed up well in spots, but lacked scoring ability.

On the other hand the play of the New Brunswickers was a distinct disappointment.

How Morvick Received Name

The Champion Colt of Benjamin Block's String Named After Breeder's Friend.

Pimlico, Md., Nov. 17.—The mystery that has surrounded the name of Benjamin Block's sensations Morvick was cleared when a personal friend of Mr. A. B. Sprockels, the breeder of the colt, in conversation with a committee of friends at the Pimlico track explained the name of the son of Runymede-Hymir.

Morvick was named after a personal friend of Mr. Sprockels—not after a city or town in Russia or Poland—who is well known in racing circles in San Francisco and has always taken a decided interest in the welfare and capabilities of the produce of the Napa Stock Farm. When the subject of names for the budding racers was brought up, Mr. Morvick in a bantering manner asked that one be called for him, and on breeding lines picked out the son of Runymede-Hymir, little dreaming that in the short space of a year it would be spoken of in tones of adoration and that the colt are familiar with the doings of the thoroughbred world.

In the early trials of the youngster, previous to his shipment east, he was outworked and outdone by almost every member of the establishment that was selected to bear the colors of Mr. Sprockels on the Metropolitan courses. Morvick, as everyone knows, sprang into fame almost overnight.

In discussing the previous foals of Hymir, it is noteworthy of mention that all have been born with a hereditary trait of bunched knees on the forelegs, and that all had failed to start up under the severe speed test, and proved almost worthless as racing tools in a short while, hence when the offer came for Morvick, it was readily accepted by Trainer C. W. Carroll on behalf of the Sprockels who, in his mind the fate of his three previous foals.

Mr. Sprockels, in speaking of the phenomenal success of Morvick, has expressed himself highly gratified that one, or as a "k" but to millions of juveniles, and is more than elated at his string of successes regardless of track conditions and in all company.

According to the visitor from California, the proper manner to pronounce Morvick is with the "b" silent, or as a "k" but to millions of racing admirers, he will always be known and called by the familiar appellation which he earned on his first start, and which has followed him through his career blazed with glory—Morvick.

**English Champion
Retains His Title**

London, Nov. 17.—Ted "Kid" Lewis, an English middleweight champion, tonight defeated Roy McCormick in the fourteenth round of a twenty round bout. The referee stopped the fight in order to save McCormick from further punishment. McCormick bled profusely from a cut over one of his eyes during the final round, and was greatly hampered in his work in the fourteenth round. Lewis drove a hard blow to McCormick's mouth, knocking out one of his teeth. At the close of this round the referee made an examination of McCormick's injured eye and then declared Lewis the winner of the bout.

**Reason Given For
The U. N. B. Defeat**

Fredericton Followers Say Team Handicapped by Being Unable to Practice.

Special to The Standard.

Fredericton, N. B., Nov. 17.—The defeat of the University of New Brunswick at Truro today by Dalhousie by a one sided score is accounted for locally by the fact that U. N. B. has been out of the game for practically a fortnight and Dalhousie is going at the top of form. It will be two weeks Friday since U. N. B. defeated Mt. Allison here and since that time, on account of deep snow, the team has never been together for a practice. It is likely that for future seasons U. N. B. will ask that the date for the play off be not delayed to so late a date as in an average season there always is risk of snow in this part of New Brunswick before this date.

This year has been exceptional, however, snow now being as deep as it usually is at the New Year.

**Alerts Getting
Into Action**

The Alerts Basketball team are now clearing the decks for action in anticipation of a hustling season. With their new line-up they feel capable of doing something worth while. The team is in shape with each officer holding down his own particular job. Ned Ketchum will captain the team again this season, and Loyd Ryan will act as manager; Pete Millidge is handling the secretaryship. A team practice is called for tonight when a workout will be held in the Y. M. C. A. gym.

**Willie Hoppe Is
World's Champion**

Chicago, Nov. 17.—Ora Morningstar of San Diego, Calif., today lost his first game in the world's 182 ball-line billiards tournament to Willie Hoppe, of San Francisco, 400 to 317, in sixteen frames. Cochrane had a high run of 133 while Morningstar's best run was 90 in the final inning. He leaves Hoppe, world's champion, the only undefeated man in the tournament.

Roger Conti, the young French champion, evaded up his standing of games won and lost when he won his second match, defeating George Sutton, of Chicago, by a score of 400 to 360.

The contest was a see-saw throughout and was filled in the fifth inning. Conti would have finished in the fourteenth but he missed an easy draw shot when he had four to go. The best run was made by the Frenchman was 83, while Sutton counted a 98 in his twelfth inning.

**Tender Contract
To Arthur Conroy**

Ottawa, Nov. 17.—Officers of the Ottawa Hockey Club announced tonight that they had tendered a contract to Arthur Conroy, of St. Paul, Minn., who has gained considerable fame over the past year as a member of the American Olympic hockey team which gave the Canadians such a close game in the Olympic series at Antwerp. Conroy covered Grand Fredericton, the Falcon star now with Victoria, in the Olympic series and is said to have trimmed Uncle Sam's hockey team for the world's amateur title.

**MADISON SQUARE
BICYCLE GRIND**

New York, Nov. 17.—Reg McNamara and Alex McEachern won first place in the 24-hour bicycle race which ended tonight in a wild series of sprints in Madison Square Garden. Lawrence and Thomas finished second; Grends and Clark, third.

**NEWSBOYS' RACE
SATURDAY MORNING**

A team practice is called for tonight when a workout will be held in the Y. M. C. A. gym.

**Second Cricket
Test Was Drawn**

London, Nov. 17.—(Canadian Press Cable)—The second cricket test match between Australia and South Africa was declared drawn today, according to a Reuter despatch from Johannesburg. Australia scored 450 and seven for no wickets, the South Africans replying with 243 and 473 for eight wickets, (innings declared).

**Old Country
Football Games**

London, Nov. 17.—(Canadian Press Cable)—In an English league soccer game (second division) this afternoon, Derby County defeated Coventry by 2 to 1.

The following rugby games were played today:
Edinburgh University, 17; Queen's University, Belfast, 6.
Northern Union:
St. Helen's, 5; Wakefield, 5.
Hull, 26; Dattley, 8.

BRITISH COMPEL UNITED STATES TO TAKE STAND
U. S. is Resisting British Efforts at Further Disarmament of Submarines.

Washington, Nov. 17.—The American attitude on the submarine was not inadvertent but deliberate. Curious as it sounds the absurdity of proposing an increase of submarine armaments in the name of disarmament is less patent to American minds than one might suppose. The Navy Department is embarrassed by the British demand for this further step towards disarmament which goes beyond what America proposes. It professes to perceive a special British case for submarine retaliation, is a special American case for retaining the weapon. Submarines are declared to be the best weapon for defence that a country possesses. The American coast, it is argued, stretches far. There is the Panama Canal to look after. Nevertheless the Americans are prepared to make "concessions" and may agree to a compromise.

In comparing the coast lines it is to be presumed that only the coast of the United Kingdom is to be taken into account, not that of the Empire. The Buss Canal and all our narrow waters are ignored.

The present American tonnage is approximately 96,000 tons. This would mean the scrapping of 6,500 tons to meet the maximum proposed. Japan is said to have something like 8,000 tons under her allotted 45,000. Britain has only 65,000 tons. As for light cruisers for "police purposes" the Americans are not favorable unless the British can produce convincing arguments of their necessity.

The stage now reached shows the British not only accepting the American disarmament plan but wishing to go further, and the Americans, at least temporarily, resisting.

The Americans expect Briand to produce a plan for the reduction of land armaments at the next open session of the conference, but to attach thereto a demand for "guarantees."

The American delegation is going cautiously on the Far East. The original idea was to do as they have done with armaments—face the conference publicly with bold and frank scheme and invite dissent and discussion in committee. That intention has been abandoned. The topic is to be brought before the committee first.

The idea of starting the debate in full conference is now reversed, and the intention is now to put the conference stage at the end and work up to it in committee.

There has been a sudden recognition of difficulties in connection with the Far East. Rumor speaks of representations from the British and even Japanese delegations. At any rate, the Americans will at first hold back to see whether a general plan is produced by some one else, that is by France.

GERMANS CLAIM TRICK TO FORCE OUT JAPANESE

America and Britain Said to be United at Conference Probably by Agreement.

Berlin, Nov. 17.—Japan is being isolated by America and Great Britain at the Washington conference. The same way Germany was isolated on the Continent before the world war by the other European Powers, is the opinion of German political observers, especially those of conservative tendency. They go so far as to credit America with having reached a definite understanding with England before the conference began and predict Japanese submission to the conference, although not without a struggle.

The conservatives have revived the old slogan of "einbreitlung," which was so loudly used to justify the German war policy, to explain what is happening now to Japan. They declare that England and America propose to reduce Japan to a second class Power. Both the Japanese Monroe Doctrine in Asia and the growing fear on the part of the British dominions are felt here to have moved England to support the American policy.

The Deutsche Tageszeitung declares that the long year building cessation proposed by the United States is the most important point of the American plan.

The Communist Rote Fahne (Red Flag) shares the view that Japan will draw the short end of the conference but regards England as forced by the policy of her dominions and by her debts to America to yield to the American wishes.

It points out that Mr. Hughes, in announcing the proposal, did not refer to land disarmament, and concludes that the United States does not intend to interfere with French aspirations to dominate the Continent. This it deems as America's price for French support against Japan.

Berlin, Nov. 17.—(Associated Press.)—The Nationalist press discovers in the proposals of Secretary Hughes at Washington only "American egoism" and "lies, hypocrisy and dishonesty." The newspapers declare that Germany cannot "expect the slightest relief from French armaments carried on with a revolver on the hip along the Rhine."

Some of the newspapers express the belief that the delegates greeted the proposals of Secretary Hughes with approval in order to gain time "to put something over on each other."

The Liberal press is silent, but the radical Rote Fahne (Red Flag) says it is evident that the "four oppressed peoples—Russia, Germany, Japan and Siberia—will be the sacrificial offerings to the commercial imperialism of America and England."

"Whether England wishes or not," it adds, "Japan has decided to force her way to go with the United States. These dominions are a bigger trump card in the hand of Secretary Hughes than the billion pounds of war debt England owns."

The Pan-German Zeitung sees the prospect of an American and British agreement and says it is certain France will get a free hand in dealing with Germany.

The Kreuz Zeitung says President Harding's words sound like those of former President Wilson, but that President Harding has a more workable scheme, although it appears the President's aim has no cozenage of ideas about the success of the undertaking.

Stowaway Discovered Aboard Ship En Route For England

Stanley Metcalf, a young English lad of 21 years, was a stowaway on board the Furness liner Cornish Point, Captain J. Carter, when she left Montreal for Halifax on Wednesday evening, when the ship left Halifax for London, Metcalf was an article seaman under Captain Carter, who took pity on the lad, who was anxious to get to his home in Manchester.

When the Cornish Point was near the mouth of the St. Lawrence, outward bound, Metcalf emerged from the coal bunkers and at first he was taken for a negro, his prolonged stay in the coal dust having removed all appearance of his being a white man.

The title of the stowaway traffic between Great Britain and Canada after being on the job, on the west-bound date, has now turned and lines and freighters leaving for the United Kingdom ports in these days are carrying an even heavier quota of stowaways than when arriving from Britain this summer.

It is not to be easy getting ashore in the Old Country, but if they cannot show passports nor their equivalent, an honorable discharge from the British army, their British nationality will be doubted and deportation will be the result, with perhaps a jail sentence handed in between, as is done in Canada in all cases.

Over a dozen steamers leaving Canadian ports recently have reported getting ashore in the Old Country, but if they cannot show passports nor their equivalent, an honorable discharge from the British army, their British nationality will be doubted and deportation will be the result, with perhaps a jail sentence handed in between, as is done in Canada in all cases.

Over a dozen steamers leaving Canadian ports recently have reported getting ashore in the Old Country, but if they cannot show passports nor their equivalent, an honorable discharge from the British army, their British nationality will be doubted and deportation will be the result, with perhaps a jail sentence handed in between, as is done in Canada in all cases.

Considerable Activity In Shipping Reported From Sydney

Sydney, Nov. 17.—The Furness-Witby Company, Sydney, has been appointed managing agents of the Cunard, Anchor-Donaldson and Donaldson Lines. This appointment came through this week. In addition to these companies as in their own line, the local office of the Furness Line are agents for the Holland-American Line, New York to Rotterdam; the French Line, New York to France; the Lloyd Sabaudo, New York to Italy; and the Swedish Line, New York to Sweden, thus enabling the company to sell passenger tickets to all parts of the world. J. J. Bates is manager of the local branch of the Furness-Witby Company.

Among the steamers in at the pier this week were the Pro Patria, banking for Halifax; the St. Maria, also banking for Halifax; the Canadian Signaller, loaded bunker coal and sailed for Russia with a cargo of railway material; the Canadian Ranger, bunker for overseas; and the Hochelaga, loading coal for Montreal.

The steamer Stegoborg, loaded coal at this port and sailed for St. John's. People would meet with trouble procuring the name of the Danish line to which the ship belongs. It is the Dampskibsselskabet Line, owned by one of Denmark's largest steamship companies. Furness-Witby are the ship's agents.

The Norwegian steamer Rivaer, a cargo of pitch, The Furness-Witby Company are the agents. At North Sydney the Sagona is undergoing inspection and will sail on Thursday night for Port Aux Basques, taking the place of the Kyle, which leaves this day for St. John's to go on dry dock for her annual overhauling.

Weekly Statement Bank of England

London, Nov. 17.—The weekly statement of the Bank of England shows the following changes:—
Total reserve increased £229,000.
Circulation, decreased £316,000.
Bullion, increased £12,500.
Other securities, increased £2,989,000.

Donaldson Linn Enroute.
Donaldson Linn Parthenon, Captain Horne, was due last night at Halifax from Baltimore to load apples for Glasgow.

Vessel Had Narrow Escape.
The Weymouth new tern schooner J. Scott, Hamilton, loading, anchored at Yarmouth for Boston, and a narrow escape from serious damage in Tuesday. The schooner was moving a load of coal of 200000 lbs. to the head of its wharf when it got beyond their control and before it could be stopped, the forward wheel went over the edge and the heavy drafter of the schooner's rail was swung down just as the main chain plates of the forward rigging, nearly splitting the rail to the forward chain plates. Fortunately it was high tide at the time and the schooner being high in the water prevented the car from going over the wharf on the vessel's deck. Repairs are being effected by the broken rail being heavily bolted.

Coal Shipments to Newfoundland.
Coal shipments to Newfoundland, Captain Critchell, of the Newfoundland schooner James W. Parker, now at Sydney, reports that the schooner could carry a trade between that port and Newfoundland is about over for the season. The last cargoes for the Ancient Colony are now being loaded and few sailing vessels will come for coal after this week. The James W. Parker will take a cargo of coal for Harbor Grace. Coal shipments by schooner to Newfoundland this year were about on a par to those of last year. The year was not so successful for schooner owners as freighters were only half those of 1920. This season three and four dollars a ton was paid for the transport of coal to the Colony, the price depending upon how far north the cargo was taken.

Steamer Kyle Undergoing Repairs.
The steamer Kyle is now replacing the steamer Kyle in the field Newfoundland service between North Sydney and Port Aux Basques. The latter has gone to St. John's to go on drydock, where she will be overhauled for the winter service. She will

SAILING OF MONTCALM

Canadian Pacific Steamships, Limited, announce they have put forward the initial sailing date of the new liner Montcalm from Feb. 15 to Jan. 18. She will leave on her maiden voyage from Liverpool for St. John. She will sail east here Feb. 1.

MEETING POSTPONED

An adjourned meeting of the Board of Health, which was to have been held yesterday, was further postponed to Monday next. The Hon. Dr. Roberts is to attend the meeting and will discuss the milk situation in the city with the board.

OFFICIAL INSPECTION

The new bridge built by the C.P.R. over the reversing falls will be officially inspected on November 24 by G. A. Mountain, chief engineer of the Board of Railway Commissioners. If it passes the inspection it will be thrown open for traffic operations immediately.

BANK CLEARINGS

The bank clearings for St. John took a big jump this week, totalling \$4,113,646. This is the first time they have reached the \$4,000,000 mark since August, 1920, and only three times that year did they exceed that figure. The clearings for the corresponding week last year were \$3,329,823.

SUCCESSFUL RUMMAGE SALE

A successful rummage sale was held yesterday in St. Andrew's Rink under the auspices of the educational committee of the Catholic Women's League. Mrs. Richard O'Brien was general convener, and was assisted by members of the educational committee as well as other members of the Catholic Women's League.

OPTION ON HOTEL

J. H. Doody, of the Dufferin hotel, has taken an option on the Windsor Hall property, Fredericton. Mr. Doody said that if he purchases the property it is his intention to build a wing of thirty rooms and make other extensive improvements. Windsor Hall, situated at the corner of Brunswick and Westmorland streets, was built by the late Albert E. Everett in 1907. The present proprietor, W. W. Throft, acquired the property six years ago.

MILITARY NOTES

According to general orders issued by Lt. Col. A. H. H. Powell on Tuesday the following have been struck off the Reserve of Officers on re-appointment to Active Militia on re-organization: Lieut. Charles Eugene White and Lieut. Edgar Frank Woodworth.

COMMITTEE MEETING

A committee meeting of the St. John Garrison Sports and Entertainment Association will be held Friday at 5.30 p.m. and it is expected that arrangements for indoor baseball, basketball and other sports will be completed.

MAKE SCHOON VOWS

Miss Josephine McGuire, daughter of Mr. and Mrs. Martin McGuire, Exmouth street, and Miss Kathleen O'Leary, daughter of Mr. and Mrs. Timothy O'Leary, Hastings street, will make their second vows on Monday, Nov. 21, the Feast of the Presentation of the Blessed Virgin. The reception and profession will take place in the Sisters of Good Shepherd's house, New York, where they joined the order on Easter Sunday, 1920. A year ago they made their first vows and received the habit. Mrs. McGuire and her daughter Mrs. Lewis J. McDonald, left last evening to attend the ceremony. Mrs. O'Leary and her daughter, Mrs. D. J. O'Leary, were visitors to New York late in September.

Opening Night of Alexandra Temple

Good Attendance Last Evening—Programme for Winter Mapped Out.

The opening night of the term of Alexandra Temple No. 5, T. of H. and T. was held last evening in Tomlin Hall, Main street, and the attendance was most encouraging. Officers for the coming six months were installed and a programme for the winter mapped out. Alexandra is looking forward to one of the best terms in her history of over fifty years of active service in the temperance cause.

The committee appointed to arrange for the memorial service in honor of the late D. I. Robinson was met last evening. The officers were installed by C. T. Green, grand templar, assisted by J. H. Roberts, grand templar.

The officers were installed by C. T. Green, grand templar, assisted by J. H. Roberts, grand templar, W. L. Downey, Chief Templar, A. V. Cowan, Recorder, E. Hartshorn, Asst. Recorder, S. E. Logan, Fin. Recorder, P. P. Gallop, Treasurer, Chester McCouch, Usher, Charles Richardson, D. Usher, H. W. Broomfield, Chaplain, C. T. Green, Guardian, A. L. Roberts, Sentinel.

Refreshments were served by a committee after the business session had been concluded.

Business Before Common Council

City Will Pay Claims Arising Out of Accident to Boys—Other Matters.

The City Council yesterday decided to pay claims arising out of the accident at the Queen square, west, playgrounds, by which Orlo Brown lost his life and a lad named McLeod lost the use of two fingers, at the acting city solicitor advised this course. The amount agreed on is \$1,000 in each case. This action was opposed by commissioner Jones, who argued that the opinion of the city solicitor was not definite enough.

It was decided to tear down the old Market building in West St. John as the building inspector reported it in a dangerous condition.

On motion of Commissioner Jones it was decided to proceed with the laying of a water main in Tower street, west, at an estimated cost of \$4,000, to be paid for out of unexpended bond balances.

Commissioner Jones presented a report on the proposed renewals for next year totalling \$97,000. This did not include the work proposed by the mayor, a new main to Loch Lomond. The commissioner will present a report on this proposition.

Programme At The Tabernacle

Over Hundred Adults Present on Invitation of Sunshine Bible Classes.

The Tabernacle church vestry was the scene of a very pleasant function last evening when about 110 adult persons gathered at the invitation of the Men's Brotherhood and Ladies' Sunshine Bible classes in their annual reunion. This year, instead of as formerly confining the attendance to members of the two classes, an effort was made to get in touch with every adult in the church community and interest them in the work of the classes and enlist their co-operation in Bible study and service.

Despite the unfavorable weather the number of new faces in evidence was gratifying and the classes are hopeful of securing a considerable increase in membership.

The programme was an informal nature. Fred Crawford, president of the Brotherhood, was in the chair. It began with the hymn, "Onward Christian Soldiers"; P. C. Murray sang a solo; the pastor, Rev. A. L. Tedford, gave a short address of welcome; Mrs. Willard Graves, a reading; Mr. Murray and Miss Ethel Kierstead, a duet, and R. D. Coggin a solo.

The classes were fortunate in having as their guests Rev. and Mrs. C. T. Clark, of the Fairville Baptist church, and after the gentlemen had served the delicious refreshments prepared by the ladies' class, of which Mrs. Joseph McKenzie is president and Mrs. George Cuthbertson teacher, Rev. Mr. Clark gave a most inspiring and helpful address on "The Place and Value of Sunday School Work in the Life of Today"; and dealt particularly with the adult class department.

He emphasized the need for men and women to intelligently study and understand the Bible message in order to carry out the great business of making the life Christian. The speaker pointed out various things that make for an unsuccessful class, and he also gave many helpful suggestions for a successful one. He mentioned several kinds of work that the classes might carry on for the benefit of the individual, the home, the country and the church.

Following the address two contests were held, and a time of social fellowship. The very pleasant evening was brought to a close by the singing of "All Hail the Power of Jesus' Name," led by the pastor.

Monthly Meeting of Women's Hosp. Aid

Splendid Reports Received from Committee—Christmas Treat for Children.

The monthly meeting of the Women's Hospital Aid was held yesterday afternoon at the Board of Trade rooms, Prince William street, the vice president, Mrs. T. E. Carter in the chair. Splendid reports were received from the convener of the visitors committee and from the house committee and the purchase of additional bath robes and hot plates was decided upon. It was also decided to give the children the usual Christmas treat.

The minutes of the last meeting were read and adopted. Several letters of thanks were read, including one from Miss Scott, expressing her appreciation of the gift of a Victoria.

A number of bills were read and ordered paid. Some bills for the children which had been purchased had not proved satisfactory and it was decided to return a number which had not been used and buy material and make some up.

The reports of the denominational vice-presidents reported as follows: Mrs. Gilchrist for the Presbyterians, 6 new members from St. David's church; Mrs. R. A. Corbett for the Methodists, 23 new members from Centenary, 20 from Portland and 2 from Zion; Mrs. Doody for the Catholics, 4 new members from St. Peter's parish; Mrs. Carter for the Baptists, 4 new members from Central; no report from the Anglicans.

Mrs. Lester Mowry, convener of the visitors for the afternoon, reported a good supply of magazines, a number of letters written and posted for patients and 3 follow up cases reported to Mrs. Doody. She also reported that she had requested that any comforts sent in to the patients be first sent to the office.

The Halloween treat for the children had been greatly appreciated by them, and especially by the boys. Fruits of various kinds, candy and nuts and ice cream had been provided and toys, masks etc., suitable to the occasion. The kiddies had a great time and showed their appreciation of the affair in no uncertain manner. The patients in the epidemic ward shared in this treat and some oranges left over were sent to the typhoid fever patients. A treat of cranberry and apple jelly had also been sent to patients and the names of a number who had contributed to this treat were read as well as the names of those who helped supply the Halloween treat.

The report was adopted. Mrs. Gilchrist was named as convener of the visitors committee for the coming month.

Mrs. Morris presented the report of the house committee. She referred to the many improvements which had recently been made by which 8 private and 6 semi-private beds had been made available for patients. One room had been made into a Workmen's Compensation office and another would accommodate 3 semi-private rooms and in this ward the patients were allowed to smoke, which they appreciated very much.

In the old nurse home the first floor had been transformed into the dining room for the doctors and nurses, the second floor was used for the executive office and the third floor were the male quarters.

She recommended the purchase of a hot plate and of 36 bath robes and 36 pairs of slippers for use of the ward patients. The line supply was in good shape, only two towels being missing in five months. A request had been made for rubber casters for the beds in the nurses home as the iron casters were scratching the floors.

The report was adopted. Mrs. Mowry brought up the matter of buses for the visitors and Mrs. E. A. Young and Mrs. Lester Mowry were appointed a committee to look into matter and report.

On motion of Mrs. Doody seconded by Mrs. Shaugnessy it was decided to purchase two hot plates for use in the hospital.

Miss Adair reported for Mrs. Ralph Robertson, convener of the magazine committee, that a full supply of five magazines had been on hand and a number of the children's books and puzzles had been sent to the hospital.

The Baptist ladies are to supply the magazines for the coming month. Mrs. Sims reported for the cook book committee that she had received \$747 in cash, \$350 was still owing and 1,067 books had been taken from the printer.

The matter of rubber casters for the beds was referred back to the house committee for investigation to see if they were absolutely necessary. Mrs. Hilditch reported that it was time to get ready for the Christmas tree for the children and it was moved by Mrs. Morris and seconded by Mrs. Hilditch that Mrs. George Mowry be asked to act as convener of that committee for this year and if she could not act that Mrs. Mowry be appointed convener, the convener to name her own committee. Carried. It was announced in this connection that Mrs. Irvine had offered to dress twelve or fifteen dolls.

It was announced that Miss Alice Fairweather had severed her connection with the Standard and the secretary was instructed to send her a letter of appreciation for her service in a manner in which she had always reported the meetings. Miss Brock of the Telegraph was also thanked for her services in this connection.

On motion of Mrs. Young seconded by Mrs. Wilson it was decided to purchase 36 bath robes and 36 pairs of slippers for use of the hospital.

No further business offering the meeting adjourned.

CALLED OUT SNOW FLOWS

The snow fall along the C. P. R. lines from McAdam to Megantic and up to Edmundston has been so heavy that snow plows have been operated during the week in order to keep the lines open. So far no delays have been occasioned.

Engineers In Regular Session

Frank P. Vaughan Addressed Members on "Electro Therapeutics."

The St. John Branch of the Engineering Institute of Canada held its regular monthly meeting yesterday evening in the Orange Hall. An exceedingly large number was present for the occasion to hear the address of the chairman, Frank P. Vaughan, M. E. I. C., on the subject of "Electro Therapeutics," which was also discussed by Dr. W. E. Rowley from a medical viewpoint.

In the course of his remarks Mr. Vaughan stated that the principal use to which electricity was put in the treatment of disease was divided into four classes: first, by violet ray; second, by high frequency spray; third, by d'Arsonval auto condensation; and fourth, by diathermy.

These methods were mostly applied for the relief of pain and to cure rheumatism and various other similar diseases. Tuberculosis was treated by the use of ozone in European countries and locally.

The latter was also utilized for ventilation purposes and was formed when the electric sparks were liberated. Mr. Vaughan also mentioned that ozone was further used for deodorizing. In regard to the treatment of tuberculosis, the speaker pointed out that medical men were more or less divided in opinion as to the value of its use.

Dr. W. E. Rowley explained the various uses to which the X-ray may be put, and further discussed the subject thoroughly from its medical side. Illustrated lantern slides were used which demonstrated the different means of treatment to the human body by electricity.

The Young Women's Christian Association joined with the Young Men's Association in an observance of the Week of Prayer at a united meeting held in the Y. M. C. A. last evening. B. E. Fisher, vice-president of the Y. M. C. A., presided. The order of service was as follows:

Hymn—"Jesus, Lover of My Soul." Prayer—Alfred Davis. Responsive reading—Psalm 24. Prayer—"That We Have Faith and Courage." Mrs. Hunter, Y. W. C. A. Hymn—"Onward Christian Soldiers."

Address—"Faith," Rev. Canon Armstrong. Prayer—H. Usher Miller. Prayer—"For the Girlhood of St. John, and the World." Miss I. MacKenzie, Y. W. C. A. Hymn—"Take My Life and Let It Be." Silent Prayer. Benediction.

Observance of Week of Prayer

Young Women's Christian Assn. and Young Men's Assn. Held United Meeting

The police sheet handed in to Magistrate Hilditch on the opening of the police court yesterday morning, was a light one. Two drunks were charged with statutory violation of the Prohibition act, pleaded guilty, and after receiving the magistrate's withering glance, which speaks volumes, were ordered below.

Charges of creating a disturbance in his home, 192 St. John street, W. E. was preferred against George Durant, to which the accused pleaded not guilty. As his better half was not present to court to give evidence, he was remanded until such time as she shall appear to give her version of the case.

Preparatory to the second introduction by the crown of the case of John Paris charged with the murder of nine-year-old Sadie McAuliffe, Sergeant Detective Powers has left for Truro, where he is working on the case. It will be remembered that it was largely due to the weight of evidence produced by the defense in introducing witnesses from Truro who supported the defendant's alibi, that the jury which tried the case disagreed at the first trial. It may be that the crown will endeavor to secure evidence in Truro, for the second trial which will rebut that produced by the defense.

Both the crown and the defense are credited with having prepared considerable additional evidence to be introduced at the second trial.

Cases Dealt With In Police Court

Two Drunks Remanded—Geo. Durant Charged With Creating a Disturbance.

The police sheet handed in to Magistrate Hilditch on the opening of the police court yesterday morning, was a light one. Two drunks were charged with statutory violation of the Prohibition act, pleaded guilty, and after receiving the magistrate's withering glance, which speaks volumes, were ordered below.

TRIP TO WALES IN A CATTLE SHIP

The Rev. H. E. Clarke delivered a lecture on "A Trip to Wales in a Cattle Ship," before a highly interested audience in the school room of the Carleton Methodist Church last evening. Mr. Clarke not only vividly described his trip across the Atlantic, but also gave an amusing analysis of England and Englishmen, and Wales and Welshmen. A number of slides illustrating the beauty of Welsh scenery added to the pleasure given by the address.
