"I HONESTLY BELIEVE 'FRUIT-A-TIVES'

The Greatest Cure For Rheumatism in the World"

KNOWLTON, QUE., Oct. 24th, 1909.
"For many years, I suffered from severe Rheumatism, and the attacks were
routinely and prevented me from doing my ordinary work. I tried many
and I was becoming very anxious for fear I would become a permanent
cripple from the disease."
"I tried 'Fruit-a-tives' and this medicine has entirely cured me and I
honestly believe it is the greatest Rheumatism cure in the world."
E. H. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks
too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried
'Fruit-a-tives' after all other treatment failed—and 'Fruit-a-tives' cured him
of Rheumatism. In the goodness of his heart, he wrote the above letter in order
actually does cure Rheumatism. This testimonial was entirely unolicited on our
part. We did not know that Mr. Mills was taking 'Fruit-a-tives' until we received
the above letter.

It is cases like Mr. Mills' that prove the marvellous power of 'Fruit-a-tives'
in arresting and curing disease. It may be stated, without fear of contradiction,
that 'Fruit-a-tives' will positively cure Rheumatism when properly used.
'Fruit-a-tives' is the only medicine in the world made of fruit juices and
is the greatest Rheumatism cure known to modern science.

THE ONLY TWO POWERS THAT EVER HAVE
or ever can govern human beings are
force and reason—war and law. If we
do not have one we must have the
other. The problem before the world
is how to decrease the area of law un-
til war vanishes and law envelopes
the world.

Theodore Roosevelt once wrote in
The Atlantic Monthly: "The liquor
business does not stand in the same
footing with other occupations. It
always tends to produce criminality
in the population at large, and is
breaking among the saloon-keepers
themselves."

Truth.

Out of the midst of the ages,
From the gloom of the past
That which was dream of the ages,
The spirit of truth comes at last.

It comes with the star crowned beauty
Who's the garment of light,
To teach mankind what is duty,
To give every man what is right.

Old errors are fleeing before it,
As the mist rolls away from the sun,
While wisdom and science advance it,
And rejoice that its reign is begun.

The casket and rust of the ages
Have been washed from the brow,
The moonlight on his forehead
Are the sunbeams of truth and love.

When the day of redemption is meeting
When the truth sets the nations free,
When the world is the world's jubilee,
Then will we see the spirit of truth.

When we and waste and oppression
Intemperance and want and crime,
Will go out in a funeral procession
Nor cease till the end of time.

Ye men how to think, 'Ye men duty,
Ye nations submit to its rod,
For know ye this spirit of beauty
Is also the spirit of God.

When we and waste and oppression

Berwick.

Berwick "camp meeting" closed last Thursday evening, after an unusually interesting session. The addresses by the evangelist, Rev. J. Murdoch MacInnis, M. A. Litt, and the Bible lessons led by Prof. McLaughlin, the children's services led by Miss H. McMartry, and the music conducted by Rev. Wm. Phillips, Middleton, assisted by Miss F. Foster, Grand Pre, and Miss Mabel Phillips, Middleton, and the Berwick male quartette, have all been of a very high order, and have proved very helpful to the large number who have been in attendance.

Not Yet Settled.

Mr. Ernest Robinson has declined the flattering offer of Principalship of one of the grammar schools of Montreal. The delay in Mr. Robinson's appointment to the Inspectorship of schools for Kings and Hauts mountains, is somewhat astonishing, if not suspicious. Why a liberal government should hesitate to appoint an other-wise quite competent gentleman to a position in the educational system of the province, because of his independence of the polls, and because of having voted rather often for conservative, than liberal is beyond our guessing.

We understand THE ACADIAN has been quite severely criticized in some quarters because no reference was made in its columns to an entertainment recently given in town. It is not the desire of the publisher to overlook anything of this nature, but he is not able to keep a large staff of reporters, and cannot himself be at the same time in two places. In the case referred to tickets were sent to the office, and those having the affair in hand declined to send anything for publication when asked to do so. It is THE ACADIAN's aim to publish 'all the news', and we shall be very glad if our friends will be good enough at any time to call our attention to happenings that may come under their notice.

Acadia Seminary Notes.

Never before in the history of Acadia Seminary have so many applications from prospective students been received. Present indications are that the Residence will be taxed to its utmost and that provision must be made for additional accommodation. The Principal has already received 110 applications and more are on the way. The immediate constituency of the School in Wolfville and the county will rejoice in these indications of prosperity and enlarging usefulness.

The teaching staff, depleted by the retirement of several teachers whose loss was keenly felt, has finally been completed. Mrs. Redden, so well and favorably known in Wolfville, will assume the important post of Vice-principal. The other new appointments are as follows: Alice Bacon Plympton, A. B., Radcliffe, English Language and Literature; Blanche L. Crafts, one of the most gifted violinists ever graduated from N. E. Conservatory, a teacher and an artist of several years' experience will take Miss Paulsen's place in violin; Miss Evelyn Schwartz, is the new head of the department of oratory; Miss Schwartz is a young woman of fine personality, a favorite on the platform, an inspiring and enthusiastic teacher. Miss Crafts and Miss Schwartz will make an extended concert tour during the Christmas recess. Miss Susan Avery, a graduate of the M. N. A. S., will be a strong substitute for Miss Richardson. Mrs. Perry Woodworth becomes first lady assistant in piano. Mrs. Woodworth's work is so well known that this appointment will meet with instant approval.

All the other teachers remain as last year. The principal is confident that the staff as thus constituted cannot be duplicated for efficiency in the Maritime Provinces.

Obituaries.

The death of one of Wolfville's oldest and most estimable residents took place on Friday morning last, when Mrs. Nancy Eider Fitch, relict of the late Charles W. Fitch, passed away at the ripe age of 84 years.

Mrs. Fitch was formerly Miss Nancy Eider, a native of Truro, but spent most of her early life in Hantsport, until her marriage. The family was a large and prominent one, but now two sisters only remain—Mrs. Irene Eider Martineau, of Hantsport, the well known poet, and Mrs. D. F. Harris, of Boston. The former was present at the funeral.

The late Dr. William Eider, the first professor of science at Acadia, and after that of Colby, was a brother. Mrs. Fitch leaves behind a large circle of friends, including—William Fitch, of Virden, Manitoba, and Charles S. Fitch, of this town; and three daughters, Mrs. Andrew Jack, of Halifax, Mrs. Alice Grant, teacher at Acadia Seminary, and Miss Annie Fitch, who resides at home. The funeral service was held on Sunday afternoon from the late residence of the deceased, a large number being present to pay the last tribute of respect to a most lovable Christian lady.

In the absence of the pastor, Rev. E. D. Webber, of the Baptist church, of which she was a most consistent member, Rev. A. C. Chate, D. D., conducted the solemn service. Appropriate music was given by a quartet, Messrs. Godfrey and DeWitt and Mrs. Sleep and Miss DeWitt. The pall bearers were Dr. J. F. Tufts, Dr. McKenna, C. R. H. Starr, and Rev. Howard Hays.

The death occurred in the hospital at Salda, California, on Thursday, of last week of Professor Warren M. Steele, son of Rev. Dr. Steele, of Amherst. Prof. Steele was graduated at Acadia in the class of '02. While here he was a good student and generally popular. During the past three years his health has been a source of anxiety to his many friends, he having contracted tuberculosis about that time. Since then he has spent considerable time at Richmond, Virginia, Denver, Colorado, and at his old home in Amherst, making a manly fight against the disease. For some time he has been feeling comparatively improved until on the previous Sunday when a sudden change for the worse took place.

There will be an exceptional programme at Temperance Rally picnic, Berwick camp grounds, today, Friday, 26th inst.

Why the Wedding Ring is so Placed.

The question of the wedding ring and why it should be placed on the fourth finger of the left hand is traced back to a writer in the British Apollo, 1708.

'There is nothing more in this,' it is stated, 'than that the custom was handed down to the present age from the practice of our ancestors, who found the left hand more convenient for such ornaments than the right in that it is ever less employed; for the same reason they chose the fourth finger, which is not only less used than either of the rest, but is more capable of preserving a ring from bruises, having this one quality peculiar to itself, that it cannot be extended but in company with some other finger, whereas the rest may be singly stretched to their full length and straightness.'
