ANATOMY DEPT. GETS MUNRO ROOM

Indian Handicrafts Sale Room 21 In Arts & Admin. Bldg.

The "Treasure Van of India" was officially opened today at 2.15 in Room 21 of the Arts Building by His Worship Mayor Donahoe. The opening, in true Indian fashion, represented the joining of the Black and Gold with the goldway of India and the principle. joining of the Black and Gold with the colours of India and the uni-versities where sales have been held already. The mayor was welcomed by the chairman of WUSC, Sally Roper, with the In-dian greeting "Naweste" — the divine in me salutes the divine in dian greeting "Naweste" — the divine in me salutes the divine in you. Then the golden "har" was placed around the mayor's neck. In India the "har" is usually of orchids, jasmine or magnolia flowers. The High Commissioner for India to Canada, His Excellency P. R. Saksena, unable to send a representative, sent his greetings and best wishes to the Committee.

After the ceremonial opening e guests entered the miniature Indian village set up in the English 2 room. Twelve stalls with wares line the streets.

The second broadcast in a nine week, half hour series centralizing Dalhousie talent will take place Tuesday evening, January 13th over C.B.C. at 7.30 p.m. The program lined up for this broadcast 13th promises to be as interesting and

informative as the first.

This week's program includes two piano selections of Eleanor Ritcey—a Jamaican rhumba and a Chopin selection. Also included is a Sodales debate "Resolved that the Maritime Provinces should be exchanged for Alaska to the United States. Nita Sederis will take the affirmative and David Peel the negative. Sodales vs U. of Toronto

Sodales has announced that the University of Toronto is sending a team to the Maritimes to debate with the Maritime universities. On January 23 they will meet Dalhousie on the following resolution:
Resolved "Control of Canadian television should be completely in the hands of the Federal Government"

Trials for the purpose of choosing a team will take place on Wednesday at 12.15 in the Moot Court Room of the Law Building. Applicants should be prepared to argue the negative of this reso-

It is hoped that students of Dalhousie will try out for this debating team and that those who will not be on the team will keep January 23 free to hear your fellow students debate with the University of Toronto on this interesting subject. It is not very often that we have such an opportunity and it is hoped that Dalhousie students will show the interest that such an event deserves.

The Committee which was set up by the University to look into the problem of allocating vacant space in the Forrest Building has recommended that the Munro Room be made available to the Department of Anatomy. This room was wanted by all faculties on Forrest; as well as the Student Organization for a Common Room. However the Committee has recommended that the lockers be removed from the Medical common room in the basement and that space be enlarged, redecorated and made more pleasant with the aim of having a Recreational Reading

The first Student Forum of the new year will be held at 12 noon on Thursday in Room 21 of the Arts Building. The topic for discussion will be the M.I.A.U. Arpy Robertson will speak for five minutes against Dalhousie rejoining this body. A speaker wat to ing this body. A speaker, yet to be announced, will give his views on why he thinks Dalhousie should rejoin this organization. Also Mr. Bruce Williams, local Red Cross chairman will give an enlightening talk on the coming Blood Donor drive and what it means for each student to make their donation.

Regarding the coming Drive, it has been announced that a clinic will be set up in the large Common Room in the Men's Residence on January 27th and 28th. Students who have donated blood within three months of these dates will be credited with their donation for the purpose of the Inter-Collegiate competition.

Among the things to be discussed at the Student Council meeting tonight will be a proposal to have a six page issue of the Gazette to be published weekly next year. Also to be discussed will be the relation of Dalhousie to the M.I.A.U., and an inquiry into the Student Health setup, along with this will be a discussion of the lack of student ice time in the Dalhousie rink. Student organizations are reminded to use the notice box beneath the new Notice Board in the residence for their announcements.

Finally, the president of the Student Council, has a beef. Wal-ter Atwood, bandmaster, has a list of at least one hundred students who play instruments and in spite of this it has been impossible to get a band together so far this term. The Council has purchased and reconditioned some instruments already this year, and would like to purchase more if the in-terest in the band was more enthusiastic.

The Duty of A College Newspaper

Last term's spat between the Gazette and the Glee Club causes one to wonder just what is the position of a College newspaper in relation to its public. Neither independence from college groups or complete submission to them seems to contain the answer. The first of these means that a paper would be virtually of no use to the students; the second leads to stagnation and apathy in an editorial office.

It is easy enough to outline the desirable description that should fit a student publication. A college paper should, naturally enough, offer extensive news coverage, firstly of campus news and secondly of news from other Universities. A college paper should also promote student interest in student affairs. Finally, a college paper should also reflect student opinion, both criticism and support, of student activities.

The second of these three aims is perhaps the most important. It of necessity includes the first for promoting student interest can only be done through informing the students of the campus activities and it can include the third for student opinion is merely a branch of campus news.

The effects of promoting student interest are far reaching. It can mean the success or failure of an organization such as the Glee Club. It can mean victory or defeat for an athletic team. In the sum total it can mean the difference between, a stagnant, apathetic community or an active dynamic one in which everyone is doing something for himself, for his organization or organizations and for the student body as a whole.

This sets the pattern for life after college. Each student can learn the importance of taking an interest in community activities, of cooperating with his or her fellows and of seeing the results of a large group's joint and several effort.

It may sound absurd to say that a college paper can effect all this. But it can play a large part in bringing it about. On a large campus where it is not possible for the student to stay in touch with one another socially, the college press is the only means of communication.

That means that the college paper is the only means whereby all the students can be contacted and the only means whereby an interest can be promoted in them to such an extent that it fires them to take a part in some student affairs and maintain a sympathy with the others.

As we said, it is easy enough to outline the desirable description of the college press. It is a more difficult task to fit the paper to that description.

The first thing necessary is a capable staff who appreciate the ambitions of the paper. Couple with this is the

ability to fulfill these ambitions by writing, by appropriate news emphasis.

Equally necessary is contact with news sources and the cooperation of these sources. These two factors give the information and translate it into news. The simplest task remains—getting it to the student body.

Commerce Boys are Cashiers for Indian Sale

The observation of National ning to make themselves heard and Book Week last November did much to encourage the sale of the across Canada. work of Canadian writers. In the past, these writers have been unable to look forward to much financial gain from their work. The determined effort to bring to the canadian of the Canadian to the canadian t the attention of the Canadian reading public the really fine work that is being done by Canadians is a job that might well have been done years ago.

The City of Vancouver Community Arts Council is arranging an interesting and diversified series of discussions, seminars and public readings during National Book Week, to which the public is invited. An "Authors Seminar" opened the series and was followed by panel discussions and information about better Canadian books.

A national committee had selectwhat it considered to be the hundred best Canadian books and the list was widely publicized during National Book Week. It is gratifying to know that eight of the books on the list were written by members or former members of the University of British Columbia faculty and student body. While eight books out of a hundred does not seem to be a large number it is encouraging to note that writers so far from the publishing field in Eastern Canada have gained recognition on a national basis.

The eight books include three by Professor Earle Birney of the Department of English; two by Eric Nocal, a U.B.C. graduate; and one each by Professor Roy Daniells of the Department of English; Doro-

Professor Birney's three works include a volume of poetry, a drama and a humorous book, the enormously popular "Turvey". Mr. Nicol, who is ranked as Canada's greatest living humorist, has his "The Roving I" and "Sense and Nonsense" on the list. Professor Daniells has contributed a volume Daniells has contributed a volume of poetry, "Deeper Into the Forest"; Dorothy Livesay, a vol-ume of verse, "Day and Night" and Mr. Sinclair, now one of the Dominion's foremost radio writers, a selection of radio plays under the title of "A Play on Words and Other Radio Plays".

No report on the writings University of British Columbia authors would be even partially complete without reference to the outstanding books on legal subjects by President Norman A. M. MacKenzie. Dr. MacKenzie is a contributor to the American Jour-nal of International Law, the Canadian Bar Review and other periodicals. His book "Canada and the Law of Nations" is recognized as outstanding in the field of International Law.

There is another, younger group of authors, graduates of the University who are just beginning to make themselves known in literature, who may well achieve lasting reputations in the next few years. William McConnell, a recent graduate, now a lawyer in New West minster, has already published some poetry. He contributes to some poetry. He contributes to the Canadian Broadcasting Corporation and is now engaged in writing a novel. Mario Prizek is a CBC producer and is becoming a regular writer for several magazines. Gladys Downes, now at Victoria College and formerly on the staff of the English Department at U.B.C., contributes fine verse to magazines. G. E. Mortimore, now the editorial staff of the Victoria Colonist, has found a field for his writing in the British market and his stories and articles are widely read in the United Kingdom. Yvonne Martmen, another recent graduate, won a competition last year for one-act plays and is placing her material in and is placing her material in several fields. Daryl Duke, whose poetry has been published often, is a National Film Board producer and has written a number of fine scripts. Millionaires Sweater Dance

The Commerce Society will present its annual Millionaires Sweater Dance this Friday night in the gym with popular Dal man Don Warner and his orchestra in attendance. The Society informs us that pictures of beautiful females like the ones which decorated the gym and were such a big hit last year, are again being prepared for this Friday's dance this Friday's dance.

The Society further assures us that, following custom, a "distinguished" panel of judges will confer on the night of the dance and choose a Sweater Queen presenting her with a sweater.

Admission will be, as usual, \$1.25 per couple, with a 25c fine levied on ladies who arrive at the dance not attired in sweaters. The Society advises the men to be sure their gals wear sweaters, if they want to avoid the fine.

Congratulations, CBC! You have | not allowed to form networks, and successfully protected Canadians from television for five years after our American cousins fell victim to it, and promise to continue to protect us for some time. You have saved our pure Canadianism from the contamination inherent in American commercial

radio.

"A Good Wireless System", in The Manitoban recently by F. L., vigorously defends the CBC for actions like those mentioned. He attacks the quality of Canadian private radio, the "lobby" of the Canadian Association of Broadcasters, and all those, like the casters, and all those, like the Manitoba University Liberal Club, who have advocated the removal the CBC's power to regulate

He forgets that some American cultural influence is inevitable and that we would do better to absorb rather than to oppose or ignore it. He forgets that the CBC has

He forgets that our taxes and license fees are used by the CBC to educate us in the way the CBC feels we should be edu-cated, whether we like it or not.

Most amazing item of all F. L. completely forgets, or chooses to ignore, the fact that none of the groups he attacks have suggested that all controls over private radio be removed. They have asked that some separate government body be set up to handle the regulatory function so that the CBC will not be at once competitor and referee. Why, then, should F. L. rush so desperately to the rescue of our Canadian way of life?

No sane man would consent to enter any contest where his oppo-nent was also the presiding offi-cial. No other business, industry, cial. No other business, industry, public service or what have you in Canada is forced to operate under such conditions. What the critics of the CBC demand is another body to regulate Canadian radio, while the CBC continues to operate its present network.

But this is not the issue raised by F. L. That question is simply one of elemental fairness. His misleading statements cannot be allowed to bind us to that fact.—

A nearly empty silver flask in his jacket pocket flashed in the sun. Hoodoo was nearly sober; in fact he prided himself on being sober after three weeks of intoxication. The noon sun, however, was too much for Hoodoo's weakened constitution, so Hoodoo's weakened constitution, so he sat down on a small hill of sand to recover his composure. The hot sun tormented him. The Wall

In almost all my friends There is a wall, A Hard Impossible wall, A wall of Pride, And I cannot get through to them. Sometimes my head aches so From beating it against the wall, That I could cry out with chagrin and frustration . . . Yet I always knew the wall there, And probably always will be But with the friends who KNOW There is no wall. For we are one another, Indissolubly united, forever-And when I meet someone for the first time I can tell whether or not There is a wall. And when there is no wall We find a greater interest, An intense, unbreakable attraction. Just watch next time You enter a room, You enter a room, (If you are one of those who KNOW) The waves rise up and hit you in the face, Powerful, terrifying powerful, And you can tell at once If the people in the room have walls or not.

Before starting a further coverage of Dalhousie Sports for '53, I would like to take this opportunity to welcome to the Dal Gazette Sports Staff, Alasdair Sinclair. He has volunteered to report for the Gazette and his duties have already begun. In fact, the hockey writeup in the next column is the work of Mr. Sinclair. He joins the Gazette staff of Al Kelso, Elise Lane, Patty MacLeod, Ken Gladwin and yours truly. Now, we can assure you that Dalhousie will have an accurate and efficient sports coverage and dissatisfaction between the students and the Gazette should now be eliminated. Indeed we hope so! hope so!

Basketball: Basketball at Dalhousie got underway over the weekend. The Senior team came up with a convincing 60-44 victory over Stad. Highlight of the game was a brilliant detensive play by Dal which bottled up the usually top-shooting Stad forwards. This coming Thursday, the Girls' Varsity Basketball game between Kings will be held at 12.30 in the gym. In the evening, the Dal Intermediates will go against the Y.W.C.A.

Hockey: Sporting several new players, the Tigers rolled to a convincing 10-4 victory Saturday afternoon against the Cornwallis Navy. The Dal team played a much better brand of hockey than they did against Stad last Thursday. The defense on Saturday was really strong and the boys did an excellent job on killing the penalties. Perhaps they can play as well this Thursday, when they meet the league-leading Saint Mary's crew. Dal students apparently have not yet learned to support their teams. The turnouts at both hockey games were very poor and at the baskethall game on Saturday one could were very poor and at the basketball game on Saturday one could count the number of spectators on his hands.

Curling: Today, the Tuesday curlers elected skips and chose their teams for the 1953 season. Last week, the Thursday curlers followed the same procedure and starting this Thursday, the boys will open their schedule. Six skips were chosen for each day and three games will be played on each Tuesday and Thursday. The curlers elected their own skips. The skips then drew for their own teams. The mates were chosen first, then the person who had last pick with the mates, had the first pick for second stone. The leads were chosen by the skips after they had redrawn for first choice.
