BIG CRASH AT TORONTO

Two Killed When an Engine Plunged Over Embankment

(Courier Leased Wire). TORONTO, March 3.—Fireman Thoms of Parry Sound and J. Scott, brakeman, of Mt. Albert, in the county, were killed and Engineer Scott, of Parry Sound, received eight injuries this morning when a Canadian Northern freight engine plunged over the embankment at Leaside. Smart and Thoms were carried with the engine into the ravine, but Engineer Scott was shot through the door of the locomotive and landed practically unhurt.

NEW AUTOISTS AND NEW CARS

Local Motor Enthusiasts Certainly Growing in Numbers

Brantford's auto enthusiasts keep growing in numbers. A large number from this city attended the recent motor show in Toronto, many of whom were prospective purchasers. The Brantford Keeton car was considered by many experts, as one of the best of its class in the entire display, and this new industry has doubtless a fine future. Mr. C. J. Mitchell to-day announced the following list of purchasers already this year, which promises to be a bumper with the garage men.

TO-MORROW'S WEATHER

Northerly winds and colder

GRAND OPERA HOUSE BRANTFORD

Tuesday, March 4.—Cohan & Harris present the greatest melodramatic in years, "OFFICER 666," by Augustin MacHugh. "Officer 666" is a tantara of merriment, a cannonade of laughter. It is the funniest show New York has seen in years. It shatters gloom, scatters fun, solving a riddle in a maze of laughter. Direct from its run of one year in New York, London and Chicago. Prices: 11 rows, \$1.50; 8 rows, \$1.00; 7th balcony, \$1 and 75c. Gates 3 rows reserved at 50c, balance 25c. Seats Saturday. To all lovers of good fare I can personally recommend "Officer 666."

THE ICEMAN NOW HAPPY

An ice famine was seriously threatened for a time this winter, but activities in the ice harvest field in the last couple of weeks have shown that the weather man was only bluffing. There will be plenty of ice in Brantford next summer, but the price may be higher. One private house paid \$25 a year ago for a supply, but \$40 was the teamster's charge this year, and the job was done in a hurry, because others were waiting. "Get your ice in when it's freezing," seems to be as true an adage as "make hay while the sun shines." Anyway, it's some consolation to know that the weather man does do some bluffing occasionally.

GERMANY STARTS IT

Tremendous Military Rivalry all Over Europe

(Courier Leased Wire). NEW YORK, March 3.—A cable from London says: Much space is devoted in to-day's newspapers to the tremendous military rivalry started on the continent by Germany's decision to increase the peace strength of her army from 626,000 to 860,000. The cost will be stupendous with an initial outlay, necessary of some \$250,000,000 to \$300,000,000. Forecasts are correct and with a permanent charge of from \$50,000,000 to \$75,000,000.

ROUGH TIME GIVEN FLORA

Mrs. Drummond, Suffragette General Was Rescued

(Courier Leased Wire). LONDON, March 3.—General Mrs. Flora Drummond, the militant suffragette leader, whom the police had to rescue yesterday from the hands of an irate mob in Hyde Park, declares she has no fears of the threats that have been made against her. She describes the scenes which occurred during the meetings yesterday afternoon, "as merely an instance of boyish playfulness."

INAUGURATION OF WILSON WILL PROVE HISTORIC EVENT

PRINCETON, N. J., March 3.—Another page was added to the history of Princeton when it sent forth Woodrow Wilson to the White House to-day. Just a century ago, James Madison, one of the early graduates of Princeton, was inaugurated President of the United States. The little town also saw much of George Washington when he received the thanks of Continental Congress for his services during the revolution. The Congress had been meeting in Nassau Hall, the principal building of the college. Not until the close of the nineteenth century did Princeton receive another of the nation's Presidents, when Grover Cleveland, the last Democratic President, came here to spend his last years and was elected a member of the board of trustees over which Mr. Wilson, as President of the University, presided.

TEMPERANCE CAMPAIGN SAID TO BE PLANNED FOR BRANTFORD AND PARIS ON STRAIGHT MAJORITY VOTE

The Courier Hears of Proposal Whereby Scott Act Will be Voted Upon Next January—Some Legal Doubts Expressed About the Matter.

That the temperance forces of Brant county, including Brantford and Paris municipalities, have under consideration the launching of a campaign at the next municipal elections, was the announcement made on Saturday night by a leading temperance worker of this city. Not only has the launching of a campaign been considered, but the nature of the same has been such that it will occasion surprise. It is no more or less than a straight majority project, under the federal enactment known as the Scott Act. The Act in question is still in force, and it was voted on in Manitoulin Island in January last and carried. The campaign in Manitoulin was watched with interest throughout the country because the temperance forces had other places in view where a measure of temperance might be carried on a straight majority, but not on the three-fifths majority plan.

AN APPOINTMENT OF INTEREST

Mr. Frank Carson, for some years a valuable member of the Pratt & Letchworth Company staff, on Saturday assumed the duties of probationary excise officer, vice Mr. D. Dowling, resigned. Mr. Carson has every qualification for the position, and his appointment is generally conceded a popular one. Mr. Carson is a well-known North Ward resident, and was on the aldermanic ticket last January in Ward Two.

One Minute Interviews

Mr. W. H. Lahey, C.P.R. Agent—"Foreigners are not leaving for their homes as they were a year ago. It's only when they're out of work that ocean traffic among this class picks up, and things are too prosperous here just now for many departures."

Business Changes Hands

Mr. Ernest D. Moffat took possession to-day of the tobacco and cigar business and billiard and pool business in connection with the Prince George Hotel. Mr. Wagner, the second baseman of the Brantford team, will manage the business for Mr. Moffat until the opening of the baseball season.

FIGURES ON POLICE PAY

What Cities Like Peterboro, Windsor and Chatham Pay for Police Protection.

In view of the recent opposition to the police in this city, for salary increases, the following figures offer comparisons of interest. Brantford, as will be seen, leads in population, and in the assessed value of property, and the police expenditures are correspondingly greater. The figures which follow, were submitted by Mayor Hartman at the recent meeting of the police commissioners. His Worship is opposing the application for salary increases.

DASTARDLY TRICK ON THE FIREMEN

A dastardly trick was played on the Brantford firemen at 1.30 Sunday morning, when some marauder broke the glass in alarm box 16, at the corner of Park avenue and Darling street, and turned in an alarm. The firemen made a quick run, only to discover that they had jumped from their cots on a fool trip. The dastardly nature of the affair is emphasized all the more on account of the bereavement suffered by the Chief of the department. The matter was immediately reported to the police, and it is possible more will be heard of it.

BIG STRIKE IS PLANNED

Mass Meeting of Railway Men in the Old Land

NEW YORK, March 2.—A cable to The Tribune from London says: Mass meetings of railway men held yesterday in London, Leeds, Sheffield, Stockton and other centres, demanded by resolution the immediate and unconditional reinstatement of the guard, Richardson, or a general strike would ensue. Cautious and responsible union leaders declared that, failing to secure justice for a dismissed Midland Railway Company guard, they will call, not a section or a single railway strike, but a national stoppage of work by all railway employees. Of this strike there is to be no notice. The crisis, it was hinted might come within a few days.

Mr. Wilson a Farewell Demonstration

Mr. Wilson a farewell demonstration. They prepared to cheer him at the station and speed him onward with college songs and yells. Five hundred students were to escort him to Washington on a special train. The rest of the students and residents of the town were to leave on other trains throughout the day. The Wilson party was due to leave here at 11 a.m. and was due in Washington at 3.45 p.m.

BREEZY SESSION AT CITY COUNCIL

"A breezy session," said one member of the City Council this morning in connection with the meeting of the Council to-night. "There are several aldermen," he continued, "not prepared to accept the criticism which has been directed towards them in the matter of police expenditures. The City Council considers that inasmuch as they are held responsible for the striking of the tax rate, and must raise the money, expenditures by any board, police or otherwise, should be a matter of careful supervision and investigation at all times. That's what we are elected for." Bring on the meeting!

FORGERY EPIDEMIC

Sweeping Over the Province of Alberta

(Courier Leased Wire). EDMONTON, Alb., March 3.—Information now in the hands of the police indicates that an epidemic of forgery is sweeping over this province, and that a number of important documents have been forged in Edmonton. A few days ago \$500 was secured from the Royal Bank branches at Lacombe and Stettler by means of clumsily forged land titles. The title used for each bank had reference to the same quarter section of land south-east of Edmonton. A few days ago \$1,000 was obtained from Ewing & Harris on a forged mortgage. In neither case has the culprit been captured. Last week two neatly executed forgeries were passed on the Merchants' Bank here and \$3,000 was passed out. The signature was that of a construction firm working west of here, whose name the police refuse to divulge. On the charge of being connected with these forgeries Gustav Berg, or Gustav Blanc, as he is known locally, was arrested in Calgary yesterday.

BAD WRECK ON THE WABASH

Five Coaches Derailed Near Cayuga This Morning

CAYUGA, Ont., March 3.—The Wabash train bound from Detroit for Buffalo was wrecked two miles east of here at 7.15 o'clock this morning. Five coaches being derailed and rolling over a 20-foot embankment. Several people were hurt, none of them fatally. That several were not killed was remarkable. Spreading rails are blamed for the accident. The train was travelling at a fast clip, and all the coaches were well filled. Doctors were immediately summoned from the surrounding country and the injured cared for in the hotels.

WOMAN'S DAY IS ARRIVED

Political Crowning Glory at Washington To-day

(Courier Leased Wire). WASHINGTON, March 3.—This was woman's day of political crowning glory, short of actually possessing the universal right to vote, for several thousand of them turned out to form a great procession in Pennsylvania avenue to demonstrate the unanimity of their sex in its demand for the ballot.

Grand Trunk IS ANXIOUS

City's Attitude in Holmedale Switch is Asked for

The following letter on file at the City Clerk's office will be of interest, as it refers directly to the construction of the Holmedale switch, as planned by the Grand Trunk: Montreal, Feb. 14, 1913. Mr. A. E. Watts, K. C. County Solicitor, Brantford. I have your letter of the 8th instant advising that the city council of Brantford have determined to repudiate any liability in connection with the property which we purchased from A. J. Wilkes, in connection with the proposed Holmedale switch. Will you please give me further particulars about the position taken by the city council. Of course, if it is necessary to do so, write me without prejudice, because we don't want any trouble with the city, and I am at a loss to understand why the terms of agreement, dated 16th December, 1910, and the provisions of the order of the Board of Railway Commissioners, No. 16027, should not be carried out and adhered to. It may be that there is some misunderstanding, and if so I will try to get it straightened out. I suppose I needn't tell you that I did my utmost to settle with Mr. Wilkes without the necessity of an arbitration. However, kindly let me hear from you. Yours truly, E. DONALD.

Military News

About one hundred sergeants of the fourth brigade, comprising Hamilton, St. Catharines, Brantford held their annual re-union in the 38th Sergeants' Mess on Saturday night. The visitors arrived by special at 7.15, and headed by the 91st Pipers they marched to the Armouries. The tournament of fifteen games was won by the 13th of Hamilton. The local sergeants being close seconds. The prize for the most games was also won by the 13th. Booby prize was won by a member of the 91st contingent. After the euchre Canteen Crumb-hack served a very dainty lunch, which was followed by speeches and songs. About 12 o'clock the party broke up, the Hamilton men being forced to leave to catch a car. During the evening ex-Sergt. Strouger was presented with two silver spoons, having completed some twenty-eight years in the local regiment. Col-Sergt. Mack made the presentation, to which Sergt. Strouger replied in a very capable manner, thanking the members of the mess for their kind remembrance. To-night the weekly recruit class is being held. All the Color-Sergents are asked to be on hand to look after the new men in the interests of their companies. The new parties will be issued by the quartermaster each evening during the week. "G" Company under command of Lieut. Emmons are holding a meeting in the armouries to-night. It is expected that a large number will be present, when matters of interest to the company will be discussed.

INDOOR BASEBALL

The "Night Owls" of Hamilton had to play the fastest ball they have done this season to beat a picked team of the 38th Saturday night. The "Night Owls" are considered the fastest team in Hamilton. The local team certainly played classy ball when they can hold that aggregation to a score of 15-4. The locals would have won had it not been for a little ascension they took in the third innings allowing the Owls to score seven runs. With the exception of the few locals who had all the best of the game. Allan, the local receiver caught a great game, while McKelvie of rugby fame, was the best pitcher seen in the Armouries this year. The line up of the 38th was: Allan, c.; Stuart, p.; Hetherington, 1b; Marlatt, 2b; Gordon, 3b; shortstops, Curtis and Colquhoun; fielders, Miller and Scanlon.

BASKETBALL

The Trinity College Basketball team made the Y. M. C. A. extend themselves to the limit to win Saturday night and then the locals won only by the small margin of two baskets. This was the fastest and best game played in the "Y" this year. The half time score was 25 to 17 in favor of the local men. The final score being 39 to 35. Kennedy, for Trinity College was the fastest man on the floor, scoring over half of the College men's baskets. Here the best. The line-up—Trinity College—Kennedy and Hately, forwards; Wilkes, centre, Matheson and Beasley, backs. Brantford—Berry and Campbell, forwards; McDonald, centre, Danby and Woodley, defence. Mr. Roper offered. Ransom Wilkes, of Brantford, Captain of the Trinity College team. Brantford were to have played in London on Friday of this week. This morning however, Mr. Roper received word they would be unable to play owing to lack of enthusiasm. Hockey seems to be the great attraction in London just now.

Monday, March 3, 1913

A NEW PRESIDENT.

Uncle Sam will to-morrow celebrate his twenty-ninth inauguration of a President.

George Washington was the first man to be so honored in 1789 and three of the number have been assassinated, Lincoln in 1865, J. A. Garfield in 1881 and William McKinley in 1901.

Of the Emperors of Russia four have met a similar fate so that it will be seen that this form of murder is apt to take place with a republic at about the same ratio as with a monarchal country.

President Wilson is of Scotch descent and exhibits many of the mental traits of that race. Moreover he is cool, self-possessed and cock sure of himself. This does not mean that he is intolerant of the advice of others—far from it—but that after he has listened he reaches a careful conclusion and that said conclusion is Wilson's. In this respect he is stated to possess a remarkable power of mind detachment and to be able to concentrate and render a finding without regard to either precedent or the wants of interested classes. In other words his chief concern is for the plain people.

He is a Democrat and when Governor of New Jersey looked after the interests of that side, but not slavishly so. The "bosses" have no terror for him, in fact do not enter into his calculations unless he considers them to be right.

He is highly educated and a master of words both from an oratorical and written standpoint. In fact he is one of the best speakers in the United States and a noted author. Although he can talk and talk well on astruse subjects he is not pedantic, but a good mixer, and has the faculty of drawing out others without giving his own confidence until he thinks the time is ripe for him to do so.

He is not a lover of fuss and feathers, although he can ably take his part at necessary functions, and his habits are those of a clean man in thought and life. He views the duties of his new and exalted position seriously but not excitedly and when he reaches a conclusion it is final.

He first of all wishes to attain tariff reform, and a reformed currency system and then he will go after other things calculated to give popular government in the broadest possible sense.

Altogether President Wilson seems likely to prove one of the most notable and level headed occupants the White House has held for some time.

Hydro Electric

The marvelous extent to which Hydro Electric has in so short a time become such a complete success, constitutes one of the most notable public ownership achievements ever recorded.

An expenditure, which unfriendly critics declared would prove a source of burdensome outlay and loss, has practically from the first, made absolutely good.

The extent of its ramifications is abundantly shown by a blue book giving details up until the end of 1911. The volume is a bulky one and consists of no fewer than 327 pages.

When it is remembered that the first lot of construction work was completed as recently as November, 1910, it can be readily realized with what vim and vigor Hon Adam Back and his associates have pushed matters. At that time the figures showed a pole mileage of 296,414 miles, and much more than that has since been inaugurated.

A pleasing feature is the circumstance that pretty nearly all places getting a taste of Hydro Electric have cried out for more of it. Here are a few random illustrations.

Place	Power For 1912 at start
Berlin	604 1,500
Guelph	248 1,000
Waterloo	167 350
Preston	134 400
Woodstock	450 1,000
London	805 2,200
Hamilton	1,062 1,500
Stratford	54 500
St. Thomas	124 800
Galt	80 400
Toronto	805 6,000
Tilsonburg	53 200

And so on right down the list.

The efficiency of the service has been remarkable and there has been very little of the adjusting such as all new plants of such a nature usually require. As a matter of fact the best of material and the best of skill, have combined to make Hydro the most perfect and most up to date electric system in the world.

Now that marked success has been achieved with reference to industrial centres, the next two moves will be to give cheap traction power for electric roads and to extend the all round benefits to the agricultural sections. There are many labor saving devices which can be electrically used on the farm to the direct saving of much valuable time and a lessening of that class of work which to so large an extent has made the

SEE TOOK HER FRIEND'S ADVICE

And Dodd's Kidney Pills Cured Her Son.

Straight and Simple Statement Tells of Another Grand Cure by the Old Canadian Kidney Remedy.

SPRINGHAVEN, Yarmouth Co., N.S., March 3.—(Special)—Simple and straight to the point is the statement of Mrs. Erven C. Trefry of this place, but it tells of another grand cure by Dodd's Kidney Pills.

"My fifteen-year-old son Angus," Mrs. Trefry states, "suffered from pain in his back, headache, and a pain over his eyes.

"He was so bad he could not walk across the floor. My friends advised me to give him Dodd's Kidney Pills. "They cured him."

That young Trefry's kidneys were wrong is evidenced by the cure. Dodd's Kidney Pills only cure diseased kidneys. They never fail to do that.

The reason they cure rheumatism, backache, gravel, dropsy, Bright's disease, diabetes, and kindred diseases, is that these all spring from disordered kidneys.

If you haven't any of these diseases you haven't tried Dodd's Kidney Pills. Ask your neighbors. They'll tell you Dodd's Kidney Pills always cure them.

Music and Drama

A battle of wits that is viewed with intense interest as waged by the sleuth and the crackman in O'cier 666 has made that play the most interesting production given to the American people in many years and easily the most talked about. It succeeded in creating a veritable sensation when presented in New York and Chicago a year ago where the interest aroused kept the box office busy and the theatre crowded during its record run in the Eastern and Western metropolises. "Officer 666" which will be seen here for the first time at the Grand, Tuesday, March 4th, is a jolly good farce, and the secret of its wonderful appeal may be at-

THAT OSLEK YARN.

"This has been termed the age of the young man, and back some time previous to Osle's unjust theory that after a man is fifty he ought as well make his exit by chloroform, we have continually had it dinned at us that the twentieth century is primarily one where youthful talent and genius sways a controlling force in the world's affairs. History, however, holds ample proof that young men were always prominent at the head of leading affairs in all nations away back into the dim recesses of time."

A Letter

City Solicitors Write Re Application at Ottawa

The following letter is on file at the City Clerk's office, in reference to Railway Commissioners and the Lake Erie and Northern Railway:

H. F. Leonard, City Clerk, Brantford:

Dear Sir,—Regarding notice from the Department of Railways and Canals of application of the Lake Erie and Northern Ry. Co. for approval of route map from Brantford to Galt, set down for hearing by the Minister on March 5th; we beg to say that the blue print enclosed with this notice should be referred to the City Engineer. This application is not to the Railway Board, but to the Minister of Railways, and is for approval of the general route map. In our opinion it should be necessary to appear upon this application. It should be necessary to have a letter sent from the city to the Minister of Railways advising him that the City of Brantford has no objections, but is in favor of this railway being built from Brantford to Galt, but objects only to the proposed location of the line through the city of Brantford.

This blue print appears to show that the line is run on the north side of river, and along the bank of same and the letter should make it clear that this is objected to by the city of Brantford, that there should be approval of the plan which calls for a line along the northerly margins of the river of the city of Brantford.

We are further in receipt of a notice from the secretary of the Board of Railway Commissioners that the

Weak and Nervous

But Health Was Soon Restored.

The number of cases of general debility in which Hood's Sarsaparilla has proved just the medicine that was needed is very great. May E. Davidson, Orangeville, Ont., describes her case and tells what this medicine did for her, in the following testimonial: "My system was run down, my blood was impure, and I was weak and nervous. I grew thinner and paler every day. A friend advised me to take Hood's Sarsaparilla which I did. I gained rapidly and my health was soon restored."

Indigestion for 2 Years

Few people seem to realize that chronic indigestion is a disease of the intestines rather than of the stomach. Even the doctors err in this way, as is proven by this letter.

Dr. Chase's Kidney-Liver Pills are the most effective treatment obtainable for chronic indigestion, because they awaken the action of the liver and bowels, sweep the foul impurities from the system, and set the whole digestive system in perfect working order.

Mrs. George Swain, Ashworth, Ont., writes: "My husband suffered with indigestion for two years. We tried three different doctors, but they didn't help my husband very much. As he still suffered, he began using Dr. Chase's Kidney-Liver Pills, and soon got relief. I am thankful to Dr. Chase's Kidney-Liver Pills for the cure of my husband after other treatments had failed."

Healthy Boys need good Bread

When little lad comes in, cheeks aflame from his romp in the open; what will more quickly reconcile him to the indoors than a big slice of bread and butter and sugar, or a bowl of bread and milk?

But for nutriment's sake have bread made of Rainbow Flour.

In wheat there is fibre, skin and a little embryo germ where sprouting starts.

All of these things should be removed in the milling of the flour.

In Rainbow Flour this elimination is carried out completely. Only the purest nutrients remain. These are ground to a surpassing fineness which ensures even baking. No other flour sold in Canada is milled with such painstaking care.

Try some.

How the Mighty Have Fallen

Room sixteen, the Government Headquarters in the House is quietly chuckling over a "run in" between Hon. Sydney Fisher, the ex-minister of agriculture, who was defeated by Major Baker of Brome, and one of the new messengers who was acting door-keeper at the entrance to the lobby during the temporary absence of the regular man.

"Only members are allowed here," said the messenger, "You are not a member?" "I'm not a member, but I am Mr. Fisher," was the haughty reply.

AUCTION SALE OF CONFECTIONARY AND CHINA GOODS

The auction sale of fine confectionaries and china ware continues at the store of Britain and Wicks, the Temple building, this Monday evening at 8 o'clock. The fine sealers and shop furniture will also be sold. S. G. Read, Auctioneer.

CARD OF THANKS

Mr. and Mrs. Munro and family wish to thank their many kind friends for their thoughtfulness in their hour of sickness and bereavement.

Laid to Rest

The funeral of the late Margaret Campbell Munro took place from her son's residence, 169 George St., on Saturday afternoon, at Greenwood cemetery. The late Mrs. Munro came from Scotland some twenty-nine years ago and has spent the last 10 years of her life in Brantford with her son, William. She has been identified with Zion Presbyterian church, being one of the oldest members, and also a very active one, being a member of all the different organizations and societies of the church, and well known for her good work.

The funeral of the late Miss Lee. A wide circle of friends will learn with sincere regret of the passing away of Miss Matilda Lee. The demise occurred at the mother's residence, 5 Marlboro street on Sunday morning, after an acute attack of influenza, although the deceased had been ill for some time previous. The late Miss Lee had always resided with her mother, to whom she was a great support and loving companion. She was held in universal esteem by all who knew her and will be greatly missed in the home. Those

left to mourn her loss are a sorrowing mother, three sisters, Sarah, at home; Mrs. W. Bell, Hamilton; Mrs. McMullen, Toronto; and three brothers, Mr. John Lee, city; Mr. Reginald Lee, Edmonton; Mr. David Lee, American Spa. The funeral will take place Tuesday afternoon to Greenwood cemetery and will be of a private nature.

Our Recipes

Meat and Potato Croquettes 1 pound cooked meat. 2 potatoes cold boiled potatoes. 1 teaspoon onion juice. 1/2 level teaspoon salt. 1/4 level teaspoon pepper. Use any kind of left-over cooked meat. Pick it over carefully to take out hard potatoes and gristle. Put the meat and potatoes in cylinder form. Roll in fine bread crumbs, dip in egg wash, in crumbs again, and fry in deep fat. Take out on brown paper to drain.

Fairy Pudding Sauce Cream thoroughly half a cupful of butter, add to it gradually three-quarters of a cupful of powdered sugar, beating hard and fast until it is very light; then add the grated rind and juice of a lemon (or grated nutmeg to taste) and beat a few minutes longer. Take out a teaspoonful at a time and pile high in fanciful shape on a serving dish and send in with the pudding.

Under the patronage of Lieut. Col. Hendrie and officers of the 48th the Sergeants of the 48th Highlanders are giving their annual military ball at the Foresters' Hall, Hamilton, Friday evening, March 14th.

Mr. and Mrs. Arthur C. Lyons, Dufferin avenue, are amongst those who have been fortunate enough to book passage on the "Imperator," the new monster ship of the Hamburg-American line, which sails from Hoboken, N.J., in June, and returning arrives in the American port in August.

Miss Vera Phin of Hamilton, a guest in the city last week for a few days, was the reason d'être for a jolly little skating party at the Y.M.C.A. open-air rink on Saturday afternoon. The boys and girls afterwards being entertained at afternoon tea at the pretty home of the Misses Scarfe, Dufferin avenue. Miss Vera returned to Hamilton Sunday evening.

"Officer 666" is the attraction booked for the Grand Opera House for to-morrow, Tuesday evening, and as the company is a good one, no doubt the attendance will be large. Seats went on sale Saturday evening and we believe, are still being booked.

A Brantford friend has received a letter from Mr. Reeves-Smith, the popular actor who appeared here last with Miss Margaret Anglin in "Green Stockings," stating that "Peg o' My Heart" now playing in New York at the Court Theatre, is one of the greatest successes he has ever been associated with. Miss Odelle Taylor, who takes the part of Peg, is making the hit of her successful career.

J. M. Young and Co., are the very generous donors of six white bedsprings for the new Tuberculosis Sanatorium which is now so nearly ready for occupancy. Needless to say the gift is much appreciated by the daughters of the Empire, who have taken up the work of supplying the linen, etc., and into whose hands the donation was made.

Mrs. A. Brandon gave a jolly sleighing party Saturday afternoon in honor of her younger son, Master Gordon. About twenty-five young people enjoyed the drive through the crisp air and then back, with good appetites to the Dufferin avenue home where high tea was dispensed and afterwards a happy evening spent by the juveniles.

Mr. J. Horseman left for Chicago Sunday night.

Miss Vets Crooks, Toronto, is visiting her aunt, Miss Rene Crooks, Darling street.

Mr. Fred Westbrook returned last week after an enjoyable week at Lexington, Kentucky.

The city teachers are enjoying a social hour this afternoon at four o'clock at Ryerson school.

Mr. and Mrs. Herd (nee Miss Dorothy Campbell), are at present registered at Holly Inn, Pinehurst, N.C.

Mr. Wm. Munro, George Street, is reported to be improving favorably from his recent severe illness.

Mrs. A. P. VanSomeren, St Paul's avenue, will not receive on Tuesday, March the 4th nor again until after Easter.

Mr. Harry Hatley, son of Mr. and Mrs. George Hatley, Albion street, has joined the staff of the B.B.N.A. at Brantford.

Mr. Edman Brown left Sunday to attend the funeral of his cousin, Abner Brown, 20 Brunswick Avenue, Toronto on Monday afternoon.

Mr. William Fraser of Toronto University who was a visitor over Sunday at his home, Charlotte St., returned to Toronto this morning.

Major and Mrs. Herring, Hamilton, Mr. and Mrs. Jack Herring accompanied by Mrs. Langs are spending six weeks at Pinehurst, N. C.

Lt.-Col. C. M. Nelles, R.C.D., Inspector of Cavalry, has been elected Hon. Vice-president of the Cavalry Association at its session in Ottawa. His is the only Toronto name appearing among the list of officers.

Owing to an error in Saturday's paper, the announcement read: "Mrs. George Watt St. Paul's avenue will receive on Tuesday 4th March." Mrs. Watt will NOT receive on Tuesday, March 4, or again until after Easter.

Mr. and Mrs. T. Vrooman and Master George of Harrisburg, who left recently for Jacksonville, are reported to be having a fine time visiting Southern points of interest, where the weather has been delightful.

Cutting Down Staff. The following from Hamilton with be of interest locally: General Superintendent Biggart of the International Harvester Company to-day authorized the announcement that, beginning at once, the plant will go on short time, which means a schedule of five days a week, the men not working on Saturday. This will affect 2500 employees. Mr. Biggart says the company was forced to make this move on account of conditions in the west not coming up to expectations. The company has a lot of stock on hand. Mr. Biggart said he hoped that the short time schedule would only have to remain in effect a short time.

SEVEN HURT AT HANOVER

G.T.R. Jumped the This Morning

(Courier Leased Wire) HANOVER, Ont. Mar. 3 persons were hurt, none seriously shortly after 7:30 this when southbound G.T.R. No. 6, from Stratford, jumped tracks half a mile north of h. Both engines are in the ditch three coaches left the rails. E. Grieves and Conductor Hill, London, were badly cut and up.

The accident is believed to have been caused by the front engine coming some heavy object, apparently a stone which lay beside the track at a crossing.

The express was going along good rate of speed, and lumps of ties and ripped up the line some distance before the train turned over.

DEAFNESS CANNOT BE CURED

by local applications, as they reach the diseased portions of ear. There is only one way to cure deafness, and that is by internal remedies. Deafness is caused by an inflamed condition of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by catarrh, which is nothing more than an inflamed condition of the Eustachian tube. We will give One Hundred Dollars for any case of Deafness (by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars free. F. J. Cheney & Co., Toledo, Sold by Druggists, 75c. SEVEN HURT AT HANOVER

G. T. R. Jumped the Tracks This Morning

(Courier Leased Wire)

HANOVER, Ont. Mar. 3.—Seven persons were hurt, none very seriously shortly after 7:30 this morning when southbound G.T.R. express No. 6, from Stratford, jumped the tracks half a mile north of here. Both engines are in the ditch, and three coaches lay the rails. Engineer Greaves and Conductor Hill, both of London, were badly cut and shaken up.

The accident is believed to have been caused by the front engine striking some heavy object, apparently a big stone which lay beside the tracks at a crossing. The express was going along at a good rate of speed, and bumped over the ties and ripped up the line for some distance before the engines turned over. A special from Stratford, with doctors aboard was rushed to the scene and all those hurt were taken to Elmwood, where they were attended. The auxiliary from Stratford has left to clear the wreckage up and open the line.

CITY NEWS

THE PROBS

Light snowfalls or snow flurries to-day. Tuesday—Northerly winds and colder again.

Township Council

The Township Council is meeting to-day at 10 o'clock.

Division Court

Division Court is being held before His Honor Judge Hardy this morning. Some fifteen cases are to be heard.

Ex-Mayor Ill

Many friends will be sorry to learn of the protracted illness of ex-Mayor Halloran, whose condition to-day was reported about the same.

Bellevue School

Messrs Taylor & Taylor, architects, will this week call for tenders for the reconstruction of the new Bellevue school in Eagle Place.

Remove Offices

Dr. G. Elliott will remove his dental parlors on Market street to the premises formerly occupied by the late Dr. Templar.

Brant Dragoons

The officers and non-commissioned officers of A Squadron, 25th Brant Dragoons, will hold a meeting in the squadron room at the armories on Thursday night.

At Rest

The death occurred yesterday at the Brantford General Hospital of Mrs. Gibbs, aged 77 years. The funeral will take place this afternoon from the residence of her son, No. 77 Strathcona avenue, interment, taking place at Willsville.

Will Open in Business

Mr. Joseph Bloxham, who has been in the wholesale meat business for some time past, has rented the premises recently occupied by Mr. George Harp and will open an up-to-date butcher shop in the near future.

Boy Scouts

On account of the inclemency of the weather yesterday, the boy scouts postponed their march to attend divine service at Wesley church in the morning. The boys will attend some Sunday morning in the near future.

Market Receipts

The report of Market Inspector A. McAuley show that the amount of \$166.85 was collected by him in fees during the month of February. There was twelve loads of coal weighed on the market scales last month, eight of which were over weight and the remainder were exactly right.

Good for County

Farmers in the city to-day report that the snowfall of the last few days is the very best thing that could have occurred, from an agricultural standpoint. Fields covered with snow in March make for a bountiful harvest later on. Snow is both a blanket and fertilizer for seed planted in the fall.

Grand Valley Affairs

The meeting of the bondholders of the Grand Valley railroad, which was called for to-morrow in Toronto was adjourned until March 18th. The committee appointed by the bondholders to go into the affairs of the company will then issue its report. It is generally thought that there will be little in it for the bondholders.

Parks Board Pays

At the last meeting of the City Council a vigorous kick was put up by the members of the finance committee against paying for the services of the extra engineer secured by City Engineer Jones to prepare an alternate route through West Brantford for the Lake Erie & Northern Railway. It is understood that the Parks Board has agreed to pay the account, which amounts to something like \$130.

No Train

Passengers for Brantford on the Grand Trunk train which left Toronto for the west shortly after eleven o'clock last night did not arrive here until after nine o'clock this morning. When the train arrived in Hamilton, the passengers, much to their surprise, were advised that the train for Niagara Falls had been cancelled and they would be obliged to spend the night in Hamilton. Needless to say.

GETS DECREE

Mrs. Cornwallis-West in English Divorce Court To-Day

(Courier Leased Wire)

LONDON, March 3.—Mrs. Cornwallis-West, formerly Lady Randolph Spencer Churchill, and who is the daughter of the late Leonard Jerome of New York, to-day secured in the divorce court a decree for the restitution of conjugal rights within 14 days against her husband, George Cornwallis-West. Mrs. Cornwallis-West appeared personally in support of her application, but entered the witness box only momentarily when her case was called. She entered the court through a private door and left the same way, in order to escape photographers. In reply to her counsel she gave the date of her marriage to Mr. Cornwallis-West and the addresses at which they had lived as man and wife since. She said that on December 23 last Mr. Cornwallis-West left their house in Norfolk street, and although she had written to him three times since asking him to return he had refused to do so. These letters were not read in court, but were filed as exhibits. On Cornwallis-West's failure to return the plaintiff concluded a summons was secured, but as this had had no effect the present application was made. Sir Samuel T. Evans, president of the divorce division, without taking further evidence, granted the application of Mrs. Cornwallis-West and gave her husband 14 days within which to comply with it.

LONDON, March 3.—Mrs. Cornwallis-West, formerly Lady Randolph Spencer Churchill, and who is the daughter of the late Leonard Jerome of New York, to-day secured in the divorce court a decree for the restitution of conjugal rights within 14 days against her husband, George Cornwallis-West. Mrs. Cornwallis-West appeared personally in support of her application, but entered the witness box only momentarily when her case was called. She entered the court through a private door and left the same way, in order to escape photographers. In reply to her counsel she gave the date of her marriage to Mr. Cornwallis-West and the addresses at which they had lived as man and wife since. She said that on December 23 last Mr. Cornwallis-West left their house in Norfolk street, and although she had written to him three times since asking him to return he had refused to do so. These letters were not read in court, but were filed as exhibits. On Cornwallis-West's failure to return the plaintiff concluded a summons was secured, but as this had had no effect the present application was made. Sir Samuel T. Evans, president of the divorce division, without taking further evidence, granted the application of Mrs. Cornwallis-West and gave her husband 14 days within which to comply with it.

SHH! LADIES! SECRET TO DARKEN FADED GRAY HAIR--USE SAGE TEA

Sage Mixed With Sulphur Re-
stores Natural Color and
Lustre to Hair

Why suffer the handicap of look-
ing old. Gray hair, however hand-
some, denotes advancing age. We
all know the advantages of a youth-
ful appearance.

Your hair is your charm. It makes
or mars the face. When it fades,
turns gray and looks dry, wispy and
scraggly, just a few applications of
Sage Tea and Sulphur enhances its
appearance a hundred fold.

Either prepare the tonic at home
or get from any drug store a good
bottle of "Wyeth's Sage and

Sulphur Hair Remedy" ready to use;
but listen, avoid preparations put up
by druggists as they usually use too
much Sulphur which makes the hair
sticky. Get "Wyeth's" which can al-
ways be depended upon to darken
beautifully and is the best thing
known to remove dandruff, stop
itching scalp and falling hair.

By using Wyeth's Sage and Sul-
phur no one can possibly tell that
you darkened your hair. It does it
so naturally and evenly--you moisten
a sponge or soft brush, drawing
this through the hair, taking one
small strand at a time which re-
quires but a few moments. Do this
at night and by morning the gray
hair disappears; after another appli-
cation or two its natural color is re-
stored and it becomes glossy and
lustrous and you appear years
younger.

Church News Of Interest

THE FIRST BAPTIST

The services yesterday, despite the
stormy day, were well attended at the
First Baptist Church. The pastor
preached at both services. The morn-
ing subject was "The Love of Christ";
the four dimensions spoken of by the
Apostle Paul were dealt with, namely
the height, the depth, the breadth
and the length of the love that pass-
eth knowledge. Three young men re-
ceived the hand of welcome at the
communion service. In the evening
the church was well filled and a splen-
did service was enjoyed. The pastor
preached on "Three Might-Have-
Beens," taking the rich young ruler,
the Scribe who said he would follow
Christ and the man who asked first
to go and bury his father. These were
taken as representative men, and the
lessons were drawn from their failure
to make good. Miss Rhea Hutchinson
sang with her usual sweetness "The
Hymn by the Old Time Choir," which
was greatly appreciated by the
large audience. The pastor will
preach next Sunday evening on "Two
Sure-to-Bees."

ALEXANDRA PRESBYTERIAN

In connection with the service on
the life of Samson, the pastor's
morning theme was "The second
chance which God gives to every
man." 1st. The need of a second
chance. 2nd. The second chance is
ours from now on. 3rd. The handling
of the second chance. Mr. McClin-
tock, in speaking to the young, said
the second chance is but a poor thing
when you can have the first.

The arrest of Jesus was the subject

for the evening. The pastor portray-
ed the character of two persons; the
first Judas, the second Jesus. Jesus'
attitude towards the multitude and
Peter. In the anthem, "Still, still
with Thee," the solo parts were splen-
dently sung by Mr. Lanemuir.

WELLINGTON STREET

The pastor, Rev. R. D. Hamilton,
was in the pulpit at both services yes-
terday, and although suffering from a
cold, he succeeded in delivering two
very able sermons. He took charge of
his bible class and also conducted a
short prayer meeting after evening
service. The speaker at the brother-
hood, in the morning was Mr. S. Pill-
ing. Bible class No. 1 led in the
opening exercises of the Sunday
school. The choir provided appropri-
ate music at the services. The assist-
ing soloists were Mrs. Cook and Mr.
C. Darwin. A pleasing quartet was
sung by Messrs Stubbins, Easter-
brook, Strickland and W. Darwin, at
the morning service. Mr. Caleb Rose
presided at the organ at the brother-
hood.

CONGREGATIONAL CHURCH

The services in the Congregational
church were especially bright and in-
teresting. In the morning Rev. Mr.
Kelly spoke from the text, "Her
priests have done violence to my law
and have profaned my holy things,
they have put no difference between
the clean and the unclean," showing
how God put a difference between the
Israelites and Egyptians, and the rea-
son that God singles out a person,
tribe or nation, is because they have
a special capacity for working out his

purposes in them, the holy and un-
holy, and he is always jealous of our
worshipping other gods or other
things, because it is for our best in-
terests here and hereafter to worship
Him. In the evening The Cross of
Christ was the theme in song and ser-
mon, and was beautifully and forcibly
pictured. The musical numbers for
the day were splendidly rendered,
those in the evening all being in the
theme of the cross. The following
numbers were given: "Just as I Am,"
Brant Male Quartette; anthem, "Hark
hark my Soul," solo, selected, Mr. T.
Green; trio, "The beautiful Stream";
anthem "O, love that will not let Me
Go."

Wesley Church

The services at Wesley church yester-
day were well attended. At the
morning service 28 persons were
baptised and received into the
church. At the evening service 20
more were baptised. During the eve-
ning solos were rendered by Miss
Littich, Miss Murray and Mr. Bal-
lantyne.

A SAD DEATH

The Late David McKay was
Universally Esteemed

It is with sincere regret that many
friends will learn of the death, which
took place on Saturday evening, of
Mr. David B. McKay, at his late re-
sidence, corner of North Park and
Dublin streets, Grandview. Deceased
became unwell shortly after the New
Year and despite all that medical aid
and loving care could do, gradually
failed and passed peacefully away.
"Dave" as he was familiarly known,
was 30 years of age and a machinist
in the employ of the Goad, Shapley
and Muir Co. He was a general favor-
ite among his friends, who were
many, and was a member of Syden-
ham street Methodist church and
also Court Endeavor, A. O. F. To
the sorely bereft young widow, and
little daughter, Catherine; also the
heartbroken father and mother, Mr.
and Mrs. John McKay, and two bro-
thers, J. George and Grant McKay,
the sincere sympathy of a host of
friends will go out. The funeral takes
place on Tuesday afternoon at 2.30
to Greenwood cemetery.

Business Change

Mr. W. H. Fairchild, surveyor
and civil engineer, this city, has dis-
posed of his business to Mr. A. M.
Jackson, (Ontario Land Surveyor),
the new firm to be known as Jack-
son and Co. Mr. Jackson will have
associated with him his father, Mr.
J. Howard Jackson, C. E., who is
leaving New Zealand for Brantford
this month; also Mr. R. J. Kydd
who for some time has been con-
nected with the firm at Dunnville, and Mr.
E. Marston, who for the past
few years has been connected with
Mr. Fairchild will represent the firm
at Simcoe. The company will have
their head offices in Brantford, in the
same place as occupied at the pre-
sent time by Mr. Fairchild.

Mr. Fairchild, who has accepted a
very responsible position with the
Imperial Construction Company of
Toronto, will leave the city towards
the latter end of the month for Brit-
ish Columbia. Mr. Fairchild will act
as manager for the company in Brit-
ish Columbia, and will have charge
of the construction of all buildings
erected by the Canadian Northern
Railway. Mr. Fairchild's host of
friends in the city will be pleased to
hear of his securing the appointment
but will regret his departure from
the city.

Woodstock Quiet.
Things are rather quiet among the
11,000 people of Woodstock, where a
chief and three men hold things
down. The chief gets \$1,200 per year,
and the constables get, according to
seniority, \$600, \$650 and \$700 per
year. Woodstock assessment is \$1-
667,000, about one fourth that of
Brantford's.

Peterboro

Peterboro is also a near Brantford.
There are 22,000 people in the Elec-
tric City, which has an assessment of
\$10,535,622. A chief and nine men do

all the scouting against the law-
breaker. The chief draws \$1,400 hono-
rarium annually, while the con-
stables secure \$600, \$700 and \$750 ac-
cording to length of service.

In Guelph City,
Guelph, which boasts of a chief and
seven men, also a police investigation
once in a while, is known as a quiet
city. Guelph's population is 15,730,
and its assessment \$9,894,718. The
chief gets \$1,200 yearly, and the con-
stables, first year, \$600. There is a
\$50 raise up to a certain maximum.

Compared with Brantford, Mayor
Hartman submitted to the police
board, also to the deputations present
that the figures given above were
relatively low. In Brantford, with
its population of 25,000 and assess-
ment of \$15,000,000, the force con-
sisted of a chief, 16 men and a clerk.
None of the other towns incidentally
boast of a police clerk. The chief's
salary is \$1,800, while the men receive
the following scale: First year, \$688-
20; second year, \$725.40; third year,
\$762.60; fourth year, \$818.40. Traut
officer, \$967.20. Sergeants and de-
tective \$1,023.00. Police clerk \$918.00.

SECOND SECTION

BRANTFORD, CANADA, MONDAY, MARCH 3, 1913

PAGES SEVEN TO TEN

Kane is One Manager Yet to be Fired From the Canadian League

Every Town in Circuit Has Had Real Managerial Troubles Except Brantford

The fact that Ambrose Kane remains on the job for the third year as Manager of the Brantford Base Ball gives the Red Sox pilot the distinction of being the bright and shining managerial star light of the Canadian League. No other club in the league with the exception of Hamilton can boast of a manager who has remained on the job three years, and it is well known around the circuit that Knotty Lee's one third partnership in the Hamilton Club is the saving factor whereby he hopes to run that club from the bench again this year. Managers have come and gone with the other clubs and their way has not been strewn with roses. Neither has Kane's path in Brantford had any horticultural appearance, but there never has been any proposition at any time put forward to fire Kane. His worth is well established. Brantford could ill-afford to lose him because it would mean that some other Canadian League rival would grab him quick. This year the Red Sox pilot is duly expected to step into his own, and that is a pennant.

Some Changes

Glancing over the circuit, managerial changes have been hit for a pretty fair average. Peterboro started with Tempin, then hit the chutes, fired him and finished with Dave Rowan. This year the Petes take Barthold, who will be remembered by Brantford fans as having made six consecutive hits off Donovan last summer in a double header here. And every hit was a healthy wallop. Ottawa switches from Louie Cook to Frank Shaughnessy, part owner of the club. This Irishman is said to be a king pin. He won a pennant in Ft. Wayne last year.

Poor Old Guelph

The managers who have worked for Mahoney of Guelph have had a tough time of it. Abbie Johnson who really showed something was let out to the street. Mahoney started in 1912 and was replaced by Applegate, said Applegate being perhaps the juiciest managerial lemon who ever broke in to the Canadian League. Needham finished the season. This year the Guelphites will have Louie Cook, a nice fellow, who however doesn't get generally credited with the brains which supplied Ottawa with a pennant last year. So much for Guelph.

Saints' Hard Luck

St. Thomas has also had hard luck, managerially speaking. Poor old Chaucer Elliott retired after the first year, stricken with cancer, the result of an injury he sustained years ago in football. Chaucer had his trou-

bles in St. Thomas but he could have gone back and been welcomed. He had a team when he quit, also the real faculty of an Irish disposition to win friends. Since Elliott retired, Dad Stewart managed, and not overly well. This year a Detroit man, Ort will try his luck.

And Berlin Too!

When Rube Deneau produced a pennant in Berlin, a town which by its patronage never deserved that honor, he was considered a wonder. Last year Deneau was crying for help half the time but finished strong. He goes to London this year and Keenan takes his place in Berlin.

London a Hot Spot

London is the one lively spot for managers. Manager Keenan did well the first year, but complained that certain directors knew more about running a club than he did. If a player stopped to tie up a shoe lace in front of the grand stand President Somebody would rush out and fine him for not having his footwear in shape properly before the game. Business Manager Minhinick also had a faculty of dictating to the scorers when players made base hits or errors. Frank Bowerman was secured at a big salary, but they got so sore on the ex-big leaguer that he left town one day never came back. Barrett of Niagara showing he made was that of an Apollo on the coaching line, muddling up his players and being told to mind his business frequently by the latter. Whether his job finally degenerated into that of bat carrier, has never been fully ascertained, but Barrett is succeeded by Rube Deneau this year. One thing, Deneau can be depended upon for in London, is telling the directors to look after gate receipts and advertising and not the players. Apparently they need a man to manage directors in London, and not players.

Trouble at Hamilton

Then there is Hamilton. It is said that Mr. Knotty Lee is now an Honorary member in the In-Bad Club. When Secretary Bobby Robinson and Knotty talk business, it is a long distance affair, and neither can talk with the other without making faces. Knotty was the pathfinder of the Canadian League, an easier task than finding a bed of roses to walk on at present. As to his managerial ability, there are divergent views. But that is Hamilton's worry, not ours. After all, the old boy Kane, looks like a King as compared with the others in like jobs. The Red Sox manager says he's coming back to burn up the league this year.

OLD COUNTRY FOOTBALL

LONDON, March 3.—One of the biggest surprises of the English League games this season occurred Saturday in the First Division of the League when Notts County, one of the tail-enders, succeeded in administering a beating of 2 to 1, to Sunderland, the leaders. The victory was a splendid one and Notts have reason to be proud of it.

Sheffield Wednesday leaped to first position by reason of their own win Saturday, while Sunderland dropped to second place. Aston Villa and Manchester City and Bolton Wanderers for fourth place. Woolwich Arsenal were fortunate in securing a point, but they are still last.

In the Scottish League the victory of Glasgow Rangers over Kilmarnock puts them only one point behind the leaders, Glasgow Celtic.

Scotland had a decisive victory at Glasgow in the League International with England. The principal results were:

Outwitting a Burglar a lady dentist of North London, Miss Emily Arter, caused the motto's arrest, the other day. Early in the morning the woman, who slept in a room adjoining the surgery, was awakened by the smashing of glass. Being convinced that someone had broken into the surgery, she opened the window of her room and crept out on the leads of the shop below to get assistance. She was afraid to call out, make a noise, but she managed to attract attention by waving a handkerchief. A tramway inspector came along and asked her to throw down the keys. Fortunately she had slipped on her coat over her night clothing and the flat doors were in the street. Upon she heard the inspector and other men enter, and she threw open the door leading to the surgery just as the men appeared from the other direction. The intruder, a man named Richard Salhouse (28), a dentist's assistant, finding himself suddenly surrounded on two sides, sub-

SPORTING COMMENT

By FREE LANCE

The Courier in future proposes to devote space to all branches of sport in which its subscribers are interested. In opening this column of comment, the writer hopes to establish a good batting average during the season. He may strike out occasionally, and he may send a few fouls over the grand stand. That's all in the game. The individual views of the writer, of course, can only be expressed. They will be expressed frankly, and a conscientious effort made to be fair to all interests. The idea of the writer has always been to make Brantford one of the liveliest sporting cities in the country in a clear way. Brantford is a city of artisans and it is an essential to civic progress that outdoor recreation, and plenty of it, be available to all classes. As an attractive centre Brantford can only hope to develop. The co-operation of various club secretaries in any branch of sport is solicited to make this column of interest and benefit to sport and recreation generally.

skaters, and to have skating we've got to have ice. The weather man won't mind taking the blame, because he is abominably guilty of protracted periods frequently of neglecting to provide.

Secretary Hawkins of the Parks Board says he has been deluged with applications for the use of Agricultural Park this summer. Mr. Hawkins has our sympathy. Apparently a few more public playgrounds, supervised and laid out decently for games, wouldn't do any harm. There is a fine chance in the Holmedale for the Parks Board to make good, and we believe they will.

The Canadian League schedule is still in the making, but it is no secret that it is planned to have Ottawa open in Brantford this year, May 7. The local club also expects to be home on all the holidays and a majority of the Saturdays. That, incidentally, is just what the ball club is for. It is a good thing for the home crowds to have something to do on a holiday, otherwise they leave the city.

Having made our debut, and we hope gracefully, we wish at this fag-end of the winter to express the hope that Owner Treflich of the Brantford Arena will see his way clear to install an artificial ice plant there next summer. Brantford, except by flashes in the pan, has never really been on the hockey map of Ontario. To have hockey we've got to develop

Del Orcutt Must Undergo an Operation in Hospital

Speedy Member of Brantford Team Will Go to Hospital Shortly

Del Orcutt, the Red Sox third-sacker, whose bad broke the heart of many a pitcher and made Brantford fans glad, has been putting in a pretty fair winter at his home in North Abington, Mass., but there is a little cloud on Del's horizon, of which many local friends will be sorry to hear. It will be remembered that Orcutt was very ill with typhoid here late last fall, and his illness was followed by an absence. He suffered no ill effects particularly, but has recently decided to undergo an opera-

tion, as the complaint showed chronic symptoms. Del expects to be in the hospital two weeks, and when he comes out to be as well as ever. He is tickled to death to start right back in Brantford this spring, and promises President Nelson his best effort. Del is tickled for another reason. He is the proud father of a bouncing boy, of whom he has fond hopes of developing into a better third baseman than his dad. President Nelson has put the boy already on the reserve list.

Canadian League

Jo-Jo is Not "Dutch." A number of Jo-Jo Keenan's friends have christened him "Dutch" since the news was made public that he had been signed by Berlin to manage the Dutchmen in 1913. Rumor has it that Joe-Joe has been studying German and burning the midnight oil, trying to master the language so that he will be able to announce the batteries to the Berlin fans and otherwise make himself understood. Joe is already able to say "Auf Weiderstein" without a stutter, and he expects to be able to say "Hoch der Kaiser" without the Irish brogue in a few days.

Plenty Shortstops

President Tom Nelson, of Brantford, announces that Amby Kane has four shortstops coming to try out this spring and which ever one of the three who do not make the place he will give all the other clubs in the league a chance to get them. Hamilton Herald: In a letter to the sporting editor of The Herald, Knotty Lee states that he has decided to let Bill Lane, last year's first baseman, go. He has his eye on a tough first sacker and has every hope of landing him, but in the event of failure he will likely use George Thomas, the Michigan Leaguer, in that position. Thomas is both a catcher and a first baseman and he has had considerable experience around the initial sack. Knotty is working quietly these days securing what he thinks will be the team to beat for the Canadian league honors.

Since the meeting of the Canadian League held in Toronto on Wednesday, the fans all over the circuit have begun to wonder just what class of team will represent the eight clubs this year. With Jo Jo Keenan in Berlin, Louie Cook in Guelph, Barthold in Peterboro, Deneau in London and Shaughnessy in Ottawa, the fans of these cities can look forward to some fine baseball and a great pennant race, with Knotty Lee and his Hamilton representatives very much in the running. This year's race should be the closest since the formation of the league three years ago.

Manager Mack Uses Recruit Pitchers and Athletics Defeat Texas

League Team 24 to 2. DALLAS, Texas, March 3.—James Thorpe, the Indian athlete, contributed largely to the 9 to 1 score which the Giants rolled up in the first exhibition game of the season here with the Dallas team, of the Texas league. Thorpe, four times up, batted out two singles and a double, got 12 chances, handled them all cleanly and took part in two double steals. Goulet and Smith pitched for the New York team and held the Texas leaguers to five hits.

BOURASSA AND LAURIER ARE WORKING TOGETHER

The Two Secretly Co-operating in Opposition to the Naval Aid Bill—Unless There is Obstruction Act Should Pass During Present Week

OTTAWA, March 3.—This week should see the third reading of the Naval Aid Bill in the House unless there is obstruction. The first day in committee was the Opposition, if not obstructing, was at least wasting time.

The first clause of the bill merely provided that the Act may be cited as the "Naval Aid Act." Upon this clause the Opposition deliberately wasted the time of the House from half-past three in the afternoon till nearly midnight in discussion, the greater part of which was aimless and irrelevant. Upon the simple question of a convenient name by which the bill may be cited they attempted to debate almost every conceivable question connected with all the navies of the world.

Their filibustering tactics will be met firmly and adequately by the Government, which has no intention of permitting the public business of the country to be obstructed or hindered by the clamor of an irresponsible majority.

A Humiliating Position. No party ever found itself in a more humiliating position than the Opposition on Thursday night, when their true situation was revealed in the Prime Minister's speech. Sir Wilfrid Laurier had made a good fighting speech, which aroused the enthusiasm of his followers, and at its conclusion they were smiling and confident. Within fifteen minutes both the smiles and the confidence had vanished. There were hurried searches of Hansard and eager commingling with each other in order to learn whether their situation was such as had been portrayed. When the truth at last dawned upon their inner consciousness, a more forlorn looking Opposition was never seen in any Parliament.

The situation may be summed up as follows:—Ever since Sir Wilfrid Laurier introduced his first amendment on the 13th December last the Opposition have been working themselves into a paroxysm of fury upon the following contentions: First, that it is unconstitutional and outrageous to appropriate public money of Canada to increasing or assisting the naval forces of the Empire, because, as they claim, the Parliament of Canada has no authority to make any provision for defence except the defence of its own territory; second, that in any case the naval defence of the Empire is absolutely sufficient, and that there is no need whatever to make any provision for that defence, which should be provided for by the British taxpayer alone; third, that in any case no sum should be appropriated until after a general election.

Voted for the Government. Until Saturday night the Liberals had apparently either overlooked or forgotten the fact that under Laur-

CARTER'S LITTLE LIVER PILLS. CURE SICK HEAD

Sick Headache and relieve all the troubles incident to a morbid state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, etc. While their most remarkable success has been shown in curing

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing the annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure

ache they would be almost a boon to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in many ways that they will not be willing to do without. But before you buy

er's amendment they have voted for the following paragraph of the Naval Bill:—

"From and out of the Consolidated Revenue Fund of the Dominion of Canada there may be paid and applied a sum not exceeding thirty-five million dollars for the purpose of immediately increasing the effective naval forces of the Empire."

They have shouted until they are hoarse that any such appropriation was unconstitutional, but in their deliberate vote in the House of the 13th day of February they have declared not only that such an appropriation is entirely constitutional, but that it is eminently proper. Sir Wilfrid Laurier's amendment further proceeded to declare that the concentration of the naval forces of the Empire in home waters rendered it necessary that Canada, without further delay, should enter actively upon a permanent policy of naval defence, and that effect should be given to such policy during the present session by the establishment of two fleet units.

Some Facts Driven Home. The Prime Minister showed conclusively that the construction of two such fleet units, built in Canada as proposed by Laurier, would cost at least \$68,500,000, and that other necessary expenditure during the next ten years, if Laurier's policy were embarked upon, would add at least \$17,000,000, making a total expenditure of \$150,000,000 within ten years from the date of completion. The position therefore, is this; that Laurier and his followers contend that because the Empire is perfectly safe, because there is no need, of emergency, or peril, Canada should embark upon a permanent policy involving an expenditure within a little more than ten years of one hundred and fifty millions. The cogency of this illustration of their position did not tend to encourage the Liberals in their task of opposing the Government's measure.

As to submitting the question to the people, Mr. Borden showed that on four occasions in 1910 Sir Wilfrid Laurier deliberately voted against submitting a permanent naval policy to the people, but the most crushing reply which the Premier made to the leader of the Opposition was this: that he proved to a demonstration that during the present session Laurier and his followers on the same date had voted that there should be an appeal to the people and two hours afterwards that there should not be an appeal to the people. Laurier's amendment called for immediate action during the present session by the provision of two fleet units.

Mr. Verette's amendment provided that the resolution should not take effect until submitted to the people. These two resolutions were diametrically opposed to each other, one denied most emphatically that any appeal to the people should be made; the other distinctly called for an appeal to the people before any action should be taken. The Opposition leaders and his followers voted for these two contradictory motions on the same night.

Inspired by Bourassa. Verette's motion was inspired by those Nationalists in Quebec who are opposed to doing anything whatever for the defence of the Empire. It carried out the policy of "Le Devoir," the organ of Mr. Bourassa. Laurier, although his own motion called for immediate action during the present session by the establishment of two fleet units, accepted the amendment of Bourassa, proposed through Verette, swallowed his own first proposal and delivered himself into the hands of Bourassa with whom he is said to be in secret negotiation. That such negotiations are on foot is shown by the fact that the amendment of Mr. Turbill, which was prepared under Laurier's direction and with his approval, swallowed his own first proposal and carried out the policy of Bourassa by demanding that a general election should take place before any effective appeal to the defence of the Empire should be given.

RESTRICT SALE OF LIQUOR TO TWELVE HOURS

New Proposal Which May be Temperance Issue Before Legislature.

The closing of all bars and shops throughout the province at 8 o'clock in the evening and at noon on Saturday, and the elimination of bottle selling by hotels, may become a temperance issue before the end of the present session of the Ontario Legislature.

Whilst the subject has not received the consideration of the Government, so far as is known, there is a strong and growing sentiment among moderate and practical minded temperance men in favor of legislation along such lines and not a few Conservative members of the House consider that such action would most of all the varied proposals outlined, make for the elimination of the evils of the drink traffic. When the government members meet in caucus the early closing of the bars will probably be discussed, along with central control, anti-treating and other proposals.

The legislation urged by temperance people is that all bars should be closed from 8 o'clock in the evening until 8 next morning, with closing time on Saturday fixed at noon.

The immense benefit to the cause of temperance that would follow such a step is easily understood. The early before work "loading up" would become an impossibility, and the bar would no longer supply shelter for a whole evening and unlimited opportunity of getting drunk. Even stronger reasons for the early closing on Saturday are advanced. Years ago, when the closing hour on Saturday was placed at 7 o'clock, it was designed to protect drinkers from squandering their week's salary, but since Saturday half holidays have become more of a general practice the early value of the restriction has to some extent disappeared.

With the closing of the bars would go the closing also of the shops.

Stop Bottle Selling. The elimination of bottle selling by hotels will particularly benefit the rural districts in which local option is in force. In quite a number of local option municipalities where the law is strictly enforced there is, nevertheless, a certain amount of drinking, and investigation has thrown the whole responsibility upon bottle selling by hotels in nearby licensed places. Where a hotel in a local option municipality is at all near a local option municipality the bottle trade is often heavy, and a great deal of the good effect of the wiping out of the bars is nullified. There seems to be little doubt that legislation to bring this state of affairs to an end will be introduced.

Provincial control is also likely to be discussed. The opposition to such a system comes from the temperance members who cannot see that an extension of the centralization will prove workable, although practically every member would be glad enough to get rid of the present responsibility imposed upon him.

SUFFRAGIST SELF-DENIAL

Campaign Started in London to Raise Money for the Cause

LONDON, March 3.—The Suffragettes, continuing their antics Saturday. There was an explosion at Davenport, which wrecked the railway parcels office and caused dangerous injuries to a clerk. A can which contained an explosive was found. The police are investigating the matter. It is believed to have been another suffragette outrage, although there is no positive proof of this.

In addition to their dangerous work the suffragettes Saturday began a campaign of self-denial in order to raise money for the "cause." Some of them played barrel organs in the streets, others sold flowers, and still others drew pictures on the pavements. The "self-denial" week is patterned after the annual affair of the Salvation Army.

The organ grinders had a hard time of it. A mob in Shaftesbury avenue kicked their organ to pieces, and the police had a hard time in rescuing the women from a crowd which threatened their bodily harm. The two women were finally arrested and brought to Marlborough street police court on two charges. The police declared that the women were in a hostile crowd of five hundred, and that it had become necessary to arrest both of them. One of the women said she had been playing with the permission of the police, and that she had collected a lot of money, but that afterwards she had been assaulted by the crowd. The magistrate offered to release the women if they would not repeat their offence. One agreed and was bound over in \$25. The other refused and was fined \$7.50.

MAN AND THE SOIL.

Dr. R. V. Pierce, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out of the soil, and the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purify to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of

Doctor Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up, when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss LOTTIE KIRKLEY of Perth, Kansas, says: "I will here add my testimony for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. About one year and a half ago I began taking your 'Golden Medical Discovery' and after having taken several bottles am nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight. I thank you for your remedy and wish you all success in your good work."

Mrs. Pankhurst Again. Mrs. Emmeline Pankhurst, the militant suffragette leader who was released from Holloway jail under bail for her connection with the explosion in the Lloyd-George house at Walton Heath, and who promised to be good until her trial at the assizes, appeared to be in great fettle Sunday night at a reception given in honor of former suffragette prisoners at the headquarters of the Women's Social and Political Union. She made a speech in which she gloated over "having gotten the enemy in a tight place," and said she was confident that what she termed "measures of despair" to subdue the women, were doomed to failure.

Why Released? The release of Miss Lillian Lenton by Home Secretary McKenna, which has brought up a controversy with the Mayor of Richmond, will probably lead to a thorough investigation of the whole matter. Feeling is strong on both sides, and the whole matter of forcible feeding will be gone into. The Home Secretary's statement that Miss Lenton was in danger of death because of her hunger strike is disputed by the Richmond authorities.

The crowds of people in the streets showed a manifestly hostile spirit to the suffragettes, and a number of wrecked barrel organs and dishevelled suffragettes was the result last evening.

The police in several instances had to go to the rescue of women who had fallen into the hands of gangs who, threatened to strip and duck them in the nearest fountains.

NOTHING TO LOCAL

Harvester Firm at Cuts Down Work

But Brantford Industry Said to be Alright

A report came over the wire yesterday that the International Harvester Company of Hamilton, Ontario, had announced a cut down in the work, the 2,500 employees of concern being down on week. The reason assigned for the cut down was on account of a slump in the Canadian market. The Courier this morning enquires as to the outlook for the business of the big local implement concerns. Mr. Grobb, of the Massey-Harris Company, announced that if material were available, the Harris Company could keep it up until mid-March at present is working at a loss. The reason for this was that there was no material available. The Harris Company could keep it up until mid-March at present is working at a loss. The reason for this was that there was no material available. The Harris Company could keep it up until mid-March at present is working at a loss. The reason for this was that there was no material available.

Enquiry at the big plow works revealed the fact, however, that the outlook was not so gloomy as it appeared. From an authoritative source it was learned that the collections were poor, but definite could be announced the industrial outlook. It is considered likely, however, that the demand made on the plow works will be any lay-off of employees.
