THE EVERYDAY BATTLE. Battles are not all fought with cannon and shell. The most vital are the everyday battles against the debilitating tendencies that invite weakness. For nearly five decades SCOTT'S EMULSION has been a definite help to millions in the trying battles against weakness.

Distribution of Seed Grain From the Dominion Experimental Farms. 1918-19. By instructions of the Hon. Minister of Agriculture, a free distribution of superior sorts of grain will be made during the coming winter and spring to Canadian farmers.

Used For Shaving. Many men are troubled more particularly in the cold weather with a sort of roughness of the skin or eczema caused by the use of an application of Dr. Cass's Ointment after the shave. This is due to the rough and by using it after a shave on keep the skin soft and free from irritation and soreness.

The Diseases of the Tomato. Few people have ever stopped to consider the number of diseases of which the tomato plant is subject. A bulletin recently issued by the Division of Botany of the Experimental Farms enumerates forty-four of these diseases, and prescribes three or more remedies for each.

C.P.R. OFFICIAL HONORED. THE appointment of Sir George McL. Brown as Knight Commander of the Order of the British Empire is the result of the services rendered by the Canadian Pacific Railway in London, and the value of his services in the organization and direction of troop transportation during the war was hardly overstated.

Editorial Briefs.

We hear a good deal of complaint about children coasting on the sidewalks. This is dangerous for pedestrians and children alike and should be stopped. A plentiful sprinkling of sand and a suitable place provided for the young people to coast would easily solve the problem.

The value of a good local newspaper is much more than many people seem to think. And the way to make it good is to patronize it, pay for it, and furnish it with ads, news, and items, such as the public want to know. Bring them in, and faith will be given. The press is a mighty power in helping to carry on the business and progress of our country.

For the past few years, on account of the war, the Kings, Hants and Annapolis Counties Exhibition has not been held. A meeting was held in Windsor last week to discuss the advisability of holding the Exhibition in that town this autumn, as it is Hants county's turn. It was unanimously resolved that if arrangements could be made that the Exhibition should be held.

Salvation Army Drive.

Our heroic soldiers now returning and still overseas, must be provided for until demobilization is completed, and those who fought for us are recovered of their wounds and sickness and fitted to take up their duties in civil life. To perform this task the Salvation Army has inaugurated a Million Dollar Fund throughout Canada to meet the demands of the Soldiers' Home Coming. This Campaign has already been announced in our daily and weekly papers as January 19th to January 25th. While the time has been delayed in Kings County for various good reasons, the campaign will be vigorously entered upon at once.

For the purpose of this worthy campaign it is considered necessary that interested people from all parts of Kings County should meet together and arrange for a most aggressive campaign. Accordingly an Organization Meeting will be held in Pastime Hall, Kentville, on Friday, January 24th, at which you are specially urged to be present, and bring with you any one from your district whom you know will be particularly interested in this campaign. Luncheon will be served at 12:30 o'clock by the ladies of the Red Cross, Kentville Branch, to all who will assist at this organization meeting. Addresses will be delivered at 1:30 o'clock and the business of the meeting will immediately follow. Major Creighton, of the Salvation Army, Halifax, will be present, and prominent workers of our County will also be heard.

A Soldier's Letter.

The following is an extract from a letter received recently by Mrs. J. A. Hadden from her son Angus who is with the Canadian army. It gives a good description of the way our men were welcomed by the people whom they have freed from the tyranny of the Hun:

"Say, you ought to see the towns and villages as we pass through them. They are full of triumphal arches, made out of all kinds of evergreens, flowers, flags and bunting, with many and varied inscriptions such as, Long Live our Allies, Long Live the Canadians, Glory and Honor to our Liberators, etc., etc. The towns seem to be filled with various Allied flags, a great number of which seemed to have been made in a great hurry out of any oddsments that happen to be at hand, the people cheer and howl to their hearts content. They all seem to be filled with an intense hatred of the Hun.

The house in which I am now billeted is really about the best I've struck yet. I don't mean the best house but rather the most obliging people they seem to do enough. The town, 'Bouvenet' or some such name, is a kind of farming town quite a bit south of Waterloo and about nine km. from Nauaur. We spent one night within about 8 km. of Waterloo.

Winter Weather Hard on Little Ones.

Our Canadian winters are extremely hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms, takes colds and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They regulate the stomach and bowels and prevent or cure colic. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

On The Stage.

Jolie Arthur the famous actress, is a great admirer of MacLean's Magazine. She was much impressed by Service's poem, "The Bird Four Four", which she read in the April MacLean's. So she began to recite it wherever she went—and her audience fully raised the roofs. It has been the greatest hit of her recent triumphal American tour.

It is a rare distinction, indeed, that she has received from a magazine which appears but once a year. MacLean's Magazine has been the general public. H. P. Davidson, The Magazine Man, Phone 3.

National Prohibition.

Prohibition's greatest victory is almost achieved. Ratification by thirty-six States of the American Union of the Federal amendment of national prohibition means national prohibition as soon as Congress can enact and bring a law into operation, subject, of course, to the outcome of the big legal fight the liquor interests are expected to make in several States on technical grounds. In the ordinary course of events a year or more must elapse before the law can become operative, but in the mean time national prohibition, as a war measure, becomes the law on July first, unless President Wilson adopts the unexpected course and revokes an edict, which the recent decision of many States makes it almost certain he will continue in force. As the situation now stands, Congress has no option, except under legal decisions, and must enact what will become the eighteenth amendment to the constitution, and that means prohibition for all time, as there will never come a change of public opinion sufficiently revolutionary to influence thirty-six States to demand the return of the bars. Prohibition, as a constitutional amendment, will make one law for the whole country, bringing under the same regulations the States which now permit liquor to be sold and the States which, though nominally prohibitory, have permitted certain concessions in connection with private stocks. America's action will undoubtedly have a salutary influence in Canada, where the sentiment for prohibition is strong enough to justify national prohibition; and if the decision of both countries is for prohibition the enforcement of the regulations will be comparatively easy. The advantages and benefits of prohibition, never a matter of serious dispute, have been made so abundantly clear and plain under provincial regulation, that the most wasteful champions of individual rights and personal liberty no longer advance those arguments as justification for the liquor traffic.

Information Wanted.

School for the Blind, Halifax, Jan 18th, 1919.
Dear Mr. Editor:—Education and training are of vital importance to blind children, with it they can become active and useful citizens, without it they are doomed to lives of helpless dependence.

Clergymen, Physicians, Teachers and in fact all public spirited men and women, can help forward the work for the blind by sending to the undersigned the names, ages, addresses of parents of any blind child or children that they may know about, including all such children as have not sufficient sight to attend the public schools.

The School for the Blind at Halifax is a free school for the blind youth of the Maritime Provinces and Newfoundland. It is my heartfelt desire that no blind child shall grow up without receiving a suitable training. I trust that whoever reads this communication will give the matter earnest thought and will send me the information which is so difficult to secure, viz: the names, ages and addresses of totally or practically blind children.

Personal Mention.

Contributions to this department will be gladly received.
Mrs. Macklin, of Windsor, was visiting friends in Wolfville on Wednesday.
Mrs. James Simson, of Melan-on, has been visiting in town, a guest of her daughter, Mrs. H. E. Woodman.
Mrs. Carl G. K. McKenna, of Kingston, has been spending the last two weeks visiting friends in Wolfville and Gasperau.

Pie. C. J. Delaney, of Halifax, was a visitor over Sunday at the home of his brother, Mr. E. J. Delaney. Pie. Delaney, who recently returned from overseas, was formerly a resident of Wolfville and has many friends here who were glad to welcome him home again.

Rev. Fred G. Woodworth arrived home on Saturday last, after an absence of some years, which he spent in the west. We understand that he has accepted the position of travelling secretary for the W. M. C. A. and will probably make his headquarters in Halifax. Rev. Mr. Woodworth is a son of Mr. F. W. Woodworth, of this town, and a graduate of Acadia. Rev. Mr. Woodworth was accompanied by Mrs. Woodworth.

It is reported that a further honor has been awarded to Lt.-Col. C. J. Messersmith, the coveted D. S. O. having been bestowed upon him. Col. Messersmith went to France early in the war, was severely wounded and invalided home. After some time at home he succeeded in obtaining permission to return to the front, where his work has won for him this new distinction. Col. Messersmith graduated at Acadia in 1905, and was for a time Principal of the Academy.

Keep Them Smiling Soldiers Home Coming Campaign

The "Welcome" sign still hangs high on the doors of the Salvation Army Hostels. Help them to keep it there! While our soldiers have need of the comforts—apart as well as bodily—DON'T shut the doors in the boys' faces—Keep them smiling!
The Salvation Army appeals for a Million Dollars for the boys who won the victory. This is the first time the Salvation Army has made a general appeal for its work. We urge you now, for the sake of the soldiers, and as a VITAL factor in the solution of Canada's Reconstruction problems, with the Homecoming of her boys, to give and to give liberally. Our men in Khaki may not all be home for another year. While there is a company of Canadians in uniform over there or over HERE, there is work for the Salvation Army Lasses. The weary waiting and the relaxed discipline spell dangers that MUST be guarded against. A happy smile and a comfortable body help to keep trouble at a distance. Do not let the Hostels shut for lack of funds!

A WORD ABOUT THE HOSTELS:—Have you ever been inside a Salvation Army Hostel? If not, ask a returned man about the Hostels in Paris, London, Toronto, Hamilton, or any others that he has stayed in over HERE.
Let HIM tell you about the REAL beds, the home cooking, the fried eggs and hot coffee—and hot baths. If he knows you very well, he may give you a hint about the spiritual comfort the Salvation Army Lasses give these men far from home and all it means!

Masquerade Dance.

The 'Olympic' chapter, Daughters of the Empire, have arranged a Masquerade Dance in Pastime Hall, Kentville, under their patronage, for February 13th. They have engaged Barker's Orchestra, Halifax. No formal invitations are being issued but everyone is welcome. Anyone intending to dance must be in costume at home. After some time at home he succeeded in obtaining permission to return to the front, where his work has won for him this new distinction. Col. Messersmith graduated at Acadia in 1905, and was for a time Principal of the Academy.

Order Early. - Ship Early.

WHATEVER may be conditions as to the general business due to the ending of the war, there is nothing unsettled as to the farmer and his supply of Fertilizer.

Twenty million tons of food must be shipped to Europe this year, and the Maritime Provinces must do their share. The spring will not wait to see how things are going to turn out, but the planting must be done or there will be no harvest.

There is to-day probably not more than half the fertilizer in Canada her crops require. The last three years has seen a great shortage, with every ton sold before the planting season began. There are no indications this season will be an exception.

A British Mystery.
Now that fighting has ceased, British public men are making public facts which people generally will be surprised to learn. Sir Chalmers Murray was until lately parliamentary secretary to the Ministry of Shipping, Lord Inchcape, a shipping magnate, and others of his class have been sharply criticizing state control of shipping, with the result that Sir Murray was driven to make this stinging thrust:

"As to the blockade, has not unfortunately to be put on record that even while the submarine danger was threatening our vital, private interests were directly and indirectly trading with the enemy and sending out of this country to neutral stores of valuable foods and materials, from tea to caviarous produce, thus at one and the same time robbing our people of invaluable stocks whilst feeding and maintaining the enemy. The blockade work was not so much a contest with the enemy as a contest with private interests.

This, surely, is a most serious charge against British shipowners. Among those who returned from overseas last week was Tuzo son of Mr. and Mrs. Ralph Watson, of Wolfville. Mr. Watson went over with a cable corps about two years ago, and after training in England went to the 25th Batt., with which he saw service and was gassed. Invalided to England he spent some time there and reached home quite unexpectedly to his family and friends who were glad to give him a welcome.

Pte Russell Bates, son of Mr. and Mrs. W. J. Bates, of Grand Pre, was one of those who returned by the Olympic last week. Pte. Bates went overseas with a draft from the Grand Pre, and after training in England went to the 25th Batt. and saw much of the heavy fighting. He was gassed and has been for some time in hospital in England. Pte. Bates arrived in Wolfville on Saturday morning and proceeded to his home. He is looking well and many friends were glad to welcome him back.

On Monday evening next, at the Town Hall, the annual meeting of the lot-holders of Willow Bank Cemetery will be held. These meetings in the past have not been so well attended as they should be and it is to be hoped that this year may see a change. The condition of the cemetery is not creditable to those interested and we should like very much to see an improvement. This would be a good time to inaugurate a forward movement.

Two Cars Sprung Hills Screened, now due. We make a D'count on price when delivering direct from cars, so book your order quick. R. E. HARRIS & SONS.

The Royal Bank of Canada wish to announce to their customers and the general public their intention to open a sub-branch at Fort Williams in the course of a few days under the supervision of the Wolfville office. For the present it will be open for business two days in the week until business warrants them opening it often. This will be good news for the people of the 'Port' and vicinity as the opening of the bank will be a great convenience.

WANTED—General maid in small family. Apply to Mrs. H. E. WOODMAN, Acadia Street.

A new industry opened in Wolfville this week under the management of T. Aylward, Falmouth, in the evaporator building whereby potatoes and turnips are cleaned, dried and packed ready for exportation to European countries through Halifax and St. John ports. The business is owned by Graham Ltd., Bellefleur, Ont., and will continue here during the winter and spring, giving employment to about thirty persons. The vegetables are first scraped clean of all soil and blemishes, then washed, baked and kiln dried by steam heat. The potatoes and turnips are purchased from local farmers or brought in by freight from nearby stations. The refuse left after packing is completed will be sold.

MARVELOUS MACISTE

The Hero of 'Cabrila' and 'The Warrior' in an Amazing Modern-Melodramatic Comedy

THE SUPERMAN

A Giant Game of Brain and Brawn

Fights and Fun that make you Gasp and Laugh

Sampson, John F. Sullivan, and all the strong men of the ages are rolled into one in Maciste, the hero of 'The Superman'. This marvel of physical development has full-grown men around as if they were made of chips. His feats of strength are said to be truly marvelous, as well as thrilling.

A tense drama, horridly exploits and massive spectacles goes into the making of 'The Superman' the best success that it is. It is a drama that comedy and tragedy can be closely related, especially in moving picture, where action must take the place of speech. But in 'The Superman' all this is accomplished with ease and startling reality.

D. W. B. Reid, well known throughout the province as a builder and contractor, died at home in Dartmouth, after an illness of only two days, aged 75. He was a member of the Grand Division, S. of T., of Nova Scotia, an enthusiastic advocate on total abstinence, a stalwart Liberal, and at one time Warden of Halifax County Council, was of a generous and kindly disposition, whose death will be deeply regretted. Leaves a widow and large family.

THE PEOPLE'S FORUM.

To the Editor of THE ACADIAN:

DEAR SIR.—In our previous correspondence we regretted the 'deplorable' deficiency of instruction received in our High School, due to the inadequacy of the teaching staff, as witnessed the following facts:—Up to date Grade IX has not started. French, Grade X has not started. Their prescribed Latin, and Grade XI has had very little Latin and less French, and have not yet finished the first chapter of their assigned Algebra. If the prescribed work is to be covered before the Provincial exams, the pupils will have to attend strictly to their daily 'rat' work, and on inspection, those upon Mr. Ford, who has shown himself a most efficient and energetic teacher.

After reading Mr. Ford's article we are more strongly convinced that we that another teacher added to the staff would decidedly improve the situation.

The splendid record of the High School as presented to us by Mr. Ford, due to his retiring, if true, is a testimony to his ability as a teacher and his personal interest in his pupils, surely entitles Wolfville High School to an adequate staff of capable teachers. Mr. or Mrs. R. S. V. P. Jan. 21, 1919.

Correction.

In the 'Response in R. S. V. P.' published in last week's Acadian, a typographical error inserted the word 'not' in a sentence, causing the sentence to mean the opposite of what was intended. The sentence should have read as follows:—

If these Latin and Greek subjects are enough for one teacher, then the Principal, who has the thrifter and a hall, must be doing the work of three teachers.

Red Cross Notes.

A hearty welcome was extended by the Red Cross Society to Mrs. Frances Burgess Hildekin, our new Life member.

The wonderful physical strength of Maciste, the star of the big feature production 'The Superman,' whose work along similar lines in 'The Warrior' and 'Cabrila' will not soon be forgotten by thousands of film devotees in Canada, is said to be truly marvelous in 'The Superman.' It contains six reels of surprises from start to finish. The big production comes to the Opera House on 27th and 28th and doubtless will have one of the most successful runs of any film showing here for many years.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade — Two Interesting Letters.

So many people suffer from derangements of the liver that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. J. Harris, Kestley P.O., N.S., writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and of course heavy eating and indigestion. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Kidney-Liver Pills a try."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with indigestion, but only on my right side. I secured some more Kidney-Liver Pills and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Laxative and Purifying excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers, or Edmondson Bates & Co., Limited, Toronto.

50 Years Ago.

Thirty years ago this week there was no issue of 'THE ACADIAN' printed. This was due to the death of the founder of the paper, Arthur S. Davidson, which occurred on Jan. 24, 1889. The initial issue of 'THE ACADIAN' appeared in April, 1893.

Flour Substitutes at Feed Prices

Here is the story in a few words. Carrying out the regulations of the Canada Food Board we put in a pretty large stock of the flour substitutes recommended by them. Shortly after the fighting ceased the bin was lifted to a very large extent and we had a considerable stock of the substitutes on hand. Now we want to close this stock out as quickly as possible—hence your chance to get the lines mentioned below at low prices given—

Don't you think that it would be saving something while putting in a supply at this price and use freely with your flour?

Corn Flour, per 98 pound bag \$4.50

Barley Flour, per 98 pound bag 4.50

Rye Flour, per 98 pound bag 6.35

Barley Flour, in 14 pound bags, 14 bags to the bbl., per bbl. \$10.50

Oat flour, in 14 pound bags, 14 bags to the barrel, per bb. 10.50

Why use cornmeal and other feeds when you can buy the much more nutritious cereal flours which we are offering at such low prices.
