## RECENT DEATHS

### MRS. EMMA THURBER

The many friends of Mrs. Emma Maria Thurber were greatly shocked by her sudden death last Saturday afternoon which followed on a very severe paralytic stroke. The deceased came to Nova Scotia in 1907 with her young family from Liverpool, England, where she was born fifty-nine years ago. She was the daughter of the late Capt. Wm. Henry Woodworth, who was born in Cornwallis, where some of his relatives still reside. Capt. Woodworth settled in Liverpool, married and brought up a family.

Mrs. Thurber came from a long line of seafaring people and married Captain Roland S. Thurber, a native of Digby County, N. S.

He was drowned seventeen years ago in a collision at sea off the coast of Wales. In addition to this her father, brother, grandfather and an uncle were lost at sea.

She is survived by three children, Stanley, who served in France during the war and is now employed in Halifax; Leander, who is in the Government wireless service and is at present at sea and as yet ignorant of his mother's death; and May, who is on the office staff of the Wolfville Fruit Company.

Mrs. Thurber was greatly respected in Wolfville and deeply beloved by her children to whom she had been a most affectionate, tender and self-sacrificing parent. There is very widespread sympathy for them in their great loss.

The funeral took place on Monday. A short service was held at the house at which Miss Evelyn Duncanson sang with great feeling, "One Sweetly Solemn Thought". The service which was largely attended was conducted by the Rev. R. F. Dixon assisted by the Rev. G. W. Miller, at the Church of England, of which Mrs. Thurber was a member.

### MRS. ANDREW DeW. BARSS

Wolfville lost one of its best known and most highly esteemed lady residents by the death of Mrs. Andrew DeW. Barss, which occurred at her home on Wednesday morning. Mrs. Elizabeth Crawley Barss, who was born and educated in Wolfville, was the eldest daughter of the late Dr. Crawley, a former President of Acadia, and one of the most distinguished of the pioneer educators of Nova Scotia. She was a woman far above the average in mental equipment, possessing a keen alert mind, a high standard of honor and integrity, and a lovable nature that endeared her to all.

For many years she took a keen interest in the various activities of the Baptist Church, of which she was a member, giving her time and means unstintingly to its upbuilding. She is survived by her husband, Dr. Andrew DeWolf Barss; by her only son, Dr. J. Edmund Barss, of Windsor, Conn., and by her brother, Mr. E. Sidney Crawley, of Wolfville. The funeral service will be held in the Baptist Church today after the arrival of the D. A. R. train from Yarmouth, and will be conducted by the pastor, Rev. J. H. MacDonald. Interment will take place in Willow Bank Cemetery.

### MRS. WM. D. TWEDELL

THE ACADIAN was very sorry to receive the intelligence of the death on May 13th at her late home at 772 Euclid Avenue, Toronto, of Clara Edna, beloved wife of Mr. William D. Tweedell, formerly of Wolfville. The deceased lady, who was in the thirty-eighth year of her age, was of an exceedingly attractive personality, and the bereaved husband, who will have the sympathy of a host of old friends here, is naturally deeply grieved over his loss. Mrs. Tweedell was a Toronto lady.

### MRS. ALEXANDER BLEAKNEY

There passed to the home above from Salisbury, N. B., the widow of the late deacon Alexander Bleakney in the 93rd year of her age. She was born April 3rd, 1831, and died May 9th, 1923. Mrs. Bleakney was the second daughter in a family of eleven children of the late George and Elizabeth Miller, who resided in Elgin, Albert Co. N. B., and were among the first settlers in that parish. They were of good old Anglo-Saxon descent. On June 11th, 1855, she was married to Mr. Bleakney. Of this marriage there were born nine children, five of whom are still living, three sons and two daughters. These with thirty-three grand-children, seventeen great grand children and two great, great grand children, and a very large number of near relatives mourn their loss.

Mrs. Bleakney was baptized into the fellowship of the Salisbury Baptist church, then under the pastoral care of Rev. W. W. Corey, and was closely identified with the work of that church and personally interested in its welfare

## OUTLOOK FOR THE FRUIT SEASON

### The Apple Trees Stood the Strain of Winter Well

The Valley orchardists are already beginning to speculate upon the possibilities of the coming fruit season. The trees have stood the strain of winter better than was at one time expected. The snowfall of the Valley was far beyond that of which any accurate record had previously been kept, being a few inches more than 14 feet, according to the report of the Dominion Meteorological Observatory, Wolfville. Many feared that the unusual weight of snow would sever the branches from the trees, which were covered in many sections for several weeks before the spring sunshine removed the blanket. But it is now found that the trees, with few exceptions, have stood the strain, and many orchardists incline to the belief that they will be benefited by the protection the roots received during the severe weather from the coating of snow that covered them. The heavy snow deprived the mice from obtaining easy access to their usual sources of supply. In their need these rodents were driven to eat the bark of young trees in which they found sufficient nourishment to keep them alive. In many cases they stripped the bark all around the trees, leaving a bare circle just above the snow line. This, if left alone, will mean the loss of every tree so encircled. But the orchardists have been busy the past few weeks bridge-grafting, by which process they hope to save the trees on which the mice made their onslaught. This has meant much extra work, as bridge-grafting is a delicate and laborious operation.

## BAPTIST WOMEN'S MISSIONARY UNION

### Maritime Executive in Session at St. John Discusses Matters of Interest

ST. JOHN, N. B., May 11—The meeting of the Maritime Executive of the United Baptist Women's Missionary Union began here last night and was continued today with Mrs. W. G. Clark, of Fredericton, the President, in the chair. The executive is carrying on the work of the Union, preparatory to the convention to be held in August and will report to that convention. A great deal of discussion of matters of interest was carried on this morning.

The devotional exercises were led by Mrs. C. H. Martell, of Wolfville, on the subject, "Service Inspired by Love".

There was considerable discussion on the matter of communicating with the various young ladies' societies at the institutions of learning, throughout the Maritime Provinces and asking for a volunteer for evangelistic missionary work in India this year. This step was decided on as a fitting celebration of the fiftieth year of the union's work in Telugu, India. Mrs. F. H. Beale, Mrs. Donald Grant and Miss M. E. Hume were appointed a committee to look after this matter.

Mrs. Grant read an interesting report of the home mission situation, which had been prepared by Mrs. H. G. Perry, of Wolfville. It dealt with the situation under the following heads: Field workers' problems, finances, student pastors, colored work, books for home mission pastors and theological aids.

Twelve members of the Senior class at Acadia left on Monday for Truro to take the six weeks' course at the Normal School leading to an "A" license.

until her decease. Mrs. Bleakney was a loving and faithful wife and mother, a true friend and kind neighbor, ever ready to help the needy, the sick and sorrowful. She was a lover of the Gospel of the Son of God and visiting ministers found a warm welcome to her home.

Truly the memory of such a mother in Israel is blessed.

### WILLIAM FENWICK HARRIS

The news has been received of the death at Boston of William Fenwick Harris, a native of Wolfville. Mr. Harris was a son of the late David J. Harris, who formerly lived in the dwelling now occupied by Mr. and Mrs. J. L. Franklin, and carried on at one time an extensive business here, including ship-building. The family left here when the deceased was a small boy and have since resided in or near Boston. The subject of this sketch was educated at Harvard University and was formerly assistant teacher of Greek at that institution. He was an extensive traveller and an author of some note. His mother was an Elder, a sister of the late Professor Elder, and also of the late Mrs. Charles W. Pritch.

## GASPEREAU NOTES

Mr. J. D. Martin spent a few days in Halifax with his son, Mr. Renford Martin, who is seriously sick.

The "Sons of Temperance" closed last Friday evening for an indefinite time. Congratulations are extended to Mr. and Mrs. Glenn Gertridge on the birth of a son, May 16th, at Miss Wood's Hospital, Port Williams.

## FIREMEN'S SPORTS AT KENTVILLE N. S., MAY 24TH, 1923

Parties wishing to attend the above celebration at Kentville, N. S. May 24th, can travel on regular train No. 95 to Kentville, and return by Special Train leaving Kentville at 11.00 P. M., same evening for Windsor, stopping at all stations where there are passengers to set down. Special fares have been named for this event. For further particulars apply to Ticket Agent.

A lady from a distant part of Nova Scotia, who recently inserted an advertisement in our Classified columns, writes the publishers "it has already brought results". She also writes: "Received a copy of THE ACADIAN and enjoyed reading it. It has a progressive tone."

## THE KING'S ENGLISH

### Interest in Its Proper Use Steadily Growing

Miss Rosamond Archibald is receiving much encouragement from various sources for her very commendable efforts in the direction of securing a more correct use of the English language among the people of this province. The movement bids fair to become Canada wide within a very short time. A recent article from the Canadian Associated Press, which is appearing in all the newspapers in Canada served by that organization, makes the following introductory reference to the work:

"Nova Scotia, long regarded as a 'well of English, pure and undefiled', is about to have its waters ruffled by a spirit in the person of Rosamond M. deWolf Archibald, a member of the staff of Acadia Seminary, at Wolfville, in a drive for better English."

Miss Archibald has a brand new system of teaching the spoken word—her own invention by the way—and is credited with having revolutionized the speaking of English in the common schools of the town in which she lives.

This week Miss Archibald received a communication from Thomas Bengough, of the Senate Debates Office, Ottawa, making enquiries relative to her "drive" for better English. Mr. Bengough, who is himself intensely interested in educational matters and a well known contributor of widely read articles on that subject, expresses himself as thoroughly interested in Miss Archibald's method of teaching a correct use of the language and most anxious to receive any literature obtainable relative to it.

## GREENWICH NEWS

The friends here of Mr. Harlan Forsythe, of Wolfville, are pleased to know he is improving as well as possible from his bad accident two weeks ago.

Mrs. McCabe, one of our East end residents, has the sympathy of friends in the recent loss by death of her mother, Viscount de Fronsac, of Wolfville, was in the place one day recently, in the interests of his music. He is a composer of music.

A few from here attended the Social at the Baptist church at Port Williams last Wednesday evening, given in honour of Mr. Holding, a former Bank Manager who leaves soon for Vancouver.

Mr. Dexter Forsythe now has the cellar of his new house all ready to have the cement work done, after which the building will be rapidly pushed forward. Mr. Forsythe has a nice location for his new home.

Inspector Davidson visited our school last Friday afternoon.

A number from here went to Wolfville on Friday evening to enjoy "The Old Oaken Bucket" at the Opera House.

Miss Elsie Piper went to Kentville Friday evening to spend the week end with friends. She returned on Monday morning.

Mr. and Mrs. B. L. Bishop motored to Kingston on Saturday where they spent the week-end with friends, returning on Monday.

The fire whistle in Wolfville was very plainly heard up here on Saturday morning.

We are very sorry to hear that Mr. Harold Cleveland and family are now under quarantine. It is stated the eldest child, Avery, has diphtheria. We trust this will be the only case in the family and wish for him a speedy recovery.

Mrs. Harry Neary spent Sunday at her mother's home in Medford.

The Sunday School has been reopened in our church here and we wish it good success.

Those who were absent from church here on last Sunday afternoon missed enjoying an exceptionally fine sermon. Our Pastor took for his subject, Interdependence, Independence and Dependence, and with that subject he gave three texts, "Bear ye one another's burdens", "Every man shall bear his own burden", and "Cast your burden upon the Lord". Rev. Mr. Hemmeon certainly delivered a great sermon, and made it very interesting, as well as so plainly understood. Some made the remark, "It was the best sermon ever".

Miss Hilda Johnson, who graduated from Acadia this year, left on Monday for Truro, where she will take a short course at Normal College.

It was with deep regret neighbours and friends here of Mrs. Ernest Johnson, heard of her bad accident on Monday. Mrs. Johnson fell the length of the cellar steps, the top landing breaking away with her, and she received severe bruises and cuts as well as a great shock. The doctor upon arrival, found no bones broken, but it will be some time before Mrs. Johnson will be feeling in her usual health.

Mr. R. E. Welsh leaves this morning for Boston on a few weeks visit.

## SPLENDID RECITAL

### Given by Graduates of Acadia Conservatory of Music and Fine Arts

The first of the series of recitals by the graduates of the Acadia Conservatory of Music and Fine Arts was held at the Baptist Church on Wednesday evening. The recital was given by Miss Olivia Elizabeth Lamont, mezzo contralto, completing the course in voice for the soloist's and normal diploma, and Miss Alice Gertrude Lamont, completing the course in pianoforte for the soloist's and normal diploma. There was a good audience including a large number from Kentville, to which town the Misses Lamont belong. The program was splendidly rendered and much enjoyed by those present. Miss Miriam White Hancock acted as accompanist. Following was the program:

- Sonata: Op. 13. . . . . Beethoven
- First and Second Movements
- Alice Lamont
- Aria: "O Mio Fernando" from La Favorita. . . . . Donizetti
- Olivia Lamont
- Scherzo: Op. 16, No. 2. . . . . Mendelssohn
- Alice Lamont
- (a) Chanson Indoue from "The Legend of Sadko". Rimsky-Korsakoff
- (b) Night Shades are Falling. L. Mililotti
- Olivia Lamont
- (a) Berceuse, Op. 57. . . . . Chopin
- (b) Deux Polonaises Op. 26 No. 1. Chopin
- Alice Lamont
- (a) The Raft. . . . . Ciro Pinsuti
- (b) A Plantation Song. . . . . C. H. Clutsum
- (c) The Old Refrain. . . . . Frits Kreisler
- Olivia Lamont

## EVERYBODY ENTHUSIASTIC

To the Editor of THE ACADIAN.

Dear Mr. Editor,—The Better English Campaign is already an assured success. My mail box is daily crowded with enthusiastic responses and inquiries. Every town of importance in our Province is now lined up for the Drive. Best of all, the country schools are carrying the names! Some day they will realize more than they do now, just what this effort is going to mean. Without remuneration (as this campaign is without any funds whatever) the Editors of vision in Nova Scotia have given the work its splendid support.

Below is a tentative list, growing daily, getting ready for May 25th.

Truro is out 5,000 strong with many prizes. Both Dr. Sloan and Supervisor Davis are enthusiastic supporters of the cause and have "come right out in meeting" to say so!

Prin. Trask reports that Kentville has been getting ready.

Prin. Jacques, of Jantsport, says his grades have been preparing for a month. The teachers at Lunenburg are enthusiastic.

Windsor Academy through Miss Grace Porter says: "Of course we are in on this Drive!"

Silas Gates, Esq., Port Williams, has offered a liberal prize to Miss Wade's school.

Sgr. Marie Ste. Firquin, Prin. Arichat, says: "Please place our schools on the map!"

Miss Gladys Custance has entered her Kempt Shore school.

No. Brookfield, Queens Co. is represented by Miss Miriam Ernst.

Miss Ardis Whitman, Margareville, is a loyal enthusiast.

Ronald W. Murphy, Mulgrave, was the very first one to respond.

Miss Frances Fowler, "Centria", Bridgetown has lined up her forces.

The C. G. I. T's, of Pictou under Mrs. Dexter have joined.

River John is represented by Miss J. Clark, Toney River School.

"Every man shall bear his own burden", and "Cast your burden upon the Lord", Rev. Mr. Hemmeon certainly delivered a great sermon, and made it very interesting, as well as so plainly understood. Some made the remark, "It was the best sermon ever".

Miss Hilda Johnson, who graduated from Acadia this year, left on Monday for Truro, where she will take a short course at Normal College.

## THE MID-WEEK HALF HOLIDAY

We understand that a few of the clerks in town were somewhat peeved by our reference last week to the closing of Wolfville business places on Wednesday afternoons. It certainly was not our desire to deprive the clerks of any holidays to which they are justly entitled. That is a matter entirely in the hands of their employers and is no concern of the public provided satisfactory service is given. Our contention is that the holiday is not in the interest of the business of the town, and the comment we have heard from business men during the past week indicates that we are by no means alone in this opinion. The present easy means of communication with nearby shopping centers, and the strong bids put up by mail-order houses for business, makes it imperative that the local dealer should be always on the job in order to retain his hold on his customers and failing this even for one afternoon a week may mean a loss of ground that will be impossible to regain.

## THE COUNTY NURSE

The recent action of the Municipal Council in discontinuing the services of the district nurse in this county is apparently not meeting with public approval. This action was taken after Wolfville had emphatically agreed that so far as we were concerned the fact that we provide our own nurse should in no manner jeopardize the county work by the withdrawal of our share of the expense. While as yet only in the initial stage it has been fully demonstrated that the work of the district nurse is a most important one, particularly as it affected the conditions surrounding the health of the pupils of the public schools. Through the clinic located at Kentville most effective results have been obtained, the value of which it would be impossible to estimate in its bearing upon the added efficiency of the youthful life of the community. Judged purely from an economic standpoint we cannot but think that this backward step on the part of our municipal rulers is bad business. The Women's Institutes, which have proved most helpful in advancing community progress, the members of which are in a better position than anyone else to appreciate what has been done, were, as a rule, heartily in favor of continuing the district nurse. It is only fair to state that a number of the councillors—including all those representing wards in this vicinity—voted to have the work continued and presented good arguments in support. (The people of this town, who are providing generously for the expenses of carrying on the operations of the V. O. N. here, feel that the expenditure is amply justified and would not consider a proposal to do away with it.

## HOW TO START A FLOWER GARDEN

After the necessary grading is done, decide on and mark out the main walks. These may be grass or gravel at the discretion of the grower. If they are to be of gravel, remove six inches of the surface grass on soil (more if you care to) and replace with gravel. The space assigned to the lawn should be dug over and may be seeded to grass in April or early in May. Assuming there is grass already present and in fair condition, cut it as short as possible and spread over a thin layer of rotten manure and fine soil. If swept about at weekly intervals, this will work in the uneven parts and level the ground.

**A Good Beginning**  
Whether it is intended to grow flowers, fruits or vegetables, the ground should be spaded to a depth of 18 inches at least, or better still, trenched to a depth of 1 1/2 to 2 feet, and rough, strawy manure worked into the bottom soil. With the surface eighteen inches, well rotten manure and bone meal should be incorporated. A good beginning makes all the difference in the ultimate success or failure of a garden.

The next procedure will be to decide where the hedges, if space warrants them, are to be, to separate the vegetable plots from the flower borders and lawn. There are several good evergreens available for this purpose. The Publications Branch of the Department of Agriculture at Ottawa, will supply a pamphlet on this subject on request.

The Japanese rose, *Rosa rugosa*, provides a useful informal hedge. The rambling roses make splendid screens trained to a wooded trellis or skeleton wooden fence, but require winter protection. If the garden is large enough a pergola of roses and other climbers is always an attraction, with perhaps a creeper-covered arbor at one end. The path beneath the pergola may be paved with stones of varying sizes. Failing a pergola, introduce arches and pillars (rough poles eight or ten or twelve feet high) for rambling roses. As the ground will be newly trenched it will be better to defer planting the roses until it settles.

**What Plants to Choose**  
What to plant to secure a permanent, easily cared for home garden is the question of questions. It is a long process to find out for ones self what plants can be relied upon for vigor and perma-

nence. Naturally, locality is one determining factor. There will be few mistakes if varieties locally accepted as hardy and in every way worth while are selected for the foundation of the garden. Kinds which attract because of personal interest or rarity can be experimented with at leisure once we have secured the garden feeling with the trusty, generous, long-serving kinds. Familiarity and commonness are in no sense to be avoided. The plants which have longest served mankind are richest in legend and folk-names and so are most suggestive in the home garden.

**Amateur's Sheet Anchor**  
A border of mixed perennial flowers is frequently described as the amateur's sheet anchor, providing flowers during the spring, summer and fall months both for indoors and out. It depends how much is to be spent in stocking a garden whether quantities of perennial roots should be purchased, or most of them raised from seed. It is not a difficult matter to grow most of the perennials from seed, which, if sown in the late spring or early summer, will produce plants that will flower the following year.

**The First Year**  
The first year the best display of flowers will be from annuals sown under glass during April or outside where the plants are to flower during May. A selection may include Astors, Stocks, Sweet Peas, Zinnias, Clarkias, Godetias, Larkspur, Calendula, Officialis, Cornflowers, Poppies, Candytuft, Coreopsis, Nemesis and Mignonette. To these add bulbs of gladiolus, and the grower will be rewarded by an ample display of bloom during the first summer of his gardening operations.

The reason why some towns grow, remarks the Renfrew Mercury, is simply because there are men of push and energy in them who are not afraid to spend their time and money to booby their town. There's a text or a sermon on Wolfville.

The man who eats as if he had a suction valve in his aëtophagus is no gentleman.

## A "MAN'S MAN"

The London Daily Mail and other English publications are discussing the kind of a man a woman should marry. The opinion that she should marry a "man's man" has started the query what a "man's man" is. A consensus of the answers to this query designates a "man's man" as one who prefers the society of men, likes dinners where men sit after the women have gone, is rarely a dancer, abhors strong-minded women, has little sympathy with the professional beauty, will not persevere in a love affair after a rejection, and centres his affections on one woman.

This is the analysis of the "man's man", and English women frankly admit that they are preferred for husbands to the "woman's man". They can never be so popular with the fair sex as the latter, who are of a more jealous disposition and even more a matter of anxious solicitude after wedlock than before. Then, too, there is zeal in a hunt for a father for her children when a "man's man" is the quarry. Women accept his deficiency as an enterprising lover, and so are willing to go part of the way to meet him. English papers have made a great deal of the controversy. The subject of matrimony is a feminine prerogative, and women delighted to make the most of this opportunity to give their views. The general trend of the pros and cons of the question plainly indicates that the reflective male thinks it absurd that a member of the fair sex should feel for him in any way. There is no enlightenment on this male estimation given by the women, for what they really think of men is as much a mystery as ever. What they want men to believe they think is very easily followed. They are very free in admitting that a "woman's man" is all right at social functions, but as a protector of motherhood and as a breadwinner the "man's man" has their preference.

## FIVE TRAGEDIES

A man struck a match to see if the gasoline tank in his automobile was empty. It wasn't.

A man patted a strange bull dog on the head to see if the critter was affectionate. It wasn't.

A man speeded up to see if he could beat the train to the crossing. He couldn't.

A man touched a trolley wire to see if it was charged. It was.

A man cut out his advertising to see if he could save money. He didn't. Business Magazine.

## THE CANADIAN IS WORLD'S RICHEST MAN

TORONTO, May 10—"If public deposits in banks and loan companies can be taken as a fair indication the Canadian is the world's richest man," said F. A. Hatch, of Hamilton. "These deposits amount to upwards of two million dollars, or \$250 per capita." Mr. Hatch was addressing the annual meeting of the Ontario Branch of the Canadian Manufacturers' Association here today.

## Why A Woman Needs A Bank Book

EVERY woman has some little plan of things she will buy when she has saved enough money. Loose cash kept in your purse soon goes—it tempts you to spend. To save your money for the things you want to buy, you should keep it where it cannot tempt you. Money can be saved more surely and quicker in a Savings Account than by keeping it at home or in your pocket.

# The COUNTRY GENTLEMAN

This series has been a whole year in the making, and Mrs. Caroline B. King, under whose direction it is offered, literally spent months in actual tests and experiments.

My chief reason for calling this series to your attention, aside from its excellence, is to emphasize again that THE COUNTRY GENTLEMAN is for every member of the farm family. First and foremost, its mission is to help farmers make more money; then to make the farm home a better place in which to live. The best part of this service is that 52 issues cost only a dollar—suppose you let me show you a copy and tell you more about this welcome weekly visitor.

TEMPERANCE IN ITALY

A very lengthy and interesting report is published in the "Contro L'Alcolismo" of Milan, detailing the first year's work of the Italian National League Against Alcoholism. A provisional Committee, with Ing. Domenico Pastorello as Secretary, was formed in August, 1921. An appeal was issued to friends of the movement throughout Italy, in response to which large numbers of adherents were obtained, including Senators, Deputies, Lord Mayors of some of the great towns, University Professors, Lawyers, Doctors, Schoolmasters and others. The League was then formally established. The list of subscribers includes seven Provincial Governments, 14 Municipalities, and a large number of scientific and other societies. Nearly 9,000 lire having been subscribed. The report sets out the programme of the League, which includes the absolute prohibition of all distilled liquors and adulterated wines, a rigorous application of the restrictive law of 1913, power to be given to local authorities to frame and enforce restrictions against the sale of alcoholic liquors, protection of the new industry to utilise non-alcoholic products of the vine, and anti-alcoholic education to be given in all public schools, colleges and universities. Professor Dr. Analdi of Florence dealing with the wine consumption in Italy, states:—"The alcoholism which threatens Italy is alcoholism provoked by wine consumption. The action of wine on the human organism is, on the whole, just as harmful as spirits, its social effects are undeniable."—Forward.

ODE TO A PIG

As near as I remember, It was late in last September, I was strolling down the street in maudlin pride, With my heart all in a flutter, I lay down in the gutter, And a pig came up and lay down by my side. While I lay there in the gutter, With my heart all in a flutter, A lady passing by was heard to say: "You can tell a man that boozes By the company he chooses," And the pig got up and slowly walked away.

MERRY MAY

Merry, rollicking, frolicking May Into the woods came skipping one day: She teased the brook till he laughed outright, And gurgled and scolded with all his might; She chirped to the birds and bade them sing A Chorus of welcome to Lady Spring; And the bees and butterflies she set To waking the flowers that were sleeping yet. She shook the trees till the buds looked out To see what the trouble was all about, And nothing in nature escaped that day The touch of that life-giving, bright young May.

CORRUPTION AND JOBBERY IN EVERY DEPARTMENT OF THE PUBLIC SERVICE

(From our Special Correspondent.) Echoes from recent session of House of Assembly, Halifax, May 10th, 1923.—The growing arrogance with which the Provincial Government treats matters generally and particularly the interests of constituencies which happen to have elected opposition members, is becoming more glaring year by year. This is due to a growing sense of perpetual proprietorship acquired from nearly half a century of continuous office holding by a government of one political stripe.

On learning that a liberal government had been in power for nearly 40 years in Nova Scotia, a British Statesman exclaimed: "Is there no public sentiment in Nova Scotia?" If this were the result of well placed confidence it would be a source of congratulation, but unfortunately this is not the case. It is due to a lamentable indifference to the political interests of our own Province and too large a response to graft and political patronage.

The ballot box opens up the vital interests of our Province for practical considerations, and these interests should be considered before everything else. Our great need is the enthusiasm of practical living moving men to cope with the great problems of industrial commercial and social progress in a practical living moving world. The sane sober minded men and women of Nova Scotia cannot go on allowing the interests of this Province to be sold and resold for a mere mess of pottage.

One of the many illustrations that might be cited, of the disregard of the Provincial Political Machine for anything but party advantage was brought to the attention of the House of Assembly by Dr. LeBlanc of Richmond.

On the announcement sometime ago that the Government was going to establish a ferry service from Mulgrave to Port Hawkesbury a petition was sent from the people from Richmond County asking that this ferry should make a landing at Point Tupper for the accommodation of Richmond County travellers. This would meet a much felt need and be a great source of convenience and a saving in time and money to many inhabitants of Richmond County. But this county was evidently black listed by the government for the unpardonable sin of having elected two opposition members.

This would have been an easy and comparatively inexpensive request to have granted as the old Dominion Wharf located at Point Tupper could be utilised and could be put in repair at very little cost.

Dr. LeBlanc drew the attention of the House to irregularities in awarding the contract for the construction of the new ferry wharf at Port Hawkesbury. After inviting estimates without giving plans or specifications the contract was finally awarded to the nominee of the local member at Hawkesbury as another bit of political patronage. The Government Creamery there which was built at a cost of some \$50,000 serves the impor-

tant purpose of helping to swell the dividends of the Harris Abattoir people. Dr. LeBlanc also stated that the whole ferry system of Nova Scotia should be reviewed. This service had become a glaring system of graft. He knew of individuals paid for operating ferries who did not even have a vote and had not ferried a single passenger for years. He said that the Highways Board had undertaken the direct supervision of some ferries, not from motives of efficiency and economy but to get more direct control over the patronage. Men were being kept on where bitter complaints had been lodged against the operators by the public.

The first enquiry of the political machine is not, what useful purpose to the public can be served, but what party advantage can be gained. When the elections are over a real government looks upon itself as representative of the material interests of the whole people. Not so with a machine administration—party expediency stands before everything else.

A PLEA FOR BIRDS

Ere long we shall have the return of the birds of warmer times who leave us in Winter and it is therefore in order to put in a plea for their better protection while with us. It is unaccountably strange that man is the birds' worst enemy. He should be their greatest protector and friend—because he is their greatest beneficiary. For both aesthetic and financial reasons, birds should be protected, but as the latter mentioned reasons have most weight with many of those most responsible for the destruction of our feathered friends, this plea is based upon the financial grounds for their preservation. Over a half billion dollars' worth of farm and forest products is destroyed each year by insect pests. Timber interests lose a hundred million; cotton planters sixty millions, and the grain crop suffers a loss of two hundred million dollars. These are Government figures and demand consideration! Birds can prevent this huge loss if given a chance. One insect-eating bird consumes at least one hundred of these pests daily. A chickadee averages more than 300 insects a day; a tanager destroys large numbers of gypsy

moths, a night hawk kills over 70 grasshoppers in a night, many birds destroy the army worm, blackbirds average 35 cut worms daily, and martins feed on thousands of mosquitoes. A pair of brown thrashers will destroy over 50,000 insects in a Summer, and a pair of cedar birds are estimated to have destroyed 12,000 canker worms in three months' time. One can see the economic value of insectivorous birds. If many could be persuaded to befriend the birds,

life would be brighter and money saved as well. But birds are being killed at an alarming rate! Cats are the worst offenders. Snakes probably come second. Other animals kill a great many others, while owls and hawks do a world of harm. If you do not help to conserve bird life you fail to encourage free labor; if you are a farmer and kill birds you rob yourself of money!

Why You Should Use a Mild Soap. Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly. In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses. Artful application of rouge and powder may lend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation! You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt. Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose. You can buy Palmolive Soap at all first-class dealers. Palm and olive oils—nothing else—give nature's green color to Palmolive Soap. Made in Canada. Volume and Efficiency Produce 25-cent Quality for 10c.

HANTSPORT NEWS

**Capt. G. W. McBurnie**  
The demise took place at Vancouver, B. C., after a short illness of pneumonia, of Capt. G. W. McBurnie, at the age of 60 years. The deceased had many friends in Hants Co., having formerly resided at Avondale, who will regret to hear of his passing away. Capt. McBurnie was a master mariner, having followed the sea practically all his life, until about twelve years ago, when he retired at Vancouver. The deceased was very highly respected. His genial and kindly disposition won him many friends. He is survived by a step-mother in Boston, two half-brothers, Clyde in Boston, Bertram at Avondale, and a half sister in Boston. Mrs. Regina Mosher, of Hantsport, is an aunt.

A most enthusiastic business meeting of the Hantsport Women's Institute was held at the home of Mrs. Asa Newcombe on Friday afternoon with a good attendance. The President, Mrs. W. K. Sterling, presided. Owing to the absence of the regular Secretary, Mrs. Perry acted as Secretary Pro tem. A number of communications were read and discussed, one being from Miss Walker, Red Cross Commissioner, Halifax, also one from Miss Campbell, the Hants Co. nurse, who through the efforts of the Hantsport, and other Hants Co. Institutes, has been provided with a set of travelling school scales, which she has received and is using with great satisfaction. It was moved and seconded that the week, beginning Monday, May 21st, be observed as clean-up week at River Bank Cemetery and notices be posted in different parts of the town to that effect. Motion carried. The sewing meeting was postponed until the 1st Friday in June. After the transaction of business, a most interesting programme was carried out. The theme for the entertainment part of the meeting being "music"; short sketches of different composers were read. A paper on "Music and some Eminent Composers" was prepared and read by Mrs. W. A. Bradshaw. The subject for the June meeting will be "Canadian Citizenship", when there will be papers and readings on that theme.

The Annual meeting of the Hantsport Tennis Club was held on Thursday evening, and the following officers elected:  
**President**—Dr. Shankel  
**1st Vice-Pres.**—Miss Marguerite Lawrence  
**2nd Vice-Pres.**—Mr. A. A. Kirkpatrick  
**Secy-Treas.**—Mr. Jacques  
**Executive Committee**—Misses Muriel Frances, Bieco Davison, Foye Perry, orothy Bradshaw, May Holmes, Phyllis Davison, Mary Beckwith, Elsie Perry, Messrs. C. Davison, N. Forsythe, N. Smith.

**Grounds Committee**—R. Churchill, R. Yeaton, C. Davison, E. Pentz.

The Annual meeting of the Women's Auxiliary of the Anglican Church was held at the home of Miss E. A. Smith on Tuesday evening, when the following officers were elected for the year:  
**President**—Miss E. A. Smith  
**1st Vice-Pres.**—Mrs. E. Lester  
**2nd Vice-Pres.**—Mrs. R. F. Burns  
**Treasurer**—Mrs. F. A. Coffil  
**Secretary**—Mrs. C. S. Chesley  
**Dorcas Secy**—Mrs. A. Stevens

The Rev. Dr. Bullock presided over the meeting.

Miss Violet Churchill is quite ill at her home here. Dr. Mathers, of Halifax was in attendance. Her many friends hope she may speedily recover.

Much interest is being manifested in the Evangelistic services conducted by the Rev. Dr. Sides, assisted by Mr. D. Card as musical director. Last week Dr. Sides delivered a series of discourses, in which great interest was taken. On Sunday evening he addressed a large audience. It being "Mothers Day," the theme of his eloquent discourse was "Mother". Special music consisting of a male Quartette, Trio and Solo was impressingly rendered.

Miss E. Hume was in attendance at the meeting of the Maritime executive of the United Baptist Women's Missionary Union in St. John last week.

Miss Louise McCully, missionary to Korea, who is spending a furlough at her home in Truro, spent Friday with friends in Hantsport.

The Hantsport Junior Basketball team played the Windsor Juniors in their gymnasium on Wednesday, which resulted in a victory for the home team 23-20. On Thursday evening a return game was played at Hantsport when the home team won, 41-23. Mr. Maurice Smith refereed.

Mr. and Mrs. A. DeWitt Foster, of Chicago, formerly of Hantsport, were pleasantly entertained with the "Acadia Bunch" at the beautiful home of Mr. and Mrs. F. Barnaby, Chicago.

Misses Foye Perry and Annie Coffil, Kings College Students, are spending their vacation at their respective homes.

**"MONTE CRISTO"**  
Written by Alexander Dumas

A story known to the whole civilized world The "Man of Mystery" is the most fascinating character known in the history of fiction. Monte Cristo reaches the level of epic grandeur.

Monte Cristo, as a fiction character, has often been compared to that other child of destiny, the great Napoleon. But unlike the little Corsican his star never waned. A humble, loving, God-fearing young sailor, foully betrayed by his jealous friends and thrown into a vile dungeon in the Chateau D'If there to rot his young life away, we witness the miracle of his escape, and behold him next as the possessor of the world's greatest wealth.

Mrs. Orpin, of Cambridge, who has been spending the winter at Wolfville at the home of her daughter, Mrs. S. P. Benjamin, returned home on Sunday last. Mrs. Orpin is now ninety-nine and a half years of age, and although in somewhat feeble health promises to reach her hundredth birthday. Her daughter Mrs. Huestis, accompanied her home.

Orpheus Lodge, No 92, I. O. O. F., celebrated the 104th anniversary of the Order on Sunday morning last by attending service at St. John's Church. About sixty members of the Order marched from the Lodge Room at 10.30 accompanied by the Wolfville Band and together with the congregation gathered, taxed the seating capacity of the church to the limit. The Rev. R. F. Dixon delivered the address. F. C. Bishop gave a well rendered solo during the service.

The opening of "The Little Shop" at the corner of Main street and Linden avenue on Monday afternoon caused more than a flutter among the feminine population of Wolfville. There was a general turn out of the fair sex to inspect the pretty things in the way of ladies' apparel displayed, and the proprietors found their stock much admired and eagerly sought after. This institution bids fair to continue to be a favorite place of resort and is pronounced by patrons as a real addition to the attractions of the town.

**KINGSTON'S ANNIVERSARY**  
Q—What is the age of Kingston, Ontario?  
A—The City of Kingston will celebrate, in 1923, the 250th anniversary of its founding by the French who erected Fort Frontenac.

**ACADIA**  
Q—Where and what is Acadia?  
A—Acadia was the name given by the French to Nova Scotia in 1604. It was changed to Nova Scotia in 1621 by James the First of Great Britain.

**DYKE LANDS**  
Q—What are Dyke lands and where are they found in Canada?  
A—Dyke lands are common in the Maritime Provinces, chiefly on the Bay of Fundy. They were first built by the early French or Acadians two hundred years ago, by means of which thousands of acres of fertile lands were reclaimed and still yield their harvests.

**ANTELOPE**  
Q—Where is Canada breeding antelope?  
A—The Canadian Government has a herd of 100 antelope at Nemiskam, Alta., making the most successful experiment known of breeding them in captivity. The last herd at large numbers only 300 and they are rapidly disappearing.

**TOURIST TRAFFIC**  
Q—What is the extent of tourist traffic in Canada?  
A—The value of tourist traffic in Canada was estimated to be \$75,000,000 in 1920 and it has greatly increased since then. The Customs reported nearly 100,000 motor cars entering Canada in 1920 and this number has also largely increased.

**THE BLUE NOSE**  
Q—Why is a Nova Scotian called a Bluenose?  
A—A Nova Scotian is called a Bluenose, it is said, after a potato, as stated by Judge Haliburton in his Sam Slick books. Another and less likely reason is that blueness of nose arose from the winter cold.

**CANADA'S MILLION ACRE FARM**  
Q—Where is Canada's Million Acre Farm?  
A—Canada's Million Acre Farm is in Prince Edward Island of over a million acres of arable land, eighty per cent. of the population living on agriculture direct.

**CANADA'S WHEAT PRODUCTION**  
Q—Where does Canada stand in wheat production in comparison with the rest of the world?  
A—Canada now has risen from third to second place among the wheat-growing countries in the world, the United States coming first. Canada's wheat production in 1921 of 263,000,000 bushels showed an increase of 70 per cent in 10 years.

**CANADA'S CROP ACREAGE FOR 1922**  
Q—What is the estimated crop acreage in Canada for 1922?  
A—The estimated area under crop in Canada in 1922 is 56,392,960 acres—3,000,000 less than in 1921.

**PANAMA CANAL SHIPMENTS FROM CANADA**  
Q—Does Canada use the Panama Canal and in what way?  
A—Canada uses the Panama Canal, among other ways, for the shipment of wheat from Vancouver to England. Two million bushels were shipped in 1921 to England and the same quantity to Oriental ports. Shipments increased to over seven million bushels up to June 1922 to England and the same quantity to the Orient.

**DEEP SEA COAL MINING**  
Q—To what extent is deep, or under, sea coal-mining carried on in Cape Breton?  
A—No less than seventy per cent of the coal now being mined in Nova Scotia and Cape Breton comes from under the ocean, the distances under the sea ranging up to two and a quarter miles from the shaft at the shore.

**AREA SOWN TO GRAIN**  
Q—What is the estimated area sown to grain in 1922 in Canada?  
A—Over 57,000,000 acres were sown in 1922 to grain and root crops, potatoes and hay, a million acres less than in 1921.

### USELESSNESS OF THE DEPARTMENT OF INDUSTRIES AND IMMIGRATION

(From our Special Correspondent.)  
Echoes from the Press Gallery, recent session of House of Assembly.—When the report of the Department of Industries and Immigration was brought down, it was analyzed by Dr. LeBlanc, the Member for Richmond, and formed the basis for some humorous sallies.

This is really the joke book of the Government. Each year brings forth its gems of grotesque humor. Last year the Secretary's special feature was to absolve the Provincial Government from the responsibility of imposing upon the people direct taxes for provincial purposes, fixing the blame on the Federal Government, although some other departments have since tried to divide the honors with the Municipalities.

In the first page of the report a brief summary of the activities of the Federal Department of Industries and Immigration is given with a forecast for the coming year. The paucity for his own department evidently made it necessary to go far afield for material to report on.

The second page of the report starts out like a stock market bulletin with a disquisition on the fluctuations in the exchange on the pound sterling and the possibilities of its stabilization as a factor in future immigration. Reference to this feature was a source of amusement to the House when it was realized that the average immigrant had not enough pounds sterling to be seriously hampered by the fluctuations in exchange.

A careful survey of the report failed to reveal any specific information as to how many immigrants had actually been brought to Nova Scotia by the Provincial Department of Industries and Immigration. When asked by Dr. LeBlanc concerning this Mr. Cameron, the Provincial Secretary, who is the head of this Department, acknowledged that he did not know as they were not

able to segregate their work from that of the Federal Department but were "TRYING TO GET IN TOUCH WITH THIS". Dr. LeBlanc to the amusement of the House, pointed out the incongruity of their position in connection with the expenditure of \$20,000 of the people's money on this department. Dr. LeBlanc suggested that some other disposition should be made of the Secretary of the Department of Industries and Immigration as it was useless as it existed at the present time and the Government had not now and never had an effective policy of Immigration for Nova Scotia.

Dr. LeBlanc also drew attention to an item of \$1135 paid to one A. H. Cullen as Immigration Farm Inspector, and wanted to know what service had been rendered for this amount. The only explanation given by Mr. Cameron, the Honorable Provincial Secretary was that his services had been dispensed with. It was not stated however, whether it was that day or the day before. On further questioning it was found that this Farm Inspector was off and on by the day and that his services had only

Minard's Liniment for Falling Out of Hair.

been temporarily suspended. It was evidently a sort of an "off again, on again" service, but more frequently on than off.

Another matter in this Department drawn to the attention of the Provincial Secretary Mr. Cameron, was the case of Moses Nickerson who was in Boston and drawing a salary of \$1200 a year from the Department and at the same time was said to be in the employ

of a private company. The political machine in charge of the affairs of this Province for so long, has been able to get off with so much waste and graft that they have become callous to all criticism. Nothing but the ballot box will ever make any impression.

**PICKED UP ON THE ROAD**

Remember that a coat of varnish takes several months to harden properly and so exercise great care to avoid scratching it. Do not let mud dry on it but wash off immediately. Be careful that the sponge is clean and use it as little as possible. Flow the water against the mud and remove it that way. One of the causes of a spoilt finish is the habit of dusting the car with a cloth. This picks up the dust and grinds it into the finish.

When struggling with a balky engine keep in mind the four conditions necessary for an engine to start: Carburation—the correct mixture of gasoline and air to produce the explosion; Ignition—a hot spark in each cylinder at the proper time to produce the power stroke; Compression—no leakage of the compressed gas from any part of the combustion space; Lubrication—every part properly oiled and free to move. Bearing these four in mind and working to eliminate them one by one the trouble will finally be found and remedied.

Never fill the oil reservoir above the proper level.

Many car owners are finding that oil cups may be substituted for the grease cups commonly used in many locations on the chassis, with eminently satisfactory results. The oil cup need be filled but once a month, perhaps, and it needs no turning down to perform its function. However, where the grease cup, mounted horizontally, and the oil cup is to be substituted, some sort of connection will be needed to keep the oil cup straight.

If the sliding member of the clutch is rusty it will give the effect of a grabbing member. The rusted portion will prevent the clutch's engaging gradually, holding for a fraction of a second and thus forcing a quick engagement. The operator often believes that the trouble is due to poor facing or worn engaging members.

When the cross pieces of the anti-skid chain break, so that the chain strikes against the fender in passing, it is poor practice to wire the broken pieces across the tire, as the wire will quickly be worn through. By wiring under the felloe a more permanent repair will be assured.

A small leak or crack in the water-jacket, cylinder or cylinder head of a gas-engine can often be remedied thus: Put a handful of sal-ammoniac into the water. Run the engine till water boils, then drain. This will rust shut the leakage.

Spare tubes should be carefully rolled up flat, the interior valve parts having been removed, so that all the air may be forced out. The valve parts should then be replaced and the tube packed away in a grease-proof bag containing a good sprinkling of French talc. Extra casings should be kept in a good tire cover, protected from light, sun and dust.

Never let mud dry on the car if you can help it. Play a gentle stream of water from a hose on the mud until it falls away and leaves the surface free.

Gasoline can not only drive a car at terrific speed—it can reduce it to a mass of molten metal. A leaky connection—a short circuit or hot engine—the car is enveloped by fire—the gas tank explodes. It will pay you to repair a gas leak at once.

There are other common causes of fire, some of which cannot be easily detected. Even a minor blaze in your car or garage means an outlay of cash for repairs. It is wise to insure your car against such loss.

If a hose is not available, then use a small, compressed-air sprayer or sponge. In using a hose, play the stream so that it will not strike the mud spots directly, but from the side. In other words, begin, say, at the end of a fender and work toward the other end. This plan will remove the mud much more quickly.

**RISKS IN DRIVING MOTOR CAR ARE ON INCREASE**

A pamphlet, distributed by one of the large insurance companies, contains several reasons why automobile insurance has assumed more importance recently. These are:

The great increase in the number of automobiles, many of which are driven by incompetent drivers. This increases your chance of having an accident.

Cheap cars. Automobiles can be bought for as low as \$50. Many owners of cheap cars are financially irresponsible. If you were involved in an accident with one of them, you might have to pay, even though not responsible.

The suing habit. The man who formerly regarded an accident as his personal misfortune now looks around to see whom he can collect from. If an automobile kills or injures someone, or damages his property, a damage claim is practically inevitable.

Automobile insurance protects everything you own, your home, your bank account, your business and personal property, and your car. What is yours to-day may belong to some claimant tomorrow—unless you are insured.

The rising height of jury verdicts. Ten years ago \$5,000 was considered a large damage award; to-day \$50,000 is not exceptional.

The doors that swing before you too often lead to those that swing behind you.

**NEW YORK TO PEKIN**

We are going to fly from New York to Peking in 65 hours, according to Brigadier-General Mitchell, chief of the United States army service. The time for this most marvellous of journeys is so near at hand that the route has been organized, the cost for each passenger fixed at \$1,200. Within the time of the present generation such a prediction would place the predictor under observation, with the psychopathic hospital as the possible landing field.

But all that is of the time before the advent of modern miracles. The insane proposition of a few years back is the same proposition at this time. The confidence of the army man in the certainty of this adventure is so assuring that he has included in his air-transit plan four stops: one at Winnipeg, Can., another at Nome in Alaska, a third near Amur River in Siberia, then Peking itself. The wonder of this voyage is beyond even anticipation. Over the Canadian Rockies, across the Yukon, then over the Bering Straits and that vast desolation, the Siberian desert, then across the great Chinese wall and into the city of the Manchus. All barriers overcome at last.

What a change from the days when intrepid and determined men gave years and many their lives in their heroic efforts to open inaccessible sections of the world to civilization. Tibet cannot for long remain a mystery. Neither can the North Pole be kept from summer tourists. The world will in due time be made a neighborhood, a sort of backyard for community occupancy. The thrills of opening new lands must give way to a better known world. The average man, say less than 50 years hence, can, if he but so wishes, put a time-table in his pocket, pack his suitcase and take a couple of weeks' vacation in circling the earth.—Boston Post.

**Six Reasons Why You Should Buy a Studebaker Light-Six**

- Sturdiness**—The sturdy construction of the Studebaker Light-Six has been positively proved by more than 500,000,000 miles of service in the hands of 100,000 owners.
- Economy**—The fuel economy of the Light-Six has been conclusively demonstrated by 27 world-wide tests, which established an average of 26.9 miles to the gallon of gasoline. Economy of maintenance is further emphasized by Studebaker's repair parts sales, which in 1922 averaged only \$13 per car in operation.
- Performance**—In its six-cylinder engine, there is an abundance of smooth, overlapping power—Instantly responsive to the touch of the throttle. Vibration is practically eliminated at all speeds through machining the crankshaft and connecting rods on all surfaces.
- Comfort**—Light-Six springs are long and flexible. Seat cushions are 10 inches deep and upholstered in genuine leather. The Light-Six touring car is as comfortable as that favorite chair in your sitting room.
- Refinements**—The beautiful body is all steel, even to its framework. There is a one-piece rainproof windshield, with cowl lights set in the base; quick action cowl ventilator, thief-proof transmission lock and a number of other unusual refinements.
- Reputation**—For seventy-one years, the Studebaker name has signified sterling craftsmanship and honest value. The Studebaker reputation is your assurance of absolute satisfaction.

## PORT WILLIAMS AND VICINITY

Miss Irene Gates is the owner of a new "Star" roadster.

Mr. S. L. Gates has purchased a new "Studebaker" car.

Mr. H. R. Holding, left for Vancouver, B. C., on Thursday morning.

Mr. Chas Wood is taking a holiday, leaving on Thursday morning for Montreal, and intends visiting other cities in the West before returning home.

We are sorry to report the illness of Mr. Marsden K. MacKinnon, head plumber at J. W. Harvey's. We understand he will not be able to work for several weeks. Let us hope for his speedy recovery.

On Wednesday evening, at Citizens Hall, there was a great rallying together of "Boy Scouts". Mr. Percy Brown, Scoutmaster of Wolfville, accompanied by Mr. Eamon, of Halifax, who is chief scoutmaster for Nova Scotia, were in attendance. Mr. Eamon gave a very interesting talk to the boys, and showed many good lantern slides, which always attract the young folk. Mr. Brown also showed several pictures. The boys are very fortunate in having Mr. Robie Murphy, their old scoutmaster, back again, and it is through the efforts of scoutmaster Murphy that the meeting of Wednesday took place. Let us encourage this work all we can for it means much to our boys.

We understand Henry Harris, of Belcher Street, has purchased a Chevrolet car.

Miss Parks, of Halifax, spent the week end with her friend Miss Clare Cogswell, Belcher Street.

Mrs. Fannie Starr, of Halifax, is visiting her brother, Mr. Dexter Collins.

Mrs. J. Gilman (nee Greta Harvey), of Haverhill, Mass., is visiting her parents, Mr. and Mrs. J. W. Harvey.

Mr. H. R. Holding's Sunday School Class (The "Diggers") presented him with a genuine leather belt, with silver buckle, also a pair of invisible suspenders, on the eve of his departure for the west. These boys are between the ages of nine and twelve years, and in this way showed their appreciation of his teaching, also his comradeship, as he was beloved by all.

Mrs. Margaret Newcombe, Church Street, is visiting her brother, Mr. Foulis Newcombe, Belcher Street.

Miss Annie Morine, of Halifax, spent the week end with her parents, Mr. and Mrs. Byard Morine, Church Street.

Everett Beckwith, of Hantsport, spent the week end with his cousin, W. Henry Cogswell, Belcher Street.

Mr. Owen Burbridge, of Church Street, has sold his farm to Mr. McCabe, his son-in-law, of Haverhill, Mass.

Mr. and Mrs. Oscar Chase and their daughter Mary, accompanied by Miss Allie Burgess, went to Halifax last week to attend the closing exercises of Dalhousie. Mr. and Mrs. Chase were especially interested in the exercises this year, since their daughter Margaret was one of the graduates in medicine. Miss Margaret, now an M. D., has received an appointment in Halifax, and after a few week's well earned vacation will return to resume her new duties. We offer congratulations, and wish her every success.

Mr. Herman Porter, one of Mr. O. Chase's tenants, has purchased a farm at Perea and is moving this week.

On Sunday, May 13th, a very impressive sermon was preached by our pastor, Rev. O. N. Chipman, about "Mother" and the influence a Mother's life and actions have upon their children's future. An anthem, "I'm wearing a Flower, for you, Mother, today" was beautifully rendered by the choir and the verses of "Tell Mother I'll be there" were effectively sung by Mrs. H. C. Burbridge, and the choir joined in the refrain.

Mr. J. E. Winning, of Birmingham, Alabama, who has experienced some of our unusual winter weather left for Ontario where he will spend several days.

Justin E. Gates, who has reopened the branch co-operation of S. L. Gates & Son, Middleton, beginning the season's work, was home for the week end.

Gordon Eaton, of the staff of the Royal Bank, spent the week end with his parents, Mr. and Mrs. Walter Eaton.

### Lower Canard.

A few from here enjoyed the splendid music and service given in the Methodist Church, Canning, Sunday night.

Miss Althea Faulkner has been spending a few days in Kentville.

### CANNING NOTES

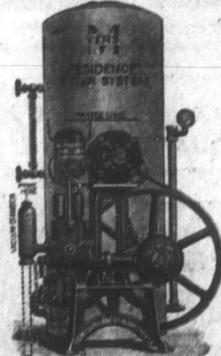

Canning lost a much prized homemaker and mother on Thursday, May 10th, in the person of Mrs. Richmond W. Kinsman, who succumbed to a sudden attack of pneumonia, and was laid to rest on Sunday at the Hillaton Cemetery from the Kinsman residence, Upper Canning. The Rev. T. W. Hodgson, assisted by the Rev. G. A. Logan, conducted the services, the pall bearers being C. E. Kinsman, P. L. Rand, R. D. Eaton and N. W. Eaton. Mrs. Kinsman, who was the youngest daughter of the late Geo. E. Eaton, leaves, beside her husband, one son R. S. Kinsman, of Medford, one daughter, Miss Millie-cent, now at home, three grand children at Medford, one grand child, daughter

of her son the late Everard Kinsman, of Ontario, one sister Mrs. W. H. Newcombe, of Massachusetts, and one brother, George Eaton, of California, as well as a large number of sorrowing friends, who will never forget her uniform friendliness and helpfulness.

The Anniversary Services of the Methodist Church held on Sunday were largely attended and brought from the Pastor, the Rev. T. W. Hodgson, two eloquent and enjoyable addresses. A very pleasing feature of the morning service was a solo by Mr. Fred S. Bennett, and of the evening's a solo by Mr. Bennett and a duet by Mr. Bennett and Mrs. W. R. Dickie.

Mrs. E. H. Johnson met with a severe accident through a fall on the stairs at her home on Monday. At first it was thought that the injuries were of a serious nature but this fortunately proved not to be the case. A most popular lady, her many friends are glad to learn that she is recovering.

## PASSING OF CANNING WAR VETERAN

Loran Glen Blenkhorn, oldest son of Mr. and Mrs. L. F. Blenkhorn, of Canning, died at the N. S. Sanitorium, Kentville, on Tuesday evening, after a brave but unavailing fight for life.

At the beginning of the Great War the deceased was just out of school. He enlisted in the fall of 1914 with the 25th N. S. Batt. and went overseas the following May. After the usual training in England he went to France, where he did excellent service and was mentioned in despatches. He was wounded and gassed and his early death was unquestionably the result.

While at Bramshott in June 1918 he was married to Miss Gladys Hale, of England, who accompanied him back home at the close of the war. He farmed a time in Western Canada, returning to Nova Scotia some two years ago, and developed lung trouble which in spite of every effort terminated in his decease at the early age of twenty-seven. The heartfelt sympathy of the entire community goes out to the bereaved wife, parents and family.

### WATTS-MAYNARD

CANNING, N. S. May 12—A quiet wedding was solemnized at the Methodist Parsonage on Wednesday, May 9, Rev. T. W. Hodgson, officiating, when Mrs. Amelia Maynard, of Lancashire, England, became the bride of Ernest James Watts, of Port Williams, formerly of Somerset, England. Both bride and groom were unattended. Captain Parry and Captain Ross of the Salvation Army Corps, Kentville, attended. After spending a few weeks in town, Mr. and Mrs. Watts will reside in Port Williams.

### AVONPORT NEWS

Mr. Bert Smith, who has been the guest of his sister, Mrs. Brenton Borden, for the past month, left on Monday of this week for Moose Jaw.

Capt. C. O. Allen, of Halifax, Mr. James Allen, of North Grand Fre, and Mrs. Crichton, of Berwick, were in Avonport last week on business in connection with the settling of the estate of the late Miss Martha Allen.

Miss Cora M. Walsh, of Kentville was the guest of her mother, Mrs. H. N. Walsh, for the week end.

Miss Ora Wood, R. N., who underwent a slight operation in the Payzant Memorial Hospital Windsor, is so far

recovered as to be able to return to her home. She spent part of this week with Mrs. Fred Borden for whom she has been caring for the past nine months, leaving for her home in Harborville on Thursday morning. She has made many warm friends here who greatly regret her departure.

Miss Minnie Brooks spent the week end in Hortonville guest of Mr. and Mrs. H. D. Fuller.

Mrs. Geo. Pye and daughter Alice of Scheffeld Mills, spent a few days of last week with Mrs. Pye's mother Mrs. D. Fuller.

Mr. A. B. Cox spent the week end in Middleton guest of his father, Mr. Geo. Cox.

Mr. Arthur Lockhart, of the barge "Hamburg", spent a few days of last week at his home.

Miss Marion Lockhart, who is attending Wolfville High School, spent the week end at her home here.

Mr. Geo. H. Hutchinson, Jr., of Halifax, was the guest of his father-in-law, Mr. Walter B. Hutchinson, of Lockhart-

ville, for the week end. Mrs. Hutchinson and little son Donald are spending several weeks with her parents Mr. and Mrs. Walter B. Hutchinson.

Mrs. Edward McDonald returned to her home in Falmouth last week after spending several days with her mother, Mrs. David Fuller, and son Mr. Russell McDonald. On her return home she was accompanied by her little grand-daughter, Miss Elizabeth McDonald.
