SIR LEONARD TILLEY TO VISIT

FREDERICTON. It is indeed a great pleasure for us to contemplate that in a few days we are likely to have the Finance Minister of Canada pay us a visit and look in on our work-shops and factories. How long Sir Leonard is likely to remain we do not know, and how many or what manufactories he is likely to call at during his visit, would be just as difficult for us to say. It is more than likely, though, he will stay three or four days, during which time his spare moments will be few. There will be several people hovering around him to pour few, no doubt, to tell him of some imaginary grievance. Then there will be those who have not "laid eyes" on him since Canada made him her Finance Minister, and the Queen one of her trusty krights: and these will want to shake hands with him, and have the pleasure, if not indeed the honor, of talking with him, Sir Leonard will likely pay a call to the Gibson Leather Factory and perhaps to the Fredericton Leather Company's Establishment. He will look in, quite likely, on Messrs. McFarlane, Thompson and Anderson, whose foundry ranks among the first in the Dominion. Some of our sleigh and carriage dealers may be honored with a call, and

tical chat with the Finance Minister. No doubt Sir Leonard's triends will make him welcome and comfortable when he comes here, but it occurs to us that in a city rike Fredericton, where he

IRELAND AND ITS GRIEVANCES.

WE were born on sea, we have been told, and consequently belong to every nation, tribe and tongue. Had we had our will, we should have preferred to have been born in some primitive locality where no other genius existed. We expressed our opinion a short time ago on the subject of Ireland's troubles, and the facts which have since been manifested only prove what we then said. Some in their simplicity wished to impress us with the idea that

we didn't know anything about the country. We were impressed with the conviction that we knew more about Ireland than they did. They saw only one side of the picture; we had seen both sides.

We have read and heard of many means whereby the good people of Ireland are to be relieved of the tyranny and thraldom of ages: this last is the most agrarian and nonsensical of them all. Did we enter into a critical analysis of the hereditary right to property. either in Europe or America, it would be interesting to know what would be the claim of the present proprietors. Would they have any other than the right of possession?

As we said before, we simply reject the mode adopted as too wild and extravagant. No rational man can ever approve of it, however he may love his country and desire a redress of its see how we would like to have the sam principles applied to ourselves: for what is equity in one country ought to be equity in another. JEFF. DAVIS ONCE MORE.

We regret to have to announce tha the Jeff. Davis who figures in "that song" is not dead, as announced in a late number of the STAR. We have been twitted right and left with our mistake by critics of every grade and sex. Some of those who thought, it most "stupid' if asked if they had read Romeo and Juliet, would likely tell you "Well, yes, I read Romeo, but I intend starting at Juliet soon," and some others of them who could tell you that " Jeff " Davis had no "C" to his name, could not tell on but William the Conqueror was the polite name for the man in the mon But the larger number of the "critics" likely never heard of either of the Jeffs at all, and only heard some one else criticize it. JACKSON ADAMS,

CONSUMPTION

IS A FACT ATTESTED BY THE HICHEST MEDICAL AUTHORITIES IN THE WORLD. A careful observance of the laws of health, and the systematic and persistent use of **Scott's Emulsion of Cod Liver Oil** with **Hypophosphites of Lime and soda** will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly nulatable, and acceptable to the most delicate stomach, and we make the unqualified statement that **Scott's Emulsion** is being used with better results and endorsed and prescribed by more physicians for Consumption—and the dispases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anaemia. General Debility and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet is truly marvellous.

See What Physicians and the People Say About It. Messrs. SCOTT & BOWNE: 66 West Thirty-sixth Street, New York, September 2, 1876. GENTS,—I have frequently prescribed Scott's EMULSION OF COD LIVER OIL with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and consumptive cases, palatable and consumptive cases, palatable and consumptive cases.

Messes. Scott & Bowne: —Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Нурорновритев and found it a most valuable prepara ion, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.

A. H. SAXTON, M. D., Baltimore.

MESSRS. SCOTT & BOWNE:—Gentlemen,—Within the last two months I have fairly tried SCOTT'S EMULSION OF C.D LIVER OIL with HYPOPHOSPHITES, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my noice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.

December 10th, 1878.

Yours truly,

J. SIMONAUD, M. D., New Orleans, La.

Messers. Scott & Bowne:—Gentlemen,—In September, 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of lie and was an object of pity to all my finends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I afterwards bought a dozen bottles, with the following results: Coughs subsiding, night sweats stopped, appetite returned, pains in spine disapt eared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicing since commencing with your Emulsion ashall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, "What cureu you?" and I answer, "Scott Blaukision of Coo Liver Oil., etc." I have a friend who has not spoken aloud for 15 months, and he is getting better. I gave him a bottle and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and shall do all I can'to make known your valuable medicine.

January 20th, 1879.

Messes Scott & Baware.

MESSRS. SCOTT & BOWNE:—

About the 25th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no or who saw me thought I could live longer than a few weeks at most. I could retain nothing on my stomach and was literarly starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commence mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
