FREE A BEAUTIFUL "CHEVROLET" TOURING CAR

This Splendid Motor Car will be Awarded as First Prize in The Advocate's Second Big Voting Campaign which is just beginning

The "Chevrolet" (pronounced "Shevroalay") motor car has been aptly called the "wonder car." It deserves such a designation. The price of the car delivered at Newcastle, by The Lounsbury Co., Ltd., the New Brunswick distributors, is \$710. Never before has such a complete car been made to sell at such a price.

The "Chevrolet" (pronounced "Shevroalay") motor car which will be awarded as first prize in The Advocate Voting Campaign, is known as model "Four-Ninety"—a five-passenger touring car carrying full automobile equipment. It has a mohair tufted top; envelope for the top and side curtains; electric horn, clear vision ventilating wind shield; speedometer; electrical starting and lighting system; ammeter and license brackets.

The "Chevrolet" is a Complete Car

The "Chevrolet," as the above description shows, possesses many features found only in high priced cars.

The "Chevrolet" has the following exclusive features and differs in many respects from all other automobiles, irrespective of price.

The "Chevrolet" has shock absorbing, duplex front springs and is the easiest riding car for its size in the world.

The "Chevrolet" has a self-lubricating clutch collar, eliminating clutch collar troubles, such as friction, heating and wear.

The "Chevrolet" has the rear wheel bearing carried on the wheel hub, just the reverse of the ordinary construction, the bearing being three times the size used in ordinary axles. This extra large bearing carried in the axle housing takes the load—the axle shaft carries no load.

The "Chevrolet" has a compound steering gear, composed of spur gears and sector, attached to body, simplest and safest ever invented. It is adjustable for wear.

The "Chevrolet" has a unit power plant carrying transmission on open brackets which gives accessibility to clutch and allows removal of transmission, if necessary, in twenty minutes.

The "Chevrolet" has a special brake arrangement, which insures powerful, quick acting and smooth brakes. Emergency brake internal contracting.

The "Chevrolet" does not have a single hinge joint to squeak or a spring shackle to rattle and only six grease cups will be found on the entire car.

The "Chevrolet" is powerful and light running. The "Chevrolet" is made in graceful lines and is a beautiful motor car.

The "Chevrolet" is a Magnificent Prize

TOTAL OF \$1360 WORTH OF PRIZES WILL BE AWARDED.

SECOND PRIZE: \$400 Cabinet Grand "Lonsdale" piano, manufactured and guaranteed by Lonsdale Piano Co., Toronto.

THIRD PRIZE: \$150 cabinet of highest grade silverplated tableware, manufactured and guaranteed by Canadian Wm. A. Rogers Limited, Toronto.

FOURTH PRIZE: \$100 six-piece silver plated tea service, manufactured and guaranteed by Canadian Wm. A. Rogers Limited, Toronto.

These prizes will be awarded in the order of standing to the contestants securing the highest number of votes during the campaign.

The campaign is open to ladies only, but anyone may assist a contestant. Any man may, therefore work for the "Chevrolet" or any of the other prizes by having any lady, with whom he can make suitable arrangements, enter the campaign as a contestant. It costs nothing to enter the campaign. All receipt books and other supplies needed are provided contestants free of charge.

Votes are obtained by securing subscription to The Union Advocate, MacLean's Magazine, Farmer's Magazine, or all three. See vote schedule published elsewhere.

IF YOU WANT TO WIN THE "Chevrolet" or any of the other prizes, enter the campaign now and start at once securing subscriptions and votes. Don't hesitate. Don't delay. This is a golden opportunity. You can't win by wishing. You can win by working. Start today. DO IT NOW.

CAMPAIGN DIRECTOR, UNION ADVOCATE, NEWCASTLE, N. B.

"Chevrolet" Touring Car Added to Big Prize List

Value of Prizes all but Doubled by addition of "the Wonder Car" as First Prize in Advocate's 2nd Big Voting Campaign—Ladies Only Eligible.

Today The Union Advocate takes great pleasure and no small degree of pride in announcing that a five-passenger "Chevrolet" touring car will be awarded as first prize in this paper's second big voting campaign, instead of the \$400 "Lonsdale" cabinet grand piano, which it was at first proposed to award as first prize. The announcement will doubtless be more than welcome to all the ladies at present entered in the campaign, as well as to many who have not seriously considered taking part in the campaign, but who would be glad to own and drive a first-class motor car, and in the Advocate's remarkable offer see a golden opportunity to acquire such a vehicle without one cent of expense to themselves.

The "Chevrolet" (pronounced "Shevroalay") since its appearance in the automobile world only a short time ago, has all but revolutionized the motor car industry, and has set a new standard of excellence combined with low price, which it is now the ambition of other manufacturers to attain. The price of the "Chevrolet" at the factory of The Chevrolet Motor Car Company of Canada, Limited, at Oshawa, Ontario, is \$675, and with transportation charges added is \$710 delivered in Newcastle. At this price it is beyond dispute that there is no other car manufactured today anywhere that can approach the famous little "Chevrolet" as a motor car that is beautiful, powerful, strength, durability and intrinsic merit. The "Chevrolet" has the distinction of possessing several important features usually found only in high priced cars, and electric lighting and starting system, for instance, and also possesses many desirable features not to be found in any other car at any price. Those who have seen the "Chevrolet," of which a large number have been sold on local roads and in the city, are particularly impressed with the graceful, neat and refined lines of the car. But while this is undeniable, a merit to be ascribed to the "Chevrolet" is its superior safety and reliability. It has much more to commend it to the discriminating critic of motor cars, than its appearance. People who want motor cars, while desiring an attractive appearance in a car, demand much more than mere good looks. They demand power for hills, sandy and muddy roads, and for speed. They demand strength of construction to stand the strain of hard roads. They demand comfort on good roads and bad, in fine weather and foul. They demand safety and reliability under all circumstances. And in all of these demands those who have taken the trouble to learn just what the "Chevrolet" is, and what it does, find all their demands met as they are met in no other popular priced car, and in fact in not all of the higher priced cars.

It was because the "Chevrolet" is a motor car of conspicuous and distinctive merit, that The Advocate decided upon it in preference to other motor cars as a suitable article for competition among the ladies who will take part in the Advocate voting campaign and as soon as this decision was reached arrangements were made immediately with The Lounsbury Co., Limited, the New Brunswick distributors of the "Chevrolet," for the delivery of one of these cars. The Advocate feels sure that his choice of a first prize will meet with the enthusiastic approval of contestants, as well as their friends and the public generally, in view of the fact that the "Chevrolet" is unquestionably the greatest value that could be procured in any article or combination of articles at anything like the selling price of this wonderful motor car.

The substitution of the "Chevrolet" as first prize in the place of the "Lonsdale" \$400 cabinet grand piano will be especially pleasing to those contestants who have their hearts set on winning the piano, as the "Lonsdale" is still included in the prize list, and will be awarded as the second grand prize in the campaign. This circumstance will render it easier to win the "Lonsdale" than would have been the case had it been retained as first prize, as it is obvious that any contestant who secures the second prize that is to win the first prize. The "Lonsdale" piano in itself is a prize worthy of the best, and most earnest efforts any contestant can put forth in order to win it. \$50 set of cut glass may be offered later as fifth prize. In no event will the prize list be reduced in any respect whatever. In addition to the prizes to be awarded, ten per cent cash commission will be paid to each and every contestant who remains actively in the campaign until the

as can be manufactured at any price. The sweet, pure tone of the "Lonsdale" is one particular merit which has seen the unqualified approval of the most competent music critics, and another attractive feature is its simple design and refined appearance. More important than this, however, is the fact in its construction the "Lonsdale" comes as near to the standard of perfection as human skill can hope to approach. Only the best of materials throughout are used in the "Lonsdale," and combined with the highest skill and experience in piano making of its manufacture the result is a piano of an excellent merit and value. The "Lonsdale" is manufactured and guaranteed by The Lonsdale Piano Co., of Toronto. This piano was used last year in the Advocate campaign as first prize, and was won by Miss Margaret Appleby. It is highly prized and raised by this young lady after having been in her possession for more than a year and it is certain that the lady who wins the "Lonsdale" this year will experience all the pleasure and satisfaction in owning a "Lonsdale" that has fallen to the lot of Miss Appleby.

150. Third Prize The alteration in the prize list noted above has resulted in increasing the value of every prize to be awarded in The Advocate Voting Campaign this year, and the third prize will be worth \$50 more than the third prize was last year. What was last year's second prize is this year's third prize. This is a handsome solid oak cabinet containing a hundred and sixteen pieces of the highest grade silverplated tableware, consisting of knives, forks and spoons. Each and every piece of this set is marked with the initials of the manufacturer, Wm. A. Rogers Limited, who guarantee this prize in every particular. Miss Nan Benn, of Nordin, was the winner of this cabinet last year when it was second prize, and she is today proud and happy to be its possessor. The lady who wins third prize this year will undoubtedly be as pleased with her prize as Miss Benn was and is as the result of her success last year.

Fourth Prize Worth \$100 Fourth prize this year is double the value of last year's smallest prize which was a \$50 set of cut glass. Owing to the increase in the total value of the prize list for the present campaign it has been decided tentatively to eliminate the cut glass this year, but this decision is not final, and if circumstances warrant the cut glass will be put in as fifth prize. For the time being, however, only four prizes will be offered for competition and the fourth prize will be the beautiful \$100 quadruple plated silver tea service which last year was awarded as third prize to Miss Zaida Hinton, of Doaktown, who was delighted with the prize. This tea service consists of six pieces each one stamped with the trademark and guarantee of Canadian Wm. A. Rogers Limited, and its worth, therefore, is not a matter of doubt.

The "Whys and Wherefores" For the benefit of anyone who may feel any curiosity as to why The Advocate has seen fit to practically double the prize list in its present circulation campaign, it can do no harm to explain that the whole matter is simply a business proposition, the same as was last year's extremely successful campaign. At the beginning of this year's campaign suggestions were made to the campaign management to the effect that a substantial increase in the value of the prize list would secure additional results which would warrant the suggested increase in prizes, and after careful consideration of the question, the conclusion was reached that sound business considerations would justify the Advocate in putting into effect the suggestions made in regard to additional prize values.

In brief, that is all there is to be said in explanation of the change that has been made. The "Chevrolet" motor car will be awarded to the lady securing the highest number of votes during the campaign. The \$400 "Lonsdale" piano will go to the lady securing the second highest number of votes. The lady standing third will secure the \$150 cabinet of tableware, and the fourth lady in the standing will become the possessor of the \$100 silver plated tea service. A \$50 set of cut glass may be offered later as fifth prize. In no event will the prize list be reduced in any respect whatever. In addition to the prizes to be awarded, ten per cent cash commission will be paid to each and every contestant who remains actively in the campaign until the

MIRAMICHI HOSPITAL BOARD MEET

Handsome Donation From Sir Max Aitken—Maternity Ward and Training School to be Established Soon

The regular monthly meeting of the Board of Trustees of the Miramichi Hospital, was held Monday afternoon. Those present were: W. A. Park in the chair; P. M. Tweedie, Chatham; V. P. Allan; J. Ferguson, sec.; E. A. McCurdy, Treas.; Wm. Anderson, Burnt Church; P. A. Forsythe, Whitneyville; Joseph McKeitch, Doaktown; G. Percy Burdick, Nelson; R. Corry Clarke, newly-elected representative of the town; Howard Williston, Dr. R. Nicholson, and Mesdames John Morrissy, O. Nicholson and E. H. Sinclair. The report of the Lady Superintendent for the past month was read which showed very satisfactory results. A resolution of thanks to Sir Maxwell Aitken for his very generous donation of \$500 was unanimously passed by the Board. Various matters of routine were disposed of, and the meeting adjourned.

Eleven Men Lost in Quebec Bridge Collapse

Quebec, Sept. 12—Explanations of the collapse of the central span of the Quebec cantilever bridge while it was being hoisted into its position from the river yesterday, were being sought today by the St. Lawrence Bridge Commission, Accounts of survivors of the disaster and spectators on the bridge itself and river craft are at hopeless variance, some eyewitnesses holding that the span itself buckled first and others that the hoisting supports did not work uniformly at one corner, causing the span to sheer round and which put much strain on the other supports and perhaps on the beams of the span. The St. Lawrence Bridge Company this morning had not issued any official explanation of what occurred, but was seeking information in the shape of photographs taken while the piece was being hoisted. There were eyewitnesses who said the span broke into fragments, though opposed to these stories are those of spectators who contend that the mass plunged into the river intact. The cost of constructing a new span should not be more than the lost link, costing \$1,000,000, and this could be done in three months. No attempt at completing the bridge can be attempted this year and its opening due next spring must be indefinitely postponed. The bridge span when it tumbled into the St. Lawrence did not block the ship channel and after an inspection of the spot yesterday by Quebec harbor officials it was decided that navigation could be resumed today by ocean going vessels. The river is 200 feet deep at the bridge site. The loss of life remained this morning at last night's estimate of eleven, this being the number of men unaccounted for. The explanation is made that yesterday, after getting out of the water, some of the bridge workers went home without reporting to the company's officials, thus giving rise to the belief that the loss of life would be large.

Road Improvement She provincial authorities deserve great credit for their road work in this vicinity this summer. The road between Newcastle and Ferry Road—through Doaktown—has been thoroughly repaired, the big bridges being raised several feet and the road brought much nearer to a level. Much improvement has also been made between Ferry Road and Tabusintac, and elsewhere; and the road between Chatham and the Kent County line is being put into perfect shape. Those who do not win a prize. Commissions will not be paid to prize winners nor to contestants who discontinue working before the campaign closes. On account of having practically doubled the value of prizes to be awarded in the campaign, the campaign management has decided to extend the time of the campaign to Monday, November 6th, 1916, if it should appear advisable to do so, but beyond that date under any circumstances. It is more than probable, however, that the campaign period will be short and that the campaign will close on Monday, October 23rd. The closing date will be determined by developments within the next two weeks, and will be announced in The Advocate not later than the issue of September 27—two weeks from today. Contestants who have already started in the campaign will receive full credit for the votes secured by them.

Recruiting For The Engineers Company Sergt. Major Beattie, of the Canadian Engineers, is at the Waverley Hotel, which he is using as headquarters for special recruiting work which he is doing for this corps in Northumberland county. He has secured some additional men for the engineers here, and prospects, he says, seem fair for more to follow. Owing to the fact that the kind of service required in the Engineers apparently is not very well understood in this section of the country, Sergt. Major Beattie's efforts here so far have been largely of a missionary nature.

The name of the corps for which he is recruiting—Canadian Engineers—seems to convey the impression to many people that mechanical engineers are wanted; but such is not the case. The corps service embraces all branches of engineering, and is more particularly devoted to field engineering, including surveying, trench digging, camp sanitation, road and building, etc. A special course of instruction is given each recruit to qualify him for his required duties. To a very great extent this instruction is of a scientific character, which will be of high value in civil occupations of recruits after they return from the war. Up to the present about 6,000 men have joined the Canadian Engineers, and 4,000 more are wanted. The recruits secured in the past have been above the average in quality and have included a high percentage of college and technically trained men, who saw in the service a rare opportunity to acquire practical experience. The pay for the corps is the same as that of all the other branches of the service in the Canadian Expeditionary forces.

A Distinguished Visitor The Earl of Ashburnham was at Hotel Miramichi several days last week and guided by Jack Hare, has gone up the Northwest Miramichi on a fishing and shooting expedition.

Married at Grand Falls The marriage of Mr. John E. Andrews, formerly of the Royal Bank staff here, but now manager of the Grand Falls branch, and Miss Rena Fairburn Evans, only daughter of Mr. and Mrs. John J. Evans, was solemnized at the bride's home on Wednesday of last week.

Recruits Coming Forward Recruiting for the 100 men for the 122nd Battalion is being carried on briskly. Lt.-Col. Mervin, Captains Holmes and Barry and Lt. Bonn, together with the band, are all engaged in the recruiting work, and up to the present some fifty recruits have been obtained and sent to camp. We are unable to get a complete list at present, but will have the same in full next week.

Newcastle Women's Institute held its regular monthly meeting last night, resuming after a two months vacation. Mrs. C. C. Hayward presided, and there was a good attendance. Miss Helen Stables gave a reading on "Helpful Hints for New Assistants." It was decided to send an exhibit to the Apple Show in St. John's next November.

### Greek Govt. Accepts Allies Demands

#### British and French Take Over Control of Postal and Telegraphic Communications

London, Sept. 5.—The Greek government at Athens has accepted the demands of the Entente powers in their entirety and agents of the French and British governments are taking over the control of postal and telegraphic communications. British and French ministers at Athens presented on Saturday a note to the Greek government demanding control of the posts, telegraphs and wireless system on the ground that they were being used by enemies of the Entente, demanded that agents of the Teutonic Allies employed in corruption and espionage must immediately leave Greece, and that measures be taken against Greek subjects guilty of complicity therein.

### The Progress of The War

Italy which declared war on Austria-Hungary on May 24, 1915, and on Bulgaria and Turkey shortly afterwards, at last declared war on Germany on August 27th, 1916. The same day Roumania declared war on Austria-Hungary, and began to move troops across the Carpathians into Transylvania, the eastern province of Hungary, where sixty per cent. of the people are of Roumanian blood. Germany, Bulgaria and Turkey forthwith declared war on Roumania. Roumania is said to have an army of 760,000 men, capable of being increased to 1,000,000. And their alliance gives Russia a short cut to Bulgaria and Constantinople. The Greek king, who has persisted in remaining neutral, is threatened with a revolution of his people who wish to join the Entente Allies. A despatch from Saloniki, dated Sept. 1st inst., says that a committee of National defence has proclaimed itself the provisional government of Greek Macedonia. This committee favors the Entente.

Great Britain and France on the 3rd inst. demanded control over the Greek ports and telegraphs and insisted on the departure from Greece of agents of the Central Powers. The Greek Government submitted to their demands.

The Turks who have lately been gaining on the Russians in Persia, have been checked in their march on Teheran, at Sultanabad 200 miles east of the Turko-Persian border. The Russians also claim to have repulsed Turkish attacks in Armenia.

The Germans have made no gains at Verdun for months and have lost considerable ground in their contest with the British and French on the Somme in Northeastern France. Bulgarian attacks on the Allies in Greece have lately been checked, and Bulgaria has called on Turkey for 200,000 troops to aid her against Roumania and Russia.

Although the Germans and Bulgarians captured the Roumanian fortress of Turtukai, with its garrison of 20,000 men, on the 6th, the Roumanian army are now at least twenty miles into Transylvania.

The French gains in Northeastern France have put in grave danger the German hold on a large sector. Each day of the Somme offensive makes it harder for the Kaiser's troops to retain their positions. The Germans have failed to recover their positions in the same sector recently stormed by the British.

In Galicia the Russians are steadily, though very slowly, pushing towards Lemberg.

On the 3rd instant the British, having previously captured Dar-Es-Salam, the principal port of German East Africa, received the surrender of two other ports, respectively 150 and 175 miles south of Dar-Es-Salam. East Africa, which is Germany's last colony, is now almost entirely in British hands.

According to definite information reaching Bern, Switzerland, from Germany, says a despatch to the wireless press, Dr. Von Bethmann-Hollweg, the German imperial chancellor, upon being questioned, at the August meeting of the federal council as to why he yielded to the demands of the United States regarding the unrestricted torpedoing of ships on the high seas, replied emphatically, that the value of the submarine was exaggerated by the adherents of wholesale torpedoing. The chancellor said that insistence on an unrestricted

### More Money for the Farmer

WHEN live stock is tormented by vermin, lice, mites or flies, it cannot be profitable. You can prevent this annoyance and have more profitable stock by using Creonoid. Think this over. It means money for you.

Creonoid stands alone as a lice killer and cattle spray. Economical too, because it is so strong that a little goes very far. Give your horses and cattle a fine, long distance spray, that they get the vapor. It will make them clean and vermin free. Put some Creonoid in the henery and pigsty. The use of Creonoid means better stock, more eggs, more good porkers, more milk. Try some now.

### Black Leg in Potatoes

The disease of Black Leg in Potatoes which has decreased, still causes considerable destruction to the potato crop, particularly in the Maritime Provinces. Circular No. 11 entitled "The Black Leg Disease of Potatoes caused by Bacillus solanaprus" can be had free on application to the Publications Branch of the Department of Agriculture, Ottawa. The author, Paul A. Murphy, B. A. R. C., Sec. 1, Assistant in charge of the Plant Pathological Field Station for P. E. Island, states that the disease, notwithstanding the diminution noted, in 1915 cost the Maritime Provinces \$695,265. It is interesting to know that with early care and attention the disease is comparatively easily controlled. Mr. Murphy details the symptoms in clear, terse language, describes the life history of the causal organism, estimates the loss in the Maritime Provinces at \$6.65 per acre with an average yield of 133 bushels, gives the methods of control and supplies, notes on the preparation and use of the disinfectants that are suggested, and further information, if desired, can be had on application to the Dominion Botanist Central Experimental Farm, Ottawa.

### The Latest Reason

Teacher—"Now children, what was the cause of the decline of the Roman Empire."

### ROD AND GUN

In his story "Two Bays of Wild Ducks," in the September number of Rod and Gun, which is now on the news-stands, Bonnycastle Dale, the naturalist writer and contributor to many Canadian as well as American journals, compares shooting with the gun to shooting with the camera. "Duck Days on Pitt Meadows" describes a duck shooting expedition in another Province, that of British Columbia. "A Bit of Silkkirk Bush" is a humorous sketch of an expedition through the Selkirk hills. "With Dad in the Forest of Quebec" tells something about the good hunting and shooting that is to be had in that Province. The magazine for September is replete with stories of interest to the lover of the out-of-doors and the special departments devoted to Guns and Ammunition, Conservation, Fishing Notes, The Kennel, etc. are also of particular interest. This representative Canadian sportsman's magazine is published at Woodstock Ont. by W. J. Taylor, Limited.

submarine warfare would cause war between Germany and the United States, and that the results of unlimited torpedoing would not justify such a policy. Elaborating this point the chancellor is quoted as saying that Germany could not effectively blockade England nor cut off England's food supplies.

### C. M. B. A. CONVENTION

Quebec, Sept. 1.—After an all night sitting the seventeenth Convention of the C. M. B. A. in session here since Monday decided on London, Ont., as the city for the next convention. The officers elected are: Hon. President—Hon. Judge Hackett, Cowansville, Que.; Hon. 1st Vice Pres.—Hon. A. D. Richard, Dorchester, N. B.; Grand President—F. J. Curran, Montreal; Grand 1st V. P.—P. J. Veniot, Bathurst; 2nd V. P.—W. J. Sutherland, Smith's Falls; Grand Sec.—J. J. Behan, Kingston; Grand Treas.—W. J. McKee, Windsor; Marshal—J. J. Costigan, Montreal; Grand Guard—J. J. Weinert, Neustadt; Grand Trustee—J. J. Brady, Montreal; Committee on Laws—J. F. Faribault, L'Assomption; B. F. Phelan, North Sydney; J. Boland, Toronto; Auditors—Geo. Edwards, Toronto; C. A. Shannon, Montreal; Grand Trustees—J. J. Brady, Montreal; W. E. Farrell, Fredericton, N. B.; B. A. Bourgeois, Moncton, N. B.; H. R. Stock, Toronto, Ont.; J. R. McDougall, Glace Bay, N. S. The business end of the convention was brought to a close at 2:30 this morning with the singing of the national anthem.

### WHY CONSCRIPTION?

Because too many married men are allowed to stay at home. The expense of the country under this method is enormous, as the married man costs the country about \$37.00 per month more than the single man. It has been stated that as far back as the first of 1916, the Government was spending at the rate of \$1,000,000 per month in separation money alone, (this to the families of married men). In addition to this, the Patriotic Fund was paying over a half million per month more, or a total of over \$20,000,000 per year for married men, many of whom will, of necessity, leave dependents on the Pension Fund. This would all be avoided if the young, single men were enrolled and ready for service when called upon. The tremendous expense mentioned above is bound to keep on increasing under the present voluntary system, and soon the immense chasm between income and expenditure will be bound to be felt, while much of this could be avoided with reasonable organization of a qualified form of conscription, whereby the right one would go, and the right one remain. E. A. SCHOFIELD.

### Canadian Crops

Ottawa, Sept. 5.—A special government bulletin today reports on the field crops in Canada at the end of August, as follows: P. E. I.—All grain except wheat, which has suffered from blight and insects, will yield above average; roots, potatoes and vegetables most promising; fruit a light crop. N. S.—Grain ripening rapidly and promising a good yield; hay gathered in excellent condition, corn good; roots have made fair growth. N. B.—Aug. with more heat and less rain than usual, has been very favorable for crops; oats promise well; hay much above average; potatoes unfavorably affected by heat will not give average yield; roots growing well and corn the best crop for years. Quebec.—Drought has caused premature ripening of grain and reduction of yield; roots, too, have suffered and potatoes poor; at Rimouski, rains have benefited potatoes and vegetables, and the hay crop is the best in years. Eastern Ontario.—A heavy crop of hay has been gathered, and in some parts there were two cuttings. Roots have suffered from lack of rain. Grain is a light crop owing to drought; pastures are poor from the same cause; and potatoes are likely to be a poor crop. Manitoba.—From Brandon it is reported that the Manitoba wheat crop is about half the normal yield and practically all low grades; oats and barley are an average crop. Fodder corn is a good crop. Saskatchewan.—The weather during August has been unfavorable for grain, and damage to wheat by rust is reported from Indian Head, Maple Creek, Gull Lake, Eston, Pelly, Rosthern and Scott, reducing the yield and grade. Frost is reported from points in the Moosejaw, Saskatchewan and Battleford districts. At Scott in the Battleford district hail storms did much injury early in the month. Late crops of wheat in low land were badly frozen on the 11th. Yields of wheat that has escaped frost and rust will be satisfactory. Alberta.—Munson: Cutting not general until first week in September. Some wheat crops show effects of frost on August 10. Carmanray: Crops good if they can be secured before frost, hood crops looking fine but are later than last year. Lethbridge: Harvest over a week later than last year. Cutting general; no damage to wheat from frost, no appreciable damage from rust. Lacombe: Three degrees of frost Aug. 10; damaged much grain over area of 150 square miles. Certain localities immense, harvesting of barley is general and wheat cutting has begun. A further ten days of good weather required to render safe crops that are so far unharmed. British Columbia: Agassiz.—Excellent weather for grain harvest and for making a record crop of hay. Corn prospects have improved, and mangel crops are growing exceptionally well. Invermere: Weather conditions favourable for grain harvest and second cuttings of clover and alfalfa; corn backward; pulse crops good. Summerland: Weather hot and dry, nearly all grain harvested, hay harvested in good condition, apple crop equal to last year and very good in quality. Sidney: Weather continues dry, grains harvested, threshing commenced and yield good of autumn grain and peas, second crop of red clover and third crop of alfalfa harvested. Corn and chard growing well, orchard crops ripening and promise well.

### MORE CANADIANS ARRIVE IN ENGLAND

Ottawa, Sept. 1.—It is officially announced through the chief press secretary's office that the following troops have arrived safely in England: 127th Battalion, Camp Borden; 129th Battalion, Camp Borden; 135th Battalion, Camp Borden; 137th Battalion, Calgary; 138th Battalion, Edmonton; Number 10 Stationary Hospital, London; drafts and details.

### THE CLOSING OF THE SALOONS

(From the Pioneer) The following table gives the last dates on which it was or will be lawful to sell liquor by retail in the different parts of the Dominion of Canada:

Prince Edward Island	1901
Saskatchewan	June 30, 1915
Manitoba	May 31, 1916
Nova Scotia	June 29, 1916
Alberta	June 30, 1916
Ontario	Sept. 16, 1916
New Brunswick	April 30, 1917
British Columbia	June 30, 1917
The Yukon Territory	July 13, 1917
Quebec	

In the first named five provinces the acts prohibiting liquor selling have been finally passed. In British Columbia and the Yukon Territory the dates given are the latest dates on which liquor selling places will operate, provided the prohibitionists win—as they are practically certain to do—in the voting that will shortly take place. In Quebec Province only prohibiting legislation has not yet been passed but public opinion will undoubtedly compel it very soon.

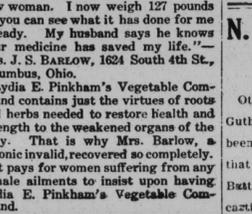

### Prohibition Empties The Jails

Winnipeg, Sept. 1.—Statistics compiled by J. N. Maclean, chief license inspector for Manitoba, have proved a revelation regarding the effect of the Manitoba Temperance Act on drunkenness and crime in the province. Mr. Maclean announced yesterday that there had been a reduction of eighty per cent. in drunkenness in Winnipeg since June, as compared with the three months previous. The percentage is based on the court statistics. In the province there has been a decrease of ninety per cent. of drunkenness. For the city and province the number of all crimes in Winnipeg during the first three months of prohibition was 161, as compared with 813 for the months of March, April and May. The jails of the province are becoming empty. The act is being vigorously enforced.

### AFTER SIX YEARS OF SUFFERING

#### Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

### MORE CANADIANS ARRIVE IN ENGLAND

Ottawa, Sept. 1.—It is officially announced through the chief press secretary's office that the following troops have arrived safely in England: 127th Battalion, Camp Borden; 129th Battalion, Camp Borden; 135th Battalion, Camp Borden; 137th Battalion, Calgary; 138th Battalion, Edmonton; Number 10 Stationary Hospital, London; drafts and details.

### THE CLOSING OF THE SALOONS

(From the Pioneer) The following table gives the last dates on which it was or will be lawful to sell liquor by retail in the different parts of the Dominion of Canada:

Prince Edward Island	1901
Saskatchewan	June 30, 1915
Manitoba	May 31, 1916
Nova Scotia	June 29, 1916
Alberta	June 30, 1916
Ontario	Sept. 16, 1916
New Brunswick	April 30, 1917
British Columbia	June 30, 1917
The Yukon Territory	July 13, 1917
Quebec	

In the first named five provinces the acts prohibiting liquor selling have been finally passed. In British Columbia and the Yukon Territory the dates given are the latest dates on which liquor selling places will operate, provided the prohibitionists win—as they are practically certain to do—in the voting that will shortly take place. In Quebec Province only prohibiting legislation has not yet been passed but public opinion will undoubtedly compel it very soon.

### Prohibition Empties The Jails

Winnipeg, Sept. 1.—Statistics compiled by J. N. Maclean, chief license inspector for Manitoba, have proved a revelation regarding the effect of the Manitoba Temperance Act on drunkenness and crime in the province. Mr. Maclean announced yesterday that there had been a reduction of eighty per cent. in drunkenness in Winnipeg since June, as compared with the three months previous. The percentage is based on the court statistics. In the province there has been a decrease of ninety per cent. of drunkenness. For the city and province the number of all crimes in Winnipeg during the first three months of prohibition was 161, as compared with 813 for the months of March, April and May. Interference with such recruiting meetings or canvass for recruits, shall be punishable on summary conviction by imprisonment of not more than two months, or a fine of not more than \$100, or both. For a second or subsequent offence a two months prison sentence must be imposed. It is further provided, that any military police or peace officer or man belonging to the expeditionary forces may arrest "upon view and without warrant" any person who interferes with individuals, recruiting meetings, or the canvass of recruiting officers or men.

**Corner Stone of St. Bridget's Church**

Laid at Renous with Impressive Ceremonies on Wednesday Last—200 People Sit Down to Banquet

The blessing of the corner stone of the new St. Bridget's church at Renous took place, in the presence of a very large audience, last Wednesday forenoon. The sacred services were of a most impressive character.

Bishop O'Leary, Auxiliary Bishop of Chatham, performed the blessing and placing of the corner stone. He was assisted by Rev. P. W. Dixon of Newcastle and Rev. E. P. Wallace of Campbellton. Other clergymen present were: Rev. Fathers Power, Nelson; Crumbley and Chasson, Blackville; Gavvin, Neguec; Hawkes, Barraboo; preacher of the occasion, Hartt, Chatham, assistant to the Bishop; J. Doucet, St. Margarets; Babineau, Acadiaville; Salndon, Legaceville; Trudel, Newcastle; Martin, Chatham; Burns, Renous; Mr. Viore, eccl. of Madawaska; and the pastor, Rev. E. S. Murdoch.

The ceremony began at nine o'clock. An eloquent and beautifully instructive sermon was preached by Rev. Father Hawkes.

The people present were each invited to pass by the 260-pound corner stone and strike it three times in honor of the Holy Trinity and deposit their donations in the cavity. This cavity in the stone, ten inches square 796 for June, 15,000 for May and contains parchments historical of the erection of the church. Pope Benedict XV, King George V, King Edward VII, the Apostolic delegate a total of 361,693, of whom 153,785 Most Rev. P. F. Stagni, Bishop Barry of Chatham, and Bishop O'Leary of N. B. provided 1,155 of these this Hierapolis, also the names of the year.

Among the money donated during the day was \$25 from the Chelmsford, A. O. H.

Rev. Father Murdoch and his congregation, who lost their old church by lightning three years ago, are to be congratulated on the great success that has so far attended their courageous undertaking in building a superb stone structure.

**361,693 Have Enlisted**

Recruiting for August totalled 7,246 as compared with 8,676 for July, 10,000 for June, 15,000 for May and 22,819 for the record month of March. The total number of recruits since the outbreak of war has now reached a total of 361,693, of whom 153,785 were enlisted since January 1 last. Most Rev. P. F. Stagni, Bishop Barry of Chatham, and Bishop O'Leary of N. B. provided 1,155 of these this Hierapolis, also the names of the year.

**Seed Grain and Potatoes**  
We have received the following from J. H. Grisdale, Director Dominion Experimental farms:  
By the instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lbs.) white oats (about 4 lbs.) barley (about 5 lbs.) and field peas (about 5 lbs.). These will be sent out from Ottawa. A distribution of potatoes in samples of about 3 lbs. will be carried from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free by mail—Only one sample of grain and one of potatoes can be sent to each farm. As the supply of seed is limited, farmers are advised to apply early. Requests received after the end of December will probably be too late. Anyone desiring a sample should write (post free) to the Dominion Cerealists, Experimental Farm, Ottawa, for an application blank.  
Now that the blueberry crop has been harvested, we don't care how soon fall sets in.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER. PRINCIPAL AND INTEREST PAYABLE IN GOLD.

**ISSUE PRICE 97½**

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917. THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

- 10 per cent on application;
- 30 " " 16th October, 1916;
- 30 " " 15th November, 1916;
- 27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

**ANOTHER GIFT FROM SIR MAX**

As will be seen from the report of the Miramichi Hospital meeting in another column our distinguished fellow townsman, Sir Maxwell Altken, has donated \$500 to that institution, and we understand, this contribution is to be a yearly one. This generous gift is another instance of the great liberality of Sir Max and of his faithfulness to the town of his birth. He has made much money in his splendid career, and he is making a wise use of his money and influence. Among recent gifts to Newcastle may be mentioned that of \$1800 to St. James' Hall; a bell to the Baptist church; \$500 to the rink and \$1000 a year for scholarships for the pupils of Harkins Academy.

Sir Max has made good in every thing he has undertaken. He has not only won a commanding position in the financial world, but he has become a member of the Imperial parliament, been knighted by his king at the request of a government of a different political faith, and has equally made good as a Canadian officer at the front. Newcastle and Northumberland county are proud that they can claim such a citizen.

**Two Popular Young People of Newcastle Wedded on Monday Night**

A very pretty wedding took place Monday night at the residence of Mr. and Mrs. John Williamson, when their daughter, Miss Lillian Forsythe, was married to Dr. J. D. MacMillan, one of Newcastle's successful dental surgeons.

The ceremony was performed at 9 o'clock, Rev. S. J. MacArthur the officiating clergyman. The bride stood under an arch of evergreen and golden glow in the parlor, all of which was similarly decorated. The dining room was decorated with autumn leaves, sweet peas and asters. The bride, who was unattended, wore a gown of white crepe de chine with sleeves of Georgette crepe and satin trimmings, and veil with Juliette cap and orange blossoms.

Only the immediate relatives of the contracting parties were present. After the wedding supper, the bride and groom took the midnight train for a honeymoon in Northern towns. They will reside here. The gifts received by the young couple showed the great popularity of both. There were: a cheque from the bride's parents, a purse of gold from the groom's family and gold from others, also much cut glass, silverware, china, linen, etc.

The bride's going away dress was of blue broadcloth with hat to match.

**McKendry-Hayward**

John A. McKendry, Manager of the Royal Bank at Inverness, C. B., a native of Louglastown, and at one time assistant manager in Newcastle, was married to Miss Dora Hayward, daughter of Mr. and Mrs. W. J. Conway at Edmundston, last Thursday morning. The bride was attired in a travelling suit of navy blue gaberdine and black velvet hat. Mr. and Mrs. McKendry left for a trip through the Maritime Provinces and returning will reside at Inverness, N. S. Among the guests at the wedding were Mr. and Mrs. Howard McKendry of Chatham, Mrs. C. E. Hayward and Miss Mabel Hayward, mother and sister of the bride, of Hartland.

**Delano-Ahearn**

At St. Michael's Cathedral, Chatham, on Wednesday morning last, Miss Yvonne Ahearn, daughter of Mrs. Daniel Ahearn, of Chatham, and Thomas Delano, son of Mr. and Mrs. James Delano, of Newcastle, were united in marriage by Rev. M. A. O'Keefe. Miss Ida Gratton was bridesmaid and Mr. M. J. Vickers performed the duties of groomman. Mr. and Mrs. Delano will reside here.

**Kelly-Gillis**

The marriage of Mary E. Gillis, daughter of Mr. and Mrs. Joseph Gillis, of Newcastle, and Edward L. Kelly, of Bangor, took place Monday morning at the Church of the Immaculate Conception, Calais, Me.

**Taxidermy**

In our issue today will be found the advertisement of the Stillman Armstrong Co., taxidermists and tanners, of Vanceboro, Me. Mr. Armstrong, who is well known in this part of the province among the guides, is in town, renewing acquaintances and in other ways looking after the interests of his company. The company has a Canadian branch at St. Croix, N. B., and their business from this county and province is steadily increasing. See their advt.

**Mrs. Morris's Reception**

Mrs. John J. Morris held her post-nuptial reception at her residence, Henry street, on Wednesday afternoon and evening last. The bride received in a beautiful dress of white silk lace with over dress of peach satin and peacock blue trimmings. She was assisted by the groom's mother, Mrs. H. J. Morris, wearing black silk with overdress of tulle lace. The bride's mother, Mrs. J. D. Kenny, who poured tea, was gowned in black silk faille, with large black hat. She was assisted by Misses Winifred Kenny and Hedwidge Morris, the former wearing Copenhagen blue with gold crepe de chine trimmings, and champagne hat with blue trimmings, and the latter in yellow taffeta and maize hat with blue trimmings. Miss Mary Lawlor, in a gown of white mesaline silk with overdress of white point d'esprit and wearing a leghorn hat, cut the ices, assisted by Miss Alma Labllois, who wore white faille with black hat mounted in blue and white. Miss Alice Morris ushered the guests to the dining room. She wore a dress of maize poplin with old rose trimmings and hat to match. Little Alice McEvoy daintily dressed in white, attended the door. The drawing and dining room were prettily decorated with sweet peas, golden glow and asters. Mrs. Morris had many callers during the afternoon and evening.

**THE ROAD TO HEALTH**

**Lies Through Rich Blood and Strong Nerves**

Debility is a word that fairly expresses many ailments under one name. Poor blood, weak nerves, impaired digestion, loss of flesh, no energy, no ambition, listless and indifferent. This condition is perhaps the penalty of overwork or the result of neglected health. You must regain your health or succumb entirely. There is just one absolutely sure way to get new health—take Dr. Williams' Pink Pills. These pills will bring you new life, fill every vein with new, rich blood, restore elasticity to your step, the glow of health to your cheeks. They will supply you with new energy and supply the vital forces of mind and body.

There is of a corner in Canada where Dr. Williams' Pink Pills have not brought health and hope and happiness to some weak debilitated person. If you have not used this medicine yourself ask your neighbors and they will tell you of some sufferer who has been restored to health and strength through using Dr. Williams' Pink Pills. One who has always a good word to say for Dr. Williams' Pink Pills is Mrs. Luther Smith of West Hill, Ont., who writes: "I feel it a duty as well as a pleasure to tell you what Dr. Williams' Pink Pills have done for me. I had an operation for tumors. The operation in itself was quite successful, but I was so badly run down and anemic that I did not gain strength, and the incision did not heal, and kept discharging for nearly a year, until I weighed only eighty-six pounds and could scarcely walk across the floor. I had got so sick of doctors' medicine that I would vomit when I tried to take it. A good friend urged me to try Dr. Williams' Pink Pills, so I bought a box. Before they were gone I thought I could feel a difference, and I got a further supply. By the time I had taken five boxes the wound ceased discharging and commenced to heal. I took in all thirteen boxes and am today enjoying the best health of my life and weigh 140 pounds. I sincerely hope anyone suffering as I did will give Dr. Williams' Pink Pills a fair trial, and I feel sure they will not be disappointed." You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company.

Won Third Place  
The Harkins Academy No. 218 Cadet Corps were successful in capturing third place at inspection among the cadet corps in the province. With this there is a cash prize of \$50, which will be divided among the instructor, Capt. A. L. Barry, and the cadet officers, and section commanders. When considered that our boys were in competition with corps of larger towns and cities their showing is an excellent one, and they, with their capable instructor, are deserving of much credit for the splendid showing made. This is certainly an encouragement for them to hold together and strain every point to bring themselves up to first position.

# POET'S CORNER

IN MEMORY OF  
PRIVATE WALTER MULLIN

"They grew in beauty side by side,  
They filled one home with glee;"  
But one now sleeps beneath the sod  
Across the dark blue sea.

The same fond mother often watched  
Her children at their play;  
She never thought that one dear boy  
Would go so far away.

But that dear mother can be proud  
That she raised a son so true and  
brave.

For he faced the deadly cannons,  
His country for to save.

Oh Whiteyville, my native home,  
The land that gave me birth,  
When but a boy thou wast to me  
The dearest place on earth!

You sent one gallant hero forth  
Across the raging main,  
Where the cannons sing the song of  
hell

And the bullets fall like rain!  
Did he hang back afraid to go  
When he heard his country call?  
He was brave and true and knew  
what it meant

If that dear old flag should fall,  
He loved his native country  
And his heart was true and brave,  
So he changed his home in Whitey-  
ville

For a Canadian soldier's grave.  
Oh my heart it was sad  
When I heard my comrade fell.  
For he and I were school mates  
And we loved each other well.

We sat together side by side  
In that dear old country school,  
'Twas there we did the best we could  
To obey the golden rule.

Oh times we teased the little girls  
And made the teacher mad,  
But we took the bitter with the sweet  
And a jolly time we had.

When our country called for volun-  
teers  
My comrade he did go  
Across the angry billows  
To face old England's foe.

He reached the angry battle field  
Where the shrapnels they do fly,  
And there he watched the enemy  
With a keen and steady eye.

The bullets whistled by him  
And close to him did go,  
At last the fatal one had landed  
And my school mate was laid low.

Oh, how it grieved that mother  
As the news came from afar  
That her son was killed in action  
In the European War!

But as the sad years roll along  
She can the story tell  
That her son took part in this great  
war.

And in the battle fell.  
Oh Whiteyville, my native home,  
Why are you holding back,  
Why don't you go and do your bit  
To save the Union Jack?

I know 'tis nice by the fireside  
On a cold and stormy night,  
And your cosy beds look snug and  
warm.

But what about the fight?  
Are you going to sit in your old arm-  
chair

And let others do it all?  
Is it nothing to you if we win or lose  
Or in the battle fall?

You have feasted on the honey  
Of our native land  
And now you're wanted at the front  
But you will not take your stand.

Oh why can't you do like my com-  
rade,  
Walter Mullin so true and brave,  
Who laid down his life on the battle-  
field

His country for to save?  
PTE. WALLACE TRAVIS,  
132nd Batt., Valcartier.

### RESURGAM!

(By Michael Whelan)  
When this weary war is ended  
And the battle-flags are furled,  
Then shall dawn an era splendid  
For the Kingdoms of the world,  
When the nations shall assemble  
To proclaim the terms of Peace,  
Then shall tyrants truly tremble,  
Then their tyranny shall cease.

Then the peoples desolated  
Shall arise in might again  
To their station elevated  
High amid the sons of men.  
Then shall those who now are weep-  
ing

In their happiness rejoice,  
O'er their heroes proud ward keeping,  
Raise a prayerful, thankful voice.

To the God of Battles singing  
The great anthem of the free  
Thru the world's wide welkin ringing  
Singing "Glory unto Thee,  
Thou great God of all creation,  
In Whom holy souls find rest,  
God of every race and nation  
Be Thy Name forever blest.

## REQUIEM

(By Michael Whelan)

Where the mighty Rocky Mountains  
In their majesty arise  
And amid their flashing fountains  
Tower to the western skies,  
Where Saskatchewan is sweeping  
Thru the prairies of the west,  
For the gallant heroes sleeping,  
Lying in their long, last rest.

On the fatal field of Flanders,  
In that City of the Dead,  
Where the blood-soaked stream  
meanders

By some gallant hero's head,  
Where the Marne and Meuse are  
flowing

By some young Canadian's grave,  
Some young heart once grandly glow-  
ing.

'Mid the bravest of the brave,  
By the Great Lakes' mighty waters,  
Where the grand Niagara Falls  
To our country's sons and daughters

In a ceaseless cadence calls,  
Its great thunders ever roaring  
At the tyranny of kings,  
Its vast volume ever pouring,  
Our brave heroes' Requiem sing.

By the blue St. Lawrence leaping  
Thru the vast Canadian vales,  
There are myriad mourners weeping,  
Sighing to the passing gales,  
In each great Canadian city,  
From each sounding sea to sea,  
Loving hearts are pierced with pity  
That this slaughter e'er should be.

Where our own St. John in splendor  
Pours its waters to the Bay,  
There are mourners true and tender  
For some dead one far away,  
Where our native forests tower  
By majestic Miramichi,  
There droops some fair, fond flower  
For a dear one o'er the sea.

Down in Nova Scotia's meadows,  
Fair Land of Evangeline,  
Where the spirits in the shadows  
Wander thru that old war scene,  
Where Prince Edward's fertile Island  
Rises red above the sea,  
In each vale and hardy highland  
Of this kingdom of the free,

Some sad bosom lonely aching,  
For a loved one in the fight,  
Some heart surely, slowly breaking  
For its bright hope's bitter blight,  
Some fond father sternly keeping  
Back the tears that fill his eyes,  
Some fond mother softly weeping  
For the light of all her skies.

Some fond sweetheart, wife or sister  
Who can only weep and pray  
For the hero heart who kissed her  
As he bravely marched away,  
Some young brother sternly longing  
To avenge the brother gone,  
Where the hero hosts are thronging  
And the weary war goes on.

God of Battles, high in heaven,  
In thy kingdom of delight,  
Let the signal soon be given  
For the finish of the fight,  
Let the demon down be driven,  
Bless the Triumph of the Right,  
Let the darkness dense be riven  
By the glory of Thy Light.

## Fastest Time From Moncton to Campbellton

The record for the 185 mile run over the North Shore division says the Moncton Times, is held by Engineer Joseph G. Stockford of Moncton, who made it with the "Devil's Auction" special in 3 hours and 23 minutes.

Engineer J. I. Smith, of Moncton, also made the run, several years ago, with an English mail special in 3 hours and 37 minutes. The run of the "Devil's Auction" is still vividly remembered in Moncton. The train took its name from a theatrical company which was under contract to appear at a stated time in a certain eastern city or else forfeit several thousands of dollars. To arrive at their destination in time, the company chartered a special train over the I. C. R. and engineers were given a free hand to run as fast as they liked. It was the 28th of April when the company left Campbellton in two cars hauled by the 70, a small but speedy 4-4-0 passenger locomotive of the kind then in general use on the road. It was spring, the frost was coming out of the ground, the track was rough, and it seemed as though never were conditions more inauspicious for a record run. Before many miles had been covered, there was an impromptu prayer meeting in progress in the cars occupied by the theatrical people, but their fears were not realized, the train stayed on the rails, and pulled into Moncton in the remarkable time given above, which includes several stops. It is said that the actual running time was close to 61 miles per hour. The record of 3 hours and 23 minutes has never been beaten.

## Prohibition Act Suits the Alliance

Opposition Will be Asked to Declare Themselves on it, So as to Remove Question From Party Politics

A largely attended meeting of the Executive of the N. B. branch of the Dominion Alliance was held in St. John on Wednesday. Mr. E. A. McCurdy of Newcastle, President of the Northumberland County Alliance, was added to the Provincial Executive.

The annual meeting of the Alliance will be held in Sussex some time near the end of this year.

The resolutions passed at Wednesday's session were as follows:

That this alliance, having received from the government fulfillment of all the promises made to the alliance when they asked the government for prohibition, and the government having placed upon the statute book a good and efficient and satisfactory prohibition law.

We therefore recommend all voters to give their influence and support to those candidates who are favorable to and will support the law as passed and who can be relied upon to support and aid in ensuring the proper enforcement of the law.

That the law as now passed will come into force in counties now under the Scott Act, immediately on the repeal of that act, and in counties now under the license law on May 1, 1917.

This alliance is fully satisfied with the law as now given to us and deprecate any course or policy that would delay the coming into operation of the law.

The alliance feels that temperance voters ought not to allow political affiliations to prevent their giving support to those candidates who are opposed by the liquor interests because of their support of the prohibitory law.

It is desirable to remove the question of prohibition from party politics, therefore we resolve that this alliance request the provincial opposition to declare themselves in favor of accepting the present law and pledge themselves to give it a fair and full support and insure as far as possible its enforcement.

That all the candidates offering for election in any of the constituencies of the province be asked their attitude in regard to the present law and their readiness to use every endeavor to secure its enforcement so as to give the law a fair chance of success.

The sub-executive of this alliance is instructed to see that the necessary steps be taken to secure the nomination of suitable candidates in the different constituencies of the province when the candidates selected are not acceptable to the alliance.

That the sub-executive be a committee to see to the carrying out of the foregoing as far as may be possible.

Again resolved: That this executive recommends to the government that an aggressive temperance worker and an able and efficient administrator be appointed to the position of chief inspector under the prohibitory law and that no appointment be made without consultation with and the approval of the officers of this executive.

That the executive proceed to ballot secretly for chief inspector, the ballots to be placed in the hands of the secretary, for the information of the officers, in conferring with the government in respect to the appointment of such officer.

This alliance reaffirms its conviction that the temperance people of this province should take the necessary steps, as speedily as possible, to secure the repeal of the Scott Act in all the counties where it is now in force so that the prohibitory law may be in force all over the province at the same time.

It was resolved to ask the ministers of the different churches throughout the province to observe the next world's Temperance Sunday which falls on a date in the month of November and on that particular occasion present the work of the alliance before the people of their congregations and make appeals for funds for the further support of the work.

Rev. George Wood Wounded  
Major Rev. Geo. Wood, formerly minister of St. Andrew's church, Chatham, now Brig-de Chaplain at the front, who had just left hospital after serious illness, has been wounded in the leg and is again in hospital.

## The Cheapest Thing in the Modern World

The publisher of an important Canadian daily newspaper has said in his newspaper this:

THE newspaper is about the cheapest thing in the modern world for its value. If nothing else were considered save the usefulness of the advertisements and the market prices, to the average home, a dollar spent in newspapers must mean the saving of many dollars in a home.

IT is not necessary to argue the value to you of your home newspaper. But we ask this of you: Isn't three cents a week little enough for The Advocate, delivered to your home, and which gathers together for you all the news of this community? No city daily can do what The Advocate is doing for and in this county and neighborhood. It does not give you with desired fullness the news of Blackville, Boiestown, Doaktown, Sunny Corner, Sillikers, Upper Nelson, Halcumb, Millerton, Derby and various other localities. It does not tell you what local merchants have to offer you. Local news and happenings are told only sufficiently in a local newspaper.

The price of The Advocate becomes \$1.50 on and after November 1st. This increase of 50 cents a year is made necessary by rising costs in every direction—paper, ink, type, wages, cost of living and other things.

WHAT we are concerned about is that you value your weekly newspaper to continue as a subscriber at the higher rate. Three brown coppers a week! You cannot say that you cannot afford them. They are the price of a postage stamp, half the price of a 'smoke,' the money you would give a child to buy candy with, the price of a pair of laces.

Be loyal to your local Weekly

Thanks Auto Owners Capt. A. L. Barry of the 132nd Batt. wishes to thank, through the Advocate, the following auto owners who so kindly placed their cars at his disposal to help in recruiting for the North Shore Battalion: Messrs. John O'Brien, Nelson; E. A. McCurdy; Chas. Merriss; Allan Ritchie; Jos. Paulin, Newcastle; H. B. MacDonald and W. B. Snowball, Chatham.

Lineman Injured Chas. Hicks, who has been working as a lineman for the N. B. Telephone Co. for he past week or so, was injured by a fall from a pole near Jones' Crossing on Friday afternoon. He was at the cross bars and was releasing the wires when in consequence of the pole not being deep enough sunk, it fell over with his weight, and in falling the pole fell across one of his legs, giving it a bad jam. No bones were broken, however, and he left for his home in Havelock on Saturday. He will be able to be around again in a couple of weeks. It is thought that the frost in the winter worked the pole out of the ground.

Menzie-Stewart Nuptials A quiet wedding was solemnized on Wednesday night last at eleven o'clock at the Methodist parsonage, when Miss Marguerite Stewart, daughter of Mr. and Mrs. David Stewart, of Newcastle, was married to Mr. Allan Menzie, the popular young proprietor of the Waverley Hotel, Newcastle. Rev. Dr. Squires tying the nuptial knot. The bride was dressed in blue silk messaline with black picture hat, and was unattended. After the ceremony the happy young couple went to the bride's home where a wedding supper and a few immediate friends and relatives awaited them. Mr. Menzie, since acquiring the Waverley hotel property, has built up a very successful business.

A Splendid Church The R. C. congregation at Neguac are very proud of their new stone church, and have every reason to be so, for they certainly have a most magnificent sacred edifice, and to their beloved priest, Rev. Father Geavin, belongs the credit for the building of this modern church. The money for the building was raised by the congregation through picnics and subscriptions, and through the efforts of Mrs. W. A. Allain, one of the foremost collectors, was made possible the large collections that were made. Rev. Fr. Geavin has been in that parish for the past eight or ten years, and is about 65 years of age. It has been his one ambition to build this church, and now it is his happy satisfaction to know that this ambition has been fulfilled. We regret to learn that Rev. Fr. Geavin is suffering from eye trouble.

Nearing Completion Dr. MacMillan's new house on Upper King street, is fast nearing completion and when finished will be a cozy little home for the doctor and his bride.

Notice to Subscribers Subscribers whose time has now expired from last year's contest, are kindly requested to accept The Advocate free of charge until after the present contest is over.

Diphtheria in Home The home of Mr. H. T. Graham, of Tabusintac, which was under quarantine for diphtheria, was released from its bonds on Friday, by Dr. Peter Wallace, who was in charge. Mr. Graham's three daughters were ill.

Dominion Alliance Endorsed At the Fredericton Methodist District quarterly meeting last week, following resolution was passed: "That this District heartily endorse the attitude and work of the N. B. Branch of the Dominion Alliance in relation to prohibition."

Supper in Aid of School A supper and apron sale will be held by the ladies of Matthew's school district No. 11, in the school house, this afternoon, beginning at 3 o'clock, the proceeds from which will be used for school purposes. This is a new school district, between Hallowell and Sillville, and the ladies are giving a valuable assistance to defraying the expenses of the new school house.

A Creditable Job Mr. John Murphy, Tabusintac's popular blacksmith, and an owner of a 1910 McLaughlin-Buick car, did a very creditable piece of work on his car by putting in fore and rear doors, and making such an excellent job of it as would do credit to a factory. The work is so finely done, and the lines of the car so perfectly followed, that one can not distinguish it from a factory job. Mr. Murphy has also added a windshield and has made such other repairs as now makes him the owner of a first class car.

Repairs Being Made to Roads and Bridges A large number of men, under supervision of W. A. Allain for the parish of Alawick, and Bridge Inspector Daniel Desmond, of Chatham, are at work repairing the road and bridges from the Bartibogue line to Tabusintac, and good and much needed work is being done. The bridge at the Bartibogue line is being repaired, and also the one at Tabusintac. The latter one was repaired under the supervision of J. W. Robertson, of Tabusintac, and the filling in with stone and earth has made the job a good one.

Happy Hour Thursday The next release on the Metro program will be "The Half Million Bribe," a gripping five part story of politics, romance and mystery, in which Hamilton Revelle and Marguerite Snow are starred. This feature was produced by the Columbia Pictures Corporation for Metro and will be shown here at the Happy Hour on Thursday. In this production Mr. Revelle and Miss Snow are co-starred for the first time, although both have had stellar roles in many other Metro wonderplays. They are supported by an excellent cast of important players, including Carl Brisson, Walter Hitchcock, Ferd Tidaarsh, Fred C. Williams, Dred Heck and Diane D'Aubrey.

W. C. T. U. Meeting The regular meeting of the W. C. T. U. will be held in the Mitchell Hall Thursday afternoon at 3.30.

Band Concert Sunday Night The 122nd band gave a very acceptable concert in the stand Sunday night. The boys, under their efficient leader, are to be congratulated on the marked improvement of their playing since their departure from here, and they now rank as one of the leading bands in the militia.

Bridge in Bad Shape The mill hill bridge at Redbank is in bad shape, and parties, who have to cross it are complaining, because there is nothing being done to repair it. We understand the material is there for the repairs, but why the work of repairing is not going ahead, we are unable to say.

15th Anniversary of Wedding On Monday evening, the 15th anniversary of the wedding of Mr. and Mrs. Wm. J. Dunn was celebrated by a large number of their friends calling upon them and presenting them with many valuable gifts, consisting of cut glass, silver, etc. A very pleasant evening was spent and the party broke up with best wishes for the popular and happy couple being spared to see many more anniversaries.

Master Edmunds Improving The eight-year-old son of Mr. and Mrs. John Edmunds, who on the 11th ult., just as he had safely crossed the street at Hennessy's Corner, in front of Mr. Willis's automobile was caught by Miss Crocker's car, struck on the head and side, and rolled over and over until the car passed clean over him, is improving. He is now able to walk out, although he is still very weak, hopes are entertained that he will completely recover.

Died on St. Alexander's The death of Mrs. Elizabeth of Escuminac took place on Monday under rather sad circumstances. She had been ill for about a week and being unable to procure the services of a doctor decided to go to Chatham for treatment. She got aboard the steamer Alexandria at Escuminac, unassisted, and expired before the boat reached Burnt Church. The body was taken on the steamer at Loggieville. Deceased leaves six small children.

Ritchie and Mr. Laundry; Leasehold: Frank Veniot (lately sold to Patrick Malley), Richard Malley, Robt. and Joseph Fitzgerald.

Beautiful Souvenir We extend our thanks to Mr. Frank Synnot, formerly of Chatham, and a member of the printing fraternity now residing in the United States, for a copy of the official souvenir of the 61st annual convention of the International Typographical Union, held in Los Angeles, California, on August 9th to 14th, 1915. The book is 10x12 with some hundred pages of excellently printed half-tones and colored plates, and all through is a most handsome specimen of printers' art. Frank began his trade at the Chatham World office, and is making good among his American brother printers in Boston, Mass.

Hiram Copp Home After the service of sixteen months in the trenches of France and Belgium, in which he was thrice wounded, Corp. Hiram A. Copp, son of Thomas Copp of Laird & Peters Co., surprised his many friends here when he stepped off the special carrying returned heroics this morning. Corp. Copp enlisted with the 12th Batt., shortly after the outbreak of war, and when that unit was broken up in England, was transferred to the 15th Batt. He was first wounded in April of 1915, when a defective British shell exploded near where they were resting suffering wounds in the head and side. After recuperating he again returned to France and with a good many other Canadian heroes was wounded in the big battle on June 2nd. Corp. Copp is home on a short furlough and expects to return to rejoin his regiment on October 17th.

Pte. J. Millford Lewis of the 219th Batt., Aldershot, N. S., and Mrs. Lewis, were visiting in town last week.
