Inspiring Messages From Pulpits—Library Committee Meet—Social and Personal Notes

Monday, 20th, Crusade Day, W. F. M. S. was held in the vestry of the church. "Though the day was dark, and dreary," the meeting was well attended. Reports encouraging. Certificates of life membership were given, one to Rev. A. H. Whitman. Two members of the Mission Band were also presented with certificates, Miss Stoddart, and Lewis Morse. Rev. Mr. Corey, of India, presented the certificates, also spoke in a bright, interesting way. Rev. M. Brown also gave some idea of how Mission Bands were trained; when he was a boy. A duty tea was served by the ladies and Lawrence town ladies can more than hold their own in that, or anything they undertake.

In the Baptist Church Rev. A. H. Whitman gave a powerful sermon from the text, "Can a man rob?" The people were reminded how, in times past, trials and afflictions were visited on those who robbed God. Then in plain words the speaker told how people were doing the same today, and no wonder crimes, unrest, and sorrow were all over the world. The choir, as usual, gave some fine music. Rev. M. Brown made the closing prayer.

Mrs. Augusta Morgan has resided in her home, Main St. for the long period of fifty-one years, a remarkable record in times of restless moving to and fro. This lady has good health, takes an interest in every good work, and is a faithful member of the Methodist Church.

Sunday, 19th inst., Rev. W. H. Rackham preached from the text, "The Zeal of Thy House." A fine address, stirring the conscience, and appealing to the hearts of his congregation.

A meeting of the Executive Committee of the Library met at the home of Mrs. J. B. Hall. New books were selected; plans made for the coming winter.

Thursday evening a pleasant meeting was held in the Methodist Church, fine pictures were put on the screen of India, China, Japan and Korea.

Rain and snow have made the roads soft and muddy. The way to the D. A. R. station is in a very bad condition.

Rev. Mr. Robertson will address a meeting on behalf of the Bible Society Friday evening in the Methodist Church.

A number of the citizens have colds and wisely keep in the house, but the general health of the town is good.

Mrs. I. Clardy, from St. John, N. B., will spend the winter in Lawrence town, at the home of Miss Blackadder.

Hard wood seems to be easily obtained either in cord length, or sawed, and split, at reasonable prices.

Tuesday the Methodist Sewing Circle were out in force, going bravely on with their good deeds.

Mrs. F. Bishop went to Halifax to see her son Ronald, who goes to New Orleans for some six months.

All present were pleased with the lantern lecture in the Methodist Church Tuesday night.

Mrs. I. J. Parker, of Belleisle, has been on a visit to her sister, Miss Blackadder.

Dr. J. B. Hall and Mrs. Hall spent part of Wednesday in Bridgetown.

PARADISE

Mrs. Norman Longley, Mrs. Gordon Hurtle, Mrs. E. G. Morse, Mrs. Carey Durling, Mrs. Fred Bishop, Miss Annie Morse, Mrs. Minnie Rice, Mrs. W. H. Robinson, Mrs. Nathan Banks, Mrs. Charles Harris and Mrs. J. C. Phinney met at the parsonage Friday afternoon, the 24th, and spent an enjoyable afternoon at an old time quilting bee.

An entertainment of drama and music is being prepared by the Institute and promises an evening's pleasure for the near future.

Mr. Harvey Munroe left on Friday's boat to take up construction work with his brother in Boston.

Miss Sarah Elliott, of Clarence, is spending the present week with her sister, Mrs. Vernon Morse.

Mr. J. C. Phinney, who met with an accident in on the mend and will soon be out again.

Mrs. H. W. Longley recently spent a week in Halifax with her daughter, Mrs. Wm. Daley.

Mrs. R. G. Chesley has been visiting in Clarence for a week with Mrs. M. C. Marshall.

WEST INGLISVILLE

Miss Hilda S. Banks, who was operated on at the Memorial Hospital, Middleton, for appendicitis, on November 11th, by Drs. Morse, Sponage and Archibald, was expected home last Saturday.

Mrs. Leonard Banks spent a few days quite recently with her cousin, Ingram Whitman and wife, at Middleton, after accompanying her daughter Hilda to the hospital.

Recent guests at Wilbur Banks were: Mr. and Mrs. Caleb Gillis, of Paradise; Mr. Adelbert Johnson, of Mount Rose, and brother, Freeman Johnson, of Aylesford.

Mrs. Isaac Durling and three children spent the Thanksgiving season with her mother, Mrs. Amanda Beals and brother Vernon and wife, at Inglisville.

Our teacher and pupils have been sick with water pox the last few weeks, but all are better at time of writing.

Mrs. Zebulon Durling spent Nov. 17th with her sister, Mrs. Oliver Delaney, at Lawrence town South.

Mr. Benj. Leonard, of Harmony, Kings Co., was a visitor at the home of Leonard Banks quite recently.

LITTER-ARY

Lady came into "The Spectator" Office the other day and asked if we got the Eastern Chronicle. Spectator man said Nay, that of E. C. declines to exchange, being evidently not interested in Annapolis Royal. Lady said:

"It might not be that; but he's a canny and Scot and it might cost him a few cents more for postage than the postage on yours." "But," she added, "I thought by the look of your office you got all the newspapers in the universe."—(Annapolis Spectator.)

Rev. M. Brown and daughter have been in town for the week.

Mr. Gordon Boland has gone on a visit to friends in the States.

Mrs. Charles Whitman has gone to spend the winter in Halifax.

Mrs. B. Banks has gone to Middleton for a visit to friends.

PROGRESS OF PROHIBITION

Results in Nova Scotia
Attempts are being made to show that there is more drunkenness in the Province since 1916 when Halifax was brought under prohibition.

Criminal statistics give no support for this contention. Last year there were committed to our jails for drunkenness 2156 persons, while the yearly average for the previous four years was 2760, and the yearly average for the four years previous to 1916 was 3763, that is—comparing the license and prohibition periods there was an annual average decrease of 1013 under prohibition.

Again, there were committed to our jails for all offences last year 5572, while the yearly average for the previous four years was 5589 and the yearly average for the four years previous to 1916 was 6952. Comparing the license and prohibition periods there was an annual average decrease in convictions for the offences of 1063 under prohibition.

The records of the City Prison, Halifax, show that during the last six years of license there were committed to the City Prison for drunkenness 1918 persons and for the first six years of prohibition 272. During the license period for all offences there were committed 2750 persons and during the prohibition period 957.

Business men, employers of labor, social workers, clergymen of all denominations, bear testimony to the moral and economic value of prohibition.

In some municipalities the law is not well enforced but steadily increasing temperance sentiment will compel negligent officials to do their duty, or compel their removal from office.

Notwithstanding the liquor propaganda for the sale of beer and wine the prohibition law will remain on the Statutes and be strengthened.

At next session of the House of Assembly the Government will be asked to improve the Act by Amendments, (1) to remedy abuses in the giving of prescriptions and certificates for liquor, (2) to provide that the Board of Vendor Commissioners in Halifax refuse to fill orders for excessive or unreasonable quantities.

With these and other necessary Amendments, and the appointment of a sufficient number of Government Inspectors to ensure proper oversight and enforcement of the Act, conditions will be greatly improved.

H. R. GRANT,
Gen. Secy. N. S. Social Service Council.

OBITUARY

Mrs. James Jackson
The death occurred on Sunday evening at her home of Mrs. James Jackson in the 63rd year of her age. Coming so near, only nine days after the decease of her husband, the bereavement is a doubly sad one. The late Mrs. Jackson was a woman of splendid Christian character and always active in Missionary and other societies in church circles. Her demise is generally regretted. She leaves two sons, Ira and Ernest P. of Halifax; four daughters, Mrs. L. G. Rock, Bridgetown; Mrs. Percy Banks, Brickton; Miss Ruth, who has been attending Normal School, and Miss May, who has been in Halifax for a short time.

The funeral services took place at the home of the deceased on Tuesday afternoon and were conducted by Rev. C. W. Robbins. Members of the Baptist Church choir sang feelingly favorite hymns of the late Mrs. Jackson, "How Firm a Foundation", "Able With Me". Interment took place in Riverside Cemetery.

A GREAT SALT "STRIKE"
Messrs. A. R. Chambers, and Geo. McKay, New Glasgow, the developers of the Malagash Salt area since 1917, have just unearthed a six foot seam of pure white salt, which on analysis by a prominent Montreal firm showed to be 99.1 per cent. pure. The seam is six feet thick, pure white, without the least trace of foreign matter or discoloration.

150,337,566 BUSHELS SHIPPED VIA MONTREAL

Montreal.—A grand total of 150,337,566 bushels of grain have been shipped from Montreal port to date, which breaks the record for the whole of last season by more than 12,000,000 bushels. A total of 1,123 ships have been cleared so far for the ocean as compared with 906 during last season.

CANADA'S ARMY IS VERY SMALL

The Expenditure Per Capita on Militia Activities This Year Will Be Only \$1.50 Per Head

Ottawa.—Canada's expenditure per capita on militia activities during 1922 will be \$1.50 compared with an expenditure of \$14 per head for similar purposes in the United States. Canada trained 27,284 men this year to November 1st. These figures were given in an official statement obtained Thursday morning from the Department of Militia and Defense. The statement goes on to say:—

"Quite recently the United States Secretary of War made a public statement that Canada trained 100,000 men during the past summer. According to the figures available the exact number trained appeared to be 27,284, all ranks, as at November 1st, 1922.

"In this connection it should be remembered that the United States maintains a standing army of over 150,000 all ranks. Canada, on the other hand, has no standing army, but only a small permanent force of instructors numbering less than 4,000.

"The best method of gauging military activities of the two countries in matters of defence is by comparing their annual expenditures. That of Canada during the present year will be approximately \$1.50 per capita, that of the United States, so far as can be ascertained at present, will be in the neighborhood of \$14 per capita."

GRANVILLE CENTRE

Mr. Hallett Daniels, of Mt. Hanley, who purchased a farm from Mr. W. S. Fraser, has moved with his family. We welcome them to our neighborhood, and are glad to know that Mr. and Mrs. Fraser are to remain here too.

Mr. C. L. Jodrey, representing W. H. Chase & Co. Wolfville, who has been in this place buying and shipping apples, has returned to his home in Gasperau.

Confirmation service was held in All Saints Church Friday afternoon last, when Bishop Worsell administered the rite to six candidates.

Mrs. R. R. Longmire and Miss Florence, recently spent two weeks with Mr. and Mrs. Chas. Eagles in Falmouth.

The ladies of the U. B. Church intend holding a chicken supper and fancy sale in the hall on November 30th.

Mr. E. R. Wade has installed a Delco Lighting and Pumping System, which lights his house and store.

Mrs. Edith Balcom and children have removed to Woodville, Kings Co., for the winter months.

Mrs. Frost, of Yarmouth, recently visited her daughter, Mrs. Gavit, at Mr. H. V. McCormick's.

EXPLANATION NEEDED

The following from the Bridgetown Monitor was reprinted in the Yarmouth Times, whose present proprietor (Col. T. M. Seeley) was former proprietor of The Spectator, and who asked the question: "Is this a slam?"

"Mr. G. Dakin, of the Royal Print and Litho Co., Halifax, spent a day or two in town this week. Mr. Dakin was a former publisher of the Annapolis Spectator before arriving at his present more responsible position."

Don't know, Colonel, whether it was intended to be a slam, sarcasm or compliment. The gentleman specified might be able to buy The Spectator, The Times, The Monitor, and other papers, or he might not; but the matter of responsibility is perhaps relative to desirability. Another paper credits the paragraph as having been original in the Berwick Register.—(Annapolis Spectator.)

BRIDGEWATER MIDDLETON

CORRESPONDENCE

EXTENDING THE ORCHARDS
Editor "THE MONITOR":
Dear Sir:—"Should Annapolis Co. farmers set more orchards?" is a question which is probably receiving attention from many of your readers at the present time. I have been giving the matter considerable attention myself and am convinced that an affirmative answer should be given to the question.

It is not to be expected that every year will see such apple crops in the Annapolis Valley as those of the past four seasons; nor can we always expect such satisfactory prices as those of the last ten years (excepting the present year). Yet until some past appears more difficult to cope with than those that have hitherto visited the "Valley" we will probably find apple growing our most profitable line of farming.

In the last two years I have visited a good many farms in Annapolis and Kings Counties and have observed this. In the former the orchards generally of five to ten acres consisted largely of mature or old trees and the farms were priced at \$5,000 to \$15,000. In the latter county the orchards generally of ten to twelve acres had a large per cent. of young trees and the prices ranged from \$10,000 to \$25,000. The difference in orchard.

It looks to me as if Annapolis Co. farmers had made a mistake in not setting more orchard in the past dozen years. They should begin to correct the mistake as early as possible, and the earliest possible time is next Spring.

I would not, however, advise anyone to set orchards on unsuitable land, nor to set out more trees than he can cultivate and fertilize.

The present high price of apple trees for setting and the possibility that the price may drop in the near future furnishes an argument against immediately setting orchard I admit. Despite this and perhaps other arguments against early extension of our orchards I am convinced that Annapolis County farmers who have suitable land to spare for orchard, who can afford to purchase the trees and who have a reasonable prospect of being able to give them proper care will be wise in setting from 100 to 1000 apple trees next Spring. I would, I believe, be means of adding many thousands of dollars to the value of the farms of this county.

FRED E. COX,
Middleton, N. S.
Nov. 25th, 1922.

HIGHER PROSPERITY

Ontario, with a population of 3,000,000, had 182,000 passenger motor cars in 1921; probably 200,000 in 1922. Great Britain, with a population of 43,000,000, has 314,000 passenger motor cars this year.

With fourteen times the population of Ontario, Great Britain has but little more than one and a half times the number of passenger motor vehicles. This is due only in part to the heavy taxation imposed upon automobiles in the Old Land. To a greater extent it is attributable to the higher average of prosperity in the New.—(Toronto Star.)

BUTTER EATERS

Canada leads in a list of thirteen nations in the per capita consumption of butter, according to a report of the United States Department of Agriculture. Each person in Canada is credited with consuming twenty-seven pounds of butter a year, compared with fifteen pounds in the United States. Sweden leads in the consumption of milk, and Switzerland leads in cheese eating, the average for each person being twenty-six pounds a year.—(C. P. R. Bulletin.)

NEW RINK NEARS COMPLETION

Work on the new rink is proceeding apace and continued good weather during the rest of the week will see the building practically completed. Mr. Jack Austin, the popular catcher on last season's baseball team, will have charge of ice making operations and care of the rink generally. With slightly increasing drops in temperature the work of getting a good ice surface will soon be carried through successfully.

Mrs. A. W. Daniels, of Centreeles, left last week for Halifax to secure special treatment for her eyes.

Mr. and Mrs. J. R. Skinner were the guests of Mrs. Frank Wheeler last week.

WEST ARLINGTON

It is with deep regret that we hear of the removal from our Village of Mr. and Mrs. Guy Tufts. Although Mr. and Mrs. Tufts have not been with us very long, yet they have made friends far and near who will deeply regret their going from us, Mr. Tufts having secured a position at Annapolis. We all wish them the very best success in their new home. Such people are hard to lose from our Village—I think we ought to cry.

Mrs. Curtis Foster, of Hampton, and two daughters, Thelma and Dora, are visiting Mrs. Foster's parents, Mr. and Mrs. Burton Marshall, for a few days.

Mr. Parker Banks, of Outram, has been spending a few days at the home of Mr. and Mrs. Wallace Marshall's, returned home Wednesday.

The Rev. A. and Mrs. A. H. Whitman, of Port Lorne, were visiting her daughter, Mrs. Alfred Marshall, on Monday.

Very good sleighing here today. Some are taking advantage of it—perhaps to say they sledded in November!

ANTIGONISH SHIPPED THOUSANDS OF SHEEP
It is estimated that over twenty thousand sheep have been shipped from Antigonish this Fall. They were not all raised in this County, however, some of them coming from Guysborough County and Cape Breton. Antigonish raisers sold a large number of them, though, and the different shipments were made from this station. The New England Dressed Meat and Wool Co., Boston, represented by J. L. Demerit, were the heaviest buyers, while the William Davies Co., Toronto, represented by T. A. Marquis; the Harris Abattoir, Toronto, and Sydney; and Robert MacLeod, Truro, also bought their quotas. Twenty thousand is an under-estimate of the total shipments; these figures merely represent the sheep bought by the large dealers.—Antigonish Gasket.

RUSSELL HILTON, OF WELLINGTON, CRUSHED TO DEATH

Yarmouth.—Russell Hilton, a young married man of Wellington, Yarmouth County, employed as an auto truck driver by the contractors engaged in highway construction, was crushed to death. His lifeless body was found wedged in between the truck and wall of the building shortly after six o'clock. As the auto was still in gear, it is supposed that when Hilton attempted to crank the engine the truck lurched forward pinning him against the wall.

Coroner Dr. F. E. Gullison held an inquest before a jury over which George L. Cann acted as foreman and rendered a verdict of death caused by being crushed between the car and the wall of the garage, death being purely accidental. He is survived by a wife and several children.

GOOD RACING THIS WINTER

Programs More Than Usually Good For Those Who Enjoy Horse Racing—Large Local List

The coming Winter promises to be one of the best ever in connection with the horse racing game locally, and already the horse owners and enthusiasts are looking ahead to the time when speed contests will commence on the river.

From a prominent local horseman. The MONITOR secured a list of quite a number of probable contestants and besides these a number more will, in all probability, come forward as entries. The list includes old racers, others which have been in the game for comparatively short period, and green horses that show much promise and will likely keep the crowd guessing. Names of the racers are as follows:—

- "Confection", 210, owned by Mr. Chas. F. DeWitt.
 - "Crown J.", 215 1/4, owned by Mr. Elias Ramey.
 - "Mona D.", 222, owned by Mr. Lewis Dargie.
 - "Queen Bess", 220, owned by Mr. Wheelock Marshall.
 - "Grey Bird", 232, owned by Mr. Norman Dargie.
 - "Nancy", 230, owned by Mr. Kenneth Hebb.
 - "Corn Cracker", 233, owned by Mr. Arthur Marshall.
 - "Zarena", a fine salt owned by Mr. Harry Annis.
 - "George T.", owned by Mr. Isaiah Ramey.
- It is currently reported that Mr. Frank Horner will bring two horses from Halifax to further increase the entries.
- A landing is to be built by the river and a good many contests and matched races are being talked up.

WESTERN FARMERS DEMAND REVISION OF BANK ACT

Calgary.—Demands that the Federal Parliament at the next session institute a searching inquiry into the basis, function and control of the financial credit system, and the relation of credit to production and distribution, were embodied in a resolution unanimously endorsed at the annual convention of East and West Calgary United Farmers of Alberta.

The resolution further asked that whatever amendments were made to the Canada Bank Act, the Act should be left open for further revision, as it was pointed out by the bankers engaged to present their case, whereas the farmers practically were unprepared. That the inquiry proposed be held publicly, was another demand.

SASKATCHEWAN WOMAN RECOVERS

Found Health by Taking Lydia E. Pinkham's Vegetable Compound

Melara, Saskatchewan—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I end I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Mrs. W. J. THOMAS, Melara, Saskatchewan.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Thomas writes that she is a different woman now. If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Thomas and many other women.

This medicine has been helping sick women nearly fifty years—surely a long record of service.

PRICES OF FARM PRODUCTS LOW COMPARED WITH MANUFACTURED ARTICLES AND LABOR

In a survey of business conditions in Canada, dated November 1st, the Royal Bank comments on the lowered purchasing power of the farmer, and its effect on trade in general.

"Although there is some improvement in the wholesale and retail trades," says the report, "previous expectations in this regard have not been realized. Considering the excellent crops which have been harvested throughout the entire Dominion this year, one might naturally suppose that the increased purchasing power of the farmer, resulting therefrom, would immediately prove a very strong impetus to business throughout the country. It must not be overlooked, however, that the purchasing power of the farmer's dollar is still below par. Speaking generally, prices of farm products are low compared to manufactured and imported articles and the cost of labor.

"In other words, farm products are being produced, at the present time, at very moderate profits, and in many cases at an actual loss to the producer, after allowing the farmer a living wage. In most cases, and particularly where crops have not been good in previous years, the total amount realized must be applied on existing debts. While the general situation has been greatly improved by the bounteous crops, we cannot expect a well balanced prosperity until the value of agricultural products improves in relation to general costs. The situation, however, contains the elements which must automatically effect a cure.

The most encouraging feature at the present time, the Royal Bank report states, is the improvement in foreign trade. Our exports have steadily increased in volume during the past five months. More Canadian products were sold in the United States in August than of any other country, Great Britain included.

MOVE TO SAVE LIFE OF TEBO

Montreal.—Considerable local interest is being displayed in the fate of the youth, Garfield Tebo, of Little Brook, Digby County, who is under sentence to hang on November 30th. Several citizens have approached the President of the Canadian Prisoners' Welfare Association, Robert Bickerdike, on the subject, urging that every effort should be made to obtain clemency in this case. Objection to the execution is taken, first, on the ground that Tebo is a minor; second, that he is of a family which has already paid one penalty of that sort, and it is stated that the youth was badly carried out, and further, it is contended that the youth is mentally deficient. An appeal based on these grounds has been sent to the Minister of Justice by the Association named.

Mr. and Mrs. Stange Mills left on Friday for Lynn, Mass., where they expect to spend the winter.

CONSERVATIVE HOLD ORGANIZATION MEETING

A well attended Convention of the Conservative party of Annapolis Co. was held here on Tuesday afternoon of last week for the purpose of organizing a County Association.

W. L. Hall, K. C., Provincial leader of the party, was present, and also Colonel Joseph Hayes, Secretary and Provincial Organizer, Harry Ruggles was in the chair, and the following officers and executive committee were elected:

President—Harry T. MacKenzie, Secretary—W. H. Maxwell, Executive—Robie Leonard, O. P. Goucher, G. E. Corbett, J. I. Foster, J. L. Shaffner, J. S. Mills, LeBaron Troop, Herbert Hicks, Karl Nichols, Harry McNeil, Y. Dittmars, G. A. Hawkesworth, A. H. Milner, Arthur T. Morse, H. D. Starratt, Harry E. Reed, A. D. Thomas and George A. Bent.

Mr. Hall got an excellent reception from the convention and his remarks were received with much approval by the members of the party present. He dealt largely with the record of the Murray Government and condemned their administration of Crown Lands and water powers and also attacked the increase in direct taxation and considered that County Councils had been shorn of their old time powers and reduced to the status of tax gatherers.

Mr. O. P. Goucher emphasized the importance of organized effort and considered that there was ample vitality in the party in Annapolis to elect two members in the next contest with united effort and systematic work.

A. L. Davidson, in the course of his address, expressed appreciation of the loyal support he had received at the hands of the party, and stated that while he did not intend to take as prominent a part as he had in the past. Still, he was ready to support any nominee of the party and render the best possible service in any capacity.

Col. Hayes spoke on organization details, and the need for active work. The most serious malady was indifference.

The following resolution was moved by H. D. Starratt, of Paradise, and seconded by Joseph Berry, Clementsville, and enthusiastically passed by a standing vote.

"Whereas, there has been on the part of the local legislature of this Province a complete lack of energy and business enterprise in the administration of its affairs and,

"Whereas, the industrial and commercial life of Nova Scotia has been retrogressing instead of progressing and,

"Whereas, the system of direct taxation instituted by the present Provincial Government to bolster up its revenues which have become inadequate as a result of the reckless way in which the natural resources of the Province have been squandered or handed over to monopolists, particularly with reference to Crown Lands and coal, and,

"Whereas, it is believed that a change in the administration of the affairs of this Province is necessary in the interests of progress and prosperity.

"Therefore, be it resolved that this convention of the Liberal-Conservative party of Annapolis County here assembled, pledges its whole-hearted support and the enthusiastic effort of each delegate to the nominees of the Liberal-Conservative party in the next local general election or in any by-election in the meantime.

"And be it further resolved, that this convention accords its unbounded confidence in the ability and leadership of W. L. Hall, K. C., and pledges to him most zealous and enthusiastic support."

CANON SCOTT: ON AGE OF MARRIAGE

Montreal.—Speaking here before the Young Men's Canadian Club on the subject of "The Place of the Young Man in Canada," Rev. Canon F. G. Scott, of Quebec, said the policy of those banking and other institutions which did not permit their employees to marry before they reached a certain salary. He had denounced this policy as a crime and suggested that the money spent by such institutions in building marble columns in front of their office edifices would be better spent in building human pillars for Canada in the homes instead of "throwing money away in making a show of this kind."

"Our whole conception of marriage is wrong," he continued. "Instead of 27, 28 and 30 being considered the correct age for marrying, it ought to be the same age as in the days of our grandfathers. My grandfather married when he was 21. The woman who is raising children and not the woman who is going in for political power, is rendering the highest service to the nation."

He claimed that Canada was suffering from a deterioration intellectually and, in regard to the administration of justice, he said it should be the same in the case of the rich as in the case of the poor. "That is not the case here at present," he maintained.

ODDFELLOWS HOME TRUSTEES DELIGHTED WITH NORWAY

Property Formally Transferred to Oddfellows. Preparing for Formal Opening.

Norway house and property was formally transferred to the Oddfellows Thursday, when the first meeting of the Trustees and Home Board was held at the Hotel Wallace. The Norway property by vote of the Grand Lodge, I.O.O.F., of the Maritime Provinces and Newfoundland, was selected at the last annual session of Truro as the site for a Home for aged Oddfellows and their wives, and also for orphaned children. The members of the Board in session here were R. H. MacKay, P. G. M., New Glasgow; W. A. MacKay, D. G. M., Truro; P. A. MacGowan, P. G. M., Moncton; C. H. Black, Charlottetown; Mrs. D. W. MacBean, Inverness, President of the Rebekah Assembly; Mrs. H. T. Davis, Halifax, Vice-President of the Rebekah Assembly. J. J. MacKinnon, Charlottetown, Grand Secretary and one of the Trustees, was also in attendance at the meeting.

J. A. Craig, P. G. M., Yarmouth, was the only member of the Board who did not attend the meeting here, he being unavoidably detained at home. The members of the Board motored to the Home and made a thorough inspection of the house and property, after which a meeting was held in the Hotel Wallace, at which plans were discussed for the formal opening of the Home.

The members of the Board are delighted with the selection of Norway for the Oddfellows' Home and are entering upon their duties with zest and enthusiasm.—(Pictou Advocate.)

LEAGUE OF NATIONS SOCIETY IN CANADA

In response to an appeal by the Halifax Branch of the League of Nations Society in Canada, the clergy of all denominations in Nova Scotia brought the objects of the League of Nations prominently before their people on Sunday last (in some cases it had been done earlier in the month) with a view to eliciting interest and active support.

We quote extracts from an article which appeared in the Halifax Morning Chronicle:

"The immediate object of the effort which is to be made next week to elicit popular interest in the purposes and work of the League of Nations is to enlarge the membership of the League of Nations Society in Canada. To effect this it is necessary that its membership should be made widely representative of the community and that it should have behind it effective and organized public opinion. The League of Nations Society in Canada is organized along the lines of the League of Nations Union in Great Britain, which now has a very large membership and the patronage and support of leaders in Church and State. It is proposed to do in Canada, through the League of Nations Society, what the Union is doing in the Old Country. The objects of the Society as stated in the constitution are:—

- (1) To promote international peace.
- (2) To furnish information about the League of Nations, its principles, its organizations, and its work.
- (3) To study international problems and Canada's relation as a member of the British Commonwealth and of the League of Nations.
- (4) To foster mutual understanding, good-will, and the habits of co-operation between the people of Canada and of other countries, in accordance with the spirit of the League of Nations.
- (5) To promote the establishment of Provincial or local associations, clubs, or other bodies having like objects, and to co-operate with any existing organizations for such purposes.

These are objects which should appeal to every man and woman of good-will in the country. It is provided that membership in the Society may be either "Personal" or "Corporate".

Walls, no doubt, efforts will be made to secure as many large subscriptions as possible. It probably will be more desirable and in the interests of the success of the Society to enroll a large number of Personal members rather than that its activities should be confined to a few. The main thing to be accomplished is to enlist and focus the interest of the people as a whole, and if a large number of individuals are induced to take an active part in the affairs of the local branch its influence will naturally be widened and it will be

better equipped to accomplish the great objects which it has in view. It is to be hoped, therefore, that there will be a general and hearty response. We quite recognize that the tendency today is towards the multiplication of organizations, but the purpose of this Society is so broad; and it is indeed essential if we are to rid ourselves of the war mind and banish the war spirit and do our part in establishing co-operation and good-will between the nations and between men, that the League of Nations should command our whole-hearted support.

As far as we know there is no branch of the Society in Nova Scotia outside of Halifax, but pending the establishment of other branches our readers are urged to become members of the Halifax Branch.

The Society issues a monthly bulletin which is sent to every member. The bulletin covers the activities of the League of Nations and records the progress of the work of the Society. We assure the "Personal Membership" is what will appeal to most of our readers, the annual subscription for which is one dollar, and in view of the aims and objects of the Society we submit no better investment could be made.

We are asked to say that any of the local pastors will gladly receive names and subscriptions and forward them to the proper quarters.

Mr. Jodrey, apple buyer, was in this vicinity last week.

LOWER GRANVILLE

Fred A. Shaffner, who has spent the Summer at Granville Centre, is at home.

OBITUARY

Many friends will learn with very deep regret of the death which occurred the 13th inst., at the home of her daughter, Mrs. S. E. Thorpe, of Mrs. Edward Marshall, widow of the late Edward Marshall, who predeceased her about twenty-five years ago.

Mrs. Marshall had reached the advanced age of ninety-two years and although she had been in failing health, her last illness was of only a few weeks duration. The high esteem in which she was held was manifested by the large number who came to pay their last tribute of respect.

She is survived by three daughters, Mrs. S. E. Thorpe, and Miss Annabelle Marshall, of Lower Granville; Mrs. Henry Hallett, of New Brunswick. The funeral service was conducted at the house on Wednesday morning, 15th inst., by Rev. W. Heisler, assisted by Rev. Mr. Thomas, and interment was at Lawrencetown.

Heartfelt sympathy is extended to the surviving relatives in their grief. A precious one from us has gone. A voice we loved is stilled; A place is vacant in our home That never can be filled.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

On Sunday, Nov. 26th, the Archbishop of Nova Scotia was in St. Clements Parish where he administered the Apostolic rite of laying on of hands. In the morning in St. John's Church, Bear River, two candidates were confirmed and at 3 p.m. in the Parish Church at Clementsport, 15 were confirmed. A total of 12 men and boys and 5 girls. At 7.30 p.m. evening at Deep Brook, the Parish lay-readers acted as chaplains. Mr. L. V. Harris at Bear River, and Mr. W. G. Smith at Clementsport and Deep Brook. His Grace addressed the candidates and preached at Deep Brook. His words will not soon be forgotten, and were pregnant with spiritual force and most helpful to all who were privileged to hear them. They emphasized virtue, christianity, in modern life. The congregations were large and the services reverent and hearty. On Friday evening, Nov. 24th, the rector administered the sacrament of holy baptism to two children and four adults in the Parish Church.

With Cape Breton under a blanket of snow from five to six feet in some mountain sections and recovering from one of the worst blizzards it has experienced for fifty years, we again realize the difference of climate and of road condition in a few hundred miles of this Province. Here our roads are bare and cars are running as well as in Summer. We trust

that Col. Millar will in 1923 grant permits on the basis of road conditions and not as in 1922 on the basis of dates.

The Rural Deanery of Annapolis will meet in Clementsport Monday and Tuesday, Dec. 4th and 5th. The Deanery will hold a service in St. John's Church, Bear River, on Monday, Nov. 27th, at 7.30 p.m. Rev. Archdeacon Watson being the preacher and at Clements, Tuesday evening, the Rev. T. C. Mellor being the preacher. All are invited to these services.

In the absence of the W. Master of the Keith Lodge, Bear River, P. M., W. M. Romans assisted by Dist. Deputy Geo. E. Kennedy, P. M., will exemplify the 3rd degree on Monday, Dec. 4th, at 8 p.m. All masons are cordially invited to be present.

Mr. John Saunders, who has been working in the evaporator at Lawrencetown, returned home on Friday, the 24th inst.

Mr. Edward Best, who recently purchased the Baptist parsonage, has moved in and is getting settled in his new home.

Mr. L. W. Hudgins has arrived from the U.S.A. and has purchased the property of Mrs. Jas. Berry.

Mrs. S. G. Halsey is visiting her father, Mr. Abed Cross.

IN MEMORIAM

Mary S. Phinney
Suddenly, on the evening of Nov. 18th, at her home at Melvern Square, May Savilla Phinney passed on to the Better Land.

The deceased had been in failing health for over two years, her disease taking the form of anaemia, followed by serious heart trouble. During that time she complained of weakness, chiefly, and only during the last few days she lived did her suffering become acute, the end coming suddenly. An honorable and useful life has been cut down, her work is ended here, and she has gone to her reward.

Unselfish to a marked degree, and loyal to those she loved, she will be greatly missed in the home circle, where she was the dominating spirit, but their loss is her great gain, for she felt no fear of death's dark river. She, too, will be missed in the church and Sabbath School, where for years she worked so faithfully for the good of others, until failing health compelled her to give up all.

Her place in that capacity will not be easily filled, for, truly, "She hath done what she could."

She leaves to mourn their sad loss, a widowed mother, Mrs. Eliza Phinney, one sister, Miss Sadie, and two brothers, Harry C., and J. Abner, all of Melvern Square, besides a large circle of friends.

The funeral service was held in the Presbyterian Church, and was conducted by the Rev. H. MacNeil, who delivered an impressive and comforting discourse from the words found in 107 psalm, verse, "And He Led Them Forth by the Right Way, that they might Go to a City of Habitation."

Beautiful flowers, the last tribute of loving friends, were laid on the casket. The favorite hymns of the deceased were beautifully rendered by the choir, and the body laid to rest to await the day when all things shall be made plain, and loved ones re-united.

GIANT ICEBERG SIGHTED BY TWO ATLANTIC LINERS

An unusually big iceberg, more than 200 feet tall and shaped like the hull of a huge capsize vessel, was sighted at noon on Nov. 16th, by the White Star Liner "Baltic", at New York Monday from Liverpool and Queenstown, about ten miles to the north of her course. Two hours later the Royal Mail Packet Liner "Orduna", in from Hamburg, gave her 836 passengers a chance to take in the same sight. It is unusual for an iceberg to be seen in steamship lanes in November. Warnings to other liners were sent out by both ships.

Sir George E. Foster, formerly Canada's Minister of Finance, was a passenger by the "Orduna", which brought sixty-two tons of German-made toys and eight tons of German-made trousers.—Hlx. Herald.

GIRLS' WORK BOARD NOTES

Good things are in store for the C.G.I.T. girls of the town. At the last meeting of the Girls' Work Board, it was decided that as far as possible, each month during the winter should bring one meeting of the united groups, with a speaker on some subject of interest. On Friday evening, December 1st, Miss Elizabeth Ruggles will give an illustrated talk, subject, "Art of Ancient Greece". Place of meeting—School room of United Church. Time—8:30 o'clock. In January the speaker will be Mrs. W.A. Warren, and her subject, "Observations on Public Speaking". Further announcements will be given later.

Halifax, N. S.
Gentlemen—I have used Minard's Liniment and have found it a good remedy. After the explosion I was pretty well shaken up having quite a number of bruises and cuts, but thanks to Minard's Liniment I am my old self again. It healed the sores and bruises and gave me much relief. It is true to its name as the King of Pain, for it stopped the pain almost at once. I first noticed the ad in the Montreal Standard and decided to invest in a bottle, for which I am not sorry, but can say with truth that I am thankful for it having done all it claimed to do, and in my case much more, and a satisfied customer is the best ad. one can possibly find. That is my view of it, and I think you will agree with me too.
Yours very truly,

HOCKEY

WING POSITION.

Probably the most difficult position to fill on a hockey team is left wing. Most all of the men, perhaps all you have to pick from are right hand shots, and then it becomes necessary to develop one to shoot from the left. If a right hand shot is placed on left wing it is natural for him to shift the puck to his right towards the centre ice, bringing the puck from between himself and the boards which afforded him protection of it, and placing it in dangerous ice where some one might trick him up or deflect the puck aside before he has a chance to shoot on goal. Whereas he possesses a good true shot from the left he would have scored and gave the goal tender a chance to be a hero.

Some applies to right wing men must shoot from your natural side of you to be effective.

Wing men must be able to play the boards—that is to bang the puck against the boards in such a way to make it rebound off again just far enough ahead so you can pick it up again—it too far forward it goes to your opposing defence, or across the centre ice, where it might not be played by one of your own men. Thus again it may not rebound but slide ahead, or the player you are trying to deceive may catch the puck with his stick.

It is not always best to adopt this style of play. You must be a good stick handler and be able to dodge your way along. You must be a combination man, passing to your centre; also learn to pass to your opposite wing man.

The passing of all forward players must be snappy. A flat pass is easier to intercept than one about a foot or more off the ice surface.

The strong point of forward line player is to be a back checker—that is to whirl around and follow back your rival the distance you lose the puck and try to overtake him to intercept his pass or crowd him in his course before he can shoot on goal. I would rather have a hard working team man and tire some back checker on a forward line than a flashy flashy player who did not have the ability to back check his man. He would prove the most valuable to the team.

Wing men must be able to dig out their corner and rush into them to prevent the opposing defence men from getting a start on from behind the goal to clear the puck from their territory, and if they fall on this—whirl around and chase him. Back check all the time—Don't forget it. Next week will describe "The Two Different Systems of Playing Defence."

DO MICMACS HAVE TO OBSERVE FISHING LAWS?

Whether the members of the Micmac tribe are privileged to hunt and fish out of season is a question that was recently put up to the Premier for a decision by a young Indian living in the eastern part of the county. In council in 1752 the Indians were not to be interfered with in hunting and fishing whenever the need arose. The tribe has always maintained that under the terms of a treaty entered into by the Micmacs and the governor. Recently the young man mentioned above was found spearing salmon by the fishery inspector. He claimed that he was not subject to the regulations that the whites are forced to observe, and to find out just where the authorities stand on the matter he had a copy of the treaty sent to the Premier with the request that legislation be introduced in the House at the next session confirming the agreement made between His Excellency Peregrine Thos. Hopkins and his Council, and Major Jean Baptiste Cope, the Micmac chief, on September 16th, 1752. The item on which the Indians base their claim reads:—"We shall not suffer that you be hindered from hunting and fishing in this country as you have been used to do."—Antigonish Casquet.

Miss Lena M. Barnes, of Bridgetown, was a passenger to Yarmouth via last Tuesday's express, where she will remain for an indefinite period—Yarmouth Times.

Mrs. A. M. Kennedy, a former resident of West Paradise, but lately of Bedford, is the guest of Mrs. J. P. Cuthbertson, West Paradise. Next week Mrs. Kennedy leaves for England en route for South Africa where she will make her home.

Miss Pearl Chute, County Health Nurse, leaves for Halifax next week, where she joins the staff of the Massachusetts Health Centre. While in Halifax this winter she will also take a special course in Public Health at Dalhousie University. Miss Chute was, a few months ago, obliged to rest from her arduous duties as public health nurse and has been resting since at her home. Her many friends are pleased to know that she is much improved in health. Her work as public health nurse in the County has been greatly appreciated. Its extent may be estimated when it is known that there are 245 schools to be visited and about sixty health clinics to attend and assist at during the year.

These are held in all large centres such as Middleton, Bridgetown, Annapolis, Digby and Weymouth. The value to the communities generally of public health nurses is becoming better appreciated as time goes on. Miss Chute has rendered splendid service and it is hoped that she may be induced later to resume her duties in the County.

Mr. Ambrose Whitman and sons are doing the threshing in this place this week.

THE CARE OF THE FEEBLE-MINDED

The havoc wrought by the non-care of the mentally deficient is terrible and is coming to be widely known. They are the cause of half the crime in general, two-thirds of prostitution in particular, two-fifths of venereal disease, and a large proportion of illegitimacy and of sexual vice.

The cost of caring for the fruits of this havoc in maintaining courts, gaols, prisons, reformatories, industrial farms, and rescue homes is a heavy burden on the taxpayers and on private charity.

Prevention is always more worth while than cure, even where cure is possible, and feeble-mindedness cannot be cured, though in time it can be prevented.

Let us consider first what to do with mentally defective children of school age.

They cannot be trained in the same classes with normal children. They lag behind, become discouraged, and get no benefit themselves. They retard the normal children. They become a nuisance to the teacher taking far more than their share of attention and all to little purpose. They are the source or occasion also of demoralizing school discipline, and usually also of abominable lewdness and vice among the other children.

What then is to be done? In cities and other large school districts there is no serious difficulty. They should be examined and tested by a capable doctor who has had special training in dealing with mental disease and deficiency, and sorted out into classes that may be called "special" or "industrial" or "auxiliary" by way of human camouflage. There should not be more than about fifteen in one class or room. The teachers of these classes require special training of course, the teaching has to be concrete, to a large extent manual, and more or less of the kindergarten type.

Such classes are popular with the children. They solve the problem of truancy. Many of the normal children pleased to be allowed to attend. Vancouver deserves the credit of having established these classes in a systematic way. When the writer last heard they had some two dozen of them. Many of the children mentally below par, can, in these classes, get training enough to enable them to be self-supporting.

But this method cannot meet the need of such children in the country and in smaller centres. For these special provision must be made in one or more Provincial schools established for this purpose.

The Child Welfare Department of the Province should have power to discover, examine, and arrange for the specialized training and permanent care of mental defectives. Manitoba's new and constructive Child Welfare law gives such authority and provides the necessary machinery; a Director of Child Welfare, a specially trained Medical Examiner, and a Board of Selection, to determine what is to be done with each child. A plan of this kind systematically

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds—one day warm, the next cold and wet, and unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the tablets will prevent colds, or if it does come on suddenly their prompt use will relieve the baby. The tablets are sold by medicine dealers, or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

and well worked for a generation will enormously reduce, if not eliminate, the problem of the feeble-minded.

Second, the adults also should be discovered, examined, and the worst of them segregated and so prevented from multiplying their kind.

On industrial farms they can be self-sustaining. The large horse at Waverley, Mass., with 2,000 inmates, is practically so. And the inmates of both sexes and all ages are happy and contented, and though walled and bolted, are barred in, never run away. The Spring City Penit., one with 1,000 inmates, is altogether self-sustaining, so are many others.

Every Canadian Province should have at least one such institution, one or more.

Why Rheumatism Often Comes Back

The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. Then when the system becomes run-down from any cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while undergoing other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack. This is proved by the case of Mrs. J. Hewitt, Beach P. O., Hamilton, Ont., who says: "For a number of years I was troubled with muscular rheumatism which caused me a great deal of suffering. I would get rid of the trouble for a time, but it always came back. A friend recommended Dr. Williams' Pink Pills and I have not had an attack of rheumatism since I took them, and that is five years ago. I have since used the pills for anemia and found them equally good, and I now recommend them to any friends who may be ailing."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

LETTERS OF AGRICULTURE TO BE RE-PUBLISHED

At the request of the Nova Scotia Farmers' Association the Provincial Government has had the famous "Letters of Agriculture" re-published. The volume is just off the press and may be had from the Agricultural Office at Truro at a price of a little below cost, viz. \$1.00 plus 15 cents postage. The letters were first published in 1818, in the period immediately following the Napoleonic wars, a period of great agricultural depression, in many ways similar to the time through which we are passing now. These letters are credited with bringing about such changes in the agricultural practice of the Province as to turn a situation bordering on despair to one of real prosperity. The book will be valuable for its historical references as well as its agricultural information. It is written in an unusually clear and beautiful style.

CLEMENTSVALE

Mrs. Margaret Trimmer has returned home from a pleasant visit with her daughter, Mrs. Sewall Corbett, of Port Lorne.

A number of this place joined in the parade of the Canadian Foresters at Clementsvalle, of Sunday, Nov. 19th.

Mr. Ernest Trimmer and Mrs. J. Albert Wambolt spent Sunday with their sister, Mrs. John Riley, Virginia.

Mr. and Mrs. Frank Doogur spent a few days with relatives in Annapolis Royal.

The gathering and selling of Xmas trees has been a great success in this place.

KERR'S BUSINESS COLLEGE ACQUIRED BY THE MODERN

The St. John Business College—Kerr's—on November 1st, passed under the successful management of the Modern Business College, Ltd., Corner Mill & Union Sts., St. John, N. B.

The Modern College has met with wonderful success and this year it is enjoying the biggest business in its history. Mr. Geo. J. Smith, the President, has engaged additional staff and purchased new equipment. The combined schools will be conducted in the same thorough manner that caused the Modern to become the largest business training institution in New Brunswick within two years after being established.

Mr. Smith states that, owing to the very large enrollment of the combined schools, it is necessary to conduct the two schools in their respective buildings. The Commercial Department will be Mr. A. B. Lumsden in charge, and the present premises of the St. John Business College, while the Stenographic Department is conducted at the Corner of Mill & Union Streets, St. John, N. B.

On account of its thorough and practical work, the Modern College is very firmly established and the management is to be commended for its progressive policies. With the acquisition of the St. John Business College and the new equipment purchased, it will be one of the largest and best equipped schools in Canada.

It will be a cause of much satisfaction to the friends and students of the St. John Business College that their fortunes have been passed into such capable hands.

MELVERN SQUARE

Miss Mamie Phinney, who has been in failing health for some time, heard the Summons: "Child Comes Home", and passed quietly away on Thursday evening. During her long and tiresome illness she was faithfully cared for by her sister, Miss Sadie Phinney. All that loving hands could do was done to keep the dear one a while longer, but it was not to be. The funeral service was held in the Presbyterian Church on Saturday afternoon and was conducted by Rev. Mr. McNeil of the Methodist Church who spoke comforting words from psalms 107, verse 1. She leaves to mourn their loss, an aged mother, Mrs. Timothy Phinney, one sister, Sadie, at home, and a brother, Harry, at home, also a brother, Abner, who resides in Melvern.

Mr. George VanBuskirk, who had been in poor health for some time, passed away very suddenly on Saturday evening at the age of 65 years. The funeral service was conducted by Mr. Hockin, of Middleton, Interment was in Farmington Cemetery. He leaves to mourn, a widow, who has the sympathy of all.

Mr. McCloud, of Wolfville, has accepted a call to the Kingston and Melvern Baptist Church and will reside in the parsonage after the first of June.

Mrs. Fred McNeil and two little boys went last Tuesday to spend the Winter with her daughter, in Lexington, Mass.

Mrs. Ralph Platt, and children, of Bridgetown, are staying a few days with her mother, Mrs. Mary Gates.

Mr. Percy Demmons, who has been confined to the house with jaundice, is able to be out again.

Charlotte Gates, who has been sick with the jaundice and whooping cough, is better.

Kenneth Chute and family are occupying Mrs. Fred McNeil's house for the Winter.

Quite a number of the children in this place have the whooping cough.

Mr. Stanley Gates is quite ill. Spurgeon Cox and Abner Phinney have exchanged farms.

PORT LORNE

The W.M.A.S. held their Crusade meeting at the parsonage Tuesday evening, November 7th. A very pleasant evening was enjoyed by a large number. After the business and a short program, refreshments were served. The collection amounted to eight dollars.

Messrs. Sewal and Kenneth Corbitt spent Thanksgiving at their home here. Mr. George Corbitt, who is working in Kentville, also spent a few days at his home recently.

A Mission Band concert was given in the church, Monday evening, Nov. 13th, which deserves much credit to both President, Mrs. D. W. Dixon, and members. Collection \$3.00.

Mrs. Charles Beardsley, who has been visiting her sister, Mrs. A. C. Clark, of Upper Granville, has returned home.

Mr. George Ramsay, of Clementdale, spent Thanksgiving with Mr. and Mrs. Sewal B. Corbitt.

S. S. Ruby L II landed a quantity of freight for our merchants on Wednesday, November 15th.

Mr. Harold Anderson made a business trip to St. John last week.

Rev. D. W. Dixon is visiting friends in Annapolis and Digby.

BRITAIN DEPOSITS FIFTY MILLION IN WAR DEBT INTEREST

Washington.—Receipts of \$50,610,000 for the account of the United States Government was reported to the Treasury by the Federal Reserve Bank of New York. Of the total, \$50,000,000 represents interest on the war debt of Great Britain to the United States and \$610,000 represents interest on the debt representing the interest on the debt representing the liquidation, there being \$61,000,000 of this count still outstanding.

A similar payment of \$50,000,000 on October 15th by Great Britain makes a total of \$100,000,000 paid as the first semi-annual installment of interest on the war debt of nearly \$4,000,000,000, but the two payments are subject to adjustment as the debt at present bears interest at five per cent while the debt funding account authorities a rate of not less than four and one quarter per cent.

DALHOUSIE WEST

The Women's Aid Society met Wednesday, November 15th, at the home of Mrs. Samuel Swift. A good number were in attendance.

Mr. Norman and Appleton Buckler were called to Bridgetown on the sudden death of their brother, Mr. James Jackson.

Miss Olive Buckler, who has been spending the Summer months in Connecticut, has returned home.

Mrs. Charles Merry, of Lawrenceville, is visiting at the home of her mother, Mrs. William Todd.

Mrs. Freeman Shipp was the guest of Mrs. Elizabeth Gillis, of Waterville, Friday, and other friends.

We are glad to report that there has been some repairs done on our Baptist Church here.

The Sewing Circle met at the home of Mrs. Wm. Todd Thursday.

Local Happenings

The evaporator closed down last week. Business in the dried fruit trade is the cause assigned.

On Friday night, December 1st, the Hockey Club give their first dance of the season in the Court House and a good programme has been provided.

The monthly meeting of W.M.A.S. of the Baptist Church will be held at the home of Mrs. Clarence Young, on Tuesday evening, Dec. 5th, at 7.30.

"Can we afford not to have a band?" Instead of "Can we afford to have a band?" is the question which should command the attention of every business man and resident of Bridgetown.

Dr. N. R. Warey leaves about the fourth of December for Boston where she will take a Post Graduate course in dentistry at Research Department of the Dental Supply Company.

It is interesting to note that three of the four assistant general managers who have just been appointed by the general manager of the Royal Bank of Canada, are former Maritime Provincials men.

The three master, Ronald C. Longmire, arrived in port Sunday night from New York with a cargo of 300 tons of hard coal. This is meeting with a ready sale from the firm of J. H. Longmire & Son. The work of discharging is going on day and night. When finished the vessel sails for Digby to load lumber for New York.

The Club is increasing its membership and looks ahead to a successful season. They expect to give the sports some good games at the new rink this winter. Come to the dance on Friday night, have a good time and help get the boys away to a good start in the necessary preliminary to give a little practical support now is doubly valuable and doubly appreciated.

The four masted schooner "Augusta W. Snow", sailed Tuesday from this port for Baltimore, with 419 tons of pulp, value \$10,000 shipped by the Premier Paper Company of Hartville, about eight miles from Windsor. This is the first shipment of pulp from this port in fifteen years and is but the beginning of big things in the development of pulp and paper in this vicinity.—Windsor Tribune.

The MONITOR is in receipt of, and thanks Mr. B. W. Nelly, a former resident of the town, but for years a citizen of Nome, Alaska, for a copy of the "Nome Nugget", a twelve page well printed paper with numbers of cuts illustrating gold mining operations. It costs 25 cents per copy and ads such as Marshal sales are \$1.00 per line with other advertising in proportion. However it is well filled with snappy ads and is evidently appreciated by the citizens of the gold mining town in which it is published.

Mr. and Mrs. Frank A. Grant, who were residents of North Sydney some years ago while Mr. Grant was lieutenant with the Royal Canadian Artillery at Cranberry Head, and who have since lived in Halifax, expect to move this month for Bridgetown, N. S., where they will make their home.—(North Sydney Herald.) Mrs. Grant arrived here Saturday last, while Mr. Grant, in collaboration with Mr. Humphrey, had been here some little time engaged in important experimental work, the results of which will probably prove of much importance locally. The MONITOR expects to give its readers a resume of these at a little later date.

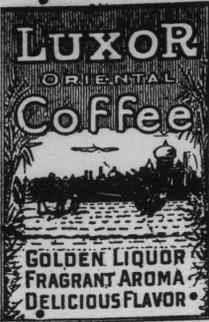

WEDDING

Owen-Phinney

Middleton.—A very pretty wedding took place at twelve o'clock noon on Wednesday, November 22nd, at the home of Mr. and Mrs. Robert I. Phinney, Middleton, when their youngest daughter, Georgina, was united in marriage to Mr. William Owen, of Berwick. The rooms were tastefully decorated for the occasion with evergreens and chrysanthemums. The bride wore a navy suit of tricotine opening over a blouse of henna tricotine with hat to match. She entered the room on the arm of her father, to the strains of Mendelssohn's wedding march, played by Mrs. Ewert Morse, cousin of the bride.
Rev. J. G. Hockin, pastor of the Methodist Church, performed the ceremony in the presence of relatives and a few intimate friends, after the ceremony a dainty luncheon was served. The happy couple then left on the afternoon train for Halifax. Upon their return they will reside at Berwick. The bride received many beautiful gifts from her many friends.

CHANGING FOG ALARM

PRIMROSE THEATRE, MON. AND TUESDAY, DEC. 4th and 5th. "THUNDERCLAP"

William Fox Race Track Drama Wins in a Hot Finish—Contains Equal Parts of High Grade Sensation and Heart Interest.

"Thunderclap" is an appeal to primitive emotion. With this object in view, the author has cleared a straight path to his goal. The picture contains equal parts of high grade sensation and heart interest. Innocence and helplessness are made the victims of brute force; the horse that wins in a hot finish, one of the most thrilling races ever shown on the screen, brings home the happiness of the heroine with the prize money; the hero battles for his life in a surging torrent for miles and keeps the spectator on the edge of his seat, until the sensational rescue at the brink of the falls. Every trick of melodrama is skilfully used. There are touches of comedy and unexpected turns of plot that will set any body of spectators to laughing or cheering, just as they did at the first public presentation of the picture at the Central Theatre, New York City. "Thunderclap" is all showmanship. The average film fan will enjoy every foot of it, and so will the highbrow, even when he assumes his most superior attitude. It is fundamentally on firm ground, and the construction and acting of the story insure its success. There is something doing—and being done right—from start to finish. It is a more clear call to the moving picture industry to make drama.

Mary Carr has another mother role in the picture. The part is a difficult one, a paralytic who can move only her eyes. Mrs. Carr plays it with beautiful feeling and sincerity. J. Barney Sherry, Paul Willis, John Daly Murphy and a colored boy named Thomas McCann are other shining marks in the cast. Director Stanton has done himself proud with the river scene and the horse race, and packed them with thrills. "Thunderclap" is the big noise in race track drama.

OBITUARY

Miss Emma H. Jackson

The death of Miss Emma H. Jackson, on Sunday morning, November 19th, at four o'clock, at the home of her sister-in-law, Mrs. S. N. Jackson, removes the last member of one of the oldest Clarence families—that of Deacon Silas Jackson.

Miss Jackson was nearly 78 years and, although her life had been lived practically in the old home, by her love of nature and art and her life-long devotion to the church and the Sunday School where she was a valued teacher for many years her influence has touched many lives and her passing will be mourned by a host of friends.

The funeral service was held on Monday afternoon, conducted by her pastor, Rev. W. S. Smith, who brought a message of comfort and hope from the words of Paul, "To Die Is Gain." Among the many floral offerings was a beautiful wreath from the Clarence W.M.A.S., organized fifty years ago, of which she was a charter member.
Interment at Pine Grove Cemetery.

Like Peaches in August!

Buy what you will about Peaches this Christmas, there's nothing so good as their taste when taken fresh from the peaches and eaten with the sun still shining on them.

So with tea.

The new crop has just been picked in the gardens of India and Ceylon—it is the most delicious in decades. The Blue Bird is the first to offer you this because, being the fastest sailing tea in the far, it has disposed of the last season's and is offering you the fresh, crisp fruit as fast as they come to Canada.
