Gentlemen's Suits to Order AT THE STANDARD CLOTHING HALL, 1877 & 1879 Notre Dame Street.

LOVELL'S LIBRARY.

The Publishers of "Lovell's Library," having decided to devote their exclusive attention to the interests of that series, have now made arrangements tending to improve the general appearance of the books, in the way of better paper, printing and binding. The selections of works to be published will be made with great care. It is contemplated to include, besides the best current fiction, which will be re-issued promptly, all the leading Standard Works, not only in Fiction, but in Art, Science and in Belles-Lettres.

Among the more important works recently issued, or now in press, are :

TWICE TOLD TALES.

By Nathaniel Hawthorne.

1 Vol., 12mo, No. 370 Lovell's Library 20 cents.

GRANDFATHER'S CHAIR.

By Nathaniel Hawthorne.

1 Vol., 12mo, No. 376 Lovell's Library 20 cents.

EMERSON'S ESSAYS.

ESSAYS BY RALPH WALDO EMERSON.

1 Vol., 12mo, No. 373 Lovell's Library 20 cents.

The publishers avail themselves of the expiration of copyright on the above to issue these very neat and desirable editions. They are all printed from large, clear type, and will no doubt enjoy a very large sale at the merely nominal price at which they are issued.

Essays and Leaves from a Note Book,

By George Elliot.

1 Vol., 12mo, No. 374 Lovell's Library 20 cents.

A FAIR DEVICE.

An American Novel by Charles Wolcott Balestier.

1 Vol., 12mo, No. 381 Lovell's Library 20 cents.

"Charmingly told. The story is original, and moves enticingly," says the *Syracuse Standard*, in an advance notice.

OUIDA'S NEW NOVEL.

PRINCESS NAPRAXINE.

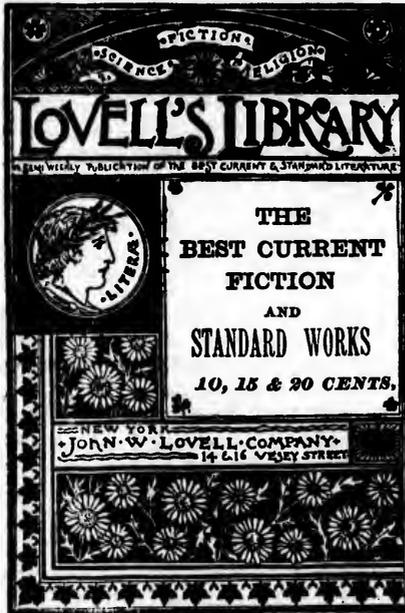

1 Vol., 12mo, No. 387 Lovell's Library 25 cents.

WALTER BESANT'S NEW NOVEL,

DOROTHY FORSTER.

By Walter Besant, Author of *All Sorts and Conditions of Men, Etc.*

In bringing the NATIONAL ASSURANCE COMPANY OF IRELAND before the Public in the Dominion, it will be readily seen from the names of those, who guide its fortunes that it is second to none in stability, while its successful record, extending over SIXTY YEARS, proves the perfect security it offers to its Policy-holders.

LAPRAIRIE.

An extensive municipal village and parish on the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seigniory and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1670. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely prac-

tised. A new billiard room has been or-
ganized. A permanent wharf has been
erected and will be much improved during
the present summer. A new channel is
also talked of. The aqueduct, which has
been put in position during last year, is
now giving a very good service to the vil-
lage, and the work of putting up pipes is
being done very rapidly in the different
streets. The pressure of water in case of
fires is also very powerful, as the water is
drawn by steam and air pressure, which
brings it at a distance of 1,350 feet, from
the St. Lawrence river. The premiums
upon insurances has also been greatly re-
duced on account of the recent ameliora-
tions to the fire system apparatus. Great
North Western Telegraph Company has an
office here. Distant from Montreal, 9
miles, fare 15 cts.; from St. Johns 18
miles. Mail daily. Population of village
1,550; of parish 2,200.

they have converted into a handsome town hall, with commodious offices for the secretary, water works, court room, fire station, and a large hall for public meetings, as well as a private residence for the Chief of Police. The town contains two churches, one Roman Catholic and one Protestant; three schools, two Catholic and one Protestant. It also possesses some extensive industries, the most important of which are the Montreal Rolling mills, the Mona Saw mills, the Stafford Pottery works, Davidson's Stamping works, Amesse foundry, Luttrell Bros.' Cracker factory, Findlay's foundry, Clark's Sausage and Preserved Meat factory, and Hénault's Ice house. There is telegraph communication between the Municipal Office and the Water Works. of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the St. Joseph street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of St. Henry and St. Bonaventure streets, at the cost of \$25,000. Building is being prosecuted briskly, and the town bids fair to rise into some importance, having Fire and Police system of alarm telegraph, and is now erecting a fine Town Hall and Fire and Police Station, at the cost of \$20,000. The town is now lighted by gas and oil lamps. Distance from Bonaventure depot 2½ miles, from Lachine 6 miles. Population about 9,000.

The course of studies, in which religious instruction holds the first rank, is divided into two sections—the classical and the commercial.

The classical course, principally taught in French, is designed to impart a thorough knowledge of the Greek, Latin, French and English languages and literature, pure and mixed mathematics, history and geography, philosophy and natural sciences, and whatever is necessary as a preparation for a professional career.

It comprises eight classes—Latin Elements, Syntax, Method, Versification, Belles-lettres, Rhetoric, 1st and 2nd year of Philosophy.

The commercial course, principally taught in English, embraces the English and French languages and literature, mathematics and the other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal. The teachers endeavor to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress are sent to parents or guardians.

None but relatives, or those who represent them, are allowed to visit the boarders.

Half-boarders and day scholars must not absent themselves without previous leave from the College authorities.

The collegiate year is of ten months, beginning in the first week of September, and ending in the first week of July.

Terms per year.—Board and tuition, \$150.00; washing, \$20.00; bed and bedding, \$10.00; music lessons, \$25.00; use of the piano, \$5.00; drawing lessons, \$20.00. Half boarders, \$80; day scholars, \$30.00.

Payments, which are required in gold or its equivalent, and strictly in advance, are made in two instalments, 1st in the beginning of September, 2nd on the 1st of February.

The college will not take charge of providing a student with clothing or other necessaries unless a sufficient sum be deposited in the hands of the treasurer.

No reduction in the above-mentioned terms will be granted for absence of less than one month.

All who desire to obtain a better personal knowledge of the necessity for such institutions, their practical benefit to the sick poor, and their claims on the liberality of our citizens, are invited to visit the Dispensary about one o'clock on any day (except Sunday) and judge for themselves.

This institution furnishes medical and surgical aid and medicines to the sick poor of every nationality and religion in Montreal.

The attending physicians visit at their own homes those who are unable to come to the Dispensary and too poor to pay.

In restoring to health, it restores to many their only means of support, and thus prevents poverty, pauperism and crime.

It is dependent, chiefly, upon voluntary contributions for its support.

MAISON

ESTABLISHED 1760.

MEUNIER,

ESTABLISHED 1760.

CHOCOLAT LOMBART

75 AVENUE DE CHOISY. PARIS.

In 1760, under Louis XV, M. MEUNIER first established himself in the rue des Vieilles Etuves-Saint-Honoré, near to the *Croix du Trahoir*, now known as the *Fontaine de l'Arbre Sec*.

This quarter can boast of being the birthplace of the manufacture of Chocolate, in fact, it was here that a few years later an official of the household of Marie-Thérèse, wife to Louis XIV, obtained, by permission of the Queen, the monopoly of this industry, and introduced it in France.

In 1789, King Louis XVI appointed MEUNIER by Royal Letters Patent purveyor to H. R. H. Madame Victoire de France.

In 1804, Grimod de la Reynière, in his *Almanach des Gourmands*, endorses the immense reputation gained by the Maison Meunier; he says that he considers it "as one of the only two or three houses which manufacture good Chocolate," and in the edition of the same *Almanach* for the year 1807 he certifies that the Chocolate Meunier is very much superior to those manufactured either in Florence or the other towns of Italy.

In 1814, H. R. H. Madame la Duchesse d'Angoulême makes MEUNIER her purveyor by special appointment.

The prosperity of the house is continually increasing.

In 1852, the *Gazette des Hôpitaux* calls attention to MEUNIER by quoting a report of the Medical Faculty, which terminates as follows: "We judge the value of the Chocolate of the MAISON MEUNIER only by the results we have obtained by its use, and we recommend none other."

In short, from 1849 to 1880, this house has gained the following awards:

Paris Exhibition, 1849, 1855, 1867 and 1873, Bronze, Silver and Gold Medals.

1873, Vienna Exhibition, Medal of Merit.

1874, Marseilles Exhibition, Gold Medal.

1876, Medal, Centennial Exhibition, Philadelphia.

1876, Gold Medal, First Class, of the Académie Nationale.

1878, Class 52, 2 Medals for Patent Machine for weighing and cooling Chocolate.

1878, Class 74, NOT IN COMPETITION, ONE OF THE JUDGES.

1879, Grand Diploma of Honor, Académie Nationale.

1880, Melbourne Exhibition, Australia, 2 First Medals. The Cross of the Legion of Honor.

1883, Amsterdam Exhibition, Gold Medal.

On these recommendations the CHOCOLAT LOMBART rests its claim to the confidence and patronage of the public.

M. LOMBART, the proprietor of the MEUNIER MANUFACTORY, has for the last twenty-five years followed in the footsteps of his predecessor, and added to his business every improvement suggested by his long experience, aided by the advancement of science.

The works now in operation at 75 AVENUE DE CHOISY are the largest and most important in Paris.

The MAISON LOMBART imports Tea direct from China, and handles none but the choicest Black Teas, and of an extra quality.

Black Teas are the only Teas recommended by the Medical Faculty as conducive to health for which see reports of Drs. TROUSSEAU and PAYEN.
