The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

BY THE LATE OTIS WARREN.

THE OLDEST AND MOST RELIABLE SCALE HOUSE IN THE DOMINION

FOR FIRST CLASS WORK,

Buy your Scales from us, and you will be sure of getting the worth of your money. Don't come to us for cheap and roughly made scales. We don't make them. But when you want a nicely finished, easy turning, accurately adjusted scale, come to us, and you will get what you desire. We make all kinds of scales, from a letter scale to a hay or coal scale.

We make to order scales for special purposes. We give you better value for your money than any other house in the Dominion.

There is not an article of manufacture that should be purchased with more care than a scale. Many persons are not aware of the delicate construction of a scale, and think to save money by purchasing where they can get the cheapest article. The idea is a delusion. You save in first cost, and lose continually, through inaccurate weighing, more than the price of a first-class article. There is another class of persons who appreciate a good article, but are, under the erroneous impression that all Canadian-made scales are of the cheap and worthless class. We are aware that there are a great many worthless scales being sold, but this is no reason for condemning all Canadian makes. There are exceptions, and we wish it distinctly understood that we make no pretence of making cheap scales, nor do we solicit the trade of those wanting cheap work. It has been our aim to make the best work and sell at prices that will authorize our employing the most skilled labor, use the best material, and use the most approved machinery in their construction. We have, at great expense, constructed tools and machinery, especially adapted to the work, and can supply the public with an article equal to the best American makes, at from 20 to 25 per cent. less in price. We are enabled to do so, not through any cheapening of work, but through the duty which they have to pay to enter their scales. We guarantee our work as represented or no sale.

For proof of what we say call and examine our work. It is no trouble to show our goods.

We repair all makes of scales, and attend to their inspection on the most reasonable terms.

Send for our new Illustrated Catalogue and Price List.

Buy WARREN'S PATENT ICE PICK, it cuts ice without the splintering usual in other picks.

PREFACE.

WITH the design of maintaining the utility and efficiency of **LOVELL'S MONTREAL DIRECTORY**, and of adapting its size and bulk to the convenience of those consulting it, the Publishers have decided to continue the printing of the Alphabetical portion in a small but clear type, giving greater prominence than hitherto, by the use of a bold Gothic letter, to the names of Advertisers.

In presenting to the public this issue of the Directory the publishers trust that the feature above referred to will meet with general approval, as it enables them more satisfactorily to adapt the book to the demands of our ever-increasing population.

It need hardly be said that the same labor and effort to secure accuracy which the Publishers have always put forth have not been withheld in the preparation of the present edition, and that this labor has been greatly increased this year, owing to the renumbering of some of our principal streets.

As usual the book will be found divided into four parts, viz. : (1) The Advertisers Classified Directory ; (2) The Street Directory ; (3) The Alphabetical Directory ; and (4) The Miscellaneous Information.

This book is respectfully dedicated to its generous patrons — **THE PUBLIC.**

MONTREAL, June 19, 1884.

Entered according to Act of Parliament of Canada, for the year one thousand eight hundred and eighty-four, in the office of the Minister of Agriculture.

LOVELL'S LIBRARY.

The Publishers of "Lovell's Library," having decided to devote their exclusive attention to the interests of that series, have now made arrangements tending to improve the general appearance of the books, in the way of better paper, printing and binding. The selections of works to be published will be made with great care. It is contemplated to include, besides the best current fiction, which will be re-issued promptly, all the leading Standard Works, not only in Fiction, but in Art, Science and in Belles-Lettres.

Among the more important works recently issued, or now in press, are :

LATE ISSUES.

371 The Story of Chinese Gordon, by A. Egmont Hake.....	15
372 Hill and Valley, by Harriet Martineau.....	20
