| W. H. Crow, 1000 lbs. coal..... | 3 13 |
| W. R. Strawn, repairs, &c..... | 2 30 |

Your committee would be pleased to have councillors inspect the work done by the committee, such as changes in flag staff, new floor in jailer's office, and rebuilding of jail wall, &c., and to inspect other work that in the opinion of your committee should be attended to.

All of which is respectfully submitted.

S. J. SIDEY, Chairman,
 JAMES BATTLE,
 NORVAL B. HAGAR.

SECOND REPORT OF JAIL COMMITTEE.

To the Warden and Councillors of the County of Welland, in Council Assembled:

Your Jail Committee beg to hand in their second report.

Your committee find that a new grate is needed for the court house boiler, and would recommend the purchase of the U. S. rocking grate, at a cost of \$50 in Hamilton, this grate being approved by Thos. Mains. (Sample attached.)

Your committee recommend that the sanitary work proposed for the south wing be deferred for the present.

Your committee recommend the fixing of the court room ceiling beneath the dome, reducing the main doors, painting of the vestibule woodwork, and repairing the northern stairway steps.

Your committee recommend the jailer to have the court house well filled up so rapidly as he can do so without hiring paid labor.

All of which is respectfully submitted.

N. B. HAGAR,
JAMES BATTLE.

COUNCIL CHAMBER,
WELLAND, June 9th, 1893.

REPORT OF ROAD AND BRIDGE COMMITTEE.

To the Warden and Councillors of the County of Welland, in Council Assembled:

GENTLEMEN,—

Your Standing Committee on Roads and Bridges beg leave to submit this their report :—

The attention of your committee was called to Montrose bridge. Your committee ordered some temporary repairs to be made by Mr. C. Climenhagen to the amount of \$26.50 ; and also J. L. Dell, \$17, all of which has been paid by the Warden's cheque.

Your committee would also recommend the payment of the following accounts :—

| | |
|---|--------|
| Wm. Burns, for repairs on Montrose bridge | \$5 00 |
| E. Bugar, for repairs on O'Rielly bridge | 2 00 |
| H. Robins, for repairs on Robins bridge | 5 00 |

All of which is respectfully submitted.

F. E. MISENER.

FIRST REPORT OF EDUCATION COMMITTEE.

To the Warden and Councillors of the County of Welland, in Council Assembled:

GENTLEMEN,—

Your Standing Committee on Education beg leave to submit this, their first report :—

Your committee find that each municipality in the county shall cause to be levied such sums of money for payment of the salaries of legally qualified public school teachers as are at least equal, over and above all charges for collection, to amount of school monies appropriated by the Hon. the Minister of Education to the several townships for the year.

Your committee have consulted the reeves of the various municipalities concerned, and recommend the following sums to be raised or levied for the purpose above mentioned, that is to say :—

FIRST REPORT OF COMMITTEE ON HOUSE OF
INDUSTRY :

*To the Warden and Council of the County of Welland in Council
Assembled :*

GENTLEMEN,—

Your Committee on House of Industry beg leave to submit
this their first report :

INMATES.

The number of inmates at present in the House is 38, being
two less than on the 1st of January. Twenty-six of these are males
and twelve females. The number committed since the beginning of
the year is seven, being one each from Bertie, Humberstone, Wil-
loughby, Thorold town and Chippawa, and two from Welland.
There have been four deaths, namely : James Stewart, James B.
Lynn, Phyllis Smith and Alfred Wilkerson. Four have been dis-
charged and one child has been sent out on trial. For the first time
we have to report that none have absconded since the previous
session of Council.

The entire number of days' board from the 1st of January to
the 31st of May, 1893, both days inclusive, is

| March 20.—Cow..... | 33 84 |
| April 10.—Cow and calf..... | 35 00 |
| | <hr/> |
| | \$143 34 |

Five cattle have been slaughtered for use of the House, yielding 2920 pounds of beef, of the value of \$220.54 ; all at the contract price ; also three pigs, weighing 432 pounds, valued at \$30.34.

Nine pigs have been bought, for \$20.25.

The stock consists at present of three horses, thirteen head of cattle (seven giving milk), and thirteen pigs.

BUILDINGS.

We regret to have to report that the roof of the main building leaks badly at times in several places, and that the cellar of the hospital has been flooded on more than one occasion to such a depth as to put out the fire in the furnace, by water backing up the drain. To obviate this it will undoubtedly be necessary to deepen the outlet towards the Chippawa river.

HIRED LABOR.

As heretofore reported, Joseph Fidler was hired for a year, in January, for \$175, but his private affairs caused him to ask for his discharge at the end of the second month, which was granted. George Bailey has since been engaged in his place, at \$14 per month.

Nancy Wilson has been employed as general house servant since the beginning of the year, at \$3 per week. The total expenditure for labor since the beginning of the year, chargeable to current expenditure, for five months, is \$155.16.

Besides the wages of the servants this sum includes the payment of the following :

| | |
|-------------------|--------|
| E. H. Burgar..... | \$5 00 |
| James Walker..... | 7 50 |

As guards over prisoners engaged in sawing wood and husking corn, &c.

W. J. Best, \$5, for killing five cattle.
 J. Trumm, \$3.25, killing pigs.
 J. Foster, 25c., filing saw.

TREES AND PLANTS.

During the winter your committee had the large trees presented to the institution by Messrs. Cooper and Ross removed and replanted by prison labor. These seem to be thriving in their new location. The keeper was instructed to replace the dead trees along the road, and he accordingly purchased and planted twenty hard maples and fifteen elms, at a cost of \$4.75. Fifty pines have also been planted along the road in front of the Home. The total number of shade trees now growing exceeds 300.

A new strawberry bed has been set out at a cost for plants of \$2.

MAINTENANCE.

The actual expenditure on maintenance account during the five months ending May 31st, was as follows :—

| | |
|---|----------|
| Agricultural implements and repairs..... | \$ 13 15 |
| Boots and shoes..... | 10 67 |
| Committee pay..... | 34 00 |
| Drugs and medicines..... | 54 15 |

| Tinsmithing..... | 32 50 |
| Trees, shrubs and plants..... | 6 75 |
| Water..... | 22 50 |
| Total..... | \$1790 48 |

This statement includes \$8 for purchase of cart and harness, and \$63 for twelve suits of clothing, little of which has been used as yet; we have also 24½ cords of wood on hand. Owing to the unusual severity of the winter a much greater quantity of coal was consumed than had been anticipated, and your committee was obliged to buy 11 tons, 1280 lbs., of coal in addition to the regular supply, by special tender, at \$5.70 per ton, from W. H. Crow.

WATER WORKS.

Your committee have taken measures to carry out resolutions of your Council respecting completion of water works for irrigation purposes, and for protection against fire.

After receiving tenders we purchased 1,537 feet of inch iron pipe, at \$5.95 per hundred feet, and 608 feet three-quarter inch pipe at \$4.25 per hundred feet, from Young & Brother, and necessary couplings.

The aforesaid pipe has been laid by prison labor, under the superintendence of Mr. Thomas Mains, to whom your committee is greatly indebted for his valuable services in connection with water-works construction from their inception. About 700 feet of this was laid underground, at a depth of between two-and-a-half and four feet.

Your committee also purchased 200 feet of 2 $\frac{1}{2}$ inch heavy Ajax fire hose, at 65 cents per foot, from the Gutta Percha and Rubber Co. of Toronto, and 100 feet of garden hose at 18 cents per foot.

The total expenditure since the first of January on this account is as follows :—

| | | |
|---|----|--------|
| G. T. Railway, freight on pipe..... | \$ | 5 25 |
| H. D. Lock, pair of trousers for Mr. Mains..... | | 1 60 |

Your committee submit herewith a copy of by-law passed by the Township of Thorold enabling your Council to lay the main under the road east of House of Industry.

DRAINAGE.

Your committee have purchased 4397 three inch tile at \$9 per thousand, and 3603 two and a half inch tile at \$8 per thousand, from the estate of T. W. Hooker ; and whenever the weather would permit a gang of prisoners was kept at work laying the tile, at first under the superintendence of Mr. Gilchriese, and when he could no longer be permitted to leave the jail, in charge of James Walker, E. H. Burgar and M. Hoban as guards. For some time the work was carried on slowly and with great difficulty owing to the frost, but finally 7000 tile were laid, completing the drainage of the field north of the House and barn, and the greater part of the system yet uncompleted on the south side.

TOTAL EXPENDITURE.

| | |
|--|----------|
| Estate of T. W. Hooker, tile..... | \$ 68 39 |
| E. H. Burgar, guard..... | 10 00 |
| E. H. Burgar, guard..... | 15 00 |

| M. Hoban, guard..... | 24 00 |
| James Walker, guard..... | 21 00 |
| | \$195 39 |

The following tools and clothing purchased for the waterworks and drainage are still serviceable :—8 picks, 9 shovels, 11 pairs of boots and 11 guernsey jackets.

PRISON LABOR.

Prisoners were employed, whenever the weather permitted, from the beginning of the year until April 8th, in parties numbering from eight to twelve daily. In all, they performed 472 days labor of seven hours each, during that time, and as a rule they worked well and cheerfully. Besides laying the drains and pipes and transplanting trees, already referred to, they sawed 50 cords of wood and husked a considerable quantity of corn. We believe that the experiment of employing them on the farm may be confidently pronounced a success. About one thousand tile remain unlaid.

EXPENDITURE ON CAPITAL ACCOUNT.

The total expenditure on capital account was :

| | |
|---------------------|----------|
| On waterworks | \$325 40 |
| On drainage | 195 39 |
| | \$520 79 |

In conclusion, your committee have much pleasure again to acknowledge the cheerful and efficient assistance they have received at all times from Mr. Cooper, county clerk. The keeper and matron have continued to perform their duties to our entire satisfaction.

All of which is respectfully submitted.

THOROLD TOWNSHIP, February 25th, 1893.

SPECIAL REPORT OF COMMITTEE ON HOUSE OF
INDUSTRY.

*To the Warden and Councillors of the County of Welland, in
Council Assembled:*

Your committee beg leave to report the circumstances attending the funeral of James B. Lynn, late an inmate of the House of Industry:—

Lynn, who died on or about the ninth day of February, was in receipt of pension as a superannuated public school teacher, which for the last year of his life was paid to the county treasurer to the credit of the House of Industry account. The amount so received by the treasurer in 1892 was \$89.90. Lynn had no relatives, and upon his death the reeve of the Town of Welland, of which place he had long been a resident, had the body removed and buried at Fonthill cemetery.

As a special case your committee recommend the payment of the following accounts in connection with the funeral of the said Lynn, incurred by the reeve of Welland, viz :

| | |
|---|---------|
| Jacob O. Hansler, digging grave..... | \$ 2 00 |
| Rev. W. H. Swayze, attending funeral..... | 3 00 |
| A. Lawrence, undertaker's fees..... | 18 00 |
| | \$23 00 |

All of which is respectfully submitted.

REPORT OF SPECIAL COMMITTEE *RE* AMENDMENT TO
ASSESSMENT ACT.

To the Warden and Councillors of the County of Welland, in Council Assembled :

Your special committee to whom was referred the proposed amendment to the Assessment Act, beg leave to report that they are unanimously of the opinion that all property, of whatever kind, should be assessed wherever found, and taxed accordingly, and that the act should be amended in that direction rather than in the direction of further exemptions as indicated by the proposed amendment. Your committee consider the proposal to tax the income from vessel property as a step in the right direction, but see no reason why the vessels themselves and all other at present exempted property should not be taxed.

All of which is respectfully submitted.

GENTLEMEN:—

Your committee appointed to consider communication from
council of County of York respecting railway crossings, beg leave to
report :

That they recommend that your council do concur in the prayer
of said petition of the council of the County of York to the House of
Commons, and that the Warden and Clerk be authorized to prepare,

sign and forward a memorial to that effect to James A. Lowell, M. P.,
for presentation to House of Commons.

REPORT OF COUNTY CLERK, *RE* INSURANCE ON
COUNTY BUILDINGS.

*To the Warden and Councillors of the County of Welland, in
Council Assembled :*

GENTLEMEN,—

I have the honor to report that, in pursuance of the expressed wishes of certain members of last year's council at its June session, I advertised for tenders on insurance for county buildings.

Tenders were received by committee : Messrs. J. F. Hill and F. Swayze & Son, being the lowest, were accepted.

The Lancashire Insurance Co. and other companies refused to be bound by their agent's tender, and your committee were obliged to reinsure at the increased rate of 1 per cent.

The following is a list of the companies and amount of insurance on county buildings :

Lancashire Ins. Co. ; date, Jan. 21, 1893 ; rate, 1 per cent. ; on county building ; expires Jan. 21, 1896 ; policy number, 689609 ; amount, \$6000 ; F. Swayze & Son, agents.

Mercantile Fire Ins. Co. ; date, Feb. 4, 1893 ; rate, $\frac{1}{2}$ per cent. ; on jailer's residence \$2000, turnkey's residence, \$1500 ; expires Feb. 4, 1896 ; No. 133536 ; amount, \$3500 ; F. Swayze & Son.

Caledonian Ins. Co. ; date, Feb. 20, 1893 ; rate, 1 per cent. ; on county building ; expires Feb. 20, 1896 ; No. 400740 ; amount, \$2000 ; J. F. Hill.

North British and Mercantile Fire Ins. Co.; date, April 9, 1892; rate, 48-100 per cent.; on county building; expires April 9, 1895; No. 585267; amount, \$4000; F. Swayze & Son.

Fire Insurance Association; date, May 6, 1892; rate, 48-100 per cent.; on furniture \$1000, county building \$8000; expires May 6, 1895; No. 320323; amount, \$9000; J. F. Hill.

London Guarantee and Accident Co.; date, June 8, 1893; on treasurer's bond; expires June 8, 1894; amount, \$10,000.

Northern Assurance Co.; date, June 22, 1892; rate, 1 per cent.; on kitchen \$500, boiler and attachments, \$2500; expires, June 22, 1895; No. 1362895; amount, \$3000; J. F. Hill.

Mercantile Fire Ins. Co.; date, Oct. 25, 1892; rate, 1 per cent.; on county building; expires Oct. 25, 1895; No. 36282; amount, \$8000; F. Swayze & Son.

British Assurance Co.; date, Nov. 9, 1892; rate, 1 per cent.; on county building; expires, Nov. 9, 1895; No. 107907; amount, \$8000; J. F. Hill.

Total on buildings, \$43,500.

All of which is respectfully submitted.

| The highest salary paid a male teacher was..... | \$800 00 |
| The average salary paid a male teacher..... | 391 66 |
| The average salary paid a female teacher..... | 295 10 |

6.—DEVOTIONAL EXERCISES.

| | |
|---|----|
| The number of schools in which the bible is read daily was..... | 51 |
| “ “ “ “ authorized scripture readings.. | 33 |
| “ “ “ “ school was opened or closed with prayer..... | 80 |

In a majority of the the schools also the ten commandments are repeated weekly, and in a number hymns are sung.

7.—ACCOMMODATIONS.

During the year one new school house was built, and in the case of several schools indoor and outdoor improvements were made. The accommodations are in general adequate, but in the case of three or four schools the increased attendance renders further accommodation necessary, and in the case of a couple of others new school houses are needed. The condition of the school houses and premises has in general been satisfactory, and in most of the schools efforts have been made, to some extent at least, to have the school room and grounds present a neat, cheerful and attractive appearance, and among those who have given most attention to this matter are to be found our most successful teachers.

8.—EQUIPMENTS.

While many of the schools are well equipped with maps, globes, black boards, &c., it has been occasionally necessary to call the

attention of trustees to the need of a better supply or of an improved quality. The addition of a standard dictionary and gazetteer to the equipments formerly required by the regulations, is one that fills a very useful place in the schools, but the schools are not yet generally supplied with it, the expense, amounting to \$10 or \$12, apparently being something of an obstacle in the way to its being provided.

9.—ORDER AND DISCIPLINE.

Good order and discipline are essential to the teacher's efficiency and the pupils' progress, including the formation of habits of punctuality, industry and good conduct, and I am glad to be able to report favorably of the order and discipline maintained in the schools generally; while suggestions may occasionally be made with a view to the improvement of the order and discipline, in some of the schools they are all that could be desired. Among the means employed for the maintenance of order and discipline, that of keeping the pupils well occupied is one of the most efficient and most strongly urged. Rewards and punishments also have their uses, among the former, merit marks, merit cards, prizes, posting in the school room the results of the written examinations, which are held weekly in one subject in most of the schools, or publishing the results, are employed, and among the punishments demerit marks, detention, standing on the floor, corporal punishment, suspension and expulsion. Corporal punishment, however, is resorted to only when milder means fail, and the management of some of our teachers is such as to obviate the necessity of using it once during the course of the year, and suspension or expulsion is very seldom employed at all.

10.—PROGRAMME OF STUDIES.

The programme of studies prescribed by law is generally pretty closely followed. In certain large schools, however, which have only one teacher, and which comprise pupils of all grades, from beginners up to those who are about to compete for teachers' third class certificates, failure to carry out the programme as fully as is contemplated by law is not to be wondered at. The proper remedy in such cases is the employment of an assistant teacher, and this would be attended

with good returns, as the school would afford better advantages, the pupils would receive better attention and would make better progress. Among the subjects requiring more attention in our public schools is that of agriculture, which is one of the most important subjects on the programme. Farming is the chief industry of the country, and upon it the trade and commerce of the country and its general wealth and prosperity largely depend. The great majority of the public school population belong to the rural districts, and two-thirds of the people are either engaged in farming or are intimately connected with it. It is very desirable and important therefore, that an occupation which affords a living to so large a proportion of the people, and is of such supreme importance to the country, should receive due attention in our public schools, and as much reliable information as possible be imparted in regard to agricultural pursuits. If the teaching could be made so efficient, and farm life with its healthfulness, simplicity and independence, be made so attractive as to enlist the youth of the country in its pursuit, and inspire an ambition of being well informed, progressive and successful farmers, instead of drifting into the cities, it will be accomplishing a work whose importance cannot be overestimated.

With a view to qualifying public school teachers for teaching the subject efficiently, the Agricultural College at Guelph is to be open to teachers (male and female) during the month of July, and instruction given free of charge, and it is to be hoped as many as possible will avail themselves of the opportunity of thus qualifying themselves for teaching this important subject, and if rural trustees should offer a bonus to those who have done so it will be another step in the right direction.

II.—STATE OF PROFICIENCY.

In grading the standing of the pupils in each school in the different subjects of study, it is found convenient to employ six different grades, the highest being excellent, and the lowest very poor. It is seldom, however, that a class is found requiring to be ranked in the lowest grade; and while the highest grade is frequently attained, the

next lower, good, is common, and middling the grade generally attained by those who rank next lower than good, while inferior or poor, although a grade met with, is not common.

COUNTY MODEL SCHOOL.

Among the means employed for promoting the efficiency of the public school, that of training the teachers for their work is one of the highest importance. For third class teachers, this is done at the County Model school, and it is gratifying to observe the painstaking, earnestness and fidelity with which the principal, Mr. S. C. Woodworth, and his assistants, discharge this important duty. During the last session 20 teachers in training attended, and at the close they were subjected to an examination which was partly written, and consisted partly in practical teaching, before the County board of examiners. At the conclusion it was found that they all had reached the standard for receiving certificates, which were accordingly awarded to all,—although in a couple of cases the certificates were with-held until the legal age for receiving them had been attained.

In regard to the County Model school accommodations, they are not by any means such as should be provided, and it is to be hoped that circumstances will permit of accommodations being provided which will correspond to the importance of the institution.

I have the honor to be, Sir,

Your obedient servant,

PRESENTMENT OF THE GRAND JURY.

To Mr. Justice Street, Presiding at the Court of Assize for the County of Welland, in the month of March, 1893:

We, the Grand Jurors of Our Lady the Queen for this Court, beg leave to present: That we have disposed of all the business brought before us by the Crown, and have examined the jail and outbuildings and found everything clean and in good order.

We are glad to have been informed that the prisoners confined

in the jail during the past winter have been provided with a fair amount of work on the Industrial Home farm, to the advantage of the county.

We desire to place on record an expression of regret at the death of our late esteemed and respected County Judge, and of sympathy with his family.

We would also call the attention of the Court to the small amount of business brought before this jury, we being of the opinion that the whole Grand Jury system should be looked into, with a view to reducing the number or doing away with the system altogether, considering that the expense of maintaining the present system is out of all proportion to the results accomplished.

MEMORIALS AND PETITIONS.

RE SCHOOL LAWS.

To the Honorable the Legislative Assembly of the Province of Ontario, in Parliament Assembled :

GENTLEMEN,—

Your Petitioners, the Council of the Corporation of the County of Welland, beg leave to request Your Honorable Body to have the Laws relating to High, Public and Separate Schools published in pamphlet form, and distributed gratuitously to the several trustees throughout the Province, or sold at cost price, so that trustees aforesaid may be more fully informed as to the laws under which they act.

And your Petitioners, as in duty bound, will ever pray.

RE RAILROAD CROSSINGS.

To the Honorable the House of Commons of the Dominion of Canada, in Parliament Assembled :

YOUR PETITIONERS, THE COUNCIL OF THE CORPORATION OF THE COUNTY OF WELLAND, IN COUNCIL ASSEMBLED, RESPECTFULLY SHEWETH :

That for some time past the ratepayers of this county in various places have been put to great trouble, expense and annoyance, by railroad companies crossing the public roads, and as the railroad companies are the only ones benefitted by such, and the

ratepayers are often put to great trouble and expense by the operation :

Your Petitioners respectfully pray Your Honorable House to pass an act compelling all such companies to pay the whole cost of such works, and leave the public roads in equally as good order as they were previous to the railroad crossing them ; also, to compel all such companies to protect all such crossings.

And your Petitioners, as in duty bound, will ever pray.

PETITION FROM RESIDENTS *RE* OPENING ROAD BETWEEN TOWNSHIPS OF PELHAM AND LOUTH.

To the Warden and Councillors of the County of Welland, in Council Assembled:

The Petition of the undersigned residents of the County of Welland humbly sheweth :

1. That a short portion of the county line between the municipalities of Lincoln and Welland, viz., a short portion of the Pelham and Louth town line, extending from the west side of Lot 17, Pelham, to the east side of Lot 16 of the same township, is not open, and has never been opened to the public.

2. That by reason of same being so closed much inconvenience is caused to the travelling public.

Therefore your Petitioners respectfully pray that Your Honorable Body will be pleased to take the requisite steps to have said unopened portion of Pelham and Louth township line made a public highway at an early date.

And, as in duty bound, we will ever, etc., etc.

Dated this 3rd day of May, 1893.

PETITION FROM COUNTY OF VICTORIA, *RE* REDUCED
FARES FROM G. T. RAILWAY ON SATURDAYS.

COUNTY CLERK'S OFFICE,

County of Victoria,

LINDSAY, 12th May, 1893.

The County Clerk,

DEAR SIR,—

I have been instructed by the municipal council of the County of Victoria to transmit to all county councils in the province, the enclosed copy of a petition to the general manager of the Grand Trunk Railway Company of Canada, asking for reduced fares on Saturdays; with a view to co-operation in pressing the claims of municipalities that have granted bonuses to the system to the concession asked for.

Have the goodness to submit the petition to your council at the June session.

Yours truly,

(Sgd.) T. MATSHETT.

County Clerk.

*To the General Manager of the Grand Trunk Railway Company
of Canada :*

SIR,—

The municipal council of the County of Victoria, in the Province of Canada, respectfully shows :

That all parts of the County of Victoria have contributed largely by way of bonus towards the construction of the lines which

traverse the county, and which now form a portion of the Grand Trunk system of railways.

That the passenger traffic on these lines is capable of much greater development than has yet been attained.

That were return tickets issued to and from all stations on the system, within this county, on Saturdays, at one fare, the increased traffic would fully recoup the company, and great convenience and advantage would accrue to the communities, which in their respective localities have voluntarily taxed themselves for the building of railways through the county.

We therefore earnestly and respectfully request that arrangements may be made by your company for the issue of return tickets to and from all stations on your lines of railway in the County of Victoria, on Saturdays, at one fare.

Passed at Lindsay, this nineteenth day of November, A. D. 1892.

(Sgd.) T. MATSHETT, (Sgd.) A. E. VROOMAN,
Clerk. Warden.

RESOLUTION FROM COUNTY OF FRONTENAC RE PUBLIC SCHOOLS GRANT.

During its session in January last, the municipal council of the County of Frontenac, with the desire to alleviate the burden and increase the efficiency of our public schools, adopted the following resolution :

Moved by Mr. Donaldson, seconded by Mr. Corkill, and resolved,

That the present system of distributing the annual aid to public schools by the legislature of this province should be discontinued, the circumstances having changed since the adoption of that system, and that instead of distribution according to population the total amount granted by the legislature should be divided equally

among the schools and departments of schools throughout the province in operation during each year, and complying with the requirements of the educational department as certified by the public school inspectors; also, that the total amount granted annually by the provincial legislature in aid of public and separate schools should be increased, and that a copy of this resolution be forwarded to the different city, county and town councils of this province, with the object of having their endorsement thereto, and of presenting the same to the Hon. Minister of Education.

In accordance with the last clause of this resolution, the cooperation of your council is solicited in this matter, with the view, as expressed, of presenting the same to the Hon. Minister of Education. The public school is the substantial foundation of our school system. It is the only part of our school system in which all share alike. It is therefore the school of our people, and legislative aid to these schools should be considered first, as when expended on these it is expended in a manner in which all have a direct interest. We are not warring against the High schools in the least, but we ask consideration for the Public school in some reasonable proportion to that given the High school from the public fund. The High school is to a very considerable extent a class school, as is shown from the fact that for every pupil attending the High schools in this province there are at least 22 attending the Public schools.

The legislative grant to Public schools is equal to about \$24.00 for every teacher employed in them, while for High schools it amounts to over \$200.00 per teacher. The legislative aid to Public schools averages less than \$40.00 per school, while to High schools it is over \$800.00 per school.

We have reason therefore for saying that, while we do not wish to see the High school curtailed in any way, we do wish for greater consideration for the Public school.

Secondly, as to the distribution of public school grants, legislative and municipal: The system at present in use was adopted in

1871 when circumstances were different, and encouragement to attend school was required. At the present time there is one law and one set of regulations for all Public schools in the province. The management of these schools is the same. The equipment is to be the same, and we ask why should not the assistance be the same. All are doing or trying to do the same work, teaching from the same text book, preparing for the same examinations, answering the same questions and obeying the same instructions from the department. Besides, with increased legislative aid, and an equal distribution of this aid on the basis of the number of schools and departments of schools in operation, trustees would know just how much they would receive in any year, and the satisfaction of equal sharing would prevail. We therefore hope to receive your approval of the foregoing resolution, endorsing (1) an increased legislative Public school grant, and (2) an equal distribution of this grant among the Public schools and departments of Public schools throughout this province.

We remain your obedient servants,

(Sgd.) D. J. WALKER,
Clerk.

(Sgd.) W. GIBSON,
Warden.

APPENDIX E.

COMMUNICATIONS.

FROM COUNTY BAR ASSOCIATION, *RE* STENOGRAPHER.
FOR COUNTY COURT.

To the County Council of the County of Welland, in Council Assembled:

GENTLEMEN,—

The undersigned would respectfully suggest to your Honorable Body that it would be in the interests of litigants, and of the public generally, to have authority given to the judge of the county court to engage the services of a short-hand reporter for the session of the county court.

We understand that the usual rate of remuneration for short-hand reporters, payable out of the county funds, is the sum of five dollars per day, and whatever travelling expenses the reporter may incur.

It will be at once apparent to you that if even one day were saved by reason of the service of a reporter, a large saving of county funds would be secured.

The members of the council are aware that there are forty-eight petit jurors in attendance at each session of the court. If a day were saved at each of the sessions, in June and December, there would be a saving of ninety-six dollars to the county, at an expenditure of about ten dollars for the reporter.

Aside from the question of expense, it is now generally conceded that the business of the court is facilitated by means of a stenographer. It is also well known to the members of the county

council that a stenographer is always in attendance at the sessions of the superior courts.

We who sign this letter are practitioners in the county courts of the county and are also practitioners in the high courts, which have their sessions in this county, and we are therefore in a position to say that were a reporter engaged in the county court the business of that court would be facilitated to the same extent as the business of the high court.

We would therefore suggest that the county judge of the county be empowered to engage the services of a stenographer at an expenditure of five dollars per day and expenses.

We have the honor to be,

Yours respectfully,

(Sgd.) THOS. D. COWPER.

To the Warden and Council, the County of Welland, in Council Assembled:

GENTLEMEN,—

Many members of the present council have not forgotten, I presume, the investigation *re* keeper, and which was the cause of my having to pay out of my pocket for witnesses to the amount of \$25, and, as there was nothing proved against me, I think it very hard that I should be at any expense on that account. APPLICATION OF ROSE ALANSON, STENOGRAPHER.

WELLAND, June 7th, 1893.

C. B. Bennett, Esq.,

Warden County Council, County of Welland:

DEAR SIR,—

Having heard that a shorthand reporter is desired for the sessions of the county court here, I beg to put in my application for the position.

I have had some practical experience in taking evidence, having done so at the last county court, and also upon one or two other occasions, the judge being well pleased with my work.

Hoping that you will give the matter your best consideration,

Yours respectfully,
ROSE ALANSON.

APPLICATION OF ELSIE HILL, STENOGRAPHER.

ST. CATHARINES, May 15th, 1893.

GENTLEMEN,—

Learning that your Honorable Body is about to appoint a court stenographer for the County of Welland, I hereby respectfully make application for the same.

I am a rapid shorthand writer, and am prepared to furnish

reference as to character and satisfactory evidence of my qualification for the position.

Should you decide to appoint such stenographer, and consider my application favorably,

I have the honor to be, Gentlemen,

Yours obediently,

ELSIE HILL.

AUDITORS' REPORT,

COUNTY OF WELLAND.

For the Year Ending December 31st, 1892.

To the Warden and Councillors of the County of Welland:

GENTLEMEN,—

We, the undersigned auditors for the County of Welland, do hereby certify that we have examined the treasurer's books and compared the same with the vouchers for the year ending December 31st, 1892, and found all entries correct, and in the statement now furnished by us is a true copy of said books and accounts; we also found all vouchers systematically arranged and the books well kept, making the audit more simple and enabling us to arrive at correct balances more readily. With regard to the overdrawn bank account and the cash on hand, we were informed that it was necessary to keep a certain amount always on hand to meet current expenses, and from subsequent entries we noticed that the balance that appeared on hand was not more than sufficient to meet these.

We also certify that we have examined the school accounts of the different municipalities in the County of Welland, and compared the vouchers with the same for the year ending December 31st, 1892, and found them correct.
