Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Douglas Library
Queen's University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Douglas Library
Queen's University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

5. All Essayists, Readers, and Debaters for Ordinary Meetings shall be chosen in turn from the number of those who have paid their fees for the current year.

6. No member entitled to wear a gown shall speak unless in academic costume. No member shall speak after the third Ordinary Meeting of the Society till he has paid his fees for the year.

7. Every member in speaking shall address the Chair, confine himself to the subject under discussion, and avoid personalities and indecorous language.

8. No member shall speak more than once upon any question, unless with the permission of the Society, except in explanation of a material part of his speech which may have been misconceived, and no new matter shall be introduced upon such explanation. A reply is allowed to a member who has opened a debate or moved a substantive motion other than those enumerated in Rule 15, but not to the mover of an amendment.

9. When two or more members rise at once to speak, the Chairman shall determine their precedence.

10. When a member is speaking, no person shall interrupt, except for the purpose of calling him to order or asking a question.

11. 13. When a member is speaking, a motion being read, or a vote taken, no member shall walk out of or across the room, or make any noise. Conversation calculated to disturb any member while speaking or reading, or to hinder the transaction of business, shall be deemed a violation of order, and if persisted in, shall incur censure.

14. Every motion shall be seconded and read from the chair before it is discussed.

15. All motions and notices of motion shall be in writing, except votes of thanks, and motions to reconsider, to adjourn, to take the previous question, to close the debate, to lay on the table, to postpone the discussion to some future meeting, to divide (when the sense will admit of it), or to refer.

16. A motion to adjourn shall be in order at any time, except when a member is speaking, during a division or election, or immediately after a motion, or the adoption of the previous question. A motion to adjourn simply shall be decided without debate.

17. The previous question shall precede, and, until decided, preclude all amendments to the main motion, and shall be in the form : " Shall the main motion be now put ?"

18. On the adoption of a motion to close the debate, the main motion and all amendments already moved shall be put in the usual order without further discussion.

19. Only one amendment to an amendment shall be in order, and no irrelevant amendment shall be permitted.

20. One week's notice in writing shall be given of motions for the appointment of Committees, the suspension, expulsion, re-election, or censuring of a member, the reconsideration or discussion of any question or resolution, to amend the Laws or Rules of Order, or for a return from any officer or committee; and the President may, subject to an appeal to the Society, direct any motion made to stand as a notice.

21. A motion to reconsider the decision of the Society on any question must be made by a member who voted in favor of such decision.

22. The Society may, by a vote at any Regular Meeting, either alter, add, strike out or suspend a Rule of Order, change the order of business, or suspend a member.

23. When the Society goes into Committee of the whole, the President may leave the chair and call upon some other member to preside. The minutes of the Committee shall be kept by the Secretary of Committees in the Special Committee Minute Book.

24. Twenty-four hours' notice in writing of the meeting of every Committee shall be posted up in the Entrance Hall.

25. Reports of Committees, other than reports of progress, shall be in writing, signed by some officer of the Committee.

26. When the report of any Committee has been read to the Society, it shall be deemed to be received, without any motion to that effect, and may then be adopted with or without amendment, considered in Committee of the whole, referred, or laid on the table.

27. Any member may admit a visitor to the Reading Room, or to a private meeting of the Society.

28. Cases not provided for in the foregoing rules shall be governed, as far as possible, by the practice of the Legislative Assembly of Ontario.
