The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

SECRETARIAL PRIVATE BOND COMPANY

It is a most dangerous, unscrupulous and dishonest management, and one which there is no need to be afraid of, or the one kind of reliance on the other. It is therefore, surprising that so many persons, who probably have their families to provide for, will consent to be responsible for Bank, Government Officers and others, in making the provision which should be for them, and should be kept away from such men and women.

THE CANADA GUARANTEE COMPANY

makes the granting of Security its business, and Bonds are readily accepted by the Banks, Railways, Local Governments and the Home, Marine, Board of Trade, and Commercial Institutions throughout the Dominion, in place of private Bonds.

This Company is not mixed up with any other business. The capital and funds are held by the ~~men~~ ~~men~~ of those who hold its bonds.

There is, therefore, NO EXCUSE for not continuing to hold its bonds, and if you do not do so, it will be a reproach to you, and to your wife, and to us. If we were to pay off all the bonds, and to make payment of trifling amounts, we would be ruined.

We have made the following payment of \$100,000, for the sum of \$1,000,000.

THE ADVENT OF A STAR.

On the night of the 12th of May, 1866, a star of between the first and second magnitude, suddenly made its appearance in the constellation Corona Borealis. It began from its first appearance to diminish in brightness, so that on the 16th of May it was only of the fourth magnitude, and at the end of the month it became a star of the ninth magnitude. The astronomer Huygens has advanced the hypothesis that this star had previously existed in the place where it was first seen, and that it became visible in consequence of some internal convolution. Messrs. Meyer and Klein, on the other hand, have maintained that the sudden glazing out of the star may have been occasioned by the precipitation of a planet upon a fixed star. But the most extraordinary fact remains to be stated. It took three years for the light of this new-found star to reach us; so that the sudden outblaze mentioned above really took place before the spectrum analysis, to which we are indebted for an examination of this light, had come into the service of astronomers.

WEATHER TABLE

HERSCHEL'S WEATHER TABLE.

The Following Table, constructed upon philosophical considerations of the attraction of the Sun and Moon in their several positions respecting the Earth, and confirmed by experience of many years actual observation, furnishes the observer, without further trouble, with the knowledge of what kind of weather there is the greatest probability of succeeding, and that so near the event, that in very few instances will it be found to fail:—

**GRAY'S
SYRUP
—OR—
RED SPRUCE
GUM.**

**This Syrup is highly recommended
for Coughs, Colds, Asthma,
Bronchial and Throat Affections.**

Bronchial and Throat Affections,

When Jacques Cartier first ascended the St. Lawrence, the remedy in daily use by the Indians, and upon which they relied for the cure of various complaints, was the clear gum exuding from the Red Spruce Trees (*Abies Rubra*), which, when mixed with Maple Sugar, was given in the form of a confection. The early French settlers, noticing its beneficial effects in curing pulmonary complaints, quickly adopted it as a household remedy, and it is highly prized by them up to the present day. The settlers, however, take the gum dissolved in high-wines, by which means many of its peculiar virtues are lost. In this Syrup a large quantity of gum is held in complete solution, and being prepared at a low temperature, all the *Balsamic*, *Soothing*, *Expectorant* and *Tonic* properties of the remedy are preserved.

This preparation is a *bona-fide* SYRUP OF RED SPRUCE GUM. It is not only recommended as a remedy of remarkable power in the above complaints, but its Balsamic, Soothing, Anti-Spasmodic, and Expectorant properties make it a most valuable addition to the Cod Liver Oil Treatment of Consumptives.

4. Letters and papers addressed to Box and Drawer-holders are, until otherwise ordered, delivered through the Boxes and Drawers, as usual. Should, however, such letters and papers be addressed to Streets and Numbers, they will be delivered by Letter Carrier, unless the Sorting Clerk should distinctly and promptly remember that the parties for whom intended are Box and Drawer holders. No letters or papers are placed in the Boxes or Drawers unless addressed either to the number of the Box or Drawer, or to the holder, or to the care of the holder thereof.

5. Letters and papers addressed simply "Montreal," to parties who have neither Boxes or Drawers, are delivered as expeditiously as circumstances will permit, either through the General Delivery or by Letter Carrier. If papers and periodicals published in the city are addressed to Box or Drawer-holders in the Montreal Post Office they will be delivered if pre-paid by postage stamp, one cent, each package of four ounces. Papers or periodicals published in the city are not delivered by Letter Carriers.

6. Persons desirous of receiving their letters and papers promptly by Letter Carrier, should request their correspondents to place on the addresses the Street and Number at which they are to be delivered, as otherwise they will be subject to delays, which it is impossible to avoid.

7. They should also provide themselves with small change for the payment of unpaid postage, as the Carriers (who are not allowed to give credit) cannot be detained for its collection. In the event of an unpaid letter or paper not being delivered in consequence of the party to whom addressed having no change, it will be taken back to the Office and sent out again for delivery as soon thereafter as practicable. If, on its being tendered a second time, the party to whom addressed is not provided with the postage, it will be sent to the General Delivery at the Head Office, where application for it will have to be made.

8. Persons having offices at which they desire their letters and papers to be delivered by Letter Carrier, should affix a letter box to the door, with an opening from the outside, as otherwise, in case the office is closed, the letters and papers will be delayed until the next delivery. It would also be very desirable that, where convenient, letter boxes should be affixed to the doors of private residences.

9. Persons receiving their letters by Letter Carrier should, in the event of their removal, advise their correspondents, and at once send their new address in writing to the Postmaster.

10. Three Postal Receiving Offices are established:—One in the East, at No. 358 St. Catherine Street; one in the North, at No. 31½ St. Lawrence Street; and one in the West, at No. 466 St. Joseph Street; to which the letters and papers will be conveyed by vehicle from the Head Office four times daily, viz.: at 8.00 a.m., 11 a.m., 1 p.m., and 3.00 p.m., and distributed from thence by Letter Carrier at the hours already mentioned.

11. These Receiving Houses are also open for the sale of Postage Stamps and the reception of Registered and other mailable matter, from 8.00 a.m. to 6.00 p.m.

12. Collections are made from the Receiving Houses and Street Letter Boxes by vehicle, leaving the Head Office as follows:—For Receiving Offices, daily, Sundays excepted, at 8.00 a.m., 10 a.m., 11.00 a.m., 1 p.m., 3.00 p.m., 6.00 p.m., 8.30 p.m., and on Sunday at 8.30 p.m. For Street Letter Boxes:—Daily, Sundays excepted, at 10.00 a.m., 1.00 p.m., 6.00 p.m., 8.30 p.m., and on Sunday at 8.30 p.m.

13. Every effort is used to secure the satisfactory working of these arrangements. If, however, irregularities occur, they should be at once reported to the Postmaster.

Transmission of Patterns and Samples within the Province of Canada.

Patterns or samples of merchandise, and goods for sale, may be posted in Canada, to be forwarded to any place within the Dominion, on pre-payment by postage stamp of a rate of one cent per four ounces, under the following regulations :—

I.—Patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

II.—The packet may bear on the *outside* the address of the sender in addition to the address of the person for whom it may be intended—also a trade mark and numbers, and the price of the articles enclosed ; *inside* there must be no enclosure but the samples or patterns themselves—the particulars, however, of the trade marks, numbers and price, may be marked on the articles themselves instead of on the outside of the packet, at the option of the sender.

III.—Any sample or pattern packet containing a letter, or otherwise violating the conditions of the preceding rules, is to be rated as a letter.

IV.—The rate of 1 cent. per four ounces is to be pre-paid by postage stamp,—and if such rate be not fully pre-paid by the stamps affixed, the package is to be rated with the deficient postage, and a fine of five cents in addition.

V.—Packets of samples or patterns may be registered on pre-payment by postage stamp of a registration fee of five cents in addition to the postage rate—and provided such packets be duly handed in to the Post Office for registration.

A registration receipt or certificate should always be obtained for such packages when presented for registration.

VI.—No packet of samples or patterns must exceed 24 ounces in weight; any packet exceeding that weight is to be sent to the Postmaster-General.

Penal Clause.—The Act contains the following penal clauses : To enclose a letter or letters, or any writing intended to serve the purpose of a letter, in a parcel posted for the parcel post, or to enclose a letter, or any writing, or make any written marks to serve the purpose of a letter, or to enclose any other thing in a newspaper, posted to pass as a newspaper, at the rate of postage applicable to newspapers, (except in the case of accounts and receipts of newspaper publishers, which are permitted to pass folded within the newspapers sent by them to their subscribers), is an offence punishable by a penalty of not less than ten and not exceeding forty dollars.

For Orders under and up to \$20..... 25 cts.
" " over \$20 up to \$40..... 50 "

In all classes of Orders, as many of the maximum amount may be obtained as will be needed to make up the sum the applicant desires to remit.

By the amended Post Office Act, which came in force on the 1st October, any Postmaster issuing Money Orders on credit, and any person aiding and abetting, or procuring the issue of such orders, will be guilty of misdemeanor.

The Money Order Post Offices in the Dominion are furnished with lists of all the Money Order Offices in Canada, the United Kingdom, Nova Scotia, New Brunswick, Prince Edward Island, Manitoba, British Columbia and Newfoundland; and the Postmasters are instructed to afford every information in their power, in respect of the places upon which they draw, together with any other information relating to the issues as the intending remitters may desire.

POST OFFICE SAVINGS BANK.

1. The Post Office Savings Bank commenced operations in Ontario and Quebec on the 1st April, 1868.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. At each Savings Bank Post Office the Savings Bank regulations may be read by the public, giving full information with respect to the mode of depositing and withdrawing money, and these regulations are printed upon the cover of the Pass Book supplied to each depositor.

4. Any person may have a deposit account, and deposits are received daily during the ordinary hours of Post Office business, of any number of dollars, from \$1 up to \$300, the total amount which can be received from a depositor in any one year, except in cases to be specially authorized by the Postmaster-General.

5. The Postmasters of the Savings Bank Offices will act as agents for the receipt of the money deposited for transmission to the Postmaster-General, and for the payment by the Postmaster-General of money withdrawn by depositors.

6. Each depositor is supplied with a Pass Book, and the sums paid in, or withdrawn, are entered therein by the Postmaster receiving or paying the same. In addition, a direct receipt for each amount paid in is sent to the depositor from the Postmaster-General, and the Postmaster-General will issue a cheque payable at any Post Office Savings Bank desired, for any sum withdrawn.

7. Every depositor's account is thus kept with the Postmaster-General, and a depositor may pay into his or her account with the Post Office Savings Bank, at any of the Savings Bank Post Offices, which at the time may best suit his convenience, and exercise the same choice in drawing out money, subject only to the obligation of producing the Pass Book, in proof of identity, whenever paying in or drawing out deposits.

8. Interest at the rate of four per cent. per annum is allowed on deposits.

9. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

10. No charge will be made to depositors on paying in, or drawing out money, nor for postage or communications with the Postmaster-General in relation thereto.

11. The Postmaster-General will always be ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank matters.

White fish or salmon trout are not to be taken by any means between the 12th November and 1st December; nor by means of any kind of seine between 30th May and 1st August. Fishing by means of net or other apparatus is prohibited, except under lease or license from the Department of Marine and Fisheries. The main channel, or course of any stream, must at all times be kept open, and no nets shall be so used as to obstruct the passage of fish in any river, bay, or creek, to and from their breeding places. The Local Fishery Overseers are instructed to enforce these enactments.

The following is the new Game Act in the Province of Ontario, giving the season when game may be killed:—

Deer, moose, elk, reindeer, or cariboo, from the 1st day of September to the 30th day of November inclusive.

PROVINCE OF NEW BRUNSWICK.

In New Brunswick, the only game laws in force are those relating to moose and partridge. There was an act making it unlawful to kill deer on the Island of Grand Manan for a period of three years, but it expired June 8, 1868. The close season for moose only extends from 1st February to 1st May. Fine \$40, and anyone is empowered to kill any dog found hunting within the prohibited time. Not more than two moose can be killed by any one person within a period of twelve months; \$12 for each offence. The killing, except for food, is prohibited, and the leaving the carcase in the woods subjects the offender to a fine of \$20. Partridges are not to be killed between 1st March and 1st September. The fishery laws are the same as those of Ontario and Quebec, except that the close season for salmon is, for net fishing, from 15th August to 1st March, and fly surface-fishing, from 15th September to 1st February.

PROVINCE OF NOVA SCOTIA.

In Nova Scotia, chap. 13 of the Revised Statutes provides "that no moose or beaver are to be killed between September 1st, 1874, and September 1st, 1877, under a penalty of not less than \$80, nor more than \$50 for each offence." PROVINCE OF NEWFOUNDLAND.

There is only one game law in this island—entitled, "An act for the Protection and Breeding of Wild Fowl and Game." It prohibits the killing, taking, purchasing, selling or possessing of partridges from the 20th February to the 25th August, and applies a similar prohibition in the case of snipe, or any other wild or migratory birds frequenting for the purpose of incubation (except wild geese), from the 1st April to the 20th August.
