BRITISH BY DESPERATE CHARGES AGAINST SERIES OF BARRICADES DROVE GERMAN FROM ST. ELOI

Fighting in Village Was of
Bloodiest Character and
Streets Were Cleared of
Enemy at Severe Cost—
British Officers Heroical—
Sacrifice Lives in Recon-
noitring.

LONDON, March 21, 6:45 p.m.—
Fighting in the village of St. Eloi, in
the battle of St. Eloi, although it was of
minor importance, since it was before,
according to an account of the opera-
tions in this district, given by a British
eye-witness and made public this
afternoon by the press bureau. St.
Eloi is considered to have some strategic
importance, because it lies at the
junction of two main roads, one
from Ypres to Arras and the other
from Ypres to Warneton.

"On the evening of the 14th," says
the eye-witness, "after an extremely
heavy artillery fire directed against
our trenches along the eastern and
southwestern sectors, the Germans en-
deavored to rush our lines. The at-
tempt succeeded as far as the latter
sector was concerned, for the trenches
had been blown and were absolute-
ly untenable. To the east of the vil-
lage, however, our infantry made a
most determined stand.

"There was no stand and well
directed that the losses among the as-
saulters were terrible, our men sticking
to their posts until the last-in fact,
until they were overwhelmed by sheer
weight of numbers.

"The Germans then rushed
support to the trenches and also to a
second which they had blown up by a
mine. Following up their success they
penetrated into the village itself. They
were not allowed to remain long in
undisturbed possession of it, however.
Our first counter-attack took place at
2:30 a.m. on the 16th, and was only
partly successful, the enemy retaining
possession of St. Eloi and some breast-
works and trenches.

"By another effort, made nearly two
hours later, we succeeded in driving
the enemy completely out of the vil-
lage, and in recapturing all the
trenches which had not been destroyed.
The mound, however, remained in
the hands of the Germans, although it
was subjected to so heavy a fire that little
use could be made of it.

"Stormed Barricades.
The fighting in St. Eloi itself, as is
usual in such cases, was of the fiercest

"The general administration of the
Russian Red Cross Society, having con-
sidered a report from its special en-
voys, Prince Kourakine, regarding

Kitchener's Last Appeal To Mutinous Dockmen

If Malcontents at Liverpool Persist in Refusing
To Work Overtime, Measures Will Be
Taken To Enforce Compliance.

LIVERPOOL, March 21.—(Via London, 7:25 p.m.)—"If this appeal
has no effect I shall have to consider steps that will have to be taken
to ensure what is required at Liverpool being done," was the declaration
made by Lord Kitchener in a letter which he personally handed to James
Saxton, secretary of the Dockers' Union.

Lord Kitchener, who spent the week-end inspecting the Liverpool
Manchester and Birmingham Battalions of his new army, expressed
surprise in his letter that "there is a section among the Liverpool dockers
who still refuse to work overtime during the week-end and on Sunday.
I feel sure that these men can hardly realize that their action in thus
obscuring the docks and delaying munitions of war and food required
by our men at the front is having a very serious and dangerous effect
and must be stopped.

"I hope this message will put things right for the future." At this
time we look to every British man, whoever he may be, to do all in
his power to help in carrying the war to a successful conclusion, and in
this your men can do their share, thus helping their comrades now
fighting in France."

GERMAN SUCCESS ON VOSGES FRONT

Great and Little Reich Acker-
kopf Captured in Stub-
born Attack.

FRENCH REGAIN PEAK
Severe Fighting Going on to
Retake Great Summit
With Good Prospects.

Special Cable to The Toronto World.
PARIS, March 21.—Massing an im-
mense number of troops on Saturday,
the Germans delivered a strong attack
on the French positions in the Great
and Little Reich Ackerkopf of the
Vosges Range, and after desperate
fighting, in which both sides were ex-
hausted, carried both positions. The
losses by both sides were heavy. The
French commander at once hurried
up reinforcements and succeeded in
regaining the Little Reich Ackerkopf,
and by nightfall the fresh troops were
regaining the French hold on the Great
Ackerkopf.

Cathedral Bombed.
The cathedral of Soissons was again
bombed by the Germans and seri-
ously damaged. Twenty-seven shells
were discharged at the edifice. The
French war office takes occasion to
contradict German assertions that ob-
servations posts were ever established
on the structure, or that the Red Cross
flag was hoisted upon it.

Progress at Les Eparges.
French progress at Les Eparges was
continued by the repulsing of two
strong German attacks and the carry-
ing of the greater part of a German
position for which a two days' struggle
had been raging. Three attacks in
succession were made to regain this
position, with the result that the Ger-
mans left many dead on the field and
the post in the hands of the French
soldiers. Further attacks on the
French trenches in the Bouchoir wood
were repulsed. A hot rifle fire was
kept up in this region over Sunday,
and two violent counter-attacks of the
enemy were repulsed.

A German blackhouse in the Mont-
mar wood in the Woivre region was
destroyed by French artillery fire,
which also blasted several ammunition
wagons with stores.

An attack of the Germans on La
Boiselle, northeast of Albert, was de-
feated with heavy enemy losses. The
town had been violently bombed.

ANOTHER AIR RAID MADE ON CALAIS

Zeppelin Dirigible Driven Off
by Fire of Forts and
Destroyers.

SOME BOMBS DROPPED
Proclamations Were Scatter-
ed Threatening to Return
and Destroy Town.

Special Cable to The Toronto World.
NORTH OF FRANCE, March 21.—After
a couple of quiet nights, the people of
Calais suffered from another Zeppelin
attack. It was a quarter of an hour after
midnight that the night guard caught
sight of a Zeppelin approaching the har-
bor and toward the direction of the
sea. The presence of the airship toward
the north had been signalled some hours
before from the French lines. Last night
the air was clear and bright, and the
ship was plainly visible. Once the Zeppelin
had been found by the new and very
powerful searchlights, it set out upon its
attack, pursued in its flight by search-
lights. A destroyer, as it took up the
horizon, dropped some bombs on Calais, also
released a number of incendiary procla-
mations, promising to return and de-
stroy the town.

This morning (Sunday) at nine o'clock,
the funeral took place of the unfortunate
victim of Wednesday night's raid. There
were eight attendants, including a mili-
tary and the civil authorities.

SECURE FAIR WAGES
FOR MAKING SHELLS

The secretary of the Amalgamated
Society of Engineers in receipt of a
letter from the department of
Ottawa, stating that Hon. T. W. Cro-
fton, minister of labor, is endeavoring to
secure fair wages for all workmen en-
gaged in the manufacture of steel shells
at the Canada Foundry and other firms.
The A.S.E. officials in Canada have
been in communication for some months
with their general executive in Lon-
don, who have placed the matter before
the War Office and the Imperial Govern-
ment. During an interview which Geo.
N. Barnes, M.P., and Arthur Henderson,
chairman of the Labor Party, had with
Harold Baker, financial secretary of the
War Office, it was pointed out by Mr.
Baker that the Government was re-
sponsible for fixing up the condi-
tions of all contracts for the British Gov-
ernment. Consequently Austrian
subjects are said to be completely in
the dark regarding the international
situation.

POPULACE DRIVEN OUT
German Left Wing Cut Off
From Base at Koenigs-
berg by Floods.

BY FREDERICK RENNET
Special Cable to The Toronto World.
PETROGRAD, March 21.—The Rus-
sians have succeeded in delivering the
first blow of the spring campaign in
the Baltic. The lower Niemen
is now flooding wide stretches of
her marshy banks. This separates the
northern column of the German left
wing from its base at Koenigsberg,
from which it is now impossible to
send reinforcements overland. A week
ago the Russians began pressing the
Germans thru Turroegen towards El-
bit and further north across the
frontier upon Memel. Some German
horsemen were drowned in the Niemen
River. The main body had to struggle
northward and westward towards the
coast of Kurischio Haff, a shallow sea,
separated from the Baltic by a long,
narrow sandbank beginning a dozen
miles above Koenigsberg, and ending
at Memel. The Russian advance ended
in a complete victory Thursday evening.
The German column, which had
been driving eastward across the front-
ier, scattered along the watercourse.
Civilians joined in fight.

Eight thousand infantry from the
fortress placed in the German outfall
of Memel were driven back into the
streets. The commandant had armed
the civilian population with rifles from
the armory, and a confused mob of
soldiers and civilians opened fire from
the houses and barricades.

TURKISH FORTS DOMINATED BY GUNS OF FLEET

British Admiralty Satisfied
With Result of Dardanelles
Operations.

SIXTY-ONE CASUALTIES
Gallantry of French Squadron
Praised—Weather Check
to Activity.

LONDON, March 21.—(Midnight)—
The admiralty tonight made the fol-
lowing announcement:
"Unfavorable weather has inter-
rupted the operations in the Dardanel-
les, and as complete reconnaissance
have not been possible, the amount of
damage done to the forts by the Bom-
berment of the 18th cannot be ascer-
tained.

"No great expectations should, how-
ever, be based on this, as owing to the
losses caused by drifting mines the
attack was not pressed to its conclu-
sion on that day.

Superiority Established.
The power of the fleet to dominate
the forts was established. Various other
dangers and difficulties will have to
be encountered, but nothing has hap-
pened which justifies the belief that
the cost of the undertaking will ex-
ceed what has always been expected
and provided for.

The British casualties in the per-
sonnel are sixty-one men killed,
wounded and missing.

Diplomat Dr. Robeck has telegraphed
to the admiralty as follows: "I
desire to bring to the notice of your
lordships the splendid behavior of the
French squadron. Their heavy loss
was a most gallant undertaking. They
were led into close action by Rear
Admiral Guépratte with the greatest
gallantry."

A statement made public by the ad-
miralty tonight shows that the total

Col. Farquhar Was Killed While Leading the Pats Into Action Near St. Eloi

Cable to Chief of Staff at Ottawa Contained
News That Former Military Secretary to
Duke of Connaught Had Fallen—Messages
of Sympathy Sent to Lady Farquhar and
the Men in Princess Patricia's.

The message from the war office read: "Col. Farquhar,
Princess Patricia's, dead, Lieut. Mason, of the same regiment,
dead. Three killed, twenty wounded."

OTTAWA, March 21.—Col. Francis Douglas Farquhar, D.S.O., com-
mander of the Princess Patricia's Canadian Light Infantry, and late mili-
tary secretary to R. R. H. the Duke of Connaught, has been killed in ac-
tion at the front. A cable to the chief of staff of the Canadian militia
department conveyed the news late tonight. The late Col. Farquhar came
to Ottawa in October, 1913, as military secretary to the governor-general,
and by his charming courtesy made himself a popular figure in official
and social circles in the capital. On the organization of the Princess
Pats he was chosen commander, the appointment proving a most popular
one. He had a most distinguished career as a soldier and won the dis-
tinguished service order in the South African campaign of 1899-1900,
while serving with his regiment, the Coldstream Guards. He married
in 1905, Lady Evelyn, only daughter of the Earl of Donoughmore.
Lady Farquhar is at present in London.

Col. Farquhar's death made the third officer connected with govern-
ment house to fall in the present war, the others being Captain Rivers-
Bulkeley, Scots Guards, former controller of the household, and Captain
Newton, former A. D. C., who was the first officer of the Princess Pats to
meet death in action.

Their Royal Highnesses the Duke and Duchess of Connaught and
Princess Patricia were greatly affected by the news. There was profound
sorrow at Rideau Hall at the news of the death of the Duke's former mili-
tary secretary, and the royal family together immediately sent a message
of deep condolence to Lady Evelyn Farquhar, who left for England with
their children shortly after the Princess Patricia Regiment departed from
Canada.

Princess Patricia also sent a message of condolence to the regiment
at the front.

The sorrow that grips at Rideau Hall at the death of Col. Farquhar
is shared by all who know him in the capital. He was an unassuming
but capable member of His Royal Highness's staff and was very popular
here.

The Princess Patricias were mobilized here and made a splendid
showing as they paraded to the station on the day of their departure. The
death of their gallant commander has brought the war home to Ottawa
in a way not felt before.

VERY WELL KNOWN IN TORONTO.

Col. Farquhar was very well known in Toronto, as is also his wife,
Lady Evelyn Farquhar. Their last visit was made during the summer
of last year, while Col. Farquhar was military secretary to the Duke of
Connaught. He gave up that position to take command of the Princess
Patricia's Canadian Light Infantry. During their visit, when the Duke
and his party made their headquarters at Sir Wm. Osier's residence, Col.
and Lady Farquhar, with Lady Farquhar's sister, stayed at Deaneport with
Lieut.-Col. and Mrs. A. E. Gooderham. Col. Farquhar made his head-
quarters at other times at the York Club, among the members of which
he was very well known and highly thought of.

TURKS THREATENED AMERICAN MISSION

Gibbet Erected at Urumiah,
Persia, and U.S. Mission-
ary Assaulted.

Canadain Press Despatch.
PETROGRAD, March 21.—A de-
spatch from Dulfa, Persia, to the
Westnik News Bureau, the official
Russian news agency, says:
"The Turkish consul at Urumiah,
Mehed-Paghli Bey, at the head of 70
Arabs recently attacked the Ameri-
can Mission at that place, where 15,000
Orthodox Christians has taken refuge.
The consul ordered three priests and
two deacons to leave the mission, and
as they were passing thru the streets
they were insulted and mercilessly
beaten.

"On the courtyard of the Orthodox
Mission a gibbet was erected.

"An American missionary, Mr. Al-
len, who was also subjected to insults
and was assaulted in sending to
Selmuz two messengers to ask for
prompt assistance from the Russian
troops to save the lives of the Chris-
tians whom the mission was not able
to protect."

FRENCH-CANADIAN VOLUNTEER PREFERRED DEATH TO CAPTURE

PARIS, March 21.—Jules Cassegrain, of the 23rd Infantry, a Canadian vol-
unteer, is mentioned in the orders of the day. He made a rush upon a Ger-
man trench, and tried to break in the protecting roof. His bayonet and rifle
were broken, but he refused to surrender and was killed on the spot.

ATTACK UPON SERBIA RENEWED BY AUSTRIA

Serbian Guns Proved Superiority
in Duel Near Bel-
grade.

LONDON, March 21.—Resumption
of military operations by Austria
against Serbia, is indicated in a mes-
sage from Belgrade received here today,
by the Serbian legation. The telegram
follows:
"In an artillery duel near Bel-
grade on the morning of March 16, our
guns showed superiority over those of
the enemy, whose fire was devoid of
result, although artillery of very heavy
calibre was used.

"Our artillery destroyed numerous
boats gathered at Port Afedakale,
near Prehaya, and sank a pontoon
bridge at Orchava.

"The precision of our fire soon sil-
enced the enemy in a slight artillery
duel near Smederovo."

LONDON, March 22, 1:40 a.m.—A
Reuter despatch from Amsterdam says
the German Socialist newspaper Vor-
waerts declares that only with the
greatest difficulty can bread be bought
in Cologne, where several bakeries
display signs reading, "No bread to-
day." The shops at which bread is
obtainable, according to newspapers,
are literally besieged and soon sell out
their supply. The Vorwaerts says that
both Dr. Liebknecht and Herr Kishle,
the Socialist members who voted
against the budget, and that Herr
Lederbour and 29 other Socialists, left
the house before the vote was taken.

OAKWOOD TORIES HELED BIG RALLY

Passed Resolution of Confidence in Government and Member.

DISCUSSED THE TARIFF

Satisfied That New Arrangement Favors British Products.

The contention of Sir Wilfrid Laurier that the increased tariff should not apply to British goods had been characterized by Sir Robert Borden as a vote of lack of confidence in the government, said W. W. Macdonald, M.P. for South York, addressing the Oakwood Conservative Association on Saturday.

The Conservative government charged with the government of the country and with its part in the carrying on of the war, and the government had been upheld in its policy by a majority vote of forty-five.

"Anyone who saw the fine body of men which paraded on Saturday," he said, "realized the men had not enlisted for fun or adventure. They are making sacrifices for you and me and for the cause of Britain and the empire and it is our duty to treat them as the heroes they are."

"As a result of 800 years of struggle in Britain, culminating in the lords who Britain is today a democracy, and we in Canada," he continued, "have popular government, but we have an irresponsible senate, and we've got to reform the senate or dispense with it."

In Germany the government is based on the idea that government lay with the Kaiser and that he possessed his title by divine right. That was not in the interest of humanity, of freedom, of liberty, and this greatest struggle in history was one of the systems of government by the people as against the autocratic military ideal of Germany.

"In a word," he said, "we are fighting for free institutions. The empire is united for one end and it is a duty of our part to vote the last dollar we have in its support. Hope and trust," concluded Mr. Macdonald, "the British Empire will come out of the war stronger than ever before, and that reforms will be introduced wherever there are abuses. I believe the new Germany will be to turn our armies and navies into police, and we are going to see that Germany will not have a navy to be a menace to the rest of mankind."

The fine spirit shown by the volunteers precluded by the choice of St. Alder's North Toronto. By an order of the Dominion Railway Board, issued about a year ago, reduction of the rates in conformity with the other portions of the city was ordered to take effect within a year. Mr. Geary stated to the city council recently that the application to the Dominion Railway Board in accordance with a resolution moved in the city council recently by the Alder, asking for a hearing at the meeting of the board, in order to ask for a flat rate, as in other parts of the city in Ottawa, will be preferable, allowing the patron to appear in person and state their grievances. The Bell Telephone Company urged as a condition of the delay the fact that it will be necessary to build another exchange on Eglinton avenue.

Deputy Reeve F. H. Miller of York Township thought it the right thing for the government to look after the dependents of the soldiers and the widows of the men who would grudge another mill on the tax for the purpose. He was sure the Conservative party would do all in its power, and the country would do all that was necessary. "If the county does not do it," he concluded, "we will see that York Township does its duty."

At the close of a vote of confidence in the government and in the members for South York was unanimously carried.

Among those present were W. Jarvis, J. T. Hill, president Fairbank Conservative Association, and Duncan Hood, president Fairbank Ratepayers' Association. The chair was occupied by the president, William Caswell, and songs were contributed by Messrs. Harris and Burgess, readings by Mr. Dillon and club singing by Mr. Ball, W. Furnival acting as accompanist.

Pastor of St. John's Church, West Toronto, Speaks Out—Ward Seven News.

Rev. T. Beverley Smith of St. John's Church, in a sermon yesterday morning, found fault with the interest taken by the average young man in events in the world of sport, while the country is at war. "It makes me blush for shame," said the pastor, "when I see young men engrossed in the sporting pages on the eve of the week-end."

The Keele street firemen were called yesterday afternoon to extinguish a fire in the pile of rubbish and old lumber left by sewer contractors near the corner of Conduit and Keele streets.

"Progressive Esports" was the subject of Pastor W. H. Brown's address in the Annetts Street Baptist Church yesterday morning. In the evening series of talks on "The Cross," Rev. Brown spoke of the "triumphs of the Cross."

STIRRING SPEECHES AT NEWMARKET

North York Conservatives in Annual Session—Officers Elected.

MUCH ENTHUSIASM

Claims Liberal Policy Was in Measure Responsible for War.

North York Conservatives in goodly numbers assembled in the Newmarket Town Hall on Saturday afternoon, the occasion being the annual rally of the association, with a representative gathering from all parts of the riding. The presence of the federal member, J. A. M. Armstrong, M.P., with T. H. Lennox, M.L.A., and Hon. Findlay Macdonald, minister of public works, gave added interest to the meeting.

It was the minister's first visit to the riding, and his reputation was the most cordial. The officers elected were Lloyd Hinghland, president; Dr. C. H. M. McCreary, second vice-president; R. Cross, secretary; and J. A. M. Armstrong, M.P., president of the present European war.

Mr. Armstrong, who was in the chair, read a paper published in New-Hampshire, Ontario, in which he declared that the action of the Canadian Senate in rejecting the naval proposals of Sir Robert Borden at the dictation of Sir Wilfrid Laurier was in a measure responsible for the present European war.

He read copious extracts from a German paper published in New-Hampshire, Ontario, in which he declared that the action of the Canadian Senate in rejecting the naval proposals of Sir Wilfrid Laurier was in a measure responsible for the present European war.

He charged the Liberal party with being untrue to their professed attitude at the opening of the present session of the House of Commons, and declared that their course in taking the extraordinary financial outlay and the outfitting of the troops savored of delay.

"We are a young nation; we have never faced such abnormal conditions before as I am willing to leave the criticism leveled at the Conservative party in connection with the army contracts," said the member for North York.

WESTON Municipalities Will Urge Radial Support on Ontario Government Next Friday

The election of officers will take place at the meeting of the Weston Lacrosse Club tomorrow evening (March 23), at 3 o'clock. The club will be organized for the coming season, and the question of entering the team which captured the Intermediate O.A.L.A. championship, for a year for the senior series will be decided.

WANTS RAILWAY BOARD TO SETTLE PHONE RATES

Ald. H. H. Ball Intervenes Corporation Council Geary Regarding Hearing.

Ald. H. H. Ball on Saturday had a conference with Corporation Council Geary relative to the vexed question of telephone rates in the city of Toronto.

By an order of the Dominion Railway Board, issued about a year ago, reduction of the rates in conformity with the other portions of the city was ordered to take effect within a year.

Mr. Geary stated to the city council recently that the application to the Dominion Railway Board in accordance with a resolution moved in the city council recently by the Alder, asking for a hearing at the meeting of the board, in order to ask for a flat rate, as in other parts of the city in Ottawa, will be preferable.

allowing the patron to appear in person and state their grievances. The Bell Telephone Company urged as a condition of the delay the fact that it will be necessary to build another exchange on Eglinton avenue.

Deputy Reeve F. H. Miller of York Township thought it the right thing for the government to look after the dependents of the soldiers and the widows of the men who would grudge another mill on the tax for the purpose.

He was sure the Conservative party would do all in its power, and the country would do all that was necessary. "If the county does not do it," he concluded, "we will see that York Township does its duty."

At the close of a vote of confidence in the government and in the members for South York was unanimously carried.

Among those present were W. Jarvis, J. T. Hill, president Fairbank Conservative Association, and Duncan Hood, president Fairbank Ratepayers' Association. The chair was occupied by the president, William Caswell, and songs were contributed by Messrs. Harris and Burgess, readings by Mr. Dillon and club singing by Mr. Ball, W. Furnival acting as accompanist.

EARLS COURT G. Rice, 33 Telemouth avenue, Earls Court, had three fingers of his left hand amputated while working on a building on Temperance street on Saturday.

Mr. Rice, a bricklayer, had been out of employment for several months and only started work on the morning of his accident.

TAKE TOO MUCH INTEREST IN THE SPORTING NEWS Pastor of St. John's Church, West Toronto, Speaks Out—Ward Seven News.

Rev. T. Beverley Smith of St. John's Church, in a sermon yesterday morning, found fault with the interest taken by the average young man in events in the world of sport, while the country is at war.

"It makes me blush for shame," said the pastor, "when I see young men engrossed in the sporting pages on the eve of the week-end."

The Keele street firemen were called yesterday afternoon to extinguish a fire in the pile of rubbish and old lumber left by sewer contractors near the corner of Conduit and Keele streets.

"Progressive Esports" was the subject of Pastor W. H. Brown's address in the Annetts Street Baptist Church yesterday morning.

In the evening series of talks on "The Cross," Rev. Brown spoke of the "triumphs of the Cross."

MacCormack L.O.L. will hold "legislative night" on Thursday evening, in Calvin Hall, Dundas street, when addresses will be delivered by the Hon. James Duff, J. J. Hart, M.L.A., Dr. Verhaeghe, O.A.L.A. champion, Dr. Henry, M.L.A., and W. H. Price, M.L.A.

North York Conservatives in goodly numbers assembled in the Newmarket Town Hall on Saturday afternoon, the occasion being the annual rally of the association, with a representative gathering from all parts of the riding.

The presence of the federal member, J. A. M. Armstrong, M.P., with T. H. Lennox, M.L.A., and Hon. Findlay Macdonald, minister of public works, gave added interest to the meeting.

It was the minister's first visit to the riding, and his reputation was the most cordial. The officers elected were Lloyd Hinghland, president; Dr. C. H. M. McCreary, second vice-president; R. Cross, secretary; and J. A. M. Armstrong, M.P., president of the present European war.

Mr. Armstrong, who was in the chair, read a paper published in New-Hampshire, Ontario, in which he declared that the action of the Canadian Senate in rejecting the naval proposals of Sir Robert Borden at the dictation of Sir Wilfrid Laurier was in a measure responsible for the present European war.

He read copious extracts from a German paper published in New-Hampshire, Ontario, in which he declared that the action of the Canadian Senate in rejecting the naval proposals of Sir Wilfrid Laurier was in a measure responsible for the present European war.

He charged the Liberal party with being untrue to their professed attitude at the opening of the present session of the House of Commons, and declared that their course in taking the extraordinary financial outlay and the outfitting of the troops savored of delay.

It entirely freed me of the symptoms stated above, built up my health generally, so that to-day I feel that I am quite well again."

ZEPPELIN AIRSHIPS MADE DASH ON PARIS

Seven or Eight Persons Injured by Bombs, But Only One Seriously Hurt.

RAIDERS DRIVEN OFF

Defensive Arrangements Sufficient to Keep Off Dirigibles—One Appeared Hit.

PARIS, March 21.—Zepplin airships made Paris early this morning and dropped a dozen bombs, but the damage done was unimportant. Seven or eight persons were injured, but only one seriously hurt. Four of the aircraft started for the capital, following the other two, but only two reached their goal. Missiles also were dropped at Compiègne, Ribecourt and Dreuilcourt, but without serious result. Paris remained calm while the aerial invasion was in progress and residents of the city exhibited more curiosity than fear as to the results. Trumpeis gave the signal that all lights must be extinguished as soon as warning was received of the Zepplins' approach. Searchlights were turned on the clouds, and anti-aircraft guns opened fire, and aeroplanes rose to attack the Germans, but their operations were hampered by a heavy mist.

Official communication regarding the raid declared it served only to show how well the defensive arrangements would work out when put to the test. The statement follows: "Between 1 and 3 o'clock this morning four Zepplins started toward Paris from the direction of Compiègne, following the other two which were compelled to return before reaching Paris, one at Douen (ten miles north of Paris), the other at Maricq (ten miles north of Paris), and the other two were attacked by aeroplanes and only passed over the northern part of Paris and neighboring suburbs. They withdrew after having dropped a few bombs, some of which did not explode. The damage done was unimportant. Seven or eight persons were injured, but only one seriously hurt.

The different stations for anti-aircraft defence opened fire upon the Zepplins, which were constantly kept to have been hit. The aeroplanes took part in the action, but their operations were hampered by a heavy mist.

"Summing up, the Zepplin raid on Paris was a complete failure. It only served to demonstrate how well the defensive arrangements work. The population was calm. On their way back the Zepplins dropped bombs on Compiègne, doing only unimportant damage. Three bombs were dropped on Ribecourt to the north of Compiègne without result.

Reports followed of two powerful explosions between Puteaux and Suresnes, suburbs of Paris. Residents of this section reported having seen a large dirigible flying towards the south, and then returning to the north. The searchlight of Mont Valerien flashed its rays on the craft. At the same time cannon firing was heard, as well as the whirring of a propeller.

Gradually the Zepplin disappeared from view in the mist.

Official reports show that eight bombs were thrown at Asnières, where three persons were wounded. An incendiary bomb set fire to a house at Neuilly, but one was hurt, and the flames were quickly extinguished.

One of the projectiles fell thru the roof of a residence at La Garenne into the street, where a baby was asleep in its cradle. Almost every piece of furniture in the room except the cradle was smashed by flying fragments. The child was not touched.

Two women living in the Rue Poissard, at Neuilly-sur-Seine, whose husbands are in the front, were awakened by an incendiary bomb dropped thru the roof. The flames, which were extinguished, were extinguished, but the women escaped unhurt.

SORTIE FROM PRZEMYSL FAILS

(Continued From Page 1.)

The houses and barricades upon the leading Russian detachments. They drew outside the town with some losses. Then the Russian artillery coming at close range and using case shot shelled the place into silence. The main force then occupied the town and sent the civilian population outside along the Koenigsberg and bank. They took all the unformed survivors as prisoners. It is hoped that one effect of the capture of Przemysl will be that the German reinforcements in western Suwalki Province will assist their systematic burning and murdering among the villages where they are engaged at finding no plunder. The only method of attempting the relief of Przemysl seems to be to bring ships from Danzig. These will have to shell their own town and expose themselves to an obvious challenge from the sea.

Several Russian victories. The Germans on the southern frontier of East Prussia attempted a surprise attack in great force from Mysyniec, along the Rogosno River, in the direction of Ostrolenka. They hurried forward in broad, dense columns before dawn Friday. The Russians let them come up to the first line of barbed wire. Then machine guns and flank infantry fire poured murderous volleys, which destroyed the formation of attack and drove the head column among its supports. The entire invasion was driven in disorder back to the frontier early in the afternoon, leaving thousands of dead.

casualties among the officers of the British ships engaged in the fighting in the Dardanelles last Thursday, when the Irresistible and Ocean were sunk, were four killed and two wounded on the Irresistible, and three killed on the Ocean.

Jealous of Odessa

LONDON, March 21.—An Amsterdam despatch to the Exchange Telegraph Company says: "The emperor received Djavid Bey, the Turkish minister of finance, at Berlin on Friday, when the Dardanelles situation was discussed. In an interview which appeared in the Berlin papers, Djavid Bey intimated that the emperor was much concerned about the possible fate of Constantinople, not only because of the tremendous political consequences which would result, but also on account of the prospect which the forcing of the Dardanelles would afford to Odessa. The emperor is quoted as saying: 'We cannot allow Odessa to become another Hamburg.'

Halt Only Temporary.

PARIS, March 21.—Admirals of the allied fleet who conferred aboard the French flagship Suffren Friday regarding their future course in attempting to force the Dardanelles are believed to have decided unanimously to renew soon the general attack, says a Teneo despatch to the Havas Agency. The French battleship Gueule de Loup, which was badly damaged along the waterline by shells from the Turkish forts, is anchored in deep water off Mavra Island, where the sister ship, the Charlemagne, is standing by to offer assistance if it is needed. It has been difficult to make immediate repairs to the Gueule de Loup owing to stormy weather and high seas. Complete details of the damage suffered by the forts has not been obtained, but the allied commanders believe it was serious. For the moment, which has been repaired by the Turks, directed an accurate fire against the warships.

MINE DANGER IS PAST AND VOYAGING NORMAL

LONDON, March 21.—The Lusitania sailed this morning from Liverpool for the first time since her sinking. The Cunard officers announced that from now on four boats, the Lusitanians, the Transylvania, the Orforda and the necessary guns and ammunition, occupy a tongue of land leading to Koenigsberg, about 80 miles distant. The Russians did not burn the town.

description.—Upon gaining the place, the Germans erected barricades across the streets defended by machine guns. These had to be stormed one by one, our men coming on time after time, regardless of their losses, until the village was in the hands of the enemy.

"When morning dawned a search was carried on among the houses for wounded, and on this occasion the Germans displayed a humanity which, unfortunately, they do not always show, for they refrained from firing on our bearer parties who were engaged in carrying away the injured within quite close range.

"During the day of the 15th, the Germans made a last effort to recover their ground by assault. Presumably it was not intended to be more than a forlorn hope, for not more than 200 men were seen to be engaged in the attack. A comparatively large number of bodies afterwards was counted in front of our trenches. Prisoners captured during this fighting said the German losses were very heavy, the supports especially suffering severely from our shell fire, while our bombardment during the previous days had done much damage to their trenches.

"In spite of the generally monotonous character of the present stage of the war there have been some dramatic moments. One such moment immediately preceded the attack on Neuve Chapelle on the 10th. When our infantry, waiting to assault, were watching the bombardment they could see our shells bursting in a thick veil of smoke and dust which hung over the

German Driven In

LONDON, March 21.—Driven insane by British artillery fire which moved down their comrades, 300 German infantrymen were removed to an asylum near Aix la Chapelle after the battle of Neuve Chapelle, according to a despatch from Amsterdam to the Exchange Telegraph Co. An unnamed German officer is quoted as saying that the casualties equalled those of Waterloo.

FIRM PROTEST IN REICHSTAG BY SOCIALISTS

Iron Hand Rule in Alsace-Lorraine Was Hotly Denounced.

BITTER FEELING SHOWN

Proposal to Burn Russian Villages Described as Barbarism.

LONDON, March 21.—A wild scene occurred in the German Reichstag Saturday during the second reading of the budget, according to a Berlin telegram received by Reuters Telegraph Agency, by way of Amsterdam. The tumult was aroused by a speech delivered by George Ledebour, a Socialist deputy, who protested against the military administration trying to Germanize portions of French territory, from which arises on the part of Alsace-Lorraine a desire for French rule.

The statement was received with angry outbursts on the part of the deputies, some members shouting: "What about the party of peace?" "Continuing the war!" "Continuing the war!" "Continuing the war!"

"I endorse everything and in praise of our brave troops and their commanders, but in political matters the military authorities are not up-to-date. I am horrified to learn that for every German village burning by the Russians, three Russian villages shall be burned."

"This is barbarism," shouted Dr. Karl Liebknecht, another socialist deputy, while from the right came three malignant protests, one member shouting: "I permit the suppression of military authority to be thus attacked."

When order had been temporarily restored, Herr Ledebour continued: "Such a measure strikes not only at the Russians, but at the Poles and Lithuanians on whose co-operation we must count."

Would Throttle Criticism. This statement resulted in a renewed outburst of cries of "renewed criticism of the army administration" and excited shouting for order, the vice-president of the house in the meantime having declared that criticism of the army administration was not permissible.

Encouraged by members of his own party, who shouted "Speak up in the name of your party," Herr Ledebour continued: "The German policy must be such that these peoples will see in Germany a shield and a safeguard of their freedom. As a Socialist and as a German patriot, I believe I ought to emphasize this. I have done so in the interest of my beloved fatherland and of Europe."

Herr Ledebour concluded his speech in the face of loud opposition cries of "Shame!" "The leaders of the various parties protested against the remarks made by Deputy Ledebour."

Herr Groener of the Centre party said that if the military authorities were compelled, in view of the Russian action, to take the severest measures in the shape of measures which are permissible under international law, they should not be hindered by the representatives of the people. Minister of the Interior Delbrück asserted that he would not be worthy in the present situation if he replied to Herr Ledebour's speech.

"For everyone present today," declared the minister, "this hour will be among his bitterest memories. Herr Ledebour's criticism is unconstitutional and insulting in form and is directed against the most honored army leader."

The estimates of the ministries of interior, colonies and navy were agreed to. Adjournment was taken to May 18.

BULLETS WHISTLED OVER HEAD.

Under-fire impressions of the 48th Highlanders at the front are given by Lieut. Adolphe Dansereau, who is in command of the scouts of that regiment. In a letter just received he gives a graphic account of his experiences when his men were enfiladed by German machine guns. For an hour there was a constant whistling of bullets, but luckily they passed over the men's heads.

MAJ. GEN. STEELE MAKING PROGRESS

Fell From Horse on Saturday day and Dislocated His Shoulder.

STAYED IN YESTERDAY

Soldiers at Camp Took Advantage of Sunday to Rest.

Major-General S. B. Steele, inspector-general of the forces in Western Canada, who fell from his horse on Saturday afternoon and injured his shoulder, is reported by the medical authorities to be making good progress. The general's shoulder was dislocated by the fall, but the doctors state that his condition is quite satisfactory. Major-General Steele has been recently mentioned as the probable commander of the second Canadian contingent.

Not so Lively. It was noted that fewer soldiers than usual took advantage of "leave" to spend Sunday afternoon away from the camp. This was partly due to the men feeling tired after Saturday's big parade, when they stood or walked for four and a half hours in heavy marching order. The Mounted Rifles Regiment devoted quite a proportion of their time yesterday to a general "airing" of their quarters in the poultry building. Particular attention was given to the mattresses and bedclothing which were shaken outside in the grounds.

Sunday Services. Rev. Professor Robert Law, of Knox College, was the preacher at the camp church service yesterday, held at 10 a.m. in the transportation building. He preached from the text, "As thy days, so shall thy strength be." The members of the 4th Artillery Brigade attended the morning service at Broadway Tabernacle. Rev. W. E. Young spoke on "A Young Man's Glory." Members of St. John's Ambulance Brigade in camp also attended a church service outside of the grounds. They went to the morning service at Northern Congregational Church, North Rosedale.

The Y.M.C.A. service in the dairy hall last night was under the auspices of the Central Association. College street. H. Whiteside presided. Mr. and Mrs. J. A. Ransbury, the singing evangelists, and their daughter, Miss Babe Ransbury, sang at the Y.M.C.A. meetings yesterday afternoon.

Rifle Practice at Ranges. This week at Long Branch ranges the 19th Battalion will go thru firing practices of a more advanced order. Lieut. E. H. Price, who was in charge of the musketry practice at the ranges last week, states that many excellent scores were made, and all the shooting was very satisfactory. One company of the 14th walked out to Long Branch in heavy marching order each day, fired from 1 to 5 p.m., finishing up with five rounds at a target 300 yards away. This week the range will be greatly increased.

Participation in the firing practice by the machine gun sections is now a feature of the Long Branch training. They fired at ranges of from 400 to 1000 yards and did very well. The scores made by the 19th Battalion and the machine gun sections show the efficiency of the preliminary training received during the winter at the Exhibition Park Camp. The signallers are now on duty at Long Branch, keeping up communication with the camp.

At the outdoor ranges the officers of the Eastern Mounted Gun Battery will go thru pistol practice from 4 to 5 o'clock this afternoon. Dr. J. J. Mackenzie and Dr. T. G. Brodie will go overseas with the pathological laboratory, which is to be connected with the University of Toronto General Hospital. They will return in the fall, after the work is started. Contributions to the hospital now total \$500. Dr. E. P. Watson will be attached to the hospital as surgeon.

Auctioned Cards. Plans for the care of wounded soldiers by the injured men auctioning of their identification cards while on the Bologno Ambulance train, is told in a letter received in Toronto from Lieut. James White of the R.A.M.C. On arrival at Boulogne the receiving officer was much confused until he discovered the men's joke.

Particulars of how her husband, Gunner Ball, met his death at sea have been received by Mrs. W. J. Ball of Fairbank, his widow. While the Canadians were on the sea voyage from England to France, an enormous wave dashed over the deck. Gunner Ball was knocked against the flooring and killed instantly.

War Decoration. In a letter to his brother in Toronto, Sgt. E. Shine of the Second South Staffordshire, and formerly of Toronto, modestly tells of winning the distinguished conduct medal. He won the decoration at the battle of Villers-Cotterets where, altho himself wounded, he carried a comrade to safety under heavy fire.

ADDRESS MEN'S ASSOCIATION.

The Men's Association of St. Anne's Church will have an important meeting tonight in the parish hall, Dufferin street, when an interesting address on "In the Trail of the Destroyer" will be given by Prof. J. Squair of Toronto University.

SPEAK AT FINANCE FORUM.

A. E. Ames will speak on "The War and the Investment Market," and S. J. McLean will discuss "Railway Regulation," at the Central Y.M.C.A. finance forum, Tuesday.

St. Andrew's-by-the-Sea. The Algonquin Hotel, which is owned and operated by the C. P. R., has just been rebuilt. It is handsomely furnished, everything being carefully adapted to the requirements of a seaside resort and it enables a stay of a few weeks to be spent most enjoyably. The inn is also operated by the company, and it excels in quietness and comfort. The large transitory population usually found at the average summer resort is not in evidence at St. Andrew's. The parties go for a lengthened visit, and they quickly form desirable acquaintances with people.

Spot Cash—When You Need It

The untimely death of your partner will mean the winding up of his estate for the benefit of his heirs. Most of that estate will probably be in the business, and the heirs have the right to demand their share at once, in cash. Suppose they do: where will you be, and what will happen the business?

The Canada Life Partnership Protection Policy

meets this very case. YOU can't make a satisfactory provision against this possible calamity because it is uncertain. It may not happen for years and it may come tomorrow. The partnership contract is the only possible way whereby the demand will be met in full and at once.

The Canada Life has given much study to this, one of the greatest problems of the business world, and will gladly forward particulars which will interest you and perhaps save you from loss.

SOUDAN INSURRECTION ONLY FANTASTIC TALE

Even Berlin Forced to Admit Sensational Report is Unfounded.

BERLIN, March 21.—(By wireless to Sayville, L. I.)—The report recently published by The Vossische Zeitung concerning an insurrection in Sudan and an English defeat has proved to be untrue, says an overseas news agency item made public here tonight.

A despatch on March 18 said that a German merchant who had recently returned from Egypt was authority for the assertion that the whole of British army and a number of other officers, together with almost 2000 men, lost their lives.

membership was unanimously voted to H. H. McKee. In making changes in the constitution, the question of awarding life memberships to members who were on championship crews for three consecutive years was considered at great length and it was finally decided to throw the matter out at the next meeting.

NO APOLOGY FOR MEN WHO GO TO THE FRONT

No Eulogies for War, Says Dr. Endicott, But One Bow in Homage.

"We need to see what an atmosphere is ours, and in what spirit we must labor to drive out the things that are antagonistic to humanity," declared Dr. James Endicott of Toronto, in his message to Varsity students yesterday morning in Convocation Hall. Conquest consisted, the speaker stated, only in getting a better understanding and appreciation of what one came in contact with. This was true in the world of science, of invention, in dealing with fellow men, and also in warfare. In religion just as in other phases of life, the only way to make progress was by faith, sympathy, understanding, and reconciliation.

Altho the whole tone of national life had been changed by the war, Dr. Endicott said that the Christian religion was here before the war and would endure after it. Christianity had not been discarded, but was, on the contrary, richer than ever. He did not think that there would be disarmament after this war, and confessed himself to be much more concerned with moral neutrality than with that of the sword. "We have no clothes for war," exclaimed the speaker. "It is a monstrous and brutal necessity, but we do bow in homage to the men who fight and die for us. There needs to be no apology for the fighting man today."

MONDAY MORNING, MARCH 22.

Dedication

What the war means to Toronto was brought home to the one or two hundred thousand people who saw the military parade Saturday.

It was a gallant show Saturday as never, artillery, bicycles in grasshopper green, signallers, ambulance, commissariat, field forces and home forces marched, marched, marched, for over an hour over the chief thoroughfare.

There was brave music, and the pipes played and the drum beat. War-worn soldiers, men ranked with the fresh young fellows straight from the farm or the desk.

There was a world of irony in the words of the young soldier who said to such a sneer that all he regretted was that he had to fight for a man like him who sneered.

The thousands of Canada's contingents are rolling up, and soon the ranks of 100,000 will be over-passed.

They are rolling up, and soon the ranks of 100,000 will be over-passed. The people of this Dominion should know, and all who go to represent them in Europe, should know without doubt, what the great struggle is for.

They have given us a good faith to keep, and as far as we can put ourselves into the work, let us keep it loyally.

of international law and the general policy of terrorism and frightfulness as crimes committed by German autocracy against the only real basis of human civilization.

Disappointed in the result of their attempt to present Germany as the victim of a wicked conspiracy against her peace and prosperity, her open aid tacit defenders have adopted a new and more subtle line of attack.

Among the American newspapers that are engaged in this propaganda are those owned by William Randolph Hearst and are therefore exponents of his views.

Mr. Lloyd George's handling of the situation created by the war has immensely raised his reputation as a financial minister.

The eight-piece orchestra engaged for the evening was on hand, and the whole effect was most striking.

At the invitation of the Royal City of Guelph, the students of the Ontario Agricultural College and before they finished up there was arranged to have one of the largest and most important delegations.

What was anticipated has actually happened, the Ontario Radial Association, comprising all the municipalities of size in the province will send a huge deputation to the Ontario Government on Friday next.

PATRIOTISM STIRRED

Entire Route Crowded With Spectators Who Cheered a Farewell.

With bands playing, flags flying and crowds cheering the largest khaki parade, composed of Canadians going to war, that has ever been witnessed in Toronto, took place Saturday.

The martial strains of the military bands kept the excitement at a high pitch and especially was this the case when the band of the 20th Battalion struck up "Your King and Country."

It is estimated that 15,000 soldiers took part in the parade, and that something like one-fifth of Toronto's population were spectators.

Started on Time. The parade was started on time at 10 o'clock, and the route followed the main thoroughfares of the city.

To the \$20 Men

If you can't afford to pay more than \$20 for a suit of clothes, your only logical course is to buy from a house that will not sell a poor suit of clothes at any price. You will find that Hickey's \$20.00 Suits are not the kind of suits that you ordinarily expect to get for \$20.00. They are better—they cost more to make—they are sold at less profit. They are equal to any \$25 suit sold in Toronto, and in many instances they are worth more. It is your right to have this surprising statement proved, and we'll prove it in detail if you'll give us a chance.

OUR \$20 Clothes are guaranteed clothes—you run no risk in buying them. If you don't say they are the best clothes you ever bought for the price, you can get your money back for the asking. Suits strictly "ENGLISH" and others less so—every one smart to the very letter of the term. Be sure and see these \$20.00 suits, you who would know what this men's store is doing these days.

WANDERERS PLAY QUEBEC TOMORROW

NEW YORK, March 21.—The flashy brilliancy of Les Canadiens hockey team of Montreal could not stand up against the clever combination play, hard checking and swift shooting of the skaters of the Wanderers of Montreal in the second match of the series at St. Nicholas rink last night. The Wanderers won the two night's play by a total score of 15 to 3, the result of last night's match being 8 to 3. The line up follows:
Wanderers: (15) McCarthy, goal; Probert, point; S. Cleghorn, cover point; Hyland, centre; O. Cleghorn, right wing; Redie, left wing.

SPORT FEATURES

The three Hamilton papers have somewhat special features on their sport pages that bring gentle readers back to the dear old days of the Cherry Sisters. These ladies were famed on the stage twenty odd years ago on account of their crudeness, and they were much sought after by astute managers. Artistically they were the limit, but great from a box office standpoint. There were three of them, each worse than the other if that were possible, and also so bad they were good. Their names were not "Cold Slaw," "Crab Salad" and "Oversalad" looked by the censor. These are the successes referred to above that keep up the circulation in Hamilton and sure also have their merits as per the following extracts from Saturday's editions:

FATE OF POOR LUCY.
Cold Slaw in the Times.
There was a girl in Salamasee,
Her name was Lucy Luce;
They turned poor Lucy out one day
And now poor Lucy's loose.

To tell of all the folk
Who sang a contribution in
And underscore the joke.

HIGHER PRICES
ADDOM. STEEL

Importance of Advance in
England Pointed Out by
President Plummer.

NEW BRAZIL PLANT

Company at Present Is Oper-
ating Six Per Cent of
Capacity.

Active operations in all depart-
ments of the Dominion Steel Cor-
poration with the exception of the
rail mill are reported by the president,
J. H. Plummer. Mr. Plummer stated
that while the rail business was very
dull, operations at Sydney were pro-
ceeding at 60 per cent of the com-
pany's total capacity, and that the
prospects were bright for the con-
tinuance of operations on the same
scale.

The latest development of a favor-
able kind in the steel industry, said
the president, was an advance in steel
prices in the English market. That
advance had taken place within the
last week, and was of particular im-
portance to the Dominion Steel Cor-
poration, as, with the exception of a
quantity of steel for making and
other small business, the company's
entire output was being shipped to
England and French firms.

Motor shares also participated to a
considerable degree in the general
rise, their gains extending from 1 to
2 per cent. The new issue of
conservative critics, Department
store issues, National Lead and Ameri-
can Can, traded along with these more
speculative specialties, while the
usual dividend stocks and erstwhile
market leaders rose only fractionally.

The Manufacturers' Life Insurance
Company Make an Announcement.

of the company, it has become neces-
sary to appoint a manager of Accep-
tance and Mr. Robert Junken, for
thirteen years Assistant Manager of the
company, will now devote his entire
time to the management of the
company and of Agencies.

Mr. J. B. McKee, Actuary of the
company, will continue to manage the
company and Actuary and Mr. M. R.
Goderham the Managing Director.
