SECRET ALLIED BODY CONTROLS BUYING ABROAD

Every Dollar Spent in U. S. Approved by British Government.
SESSIONS IN LONDON
Russia's Disregard of This Committee Upset Exchange Situation.

NEW YORK, Oct. 15.—Of the millions of dollars spent daily in this country by the allies for war supplies, not a dollar, it was learned authoritatively today, can be spent without first obtaining the official sanction of the British Government. This sanction is obtained from a committee sitting in London and holding frequent sessions. Although the commission has been in operation for many months, its existence has not heretofore been generally known outside of government circles. Only once, so far as can be learned, and then in the case of Russia, has the mandate of this body been disregarded.

Over purchases made in home markets by the various nations the committee holds no supervision, its sphere being limited strictly to purchases outside the boundary lines of the nations at war and their colonies. The committee is designated by a French title, the English translation of which is "The international war supplies committee."

Under its guidance, Great Britain, France, Russia and Italy, in seeking munitions of war in the U. S. and other supplies, refrain from competition in bidding. Such competition, if permitted, the committee realized early in its career, would result in sending prices of munitions and other supplies to prohibitive levels and would consequently swell the cost of conducting the war proportionately.

ALLIED FORCE MAY ADVANCE STRAIGHT THRU BULGARIA
BUCHAREST, Oct. 15.—(Via Paris, 11 p.m.)—The military critic of The French troops landed at Saloniki will not go to the aid of the Serbians at Nish, which is 250 miles from their base, but will make a direct attack on Sofia from the Serbian frontier, thus cutting Bulgaria in two, and also stopping the Austro-German advance by one of the principal railroads to Constantinople.

WAR UPON BULGARIA DECLARED BY BRITAIN

The British Foreign Office announces that, in view of the fact that Bulgaria has announced she is at war with Serbia and is an ally of the central powers, his majesty's government has informed the Bulgarian Government, thru the Swedish ministry at London, who is in charge of Bulgarian interests, that a state of war exists between Great Britain and Bulgaria from 10 p.m.

TWO GERMAN TORPEDO BOATS SUNK IN FIGHT IN BALTIC SEA

Enemy's Flotilla Returned With Reinforcements After Loss on Wednesday, and British Submarine Scored Again.
COPENHAGEN, Oct. 15.—(Via London.)—Despatches to the evening newspapers here say that a second German torpedo boat was sunk by the British submarine E-19 near Faxa. According to these telegrams, a German flotilla, one boat of which was sunk Wednesday, returned yesterday with reinforcements, and fishermen heard another explosion and saw a torpedo boat disappear. Thereupon the flotilla hurried away.

C. N. R. PARTY AT WINNIPEG GIVEN BIG RECEPTION

Each Senator and M.P. Should Visit West Every Two Years.
ADDRESS BY MAYOR
Sir William Mackenzie Thanked for Services to Prairie Provinces.

WINNIPEG, Oct. 15.—That every senator and member of the house of commons who failed to visit the west at least once in every two years should be disqualified was the somewhat startling statement made by his Worship Mayor Waugh at the Canadian Club luncheon today, in honor of the parliamentary delegation going thru to the Pacific coast on the special train, which inaugurates the transcontinental line of the Canadian Northern Railway system. T. R. Deacon, who presided, said that it was a horrible thought that men appointed to the senate and elected to the house of commons should serve at Ottawa year after year without even knowing by sight the country they were supposed to govern.

We hold all the ground gained on the 13th."

GERMAN SHIPS SWEEP FROM BALTIC AND GULF OF BOTHNIA

Enemy's Merchantmen Have Been Either Sunk or Run Ashore—Thirty-Five Ore Carriers Are Interned in Swedish Ports.
LONDON, Oct. 15.—British submarines have now cleared the Baltic Sea and the Gulf of Bothnia entirely of German merchant ships, says a despatch to The Star from Copenhagen. Every German ship which was either sunk or run ashore, it adds, has been either sunk or run ashore. Of 50 German ore carriers, 35 are virtually interned in Swedish ports, the correspondent declares.

French Destroy Two Blockhouses and Trenches at Violi in Vosges.
PARIS, Oct. 15.—Two German blockhouses were torn up and their trenches demolished by French artillery operating at the Violi, in the Vosges, between the Sainte Marie and the Eschamps passes. The French recaptured some trenches in Lorraine, which the Germans had taken on Oct. 9. In Champagne, the Germans, under cover of a heavy artillery fire, were again able to secure a footing in some trenches forming a salient at the extreme left of the French line of advance east of Amberley. In the Vosges, the Germans launched a heavy attack on a 5000 yards front between Rehfelsen and the Sudelkopf. They were repulsed everywhere except at Hartmann-Wellerkopf, where they again occupied some trenches at the summit. The fighting on the British front east of Loos was confined to a fierce artillery duel.

FIND TENSION EXISTS IN BRITISH CABINET

Times and Daily Mail Report Trouble Over Conspicuous Balkans.

LONDON, Oct. 15, 2.28 a.m.—According to The Times and The Daily Mail tension exists in the British Cabinet over the questions of conscription, the Balkan situation and the Dardanelles expedition, while there is gossip over the continued absence of Sir Edward Carson, the attorney-general, from the cabinet meetings. He has not been present at any of the three meetings held this week. There is a feeling of dissatisfaction among the members of parliament at the inadequacy of the explanation of the Balkan situation given Thursday by Sir Edward Grey, the British foreign minister. At a session there are demands that the government give the House of Commons an opportunity to discuss the matter and also for the government to make a frank statement on it.

SCHOMBERG FALL FAIR DREW BIG ATTENDANCE

Numbers and Size and Quality of Entries Up to High Standard.

SCHOMBERG, Oct. 15.—Those who failed to take in the Schomberg Fair missed one of the best of the season. The attendance of 4000 is perhaps the largest in its history, with receipts back over half a century. The entries in all departments were equal or larger than any previous exhibition, and for quality much better. Large entries were made in the light and heavy classes for horses, and prominent horsemen such as T. W. Graham of Clarendon and M. Gardhouse of Weston, who were present, gave expression to their opinion that they were as fine a lot of horses as were exhibited at any fair this season. The show was also a good one, particularly in Durham, Holstein and Jersey classes, and in the poultry department the best exhibits, and had large entries in the several classes. This fair always has the reputation for a large entry and excellent work in its various departments, and was no exception in its past record this year. Fruit, vegetables and roots were extra good and very large show. A good pair of road horses owned by Ad. Penfield of Tottenham were awarded first honors with S. Hastings second. John Palmer, Richmond Hill, landed first in the 2-year-old class. R. Sinden, Bradford, second. R. Patterson, Dunkerton, was the winner with his agricultural team. Some extra good heavy draft teams were shown with A. Cieslik, Bradford, first; I. A. Wray and H. Hastings, second and third. In the 2-year-old draft class E. Wray, Schomberg, was first, with W. J. Nees, Gormley, second. Draft broad mare—W. Ferris, Bradford. Single carriage—A. Adams, Lefroy; L. Devine, Weston; G. Legarth, Schomberg, in that order. Great interest was centered in the driving class for the fair season. The much-coveted prize, known as Eohard's special, a beautiful set of silverware, was awarded to Miss Myrtle M. Chish of Al-Baton. In the open class Miss Calhoun of Schomberg was the winner, with Miss McMain second. Judging all thru was very satisfactorily done. A. Albert, and H. A. Dolson, Cheltenham, in light horse, and John Bay, Ingersoll, and A. S. Russell, Centerville, in heavy class and provided some good racing. Open trot or pace—1, Furiosa; 2, Gordon Prince; 3, Decatur; 4, Major Day; 5, Tod; 6, Brown Friar; 7, Sunny Jim. The Aurora Band supplied the music during the afternoon.

FARM HAND INJURED WORKING HAY TEDDER

White Ernest Walker, an employe of Henry Hoover, a farmer living near Stouffville, was operating a hay tedder yesterday, he was thrown under the teeth of the machine and dragged a considerable distance, the horses running across the field and dragged a considerable distance. His escape from death is regarded as miraculous. Beyond being badly bruised, Walker's injuries are not considered dangerous. Rev. Dr. Giegie of Dunn Avenue, Presbyterian Church, lectured to a very large audience in the Presbyterian Church in Stouffville last night.

CHRISTOPHER HULL MARKHAM PIONEER

The death of Christopher Hull Chant of Unionville, a pioneer of Markham Township, aged 81, took place at the family residence in Unionville, Ontario, last night. He was a native of Somerset, England, but came in his youth to Canada, residing in Markham Township. He was a cabinet maker in Hagerman's Corners, later removing to Unionville. For more than thirty years he was actively identified with the local Methodist Church as superintendent of the Sabbath school and other positions of trust. He was prominent in every forward movement in the community and was greatly esteemed. He is survived by a widow, two daughters (Mrs. George Ross of Markham, and Miss Millicent at home). The sons are Herman of Clinton, Ont.; J. C. Chant of Blackwater, and Prof. C. A. Chant of Toronto University.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your druggist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for the next three days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It insures perfect health and makes a delightful, effervescent lithia-water drink.

Charged With Being Implicated in Pocket Picking at Woodbridge Fair.

Peter Drake, alias Mitchell Badgely, was before Police Magistrate Brunton in the county police court yesterday afternoon on the charge of being implicated in pocket picking, which took place at Woodbridge Fair on Thanksgiving. Drake has an unsavory reputation in Montreal, any previous exhibition, and for quality much better. Large entries were made in the light and heavy classes for horses, and prominent horsemen such as T. W. Graham of Clarendon and M. The British Red Cross Funds Are Running Low! England Has Appealed to All the Empire to Help!

Toronto Responds With a Whirlwind Campaign of Three Days Tuesday, Wednesday, Thursday Next October 19th, 20th, 21st

FOR the first time in history England has asked our direct help, and MUST HAVE IT—quickly. Toronto is after

\$250,000 as her share of Ontario's contribution.

Will she get it? She will—but to get it she must have the generous, whole-hearted response of every man and woman. Why—you ask—is this an extraordinary appeal? The strain on the British Red Cross resources is almost past belief, it is paralleled by nothing in the history of the world. The service of the British Red Cross embraces not alone the English forces, but Canadian, as well as special aid to the Belgians and Servians. Enormous extra demands are being made by the Dardanelles and Balkan campaigns. Shall the noble work of the British Red Cross be crippled for lack of funds? Shall the heroes fighting our fight, dragged from the trenches bleeding and maimed, tortured by poison gas, and torn by explosive shell, find the hand of mercy stayed because we at home have not answered this urgent appeal for money. True, we have all done much, but much more needs to be done. England turns to her Empire as a mother turns to her children in time of crisis—proud and confident of what the answer will be.

"England Expects"

and Toronto—big-hearted and loyal Toronto—with her own sons in the trenches fighting this fight for God, right and humanity—Toronto only needs to know the Mother Country's crying need to respond magnificently. Headquarters for this campaign are established at the McConkey Building, 27 King Street West. Twenty-five teams of prominent citizens will canvass the city for funds. Cash contributions, not pledges, must be taken, as money is needed for immediate use. Leave your contribution at headquarters or give it to the men who call upon you, but give it—give liberally; remember what the Red Cross is to the battlefeld. Remember that every dollar means a dollar's worth of hope of relief, yes, of life to the men fighting for the glory of the British Empire.

"England Expects" What will Toronto's answer be?

GERMANY CAN STOP ARMENIAN HORRORS

Viscount Bryce Appeals to Neutrals to Bring Pressure to Bear.

ONLY REMEDY OPEN Deliberate Extermination of People Whom Turks En- vied, Going On.

LONDON, Oct. 15.—There is only one power that can stop the Armenian atrocities and that is Germany," de- clared Viscount Bryce at a meeting today at the Mansion House, in sup- port of the lord mayor's fund in aid of the Armenian sufferers. He de- clared that the only remedy was to bring the pressure of world opinion, particularly of neutrals, to bear on Germany and force her to take action.

Viscount Bryce, who proposed a res- olution condemning the reported at- rocities, paid tribute to the intelli- gence and progressiveness of the Ar- menians who he said were far su- perior in the Mohammedans, and he declared the case was not so much of religious fanaticism as it was of de- liberate extermination of a people of whom the Turks were envious.

Horror Exceeded Everything. The horrors of the massacres ex- ceeded anything in the history of persecutions, declared the speaker. Women and children, he said, had been driven across the Arabian desert with whips, the Turks who went mad, and at Trebizond carried their victims out to sea in boats and drowned them. "Women, many of whom were as highly civilized as any of us," he declared, "had been sold into slavery, where they were Mo- hammedanized. He declared untrue the excuse offered by Germans of the Turks to the effect that the Ar- menians had rebelled, the speaker de- claring that the Armenians were quiet and inoffensive until forced to defend themselves.

Cardinal Denounces Turks. In endorsing the resolution Car- dinal Bourne said that the evidence was so strong that even Germany was not to deny the massacres. Neutrals, he said, should follow the example of Pope Benedict, who wrote a personal protest and plea to the Sultan.

Sir Edward Pears, who had been the leader of the British Bar in Con- stantinople, apparently surprised his hearers by saying that the persecu- tion was not an article of Moham- medan faith and that the massacres were deplored by the mass o Turks.

A citizens' committee, 50 of whom will be Conservatives and 50 Liberals, is to be formed and it is understood that no deputations will wait on the government, but will deal with the con- stituencies themselves.

On being shown the despatch from Ottawa in connection with the demand of the solicitor of the old Separate School Board to know on what grounds the teaching certificates of the Misses Des Loges had been cancelled the acting minister of education, Hon. G. Howard Ferguson, declared yesterday that the department of education should make some demonstration of its au- thority. Mr. Ferguson pointed out that the certificates had only been suspended. In a statement handed out by him it is pointed out that the old Ottawa Separate School Board was superseded by a new commission thru legislation put thru at the last ses- sion.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyetts' Sage and Sulphur Com- pound" at any drug store. Millions of bottles of this old, famous Sage Tea Dandy are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applica- tions the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray- haired, unattractive folks aren't wanted around, so get busy with Wyett's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youth- ful appearance within a few days.

PALE, FEEBLE GIRLS

Weakness Generally Comes on as Womanhood Approaches.

Girls upon the threshold of woman- hood often drift into a decline in spite of all care and attention. How often one sees girls who have been strong and lively become suddenly weak, de- pressed, irritable and listless, in the dawn of womanhood—a crisis in the life of every girl—and prompt measures should be taken to keep the blood pure and rich with the red tint of health. If the blood is not healthy at this critical stage the body is weakened and grave disorders follow.

Dr. Williams' Pink Pills have saved thousands of young girls from what might have been lifelong invalidism or an early death. They are a good blood-builder of unequalled richness, strengthening weak nerves and pro- ducing a liberal supply of red, healthy blood, which every girl needs to sus- tain her strength. Dr. Williams' Pink Pills have proved their great value over and over again to young women whose health was failing. Miss Min- nie Duffield, Erasmus, Ont., says: "It gives me great pleasure to tell you what Dr. Williams' Pink Pills have done for me. When I was approach- ing the age of womanhood I suffered greatly from bloodlessness, or anae- mia. My work was a drag to me, I had no appetite and never felt rested in the mornings. I could scarcely walk for five minutes at a time with- out taking a rest. I was troubled with severe headaches, and things looked gloomy indeed. I doctored for a long time and got but little, if any, benefit. I was advised to try Dr. Williams' Pink Pills, and did so, and after tak- ing them for a time felt better. I con- tinued taking the pills until I had filled six boxes, when I felt like a new person, and was again enjoying splen- did health. I would strongly advise any girl who is weak or run down to try Dr. Williams' Pink Pills."

You can get these pills from any dealer in medicine, or by mail for a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

VAGARIES IN VEILS DECIDEDLY MODISH

Styles in Meshes Influenced by Fashion's Trend in Millinery.

CHIC BORDERED EFFECT

Popular With New Narrow Brimmed High Crowned Chapeaux.

Like every other department of dress, the smaller the important one of accessories is considerably influenced by the trend of fashions, not least, the veil, which—doubtless the charm of a smart little chapeau when worn with the tailored rig.

This season, because of the chic little toques and turbans, veils occupy a most conspicuous place and are greatly relied upon to give the finishing touch to the diminutive headpiece.

With the increase in size of the hat, the veil worn varies. Fancy edges are permissible, chequered borders and very fine all-over designs quite extensively featured.

With the popular coachman style of high straight crown and narrow brim, the four-cornered veil is a favorite. This is neatly adjusted about the crown by means of a fine elastic run in the upper edge.

For more formal wear the lace veil is preferred and very fine all-over effects much in demand. Black is most widely worn, although veils in dark shades to match the costume are considered in excellent taste.

According to size, the veil worn varies. Fancy edges are permissible, chequered borders and very fine all-over designs quite extensively featured.

Fuel For The Future

When the Canada Life was young, wood was the universal fuel in this country. Then coal and gas took its place. Some day they too will give out, but we shall still have electricity, and that will keep the kettle boiling so long as the waters continue to run.

Your earning power in time will be exhausted. Each night finds your reserve strength decreased. But you may live long after your working days have ceased. What then?

A Canada Life Monthly Pension Policy, like electricity, will do its work so long as the need exists. It will give you a life-long monthly income, commencing on your 65th birthday.

CHANGES ON THE TORONTO SQUAD

New Backs for Game With Hamilton—Rugby News and Gossip.

Ernie Broderick, the good half-back of last year's crack St. Michael's team, may figure at right half this afternoon at Varsity Stadium for Toronto against Hamilton. He is a mammoth punter, has plenty of speed, a good pair of hands and weighs in the neighborhood of one hundred and eighty. However, this has not been decided on, and Knowles, DeGruchy and Bickell may start, or Singer or Mulvihill may be used. The line will be at full strength. The team is in the pink of condition and if beaten by the Hamiltonians there can be no complaint on that score. Hamilton are at top strength and are confident of turning the trick against their old rivals. There is no love lost between the two clubs and every game is a battle. Toronto have defeated Hamilton in Hamilton three successive times in the past three years, but the Scullions on the other hand have downed T.R. & A.A. twice during the same period right on the latter's own ground, and it would not be a surprise if history repeated itself today.

The teams: Flying wing, Fickley; halves, Newton, McNeely, Stone; quarter, Harper, Finlayson; scrumhalf, Osborne, Flanner, O'Hair, McNeely; inside, Craig, Coates, Spence; middle, Smith, Caffery; outside, Webster, Gatenby. Toronto: Flying wing, MacLaren; halves, DeGruchy, Knowles, Bickell, Broderick, Singer, McNeill; quarter, Hobbs; scrumhalf, Brown, Crawford, Knight, McCabe; inside, Richards, O'Seary, McBurnie; middle, Ythas, Holden; outside, Moore, Burkart.

ST. ANDREWS PLAYGROUNDS HOLD ANNUAL BANQUET.

St. Andrews Playground boys and girls had a merry time at Moss Park Recreation Centre last night at their second annual banquet. The banquet table and the walls of the room were very pretty with their decorations of the participants and banners won during the past four years. The first part of the evening was spent in eating, singing and playing the many playground yells. Misses Henderson and Edna Miller added to the enjoyment with a number of solos. Comedian C. B. Chambers presented the many medals and banners won by the boys and girls, complimented them on their successes and also on the high standard of efficiency to which they had raised their Playground. The commissioner also notified the girls and boys for winter work. The following championships were won by the Playground: Junior and Junior B. Basketball; and juvenile hard ball; girls, senior baseball and volleyball. At the Playground ball and athletics for the season, baseball, volleyball, rope quita, etc. were run on the point system and the following won the point banners for the season: J. Finmark; 3, W. Frost, Intermediate; H. Moss; 2, P. Gallagher; 3, B. Robinson; Junior; D. Zook; 2, Gallagher; 3, A. Pearson. The lady supervisors, Misses Bartley and Hadly, were presented with a bouquet of roses by the girls, and Mr. E. R. Boncombe, who had charge of ball, Playground for four years, and who has been presented by them with a wrist watch.

AURA LEE CLUB ELECTS OFFICERS

Aura Lee Club, Avenue road, held their annual meeting and elections on Thursday evening, when the following officers were elected: President, James Edmund Jones; vice-president, Dr. R. Sidney Woollett; secretary, Fred Huty; assistant manager, Elmer W. Harper; chairman social and literary committee, Gilbert Howson; secretary committee, Richard Owen; chairman membership committee, Richie W. Scott; auditors, J. W. Eddis and G. Mitchell Walker. The reports of the manager and other officers showed much progress during the year. The club is represented at the proportion of forty-five members, a very large all the club's O.H.A. team have gone, and there will be a new line-up this winter. A telegram was read from the Hon. Sir Sam Hughes, that he is enquiring as to whether Serg. Charlie B. Lyall is in receipt of a Victoria Cross, for which it is understood, he has been recommended. He is a prisoner in Germany at present. His brother Dick and Herbert, Eliza, members of the club, have fallen in action. A telegram from Northland was read while on duty.

Clubs Hold Annual Meetings

DUFFERIN D. C. RACES NEXT WEEK

The Dufferin Driving Club purpose putting on a two days' meeting for Wednesday and Thursday of next week. It is expected that this meeting will bring together a great many of the good prospects for the coming winter racing, and many owners are anxious to try out their speed prospects. The club will conduct their races under the rules of the Canadian National Trotting and Pacing Horse Association. The first day three races will be called—2:30 class, for trotters, half-mile heats; 2:30 class for pacers, half-mile heats, and the great 2:15 pacers, mile heats. Second day will be classes for 2:15, 2:18 and 2:22 pacers, all mile heats. It is expected that this will bring out a record entry list, and when the races are well filled and with good racing, which there is sure to be, there is no finer outdoor sport than the sport of gentlemen, viz., the racing of trotters and pacers.

The meeting concluded this week, given by the Toronto Driving Club, was one that any club might feel justly proud of. The fields of horses in each event were large, and no better racing could be found even at Grand Circuit meetings. There would, doubtless, be faster time, but when horses are evenly matched and all striving to win, with finishes so close that it is impossible to declare a winner until officially announced from the stand, the horse enthusiast this is the sport of all sports. The track at Dufferin Park is being put in first-class shape, and the officers of the Dufferin Club hope to see records at their coming meeting. Dan Binnet made a track record for Hillcrest Park in stepping race second heat of the 2:30 pace, half-mile, in 1:04. It is hoped that Dufferin track may hang up a similar record. The club hopes for a good attendance, and will do everything to make this meeting a huge success.

DEALINGS FALL OFF ON N. Y. EXCHANGE

Output Failed to Attain Seven Figures First Time in Three Weeks.

DECLINES FREQUENT

Bethlehem Steel, Opening Lower, Reached New High Record.

NEW YORK, Oct. 15.—Perhaps the most significant feature of today's trade was the fact that dealings fell far below the million share mark, sales amounting to only 885,000 shares.

There were further indications of an abatement of public interest, commission houses being far less prominent in the day's operations.

Opening prices disclosed considerable irregularity with a preponderance of declines. These were neutralized in a measure by gains in some of the war shares, including Bethlehem Steel, which opened at a lower level, but ascended 8 points from yesterday's close to the new high record of 47 1/2 before mid-day.

Westinghouse, the most active issue of the day, American Smelting and American Canadian composed the few elements of actual strength.

As usual the selling movement rathered force in the later dealings, most advances in specialties then being changed to losses with general heaviness.

Bonds were firm at the outset, but eased off later, the speculative mania for small sales of Anglo-French notes at 97-7 1/2, a fraction under the subscription price.

VARYING TENDENCIES IN DOMESTIC STOCKS

The Toronto stock market yesterday exhibited varying tendencies, with no defined trend except in specialties. Traders were inclined to watch the Wall street market for a lead, and the day afforded no really definite impression.

General Electric and Smelters Strong, But Other Issues More Irregular.

DIRECTORS OF OGILVIE SHOW CONSERVATISM

Company's Big Earnings Have Placed It in Strong Position.

While the earnings of the Ogilvie Flour Mills Company for the fiscal year as shown elsewhere, make a spectacular showing, the directors adhere to their usual conservative policy, and no increase in dividends or distribution of bonuses is announced.

A reserve fund equal to 50 per cent. of the common stock capital is created by the setting aside of \$1,250,000 to a contingent account, all but about \$70,000 of this coming out of the year's earnings.

There has been a continuation of the steady absorption of McIntyre at around 47 cents to 48 cents, the price has not great degree of activity.

Underground developments continue to improve as work progresses, and over 500 feet of the new ore body on the 500-foot level has been opened up, while between 700 and 1000 feet of drifting has been done on the whole level.

Steel and Radiation Will Renew Contract.

In an interview yesterday morning, Sir Henry Pellatt stated that Steel and Radiation, Limited, were actively engaged in filling their existing shell contract, which expires at the end of the present year.

Work Progresses on Silver Queen.

Work on the Silver Queen lease is progressing favorably, and ten men are being kept constantly employed at the property.
