The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method.

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

WILLSON'S
MUNICIPAL BY-LAWS

WITH
STATUTORY REFERENCES AND FORMS.

BY
A. L. WILLSON, Esq., M.A.

TORONTO:
MOORE & Co., PRINTERS, CORNER SCOTT AND COLBORNE STREETS.
1880.

Willson AL

Entered according to Act of Parliament of Canada, in the year one thousand eight hundred and eighty, by Arthur Lawrence Willson, M.A. in the office of the Minister of Agriculture.

WILLSON'S SERIES OF MUNICIPAL WORKS.

"Willson's Day Book, Cash Book and Ledger combined for Municipal and other purposes."

This work is of great importance to Treasurers of Municipalities, as *only one Book* is required and balances can be seen at a glance.

The Ledger accounts are kept in vertical columns, the *upper portions* of which represent the debit accounts and the *lower portions* of the same columns, the credit accounts, transverse columns being drawn across the centre and bottom of each page for totals.

For School Section accounts, the Book is invaluable, all the School accounts of a Municipality can be opened on *one page*, and three or four pages will contain all the entries for a year—a special form is prepared for School Trustees. The Book is adapted for any business.

The price of this work depends on the quantity and quality of paper used and the kind of binding required.

Opinions of the Press.

The new system of bookkeeping, known as "Willson's Day Book, Cash Book and Ledger Combined," for which A. L. Willson, M.A., has obtained a copyright in Canada and the United States, combines in one book all that is contained in a whole set of books, and is so extremely simple that every man can be his own bookkeeper. Each page contains a day book column, and from five to thirty vertical dollar and cents' columns, each of which is numbered and represents a ledger account. About two-thirds of the upper portion of the page is devoted to debit accounts, where a transverse column for totals is drawn, the balance of the page forming the contra or credit account. Accompanying the book is a ledger index or key in which the names of customers or clients are entered alphabetically, and to each name is given a folio and number. When any transaction takes place between vendor and purchaser, the purchaser's name, folio, and number are entered in the index, and on the page so given the particulars of the transaction are entered and immediately posted in the vertical or ledger column numbered and set apart for such purchaser. If cash or its equivalent is received on account, an entry is made in the lower or credit portion of the page and posted in the same vertical or ledger column from which the balance can be found at a glance. All other accounts, such as cash, stock, merchandise, bills receivable, etc., are entered in the same manner. By this method of using numbers, each account is strictly secret unless the ledger index or key is used.—*The Telegram*, January 23rd, 1880.

"Willson's system of conducting the business of Municipal Councils."

Under this system the business of a Council is classified and printed. By-Laws are provided for each class containing all the legislative matter, to which may be readily added the various grants and decisions of the Council as they may respectively be agreed upon—a much greater amount of work can be performed at each meeting without the mental labour usually required for the transaction of Municipal business, and at the same time all the acts of the Council are legal and binding—price of the system to each Council \$25.

Opinions of the Press.

This little publication will be found of great use to members of County, Township, and other Councils, as in it are laid down methods by which the business of meetings can be got through much more speedily, and at the same time more satisfactorily, than at present. By Mr. Willson's system all applications to a Council are required to be filed with the Clerk a reasonable time before each meeting. The Clerk classifies the work and furnishes each Councillor with a synopsis of the same, and in this way sufficient time is given for the due consideration of matters of importance before they are brought up in Council, and these cannot be sprung on a Council, as has sometimes been the case. All unfinished business continues to appear on the "Business record" until disposed of. By-laws are prepared for each class of application, having all the legal and operative clauses printed, so that the decisions of a Council can be readily entered by the Clerk in the respective by-laws so soon as arrived at, thereby saving time and unnecessary labour on the part of the Councillors, and enabling them to devote all their attention to the consideration of questions before them. Several important and valuable forms of special by-laws, &c., are appended to the work. Mr. Willson's system has been in use in the township of York for one year, and the Council recently passed a resolution approving of it and pronouncing it complete.—*Daily Globe*, Jan. 16th, 1880.

The author of this work is and has been for many years Clerk of the Township Council of York, and has in the course of his work seen the necessity of reducing the business of Municipal Councils to a system, such as, without involving any intricacies, would facilitate the work, and at the same time relieve the members from the task of preparing by-laws, resolutions, &c., while all their attention should be devoted to adjudicating upon various matters submitted to them. This is rendered more necessary from the fact that the membership of Councils is continually changing, and without such aids as the present work the new members are put to much inconvenience from the want of experience. The directions given are very explicit, and the forms simple, and the work will no doubt prove a very acceptable aid to members of County and Township Councils and municipal officers generally.—*The Mail*, January 15th, 1880.

The above system has been and is still in use in the Council of the Township of York, since January 1879, and the following resolution was passed by said Council.

"*Resolved*, That this Council desires to express its hearty approval of the system furnished by A. L. Willson, M.A., our Clerk and Treasurer for conducting the business of the Council; after six months' practical working of the system submitted, it has been found complete, and the thanks of this Council are hereby presented to Mr. Willson for his method at present in use in this Municipality."

The large number of applications which have been received for the above System as a *Book of By-Laws* and the entire absence of any similar publication has induced the author to issue the present work which contains sixty By-Laws comprising the ordinary and most of the special By-Laws and forms required by Municipal Corporations. With the assistance of this Book each member of a Council can prepare at his leisure such By-Laws as he may desire to introduce at any meeting and a careful perusal of the By-Laws and statutory references should prove advantageous not only to Councillors but to all those who may be interested in Municipal Officers.

Be it enacted by the Municipal Council of the Corporation
of the of

That from and after the passing of this By-Law all horses, cows, calves, bulls, rams, sheep, oxen, pigs, of every description, geese, turkeys, hens, and all other poultry shall be restrained and wholly prohibited from running at large within this Municipality, subject to being impounded in any common pound of the Municipality.

The owner or occupant of any land shall be responsible for any damage or damages and costs caused by any animal or animals, geese, turkeys, hens, or other poultry, under his charge and keeping, as though such animal or poultry were his own property; and the owner or keeper of any animal or poultry shall be liable for all injury or damages done by such animal or poultry, and for all costs and charges incurred in relation thereto, whether the injury or damage was caused by such animal or poultry running at large or by trespassing upon any enclosed or private property, notwithstanding that such property may not be enclosed by a lawful fence.

If not previously replevied a Pound-keeper shall impound any horse, bull, ox, cow, sheep, goat, pig, or other cattle, geese, or any other poultry distrained, for unlawfully running at large, or for trespassing and doing damage, delivered to him for that purpose, by any person resident within the Municipality who has distrained the same; or if the owner of any animal, geese or other poultry, refuses or neglects to prevent the same from running at large or trespassing on his neighbours premises after a notice in writing has been served upon him of their running at large or of their trespass, then the owner of such animal or poultry may be brought before any Justice of the Peace and fined such sum as the Justice directs, not exceeding the sum of

Fifty Dollars and costs, in addition to all damages which may have been awarded by three Fence Viewers of the Municipality.

When the Common Pound or place wherein the distress has been made is not secure, the Pound Keeper may confine the animal, animals, or poultry in any enclosed place near such pound for safe keeping.

Any person distraining and impounding an animal or poultry shall, at the time of such impounding, deposit poundage fees, if such are demanded, and within twenty four hours thereafter deliver to the Pound Keeper duplicate statements in writing of his demands against the owner for damages (if any), not exceeding twenty dollars done by such animal or poultry, exclusive of such poundage fees, and shall also give his written agreement (with a surety if required by the Pound Keeper) in the form following, or in words to the same effect :

"I (or we, as the case may be) do hereby agree that I (or we) will pay to the owner of the (describing the animal) by me (A. B.) this day impounded, all costs to which the said owner may be put in case the distress by me, the said A. B., proves to be illegal, or in case the claim for damages now put in by me, the said A. B., fails to be established."

In case an animal or poultry be impounded, notice for the sale thereof shall be given by the Pound Keeper within forty-eight hours afterwards ; but no pig or poultry shall be sold until after six clear days ; nor any horse or other cattle until after ten clear days from the time of impounding the same : Provided that the Pound Keeper may sell such horse or other cattle at the expiration of four clear days from the time of impounding if he considers that the animal or animals will not sell for a sum sufficient to pay the expenses of keeping and selling the same.

The notices of sale may be written or printed, and shall be affixed and continued for three clear successive days in three public places in the Municipality, and shall specify the time and place at which the animal or poultry will be publicly sold if not sooner replevied or redeemed by the owner, or some one on his behalf, paying the penalty imposed by law (if any), the amount of the injury (if any)

claimed or decided to have been committed by the animal or poultry to the property of the person who distrained it, together with the lawful fees and charges of the Pound Keeper, and also of the Fence Viewers (if any), and the expenses of the animals' or poultry's keeping, and upon all the notices aforesaid having been duly affixed in manner aforesaid for the time hereby required, the Pound Keeper shall publicly sell the animal or poultry to the highest bidder, at the time and place mentioned in the aforesaid notice, unless replevied or redeemed as aforesaid (provided that the time mentioned in such notice of sale shall not be earlier than ten o'clock in the forenoon nor later than three o'clock in the afternoon of the day of sale); and after deducting the damage (if any), and all lawful fees and charges incurred in relation thereto, shall return the surplus (if any), to the original owner of the animal or poultry, or if not claimed by him within six days after the sale, the Pound Keeper shall pay such surplus to the Treasurer of and for the use of the Municipality, subject to being claimed by the owner from the Treasurer within six months thereafter.

Any person impounding an animal or poultry shall, within twenty-four hours after so impounding such animal or poultry, if the owner is known to him, give notice to the owner of having taken up such animal or poultry, and where such animal is impounded.

If the owner of the animal or poultry impounded, disputes the amount of the damages claimed, he shall within forty-eight hours after receiving notice as aforesaid, notify the Pound Keeper thereof in writing, and the amount shall be decided by three Fence Viewers of the Municipality, to be named forthwith, as follows:—One to be named by the owner of the animal or poultry; one by the person distraining or claiming damages; and the third by the Pound Keeper, who shall immediately notify and summon the Fence Viewers, the distrainer, and the owner of the animal or poultry, if known to him, to attend at a certain time and place to appraise the damage alleged to have been done by the animal or poultry impounded, and in case either the distrainer or the owner refuses or neglects to name a Fence Viewer, the Pound Keeper shall notify a Fence Viewer to attend on his behalf.

Such Fence Viewers, or any two of them, shall, within twenty-four hours after being notified as aforesaid, view the fence and the ground upon which the animal or poultry was found doing damage, and shall appraise the damages committed, and within twenty-four hours after having made the view deliver to the Pound Keeper an award or statement in writing, signed by at least two of them, of their appraisement and of all lawful fees and charges incurred or disbursed for or on account of such animal or poultry, and shall also state by whom such damages (if any), fees, and charges shall be paid; (the Pound Keeper shall be responsible for and pay the lawful fees and charges of the Fence Viewers), and such award or statement shall be binding upon all parties: Provided always, that if the owner of any animal or poultry impounded shall dispute the damages claimed as being excessive, and shall before Fence Viewers have been summoned as aforesaid, tender to the Pound Keeper his legal fees, together with such sum for damages and costs as he shall deem just and reasonable; and the distrainer shall refuse to accept the same after being notified of such tender by the Pound Keeper, and shall require a reference to Fence Viewers; and such claim for excess of damages shall not be sustained by the award of the appraisers, the distrainer shall be liable for all costs and charges of such reference and of keeping the animal or poultry impounded after such tender made as aforesaid.

The owner of any animal impounded shall, at any time, be entitled to his animal on demand made therefor, and upon payment of all costs, damages, and poundage fees, or upon giving security satisfactory to the Pound Keeper for all costs, damages, and poundage fees that may be established against him.

Every Pound Keeper who impounds or confines any animal or poultry, in any common pound or in any enclosed place, shall daily furnish the animal or poultry with good and sufficient food, water, and shelter during the whole time that such animal or poultry continues impounded or confined.

Any Fence Viewer neglecting to attend, on being notified as aforesaid, shall incur a penalty of two dollars, to be

recovered for the use of the Municipality by summary proceedings before a Justice of the Peace, upon complaint of the party aggrieved, or the Treasurer of the Municipality.

In case any Pound Keeper who impounds or confines any animal or poultry, as aforesaid, refuses or neglects to find, provide and supply such animal or poultry with good and sufficient food, water and shelter, as aforesaid, he shall, for every day during which he so refuses or neglects, forfeit a sum not less than one dollar, nor more than four dollars.

Every fine and penalty imposed by this By-Law, and all damages, costs and charges awarded by Fence Viewers, may be recovered and enforced, with costs, by summary conviction before any Justice of the Peace of the County in which the offence was committed; and in default of payment the offender may be committed to the Common Gaol of the County, there to be imprisoned for any time in the discretion of the convicting and committing Justice, not exceeding fourteen days, unless the fine and penalty, damages and costs, including the costs of commitment, be sooner paid.

Every penalty recovered before any Justice of the Peace, under this By-Law, shall be paid and distributed in the following manner: All fines and forfeitures imposed on Pound Keepers for neglect of duty, in case of appraisement, shall be paid to the appraisers to the amount of their claim, and the balance, (if any), together with all other fines and penalties imposed by this By-Law, shall be paid to the Treasurer of the Municipality.

Every Pound Keeper shall furnish a statement in writing to the Clerk of the Municipality, on or before the Twenty-first day of December in each year, of the receipts and disbursements of all monies that may have come into his hands by virtue of his office.

For the contravention of any of the provisions of this By-Law, not hereinbefore provided, the offender shall be liable to a penalty of not less than two dollars nor more than fifty dollars, with costs, by summary conviction before a Justice of the Peace, as hereinbefore provided.

And be it enacted :

That the By-Laws now in force in this Municipality, inconsistent with this By-Law, are hereby repealed: Provided, that no former By-Law in relation thereto shall be revived: Provided also, that notwithstanding the repeal aforesaid, all acts which might have been done, and all proceedings which might have been taken or prosecuted, or any money which shall have become due, may be recovered; and any fines or penalties which have been incurred before the passing of this By-Law shall and still may be done and prosecuted, and offenders may be dealt with and punished, and fines and penalties may be imposed and applied, as if the said By-Law hereby repealed continued in force.

By-Law No.

RESPECTING LINE FENCES.

Be it enacted by the Municipal Council of the Corporation
 of the of

The Line Fences Act of the Revised Statutes of Ontario
 shall be in force in this Municipality.

Owners of occupied adjoining lands shall make, keep
 up and repair a just proportion of the fence which marks the
 boundary between them, or if there is no fence, they shall
 so make, keep up and repair the same proportion which is
 to mark such boundary, and owners of unoccupied lands
 which adjoin occupied lands, shall, upon their being oc-
 cupied, be liable to the duty of keeping up and repairing
 such proportion, and in that respect shall be in the same
 position as if their land had been occupied at the time of
 the original fencing, and shall be liable to the compulsory
 proceedings hereinafter mentioned.—37 V., c 25. s. 2.

In case a dispute between owners respecting such proportion, the following proceedings shall be adopted ;

Either owner may notify (Form 1) the other owner or occupant of the land of the owner so to be notified, that he will, not less than one week from the service of such notice, cause three Fence Viewers of the locality to arbitrate in the premises.

Such owners so notifying shall notify (Form 2) the Fence Viewers, not less than one week before their services are required.

The notices in both cases shall be in writing, signed by the person notifying, and shall specify the time and place of meeting for the arbitration, and may be served by leaving the same at the place of abode of such owner or occupant with some grown up person residing thereat, or in case of such lands being untenanted, by leaving such notice with any agent of such owner.

The owners notified may, within the week, object to any or all of the Fence Viewers notified, and in case of disagreement the Judge hereinafter mentioned shall name the Fence Viewers who are to arbitrate, 37 V., c. 25, s. 3.

An occupant, not the owner of land notified, in the manner above mentioned, shall immediately notify the owner, and if he neglect so to do, shall be liable for all damage caused to the owner by such neglect, 37 V., c. 25, s. 9.

The Fence Viewers shall examine the premises, and if required by either party, they shall hear evidence and are authorized to examine the parties and their witnesses on oath, and any one of them may administer an oath or affirmation as in Courts of Law. 37 V., c. 25, s. 4.

The Fence Viewers shall make an award (Form 3) in writing signed by any two of them respecting the matters, so in dispute which award shall specify the locality, quantity, description and the lowest price of the fence in orders to be made, and the time within which the work

shall be done, and shall state by which of the said parties the costs of the proceedings shall be paid, or whether either party shall pay some proportion of such costs.

In making such award the Fence Viewers shall regard the nature of the fences in use in the locality, the pecuniary circumstances of the persons between whom they arbitrate, and generally the suitableness of the fence ordered to the wants of each party.

Where, from the formation of the ground by reason of streams or other causes, it is found impossible to locate the fence, upon the line between the parties, it shall be lawful for the Fence Viewers to locate the said fence either wholly or partially on the land of either of the said parties where to them it seems to be most convenient, but such location shall not in any way effect the title to the land.

If necessary, the Fence Viewers may employ a Provincial Land Surveyor, and have the locality described by metes and bounds. 37 V., c. 25, s. 5.

The award shall be deposited in the office of the Clerk of the Council of the Municipality in which the lands are situate, and shall be an official document, and may be given in evidence in any legal proceeding by certified copy as are other official documents, and notice of its being made shall be given to all parties interested. 37 V., c. 25., s. 6.

The award may be enforced as follows:—The person desiring to enforce it shall serve upon the owner or occupant of the adjoining lands a notice in writing, requiring him to obey the award, and if the award is not obeyed within one month after service of such notice, the person so desiring to enforce it may do the work which the award directs, and may immediately recover its value and the costs from the owner by action in any division Court having jurisdiction in the locality, but the Judge of such Division Court may, on application of either party extend the time for making such fence to such time as he may think just. 37 V., c. 25, s. 7.

The award shall constitute a lien and charge upon the lands respecting which it is made, when it is registered in the Registry office of the County, or other Registration Division in which the lands are.

Such Registrations may be in duplicate, or by copy proved by affidavit of a witness, to the original, or otherwise, as in the case of any deed which is within the meaning of "The Registry Act" 37 V., c. 25, s. 8.

The Fence Viewers shall be entitled to receive two dollars each for every days work under this By-law. Provincial Land Surveyors and witnesses shall be entitled to the same compensation as if they were subpoenaed in any Division Court. 37 V., c. 25, s. 10.

Any person dissatisfied with the award made may appeal therefrom to the Judge of the County Court of the County in which the lands are situate, and the proceedings on such appeal shall be taken as provided by the Revised Statutes of Ontario chap. 198, sec. 11, s.s. 1, 2, 3, 4, 5, 6,

Any agreement in writing (Form 4) between owners respecting such Line Fence may be filed or registered, and enforced as if it was an award of Fence Viewers. 37 V., c. 25, s. 12.

The owner of the whole or part of a division or line fence which forms part of the fence enclosing the occupied or improved land of another person, shall not take down or remove any part of such fence:—

(a) Without giving at least six months previous notice of his intention to the owner or occupier of such adjacent enclosure.

(b) Nor unless such last mentioned owner or occupier after demand made upon him in writing by the owner of such fence, refuses to pay therefore the sum to be determined as provided in the sixth section of this By-Law.

(c) Nor if such owner or occupier will pay to the owner of such fence, or any part thereof, such sum as the Fence Viewers may award to be paid therefor under the sixth section of this By-Law. 40 V., c. 29, s. 1.

The provisions of this By-Law relating to the mode of determining disputes between the owner of occupied adjoining lands, the manner of enforcing awards and appeals therefrom; and the schedules of forms attached hereto, and all other provisions of this By-law, so far as applicable shall apply to proceedings under this section. 40 V., c. 29, s. 2.

If any tree is thrown down by accident or otherwise across a line or division fence, or in any way in and upon the property adjoining that upon which such tree stood, thereby causing damage to the crop upon such property or to such fence, it shall be the duty of the proprietor or occupant of the premises on which such tree theretofore stood, to remove the same forthwith, and also forthwith to repair the fence, and otherwise to make good any damage caused by the falling of such tree.

On his neglect or refusal so to do for forty-eight hours after notice in writing to remove the same, the injured party may remove the same, or cause the same to be removed in the most convenient and inexpensive manner, and may make good the fence so damaged, and may retain such tree to remunerate him for such removal, and may also recover any further amount of damages beyond the value of such tree from the party liable to pay it under this By-Law.

For the purpose of such removal the owner of such tree may enter into and upon such adjoining premises for the removal of the same without being a trespasser, avoiding any unnecessary spoil or waste in so doing.

All disputes arising between parties relative to this section, and for the collection and recovery of all or any sums of money becoming due thereunder, shall be adjusted by three Fence Viewers of the Municipality, two of whom shall agree. 29-30 V., c. 51, s. 355 (28).

The forms in the Schedule hereto are to guide the parties, being varied according to circumstances. 37 V., c. 25., s. 13.

RESPECTING DITCHES AND WATER COURSES.

Be it enacted by the Municipal Council of the Corporation
of the of

That all sections or parts of sections of the Ditches and Water Courses Act of the Revised Statutes of Ontario, Chapter 199, which are not inconsistent with the provisions of this By-Law, shall be in force in this Municipality.

In case of owners occupying adjoining lands which would be benefited by making a ditch or drain, or by deepening or widening a ditch or drain already made in a natural water course, or by making, deepening or widening a ditch or drain, for the purpose of taking off surplus water from swamps or low miry land, in order to enable the owners or occupiers thereof to cultivate the same; such several owners shall open and make, deepen or widen a just and fair proportion of such ditch or drain, according to their several interests in the construction of the same; and such ditches or drains shall be kept and maintained so opened, deepened, or widened, by the said owners respectively and their successors in such ownership in such proportions as they have been so opened, deepened or widened, unless in consequence of altered circumstances the Fence Viewers, hereinafter named, otherwise direct, which they are hereby empowered to do upon application of any party interested, in the same form and manner as hereinafter prescribed in respect of the original opening, deepening, or widening; and in case the Fence Viewers find no reason for such application, all costs caused thereby shall be borne by the applicant. 38 Vic., c. 26, s. 3.

In case of dispute between owners, respecting such proportion, the following proceedings shall be adopted:

- (1) Either owner may notify (Form 1) the other owner, or the occupant of the land of the owner so to be notified,

that he will, not less than one week from the service of such notice, cause three Fence Viewers of the locality to arbitrate in the premises.

(2) Such owner so notifying shall also notify (Form 2) the Fence Viewers not less than one week before their services are required.

(3) The notices in both cases shall be in writing, signed by the person notifying, and shall specify the time and place of meeting for the arbitration, and may be served by leaving the same at the place of abode of such owner or occupant, with some grown-up person residing thereat, or in case of a non-resident, by leaving such notice with any agent of such owner.

(4) The owner notified may within the week, object to any or all of the Fence Viewers notified; and in case of disagreement, the Judge hereinafter mentioned, shall name the Fence Viewers who are to arbitrate. 38 V., c. 26, s. 4.

An occupant not the owner of land notified in the manner above mentioned, shall immediately notify the owner, and if he neglects so to do, shall be liable for all damage caused to the owner by such neglect. 38 V., c. 26, s. 12.

The Fence Viewers shall examine the premises, and if required by either party, shall hear evidence, and are authorized to examine the parties and their witnesses on oath, and any one of them may administer an oath or affirmation as in Courts of Law. 38 V., c. 26, s. 5.

The Fence Viewers shall make an award (Form 3) in writing, signed by any two of them, respecting the matters so in dispute, which award shall specify the locality, quality, and description and cost of the ditch or drain it orders to be made, and the time within which the work shall be done; and shall state by which of the said parties the costs of the proceedings shall be paid, or whether either party shall pay some proportion of such costs.

In making such award the Fence Viewers shall regard the nature of the ditches or drains in use in the locality, and generally the suitableness of the ditch or drain ordered

to the wants of the parties ; and the Fence Viewers may, if they think necessary, employ a Provincial Land Surveyor for the purpose of taking levels or of making a plan for the parties to follow in making the ditch or drain, or for other purposes.

If the expense of the ditch or drain exceeds the expense as estimated by the Fence Viewers, the same Fence Viewers may be again notified in the same manner herein provided, and shall attend, and, if they see fit, made a supplementary award respecting such expense, which award shall have the same effect, and may be dealt with in all respects, as if it were part of the first award. 38 V., c. 26, s. 6.

If it appears to the Fence Viewers that the owner or occupier of any tract of land is not sufficiently interested in the opening up of the ditch or water course to make him liable to perform any part thereof, and at the same time that it is necessary for the other party that such ditch should be continued across such tract, they may award the same to be done at the expense of such other party ; and after such award, the last mentioned party may open the ditch or water-course across the tract, at his own expense, without being a trespasser. 40 V., c. 8, s. 59.

The award, and any plan made as above provided for, shall be deposited in the office of the Clerk of the Municipality in which the lands are situate, and the award and plan shall be official documents, and may be given in evidence in any legal proceedings by certified copies, as are other official documents, and notice of their being made shall also be given to all parties interested. 38 V., c. 26, s. 7.

The award may be enforced as follows:—The person desiring to enforce it, provided the work is not done within the time specified by the award, may do the work which the law directs, and may immediately recover its value and the costs from the owner by action in any Division Court having jurisdiction in the locality ; but the Judge of such Division Court may, on application of either party, extend the time for making such ditch to such time as he may think just. 38 V., c. 26,, s. 8.

The Fence Viewers shall be entitled to receive two dollars for every day's work under this By-Law. Provincial Land Surveyors and witnesses shall be entitled to the same compensation as if they were subpoenaed in any Division Court. 88 Vic., c. 26, s. 13.

Any person dissatisfied with the award made may appeal therefrom to the Judge of the County Court of the County in which the lands are situate, and the proceedings on such appeal shall be as provided by the Revised Statutes of Ontario, chap. 199, sec. 12, sub-sections 1, 2, 3, 4, 5.

In case any person during or after the construction of the ditches or drains herein provided for, desires to avail himself of such ditches or drains, for the purpose of draining other lands than those contemplated by the original proceedings, he may avail himself of the provisions of this By-Law, as if he were or had been a party to such original proceedings; but no person shall make use of the ditches or drains constructed under the provisions of this By-Law, unless under agreement or award pursuant to its provisions, as to use of the land of others, as to enlargement of the original ditch or drain, so as to contain additional water therein, and as to the time for the completion of such enlargement. 38 V., c. 26, s. 11.

Any agreement in writing (Form 4) between owners respecting such ditch, may be filed or registered and enforced, as if it was an award of the Fence Viewers. 38 V., c. 26, s. 15.

In case any person finds it necessary to continue an under-drain into an adjoining lot or lots, or across or along any public highway, for the purpose of an outlet thereto, and in case the owner of such adjoining lot or lots, or the Council of the Municipality refuses to continue such drain to an outlet, or to join in the cost of the continuation of such drain, then the firstly mentioned person shall be at liberty to continue the said drain to an outlet through such adjoining lot or lots, or across or along such highway; and in case of any dispute as to the proportion of cost to be borne by the owner of any adjoining lot or Municipality, the same shall be determined by the Fence Viewers in the same manner as disputes within "The Line Fences Act,"

excepting as to the amount of such award, which shall be finally decided by the Fence Viewers, and their award shall be final. 37 V., c. 16, s. 20:

The forms in the Schedules hereto are to guide the parties, being varied according to circumstances. 38 V., c. 26, s. 16.
