

Baseball Toronto 1 Baltimore 2 To-day's Program Games Trotting For World's Championship

Note and Comment

Thomas Brownlee, president of the Ontario Football Association and an officer of at least a half dozen other athletic organizations, and his bride are back from their delightful honeymoon trip to the Pacific coast.

Mr. Brownlee attended last Saturday's lacrosse game at New Westminster, when the champions were Vancouver 10 to 4, and he describes the field as unique, notably the slope that must work a considerable handicap to visiting teams.

Now whom did the schoolmaster see at Seattle? None other than our old friend Yankee Rogers, Yousef and several other grip artists under name that brought terror to the spectators, but to the familiar eye the wrestlers were the same.

The Toronto and Tecumseh must score at Ottawa and Cornwall to-day otherwise it's good-by to the lacrosse championship as far as this city is concerned for a year. However, Nationals say they'll trim Shamrocks and here's hoping they do.

The Maple Leafs played yesterday like as if they would turn out lucky to lead in the first division, especially their work with the stick was exceedingly mediocre and only our venerable friend Dr. Adkins saw the opposition.

The leaders did some better, winning back the double header from the Grays, while Newark also dropped one at Montreal, but there is still that dreaded final trip to the east ahead of the Hustlers, not to mention eight games with the Toronto, when it is hoped the last named will show improvement.

Uhlman's victory over Hamburg Belle yesterday at Readville makes it one each for the world's trotting championship. The deciding race is in October.

The Ward Marathon. The entries will open for the big Ward Marathon on Tuesday next. The new Ward Trophy is one of the finest and largest cups ever offered in the history of amateur sport for competition.

The cup stands nearly six feet high, and is beautifully designed. It is a prize offered will excel former years, as a number of gold watches will be given to the first to finish in the two races Saturday, Oct. 9, is the date, over the same course as last year, which has been carefully measured by the city and county surveyors.

Ontario Athletic Championships. The Irish-Canadian Athletic Club was awarded the Canadian Amateur Athletic Union championships for the Province of Ontario yesterday, at a conference of representatives held at the club's headquarters in President Merrick's office.

The Irish-Canadian will put on boys' events of 100 yards and 80 yards handicaps, and a two-mile ladies walk.

Golf at Mississauga. The second round of the Highland Trophy will be played this afternoon. The draw is as follows: Balfour v. Merrills, Monahan v. Stupari, Robertson v. Conroy, and Robinson v. Wylie. Barnes vs. Weir v. Martin, Hall v. Coleman, Campbell v. McLeod, Bailey v. Caprell, Strathby.

On Labor Day the Robins Cup competition will be held, conditions of play will be posted at the club, and the draw for opponents will take place at the club Monday morning, as the players arrive. The captain must be notified not later than Saturday, at 8 p.m., of the names of those desiring to compete.

The competition will be held in the morning and afternoon. On Sept. 15 the Rosedale Golf Club will send a team for a friendly match. The qualifying round for the championship will be played on Saturday, Sept. 11. Those competing for trophy honors on that day will be taken care of by a subsequent round.

Baltimore Wins a Close Game Due To Adkins' Good Pitching

Rochester Wins Two From Providence, While Montreal Beats Newark—Buffalo Trims Jersey City.

Doc Adkins, with his curve ball and a splitter occasionally, had us at his mercy yesterday, the Leafs only connecting for five safeties, two of them being in the ninth, when a grand rally looked promising, but was nipped in the bud when Pfeffer filed to Strang, the game ending 2 to 1 in favor of Baltimore.

Hall scored Baltimore's first run in the third, when he made a clean steal home, while Jackson's triple over McDonald's head (called Strang, who had been given a pass, with what was the winning run of the game.

Mullen's great baserunning scored Toronto's only run in the second, he hitting thru Hall for a double and going to third when Jackson threw wild to second, scoring on Weid's hit to Schmidt, and this was the last chance the Leafs had in the ninth. Bills, in right field, made a great catch of Grimshaw's bludge for the first out, and Lee, hitting for Vandy, singled. Mahling ran for Lee, and promptly stole, but Mullen hit a Texas leaguer over Strang's head that made Mahling hug second till it was too late to advance a notch. Mitchell, batting for Weid, fanned, while Pfeffer, hitting for Frick, popped to Strang.

Manager Dunn of the Orioles was banished in the seventh, while Clark followed suit in the eighth. It was a pitchers' battle, with Adkins having the better of it. Score: BALTIMORE—A. B. R. H. O. A. E.

Table with columns: Name, A, B, R, H, O, A, E. Rows include Slagle, cf., Clark, rf., Jackson, lf., Strang, 2b., Hall, 3b., Mullen, 3b., Schmidt, 1b., Cross, ss., Myers, cf., Adkins, p.

TORONTO—A. B. R. H. O. A. E. Rows include Vaughan, ss., McDonald, cf., Houser, 1b., Grimshaw, rf., Vandy, c., Mullen, 3b., Weid, lf., Frick, 3b., Rudolph, p.

Uhlman's victory over Hamburg Belle yesterday at Readville makes it one each for the world's trotting championship. The deciding race is in October.

The Ward Marathon. The entries will open for the big Ward Marathon on Tuesday next. The new Ward Trophy is one of the finest and largest cups ever offered in the history of amateur sport for competition.

TENNIS CHAMPIONSHIPS Toronto Club Tournament for Provincial Honors Starts Today.

The Ontario championships tournament will commence this afternoon, when the preliminary events in the men's open handicap and novice draws will be played at the courts of the Toronto Lawn Tennis Club, 239 Bathurst-street. The entry lists in these events include players from London, Hamilton, Markham, Stouffville, Delhi and other out-of-town points, a circumstance the importance of which will be evident when it is recalled that a year ago Mr. Allen of Cobalt worked his way to the final round, where he met Mr. Baird, the present champion, in the hardest match of the tournament. Saturday next has been fixed as the date for the finals in all open events, and it is, therefore, essential that all contestants be on hand promptly at the hours announced for games. Entries in all ladies' events and in the men's doubles will close Monday evening. Devotees of the game will learn with pleasure that Mrs. Hannam, whose brilliant performance at Niagara and Cincinnati are still "the talk of the town," will be entered in all the ladies' events and in the mixed doubles. Arrangements have been completed for a buffet on the grounds, where luncheon may be had by players and spectators. Arrangements have been completed for a buffet on the grounds, where luncheon may be had by players and spectators. Arrangements have been completed for a buffet on the grounds, where luncheon may be had by players and spectators.

FAIRWEATHERS LIMITED 84-86 YONGE STREET

FINE TAILORING S. CORRIGAN Merchant Tailor, 11-12 QUEEN STREET EAST

CHEAP PHONE SERVICE Users of Automatic Instruments Get Them Free.

THE CANADIAN MACHINE TELEPHONE COMPANY are about to start operations overhauling their plant. The instruments installed four years ago are to be taken out and modern ones installed. The company has about 250 telephones in service here, but to date the subscribers have not had to pay anything for them.

NEW RUGS FROM OLD CARPETS. "In almost every home there are usually to be found some carpets that because of either shabbiness or extreme ugliness have been banished to the attic," says Woman's Home Companion for September.

HIS TALE WAS MIXED And So Seigel, Russian Tailor, Was Locked Up. Telling a mighty mixed tale, which he afterwards admitted was the somewhat mis-shapen conception of his own mind, and had no foundation in fact, Louis Seigel, a Russian tailor from Philadelphia, but now living at 1 Anderson-street, was locked up in a vagrant by Sergeant of Detectives Verney yesterday afternoon.

JUST a few words to you. My son has died after a fight. To-day I am glad to tell you that he is alive with Jesus. But his death has been made public. I have to say that he was a clean sport, and do ask all boys to be fair when they fight or engage in any athletic sport. Of course there are great temptations for you to beat your opponent, but you had better fail than have your inner conscience smirched with wrong doings. May say, boys, take a lesson and from now on would ask you to read the Bible, and engage in prayer in your closet, daily, and you will have Christ to aid and strengthen you in the temptations that beset all men.

ARTHUR (ALIVE) BOLLARD.

Swiped Money From Boy. Middleford-street, yesterday pointed out Charles Stewart, 23 years, 10 Wood-street, as the man who had offered to change a \$5 bill for him just after he had failed to get it changed in a Yonge-street store on July 9. When the boy handed the man the bill to get the change, he says that Stewart just hopped on a car and went.

Swiped His Own Wages. Harry Parks worked for the Galbraith Photo Company at 259 Yonge-street. Yesterday he was arrested, charged with stealing nineteen books from his employer. His explanation was that the company owed him wages that he had not paid, and that he took the books to get the money. Parks is 14 years of age, and is in the Children's Shelter.

The Toronto World

A Morning Newspaper Published Every Day in the Year.

WANTED A NEW PUBLIC BUILDING POLICY.

Sir James Whitney has now a splendid opportunity of making declaration that henceforth any money put in provincial buildings will be for fireproof construction and fireproof construction alone.

It will be remembered that when the money for these buildings was voted the Liberal party of that time seemed committed to the idea that the cost must be pared down to the lowest possible figure in order to secure the support of members who represented the farmers.

But there is something more than fireproof construction, and that is the greatest care must be exercised in the way of preventing gradual accumulations of inflammable material in such buildings.

There is still another point, and that is that the patronage system is a curse when it comes to securing the right staff for the supervision and up-keep of public buildings.

"The responsibility is on you, get your men, get only the best men, and absolutely exclude politics from your appointments."

Nor is it a wise thing to let some careless outsider come in and do repair work and carry a firepot up into garrets and down into cellars.

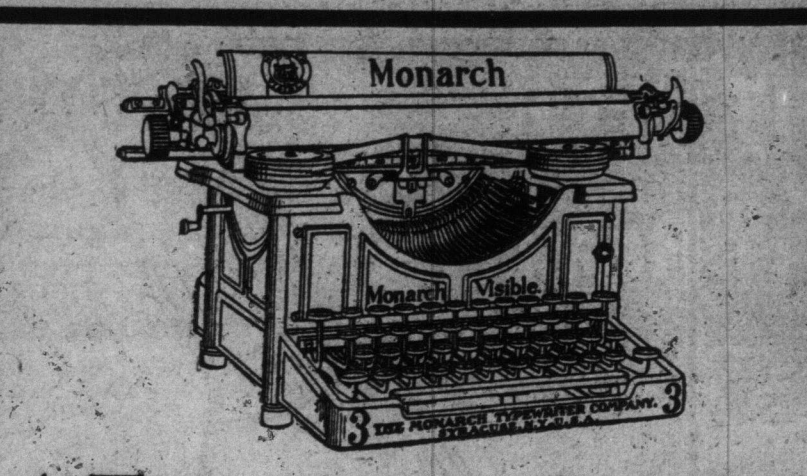

The World, therefore, thinks that Sir James Whitney should not only find out the cause of this fire, but declare for fireproof construction hereafter, and that only competent men are to be employed as caretakers and watchmen.

TWO CENTS A MILE ON U.S. RAILROADS.

A despatch from Charleston, W. Va., states that Judge Burdette of the circuit court has just issued an injunction restraining the state and county officials from enforcing the two cent per mile rate law against the Norfolk and Western Railway.

This in another state the hasty and ill-considered action of the legislature in forcing the railways to adopt rates that were not justified by the density of population has been shown to be improper in the eyes of the law, which holds that the railways have rights and cannot logically be kept from earning a reasonable return on their invested capital.

The above news item and relative

A Typewriter Exhibit

We are holding every day, during the progress of the Fair, a special exhibition of the famous Light-Touch, Long-Wearing Monarch Visible Typewriter at our store, 98 King Street West.

We shall be glad to explain in detail to all visitors the many essential and sensible devices on the Monarch for the rapid and accurate handling of all office detail.

We especially invite an examination of the special machine we are showing, which writes every possible office detail, and which is really two typewriters in one.

We shall be glad to have all our customers, who are visiting the city, make our store their headquarters. A stenographer is always at their disposal.

We have some special bargains in second-hand typewriters of all makes.

The Monarch Typewriter Company, Limited

98 King Street West, Toronto

comment have been going the round of the Montreal and other Canadian newspapers, and were forwarded to The World as a paid advertisement.

But the federal supreme court has already laid down clearly the principle on which railroad rates should be calculated, and it is not at all based on the right of railway companies to earn "a reasonable return on their invested capital."

If a railroad corporation has bonded its property for an amount that exceeds its fair value, or if its capitalization is largely fictitious, it can not impose upon the public the burden of such increased rates as may be required for realizing profits upon such excessive valuation or fictitious capitalization.

If a corporation can not maintain such a highway and earn dividends for stockholders, it is a misfortune for it and them, which the constitution does not require to be remedied by imposing unjust burdens on the public.

We hold that the basis of all calculation as to the reasonableness of rates to be charged by a corporation maintaining a highway under legislative sanction, must be the fair value of the property being used by it for the convenience of the public.

Germany's Deficit BERLIN, Sept. 3.—The deficit of the imperial government for 1908, is announced to-day as amounting to \$30,000,000.

York County and Suburbs

EAST TORONTO.

EAST TORONTO, Sept. 3.—(Special.)—Principal Thomas Brownlee of Kimberly public school, East Toronto, who with his bride, left the city on July 28 for an extended trip thru the Western States and British Columbia, returned yesterday.

From Calgary easterly to Winnipeg he ran for hundreds of miles thru immense fields of golden wheat, practically all of which his cut and in stock. The sight was a wonderful one, and served to impress me even more than ever with the vastness of our country."

"At Winnipeg there is the greatest optimism, and the city has made marvellous progress since my last visit of three years ago. It was also greatly impressed with the possibilities of Port William and Port Arthur."

Mr. and Mrs. Brownlee will take their return trip to East Toronto, where the former has for some years been principal of Kimberly-street school.

Those of the railroad men who are concerned in the move made by the Grand Trunk in making up their trains at Mimico instead of at Little York as formerly are very indignant at the change.

As one of these men remarked to-day in C.T.R. were to send a gang of Italians out to Mimico they would at least provide a couple of cars for them to sleep in, but they are making us go out there and give up our homes with only about twelve hours' notice."

Most of these men have their winter supply of coal in, and it will be a decided inconvenience to them to give up their homes and move out there, where they will have to put up with all the accompanying inconveniences.

The merchants of the town when spoken to by The World have different views on the change which has been made by the C.T.R. in the matter of making up their trains.

One of these said, "East Toronto has always been a railroad town, and this change will take the life out of it, as the money these men left in the town amounted to a considerable sum, and this class of merchants will surely miss it."

Another man took this view: "East Toronto has been gradually allowed to drift into a sort of a railroad town, and the only inducement for persons to move out here was that it was handy to men who were employed on the railroad, and it was generally this class who move out here. Now that all this noise is being made that follows in the wake of the railroad has been removed, people who for this reason have moved out here, will not come, and the town will become more of a residential than a railroad town."

J. S. Harris left to-day to spend a few weeks with his parents at Salem, Mass.

Mrs. W. H. Murgot returned yesterday from a few weeks' holidays at her old home in Barrie.

NORTH TORONTO

NORTH TORONTO, Sept. 3.—The return cricket match between the Eglington Methodist Y. M. Club and the Anglo-American Insurance Company, will take place on the Riverside crescent to-morrow, Saturday afternoon at 2.30.

The Eglington Young Men's Club will attend divine service on Sunday evening at Eglington Methodist Church, when an appropriate address will be preached by Rev. Mr. Balfour.

William Lovatt of Burton City, B.C., is visiting his sister, Mrs. Nash of Toronto, at her home in North Toronto.

Lovatt is a former North Toronto boy, and a host of friends will be glad to welcome him back. Mr. Lovatt will remain a week or so longer.

The foundation stone of the new Christ Church, Deer Park, will be laid by the Lord Bishop to-morrow, Saturday afternoon at 3.30.

A. C. Jennings, the well-known real estate man of Deer Park, returned to-day from a short business trip to Port Arthur and Winnipeg. He reports contented, and his west as being remarkably good.

All the finest brands of wines and liquors at E. T. Sandell's 525-525 York-street. Special delivery to Davisville and North Toronto. Phone N. 192.

NORTH POLE DISCOVERED

In Spite of This People Will Continue to Use Star Beer.

Now that Dr. Cook is being showered with congratulations from the whole civilized world for his success in achieving the impossible, the thought arises as to whether polar expeditions will continue to interest us in the future as they have done in the past. It seems almost impossible that we could again become enthusiastic over any further attempts to reach "that endless field of purple snow, that dead world of ice," as Dr. Cook so vividly describes the region of the 90th parallel. In fact, one writer here in Toronto takes the rather pessimistic view that before long the whole world will have to rest on its oars, as the saying goes, or like Alexander, "sigh for more worlds to conquer."

But really there is no excuse for holding any such gloomy view of the future. There will still be problems to solve, and even if the farthest recesses of this earth of ours are explored, it seems almost like a next door neighbor and is beckoning us to get acquainted. There is no pressing need, however, to go far and make a new discovery, in no line of human activity has perfection yet been reached, and every day we hear of something "different."

To keep our minds active for every emergency we must have wholesome food and refreshing drink—something that will be invigorating and beneficial. At times we feel the necessity for some kind of beverage and a drink which is fine and suitable. Immediately we are confronted with the famous "Star" beer made by the O'Keefe Brewery Company, and we feel drawn towards it like a spell.

There is no getting round the fact that the beer is palatable, and containing as it does less than 1-2 per cent. of alcohol, it is not in any way detrimental to the mental activity, while affording at the same time all the invigorating effects of a pure and wholesome beverage. The steady increase in the demand for "Star" beer shows that people are settling in the idea of providing themselves with a drink which is suitable for all and every occasion.

TRAIN HAND KILLED.

NIAGARA FALLS, Ont., Sept. 3.—(Special.)—Joseph Yokovitch was cut to pieces by a Michigan Central freight train. Yokovitch was employed by the M. C. R. He boarded the train at Montrose to ride to Falls View, slipped and fell under the train. He was dragged a quarter of a mile. His head was severed from the body and his arms cut off.

Demand for City Land. The tax land sales during the year ending Aug. 31, brought into the city treasury \$7,072. The amount for the two preceding years, united, was a little less. They aggregated \$86,859.

More Harvesters Leave. The west's appeal for more harvesters resulted in an extra party, numbering about 220, leaving the union yesterday by special train yesterday afternoon for points in Manitoba and beyond. The men were gathered from Toronto and vicinity.

Two more excursions will leave Ontario on the 7th and 11th inst.

Hair for the Fair. Hair that is dark. And hair that is fair. Hair that is beautiful. Silky and rare. Is transformed into styles that become every face.

Last of the Season Atlantic City Excursion. \$11.00 round trip from Suspension Bridge, via Leigh Valley Railway. Friday, September 10; tickets good 15 days. Particulars, 54 King-street east, Toronto.

EATON'S DAILY STORE NEWS

Father Time Acquires a New Time-Piece

Time-Piece

"TIME tells" is an old saying, and no truer could be said of the EATON watch, which started out to make a name for itself through its genuine worth. Already the demand has in some cases exceeded the supply. The EATON is made in Switzerland on American plans—it's made in the very heart of the home of the most expert watchmakers in the world—made regulation size, so that an EATON movement will fit any regulation case.

Made with such added improvements as solid steel escapement wheel—lever escapement—whole-headed screws—genuine rubies for jewels (instead of garnets, amethysts or other inferior stones); all little improvements in themselves, but they help greatly to advance the EATON on the road to perfection. We guarantee every EATON movement for 2 years.

You'll find the EATON a thoroughly accurate and reliable timekeeper, a handsome watch, one you could give as a gift on the most special occasion, and a feature of this watch is the extra low price we ask for it, a price that represents cost of production with but our small profit added. Men's and women's 7 to 21 jewel, \$8.50 to \$23.50. See the EATON watch exhibit in Manufacturers' Building at the Fair.

Solid Cuff Links, 1.50 LIMITED QUANTITY. An extremely low price for solid gold—it's merely the price for gold-filled links, but as we've only about 50 pairs we've sacrificed the price to clear them Monday; pair 1.50

TWO SUITS FOR DIVORCE

Application From Quebec is Aftermath of Scandal. OTTAWA, Sept. 3.—(Special.)—Notice is given in Canada of two more applications for divorce which will come before the senate. Archibald Laurie of Quebec city seeks a divorce from his wife, Amelie J. McCaghey, while Ada A. Reid, Toronto, seeks divorce from her husband, Josiah Reid.

A despatch from Quebec states that Laurie, on Sunday night last, told his wife that he was obliged to leave the city. He returned at midnight in time to see a man disappear from a back graveyard. The name of a prominent medical man is associated in the scandal, and a suit for \$50,000 for alienation of affection is said to be pending.

Funeral of Sergeant Vessey. The funeral of the late Sergeant Vessey took place yesterday afternoon from his residence, 113 River-street. About 50 members of His Majesty's Army and Navy Veterans attended, and Rev. Mr. Barron, chaplain of the association, officiated at the house and graveside. There was also a representation of Grand Trunk employees.

BURGLAR FIRED REVOLVER

Finch Farmer Victim of Two Daring Marauders. FINCH, Ont., Sept. 3.—Masked, armed and carrying a lighted lantern, two burglars entered the house of Joseph Stewart, farmer, near this place, between 1 and 2 o'clock Thursday morning. One of them went to the man's bedroom and roughly demanded money, firing a shot at the same time, the bullet striking the wall just above Stewart's head. Judge Stewart, who was in the house, and her husband told the intruder that the money was in his pants pocket. Kicking the intruder downstairs, the burglar called to his companion, "Mike, see if the money is in the pockets." Mike found it and the two departed, taking with them a fine coat and a hat worth \$42, about which seemed to expect more. Stewart had just received \$140 for some cheese, but had given his brother \$100 to buy some hired hands with.

VISITORS TO THE EXHIBITION

We extend to you an invitation to our store, make it your home while in Toronto, make it a meeting place for you and your friends—have your mail addressed care of our store, we will be pleased to care for your coats and parcels while you are sight-seeing and when you are tired you will find rest and pleasure in strolling through our Cut Glass and Silver rooms, viewing and admiring our immense display of Diamond ornaments—then you will find our souvenir department most interesting, for we have reduced our prices on the entire assortment. We are now selling Solid Silver Enameled Belt Pins at \$1.00 and \$1.50.

AMBROSE KENT & Sons, Limited 156 YONGE ST., TORONTO ESTABLISHED 1868.

GOD'S CERTIFICATE WILL BE CANCELED

Committee of Enquiry into Charlotte Collision Says Engineer Was Drunk. Engineer God of the Turbinia was intoxicated when he ran the steamer against the Kingston and other boats at Charlotte about three weeks ago, according to evidence submitted before the investigating committee on Thursday. A report of the investigation has been forwarded to the London Board of Trade, which issued God's papers, and it is probable that his certificate will be canceled by that body.

DREAD GERM IN TROPHIES

Eggs of Tsetse Fly in Pelts Sent Back by Roosevelt. WASHINGTON, Sept. 3.—The fear that the faunal trophies sent home by Theodore Roosevelt from the heart of Africa may spread thru America a scourge of the death-dealing tsetse fly caused the health officials of Washington to-day and demand the most drastic measures for the disinfection of the ex-President's collection. Eggs of the tsetse fly, which bears the germ of the sleeping sickness, and which, swarming thru the dark continent, has depopulated whole districts and brought death to five millions of people in the last ten years, were reported to have been found in the skins of the antelope and zebra, which are now being prepared in the Smithsonian Institution. The report added that the experts in charge of the work were considering the hatching out of the ova for scientific examination.

SUFFERED FROM HUNGER

"We now began to suffer hunger. Our provisions were becoming exhausted, and we were unable to get any more. We entered Ringnesland and on June 20 found the first animals on our route. We had only a half interest in the former and a quarter interest in the latter claim, now valued at more than \$20,000,000, is dead at his home in Spokane, Wash. The immediate cause was a second stroke of paralysis on the morning of August 20.

OLD GOLD CIGARETTES

"But we suffered much hunger during this period. One night a bear came and stole our food. We have not eaten since. We were attacked by a bear and a wolf against them was the lasoo. The correspondent's story quotes Dr. Cook as saying in three weeks of fog that day we reached our provision stores at Etah was a greater day than April 21 I long to get back to civilization, to my wife and children, to my children, I long to press my wife's heart. I am the happiest man living."

MILITIA DEPARTMENT HAS A GREAT DISPLAY

Heavy Guns, Lyddite Shells and Other Deadly Engines of War Seen at "Ex." An exhibit which was a centre of interest all day long was the ordnance display by the militia department of the Dominion Government, in the new transportation building. The armament is in charge of Sgt. Cruchley and seven men of the Royal Canadian Garrison Artillery, Quebec, and these courteous demonstrators were kept busy explaining the fine points in an artilleryman's education.

BATTLESHIPS OF ICE

Chief Decoration at R.C.Y.C. Dinner to Condon Charlie. "Condon Charlie" was the guest of the Royal Canadian Yacht Club at dinner last night and delighted about 150 members and friends with a stirring address, touching on naval matters. Commodore Marlett was chairman, and among other prominent persons present were: Geo. J. Gooderham, J. R. Boswell, C. A. B. Murray, Norman Gooderham and Lewis McMurray.

DONKEY DISCOVERED SILVER MINES

Norman Buck, who in 1886, while associate judge of the supreme court of Idaho assigned to the four northern counties, reversed the finding of a jury and decided that, as the Bunker Hill and Sullivan mines, bonanza lead-silver producers in the Coeur d'Alenes, were discovered by a donkey, his owners, Cooper and Peck, were entitled to a half interest in the former and a quarter interest in the latter claim, now valued at more than \$20,000,000, is dead at his home in Spokane, Wash. The immediate cause was a second stroke of paralysis on the morning of August 20.

HARRY HERMSEN IN "THE BURGMASTER" AT THE GRAND.

Harry Hermesen in "The Burghmaster" at the Grand. The play is a comedy in three acts, written by the author himself. It is a story of a man who has been in prison for a long time and who has to start all over again when he is released.

WORK BEGINS TO-DAY ON CONSTRUCTION OF SPLENDID HOME WHICH WORLD'S FIRST GRAND CAPITAL PRIZE WINNER RECEIVES

TURNING OF SOIL FOR BUILDING OF HOUSE

After Notable Battle of Ballots, the Candidates See the Reward of Their Efforts.

This morning, in one of the most beautiful locations to be found anywhere around the city, will be commenced the work of excavation for the erection of the splendid residence which, with the lot on which it will stand, is to be awarded as the first grand capital prize in The Toronto World's \$15,000 prize competition. The spot, which has been finally decided upon after a great deal of care and consideration is an ideal one in every way, and the fortunate owner of the prize will be able to boast the possession of a charming home which will be a pride to the owner and the envy of all of his or her friends.

Site Beautifully Located.

In June last, Messrs. Goulding and Hamilton, the well-known real estate firm of the city, purchased on behalf of a wealthy syndicate fifty-two acres of the Bull estate, situated on the hill north of Davenport-road, between Ossington-avenue and Dufferin-street, with the intention of converting it into a residential district. The purchase price was \$104,000; and the land has been divided up into about 300 excellent lots. It is bounded on the south by Davenport-road, on the north by St. Clair-avenue, and lies somewhat west of Bathurst-street. Apart from its beauty, the property possesses considerable historical interest, for it was here that was built the first brick house erected in York Township, when the land was acquired in 1820, by W. Bartley Bull, one of the earliest settlers in the township. He named the property Spring Mount, and it remained in the possession of the Bull family until they disposed of it to Messrs. Goulding and Hamilton.

Not only will The World's prize house be situated amidst superb surroundings, but as the land is located in one of the highest points in the neighborhood, the lucky tenant will obtain a notable advantage from a health standpoint. From the vicinity a fine view of the whole of the city can be obtained and a lovely panorama of the island and the waters of the lake is another admirable feature of an unusually enchanting outlook. Near at hand is the charming residence of Mr. James Crang, one of Toronto's foremost contractors, who selected this locality on account of the numerous attractions it offers from the point of view of health, scenery and convenience.

Restrictions Ensure Good Homes.

There are important restrictions upon the property which will ensure its remaining forever a high-class residential estate. All the houses must be of solid brick, and must be kept back twenty feet from the street line. The estate is very artistically laid out in avenues and crescents, and stately oak trees are scattered all over the property. Already Messrs. Goulding and Hamilton are receiving numerous applications for lots, and there is every prospect that before many months have elapsed the whole estate will be well built up by valuable and artistic homes.

The lot which The Toronto World have been fortunate enough to secure for the erection of the prize house is number 49—one of the most charming locations on the whole property. A beautiful old oak tree stands on the lot and will form a delightfully cool and shady retreat during the hot summer months. The garden at the rear will overlook a lovely ravine or driveway, and everyone who views the spot will admit that the site, which has been selected has advantages which could not be equaled anywhere around the city. At the present time a ten minutes' walk from the Dovercourt cars takes the visitor to the lot, but there is no doubt that before long the street-railway company will be compelled to extend their lines to this district on account of the rapid development which is bound to take place. The Davenport-road cars in connection with the Bathurst-street route already pass right by the property.

The estate is not yet within the city limits, but is included in the Dovercourt section, which has now an application before the provincial railway and municipal board for annexation to the city. The property will, however, remain taxed as county property for five years after the city takes it over, so that the taxes will be small for a considerable time to come.

Proof Positive for Candidates.

An exact replica of the house to be erected is 808 Dovercourt-road, and competitors and others interested in the matter can inspect that building on making application for a key to Messrs. Goulding & Hamilton, at the corner of Richmond and Victoria-streets. The house will be a commodious detached solid brick structure containing eight well-lighted rooms. There will be three rooms on the first floor, three on the second floor (where will also be a separate bath and toilet) and two spacious rooms in the attic. There will be a large cellar under the whole of the house, and a modern furnace will be installed. The verandah will be built on brick piers, and an entrance to the balcony above will be obtained from the front room upstairs. A stylish grate and mantel in

the parlor will add greatly to the cheerful appearance of that room. There will likewise be a mantel upstairs.

Messrs. Goulding and Hamilton are now receiving applications on behalf of the syndicate for the disposal of the remaining lots, and from what has already been said those who are seeking a suitable location for a home will realize that here is the ideal spot for them. Some years ago the property was spoken of as a likely spot for a city park or reservoir, but the negotiations in that direction did not go very far. Considering the reasonable prices at which it has been decided to place the property on the market, and the interest which has already been aroused in its development, it is certain that the lots will readily be bought up and houses erected. The lots range in price from \$20 to \$30 per foot, and in this connection it is well to note that on the same hill, a little further east, land is realizing from \$60 to \$100 per foot.

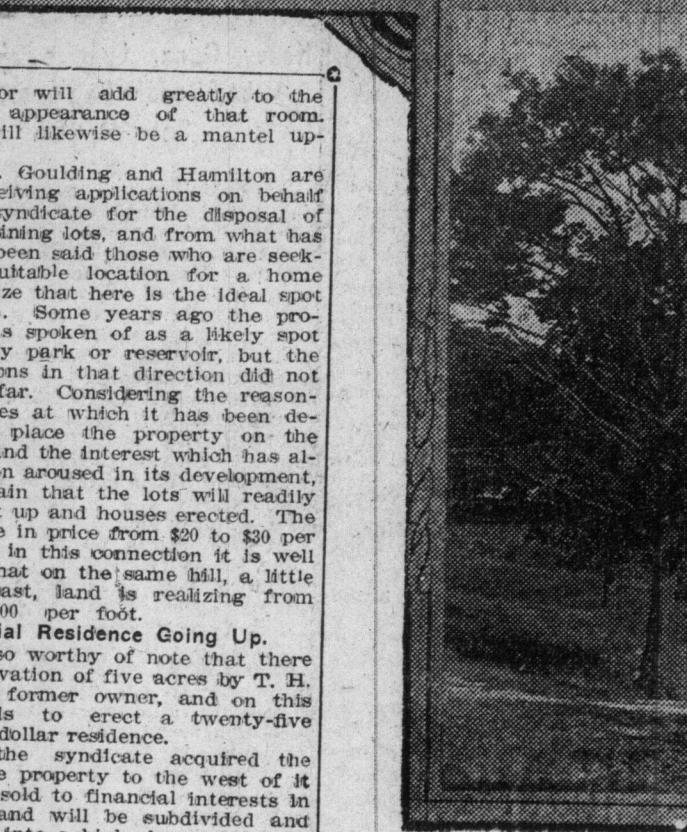

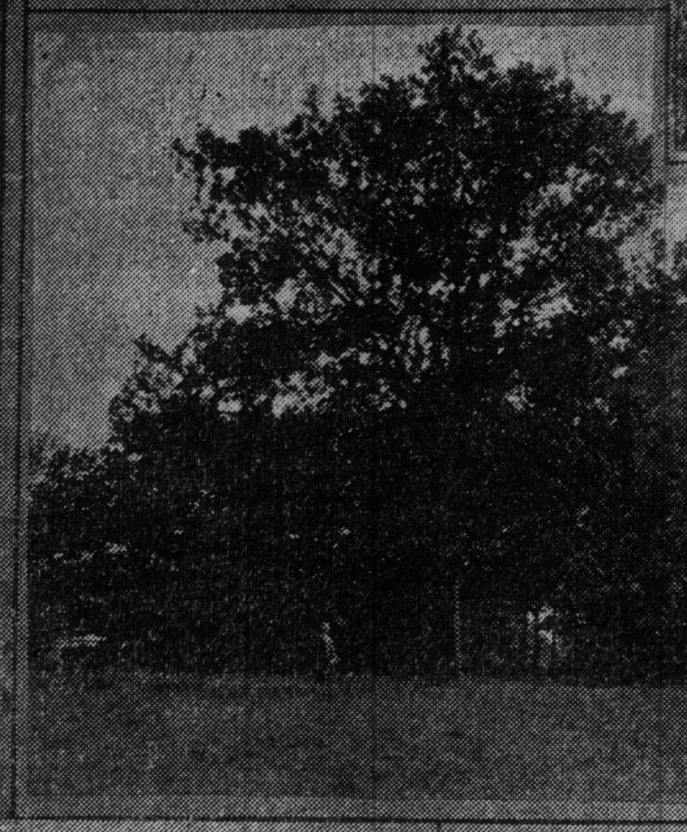

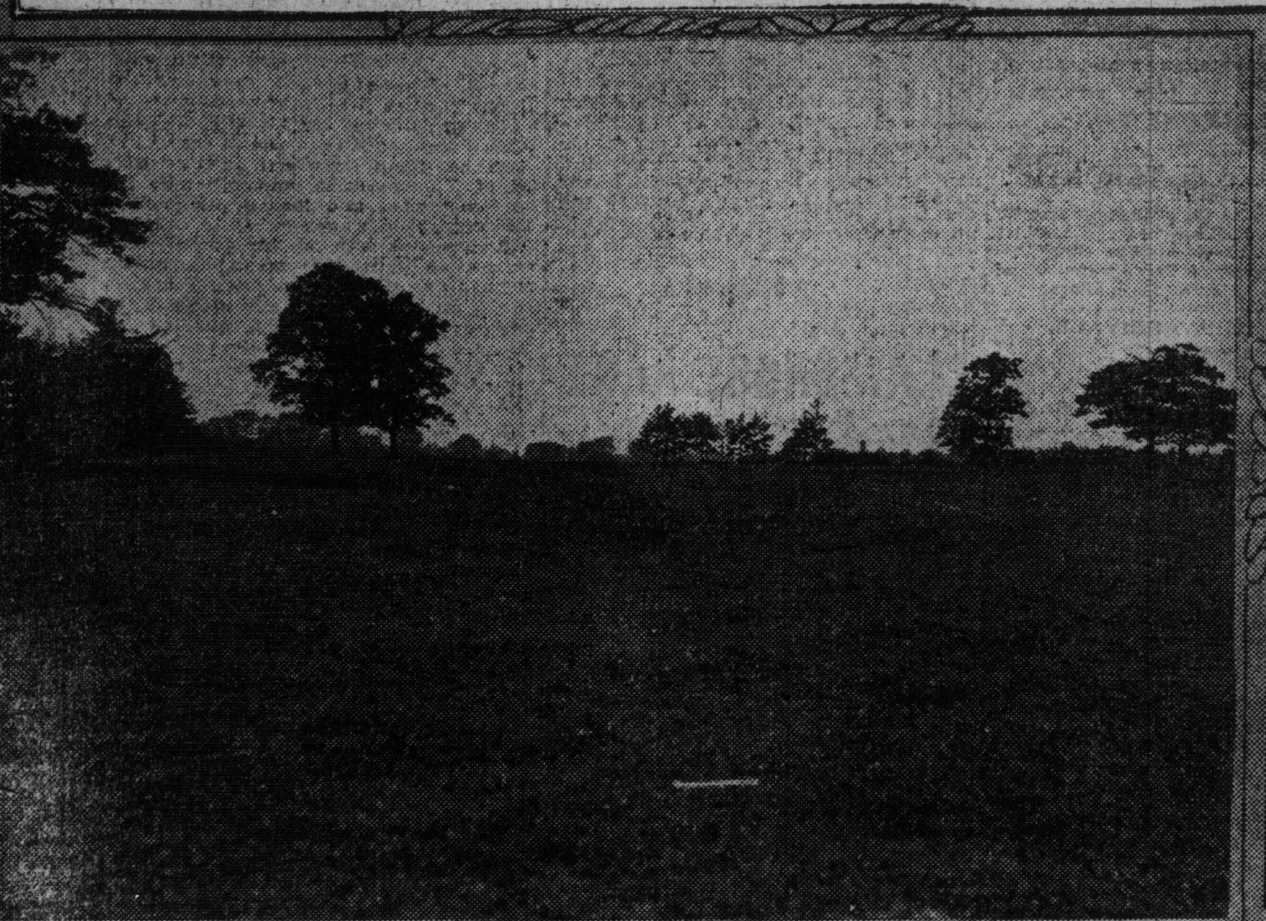

Palatial Residence Going Up.

It is also worthy of note that there is a reservation of five acres by T. H. Bull, the former owner, and on this he intends to erect a twenty-five thousand dollar residence. Since the syndicate acquired the estate, the property to the west of it has been sold to financial interests in Toronto, and will be subdivided and converted into a high-class residential section after the leases expire on April 1, 1910, thus giving an assurance that the whole district from Ossington-avenue to Dufferin-street and from Davenport-road to St. Clair-avenue will become an important solid brick residential limit, and one which will compare favorably with the Avenue-road district.

The World's offer, it will be remembered, was originally a \$4000 house and lot, but owing to the locality selected the value of the prize will be altogether \$4500.

Open for Careful Inspection. The World's mammoth prize competition, which is far and away the greatest undertaking of its kind ever introduced into Canada, closes on Sept. 10, and the details of the coveted first prize given above should stimulate competitors to make a final effort to head the list when the last ballots are counted. Detailed descriptions of the home will be given from day to day until the close of the contest. Any candidate requiring any information or desiring to see the property is at perfect liberty to go and inspect it. The World is only too pleased to offer every possible assistance toward satisfying its contestants for this great award.

PASTOR RUSSELL'S SERMON

Spiritual Israel, Then Natural Israel. Text, "If Ye Be Christ's Then Are Ye Abraham's Seed, and Heirs" (Galatians, iii., 29)

WATERTOWN, N.Y., Aug. 29.—The Lord. He took counsel of none of us, and holds Himself fully responsible for all that He does.

God's agency or channel for bringing about the promised blessings—the blessings of all the families of the earth.

Assurance of Almighty's Oath. Doubtless Abraham and all of his family, in the flesh, drew a certain amount of blessing and encouragement from this covenant.

Change in Jackson's Point Special. For the convenience of those wishing to spend the holiday at Jackson's Point, Grand Trunk special train leaving Toronto at 1:40 p.m. to-day will not return from Jackson's Point until 7:40 a.m. Tuesday, Sept. 7th, reaching Toronto 9:50 a.m.

The Lid on at Atlantic City. ATLANTIC CITY, N.J., Sept. 3.—Sixty-seven warrants, comprising an equal number of liquor dealers with violating the Sunday closing law were obtained to-day by agents of the Lord's Day Alliance, and good citizenship league.

Garden Party at Government House.

Fortune and the weather smiled on the reception and garden party given at Government House yesterday afternoon from 4 to 6 o'clock in honor of Admiral Lord Charles Bessborough. Never did the grounds look better. Nearly 2000 guests enjoyed the gubernatorial hospitality, the gay dresses of the ladies lending the necessary touch of color to the scene.

Sales Doubling Every Six Months.

Wonderful Demand for a Wonderful Remedy. During the past few years, the sales of "Fruit-a-lives" have doubled every six months. For the six months from January to July of this year, the sales of this popular medicine were more than twice greater than for any similar period since "Fruit-a-lives" was introduced to the public.

MAJESTIC MUSIC HALL MORRIS VIOLETTTE

Play House to Open Under a New Policy on Monday, Labor Day—Theatre Bills Next Week.

The Wm. Morris, Inc., the big New York vaudeville combination, will open the Majestic Music Hall on Monday (Labor Day), having recently completed arrangements with A. J. Small respecting the bookings. Since the arrangements for attractions were completed a staff of decorators under the direction of William E. Clark of Chicago have been working every night and day on the popular playhouse, and everything will be in splendid shape for the opening, which has long been awaited for by the many lovers of high-class vaudeville in this city.

Amusements

"The Man From Home"

Possibly the enormous success of the new comedy drama, "The Man From Home" written by Booth Tarkington and Henry Leon Wilson, which will be seen at the Royal Alexandra Theatre for the week commencing Monday night is the most successful measure to the inherent appeal of the play itself, for while it is undoubtedly a fact that the excellent actors engaged by the management have no small measure contributed to its popularity, it requires something more than talent from a theatrical standpoint to bring success out of a stock story.

"The Hastings Show"

"The Hastings Show," a very burlesque which will be the Gayety next week. This is the first presentation. The company comes with the best press comments from all parts of the country, with the most endorsements and the "standing room only" has been much in evidence. The entertainment promises to be a little more than a little more than the usual term "burlesque."

"The Parisian Model"

Miss Gertrude Taylor, who sings the role of "Violette" in "The Parisian Model," which will be presented at the Grand Theatre, opening on Monday, is a pupil of the Grand Theatre. Her mother, a famous operatic teacher of New York, Mrs. Pappenheim, Miss Taylor is the possessor of a rich lyric soprano voice, and since her debut several years ago, in "Florodora," her progress in her chosen profession has been rapid.

"The Burgomaster"

Harry Hensman will see the big revival of "The Burgomaster," which will be presented at the Grand next week, opening with a special holiday matinee Monday night. Mr. Hensman will be seen in the role of the "Burgomaster," a character who is a combination of a bird and a man.

Shea's Big Bill

At Shea's Theatre next week Manager Shea has prepared another big vaudeville bill. The two most important acts are the De Haven sextette, featuring Sidney C. Gibson and Velma Westony, the Hungarian pianist. The De Haven sextette is said to be in better shape this season than ever before, and it is claimed that Sidney Gibson, who succeeded Carter De Haven in the only male part, has added materially to the value of the act. The girls, it is said, are pretty and dashing.

BABY'S GREAT DANGER DURING HOT WEATHER.

More children die during the hot weather months than during any other time of the year. Diarrhoea, dysentery, cholera infantum, and stomach troubles come without warning, and when a medicine is not given promptly to give prompt relief, the delay may prove fatal to the child. Baby's Own Tablets should be kept in every home where there are children during the hot weather months. An occasional dose of the Tablets will prevent deadly summer complaints, or cure them if they come unexpectedly. Mrs. E. M. Moore, of St. Louis, Mo., writes: "My baby suffered from a severe attack of cholera infantum, but after giving him Baby's Own Tablets the trouble disappeared, and he regained health splendidly." Sold by medicine dealers or by mail at 25 cents per box from The Dr. Williams Medicine Co., Brockville, Ont.

McQUARRIE'S 282 YONGE ST. VISITORS TO THE NATIONAL EXHIBITION

"All-for-Women" Store. You may have made many a visit to the city to see Toronto's great Fair, but this is the first time you have had the opportunity of visiting the "All-for-Women" Store.

FEATURING TO-DAY WOMEN'S SUITS AND COSTUMES. A splendid collection of them—fashioned after New York and Paris "1909" Autumn Models—beautiful new fabrics—rich shades—stunning effects—popular prices.

NECKWEAR. Only been in business a few weeks, but we're "famous" already for our exclusive Neckwear displays—5c, 10c, 15c, 25c.

Don't Feel Under Obligation to Buy—COME AND SEE 282 The A. F. McQuarrie Co. 282 YONGE STREET 802

SCIENCE VASTLY ENRICHED BY DISCOVERY OF POLE. Netted Astronomer's Views—Is There Proof of One-Time Temperate Atmosphere There?

Marie Dressler Bankrupt. NEW YORK, Sept. 3.—Lelia B. Dressler, known on the stage as Marie Dressler, to-day filed a voluntary petition in bankruptcy. She gives her liabilities as \$24,888, and says her only assets consist of a small amount of cash, valued at \$100. The petition is said to be the outcome of her unsuccessful theatrical venture in England.

Defying Superstition. It would seem that Mrs. Leslie Carter beginning her third season under her own management is determined to defy all superstitious auguries. As a matter of fact, she differs from the general run of people in that she believes in the good fortune of the Cabalistic number 13.

Forty Hours' Devotion. The forty hours' devotion at St. Joseph's Church, Leslie-street, conducted by Rev. Father Deering of the Redemptorist Fathers, will close on Sunday evening.

Liquor & Tobacco Habits. A. McTAGGART, M.D., C.M. 15 King St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Hon. G. W. Ross, ex-Premier of Ontario; Rev. A. Burwash, D.D., President Victoria College, Toronto; Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthy, safe, inexpensive home treatments. No hypodermic injections, no purgatives, no loss of time from business, and a certain cure. Consultation or correspondence allowed.

Sir Charles at Women's Club.

A sane, unaggressive, but determined and unflinching imperialism was advocated by Sir Charles Bessborough in his address to the ladies of the Women's Canadian Club in the Conservatory of Music hall yesterday morning. "Do not get a force, not to fight, but to prevent fighting, in order to keep every phrase in which he summarized his ideal for the navy."

IN SOCIETY.

Miss Ethel Vance, Buffalo, is the guest of Miss Adele Hart, Logan-ave. Mrs. C. T. Bennett, Winton, accompanied by her daughter Sybil, is the guest of her sister Mrs. Walter Burdell, Victoria-ave.

Excelsior Rink Pleases

American Visitors Comment approvingly on its Appearances. For roller rink perfection, the Excelsior rink, corner of College and Grace-streets, is foremost. A large number of visitors interested in roller skating have inspected the rink and were loud in their praises of the management and equipment.

A WINDSOR LADY'S APPEAL.

To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Uterine Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Back, or Bowed, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12c a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box 166, Windsor, Ont.

Winnipeg Hotel Deal

George H. Nicholson, Formerly of Hamilton, Gets the Clarendon. The Clarendon Hotel property at Fortage-avenue and Ronald-street, has changed hands. Financial negotiations were completed this morning, as a result of which the property will, on Oct. 1, pass from the hands of C. Y. Gregory to George H. Nicholson. The consideration is said to be \$225,000. The new proprietor is well known to the traveling public. For four years he was proprietor of the Hotel Ibis at Hamilton, Ont. Afterwards he became a representative of a wholesale house in this city.

HURSTING THE HARVEST

Farmers Are Making Remarkably Fast Progress With the Work. BRANTFORD, Man., Sept. 3.—(Special.)—With a period of perfect weather the farmers have been making remarkable progress in threshing operations, and reports from all districts are that work will be finished much earlier than was expected. If weather conditions are favorable, this season of harvesting and threshing will be one of the best in the history of the district, and eastern harvesters will be enabled to return home much earlier than in other years.

NATIONAL JEWISH ORPHANAGE

Montrealers Arranging for Raising a Big Fund in Canada. MONTREAL, Sept. 3.—There are now nearly 30,000 Jews in Montreal, and they are making their influence felt in all walks of life. A mass meeting of various Jewish organizations and committees have been held to take steps looking to the provision of a Jewish orphanage of a national character, which will care for the children of Jews from all parts of Canada. Appeals for funds will be made in the leading Canadian cities where there are Jews residing in any considerable numbers.

13 CHINAMEN GO TO JAIL

Refuse to Pay Fine for Neglect to Take Out Licenses. KINGSTON, Sept. 3.—(Special.)—Refusing to pay a fine of \$3 and costs for non-payment of laundry tax, thirteen Chinamen to-night went to jail for ten days. Their shops are now closed. They cannot do business unless a license is taken out. Four celestials refused to obey the summons to attend court, and the police had a lively chase before they landed them. A. B. Cunningham, their counsel, is taking steps to have the by-law passed by the city council, increasing the tax from \$5 to \$50, questioned.

Hit by an Auto.

GALT, Ont. (Special.)—Ernest Snowball, a newsboy, was knocked down by George Elliott's auto, and had his shoulder crushed. An electric light pole was struck in the mishap. The Waterloo County Women's Institute elected these officers: President, Mrs. Lachne, Hawkesville; vice-president, Mrs. C. E. Brown, Cambridge; Mrs. G. Bowman, Conestoga; Mrs. G. Knowles, Hespeler; Mrs. Richmond, St. Jacobs; Miss Harvey, Brantford.

Miniature Grand Pianos.

The small grand or miniature grand piano is the latest thing in pianos. It is an interesting and compact product of wonderful power and possibility. Small in size so as to meet the accommodation of the average drawing room, at the same time it possesses all the characteristics of the larger grand. A very handsome piano modeled along these lines is included in the exhibit of Heintzman Co., at the Canadian National Exhibition.

BELL PIANOS. Our factories are producing pianos that compel the most enthusiastic approval from musicians everywhere. No one can listen to the exquisite BELL tone without being enthralled by its beauty. It is worth your while to visit our exhibit at Toronto Exhibition and see our products, or at BELL PIANO WAREHOUSES 146 Yonge Street. PIANOS RENTED

Advertisement for a National Exhibition, featuring various items like neckwear, suits, and scientific discoveries. Includes text like 'SCIENCE VASTLY ENRICHED BY DISCOVERY OF POLE' and 'Netted Astronomer's Views'.

Sealing Letters. Have you seen the machine sealing envelopes, 100 a minute? It is exhibited by a time-server. It is exhibited by the United Typewriter Co., together with several other wonderfully clever office machines.

FORMER TORONTO BOY SCORES IN GUATEMALA

Archie Summerhayes, Now Visiting Home, Holds Prominent Post in Central America.

Archie Summerhayes, second son of W. F. Summerhayes, Broadview-avenue, is home after having been away five years. For years he was an officer in the mercantile marine, and has sailed before the mast on nearly every sea.

The committee on works heard a vigorous protest at the city hall yesterday afternoon from Ald. Baird. That representative of Ward 7 declared that it was a question if West Toronto would have agreed to annexation if such delay had been anticipated as had occurred with respect to paving and other urgent improvements.

The waterworks department was instructed to make a report on the number of persons outside the city limits now using city water, the cost of its supply, and the revenue produced.

While there is a goodly number of Germans, British and Americans. The Germans and the British handle the larger volume of the foreign trade.

The peanut is rapidly becoming an important farm product throughout the Southern States, says the September Popular Mechanics in an illustrated article. It says:

ERIN'S CROPS. Buckwheat and Potatoes Are Plentiful This Year.

FARMERS' INSTITUTE CLUBS. The past winter has seen a good deal of activity along this line of institute work.

Many Admirers of the Heintzman & Co. Special Grand. What interested centres around the exhibit of Heintzman & Co. Ltd. in its entirety, at the same time special attention is being given by visitors to the Canadian National Exhibition to the exhibit of Heintzman & Co. Ltd.

Plenty of Cars for the Grain. OTTAWA, Sept. 3.—M. J. Butler, deputy minister of railways, returned today from an inspection trip of the west.

Charming Muskoka, Beautiful Lake of Bays. The most delightful summer resorts in America, splendid service by Grand Trunk and good hotel accommodations. Visitors to Toronto Exhibition should make side trip. Low rates.

Horse Fell on Baby Carriage. ST. CATHARINES, Sept. 3.—Mrs. Gough and her young sister, Lily Hilton, aged twelve years, were wheeling a baby carriage containing two children, W. E. Gough, four years, and Lily Hilton, aged two years, when they approached them driving a spirited horse. The animal became frightened at a trolley, and shed. It left the road, and reared up its hind legs, coming down upon the baby carriage and completely destroying it.

RAILWAY MEN CANNOT GIVE ADEQUATE PROTECTION AT DUFFERIN CROSSING

CANADA'S PRESS AT FAIR MISS VISITING ADMIRAL

Speeches Indicate Growing Good Feeling of Rural Editors For Toronto.

Press Day at the exhibition attracted an unusual number of the knights of the quill, the possibility of meeting Lord Charles Beresford perhaps having its effect. A vast crowd of editorial talent gathered at the directors' luncheon, and overflowed from there to a neighboring restaurant. But Lord Charles for once had slipped. His cab or dragged his anchor, and did not turn up. He had been at the Ladies' Canadian Club in the morning, and in the language of the Rev. Mr. Cameron may have been "entangled in the draperies," but it was a great disappointment to the editorial contingent.

George H. Goodrich, as president, made all the explanations he could think of and after the royal toast called on several speakers. J. F. McKay, acting president of the Canadian Press Association, expressed the regret of the members on the death of their president, L. S. Channell, Sherbrooke, whose unmitigated and self-sacrificing labors for the association were well-known. Mr. McKay noted the growing good feeling towards Toronto, and the exhibition, due so largely to the attitude of the rural press, whose references to Hogtown were now happily few in number. The exhibition board has never resented criticism, and it had often been severe. This had assisted the improvements which had been carried out from year to year.

"Jamalea" Johnston was an interesting visitor. Dr. James Johnston is notable for his 4000 miles tramp across Central Africa. He is a graduate of Trinity, and now resides in Jamaica, which he thinks ought to be part of the Dominion. Fergus Kyle, president of the Toronto Press Club, made a neat little speech, as clever in its way as one of his sketches. Mayor W. S. Dingman of The Stratford Herald and W. E. Smallfield of The Renfrew Mercury joined in felicitations for the exhibition board. Lord Charles, Mayor Dingman suggested, was probably afraid of being interviewed by 200 newspaper men. Hon. W. J. P. Hannay, who was editor of The Ontario Gazette.

ALMOST A CENTENARIAN

William Lavine, Aged 98, Addresses York Pioneers. An address by William Lavine, who bears his 98 years wonderfully well, was the feature of the gathering of 200 York Pioneers at the old log cabin on the lakeshore. The white-haired veteran declared that, although he was 98 years of age when he came to Toronto from Kingston in 1867, the best years of his life had been spent here. He was a playmate of Sir John A. Macdonald in Kingston.

IN THE DAIRY BUILDING

Butter Making Competitions Will Not Take Place Till Next Week. Many visitors to the dairy building have been disappointed in the past two days because of the absence of the butter-making competitions advertised in the exhibition management. The contests were to have taken place Monday morning, the explanation being that the amphitheatre is required for other purposes.

Grass in Bad Shape

Ald. Foster, who is an aggressive member of the civic parks committee, isn't satisfied with the appearance of the grounds this year. "It has been a hot summer, but I don't see why the grass should have been looking so brown and bedraggled before exhibition opened," he remarked last night. "The grass is certainly not looking nearly so fresh as in other years."

Exhibition Notes.

During the first three days of the exhibition paid admissions numbered 32,000 more than for the corresponding period of last year. On Manufacturers' Day receipts for 1500 spectators. The attendance for the three days was 149,000, or an increase of 28 per cent. The entries for the poultry show are away ahead of last year, and owing to the limited accommodation the perplexing problem is what to do with them all.

TODAY Commercial Travelers' Day

- 7 Gates open. Buildings open. 10.30 Butter-making. 11 Judging Cattle and Swine and Breeding Horses. 11 Model Camp open to the public. 11 Test of Fire Escapes on Manufacturers' Building. 11 6th Band, Buffalo, Artillery. 11.30 Winnipeg City Band, Main Band Stand. 1 Directors' Luncheon. 1.30 R. C. H. Band, Main Band Stand. 1.30 R. C. H. A. Band, Model Camp. 2 Judging Harness Horses. 2.30 Demonstration of Manual Training in Women's Building by ten boys. 2.30 Travellers' Mass Meeting, Dairy Amphitheatre. 2.30 Musical Ride in front of Grand Stand. 2.45 Vaudeville in front of Grand Stand. 3 Japanese Day Fireworks. 3 Alber's Great Polar Bear Show. 3.40 Flying Bananas. 4 Musical Drive. 4 Hamilton vs. Toronto Travellers' Club. 4.30 Lord Charles Beresford addresses public meeting in Dairy Amphitheatre. 5 Five Mile Race in front of Grand Stand. 5 Exploding Submarine Mines on lake front. 5.30 Band Concert, Main Stand and Model Camp. 7 Vaudeville in front of Grand Stand. 8 Special Fireworks, representing "Life on the Road." 8.15 Musical, Drive, Musical Ride, Cavalry competition. 9.15 British Army Quadrilles. 10 Tattoo, Siege of Kandahar. 10.15 Closing Display of Fireworks.

should we be asked to pay as much as it costs to enter the grounds? Some of the soldier boys quartered at the model camp seemed to be imbued with the idea of something and see who's boss' idea. They did the starting by breaking up a few chairs belonging to the exhibition, and they also got the information. The police authorities complained to Col. Williams, camp commandant, and he broke the news to the delinquents that it would be advisable to restrain their destructive tendencies.

The 30th Battalion Band of Guelph serenaded the press building during the afternoon. The excellent music was not only enjoyed by the newspapermen, but by the general public.

Reforming the Boys

According to the ideas of Jno. A. Patterson, president of the National Cash Register Co., of Dayton, Ohio, the solution of the "bad boy" problem lies in the attitude of the employer towards his help. This and many other interesting subjects were taken up at yesterday's free illustrated lectures in the woman's building on the exhibition grounds. As an instance in point, the company's first buildings were erected in the midst of the toughest district in Dayton, O. The walls of these structures were constructed principally of glass, and the unruly lads of the neighborhood took a huge delight in breaking the windows, etc. One day Mr. Patterson, addressing the directors, said: "See here, we have got to get hold of these boys in some way and endeavor to develop them into good citizens. I propose that we clean up a tract of land and give each boy a garden plot to work as he best pleases." The suggestion was adopted at once, all the tools being provided by the philanthropic company. A skilled gardener was placed in charge of the whole plantation. Prizes were offered for the best gardens and the best specimens raised in them. The effect was marvelous and immediate. There was no more trouble with the lads. Gradually they became enlisted into evening study clubs, where they were taught to refrain from abuses of the flesh and learn the sacredness of the human body. Brilliant colored lantern pictures were shown of the boys at work and in the evening classes. They were also shown playing games in a great campus provided for the purpose. The company has grown and is still growing to such huge proportions that a position with its plant is guaranteed to every boy who works a garden, as soon as he has attained a proper age.

UNDER THE GRAND STAND

Series of Most Interesting Exhibits Apt to be Overlooked. Under the grand stand where the royal presents were displayed some years ago, where the naval models were shown later and where the great exhibit of the cities of England were seen subsequently, this year, in the airiest, roomiest area on the grounds, there is gathered what appears to be the cream of all the exhibits of the year. Natural history, manufacturing, agricultural, and many other branches of artistic and indispensable activities are illustrated here in a way hitherto confined to the art and process buildings. The general public have not been aware of the great space taken up under the grand stand, by these valuable and interesting exhibits, an idea having prevailed that all the space was occupied by the restaurants, but this is not the case, as the delighted crowds are gradually discovering. Those who wish to see these interesting sections should be sure to visit them.

May Have Spickpoketa.

Jessie Marie Spanik, was remanded till the ninth in the police court yesterday morning on a charge of vagrancy, when Josephine Fisher, colored, will come up on the same charge. The police think that they can show that these women have to do with the picking of men's pockets in lanes. The woman hope to prove an alibi and the police are seeking to prove awaylay.

New Bank Branches

Branches of the Bank of Toronto have been opened at Lethbridge, Alberta; Kennedy, Sask., and Benito, Man. A branch will also be opened at Calgary in the course of a few days.

Splendid Fishing Lovers Scenery Close to Post Office and General Stores

OATS BELOW AVERAGE BUT OTHER CROPS GOOD

August Crop Report of the Ontario Government is, on the Whole, Favorable.

The August crop bulletin about to be issued by the Ontario Department of Agriculture will contain the following regarding the condition of crops in the third week of the month: Fall Wheat—This crop has turned out much better than was expected early in the season, the yield for the province being well above the average, and the weight and general quality of the kernel being well up to the standard. Here and there poor returns have been reported, sometimes running as low as 10 bushels an acre; but on the other hand large yields are more common. In some instances going as high as 40 bushels to the acre. The weather was all that could be desired for harvesting the straw while ripener short, is bright and clean, reports of rust being only occasional. Several correspondents speak of summer fallowing as having this season proved to be of great advantage to fall wheat growing. The Hessian fly did not do any serious injury, but its presence was noted in Lincoln, Welland, Huron, and most of the counties in the Georgian Bay and West Midland districts. The crop suffered but little from any other insect pests.

Spring Wheat—There is a smaller acreage of spring wheat reported than ever before, more especially in Western Ontario. The crop was only about half cut when correspondents wrote, but it was estimated that the yield will be fully an average. The grain, as in the case of fall wheat, is described as being a good sample, and the straw as short and thin, but clean and bright.

Barley—As in the case of the wheat, barley is characterized as being short in the straw but plump in the grain, and both as being of good color. While many large yields are reported, the average for the province will fall short of that for the last twenty-seven years by nearly a bushel and a half per acre, the late, wet spring and the drought of June being given as the causes. According to some correspondents the very hot weather of mid-summer caused some premature ripening. Cutting ranged from the last week of July to the middle of August.

Oats—Considering the poor seed bed acreage of spring wheat reported this year, the crop is rather good, and will fall to reach an average yield per acre by at least three bushels.

Peas—This crop will be one of the best of the year, but there are some complaints of it ripening unevenly in the field. As in the case of the cereal crop there is a great variation of yields reported. Generally the crop has been better than the last local rainfall. Latest returns were to the effect that the fields were picking up owing to recent rains. Cattle yield those who appear at the proper time getting excellent results. The curculio did much injury to plums where no spraying was done, and odd reports of rot have also come in. While some full yields of peaches are reported, the entire crop will be only a medium one. Cherries were plentiful this year, and of unusually fine quality. Grapes again give promise of a large return, and so far as regularity of yield is concerned, is now regarded as one of our most consistent fruit crops. Small fruits of all kinds did well, and but for the drought prevailing at the time of ripening and picking, would have given record yields.

Pastures and Live Stock—Pastures were in about average mid-August condition, ranging from dry and overgrazed to an acres bush, balance cultivated; nine-roomed brick house, two large barns, carriage house, pigsty and henry; well watered and fenced; a productive farm; ninety-five hundred.

150 ACRES-MARKHAM, TORONTO

Twenty miles, in good neighborhood and good land; an acres bush, balance cultivated; nine-roomed brick house, two large barns, carriage house, pigsty and henry; well watered and fenced; a productive farm; ninety-five hundred.

100 ACRES-HALTON, CLOSE TO MILTON

Good schools, public and high; good stores, banks, and everything that goes to make up a desirable town; rich clay loam, all tillable; three acres orchard; well watered and fenced; large brick residence, cut-stone foundation, furnace; wide driveways and ornamental trees; also second house, for help; carriage house, large barns, good stables, henry and pigsty; ten thousand; exchange for city property.

FARMS FOR SALE

W. A. Lawson's List. IF YOU WOULD LIKE A GOOD, PRODUCTIVE FARM, convenient to the very best markets in Ontario, there is no question about your finding what you want here. We have many good farms listed; some of them are desirable. Come with me and see them if you want something good.

HERE YOU HAVE IT, A LOVELY spot for commercial man's home, 2 acres in Bowmanville, where good schools, churches and railway connections are handy; good brick house, eight rooms, in splendid condition; barn and stable; good new henry, all wired runways; a nifty little home, thirty-two hundred.

50 ACRES-FOURTEEN MILES from City Hall, on good road, two miles to electric car; rich black loam; one acre orchard, running water; splendid frame house; good cellar; two barns, henry, good stables; a nice little farm, convenient to the best market in Canada; fifty-five hundred.

54 ACRES-MARKHAM, MILE AND A HALF from three stations; close to postoffice and school, public and high; clay loam, level, all six-fenced; watered and fenced; six-roomed rough-hewn house, pigsty and henry; situated on stone road; nice grove of maples along stream; house, pigsty, henry, cement silo, good stables; worth seeing; six thousand.

IF YOU WANT TO EXCHANGE YOUR city property for a good Ontario or western farm, I can do it satisfactorily.

50 ACRES-TWENTY-FIVE MILES from Toronto, half-mile to school, church and postoffice, Stoneville district; clay loam, well watered and fenced; one acre orchard; well made frame house, eleven rooms; evergreen hedge and ornamental trees around same; large frame barn, carriage house, pigsty, henry, stables for ten head; three thousand.

100 ACRES-KING-TONE MILE FROM depot. This is a good farm for the money. Ten acres bush, balance cultivated; one acre orchard; artesian well and windmill, also spring; well fenced; ten-roomed brick house, good cellar; bank barn, nine-foot stone wall, carriage house, pigsty, henry, cement silo, good stables; worth seeing; six thousand.

100 ACRES-MILE AND QUARTER from Yonge-street electric cars on railway depot; Toronto twenty miles; half-mile to school, church and postoffice. This farm is a hummer; nothing better anywhere; land and buildings are all; bank barn, cement silo, drive house, cement pigsty; all stables, nicely arranged for easy handling of stock. You can go to this expecting to see a good one and not be disappointed. Ninety-five hundred, and it's worth it.

THE MOST CONTENTED MAN TO BE FOUND IS THE FARMER. He worries less and enjoys more freedom than city folks. Get a good farm and enjoy life.

HORSES AND CARRIAGES. FOR SALE-NICE HORSE, NEW rubber-tired buggy and harness, cheap. 28 Wilton-avenue.

PROMISING SHOWINGS IN MAPLE MT. DISTRICT

White Reserve Mine Cuts Bonanza Vein at 225 Foot Level.

All indications point to a great activity in Maple Mountain this fall and winter. No district looks more promising at the present time, and no property can boast of any better discoveries than have been made on the White Reserve.

Maple Mountain might at the present time be termed the "region of close corporations," as there is very little stock in any of the mines there offering.

A good road leads from the property to Lady Evelyn Lake, where the ore can be shipped by boat to the Montreal River, while in winter a sleigh road runs from the mine direct to Halleybury and Latchford.

COBALT TOWNSITE MINE BEGINS WORK AGAIN

Drifting Being Done at 110 Foot Level—Building Operations in Full Swing.

COBALT, Sept. 3.—The Cobalt Townsite mine is again working, after being shut down for some time, which in itself is taken as an encouraging sign that English capitalists still have faith in that particular property, and also in the camp.

The shaft on the Townsite is down 110 feet, and a lot of drifting has been done in the direction of the Buffalo reef, which has not been touched since the beginning of the re-opened operations.

A splendid feature will be a much wider street and also cross streets, which will tend to do away with the formerly hemmed-in aspect of the town in that quarter.

The buildings being erected are becoming more numerous as it is necessary to make a frame structure, and nearly all will be double and triple the size of the former buildings.

Abraham Essau will have a store on a concrete foundation, 100 x 50 feet, and as the building is nearly finished, he will probably be the first big merchant to open up for business, the Mr. De Wolfe, the blacksmith, and Charles Otten, the barber, have also been busy.

The Northern Supply Co. will soon be occupying their warehouse, erected close by the T. and N. O. tracks, and a gang of men are busy on the foundation work of the new railway station, which will be 148 feet long and 32 feet wide.

A platform 500 feet long will aid greatly to the handling of the immense freight traffic into Cobalt, and this platform will be built of granite.

The yard will also be improved and a retaining wall will be built on the lake side of the track.

A. C. Pulver.

FOOLISH SONG ARE EPHEMERAL.

One of the sociologists who seem peculiar to the University of Chicago is alarmed about the songs of the nation.

He views with alarm the spectacle of public laughter, such as "I Love My Wife, but O You Kid" and "My Wife Got the Country Hokey."

Such songs are ephemeral. The new verified efficiency of the modern world does not deserve this professor's serious treatment.

The passing ditty of absurdity does not deserve this professor's serious treatment. The songs that last are those that count, such as "Darby and Joan," or "Annie Laurie," or "John Anderson, My Jo," or a score of other lyrics, ancient and modern, upon which an undying constancy, upon which the passing years have no power. Their genuine sentiment would outlive in the balance, ten times over, the scurrilous lampoon of the satirist and its thought-

The Public Say That O'Keefe's Star Beer is The Best Temperance Beer on the Market

If we had the opportunity to show you all the letters received from people who have sampled O'Keefe's Star Beer and could not resist congratulating us on producing a Temperance Beer of such excellent quality—you'd sample it without further delay.

O'Keefe's Star Beer

has the real flavor of the finest lagers—people tell us that no other Temperance Beer on the market has the same refreshing qualities—or the delicious, wholesome taste.

Absolutely non-intoxicating—and popular wherever sold. Try it—and then order a case from your dealer.

O'Keefe Brewery Company, Limited, Toronto

WHEN AT THE EXHIBITION DON'T FAIL TO SAMPLE O'KEEFE'S STAR BEER.

PROVINCIAL COMPRESSOR HELPS DEVELOP WALDMAN

Gould Consolidated Interests Also Getting Air From Provincial Mine.

COBALT, Sept. 3.—The compressor of the Provincial Mine is being used to good advantage these days, by the Waldman Mine in the Goulds Limit, and also the Gould Consolidated Interests in the same district.

The Provincial Mine is only a short distance from the Waldman Mine, and air is being obtained to run two steam drills in the shaft at the Waldman.

This shaft is now down 15 feet and the big vein is giving out some valuable ore in the work of sinking. The ore is being sacked for shipment.

The drill is operating in the wall rock, and Engineer O'Donnell says that "franchising is being done on a vein of smallite, showing plenty of bloom."

One feature of these properties which sets itself to the locations is that the main line of the Cobalt Hydraulic Company runs straight thru the properties, not 50 yards from the Waldman.

One Thousand Pianos on Sale.

The old firm of Heintzman & Co., Ltd., are making a clearing of one thousand new and second-hand pianos and organs at their warehouses, 115-117 King-street west.

Every instrument is guaranteed in good condition. Prices are as low as \$65.00 for square pianos, and all are sold on easiest kind of terms.

Dr. McLaughlin's Electric Belt

TO THE WEAK AND NERVOUS.

If you are losing the strength of youth and can see evidence from day to day that your physical system is going to decay, you should, in common justice to your future happiness, take steps to check this.

Don't make the mistake of thinking that this can't be done; it can be, and has been done in thousands of cases.

Don't deceive yourself into believing that it is natural for any person to thus exhaust his strength.

Nature is appealing to you every moment to save yourself. The slight pains that you feel, the momentary spells of weakness, the periodical loss of memory, dullness of brain, drowsiness—all point to the necessity of curing yourself now. I have a positive cure for you in my

STORE OPEN TILL 6 P.M. SATURDAY in order to allow our many friends to participate in the bargains we are offering.

The VOKES HARDWARE CO., Limited LATE COR. YONGE AND ADELAIDE

GOVERNMENT MAY ASK COL. HENDRIE TO REPORT

Condition of Legislative Buildings Invites Recurrence of Wednesday's Fire.

Interest in the ruined west wing of the parliament buildings now centres around the plans of the government for rehabilitation.

The main features of reconstruction, fireproof roofing and cement floors, as already outlined, will undoubtedly be adopted, and there is reason to believe that the government will extend its plans, as far as the roof is concerned, to the entire building.

Two years ago Hon. J. S. Hendrie, who is a civil engineer, made a report to the government regarding the great danger of fire, and the need of precautionary measures in this portion of the structure.

In view of that circumstance it is not unlikely that Col. Hendrie will be again invited by his colleagues in the cabinet to outline a general scheme of fire protective construction for the entire building to prevent as far as possible a recurrence of this week's disaster.

Inquiry Will Be Held

Sir James Whitney stated to the World last night that the government had not yet decided upon the course to be pursued in conducting the investigation.

"An investigation will assuredly be held," said Sir James, "but the method is not yet settled."

"Has the government set aside any amount by warrant from the treasury board to provide for immediate contingencies?" the premier was asked.

"Not a dollar," he replied, "although something will have to be done in the near future."

His Honor the Lieutenant-Governor called upon the premier yesterday and expressed his regret at the loss, and at the same time offered the use of his office in the buildings to provide temporary accommodation for the cabinet.

Probable Cause.

The World is informed that those who have been quietly carrying on an investigation as to the origin of the fire have practically arrived at a solution of the problem.

A report will be made to the premier at once, and important developments will probably ensue from a meeting of the cabinet to be held shortly.

Five Thousand Books Saved.

An avid provincial librarian, saw yesterday morning for the first time the ruins of the library.

He grieved over the loss as one who had put much of his own life into the books. He was deeply affected.

As far as he knew the most important document saved was the file of The Canada Gazette, which was in his own room.

The remaining books, which were principally modern literature and art, Mr. Pardoe estimated that 50,000 books were destroyed and about 5000 were saved.

Three hundred thousand dollars will not pay for the books that are lost," he said, "and that is not counting the catalogues which were partially damaged only. These were twenty thousand state and historic documents which cannot be duplicated."

I can run over a list of books from memory now that would be worth in themselves over \$50,000. I have been for the last fifteen years at work on a complete catalogue of the books in the library. I cannot tell yet whether that has been saved."

Work of Clearing Begun.

The work of clearing has begun, and a gang of men are shovelling a mass of burned papers, ashes and charred beams out of the windows.

Temporary quarters have been secured for the library at 4 Queen's Park, and as soon as the books are recovered they are placed in boxes and carted there.

All books which it is possible to identify are laid in a heap, and Mr. Pardoe or one of his assistants examines them.

Ready by Christmas.

Hon. F. Cochrane, acting minister of public works, expressed the opinion yesterday that repairs for the most part could be completed by Christmas, certainly in time not to delay the legislative assembling.

Canadian Forestry Ass'n Report.

The Canadian Forestry Association is again giving evidence of its activity and enthusiasm by holding a special meeting in Regina, Saskatchewan, in September.

FARM STOCK PAGE

Wheat Firmer at Chicago Professionals in Control

Market Working in Narrow Range and With Light Volume of Trade—Cables Stronger.

World Office, Friday, Sept. 3. Liverpool wheat futures closed 1/4 higher than yesterday, corn 1/4 higher.

Chicago September wheat closed 1/4 higher, September corn 1/4 higher, and September oats 1/4 higher.

Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c, lake ports; Ontario new oats, 36c, at point of shipment.

Manitoba flour—Quotations at Toronto are: First patents, \$5.80; second patents, \$5.70; No. 1 northern, \$5.60; No. 2 northern, \$5.50.

Actual total shipments last week amounted to 8,922,000, and those of a year ago to 10,800,000 bushels.

Argentine Shipments. This week, 1.1 million bushels. Last week, 1.1 million bushels.

Visible supply in the chief ports: Wheat, 440,000; week ago, 380,000; year ago, 1,480,000.

Trade was quieter at the local fruit market yesterday than during the first of the week.

Apples were of a better quality than during the past few days, some fine-looking baskets of the fruit being on sale.

Small baskets were offered around 25c yesterday, as against 20c on Thursday.

The following prices are current: Apples, Dutchess, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

Apples, Dutchess, basket, \$0.20 to \$0.25. Apples, green, basket, \$0.20 to \$0.25.

THE TAIL-END OF THE RUN AT THE UNION STOCK YARDS.

The Union Stock Yards at West Toronto are doing things each week, and despite the usual dullness of some months, the business has boomed in Toronto.

The above cut is of a choice car load of steers that sold last week for \$6.50 per hundredweight.

A review of this week and of the corresponding week last year shows an increase at the Union Yards in every item, the most noticeable of late being the improvement in their sheep trade.

Weekly Union Stock Yards Returns. 1909. 1909. In. Cattle 123 156 23.

Weekly City Stock Yards Returns. 1908. 1909. Dec. Cattle 211 245 174.

78 Rd. Futures steady; Sept. 7 1/4. Dec. 7 1/4. March 7 1/4. Corn—Spot steady; new American mixed, 54c.

Winnipeg Wheat Market. Wheat—October 95c; December 91c. May 94c.

Toronto Sugar Market. St. Lawrence sugar is quoted as follows: Granulated, 47 1/2 per cent, in barrels.

Chicago Market. Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c.

Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c.

Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c.

Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c.

Wheat—No. 2, 96c to 97c, outside. Oats—Canadian western oats, No. 2, 44c to 45c.

GREAT SHOW OF CATTLE MORE AND BETTER GRADES

Many Prominent Owners Have Stock on Grounds—States Not Represented

Exhibition cattle are greater in number and of better quality than last year according to Superintendent W. Burgess, Mimico.

Mr. Burgess says that Jerseys shown by William Mackenzie are the finest he ever saw.

All these are short-horn cattle fanciers. Sir William's cattle have been brought all the way from Selkirk, Man.

There were not quite so many exhibitors as last year, but this is compensated for by more cattle being shown.

From what the superintendent says, it looks as tho the cattle sheds are either too small or the number of cattle too large.

The only accident this far was to a fine bull owned by Peter White of Pembroke.

Just inside the new transportation building the fair will be seen Geo. A. Rudd & Co's attractive harness and leather goods display.

All kinds of harness, but more particularly the fine track harness, simple their coupe and express harness draw the attention of the visitors.

Mr. Copeland of Scotland is judging the Clydesdales.

Ontario Government display is in the hall. It is the first good one we have had.

Mr. McKenny, B.S.A., of Essex, has a strategic position for his own exhibit.

Six million bushels of corn are grown in Essex and Kent.

Ontario produces 75 per cent of all Canada's crabs, says a placard at the provincial exhibit.

The Ontario Agricultural College has made a fine display.

Saskatchewan has put up an attractive exhibit of what she can do in grain and dairy production.

Ontario Vegetable Growers have a neat exhibit and Sec. J. Locke Wilson is to be congratulated thereon.

Graham Bros. Claremont, have as neat an importation of Clydesdales as have been seen in one stable for some time.

The exhibition directors promised last year to have a stand on which were to be the press, but nothing has been done.

The files certainly made exhibiting a hardship for animals. At no time was an arena more useful for comfort.

The manual training exhibits are most useful. Every farmer should visit this building and see how good a thing manual training would be to them.

Smith and Richardson's new importation of Clydesdale horses contains many good ones.

The show of Short-horns is a good one. There are a large number of uniformly good young things, while there will be some fun in the championship awards.

Mr. Copeland of Scotland, while judging in the horse ring, was mistaken by the onlookers for Peter Christie, ex-M.P. for South Ontario.

Secretary Sinclair of Oshawa Fair informs The World that they are making provision for a bumper time at South Ontario.

A Willis recently sold 150 acres, parts of lots 4 and 5, in concession 7 of Markham, for \$18,500, and 100 acres, Peter McGregor's farm, near Milton, to John W. Hepburn, for \$2500.

BUY A FARM

Why Work for Others?

\$1.00 Per Acre Will Buy a Farm Easy Payments

Our Proposition of 160 acre Farm is a "Chance" whereby you can make a Home for yourself and Life Independence.

When the Settler has completed with the Government Settler's Conditions, and has made his payments, he gets the DEED DIRECT FROM THE CROWN.

The advantages of this proposition are: 1. It is in the Clay Belt, and only 425 miles from Toronto.

CREDIT SALE

IMPORTED CLYDESDALE MARES, COLTS AND STALLIONS THE PROPERTY OF JAMES J. HALES, CHATHAM, ONT.

LOT 2, CON. 2, CHATHAM TOWNSHIP adjoining the town limits, on WEDNESDAY, SEPTEMBER 1st, 1909

Having other business interests that will make it necessary for me to be away from home for some time, I have at last decided to dispose of my entire Clydesdale stud consisting of fifteen head of Stallions, Mares and Colts, both imported and home bred.

My Mares were all bred and most of them have already proven their quality as brood mares. All my Horses, except Stallions, are out on grass, and will be in their natural pasture condition, so that their weak points, if they have any, will be plainly visible to the naked eye, and not covered with a couple of inches of show-yard fat.

Moreover, parties buying any of my Horses will get them in a healthy condition, as would probably be the case to what to expect their exhibit in the machinery hall at the exhibition. You will like the Scott above all others if you see it.

Every farmer in many parts of the state owns and operates a gasoline engine. So captivated by its handiness is such a power on the farm, that they are practically assuming control of the farm and are excluding of wind and other means.

The Scott Machine Co. of London have come in the Canadian market with an efficient, easy-to-run, simple and cheap gasoline engine that will sell itself wherever seen. Any farmer who contemplates purchasing one, and every farmer should have one, and should see the exhibit in the machinery hall at the exhibition. You will like the Scott above all others if you see it.

Some Clydesdale Awards. Clyde stallion, 2-year-old—1st, Baron's Fancy, imp., sire Baron's Pride, bred by Graham Bros., Claremont.

2nd—Bay Ronald, imp., sire Baron Rothchild, by Graham Bros. Claremont.

3rd—Life Guard, imp., by Thos. Merrett, Markdale.

4th—Clyde of Montrose, by Graham Bros., Claremont.

5th—Macquoddy, imp., by Smith & Richardson, Myrtle.

6th—Bowling Baron, imp., by R. Ness & Son, Howick, Que.

7th—Clyde of a large one and the whole bunch was a decidedly good lot. The consensus of opinion was with the judge on the first two places, but the third prize winner ahead of his place.

Clyde Filly, 2 Years 1st—Queen of Quality, bred by Hodgkinson & Tisdale, Beaverton.

2nd—MacQueen's Flower, by H. A. Mason of Scarborough.

3rd—May Queen, by John Graham of Beaverton.

THE EVOLUTION OF CANADIAN COMMERCE--Seven Pictures

No. 6.—The Red Brick Store of Robert Simpson, Esq., Corner Yonge and Queen Streets, Toronto, Canada, 1882.

NOTE—Number Seven, the last of this series of Pictures, will appear on Monday morning, together with an announcement of very unusual interest.

CANADA'S PRESS AT FAIR MISS VISITING ADMIRAL

Continued From Page 13.

should take the earliest opportunity as the crowds are already beginning to throng the wide spaces as in the older buildings.

Le Page Oil Door Check and Spring the Only Door Check Made in Canada.

See the exhibit with the Le Page Individual Communion Cups. Over 20,000 checks now in use in Canada. Some of the principal users are: T. Eaton Co., Robt. Simpson Co., Evening Telegram, Toronto public schools and thousands of banks and stores. Call and leave your order, or write for catalogue and price list to 234 Macdowell-ave., Toronto, or phone P. 1088.

The sunshine of prosperity is throughout the land. One evidence of this is the large order for 500 pianos received by the Newcombe Piano Co., the deal being completed yesterday. The pianos, moreover, are of the highest type. The transaction emphasizes the public demand for the Newcombe piano.

"Varsity Pets."

One of the best shows on the Midway is the one with the big sign over the door, "Varsity Pets." It is not an animal show, but some first-class up-to-date vaudeville performances, divided this year into seven different numbers, including singing, repartee and dancing. The clever dancing is done by two bright little maidens. The manager of the show takes particular care that no vulgarity of any description is allowed in the performances, even the feelings of the most fastidious.

"It Makes a Man Want an Auto."

"Here's that tire we saw on that auto outside."

"Yes, and that Hoop-Spring Cushion too. Certainly does away with all the trouble."

Everybody says the same thing, and this tire is attracting the greatest attention from those who know what tire troubles are.

The principal advantages of this invention are: No punctures, blowouts or run-outs. Its sectional construction prevents skidding. Three times the wearing power of a pneumatic tire.

Hermobile, a Small Car at Small Cost. This is the little car you've seen all over the grounds, and is well worth an investigation by those wishing a car that does not cost much, but at the

same time is rapid, safe and thoroughly reliable. To show that this car is as fast as we claim, we might say that during the recent races held in New York and Montreal, the Hermobile fully established its claims as a fast car, breaking the world's record in each instance. Many people, attracted by the sight of these cars, have visited the exhibit in the Transportation Building, where a car is on view, and that this car has really "made good" here is amply testified by the inquiries made and orders booked. Mr. McEachern, who has the agency for the Hermobile, is well satisfied with the success of its reception. Already the capacity of the factory has been taxed to its limit, and the difficulty has been not to book orders, but to make deliveries on time.

Spooner's "Copperine."

"We're here because we're here." In the stove building, displaying Spooner's "Copperine." It is also displayed in hardware stores from Halifax to Vancouver. It's the pioneer so-called "Babbit Metal" in Canada. There has never been any other metal article of this importance in this country. Trade is built on confidence. Where you find a man who has used "Copperine" in hard service, he will continue in the right faith.

Ideal Orchid Perfume.

No other flower has so delightful an aroma as the orchid, and it is not surprising that the exhibit of the Sovereign Perfume Limited is the great magnet in the manufacturers' building. The delicate fragrance is exquisitely that of the orchid. Naturally the curiosity of exhibition visitors is directed towards the handsomely decorated booth which occupies a prominent position and around which swirls and eddies an immense throng all day long. Accommodating attendants are on hand to spray you with the delicious perfume as you pass by. The perfume is one which always makes appeal to the most fastidious taste.

The Brinton Carpet Co. of Canada, Limited, Peterboro.

An example of how rapidly Canada is advancing in the manufacture of floor covering is shown at the exhibit of the Brinton Carpet Co. in the manufacturers' building. Visitors are struck by the display of artistic effect, both in design and coloring, the blendings of which are quite in keeping with the present demand for decorative furnishings.

The Fortune Teller.

Few ladies leave the midway without first paying a visit to Madame Baxter's cool tent where phrenology and palmistry are practiced at a remarkably low exhibition rate. Her readings have made scores of people feel

better satisfied regarding themselves and their capabilities.

The Chapman Double Ball Bearing Company.

Most of us have heard something of the Chapman double ball bearing, both as to what it is and what it does, but unless we happen to be mechanical students or, better still, are financially interested in the saving of power we are likely to let it go at that. That it should be let go at that is, however, no part of the policy of this company. They realize that the inertia of ignorance is their greatest, in fact their only, opposition, and this opposition they are attacking with characteristic energy and enterprise. This year they have two exhibits, and any that are interested in this wonderful invention, either the theoretical or the practical side have an opportunity they should not let slip by.

One exhibit is in the transportation building, and shows the application of the bearing to all forms of vehicles, notably buggies, wagons and automobiles. Here we can get at "the very guts of the machine" by handling separately every one of the component parts of all styles of bearing, as well as the metal in its various stages of completion, and it is a mechanical treat to examine the exquisite adjustment of parts that makes possible the otherwise rather startling claims of the company in behalf of their invention.

In the machinery hall all the fine shafting used by the exhibitors is running on Chapman double ball bearings, and the company have here a second exhibit of their own. Here, the application of the bearing to shafting and all kinds of stationary machinery, light or heavy, is emphasized. What the bearing can accomplish is being continuously demonstrated in a very striking manner. Two large wood pulleys and two other large wheels are being driven at a high rate of speed by a single strand of common steel thread. The thread belt is not being in any way assisted by special pulley or other devices. It is simply passed round the smooth steel driving pulley at one end and the smooth steel 3-inch shafting at the other. No expert knowledge is needed to appreciate that it is the actual working out of the company's claims.

Practicing machinists will be interested in the high speed blower and the friction clutch, both shown in operation. The company would have been justified in exhibiting in several other buildings, such as the process, manufacturers' and dairy buildings, for there is nothing in operation in any of these from sewing machines to wringers and chutes, that is not capable of being vastly improved by the use of the Chapman double ball bearing.

Fine Showing of Nelson, B.C.

To the people of eastern Canada the Kootenay district of British Columbia has long been regarded as the home of rich mineral deposits, but it remained for the enterprise of the Nelson Board of Trade to demonstrate to the thousands of visitors to the Canadian National Exhibition that the Kootenay possesses potentialities in the matter of the production of fruit. In excess of the returns to be expected from the minerals, be they ever so rich. In the west section of the Canadian Pacific Building there is a splendidly arranged collection of fruits from various sections of the Kootenay and of this wonderful garden land of British Columbia.

J. Eli Annable, a large, successful fruit grower, is in charge of the exhibit for the Nelson Board of Trade, and since the opening of the fair has been kept busy answering innumerable questions respecting this comparatively virgin field. Mr. Annable has artistically arranged the display and the visitor is afforded an excellent opportunity of examining the exhibit.

In the fruit section is exhibited in the form of fruit trees laden with luscious fruit, including cherries, currants and apples grown to a much greater size than is ordinarily seen in the east and hanging so thickly in clusters that the branches are scarcely strong enough to support them. There is also an imposing display of gooseberries with fruit globes of the size of bantam's eggs. The fruit area of Kootenay extends along five hundred miles of lake shore, being Kootenay Lake, Arrow Lake and Skowon Lake. Along the shores of these lakes and rivers connecting them are lovely valleys that possess a quality of soil productive of excellent quality fruit.

In the matter of packing fruit the westerners can give the Ontario fruit growers a lesson or two. They claim to have the best system of packing for long shipment in the world. Apples, for instance, are carefully wrapped in tissue paper, deposited in a certain way, and in this way a case of fruit will reach the English market in perfect condition.

Well Appointed Cafe.

The excellence of the viands, the quality of the cooking and the facility of the service impressed everyone who dined at Brown's. No more convenient location for exhibition visitors can be found than the northwest of the process building. Meals 25 cents.

"The Pride of the Kitchen."

Visitors to the exhibition should make a point of calling at the exhibit of the Sealer Opener. Manufacturing Company in manufacturers' annex, and viewing the company's patent utilities. The K-Zow Sealer Opener is an ingenious article, which will open any sealer, no matter how long standing, and will also firmly seal any fruit jar made. With the sealer there is absolutely no more fruit spoiling with leaky tops.

The K-Zow combination, aptly termed "The Pride of the Kitchen," is another patent deserving special mention. It is a combination hot pot plate lifter, meat fork, toast fork, pot lifter, and stove lifter. The price of either of these articles is only 25c.

LUXURIES IN DEMAND.

Large Order Placed, Indicating Business Outlook Bright.

BOWMANVILLE, Sept. 3.—(Special.)—An instance demonstrating most conclusively that the recent financial depression is not only past, but practically forgotten, was exemplified on Wednesday last at the Toronto Exhibition when Messrs. Willis & Co. of Montreal, Que., placed an order with the Dominion Piano and Organ Co., Limited, of Bowmanville, Ont., for five carloads of pianos.

Mr. W. D. Willis and Mr. C. D. Patterson of Willis & Co., which is the largest retail piano and organ house in the Dominion, were in Toronto attending the exhibition, when they were so struck by the exhibit of the Bowmanville people that the large order resulted. Among others, they have secured a number of the fine art pianos which have attracted unusual notice at the fair. This is said to be the largest single piano order ever placed in Canada.

The occurrence is of interest also as showing the growing attention which the Toronto Exhibition is yearly attracting from Montreal business men, and in fact from all over the country.

Mysteria.

The only Hutton show on the midway, presenting marvelously clever magicians, whose magic in many respects surpasses the wonderful feats of Kellar and the great Herman. They perform a levitation act that eclipses everything of its kind yet presented, inasmuch as the stage is very close to the mystified gazers and thus allows any suspicion that the beautiful young lady who rises and floats in air is suspended or otherwise supported by wires or rods by a crowd of people.

The program is more lengthy than is usually given at a 10 cent admission fee, and is replete with adroit exhibitions in the art of leg-derailment.

The Glassblowers.

Every performance in the O. H. Johns Glass Blowers' tent on the corduroy is watched by a crowd of people occupying many different walks in life, and the spun glass, fine as silken gauze, and as fragile apparently as the fibres of a spider's web, being woven into all kinds of fantastic and beautiful ornaments under the skillful fingers of the troupe, hold the people spellbound till the very close. The tent is always doing a good business and the people who visit it never go away disappointed, for in addition to the per-

formance itself, everyone who enters is presented with a beautiful "Little souvenir."

See the Chimpanzees.

Visitors to the exhibition are always interested in animals, and the best show of this kind is to be found on the Midway, where Joe Edwards, well-known as an admirer of all kinds of animals, presents Joe and Sallie, the funny little chimpanzees. After they are introduced to the audience, Joe gives an exhibition of his skill in handling carpenter's tools, while Sallie uses a broom like a housewife. These strange little creatures are natives of Africa, and the first of their species ever exhibited in Toronto. Although they are monkeys, their every movement is human, and they are exceedingly interesting to watch.

Meals at the Exhibition.

Are 50 waitresses enough to look after you? You will find them at Bird's dining hall, just opposite the centre entrance to the grand stand. Clean, hot meals at 25 cents. You pay as you leave.

Auto Boats Sold.

Although the fair is only just getting under way, the Schofield, Holden Machinery Company have already closed a number of sales for auto boats at their exhibit in the new transportation building. This is largely due to the attractive designs of their boats and the enviable reputation their engines have gained in the various harbors of Lakes Ontario, Huron and St. Clair. The company are constantly bringing out new designs thru their naval architect, and their 1910 pleasure launches promise to eclipse any product of this nature extant.

Waldorf-Astoria of the Ex.

The unanimous verdict of the exhibition patrons is that Harry Webb's is the superior place on the grounds to dine. It has the natural advantage of being located in a permanent building designed especially as a dining parlor, with stationary kitchen and accessories. The tables are as nicely laid as any well appointed city cafe affords, and the meals are the product of a highly efficient professional chef.

Whits a' the Steer Kimmer?

Man, hae ye no heard the news? Hae ye no heard about 'oor wee Cherley'? Of course I ken he's no whit ye an' that's near enough. Ony way I wis collin' ye. The lither day I wis daundin' about the manufacturers' building an awfu' str. an' wha should I see, at the stall o' the famous piano fowkies—I mean the "Stanley Piano" bodies—but wee Cherley Berlesford. Man, I wis dumfounded tae be in sic close prox-

imity tae sic a famous admiral. Ony way I says the mysel, I'll just see what he's daein there. I got richt near tae him, and there he wis lookin' at an awful bonny piano—won o' thae yin styles o' make, which total about \$1,000 tae the sky. Weel, I didna blame him, for it wis yin o' the most magnificent instruments I ever clapped ma' eyes on. I'm tell ye ma' shock it again, but yin thing I will say, I am gairn' tae buy yin o' the same make mysel' when the guid wife comes up tae the fair the morn. Ay, I mean hae a Stanley Piano. Hoot no!

Springle's Self-Computing Scale.

Quite artistic is the exhibit of the Toledo Computing Scale Co. in the manufacturers' building, where are to be seen a number of their various styles of scale, which total about \$1,000. At least 60,000 of them are at present in use and so extensive has their business in Canada been that a new factory has been built on Macdonell-avenue, Toronto.

DISAPPOINTED.

Many Regrets Expressed at the Exhibition.

Strolling thru the manufacturers' building at the exhibition, one is continually hearing the question asked: "Where is Ambrose Kent & Sons diamond exhibit this year?" Little do these questioners know that they are doomed to disappointment, for we are sorry to learn that this firm is conspicuous by its absence from our great fair.

When interviewed, their manager, Mr. F. A. Kent, gave as his reason: "Too busy to give it the proper attention this year, our time being occupied in revising plans and letting contracts for our month-old new jewelry store, which, as you know, will soon be erected on our present site, and including the corner of Richmond and Yonge-streets; but," he continues, "to say, you will find us exhibiting next year on a larger and more extensive plan than ever before."

"At present visitors will find some exceedingly interesting and beautiful diamond creations on exhibition in our show cases at our present store."

"While we are in sympathy with the public in their disappointment, yet we are pleased to learn that Ambrose Kent & Sons have promised something immense in the way of a diamond exhibit at our great annual exhibition for next year."

Army and Navy Veterans.

His Majesty's Army and Navy Veterans will parade at the exhibition gate at 2:30 this afternoon and will proceed to the model camp within the grounds to be inspected by Lord Charles Beresford. His lordship will be greeted with an illuminated address and a badge.

\$55. Farham good building.
