London Is Joyful As Dock Strike Is Brought To End
NEW BRUNSWICK COAL GIVEN BOOST

INCREASE IS GRANTED TO DOCK MEN

Quick Settlement of Railway and Longshoremen Walk-out Brings Relief.

THE MINERS NEXT

Government Successful in Bringing Both Sides Together.

BY HARRY N. MOORE

(British United Press.) London, Feb. 21.—A wave of relief swept over the country this morning following the announcement that the dockers' strike had been settled. The result was welcomed not merely because it removed a great strain but also because there was considerable sympathy with the dockers and satisfaction that they had obtained an increase in their wages, which are even now tragically low.

The calling off of this strike will give the nation a breathing space to prepare for the next big industrial struggle which is expected about the middle of April. Next time it will be the miners, who have already voted in favor of cancelling their present wage agreement. The new demands, which it is certain the miners will present, have not yet been made public, if indeed they have been formulated.

Success of Strikers

The quick settlement of both the railway and the dockers' strike has been obviously disturbed over the possibility of a general transportation strike which seemed a possibility twenty-four hours ago. Nevertheless the success of the strikers in obtaining their demands may induce other industries to follow the dockers' example.

The dockers' delegates' conference which meets tonight must approve these terms to which their leaders agreed. Leaders are confident that this will be done.

There is possibility that some of the delegates will balk at the proposed delay in payment of the second shilling increase, which is to come into effect early in the summer. One shilling increase is to be paid immediately.

Both Sides Together The Government successfully brought heads of both sides together and thus gains credit for facing and settling the second big industrial crisis it has had to face within a month of assuming office.

If the delegates ratify the settlement, the strikers will permit removal of food stuffs from the quaysides tomorrow but general resumption of work is not likely before Monday.

ARE NEARLY READY FOR WORLD FLIGHT

Aviators to Hop Off on March 15—Arrangements 2 Years in Making.

Victoria, B. C., Feb. 21.—One of the most spirited ventures of this century will get under way on March 15 when Squadron Leader A. S. McLaren, Flight Lieutenant Penderleth, and Sergt. Brown, mechanic, of the British Air Force, will hop off from Croydon, London in a Vickers Vulture amphibian aircraft, on the first leg of the round-the-world flight.

Completing arrangements which he began more than two years ago, Col. L. E. Broome, R. A. F., is now here and will sail on Feb. 29 on the C. G. S. Thetis to put down twenty fueling and emergency stations in the Aleutian Islands. He will join the fliers at Yokohama and will be their guide across 6,000 miles of the Pacific. He will accompany the fliers across Canada and his mission will end on the Atlantic coast. Thus Col. Broome has made complete arrangements for nearly half the entire trip.

The air route of the flight totals 24,000 miles. At a speed of 60 miles an hour, the cruising speed of the machine will be used, the actual time in the air will be 12 days and 12 hours. The entire trip will take some months, but the fliers hope to reach the Atlantic stretch of the home journey before the end of August.

Gay Role Too Much For Suicide's Wife

Boston, Feb. 21.—The gay role of a woman in the Walden Casino shop, "Happy Hop," proved too much for Fay Norman, 24 hours widowed by the suicide of her husband, Charles Anderson of Chicago. Anderson drank poison at the Commodore Hotel when the young wife refused to quit her stage career for domesticity.

Miss Norman went to the theatre to do her turn, but she broke down in her dressing room before she could finish dressing in the vivid costume her husband had hated. "I couldn't force myself to sing and dance and smile," she said. "I kept seeing the angry face of my husband. I can't forget how he looked when he put that bottle to his lips."

CHURCHES SCORED BY WAR CHAPLAIN

Rev. G. A. Studdert Kennedy, "Woodbine Willie," Gives Address in Montreal.

Montreal, Feb. 21.—Addressing the Montreal Protestant Ministerial Association here last night, Rev. G. A. Studdert Kennedy, chaplain of the British forces, and rector of St. Edmund's Church, London, England, declared that "the churches are herds of beasts. They are ever snapping, biting and afraid of each other with an animal instinct. The world of today is in desperate need of something to pull it together." "Woodbine Willie," the sobriquet earned by Mr. Kennedy in the trenches, painted a gloomy picture of a world after the war, filled with bitterness and disillusion. He said so far as he was concerned he was finished with patriotism once and for all. The only way out, he insisted, was in placing the Cross of Christ in the middle of the road, although thousands would, he declared, "with contempt think otherwise."

Halifax Is Swept By Fierce Blizzard

Halifax, Feb. 21.—Driven by a south-east gale which at midnight had reached a velocity of sixty miles an hour, a blizzard swept over the city late last night and continued throughout the early hours of the morning. With the subsiding of the wind, the temperature rose and a drizzling rain was prevalent in the city this morning. All trains are running on schedule time today and traffic in the city is unimpeded.

Buy \$5 Ticket And Wins \$75,000

London, Feb. 21.—About \$75,000 has been won by two Truro men, who have drawn third prize in a Belgian Government lottery. The winning ticket was held jointly by Thomas Nancarrow and Aubrey Frost, 35 in-law, and was purchased for \$5 in London about 12 months ago.

Wire Briefs

Montreal, Feb. 21.—That there is no starvation in the Hebrides and "little ground for alarmist reports," is stated in a special to the Gazette today, contradicting previous reports that the Hebrideans were in a critical condition.

London, Feb. 21.—The Labor government took over Great Britain's responsibilities in Palestine as a going concern, Premier MacDonald told a questioner in the House of Commons yesterday.

Ottawa, Feb. 21.—The probability that the governor-in-council will order the release from Dorchester prison of James MacLachlan, the Cape Breton labor leader, is being freely discussed here.

London, Feb. 21.—Canadian Press) Brig. Gen. J. S. Nicholson, Conservative member of the House of Commons for Westminster Abbey, is dead. In consequence there will be a by-election in that constituency.

Washington, Feb. 21.—Senate opposition to appointment of George B. Christian, secretary of President Harding, as member of the Federal Trade Commission led to withdrawal by President Coolidge yesterday of Mr. Christian's nomination at the request of the nominee.

Ottawa, Feb. 21.—A prophesy that the Hull Electric Railway will be purchased by the city and operated as a municipal undertaking when the franchise expires in 1929 was made by Mayor Louis Cousineau at a banquet of the Hull branch of the Retail Merchants' Association.

C.N.R. TRAINS DELAYED BY SNOWSTORMS

New Brunswick Stations Report Interference With Schedules.

CITY TRAIN LATE

Upper Canadian Cities Report Severest Blizzard for Years.

(By Canadian Press) Moncton, Feb. 21.—While the trains on the Maritime section of the C. N. R. are reported running practically on time today, there is a serious interruption in traffic on the Quebec portion of the railway as a result of the big snow storm.

According to the information received here today, the Maritime express, eastbound was at six o'clock this morning held at Haralax, following heavy snow drifts. It was announced that the Ocean Limited, eastbound which was reported four hours late, would arrive at Moncton ahead of the Maritime. No. 14, the express from St. John this afternoon will be delayed in reaching Moncton owing to the blizzard being late in arriving at St. John. No. 26, the express from Campbellton, was reported running about fifty minutes late.

Death in Boston

Boston, Feb. 21.—One death was reported last night in Boston as a result of the storm which, driven by a strong northeast wind covered the city to a depth of more than eight inches with snow and sleet, followed by rain. Mrs. Nora Farrell, 65, was found dead last night of heart failure, brought on by exertion of fighting against the storm and the sleet-covered streets. Employees of seventeen contractors engaged to remove snow from the streets quit work because of the rain, the temperature rose and a drizzling rain was prevalent in the city this morning. Two thousand regular city employees were unable to cope with the situation.

Flood Results

Pittsburg, Feb. 21.—Rapidly swelling rivers resulting from the abnormal downpour of snow, sleet and rain which has enveloped this section for two days are covering low lying territory in the Allegheny and Ohio river valleys. Portions of Pittsburg and scores of river towns will be inundated unless the colder weather which set in late yesterday checks the melting snow.

With more than 100 workmen sent into the field, the American Telephone Company expects wire communication with towns in the western part of the state to be partially restored by nightfall today.

New York, Feb. 21.—The weather bureau's forecast of rain turning to snow, and colder, brought little consolation to New York last night as the city's six million wallowed home through the slush and water left by the severest storm of the winter.

IS NEARLY RECORD

Toronto, Feb. 21.—This winter gives promise of rolling up a big snow total locally. Up to date it is sixty-one inches. The average for all winters is 66 inches. The highest on record is that of 1869-70, when the total snowfall was 123.5 inches, and the month of March alone that year supplied 62 inches of snow.

The lowest fall for any winter is 30.2 and that mark was reached by both 1877-78 and 1905-06.

Ottawa, Feb. 21.—Street car traffic was disorganized and the radial services were completely tied up by the storm yesterday. Motor cars were stalled in the snow drifts and merchants have to call upon the surrounding farmers to loan them horses and cutters to deliver the merchandise. The old horse cutters were much in demand as taxicabs were unable to travel off the main thoroughfares without being stalled.

Widows' Pensions Heard In Commons

London, Feb. 21.—The proposed establishment of pensions to all widows with children or mothers whose bread winners are incapacitated received a remarkable unanimous reception in the House of Commons.

It was brought forward last evening on a private motion by Charles Dukes, a Labor member, who was given a very attentive hearing and not a hostile word was uttered by any party.

Make Journey of 650 Miles on Skis

Berlin, Feb. 21.—A Moscow message states that a party on skis has arrived from Archangel (N. W. Russia), the journey, of about 650 miles, having taken 27 days, which is a record.

Spurns Husband; Won Her by Mail

Springfield, Mass., Feb. 21.—Rosalia Molinaro, under arrest and facing deportation because she refuses to live with Antonio Molinaro, aged 69 years, who wooed and won her by correspondence, spurned Molinaro's advances at Police Headquarters, although he brought her flowers and besought her to share his lot.

Molinaro says he sent \$985 to the girl in Italy after obtaining her consent to marry him. Though disappointed on arrival at Ellis Island, the girl consented to be married and accompanied her husband here three days ago, but forsook him and was picked up in the street, penniless and with no knowledge of the English language.

STOLEN MONEY AND STOCKS RESTORED

Return by Police to Divorced Wife of Financier—Alleged Canadian Veteran Arrested

New York, Feb. 21.—Police last night restored to Mrs. Olive S. Waite, a Canadian financier, \$100,000 in stocks which, with \$7,000 in jewelry, had been stolen from her apartment in a local hotel on February 9. Mrs. Waite was widely known at one time as a prima donna of the Bostonians, an opera company.

McGILL PROFESSOR SUES HIS CONFRERE

Slander Alleged in Case Being Argued Before Supreme Court of Canada.

Ottawa, Feb. 21.—(Canadian Press.)—Argument in the case of Morin vs. Walter is being continued before the Supreme Court of Canada. Both appellant and respondent are professors in the department of modern languages of McGill University, Montreal. The appellant being the immediate superior of the respondent. Mr. Morin is taking action for \$10,000 damages for alleged slander.

Both parties involved in the case had summer homes in the County of L'Islet, and in 1920 the respondent's house and premises were burned, his orchard injured, and two of his dogs died. In the same year he received an anonymous threatening letter. In August, 1921 the respondent found that poison had been put in his well. Then the appellant learned that the respondent was accusing him to various persons as having been the author of all these crimes and that the respondent (Mr. Walter) had written to the Attorney-General stating that the appellant (Mr. Morin) should be arrested and he should be refused bail as a criminal lunatic.

SEEKS "C. N." RADIO CALL FOR RAILWAY

Canadian Line Would Add Initial for Each Station—Morocco Must Be Consulted.

(Special to The Times) Ottawa, Ont., Feb. 21.—If the proposals of the Canadian National Railway radio department are agreed to by Morocco the radio calls of the main Canadian stations will sometime in the future be "C. N." or branch stations will have added the initials of the place where they are situated, such as "C. N. Q." for Ottawa and "C. N. C." for Calgary.

IS ON WORLD TOUR

General Booth of Salvation Army Will Arrive in Canada in May.

London, Feb. 21.—(Canadian Press) of the Salvation Army will arrive in Canada towards the end of May. He left England on a world tour. He stopped in New Zealand, arriving there on April 27, and leaving on May 18. He will return via Canada and is expected to reach London about the middle of June.

N. S. MINERS SAY PLIGHT IS SERIOUS

Two Collieries Claim to be Worse Off Than Before Settlement.

TWO THOUSAND OUT

Appeal is Made to the Government to Donate \$50,000.

(By Canadian Press.) Sydney, N. S., Feb. 21.—With no official assurance that coal banking will be resumed at an early date, and left to their own limited resources to provide food for their families, miners employed in the Princess and Florence collieries are in a serious predicament. They are much worse off than before their wage contract was negotiated between the British Empire Steel Corporation and the United Mine Workers' executive.

A committee was appointed at a meeting yesterday afternoon, held on the return of delegates from an interview with the U. M. W. officers regarding relief and employment, to draft a message and have it wired to Premier King, Ottawa, Hon. E. H. Armstrong, Halifax, and Forman Waye, M. P. P., Halifax. The telegram was sent last night, reading as follows:— "Two thousand Scotch workmen employed at Florence and Princess collieries locked out by British Empire Steel Corporation. Joint meeting, held today, advised that your Government take immediate action. Company refuses to bank coal, and men anxious to return to work. Would ask Government to make an allotment of \$50,000 to meet emergency of present serious situation. All sources of relief cut off."

ARRANGING BEER SALE IN ALBERTA

Legislature Committee Approves Hotels, Clubs and Other Places in "Exceptional Cases"

Edmonton, Feb. 21.—Outside of certain clubs, licensed premises for the sale of beer will be limited to hotels of the province, save in "exceptional cases" where the commissioner may deem it advisable to grant a license to premises other than hotels. It was decided yesterday by a committee of the legislature discussing the liquor control act.

In the legislature strenuous objection was taken by some of the U. P. A. members to the sale of beer on railway dining cars. The matter was left over for final decision.

Attorney-General Brodie will confer with railway officials on the matter. He said the railway companies were not pressing for the privilege.

Tax Deputation To Go To Ottawa

Toronto, Feb. 21.—One more deputation will go to Ottawa to present the case against the sales tax, as a result of action to be taken by the convention of the Ontario Bottlers Association, which opens its doors tomorrow.

Over two hundred bottlers—manufacturers of aerated beverages—will attend the convention today, coming from practically all of the larger centres of the province. Yesterday, coming from the disorganization of the train service, only 100 were present, delaying the opening of the convention until the afternoon.

Never Chewed Gum Or Ate Ice Cream

Liberty, Mo., Feb. 21.—Gus Bishop reached the age of 70 this week and claimed fame for the things he hadn't done. Bishop has never chewed gum, eaten ice cream, seen a motion picture, ridden on a railroad train or in an automobile, worn a collar or a necktie, talked over a telephone, seen a building more than four stories high, or moved. He lives in the house in which he was born.

"I never saw any sense in doing unnecessary things," Bishop said.

Prohibitionists Did Not Nominate

London, Feb. 21.—(Canadian Press Cable) Prohibitionists have refrained from executing their threat to nominate a candidate in Burnley, where there is a bye-election owing to the death of Dan Irving, Labor member. At the official nominations yesterday the field was left to Arthur Henderson, the Home Secretary, and H. E. J. Camps, Conservative candidate.

She's Mother to 33

Mrs. Anne Jane Powell of Rocky Mount, N. C., raised 31 of her own children and adopted 22 others whose parents had died in the cotton mill village where she lives.

Architect Will Be Here in Few Days To Call For Tenders For New Hotel

In a few days a member of the firm of architects who have prepared the plans and specifications for the Admiral Beatty Hotel here will arrive in the city to make final arrangements for the advertising for construction tenders. Full details of the erection of the big house and its modern outfitting will probably be made known at that time.

Following the acceptance of tenders, soon afterwards, the old Durbin corner will enter a still stranger phase. At present the site is a source of much bewilderment to even the oldest of citizens—a sharp reminder of frontier Belgium during the war. The next step will find the cellars and rock formation in the grip of modern excavating machinery, deep caverns shaping where now it is level or humped up with earth and rock.

It is expected the first flush of spring will find the job well advanced and that May 1 will see hundreds of excavators at work, scores of teams emptying the site and foundations going in. The determination to serve New Year's dinner, 1925, in the Admiral Beatty is more than a hopeful phrase. The experience of building the Mount Royal Hotel, Montreal, gives strength to this announcement. On this, the Empire's biggest hotel, work was continued day and night.

Meanwhile the wide ramifications of the United Hotels Co. are co-ordinating their efforts on the St. John branch of their system along with the Roosevelt, New York; Olympic, Seattle; and other houses under construction. Financial men of note on both sides of the boundary and in England are interested and if St. John people could only see the vast machinery at work back of this international industry they would get a glimpse of their city at an entirely new angle.

HELP PAY DEBT Put Fist Through Plate Glass Window

Toronto, Feb. 21.—William Leslie, one of the leaders of the stranded harvesters, was arrested here yesterday charged with doing malicious injury to property, the complaint being that he put his fist through the plate glass window of the Dominion Immigration Office.

Weather Report

Toronto, Feb. 21.—The disturbance which was centered near Lake Erie yesterday now covers Quebec and the Maritime Provinces and heavy snow has occurred from the Great Lakes eastward. In the western provinces the weather has been for the most part fair and cold.

Forecasts: Fair and Colder. Maritime—Fresh to strong westerly winds, fair and colder tonight and tomorrow. Gulf and North Shore—Gales with snow today. Friday westerly winds, fair and cold.

New England—Fair tonight and Friday, colder tonight, fresh west and northwest winds, possibly strong on the southeast coast.

MINTO COAL PASSES TEST OF EXPERTS

Proof Given New Brunswick Product is Suitable for Domestic Use.

ANALYZE SAMPLES

Opinion That Maritime Coal May Compete With Anthracite.

(By Canadian Press) Ottawa, Feb. 21.—Experiments at the Hamilton Bye-Products Coke Oven plant have shown that the bituminous coals of Nova Scotia and New Brunswick are suitable for domestic coking purposes, according to a statement issued by the Dominion Fuel Board today.

"The structure of the coke produced at Hamilton in these tests is said to be very dense and heavy," the statement continues, "thereby becoming a very excellent domestic fuel and one which should have no difficulty in successfully competing with anthracite coal."

Bituminous coal from the Sydney, Stellarton and Springhill areas in Nova Scotia, and from the Minto area in New Brunswick, were first coked separately, after which various mixtures of these coals were coked.

Mixtures of Coal Mixture of New Brunswick, Nova Scotia and other coals were then made and the results obtained are stated to be of considerable commercial importance. Numerous samples of the gas recovered in the process of coking these coals were collected for determining the bye-product yields. Tests are also being made of the gas recovery and efficiency of the coke in standard house furnaces.

Sixty samples of coke made from various mixtures of Nova Scotia and New Brunswick coals are now being analyzed by Government chemists to determine their relative merits.

N. B. TELEPHONE CO. MAKES GAIN

Material Growth of Company is Maintained Despite Depression in Business.

Fredericton, Feb. 21.—The president's report of the New Brunswick Telephone Company, Limited, shareholders' annual meeting here today for the year ending December 31st, 1923, follows:

To the shareholders: It will please your directors present the 34th annual report of the company. Notwithstanding the fact that 1923 was the third successive year of business depression, the material growth of the company has been satisfactorily maintained. The number of phones in use on December 31st last was 25,800, a gain of 781 for the year. The number of completed long distance calls was 762,746, a gain of 70,000 for the year, wire mileage has been increased by 625 miles and there has been invested in new buildings and land \$24,676.

Two Thousand Shareholders. There are now two thousand shareholders resident in all parts of the province.

During the year mutually satisfactory agreement was made with the Farmers Telephone Company of Carleton county resulting in the amalgamation of the two companies and consequent benefit to the service.

You will note by the financial report here with that, while the cost of operating and material has kept pace with the increased earning, we have been able to set aside the necessary amount for depreciation, pay dividends and leave a small surplus for the year. It should be. The aim and object of the company is to conduct its affairs on sound business principles, earning a reasonable dividend for its shareholders, a sufficient reserve to insure both shareholder and subscriber against disaster and to give the best possible service to its patrons.

Budget Out Soon. The budget for 1924 is not yet in form to submit for your consideration. We may say, however, that considerable new development is contemplated.

Your directors again desire to express their appreciation of the loyalty of the staff and employees and to commend their earnest efforts to maintain the enviable reputation your company has earned in the telephone world.

MAJOR BRINGS UP MATTER OF BONDS

Commissioners Follow With Discussion of Finances—Tax Bills Early.

Mayor Fisher, at a committee meeting this morning, said the time was approaching when bonds should be issued, and he would like the members to give some thought to the matter of bonds for \$74,000 due the New Brunswick Electric Power Commission and \$22,000 advanced on the engineering and incidental account. A bond issue on the latter item had been held up by lack of an estimate of cost for the system, and he would like to have an estimate adopted, so that this could be included in the bond issue.

SAYS SMELT DUTY REBATE BUT SLIGHT

Explains There Was no Tariff on Little Fish Frozen on Ice

Richard O'Leary, of Richibucto, was in the city yesterday and, commenting upon a Newcastle despatch which appeared in the Evening Times on last Tuesday to the effect that the decision of the United States Board of General Customs Appraisers, that smelt were entitled to free entry into the United States, would be received with much satisfaction, said that it was misleading as there had not been any duty upon smelt for some time except the last one that were artificially frozen.

Former St. John Man Passes Away in Haverstraw, N. Y.

Wm. Thos. Jenkins of West St. John yesterday received word of the sudden death of his uncle, William H. Jenkins, which occurred at his home in Haverstraw, New York on Feb. 16. Death was due to heart trouble. He was a son of the late Mr. and Mrs. W. H. Jenkins of this city but had resided in the U. S. for the last forty years. Besides his wife he leaves to mourn one son and two daughters residing in New York and three brothers and two sisters. Interment took place on Tuesday, the 19th, in Haverstraw. Mr. Jenkins was well known here and will be missed by a large number of friends.

MUCH MEASLES IN CITY AND COUNTY

Number of Diphtheria Cases in Epidemic Hospital is Decreasing

In the month of February there have already been 49 cases of measles in the city and county of St. John reported to the Sub-District Board of Health. Most of the cases are cared for in the homes. Yesterday it was reported from the epidemic hospital that there were two suspects and only one bona fide case of measles being cared for there at present. There were 10 scarlet fever patients and two diphtheria patients.

PERSONALS

Angus McLean of Bathurst passed through the city last evening en route to Fredericton to attend the annual meeting of the New Brunswick Telephone Co. there today.

MISS M. J. REED DIES IN BROCKTON

The death of Miss Mary Jane Reed, reported from Brockton, Mass., was learned with great regret by many friends in her former home, St. John. Miss Reed, since the late here, had been visiting her nephew, H. J. Sinclair, and her sister, Mrs. W. R. Bird, in Brockton. She died on Feb. 17, and the funeral was held at Brockton this afternoon.

MASSOLINE HAS COALITION TICKET

Rome, Feb. 21—Premier Mussolini's ticket resolves itself into a national coalition. As completed now he has included 100 deputies who served in the legislature of whom only 97 were Fascisti. The remainder are divided as follows:

J. O. McWILLIAMS PASSES AWAY

Was Active in I. L. & B. and the Holy Name Society.

General regret was expressed by many friends today at the death of J. O. McWilliams, which occurred at his home, 38 Paddock street, after a lingering illness. Mr. McWilliams conducted a business in Water street for many years, but retired some years ago on account of failing health. He has been confined to his home for the last two months.

NEW PROPOSAL AT PORT IS TOLD OF

Com. Bullock Brings Word of Basin Plan—Saw the Hon. Mr. Pugsley.

Commissioner Bullock returned this morning from Toronto, where he had gone after the conference at Ottawa to visit his daughter. While in Ottawa the Commissioner had an interview with Hon. Dr. Pugsley and said he found him much improved in health, so much so that he expected to be in St. John within three weeks. The Commissioner said he attended a session of the Ottawa city council and found them scrapping over a question which is somewhat a very lively one here, that of the sale of properties for taxes and a resolution that certain properties be sold was voted by the meeting.

PROPOSE TO BUILD HOME NEXT SUMMER

Institution at Coverdale Will Cost About \$40,000

At a meeting of the executive of the Interprovincial Home for Women held in Moncton on Tuesday an encouraging financial report was submitted by the field secretary. There was some discussion regarding the securing of Dominion legislation in preparation for the opening of the Home, on which it is hoped work will be started during the coming summer.

DUMBELLS WILL REVISIT "FRONT"

Original Company to Tour Battlefields—St. John Man in Party.

To re-visit the scenes of their war time experiences in the happy days of reconstruction and increasing joy is the well-laid plan of the original Dumbell company, whose advance manager, A. H. Bonnell, arrived in town today. The soldier entertainers, all of whom fought long and hard with the terrible weapons of armed strife as well as relieving the stress with their clever shows will spend much of their hard-earned money not only in old England but in France and Belgium. The British Empire Exhibition will be enjoyed as well as "Red" Newman, who is one of the heads of the aggregation, is enthusiastic in being able to take charge of the party during their English stay, as he is a native of London and knows it every spot of interest. Mr. Bonnell, a St. John boy by the way, will accompany the Dumbells, it being the first time in a year the company will have caught up to him, his job of advance man for scout keeping him weeks to the fore.

PORTLAND IS FAVORED IN GRAIN TRAFFIC AT EXPENSE OF ST. JOHN

U. S. Port Gets Benefit of C. N. R. Shipments—Fifteen Times as Much Canadian Wheat Shipped at Portland as at St. John.

The Canadian National Railway has one terminal Atlantic port at Portland, Me. in the United States, and another terminal Atlantic port at St. John, N. B. in Canada.

By far the greater part of the freight handled and all of the grain transported is Canadian.

The Government of Canada spent hundreds of millions of dollars connecting the grain fields of the West with the Canadian Atlantic ports of St. John and Halifax, urging as an excuse for this great expenditure, the handling of Canadian products by a Canadian road through Canadian ports.

Look what has happened! The Canadian National Railway sent to the port of Portland, Me. in the United States for export the following quantities of grain this season:

Table with 2 columns: Month, Bushels. Rows for November 1923, December 1923, January 1924, and Total.

Now, contrast those shipments through the American port of Portland, Me. in the United States with the shipments by the Canadian National Railway for the same period, through the Canadian Port of St. John, season 1923-24:

Table with 2 columns: Month, Bushels. Rows for November, December, and January.

A difference in favor of the United States port of 6,377,126 bushels.

St. John Shipments. During the same period, November, December, and January, the Canadian Pacific Railway shipped through the Canadian port of St. John 6,496,466 bushels or between three and four hundred thousand bushels less than the Canadian National Railway, owned and operated by the Government of Canada, shipped through an American port.

The Maritime Provinces are co-owners in the Canadian National Railway, just as they are shareholders in all of the other national undertakings of Canada. We are here, ready and waiting for business, and expect it from railroads in which we are shareholders.

U. S. Port Benefits. We are not getting it. But a United States port is benefiting not only by the money expended by the vessels at the port of shipment, but by the labor employed in loading cargoes and by the distribution of money for supplies and for labor in unloading cargoes, for none of the ships which carry Canadian grain out of Portland, Me., come to that port without a cargo, some times composed of goods for Canadian business houses and sometimes immigrants who, if the vessels come to Canadian ports, would in all probability come into Canadian territory to settle.

Whose fault is it that the Canadian grain is seeking an outlet from Canada through an American port? The shipments are largely controlled, as everybody knows by the railway company itself. The agents of the railway are scattered through the whole country.

VANCOUVER AND ST. JOHN
The latest report from Vancouver gave \$18,000,000 as the amount the city wanted spent in harbor improvement. The Vancouver Sun of Feb. 10 gave the following list of works, public and private, which it said would be carried on this year:

THE AIR MENACE
A press despatch yesterday said that the Labor Government narrowly escaped defeat on the question of the air force, and was only saved by the refusal of the Speaker to accept a motion of closure, thus leaving a debate to be continued. France is responsible for the demand for more war-planes in Britain. This is made clear by the following summary of an article by General Groves:

THE HALIFAX SHAKE-UP
The press of Halifax continues to give a great deal of space to a discussion of the startling disclosures regarding the city's finances, made in the report of Price, Waterhouse & Company. The Evening Mail of Tuesday declares that conditions now revealed to the public were known to those behind the scenes twenty-five years ago.

EGYPT'S ASPIRATIONS.

THOSE REVENUE STAMPS.

(Orillia Packet.)
We again venture to call attention to the inadequate provision for the sale of excise revenue stamps. If the people in the country are to be expected to place revenue stamps on their checks and receipts these should be made readily available to them.

OBREGON TRIUMPHANT.

(Bangor Commercial.)
The Mexican rebels, beaten in three separate sections, are flying in disorder and with little likelihood of gaining strength to better their fortunes. Some of their leaders have left for Panama and the others are likely to follow the same course in the immediate future.

GO TO INSECTS FOR IDEAS ON FASHIONS

Designers Copy Glow Worm and Beetle—Some Other Novelties.

London, Feb. 21.—Glow-worm gowns are fashion's latest gift to women. But as a matter of fact there is no obligation to confine one's appearance to this particular form of insect.

There are beetle gowns and firefly ones, and others that suggest dragonflies, and the ultimate choice as to which she shall resemble rests with woman herself.

To put the matter plainly, the dress people have evolved a new material in which the shimmering tints of the insects mentioned are most faithfully reproduced. It is a women material with fine metal filaments cleverly introduced into the silk that forms a background, and the colorings desired, the whole representing the newest development in the knitted dress that has been popular for so long.

The "beetle"-tinted model shows beautiful, gleaming, green tints against a black background, and iridescent flower motifs are worked in to give additional color.

In the firefly and glow-worm models, golden and orange tints predominate, and bronze and green characterize the dragon-fly series of models. Of these dresses, apart from their beautiful appearance, not the least attractive feature is that they are extremely light.

Dresses made from materials woven in such a way as to suggest knitting will be the most popular during the spring season, say the leading arbiters of fashion.

But the dresses described are far from exhausting the novelties that the artists in materials can produce. Frocks in a woven material that suggest a fine sponge cloth, but are as pliant as a knitted fabric, are handsomely embroidered with gay colors in Oriental designs, and others show a flower pattern in gold or silver, or, alternatively, stripes of the same substances woven into the silky background.

Metal threads are lavishly used to adorn day gowns, and almond green will, it is prophesied, be the favorite spring color.

The reformer must be sincere, after all. He labors ceaselessly to work himself out of a job.—Paisika (Fla.) News.

WEDDINGS

Haslett-Jenkins.

Rev. James M. Rice, B. A., pastor of Fairville Methodist church was the officiating clergyman yesterday afternoon, when Miss Mabel Winifred Jenkins, daughter of Mr. and Mrs. William B. Jenkins, of Walton Lake, was married to Mr. Elmer H. Haslett, son of Mr. and Mrs. William J. Haslett, of White Head. The bride, who was unattended, was very pretty in a costume of blue silk and hat to match. The ceremony was solemnized at 8.30 o'clock at the parsonage, after which Mr. and Mrs. Haslett left on the evening train for a short trip. On their return they will reside at 166 Millidge Avenue.

Bevis-Goddard.

The marriage of Mrs. Ada Ray Goddard and Company Sergeant Major Instructor Harry Willson Bevis was solemnized last night at 171 Queen street in the presence of friends. The ceremony was performed by Rev. H. A. Cody, rector of St. James' church, tended by Mrs. Fred Cox and was given in marriage by Alfred G. Ellis. After the ceremony a dainty supper

was served. Sergt.-Major and Mrs. Bevis will reside in St. John and have the good wishes of many friends. Sergt.-Major Bevis was recently transferred to the local military headquarters from Toronto.

GOOD SPEECH BY R. D. PATERSON

St. Stephen, Feb. 20.—(Special)—The St. Stephen-Milltown Rotary Club celebrated the 19th anniversary of the founding of Rotary by Paul Harris by entertaining a large number of guests at a ladies' night in the Oddfellows' Hall Monday evening. A large and well arranged programme was enjoyed. The chief speaker of the evening was R. D. Paterson, of St. John. Mr. Paterson delivered one of the finest addresses on Rotary ever heard on the St. Croix. Mrs. Paterson also attended.

PROTEST AGAINST CANADIAN CATTLE

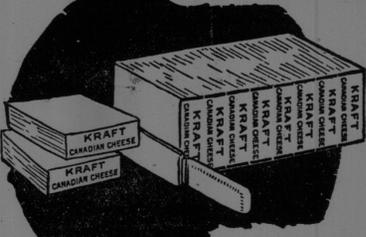

London, Feb. 20.—The council of the National Farmers Union passed a resolution protesting against the recent agreement between the Minister

of Agriculture and the Canadian Government whereby all cattle imported from the Dominion as stores are allowed entry into the interior of the United Kingdom, provided they are suitable, for 28 days more feeding. The council points out that it is obvious that all cattle after such a long journey are suitable for 28 days more feeding, the effect of this rule being to admit to the interior markets Canadian fat cattle under the guise of store cattle.

MARRIAGE AND HEALTH.

The real education on the health of the marriage state should be started in early life by parents. If home, health and happiness are to have their true meaning in the coming generations, then sensible, heart-to-heart talks should be carried out between parents and children.

Well Known Montreal Criminologist Highly Pleased

Claims he is rid of Constipation, Indigestion and Poor Appetite since he took DRECO.

"I have recommended DRECO to a lot of my friends in Montreal and many are taking it since they know what it did for me," stated Mr. M. M. Campbell, of 17 St. James Street, well-known Criminologist.

The keen analytical mind of a man in the position of Mr. Campbell was quick to grasp the significance of the benefits he received from DRECO. He realized that the corrective properties that helped restore his system came from the natural herbs, roots, bark and leaves from which DRECO is compounded.

DRECO is being specially introduced in St. John by Ross Drug Co., 100 King street; Moore's Drug Store 105 Prince Edward street; F. W. Munro, 37 Main street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson, and by a good druggist everywhere.

**Social Notes
Of Interest**

Pythian Castle Hall presented an animated scene yesterday afternoon when the Seven Seas Chapter, I. O. O. E., held a successful bridge of more than 60 tables. Miss Alice Lockhart, regent of the chapter, and Miss Margaret Dunlap, vice-regent, received the guests. Scores ran high, there being a close contest for prizes among several ladies. Miss Josephine Vrooman, of Napanee, Ont., who is the guest of Mrs. James F. Robertson, won the first prize, with a score of 9,205. The lowest score was only a little less than 2,700. The other prize winners were Mrs. Thomas A. McAvity, Mrs. F. E. Williams, Mrs. A. C. Smith, Mrs. A. E. Cunningham and Mrs. A. C. Wells.

The dining room was very prettily decorated and the tea table presented a tempting appearance. Mrs. Heber Vroom, regent of the Municipal Chapter, Mrs. C. B. Allan, of Royal Standard Chapter, Mrs. Herbert W. Westmore, of Brunswick Chapter, and Mrs. W. L. Caldwell, of Loyalist Chapter, presided over the tea and coffee.

Yellow flowers in abundance were artistically arranged in a huge glass bowl in the centre of the table and fragrant candles made a soft lighting effect. Mrs. Lloyd Estey was in charge of the delicious refreshments. Miss Dunlap was general convener of the whole affair. Miss Edna Simon had charge of the tickets.

The replenishers for the tea and coffee were Mrs. Philip Simms, Mrs. N. F. Nutter, Miss Edna Simon and Miss Edith Cameron, for the cake and sandwiches, Miss Marion Robinson, Miss Frances Jordan, Miss Catherine Wetmore and Miss Helen Corbett. Those who served were Miss Mildred Wilson, Miss Faith Henderson, Miss Jessie Hart, Mrs. Arnold Gibson, Miss Mildred Parker, Miss Marie Hamilton, Miss Loyene Evans, Miss Hazel Megarity, Miss Barbara Dobson, Mrs. Russell Binning, Miss Mabel Harling and Miss Mabel Ryan.

Mrs. J. Hunter White entertained yesterday afternoon at a tea that was greatly enjoyed by more than 120 guests at her residence, 293 Princess street. Yellow and white was the artistic color scheme carried out with a profusion of daffodils and narcissi in the rooms and centring the well appointed tea table. Mrs. A. M. Peters and Mrs. W. A. Henderson presided over the tea cups. Those who assisted in serving were Mrs. Fred T. Barbour, Mrs. Clarence Henderson, Mrs. Arthur Likely, Miss Mabel Thompson, Miss Marion Henderson and Miss Annie Scammell. Mrs. White received her guests in a handsome imported gown of white georgette embroidered with orchid heads.

Miss Althea Hazen entertained at a mixed bridge for her young friends last evening at the residence of her parents, Sir Douglas and Lady Hazen. Miss Hazen will entertain this afternoon at a ladies' bridge.

Mrs. Hugh Mackay was a charming hostess yesterday at a luncheon bridge at her residence, Rutland, in honor of Mrs. H. A. K. Drury, of Winnipeg. Several guests went out from the city.

An event of unusual interest socially will be the reception and tea to be given by Mrs. Allan G. McAvity this afternoon at her residence, King street east, to honor Mrs. Miriam Green Ellis, who will lecture in the evening at the German street Baptist Institute. There will be about 75 guests to meet Mrs. Ellis, including the executive of the Women's Canadian Club, under whose auspices Mrs. Ellis has come to the city.

Mrs. Herbert C. Sparling entertained at two bridges recently, the latter one being on Tuesday afternoon in honor of Mrs. W. H. Lugsden, of Moncton, who leaves for home today after a pleasant visit with former friends while a guest of Mrs. Mariner G. Teed.

Miss Olivia Gregory, daughter of Mr. and Mrs. J. Francis Gregory, left yesterday for Fredericton to be present at the University of New Brunswick Conversazione on Friday evening.

Miss Marion Belding, daughter of Mr. and Mrs. A. M. Belding, will go to Fredericton on Friday where she will be a guest at the U. N. B. Conversazione.

Mr. and Mrs. George Ernest Barbour left Tuesday evening for New York where they will sail on the Empress of Britain for the West Indies and South America on their next southern cruise.

Miss Ella Clark, daughter of Mr. and Mrs. D. C. Clark, Charlotte street,

London, Feb. 21.—Grace, a West African ostrich at the Zoo, has surprised her keeper by laying an egg several months before the normal date for such an event.

An Important Use For Aluminum

Because tea deteriorates very rapidly if exposed to air, many tests and experiments have been made to find an effective means of packing it so as to preserve the flavor. The "SALADA" Tea Company first used lead packages but some years ago adopted aluminum foil, as being more durable and lighter than lead, besides of course being absolutely clean and air-tight. This method of packing is admitted to be the best to preserve the flavor of tea. All "SALADA" is sold in air-tight aluminum packages.

West St. John, leaves this evening for Ottawa. Miss Clark will then proceed to Palo Alto, via Chicago, where she will join her parents and sister, Miss Hazel Clark, and remain for the rest of the winter. Miss Clark is going principally to see her mother, who has been ill from well. Mrs. Clark's friends hope for best of news concerning her health in the near future. Miss Clark's many friends have given several functions in her honor prior to her departure.

Miss Bertha E. Estabrooks, 276 Prince street, West St. John, was hostess yesterday afternoon at a cosy tea in honor of Miss Clark. Daffodils made a pretty decoration in the rooms and centred the tea table. Miss Edith L. Magee and Miss Mollie Lingley assisted Miss Clark in serving. Those present were Mrs. B. F. Johnson, Mrs. A. W. Covey, Mrs. Walter Barnes, Mrs. Rupert W. Wigmore, Mrs. George Barrett, Miss Bertha Brittain, Mrs. James MacLennan, Miss Edith L. Magee, Miss Mollie Lingley, Mrs. M. Perry, Mrs. Irueman Webb, Mrs. Maurice Tufts, Mrs. Clifford T. Clark, Miss Nellie Rogers and Miss Elizabeth Cowan. Mrs. M. Perry ushered the guests.

Rev. A. L. Fleming, rector of St. John's (Stone) church, who has been suffering from a nervous breakdown, left this week for a 10 days' visit to Annapolis Royal. He was accompanied by Mrs. Fleming. His many friends hope that the change may restore Rev. Mr. Fleming to his usual vigor.

Miss Reta Dykeman and Miss Edythe Mitchell will leave today for Fredericton to be present at the Conversazione tomorrow evening.

Mrs. Fred E. Law and her daughter, Miss Maud Law, left on Monday for Los Angeles, Cal., where they will spend the remainder of the winter. They were the occasion for several pleasant functions prior to their departure.

Mrs. G. Fred Noble entertained yesterday from 4 to 7 o'clock at her home in honor of her little daughter, Miss Lillian Noble, six years old. Games and music were enjoyed by the little people. A wonderful cake was the centre of attraction at the supper table, where the guests enjoyed all kinds of dainties suitable for small people. The little guest of honor was made the recipient of several nice presents.

Miss Iva Alexander, of 81 Thorne Avenue, was hostess on Tuesday evening at her home in honor of Mrs. Guy Wright, her Sunday school teacher, and the other members of the class. Early in the evening the young people met at St. Mary's church for a short business meeting, after which all went for a skate to Lily Lake. Miss Alexander served a buffet supper.

REPEAT PERFORMANCE.

The Ladies' Auxiliary of the Carlton Cornet Band gave a repeat performance of its very successful play, "Miss Fearless and Co.," in the school room of the Mission church last night before a large and appreciative audience.

**SISTER
MARY'S
KITCHEN**

Unless otherwise specified these recipes are planned for four persons.

JELLY CAKES

James and jellies add much to desserts and cakes. The old-fashioned jelly roll is always welcome and easily digested. A cake, with jelly or jam used in its mixing, gains a richness of flavor and that delicate moistness every cake-maker desires.

Jelly Roll

Two eggs, 1 cup sugar, 2-3 cup milk, 1 1/2 cups flour, 3 teaspoons baking powder, 1-8 teaspoon salt. Beat eggs until very light with sugar. Mix and sift flour, salt and baking powder. Add alternately with milk to first mixture. Be sure to add dry ingredients to eggs and sugar before adding milk. Turn into a buttered and floured dripping pan. Bake 15 minutes in a moderate oven. Wrap a square of cloth out of warm water and fold

in several thicknesses a few inches larger each way than the dripping pan. Put this on the moulding board and turn the cake upside down on the damp cloth. With a sharp knife trim off the edges of the cake, spread thickly with jelly and roll while warm. Keep in the cloth to shape.

Protein, 169 calories; carbohydrate, 2484 calories; fat, 240 calories. Iron, .0041 gram.

Jelly Cake
One cup sugar, 1-4 cup butter, 1-4 cup lard, 3 eggs, 1 teaspoon soda, 2 cups flour, 1-2 teaspoon cloves, 1 teaspoon cinnamon, 1-4 teaspoon salt. Work shortening to a cream and slowly beat in sugar. Add four tablespoons flour. Add jelly and beat well. Add part of the flour and mix until smooth. Add yolks of three and whites of two eggs well beaten. One egg white is saved for the frosting. Add remaining flour alternately with the sour milk in which the soda is dissolved. Turn into two layer cake pans and bake 25 minutes in a moderate oven. When done remove from pans, cool and put together and cover with boiled icing.

Protein, 191 calories; carbohydrate, 2808 calories; fat, 1226 calories. Iron, .0099 gram.

SHOWS RELIEF PICTURES.

The cause of Near Eastern relief was presented by Rev. A. E. Kochaly, field secretary of the Armenian relief fund before a sympathetic audience in St. John's (Stone) church hall last night. Mr. Kochaly showed two of his realistic motion picture films. The chairman of the evening was Rev. W. B. Armstrong.

**TREAT GIVEN FOR
JUNIOR BOOSTERS**

The Junior Boosters of the Y.W.C.A. are increasing rapidly. Last night there were 60 present having all the good times of their weekly meeting at the Recreation Centre. The Junior Boosters meet each Wednesday night and the Senior Boosters each Thursday night.

A special treat was provided last night and there were many grown-ups present to see what the Y.W.C.A. meant to the Boosters. Every grown-up became as keen a Booster for the association and as eager to help as the members of the club. It was the first evening when the volunteers glimpsed the task they had come to aid.

Games and stories and physical exercises and a Bible talk rounded out the programme. A dear friend to all those

of the children that had been members for many months, Mrs. W. H. Lugsden, of Moncton, former president of the local Y. W. C. A., paid a visit to the meeting. She was given a rousing reception.

HEATHER MIXTURES.

**Napoleon's
Secret**

The secret of Napoleon's power was his immense vitality. The same is true of most great men—Julius Caesar, Michael Angelo, Gladstone, Cecil Rhodes—they were successful because they were never tired.

If you "tire quickly" you will never do much in life—you give up race after race when it is half won.

**Don't get tired
drink Bovril**

"Tiredness" is another name for nervous exhaustion. It means that your food is failing to nourish your nervous system. If you take Bovril you are sure of being nourished. Your food starts to do you more good. Bovril provides extra nourishment without throwing extra strain upon the digestion. You have plenty of energy instead of not enough.

Bovril lifts you on to a higher plane of vitality. It enables you to do more work and better work with less fatigue. It enables you to take more exercise without getting tired. In fact Bovril enables you to take the hills on top gear. Take a cup of Bovril at any time either at or between meals.

BOVRIL
The Mighty Energiser

It gets the edge dirt right out—

Is there anything harder to get clean than a dirty soft collar? Yet the grime of soft collars are now washed white and clear of edge dirt without hard rubbing.

With this new soap, soaking takes the place of rubbing

Just by soaking in the rich Rinso suds, the most ground in dirt is gently loosened and dissolved, and not a thread is weakened. Even the dirt that gets absolutely ground in at cuff edges is so loosened that it comes out with only a light rubbing with dry Rinso. Whatever your way of washing, Rinso does the whole job—with it you need no other soap. Get Rinso today. All grocers and department stores have it.

FRIENDSHIP TWO.

Friendship Two, by Man of War, might be classed as a gift horse, thereby deriving the unusual name. A close friend of John Riddle, owner of Man of War, once expressed the wish that he might acquire a colt by the wonder horse. Riddle saw that the wish was fulfilled.

When Riddle presented the horse to the greatly surprised friend, said friend decided that the proper name should be Friendship Two, carrying out the thought that actuated the gift.

Play Superior Basketball
and Win From Cham-
pions 47 to 16.

Halifax, N. S., Feb. 21.—Playing superior basketball during the entire game, the St. John Trojans scored a 47 to 16 victory over the Wanderers, Maritime champions, in the first game of a series for the maritime title, played in the Y. M. C. A. gymnasium last night before a crowded gallery.

The Trojans started off fast and scored twenty-one points in the first sixteen minutes of play before the Wanderers were able to make a tally. MacCoy opened the scoring for the Reds when he caged the ball twice after a great individual effort but the Wanderers were unable to hold the fast visitors in check. Trojans lead at the conclusion of the first period by a 23 to 8 score and caged the ball for twelve baskets, for a total of twenty-four points in the second period while the Wanderers were only able to score eight points.

SKULL CAPS TO PROTECT
KENTUCKY JOCKEYS

Louisville, Feb. 21.—E. R. Bradley, one of Kentucky's leading turfmen, has ordered fifty Australian skull caps to be used by jockeys riding on the Kentucky circuit as a protective measure against concussion of the brain in event of a fall in a race. One of these caps placed on a letter scale weighed but four ounces and without making the least impression. The cap is made of a peculiar fiber which withstands many pounds of resistance.

"STRANGLER" MATCHED
WITH STAN ZBYSKO

Chicago, Feb. 21.—(United News)—After discussion over terms, Stanislaus Zbyzsko and Ed "Strangler" Lewis signed articles of agreement to meet Feb. 26 in the Stockyards Pavilion. The struggle held will be barred. The two wrestlers so far have not agreed on the referee. Zbyzsko wants a heavyweight, while Lewis favors one in the 145-pound class, fearing that the presence of another Behemoth might deflate the air cushions in the mat.

Game In N. H. A.
Ends In Fight

The game in the N. H. A. last evening between Hamilton and St. Pat's of Toronto had as a feature a display of fastuffs. The game was played in Hamilton and was won by the home team by a score of 3 to 1. With the play against them the St. Pats were making desperate efforts to even up the score when Noble got started with the puck. He was checked by Randall and for some reason flung down his body stick and rushed at the Hamilton defence man. Forbes jumped on Noble, and there was a free-for-all. The police ended hostilities, and both Randall and Noble were banished for the remainder of the game.

JOCK MALONE OFFERED

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN.

MEET CLYDE FRANKLIN, ROUGH RIDER,
ACTOR AND LONG DISTANCE HIKER

Second Man With Carroll Players, Who Has Made Great Hit in Character Studies, Has Had Colorful Career—Visited St. John Before With Kirk Brown—Wife is Also Gifted Player.

Clyde Franklin, who has gained an enviable reputation for himself during the present Opera House season, as second man with the F. James Carroll Players, literally rode from obscurity into the public eye and has been there almost continuously for the last 25 years. A native son of Iowa, he was taken to Texas when a baby, and from the time he was able to sit astride a saddle spent the most of his leisure time on horseback; and when, at the age of 15, he returned with his parents to Iowa, his hours at school were sandwiched in between periods in the saddle.

CLYDE FRANKLIN.

It is not surprising, therefore, that the glittering, graceful spell of the galloping horses in the circus shows should prove a strong attraction, and in 1899 we find Clyde piloting one of the spirited animals with Campbell Brothers' "big show," then touring in the middle west. From one circus to another he went until the summer of 1900—during the Boer war—when he crossed the Atlantic and joined the big English circus attraction known as Phyllis' Savage South Africa, which played long stands at Manchester and Blackpool.

Makes Theatrical Debut.

Mr. Franklin returned again to America, and in 1902 made his first venture into theatricals on the roster of a repertoire show operating in New York state and vicinity. For the next few years he saw all the ups and downs of the game, playing in stock and Arnold stock companies in various places in the eastern and southern states, with tent shows and many other classes of productions. The stage world was much different from those existing at the present time, so that the fortune of those in the profession showed some wide variations. Periods of success and affluence would often be followed by much more distressing conditions.

A Thrilling Trip.

So it happened that one day in 1905 Clyde Franklin and a few associates found themselves hopelessly stranded in Brunswick, Ga. The show they were with struggled for a few weeks to keep itself in existence, but after a few spasmodic final efforts, gave up the ghost.

They were—

There they were—the whole outfit of them—all dressed up and no place to go. Payday had been rather meagre during the last few weeks and there was not a great abundance of coin amongst the lot. So, a few of the more courageous, Franklin amongst them, decided to get back to the starting point again, and they set sail on a schooner bound for New York with the promised prospect of being in the metropolis in six or seven days.

A Few Miles out.

A few miles out, the wind and the waves started to make the schooner their plaything—they tossed it about like a cork, whipped everything that was loose from its decks, tore its canvas into ribbons and left it drifting—a derelict—on the broad bosom of the Atlantic. Twenty-two days later the wreck was towed into Southampton, Va., and the much-abused, greatly relieved thespians jumped ashore, shook their fists at the restless waves and plausibly (perhaps) chortled, "Never again."

Grasps Hand of Success.

Things went better after that for Clyde. A couple of years later he was playing in "The Clay Baker" with William V. Mong, now starring in the movies, and the next year he was playing general parts in stock at the Crescent Theatre in Brooklyn.

This was followed by a most successful season as leading man in New York, N. J., with a cast, many of which have since made good in the movie game, including Edgar Lewis, who has become one of the successful picture directors.

Continuing in the role of leading man, Mr. Franklin had two seasons at the Court Theatre in Brooklyn, followed by successful periods in Boston

and the New England States and in Lancaster, Pa., with the Mozart Stock Co. He also toured the State of New York with Mark Swan, who later became one of the prominent New York playwrights.

Joins Kirk Brown

The seasons of 1910 and 1911, Mr. Franklin spent with the Kirk Brown Co., so well known here, and toured Pennsylvania, Ohio, New York and the New England States, coming finally into New Brunswick and continuing through Nova Scotia, playing for two weeks in St. John. Many will remember the presentation of these plays—Sowing the Wind, Othello, The Manxman, Ingonar, The Iron Master, The Sign of the Cross, all of which were included in the company's repertoire.

It was during that visit that the Kirk Brown members came into particular prominence by crossing bats on the baseball diamond with the newspaper folk of St. John—the matter as to who won has not, even at this date, been decided.

Played With Celebrities

A full season in stock at Akron was followed by a summer in Columbus, Ohio, and varying other engagements in the eastern, middle and southern states, during which he played with Harrington Reynolds, a famous English artist, who has since died in Australia and Jean Eagles, now starring in "Rain" on Broadway.

The seasons of 1918 and 1919 he spent at Staten Island and the period between that and 1922 was taken up with a number of smaller engagements, including one at Brooklyn.

Plays Bernhard Show

In 1922 Mr. Franklin was with Edgar Selwyn as leading man in Wilkes-Barre, Pa., where among the shows played was one written for Sarah Bernhardt, called "Daniel" and which Mr. Selwyn had translated into English.

The summer and fall season of the same year was spent by Mr. Franklin at Savannah, Georgia, and the winter at Norfolk, Va. In the spring he was signed for a Montreal stock engagement and soon after its close, met Mr. Carroll and arranged to come to St. John.

Is Popular Player

Mr. Franklin was greeted with enthusiasm by his old friends on his return to St. John and since his opening in the Civilian Club has added to his host of admirers practically everyone who has seen him on the local stage. He is a cultured, versatile, hard-working man who puts his heart and soul into his work and gives his best—which is considerable.

When he came to St. John he brought Mrs. Franklin and their little son, Bob, with him and has been enjoying the comforts of his own home during his stay here. Mrs. Franklin, by the way is also a clever stage artist, as those who saw Mrs. Wiggs can testify. Under her maiden name, Miss Deal, she played the part of the querulous village gossip and her work was heartily applauded. She had achieved considerable success on the professional stage before her marriage.

Bobby is attending the city schools and is an enthusiastic member of St. Andrew's Cadet Corps. Not only for their artistic ability, but as good citizens, the Franklin family are an asset to our city and there is no doubt that many will hope that their stay will be long.

Is A Strong Hiker

Here is another side to the many activities of Clyde Franklin. He has established quite a reputation as a long distance hiker—one way in which he helped to keep fit between engagements. In 1912 he established a record by walking from Akron, O., to Emporia, Iowa, more than 700 miles, which he traveled on foot in 17 days, or better than 36 miles a day. During recent years he has accomplished even longer trips, but did not confine himself to walking, accepting automobile rides whenever offered, but even at that did a big share of the distance on foot. His last trip of this kind was last year when he made the trip from Savannah, Ga. to Newark, Ohio.

DISCUSSES LIQUOR SITUATION.

Premier Veniot stated yesterday that everything was ready for the opening of the Legislature on March 6. Questioned regarding any amendment to the prohibition legislation at the coming session, the Premier said he had no knowledge of it and was still of the same mind as he had been, that a plebiscite should be held before any change was made.

Mason Has Record Of 52 Years As Stage Comedian

Dan Mason, creator of the Toonerville Trolley and Pop Tattle comedies, now engaged in an important role in George Archambault's production, "The Plunderer," being made at Hollywood, has a fifty-two year acting record to his credit. For forty-two years Mr. Mason acted and starred on the stage. Some ten years ago, he made his screen debut with the old Edison company.

LANE SIGNS INFANT SON AS AN ACTOR

Scion of Famous Family Booked Early for His Stage Career

Lupino Lane, who is due to New York soon to commence work in William Fox comedies, is the father of a two-year-old boy, who already is under contract for comedy acting when he reaches the age of 16.

The Lupinos seem to be born to tumble and dance and make the rest of the world laugh. This last one was signed up on the day of his birth. His father, who has signed a contract with Fox Film Corporation, commenced his stage career even younger.

There are more than 100 living members of the Lupino family, which includes many famous comedians and acrobats, each a descendant of Chevalier Lupino, who came from Italy.

Lupino Lane says the family tradition is that each new member shall be taught to tumble and dance as soon as he can walk, so even before a young Lupino arrives in this world his career is cut out for him.

Asked what would happen if the newest Lupino evinces a desire to become a policeman or a professor instead of a comedian, Lupino Lane said: "He will have to keep his contract. Being a true Lupino he will."

FINDS THE HOSPITAL IS CHEERFUL PLACE

Local Business Man's Ideas Changed by Two Weeks' Sojourn

A two weeks' stay in the General Public Hospital for a man that is not too sick to enjoy life at all is just every bit as enjoyable as a trip to Boston or New York, at least so J. Fraser Gregory found it. Mr. Gregory was a patient recently. It took a great deal of persuasion to get him to enter what he considered to be a place of gloom. But his experience was quite the contrary of gloomy and it was the spirit of good fun and undecurrent of sociability in the hospital which specially impressed him.

He was an "up-patient" and was able to visit every part of the hospital and for every department he had a good word. He took a very practical interest in the hospital while he was there and was instrumental in having a mail box placed on the grounds having noticed that the postage of letters was a haphazard affair dependent on the nurses and friends of the patients.

Suggests Letter Writers.

Another matter in which it would be possible to add to the comforts of the patients, he thought, would be by having a free stenographer service so that patients might dictate letters that they were unable to write themselves. He had made the suggestion to the principal of one of the local business colleges and it had been enthusiastically received. It would be good practice for the students and the college would be very glad to take charge of such service.

As a practical man interested in the details of the new community in which he found himself, Mr. Gregory discovered many things to speak well of. He commended the daintily served meals, the excellence of the heating system and the splendid nursing service. The cheery good nature and kindness of the nurses, in spite of their long hours and continuous exacting work, particularly impressed him.

The nurses' home was a beautiful building in his opinion and he felt it was a pity the nurses did not get more time to enjoy it. He thought the citizens who had furnished bedrooms in the nurses home would be willing at this time to pay an additional sum to have the walls put in good condition. They were needing some attention at the door.

"California Fig Syrup" Dependable Laxative for Sick Baby or Child

Hurry Mother! Even a bilious, constipated, feverish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sickening attack tomorrow.

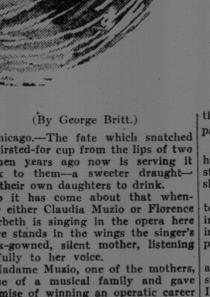

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

For the administration of the hospital, not forgetting the telephone service and the elevator man, Mr. Gregory had only the highest praise. He recommended all the citizens to become familiar with the happy community in their midst, and pointed out that it was in fact a community of some size, numbering between 300 and 400 persons, counting patients, nurses, household staff, administrative staff, engineering staff, doctors and orderlies.

Did Not Know HOUSE AFIRE.

Last evening a fire broke out in the roof of a house owned by Daniel Campbell, formerly known as the Wolf residence at the Millford Crossing. Fred Gogan was another occupant of the house. A call brought the Fairville fire department in quick response, and the blaze was extinguished in about five minutes. Some of the firemen reported that the family living downstairs did not know anything was the matter until they knocked on the door.

THEATRE PEOPLE SAIL FOR EUROPE

Mrs. Ganna Walska McCormick Among Passengers from New York.

New York, Feb. 21.—When the Cunard liner "Berenice" sailed on Saturday, February 16th, she carried the season's record list of passengers, there being more than 700 in her first class cabins, which are filled to capacity.

Mrs. Ganna Walska McCormick, probably the most talked of personage in operatic circles, is going back on the big liner "to various-located Paris." Her husband, Harold F. McCormick of Chicago bought her the Theatre des Champs Elysees, where she is scheduled to appear in a Mozart festival next June. Her season in this country had several bright spots, the particular one being her financial support of the Wagnerian Opera Company when ill-fortune overtook it.

Other prominent passengers were: Lionel Tertis, the world's greatest violin player, who recently played with Fritz Kreisler in Mozart's double concerto for violin and viola; and Alfred Peccaver, tenor of the Chicago Opera Company.

Miss Avonnie Taylor, a Zeigfeld beauty, and until last Saturday a member of the "Kid Boots" Company will go abroad. It has just come to light that she was recently robbed of \$15,000 worth of jewels very much after the method employed in the Louise Lawson robbery and murder.

stated are: To maintain educational institutions, convents, hospitals, dispensaries for the sick and homes for the aged and infirm. It is proposed to erect buildings in this province eventually.

TO BROADEN SCOPE OF HEALTH CLINIC

One of the Health Centre clinics is retained and is to extend its scope and usefulness. What was formerly known as the pre-natal conference held each Friday afternoon will in future be known as the Mothers' Conference. Commencing at 2:30 each Friday the Mothers' Conference will be in session at the Health Centre and all mothers needing pre-natal advice or information have been invited to attend and consult with the nurses.

Mothers with small children that cannot be left at home may bring the children to the Conference. Arrangements have been made to serve tea and cake.

PLAN RELIEF FOR FIRE SUFFERERS

Proceeds of Entertainments to Go to Families Burned Out.

The Glen Falls Community Club special committee worked hard yesterday to plan for the entertainments to be given in aid of the six families that lost all their possessions in the recent fire in the John DeAngela property. The committee approached Rev. William M. Duke, parish priest of the Cathedral, who consented to act as the city representative for the fire relief fund and who gave his permission from His Lordship Bishop LeBlanc to use St. Vincent's auditorium for the staging of an amateur entertainment.

Manager Gaudet of the Opera House and F. G. Spencer gave assurance of their hearty support and co-operation in the production of a benefit performance and W. H. Golding, of the Imperial Theatre, is to be approached with a view to obtaining the co-operation of the Imperial Theatre management also.

The members of the committee in charge are as follows: President, Arthur Boyle, of the Community Club; Councilor George Simpson, William Bromby and George Buckley, with Rev. Father Duke as the city representative.

City Council Sets Dates—Use Hydro's \$10,000 for January Bill.

The City Council, at a committee meeting this morning decided to use the amount to the credit of the Civic Power Commission to pay the bill of the New Brunswick Electric Power Commission for the month of January, set the dates for daylight saving time this year and talked over the matter of signs on the roofs of buildings.

Mayor Fisher reported that a meeting of the council would be held tomorrow morning at eleven o'clock and that he would present a report on the trip of the civic delegation to Ottawa at that meeting.

On motion of Mayor Fisher the dates in which daylight saving time would be effective this year were from midnight of May 17 to midnight of September 6.

On motion of Mayor Fisher it was decided to ask the Civic Power Commission to transfer to the city account the sum of \$10,000 from the balance in the operating account of the Commission to use in paying the account of the New Brunswick Electric Power Commission for the month of January, 1924.

Commissioner Frink reported that he had received the following bids for a sand dryer: St. John Dry Dock and Shipbuilding Co., \$260; Barton Electric Welding Co., \$390; Union Foundry and Machine Co., \$290; St. John Iron Works, \$275; and on his recommendation the tender of the St. John Dry Dock and Shipbuilding Co. was accepted.

Commissioner Frink reported that he would undertake the placing of curbing in Douglas street this summer as a part of his street repairs and the work would be done out of appropriation.

Discuss Roof Signs Commissioner Frink reported that he had received an application for permission to place a sign on the roof of the Amdur building, King Square and he moved this he referred to the Commissioner of Public Works, city engineer and city electrician, to report.

Commissioner Thornton said he hoped the Commissioner would give this matter careful consideration as these signs created a certain hazard.

Commissioner Wigmore agreed with this and called attention to the element of danger in case of fire and the firemen having to fight a blaze from the roof.

Commissioner Bullock said there should be some revenue derived from these signs and he suggested that a license fee be imposed.

The motion of Commissioner Frink carried.

Commissioner Frink reported that he had been advised by the city solicitor that the city had no liability in the claim of David Corkery for a broken plate glass window and he moved that K. A. Wilson, solicitor for Mr. Corkery be so notified. Carried. This accident happened in 1922 and the amount claimed was \$92.44.

LIBERAL LEADERS TO MEET IN MONCTON

Premier Veniot Answers a Query re Report of Federal Cabinet Post.

Premier Veniot, in conversation with a Times-Star man over the long distance telephone from Fredericton this afternoon, denied having heard anything about the possibility of his being appointed to a portfolio in the Dominion Cabinet and the elevation of Hon. A. B. Copp, Secretary of State, to the Senate.

A report to this effect was published in the Fredericton Gleamer yesterday.

Dr. Veniot confirmed the report that a conference of the leaders of the Liberal Party in the province would take place in Moncton on Saturday, but so far as he knew the questions to be discussed at this meeting would be confined to political matters and the organization of the party in New Brunswick. The Premier will be present at the Moncton gathering and it is also expected that Hon. Mr. Copp will be there.

LOCAL NEWS

ENGAGEMENT ANNOUNCED. Rev. and Mrs. S. Slatberg, 700 Main street, announce the engagement of their daughter, Sarah, to David L. Garson, of Yarmouth, N. S., the marriage to take place in the near future.

HERE EARLY NEXT WEEK. The Royal Mail Steam Packet liner Chignecto is due to sail from Bermuda tomorrow for this port direct with passengers. Miss Angelina Gregory, singer, is due to arrive next Monday evening or early Tuesday morning.

SIX WERE SHELTERED. During the storm last night six men sought shelter and a night's lodging in Central Police Station. They were all given bunk beds, towels and soap and this morning they started out hoping to secure work.

WERE MUCH ENJOYED. In addition to the play, Miss Fearless and Co., presented last evening at the Mission church there were dances by Miss Angelina Gregory, songs by William Lanyon and selections by the Stackhouse male quartette, all of which were greatly enjoyed by the audience.

PRINCESS MUST BE SKATER. The management of the Arena announced this morning that the Princess would be chosen Saturday afternoon from young girls who appear on the ice on skates. Their object is to choose some girl who is able to skate in event of her being wanted to participate in any functions when her ability to skate would be essential.

BOXER ARRIVES. "Irish Kid" Williams arrived in the city on the Boston train this afternoon. He is to meet manager Frazzetti in a main bout in the Armories tomorrow night. Williams is a veteran of the European war and is an Irishman by birth. His present home is in New York. He was met at the station by James McNulty and friends made during his last visit to this city.

MR. COPP WAS HERE. Hon. A. B. Copp, Minister of State passed through the city this afternoon en route to Ottawa, to his home in Sackville. With reference to the visit of the delegation from this city to Ottawa in connection with harbor improvements he said that nothing more could be said than had already been given out by Mayor Fisher.

ST. JOHN MAN SUCCESSFUL. An Ottawa paper reports that among the 12 candidates who were successful in passing the final examinations of the Royal Canadian Mounted Police in St. John was Leo F. Duffy. He obtained a degree of the Faculty of Commerce, University of Montreal. Mr. Duffy is a former North End boy, a son of Mr. and Mrs. John Duffy, Chesley street. Many friends in this city will be pleased to learn of his success.

MARBURN AWAY TOMORROW. The Canadian Pacific steamship Marburn will leave here tomorrow for Liverpool and Glasgow with approximately 200 passengers and a large general cargo. Among the cabin passengers are Leslie Allen, David Captain, H. J. Garrison, K. R. Kenney, A. S. Nokes and F. A. Walsh of Toronto, J. H. McKee and Mr. and Mrs. E. Ward of Montreal; Captain J. D. Groves of Vancouver Island, B. C. and William G. Radcliffe of Paris, France.

IMPROVEMENTS PROPOSED. Commissioner Frink said this morning that he had in mind some changes in the North End which would improve the approach to St. Peter's school and to Dufferin Avenue and Lansdowne avenue. He proposes to remove the stables now located in Eln street, next the police station, to the site of the quarry back of Adelaide Road, at the end of Newman street, and to widen out Elm street. A sidewalk will be laid on the east side of the street and this will give a good entrance to the three schools, St. Peter's boys' and girls' and Dufferin and to the Arena.

VERY MANY MADE RETREAT. The formal closing of the retreat for the single women of the B. C. Association took place last evening. Rev. Archibald McDonald, C.S.S.R., who has been conducting the retreat, delivered an eloquent sermon to a very large congregation. Father McDonald exhorted his hearers to live up to the ideals of Catholic womanhood in matters of dress and demeanor, and to attend carefully to the obligations of their religion. He expressed his great pleasure at the extremely large number who had attended the retreat and said that it augured well for the spiritual life of the parish. At the close of the sermon the papal blessing was given and Benediction of the Most Blessed Sacrament given. All who had taken part in the retreat received Holy Communion this morning at the seven o'clock mass, when a few words of advice and commendation were spoken by Bishop LeBlanc. Next Sunday evening the retreat for the married women will open.

HON. J. E. MICHAUD MUST TAKE REST. Government Member to Go to Sanitarium in Quebec for Some Weeks.

Many friends in St. John will regret to learn that Hon. J. E. Michaud of Edmundston, minister without portfolio in the N. B. Legislature, and member of the N. B. Electric Power Commission, has been compelled to give up active work for a time and proposes to spend three or four weeks in a sanitarium in the province of Quebec. This information was given to The Times by Premier Veniot over the long distance telephone from Fredericton this morning. The Premier expressed his keen regret that Hon. Mr. Michaud has been in falling health for some time and on the advice of his physician, he agreed to suspend his activities for a time to allow his condition to improve. There are many who will hope that his recovery will be speedy and complete.

STORM BRINGS 9 INCHES OF SNOW

Hail Proves Source of Trouble—Many Get Work Clearing Streets.

The storm which struck here last night and continued until this morning developed into one of the most severe of the season, though brief. A total of nine inches of snow fell in addition to a quantity of hail. During the early part of last evening it was evident a storm was pending and soon after 8 o'clock it broke. The wind sprang up from the east and increased in velocity until it reached a maximum of forty miles an hour. This whirled the snow about and formed large drifts.

One of the worst features was the hail, which struck the car rails and while it did not interrupt the street car service it effected their schedule. The company had their entire storm equipment out, which included their six sweepers and salt cars. As a result all of the lines were kept open and this morning all of the cars were running on schedule time.

Made Work for Snowplows The heavy fall of snow forced the City Public Works Department to put on many extra teams and a large crew of men.

In addition to the city teams 40 extra single and double horse drawn sleds were hired and a crew of 200 men were placed at intersections of principal streets throughout the city to clear the snow away and prevent any hold up in traffic. In the city proper the men were set to work in Union, Charlotte, King, Prince William, Dock and Prince Edward streets; in the North End, in Main street, Paradise, York, and Mill street, and in West St. John in Prince and Union streets. The department also sent out their two four horse drawn plows to clear the snow back from the car tracks. They also turned out five double plows to clear the walks in the squares and 10 single drawn plows to clear snow off the sidewalks.

The railways kept plows operating over their districts and as a result the passenger and freight trains were not interrupted.

DOLLAR DAY WAS VERY SUCCESSFUL. Dollar Day in New Brunswick was a success throughout the day and not as on some former occasions confined to certain hours.

Dollar Day is now a fixture with local merchants twice a year, and has become popular with the buying public, who find excellent opportunities at these special seasons to supply their needs.

Match Will Be International. University of Maine Team to Play Hockey Here Friday Night.

The stage is all set for the first international hockey match in St. John tomorrow night when a fast American team from the University of Maine will play the St. John's in the Arena. With the identical line-up that took the measure of the Maritime champions Monday the locals will go on the ice prepared to uphold Canada's reputation in the king of Canadian winter games.

Now that the fans are confident that at last St. John has a winning combination it is expected support for the team will not be lacking and the game Friday night will probably produce a record-breaking crowd.

Miss St. John has consented to face off the puck for this game so that those who missed the picturesque ceremony of game on Monday will be afforded an opportunity of seeing St. John's Queen of Sport.

As Hiram Sees It. "I see that's been another delegation up to Ottawa," said Mr. Hiram Hornbeam to The Times reporter.

"There has, indeed," said the reporter.

"Any hands out to me, Hiram, they got there?" queried Hiram.

"There is no record of it," said the reporter.

"Was they put on exhibition anywhere?" asked Hiram.

"They have not said so," said the reporter.

"Well, now, that's strange," said Hiram.

"I'd think the Ottawa folks 'ud look at men from way down here and call 'em 'Ottawians'—goin' up 'askin' fer money when Ontario an' Quebec needs it all. We're about on the same level as the Eskimos—aint we? I'd expect the folks in the Ottawa churches to git hold of them there delegates an' hev 'em exhibited as natives of Noo Bruns'wick—that lives on fish an' hev missionaries goin' round to keep 'em from killin' no another. Did the delegates git anything?"

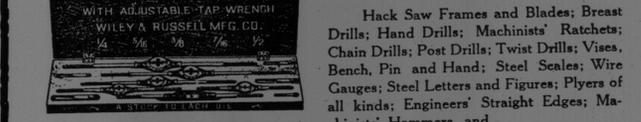

"So far as I have learned," said the reporter, "they made a contribution to the railway and Ottawa and Montreal hotels, and came home. They helped to build up the country. It was a patriotic service."

"Like helpin' to build them there canals," said Hiram.

"Just so," said the reporter.
