Lord Cecil Outlines Plan For League of Nations After War

WOULD USE ECONOMIC WEAPON TO PREVENT FUTURE CONFLICTS

Entente Powers Would Form Nucleus of New Group

For the First Time in History, World is Ready to Entertain Idea of League of Nations—British Statesman Expresses Belief That it is Workable if Undertaken Cautiously and on Sound Basis

772 OFFICERS AND MEN REACH HALIFAX TODAY

Halifax, Feb. 16.—A hospital ship with 72 officers and men of the Canadian expeditionary force arrived here today and is landing her passengers, the majority of whom, including a number of the cases, go forward today by rail to their homes or military districts. The officers returning on the ship were: Calgary—Capt. Mills Stepley, C. A. M. C.; Lieut. C. G. Siddall, Lieut. Edward W. Spence, N. B.—Major Norman McKay, Lieut. Edward S. Butt, Toronto—Lieut. Matthew L. Ellis, Lieut. Francis J. Hamblin, C. F. A.; Lieut. Thomas N. Smythe, R. C. G.; Nursing Sister E. J. Reid, C. A. M. C.; Peterboro—Captain Martin Dunford, Winnipeg—Lieut. H. Meehelen, Montreal—Lieut. Victor W. McLean, St. Lambert—Lieut. A. E. Scott, Spryfield, N. S.—Lieut. Robert Murray, C. E. F.

ELECTRIC POWER FOR RAILWAYS TO SOLVE THE FUEL PROBLEM

New York, Feb. 16.—Electrification of railroads would solve the fuel problem and save 100,000,000 tons of coal every year, E. W. Rice, Jr., president of the American Institute of Electrical Engineers, told the annual convention of organization in an address last night. Mr. Rice also said that ten per cent of ton mileage of the roads now given to coal would then be saved and 600,000 barrels of fuel oil which now is locomotive could be used for other purposes. Twenty-five million horse power worth water was available for the generation of electricity, Mr. Rice contended, and every horse-power of water used save at least five pounds of coal for each horse-power hour of traffic.

KING AND QUEEN SHARE IN THE FOOD HARDSHIPS

London, Feb. 16.—"We are all in line to conserve food," said Sir Derek Knyvett, master of the household to King George, to a representative of the Daily Express, at Buckingham Palace this morning. "I am saying no more than what is true when I tell you that I never knew any people so thoroughly conscientious in this matter as the king and queen. They are simply wonderful and accept food restrictions with most noticeable cheerfulness, taking a real pleasure in hearing their share of the food hardships. The presentations were made by His Worship Mayor Hayes. The men are soon to change their quarters, where they will receive the finishing touches to their training. This evening the men will be entertained at the Triangle club by the members of the Royal Standard Chapter, I. O. O. E. The members of the draft are looking well and make a fine appearance as they were drawn up in column of platoons. Brigadier-General MacDonnell and staff of officers were present during this morning's proceedings.

BIBLES FOR MEN OF OVERSEAS DRAFT

About 800 members of the New Brunswick Depot Battalion yesterday morning made the recipients of bibles by the British and Foreign Bible Association. The presentations were made by His Worship Mayor Hayes. The men are soon to change their quarters, where they will receive the finishing touches to their training. This evening the men will be entertained at the Triangle club by the members of the Royal Standard Chapter, I. O. O. E. The members of the draft are looking well and make a fine appearance as they were drawn up in column of platoons. Brigadier-General MacDonnell and staff of officers were present during this morning's proceedings.

CONFIDENCE IN HUMANS' KINDNESS IS TOUCHING

TROTSKY UPHELD

All Russian Executive Approves Policy of Brest-Litovsk Delegation—Trotsky Himself Not So Sure

Use Economic Weapon

Lord Cecil declared himself convinced that the economic weapon would prove a most useful arm for the enforcement of the league's decrees. Asked regarding disarmament, he said that disarmament is difficult to envisage at present, but he was certain it would follow as a natural sequence the successful formation of a league of nations. "One thing that greatly promises success for the league of nations idea," said Lord Robert, "is that the world for the first time in history is prepared to give it favorable consideration. Until the outbreak of this war, public opinion, internationally speaking, was never favorable. That now has been changed and there will be a vehement desire on all sides at the close of this war to consider seriously every proposal that promises to prevent any such struggle occurring again."

Certain Difficulties

"Every student of the league of nations idea," he continued, "finds certain difficulties at the outset. One of these is how the decree of such a league can be enforced. It is natural to draw an analogy between the growth of international law and order with the growth of law and order among individual countries, and while I admit that such an analogy must not be carried too far, I find it instructive in the development of our English common law from the state of anarchy which existed over a long period after the Wars of the Roses, when great barons waged intermittent warfare on each other for many years, just as intermittent international warfare might conceivably follow in Europe after the present war ends. "How did a strong English king finally gain ascendancy and control over the warring barons?" he asked. "He instituted a central body which enforced decrees on the barons largely by economic means. I am convinced that that is the line upon which a league of nations may hope to proceed effectively. My experience in the present war has taught me the great power of an economic weapon. Completely under control of any international organization. Many nations would still, consciously or unconsciously, reserve the right to defend themselves what they regard as vital interests to their existence. "I do not believe that feeling will be found to have completely vanished at the end of this war. I therefore am disposed to aim at the rather moderate and cautious step, and will consider that we have done well if we feel that we are moving

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Enemy Submarine BombarDED Dover

London, Feb. 16.—An enemy submarine was fired on from the shore and ceased the bombardment after some thirty rounds had been fired. There were less than a dozen casualties and only slight damage. The statement followed.

Funeral of Sir Cecil Spring-Rice Took Place at Ottawa This Afternoon—J. P. Morgan Attended

Ottawa, Feb. 15.—At the funeral of Sir Cecil Spring-Rice, which takes place Saturday afternoon at three o'clock in St. Bartholomew's Anglican church, the government of France will be represented by Commander De Blantre, naval attaché of the French embassy at Washington, who has been especially deputed by officials of the organization here this morning. Pierpont Morgan, the American banker, who was a personal friend of the dead diplomat, will arrive here at noon Saturday with the members of the staff of the British embassy at Washington and Frank Polk, counselor of the United States state department, who is cousin to represent President Wilson. Among the numerous telegrams of condolence received by the Spring-Rice family are two from former British foreign ministers, under whom her late husband served, Lord Curzon, the Earl of Rosebery, Sir William Peterson, principal of McGill University, and the Bishop of Quebec, the Bishop of Washington, Lord Curzon, governor of the Bank of England, and Mr. and Mrs. J. Pierpont Morgan.

NO "LAME PEACE" SAYS MacDONALD

Paris, Feb. 15.—James Ramsay MacDonald, representing English Socialists, and C. A. Mills Hymans and A. De Broqueville, representing Belgians conferred here today with French Socialist deputies regarding the proposed Socialist conference in London to establish the general principles of a democratic peace. Mr. MacDonald said: "A lame peace cannot be accepted and it is necessary that the Socialist of the allied nations should come to an agreement regarding the principles of a just, democratic peace before calling a full international conference."

RUGE CONTRACT FOR TOPEDO BOATS

Easton, Pa., Feb. 15.—(Montreal Gazette Despatch).—Speaking at the loyalty meeting of the Board of Trade here, Charles M. Schwab told his hearers that he had contracted with the United States government to furnish within fifteen to eighteen months as many torpedo boats as there are in the combined navies of the world. These ships are to cost from \$2,000,000 to \$2,500,000 a piece, and will have a speed of 37 knots an hour.

GENERAL KALENDIN, UKRAINE COSSACK LEADER, NOW SAID TO BE DEAD

Washington, Feb. 16.—The American consul at Tiflis today transmitted an unconfirmed report that General Kalendin, the Cossack leader in the Ukraine, who resisted the ambitions of the Bolsheviks, had suddenly dropped out of sight and is now said to be dead.

Russian Poland Protests Against Peace Terms

Strong Feeling in Warsaw Against the Central Powers—Workmen Plan Demonstration—Germans in Petrograd Do Not Find Bolshevik Leaders Very Cordial

London, Feb. 16.—There is much feeling against the Central Powers in Warsaw, the capital of Russian Poland, and great excitement prevails, according to an Exchange Telegraph despatch from Copenhagen. The workmen are said to be planning a demonstration. The streets are being patrolled by soldiers and policemen. Much feeling has been aroused in Russian Poland over the Ukrainian peace terms, by which the province of Cholm, formerly contained in Poland, was ceded to the Ukraine. A Stuttgart newspaper, according to a Zurich despatch Thursday, declared it was reported in Berlin that the Polish mission at Warsaw had resigned in protest against the peace terms. A despatch from Amsterdam on Friday reported a Berlin newspaper as saying that the Polish members of the Austrian parliament were embittered against Austria because of the peace arrangements. In addition to losing Cholm, Poland was to be stripped of Lodz and Dombrovitz and access to the sea was refused the Poles.

TROUBLE IN PETROGRAD

Amsterdam, Feb. 16.—Complaint is made in a semi-official note received here from Berlin that the German commission in Petrograd is experiencing constantly increasing difficulties. Conversation of members of the commission with the Russian leaders is impossible, it is said, because the Russian authorities, especially Premier Lenin and Foreign Minister Trotsky, declare they are pre-occupied with other urgent business and make numerous excuses to retard the discussions. "After the grave incidents of the last few days," the note adds, "the Russian government has indicated the recent decision regarding military and civilian prisoners of war. The question seriously arises whether it is wise, in the present circumstances, for the German commission to remain in Petrograd."

NAVAL ENGAGEMENT RUMOR

Gotenburg is on the western coast of Sweden and is near the Skagerrack, one of the bodies of water connecting the North and Baltic Seas and the one nearest the North Sea.

FTON FOLK SAY THEY DO NOT EAT SO MUCH

Fredericton, Feb. 16.—The people of Fredericton have been gravely misrepresented in articles published recently which purported to be extracts from an analysis of reports from the chief cities of Canada on the results of the food conservation campaign carried out by the means of pledge cards. The articles stated that Fredericton had the largest per capita consumption of white flour in Canada, namely 95.52, and also of beef, 10.85, and the consumption of bacon was \$4.19 and that of fish 118.46. In all cases consumption in December, 1916, was taken as a basis and compared with the consumption in December, 1917. The figures given were correctly quoted from the Canadian Food Bulletin of Jan. 20 but the consumption that they refer to the per capita consumption in Fredericton, is entirely wrong. The figures referred to the consumption of the food-stuffs named in hotels and restaurants only, these public eating places being under direct orders from the food controller as far as the use of beef and bacon is concerned. In Fredericton it is a well known fact that the report was secured from one hotel only, it evidently being taken as representative of conditions in the city.

NO GERMAN RAIDERS IN PACIFIC OCEAN

A Pacific Port, Feb. 16.—The South Pacific ocean has been swept clean of German raiders, according to an announcement today by the commander of a British warship which has been on patrol duty along the west coast of South America. "I am positive that the Sea Adler was the last German raider in the Pacific," said the captain. "Ample warning will be given to shipping if there is any possibility of another raider entering the Pacific. The various rumors of German raiders emanate from pro-German sources and are sent out in the hope of retarding the movement of Allied vessels and worrying ship owners and operators." According to officers of the vessel, there are thirty-nine German steamers and fifty-one sailing vessels, with a total tonnage of 230,000, interned in ports along the west coast of South America. Peru, Ecuador and Colombia all have opened their ports to Allied shipping, said the cruiser's officers.

UNION CABINET FOR U. S.?

Washington, Feb. 16.—President Wilson will begin a series of conferences tomorrow with congress leaders—both Republicans and Democrats—in all phases of war legislation. For the first time members of both parties are to be taken into the White House councils in the consideration of war legislation. The president's move is regarded as the first step toward taking members of both parties more into his confidence, and toward calling the Republicans actively into the war councils.

AUSTRALIAN BOXER TO BE CAMP INSTRUCTOR

Boston, Feb. 16.—Fred Byer, the Australian welterweight, won the decision over Perry Brooks, of Boston, in a hard twelve-round bout here tonight. As Byer stepped from the ring he was handed a telegram notifying him that he had been appointed a boxing instructor at one of the national army cantonments. He has been refused admission into the Canadian and the United States armies because of a broken cartilage in his right leg.

SERG. MANSON HOME FROM FRONT

Went Over With First Contingent And Now Gets Three Months Furlough

Sergt. C. G. Manson, of 119 Market Place, West St. John, a member of the 46th Highlanders, 15th Battalion, 1st Division, 3rd Brigade, has arrived home from the front on a three months' furlough. Sergeant Manson is among the first of the first contingent men to arrive home on furlough. He spent nearly three years on the western front and during that time took part in practically every big engagement. About one year ago he was wounded in the right foot and, as a result of his wounds, he was sent to England for hospital treatment. After recovering he was given a position on the instructional staff on one of the training camps in England. Sergeant Manson was among the first St. John men to see actual fighting. He crossed to England with the first contingent and was among the first of the Canadians to cross to France. He says that there has been a wonderful change in the fighting machinery on the western front, and it has shown its effectiveness. The boys of the first contingent still on active service, said Sergeant Manson, number only about 800 out of 30,000, and but few of these 800 are still in France. Sergeant Manson prior to going overseas was employed with the C. P. R. at West St. John and is well known about the city.

CANADIANS AFTER THE SOUTH AMERICAN TRADE

Montreal, Feb. 16.—The Montreal Board of Trade, Chambre Du Commerce and Canadian Manufacturers Association, at a joint meeting yesterday afternoon, agreed to make representations to the dominion government with a view to securing support in organizing trade relations between Canada and the United States with the countries of Central and South America, so as to head off the trade of Germany with these countries after the war. This resolution was reached after an address had been given by John A. Stewart of New York, dealing with the possibilities of a permanent international organization at New York for the purpose of the proposed organization.

KRUPPS REDUCE DIVIDEND

Copenhagen, Jan. 28.—(By Mail).—The Krupp Company has reduced its annual dividend and is paying only ten per cent. Last year it paid twelve per cent. The annual report of the company says that the increasing demands for the army have necessitated the spending of a large share of the profits on new plants.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

WAR AND LOVE IN HIGH PLACES

'The Judgement House' At Imperial Monday - Can't The Wife Be Blamed?

Although dealing with the Boer war and with high society in London at that time, Sir Gilbert Parker's greatest story, 'The Judgement House'—to be shown at Imperial Monday and Tuesday—strikes a responsive note as pertaining to the present great struggle. It is said that women today, not only in this country but through the avenues of love and oftentimes vivaciousness, are awaiting great questions on the heart-

AMERICANS AND THE WORLD CRISIS

Have Been Groping For Meaning of the War

THE TRUTH DAWNS Never in History Has the Moral Principle at Issue in a War Been Clearer Than at Present

Since August, 1914, the nations have been groping for the meaning of the world-crisis, according to Dean Abbot W. Small, of the University of Chicago. He has written a book which has dawned upon the minds of the American people as to the significance of the world-crisis. The book is titled 'The Moral Principle at Issue in a War Been Clearer Than at Present'.

BRITISH ENGINEERS WILLING TO ENLIST

No Trouble Over Combining-Over Process Among The Protected Trades—Many Join Voluntarily

London, Feb. 16.—Notable improvement in the last two or three weeks in what he calls "the combining atmosphere" is remarked by the labor correspondent of the Times. The combining of men from protected occupations under the military service bill is now in progress.

EXTRA PRICE SUBJECT TO FINAL REPORT

Decision of Sub-Committee Of Cabinet Regarding Commissioner Pringle's Finding On Newspaper Prices

Ottawa, Feb. 16.—The government on the recommendation of a sub-committee of the cabinet, over which Hon. A. K. Maclean presided, has passed an order in council approving the order of Commissioner Pringle, chairman of the newspaper inquiry, fixing the price at which newspaper paper is to be supplied to the newspapers throughout Canada by the manufacturer from Feb. 1 to May 1, 1918, subject, however, to the following: That instead of the price of \$2.88 per hundred pounds being paid to the manufacturer, \$2.50 per hundred pounds being the price fixed by prior orders to be paid to the manufacturer and thirty-five cents per hundred pounds, making up the total of \$2.85 to be paid into the credit of the controller to meet chartered bank as may be designated by the controller as representing the government, such sum to remain until such time as the publishers' final report is approved by his excellency the governor-general, when same shall be refunded to the publishers to the manufacturers or part to one and part to the other, as the case may be.

MARRIAGES

VICTORIA RINK CARNIVAL
TUESDAY, FEBRUARY 19
Victoria Rink, the largest circular rink in America—now does any rink in America to the public so much skating and music for such a small entrance fee. No rink can boast of so many good skaters—such good order—good accommodations—good ice—good time for everybody.

RECENT DEATHS
The death of Alexander McLeod occurred on Thursday night at Fredericton at the age of seventy-five years.
Walter Murphy died on Wednesday night at his home in Lyttleton.

The death of Miss Nellie Kane occurred on Saturday last after a long illness at her home in Chipman.

Miss Mary Sharp, youngest daughter of Mr. and Mrs. T. E. Sharp, passed away at her home in St. Andrews, on Monday night.

The death of Mrs. James C. Wilson, Drakes formerly of this city is announced at Ashland, N. H. Brunswick Drake of this city is a cousin.

The death occurred at College Bridge this week of Miss Celina LeBlanc, daughter of Mr. and Mrs. Oliver C. LeBlanc. She was twenty-four years of age and leaves besides her father and mother five brothers and two sisters.

The death occurred at Wood Point on Wednesday of Mrs. Alma Suovinin. Besides a husband she leaves four sons and one daughter. The sons are Charles of Amherst, William and Lloyd at home and Laurie of Sackville. The daughter is Miss Addie at home. The surviving brothers are George, Wood, Wood Point and Blair Wood, West Sackville. The only surviving sister is Mrs. Jacob Ward, West Sackville.

The death took place at his home in "de la Rive," Tuesday night of Elias Sower. He was a son of the late Charles Sower, of Joliette, being one of a family of three sons and six daughters. One sister, Mrs. Ritchie Tremblay of Fort-Prosper, is the only surviving member of the family. Deceased leaves a wife, who was formerly Miss Margaret Avard, daughter of the late George Avard of Joliette; one daughter, Miss Daisy, at home, and one son, Horace, of Upper Point de Bute.

LOCAL NEWS
The preliminary hearing in the case of Daniel P. Porter of Hampton, accused of shooting two local men, Clinton Wood and Hazen Cook, was concluded yesterday afternoon in the Hampton court. The magistrate decided that there was enough evidence to commit the prisoner for trial.

In honor of his 70th birthday, the clerks and merchants of the city market gathered to congratulate George Belyea, popular clerk of the market, and to make him a present of seventy citations. He was also made the recipient of an address.

There was a large attendance of boys at the monthly meeting of the C. S. E. T. Clubs of the city at the Y. M. C. A. last evening. Rev. P. R. Hayward presided. Rev. H. C. Fraser gave an address on "Religion of the Chinese." A banquet solo was given by Redvers Massie, and a reading by Horace Wetmore.

Joseph Gerow, formerly of the original Fighting 26th, son of Mr. and Mrs. Warren Gerow, and Miss Laura Byers, daughter of Mr. and Mrs. Alfred Byers, of West St. John, were united in marriage last evening by Rev. W. R. Robinson at the home of the bride's parents. Mr. and Mrs. Gerow will make their future home in St. John.

Miss Elizabeth Hazel Shanks and Arthur L. Clark were united in marriage at Fredericton on Wednesday, Rev. G. C. Warren officiating.

Modern Methods
In an endeavor to assist the public to know and see the new American ideas in Spring Footwear, we are having an opening on the 18th, 19th and 20th of February, and we are taking this opportunity to acquaint the public with the newest shapes and color combinations.

These three days will be especially devoted to fitting any and all persons who wish to acquaint themselves as to the correct size and width they should wear.

The Walk-Over
representative has placed the new spring models at our disposal for this demonstration.

We invite the ladies and gentlemen to take advantage of this opportunity and have our staff of experienced salesmen demonstrate the size and style they should wear.

We wish you to feel that our services are entirely at your disposal and will consider it a pleasure to show you the new ideas and how they are adapted to your particular case.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 16, 1918
The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

INVESTIGATE

The more the council of the board of trade thinks about it the more apparent it must become that if the board desires to retain public confidence it must have something to say about the machinery of the New Brunswick Power Company to place an unnecessary and unjustifiable burden upon the citizens.

people are instructed in the rules of health, that children are properly protected from the indifference of greed of those who would exploit them in industry, before they have reached a proper age; and that industry itself is conducted with proper regard for the health of the toilers.

SOME PLAIN TALK

The prefectors are after the scalp of Mr. O'Connor, who has been so outspoken in regard to packing house profits and cold storage hoarding of eggs and other food. It is alleged that they have declared they will "get him."

These prophets of ill-omen who predicted riot and revolution in Quebec are now nowhere to be seen. Quebec is not responding as well as other provinces under the Military Service Act, but the situation is improving and there is no disposition to defy the law.

THE PUBLIC HEALTH

A convention of city and town boards of health was held in Augusta, Maine, this week. The address of welcome by Governor Milliken is worthy of attention in New Brunswick, where the question of an efficient health department for the province is a live issue.

Trotzky expresses confidence that the people of Germany and Austria will not permit an attack on Russia. Foolish Trotzky.

FAILED TO REGISTER

Winnipeg, Man., Feb. 16.—For failing to register under the Military Service Act, J. Ross was sentenced to two years in jail in the city police yesterday.

The day set by the German press for the beginning of the German drive on the western front was yesterday, but it did not materialize.

GEESSE AT ANY PRICE

Butcher—strikes me I shall have to sell at a loss if I don't want them left on my hands.—The Daily Graphic.

HUNTING THE SUBMARINE

More destroyers as the surest defence against the submarine are recommended by Commander J. K. Tausig, U. S. N., who commanded the first squadron of American destroyers that joined the British patrol vessels in Irish waters after the United States entered the war.

WAS OFF WORK

4 or 5 MONTHS A YEAR WITH CONSTIPATION

If the truth were known you would find that over one-half of the ill of life are caused by constipation. When the bowels become constipated the stomach gets out of order, the liver does not work properly, and then follows the violent sick headaches, the spasms of the stomach, heartburn, water brash, etc.

CHILL STARTS GOLD

WAS SICK 4 WEEKS Just Able to Crawl About

Mr. Weldon T. Hawkes, Curryville, N. B., writes: "Last spring I was taken very ill with a severe cold. I got wet and it started with a chill. I was sick four weeks, and was just able to crawl about. People all said I had inflammation of the lungs, and I think I did. I told a friend to get me two bottles of Dr. Wood's Norway Pine Syrup, and before the first one was taken my cold and cough were broken up, and the second did its work completely. I am raising a family and I find that it is a good medicine for the children."

There is no remedy that will cure stubborn colds or coughs, the kind that won't go, like Dr. Wood's Norway Pine Syrup.

WANT BETTER SERVICE TO THE WEST INDIES

At the meeting of the council of the board of trade yesterday, the West India steamship service received consideration, and it was decided to follow the matter up until a more satisfactory service was assured.

TAKE PACIFISTS AS BAD JOKES

British Labor Men in Washington Express Views Would Not Be Permitted to Enter English Gath'ing

New York, Feb. 16.—The delegates to the Inter-Allied Labor Conference in London, which the pacifists have announced they will attend at a meeting in this city next Saturday and Sunday, will not be able to get into the English gath'ing, and, if they did, they would probably be glad to get out again in a hurry, his was said today by W. A. Appleton, secretary-general of the Federal Trades Unions of England, who is here a member of the British labor mission.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a Few Cents! Dandruff Disappears and Hair Stops Coming Out

Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, straggly or too oily; get a small bottle of Knawltown's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knawltown's Danderine. If eventually why not now?

AVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Membership Has Been Increased by Nine—Appointments to Be Made.

Ottawa, Feb. 16.—The population of the Canadian senate will be so increased in the coming session that extra seating accommodation is now being provided. In place of the 87 members, as heretofore, there will now be 96, as the west has, or will have, nine new senators. There are four vacancies, two in Ontario, caused by death, and one each in Saskatchewan and British Columbia where new seats have been created.

QUEBEC "FARMERS" AT WORK IN HALIFAX

Halifax, N. S., Feb. 15.—Twenty-two men were arrested today at South End terminals and marched to the Citadel under military escort. They are men who had failed to comply with the provisions of the military service act, and the first to be arrested in Halifax since the work was turned over to the civil authorities. Inspector Rideout, of the Dominion police, also took the names of a number more whose cases are "doubtful" and will be further investigated. The men are all outsiders who come here to work. A feature of the examination was the large number found working on construction with exemption certificates as "farmers" in their possession. With few exceptions they were French-Canadians from Quebec.

RECENT WEDDINGS

Woodstock, Feb. 15.—A quiet wedding was solemnized at the Roman Catholic church, Benton, on the evening of Feb. 8, when Rev. C. J. McLaughlin united in marriage Miss Louise McGinnis and Raymond G. Stephens, of Portage (Me.).

Newcastle, Feb. 14.—The wedding of Gunner Hubert Kirkpatrick, of the 6th Battery, eldest son of Mr. and Mrs. Hugh Kirkpatrick, of Douglastown, and Miss Mina E. youngest daughter of Mr. and Mrs. James Macdonald, of Woodstock, was solemnized in Woodstock, Feb. 6, Rev. S. Howard officiating. Mr. and Mrs. Kirkpatrick spent their honeymoon in Douglastown and Newcastle.

Newcastle, Feb. 14.—The marriage of Miss Hazel Dorothy, daughter of R. C. Vye, of Newcastle, to Lieutenant Charles F. Morgan, of Albany (N. Y.), was recently solemnized at Boston, Rev. Mr. McGuire of the Ruggie street Baptist church officiating. They were recently graduates of Boston City Hospital.

Charles William Stephens, formerly of Oxford, but now of the Depot battalion, and Miss Margaret McDaniel, now of St. John, were formerly of Scotland, and were united in marriage yesterday at the home of the officiating clergyman, Rev. J. A. MacKeigan. They were attended.

NO OFFENSIVE YET.

Friday, the date set by influential German newspapers for the starting of the much advertised German offensive, has passed, and no aggression on the part of the enemy materialized. On the contrary both the British and French armies delivered a widely separated series of attacks on the western front smashing at the German line. These attacks, although they were carried out in the nature of raids, were successfully carried out and resulted in the capture of prisoners and the infliction of casualties on the enemy.

For the first time in South Jersey, where glass factories have flourished for more than a half century, women and girls are being employed in every branch of the industry except that of blowing, but in this they are prevented accepting positions by the Federation of Labor.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

ENGLISH WOMEN TAKE PLACE IN RANKS OF LABOR LEADERS

Women's Trade Union League Now Reaches a Membership of Above 225,000 Names — Capable Women at the Head Accomplish Reforms

(By James Simpson in Toronto Star)

One of the outstanding developments of war-time conditions in Great Britain is the prominence given to the women leaders of the labor movement on important government appointed committees. The advent of so many female reinforcements into industry has been followed by the entry of many capable women into the ranks of the labor leaders and the rapid growth of the women's trade unions is the outcome of the effective organization and administrative work carried on by these women.

The Women's Trade Union League, the federation of women's labor organizations, has now reached a membership of about 225,000, but outside this large federation there are many thousands of women affiliated with organizations having a predominant male membership. The National Federation of Women Workers, one of the largest organizations of women workers, has a membership of 45,000, and has an office staff of over 100 workers and keeps about forty women on organization work among women workers regularly. The women leaders assume all the duties devolving upon the male leaders of the powerful trades unions of the United Kingdom. They are engaged constantly in negotiating settlements of wages, arbitrating differences between women workers and their employers, conducting strikes where arbitration fails, and in carrying on educational work among the unorganized women workers. They also take an active part in promoting political reforms that have for their object the improvement of the working conditions of the 4,776,000 women now engaged in the industries and professions of the United Kingdom.

With the enfranchisement of over 6,000,000 women provided for in the new franchise bill, the Women's Trade Union League are making preparations to take an active part in the promotion of the political strength of the British labor party and the discussion of politics in the meetings of the affiliated organizations will be a part of the regular agenda in the future.

In common with other organizations the Women's Trade Union League has devoted much time and thought to the reconstruction coming after the war, and officials and members have been active on the various committees formed by the government. The committees upon which they are working are the Women's employment sub-committee of the government reconstruction committee, the sub-committee on the relations between employers and employed, and on the reconstruction committee to consider questions of demobilization of civil war workers on conclusion of war.

Mrs. W. C. Anderson, better known to the women of England and Scotland as "Mary MacArthur," and the foremost fighter for the working women of the United Kingdom, has been appointed a member of the new statutory insurance advisory committee and is chairman of the sub-committee on the position of married women under the insurance act. Miss A. S. Lawrence and Miss Margaret G. Bondfield, two other prominent officials of the Women's Trade Union League, have acted on the London munition courts, and as a result of the experience gained their advice is constantly given to the women assessors throughout Great Britain. These women labor leaders have been actively associated with other important committees dealing with the various problems arising out of the war, and including local committees working under the ministry of pensions, the ministry of labor, and the board of agriculture, whilst they have done special work as assessors on the various munition tribunals. Miss Isabel Sloan, another outstanding worker in the Women's Trade Union League, has recently been appointed to an important post under the ministry of labor.

During the past year the representatives of the National Federation of Women Workers have arranged over 100 settlements of disputes between the members of the organization and the employers either in the form of agreements or by arbitration awards. Of the cases taken before the special arbitration tribunal 92 per cent were successfully established. The year 1917 was the banner year for organization work among the women workers of the United Kingdom, as shown in the increases of membership in the following trades: National Union of Printing and Paper Workers, 1,233; Postman's Federation, 400; National Amalgamated Union of Shop Assistants, Warehousemen and Clerks, 7,499; United Garment Workers, 5,600; Amalgamated Tailors and Tailoresses' Society, 4,000; Liverpool and District Dressmakers' Association, 700; Boot and Shoe Operatives' Union in Rushden, Northampton, Leicester, and Kettering, 2,900; Leicestershire Amalgamated Hosiery Union, 3,000; Hertsford and District Hosiery Union, 2,800; Postal and Telegraphers' Clerks' Association, 1,500; Women Clerks' and Secretaries' Association, 500; Male and Female Pottery Workers' Society, 4,000; Amalgamated Society of Female Leather Workers, 800; Yorkshire General Union of Weavers and Textile Workers, 4,000; Dundee and District Union of Female Flax Workers, 4,000. The National Union of General Workers has now a female membership of 200,000. The league is engaged in the organization of all women workers, but where the organized women should be part of the existing trades unions, the league agrees to transfer them at the request of the officials of these trades unions.

In the Newcastle area, where there are thousands of women munition workers, the wages have been increased as much

THE "UNIONIST" CLUB

The executive of the "Unionist" Club, formed a day or two ago by Conservatives, most of whom, if not all, were members of the old Conservative Club, met last evening. After the meeting it was said that the president had been instructed at the earliest possible moment to get a copy of the Stevens report on the Valley railway enquiry with a view to discussing it at a public meeting to be held in the near future. A committee was also appointed. It was announced to get "information" in regard to the New Brunswick Power Company's request for an increase of rates; and for all other bills to be brought before the legislature having to do with the people's rights. It was said that plans would be made for meetings to discuss these matters. Several more Conservatives joined the club.

STOCKS WERE STEADY. New York, Feb. 16-(Wall street)-Stocks were steady at the opening of today's trading, in no instance deviating more than a fraction from yesterday's final quotations. Investment rails and shippings were moderately active.

WENYSS IN ROYAL LINE. He Can Trace His Ancestry Back to King George III. The London Observer: It is curious that Sir Rosalyn Wenys, the new first lord, should be in the same royal line as the late Brigadier-General Fitz-Clarence, to whom is now generally given the credit (if it may be allowed to one man) of having saved the situation at the first battle of Ypres. Both trace descent from William IV's association with the actress, Mrs. Jordan, the one through the eldest son, George, afterwards created Earl of Munster, and the other through the daughter, Augusta, who married a son of the Marquis of Alisa. So it happens that King George and Sir Rosalyn Wenys are both great-grandsons of George III.

Spreading Corruption. "You will have to graft these trees before they will pay," said the country man.

"Alas," moaned the city man. "Even old Dame Nature has learned the trick-plant at Nashville, Tenn. the Du Pont Engineering Company will receive a cheque for \$2,000,000."

No Classified Advertisements After 10 O'clock

All Classified Ads—Help Wanted, To Let, For Sale, etc.—must be in this office not later than 10 o'clock on the morning of the day of publication to insure insertion in that day's issue.

This arrangement has become necessary because of the increasing volume of advertising of this nature carried by the Times, particularly at this time of year.

Advertisers are requested to assist us in this regard and have "copy" in the office.

Not Later Than 10 a. m.

LOCAL NEWS

MARRIAGES AND BIRTHS.
 Five marriages, twelve births, six boys and six girls, were reported to the registrar during the week.

TO JOIN FLYING CORPS.
 Harold Henderson has returned to Moncton from Halifax, where he took examinations for entry to the Royal Flying Corps, which he passed successfully. He will leave soon for Toronto to begin training.

SEVENTEEN DEATHS.
 Seventeen deaths were reported at the local board of health office for the week: two each from hemorrhage, pneumonia, tuberculosis and senility, and one from each of the following: suppression of urine, hemiplegia, cerebro spinal meningitis, cardiac asthma, inanition, heart failure, fracture of skull, carbuncle, and malnutrition.

MRS. WILLIAM WILKS.
 The death of Mrs. William Wilks occurred in South Boston on February 15. She was a daughter of the late William and Mary Carter of Milford, and is survived by her husband, one daughter, one son, two sisters, Mrs. Hannah McIntyre and Mrs. John McGovern, both of this city, and two brothers, William Carter of this city and Henry Carter of Boston.

PRESENTATION TO SOLDIER
 A large number of friends gathered at the home of Private Alexander A. Coleman of North End. During the evening presentation was made of a gold wrist watch. Songs were sung by Miss Annie Seddon and piano solos were rendered by the Misses Macleod and Josephine Pemberton. After refreshments had been served his friends joined in wishing him the best of luck and a safe return, as he has soon to leave for overseas. The soldier extended thanks and the party closed with the National Anthem.

PLAN RECEPTION FOR BISHOP RICHARDSON

Will Return From Overseas at End of Month—Mission Regarding Soldiers' Welfare A Success

Fredericton, N. B., Feb. 16.—Bt. Rev. John A. Richardson, Bishop of the Anglican Diocese of Fredericton, is expected to return to this city at the end of the present month. According to the last advices from His Lordship, he was to return from France to England on February 15 and make his arrangements for an early departure for Canada. A public reception for His Lordship is to be arranged. It will take place in Christ Church Cathedral in this city at an evening service. An address will be presented to him and the felicitations of the diocese extended. The service will be public and will be the occasion of honoring His Lordship for the prominent part which he has taken in looking after the moral and physical well being of the Canadian forces serving in France and England.

LETTER FROM PTE. McALARY

Mrs. John B. McAlary, 22 Murray street, has received a letter from her husband, Pte. McAlary, dated Jan. 28 and written from Birmingham. He was on leave for fourteen days and had been thoroughly enjoying it. He spoke of seeing Len Vincent of West St. John's. Pte. McAlary was in heavy fighting with his unit last year at Ypres, Passchendaele and Hill 70, and tells a grim story of devotion and sacrifice by the Canadians. He extends thanks to the Main street Baptist church for a money order, and to the Alexandra school for a box sent to him. He was to return to France as soon as his leave expired.

IMPORTANT POST FOR SIR WM. ROBERTSON

London, Feb. 16.—The Daily Telegraph's parliamentary correspondent writes: Sir William Robertson has been offered by the Prime Minister the position of British representative of the supreme war council at Versailles, with all the powers of a generalissimo, but Sir William has so far not accepted the offer. In the event of his accepting, General Wilson, now on the supreme war council, would be the new chief of the general staff at Whitehall.

NAVAL OFFICERS ON MISSION FROM JAPAN

A Pacific Port, Feb. 16.—Four Japanese naval officers arrived here from the Orient and asserted they comprised an official mission en route to Europe to confer with representatives of the Entente Allied governments.

Commander Soyamada was the spokesman for the party. The other members were Lieut. Commander Tagoshima, Lieut. Commander Wasugui and Serjt. Colonel R. Inaba.

They refused to state the exact nature of their mission or to discuss conditions in Japan.

ONE CLOSET FOR THREE FAMILIES

It is in Basement With Ice Covered Floor—How Some People Have to Live

If one would indeed know something of what the poorer classes in this city are compelled to endure in the way of housing conditions, now is a good time to learn it at first hand. To be sure, it may be urged this winter has been an unduly severe one on plumbing, but the truth is that much of the plumbing done in the poorer class of tenements is not fitted to resist any such degree of frost as is ordinarily experienced.

On Friday afternoon Rev. George Scott, agent of the Children's Aid Society, visited a tenement in Main street in which three families are living. The family on which he called consisted of eight persons. The water was running in a kitchen tap, but the goose-neck under the sink was in bad condition. It had evidently sprung a leak several times, and a quantity of rags had been tied around it to remedy the trouble. There was a door leading from this kitchen to a flight of steps leading down to the back yard, and this door had developed cracks in the panels because of old age. There was no storm door such as is common in the better class of tenements, to break the rigor of the winter blasts.

The worst feature of the whole situation was that all the tenants in the house were compelled to use one closet. This closet was situated in the basement, and its surroundings bore ample testimony to the severe frosts we have experienced. The walls surrounding it were of the flimsiest nature, admitting of any degree of privacy. The floor was covered with ice, and this in turn had a coating of dirt and the bowl was cracked. The water was running in it, but it did not look at all a desirable arrangement for such a number of people.

MAJOR McLEAN TO REJOIN UNIT

Veteran of The 6th. C. M. R. Refuses Attractive Home Appointment and Leaves Soon For The Front

Major C. Herbert McLean, who returned from overseas in December, leaves next week to rejoin his unit, the 4th C. M. R. He is feeling fit again, although his left arm still is somewhat stiff as the result of his experiences at the front, and he is anxious to get back. Major McLean, who was second in command of the 24th N. B. Dragoons before the war, was with the 6th C. M. R. early in 1916, and afterwards was transferred to the 4th, when these C. F. troops were reorganized. It is reported that he has refused a very attractive appointment in Canada in order to return to the front.

IS FIRST CHARGED IN LOCAL COURT AS M. S. A. DEFAULTER

William F. Reynolds Says He Is Over Age—C. P. R. Constable Charged With Taking Liquor From Cargo

William F. Reynolds of St. Stephen has the distinction of being the first man to be brought before Magistrate Ritchie charged with being a defaulter under the Military Service Act. He appeared in the police court this morning. Major C. F. Fincombe, assistant provost-marshal M. D. No. 7, appeared for the crown. The prisoner pleaded not guilty and said he was too old to be drafted. Major Fincombe, however, produced documents regarding his age. The prisoner was remanded until Monday morning when Registrar Ewing will be asked to give evidence.

One prisoner was charged with being drunk on Charlotte street yesterday afternoon. He was arrested by Sergeant Colwell, and this morning pleaded guilty. He told His Honor that he worked in the sugar refinery and got his liquor there from a stranger. He was told he would be liable to a fine of \$200 and remanded. Several laborers were reported for working without a license. None of them were present in court.

Byers Colwell, C. P. R. policeman, was charged with not carrying out his duty on the West Side and in broaching cargo as well as watching others do so without attempt to stop them. The cargo referred to was a shipment of liquor to Montreal. William Donovan, himself charged with being drunk on the liquor, swore that he saw his mate, Brewster, give the prisoner a bottle of whiskey and also stated that, as he was going up the ladder, he saw the shape of a bottle in his hip pocket.

Brewster swore that he did not give the whiskey to the prisoner, Colwell, but to another person whom he did not know. Colwell was present when he handed the liquor to the other man.

One of the cheques of the C. P. R. gave testimony of receiving three cases which were short and two empty on Thursday night.

Sergeant Brodie, C. P. R., testified as to the duties of C. P. R. policemen when sent into a liquor hold. He stated that Colwell had never mentioned seeing any liquor taken to him or to the checker, so far as he knew. The prisoner was remanded until Monday morning.

Charles Ross of Westmorland road was sworn in at this morning's court as a special constable for Grant & Horne.

OAK HALL

Dear Mary:—

I owe you an apology. I had so many guests at my St. Valentine's party that that evening I could not show you all through my house and let you see the new furnishings Frank gave me.

This is to ask you to come over real soon and let me show you my new things one by one and tell you what they cost. Then you won't quit coaxing Tom until he buys you what you want.

Now's the time to go at him. I told him what Frank did for me and how happy it made me.

with love—HELEN.
 P. S. I'm always delighted with what I get from

When you go to bed have a nice bed room to go to. We've got the furniture.

Constipation Cured in His 78th Year Without Drugs

Did you ever know any person who was permanently cured of Constipation by taking drugs of any kind? Drugs seem to assist Nature at the time, but at times goes on larger doses are necessary until the trouble becomes chronic.

Internal Bathing is the only real cure for Constipation. It keeps the Colon Lower Intestine free from all accumulation. Soon the system performs its regular functions unaided, and there is no further trouble.

Mr. A. McLean, of Conger Lumber Co., Parry Sound, writes: "I have been troubled with Constipation for the last 35 or 40 years, and could not pass one day without taking medicine. I have used the 'J. B. L. Cascade' since getting it 23 days ago, with wonderful results. Will recommend any person to use it."

Dr. Chas. A. Tyrrell, of New York, invented and perfected the "J. B. L. Cascade" for Internal Bathing, which is the only efficient means of accomplishing the desired result. Dr. Tyrrell has published an interesting book on Internal Bathing called "Why Man of Today is Only 50 Per Cent. Efficient."

Dr. Clinton Brown, Druggist, Corner Union and Waterloo Streets; also P. W. Munro, Dispensing Chemist, 287 Main St., St. John, will also be pleased to show and explain the "J. B. L. Cascade" to you.

"How long has that clerk worked for you?" asked the Caller. "About four hours," replied the Boss. "I thought he had been here longer than that," said the Caller. "He has," said the Boss. "He has been here for four months."

Facts For Health Seekers to Ponder Over

Nearly every disease can be traced to clogged or inactive stomachs, livers or intestines. Indigestion, biliousness, headaches and insomnia all emanate from this cause. Keep these organs working in order and you'll have continuous good health. No case was ever treated with Dr. Hamilton's Pills and not cured; their record is one of marvellous success.

Dr. Hamilton's Pills are very mild, yet they cleanse the bowels promptly and establish healthy regularity. You'll eat plenty, digest well, sleep soundly, feel like a new man after Dr. Hamilton's Pills—one a dose—25c, a box everywhere. Be sure you get the genuine Dr. Hamilton's Pills, in a yellow box always.

Banish Your Catarrh, Restore Your Health and Organic Vitality

Catarrh, as you know, gradually works downward from the nose, throat and head, through the entire system, doing damage everywhere. Headaches, dizziness, deafness, head noises, confusion, impairment of the memory, weakened vision, sore eyes, nervousness, general languor, rheumatism, lame back, neuralgia, stomach, liver, kidney, bladder disorders, weakness of the vital organs and many other maladies and ills may, any or all, be due to the ravages of the disease we call catarrh. Once cleanse your system of the disease, and your entire organism, a task that my method is purposed to accomplish, and your entire organism responds, giving you a new sense of vital vigor and renewed health.

As Mrs. Nancy A. Davis of Waynesboro, Miss., writes me: "Since taking the Sam Katz method I feel like a new woman. I think your catarrh treatment is worth its weight in gold."

Full Box Sent On Trial

Don't send any money, not even a stamp, but simply your name and address on a postal or in a letter, and I will arrange to forward to you, postpaid, a trial box of the Sam Katz Catarrh Materials, the same that I have sent to tens of thousands all over the world. There will be enough of the Materials for a fifteen days' test, after which you may go on with the full course if you so desire.

The Sam Katz Catarrh Materials are always put in these trial packages, no matter how far from Chicago the sufferer may live, including Canada and foreign lands. So do not hesitate or delay. Write at once. I want you to try this systematic remedy without risking a penny of your money. I will gladly take all the chances. Please address, SAM KATZ, Dept. H.B. 1155, 142 Mutual Street, Toronto, Ontario.

AT THE LEAVE CLUB IN PARIS

A Triumph of Organization and Comfort FOR THE SOLDIERS

A Boon to the Overseas Men Which Canadians Fully Enjoy—Nearest Thing to "Blighty" for Many Men

Paris, Jan. 31.—(Correspondence)—If you want an idea of the perfect club for soldiers on leave in Paris you must go to the Hotel Moderne, in the Place de la Republique. There you will find a triumph of organization—the last word in comfort. And particularly that kind of comfort which the men from the trenches appreciate: first, a hearty welcome; then good food at a cost which may well make civilians wonder in these days of soaring prices; and entertainments which for variety and the pleasure they afford cannot be equalled.

As I note the activities of the club—and I have been privileged to visit it on every day of the week—I marvel at the fine spirit which actuates those who run it. The British Colony in Paris were presented with an idea. They did not spend weeks in discussing it, but they set to work to put it into execution. Mr. Hearse (the British Consul General in Paris), the Rev. S. V. Blunt of the Embassy Church, Evelyn Tomlinson, of Lloyd's Bank, and Miss Declan Moore, to whose organizing abilities and untiring efforts the success of the club is largely due—these and other men and women, and a big body of girls whose names would almost fill a column in "The Morning," are devoting themselves unsparringly to the agreeable task of making British soldiers happy when they are on leave in Paris.

What a boon the Leave Club is to our men from the overseas dominions! For them it takes the place of their far-away Blighty. In the club I have conversed with soldiers from the Australian Bush, the farm lands of New Zealand, the vast wheat growing plains of Canada, and from the South African veldt. They

Always Had Headaches

Liver Was Torpid and Bilious Spells Brought Sick Headaches—Last Much Time, But is Now Completely Cured.

Here is convincing evidence that however much you may suffer from liver trouble and consequent biliousness there is cure in the use of Dr. Chase's Kidney-Liver Pills.

Overtaxing is the most common cause of sluggish liver action. You lose your appetite, have distressing bilious spells, usually accompanied by headache and vomiting, the bowels become irregular, constipation and looseness alternating, digestion is upset and you get irritable and downhearted.

No treatment so quickly awakens the action of the liver and bowels as Dr. Chase's Kidney-Liver Pills. For this reason this medicine is wonderfully popular and is tried doctor's medicine, and also many other patent medicines, it was without success. When I had these headaches and would vomit, and could keep nothing on my stomach.

I purchased a box of Dr. Chase's Kidney-Liver Pills from G. M. Fairweather, druggist, of Sussex, N. B., and after taking one box I was so much relieved that I continued to take them until I am now completely cured. My advice to anyone suffering from sick headaches and bilious spells is to try Dr. Chase's Kidney-Liver Pills and be completely cured.

Mr. A. S. Maco, J. F., endorses the above statement, and says: "This is to certify that I am personally acquainted with Charles R. Tall, Newton, N. B., who has used Dr. Chase's Kidney-Liver Pills, and who has cured his biliousness and headache."

Dr. Chase's Kidney-Liver Pills, one pill a dose, cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. Substitutes will only disappoint. Insist on getting what you get.

have not talked to me of the war, but I have also seen letters sent home from the writing room in the club—such happy letters, telling in homely phraseology of their comfort and enjoyment in Paris, and of the kindness showered upon them by the club workers. As I have read these letters I have tried to picture the faces of the wives, sweethearts, sweethearts who receive them—the pleasure they experienced when they know that people of their own race and color, who have left their families to take part in the battle of right against might, are still in the hands of those anxious women over the sea is in itself sufficient compensation for the hardships of the war.

The club is the smallest in the matter of growth. Every week witnesses new development. Dinners are always given in the form of entertainment. Whether it is a concert with a programme judiciously blended with letters, telling in homely phraseology of their comfort and enjoyment in Paris, and of the kindness showered upon them by the club workers. As I have read these letters I have tried to picture the faces of the wives, sweethearts, sweethearts who receive them—the pleasure they experienced when they know that people of their own race and color, who have left their families to take part in the battle of right against might, are still in the hands of those anxious women over the sea is in itself sufficient compensation for the hardships of the war.

I often think that this big room has made the success of the Leave Club. It has kept the men together. Without it such large gatherings of leave men as were to be found on Christmas Day and New Year's Day would not have been possible.

They tell me that the Leave Club is the talk of the trenches. How could it be otherwise? Men who have experienced what the club has to give them tell their companions-in-arms. And so it comes about that the soldiers from the Dominions, who have no friends in England, hit to Paris, where they are met by members of the British Colony and plotted to the Leave Club, there to find what they need most—rest, recreation and the comforts of home.

He Deplores Titles in the New World

Dr. Grenfell Deprecates An Aristocracy in Canadian Democracy

St. Catharines, Feb. 15.—Dr. Wilfred Grenfell, M. C., of the Labrador Deep Sea Mission, speaking here before the Canadian Club yesterday and today in Griffin's Theatre to large audiences, deplored the granting of titles to Canadians. This is a democracy, he said, and democratic principles. He did not think the creation of a new-world aristocracy was to be encouraged.

Dr. Grenfell also expressed the hope that education would be carried on looking toward the joining of Labrador and Newfoundland into the confederation with the provinces of Canada.

Quick, Clean, Comforting Aid for Ache or Pain. THERMOGENE. PROMPTLY RELIEVES suffering from ailments causing chill, dizziness or strain. It's "Central Warmth" is dry, convenient form.

Colorless faces often show the absence of iron in the blood. CARTER'S IRON PILLS will help this condition.

SOME OFFICERS DENIED BADGES

Rigid Regulations From Ottawa Regarding War Service Medals—Must Really Deserve it

The system of granting the war service badges issued by the dominion government as recognition of the patriotic impulses of men who have volunteered for service has brought out the interesting fact that a trip overseas does not in itself constitute a just claim for such a recognition.

As a result of recent regulations issued from Ottawa for the granting of badges, there have been a number of cases discovered of late where some officers of the higher commands, who did not get past England, have been refused war service badges, and where privates who even got to France do not come within the list of those who are entitled to the "country's" recognition of service.

A number of instances have been recorded—late where wearers of the uniform, though as high in rank as major or lieutenant-colonel, who reached England with "conducting drafts," and who were later returned to Canada, have applied for "B" grade badges, and where they have been refused as not entitled to the "B" badge is a replica of the British badge of the same grade, and it has to be issued in Canada under exactly the same conditions as it is being issued in England.

The conditions governing it state that to be entitled to "B" badge, must have reached England with a Canadian unit, and that the soldier must have been discharged as unfit for further service, owing to old age, wounds, or sickness which disqualified him for further active service.

THE KIDNEYS between 30 and 40. Whatever else you do, keep your Kidneys regular and active. Their work is of vast importance to your health and at the first evidence of trouble, often occurring from the thirtieth to the fortieth year, take a treatment with GinPills.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist, and get a box of Parment (double strength), and add to it 1/4 pint of hot water and a ounce of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

This Good Old Remedy isn't just a purgative. Quite the contrary. It makes purgatives unnecessary by keeping the liver lively. Take small doses regularly—a larger dose only if you're sure you need it. That's been the rule of hearty, sprightly, happy folks for 50 years.

Colorless faces often show the absence of iron in the blood. CARTER'S IRON PILLS will help this condition.

Former United States Senator Mason, Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance So Much, That He Feels It Ought to Be Made Known to Every Nervous, Run-down, Anaemic Man, Woman and Child.

Opinions of Dr. Ferdinand King, New York Physician and Medical Author; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital; Former Health Commissioner Wm. R. Kerr, of the City of Chicago and others.

What Senator Mason Says

Gentlemen: Chicago, Ill. I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. A pioneer in the pure food and drug legislation. I was at first loath to try an advertised remedy, but after advising with my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this County House if you so desire. I am now 68 years of age and I feel that a remedy which will build up the strength and in ease the power of endurance of one at my age, should be known to the world.

Yours very truly, Wm. E. Mason

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who were requested to give their opinions thereon. Dr. Ferdinand King, a New York Physician and Medical Author said: "I heartily endorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale; the flesh strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.) New York, and the Westchester County Hospital, said: "Senator Mason is to be commended on handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood builder but do not know what to take. In my own opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Former Health Commissioner Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself and experienced strength-building effect, and in the interest of the public welfare I feel it my duty to make known the results of its use. I am well past my threescore years, and want to say that I believe in my own great physical activity is largely due today to my personal use of Nuxated Iron. From my own experience with Nuxated Iron I feel it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

NOTE: Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron, that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Watson's Drug Store and all good druggists.

The privates who are not entitled to the "A" badge, which is the common recognition for service in France or at any of the fronts, are those who were signed on for special duty, with special pay, and who, for any reason, is not entitled to the "A" or "B" badge, unless the reason is a dishonorable discharge, is entitled to the "C" badge upon returning to Canada. The "C" badge is issued generally to men who saw three months' service in Canada, and who have been discharged for old age, injuries or sickness, and who are regarded as unfit for further service in Canada. This condition has already resulted in a large number of men being refused the "C" badge as some have become fit for service in the "D" badge upon returning to Canada. The "D" badge is issued in the case of men who saw service in Canada, but who were discharged through physical unfitness under three months' service. The "C" badge is issued when the applicant submits to another medical examination and is placed in category "B". The "D" badge mentioned above, to which some overseas men are entitled, signifies that the man volunteered for active service prior to August, 1917, was rejected as unfit, and is still unfit. It is stated that one of the reasons for lightening up on the issuing of these war decorations is to prevent any man securing a badge who has retained any degree of physical fitness which might render him liable for active service later on. Great activity has been displayed among men who are entitled, or who feel they are entitled, to one or other of these badges, as already something over five thousand badges have been granted for this military district, and there is now a daily average of 150 badges passing through the local issuing office.

Kiddies love the K. ATTRACTIVE CALENDARS. The Times has received from the Manufacturers Life Insurance Company, through the E. R. Machum Company, a calendar bearing in color a commercial and strategic map of the British Empire. It is a valuable map and very attractive.

From J. & A. McMillan comes a particularly attractive large calendar in color, depicting the flags of Britain, the United States and France, and also the Canadian storm signals, with explanation.

The Results of 1917

The Thirty-first Annual Report of The Manufacturers Life Insurance Company shows a record of growth unsurpassed by previous achievements.

The new assurances amounted to the large sum of \$16,485,403, and the Insurance in Force, \$96,128,631.

The gain in insurance, \$9,010,272, was the largest in the history of the Company.

The increase in Assets was \$1,891,348. The Assets now total \$24,585,783.

The Income exceeded \$5,100,000 and also established a new record.

The mortality was again very favorable, despite the extra claims imposed by the war, being more than 25% below that provided for.

Notwithstanding the fact that the Company made large purchases of War Bonds during the year, the average rate of interest earned was 6.52%.

The Surplus, exclusive of Special Reserve, now amounts to \$2,530,054.54. This Surplus, compiled under the Canadian Government Standard, would amount to \$3,670,589.54, showing a gain over the previous year of \$226,805.69.

Would You Like to Earn \$1 or \$2 Daily the Year Round at Home

The hosiery trade is booming, and the Demand far exceeds the Supply. We gladly take all the goods you can send us.

We must have more workers at once to help us keep pace with the demand. The Auto Knitter is sent on favorable terms to reliable persons, and we furnish full instructions how to knit socks, etc., also all yarn needed. The work is simple and easily learned; the Auto Knitter is a high-speed machine, and works by turning a handle. Our fixed rates of pay guarantee you a steady income the year round, no matter where you live, but our workers often largely increase this by working for private employers.

Working either whole or spare time, this pleasant employment has brought prosperity to many workers in their own homes, and should do the same for you.

Write to-day, enclosing 8c. in stamps, for full particulars, rates of pay, etc., and see what you and your family can now earn at home.

Auto-Knitter Hosiery (Canada) Co., Limited
DEPT. 7A, 25 COLLEGE STREET, TORONTO.

There is practically no restriction in the quantity or variety of consumption and no sacrifice in Canada comparable with that being made in England or France or Italy. Probably one-half is a moderate estimate of what could be saved if even the British standard were practiced. If all information at hand can be relied upon, something akin to famine threatens the population of allied countries, and we should, out of our abundance, make instant response."

—Lady Foster.

Lady Foster's ideas about food control are practical first and theoretical next. She believes in women keeping pigs and raising chickens—in fact, going in for anything that means increased food production at the present time.

She cannot see why there should be any prejudice against keeping a pig, and it is her view that women should go in for farming on an extensive scale this year, trying out every branch of agriculture and specializing in gardening and the raising of pigs and chickens.

None too optimistic about the food situation, Lady Foster thinks that Canada has a long way to travel yet in its conservation measures.

"I am entirely in accord with the aims and purposes of rigid food control," she declared. "In many respects, better, quicker results can be secured by elimination of food waste, restriction and discrimination in the use of foods than by possible preparations for increased production, and it is quick and immediate relief which is most imperatively needed by our suffering European Allies."

She does not mean by this that any effort should be spared to further the cause of production, but rather she thinks that all glasses should "get busy" now, saving wherever they can save—substituting wherever they can substitute—and procuring wherever they can produce.

"Leaving out for the moment the poor or homes in which necessity curbs waste and extravagance almost, or quite to the limit, a cursory glance into the homes of many of the rich and well-to-do reveals conditions of food waste which are practically no restriction in the quantity or variety of consumption and no sacrifice comparable with that being made in England or France or Italy. Probably one-half is a moderate estimate of what could be saved if even the British standard were practiced. It is in these countless homes in Canada—in country villages, towns and cities—where the gospel of saving and sacrifice should be preached and enforced by all the pressure that government can bring to bear."

Lady Foster thinks that women have sacrificed more in dress and in other things than they have realized, and that they don't seem to realize the situation in full. "If all information at hand can be relied upon, something akin to famine threatens the population of allied countries, and we should, out of our abundance, make immediate response," she observed.

Her views on how to bring home to the women of Canada in the most forcible way the seriousness of the situation were sought.

"It seems to me," said Lady Foster, "that all the women should be enlisted through wide voluntary organizations put on in every municipality under central direction. Teachers, preachers, and platform speakers should be urged to join the crusade. No public meeting of any kind should be held without a brief speech being made on food control. This personal appeal, combined with printed matter, should reach the greater part of the community. Of course, you have the foreign element to consider, and for them I think nothing could be better than the community kitchen scheme which is advocated by the Local Council of Women. Operate these kitchens in different centres; let women bring their food to them to be cooked, train them how to buy to the best advantage—and it is wonderful how much good might result. These kitchens would touch women you can't get hold of in any other way—especially if they were opened in the foreign districts of the large cities. The idea is that domestic science graduates might take charge of these kitchens and give either paid or voluntary service."

Lady Foster was emphatic in her denunciation of all so-called "luxuries."

"Ice cream, candies, expensive cakes, afternoon teas, theatre suppers and all such extras should be ruthlessly cut out," she opined. "Health would not suffer thereby. Such an indulgence would be curbed and we would then enter, in part at least, into a community of sacrifice with the housekeepers in warring countries."

In her own household radical changes have been introduced. The beefsteaks and countless days are strictly kept. In fact, two meatless days a week have been observed for the past year. Fish is served at least three days a week, and there is no waste. As to cake, only war cake, without either eggs or butter, is used in the Foster home, and there are seldom more than two courses at any meal.

This year more than ever sees the need of more—still more nurses. Do your "bit" either at home or overseas for suffering mankind.

Learn at home and avail yourself of an opportunity to earn \$10 to \$25 weekly.

Full particulars of our nursing course sent on request.

709 1/2 Spadina Avenue, Toronto, Ont.

Women's War Work in United States

Items in the News Letter issued by the women's committee of the Council of National Defense tell of the renewed enthusiasm of the women of the United States.

In the mountain regions of Idaho the women engaged in the registration campaign have plodded through many feet of snow in blinding storms, sometimes on skis. In other regions, where the teams are used, they have gone up to the hubs in mud, and in some sections of the dry-farm districts they went through deep dust. The division reports 55,000 women signed for war service and every county clamoring for more cards. Where the roads were impassable work has been carried on by mail.

"We have been so pleased over the enthusiasm of our foreign colonies," writes a worker. "Even among the Hungarians the women are pledging their services. In Pocatello a Greek tailor closed his shop and registered all the Greek women for the registrars, and in the Italian colony in Shoshone county one woman offered to knit a pair of socks a day." The city and county chairmen of registration in Boise and Ada county held a school for registrars for two days, at which 250 women, all volunteer registrars, attended.

During the Wyoming registration the streams were raging in a number of the counties. In order that the women might register on the day designated the cowboys volunteered to swim the creeks and deliver registration cards.

A RATIONING STANDARD.

(Toronto Globe.)

The British Food Controller has put the people of the United Kingdom on a meat ration of approximately one pound per week. If the holder of a meat card is content to use inferior grades he can obtain slightly over a pound with the cards, four of which, each permitting the purchase of ten cent's worth of meat, are available weekly. Half a coupon surrendered in a restaurant entitles the person giving it up to a meal of cooked meat. Children under ten are given half the ration of a grown-up person.

In Germany the meat ration, consisting largely of pork, is about three-quarters of a pound weekly, and is regarded as insufficient to sustain in condition the average adult accustomed to a meat diet.

The figures give Canadian housewives a standard of comparison. How does the consumption of flesh food among us compare with that of Britain? Despite meatless days, and the economies practiced in other directions, it is fairly certain that Canada has not yet begun to practise real economy in the use of meat. There must be plenty of people among us still getting away with half a pound of flesh food a day instead of a pound a week. To them the British meat regulations come as a challenge and a warning.

A New York electrician has invented a device small enough to be carried in a pocket, which enables a person to use a telephone without persons near him overhearing his conversation.

Gladstone's Peace Policy was a Factor in Present Fight

British Liberals recently celebrated the anniversary of the birth of their greatest chief, William Ewart Gladstone, born 170 years ago. Supreme as he was among the statesmen of the nineteenth century, Gladstone's policies are in part responsible for the war which is now raging. The man who brought about the gradual enfranchisement of the masses, popular education, equal taxation, financial reforms and other great advances in democracy, was notably weak in his foreign policy. The maintenance of peace was dearer to him than national prestige, and his vacillation was indirectly the cause later of the wars in South Africa and the Sudan, and a contributing cause in the present tremendous struggle.

At the close of the Franco-Prussian war Gladstone had it within his power to crush Prussia in its demands upon France. His sympathies were with that

FREE PUZZLE PRIZE \$200.00

In Cash now to be Given Away FREE, in addition to the sum of \$4000.00 In Cash that we have previously Given Away.

1st Prize, \$50.00 in Cash. 2nd Prize, \$40.00 in Cash
3rd Prize, \$35.00 in Cash. 4th Prize, \$25.00 in Cash
5th to 9th Prizes—Each \$10.00 in Cash.

TOGETHER WITH MANY MERCHANDISE PRIZES

WAR PUZZLE

Above will be found the picture of a modern Tank of the kind that is being used with such success in the present war. At a glance the Tank appears to be all there is in the picture, but by careful scrutiny the faces of several soldiers will be found. There are 11 of them in all. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly, and neatly, as in case of use, both writing and neatness are considered factors in this contest.

This may take up a little of your time but a TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away. It is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words "I have found all the faces and marked them."

WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST.

Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Four Thousand One Hundred Dollars in Cash Prizes from us, and full particulars of similar conditions that must be fulfilled. (This condition does not involve the spending of any of your money.)

Prizes of cash prize in our list supplemented will not be allowed to win this Contest.

This Contest will be held by us until we have a sufficient number of entries to award prizes. Send Your Reply Direct to

GOOD HOPE MANUFACTURING COMPANY
31 LATOUR STREET, MONTREAL, CAN.

country, and when the Germans demanded the cessation of Alsace and Lorraine Gladstone asserted that England would not agree to it. In this stand he was supported by Austria, which feared the aggression of Prussia, but when it seemed that war might be the result of continued opposition to the Prussian project, Gladstone wavered, and Alsace-Lorraine passed to the Germans.

The efforts of the French leaders to induce Great Britain and Austria to intervene and prevent the annexation by Prussia of Alsace-Lorraine are described in detail in "A Diplomatic Memoir," written by Frederic Retlinger, secretary to Jules Favre, the vice-president of the French provisional government in 1871. Retlinger was dispatched first to Vienna, where he obtained assurances that the Austrian government would join with England in preserving the territorial integrity of France.

Retlinger admits that at that time Great Britain, in common with all the countries of Europe save Prussia, was totally unprepared for war. "Only one power was prepared at the moment of the shock," he says, "and that power was exactly the one which France, herself unready, had chosen for an enemy. Outside Prussia no one in Europe had resources war, and no one was armed or in condition for a campaign."

Under such circumstances Gladstone had reason to hesitate about opposing the will of the victorious Prussia; yet the struggle he avoided was only postponed, and when it came Britain was still unready, and Germany more powerful than ever. It now remains for the Allies, with the assistance of the United States, to break that power, which has grown to be a menace to the peace of the world.

Made to Order.

The darkey preacher was describing his flock of sheep and said, "It's a col' place chock full of 'em an' snow an' yuh 'ol' blood don' nevah git thawed out for a billion years."

"What's this?" inquired the colored bishop.

"Yuh 'ol' don't know my congregation, boss. Ef I was to tell 'em that hell was hot, all these shivering 'ol niggers 'ud be aimin' to go straight there."

New York magistrates are urging that chauffeurs be forced to pass a competence test before being licensed.

ALBERT COUNTY WANTS GOVT TO TAKE OVER ROAD

Hillsboro, Feb. 15—It is hoped that one result of the meeting that was held today in Hillsboro by the Albert County Union convention will be the taking over by the government of the Salisbury and Albert road that has been for so long a time a burden on the ratepayers of the county. The promise which Hon. F. B. Carroll is said to have made that the railway will be taken over is regarded as most encouraging.

THE AFTER EFFECTS OF LAGRI PE

Often Worse Than the Disease Itself—Victims Left Weak, Nervous and Worn Out.
The Grippe—the name by which influenza is most generally known—is a disease prevalent throughout Canada during winter and spring months. Anyone who has felt its pangs is not likely to get the trouble. La grippe starts with slight cold and ends with a complex of troubles. It lays the strong man on his back, it tortures him with fever, chills, headaches, and aches. It keeps him a prey to pneumonia, bronchitis, consumption and other deadly diseases. In fact, this disease is so serious that the trouble itself is a warning that you are on the verge of a serious illness. You can avoid a grippé and winter colds by keeping your blood pure with the occasional use of Dr. Williams' Pink Pills. If you have not done this all the disease lays you low, you can resist all its evil after effects by using this great blood-building, nerve restoring medicine. This has been proved in thousands of cases throughout Canada by the grippé victims who have been made well and strong through the use of Dr. Williams' Pink Pills. Among the cures is Miss Irene Books, Portsmouth, Ont., who writes:—“I take much pleasure in recommending Dr. Williams' Pink Pills because I have proved their worth in my own case. Last winter I had a severe attack of la grippe and it left me weak and all run down. I had severe pains in the chest and under the arms, palpitation of the heart and attacks of neuralgia which left me with the feeling that life was scarcely worth living. I was taking doctor's medicine, but it did not help me and I was much discouraged. I was advised to try Dr. Williams' Pink Pills and began their use only on the principle that I would try anything that might better my condition. I had only been using the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved, and in a little more than a month I felt all my old vigor had returned. I am sincerely glad I was persuaded to try Dr. Williams' Pink Pills, and I shall always have a good word to say for them.”

Dr. Williams' Pink Pills not only cure the disastrous after effects of la grippe, but are also a specific for all these troubles due to poor blood, such as anaemia, rheumatism, indigestion, women's ailments, and the generally worn out feeling that affects so many people. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GUARD THE BABY AGAINST COLDS

To guard the baby against colds, nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy and good-natured. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hotel, the delegates gathered in the town hall and Hon. C. J. Osmen was chosen chairman.

The first speaker was the federal member, S. E. Elkin, who said that as one of the members he felt that he and his colleagues are representing all the people of the constituency of St. John and Albert including not only the Unionists, but also the Laurier-Liberals and others. He said that he thought that it would be advisable to have an advisory committee of not more than two to keep the members posted when they are in Ottawa as to the needs of the people of Albert county. He then nominated Hon. C. J. Osmen and J. Peck as members of the committee. The suggestion and the committee were ratified by the meeting.

Mr. Prescott said that he hoped that the government would have taken over the road four or five years ago, it would have made a market for the timber and running of the railway, and it is not necessary for the government to pay cash for the railroad, but payments can be distributed over a term of years if necessary.

Mr. Wignmore said that the railway ought to be taken over by the government with great features. He promised that it shall be taken over and he considered that a sufficient guarantee that the thing will be done. He said that the representative of the owners of the road was present and said that the road could easily be taken over and the cash payment would not be required. Mr. Wignmore prophesied that the road will be taken over by the government during the year.

The following parish committees consisting each of one Liberal and one Conservative, which will be called advisory committees and will notify the advisory committee named by Mr. Elkin of any grievance or need the parish has, was appointed:—Harvey—Captain Arthur Edgett, Councillor W. A. Perkins. Elgin—T. A. Goggin, R. A. Smith. Hopewell—Captain H. A. Turner, Isaac C. Prescott. Coverdale—A. W. Brennan, J. W. Gaslin.

The meeting broke up after singing the National Anthem.

U. S. FOREIGN TRADE UNDER LICENSE

Washington, Feb. 15—All the foreign trade of the United States—exports and imports—was put under license today by President Wilson as a part of a general programme of the American and Allied governments for releasing ships to transport troops and supplies to Europe.

EIGHT BRITISH CRAFT SUNK IN CHANNEL

London, Feb. 15—Eight British craft which were hunting submarines have been sunk by a raiding flotilla of enemy destroyers, it is announced officially. After having sunk these vessels, seven of which were destroyers and one trawler, the enemy destroyers returned rapidly northward before they could be engaged. The destroyed raid took place in the Straits of Dover, the official announcement states.

The Hague, Feb. 15—Holland has suggested to the other neutrals that they take joint action in respect to the repudiation by the Bolsheviks of Russia's foreign loans, Foreign Minister London has informed a deputy. Spain, said the minister, already has consented in principle and replies are expected shortly from Switzerland and the Scandinavian countries.

EXPLANATION OF GOVERNMENT PLAN FOR REGISTRATION

Ottawa, Feb. 15—In further explanation of the government's plan to take an inventory of the man-power of Canada, a memorandum was given out this afternoon by the prime minister. It is understood that the plan will be worked out in the course of a short time. It will be one of the matters considered at the conference of provincial premiers now in progress here. The statement issued today is as follows:

"The government submitted to the representatives of organized labor the following confidential memorandum, dealing with the organization of man-power and woman-power of Canada: "The government believes that an inventory of the man-power and woman-power of Canada is necessary for the purpose of mobilizing the resources of the country in the event of a military situation and the imperative needs of greater food production and conservation, increased labor and production in essential industries, and other pressing problems which face the nation. Among the specific purposes sought to be accomplished by the inventory are: "1. To ascertain the number, residence, nationality and occupation of all persons who have evaded registration under the provisions of the Military Service Act."

"2. To facilitate the operation of the Military Service Act by requiring that all registered persons carry a certificate of registration. "3. To ascertain the number, residence and occupation of those who, though not now engaged in agriculture, have had experience in farming, and are qualified to assist in agricultural production. "4. To ascertain the numbers employed in various occupations or lines of industry, so as to ascertain the labor supply which might be rendered available by closing or curtailing less essential industries and diverting labor to more essential industries. "5. To ascertain the supply of woman labor available to supplement the work of men or to take over the work of men who could thereby be released for other services of national importance. "6. To ascertain the number, residence, nationality and occupation of all persons resident in Canada who are not British subjects by birth or naturalization. "7. To be able to utilize, with the least inconvenience and to the best advantage, the services of all men and women in the employment to which they are fitted by a special training and experience. "8. To secure all such information as will enable the government in co-operation with labor, to carry on an effective

February promises to be the record month in the history of the port of St. John for ocean cargo. One hundred and thirty-five vessels, carrying several hundred cars loaded with freight awaiting the time when the stevedores' hours will have a summer, and in their return cargo. It is reported that the last weekly pay resident in Canada amounted to about 2,000 men at work there. The whole waterfront is the scene of much activity, as great ships warp in and out loaded deep with rich cargoes.

St. John has in former seasons enjoyed many big months in her shipping calendar, but February bids fair, even at this date, to establish a record in the view of the fact that April is conceded to be the month of greatest activity in the winter season of the port.

"I believe that we will get considerable summer business this year," said Commissioner Russell yesterday afternoon. "We have, of course, hoped to get summer business in other years but from some or if you find them at present in the matter of transportation I have greater hopes than ever before that we shall have a summer as busy as in this port in 1918."

There is a considerable divergence of opinion as to how much food one can get along on, but we can hardly believe what the Minneapolis Tribune has reported of us requiring from 1,500 to 6,000 carloads a day.

Seems Excessive, Try C. A. L.
There is a considerable divergence of opinion as to how much food one can get along on, but we can hardly believe what the Minneapolis Tribune has reported of us requiring from 1,500 to 6,000 carloads a day.

Tells How to Stop a Bad Cough
Surprising results from this home-made syrup. Easily prepared. Try it today.
If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick relief, just try this pleasant-tasting home-made cough remedy. Any chemist can supply you with 25 cents worth of Pinex (50 cents worth). Pour this into a bottle and add the bottle's plain granulated sugar syrup. Thus prepared, you have 16 ounces of really remarkable cough remedy—one that can be depended upon to give quick and lasting relief at all times.

You can feel this talk hold of a cough a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes away the irritated membranes that line the throat. It is a special and highly concentrated compound of genuine Norway Pine extract and is noted for its power in overcoming severe coughs, throat and chest colds. It is the only cough remedy that has made it famous all the world over.

There are many worthless imitations of this noted mixture. To avoid deception, ask for "Pinex" with full directions and don't accept anything else. It is guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

WE ARE AS FULL OF DEADLY POISONS AS A GERM LABORATORY

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, general poisons which are absorbed by the blood.

LECTURED ON THE SOUL OF RUSSIA

Professor Carter Troop, former St. John man, before Women's Canadian Club.

"The Soul of Russia," said Professor Carter Troop in his lecture on entitled last evening before the Women's Canadian Club in German street Baptist Institute, "is the city of Moscow, for in this city, much more than in Petrograd, is to be found all classes of Russians. At the introduction of his lecture, Professor Troop said that we are at war with a Lothian enemy, the most despicable with which we have ever come in contact. He said that the Russian people are imbued with an intense hatred of the German race. Each of these are great many Russian Jews in the United States, the revolution paved the way for the entry of the United States into the war. President Wilson decided to be sure that the mass of the people were behind him before he took the decisive step which had to come sooner or later, as all thinking people knew at the time of the sinking of the Lusitania. The government of Russia has been dominated by Germans ever since the reign of Peter the Great. Since the revolution, the Czar's of Russia have married into the German royal house with the exception of one, the father of the Czar, each of these German wives brought in her train a number of German princes, English nobles, and other aristocrats. Each of these are great many Russian Jews in the United States, the revolution paved the way for the entry of the United States into the war. President Wilson decided to be sure that the mass of the people were behind him before he took the decisive step which had to come sooner or later, as all thinking people knew at the time of the sinking of the Lusitania. The government of Russia has been dominated by Germans ever since the reign of Peter the Great. Each of these are great many Russian Jews in the United States, the revolution paved the way for the entry of the United States into the war. President Wilson decided to be sure that the mass of the people were behind him before he took the decisive step which had to come sooner or later, as all thinking people knew at the time of the sinking of the Lusitania. The government of Russia has been dominated by Germans ever since the reign of Peter the Great. Since the revolution, the Czar's of Russia have married into the German royal house with the exception of one, the father of the Czar, each of these German wives brought in her train a number of German princes, English nobles, and other aristocrats. Each of these are great many Russian Jews in the United States, the revolution paved the way for the entry of the United States into the war. President Wilson decided to be

GEM THEATRE - Waterloo St.

WANTS WILL OPEN SERIES WITH DODGERS Long Jumps Have Been Avoided In Drawing Up National League Schedule

New York, Feb. 15—For the first time in several years the Giants will have an old-fashioned hurrah opening at the Polo grounds this season. The new National League schedule adopted by the club owners, at the meeting at the Waldorf yesterday, calls for the Giants to open at the British Stadium on April 19, against the Brooklyn Dodgers for opponents. This brief announcement of the Giants and the Dodgers battling in the opening game immediately suggests a balmy spring day, a brass band, a crowd of 30,000 howling fans, and a chesty umpire stalking out into the diamond yelling: "The batt'ries for today's Schuppie and McCarty for Nuyork and Coombs and Miller for Brooklyn." The other openings will be Boston at Philadelphia, Chicago at St. Louis, and Pittsburgh at Cincinnati. The season closes on Oct. 5. There are only three conflicting dates with the American League, all in Chicago, when both leagues will play in the Windy City on June 29, Aug. 31 and Sept. 15. The long-drawn-out trips, as in the past, and provision has been made for plenty of time to make the long jumps between the eastern and western cities. The Giants will have thirteen Saturday games and one holiday date at the Polo Grounds, July 4, with Brooklyn, when morning and afternoon games will be played. Brooklyn has twelve Saturday games at Ebbets Field and one holiday, May 30, with Boston. Cincinnati will have eighteen Sunday games at home. Boston and Pittsburgh have been generously treated in holiday dates, each having three at home. In 1904, the first year of the 154-game schedule, the total conflicts were forty-two, scattered throughout the cities where two clubs operated. The schedule covers a period of 174 days, as against 177 days the season previous. The championship season will close Oct. 5 in the east and Oct. 6 in the west. This will allow starting the world's series as early as in 1917, despite the fact that the schedule openings take place five days later. National League clubs will travel 85,131 miles the coming season, as against 87,441 in 1917. The mileage of the different clubs will be as follows, starting from the point where they open: Philadelphia, 9,811; New York, 9,845; Brooklyn, 10,007; Boston, 10,085; Chicago, 10,766; St. Louis, 11,522; Cincinnati, 11,697; and Pittsburgh, 11,898.

RE-ORGANIZATION OF ADMIRALTY

"Nothing Sensational or Dramatic" in List of New Officers—No Suggestion of Rash Adventure.

London, Feb. 1.—(Correspondence of the Associated Press)—Speculation in certain quarters as to any disturbance of the main lines of British naval policy has been dispelled with the announcement of the constitution of the new board of admiralty.

HIGH HEELS PUT CORNS ON TOES

Tells Women How to Dry Up a Soft Corn So It Lifts Out Without Pain

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of soft corns or callus without the slightest danger or inconvenience.

NO RACE SUICIDE HERE

Minnesota Farmer at 48, Has a Family of Sixteen

Peter Anderson, a farmer of the township of Bygland, Minnesota, owns a seven-passenger auto, which, even when loaded to normal capacity, only carries about one-third of his family.

Wash Away Skin Sores

D. D. D., the liquid wash, has become a household word. If you are a sufferer from skin diseases, including ulcers, pimples, scabies, crust or Eczema in any form, this remedy will do almost anything.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys or occasionally, says a well-known authority, meat forms acid which cures the kidneys, they become overworked from the strain, get sluggish and fall to filter the waste and poisons from the blood, then we get sick.

Lemon Juice a Beautifier

How to prepare a beauty cream at little cost. Says lemon juice alone is too highly acidic. Try this on face, neck, arms and hands!

Many women use just the juice of lemons to bleach or whiten the skin and to bring out the hidden beauty and the roses, but pure lemon juice is acid, therefore irritating, and should be mixed with orchard white.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons call for relief. The lymph ducts, through the lymph ducts, excite the heart which pumps the blood so fast that it congests the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache.

BRITISH LINE AT THE SOMME

John Masfield's Vivid Picture of Western Front ALMOST LIKE A POEM

Among the reputations that have been shattered by the war have been the reputation of a great many descriptive writers. Beginning with the crowd of eight-seers who crossed from the United States in August 1914, to have a literary picnic on the battle front and continuing until the very latest stodge and labored description of the Canadian doings came from our own official observers, men have been proving that the majority of those who believe themselves capable of doing descriptive writing fall miserably in the presence of a great opportunity.

Watch for the Red K.

TASK FOR PRESBYTERIAN FOREIGN MISSIONARIES

Ottawa, Feb. 16.—That the Presbyterian Church in Canada had been allotted the task of evangelizing 15,000,000 heathen was the statement of Rev. Robert Laird of Toronto, preaching in Franklin church. This would mean that the 100 missionaries of the Presbyterian church in Canada would each have charge of Christianizing 80,000 people, and one doctor would have 800,000 to care for.

CAN SUB BASES BE WIPED OUT?

Coast Forts and the German Fleet Must be Destroyed

MANY BIG OBSTACLES

Absolute Blockade of Neutral and Foe Ports Made Possible Through Co-operation of United States

Arthur F. Pollen, the well known British naval writer, in an article in the March number of The Metropolitan, says: It is the integrity of the German bases that alone enables the submarine war to be carried on, and by integrity I do not mean the wharves and docks, etc., unenclosed, but that there is a safe passage in and out of these bases to the open sea.

The only really effective way of destroying a sea base is to silence and occupy the forts that protect it and then under cover of a sea bombardment, to sweep the coast and enter the port area, blowing up everything in sight. The first stage of the operation is to silence the forts across the mouth of the bay, and then to land troops to prevent their re-occupation. The taking of the German bases is thus essentially a military operation in which the navy supplies transport and the chief artillery. Gallipoli remains as a warning of what must happen if an undertaking of this kind is treated as naval only.

Can Ships' Guns Silence Forts? If it were determined to devote the numbers of men and ships required for such an undertaking to this business, it is not clear that there is an enormously powerful and purely technical naval argument against it, and it is not clear that the navy is not the artillery of the ships being able to destroy the German forts, exactly as the big guns are used to destroy the enemy's concrete gun positions of the enemy in France and Flanders. Can ships' guns silence and destroy the guns in a fort before the guns in a fort have silenced and destroyed the ship? There is only one element in a fleet's favor in a contest of this kind. It can bring into the field the vastest number of guns, and those far more powerful than the forts can employ against them.

Her Grandma Used Sage Tea To Darken Her Hair.

A well known downtown druggist says everybody knows Wreth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. When she had her hair look on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

By asking at any drug store for "Wreth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost.

This simple mixture can be depended upon to restore natural color and beauty to the hair.
