DOCTORS DECLARE WILLIAMS INSANE

MURDER TRIAL IS STOPPED TO TRY SANITY ISSUE

Two Witnesses Pronounce Acute Confusional Insanity

SOME ARGUMENT

Attempt to Question Prisoner in Court Is Stopped

By Judge

Special to The Times-Star.

FREDERICTON, Jan. 26.—

That Harry D. Williams, charged with the murder of his two half-nieces, Cynthia and Neela Foster, is suffering from acute confusional insanity was the opinion of Dr. Charles Mackay and Dr. W. H. Irvine, both of Fredericton, when they were called to the stand this morning, on the issue of Williams' sanity being raised by F. H. Peters, counsel for the defence.

Dr. Irvine believed that Williams' trouble was dementia, and that it had extended over a number of years. He agreed with Dr. Mackay, however, on the confusional insanity.

Had Open Mind.

When Dr. Hughes asked Dr. Mackay if he had not gone to the jail yesterday convinced that Williams was insane, he said that he had gone with the reverse notion. He stoutly denied that he had ever said that Williams was sane. He had never even said that he believed the prisoner to be insane.

The insanity issue was raised just as soon as court opened this morning and was allowed after some argument between counsel by Mr. Justice LeBlanc.

Mr. Peters desired to have examined his right to call Dr. Farrar of Guelph, Dr. McTaggart of McGill, and Dr. Abrahamson of St. John, the latter for the purpose of making a blood test.

Mr. Justice LeBlanc said that he would allow the examination of the three doctors if they were able to give evidence on the issue.

When court opened the judge called Enoch Peck, whose direct examination was completed Saturday night. F. H. Peters, counsel for the defence, asked that before Mr. Peck be called that he would like to establish whether the prisoner was sane or was sane and was able at the present time to stand his trial.

He would like also to have the right reserved to Dr. C. B. Farrar, superintendent of the Sanitarium for Nervous Diseases at Guelph, Ont.; Dr. McTaggart, professor of Medical Jurisprudence and a doctor of Toronto; and also Dr. Abrahamson of St. John, to test the blood of the prisoner.

Mr. Peters moved for the insanity trial.

Dr. Hughes said that according to the evidence already adduced there was nothing on which to base a plea for insanity.

Mr. Justice LeBlanc said that he did not wish to try an insanity matter until he had heard the evidence of the medical men to court. In this connection he mentioned Dr. C. P. Holden and Dr. VanWart, of Fredericton. Dr. Mackay said he was a graduate of Toronto and had practised in Fredericton for the last seven years. He had taken the ordinary course in nervous diseases. Dr. Mackay had seen the prisoner twice at the police court and had examined him yesterday. At this point Mr. Peters asked the court to allow the prisoner to be examined by the three doctors.

Four Are Dead After Saturday Night Klan Battle In Illinois Town

CITY CHILD DIES FROM BURNS

French Catholics Would Resist Herriot Policies

METZ, France, Jan. 26.—"If a fight is forced upon us we shall accept it with an energy hitherto unsuspected," declared Father Bergey, deputy from the Glorioso department, known as a war-time chaplain speaking before a general meeting of the Lorraine Catholic Association last night on the Herriot Government's clerical policy.

Rotor Ship To Make Voyage To Scotland

Dundee, Jan. 26.—Fletcher's "rotor" ship Buckau arrived here Sunday from Kiel, having covered the distance in two days. She averaged eight knots in a very light wind. The Buckau will leave at the end of the month with a cargo of lumber for Scotland, this being the first attempt to give the salted sea a thorough tryout on the high seas.

FEBRUARY BUSY IN SUGAR EXPORT HERE

Atlantic Refinery Announces Large Receipts of Raw and Output of Refined.

February will be an exceptionally busy one for the export of sugar from this port. It was said today, arrangements having been made by the Atlantic Sugar Refineries to ship 7,000 tons to British ports. In the few remaining days of this month arrangements will be made for the export of 14,000 tons of raw sugar to the same or other ports overseas for the refined article.

List of Shipments.

The shipments will be as follows: February 3, S.S. Bothwell, for London, 30 tons; February 10, S.S. Beacon, for Glasgow and Swansea, 870 tons; February 13, S.S. Montclair, 450 tons; February 15, S.S. Manchester Corporation, for Manchester, 600 tons; February 18, S.S. Bosworth, for London, 200 tons; February 19, S.S. Melita, for Southampton, 150 tons; February 21, S.S. Cairnroy, for Newcastle and Leith, 1,280 tons; February 26, S.S. Cornish Point, for Hull, 500 tons; February 27, S.S. Montclair, for Liverpool, 250 tons; and 2,800 tons not yet specified.

Sugar Receipts.

The receipts of raw sugar expected are as follows: S.S. Chignecto, due today, 800 tons, from Demerara; due today, S.S. Balfour, 450 tons, from Demerara; February 3, S.S. Lifford, full cargo of 3,871 tons from Cuba; February 4, S.S. Eiderstedt, full cargo of 2,200 tons, from San Domingo; February 8, full cargo of 3,200 tons from Cuba; February 9, S.S. Eiderstedt, full cargo of 2,200 tons, from Demerara; February 10, S.S. Teviot, 250 tons, from Demerara; February 20, S.S. Marstenen, full cargo of 2,871 tons, from Cuba.

A. K. HARVIE WINS BANK PROMOTION

Commerce Manager in St. John to be Inspector of Branches in Manitoba.

A. K. Harvie, manager of the Canadian Bank of Commerce here, has been promoted to the inspectorship of the Manitoba branches of the bank, according to word received here from head quarters today. Mr. Harvie, who came to St. John in August, 1923, expects to take up his new duties in about a month's time.

Coolidge Unveils Tablet To Wilson

WASHINGTON, Jan. 26.—Before a crowd which filled the little Central Presbyterian church here to overflowing, President Coolidge yesterday officiated at the unveiling of a tablet to the memory of Woodrow Wilson, for 11 years a member of the church. The tablet permanently records the laying of the cornerstone of the church by the wartime President on Dec. 19, 1913. Mrs. Wilson, widow of the former President, attended the services.

Sun Yat Sen Alive; Condition Serious

UTICA, N. Y., Jan. 26.—Donald C. Grant, of Utica, has been elected national commander of the British Great War Veterans' Association at the national convention here. Discussion of effort to secure \$50,000 allotment from the Canadian cantons fund for relief work ended in decision to send a representative to confer with the Minister of Finance at Ottawa.

Suicides As Radio Plays

NEW YORK, Jan. 26.—The soft melody of a distant orchestra came from the horn of James Gibbons' radio set as the young man lay on the bed in his boarding house. He felt despondent and thought the music would cheer him. A love hate had come to an end when the young woman became interested in another man. As he listened to the music Gibbons fastened the tube of a heater to the head of his bed and turned on the gas.

ASQUITH'S NEW WINS APPROVAL OF ALL PARTIES

Press Is Unanimous In Congratulating Former Premier

TORIES CORDIAL

Liberals, However, Regret His Severance From House Of Commons

Canadian Press Cable.

LONDON, Jan. 26.—It was officially announced from the Premier's residence in Downing street this morning that an Earlom has been conferred upon Herbert H. Asquith, veteran parliamentary leader of the Liberal party and former Premier.

CONGRATULATIONS GENERAL.

LONDON, Jan. 26.—The eminent position held by former Premier Asquith as a great national character is emphasized by the prominence given by the newspapers this morning to his acceptance of a peerage.

CLAIMS SELF DEFENCE.

According to the police a bulldog owned by Spiney attacked Leblanc and Harlan C. Leblanc a neighbor, is held charged with murder. Spiney died last night in a Portsmouth, N. H., hospital shortly after Leblanc shot him while the two men were fighting in the roadway in front of Spiney's home.

MAY STOP ART SALE

Attempts of Duke of Cumberland to Sell Pictures Likely to be Blocked.

HUMORISTS ARE BUSY.

The humorists are guessing as to what coat of arms and motto he will adopt as an Earl. Some suggest that no motto is possible except "wait and see" which was his favorite reply to inconvenient questions in the House of Commons during his Premiership.

STOP SANDING WORK AND SAVE ADVISES MAYOR

Go Back To Ice Creepers, Says His Worship

WORKS ESTIMATES

Frink Asks For A Little More Than Last Year On Fixed Charges

A suggestion that the city stop sanding the sidewalks and let the people wear ice creepers as they used to be made this morning by Mayor Potts while the estimates of the Commissioner of Public Works were under discussion.

Mayor Potts said that in 1916 the appropriation for public works was \$118,000. At that time it was said paved streets would lessen the amount needed for street cleaning, so far as he could see the amount asked for was about double that in 1916 and did not look much like saving money.

Commissioner Frink said that in 1916 the rate of pay was less than half what it was today, when the pay in his department ran from \$25 to \$55 a day.

Table with columns: Description, Appropriation, Expenditures. Includes items like Street repairs, Sidewalks and crossings, Cleaning, watering and snow, Asphalt paving, etc.

Table with columns: Description, Appropriation, Expenditures. Includes items like Street repairs, Sidewalks and crossings, Cleaning, watering and snow, etc.

The estimates for this year are: Street repairs, \$18,000; Sidewalks and crossings, \$6,000; Cleaning, watering and snow, \$22,000; Asphalt paving, \$14,000; etc.

The first item, street repairs, was moved by Commissioner Frink. His Worship contended that this and the item for asphaltic streets should go together.

Death of Elijah Brown Recalls Old Coaching Days In St. John

Veteran was of Drivers Who Had Stand at Head of King Street.

Elijah Brown died at his home, 12 Wentworth street, on Saturday evening and thus is further reduced the ranks of citizens who belong to the old order of things, links with the pre-electric period and days of wooden ships.

An Old Time King St. Scene. Old time pictures of the head of King street show coaches standing in the middle of the road just below Charlotte and extending down towards the Macaulay building.

William Donahue of the Waterloo street tax service tells of an interesting incident relating to the old time coaches among whom was included his father, James Donahue, who related to him that it was a strict traffic regulation 30 years ago that coaches stand in the middle of King street and should not park at the curb.

Major Potts said that in 1916 the appropriation for public works was \$118,000. At that time it was said paved streets would lessen the amount needed for street cleaning, so far as he could see the amount asked for was about double that in 1916 and did not look much like saving money.

Commissioner Frink said that in 1916 the rate of pay was less than half what it was today, when the pay in his department ran from \$25 to \$55 a day.

providing it might be possible to do some work in the streets and pay for it by bond issue. Commissioner Wigmore said if the law requiring the sidewalk to be cleared was carried out there would not be any need for sanding.

Commissioner Bullock said he would like to see the sanding stopped for this year. Commissioner Frink said if the council were going to cut out what he called the asphaltic work, for which he said he had an estimate of \$4,750,000, this would not do without the works planned were, Main street, from Cedar street to Indiantown, \$6,000; King street west, \$4,200; and Sydney street, \$4,545.60.

On motion of Commissioner Bullock this item was stood over. Items 4 to 10, inclusive, passed without comment. Item 11, in which was included a new Ford car was questioned. His Worship said he did not think another car was necessary when the department had one already and Commissioner Bullock expressed the opinion that the only commissioner who needed a car was the commissioner of water and sewerage.

Commissioner Harding thought the public works and water and sewerage needed cars but said he did not see how the former commissioner of safety could justify the purchase of a car. Asked if the city electrician needed a car Commissioner Harding said he was making it pay its way. This item passed.

High 12, asphaltic repairs was stood over for further consideration. The remaining items were adopted as presented and the meeting was adjourned until 7:30 this evening.

CHIGNECTO REPORTED. The wireless station at Red Head reports R. M. S. P. Chignecto at 10 a. m. as 24 miles distant, bound for St. John.

The commissioner said he had cut the appropriations to the bone now and if they were further cut he could not give the people service.

MURDER TRIAL IS STOPPED TO TRY SANITY ISSUE

Dr. Mackay asked to determine whether a person was insane but it might determine with what type of insanity a person was afflicted.

Dr. Mackay took the stand again and explained to the jury that he had asked the prisoner questions regarding his present surroundings, present and past events. He had tried his reflexes. It was impossible to determine from a mere physical examination whether a person was insane.

Asked if Williams was subject to hallucinations and asked how he considered Williams, he said: "I would say he is in a very confused state." He found that he was not at all concerned in the state he was in now. He was indifferent. He had not the prisoner's own observation yesterday for approximately two hours.

He had questioned him along different lines and from different angles. He said that Williams appeared to be sluggish and apathetic mentally. He had been unable to obtain anything definite of his past history from himself. He had not asked him about his experience overseas and about the trial now going on.

When asked if Williams understood what was taking place at the trial Dr. Mackay said "he appeared not to yesterday." Asked what the symptoms were which he had discovered he said there was "disorientation; hesitancy of speech; apparent difficulty in collecting thoughts, and marked mental confusion. These symptoms would indicate that Williams was suffering from 'acute confusional insanity,' he said.

AT WORK IN BAY. The C. G. S. Laurentian left this morning for the bay. The ship Digby and then she will proceed to Brier Island and then the light on the northwest ledge and whistling buoy. The steamer will afterwards head for Yarmouth where she will replace the Hen and Chickens buoy outside that port.

IS GIVEN SHOWER. Miss Elizabeth Graham was the recipient of a very pretty novelty shower on a Friday evening at the home of Mrs. A. Smith, Mount Pleasant, when 20 friends assembled in honor of the bride-elect, who will be married in February. The evening was given by the young men would be brought before the court, Chief Smith said this so far as any evidence in this particular case, which will be pressed a charge.

Report Made On Sunday Practice. A report on several young men who were practicing hockey in the arena yesterday afternoon was made to Chief of Police Smith this morning by Sgt. Ralph Dykeman, and it will be forwarded to Magistrate Henriksen, so Chief Smith said this morning. The names of the young men, who were said to be members of the St. John hockey team and other players, were taken by Sgt. Dykeman. Asked if the young men would be brought before the court, Chief Smith said this so far as any evidence in this particular case, which will be pressed a charge.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

New Leading Man Opera House Tonight

Mr. Harrington, the new leading man of the Carroll Players, will make his first appearance this evening in that popular Cohan comedy, "The Meenest Man in the World." This splendid offering, together with the natural interest aroused by Mr. Harrington, should help to continue the throngs which have been attending the Opera House during the last few weeks.

Method is Protested. Dr. Mackay was asked to determine whether a person was insane but it might determine with what type of insanity a person was afflicted.

Dr. Mackay took the stand again and explained to the jury that he had asked the prisoner questions regarding his present surroundings, present and past events. He had tried his reflexes. It was impossible to determine from a mere physical examination whether a person was insane.

Asked if Williams was subject to hallucinations and asked how he considered Williams, he said: "I would say he is in a very confused state." He found that he was not at all concerned in the state he was in now. He was indifferent. He had not the prisoner's own observation yesterday for approximately two hours.

He had questioned him along different lines and from different angles. He said that Williams appeared to be sluggish and apathetic mentally. He had been unable to obtain anything definite of his past history from himself. He had not asked him about his experience overseas and about the trial now going on.

When asked if Williams understood what was taking place at the trial Dr. Mackay said "he appeared not to yesterday." Asked what the symptoms were which he had discovered he said there was "disorientation; hesitancy of speech; apparent difficulty in collecting thoughts, and marked mental confusion. These symptoms would indicate that Williams was suffering from 'acute confusional insanity,' he said.

"ALL BLACKS" NOW ON JOURNEY HERE

New Zealand Rugby Team Has Had Unsuccessful Tour so Far.

That the "All Blacks," the great New Zealand rugby football team are now on the ocean bound for this port on board the Canadian Pacific steamer Montcalm from Liverpool. He said their tour have been wonderful. They had not lost a game and had been royally treated in every city they had visited. The farwell tendered the team at London by the Prince of Wales and other dignitaries, was one, he said, which they will all remember through their lives.

Here Next Saturday. On their arrival here next Saturday they will leave for Montreal and expect to spend seven days there. They will then proceed to Toronto and remain there on Monday and then visit the Niagara Falls, Toronto, Calgary and Banff. They are to play two games before leaving for home, one at Vancouver and another at Victoria. They will arrive in St. John on Wednesday and will proceed to St. John and embark for home.

Speaks On Hand Of God In History. The Bible lecture campaign now being conducted by Evangelist Ewen D. Lamont, in Paradise Hall, Charlotte street, is reported growing in interest each week, as evidenced by the large audience present Sunday night. Speaking on the subject of "The Hand of God in History," Mr. Lamont spoke on "The Hand of God in History."

WAS OPERATED ON. Friends of George Swanton are glad to know that he is able to go about again after undergoing an operation recently.

SAYS THEY'RE STOWAWAYS. Chesley B. King and Otto Rudolph were given in charge to the police today by Captain Bennett of the C. G. M. steamer Canadian Commander at Stowaways. They will appear before Magistrate Henriksen this afternoon on tomorrow morning.

ALLIANCE MEETING. A meeting of the Evangelical Alliance was held at the Y. M. C. A. today, the business being of a private nature.

BUSINESS LOCALS. Good tobogganing at Lily Lake tonight 9:05-1-27. Empress Theatre, Special attraction Monday, Tuesday, Wednesday, Mr. Jack Luby in popular illustrated songs. Band and good ice at Lily Lake tonight 9:05-1-27.

ILLUSTRATED LECTURE. Portland Methodist Church, by Rev. Dr. Hutchinson, Tuesday evening, Jan. 27th at 8 o'clock. 1-27. Band and good ice at Lily Lake tonight 9:05-1-27.

WANTED—Furnished or partly furnished room, with grate, central. Address Box 154, Times Office. 1-26-t.f.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

BIRTHS. BARLOW—To Mr. and Mrs. W. R. Barlow, 181 Queen St. West, on Jan. 24, 1925, a son.

PLAN TO TELL OTTAWA PORTS MUST BE USED

Upper Canadians in Increasing Numbers Rallying Round Banner of Maritimes in Their Battle For Recognition of Their Rights

(Continued from page 1) who has many friends in the Maritime Provinces, took the St. John newspaper representative under his wing and before I had reached Windsor a programme had been outlined to facilitate the task of getting over the story of eastern Canada's needs and aspirations.

Your correspondent found himself in a most sympathetic atmosphere and in a community sincerely believing in the development of Canadian trade channels by Canadian producers.

But let Mr. Scandlers deliver his own message. Here it is: "In this section we are all in favor of Canadian ports for Canadian business; but may I point out that there are certain handicaps which must be removed or modified. For instance, the port of New York offers us almost daily shipping facilities to almost any foreign port. On the other hand, such sailings from Canadian ports are frequently few and more or less far between. Take the case of shipments to the British West Indies, for instance."

Up to Shippers. Of course, the condition could be greatly improved by Canadian shippers themselves. Let them provide cargo for Canadian ports and shipping facilities will follow as the night the day. I feel that in taking the initiative in this truly national matter "The Telegraph-Journal and Times-Star are doing a great service, a service calculated to reflect itself upon the economic welfare of this country as a whole.

"The genius of Maritime Province people is generally conceded, and if they will but sincerely get together on this or any other of their problems, my conviction is that none of such problems can for long withhold its gratifying solution."

Personal Interviews. Tomorrow The Telegraph-Journal representative will meet large manufacturers personally, and will discuss with them privately conditions at the Canadian ports, particularly at those of the Maritime Provinces. This quiet canvass has been most successful and reveals unsuspected sympathy with Maritime aspirations and desires to further a programme which will result in more business for St. John and Halifax.

Church Union. The address to be given tonight by Rev. Dr. J. A. Morrison and others at the annual meeting of the Presbyterian church association, in St. Andrew's church hall, will deal with all the different phases of the church union question. Dr. Morrison will show particularly why the ancient and honorable Presbyterian church, the church of our forefathers, will all its wealth of hallowed traditions, should be continued, instead of being scrapped.

All Fat People Should Know This. Fat people owe a debt of gratitude to the discoverer of the now famous Marmola Prescription. They ought to be still more grateful because this effective obesity remedy is now prepared in tablet form. Marmola Prescription Tablets can be obtained at all drug stores the world over at the reasonable price of one dollar for a box. Or you can secure them direct by sending the price to the Marmola Co., General Motors Bldg., Detroit, Mich. This now leaves no excuse for dieting or violent exercise for the reduction of the overweight body to normal.

RECOVERING NICELY. Miss Mary Neales, daughter of Very Rev. Scoville Neales and Mrs. Neales, who was operated upon at the Victoria Hospital, Fredericton, two weeks ago, for appendicitis, is making such a favorable recovery that she expects to leave the hospital today and return to her home.

MECCA THE HOUSEHOLD OINTMENT. A real estate agent in the west has fitted up an automobile sedan as an office, with a desk, files, typewriter, etc.

Presbyterians Of St. Stephen Elect

ST. STEPHEN, Jan. 25.—The annual congregational meeting of the St. Stephen Presbyterian church was held Wednesday. Splendid reports were given by all departments and they showed that more than \$1,600 had been raised for missions alone in the year 1924. The following managers were elected for the ensuing year: George Boyd, T. W. Doull, Ralph McNeil, B. Mitchell, Bruce Buchanan, A. A. Laidlaw, T. J. Coleman, John Mowatt, A. R. McKenzie, George Dismore, Edward McWha and H. J. Gordon. Mrs. L. M. Robinson was elected as representative on the advisory board of the Chipman Memorial Hospital.

May Head Dry

COLONEL ARTHUR WOODS. Former police commissioner of New York. He is mentioned as likely successor to Federal Prohibition Commissioner Roy A. Haynes, who it is said, is slated to retire.

GAVE PARTY. A most enjoyable private party was held at Woodmere on Saturday evening when Mr. and Mrs. Alexander Cameron of German street, entertained about 50 of their friends at a musicale and dance. An orchestra furnished excellent dance music. Mr. Beaman acted as emcee. The party broke up at midnight having unanimously voted in favor of host and hostess.

RECOVERING NICELY. Miss Mary Neales, daughter of Very Rev. Scoville Neales and Mrs. Neales, who was operated upon at the Victoria Hospital, Fredericton, two weeks ago, for appendicitis, is making such a favorable recovery that she expects to leave the hospital today and return to her home.

BILIOUS and SICK HEADACHES ARE CAUSED BY CONSTIPATION

Once you allow your bowels to become constipated you will become troubled with bilious and sick headaches, and for relief you must help your liver to remove the poisonous bile that is circulating in the blood and upsetting the entire biliary system. For this purpose there is no other remedy to equal

MILBURN'S LAXA-LIVER-PILLS. Mrs. I. G. Nethercott, R. R. No. 1, Crinan, Ont., writes: "I was awfully troubled with constipation, and sick and bilious headaches accompanied with severe vomiting spells which made me very miserable. I tried different remedies, without relief, but since taking Laxa-Liver Pills the headaches and constipation have disappeared, and I am very thankful for what they have done for me."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

BANK TRANSFERS. Anthony M. Meisack, who has been teller at the B. N. A. branch of the Bank of Montreal, Fredericton, has been transferred to Bathurst. B. M. Jones of Bathurst has been transferred to Fredericton.

MECCA THE HOUSEHOLD OINTMENT. A real estate agent in the west has fitted up an automobile sedan as an office, with a desk, files, typewriter, etc.

Wild Man From Borneo Once Was Milwaukee Plumber

By G. R. HELPERET (United Press Staff Correspondent) MILWAUKEE, Wis., Jan. 26.—(United Press)—Back in the days of bars with free lunches, ten cents shaves and cheap rents, it was quite the fashion to gaze awry at the famous "wild man of Borneo."

From sophisticated Broadway to Princeton's Barbary coast, "wild man" paced his cage while the multitudes surged before it, looked upon his hairy body and ugly face. A shrewd Milwaukee showman became wealthy on the dime that poured into his coffers for the sake of a thrill.

Employer Tells Story. A former employer of the "ferocious, man-eating, semi-human, captured in the wilds of the jungles of Borneo after weeks of chase and hours" exposed the story which he has guarded so closely so many years.

Sam Meyers, local hotel manager, tells the story. "Years ago, when Jake Litt was located in Milwaukee, I took a contract for putting a sewer connection in his dime museum."

Under the caption "History Repeating Itself," Alfred Buckley writes to the Ottawa Citizen: "General Washington, who himself was a surveyor, was truly a man of foresight and large vision. He it was who made the actual choice of the site after congress had limited its location to an area in the vicinity of the Potomac river. His appointment of L'Enfant, an educated French engineer, to lay out the capital city was most fortunate."

Wanted in Maine and Is Arrested in St. John. Milton S. Haney, aged 24, was taken into custody last night about 8:15 o'clock by Detectives Hildescombe and Kilpatrick and is being held for J. D. Eaton, warden of the Maine State Prison at Hallowell, Me. It is understood that Haney is wanted for parole violation. It is expected that an officer will arrive tonight or tomorrow to take the prisoner back to Maine.

HIS LAST REPORT. Rev. Dr. Hutchinson Reads 1924 Statement — Announces Evangelistic Services. At the evening service yesterday Rev. Dr. David Hutchinson, who for nearly 20 years has been pastor of the Main street Baptist church, read the report which he submitted at the annual meeting of the church on last Tuesday. He referred to the changes which had taken place during the years which had been pastor and to the fact that this would be the last annual report he would present to them.

The Evening Times-Star

The Evening Times-Star printed at 25-27 Canterbury Street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

THE ASQUITH TITLE

Mr. Asquith, former Prime Minister of Great Britain, has consented to become the Earl of Oxford. This announcement, definitely made this morning, is thought to mark Asquith's retirement from anything like active leadership of the Liberal party. It is known that Mr. Asquith was most reluctant to accept a title, and the fact that he has done so, which in some quarters is attributed to family influence, probably means the ambitions of his wife, which will be generally accepted as indicating chiefly his desire to promote party harmony.

HATE

The German "Hymn of Hate," which became famous during the war, or, rather, infamous, and which played its own part in creating in other countries, but especially in Great Britain, a more complete understanding of the insensate hatred on the part of the Prussian toward Britain as the insuperable obstacle in his path toward world, power, is followed today by further evidence of that Prussian state of mind.

PULPWOOD AND THE SETTLER

There has been a lot of headlong argument over the question of an embargo against the export of pulpwood from Canada, particularly that grown on private lands. It is noteworthy at this stage of the discussion that the Toronto Globe, which gives the matter a rather comprehensive editorial examination, arrives at the conclusion that if Canada is to get settlers, and keep them, in a great portion of its now unpopulated or thinly populated districts where forests are extensive, the question of forbidding the export of pulpwood is a matter in which it is well to make haste slowly.

now being exported annually would, if manufactured in this country, give employment to 8,000 operatives. Balanced against this are at least 25,000 settlers who sell pulpwood, though obviously not all of them would be forced from the land were their wood market removed or curtailed. If a proportion of them would cease being settlers, would the loss be made up by the erection of new mills? Canada is trying very hard to get people onto the land. Everybody agrees that the development of the agricultural industry is one of our greatest problems. The price we have to pay to maintain 25,000 pioneers on their holdings may be the export of pulpwood. That, to our mind, is the only reason for allowing a million or so cords of pulpwood to go over the border every year to feed American mills. It may not be a decisive reason; but the question of the settler is one that must be seriously considered as a factor in the situation.

Sir William Mulock, who has just been celebrating his birthday, is the eldest of the four surviving members of the original Laurier cabinet of 1896, says the Toronto Globe. Sir William Mulock, born at Bond Head, Jan. 19, 1848; Mr. W. S. Fielding, born at Halifax, Nov. 24, 1848; Sir Charles Fitzpatrick, born at St. John, Dec. 19, 1848; Sir Clifford Sifton, born in Middlesex county, March 10, 1861.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Barrie's Fragment

As pendant to a German comedy, "Shall We Join the Ladies?" in one act, "Shall We Join the Ladies?" is now being seen at the Empire, London, under the management of the author, Mr. W. S. Gilbert. It is a comedy in the American style. It was, at first, the custom to regard it as a comedy, but Barrie himself spoke or wrote of it, says the Boston Transcript, as a comedy with a happy ending. It is a comedy, and it is a comedy, and it is a comedy.

Little Nell's Home

LONDON, Jan. 22.—The quaint little house in Central London known to thousands of Canadian visitors as the reputed original of Dickens' "Old Curiosity Shop" was endangered by fire last evening.

Mrs. Philip Snowden

A good many Halifax folk who went to hear Mrs. Snowden drop her "hats" spent a busy evening gathering up the fragments of their own illusions and misinformation. Mrs. Snowden doesn't drop her "H's; she drops her "H's in the Mayfair fashion. She seems far removed from Poplar, Bow and Bromley as Old Will Crooks was removed from Bond street and

COLD STORAGE HAS ELEVATOR FIRE

The elevator shaft and two electric motors in the plant of the New Brunswick Cold Storage Co., Ltd., Main street, were damaged by fire shortly before 6 o'clock Saturday evening. An alarm from Box 154 called parts of the fire department to the scene. A second alarm was also sounded in order to secure more men.

Shaft and Motors Damaged—Potato Car at West St. John Burned.

The elevator shaft and two electric motors in the plant of the New Brunswick Cold Storage Co., Ltd., Main street, were damaged by fire shortly before 6 o'clock Saturday evening. An alarm from Box 154 called parts of the fire department to the scene. A second alarm was also sounded in order to secure more men.

WM. N. STERRITT DIES AT 84 AFTER 4 YEARS ILLNESS

Remembered Loyalist Settlers Who Founded St. John

BORN UP RIVER

Prominent As Farmer, And Was Skating Champion In Early Days

The death of William Nathaniel Sterritt, formerly of Long Reach, Kings county, N. B., occurred on Sunday morning at the home of his son, Newton A. Sterritt, Middle street, West St. John.

Mr. Sterritt had been in failing health for four years. The last three months he was confined to his room, but he was patient under the strain and pleasant company for his many friends.

He died at the age of four score years and two, having been born on March 24, 1840, at Long Reach. He was the grandson of Nathaniel Gorham, the Loyalist, who came to St. John in the ship Union, in June, 1783, at the close of the American Revolutionary war, and who received from King George III. of England a large grant of land, on what is now called Gorham's Bluff, at the head of Long Reach, where four generations of the members of the family have been born. He often spoke of his grandfather Nathaniel and was one of the few left that remembered the early Loyalist settlers.

Mr. Sterritt was a successful farmer and for years his vegetables and fruits won prizes at exhibitions in St. John and Fredericton. He was also a familiar figure along the St. John River as he was the keeper of Sterritt's Landing and he used to row out to the river steamers and take passengers ashore in a row boat.

During his younger days he was champion among the amateur skaters of his vicinity and also won a reputation as a fast runner. He was fond of fishing, trapping and game shooting and he often related tales of adventures on expeditions of this kind. He took an active part in fishing along the river and he used to knit his own twin nets during the winter. Prominent furriers in this city knew him as purveyor of fox mink, otter and other furs and he bore the reputation as a very successful trapper.

Mr. Sterritt leaves seven children—five girls and two boys. Newton, in West St. John, with whom he lived his last years; William, of Boston, Mass.; Annie, of St. John; Mrs. Wesley Cosman, of Kingston; Elizabeth Y. Sterritt, of Boston; and Alice, of Sterritt, missionaries in South Africa, for the Reformed Baptist Church in Canada. There are also surviving 18 grandchildren and several great-grandchildren.

Mr. Sterritt will be interred in the family lot at the Baptist cemetery at Kingston. The funeral will be held on Tuesday afternoon from his son's residence, 26 Middle street, West St. John, to Cedar Hill cemetery.

Mrs. Sarah J. Hoyt. The death of Mrs. Sarah J. Hoyt occurred on Sunday at the residence

of her son, 26 St. Patrick street, and will be learned of with much regret by many friends. Mrs. Hoyt was a devoted member of the Central Baptist church. She had been ill for several weeks before her death. She is survived by three sons, Homer F. and James B., of this city, and Holly, of Boston, and one daughter, Mrs. Michael Kelly, of St. Martins, also one brother, J. Hollie Wasson, of this city. The funeral will take place on Tuesday afternoon from 26 St. Patrick street.

John Steeves.

MONCTON, Jan. 26.—John Steeves, for many years an employe of the Government railways died suddenly at his home in Pettitcodiac on Saturday afternoon. Mr. Steeves was formerly foreman in the blacksmith shop of the railways here, retiring on pension about four years ago. About a year ago he took up his residence at Pettitcodiac. He was in his seventieth year. He is survived by Mrs. Steeves, two sons Stanley of Moncton, and Cuthbert of the U. S. and one daughter, Mrs. Harry Twigger, of Moncton. The late Mr. Steeves was a prominent member of the Orange Order. Four brothers also survive, Isiah Steeves of Moncton, Benjamin of Campbellton, Wallace and Thomas of Jacques River and one sister, Mrs. John McWilliams, of Concord Junction, Mass. The funeral will be held at Pettitcodiac on Tuesday afternoon.

LECTURE ENJOYED

Mrs. C. J. Sunder Speaks in Natural History Society Course Here.

With beautiful lantern slides and with word pictures no less beautiful, Mrs. C. J. Sunder, of Woodstock, on Saturday afternoon charmed and delighted a large audience in the Natural History Society's rooms as she described a house boat and camping trip in Kashmir which she and her two daughters and their governess had been privileged to enjoy. Mrs. Sunder's address was the third in the Kate M. Matthew Memorial lecture course arranged for this season by the Ladies' Association of the Natural History Society. Mrs. Margaret Lawrence, president of the association, was in the chair. Heartly appreciation and thanks were extended to Mrs. Sunder on the motion of Miss Amelia Haley, seconded by Mrs. George W. Parker.

When the vote of thanks was tendered Mrs. Sunder, reference was made to her wonderful garden at her home in Woodstock and she said that she had there a plant that had grown from seed she had gathered in Kashmir.

BURIED ON SUNDAY. The funeral of Mrs. Patrick McMurray, of Main street, Fairville, was held yesterday afternoon from her late residence to St. Rose's church, where the service was conducted by Rev. Dean Charles Collins. Interment was made in Holy Cross cemetery. There were many spiritual and floral offerings, and a large attendance at the service and burial. The pall-bearers were the three brothers of Mrs. McMurray, Bruce Raymond and Guy McKinnon, and three sons, Edward, Louis and Raymond McMurray.

The funeral of little Marie Lewis McAulay, daughter of Mr. and Mrs. George E. McAulay, of 1 King street, West St. John, was held yesterday afternoon from her parents' residence at 4 o'clock, Rev. W. A. Robbins, of Ludlow street Baptist church, officiating. Interment was made in Cedar Hill cemetery.

Hindu warriors put pearls in the hands of their sword to denote the tears of their enemy.

A Sale of Attractive New "Silk-Trico-Knit" Dresses

Special Appeal For Parish Poor

A special collection for the poor of the parish is to be taken in St. John the Baptist church next Sunday. Announcement of the collection was made yesterday by Rev. J. J. McDermott, who said that it was the first time in two years that it had been necessary to make this special collection for the poor, and that the necessity at the present time was very urgent. He spoke of the great amount of poverty and distress, urging generosity in contributions to the special collection. On a previous Sunday Father McDermott had announced that it had been decided not to hold a high tea in the parish this year because of the general conditions of depression. High teas had been held annually since the new school building was bought, in order to pay the debt on the school, but payments on the debt had been substantial enough to permit of omitting the high tea this year in view of the financial situation.

The skeleton of a small, toothless dinosaur recently was unearthed, and scientists believe it must have gained its living by eating the eggs of other and larger dinosaurs.

Best Equipment For Winter Sports

"SPALDING'S" SPORT GOODS for all popular forms of winter sport are showing in fine variety just now in our new sports goods department.

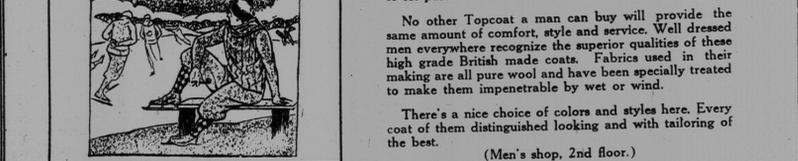

Quality is the first and cardinal principle of the Spalding business. Equipment made by them has been made to give satisfaction. Best materials, best workmanship and best designs are outstanding characteristics, consequently, even though you may pay slightly more for "Spalding's"—you are getting best value for money expended. You'll find here now most popular varieties in all wanted equipment for winter sports, such as:

HOCKEY, BADMINTON, SKIING, SNOWSHOEING and other games.

SPORTS APPAREL TOO

Such things as warm Pull-Over or Coat Sweaters, Hockey Pants, Woolen Toggles, Woolen Hosiery—and other wanted sport togs await your selection.

(Men's furnishings, ground floor.)

Men's Burberry Coats Greatly Reduced

Come in tomorrow and look these coats over. Only very seldom an opportunity to buy a fine Burberry Coat at so small a price is offered—it's a chance far too good to let pass.

No other Topcoat a man can buy will provide the same amount of comfort, style and service. Well dressed men everywhere recognize the superior qualities of these high grade British made coats. Fabrics used in their making are all pure wool and have been specially treated to make them impenetrable by wet or wind.

There's a nice choice of colors and styles here. Every coat of them distinguished looking and with tailoring of the best.

Mission Programme in Portland Church

The missionary department of Portland Methodist Sunday school, under the direction of the missionary secretary, Miss Etta Bell, carried out an interesting programme at an open session of the school yesterday afternoon. S. A. Kirk, superintendent, presided. Prayer was offered by Mrs. H. A. Goodwin. The scripture lesson was read by Miss Etta Bell. Recitations were given by Edgar Cowan and Miss Charlotte Small. A chorus was sung by the primary pupils. The address of the afternoon was given by Mrs. Walter Small, of China, who told in a most interesting way about the Sunday school children of China. Mrs. Small had on the platform her three children, who were dressed in Chinese costumes and sang with their mother "Jesus Loves Me" in the Chinese language. The pastor, Rev. H. A. Goodwin, spoke a few words at the close of the programme.

\$100,000 Fire Loss in Sydney Mines

SYDNEY, Jan. 25.—One of the most disastrous fires in the history of Sydney Mines occurred Saturday night about 11:30 o'clock, wiping out the Rahey Block, where the blaze originated, and the Strand Theatre adjoining. The property loss is estimated at \$100,000. Both were wooden buildings.

N. S. Man Is Official On U.S. Shipping Board

YARMOUTH, N.S., Jan. 25.—Capt. Asa F. Davison, for the past 26 years associated with United Fruit Company's lines out of Boston and New York, has been chosen by the fleet corporation of the United States Shipping Board as its vice-president in charge of operations and will assume his new duties about Feb. 1. He is well known to maritime men in the Maritime Provinces.

BACK TO MONTREAL.

Sergeant Detective O'Donnell, of the Montreal force, arrived in the city on Saturday about 1 o'clock and left in the afternoon taking with him Robert Jackson, who is wanted there in charge of receiving money under pretences. Jackson was taken in today by Sergeant Detective Posa Detective Biddecombe on Friday. He and his wife were about to go on board the steamer Montrose en route to Liverpool.

The island of Heligoland, off the coast of northern Germany, once a Gibraltar of the North Sea and the base of raiding U-boats, now is only a peaceable rookery for migrating birds.

SNOWSHOES and MOCCASINS

Strength and Vitality Stored Up in This Tempting Food

WHY does one man fail? Why does another man succeed? Nine times out of ten the difference is largely one of physical and mental vitality.

Doctors and dentists warn us that we must eat some hard foods that require chewing—both to promote thorough digestion and to give needed exercise to teeth and gums.

The crisp kernels of Grape-Nuts must be chewed—and their pleasant "crunchiness" and delightful flavor tempt you to chewing.

This starts digestion in the mouth—where it should start—and gives to the teeth and gums the exercise which alone can keep them healthy.

One man eats food that drains his vitality in the work of digestion. The other wisely chooses food that daily renews his vitality—food his body can utilize without difficulty.

The elements in your daily food which give you physical and mental vitality are the carbohydrates. At least one-third of your nourishment should come from them.

But in order not to strain your digestive organs—in order to get the full benefit of their wonderful nourishment—the carbohydrates must come to you rightly prepared.

Try Grape-Nuts for breakfast or lunch to-morrow with milk or cream. Grape-Nuts has an abundance of carbohydrates for you—turned by slow baking into dextrine, the most easily digested food substance known. Grape-Nuts is delicious, served in a number of ways—as a breakfast or lunch-time treat just as it comes from the package with milk or cream (four teaspoonfuls, sufficient for each serving, costs less than one cent) or in any of the 101 delicious dishes given in the Grape-Nuts Recipe Book which we'll gladly send you free. Grape-Nuts is sold in wax-wrapped packages by all grocers.

At WASSONS, 9 Sydney St. or At DANIEL'S, The London House

Any hour of the day. Oxo is the Essence of Prime Beef.

"There she goes," they said staring at her with their distant eyes.

Suddenly the wax lady who had been Mrs. Jiggs fainted. Fell clear over in the window—she did!

"I knew that fur coat was too heavy for that figure!" cried the store-keeper rushing out.

He didn't know that it was a faint and that the little girl beside him had guessed it.

He set Mrs. Jiggs—I mean the wax lady in the fur coat—up again. She had quite recovered.

The store-keeper went back into the store but Sally stood still and looked and looked into the window.

"They do look familiar somehow," she said over and over.

The wax ladies were talking together quite silently.

"I like her," said Mary Pickford suddenly. "I don't care if she did look me. I like her and I'd rather be a doll than a wax lady any day. It's nothing to stand here like a dummy from morning till night and get nothing but stares. I have a feeling that it's only my clothes people admire anyway."

"Me, too!" said Belinda. "A spanking does one good now and then. I hate being a pink wax lady. That room at Sally's house had a good smacking and smelled like home and this doesn't."

"Oh, dear!" said Mrs. Jiggs, who had recovered completely. "I do wish I was back. What if she did pull my hair out! It wasn't worth much to begin with."

Sally just stood staring. (To Be Continued.)

THE OLD HOME TOWN

ST. JOHN DAHLIA SOCIETY IS FORMED

New Organization Appoints Dr. J. H. Barton, President—About 30 at Meeting.

The St. John Dahlia Society was organized at a meeting held on Saturday evening at the residence of Mrs. James P. Robertson when about 30 dahlia enthusiasts were present and every one displayed the amateur gardener's characteristic of boundless optimism and keen interest.

Dr. J. H. Barton was elected chairman of the meeting and on the motion of Mrs. Richard Hooper it was unanimously decided to form a society to be known as the St. John Dahlia Society, of which the motto was to be "more and better dahlias." Officers were elected as follows: President, Dr. Barton; vice-presidents, first, Alfred Morrissey; second, Stanley Emerson; and third, Mrs. Blanchard Fowler; recording sec-

retary, Mrs. J. E. Angevine; corresponding secretary, Mrs. Richard Hooper; treasurer, Charles H. B. Wright; and historian, Mrs. W. Edmond Raymond.

Discussion for Growers.

There was a general discussion of subjects dear to the heart of the dahlia growers, such as how to keep the bulbs, methods of culture, soil, fertilizer, protection against insects and growing

from seed. Some of the 30 charter members of the society had very interesting experiences to tell of their success in growing choice varieties from

seed. Dr. William McIntosh spoke of the insect enemies of dahlias and had some particularly hard things to say about the cutworm. His advice on insect control was eagerly sought.

A committee consisting of Blanchard Fowler, Alfred Morrissey and Stanley Emerson was appointed to draft by-laws and this committee will communicate with the famous Dahlia Society in the United States which has many branches and is a very vigorous and useful body.

### GIVES REPORT ON FINANCES OF THE CATHEDRAL

#### Rector Announces Balance of \$5,845 For Last Year

#### FAMILIES ARE 1,100

#### Design of New Altar Chosen On Return From Holy City

Rev. W. M. Duke, rector of the Cathedral of the Immaculate Conception, gave a statement of the Cathedral finances for the year 1924 at the masses yesterday and also spoke of other matters of interest in connection with the parish.

#### Finances of 1924.

The ordinary receipts, he said, were \$25,200.42 and extraordinary receipts \$4,532.75. In addition, the charitable collections amounted to \$5,730.87. The ordinary expenditures were \$19,385.54 and extraordinary expenses \$10,366.62. The balance on hand to begin 1925 was \$8,845.85.

#### Cathedral Renovation.

Father Duke congratulated the people on the good year that had been enjoyed and he thanked them for the co-operation that they had shown in the work.

In connection with the renovation of the Cathedral, he announced that the collection for this purpose on the third Sunday of January had amounted to \$635.05 and the total for the two months since the fund was inaugurated had reached \$1,537.50.

Workmen still are engaged in the cleaning of the lofty walls of the church. The high ceiling has been practically finished, as well as the walls of the main part of the building. It has been an interesting thing to watch the men at work at the great height to which they had to make their way. The result of their operations has been to give the interior of the Cathedral a degree of brightness closely approximating that which it had when newly painted.

#### Visit to Rome.

Father Duke also referred to his going to Rome with His Lordship Bishop LeBlanc for a Holy Year visit. In this connection he said that, on the advice of His Lordship, it had been decided to determine on the design for the new altar to be placed in the Cathedral until after the return from the Eternal City. While in Europe there would be opportunity to see the great cathedrals

### Three Day Session of Woman's Auxiliary Begins Tomorrow

#### Diocesan Delegates Announced and St. John Homes They Will Visit.

The twenty-second annual meeting of the Fredericton diocesan branch of the Woman's Auxiliary will be in session in Trinity church during Tuesday, Wednesday and Thursday of this week, and will open with the celebration of Holy Communion at a service commencing at 9:30 tomorrow morning, when Rev. C. Gordon Lawrence, rector of Trinity church, will be the preacher. Delegates for the meeting will arrive from the city today and under the able direction of Mrs. William McAvity, convenor for holding all arrangements, have been made for extending hospitality.

#### Delegates and Hostesses.

The names of the delegates and their hostesses in the city are as follows: His Lordship Bishop Richardson and Mrs. Richardson, of Fredericton; Mrs. W. B. Daniel, Rothsay, and Mrs. H. Hansen and Mrs. Fred Jentzen, of New Denmark; Mrs. James F. Robertson, Carleton street; Mrs. James Gibson and Mrs. H. H. Ritchie, of Woodstock; with Mrs. A. Wilson, 100 Mount Pleasant avenue; Miss Jean Clarke, of Newcastle; with Mrs. E. Allan Schofield, King street east; Mrs. Davis, Pender, York county; with Mrs. R. Downing Paterson, 48 Carleton street; Mrs. Munroe, Petricolias, with Mrs. Furger, 131 Wentworth street; Mrs. Budd, of Upham, with Mrs. Humphrey, Dales street; Miss Ballstone, North Devon, with Mrs. A. H. Crowfoot, Wall street; Mrs. A. J. Patstone, Westfield, with Mrs. George Warwick, 84 Orange street; Mrs. R. H. Cameron, South Devon, with Mrs. J. Carleton, 19 Ludlow street, West St. John; Mrs. Foyt, New Denmark, with Mrs. McIntyre, 7 Alexandra street; Mrs. J. A. Close, of Margerville, and Miss Josephine Foster, with Mrs. H. Laker Miller, 28 Alexandra street; Mrs. George H. McKenzie, Sackville, with Mrs. Kimball, 46 Carleton street; Mrs. Howard Douglas, Stanley, with Mrs.

and other ideas as to the proposed altar could be acquired.

#### Master and Servant.

At the 9:15 o'clock mass His Lordship Bishop LeBlanc spoke on the gospel of the day, the story of the Roman centurion who asked the Saviour to heal his servant, grievously afflicted with the palsy. He drew from this lesson on the relation of master and servant. There was a mutual obligation. The master must pay just wages to the servant and also give him opportunity for the practice of his religion. And the servant must give faithful service. He was afraid that in these days it was too often the case that there was neglect of work when the master was not at hand. He advised his hearers to take example both from the centurion and the servant in the gospel narrative in carrying out the obligations of their stations in life.

Preached in Morning.

Rev. C. Gordon Lawrence, rector of Trinity church, was the preacher in the morning and in the evening. Ven. Archdeacon A. H. Crowfoot, the rector, gave the address. Archdeacon Crowfoot conducted both services. Tunes of music of the Magnificat and Nunc Dimittis added to the dignity and solemnity of the evening service and the anthem sung was "How Lovely are Thy Messengers." The anniversary observance will be continued this evening when following a service in the church there will be a congregational social and business meeting in the Sunday school.

#### Chair Presented By Sabbath School

Mr. and Mrs. Willard Bunnell, of Fairville, were given a nice surprise on Saturday evening, when a chair, with other gifts, arrived at their home, sent from the officers and teachers of the Fairville Methodist Sunday school. Yesterday afternoon William McCaverty, superintendent of the school, read a letter from Mr. and Mrs. Bunnell, expressing warm appreciation for the kindly thought of the school. Mr. Bunnell has been a faithful worker for several years in the school, and is now joined by Mrs. Bunnell, to whom he was married a few weeks ago.

#### On Taking Advice.

He who can take advice is sometimes superior to him who can give it. — Von Kuebel.

Light, wholesome bread, with the tasty, golden-brown crust, baked in your own home — can you think of anything nicer?

## ROYAL YEAST CAKES

### Social and Personal Notes

Last Saturday evening at St. Andrew's rink a most enjoyable and successful time was spent when the St. Andrew's Curling Club entertained the members of the Ladies' St. Andrew's Curling Club and their friends. Twenty ladies and 20 gentlemen participated in the curling match, which was won by Mr. J. L. Thomas' rink, Mrs. J. M. Magee, Mr. T. R. Haycock and Mrs. J. Fraser Gregory. Silver spoons set with Scotch pebbles in the shape of curling stones were the attractive prizes won. For those who did not curl, bridge was arranged, the game being played at 17 tables. The prizes were won by Mrs. Harold Rising, Mrs. H. Machum, Mrs. E. L. Rising, Mrs. A. F. Blake, Mr. A. E. Mason and Mr.

Mr. and Mrs. A. F. Blake, Mr. and Mrs. Allan Beatty, Mr. H. C. Craghton, Miss Jane Creighton, Mr. and Mrs. Reynolds, Mr. and Mrs. William Wetmore, Mr. F. P. C. Gregory, Mr. and Mrs. A. E. Mason, Mr. J. Myers, Misses Green, Mr. and Mrs. H. W. Wetmore, Mr. H. F. Sullivan, Mr. and Mrs. W. M. Wood, Mr. and Mrs. J. W. Brittain, Mrs. Alfred Wells, Mr. and Mrs. D. W. Puddington, Mr. J. Walter Magee, Mr. and Mrs. F. M. McKelvie, Mr. and Mrs. Fred Fisher, Mr. and Mrs. I. B. Murray, Mr. and Mrs. Frank Lewis, Mr. and Mrs. J. H. Marr, Mr. and Mrs. Harold W. Rising, Mr. and Mrs. W. R. Stewart, Mr. W. A. Stewart, Mr. Charles F. Sanford, Mr. and Mrs. George Scarborough, Mr. W. H. McLaggan and Mr. W. A. Stewart.

Mrs. J. Verne McLellan was hostess last Saturday afternoon at a most delightful smorgasbord in honor of Mrs. C. E. MacPherson and Mrs. Percy Robinson.

Miss Doris Barbour entertained informally at bridge on Saturday evening in honor of Miss Edna Logan and Miss Kathleen Logan.

There was a very large attendance at Badminton in the Armories on Saturday afternoon. The round robin tournament finals were played off. Mrs. Walter A. Harrison and Miss Gladys Hegan being the winners. Tea was served at 4:30 o'clock. Mrs. William Vassie and Mrs. Colin Mackay presiding. Among those present were Colonel and Mrs. W. B. Anderson, Mrs. Walter E. Foster, Mrs. Sherwood Skinner, Lieut.-Col. and Mrs. H. C. Sparling, Major and Mrs. William Vassie, Mrs. Stewart Skinner, Mrs. F. Coverhill Jones, Major and Mrs. Walter A. Harrison, Miss Grace Skinner, Miss Sara Hara, Mr. and Mrs. Peniston Johnston, Mr. and Mrs. A. K. Harris, Mrs. W. A. Ewing, Miss Portia MacKenzie, Miss Clara Schofield, Mrs. Royden Thomson, Mrs. Russell Sturdee, Major and Mrs. George Olund, Mr. J. Lupton McAvity, Major and Mrs. George Keefe, Mrs. Gordon Macdonald, Mr. and Mrs. Andrew West Murray, Major and Mrs. E. Raban Vince, Mrs. George McA. Blizard, Captain and Mrs. Gerald Furlong, Mrs. Lawrence MacLaren, Mrs. William Angus, Captain and Mrs. H. L. Campbell, Mrs. Ernest Bowman, Mrs. Harold Chadwick, Mrs. Grant Smith, Mrs. Harry C. Paterson, Mr. and Mrs. James H. Curry, Mrs. Harold Allison, Miss Pauline Biederman, Mrs. Charles Burpee, Miss Bessie Dawson, Miss Patton, Miss Grace Robertson, Miss Kathleen Coster, Miss Marjorie Knight, Miss Isabel Jack, Miss Phyllis Kenney, Miss Audrey McLeod, Miss Ellen Cushing,

## Fresh in Flavor "SALADA" TEA

is remarkable for its rich strength & delicious fragrance. 300 cups to the pound. Try it.

Miss Barbara Jack, Miss Kathleen Sturdee, Miss Doreen McAvity, Miss Hortense Maher, Miss Alice Tilly, Miss Eleanor Angus, Miss Margaret Tilly, Mr. F. T. Short, Major Larter, Mr. Donald Skinner, Major C. G. Angus, Mr. Harris, Mr. Douglas McKean, Mr. E. P. Harley, Mr. Percival Streeter and Mr. Allan Sparling.

Mrs. James F. Robertson entertained at an enjoyable small bridge on Friday evening at her residence, Carleton street, in honor of Mrs. Percy Robinson, of Toronto, and Mrs. Herbert W. Clinch, of England. The prizes were won by Mrs. George F. Smith, Mrs. H. F. Puddington and Mrs. Walter A. Harrison. Those present were Mrs. George McLeod, Mrs. George F. Smith, Mrs. Robinson, Mrs. Herbert W. Clinch, Mrs. Alfred Morrisey, Mrs. Clarence deForest, Mrs. C. B. Allan, Mrs. Leigh Harrison, Mrs. Walter A. Harrison, Mrs. H. F. Puddington, Mrs. Frank Fairweather and Mrs. Charles Burpee.

Mr. Allan Thomas arrived home on Saturday from Halifax, N. S.

Mrs. John Gale entertained at an enjoyable informal bridge of three tables last Friday evening at her residence, Mount Pleasant Court.

Miss Barbara Dobson entertained at an enjoyable small bridge on Friday evening in honor of Miss Edna Logan and Miss Kathleen Logan. The prizes were won by Mrs. Harold Rising and Miss Jean Nixon.

Mrs. Alfred C. Weidon, of Winnipeg, is expected to arrive tomorrow to spend the winter with her mother, Mrs. T. P. Trueman, Princess Street.

Mrs. J. Shonyo, of 218 City Lane, West St. John, was hostess on Friday afternoon of last week at a cosy drawing room tea in honor of her husband's mother, Mrs. H. R. Shonyo, who with Mr. Shonyo, is here from Sack-

toon to visit their son, Dr. Shonyo and Mrs. Shonyo. Red and yellow tulips made a pretty decoration in the room and the guests were pleasantly entertained by their hostess, who by request, sang several songs, accompanied by Mrs. W. A. Carcud, Mrs. A. Hurley presided at the tea table. Those present were Mrs. C. Hatfield, Mrs. Hulley, Mrs. T. S. Mullin, Miss Alice Lockhart, Mrs. H. Seely, Mrs. H. Bostwick and Mrs. Carcud.

Miss Elizabeth J. Melliday left on Friday evening for a two weeks' visit in Boston, New York and Montreal.

Mr. and Mrs. E. J. Terry returned on Saturday on the Montreal express, having visited the cities of Montreal, Rochester, Buffalo, Niagara Falls and Toronto.

Dr. and Mrs. H. L. Spangler will leave on Tuesday for Vancouver, B. C., where they will visit for some time.

Mrs. Violet Green, daughter of Mr. William Green, 384 Union street, was given a jolly surprise at her home on Friday evening when several friends called to help her celebrate her birthday. She received many pretty gifts.

Mrs. W. P. Dunham, of Hampton, is the guest of Miss Edith Warren, Manawagonish road, Fairville, and will attend the meeting of the diocesan W. A.

G. Clayton Teed left yesterday for Toronto and while away will visit his sisters, Mrs. Charles A. Beer and Mrs. G. K. Shells of Kitchener, Ontario.

Mrs. Gladys Hillier left on Saturday for Montreal where she will make her home.

Beauty's Bridge. Beauty sometimes builds a bridge to God where religious exercises have been blind alleys. — The Dean of Bristol.

## Soap from Trees!

The only oils in Palmolive Soap are the priceless beauty oils from these three trees — and no other fats whatsoever

That is why Palmolive Soap is the natural color that it is — for palm and olive oils, nothing else, give Palmolive its green color

Nothing is hidden, for there is nothing to hide. No ordinary soap oils tolerated; no "super-fattening," no "super-anything." Palmolive's only secret is in its blending. And that secret blend is judged one of the world's priceless beauty secrets. The beautiful natural complexion one out of every two women has today, prove it. Wash, launder, cleanse with any soap you choose — but when beauty is at stake, use a soap made to protect it. 60 years study to insure women keeping "That Schoolgirl Complexion" makes Palmolive safe to use.

Palmolive Soap is untouched by human hands until you break the wrapper — it is never sold unwrapped.

FINANCIAL STOCK PRICES IN WALL STREET A BIT ERRATIC

Commercial Solvents Jump To New High Record

OILS WERE FIRM Consolidated Smelters Again Main Feature of Montreal Trading

NEW YORK, Jan. 26.—Stock prices displayed considerable irregularity at the opening of today's market. Commercial Solvents A. soared 10 points to 150, a record top. Sears Roebuck advanced two points and Coca Cola on American Woolen was again under pressure, dropping two points. Domestic oil was firm, but the foreign issues showed reactionary tendencies.

Montreal Markets. MONTREAL, Jan. 26.—Consolidated Smelters, Saturday's feature, continued to attract other leaders at the opening of today's stock market, over 2,500 shares changing hands during the first 15 minutes, and the price advancing to a new high at 65 1/2, up the fraction from last week's close. The extraordinary strength in this issue is attributed to the statement that the company's current earnings are in excess of 50 per cent on the outstanding capital stock of \$10,537,000 and the report that American Smelting interests had acquired approximately 50,000 shares of stock by purchases in the open market recently. Other price changes were of a fractional nature and included an advance of one-quarter to 87 in Canadian Quarters, a gain of one-half in Canadian Car common, and declines of one-half and one-quarter to three and 15 1/2 in British Empire Steel common and Penman's respectively. National Breweries was in good demand, but unchanged at 62. The balance of the list was neglected.

Cable Transfers. MONTREAL, Jan. 26.—Cable transfers, 4.87 1/2.

Great Britain Expects Trade Revival In 1925

LONDON, Jan. 26.—The Rt. Hon. Viscount Incheague of Strathnaver, British captain of industry, gave to the United Press an exclusive statement discussing the outlook for British and international shipping in 1925.

Viscount Incheague is a director in some 50 firms, mostly shipping concerns. He is also chairman of the Peninsular & Oriental Company, the British India Company, and is being vice chairman of the Suez Canal Company.

Prospect Better. The period of convalescence is nearing its close, said Viscount Incheague. "We look forward with the world to a bright 1925."

He looked at any prospect of a serious rate war between American and British ships on the Atlantic, saying that competition would be fortunately keen, but entirely healthy.

"It is true," he said, "that when British shipping was dislocated and disorganized by the turmoil of the war, the opportunity was seized by foreign shipping owners, tempted by the phenomenal political and economic foresight of the great American merchant marine, to take advantage of the situation and to establish a new line of service."

Shipping Industry. "Transport is the indispensable handmaiden of trade. The strength of British sea-transport lies in its freedom from artificial aids in the shape of government subsidies; it has, in fact, an inherent stamina which, in comparison with the artificiality of the subsidized shipping based upon taxation, is a serious decline in the sickness of the world's exchange of goods."

Then he pointed out that such a "serious decline" had taken place. "Great Britain's tonnage," he said, "although it remains for the time being much in excess of the requirements of its trade, was reduced in its relation to world tonnage from 42.8 per cent in 1914 to 34.1 per cent in 1924."

BANK DEPOSITS SHOW INCREASE

Profits Also Slightly in Excess of Those of Previous Year.

A strong liquid position, increased deposits, and profits slightly in excess of the previous year, are the principal features of the ninety-third annual report of the Bank of Nova Scotia, which is published elsewhere in this issue. Current assets and Dominion notes today total \$31,000,000 and represent more than 15 per cent of the bank's liabilities.

The total for the year amounted to \$2,119,028.14 which, added to the \$22,200,000 of the previous year, made a total of \$24,319,028.14 available for distribution to shareholders amounting to \$1,600,000 were paid, war tax on circulation of the bank's notes amounting to \$75,000, and there was written off last year's profits of \$1,744,028.14.

The bank's investments account for 69.62 per cent of its assets. This increase is all in the interest-bearing securities department. Notes in circulation are reduced \$201,000, reflecting the smaller turnover in business generally. The bank's investments account for 69.62 per cent of its assets.

Government Aid. "Transport is the indispensable handmaiden of trade. The strength of British sea-transport lies in its freedom from artificial aids in the shape of government subsidies; it has, in fact, an inherent stamina which, in comparison with the artificiality of the subsidized shipping based upon taxation, is a serious decline in the sickness of the world's exchange of goods."

Then he pointed out that such a "serious decline" had taken place. "Great Britain's tonnage," he said, "although it remains for the time being much in excess of the requirements of its trade, was reduced in its relation to world tonnage from 42.8 per cent in 1914 to 34.1 per cent in 1924."

SAY BAGGED GRAIN CHARGE 20 CENTS

City Hall Report of Action Likely Tomorrow—New By-Law re Tankers.

It was said at the city commissioners' meeting at City Hall today that the by-law introduced recently by the Commissioner of Harbors, consolidating the by-laws governing side and top wharfage would likely be adopted at the council meeting tomorrow afternoon. This by-law would make bagged grain pay 20 cents an import of the one cent rate which applied to grain in bulk.

Oil Tankers. Commissioner Bullock introduced an amendment to the harbor by-law to deal with oil tankers which did business from an anchorage in the harbor. It would provide that in addition to the usual harbor and anchorage fees any such vessel should pay one cent a day for each day at anchor. This was reported to the council.

Former Master of English School Enthusias Over Treasures. Associating the pupils of the local High School with the school boys of England by telling that they played the same old game of Rugby football, and also because the St. John High School was formerly known as the Grammar School, Dr. J. L. Paton, former headmaster of the English School, delivered an inspiring address on citizenship this morning in the assembly hall of the High School.

Pointing out that being a good citizen at school was the very best preparation for their life work, Dr. Paton stressed the importance of taking every opportunity of the opportunity afforded them to work out their own destiny. It was only by moulding their lives that they could become the best citizens.

W. J. S. Myles, principal of the High School, introduced the speaker. Sections were given by the high school orchestra before and after the address. Impressed With Museum. Dr. Paton, accompanied by Mr. Myles, also visited the Natural History Museum this morning, where Dr. William McIntosh showed the visitor through the building.

And the speaker was greatly interested in the various exhibits especially in the fossiliferous fossil in New Brunswick. He was also impressed with the bird and animal exhibits. Dr. Paton said that he thought it was a great pity that the building was not large enough to enable all the exhibits to be displayed. He said that some of the fossils here were among the earliest.

SUGGESTIONS TO CITY TO PROVIDE WORK. A programme of proposed works to provide employment was laid before the members of the City Council this morning by the municipal committee of the Trades and Labor Council, represented by William J. Myles and George Melvin. They suggested that the new city stables be placed at the foot of the street at Dock Street, relieving the congestion at the foot of King Street, and a concert station be erected in Market Square, and that consideration be given to the erection of a bridge across the harbor.

Will Be Considered. Mayor Potts promised that the suggestions would be taken under consideration when the estimates had been disposed of.

SIR HERBERT HOLT MAY HEAD COMPANY. Andean National Corporation Operates Oil Concessions in Colombia. TORONTO, Jan. 26.—Several prominent Canadian financiers, according to a financial magazine in the Evening Telegram, will appear on the board of the Andean National Corporation, Limited, which is operating in Colombia.

The company, it is reported, will construct a 270 mile pipeline at an approximate cost of 10,000,000 barrels daily from wells already developed, some of them to a depth of 2,000 feet. The board will be international in character. It is understood that Sir Herbert Potts, London, and English, French, Italian, Indian, Chinese and Colombian names are likely to appear on it. It is probable that Sir Augustus will be on the board, says the Telegram.

MAINE NEWS. The steamer Adair Pratt arrived on Saturday night from New York to load potatoes for New York. The Canadian Leader arrived from Halifax on Sunday with general cargo. The Lord Antrim arrived yesterday from Belfast to load here for Irish ports.

The Holmrook arrived yesterday from London with general cargo. The M. S. P. Chilgost will arrive last tonight or early tomorrow morning from Bermuda and the West Indies. The Canadian Commodore arrived early this morning from London and Antwerp with general cargo.

The Marga will sail this afternoon or evening for Halifax with potatoes and general cargo. The Canadian Trapper is expected to sail tonight for London and Antwerp. She will call at Halifax for a shipment of apples.

The M. S. P. Chilgost will arrive last tonight or early tomorrow morning from Bermuda and the West Indies. The Canadian Commodore arrived early this morning from London and Antwerp with general cargo.

Going Up!

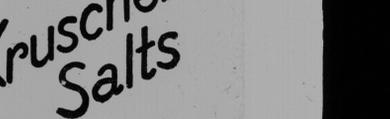

There is not a reason in the world why your spirits should not be soaring above the tree tops — no reason why you should not know the thrills of walking on air — nothing to hold you back from the non-stop smiling record of your neighborhood.

The little daily drench of the key, "That Kruschen feeling" is a scientific blend of six salts that might well have been called "energy," "pep," and "good-nature." Instead of this, each has its own special scientific name and a particular function of its own to perform for your body, but when provided in the proper proportions the six of them together bring you those six blessings.

Do not think for a moment that Epsom or Glauber Salts are similar to Kruschen. They are but single salts, with single functions to perform — merely aperients. Kruschen Salts, besides cleansing the body of impurities gently, surely and painlessly, possess a wonderful power of giving new life and vitality to the countless millions of cells, of which every body is composed.

Kruschen gets right down to the cause of things — to the impure blood and the sluggish internal organs. The regular daily dose stimulates the liver and kidneys to the proper performance of their duty, and sends new, refreshed blood to carry health, warmth and vigor to every part of the body.

It's the "daily drench" that does it. Start the healthy Kruschen habit now, and get out of life, at the cost of half a cent a day, all that life has to offer you — health, happiness and whole-hearted enjoyment of every minute of it.

Tasteless in Coffee or Tea. Put as much in your breakfast cup as will fill the cup on a 10 cent piece. It's the dose prescribed for that does it.

Good Health for Half a Cent a Day. A few bottles of Kruschen Salts contain 100 doses—nearly enough for six months. It costs a 10 cent piece taken in your breakfast cup of coffee or tea. Every drug-half a cent a day. The dose prescribed for that does it.

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL.

A BAD COLD DEVELOPED INTO BRONCHITIS

Mrs. Levi Ogden, Amherst Shore, N. S., writes: "My baby girl had a very bad cold which turned to bronchitis, and she could not sleep at night. I was coughing, I gave her erythroling I could think of to relieve her, but nothing seemed to do her any good, and she was not getting any better. I was advised by a friend to try

DR. WOOD'S NORWAY PINE SYRUP

I did so, and after giving her a few doses I saw good effects, so I kept on with it. I gave her two bottles, and her cough soon left her, and now she is well as can be. I cannot praise 'Dr. Wood's' enough; it is certainly a wonderful medicine. If this preparation has been on the market for the last 35 years; manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Call for Bond Tenders

VICTORIA, B. C., Jan. 26.—The Provincial Government has called for tenders for the issue of \$4,000,000 of 4 per cent bonds for refunding purposes. Tenders will be returnable next Thursday.

Improving in Hospital.

Mrs. Geo. Estey, of Main Street, North End, who suffered serious injuries to her back and thighs in falling from a stepladder in her home while trimming a tree on Christmas eve, is improving in the General Public Hospital, and it is hoped she will be able to be removed to her residence in a week's time. At her home Mrs. Estey will undergo a further period of special treatment for three months.

BOSTON AND MONTREAL BOYS WILL TAKE PART IN LOCAL MEET

GREAT AMATEUR BOXING CARD TO BE STAGED HERE

Y. M. C. I. Arranging Exhibition Bout For Championship Meet

One of the greatest amateur boxing cards ever staged in the Maritime Provinces is in the making and, unless something unforeseen happens, will be held in this city about the middle of February under the auspices of the Y. M. C. I. Not only will the leading amateur boxers in the Maritime Provinces be brought here to either defend or seek titles, but contenders from the international boxing tournament to be held in Boston on February 12 will be secured to participate in exhibitions.

Expect Many Entries. The championships will take in classes from 108 up to 145 pounds and all are expected to be well fought and keenly contested. Word has already been received from centres in Nova Scotia asking for particulars, and arrangements are now being made to line up all aspirants for title honors. There is a wealth of talent both in New Brunswick and Nova Scotia and it is expected that the championships will bring out the cream of the amateur boxers.

A Big Feature. One of the big features in connection with this classic meet is that St. John fans will be given an opportunity to witness either international champions or runners-up in the big tournaments in Boston. It is proposed to have two of the leading contenders from Montreal vie for honors against two of the leading Boston boys and in this manner St. John will in reality have a little international meet of its own. Assurances have already been received that the boxers will come and all now that remains is to await the outcome of the championship and then select four of the leading contenders.

Former Champion Coming

Gene Brousseau of Montreal, former middleweight champion of Canada, who lost his crown to Mike McTigue, now light-heavyweight title-holder of the world, was in communication with D. J. Corr and has assured him that he will bring two of his best performance boxers in Boston. On the other hand, Joseph McNamara, former physical instructor of the Y. M. C. I., has promised to have two of the leading contenders in international meet and, if at all possible, accompany them here. Thus it will be seen that the way has already been paved for staging a most spectacular demonstration of fistfuls and one of the greatest, if not the greatest, ever staged in these parts.

Wanted English Boxers. It was planned to bring the crack English amateur boxers, who are going to participate in the big tournament to be held in New York from Boston and considered too expensive a proposition to handle and had to be abandoned.

N. Y. COMMISSION TO PROBE DUNDEE CASE

Will Take up French Appeal and Resignation.

NEW YORK, Jan. 26.—(United Press)—Double action on the Johnny Dundee case will probably be taken by the New York Boxing Commission at its regular meeting tomorrow. The commission will consider the appeal of the French Boxing Federation to punish Dundee for running away from a contract to fight Fred Brettonnet in Paris, and will seek more information about Dundee's reputation of his resignation as featherweight champion.

WANTING TO REFEREE

FREDERICTON, N. B., Jan. 26.—E. W. Walling of Chatham, who proved one of the most competent referees last season but whose services have not previously been available this year, is officiating at tonight's all-important game here in the western section of the M. P. A. H. A. when Sussex and Fredericton teams meet.

Do You Know Basketball?

QUESTIONS. 1. After a double foul how is the ball put in play? 2. Can a player making a free trial for goal execute the play in such a manner that the trial merely becomes a pass to some other player? 3. A closely guarded player holds ball on floor and makes no attempt to shoot. Is this regarded as a foul? ANSWERS.

1. The ball is dead after each throw. It is put in play at centre after last throw. 2. He cannot. Player must make an honest attempt to catch the ball. 3. It is regarded as a held ball and is tossed up at that point. No foul is called.

Joe Moore Wins Metropolitan Outdoor Speed Skating Championship

Along the Sport Trail

By RAY HANSEN

THE HIGH SCHOOL BOYS would like to find out who the "guy" is who said "there is no back in sport." If this is true then the "hand of fate" stretched out and snatched victory from them in their recent encounter with the St. Luke's team in the Intermediate Hockey League fixture at the Arena. If not the "hand of fate" then it must have been "the irony of fate" for one of their own players tallied the goal that gave their opponents the victory. It is not the first time that hockey matches have been won through the generosity of an opposing player. When hockey sticks, skates, hands and feet get flying in a scrimmage anything is apt to happen.

TODAY CHARLIE GORMAN, Willie and Frankie Logan leave to seek honors in the big skating classics to be held at Toronto, Saranac Lake and Lake Placid. Gorman will seek new laurels in the Canadian National meet and will then go to Saranac Lake to defend Canadian title of International champion. He also expects to participate in the diamond meet at Lake Placid. Willie Logan is out after the intermediate championship at Saranac Lake. Little Frankie Logan is going to show a lot of little fellows—and some big ones—how to skate. He is a little wonder and has been skating the 220 yards in a little better than 24 seconds. The best wishes of every citizen will accompany the boys in their quest for more laurels.

WALTER JOHNSON, star pitcher of the world's champion baseball team, has brought suit in the Supreme Court in the States against the Thompson Feature Service, Inc. for \$50,000. He charges that they are publishing a series of articles purporting to be the story of his baseball career as written by himself. He contends that they are a fake and has asked for an injunction restraining the company from any further exploiting of the stories. Johnson's action is justifiable if the company is publishing fraudulent articles. Few athletes desire to commercialize their life's history even though they have nothing to be ashamed of.

WILLIE HOPPE, champion billiard player, recently fell and injured his right arm so badly that he will be unable to handle a cue for some time. This is unfortunate as he was training faithfully to defend his title of "balkline king" in a tournament starting in Chicago on February 28. In falling he sustained a cut about an inch long and a quarter of an inch deep just below the elbow. The injury has failed to respond to treatment and it is feared infection may set in. Prior to the accident Hoppe was displaying the best form of his long and brilliant career.

JACK RENAULT, heavyweight champion of Canada, is to have another crack at Quintin Romero, the Chilean heavyweight. Renault signed them to meet in a 12 round bout in Madison Square Garden on February 12. A few weeks ago the Chilean was awarded a decision over Renault and since that time the Canadian has been eagerly seeking a return match to demonstrate that he can defeat Romero.

N. H. L. Team Owners Move To Put End To Rough Hockey

TORONTO, Jan. 26.—Rough hockey will be suspended as a result of the National Hockey League owners' meeting here Sunday.

There have been many complaints about the referees, but the records show that the officials have imposed more penalties in the games to date than there were last season. Suspension Threatened. In order to stop rough play a new rule has been adopted. Starting next Wednesday night it will be in force. If a player draws three major penalties during a season he will be automatically suspended. A player getting one

The Referee

Golf ball is buried in bank of water about two feet from water. Can player lift and drop with stroke penalty?—F. F. N. Yes. The bank is considered part of the water.

What were the totals of the players who made the most home runs during the season of 1923 in the American and C. I. Williams in the National were tied at 41. Is there any set scale for the salary paid major league umpires? A bet they get so much per game. B insists there is a set sum paid all the umpires for the season. Who is right?—F. A. N. Neither. The umpires are paid in accordance with the valuation paid on them by their league presidents. The average salary for an umpire breaking into the majors is about \$4,000.

MANY THRILLS IN HOCKEY MATCHES

Canadiens Defeat Senators, St. Pats Vanquish Boston and Hamilton Wins Out.

The Canadiens staged a come back last Saturday night when they defeated Ottawa by a narrow margin of 3 to 2 in a game replete with thrills. Overtime play was necessary to decide the issue. During the game George Boucher and Sprague Cleghorn got into a mix-up and a riot seemed imminent. Both were banished from the game, which was played in Ottawa. Hamilton and Montreal teams had a battle royal in the new arena in Montreal the former winning out 1 to 0 by a fast and brilliant battle and was followed by 9,000 spectators. In Toronto the St. Pats vanquished the Boston Bruins by a score of 4 to 3. It was another case of the Boston team losing out by a one goal margin. During the game Dr. Stewart, goal tender for the "Hub" team was kicked behind the ear with a skate and narrowly escaped serious injury.

EDMONTON IS DEFEATED.

VICTORIA, B. C., Jan. 26.—Edmonton's ambition to take two games from the Cougars of Victoria failed to materialize here Saturday night when they went under by 8 to 1.

FAMOUS RUNNER

Albert Hill, British Champion, to Settle in This Country.

ALBERT G. HILL. Albert G. Hill, one of England's greatest distance runners, is expected to arrive in this country shortly. He intends to settle down with friends in Ohio. Hill at various times was half-mile, one-mile and four-mile British champion.

Seek More Entries For Championships

D. J. CORR, secretary of the St. John Amateur Skating Association, announced this afternoon that entries for the city skating championships would be received up until Thursday evening. The entries were to have closed last Saturday, but the events were considered of such importance that he decided to seek more competitors in the senior and 16 year old classes. For that reason lists will be sent to Hilton Belyas's rink in West St. John, the South and East End rinks, Lily Lake and DeCon. It is hoped that every class will be well filled.

ST. JOHNS LEAVE FOR ST. STEPHEN

Local Hockey Team Will Meet Border Town Sextette Tonight.

The St. John hockey team left this morning for St. Stephen where they play the second game in the western section of the N. B. League tonight. Phil Haulley, captain of the local team, was unable to get away with the club, but the following local players made the trip: J. Gilbert, B. Gilbert, Boudreau, Fraser, Kiley, Monthelt and Coleman. The referee tonight's game. On Friday night St. Stephen will meet the locals at the Arena.

ONCE OWNED GIANTS, DIES IN POVERTY

John B. Day Ends Career on Salary of \$5 a Day.

NEW YORK, Jan. 26.—(United Press)—John B. Day, once owner of the New York Giants, which entered the National League in 1883, died yesterday after suffering a stroke of paralysis. Although he was a wealthy man in his day, he died in poverty. He lost his fortune in fighting the old brotherhood organization. In recent years Day had held a position at the Polo Grounds as inspector of players and umpires, and he drew \$5 a day when he was able to go to the park. He was also on the payroll of the Giants for a small salary.

Y.W.C.A. ROVERS WIN

Defeat Exmouth Street Girls' Team by a Score of 23 to 12.

The Rovers of the Y. W. C. A., won from the Exmouth street girls' team in the Girls' City League basketball game on the Y. W. C. A. gymnasium on Saturday night by a score of 23 to 12. The line-ups on Saturday night were as follows: Exmouth Street Forwards: Rovers D. Jones, D. Norwood H. Tingley, D. Stewart. Guards: M. Cooper, A. Keohan E. Crump, D. Johnston. Centre: Doris Shaw. Jean Blair. Space: M. Cosman. Grace Parkinson.

Shots Off the King Pin

St. Stephen Curlers Play Here Wednesday

Four or six rinks of St. Stephen curlers will arrive on Wednesday to play against the St. Andrew's Club on that day and the Thistle Club the following day.

NURMI LOSES RACE BUT BREAKS RECORD

Follows an Opponent Across The Line For The First Time.

BROOKLYN, N. Y., Jan. 25.—Paavo Nurmi, holder of 10 world running records, made in 13 days, added two to his list last night, but for the first time followed an opponent across the finish line in the 2000 yard handicap special at the Brooklyn College Track Meet.

HARRIERS WIN

Defeat Provincial Normal School Basketball Team by Score of 37 to 24.

In a fast game of basketball here on Saturday, the Harriers defeated the Provincial Normal School five, by a score of 37 to 24. The lineup follows: Harriers—Boyes, F. (12); Plumpton, F. (14); Neumann, C. (11); Jenner, D.; Polard, D. Spares, Christopher, Taylor. Normal School—Hart, F. (4); Hickson, F. (6); Sison, C. (5); M. Sargeant, D. (1); Dobson, D. (4); Spares, Nelson, (4); Kennedy, W. Sargeant.

ANOTHER TITLE GOES TO SKATER FROM NEW YORK

NEW YORK, Jan. 26.—Joe Moore won the Metropolitan outdoor speed skating championship in Central Park yesterday with a total of 100 points. He scored victories in the 220 and 400 yard races and gained second places in the one and two mile events. Moore is also the holder of the Middle Atlantic outdoor championship, won at Newburgh, N. Y., on New Year's Day.

Former Champion adds New Laurels to His Record

Joe Moore is well known to skating fans in this city and his friends. It will be recalled that he won the Canadian national championships when they were held on Lily Lake in 1922 under the auspices of the Y. M. C. I. He not only proved to be a stellar performer on the blades, but also a comedian of the first waters. He was one of the big circuit and the clash of these rivals will be awaited with interest. Moore won out in the Middle Atlantic championships, held at Newburgh on New Year's Day, and Gorman is now in better condition and should make more than even the count.

WINNERS FOR WEEK

The winners in the Civic and Civil Service Bowling League weekly last week were as follows: Highest pinfall first, Gordon Lawson, post office, 960; second, Murray Clark, post office, 879; third, Edgar Erwin, city public works, 868; consolation, N. A. Keen, 695.

Better Trophies—Better Prices

The Senior Jewellers have a buying power matched by none, because they here are the best customers of their manufacturers. Their knowledge of qualities is worth something to you. So is their ability to provide the choicest designs. Trophies of a splendour never seen here before are right in stock. Prices go down to \$4.00.

Ferguson & Page Jewelers

The members of the Thistle Curling Club enjoyed a bonspiel on Saturday afternoon and evening. At the conclusion of the afternoon play luncheon was served and the play was resumed in the evening.

Good is Not Good Enough

We make a confession. If the Triple C Tailors charged as much as the small staff and small turnover tailors, their cloth would be no better than these conventional tailors. The suitings would not need to be any better than simply "good."

TRIPLE C TAILORS

POLICE CHIEF WANTS 3 MORE ON TRAFFIC DUTY

Says Increase in City Auto Travel Inspires Request

"DRUNKS" FEWER

Detectives Praised For Recovery Of Stolen Goods—Total Arrests In Year 931

In the annual report of the Chief of Police, given out this morning by W. L. Harding, Commissioner of Public Safety, Chief John Smith calls attention to the increase in the number of automobiles in the streets and recommends that three or more men be added to the force for traffic duty, in order to safeguard the lives of pedestrians.

Special attention is called to the activities of the detective department, through which stolen goods to the value of \$35,285.30 out of a total of \$89,198.30, was recovered.

Fewer "Drunk" Arrests.

Another outstanding matter is the report on arrests for drunkenness. These show a decrease of 44 from the previous year's figure. The 1924 number was 529. The number has steadily decreased since 1920, when it was 685. Total arrests last year were 971, 88 were taken in for theft, 11 for operating autos while under the influence of liquor and 68 on vagrancy charges.

Summons to Court.

During the year 576 persons were summoned to court for various offenses. Of these 46 were for exceeding the speed limit, 19 for driving past a standing car, 21 for assault, 106 for leaving liquor in their possession unlawfully and 11 for trampling flowers and destroying trees. Fighting cases numbered 79.

The ages of those arrested were: 54 under 16; 84 from 16 to 20; 281 from 21 to 30; 192 from 31 to 40; 168 from 41 to 50; 121 from 51 to 60; 22 from 61 to 70 and 7 over 71.

Patrol Out 1,045 Times.

For violation of the motor vehicle law 128 persons were summoned to court and 97 were convicted; 205 persons were summoned for not having their dogs licensed. The police ambulance was called 1,350 times and the patrol 1,045 times. The police made 8,437 reports during the year. Of the 591 arrests made 71 were by the police, 44 by the police, 153 by the detectives, 10 by the inspectors, 11 by the police, 27 by the C. N. R. police, 5 by the C. G. M. M. police, 4 by the R. C. M. police and 2 by the hand excise police. Of the persons arrested 878 were male and 42 female. During the year 67 persons came under the care of the police matron.

Police Reports.

The members of the department reported 3,437 matters to headquarters. These included 65 animals shot, 109 cases of autos in collisions or other troubles, 233 articles found in the streets, of which 89 found owners; 19 collisions of autos and streets cars, 496 police calls on various missions, 100 children lost and returned to parents, 361 doors found open, 62 disorderly crowds scattered, 29 horses shot at request of owners, 58 windows in business places found open, 46 people taken ill in the street, 409 protectionists given shelter.

During the year there were two deaths, those of Policemen James Jovay and William Gorman.

Detective Department.

"The work done by Sergt. Detective John T. Power and his detectives during the year 1924 has been very satisfactory," says the chief. Value of goods stolen was \$39,198.30, this includes the following: 16 autos taken (16 recovered), value \$24,100; 28 bicycles stolen, value \$842; 24 bicycles recovered, value \$762; other goods taken or lost, value \$14,296.80. The value of goods recovered was \$35,85.80; not recovered but still under investigation, \$8,915; complaints investigated numbered 761 and finger prints taken 88; identification was established through finger prints in 24 cases.

Recommendations.

"I beg leave to recommend," says the chief, "that there be three more constables appointed to do traffic duty as a result of the increased number of autos going through the streets. They are making it dangerous for pedestrians. During the summer months the strength of the force is materially lessened by the leave of absence for vacation. He thanks the Commissioner for valuable assistance at all times given and trusts that the same good feeling will continue to exist.

The Force.

Strength and distribution of the Police Department on December 31, 1924, as follows:— Police Magistrate 1, City Court Clerk 1, Chief of Police 1, Inspector of Police 1, Sergeant Detective 1, Detective 7, Sergeant Police Court 1, Assessor 1, Traffic Constables 1, Patrol Constables 43, Police Matron 1, Ambulance Drivers 2, Patrol Drivers 2, Police Janitor 1.

Appointments and Discipline.

Patrolmen dismissed 2, Patrolmen suspended 2, Patrolmen appointed 1, Police matron resigned 1, Police matron appointed 1.

First Aid Competition.

The St. John police team won the New Brunswick provincial trophy championship, which was presented by the St. John Ambulance Association, Canadian branch, for annual competition by First Aid Teams, 1924.

Pastor Who Tires of Church Feud Leaves Pulpit and Establishes Himself and Family in Hills

LITTLE ROCK, Ark., Jan. 26.—Warfare of church modernists and fundamentalists did not find a recruit in the Rev. H. S. Mobley.

Instead, he resigned the pulpit and took himself and family away from the bickerings of pacifists and militarists—to live as a cave man. In the Boston range of the Ozark Mountain country, near Prairie Grove, Arkansas, the former minister found his haven.

Away from Temptations.

It was a light, dry cave, 67 feet long and 18 feet high with a ceiling of colored rock formation, a precipitous cliff towering high above it. "I wanted to rear my boys away from the temptations and strife of city life," he says.

"Here they are blessed with the gifts of nature and we can gain a good livelihood from the earth."

One hundred and sixty acres of ground, 60 acres of which were in cultivation, comprised the home site. Native stone was used to face the cave which had been partitioned off into three rooms.

Today the exterior of the cave has the imposing look of a feudal castle. Inside it is fitted with all conveniences of the modern dwelling.

A floor has been laid and Indian rugs are strewn about. Sixteen high plate glass windows puncture the front

At the upper left is shown an interior of the cave—the kitchen, while at the upper right is how the cave looks on the outside. Rev. Mr. Mobley is shown below.

any sideboard in the living room. Each bedroom has its own fireplace. Water from a nearby spring has been piped into the kitchen, which also boasts of a white enamel sink.

Adjacent shelving rocks furnish a cow house, a stable for three horses, a shed, a pig house and a goat shed.

BOY SCOUT EVENTS

Colors Are Consecrated—Leaders' Training Class is Brought to Close.

The Boy Scouts of St. Jude's and the Wolf Cubs of St. Jude's and St. George's joined in a parade yesterday morning when St. Jude's troop carried its colors to church to have them consecrated. They paraded from St. George's church to St. Jude's. Rev. J. H. A. Holmes, rector of St. Jude's, conducted the service and offered the consecration prayers. The colors were borne by patrol leader, Hubert Crossley.

Scoutmaster H. Fowler and assistant Scoutmaster William Edwards of St. Jude's Troop, No. 5, were in charge of St. Jude's boys and there were also present at the service, F. Chopin, assistant district commissioner and L. L. Johnson, district secretary as well as Stanley G. Olive, rover master of St. George's Troop.

The scout leaders' training course was ended on Saturday night in Knox church schoolroom. Invention of eight leaders was carried out. The ladies of the Knox Troop committee served refreshments.

Tonight the Cub leaders and Scout leaders will have the first session of the first aid course under the auspices of the St. John Ambulance Association at the Health Centre.

On Tuesday night a banquet will mark the close of the training course and will be held in the Dunlop Hotel as a farewell to Mr. Lister.

Screen Notes

Mrs. Wallace Reid, whose second production, "Broken Lovers," is meeting with success in a number of cities, has started a personal appearance tour, opening at Kansas City. Mrs. Reid will speak from the stage in the large cities where her film is shown and voice a plea for law observance, especially as it affects children.

Nita Naldi has startled Hollywood with her svelte figure. When she left California some months ago she was growing a bit plump, but now she is lithe again. There is a clause in Miss Naldi's contract with Rudolph Valentino providing that she must keep under 130 pounds, else she will not be able to do her most seductive vamping.

Pat O'Malley has started work on his characterization of "Pat O'Malley" in the Metro-Goldwyn-Mayer production of "Fraid Fishy." Yes, his character name is the same as his own.

There is a "walking stock farm" at Surrey, England, devoted exclusively to the growing of sapling ash and cherry for manufacture into sticks and umbrellas.

## SISTER OF LORD CARNARVON IN ST. JOHN TODAY

### Arrives at Sand Point On Way to Rideau Hall

#### MONTCALM HERE

#### British Business Men Bring Statement of Possible Loss of Nova Scotia Industry

Lady Burghclere, daughter of the late Earl of Carnarvon, a former Secretary of the Colonies, arrived in St. John this morning on the Canadian Pacific steamship Montcalm, from Liverpool. She was accompanied by Hon. Evelyn Gardner, and they are en route to Ottawa, where they will visit Lady Burghclere's brother-in-law, Lord Byng, and Lady Byng.

**Her First Visit.**  
Speaking about Canada, Lady Burghclere said it is her first visit and she had been eagerly looking forward to it. She said she had heard about Canada all her life, as a result of the interest manifested by her father, former Secretary of the Colonies. She did not know how long her visit would be, but prior to returning to England she hoped to visit relatives in Washington.

Lady Burghclere is a sister of the late Lord Carnarvon, who discovered the tomb of Tutankhamen and who died not long after.

Sir William Coats Cross and Mr. Walker left here today for Halifax where they will interview members of Government. They will then proceed to Sydney and after visiting their plant there will proceed to Wexford.

**May Lose Industries.**  
That Canada is in danger of losing two large fertilizer industries, owned by the firm of Alexander Cross & Sons, Ltd., of Glasgow, Liverpool and London, and which have \$500,000 of British capital invested in them, was a statement made today by Sir William Coats Cross and Charles R. Walker, general manager of the two factories, situated at Sydney, N. S., and at Wexford, Ont., on their arrival here on the steamship Montcalm.

Sir William Coats Cross said their factories were erected for the production of fertilizer, one of the by-products of the steel industry. His statement regarding the situation in the company finds itself in following—

"As a result of the fertilizer being placed on the free list by the Canadian government and due to keen competition from the United States and the depreciation of the Belgian franc, our factory in Sydney has been closed down, and it is going to be very hard to survive. In 1922 we erected a factory in Wexford for the manufacture of fertilizer, relying on the stability of the tariff. As a result of fertilizer being placed on the free lists by the Mackenzie King Government we are unable to compete with the huge factories in the United States and in Belgium. Had we known that this was going to take place we would never have started operations in Wexford. All of the capital in these two factories is old country money and the closing down means a displacement of Canadian labor."

**Leave For Halifax.**  
"In Sydney, N. S., when we were running to full capacity in 1920 we employed 70 men and paid out over \$70,000 in wages per annum. Since the start of this factory in 1912 we have paid into the treasury of the Canadian National Railways over one million of dollars. The output in Sydney in 1920 was 35,000 tons. Last year it was less than 5,000. We feel that the government should do something to offset these conditions."

**Has 372 Passengers.**  
The Montcalm sailed last Sunday from Liverpool and had 121 cabin and 251 third class passengers, in addition to 2,000 tons of general cargo, two tons of mail and two cars of baggage. The passengers were all sent forward to their destinations in a special train at 1 o'clock.

Other passengers were: P. J. Le Faber of Boskoop, Holland; Captain Vane-Tempest Murray of London; Miss A. E. Bostock of Ottawa, L. Richmond, R. W. Payne and T. H. Taylor of London.

**Business in England.**  
Captain Murray is enroute to Montreal and from there will proceed to New York, Chicago and other cities in the U. S. on business. He said business in general is looking up in England and there is a strong Colonial feeling among the citizens. His arrival here today completed his 48th trip across the Atlantic.

A large number of the passengers were returning to Canada after spending a few weeks visiting relatives and friends in England, Ireland and Scotland.

**Marburn In.**  
Experiencing what officers characterize as an ordinary winter passage, the C. P. S. liner Marburn docked here at 5 o'clock Sunday afternoon from Antwerp, Southampton, Cherbourg and Queenstown.

The Marburn ran into a heavy storm when out three days and the liner also encountered some severe cold weather on the trip across.

There were 27 cabin and 160 third class passengers on the Marburn, the majority for western Canada points. Most of the passengers left here by special train last evening.

Included in the third cabin passengers were a number of Belgians, Frenchmen and Gaietians, bound for Saskatchewan.

The Marburn brought 250 bags of mail and 1,400 tons of merchandise.

Thomas Taylor is the purser on the Marburn, having transferred from the Montcalm since his last trip to St. John.

## LOCAL NEWS

### DAUGHTER IS ILL

Mrs. Frank McAlver of Leinster street will leave today for Montreal, called there owing to the illness of her daughter, Mrs. Faliser.

### TO ROME

A Boston despatch says that Cardinal O'Connell has announced a partial list of those who will journey with him to Rome next month and that Bishop Chalmers of Chatham will be among the number.

### DOG POISONED.

Policeman Young was called to 104 St. James street this morning as there was a dog there suffering from poison. The animal was taken to the police station and from there to the Animal Rescue League home.

### NO SIGN OF FIRE

No. 2 chemical answered a still alarm for a supposed fire at the residence of John Colwell, 332 1/2 Main street, yesterday afternoon. No trace of the fire was discovered.

### STOVE CAUSES TROUBLE

At 12:40 o'clock this morning the stove pipe in Ennet Burke's shop at 222 Union street became disconnected in some manner, causing gas to escape. The chemical engine crew was called and removed the stove to the sidewalk.

### BACK TO HOME

A youth who escaped from the Boys' Industrial Home here and who was captured at Herby Saturday, will be brought back to the home by Chief P. Coughlan, Chatham, N. B., reported from the Home this morning.

### GUTTERS AND FLOWERS

The gutters along the main thoroughfares were attacked this morning by a large crew of the Public Works Department. Now for the late January thaw and the slushy days of February. Then spring flowers in the shops.

### RADIO COMPLAINT.

Radio enthusiasts at Renforth and Torryburn are up in arms over interferences that have been taking place lately. The trouble, they say, is being caused by tuning in the loud speakers. The matter is being taken up with the radio inspectors.

### J. C. EDWARDS ILL

John C. Edwards, familiarly known in local military circles as of the Army staff for a considerable number of years and by the public generally, is critically ill in the General Public Hospital, where he has been under treatment for several weeks. During the few days his condition has been quite unfavorable.

### GIVEN 30 DAYS

Percy Richards and Porter McIntyre, colored, were sentenced to 30 days in jail by Magistrate Henderson in the White House yesterday afternoon. They pleaded guilty to a charge of stealing a bag of coal, the property of the Robert Reford Co., Ltd., of 141-143 Main street, last night Saturday. Detective Saunders and Policeman McMillan made the arrest.

### SNOWSHOE CLIMB

A party of snow-shoers from East Vale yesterday walked from their homes to the Allison camp, Long Island, where they climbed the mountain, which is about one-half mile in length. The party was led by a splendid view of the surrounding country. Those in the party were Robert White, Fred Long, Miss Lena Arsenau and Gordon Long. The climb, which is a most difficult one under any conditions, lasted about two hours and provided many thrills.

### SCOUTS ENTERTAINED.

On Friday evening a merry party was held at East St. John, when the Boy Scouts and Cubs of No. 6 Troop, with Assistant Scoutmaster J. J. Henne in charge, were entertained by the Girl Guides under the leadership of Miss Edna Franklin. The first part of the evening was spent at a picture show given by the Community Club in the hall. The evening was spent in a splendid program of games which was carried out, followed by a beautiful supper. The committee in charge of the supper was composed of Mrs. Robt. Kirkpatrick, Mrs. O. J. Lawson, Mrs. D. Lewis, Mrs. R. Chetley, Mrs. H. B. Franklin and Mrs. Foster. The Scouts tendered a hearty vote of thanks to their hostesses.

### MINISTERS MEET

Rev. Robert G. Fulton, newly elected president of the Methodist Ministerial Association, presided at the weekly meeting in Centenary Hall today. Those present were Rev. E. E. Styles, Rev. A. D. MacLeod, Rev. F. T. Bertram, Rev. H. Rice, Rev. H. A. Goodwin, Rev. Hugh Miller, of Silver Falls, secretary; Rev. John K. King, Rev. Henry Penna and Rev. George Orman, Rev. F. H. L. Holmes, of Fredericton, and Rev. George Ross, of Hampton, were visitors. The meeting went into committee for the arrangement of the annual conference programme, which will be carried out next June at Sackville. Rev. Mr. Holmes, secretary of the conference of the N. B. and P. E. I. Methodist Church, gave his report and much business was done toward perfecting the programme, which will be announced later.

### James Harrison Of Sandy Point Road Dies

James Harrison, of Sandy Point Road, died in the St. John Infirmary Sunday night, after a few days illness. He was aged 64 years and leaves his wife, one son, Robert, of P. E. I., and two daughters, Mrs. Malcolm Allen, of Washington, D. C.; Miss Georgina Harrison, of Colchester; and Mrs. John W. Peacock, of Sandy Point Road; two sisters, Mrs. James Hayes of Glen Falls, and Mrs. Anna Millett, of Medford, Mass.

Mr. Harrison was a successful market gardener. The funeral service will be held at the home of his daughter, Mrs. John W. Peacock, Sandy Point Road, on Tuesday afternoon at 2:30 o'clock. Rev. Archdeacon Crowfoot will conduct the service. Interment will be made in Cedar Hill.

## WAIT AND SEE IS WORD RE COURT HOUSE CUPOLA

### Architect Wilson Refers to Criticism That Is Heard

#### WORK UNFINISHED

#### Explains Design and Use of Superstructure and Reason for Chimney Location

The controversy that had been going on in private circles over the cupola erected on the restored Court House, having broken into public through a resolution of the Local Council of Women, attention is again focused upon the little superstructure.

Architect Ernest W. Wilson says the design is a proper one architecturally, and the original of this particular cupola tops the College of William and Mary in Virginia. In selecting a model for the Court House roof-piece Mr. Wilson made three sketches and upon careful elimination chose the one now erected.

**Will Have a Rattling.**  
When the circular balustrade or railing surrounds the cupola, he says, the structure will assume its proper proportions in the eye of people on the street below. It will then be a replica of what many people have seen on buildings of classic design such as the Court House is. To have built a larger or tub-shaped dome effect upon the Grecian design building, he says, would have been an incongruity.

**Keeping to Grecian Lines.**  
The public majority wanted the Court House restored in its original lines, the architect believes, and Greece. Barring the erection of a chimney, which is unavoidably placed to the right centre of the roof because of modern heating installation, the structure would be strictly according to order. It was regrettable that the chimney should have to be placed where it is, but the alternative was directly through the court room.

**For Flagstaff Purposes.**  
Mr. Wilson says the cupola is primarily for flagstaff purposes, a place from which to hoist and lower the colors, and has no part in the day-lighting scheme. It was drawn as closely to Grecian precedent as shown in buildings now standing as the conditions would allow. It was not intended to be a modern touch. With its heavy railing and balustrade it is quite different and undoubtedly adds much of the well-intentioned criticism which he and others have heard of late. See the job finished, he good-naturedly suggests.

### DARING TARS GET PRAISE AND REWARD

Montrose Men Perform Feat in Gale on Voyage to St. John.

Passengers who arrived here this morning on the Canadian Pacific steamship Montrose, were given a thrill while en route to this port. When the liner docked at Sand Point this morning they were still talking about the daring feat of two sailors who, eager to repair damage to the wireless aerial, volunteered to climb the masts and make light one of the wires which had been torn from position by a 75-mile an hour gale.

Like human flies they started on their perilous climb when the wind whistled and shrieked through the rigging, and they did the job. The passengers gave them hearty commendation and took up a collection and passed over to the men a sum amounting close to five pounds.

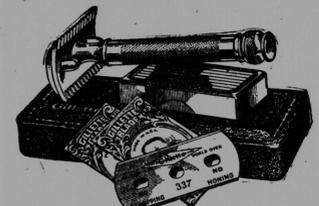

**OWNER IS LOCATED**  
A Pouterian dog was found wandering about Adelaide street this morning by Gordon Robertson, and was taken by him to the police station. Later it was called for by its owner, Daniel Mullin, K. C.

### Hiram On Tour

HAMILTON, Jan. 22.—Well, sir, it's a gittin' better all the time. They'll hev a band out ter me afore I go much further. It does beat all how nice folks is when you git to know 'em. An' I'm cummin' up agin Blue-noses every where. One of 'em that knows the Settlement says to me, says he, "D'you know what's the matter? The's too many Joneses down there in the Maritime Provinces— an' I'm from there myself. You know Sile," says he— "an' you know he's still got the fast dollar he ever earn't— an' all he could grab sence that. Yes, sir," says he, "the's too many Sile Joneses." I don't know what the's somethin' in what he says. They was a newspaper feller talkin' to me today— an' he told how folks here in Hamilton put up their money to start things when they knowed they couldn't expect no profits fer quite a spell— but they wanted the town to grow an' keep a growin'." I told him about the Admiral Beatty an' he said: "Good fer old St. John— that's how we got the Royal Connaught—the people built it an' waited five or six years afore they even a cent— an' now they're gittin' their money reglar." You might phone Hanmer to send me a pair o' socks an' car-labs to Winnipeg. HIRAM.

## Stoves - McClary - Stoves

Talking of Stoves—Has it ever occurred to you that possibly that old Kitchen Stove you are using is not giving you nearly as efficient service as you should be getting? Perhaps you are burning a lot more coal than necessary, owing to the fact that the heat is not held in the flues around the oven, but passes up the chimney, and so wasted.

### McClary Stoves and Ranges are famous

for their baking qualities, and general efficiency—there are many reasons why.

Come in and talk the matter over, and let us explain why the McClary is the standard by which all stoves are judged today.

Terms—We are making a very attractive easy payment proposition at present, 10% cash, 10% per month. \$60.00 puts a \$60.00 stove in your Kitchen. Others in proportion.

Uptown Agents for McClary Stoves and Ranges.
