## ANNUAL REPORT, 1857.

The Annual Meeting of the Society was held in the Mechanics' Institute, on Tuesday, the 2nd February, 1858.

W. Pring, President, presiding.

The Annual Report was read as follows:

#### REPORT.

Your Committee, in presenting the Eighth Annual Report, and on retiring from the duties imposed on them, have to offer their sincere congratulations on the increasing prosperity and success of the Society from its formation to the present time.

Your Committee, upon their advancement to office, petitioned the Legislative body, praying that this and all kindred Societies might be placed on an equal footing with the Agricultural Associations of this Province. They are sorry to inform you that their petition was not granted, although accessory of much good. An Act was passed, giving this and kindred Societies the power of becoming incorporated, and receiving from the Agricultural Association a portion of our just demands.

Your Committee, deeming it necessary to avail themselves of all the benefits that can be derived by becoming an incorporated body, and in order to secure for the benefit of the Society the amount allotted to Societies, having for their object the advancement and improvement of Horticultural

products, have, in accordance with the Statute, 20 Vic. Cap. 32, Schedule, A., forwarded to the Minister of Agriculture a list of subscribers, and they take great pleasure in stating that the same has been favorably received.

Your Committee take great pleasure in stating that the Exhibitions of the past year have been of uncommon interest having far surpassed those of former years, not only in the number of entries and amount of money received, but the great superiority of the articles entered for competition. Within the past year many new and attractive objects have been added to our Exhibitions, productive of much pleasure to a large number of visitors, and remunerative to the Society, thereby enabling us to prosecute with renewed vigor our great and honorable undertaking.

On viewing the Treasurer's Report for 1857, it will be seen that the Society had overdrawn their account £27 0s. 2d., and was therefore indebted to the Treasurer in that amount. We are happy to inform you that, through the gratuitous contributions of the members, aided by the introduction of refreshment tables into our Hall, we have been enabled to reduce the amount to £1 0s. 8d., notwithstanding the heavy amounts we have had to pay, attendant on the various Exhibitions.

In consequence of the very unfavourable weather, and the extreme backwardness of the season, the June Exhibition did not take place until Wednesday, July 1st, at which time, we are happy to say, we had an extraordinary display, (for exhibition only.) The greenhouse plants from Bruce & Murray—a large collection—were exceedingly fine; Cut flowers from J. Binkley, near Dundas, were beautiful; roses pæonas, phloxes &c., from E. Kelly & Co., would defy competition. Of those lovely gems of nature, entered for competition, the collection of roses, pansies and verbenas was large and fine.

The fruit exhibited was in a fine state of preservation; the R. I. Greening, Esopus, Spitzenberg and Northern Spy Apples, were quite tempting. The collection of Strawberries was large and exceedingly fine. The Vegetable department excelled all previous June Shows.

The July Exhibition was held on the 29th. This was decidedly the finest July Exhibition ever held by the Society, and gave general satisfaction to all who honoured it with their presence. Messrs. Bruce and Murray, and Kelly & Co. contributed largely on exhibition. The Floral department surprised even the Judges. Fruits and vegetables were in profusion and of good quality. The principal novelty of this exhibition was a large fountain, constructed expressly for the Society; in its broad basin could be seen small fish swimming under the dark green leaves of the Pond Lilly which floated on the surface of the water.

The Fall Exhibition was decidedly magnificent, and has never been equalled by this Society (if it has by any other in this country.) The various departments were well supplied in variety and in quantity. From the exuberance of the articles entered, and from their superiority over former years, your Committee cannot consistently particularize every article that was deserving of merit; therefore let it suffice that we speak of the departments as they presented themselves to view. In the Floral department we notice Bruce & Murray and Kelly & Co., no less conspicuous than on former occasions. Mr. Leslie, Horticulturalist, Toronto, exhibited a large and beautiful collection of Dahlies; Mr. Sinclair, some splendid French Marigolds; Mr. Manning, a The wax flowers sent in by Miss superior floral design. Collar and Miss McGregor were beautiful; the cottage designs and flower gardens were good, the Squashes, from T. Davidson, were monstrous. Flowers entered for competition were in great variety, and exceedingly beautiful, the display of fruit was large and of the first quality. The Vegetable department would defy competition.

Your Committee have much pleasure in stating that out of the long list of special prizes so gratuitously offered by the Members of the Society for Provincial Competition, not one

was taken, except by the Members of this Society.

The thanks of the Society are due and are hereby tendered to those Gentlemen who acted as Judges during the past year, to the Ladies who so kindly volunteered their services in promoting the interests of the Society; to those who offered special prizes, and to those who sent articles for exhibition only.

The thanks of the Society are due, and are hereby tendered, to those Gentlemen who voluntarily contributed the articles sent in by them for competition and exhibition, together with the prize money, for the benefit of the society.

All of which is respectfully submitted,

EDMUND KELLY, Sec'y.

#### TREASURER'S REPORT.

The Treasurer in account with the Hamilton Horticultural Society.

#### REGULATIONS FOR THE EXHIBITIONS.

The Directors will be in attendance from 8 to 11 o'clock, a. m., on the days of exhibition to receive the articles, none of which will be received after the last named hour, and all are requested to be sent as early as possible.

All articles entered for competition must be named in order to secure the prize.

Competitors are notified that every article must be delivered in a clean and proper state for exhibition; those requiring it must be made up in neat and suitable packages.

It is absolutely necessary that no article on exhibition be touched or handled, as the Directors wish to deliver the specimens to their respective owners in the best possible condition.

The Directors cannot be accountable for the re-delivery of any article, if not claimed from 8 to 10, a.m., on the morning after the Exhibition.

The Judges have the liberty of cutting any article that has to be decided by taste, and the option of refusing premiums for any article they do not consider worthy.

It is not competent for the Judges to rectify errors in the entry of articles for exhibition.

No person allowed in the Hall with the Judges except the President and Secretaries.
